MONTREAL COLLEGE CLOSED BY 'FLU'

25 CASES OF GRIPPE, ONE OF SCARLET FEVER

Is Second Institution To Suspend In Last Few Days

Canadian Press MONTREAL, March 29—Invasion of the Montreal College by the local epidemic of grippe resulted in the closing of that institution yesterday. Twenty-five cases of grippe and one of scarlet fever have overtaken the hospital accommodation of the college and decided the authorities to close the institution for about 10 days.

This is the second educational institution to suspend activities since the outbreak of the disease in this city.

ENTIRE ISSUE ONLY WORTH THREE CENTS

Reichsbank Notes, Pre-war Issue, Declared Valueless to Their Holders

BERLIN, March 29—The fond dreams of thousands of Germans of suddenly acquiring the Mideast touch insofar as it concerned Reichsbank notes of pre-war issue vanished when Reichsbank President Schacht declared that to revalorize these notes would be a breach of the Dawes plan as interpreted by the London conference.

Even when the old mark began its first slide toward oblivion, it was rumored the revalued notes would eventually be exchanged for their face value in gold. This idea persisted and led to active speculation, despite repeated statements from the Government that they would not be given preference over other inflation currency.

Schacht pointed out revalorization at par would swamp the Reichsbank. Reckoned as inflation money at one trillion paper mark to a gold mark, the entire issue is worth three cents.

BUDGET DEBATE TO RESUME TONIGHT

Col. Harrison to Speak in Legislature; Opposition Suggestions Are Sidetracked

Canadian Press FREDERICTON, March 29—The debate on the Budget and the opposition amendment to the supply motion that stamp on lumber cut upon Nova lands be raised to \$4 to exert direct taxation in New Brunswick will be resumed in the Legislature this evening despite opposition suggestions that resumption of the debate should be allowed to stand until tomorrow.

Col. W. H. Harrison, one of the new members for Saint John, who moved the adjournment of the debate, will make his speech tonight and the balance of the first Monday evening session will be devoted to routine work, which is to be pressed along as the debate goes forward. The outlook this afternoon was that there would be a fairly slim attendance tonight, as many of the members had not returned.

Submerged Wreck Off N. S. Reported

HALIFAX, N. S., March 29—An intercepted message from Cape Race, received this morning by C. H. Harvey, local agent of the M. and F. Department, reported the existence on March 29 of a spar projecting four feet from the sea and "apparently attached to submerged wreckage," in 42.61 north, and 68.04 west.

MOTHER ONLY ALIVE OF FAMILY OF SIX

Husband and Four Children Dead as Result of Level Crossing Mishap

CORRUNA, Mich., March 29—Mrs. J. L. Smith is today the sole survivor of her family, which on Saturday consisted of six, including her husband. The other five were instantly killed Saturday afternoon, when the automobile in which they were riding was struck by a north-bound Canadian passenger train at a level crossing here.

The curtains were down and snow was falling. Without slackening speed, Smith drove squarely into the path of the oncoming train.

N.J. Doctor, 93, Fights Deputy Sheriff, 91, Over Extradition For Fifty-Year-Old Crime

United Press ASBURY PARK, N. J., March 29—Fellow-townsmen of Dr. Edwin Pye Turner Rowe Oswaldston, Crisman, war veteran and Asbury Park's most noted and popular character, have guaranteed him every aid in fighting the attempt to extradite him for an alleged offence of nearly half a century ago.

"I thank you gentlemen," Dr. Oswaldston, with all the dignity that befits his 93 years, tells his callers. "But I have no fear but that justice will triumph and that young upstart from Binghamton will be shown his place."

The "upstart" is Foster Black, 91, deputy sheriff of Binghamton, N. Y., who swears that Dr. Oswaldston is the same man who stole a horse and wagon in 1880 and later broke jail by sawing off a lock on his cell door.

"I don't think Mr. Black intended to do wrong, sir," Dr. Oswaldston said today. "He has probably made an honest mistake, and I don't intend to sue. In fact, this affair is more amusing than offensive."

Residents of Asbury Park, however, are not so leniently disposed toward the sheriff, who has returned with pride to Binghamton. Civic and fraternal organizations have said they would intercede for Dr. Oswaldston with Governor Bruce, asking him to decline to permit extradition of the venerable hero.

Hub Millionaire Finds Method To Raise Income Tax

Gets Civil War Pension From U. S. Which Offsets Annual Impost

BOSTON, March 29—A retired Boston manufacturer, whose sole occupation for the last ten years has been to cut the coupons on several million dollars of gilt-edged securities, has long enjoyed the reputation of being a pretty shrewd old fellow and is the subject of many anecdotes relating to his thrift. When income taxes were first started a dozen years ago, he hastened to change over his investments as far as possible to tax-exempt bonds. But he couldn't quite escape the income tax entirely and through his yearly tax checks to Uncle Sam were small, they nevertheless were a thorn in his side. Then he had a happy thought. He was a civil war hero.

HERETOFORE his pride has held him back from applying for a pension. It smacked a bit of charity and he never sought nor gave charity. But since he was now a tax-payer since he was compelled much against his will to part with a tiny fraction of his hoarded wealth, if he took a pension he would merely be obtaining a legal return of his own money.

THIS bit of sophistry satisfied his feelings. He complied with the necessary formalities and for several years now has been getting pension checks from Washington at the maximum rate of \$60 a month which just about offsets his annual income tax payment. Now he chuckles instead of grumbles when he talks about his taxes.

Is Greatest World Figure According to Yale Students' Vote

NEW HAVEN, Conn., March 29—The senior class at Yale thinks Mussolini is the biggest world figure of today, according to the annual class awards, made public today. The Italian premier received 140 votes, while President Coolidge trailed with 23 and Sir Austen Chamberlain brought up the rear with five.

All seniors are Episcopalian, Presbyterian and Congregational, in the order named, the same questionnaire showed. Their favorite sport to play is tennis and to watch, football.

CANADIAN AND U. S. SCIENTISTS PLAN WAR IN ARCTIC ICEBERGS

COPENHAGEN, March 29—A group of Canadian and United States scientists, headed by Prof. William H. Hobbs, of the University of Michigan, have applied for permission from the Danish authorities, to employ Greenland as a base for attempts to free North Atlantic trade routes from ice-

bergs by exploding these while still in Greenland water. The Danish explorer Peter Freuchen, plans to dig himself in 100 miles from the Greenland coast and from that position to advise by wireless his fellow scientists on climatic disturbances and the movements of inland ice. Exploration circles here are somewhat skeptical as to the possibility of carrying out this plan.

CALLS BIGOTRY WORST CURSE OF UNITED STATES

Irvin Cobb Takes Fling At Spirit of Intolerance

WORD FOR CLERGY

Lauds Catholics And Jews For Attitude Under Religious Attacks

NEW YORK, March 29—The greatest calamity that ever happened to this country, according to Irvin S. Cobb, in an address at the National Democratic Club, was the failure of the Mayflower to make a round trip with her whole ship's company. The country is still suffering from the bigotry of the Puritans, according to the writer. "Someone," he said "is always rising up in the United States telling us what we should do and how we should live. I would say that it was a wide, sincere spirit of tolerance.

URGES TOLERANCE

"In the past few years, we have been shyer of tolerance than most anything else under the sun. We have been suffering altogether too much from sporadic outbreaks of home grown Puritanism. As I look back on the ravages of fellowshipping, good feeling and liberty, I cannot help thinking that the greatest calamity the country has suffered is that the Mayflower did not make a round trip with her whole ship's company."

"The Pilgrims made themselves too obvious and Europe spewed them out."

"The first thing they did here after driving out the original owner of the place, the Red man, was to set up barriers against persons of other religions."

TWITS BOSTONIANS

"The average person from my home state, would rather be an uneducated sailor in Kentucky, than a well-to-do individual who has graduated from the rank and file of that state beyond this except an eye laid twice and both times successfully."

"Never an I prober of being a Confederate when I read that only to Maryland, my state, Kentucky was the earliest cradle of religious liberty, and their security under fire."

TRIBUTE TO CLERGY

"I know of nothing more exemplary as a tribute to the spirit of law and order, than their security under fire. Had Catholic priests preached the gospel of hate, persecution and misrepresentation, as was done by countless ministers during the recent wave of religious persecution, an indignant populace would have been hanging priests to lamp posts by the hundreds, and had Catholic laymen organized a society of venom and bigotry they would have made bonfires of them in the market places. As an American, I am proud of the attitude of both the Catholics and Jews when the lance of hatred was aimed at the breast of every single solitary one of them."

CALIFORNIA GOLD RUSH CONTINUES

Country Staked Out For Many Miles; First Ore Shipped This Week

SAN BERNARDINO, March 29—Several hundred acres figured in the rush yesterday for the new gold camp in the Kramer hills, on the Mojave desert, sightseers who returned from the region, said today. Aerial planes were used in addition to automobiles to reach the district. Efforts to provide facilities to care for residents of the new camp have been started. Several buildings are being erected and work will start on the construction of a pipe line to take water in.

The country has been staked out for many miles by prospectors. Ed Herkelrath, who made the strike, reported here to contain values running to \$1,000 a ton, expects to ship 10 tons of high grade ore this week.

World Tour Is Ended By Puff At Black Cigar

NEW YORK, March 29—Their parents are expected today from Springfield, Mass., to take home George Jukes, 14, and Donald Shea, 16, whose plans for a world tour on poultry farm profits of \$47,500 came to grief when George smoked a black cigar.

Patrolman Sassek was approached by Donald yesterday with the excited remark, "My pal's dying. Come and help him."

Sassek found young Jukes in an unhappy condition. "Leave me alone. I want to die," he said. Nearby was the butt of a half-smoked stogie.

ROYALISTS HIT BY DEATH OF ORLEANS DUKE

New Pretender To French Throne Now Is Sought

PARTY IN DOUBT

Duke of Guise, Next In Line, Not Anxious To Accept Empty Honor

PARIS, March 29—The death of Louis Philippe, Duke of Orleans, at Palermo has caused consternation in the Royalist ranks in France. The Duke always had proposed settling the question of who should be his successor, and with his almost sudden death, the Royalist party finds itself without plan. He was 57 years old. The assets in line of succession is the Duke of Guise, son of the Duke of Chartres. By many it is thought he will decide to forego claims to what is deemed the empty honor of the pretense, either in favor of his young son, Prince Henry of Orleans, who is 16 years old, or to the Duke of Vendome, or the Duke of Nemours.

The Duke of Guise owns a fine estate in France. During the war he was precluded by law from serving with the French, and by diplomatic reasons from serving with any of the other belligerent nations. He was entrusted with a delicate mission to the king, the King of Bulgaria, and afterwards he worked with the ambulance service close to the front line. He was mentioned in army orders for devoted conduct.

Up to the present the Duke has always kept out of politics. The Duke, however, is regarded by the official world as the new head of the Orleans family, and as such the pretender to the French throne. For this reason he will be obliged to seek residence outside France.

The Duke of Orleans, great grandson of the last King of France, King Louis Philippe I, had a spectacular career during his forty years of exile from France. He maintained the traditions of the Bourbons by living a colorful and pleasure-seeking life. The son of the late Comte De Paris, he was soldier, arctic explorer, traveler, author and a sportsman. He was a prince of spendthrifts and did away with several fortunes.

SUSSEX RESIDENTS FLEE BURNING HOME

Home of F. A. Schofield Is Destroyed With Loss of About \$8,000

SUSSEX, March 29—A two and a half story building on Main street owned and occupied by F. A. Schofield and family, was totally destroyed with part of its contents by fire at an early hour this morning. The fire which is supposed to have originated from a defective fuse, had complete possession of the upper part before being discovered and the inmates of the house had to make a hurried exit.

At 8:30 o'clock the flames made a quick run but the flames fanned by the heavy gale was blowing, had gained the upper part of the building. It was impossible to keep the fire in the Schofield house and their attention was centered on the residence owned by W. H. Upham, situated about 20 or 30 feet distant. In this they were successful. The Schofield residence, which was occupied for some years by the late Samuel Langstroth, dentist, was a handsome building. Most of the furniture on the ground floor was salvaged but the rest was destroyed. The loss is estimated in the vicinity of \$8,000 covered by insurance to the extent of \$5,000.

World News In Short Metre

NEW YORK—"Honest John" Kelly, one of the last of the "old-time" sporting men who flourished when this city was known as "old open," is dead at the home of his wife, at Malib, Long Island, at the age of 70.

WOMAN GETS \$500 FOR BULL'S ATTACK

Judge Disregards Evidence That Plaintiff Told of Hugging Animal

NELSON, B. C., March 29—Mrs. C. Jacobson, of Deer Park, who sued William Schneider of the same place for \$500, general damages, and \$250 hospital expenses, alleging she was attacked on her own ranch by a bull owned by Schneider, Saturday, received the \$250 hospital expenses and \$250 general damages in judgment handed down by Judge Forlin in County Court. His Honor found that the bull charged the woman, and stated he disregarded the statements of various witnesses that Mrs. Jacobson, when being treated for her wounds, gave a different version, this being a reference to her alleged admissions that she put her arms around the bull's neck, called it a nice boy, and invited it to "go for a walk." He found that she was then suffering from hallucinations.

ADOPT SUMMER TIME

MONTREAL, March 29—At a meeting of the Canadian Manufacturers' Association held in the Board of Trade, daylight saving time was unanimously adopted for the factories of the associated members dating from May 2 to September 26.

H. M. Jacques, of the Steel Company of Canada, president of the C. M. A., was in the chair, assisted by R. W. Gould, secretary.

CHILDREN TELL OF MOTHER'S MURDER

Say Father Dragged Her Into Woodshed and Then Shots Were Heard

BUFFALO, N. Y., March 29—Leo Gidinski, of Cheotowags, who is alleged to have confessed killing his wife because she nagged him continually, today was reported at the Emergency Hospital as almost certain to recover, although he has two self-inflicted bullet wounds in the head.

Two of the couple's seven children said that on Saturday night during a period of continual quarrelling their father dragged Mrs. Gidinski into the woodshed and locked the door. A few minutes later they heard the sounds of shots.

Greeks Raise Bars Against Undesirable Red Foreigners

ATHENS, March 29—The Greek government has issued a new series of regulations for foreigners visiting Greece, designed to bar undesirable aliens, especially those of radical political tendencies, from the country.

No foreigner may enter Greece without the safety of the state.

PLAYWRIGHT AT 11

Countess Play Is Taken From Boards

"Ashes of Love" Is Failure; Author Says Many Changes Made

CUT OF POLITICS

NEW YORK, March 29—The Countess Cathcart has withdrawn her play "Ashes of Love" from Broadway after a week of scanty audiences.

"I'm closing 'Ashes of Love' because it is bad," she said. "I know that because I had very little experience in playwriting. The play, however, wasn't the same that I had written. It was changed so much that I shall have another shot at writing one and hope to do better."

The play had its American premiere in Washington under the banner of Earl Carroll. The Countess brought the piece to New York, after repurchasing the rights to it from Mr. Carroll with what she said was the last of her jewels, a \$20,000 dollar pearl necklace. She did not announce her plans for the immediate future.

A. H. Plimsoll Is Dead At Montreal

MONTREAL, March 29—Arthur Henry Plimsoll, well known in the business life of the province of Quebec, and of Newfoundland, died here yesterday. He was a charter member of the Chartered Accountants Association of Quebec. He practiced his profession for the greater part of his life in Montreal and during the later part was associated with the Red-Newfoundland Company, becoming a director.

HANDS RUSSIAN CROWN JEWELS TO N.Y. CUSTOMS

Mrs. Bucknell Says She and Husband Faced Death

GUARDED SECRET

Values Lot At \$50,000, But Officials Say One Brooch Worth That

Canadian Press NEW YORK, March 29.—Mrs. Nathalie Bucknell, wife of a former British naval attaché at Petrograd, on her arrival aboard the Cunard liner Berengaria surrendered to customs officials for appraisal, a collection of former Russian crown jewels, for possession of which she and her husband once faced a Soviet firing squad.

Mrs. Bucknell had valued the collection at \$50,000, but customs officials estimated the value of one brooch alone at that much. The jewels included a collection of rings, bracelets, buckles and other trinkets. Mrs. Bucknell said the collection had been entrusted to her by a person whom she refused to name, for display here.

KEPT CACHER SECRET

She said that once she and her husband were seized by Bolsheviks she demanded a certain paper that would have revealed the hiding place of the jewels, but that she had refused to give it up, even when the leader of the firing squad raised his hand to give the order of fire.

LINE DECLARES 5 PCT. DIVIDEND FOR 1925

NEW YORK, March 27.—Advises received here by the Swedish-American Line from its home office in Gothenburg show that the net profits of the company for 1925 amount to \$877,867, in addition to a surplus of \$95,275 from 1924. The board of directors proposes that, after deducting \$489,091 for depreciation, a dividend of five per cent, or \$384,000, be declared to the stockholders and that the balance, \$106,611, be transferred to 1926 accounts.

MONTREAL, March 27.—"Bayport" is the name by which the new vessel now building for the Hudson's Bay Company will be known, according to information obtained here. This ship, which is being constructed by the Andross Drydock and Shipbuilding Company, Limited, will replace the Bayakimo, which was crushed in Hudson Strait on July 23.

Miss Ella K. Tait Dies in Woodford, Me.

Many friends in Saint John and throughout the province will regret to hear of the death of Miss Ella Katherine Tait, which occurred at the home of her nephew, Warren Wetmore, Woodford, Me., at 5:30 o'clock this morning, after an illness of many months.

Miss Tait was the youngest daughter of the late E. V. Tait, of Dorchester, N. B., but practised her profession of nursing in Saint John. She is survived by one sister, Mrs. George Wallace of Hillsboro, and two brothers, Frank in Dorchester, N. B., and A. Tait in the west. Mrs. James Fried of Montreal, is a niece. The body accompanied by relatives, will arrive in the city at noon tomorrow en route to Dorchester. The funeral service will be held in Trinity church immediately after the arrival of the train from Saint John tomorrow. Interment will be at Dorchester.

FIRE-BUG SUSPECTED IN MONCTON BLAZE

Unoccupied House is Gutted By Sunday Evening Fire—Two Alarms

Special to The Times-Star MONCTON, March 29.—The burning and gutting of an unoccupied wooden dwelling at 271 St. John street, owned by James Weldon, brought a double alarm from box 15 early last evening. The fire which started under the stairway, is believed to be of incendiary origin. The flames spread rapidly, the whole building being after when the firemen arrived. The close proximity of other wooden buildings, with a stiff breeze blowing at the time, seemed to have the appearance of a fire of great dimensions, and a second alarm was rung in. Numerous citizens flocked to the scene, and John street was lined with people, who had gathered to watch the blaze.

A Severe Illness Caused Constipation

Mrs. Wm. Hill, Wapella, Sask., writes:—"Three years ago I had a very severe illness, and ever since I have suffered with constipation. A few months ago a friend advised me to use

which I did, although not expecting any results, but I am pleased to say that since using them I have had perfect use of my bowels without any trouble or pain, and have never had bleeding piles since. Now, I never fail to recommend 'Laxa-Liver Pills' to all my friends."

Operation to Relieve Abscess in Ear is Pronounced Successful

Canadian Press LONDON, March 29.—The Prince of Wales, who early this morning underwent what is termed a slight operation to relieve him of pain due to an abscess in the ear, superinduced by an attack of influenza, is making good progress, according to official information given out at St. James Palace during the afternoon.

BARKER HOUSE FIRE

Fredericton Hostelry Damaged During High Wind; Guests Untroubled

FREDERICTON, March 29.—The fire department this afternoon fought a stubborn fire at the Barker House. The flames were noticed at about 3 o'clock in the rear of the cellar and in a short time had worked into the flooring. The firemen kept the fire out of the walls or a very serious fire would have occurred, as a high wind was blowing. Smoke penetrated to all parts of the building but beyond the inconvenience suffered from it the guests were not troubled.

Does your Mortgage contain this Clause?

Does your mortgage contain a clause which guarantees that on your death all unpaid instalments will be cancelled?

Albert Lawson could not find any such clause in his mortgage, and he was worried about the fate of Mrs. Lawson and their children in case he should die before his payments were completed.

He needn't have worried. He could have secured the same protection through a North American Life Mortgage Policy. This special form of Life Insurance was designed by the North American Life Assurance Company to save widows from foreclosures. It is worth your consideration.

The need for tolerance is not confined to the United States; but that country is now going through a course of self-examination, and there are many witnesses who testify that the frequent outbreaks of bigotry and frequent-finding are a reproach and injury to a people whose national constitution proclaims the sacred and vital quality of liberty.

Dorothy Dix

Men are Supposed to Admire Beauty, But They Seldom Marry It—Instead of Cold Perfection, They Prefer Good Nature, Health, Neatness and Cleanliness; Combination Spells "Beauty" to Them.

GENERALLY speaking, it may be said that man is the audience to which woman always plays. She is not indifferent to the admiration of her own sex, but it is man that she seeks most, for the praise of woman for woman is the profitless applause of those who have nothing but their good opinion to give, while the favor of man is accompanied by perquisites and prizes for the lucky one who wins it.

Of course, women will deny this traditional attitude of woman toward man is that of a goddess on a pedestal with her nose in the air, who haughtily deigns to sniff at the homage that is burnt before her; not a go-getter who is out to sound up an income-bearing. Nevertheless, the most casual observer cannot help remarking that a woman never quite treats a woman as she treats a man or takes quite as much trouble to please him.

NO WOMAN listens to another woman's conversation with the same rapt attention that she bestows upon a man's. No woman ever beams and gurgles with delight at the attentions of another woman as she does at the notices of even a commonplace man. When a man tells a story a woman's laughter is hung on a hair trigger that any old chestnut will explode, but a woman who can make her own sex smile deserves a medal as a wit and a faithful worker.

DOROTHY DIX

All of this is as heaven ordained, for a woman neither has to marry another woman, nor does she have to keep her satisfied and happy through all the vicissitudes of marriage.

The strange part of it, however, is that, having made a study of the art of pleasing men since the dawn of creative, woman has not reduced it to an exact science.

SO FAR from this being the case—instead of a handy manual of the qualities that men like most in women having been compiled, after profound study of masculine taste—women are still ignorantly blundering along in the dark, content to make guesses at the subject. Naturally, when the entire feminine sex is trying to solve the conundrum many women guess right and many others approximate the answer. But a continually increasing number guess wrong, and in consequence the ranks of the spinsters are swelled.

According to popular belief, beauty is the quality which is always put at the head of the list of attractions that women have for men, but in reality this puts a much smaller figure than is generally supposed. In fact, men put a much more liberal interpretation upon what constitutes good looks in a woman than women do themselves.

A WOMAN demands regularity of feature, delicacy of skin, sheen of hair and grace of figure before she will give a certificate of pulchritude to another woman, but men will substitute many other agreeable things, such as good health or a pretty dress for beauty and let it go at that.

This suggests that much of the time and effort that women spend in the vain attempt to make straight hair curly or convert a short and stubby figure into a living skeleton might be better employed in cultivating an amiable disposition or a sweet smile, which a man is as likely as not to mistake for a Venus-like complexion or a classical profile. It is also true that men do not marry for beauty, however lovely they may admire it abstractly. In this not abundantly proved by the number of matrons with whom we are all acquainted who would never have received even honorable mention in a beauty contest?

NEXT to beauty, women depend on clothes to attract men, and yet, although the great majority of women spend most of their time and money and anxious thought on dressing to please men, they have never found out the kind of clothes that men admire most. Men like simplicity in a woman's dress. It may be the simplicity that costs more than miles of frills, but to the untutored eye it looks simple.

In old-fashioned novels, which were written mostly by men, the girl who wore an unadorned white muslin dress always captured the rich and distinguished hero, from out of the very claws of the ladies who were dressed in silks and satins and furs. And the same ideal of woman's dress prevails today among men.

THEY hate the fussy and the frowny in clothes, and above all they lay stress far more than women do upon cleanliness. Only too often a woman will forgive chignon for being messy because it is chiffon, or excuse lace for being dirty because it is old point. But a man makes none of these fine distinctions.

Nothing would induce him to wear a soiled collar, and nothing disgusts him in a woman more than to see her decked out in finery that cries aloud for the washtub. The woman who dresses to please men may spend much money or little on her clothes, but she must always be immaculately neat, and the trimmer and lazier the better. The hour-glass figure was woman's evolution to meet the requirements of masculine taste. So is the living skeleton of the hour.

Men like good nature in women. They like the woman who takes a kindly attitude toward life. The woman who throws the beautiful mantle of her chastity over her fellow creatures and who can always find some excuse for a sin.

MEN hate the woman who makes sarcastic speeches, who is bitter and sour, and who is always knocking other women. Many a plain-faced girl can make rings all around her more beautiful and brilliant sister, when it comes to popularity, just because she is so sweet and amiable and easy to get along with.

Such a girl just naturally impels a man's thoughts toward marriage, because he knows beforehand that the world make one of the wives who cast a blind eye to their husbands' faults, who do not begrudge a man an evening out now and then, and to whom a husband doesn't have to lie to get a few rights and privileges.

MEN admire women who—but we will discuss some of these other qualities on Tuesday. DOROTHY DIX.

MENU MINT Breakfast: Baked Rice with Dates, Milk and Sugar. Stewed Prunes or Apricots. Whole Wheat Toast. Coffee. Luncheon: Cheese and Macaroni. Fruit Salad. Rolls. Cookies. Dinner: Scalloped Meat and Spinach. Baked Potatoes. Stewed Tomatoes. Prunes. White Tea.

TODAY'S RECIPES

Cheese and Macaroni—One-half cup macaroni broken into small pieces, one cup milk, one cup soft bread crumbs, one tablespoon butter, one tablespoon chopped green pepper, one teaspoon chopped onion, one teaspoon chopped parsley, three eggs, one teaspoon salt, one-half cup American cheese. Cook the macaroni in boiling salted water. When tender rinse in running water. Cook the onion, parsley and pepper in butter until tender. Beat the yolk and add the other ingredients. The cheese may be rubbed through a grater or cut into small pieces. Fold in the stiffly beaten egg whites last. Put into a baking dish and set this in a pan of hot water. Bake in a moderate oven from one-half to three-quarters of an hour. Serve with tomato sauce.

Scalloped Meat and Spinach—Three tablespoons melted butter, two tablespoons flour, one teaspoon salt, one-eighth teaspoon pepper, one cup milk, one cup buttered crumbs, three-quarter cup chicken stock, one pint cooked spinach, one pint cooked chicken. Melt butter, add flour, salt, pepper and milk. Stir until mass boils, then add meat stock and stir until boiling point is reached. Into a buttered casserole put a layer of cooked spinach, then a layer of cooked chicken cut in medium-sized pieces. Cover with the milk sauce. Repeat and cover with buttered crumbs. Bake until heated through and crumbs are brown.

IN NEW YORK SEE SAWING UP and DOWN BROADWAY

THERE is a general impression that mercenary New York would sell its own grandmother.

No matter what the degree of sentiment or romance, it is sufficiently good price to offer—blat with sentiment and romance and hurry for the coin!

In a measure this is the case, but here and there one can find in Manhattan the perfume of "tender and old love" instances where sentiment, tradition and history defy the inroads of the commercialists.

Probably an outstanding case is that of a little square of property on Fifth avenue. It is in the very heart of Fifth avenue's most valuable property districts—but a stone's-throw from the public library.

A modest board fence encloses it. The fence bumps rudely into one of the smart shops of the avenue. The fence encloses a lot, the value of which is at least a million dollars. This lot is the backyard of one of the fine old-fashioned "red fronts."

In the red front lives a nice old-fashioned lady, one Miss Wendell. This million-dollar backyard, so the story goes, is the playground of a pet dog and Persian cat. And no amount of money, it is said, could buy it.

Recently it was reported that someone observed, through drawn curtains, a nice old-time seamstress in a nice old-fashioned apron, sewing on something-or-other. And this, my friends, in the very heart of Manhattan's gold belt—in a zone where, all about, the taxis and private limousines of the modern day spenders rush about like frightened ants.

AND there is another place in Greenwich Village. It is a little triangular plot of ground, just off Sixth avenue on 11th street. Through an iron fence may be seen a half dozen gravestones and, on a little bronze tablet, the announcement that this is the burial ground of some of the early day Portuguese and Spanish Jewish settlers.

For many years efforts have been made to purchase this plot. Fabulous sums, it is said, have been offered. But those interested in the little island neither need nor care for the money.

Perhaps New York's real aristocracy is made up of ancestors of the Jewish settlers from Portugal and Spain. Early New York history is filled with their exploits and theirs is one of the longest pages in Manhattan's lore—not excluding the Dutch settlers.

ADVENTURES of the TWINS by OLIVE ROBERTS BARTON

REDDY FOX GETS A LIFT

"Come here, children," said the March Hare to the Twins. "I want to tell you something, but I can't speak above a whisper, because no one must hear."

So the Twins came up close, and when they all had their heads together, the wise old hare said: "There is one person who simply must not be allowed to go to the Land-Where-Spring-Is-Coming."

"Who?" said Nancy and Nick together. "Sh!" said the March Hare. "Not so loud! It's Red Fox. He's asleep in his hole in the ground, and I've a good notion to roll a big stone over it so he can't get out all summer. I'm sure that all the wood folk and meadow people would be a lot happier and feel a lot safer."

"Look!" whispered Nick suddenly, pointing over Mister Hare's shoulder. He turned just in time to see a red tail which behind the little secret bush that marks the path to Scrub-Up Land.

"Lands save us!" cried the March Hare, wriggling his ears excitedly. "He's out already. That's Reddy Fox himself! And he's in the very worst possible place he could be. Everybody has to pass that bush on his way to the barber-shop in Scrub-Up Land, and Reddy's the boy that knows it."

"Can't we do something?" said Nick. "I was just thinking," remarked the March Hare. "Yes, sir! I have an idea!"

"I know how he'll take him home," said the March Hare. "He'll take him home in his stomach—to his own house. We'll have to get that old fox some-way."

"Come, little lamb," Reddy was saying. "We'll go this way. There aren't so many stones to bump you tiny, little feet. You're very tender, aren't you, little spring lamb! You can't be more than a week old!"

Nobody noticed two angry figures that had appeared at the top of the hill. One was Mrs. Sheep. The other was cross old Mister Ram.

"There's our child!" cried Mister Ram. And suddenly down he rushed, like thunder.

And before Reddy Fox could pump out of the road Mister Ram had lowered his head and butted him clear over the top of the hill right into the middle of the Land-Where-Spring-Is-Coming.

"Now you've gone ill!" cried the March Hare. "Done what?" said Mister Ram. "Sent old Red Fox where he isn't wanted," declared the hare. "Sorry!" said old Mister Ram. "But that didn't help any."

The new chief, he said, was a man in whom the people had every confidence and apparently the government had had him to enforce the law and he was instructing his inspectors in a like manner. If the inspectors failed to do their duty and liquor or beer above two per cent. was being sold in any community that was prima facie evidence of such failure and they must be replaced.

Turning to the question of government control Mr. Clark said that it was wrong in theory and had been a failure in practice. The government owned saloon was as much a menace to society as the private owned saloon.

Referring to the remarks of Premier Baxter in the House on Tuesday last he said that the Premier's statement that prohibition was not the deciding factor in the last provincial election was incorrect. Prohibition had been the deciding factor, he declared. Several counties had elected supporters of the present government solely upon the temperance issue. The Premier would not do himself or his government any good in the eyes of the electorate by exhibiting indications of a lapse of memory in this respect.

Again when Premier Baxter said that "when the government enforced more liquor, is being consumed today than in the days previous to prohibition," he certainly referred to communities that were very few in number, Mr. Clark asserted.

He closed by saying "It is not true that more liquor is being consumed today than in the days previous to prohibition."

WARDENS SEEKING ILLEGAL CARCASSES FIND ILLEGIT STILL

Hunters Raided "Yards" When Deep Snow Prevented Animals' Escape

SAID ONE MAN KILLED 29 DEER IN 1921-1922

One Case Ready and Other Arrests Pending During Week

AMHERST, N. S., March 28—

Two Cumberland county game wardens, W. E. Chandler, of Amherst, and William James, of Springhill, have been waging a successful campaign against hunters who have been slaughtering deer and moose out of season. This winter, with six, seven and eight feet of snow in the woods, the deer and moose have had little opportunity to escape from illegal gunners. As a result many "yards" have been raided and the four-footed occupants killed. For some weeks past the two wardens have been on the trail of various culprits and thus far have secured five convictions with fines totalling \$600, while jail sentences to the extent of 22 months have been passed out by the magistrates presiding over the different cases.

There is another case hanging fire with a hearing set for the early part of the week, while other arrests are predicted during the course of the week. In one instance where the two officers raided a house, to search for deer meat, they discovered a 10-gallon still in operation in the kitchen, with the contents bubbling merrily. Acting in the capacity of provincial constables they placed the resident under arrest and escorted him to Amherst where information was laid in the case by Inland Revenue Officer Dr. Webster Fraser. A fine and jail sentence was imposed.

The offence against the game laws of the province, committed on Nov. 19, 1922, was settled on Friday when the two officers placed Alexander O'Laney, of Parbois, under arrest for shooting a cow moose, in the vicinity of Athol, over three years ago. The man was fined \$200, and a default of payment sentenced to 300 days in jail. The officers were also prepared to charge O'Laney with killing another moose in the season of 1925, but alleged that the same man had killed 29 deer in the winter of 1921-22.

Por-cel-irons!

SOUNDS new, doesn't it? So they are new. Something different. Something better.

Porcelain powder is blown on to the hot steel until it melts "right into the surface and cools there like a coating of colored glass.

A tough, unbreakable kind of porcelain it is, too. It won't crack with heat or chip with knocks and falls. Pretty blue, green, or brown.

These colored irons are quicker to work with because the heat is reflected down into the sole of the iron, while the handle is always cool. See them.

Mrs. Gordon Wright, W.C.T.U. Head, Raps Gov't Control Of Liquor Traffic In Address

MRS. GORDON WRIGHT, national president of the W. C. T. U., gave an inspiring address in Charlotte street Baptist church, West Saint John, on Sunday morning. In her opening remarks, Mrs. Wright said that she had previously had an aversion to women speaking in the pulpit, but the time had come when she felt it was a call from God.

Her subject was "The Need of the Hour." In referring to sacred writ, the battle cry of Gideon had been "The sword of the Lord and of Gideon." Material means aided the supernatural in winning a victory for Gideon against the enemy, owing to the fact that "they stood every man in his place," and when people fail in promoting temperance, it is because the Christian men and women do not stand "every man in his place."

"We have let the enemy, strong drink, stalk through our lines, and the result is blighted life, ruined homes and the prayers of the mothers for their children are a strong command to the church of the living God to rid the country of intemperance as was the command to Gideon to defeat the enemy," she said.

MAKES STRONG APPEAL At this point Mrs. Wright made a strong appeal for women and mothers to join the W. C. T. U., for no province has sounded such a recession as New Brunswick.

She spoke of the victory of October 23, 1924, when the temperance party gained the Ontario Temperance Act, in spite of the millions of dollars spent by the Moderation League, whose aim had been to win Upper Canada and then sweep on to New Brunswick. This was prevented by the efforts of the Moderation League, whose aim had been to win Upper Canada and then sweep on to New Brunswick. Members of the W. C. T. U. met the congregation at the door for the purpose of enlisting W. C. T. U. members, at the request of Mrs. Wright.

EXCLUDE BRATIANO Nationalists Start To Evacuate Peking

Effort Will Be Made to Form Rumanian Govt. Without Old Premier

BUCHAREST, Rumania, March 29.—An attempt will be made to form a government excluding Premier Bratiano, whose cabinet resigned Saturday upon the expiration of its four years mandate.

King Ferdinand has instructed the leaders of the national, peasant and avenger parties, to collaborate in an endeavor to submit by tonight a joint recommendation for a coalition government comprising the principal anti-Bratiano groups.

WANT MR. PORTER TO SOLVE PROBLEM

Amherst Would Learn How to Run Provincial Fair Themselves

AMHERST, N. S., March 28—H. A. Porter, secretary of the Saint John Exhibition, will probably be invited to Amherst some time during the next ten days to address a large committee of citizens upon the best methods of handling a provincial fair. Mr. Porter will inspect the present Maritime Winter Fair plant and ascertain if the large buildings and spacious grounds will accommodate a provincial event. With a grant of \$7,000 already awarded to Amherst by the Nova Scotia Government for the purpose of an exhibition, citizens are anxious to proceed with the combination Nova Scotia Fair and Old Home Week.

What is necessary to become a W. C. T. U. worker. She asked: "What is government control? There is no such thing as government control. The Carlist system, which is the most effective government control known, had only brought degradation in its wake. If there was a choice between the unlicensed bar rather than the government control, the former could be fought in the open. She told of the disastrous effects of the government control in Saskatchewan, where official liquor, bearing the official stamp, found its way into the pockets of boys in Christian homes and colleges. They carried the hip flask and introduced it to their girl friends and all the tragedies followed in its wake. Rev. Dr. C. R. Freeman presided and led the devotional service, and introduced Mrs. Wright.

The full choir led the singing. An anthem was sung in which Mrs. C. R. Freeman, Mrs. A. E. Logie and Milton McLean were the soloists. Stanley Stout was the organist.

Members of the W. C. T. U. met the congregation at the door for the purpose of enlisting W. C. T. U. members, at the request of Mrs. Wright.

Re-organization At Y. M. C. I. Planned

A largely attended meeting of the Young Men's Catholic Institute was held yesterday afternoon and received a comprehensive report from a committee that has been studying the question of reorganization.

The committee will draft the ideas presented into amendments to the constitution and the feeling expressed that enlarged activities would follow. The president, Joseph P. Coughlin, was in the chair.

CAROL NOT FACTOR Status of Crown Prince Has No Affect on Rumanian Crisis

BUCHAREST, March 29.—The status of former Crown Prince Carol is not considered an issue in the present governmental crisis, which has had its climax in the resignation of Premier Bratiano and his ministry.

It is thought that the nationalist party, if necessary, would support Carol's restoration as Crown Prince, but there is nothing definite yet to indicate that Carol desires to return to Rumania or that the King and Queen wish to have him restored.

His Only Relief. (Washington Star) "Does a Congressman have to work hard?" "Work hard!" echoed Senator Sargent. Alleged Provincial Officers Arrested

OTTAWA, Ont., March 23—Wallace Spear and Robert Stanley Russell, said to be provincial officers of Toronto, were arrested here on Saturday in a local hotel, when, local police state, a quantity of liquor was found in their rooms. They were released on bail.

Nether Inspector Howard Graham in charge of the enforcement of the Ontario Temperance Act in the Ottawa district, nor Chief of Police Alexander Ross, knew of the presence of the two men in the city.

Stretch THAT'S why SUPERTWIST adds miles to Goodyear Balloon Tires. The essential principle of the old-style tire was resistance to the shocks and blows of travel. Now, the balloon tire is wholly different in principle; it is designed to absorb these shocks and blows. So you can readily see that the balloon tire should have a different type of material than was formerly used. Goodyear realized this requirement in the beginning, and at once set about finding a suitable material. After long and repeated experiment it developed and perfected SUPERTWIST. SUPERTWIST is unlike ordinary cord fabric. It far outstretches the breaking point of other cord fabric. When a Goodyear Tire, made of this new material, strikes a stone, the SUPERTWIST cords take the blow, yield, stretch and recover, distributing the impact over a larger portion of the tire. The result is a longer-wearing, greater-mileage tire, a tire of extreme economy. Proof of this extra-serviceability is seen in the testimony of typical Goodyear Balloon Tire users, presented herewith. All Goodyear Cord Tires—balloon sizes and high-pressure sizes—are built with SUPERTWIST. And only Goodyears—sold only by Goodyear Selected Dealers. Goodyear Means Good Wear GOOD YEAR

MECCA LOOMS AS GENEVA RIVAL LONDON HEARS

Formation of Assembly Is Regarded As Inevitable

BY HERBERT BAILEY
British United Press.
LONDON, March 29.—Mecca as a rival to Geneva and the formation of an Islamic League of Nations which will confront the League of the Western Powers is being regarded as inevitable throughout the near east, according to reliable messages reaching here.

Islam is awakening to a sense of her power and her mission in the world as a result of Turkey's revival and Egypt's progress and the failure of the combined forces of Spain and France to break Abd-el-Krim.

THE NEW LEAGUE.
The new league is to be fashioned on the lines of a reorganised Khilafat, and the president of the league would be a titular Khalif. At present there is considerable discussion going on as to who would be the Khalif, some wanting King Fuad of Egypt, while others object on the grounds that Egypt is not an independent country. The central idea of the scheme is that the Khilafat should be a representative institution and not a personal office and should function through a personal assembly of accredited delegates representing the entire Moslem world.

The result would probably be the creation of a permanent representative Khilafat council at Mecca, which while giving cohesion to the Islamic states would confront the western power with a solid block and would vitally change the whole situation in the near east.

MRS. M. KEITH IS 89; MANY CALL WITH GOOD WISHES ON BIRTHDAY

Moncton Lady, Formerly of Saint John, Has Lived Under Rule of Four British Sovereigns.

Special to The Times-Star.
MONCTON, N. B., March 29.—Mrs. Margaret Keith, who resides with her daughter, Mrs. W. W. P. Starratt, 226 Highfield street, Moncton, was at home Friday to friends, who called to congratulate her on reaching her 89th birthday.

Mrs. Keith was born at Havelock in 1837, just before the accession of Queen Victoria, and has lived under the rule of four British sovereigns. She is a daughter of the late Robert Keith, who was one of 12 sons of David Keith, Mrs. Keith, at the age of 19, attended Normal School in Saint John, graduating with first-class certificate. The principal of the Normal School at that time was Mr. Duval.

Early in life Mrs. Keith was married to Esna Keith and resided in Havelock until the death of her husband in 1908. She afterwards lived with her daughter in Duluth, until seven years ago, when she returned to New Brunswick, where she has since made her home.

MANY MESSAGES COME.
Messages of congratulation were received from Hon. Geo. B. Hudnell and wife, Milwaukie; Dr. C. J. Wallace and wife, Duluth; Mr. and Mrs. W. H. Preston, Washington, D. C.; Prof. and Mrs. Aaron Perry, Winnipeg; Mr. and Mrs. H. H. Lockhart, Wadsworth, Sask.; Mr. and Mrs. L. W. Keith and Mr. and Mrs. C. R. Keith, Needham, Mass.; Dr. and Mrs. Hurdley, Hamilton, Ont.; Dr. and Mrs. M. F. Keith, Daytona, Fla.; Mrs. Chas. Corey, Watertown, Mass.; Mr. and Mrs. Walter Douglas, Petticoe; Miss M. Starratt, Wolfville, N. S.; Keith Wallace, University of Minnesota; Mrs. Fears, Lynn, Mass., and many others.

Mrs. Keith's mind is as clear as when a girl of 18.

KNOX-PAWNEE GAME AGAIN POSTPONED

Moncton Boys Unable to Come to Saint John on Wednesday

Special to The Times-Star.
MONCTON, March 29.—The deadlock between the M. A. A. Pawnees and the Saint John Knox, in the New Brunswick intermediate basketball championship play-off bids fair to be broken this week. The Knox boys have stated their willingness to play the Pawnees in Saint John this Wednesday, but it is impossible for the local boys to make the trip on that date and

they have asked the Knox team to postpone the game until later in the week. In all probability, if the postponement is granted, the game will be played on Friday or Saturday night in the Saint John Y. M. C. A.

This game is to take the place of the first one played between these two teams which was ruled out by the Canadian Basketball Association on account of the game consisting of two 15-minute periods, instead of two 20-minute periods, which is the official ruling. The Pawnees will go to Saint John with a 24 point lead which they gained over the Knox boys here recently. The total scores decide the winner of the series, and the team with the highest number of points will meet the Woodstock Skeels in home and home games for the provincial championship.

SERVICES FOR HOLY WEEK ANNOUNCED

Palms Blessed on Sunday—Cathedral New Altar Fund Now \$11,719

The blessing of the palms marked the beginning of Holy Week at the Cathedral yesterday. As this ceremony His Lordship Bishop LeBlanc officiated before the 9.15 o'clock mass. His Lordship exhorted all to attendance at the special services of the week especially on the last three days.

The announcements for the week were as follows: Tenebrae on Wednesday, Thursday and Friday evenings at 7.30 o'clock; pontifical high mass on Holy Thursday at 9 o'clock, with the blessing of the oils and procession to the repository; the Cathedral open all night Thursday for adoration at the repository; members of the various societies taking appointed hours but members of the congregation attending at times suitable to themselves; Good Friday; Mass of the Pre-sanctified at 10 o'clock; collection for the upkeep of the monastery in the Holy Land; public Way of the Cross on Friday afternoon at 7.30 o'clock; Holy Saturday office at 7.30 o'clock, with the blessing of the Easter water, etc., and mass to follow;

Weddings

Foigan-Connos.
A wedding of much interest to people of Saint John took place in the manse of St. James' United church, Newcastle, N. B., at 7.30 p.m. on March 29, when Miss Florence Connors, second daughter of Mr. and Mrs. Mont Connors, of Boom Road, Northumberland county, and Robert Perry Fogans, of Newcastle, N. B., were united in marriage by Rev. L. H. McLean, pastor of the church. The bride, who was unattended, was becomingly attired in a dress of rosewood flat crepe, with hat to match and carried a bouquet of Upland roses. After the ceremony the bridal party drove to the home of the groom's parents, where a wedding supper was served.

Easter Sunday, pontifical mass at 11.15 o'clock.
The collection in the Cathedral on the third Sunday of March for the new altar fund amounted to \$277.06, and the total to date is \$11,719.80.

It was announced in St. Peter's church yesterday that among the Holy week observances there would be held this year the Three Hours Agony service from 12 to 3 p.m. on Good Friday, when addresses on the last words from the cross will be given. Tenebrae will be sung on Wednesday and Thursday evenings.

Motorists Already Benefit By NEW TIRE WARRANTY Instituted January First, 1926

It is now three months since the Tire Manufacturers of Canada put into effect the 90-day Warranty on tires.

It will be remembered that, starting Jan. 1st, 1926, all standard tires have been sold in Canada under a full guarantee against defects of workmanship or material for 90 days from the date of first road-wear (180 days in the case of solid tires.)

The benefits of this policy to the motorist were pointed out at the time of its announcement.

You were told of the great improvements made in tire construction. You were told of the high average mileage being given by standard tires—mileage so good that the old basis of adjustment had ceased to mean anything. You were told why Tire Manufacturers now sell their tires under this Warranty, knowing that any defect will show up within 90 days.

The success of the 90 day warranty's operation in the United States, during the past two years, was reasonable assurance that the Warranty would also benefit motorists in Canada. Already those benefits are apparent. The practically complete elimination of the professional adjustment-seeker is reducing tire costs to the motoring public. Using the old adjustment as a bait to sell poor tires is almost a thing of the past. Every honest motorist who wishes only to get good value for his tire money is protected as he never was before.

Now that the motoring season is really beginning, the benefit of the 90-day Warranty will become more and more apparent.

PRICES GO LOWER IN WALL STREET TODAY

Selling Pressure Against Speculative Industrials Causes Shrinkage

Canadian Press. MONTREAL, March 29.—Trading on the Montreal stock exchange during the first half hour this morning was very brisk. Smelters opened up 12 1/2 points at 205, following the favorable financial statement issued by the company Saturday, the next sale going through at 208. This issue sold at 201 1/2 around 10.30, which still represented an advance over the week-end of nine points.

Bell Telephone, ex-dividend, eased three points at 187. Alcohol was unchanged at 18, while Zaslman was up a point at 89 1/2. Atlantic Sugar opened unchanged at 29 1/2, and Dominion Glass lost a half point at 10 1/2.

IN WALL STREET

NEW YORK, March 29.—Stock prices continued to drift lower as trading was resumed today. No abatement in selling pressures against speculative industrials was evident, with a break of almost five points in General Asphalt leading color to reports that pool operations had been abandoned in this stock. Initial declines of 1 to 2 points also were registered by Postum Cereal, Sears Roebuck, McCrory Stores "B" and Texas Gulf Sulphur, but short covering carried Ward Baking "B" up two points.

CHICAGO - ENGLAND TALK BY TELEPHONE

Conversation Carried on 20 Minutes via Maine Station

CHICAGO, March 29.—When William H. Safford answered his telephone last night, he was startled to hear the operator calmly say: "Hold the line for Rugby, England, please."

A moment later he heard the voice of his son-in-law, Arthur A. Oswald, whom he knows to be in England.

For 20 minutes the conversation continued, Mr. Oswald, who designed and built the Rugby Telephone Station for the British Postal Service, telling his father-in-law of the success of the venture.

PICKED UP IN MAINE

The message, broadcast from Rugby, was picked up by an unknown station on the Maine coast, and relayed by telephone to New York, and thence to Chicago. It was reported to be the first time a telephone conversation had been carried on between Europe and Chicago, although such communication has been established with cities on the Atlantic coast.

FIFTY YARD DRESS SEEN IN LONDON

Enormous Amount of Material Required by Pleating of Goods

LONDON, March 29.—Manufacturers will rejoice and husbands mourn over the drastic increase in the yardage of women's garments made necessary by the season's craze for pleating.

Ordinary pleated skirts take exactly twice the number of yards of fabric necessary for plain ones, and if more complicated forms of pleating are employed at least three times as much may be required.

Manufacturers who have been deplored the short-skirted fashions have every cause to rejoice that women have taken to pleats. Pleated trimmings in particular absorb amazing quantities of material.

A gold tissue trimmed evening frock which was presented at a smart dress parade required—by the women present—to their dismay—fifty yards of gold tissue for its adornment.

The tissue, which was about two inches wide, was closely beaded and applied in three wavy lines on a full black chiffon skirt, which spread out like an open umbrella. A beaded gold tissue Medici collar appeared on the black corsage, which was fashioned on bolero lines, and a voluminous sach of bow of turquoise taffeta accounted for serious inroads on a ribbon roll.

Pleating may be expensive, but it is smart, and, curiously, the more material that is used, the slimmer women look. Pleats, perfectly arranged and pressed, are one of the most successful ways known to the modern dressmaker for suggesting a slender silhouette.

CHOIR ENTERTAINED

The choir of the Fairville Baptist church were pleasantly entertained at the home of Mr. and Mrs. Sumner Townsend, McKel street, Fairville.

The hostess served dainty refreshments, assisted by Mrs. Ira Skymet, Miss Bernice Carvell and Miss Lennie Townsend. Those present were Mr. and Mrs. S. T. Coughlin, Mr. and Mrs. Ira Skymet, Mrs. Harry Prince, Mrs. E. C. Girvan, Miss Lella Alcorn, Miss Ethel Brown, Miss Lillian Kimball, Miss Minnie Reid, Miss Beulah McCormack, Miss Edith Carvell, Miss Marion Carvell, Miss Sadie Carvell, Miss Winifred Forgy, Miss Bernice Schofield, Miss Irma Schofield, Fletcher Townsend, choir leader, Albert Lawson, Kenneth Thorne, Edward Allan, Andrew Forgy and Herman Finley.

FINGER AMPUTATED.

Gerhard Magee, an employe of the Wilson Box mill, Fairville, had his right hand caught in a saw at the mill on Saturday. F. L. Roderick conveyed the injured young man to the office of Dr. D. V. Davidson, and thence to the General Public Hospital, where it was found necessary to amputate a finger. Mr. Magee was later removed to his home.

Girls' Council Meets In Main Street Church

About 60 young ladies were present at the monthly meeting of the Girls' Council, held on Saturday evening in the main street Baptist school room. Supper was served about 5.30 and this was followed by a social hour. Easter was the theme for the evening, Miss Florence Christie, president of the council, presided.

A sing-song was led by Miss Grace Marshall, Miss Dolly Whittier sang the "Spring Song," Miss Anna Rippey told the story of "How the Robin got his red breast," Miss Grace Marshall told the story of "The Boy Who Discovered Spring," and Miss Gretchen Moorehouse the story of "The Ivy and the Fig Plant." The summing up of the discussion was led by Miss Christie.

REDUCTION IN PRICE OF GAS

We have much pleasure in announcing a very substantial reduction in our gas rates. This will be effective on all meter readings on and after April 1st, 1926.

The new rates are as follows: Service Charge 60 Cents Per Month Plus a consumption charge of,— First 10,000 cu. ft. used per month \$1.75 per 1,000 cu. ft. Next 30,000 cu. ft. used per month \$1.55 per 1,000 cu. ft. Excess over 40,000 cu. ft. used per month \$1.35 per 1,000 cu. ft.

These rates are NET after allowing for a discount of 10 Cents per 1,000 cubic feet, for payment of account within 10 days of date thereof.

We are enabled to make this reduction, entirely through economies effected in our Gas Plant, by the installation of new benches, new holder, and other new apparatus, costing in the vicinity of \$75,000, which work was just completed late in 1925, and on the recommendation of the local Board of Directors, the Federal Light & Traction Co., the Managing Owners of this Company, are very pleased to concur in the new schedule, following out their policy of immediately passing on to the consumer any saving which can be made in our operating costs.

The public will note the very marked reduction between our present rate of \$2.25 per 1,000 cubic feet, and the new rate effective on April 1, also that a discount will be allowed for prompt payment.

Now is the time to figure on the installation of a gas stove or water heater, and we have in our showroom, a wonderful display of all the latest models, with competent sales people to demonstrate them.

We give Free Repair and Adjustment service, our object being to see that our patrons receive the most economical operation of their gas appliances.

Our Telephone Number is Main 2430. Ask for Mr. Fairweather, who will be very glad to assist or advise in any way that will help you.

Don't Cough Your Head Off Don't Cough All Night Long

Mr. Theo. Gilbert, Welland, Ont. writes: "Some time ago I took a very severe cold, and it settled on my lungs. I coughed day and night, and had such severe pains, in my chest I could hardly bear them, but finally I sent and got a bottle of Dr. Wood's Norway Pine Syrup."

After I had taken a couple of doses I found that my cough was relieved and the pains were all gone, and by the time I had finished taking the whole bottle I was completely rid of my trouble. Now, I will never be without a bottle of Dr. Wood's in my home. Put up only by the T. Milburn Co., Limited, Toronto, Ont.

MARITIME FIRMS HELP DRIVE FOR BETTER HOTELS

Special Shields Are Donated For Competition in Improvements

It is learned by The Telegraph-Journal that a number of special prizes in the nature of shields have been donated for special prizes in connection with the hotel improvements competition scheme for the Maritime Provinces. The shield for New Brunswick has been donated by The T. Eaton Co. Ltd. and Dr. G. A. B. Addy, president of the N. B. Tourist Association; the shield for Nova Scotia, by Moles Limited of Halifax, and the shield for Prince Edward Island by Messrs. Moore & MacLeod and the Imperial Tobacco Co. Ltd. It is the intention that the shields shall be for annual competition and be awarded to the hotels which are winners in the leading classification. They will be exposed to public view in the lobbies of the hotels and will be of such size and bear such inscriptions that the visitor will be impressed with their importance and significance.

It will be remembered that under the scheme proposed by Dr. P. E. Donohue, of Toronto, before the N. B. Tourist Association here prizes of money, up to \$500 in the highest classification, would be given to the hotel in the province making the greatest improvement during the year.

PROMOTER PLEADED. Dr. Donohue, who introduced the hotel improvement competition scheme in Ontario with much success a few years ago, is highly elated with the interest displayed in New Brunswick by the hotel keepers themselves and also by the Tourist Association. Better hotels, he says, make more attractions for tourists and more tourists mean more money in circulation in the province.

Play Is Given For Hospital Patients

The patients at the County Hospital had an afternoon of great enjoyment on Saturday when the Service First Club of the New Brunswick Telephone Company presented "Facing the Music" in the hospital building. The play was staged on the second floor and all the patients who could be taken there were arranged where they could view the performance. They enjoyed every minute of the play and extended very hearty thanks to the performers.

HORSEFIELD STREET HOUSE IN FIRE GRIP

Blaze in Dwelling on Sunday Night, While All Occupants Are Out

The two-story dwelling at 29 Horsefield street was damaged, with its contents, by fire, smoke and water to the amount of about \$1,000 last night. The fire is believed to have started near a furnace in the basement, occupied by F. J. Gagnon, a motorman for the N. B. Power Co. The second story is occupied by Miss A. L. McDermott, in the absence of her brother, who owns the building, and who is in Florida.

Miss McDermott found the fire on her return from church about 9 p.m. and when she opened the door she was met by volumes of smoke. The Gagnon family were also out at the time. Miss McDermott went to the home of Richard Heans, next door, and sent in a 'phone alarm to the King street east fire station. On the arrival of Chief Vaughan and his driver, an alarm was sent in from Box 24.

SMOKE VERY HEAVY. Owing to the heavy smoke the firemen had considerable difficulty in entering the basement, but when they located the fire in the ceiling and partition near the furnace, a good stream of water soon had the fire under control. At the same time other firemen with the chemical hose and axes went to work in the McDermott bathroom which is over the furnace room. The fire had run along the beams and ceiling from the furnace room and was caught by the fire fighters as it was issuing into the bathroom. A section of the floor was torn up thus giving an opportunity of fighting the blaze from top and bottom.

The action of Mr. Gagnon in smashing in the basement window to his apartment and tearing away the broken cashes in an endeavor to save something, caused those near him to believe that some person had been trapped there, but it was learned that he was trying to save his canary bird. The furnishings of both the basement and the upper sections of the house were badly damaged by smoke, while in the basement the ceiling of the furnace section and the kitchen, as well as a small section of the furnace room, one wall and the bathroom floor of the McDermott section were damaged by fire and water. It was reported last night that the damage was covered by insurance.

A genuine surprise party was held at the home of James McFarland, Fairfield, N. B., recently in honor of Miss Hilda K. Long, who intends to take up the study of nursing at the infirmary, Coburg street, Saint John, in the near future. Violin and organ selections were contributed by Mr. Charles Comary, Mr. Neil Smith and Miss Gladys Barrett, solos were also rendered by Mr. Comary. During the evening Mrs. W. E. Brown, on behalf

MONTREAL, March 29.—Canadian National Railways defeated the Banque Canadienne Nationale, 3 to 1, at the Forum Saturday in the play-off between the winners of the Bankers League and the Railway-Telephone League for the commercial hockey title of the city.

Consultation Held Regarding Bowling

AMHERST, N. S., March 29.—The formation of two separate bowling leagues in New Brunswick and Nova Scotia has been mooted, with the championship teams of the two provinces to meet for the Maritime title in a sudden death game. A. W. Corey, of Saint John, has been in consultation with C. O. MacDonald, president of the Amherst, Springhill and Moncton alleys, in an effort to arrange the two separate competitions.

The Brunswick halke bowling pin, won by Black's alleys, of Saint John, at the Maritime tournament in Moncton last spring, was originally donated to a Nova Scotia bowling league, but was not played for. In the event of the new formations being effected, the trophy will revert to Amherst and be defended in the first championship tournament on the local alleys.

Another Tax That Should Go. (Goderich Signal) The provincial government has abandoned the tax on soft drinks, but still declines to remove the annoying tax on amateur sports.

COLLEGE PLAY.

At a meeting on Saturday of the Dramatic Society, it was decided that the comedy "Charlie's Aunt" would be produced by the students some time before the final exams. No details have been arranged as yet.

MOCK PARLIAMENT. The third session of the annual Mock Parliament of the students was held in the library on Saturday night. Led by Thomas Foulkes, the opposition brought in several bills of inquiry. The Governor-General, W. W. Graham, prorogued parliament and afterwards the Governor and his wife entertained at dance in the main hall.

MARSH BRIDGE MATTER GOES TO GOVERNMENT

City Wants Part of Cost of Aboideau Repairs Paid

ASSESSMENT ACT CHANGE PROPOSED

Amendment Has To Do With Property Sold For City Taxes

The City Council this morning decided to go to the Provincial Government on the matter of paying a part of the cost of the repairs to the Marsh Bridge aboideau, the estimated cost of which is \$16,000. It was also decided to seek amendment to the city assessment act which would enable a mortgagee to redeem a property sold for city taxes and enable the city to collect the taxes on a property bid in by the former owner. The last by-law was brought up by Commissioner Harding but action deferred until Thursday to give the tax men an opportunity to be heard.

THE MARSH BRIDGE

Commissioner Wigmore said he had been corresponding with the Federal and Provincial Governments and the C. N. R. in connection with the cost of making repairs to the Marsh Bridge aboideau. The Federal minister of public works had referred him to the C. N. R. despite the fact that in 1909 the Federal Government had paid one third of the cost of the work done at that time. The C. N. R. officials had agreed to pay \$5,000 toward the cost of the repairs. Now he wanted the council to interview the Government and see what they would do. Under a special act passed in 1909, he said, the Provincial Government had paid one third of the cost, the city one third and the Federal Government the remaining third. He proposed that a committee be appointed to interview the Government. This carried and the acting Mayor named all the members of the council as the committee. On motion of Commissioner Frink the request of the New Brunswick Telephone Co. for permission to hold a pole and an anchor in Egbert street was granted.

VOGATIONAL SCHOOL

A. Gordon Leavitt, secretary of the Board of School Trustees wrote that \$800 on April 1 to meet liabilities for the previous month and asked that this amount be placed to the credit of the school board. This was ordered done. Requests from the Women's Hospital Aid for permission to hold a tag-day on April 24 and the Salvation Army to hold a tag day on May 22, were referred to the acting Mayor, with power to act. A request from the Municipal Chapter, I. O. E. D. that the sum granted by the city toward the entertainment of the delegates to the National Chapter be paid to them was referred to the acting Mayor. W. W. Allingham, resident architect of the public works department of Canada, wrote that no bill had been rendered by the department, lying between the immigration shed and No. 4 street and asked that a bill from May 1, 1926 to May 1, 1928 be sent in. The rental for this strip is \$1 a year. This was referred to Commissioner Harding. On motion of Commissioner Harding the New System Laundry was given permission to install a new gasoline tank in Lansdowne avenue.

ASSESSMENT ACT

C. F. Sanford was heard in connection with a proposed amendment to the city Assessment Act. He said the object was to make it possible for a mortgagee to protect his interest in the matter of a sale of property for city taxes. The interest of the city was in no way affected. The section he proposed provided that in case of sale of property for taxes the mortgagee as well as the owner would have the right of redemption by paying the amount paid at the sale plus 15 per cent, within two years after the sale. He said the city chamberlain had no objection to it. It was suggested by the chamberlain that if an amendment was to be made there should also be a clause providing that in case the property was sold by the city and then redeemed the city should receive the taxes which would have been paid had the property remained in the name of the private owner. This was agreed to by Mr. Sanford and with this understanding the amendment was ordered sent to the legislature.

TAXI BY-LAW

Commissioner Harding said he would like to have the taxi by-law dealt with and passed and moved it taken from the table. Commissioner Wigmore said he had been spoken to by two of the taxi operators who objected to the passing of this act, and he felt they should be given an opportunity to be heard. The city chamberlain expressed the opinion that it would be wise to have all city licenses issue January 1 instead of in the middle of the year. It was agreed that the by-law would be taken up on Thursday morning and the taxi men would be given an opportunity to state their case.

"Well, sir" said Mr. Hiram Hornbeam to The Times-Star reporter, "since they made up their minds up to Ottawa to have a commission to find out what these here provinces orto git that they ain't gittin', I'll say fer em that they give us a good one. I seen that there Dr. Magill out to Winnipeg last winter—his about as keen as any man I talked to. He's mighty well-liked by us, too. The other fellers is all good men—an' now it's up to us. I hope the best men we got—real square fellers that ain't a-gonto play no politics, 'll just be big enough to give up some of their time to help make out our case. The Government's doing somethin'—an' if it was locked next day our case 'ud be there fer the next fellers. We got to hoo corn now or hev no bacon—as the fellers say, 'I'm feelin' better. I do 'lieve we're gonto git someehers if we go to it. It'll take time—an' we can't do back an' do nothin' ourselves. Me an' Hanner was sayin' las' night we'd raise a few more pigs this spring an' hev a steer or two to turn off in the fall—an' she's figgerin' on keepin' a lot more hens. I'm gettin' old—but I'm like Shives Flaher—I 'lieve in doin' my bit an' a little more—yes, sir."

THREE FINED \$50 FOR NOT FILING INCOME PAPERS

Magistrate Allingham Deals With Federal Cases in Fairville Court

OTHERS IN POLICE COURT IN CITY

Some of the New Returns Due On Next Wednesday

Persons are realizing that it doesn't pay to neglect compliance with the requirements of the federal income tax law, as delinquents are being prosecuted throughout the province. This morning before Magistrate Allingham at Fairville William Golding Jr., William J. Duffy and James Craig pleaded guilty to not sending in a report of their incomes, due some time ago, and were fined \$50 each by the magistrate. This afternoon three persons were to appear before Magistrate Henderson in the city police court, charged with a like offence.

GENERAL IN N. B.

Norman P. McLeod, inspector of taxation for the New Brunswick District, said this morning that the legal department was instituting prosecutions all over the province and several convictions had been secured. Persons at Moncton, Campbellton, Saint John and other places figured in the law proceedings and as a consequence he said that returns were now coming in much better.

NEW RETURNS DUE

Wednesday, March 31, will be the last day for filing income tax forms '25, for estates; forms '24, schedules of salaries paid employees; and forms '25, dividends of corporations. Income forms '24, returns of individuals and partnerships, and '22, incorporated companies, must be filed on or before April 30. Returns coming in late by mail would be accepted by the inspector at Saint John. Customs collectors are not permitted this year to receive returns or payments or issue receipts as they were last year.
