RIDES THOUSAND MILES TO BECOME A CANADIAN
Windsor, May 11.—Charles S. Barton, 85 years old, of Des Moines, Ia., dressed in the full regalia of a western cowboy, and riding a broncho pony, was rejected by customs officials here because he had not sufficient money to pay duty on his horse and comply with Dominion im- migration regulations.

NEAT JEWEL ROBBERY. Carefully Chose Most Expensive Pearl Necklaces. Paris, May 11.—A well dressed man walked into Boucheron's shop, at the corner of the Place Vendome and Rue de la Paix, and asked to see some pearl necklaces. He wanted something good, he said, and the salesman produced a dozen or so priced between 200,000 and 400,000 francs. Carefully the man scruti- nized each one, for there has been a scare among the public during the last few days on the subject of artificial pearls. The assistant thought he had his eyes open. But he had not. After ten minutes examination the purchaser could not make up his mind. "I'll come back," he said, and walked out. Disappointed that he had lost a com- mission, the salesman started arranging his goods again. Inevitably there was one necklace missing, and that, of course the most valuable. The well dressed man was evidently a pearl expert of no mean sort.

CAUGHT IN LAUNDRY. Cleveland, May 11.—Impisoned five hours in a big washing machine, then rescued and finally captured by the Chinese owner of the laundry after a struggle, George Mancy, twenty-two, was placed under arrest here. Mancy broke into the laundry and took refuge in the machine following a pistol battle with police during which a man and a woman were slightly wounded. One of seven charges against Mancy is being a deserter from the army aviation field at Aberdeen, Md., and another violating his parole from the Elmira, New York, prison. The fight started when Mancy and a companion drew re- volvers and ran when police attempted to search them in the heart of the down- town district.

RECENT WEDDINGS
Miss Mildred W. Barnes, daughter of Mr. and Mrs. James W. Barnes, and William H. Latham, cashier with the Ford Motor Company, were married yesterday after- noon at the Douglas avenue Christian church by Rev. J. C. B. Appel. The bride was attended by Mr. and Mrs. Latham left on a honeymoon trip to Upper Canada.

A quiet wedding was solemnized yesterday afternoon by Rev. J. C. B. Appel at the residence of Mr. and Mrs. James King, of Pokoki, when their youngest daughter, Ethel, was united in marriage to Wallace Stockton, of Anagance, Kings county. The bride was attended in a charming dress of blue silk and carried a bouquet of pink and white carnations. After the wedding, which was only at- tended by immediate relatives, a dainty luncheon was served and Mr. and Mrs. Stockton left on the train last evening for Anagance, where they will reside. The bride's traveling dress was a gray tailored suit with hat to match and she wore an emine fur. The bride was the recipient of many handsome presents, including a set of silverware and several substantial checks.

The wedding of Miss Hazel L. Griffin of Peterburg, Ya., and Earle R. MacNutt took place yesterday afternoon in Fredericton, where Mr. MacNutt's home is. He is a member of the law firm of Covert, Pearson & MacNutt, Halifax.

RECENT DEATHS
The numerous friends of Mr. and Mrs. Albert T. Finnamore, of 30 Crown street, will regret to learn of the death of their young daughter, Dorothy Elizabeth Finnamore, which occurred yesterday at the home of her uncle and aunt, Mr. and Mrs. Harry Finnamore, at Oromocto, Sunbury county. The young girl was thirteen years of age and was popular and well liked. She had been in ill-health for some time and during the last few days had been gradually grow- ing weaker. She leaves, besides her par- ents, two sisters, Edith and Audrey, both at home.

Herbert Inman passed away yesterday at Andover in the twenty-eighth year of his age, following a weak turn while engaged in his work. The funeral will take place from his late residence, An- dover, on Thursday.

GOOD SALARIES FOR GOOD MEN.
That the London County Council (England), believes in the good old idea that to secure good men you must pay them well is illustrated in its decision to appoint an assistant housing adminis- trator at a salary of \$10,000 a year. The council already has a housing adminis- trator at \$10,000, and a housing director at the same salary.

AN EDUCATION DAY. (Toronto Globe.) The west has been furnishing bright people and bright ideas right along to date, and will do so to the end of the chapter. Now it is Saskatoon that is going to set the pace. A monster "Education Day" in June is to assemble thou- sands of children from an area some 60 or 70 miles in every direction from Saskatoon, and the thousands of chil- dren in Saskatoon are to play the hosts to those other boys and girls. One of the outstanding men of the continent is to be the speaker, and events of the first order are to characterize the day. The whole aim is to advertise education; or, to put it in the advertising men's phrase- ology, to sell education to the public. The Canadian people will wait with in- terest the story of this undertaking which should be a challenge to all the rest of us.

ATTACK VALIDITY OF LIQUOR LAWS

It is Maintained That Dominion Government Cannot Legislate For One Section of Canada Instead of Canada as a Whole.

(Canadian Press Despatch)
Ottawa, May 10.—The validity of the Alberta prohibition law is challenged in a case which opened in the supreme court this afternoon. The case is that of Gold Seal, Limited vs. Dominion Express Co. A. A. McGillivray, Calgary, counsel for the appellants, sought to invalidate the Alberta prohibition law on two main charges. He argued that the amendments to the Canada Temperance Act of 1919, were ultra vires, in so far as they mentioned Dominion sought to legislate for one section of Canada instead of for Canada as a whole; furthermore, the law provided that all articles the growth or product of one province should be admitted free into any other part or provinces of Canada.

On February 1 last, when prohibition came into force in Alberta, Gold Seal, Limited, a firm of liquor distributors, offered for shipment to the Dominion Express Co., common carriers, a car load of rye whiskey and wine, the produce of British Columbia, from Vancouver to Calgary. It was the intention of the liquor company to distribute the liquor and wine from Calgary to other parts of Canada, where they might lawfully be received. The express company declined the shipment. The case will be further heard tomorrow.

BUSY SEASON FOR THE NAVY LEAGUE

The annual meeting of the New Brunswick Division of the Navy League of Canada was held yesterday afternoon in the Board of Trade rooms in Prince William street with the president, R. E. Armstrong, in the chair. The reports of the various officers of the league showed that the year had been an extremely busy one. The same officers and executive members were re-elected. The treasurer's report showed a slight deficit for the season.

The meeting opened with the reading of the minutes of the last annual meeting by H. J. Evans, secretary pro tem in the absence of C. E. Allan. The president, R. E. Armstrong, gave a verbal report on the year's work. He mentioned that the dominion wide campaign, to raise funds for the Navy League, had been disappointing to all concerned, but that other sections beside this province had fallen down in their quota. He praised W. Brindle, manager of the Seaman's Institute, for his work during the year and also complimented Captain Mulcahy for his work in charge of the Dominion Council of the Navy League relief committee. He mentioned the

work of the Navy League in helping the D. B. S. men to reach their homes. Captain Mulcahy, chairman of the relief committee, reported several worthy cases that his committee had looked after during the year; he also mentioned the entertainment that was given the men from H. M. S. Calcutta and Constantine during the time they were in the city last summer.

H. C. Schofield, treasurer, reported that the financial standing for the year was not so good as might have been hoped for. The report showed that the receipts for the year had been \$10,632.40 and the expenditures, \$11,278.10, leaving a deficit of \$645.70. The balance on hand at the end of the current year was \$10,751.02.

The secretary's report showed that 1,100 bags had been prepared for the sailors by the ladies' auxiliaries of the league, and the majority of the bags distributed at Christmas time. The report also dealt with various other donations that had been received by the league for the benefit of the seamen.

Captain Mulcahy thanked the ladies of the various societies of the city for their hearty co-operation in all work in connection with the relief of suffering families of seamen. W. Brindle also thanked the ladies for their help during the season at the institute.

After the reports were read the election of officers took place. All the officers of last year were re-elected. They are as follows: Honorary president, Mayor Schofield; president, R. E. Armstrong; vice-president, A. J. Mulcahy; secretary, C. E. Allan; treasurer, H. C. Schofield. The members of the executive consist of the president of each branch of the league in the province; the regent of each chapter of the I. O. D. E.; commander of the R. K. Y. C.; commodore of the Power Boat Club; regent of the Municipal Chapter; president and officers, ex officio, of the Seaman's Institute; and R. H. Smith, D. Ledingham, E. L. Rising, W. H. Lugsden, L. P. D. Tilley, Chief Justice McKeown, Mrs. R. B. Edwards, Mrs. F. S. White, Mrs. Mulcahy, Mrs. J. B. Travers, Mrs. J. F. Robertson, T. H. Bullock, R. T. Hayes and Col. E. T. Sturdee.

The meeting authorized expenditures up to \$5,000 on improvements to the Seaman's Institute. They voted \$250 to the N. B. Tourist Association for the rental of that association's rooms. The meeting also appointed the president and secretary as the local representatives at the Dominion Council of the Navy League to be held at Halifax in June.

THE SIXTIETH ANNIVERSARIES

The school room of St. Mary's church probably never held so large a gathering as it did last night when between 500 and 600 people were present at the congregational reunion which was part of the sixtieth anniversary celebrations. Rev. P. McKim welcomed the gathering and more particularly greeted those former members of St. Mary's who had moved to another part of the city and were no longer members of the congregation, many of whom were present. St. Mary's band, under the able direction of Bandmaster Harold Williams, provided an excellent programme of music during the evening. Archdeacon W. O. Raymond, in speaking of the band, told how it had originated with its members composed of the cadet corps boys, how it had enlisted as a body and gone overseas and afterwards had become the band of the Princess Pats. He congratulated the band on its performance and on its record. The archdeacon also made feeling reference to the more than 2,000 members of the congregation who had been laid to rest since he was first rector in 1884. Regret at the absence of Mrs. Raymond was expressed. Mrs. Raymond, since her arrival in St. John, had been in poor health and unable to attend the anniversary celebrations. She is making very satisfactory progress towards recovery and it is hoped she will be able to be out today. Light refresh-

ments were served at the close of the evening and the young ladies of the congregation assisted.

In St. Jude's.
The Bible class, Boy Scouts, Girl Guides and other organisations of St. Jude's church met last night to observe the sixtieth anniversary of the church and spent a very happy evening.

ANNUAL MEETING OF WATERLOO ST. BAPTIST CHURCH

The annual meeting of the Waterloo Street Baptist church was well attended last evening. The pastor of the church, Rev. L. B. Gray, occupied the chair. The reports from the various societies were read and officers elected for the year. The report from the C. G. I. T. was read by Miss Hazel Hamilton; the report from the Trail Rangers by John Mott; from the Junior League by Miss Margaret Hamilton; B. Y. P. U. by Miss Florence Kierstead; Sunday school by Leslie Day; Mission Band by Miss Ada Coates; music committee, John Mott; advisory board, Leslie Day; house committee, H. Hoyt; the "Tens," Mrs. Thos. Robinson; treasurer's report, James Paterson.

The treasurer's report showed that the last year had not been so successful financially as expected, as the amount raised was \$1,878.20 and the expenditures totalled \$2,216.05, leaving a deficit for the year of \$337.85. The report showed that the church had contributed \$70 towards the forward movement in Canada. A special donation of \$100 had been made by the B. Y. P. U. to the general running expenses of the church and a contribution of \$155.48 by the Women's Missionary Aid Society to foreign missions.

The pastor, Rev. L. B. Gray, reviewed his work since he accepted the pastorate last summer. He showed that there had been nine baptisms during that time and that several others were taken into the church.

The officers elected last evening were as follows: Treasurer, James Paterson; superintendent of the Sunday school, John Mott; members of the advisory board, Rev. L. B. Gray, James Paterson, H. E. Hoyt, J. W. Mott, M. W. Galley, W. B. Kierstead, G. Brown, G. Willgar, C. Haric, C. E. Hamilton, F. McColegan, T. A. Robinson and Leslie Day.

The business meeting was followed by a short social entertainment in which the ladies of the church server refreshments. Mrs. H. E. Hoyt acted as convener of the refreshment committee.

**N. P. J. VENIOT
GIVES HIS IDEAS
ON GOOD ROADS**

(Canadian Press Despatch)
St. John, N.S., May 10.—I think it is likely that this convention," said Hon. Veniot, minister of public works for New Brunswick, addressing the annual meeting of the Canadian Good Roads Association here this afternoon, "to tell us our ideas about the administration of federal aid to roads. The federal cities will never have the right idea until they understand provincial ideas. For example, they will give us money for roads for five years, but they will give you only one cent of the actual cost of the roads. They do not consider organization work and other necessary things which amount to from fifteen to twenty per cent of the total. Again, if the Dominion government is to give you money for roads, it should be for road work in the provinces. Beckwith, ex-Mayor of Victoria, was inclined to agree with Hon. Veniot, but A. B. Jennings, of Toronto, the Canadian Engineer, was strong objector to the idea of a department and departments work tendering on road con-

**A SUBURBAN
VALLEY SERVICE**

Slipp, of Central Hampstead, and A. D. Caspary, of Gagetown, were in St. John in the morning and returned in the evening to the present which compels them to spend a night in the city. He said further that the milk trade could be developed in its immediate neighborhood, and that the river between Hampstead and Gagetown farmers kept many cattle could keep many more, as they are abundant here. He was confident that in a very few years a large amount of traffic could be developed in a service to Gagetown, and that a service there was suggested by delegates a service at least as

far as Brown's Flats for the months of July and August or until after the exhibition. It was pointed out that, if assurance were now given of such a service, every available cottage and room along the beach on both sides of the river would be taken by St. John people for those two months, while the Beaulieu Camp at Brown's Flats in July would itself ensure a large daily traffic. It was pointed out that so soon as there was assurance of a permanent suburban service great numbers of new cottages would be built; and, as there must be a beginning, the failure to start now would simply delay for another year the development of what would soon become a paying service of great benefit to the people as well as the railway. An early and favorable reply from Mr. Hayes is hoped for by the delegates.

**URGE OPEN AIR
PREVENTORIUM**

An open air summer camp, or preventorium, the anti-tuberculosis society believes to be one of the greatest needs for the welfare work of the city. At the society's regular meeting, held yesterday afternoon in the free dispensary in Carleton street, with J. A. Likely, the president, in the chair, reports were given of cases that would greatly benefit by treatment in a preventorium and without treatment would suffer seriously.

Immediate action was strongly recommended. Reports were given of various locations having been visited with a view to finding a suitable building for the purpose. The epidemic hospital on the Sandy Point road was one location that was favored. The association is not able to take up this needed work itself but would give all assistance in its power. It was felt that the preventorium should be made part of the child welfare work in the city. Mrs. A. W. Adams, as a visitor for the month, gave a good report. She said three patients had been sent to the East St. John hospital and one to River Glade. Two other patients were examined and recommended for hospital treatment but there was no vacancy for them. Mrs. Adams made her visits in company with the society's nurse, Miss Brophy, and she spoke of the very evident devotion of the patients to their nurse. The Red Cross society sent a gift of twenty-four towels and these were gratefully acknowledged. The bureau's report showed that 180 visits had been made; one patient was receiving milk; four cases were reported to the board of health; fifteen patients were discharged; twenty prescriptions were filled and sixty patients visited the dispensary clinic. The doctors' reports showed that forty examinations had been made by Dr. A. E. Loggie and nineteen by Dr. H. A. Ferris.

GOOD-BYE, Son! Such simple words, yet how they choke you! How they blot out the sunshine! You have always known that the day must come when he would go out into the world. But ah! The bleak reality of today! Leaving home! Grown up! And it seems only days since he was tumbling out of apple-trees, and tracking mud over the kitchen floor to the cookie jar.

"Good-bye, Son!" Unreasoning fear clutches at your breast, but in that valiant mother-way, your eyes smile straight and trusting into the young eyes looking lovingly into yours. It is a moment of sacred compact between you and your boy. And as your lips seal the silent compact of promise and trust, you slip into his hand that matchless gift—an Elgin Watch—while the look of amazed delight and the sudden mist in his eyes, is your precious reward.

truck was passing along Charlotte street between Duke street and Queen square shortly after 7 o'clock last evening. When the steering gear went wrong the truck made a sharp swerve towards the sidewalk and demolished part of the brick and stone steps at the entrance to the Salvation Army canteen. The driver, P. St. Clair, was hurled through the glass windshield and struck against the wall of the building. He was badly cut and bruised. Firemen from No. 1 station, across the street, carried him to their building, where he was attended by Dr. J. S. Bentley, and afterwards he was taken to his home. The radiator of the truck was badly smashed.

LOBSTERS FOR BOSTON.
A consignment of live lobsters arrived in the city on the Halifax express this morning. They will be shipped through to Boston this evening.

TO HALIFAX.
Commissioner Frink went to Halifax last evening to represent the city at the Good Roads Convention, substituting for the mayor who was unable to leave on account of pressure of business. Dr. Frink was accompanied by Road Engineer Hatfield.

POTATO STORAGE.
It is possible that the old C. P. R. potato shed at West St. John will be leased again this winter for the storage of potatoes. Commissioner Bullock has received an application on behalf of several New Brunswick growers, who desire storage space where the produce can be unloaded from cars and into ships without the danger of freezing.

QUICK DESPATCH.
The steamer Erik II. arrived in port yesterday afternoon and at seven o'clock fully loaded she will sail this evening for Havana, Cuba, her cargo being the most part potatoes. She is a vessel of 1,200 tons, commanded by Captain Christensen. Furness Withy & Co. are her local agents.

THE MONTREAL LIQUOR.
It was reported this morning that if the three carloads of liquor which arrived here in bond from Montreal for export purposes had been released from bond before the increased taxation went into effect a saving of \$20,000 to the wholesalers would have been made. No further action has been taken in the matter of this liquor which is still in the cars on a C. P. R. siding.

N. B. DISTRICT LEADS.
Returns from a recent membership drive of the Canadian Railway Y. M. C. A. show that the New Brunswick district with branches at Brownville, surpassed all other districts in membership and renewal. The Brownville station secured 820 members; Chapeau, Ontario, 200; Kenora, Ontario, 191; Field, B. C., 129; Schreiber, Ontario, 104; Carleton Place, Ontario, 84; White River, 48; and Ignace, 85.

COMMANDS BIG VESSEL.
Mrs. W. L. Breen, who has been spending the winter in St. John, is last evening to join her husband, Capt. Breen, in New York. He has been commanding a ship during the winter. He will now take command of a twenty thousand ton passenger steamer which formerly was a mail vessel, the Philippine, turned over to Uncle Sam. She carries more than 2,500 passengers. Mrs. Breen will join her husband and sail for Europe. Capt. Breen is well known in St. John.

SALES TAX AND TARIFF.
C. B. Lockhart, acting collector of customs and excise here, today received orders that on all importations, except goods which are exempt, the sales tax of 2 1/2 and four percent be collected, dating from the presentation of the budget. No instructions regarding the change in tariff have been received excepting those affecting liquor, sugar, beer and wine. The tax on imported liquor is \$10 per gallon and on Canadian manufacture, 85. The excise tax has been removed. Entries are still being made subject to amendment.

MILITARY.
Instructions have been received at local military headquarters to call up the officers of the corps reserves for training provided the authorized establishment is not exceeded. The officers on the corps reserves of the different units are those who on the completion of war were unable to remain with the regular personnel of their respective units as the authorized establishment would thus be exceeded. Previous to this order they had not been called out for training.

MISSING BOY.
The chief of police has received information from the chief of police at Syracuse, N. Y., regarding a fifteen-year-old boy, Nathaniel Menichelli, alias "Nollie," who left his home in Syracuse on April 26 to sell morning papers and has not been heard of since. It is thought the lad may have come to this part of the country, and a description is given, as his parents are very anxious to locate him. He is an Italian, about five feet tall, one inch in height, with brown eyes and medium complexion. He wore a dark blue cap, blue coat and red sweater. It is expected that he may be selling newspapers.

NURSES' EXAMINATIONS.
Nurses' provincial registration examinations are being held today in the New Brunswick Historical Society building, Union street. Twenty-five candidates, representing the Massachusetts General Hospital, Moncton, St. Stephen, Chipman Memorial, Hotel Dieu, Chatham, and the St. John General Public, are trying the papers. The board of examiners is composed of Dr. W. W. White of this city, Dr. Vanwart of Fredericton, Miss Braunscombe of St. Stephen, Miss Sampson of Fredericton, and Miss Retailick of St. John. The result of the examination will be made known in two weeks.

FOR BETTER RAILWAY SERVICE.
A movement has been on foot amongst the business men of northwestern New Brunswick for increased passenger service on the C. P. R. that would enable them to make a trip to St. John and return home in less than three days. The co-operation of the city was requested, and Mayor Schofield wired P. N. Stevens of Hartland, who was handling the matter, endorsing the application of the people of that section for increased service. The mayor this week received a letter from Mr. Stevens, saying that he and his colleagues had a very satisfactory interview with J. M. Woodman and other officials of the railway, and after June 20 he expected that the people of the upper St. John valley would be able to make the trip to St. John in one day.

IN PARLIAMENT.
Ottawa, Ont., May 11.—(Canadian Press)—Yesterday in the commons third reading was given a bill amending the bankruptcy act.
In the senate the committee investigating the diversion of Canadian trade asked that Hon. T. A. Cresser furnish information on the diversion of Canadian grain.
Senator Prowse of P. E. Island drew attention to the delay in appointing a judge to the supreme court in that province.
Bill amending the Canadian Shipping Act passed in committee.

JAMES COOK DEAD; 102 YEARS OLD

St. John Man Leaves Many Descendants to the Fourth Generation.

James Cook, probably the oldest resident of this city, died last night, aged 102 years, at the residence of his grandson in West St. John. Mr. Cook was a life-long resident of St. John, and leaves a long line of descendants to the fourth generation. Although in the century mark, he was wonderfully active, and kept in touch with present events. Until quite recently he might often have been seen walking about the streets, and although bent with age, he nevertheless carried his years well. He had a remarkable fund of stories about the olden times and remembered incidents which happened in this city in the early forties. He was one of the old-time teamsters and hauled the first tea for the railroad. During the cholera epidemic he was one of the teamsters who carried the patients to Fort Howe, and afterwards used to haul the railroad navies from the American boat to Hampton. Eighty years ago his horse and team were parked at Market slip, and although numerous horses took the place of his first faithful animal, and a slow replaced his first old-fashioned wagon, he continued as teamster until very recent years.
He passed away peacefully about 7:40 o'clock last night, following a weak turn, which brought to a close a most useful life that had witnessed great changes and had seen his city grow from a small town to a large city.
It will be remembered that Mr. Cook caused a sensation last November when he was reported missing from his home. He had been in the habit of taking a constitutional out this day he did not return, and a search was instituted by his relatives. He was eventually found at the residence of his grandson in West St. John, and was quite surprised when he learned of the anxiety he had caused by his absence.
He leaves to mourn four sons—George of Boston, James and Joseph of this city, and John who went overseas during the war and whose whereabouts are not known. He also leaves one sister, Mrs. Minnie DeWolfe of this city, besides fourteen grandchildren and nine great-grandchildren. The funeral will be held tomorrow morning at the residence of his son, James Cook, 28 Delhi street.

If for any reason you feel that you ought to make your money reach to its utmost buying power, come to this store and look at the furniture and prices.
Young married people should consider that real enduring economy lies in the quality of the goods they buy, more than in merely paying out a few less dollars for inferior goods.
One of the reasons for the unusual growth of this business lies in the fact that the public has learned that for Everett furniture they pay no more than a fair price, and they get goods that will last through generations; while to pay less, they get less in looks, style, finish and in durability—very much less, as time will soon tell.

HON. W. S. FIELDING HAS AMENDMENT TO THE BUDGET

Ottawa, May 10.—Hon. W. S. Fielding, seconded by Hon. W. L. Mackenzie King, moved in the house of commons this afternoon the following amendment to the budget:

"The house regrets that, after repeated assurances by the government of an intention to have a revision of the customs tariff and after a protracted inquiry extending from ocean to ocean by a committee of cabinet ministers, the government have made no proposal for any revision of the tariff;

"That, while recognizing that existing financial requirements of the dominion demand the maintenance of a customs tariff, the house is unable to concur in declarations by the government that the tariff should be based on the principle of protection; the tariff is a tax, and the aim of legislation should be to take taxation as light as circumstances will permit;

"That the aim of the fiscal policy of Canada should be the encouragement of industries based on the natural resources of the country, the development of which is reasonably expected to create self-sufficiency giving promise of enduring success;

"That such changes should be made in the customs duties as may be exacted to reduce the cost of living, and reduce also the cost of implements of production required for the efficient development of the natural resources of the nation;

"That, while keeping this aim clearly in mind, the house recognizes that in readjustment of the tariff that may be made, regard must be had to existing conditions of trade, and changes made in a manner as will cause the least possible disturbance of business;

"That the house, while recognizing the obligations arising from the war that is met, and declaring its readiness to make all necessary provision for that purpose, regrets that the financial proposals of the government are not made due regard to the economy that is urgently needed, and expresses the hope that, before resorting to new taxation, the government should make a substantial reduction in the proposed expenditure."

(Canadian Press Despatch)

Ottawa, May 10.—The house debate on the budget has already passed into the second day. It opened today with an opposition amendment, followed in the evening by an encounter between A. R. McMaster (Liberal, Brno), the minister of marine and fisheries, and the speaker, the house then lapsed into—

THE MOTHER WHO LOVES HER BABY

and yet is unfortunately not able to rear him in Nature's way cannot go wrong if she follows the advice of doctors and mothers, based on a century's experience, and feeds him on "Neave's Food," which ensures baby being properly nourished. Being rich in the flesh-forming albuminoids and bone-forming salts, it builds bones and flesh, assists teething, gives healthy sleep, and is easily assimilated and digested. If your baby is fed on Neave's Food, he will be free from teething troubles, rickets, and other similar infant complaints, and will grow up healthy, happy and contented. first day—an extraordinary lassitude with the house about two-thirds empty.

The evening incident might not inaptly be termed the episode of the imaginary letters. Mr. McMaster had brought up the Wigmore letter which aroused so much excitement when produced in the house on Saturday. He declared the letter showed that Mr. Wigmore was not very familiar either with the proprietors or the decrees of public life. The opposition breaking into laughter, Mr. McMaster then proceeded to read two letters which he said were purely imaginary. One was addressed to Hon. F. B. McCurdy, minister of public works—the other to D. B. Hann, president of the board of management, Canadian National Railways. The first was supposed to be signed by Hon. C. C. Ballantyne, minister of marine and fisheries. In it, Mr. Ballantyne was presumed to be asking for contracts for the Sherwin-Williams Paint Company and the Canada Cement Company, of which I am, as you know, a director.

Liberals laughed and there were immediate protests from the government side of the house.

The point was raised that it was not in order to attach a minister's name to an imaginary letter. A little puzzled perhaps over the curious situation, Mr. Speaker observed that Mr. McMaster had made it clear the letter was purely imaginary. But it was questionable whether it was in good taste for Mr. McMaster to refer by name to another member who was also a member of the government.

Sharply, Mr. McMaster retorted that he was not prepared to accept the speaker's ruling on questions of good taste. "If" warmly responded the speaker, "the honorable gentleman wishes to take exception to my ruling he can do so in the constitutional manner."

Mr. McMaster rejoined that he took no objection to the ruling, but to the gratuitous remark about good taste. "I do not believe that is within your province," he warmly added.

"It is within the province of the chair," said the speaker sharply, "to see that the proceedings of parliament are conducted in a proper spirit and with due decorum."

Mr. Ballantyne heatedly protested against the "unfair" attitude of Mr. McMaster and demanded that his name be struck from the record. Here Mr. McMaster naively suggested the substitution of the name of C. C. Jones for that of C. C. Ballantyne as a "harmless enough name" and the debate proceeded on its way.

DISCHARGE OF MEN BRINGS NOTICE OF WAGE REDUCTION

According to an announcement made last evening the N. B. Power Company intends to reduce the wages of its employees on the expiration of the present agreement between the company and the union, which is June 14. Matters were brought to a head when the company yesterday afternoon discharged two union workers. A union delegation waited on the general manager of the company, Percy W. Thomson, last evening when notice was given of the impending cut.

Union President Talks.

Ira Ferris, president of the street railway workers' union, said last night that the union was demanding that additional evidence be produced to show that the men discharged were the agitators that the company had said they were yesterday. The two men who were discharged were Robert Stewart, a track foreman, and David Henderson, a repair man. Mr. Ferris said that the union intended to hold a mass meeting this week to consider the matter in connection with several other differences that had arisen between the company and the union. He said that the men intended to apply for a board of conciliation and, unless the company brought matters to a head quickly by a lockout, it would be some time before the public would be in danger of being inconvenienced by anything like a general tie-up.

section with several other differences that had arisen between the company and the union. He said that the men intended to apply for a board of conciliation and, unless the company brought matters to a head quickly by a lockout, it would be some time before the public

When asked for the company's side of the case, Percy W. Thomson, the general manager, said last night that he had received reports that the men discharged were dangerous, dissension spreaders, kickers and did not do their work well, and he therefore discharged them in the interests of the company. At the conference with the union representatives last evening, Mr. Thomson said, the men were told that it was the intention of the company to better the service to the public and in order to do this wages would have to be reduced, but he did not know just what the cut would amount to. He notified them that the agreement which expires on June 14 would not be renewed. He asked the men for suggestions, but none were forthcoming.

When asked what the next step would be, Mr. Thomson said that the company would formally notify the union that the agreement would not be renewed. It would then be for the union to say whether its members would continue work under the new conditions or not.

Mayor Schofield and G. N. Hatfield, the city road engineer, left last night for Halifax to attend the good roads convention. The convention will continue for three days.

BRUNSWICK WEEK AT TOWNSHEND'S

One Week Only **\$10.00** CASH Only

Will Place Any Brunswick in Your Home

This week we are featuring "Brunswick Week" with the object of stimulating interest in this remarkable phonograph, and revealing the many exclusive features that have combined to make it such a desirable phonograph. Interesting exhibits are being presented, and attractive displays arranged that will make clear to the hundreds of visitors to our store the superior quality of this Phonograph. And, as a climax to all this; as a means of enabling anyone—any home—to secure one of these phonographs without the usual cash outlay, we are offering for this week only—a special

Deferred 1st Payment Plan

Why You Should Own a Brunswick

The Brunswick was the first and still is the only phonograph BUILT expressly to play ALL makes of records as the makers intended they SHOULD be played.

This is accomplished by the invention of the "Double Ullona," a reproducer that combines the necessary features of the reproducers used for different records—all in one—including proper point, balance, diaphragm and weight. Nothing to take off or put on. A twist of the wrist instantly adjusts the Ullona to play any make of record.

Then, the acoustic qualities embodied in the Brunswick all-wood oval horn (the only all-wood oval phonograph horn) bring out all the delicate vibrations of tone that give music its real quality.

And the powerful Brunswick 4-spring motor that runs 27 minutes without winding, ensures even running, less bother and much greater durability, so when you buy a Brunswick it is bought for all time.

Finally, the Brunswick cabinets are masterpieces of perfection. In design, workmanship and finish they are superb, for the Brunswick Company have generations of experience behind them in wood working craftsmanship and unlimited timber resources for the selection of perfect woods.

It is this combination of qualities and features that has placed the Brunswick in its present position of pre-eminence.

Unlimited Selection

Understand clearly that any Brunswick Phonograph we have (and we have them all) can be purchased on this plan by any responsible person.

There are no reservations or conditions. Come in tomorrow or any day next week select your Brunswick, pay \$10.00, and it will be in your home the same day. But also remember that this unusual offer is good for one week only.

Men! You've Been Asking for Lower Prices

Here They Are

Right Down to a Rock Bottom Basis

EVERY now and then some one remarks that retail prices in general have not been fully adjusted to the new normal basis, and that this condition is helping to delay a revival of business.

IT may be so, for we know that very few stores had the courage to set their house in order, clean out their high-cost merchandise and take their losses as we did last fall and winter.

AND now—with our house swept clean—and many new, high grade attractive lines at lower price levels, we've decided to stimulate interest, and convince the most skeptical of the wonderful values of today by a still further reduction from today's ruling prices.
