Ouchy Le Chateau Is Captured By French

Western Jaw of Trap Is Pressed In And Vital Position Taken

Villemontoire Also Falls Into Allies' Hands—Germans Try Twice To Beat Down British on North But Each Time Fail

Paris, July 26—Capture of the towns of Villemontoire and Ouchy Le Chateau is announced by the war office.

The French took four cannon and many hundred prisoners in this fighting. BRITISH BEAT THEM TWICE

London, July 26—The Germans this morning launched a local attack against the positions recently taken by the British in the Metz sector of the Flanders front. The war office announces that the attack was repulsed after sharp fighting.

Last night the Germans delivered an attack upon the new British positions in the Hebuterne sector, on the front between Albert and Arras. The enemy was driven off with severe losses, leaving prisoners in the hands of the British.

AMERICANS STILL GAIN Washington, July 26—American forces between the Oureq and Marne continue to press back the enemy, General Pershing reported in his communique for yesterday.

The British Report. London, July 26—The text of the British statement follows:—

"Yesterday evening the enemy attacked our new positions in the Hebuterne sector under cover of a heavy barrage. His troops were driven off with severe loss, leaving thirty prisoners in our hands. Early this morning a strong local attack was launched by the enemy against the line recently gained by us at Metz. This attack was also repulsed after sharp fighting.

"During the night a party of our troops rushed a hostile machine gun nest in the Merris sector. A hostile party was also seen in the Somme Valley and in the neighborhood of Bevelen."

Paris Papers Well Pleased. Paris, July 26—The newspapers are much pleased over the Thursday success by the Allies and believe that the moment when the pocket dug by the Germans will become so reduced that the position will be intolerable is approaching nearer and nearer.

A majority of the military critics think that the German Crown Prince will not reconcile himself with falling back to the line of the Vesle without giving a further defensive battle on the plateau of Tardenois in conjunction with an offensive battle in the neighboring regions. It is believed probable that the Germans may also strike simultaneously in Flanders. The critics are convinced, however, that General Foch will not let the initiative be taken from him.

The Matin says that, whether the Germans begin an attack against the French or the British, they will find the Allies well prepared. The Allies high command awaits in full confidence the expected enemy reaction. Should the Germans meet with another failure, says the Matin, they would be obliged to precipitate the retirement which already appears almost inevitable.

Captured Yesterday Afternoon. Paris, July 26—The text of the French official statement follows:— "Yesterday afternoon French troops captured Villemontoire after violent fighting and captured 200 prisoners as well as twenty machine guns.

"Further south, Ouchy Le Chateau fell into the hands of the French. The French made progress east of the town and captured four cannon. During combats yesterday in the region of the Oureq the French took many hundreds of prisoners.

Villemontoire is slightly more than five miles directly south of Soissons, on the Soissons-Chateau Thierry high road. It is in this region, on the German right flank, that the enemy has been making his most determined resistance to any further advance by the Allied forces, because of the danger in his line of retreat from the Marne salient.

Ouchy Le Chateau is about seven miles south of Villemontoire on the Soissons-Chateau Thierry railway line. This line has been virtually useless to the Germans for some time, however, owing to its having been closely approached, cut by the Allies farther north. The taking of Ouchy Le Chateau, however, will definitely put it out of business. The capture of this town also represents a further closing in on Fere en Tardenois, about six miles to the east, although the Allies are closer to Fere en Tardenois on the line to the south.

THREE N. S. SOLDIERS PRESUMED TO HAVE DIED Ottawa, July 26—Today's list of fifty-three casualties includes three killed in action, one died of wounds, five died, twenty-five presumed to have died, thirteen wounded, one gassed and five ill. Those from the maritime provinces are:—E. F. Archibald, Great Village, N. S.; A. R. Crowe, Sydney River, West. N. S.; and J. Daly, Westville, N. S., all infantry men, presumed to have died, and J. J. McDonald of Gloucester, N. S., infantryman, wounded.

MORE FROST IN SASKATCHEWAN. Saskatoon, Sask., July 25—About two degrees of frost were registered this morning in this district. As yet it has had no blackening effect on the crops of wheat, which may escape damage. Frost caught potatoes and garden truck slightly.

WANT CITY MEN FOR N. B. FARMS W. R. Reek Submits Plan to Premier Foster

Increased Acreage and Shortage of Labor Make for Difficulty in Harvesting the Crops—Outline of Plan

A plan for bringing together the city men who are willing to aid in food production and the farmers who are in pressing need for extra labor during the harvest season was submitted to Premier Foster today by W. R. Reek of Fredericton, secretary for agriculture.

Recognizing the need for increased production, the Premier has agreed to consider the plan. Reek is confident that city men can be found to care for and bigger crops to get in, the producers are faced with the problem of finding a good day's work, even if they are short of experience. Mr. Reek believes that many of these men would be willing to take some time off from their other work or to devote their vacations to farm work and his plan is to bridge the gap between the farmers and the men who are willing to help them.

The plan suggested involves the establishment of registration or employment offices in each county where the farmers and the city men can get in touch with each other. Mr. Reek already has offices available in Woodstock, Fredericton, St. John, Sussex and Moncton and will arrange others in each of the counties.

Consideration is being given to the proposals and a decision will be reached soon. If enough men cannot be secured otherwise, Mr. Reek suggests that the federal government may find it necessary to close some of the non-essential industrial plants during the harvest season to free more men for the vital business of saving the crops.

Phelix and Pherndann WEATHER REPORT Issued by the Department of Marine and Fisheries, H. F. Stupart, director of meteorological service

Synopsis—Heavy rain fell again yesterday in Manitoba and southeast Saskatchewan but the weather has since cleared and is now fine throughout the west. The temperature continues high in Ontario and Quebec and is rising in the maritime provinces.

Quebec. Lakes and Georgian Bay, Ottawa Valley and Upper St. Lawrence—Moderate south and southwest winds, fine and very warm today and most of Saturday. Lower St. Lawrence, Gulf and North Shore—Some local showers, but mostly fine and warm today and Saturday.

Halifax Echo: Yesterday at Dr. Mader's private hospital Dr. Thomas A. Crocker of Middleton died, aged sixty-seven years. Dr. Crocker, who was born in St. John, had practiced for years at Middleton, and a few days ago he came to Halifax for treatment. The body was sent yesterday afternoon to his home in Middleton, accompanied by his wife.

CRISIS MAY COME AT ANY MOMENT

Whole German Position in Marne Salient May Fall—Fighting Hard to Get to New Standing Ground—Allies Now Have Biggest Guns at Work

With the French army in France, July 26—Morning—(By the Associated Press)—The entire German position within the Marne salient is such that it may fall at any instant as the result of some sharp forward move by the Allies affecting a vital part. It is for this reason that the German commanders have ordered their men to hold on at all costs while a defensive position is prepared upon which the German armies can fall back.

Day after day the Allies, now the French, now the Americans and now the British, are encroaching upon the triangular salient, at some places making deep dents in the enemy positions, and at others progressing more slowly.

Every line of communication within the German salient is under bombardment night and day, either from the Allied artillery or airplanes. It is only with the greatest difficulty and with heavy sacrifices that the enemy is able to hold on within this area. All the while his men are suffering terrible privations, owing to the uncertainty of obtaining supplies. In consequence of the Allies commanding virtually every way and every path the fatigued German units cannot be relieved even when they are sorely tried.

ALLIES BIGGEST GUNS AT WORK. With the American Army on the Aisne-Marne Front, July 26—(By the Associated Press, 8 a. m.)—The Franco-American push northeast of Chateau Thierry has resolved itself into a battle of the woods, which abounds in this region. The Germans are fighting a rear guard action with their artillery and machine guns, retreating gradually before the Allied forces. The German infantry is not in evidence.

The indications early today were that the enemy was making preparations for a further withdrawal. He has been struggling to hold the northern half of the forest of Fere and of the forest of Ris, but the Allies are making progress in the work of ousting him from the remainder of these woods. The Allies moved up their heaviest artillery today and were throwing shells into the German lines as far as Saponoy (5 1/2 miles northeast of Ouchy Le Chateau) and beyond Fere en Tardenois (two miles southeast of Saponoy). The districts to the south were also being peppered by Allied shells. The Germans have been using "blue cross" or "meuse" gas, but ineffectively.

The poplar and oak forests of Fere and Ris are filled with underbrush, and the Allies' forces are having a stiff job to get through them, but are continuing to push night and day. The German machine gunners and artillery are desperately contending for every inch of ground before giving it up. This morning the battle in the woods was still in progress.

TWO BIG FACTORS IN FAILURE OF GERMANS IN THEIR OFFENSIVE. London, July 26—(Via Reuter's Ottawa Agency)—It is now clearly proven that the Germans, from the beginning of the offensive, were completely deluded with the idea that the French army was exhausted, and they left the possibility of a counter-offensive on their right flank out of their calculations.

They failed also to reckon with the Americans, whose presence enabled the French commanders to take measures which they might have hesitated to take with their own resources alone.

CZECHS ENEMY OF AUSTRIA TO THE END. Amsterdam, July 26—The Czechs declare they will hate and fight Austria forever and, God willing, they will in the end destroy her completely, because Austria embodies a century old crime against the liberty of mankind, said Deputy Stransky, a Czech socialist, in moving in the Austrian lower house an indictment of the ministers for their decree ordering the partition of Bohemia.

"The highest national duty of the Czechs is to harm Austria whenever possible," continued Stransky. "This we owe to the Czech people and to our loyalty to the Bohemian crown, which loyalty can be put in practice only by betraying Austria. Therefore, we are determined to betray her whenever we can."

AMERICANS ASKED TO EAT LESS SUGAR. Washington, July 26—The American public was asked by the food administration yesterday to go on a sugar ration of two pounds per capita monthly beginning August 1, to meet a shortage of sugar in this commodity and to care for the immediate demands of the Allies and American military forces. The American public at present is on a three pounds per capita ration monthly.

ST. JOHN GIRL GOES OVERSEAS AS AMERICAN NURSE. Miss Ellen Turner, daughter of Mr. and Mrs. Harry Turner, Paddock street, has been appointed a nursing sister in a special American unit to cross overseas. Miss Turner is a graduate nurse of the Newton Hospital, Newton, Mass., and a very popular young lady. Many friends will wish her all success in the great work she is taking up.

JAPAN ACCEPTS, SAYS LONDON. News of Yesterday Officially Confirmed. SIBIRSK CAPTURED. Soviet Troops Beaten There—Republic's Position Becomes Serious—Ukraine Abandons Claim to Bessarabia.

London, July 26—It is announced officially here that Japan has decided to accept the American proposal to assist the Czechoslovak armies in Siberia. Paris, July 26—(Havas Agency)—No statement regarding Japanese intentions as to intervention in Siberia has reached Paris, says the Petit Parisien. A statement, it adds, is expected next week. Amsterdam, July 26—Czechoslovak troops have captured the important town of Simbirsk, about 600 miles east of Moscow, according to an official telegram from Moscow via Berlin. The Russian Soviet troops have kept up a desperate resistance.

INQUIRE INTO QUESTIONS AFFECTING A GENERAL ELECTION IN BRITAIN

London, July 25.—(Reuter's Ottawa Agency)—In the Commons, Right Hon. Bonar Law stated that an inter-departmental committee was inquiring into the questions connected with the general election, including the question of placing the views of candidates before soldiers on active service.

STREET PAVING

The permanent paving on the northern side of Main street has been completed and that side of the street has been opened to traffic. The asphalt surface was laid by the city workers, after the contractors had completed the concrete base, and the 1,900 running feet of asphalt was laid by the public works employees in nine working days.

CORN AND OATS

Chicago, July 25.—Fresh successes for the Entente Allies brought about new declines today in the corn market. Announcement of the capture of Oulchy Le Chateau in particular resulted in new accessions to the selling side of the market, and led to a sharp break.

Opening prices, which ranged from 1-8 cent off to 1-4 cent advance, with August at \$1.22 and September \$1.23 1/2 to \$1.24 1/2, were followed by a moderate upturn and then a decided setback all around.

Assertions that some report business had been done in oats kept that cereal comparatively steady. After opening 1-8 cent down to quarter cent advance the market scored slight gains and then fell below yesterday's finish.

Provisions went down-grade with hogs and corn. Business lacked volume.

Germany's Industrial Downfall

(Kansas City Times.) Mr. Hurley tells us that Albert Ballin, the great German shipping magnate, creator of Germany's merchant marine, whose flag was on every sea before the war, is a broken man. He was opposed to the war, for he saw that nothing but the war would result in the loss of his vast empire. He was a merchant ship on any sea. Her ports are closed, her industries, except for war, are a standstill, and every overseas country, which formerly looked her exports and from which she received her raw materials either is at war with her or has severed all relations.

Chicago is considering closing all cabinets at 1 a. m. for the duration of the war.

COAL SITUATION SERIOUS, SAYS DEALER IN HALIFAX

(Halifax Echo.) If Halifaxians want to keep warm this coming fall and winter they had better start immediately looking around for a substitute for coal—on the hard side at any rate. Papers are constantly being sent out telling of fuel substitutes, but it is not until the housewife keeps warm.

A local coal dealer, when asked by a Daily Echo reporter this morning what the hard coal situation was likely to be in Halifax, replied, "serious."

He said that not more than fifty per cent of the average supply for Halifax could be procured and it looked just now as if only twenty-five could get. He regarded the reason for the shortage of hard coal the dealer said he was not prepared to say. Sometimes it was the shortage of vessels and at other times it was the shortage of coal.

"Anyway, I know the situation is most serious and people had better look for substitutes, such as coke. The latter has proved very good and although it cannot fill the place of hard coal to perfection, it makes a very good substitute," said the dealer. "The situation promises to be worse rather than better."

STRAWBERRIES

There is still a good supply of strawberries on farms along the Kennebecasis river, according to a countryman who arrived in the city this morning with a quantity for local merchants. He disposed of his load at seventeen cents a box by the crate.

THEIR GOLDEN WEDDING

Mr. and Mrs. Henry MacFarlane Have Happy Anniversary

Mr. and Mrs. Henry MacFarlane of 118 St. David street, are to celebrate their golden wedding anniversary on Sunday, July 28. Mr. MacFarlane is a well known merchant in the city market. He was born in English Settlement, Kings county. His wife, who was Miss Yetta Masten, is a native of Young's Cove. Out of nine children four sons are dead. Four sons living are Charles, who is employed with Thomas Dean in the market; Thomas, grocer of Thorne avenue; Alfred, a city employee in the market, and Frank of the customs staff. Mrs. L. B. Cronk of Annapolis Royal is a daughter. Her husband is a traveler for Ganong Brothers.

Mr. and Mrs. MacFarlane have a host of friends throughout the city who will unite in extending congratulations to them on their anniversary. Mr. MacFarlane is a member of Hibernia Lodge, F. & A. M., and he and his wife are members of Centenary Methodist church. They are to be at home to their friends on Monday afternoon and evening.

HEAD OF A. P. GUEST OF THE BRITISH PRESS

London, July 25.—Lord Burnham presided at a dinner last night given by the press of Great Britain in honor of Melville E. Stone, general manager of the Associated Press. Among the guests were Sir Robert L. Borden and Sir G. H. Perley.

Mr. Stone said that the Americans were slow in coming into the war, but the one thing the United States did not blunder about was that she did not plunge into it until the national mind was made up.

"We are moving rapidly," he said. "The whole nation is rallied. You need not fear abatement of our activity."

COMMISSIONER FISHER RECEIVED A SALUTE

When Commissioner Fisher visited the new south end playground last evening he was received by a guard of honor. A dozen men on the foot-vanishing command-post-beep came to attention with their long-handled shovels and at the word of Corporal Thomas Killen saluted the visitor by presenting arms. A snapshot of that squad would be worthy of a place in a military art gallery.

"That ought to be worth another \$200 from the city," said Corporal Killen, and the commissioner could not deny it. The original \$800 has been expended and there is a lot to be done yet, but the volunteers are pegging away. There were nearly twenty of them last evening and they did the biggest night's work of the whole campaign. They worked till 10 o'clock, and after Captain Potter had taken an observation of the rising moon and Billy Holmes had been sentenced to the boss's chair for asking what they would have for breakfast the whistle blew and the crew knocked off.

ST. JOHN'S GREATEST MERCANTILE EVENT

Comes to a Close Tomorrow at One O'Clock.

Although this great event is fast drawing to a close we are still able to offer full tables of high grade merchandise at prices which are substantially below normal values. We can do this because when we first began our preparations six months ago we took for our motto "Large Volume with Minimum Profit" and bought large quantities of the very best merchandise we could procure at exceptionally low prices. So that in reality, this Mid-Summer Sale of ours is not a clearance of odds and ends, or a pre-stock taking sale. It is simply ten days set apart during which we offer much greater values for less money than can be procured at any other time. By having sufficient volume of business to enable us to figure a very small percentage of profits, we are enabled to give our friends during these ten days high class merchandise at exceptionally low prices. In this way many new names are annually added to our large list of friends not only in St. John but throughout the entire maritime provinces.

PARISIAN INSURANCE POLICIES AGAINST THE WORK OF THE BIG GUN

Paris, June 22.—(Correspondence of The Associated Press)—The German advance has brought into Paris "anti-bombardment insurance." The one company allowed to do such business will insure any given property only against damage from 8,000 shells. If the Germans were to reach a point where their huge 800-centimeter guns could effectively batter Paris, and were to pour 8,000 in without damaging any given piece of property, its owners would have to insure against the next five thousand shells.

The price of the anti-bombardment insurance has gone up to twice what the anti-airplane bomb policies cost. It means just six francs a thousand of insurance if it is furniture and other household goods that are being insured; but twelve francs if anything else.

The insurance company also has drawn up a scale of insurance against personal injury from long range and other kinds of guns and airplane raids. Thereby it is possible to insure civilians up to 50,000 francs at four francs a thousand in the districts nearest the present front; two and a half thousand in Paris and its immediate vicinity; at one franc in remoter departments; and at 75 centimes in the most distant departments and in Algeria.

The company, whose parent organization in England has achieved a reputation in years past for taking any kind of "spotting" risk in the insurance line, will not insure life for more than 50,000 francs unless special premiums are paid.

THE BRIGHTENING OUTLOOK.

The outstanding fact in the war news is that the initiative in the Marne region is still with the Allies. Whether they will succeed in cutting off and capturing or destroying most of the German army at nearly half a million men threatened by their enveloping movement is the question that absorbs attention at the moment, and the reports show that the Crown Prince's army is really in the greatest peril but even if he should succeed in extricating himself it would be with heavy loss, and the initiative would still be with General Foch. There is a suggestion that Prince Rupprecht may seek to create a diversion by hurling fifty divisions against the British front further north, but Sir Douglas Haig will not be caught napping. Doubtless the German high command will feel the necessity of a desperate effort to achieve success in some direction, to restore the confidence of the armies and of the German people.

ONE CANDID GERMAN.

One of this week's despatches shows that at least one German newspaper realizes the significance of what is transpiring on the western front. The Berlin Vorwaerts, referring to the Allied counter-offensive, contains the following significant sentences:
 "Victories in attack and defense have hitherto been sufficient justification for the German people continuing to entertain strong hopes, but what is now happening on the western front is assumed calculated to bring to their senses those who represented the German campaign in 1918 as a grandiose military pronouncement ending with the complete destruction of the enemy. Despite all her victories, Germany still fights against material numerical superiority. Our initiative may be regained, and the Hydra heads of the Entente may be cut off any day, but in the meantime all our victories are the victories of the defenders."
 This was published some days ago, and there is now much less likelihood that Ludendorff will be able to regain the initiative. The truth will gradually filter into Germany.

SOME VIGOROUS CRITICISM.

The Toronto Globe is far from being satisfied with conditions at Ottawa. Dismissing the strike of letter carriers it says:
 "It is impossible to avoid accepting the verdict of the man on the street that responsibility for this dislocation of business rests primarily with the government at Ottawa. The bonus passed to the letter carriers by parliament has never been paid. The government either neglected the repeated petitions of the men or refused to take them seriously. The Premier, the Postmaster General, and several other members of the cabinet were overcautious. Those remaining at Ottawa followed a policy of 'letting off' the result is a strike, the trying up of much important business and general public inconvenience and loss. The plain truth of the matter is that the post office department has been practically neglected for months, while the Labor Department, which should properly have intervened in the striking as it concerned the public, is headed with such hopeless inefficiency that nothing effective or business-like can be hoped for under existing conditions. The sooner that Premier Borden comes home and presides to carry out his much-talked-of cabinet reconstruction and re-organization the better for the country and the public."

PUBLIC OWNERSHIP.

Public ownership of public utilities is once more vindicated in the record of the Toronto Hydro-Electric system. The Toronto Globe says:
 "Advocates of the public ownership and operation of public service utilities are vindicated by the seventh annual report of the Toronto Hydro-Electric System, which has just been brought down. The citizens who have reaped direct and substantial benefit in lessened tolls and improved service have reason for their gratification. The record of this publicly owned and operated system is a really remarkable one. After making full allowance for interest, sinking fund, renewals, and depreciation on a most adequate scale, it again finds itself with substantial surplus. It is enabled to point out that while the prices of almost every other commodity continue to advance to levels formerly unknown, the average charge per kilowatt hour for service supplied by the Hydro-Electric system has again reached a new low record."

THE RED HERRING.

The sudden and fiery seal of the Standard for a "political house-cleaning" aroused a not unnatural suspicion that somebody is worried by the suit entered by the government for the return of that \$255,000. The relation of the Standard and some of its directors to Valley Railway finances is fairly well understood by the people. That organ of political house-cleaning wants the government to go after money alleged to have been diverted from its proper purpose in connection with the old Central Railway. This is camouflage. The old government had from 1908 till 1917 to get after that money, and failed to do so. Why? Simply because their own counsel told them they had no case. If the Foster government took any action they would find themselves confronted with the evidence which convinced Mr. H. A. Powell that there was no case. That Central Railway enquiry was frankly declared by prominent Conservatives to be an effort to "get" the Hon. William Pugsley. It not only failed utterly, but was fully exposed. It is now brought up by the Standard, which seeks to screen its own friends, and also by the Globe, which was an ardent supporter of the Fleaming government and its successors all through the period marked by the worst carnival of graft in the whole history of New Brunswick. Attorney General Baxter and all his predecessors in office back to 1908 had a chance to enter action against any alleged wrong-doers in connection with the Central Railway, but they knew perfectly well they had no case.

HIS SPIRIT.

(Hartford Current.)
 President John Grier Hibben, Princeton, said the other day:
 "It costs \$10,000 to make an airman, and no airman should be foolishly reckless, for his country can't afford to lose him."
 "I like to think of the Princeton boy who was asked, when he went from his training-camp to the front:
 "Well, are you prepared to die for your country?"
 "Not a bit of it," said the young airman. "I'm prepared—and well prepared—to make about six Huns daily die for theirs!"

The Obliging Wife.

(London Referee.)
 A soldier at the front got short of money so he sent home the following letter:
 "Dear Mary—We lost a trench this morning, and we must replace it at any cost, so will you please send me five pounds at once."
 "I've mislaid the hair, mum!"
 "Yes, mum," was the reply, "but—"

Careless Maid.

Fancy dressed wife decidedly in her line, and her life ambition was to keep up the deception of youthful appearance. "Elizabeth," she called, "did you get the flowers that I am to wear in my hair tonight?"
 "Yes, mum," was the reply, "but—"
 "But what?"
 "I've mislaid the hair, mum!"

"Keep Your Head Down Fritzie Boy!"

Lient. Gitz-Rice, who has gone through many battles, wrote both words and music of this humorous banter, so characteristic of the fighting men. It is expressively sung by the American Quartette.

"What Are You Going to Do to Help the Boys?" is another popular melody with a ringing appeal. Charles Hart and the Shannon Four sing it. Both songs on one record.

Y. W. P. A. TO SECURE NAVY LEAGUE MEMBERS

The Young Women's Patriotic Association pledged itself to work for the Navy League and work in earnest for the next two weeks, when it held its usual fortnightly meeting in the hall of the Great War Veterans' Association last evening. The Y. W. P. A. undertook to obtain two hundred new members for the league and its enthusiasm in the work was much increased by the appropriate series of navy pictures which were displayed to the meeting by Sergt. F. J. Puddy. The quiet work being done by one of its members who has been employed on a farm at Red Head since April and has been steadily engaged in S. O. S. voluntary service was brought to the notice of the association and was spoken of with much praise. The regular branches of the association's work, ushering at the Imperial Red Cross work and visiting the Pitt street hospital, were reported on satisfactorily and special mention was made of the successful picnic for eight wounded soldiers which was held last Saturday at the home of Miss Brock in Rothesay, and of the part taken by the association in the France's Day appeal.

In the absence of the president, Miss A. L. Brock presided. The treasurer's report was read and showed the funds to be: General fund \$1218, reserve fund \$9610 and returned soldiers' fund \$2837.

At the previous meeting it had been proposed to form a Y. W. P. A. spaghnum moss circle, but it was found that the museum where the sorting is done is not open at night, and the Y. W. P. A. members are not free to work in the day time; the scheme was therefore abandoned. The France's Day work done by the association in ushering donations and collections amounted to a gift of \$69 to the French Red Cross which amount has been handed over to the treasurer of the fund.

PRINCE ARTHUR'S TOUR

Ottawa, July 25.—The following statement, with regard to the visit of H. R. H. Prince Arthur of Connaught to Canada, was made public this evening.

His Royal Highness Prince Arthur of Connaught, is to spend the remainder of the week in the vicinity of Victoria (B. C.). After leaving Victoria, he will partake principally a tour of a military character. Monday next is to be passed in Vancouver, where the troops and hospitals will be inspected. Tuesday afternoon, Revelstoke will be visited. Wednesday, Thursday and Friday are set apart for the Banff Park, Calgary will be visited on Saturday. His royal highness will arrive at Regina on Sunday evening to spend the whole of Monday in the city, where again the troops, hospitals, and mounted police will be reviewed. On Tuesday, the 14th, Brandon is to be honored by his visit. Dr. H. P. Whidden, M.P., having charge of the arrangements.

Prince Arthur will arrive at Winnipeg on Tuesday afternoon to spend the whole of Wednesday, where the troops and hospitals will be inspected. On Friday and Saturday the Prince will take a little relaxation on the Winnipeg River. He is expected to leave on the lake on Tuesday morning, the 19th. After inspecting the troops, the prince will motor to the K. F. camp at Beamsville, and in the evening proceed to Toronto, where he will be the guest of Sir John Headlee. On Wednesday, the 14th, the prince will receive the provincial address, present returned soldiers and next of kin with medals and decorations, visit the Leaside Camp, also military hospitals. Next day will be devoted to the camp and hospitals at London.

His Royal Highness will arrive in Ottawa on Friday morning, the 16th, and will spend three or four days in the city.

The water works department at Lethbridge shows an operating deficit of \$3,602.86 for the first quarter.

London House Daniel Head of King St

ADVISES "CASH AND CARRY" SYSTEM IN PURCHASE OF FISH

The "cash and carry" system of buying fish for consumption is the best, according to Dr. W. C. Kierstead, representative of the Canada Food Board, who was in the city yesterday. Up to the present the St. John housewife has always insisted on having the fish cleaned, and delivered at her door, but of late the "Cash and Carry" system was becoming more popular, and Dr.

Kierstead said that he hoped it would soon become general. Some interesting facts were mentioned by him in speaking to The Telegraph.

The question of supply, he said, was one which should be gone into more fully. In small places there were often a great many fish dealers, each one of whom bought independently of the other, as a consequence of which there was often too much or too little fish on sale. Dr. Kierstead thought it would be better to have the number of dealers governed by the population, and only a certain number of licenses issued.

There were also a number of smaller dealers who carried fish only as a side line, and consequently they were unable to preserve them properly so that they would retain their freshness. Certain varieties, such as haddock, and mackerel which were very nice if fresh deteriorated rapidly if not properly cared for, and many people who bought them in these places thus got the idea that they did not care for fish. Cod and haddock were being sold in St.

John for as low as eight cents per pound, this with the entrails removed but containing the head and other parts. This price compared very reasonably, and was in fact lower than in most parts of the province. The fact that the large dealers often had their catches unloaded at American ports and then shipped to Canada in bond often accounted for a fish shortage as well as a higher price. Big dealers also catered principally to the larger centres where they might ship their fish in carload lots, and the smaller places suffered from this as well.

St. John being on the Atlantic coast the fish supply here was principally confined to the varieties which were caught in local waters, provinces of Upper Canada had the opportunity of securing fish from both seaboard as well as the lake ports.

A demonstration in the art of cooking fish will be given in this city, and Dr. Kierstead expects that St. John fish dealers will give their assistance by quoting the very lowest prices while this demonstration is on.

THOSE WONDERFUL WOMEN WAR WORKERS IN THE OLD COUNTRY

Liverpool, England, June 17.—(Correspondence Associated Press)—When women first were put to work in shell factories here they handled only the light field-gun shells. Later it became necessary for them to turn out larger shells, and doubts were raised as to whether the women were strong enough to handle them. A young mother settled the question.

"Let me lift the shell," she said, picking one up from the floor. "Aye," she commented, "this shell is a mite heavy, 'tis true, but it's not so heavy as my baby."

BOYS EXCEED BISHOP'S PAY

"Street Outcasts" Thriving by Mission Work in England.
London, June 30.—(Correspondence.)—Some of the 8,000 boys employed in war work in the Woolworth Arsenal near London earn twice as much as the salary of the Bishop Suffragan of Woolwich. The Bishop, Rev. W. W. Hough, recently pointed this out in an address, and said that a year ago some of these boys were street outcasts.

Allied Ideals From Above; The Germans' From Hell

Hon. A. J. Balfour Speaks of What Victory For One Side or Other Would Mean For the World

London, July 26.—A. J. Balfour, Secretary of Foreign Affairs, speaking today at a meeting to inaugurate the Serbian war aims committee of London, said that the world had had time to consider the underlying differences in ideals which separated civilized mankind into two bitterly opposed camps. It had come to realize that perhaps the most important of these differences was the treatment that should be accorded by great states to small states and by all states to each other.

It was Austria's unprovoked attack on Serbia and Germany's attack on Belgium, he declared, which awoke the conscience of civilized mankind to the horrors which militarism had for mankind in the future and had gradually brought in one nation after another to resist the forces which would have drawn them all under the heel of a German empire—the German Empire. There was no comparison possible between what a German victory would mean and what an Allied victory would mean. Nothing could be more certain than that in proportion as the Allies were successful so would spread the Allied ideals of national liberty, development and independence, and nothing could be more certain than that in proportion as the Germans were successful, so would the area under German domination—economic, cultural and political—spread miseria over the civilized world.

"On the result of the struggle for the supremacy of those two ideals," said Mr. Balfour—"the one from Heaven or the other from Hell—depends the fate of the world."

The Foreign Secretary hoped that one result of the war would be the solution of the Balkan problem.

"Please Heaven," he added, "the Balkan states will share the Allied triumph, and when peace is declared—not a German, nor a British, nor a French peace, but the peace of civilization—they, who with us, have poured out their blood and treasure in the struggle, will enjoy the fruits of their labors. It will make us feel, however great the suffering has been, that it was worth it, because the result will be to make the world free."

"GOT A BIG SHIP"

U-Boat Officer So Told Gloucester Captain

Was it Off Nova Scotia Coast?—Hun Said Among Crew Turned Adrift Was a Six-Year-Old Boy

Gloucester, Mass., July 26.—The German U-boat that sank the Gloucester fishing schooner Robert of the Gloucester of the Maine coast last Monday, had attacked and destroyed "a big ship," a few nights before, according to a remark made to Captain Robert Wharton, of the fishing schooner by the German officer who boarded the vessel.

While the U-boat officer was searching the cabin of the schooner, he picked up a photograph of Captain Wharton's young son, Robert and Richard, for whom the boat was named. Commenting on the sturdy appearance of the boys, he added: "We got a big ship a few nights ago and turned the crew adrift. Among them was a boy six years old. It was pretty rough that night and I doubt if they got ashore."

"Captain Wharton said that when he first sighted the submarine it was coming from the north, a course which might indicate that the 'big ship' was sunk off the Nova Scotia coast. The German did not say whether the ship was a steamer or sailing vessel."

Red Cross Was Balked

(Try Times)
A. E. Clark, editor of the City Bulletin of Columbus, Ohio, was with a friend camping for the Red Cross. The friend knocked at a door and a voice said "Come in." His friend tried the door, then shouted, "It's locked!" "Come in," repeated the voice, and the campaigners replied, "It's locked!" "Come in."

"At that point a woman put her head out of a window next door and said: 'There's no one home. You're talking to the parrot.'"

Army Training For Professions

Students to be Permitted to Complete Course—News of The Soldiers

Excellent opportunities have been offered by the government at Ottawa, for medical and dental students who are drafted into the army by the Military Service Act and also for a restricted number of matriculants who have not had any professional medical or dental training but who are contemplating taking up either branch.

A general order has been issued in the necessity of providing professionally trained officers for the Army Medical Corps and the Canadian Army Dental Corps. In future all men drafted under the M. S. A. who have, at the time they report or hereafter report for duty, completed at least one year of professional training, will, after receiving professional training at a recognized institution, be carried out as arranged between the general officer commanding the district and the heads of the institution to which they are assigned.

It is understood that military training will be carried out as arranged between the general officer commanding the district and the heads of the institution to which they are assigned.

PROBABLE COURSE OF ACTION WITH LETTER CARRIERS OF WINNIPEG

Ottawa, July 25.—Letter carriers who refused to comply with the request made by Alex. McMorris, secretary of the Letter Carriers' Federation, following a meeting held at the home of the secretary, are expected to be treated as individuals by the government and the post office department. Mr. McMorris recommended the men to return to work yesterday morning, and in the great majority of cities and towns affected by the strike, they did so. An exception was the city of Winnipeg. From the Manitoba capital came a renewal of the demands for the appointment of a board of conciliation, the request being backed by a telegram from the Winnipeg Board of Trade.

Some Shipbuilders In Quebec on Strike

Quebec, July 26.—Some 300 men belonging to the International Union of Shipbuilders went on strike today at the Davis shipyards at Lauson, Levis. They want recognition of their union at the yard, but more particularly they want the company to renege sixteen fellow members who were discharged yesterday. G. T. Davis, head of the yard, recently notified his 1,200 employees that he would recognize the International union, and employ only members of the National union.

At a largely attended meeting of the Imperial League, held last evening, final arrangements were held last evening for the holding of a moonlight excursion some time next month. The sale has been arranged principally as an outing for members of the league and families and convalescent soldiers in the city.

At last evening's meeting of the Teachers' Union a committee was appointed to look into the wage question, comparing rates in this city with those of other places, and to report on what they considered a fair scale. John Watson, president, and twenty-two members were re-elected to the union.

While going down Harrison street, yesterday afternoon, one of the front wheels of a team heavily loaded with lumber came off, and the wagon swerved onto the sidewalk, crashing against a building and inflicting considerable damage. The horses were thrown and the driver was pitched off his seat, but fortunately escaped serious injury.

Joseph W. Sheehane, who for the past twelve years has been the stage manager at the Opera House, was pleasantly surprised to find that the assembled Opera House staff of employees presented him a handsome travelling bag and suit, extending to him his good wishes and success in his new field of endeavor. Mr. Sheehane has served his country in the Canadian Army and is shortly to leave for the United States to accept a responsible position in another line of work.

James Archdeacon, who has been connected with the Invincible Soldiers' Connection in Fredericton for the last few months, left last evening for New York to accept a large post for South America, where he will join his brother, Mr. Archdeacon, an Irish lad who came to Canada a few years ago and was for some time employed as a bank clerk here. On the outbreak of war he offered his services to Canada, and went overseas with one of the early units. He was wounded and invalided to Canada, and has since been in business in Montevideo, and Mr. Archdeacon hopes to join him there soon.

The Riverside Golf and Country Club held its second regular tea this afternoon yesterday afternoon. The day was very favorable and the bright, sunny weather brought a large number of guests to the tea, which was served on the veranda and in the dining room. The ladies in charge of the tea were Mrs. W. E. Foster and Mrs. Sayre. The competitions in clock golf and putting and golf were much enjoyed by all who attended the tea, and besides the R.A.S. members many from St. John were present.

RECENT DEATHS

James L. Clayton.
Fredericton, July 25.—(Special)—James Clayton died this morning at the home of his son, David Clayton, Queen street. He leaves to mourn their loss, Mrs. Clayton, three daughters, Mrs. William Staples, of Fredericton; Mrs. George Estey, of Nashua, and Mrs. Russell, of Vancouver; and two sons, Dave, of this city, and Billy of Vancouver. Three brothers also survive. They are Daniel, in Maine, and Woodford and Dudley, of California.

Fredericton Mail: News of the death of William F. Currie, a former citizen, was learned with deep regret by many old friends in this city. He died in Halifax. Before moving to Halifax twenty years ago Mr. Currie carried on business as a general agent here. He was known as a hustler and was a familiar figure about the streets. His resemblance to his twin brother, Allison T. Currie, was very striking.

Capt. H. H. VanWart.
Capt. Horace H. VanWart, who was in the West Indies for several months for his health after returning from England after three years' service in the Canadian expeditionary force, is again at his home in Fredericton. He has been pronounced fit for active service and is now awaiting disposition by the Canadian military authorities.

RIVAL BEST ROAD IN STATE OF MAINE

Hon. P. J. Veniot Says That Will Be True of Calais—Moncton Main Highway

(Moncton Transcript)
Hon. P. J. Veniot, Minister of Public Works, accompanied by Hon. F. J. Swenney, M.P.P., and C. M. Leger, M.P.P., left this afternoon for Dorchester, where they will meet Mr. Fred Magee, M.P.P. The party will inspect the highways in the parishes of Dorchester, Sackville, Bedford and Westmorland. When the inspection has been made the Hon. P. J. Veniot will return here and will spend next week inspecting the highways in the parishes of Moncton and Salisbury. He will also make a tour of Albert county.

During the coming week the Minister of Public Works expects to be accompanied by the premier, Hon. W. E. Foster, Hon. C. W. Robinson and Hon. F. J. Swenney. The party hopes to visit Kent county also.

Hon. Mr. Veniot, when interviewed by The Transcript reporter this morning as to the condition of the road from St. John to Moncton, said he had not made a statement in The Times newspaper this morning that was altogether in correct. He spoke of the matter at some length. On the highway from St. John to Annapolis there was not a mile that could be called bad road. Any auto could travel at the rate of thirty miles an hour, no person could deny but that the road was in splendid condition. From Annapolis to the Forks the road was good. The only piece of road that could be mentioned by the most bigoted critic would be the short piece of road between the Forks and Pettitville. On the advice of the judge sitting at the trial the jury returned a verdict of not guilty against Carl Hahn, another of the defendants in the case.

Women of Middle Age
Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms of the Change of Life disappeared and my Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."
—Mrs. FRANK HENSON, 1315 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches and "the blues" should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

Blame the Nerves

When you cannot sleep and are easily irritated and worried you have reason to suspect that the nerves are below normal.

They are not getting proper nourishment from the food you eat and need a little special help. A few weeks' treatment with Dr. Chase's Nerve Food will do wonders for anyone in this condition. Note your increase in weight while using this food cure.

FORMER LORD MAYOR OF SHEFFIELD ON THE STAND IN OWN BEHALF

London, July 26.—Giving testimony in his own behalf in the Old Bailey Court yesterday, Sir Joseph Jones, former Lord Mayor of Sheffield, who is charged, together with Charles Alfred Vernon, a former employe in the Ministry of Munitions, with conspiring to contravene the official secrets act by obtaining and communicating information that might be useful to the enemy, said he had been told by business associates in Berlin in 1913 of the intention of a British firm to manufacture rifles. He was asked what number of rifles the British firm intended to turn out and Vernon, in these circumstances, wrote a letter to Vernon asking for the information on which the charge against him is based.

Sir Joseph emphatically denied that he was a party to a conspiracy to commit acts prejudicial to his country.

Ford Equipment Since 1911

For seven years Champion "X" has been and is now the spark plug equipment on more than one and a half million Ford cars. This is the best proof of the service given by

Champion Dependable Spark Plugs

Champion dependability is built into every plug and is primarily due to the asbestos-lined, copper gasket on each shoulder of the carefully tested porcelain. These patented gaskets cushion the porcelain against cylinder explosions and prevent cracking under extreme temperature changes.

When you replace the spark plugs in your Ford get the plug that knowledge and experience have selected as giving a completely satisfactory service.

"Champion" on the porcelain means a dependable spark plug for every make of motor and is backed by the guarantee of absolute satisfaction to the user, or free repair or replacement will be made.

At auto supply dealers and garages everywhere.

SUCCESS POSSIBLE IN ATTEMPT TO CAPTURE 500,000 GERMANS

General Foch has taken a leaf out of the book of German military strategy and ordained the use by the Allied armies of the pincer system of offensive, in the Soissons-Rheims region, this development becoming startlingly pronounced with today's sharp gains by the British and French forces, southwest of Rheims in the direction of Fismes while at the same time the Franco-American army under General Mangin is steadily eating its way forward, closing the western jaw of the mighty Allied tongs which now threaten to crush the huge German army still in the Marne salient. General Berthelot, who has been handling the picked British divisions detached from the northern area to preserve the balance when Prince Rupprecht answered the call of his imperial cousin, the German crown prince for aid, threw additional French divisions in the fight today on the eastern side and succeeded in making an indentation of one and one-half miles towards the important railway centre of Fismes, domination of which would virtually cut off the German hope of extricating any large number of troops or amount of material from the Marne salient. Unofficial despatches state unequivocally that the long distance guns of the Allies are now raking every yard of the territory through which the crown prince's troops must be withdrawn and should these be well founded, it is difficult to see how the enemy can escape a grave disaster.

GAIN AT PIVOTAL POINT

In addition to closing the jaws of the trap today, French and American troops working at the pivot, drove in the German front at Dormans, just north of the Marne, to a depth of two miles.

The Germans, however, evidently do not intend to permit themselves to be entrapped without further fighting. Having thrown thousands of reinforcements into the already congested salient, they have started a counter-attack of great violence all along the semi-circular front from the Ourcq river to the region immediately southwest of Rheims, and their men are said to have orders to stem the Allied tide of advance at all costs.

Nevertheless, at last accounts the British, French and American and Italian troops, themselves well re-inforced to meet the new turn in affairs, were pressing at all points of the battle line from Soissons to Rheims while east of the Cathedral City a Polish contingent—the first of the Poles to enter the combat—is declared to have carried out successfully an attack on the enemy in which more than 200 German were made prisoners.

BOTH JAWS OF THE PINNACLES ARE MOVING SMOOTHLY. WITH THE PIVOT ALONG THE MARNE WORKING IN UNISON AND THE PROCESS OF ATTEMPTING TO CAPTURE MANY OF THE NEARLY 500,000 GERMANS IN THE BIG POCKET IS WELL ON THE WAY TO WHAT AT PRESENT SEEMS LIKE POSSIBLE SUCCESS.

PARIS CREW'S SHELL PRESENTED TO Y.M.C.I.

A gift of great value and interest because of its association with the famous Paris crew which it carried to victory on so many occasions was made to the Y. M. C. I. yesterday, when P. M. O'Neill presented to that organization the racing shell St. John, the boat in which the Paris crew rowed their last race. The famous old shell was last used by the Paris crew in their race against a Halifax crew at the Centennial Celebration in Philadelphia, in 1876. Though she was a good boat and in her day one of the best racing shells which ever took the water, the St. John was by this time of an obsolete type and the more modern boats though they could not beat her for graceful lines, put her in the shade with other improvements. Sliding seats, and patent rowlocks which had not been heard of a few years before, were now indispensable in the newer craft, and the Paris crew was placed at a great disadvantage at the start. They rowed a game race, however, and the old St. John crossed the line but a matter of seconds behind the winner. This was the last race in which the shell was used by her famous crew. For many years she was kept by Elijah Ross at his boathouse yard on the West Side, but a few years ago became the property of P. M. O'Neill, and had been crated in his place of business in Mill street. The gift to the Y. M. C. I. by Mr. O'Neill is a handsome one, and one which will be greatly appreciated by members of that club. Interest in rowing has fallen off in St. John during the last few years, but it is hoped that after the war this will revive, and St. John will once again become known as the home of champion oarsmen.

New England's coal supplies will cost 50 cents a ton more, mostly due to the freight rate increase.

AMAZING STORY OF BRITISH AIR RAID

London, July 25—An amazing story of how the British airmen reached Tondern and bombed Zeppelin sheds on the occasion of the recent raid was told King George when he visited the "Mystery Ship" of the Grand Fleet. This ship is a triplane carrier. She took the flying men and their machine to a suitable point off the German coast at a very small hour of the morning. A number of airplanes were despatched to destroy the Zeppelin hangars at Tondern. Captain Dixon, a very young officer, arrived at his destination in the grey dawn and came so low in his search for hangars that at one time he was within five feet of the ground. He flew along the whole length of the main street and was seen by a milkman who took the machine for a German plane and stood up in his cart and waved a cheery good morning. Dixon quickly recognized how helpful this mistake would prove to him and gleefully waved back a greeting. The crews of the German aircraft guns seemed also to have mistaken the machine for a German plane, for they did not fire. Dixon searching for Zeppelin sheds, hawked around just above the house tops until he found what looked to be an airship shed. Down went a bomb upon it, but the tremendous explosion showed that he had bombed an ammu-

nition dump which was utterly destroyed. Speeding along still quite low, he came upon a Zeppelin shed and bombed it. Almost instantly there was a fierce conflagration, the flames rising nearly 1,000 feet. This indicated the nature of the target reached, and as his object had been achieved the pilot made for his supply ship. A heavy barrage was now put up by the enemy but Dixon reached home with his machine undamaged.

The International.
New York, July 25—Club owners of the new International League decided at a special meeting here tonight to play out their schedule unless the war department intended to enforce rigorously its work or light order in the case of baseball players.

Turtles Win 23 to 0.

A fast and exciting game of baseball was played on the Barrack Square last evening between the Lower Cove Volunteers and the Turtles. The game resulted in a victory for the Turtles with a score of 23 to 0.

The batteries for the winners were, Barnes and Parlee; for the losers, Nixon and MacManus.

After Cobb and Mathewson.
Indianapolis, Ind., July 24—Tras Cobb and Christy Mathewson have been asked by James J. Corbett to manage two all-star baseball teams to play in ten of the largest cities of the country within the next month as a part of the athletic programme of the International Patriotic Athletic Association, of which Corbett is president.

Toney Balts on Going to Giants.
Cincinnati, July 24—Fred Toney, who was sold by the Cincinnati Club to the New York Club, has balked on going with the Giants. Toney is of the opinion that he is entitled to part of the purchase money. Toney was ordered to report to New York, but up to yesterday had failed to do so. He announced that he intended to go to his home near Nashville tonight.

THE TURF.

Breakoff the Winner.
Toledo, Ohio, July 25—Geers drove Brusloff, a two-year-old, to victory today in two straight heats in the first race of the day. Directum J. won the 2.08 pace with a best time of 2.03 1/4.

You Don't Need a Gas Mask To Face Our Price For Made-To-Measure Garments

WE operate 22 conveniently located stores and tailor shops, where you can order a Made-to-Measure suit of clothes or an overcoat without feeling that you have had your eye teeth extracted.

In these days of 50% to 100% advances in the cost of everything, it is a real pleasure, almost a delightful adventure to come to one of our stores and select one or two suit patterns that have real individuality, and know that the price will not take your breath away.

A year or two ago you had to pay a little more for custom tailored clothes, for perfect fit, for the privilege of selecting both your fabric and the cut of the garment—but now you will actually pay more for stock size ready-made clothes, than we ask you to pay for a custom tailored garment made to your individual measure. If you don't believe this, just go shopping around town and then come here and make comparisons.

RECORD PEG BY GIANTS' ROOKIE
 Ed. Sicking, a young infielder recently obtained by the Giants from San Antonio, demonstrated at Braves' field, in Boston, recently, that he is the possessor of the most powerful throwing arm on the New York team.
 One of the events in a set of baseball field games staged as an aid to the W. S. S. drive in Boston before the game with the Giants, was a long-distance throwing contest. Players of both teams stationed themselves in deep centre and hurled the ball toward the plate, and when Powell, of the Braves, cut loose with a peg that struck the grandstand just back of the plate, it looked as if he would win the event with ease.
 A moment later, however, Sicking let one go that cleared the first row of boxes in the grandstand and landed among the chairs in a second row box.
West End League.
 Baseball is booming in the West End League. The Queen Square diamond is now in pretty good condition and interesting games are being played nightly, and they are enjoyed. As many as 1,000 people, young and old, gather to see the contests and lusty cheering demonstrates how hearty is the enthusiasm.
Last evening the Courtenays and the Vickers played with Seely and Dalton as battery for the former and Knudson and Siles working for the Vickers. The latter's pitcher did not have worthy support and the team appeared to be outclassed by the Courtenays who won by a score of 12 to 1. Though considered the game had many interesting moments. Thomas E. Morrissey and Walter Ring pitched as umpires in their usual satisfactory manner.
To-night the Giants and the Rubber Company team will be the attraction and a good game is looked for.

Further plans for the celebration of Labor Day were discussed at a meeting of the committees of the G. W. V. A. and the Trades and Labor Council, held last evening. The parade, of course, will be the feature of the day, and it is expected that it will be a big one. All of the unions will be represented, as well as a large detachment of the War Veterans. The parade will form up at Douglass avenue, and proceed to St. Andrew's Rink, where sports will be held. Not the least important of these will be the final between the tug-of-war teams from the police department and the street railwaymen. Both teams have won one waymen. An advertising campaign is being planned, and the railways will be asked to co-operate by giving special rates from nearby points in order to have as many War Veterans and members of the trades and labor unions represented as possible.

LOCAL NEWS

INSPECTING CAMP SUSSEX
 Brigadier-General Macdonell, accompanied by Captain Victor Heron, of headquarters staff, left at noon today for Camp Sussex, where they will join Major-General Lessard, inspector general for eastern Canada, in an inspection of the camp.

A MAILMAN AT THE FRONT.
 Jack Hunter, of this city, whose wife and daughter resides in Indiantown, is still plugging away at the front in the first postal service. His latest duty is driving an armored mail van, which transportation naturally gives him an extended view of the military operations. What he is allowed to write makes highly interesting reading.

THE TRUE SPIRIT
 While an elderly man was walking through King Street, this morning he became ill and fell. A boy scout, who was walking along Charlotte street, saw him fall and quickly rushed to his assistance. He remained with the aged man until he was conveyed to the hospital.

TICKET INSPECTOR ON THE JOB.
 H. J. Anderson, inspector of ticket taxation for the provincial government, left for Sackville and Moncton to-day to watch the enforcement of the act in connection with Chautauques tent shows. This is the first travelling show working independent of the regular theatres and institutes a separate phase of the tax matter.

A FIGHTING FAMILY.
 The father of Colonel Paul Hanson is in town on business. He reports that the former Canadian Rubber Co. manager here, is at Buxton, Eng. in command of a supply depot. Colonel Hanson has recovered from his injury. His two brothers, however, are at present patients in English hospitals very serious from shrapnel wounds.

DEATH OF MRS. F. SULLY.
 The Calais correspondent of the Bangor Commercial says: "Private John Philip McGarrigle, who was called home by the death of his sister, Mrs. F. Sully, returned to his company at the Franklin Union Institute, Westport, N. S., on the 24th. Mr. Sully, who has been bereaved by the death of his wife, was formerly of The Daily Telegraph writing staff here."

TRAINS HELD UP BY MISHAPS.
 The Montreal Express was over two and one-half hours late to-day, being held back at the far end of the run by a wreck near Fairham Junction, P. Q. The Halifax Express, due here a little after 6 a. m. to-day did not arrive until 11:30 a. m., due to a delay caused by a run-off of a fish-laden special near Athol, N. S. Several passengers missed connections with the American train leaving here at 6:45.

WHOLE FAMILY FROM MEDICINE HAT.
 James R. Millican of Medicine Hat, Alberta, son of the late I. C. R. constable, James Millican, has taken a cottage for the summer at Red Head, where his family, in which are six children, are at present residing. Tony St. John is going to be some summer resort where people will come such a distance to enjoy one briny seashore and balmy islands.

COLORED SOLDIERS ARRIVE.
 Sixty-two colored recruits with British Army bands on their arms came in on the Boston train to-day from New York and Philadelphia. They were to arrive on the belated C. P. R. halting in Chicago. The colored soldiers are to go to Windsor, N. S., for training and sorting. They will eventually find placement with a colored regiment at the front.

WELL PLEASED WITH IT
 Brigadier-General Macdonell and Lieutenant-Colonel A. H. Stewart returned to the city last evening from Fredericton, where they inspected the new soldiers' convalescent home. They were both much pleased with the new quarters and the surroundings. The home was formerly the old government house. It has been thoroughly renovated and has proven an ideal spot for convalescing soldiers.

DEATH OF YOUNG MAN.
 Clifford R. Hyson, aged nineteen years, son of James Hyson, verger of Trinity church, died at the family residence, 206 Paradise Row, this forenoon after half a year's illness. The youth is survived by a brother, Charles, in addition to his parents. Clifford Hyson was employed up to the time of his illness with the Atlantic Sugar Refinery in the chemical department. He was an estimable young man and many friends will regret to learn of his death.

WAS THERE A QUAKE, TOO?
 Residents along the railway route of the Kennebecasis are discussing the statements of some of their neighbors who aver that Tuesday night's electric disturbance was accompanied by an earthquake. One man living near the shore says that the river receded ten inches in depth, or about twelve feet in area, remaining at that point for several seconds and then returning to its original position with a swell and splash. Does anybody know anything definite about this?

WELCOME VISITORS.
 Master Thomas Callahan and his sister, Grace, were two welcome arrivals at the home of their aunt, Miss McAleer and Miss Callahan, Sydney street. Master Tom is the proud possessor of the uniform bearing the insignia as rank of captain of Boy Scouts of Pawtucket, R. I. He is twelve years of age and proved himself worthy of the honor conferred on him by the gallant manner in which he safely conducted his little sister, Grace, aged eight, to St. John. Master Callahan's theoretical knowledge of military tactics is amazing, and his only regret is that youth debars him from demonstrating his abilities in a more practical manner. He has two brothers already in service—William in submarine service and Frances in France.

YACHTING CLUBS WILL HAVE CHURCH SERVICE
 The Royal Kennebecasis Yacht Club's annual church service will be held this year on an August Sunday at Sand Point on the main river. Rev. (Capt.) G. M. Campbell will preach and there will be special church music.

The St. John Power Boat Club church service is looked for a later Sunday in August at Bely's (Lighthouse) Point at the foot of Long Reach. Rev. Craig Nichols will officiate.

WILL GET MILITARY MEDAL WON BY BRAVE YOUNG SON

Notification Comes to Mrs. John Reicker—Pte. R. E. Reicker, Who Won Medal, Has Lost Left Leg

Mrs. John Reicker of Shannon, Queens county, has been advised from Ottawa that a Military Medal won by her son, Private R. E. Reicker, a member of local infantry battalion, would be sent to her at an early date.

Private Reicker, although only nineteen years old, distinguished himself at

PTE. R. E. REICKER
 Patechendeale, but in what manner his relatives as yet do not know. He is well known in the city and prior to joining the overseas forces was employed at the Maritime Mill Works. On June 24th Private Reicker was wounded in the left leg and admitted to No. 8 Casualty Clearing Station, Rouen. His wounds were such that it was found necessary to amputate the left leg below the knee. Mrs. Jennie Connolly of Main street, is a sister.

LAW SUIT OVER ANITA STEWART CONTRACT IS AMICABLY SETTLED

Former St. John Man One Party to Litigation—Movie Star Earned \$107,000 in Year

A long drawn out law suit between Louis B. Mayer, formerly of St. John, and now a movie picture magnate, with headquarters in Boston, and the Vitagraph Company of America has been amicably settled. This litigation was instituted to determine the validity of a contract entered into by the well-known star, Anita Stewart and Mr. Mayer, who is interested in Metro pictures and other productions. Miss Stewart had several months more work to do for Vitagraph when she entered into the contract. She was to receive \$107,000 in advance and by legal process she was constrained to perform it. While engaged in this Vitagraph work the star suffered a rather serious injury in an automobile accident and now that she is improving the Vitagraph is willing to let her go, provided Mr. Mayer pays a good fat sum, to which stipulation he has cheerfully agreed.

In the evidence it came out that Anita Stewart earned \$107,000 a year with Vitagraph. She really does not have to work at all as her actor-husband, Rudolph Cameron is very wealthy.

SOLDIERS OF SIEGE BATTERY GUESTS AT SUPPER ON LAWN

A Pleasant Time Today on Mrs. Gillis' Grounds at Red Head
 The ladies of the Red Head Red Cross Circle entertained about eighty members of the 9th Siege Battery at supper this afternoon on the lawn of Mrs. Susan Gillis, Red Head. The supper was tendered the soldier boys as a farewell as they are to change their training quarters. The lawn, with its beautiful shade trees, was decorated with flags and bunting and made a very attractive appearance. Three large tables were set in the centre of the lawn and were heavily laden with edibles, many of which are not on a soldier's menu. The ladies of the circle spared no work in giving the boys a good time and that their efforts were appreciated by the soldier boys goes without saying. Those in charge included Mrs. Gillis, Mrs. W. A. Simonds, Mrs. M. E. Grass, Miss Ellen Gillis and Mrs. Reginald Wright.

BURIED TODAY

The funeral of Mrs. Annie McDougall took place this afternoon at two o'clock from O'Neill's undertaking parlors, Main street, to the Cathedral where burial services were conducted by Rev. A. P. Allen. Interment was made in the new Catholic cemetery.

The funeral of Harry S. Stackhouse took place this afternoon from his late residence, St. Paul street. Services were conducted by Rev. W. R. Robinson and interment was made in Fernhill.

The funeral of Mrs. Isabelle Reid took place this afternoon from her late residence, Thorne avenue. Services were conducted by Rev. H. C. Fraser. Interment was made in Fernhill.

Welcome Rain.
 London, July 26.—(Via Reuter's Ottawa Agency)—A despatch from Melbourne says that splendid rains have fallen in Queensland and many parts of New South Wales, especially in the northwest, which was suffering badly from drought. The rain was badly needed in all districts.
