COAL OPERATORS ACCEPT FINDING OF ARBITRATORS Question Its Fairness, But Consider Rights of Public FAMINE UNLIKELY

Member for Yukon Says There Are 174,000,000 Tons of Coal in West Waiting to Be Used—'Ralph Connor' on Conciliation Board

Ottawa, July 28.—The minister of labor has received a telegram from Lewis Stock, president of the Western Coal Operators' Association, in which the operators announce their acceptance of the majority report of the board of conciliation and investigation, of which Rev. C. W. Gordon, D. D., was chairman. The statement of the operators on this point is as follows: 'We feel that the majority report, in anything but a fair proposition, taking into account the financial standing of a large number of companies involved, and also taking into consideration the large financial interest at stake. We also feel that the acceptance of the same will work a hardship on the large capital investment which may take years to overcome. 'In this condition, we might refer, in passing, to the fact that the report states that one of the facts disclosed by the investigation of the board that probably two-thirds of the mines in the association have operated during the past two years at a loss. We realize, however, that the public have to a very large extent to be considered, and while if we considered only the interests of the companies involved we would be forced to concede to accept the findings of the board, we feel that rather than precipitate a coal famine and the consequent suffering we should accept the same. 'In doing so, we wish it to be understood that we are signifying our willingness to negotiate an agreement with the United Mine Workers of America along the general lines suggested by the board's majority report. This, we understand to mean an absolute open shop with a non-discrimination clause to be conceded to the operators, that we retain absolutely the management of the mines and control all the employees connected with the management and safety of the same. We also understand that the increase in the day's wages is to be based on the existing scale of day's wages as provided in the last agreement between the United Mine Workers of America, District 18 and the Western Coal Operators' Association. Beyond this we absolutely refuse to go. 'No Danger of Famine 'Ottawa, July 28.—The coal of the west for 'three coal' has increased in the breasts of not a few that Canada may at a time not so far distant, be in the throes of a coal famine. To those who are aware of the situation the suggestion is ridiculous, but in order to obtain authentic information a Journal reporter today had an interview with F. T. Congdon, K. C., member for the Yukon, on the subject. 'A coal famine?' queried Mr. Congdon, with a smile. 'There is absolutely no fear of that for a thousand years to come, even if it does come then. At the present time we have in sight 134,000,000 tons and as the annual consumption is about 13,000,000, you can judge for yourself the chance of a famine. 'The member added with an expanded smile: 'You will never grow cold for want of coal for a few winters yet.'

ISLAND CROP BELOW AVERAGE THIS YEAR

Hay Light While Cut Worm Has Interfered With Wheat and Dry Season Has Affected Roots

Charlottetown, P. E. I., July 28.—The department of agriculture in its report issued on July 25th on the crops of the island, states that the hay is considerably below the average. The clover was badly winter killed and further injured by the drought. There will be no scarcity of hay for the winter, as there is plenty of last year's surplus crop in the country yet. The grain crop is fully up to the average but the cut worm has thinned the wheat quite noticeably in places. A much larger area has been planted in corn, this year and the season has been very favorable. The potato crop has been much above the average and there is larger acreage than usual this year. The season has been too dry for roots, especially where late planted. Mangels, carrots, early turnips are excellent, but they make up a small percentage of the total crop. The fruit crop will be behind last year's in quantity but in general quality is better. On account of the abundant supply of fodder the amount of milk received at the factories during the winter, was greater than usual. The dry spring and summer, however, had an opposite influence. Increase in the summer output, but this is more than offset by the decrease in the eastern sections. There is marked increase in the number of horses and cattle. They came through winter in good condition and prices are decidedly better than last year. Pigs are about the same in number. There is a large increase in the number of sheep. There has been about 10 per cent. in the production of eggs.

EIGHT DEAD IN WRECK

Fourteen Others Seriously Injured in Head-on Collision at Grindstone Light Excursion Train Crashes Into Regular Passenger Express With Horrifying Result—Five Passengers on Special Among Victims—Accident Caused By Misunderstanding of Orders

Grindstone, Maine, July 28.—Eight persons are dead and fourteen seriously injured as the result of a head-on collision, which occurred at the Bangor & Aroostook railroad station here shortly after nine o'clock last night. The trains were a special of three light coaches, containing about 150 excursionists, and a regular passenger express. Five of the dead were other three included the two firemen and the engineer of the special. The five passengers killed and all injured were in the smoking car, directly behind the engine of the excursion train. Both trains were moving slowly at the time, one of them just pulling out of the station, and the other slowing down for a siding, where the trains were to have passed. The accident appears to have been due to a misunderstanding of orders. None of the cars left the train and the passengers on the regular train escaped with a slight shaking up. THIS DEAD ARE. Frank Seely, son of the cashier of the Presque Isle National Bank, Claude Loomer, Washburn, Maine. Zerne Harris, Presque Isle. Fireman Gallagher, Houlton, Maine, of the excursion train. Fireman Westworth, Brewer, Maine, of regular train. Dr. W. G. Gaudin, Houlton, Me., the engineer of the excursion train.

MILITARY HONOR FOR COL. H. H. McLEAN, M.P.

Ottawa, Ont., July 29.—Militia general orders today contain official announcement of the appointment of Col. Leonard, adjutant-general to the temporary rank of Brigadier-General in the Canadian militia. Lieut. Col. H. H. McLean, of the 28th New Brunswick Dragoons is granted the rank of Colonel in the Canadian militia in special recognition of his services in commanding the Canadian contingent at the coronation. Band Master Michael Ryan of the Royal Canadian Regiment is promoted to be a lieutenant in recognition of his services as band master in the coronation. Captain W. K. Blair (Royal Field Artillery), and Lieutenant E. F. S. Dawson, royal engineers, officers loaned to Canada by the Imperial government have resigned their commission in the active militia of Canada on expiration of their period of employment under the Canadian government.

R. K. Y. C. EVENTS

Five dories are entered in the R. K. Y. C. race at Millville this afternoon. The race will be started at 3 o'clock from in front of the boat-house, and the boats will be in view all the time. The owners and crews have been in training for several weeks, and an exciting race is expected. On Wednesday, August 2, at 7 p.m., the race for the 'Trunk Cup' will be a greater than usual. The dry spring and summer, however, had an opposite influence. Increase in the summer output, but this is more than offset by the decrease in the eastern sections. There is marked increase in the number of horses and cattle. They came through winter in good condition and prices are decidedly better than last year. Pigs are about the same in number. DRANK ASHES OF VICTORY OF YELLOW FEVER

Startling Evidence Given at New York Health Inquiry MADE WHISKY IN URN

Dr. Doty's Private Office Known Among Employees at Quarantine as Green Room—Were Col. Waring's Ashes Disturbed by Carouals? New York, July 28.—There were five or six of us, and we were awfully thirsty, we wanted a drink. We didn't have anything to make it in, so Thom and Gutherland went into the laboratory and got the air which contained Col. Waring's ashes. He died of yellow fever on his way out from Cuba. I threw the ashes out, made the rice and we all had a drink. Arthur Denyse who worked at quarantine until three years ago, started the members of Governor DeWitt's special commission which is investigating Dr. Arthur H. Doty's administration of affairs at the New York quarantine station, by relating this weird story on the 'whimsical' private office at that station particularly. This old-time picture dates back to what might be termed pioneer days on the St. John river, in the years when such luxuries as summer-houses at the popular beaches along the beautiful American Shores were unknown, when farm houses were none too plentiful, when few passenger steamers plied a course to and from places of interest, and when the 'chug-chug' of the motor boat heard so commonly nowadays, was not even dreamed of. The picture dates back to a time when it was really 'all work and no play,' to even beyond the early fifties, and it is small wonder that several people who were shown the accompanying picture were unable to recognize the place as a city of Indian town, or even though they had lived for years in the neighborhood. The picture embraces a fair stretch of the water front from what is known to-day as 'Gibson's Cove' to the rocky edges of Marble Cove, the site of the old St. John Power Boat Club, and the haven of refuge for large numbers of motor boats. A close inspection of the picture discloses wharves along the shore with

MAY SEND WARSHIPS TO AGADIR

New York, July 28.—A London cable to the Times says:—While European opinion is today practically unanimous that the Moroccan trouble has taken a distinct turn for the better, it is learned on good authority that a move is in contemplation by the British and French governments which might conceivably make the situation one of far greater tension than has yet been the case since the Panther arrived at Agadir. This highly dangerous move is to dispatch a distinct force for the better of the ships of equal tonnage and armament to that of the Panther or the Berlin in case of need. The British and French governments are not to be taken in by the Moroccan party by the British and French governments after the news of the Panther's arrival at Agadir. This decision, however, was not put into execution as on consideration it was thought that it might be regarded as provocative. Keen regrets have been expressed in various English quarters that such a step was not taken at once.

THE TIMES' NEW REPORTER

HIRAM AND THE TORY CAT. 'Say!' said Mr. Hiram Hornbeam to the Times reporter this morning. 'They're havin' a great time of it, aren't they?' 'I callate them Conservatives fellers that's talkin' agin time, smart, er they wouldn't do it. Beats all what a cantankerous critter kin be when he feels like it. Now there was a stray cat around our house last night, an' I didn't sleep a wink. All that cat had to do was keep on rowlin'—an' Hy Hen! that's what it did. Neither me nor the neighbors was any better off in the mornin'. But I s'pose it's a toy cat, enjooys it. I s'pose it was a toy cat. Hy, whar?' 'MR. BINKS LIKES IT Mr. Peter Binks said this morning that after attending the outdoor concert at the Aberdeen school last evening he had made up his mind to start a campaign for the general use of school playgrounds as social centers in summer. 'Why,' said Mr. Binks, 'if the people who live close to that playground would form themselves into local committees to take care of the children, maintain order and encourage the little girls and boys, they could, with the help of the teachers, have a regular continued series of good times on fine evenings. It's a great idea. I know that they do it in some other cities—why not in St. John? Why shouldn't we use our school yards—even if they are small? I'm sorry the mayor and aldermen and school board and police officials weren't there last night. I'll ask every one of them to attend the next one.'

### PROGRAMME FOR KING'S VISIT TO INDIA READY

Royal Party Will Remain on Board Ship at Bombay

**THE DELHI DURBAR**

Visitors Will Pay \$40 a Day For Accommodations—Transportation Provided by Army—White Woman Pardoned at Singapore

Calcutta, July 28.—It is officially announced here that the king and queen will reside on board ships during their visit to Bombay, and that their programme will be formal reception in Bombay and a drive through the city on their luncheon Government House on Dec. 3; visit to the Elephanta Caves on Dec. 4; and school children's function on Dec. 5. The king and queen will be accompanied by their majesties will depart for Delhi. It has been definitely settled that there will be no elaborate programme in the Delhi Durbar.

The prospectus has been issued of a point-to-point meeting of officers of the civil and military services, which is to be held at Delhi during the coronation Durbar. The king and queen will present the cups for the events, which there are five on the card. Neither betting nor consolation will be allowed in the course, nor will lotteries be permitted.

Intending visitors to the Durbar may note that the arrangements will be a serious consideration. The railways under construction will, however, provide a ready means of movement from the points to the Durbar. The north will be the "army camp" station in the middle of the infantry divisions; while the Durbar committee, and more will be stationed in the cavalry camp. In the area allotted to the provincial camps south of Andhra, the arrangements will be a serious consideration. The central station of all known as the "Kingway"—will be on the Alipore Road, and the position has been admirably chosen. The lines linking the points mentioned will be on the broad-gauge, while a system of circular light-railways will give other connections. Visitors will find all the Durbar conveniences, and the price charged for tickets will be kept low.

The highest rate of charges for visitors to the Durbar is \$40 per day, with a minimum of twenty days' contract. The stipulations are already sufficiently numerous to justify the fixing of the rate by the Durbar committee, and more will be made of the English officials who are masters of the government.

### ST. JOHN BOY LED PROVINCE IN EXAM.

Fred. C. Manning Heads Matriculation Candidates With J. Willis Jones in Fourth Place—Prominent Amherst Man At Fredericton, Says Borden Can Not Be Re-Elected in Halifax

Fredericton, N. B., July 28.—The result of the recent matriculation examination has been made public and shows that Fred C. Manning, of St. John High School, had the honor of leading the province. There were 131 candidates for matriculation and twenty for leaving certificates. Those who passed in first division are: Fred C. Manning, St. John; Florence L. Paisley, Cambridge; J. Willis Jones, St. John; L. Berna McLaughlin, Moncton; Kathleen Scott Poole, St. Stephen.

Thomas S. Dofin, Moncton. Marguerite Adams, of Hampton, led the candidates in the second division. Dr. C. W. Hanson and C. R. Smith, K. C., prominent citizens of Amherst, who arrived here yesterday in auto, left this morning for St. Andrews. Discussing the political outlook in Nova Scotia, Dr. Hanson expressed the opinion that the Liberals would clean up about everything in sight in that province on the reciprocity issue.

"Mark my word if R. L. Borden seeks re-election in Halifax he will be overwhelmingly defeated," he said.

There was a very heavy rainstorm here last night.

LIBERALS WILL WIN Hon. John Morrisey declares that with reciprocity as the issue the Liberals will sweep the country, and in New Brunswick he would not concede more than one constituency to the Conservatives.

THE ELECTIONS It is evident that the federal election in Canada will take place at an early date. A minority cannot rule in Canada, even if for a certain length of time it may be able to obstruct the public business.

MORNING LOCALS A wharf owned by J. S. Gregory and situated between Rankine and Moore wharves slipped into the harbor last evening about 7:30 o'clock and the schooner Calabria which was moored to it, had a narrow escape from serious injury.

A GRAND MEDICINE FOR OLD PEOPLE

"Fruit-a-tives" Restores The Health and Strength of Youth.

Grande Ligne, Que., Jan. 2nd, 1910. "I heartily recommend 'Fruit-a-tives' to who suffer from constipation and the painful consequences, Flies. I am now over 80 years of age and suffered for more than 10 years with Constipation and Flies. I tried all kinds of remedies, but nothing cured me.

After taking four boxes of Fruit-a-tives my bowels were regular and the Flies had disappeared. By taking one 'Fruit-a-tive' tablet an hour before meals I feel better and my sleep is good.

IN LIGHTER VEIN Mr. Morrisey has opportunities to learn the feelings of the province. He is in touch with all parts of it, and in his intercourse with the people of the different counties has become convinced that reciprocity will command their support.

SAD EXPERIENCE "There are over twenty-four thousand newspapers and periodicals in this continent. I am looking up statistics." "No, I've been trying to sell a story."

"The Razor of To-day"

GILLETTE Blades Are Harder—Keener—Smoother—Than Forged Razor Blades Before the GILLETTE was invented razor blades were all forged. That is, a piece of mild steel was heated and hammered out till it took the form of a razor blade.

In making GILLETTE blades we start with an ingot of steel, too fine in quality to stand forging, whose composition we know by analysis. We roll this out to the thickness of the finished blade, and stamp out the blades ready for tempering. The composition of the steel is not altered by the rolling and stamping as it is by forging, so that each blade comes out not only even in texture throughout, but of the same quality as every other blade.

Two of the hardest, keenest, smoothest shaving edges the world has ever seen are found on each and every GILLETTE blade. Not only is the GILLETTE the safest, quickest, most convenient and only adjustable razor, but it carries the best edge. That is what interests the shaver most.

Standard Sets \$5.00. Pocket Editions \$5.00 to \$6.00. At your druggist's, jeweller's or hardware dealer's.

L. C. R. MAN AT MONCTON

Moncton, July 28.—Torpedoes placed on the L. C. R. track near the new shops this morning were the cause of serious injury to two men who were employed on a shunter.
The explosion got on the rails is a mystery, but a passing train set them off with the result that flying bits of tin lodged in the legs of James Fogarty and Chas. Connell. Both men were painfully injured, the former having an artery cut in one of his legs. Every effort is being made by the authorities to ascertain who the party or parties are who placed the torpedoes on the track but tonight there was no clue as to how they came there.

DISSOLUTION NOT LIKELY BEFORE WEDNESDAY

No Inconvenience to Civil Service If Parliament is Dissolved Next Week — Tory Exhibition Still Continues

Ottawa, July 28.—There was little change today in the condition of the dying parliament. The obstructionists made further progress in the process of talking it to death, but the indications still are that Sir Wilfrid will not give the word for final dissolution before Wednesday or Thursday next.
Members are packing their grips for home and a considerable number on both sides have already left, though the numerical balance between the two parties is still preserved by the whips in anticipation of several more votes on opposition amendments next week.
It is understood that there is no hitch with regard to dissolution next week on the score, as alleged in opposition papers, that his excellency will first demand that parliament put through an interim supply bill to carry on the administration until the new parliament meets.

Although the interim supply bill passed last May only enables the government to take two months in full, it is understood that there will be no inconvenience to any public service during the interval between dissolution and the assembling of the new parliament.
Practically all salary votes for the civil service have been voted in full and five-twelfths vote on public works estimates is sufficient to make necessary arrangements for two months yet on work now in progress.
In the event of an emergency vote being required it can be obtained through a government-general's warrant.
None of the ministers in the chamber paid any attention to Mr. Madden's outbreak.

MEMBER OF HAZEN GOVERNMENT SAYS LIBERALS WILL WIN

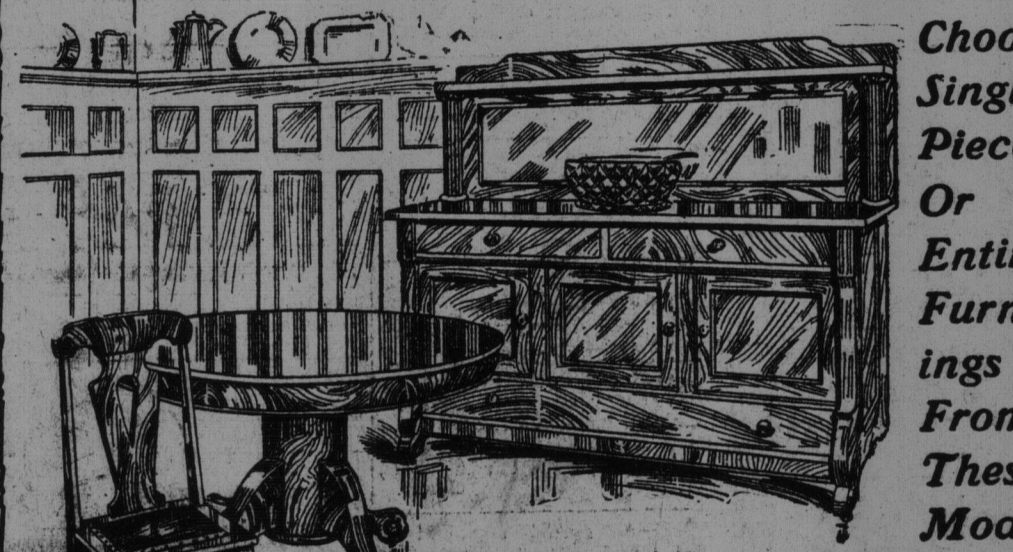

What, in the event of a dominion election in the fall will be the result, the Liberal member of parliament, who was the opinion expressed by Hon. John Morley, M. P., commissioner of public works, who was in the city yesterday afternoon attending a meeting of the local government.
Sturminsterland, his own constituency, he said, in speaking to a reporter for The Telegraph, would go strong Liberal and, with the exception of York county, he expected that every county in the province would go likewise. He said he would cheerfully support the Liberal party return a Conservative in the event of an election being held.

At the meeting of the provincial government which was held in the government rooms, Church street, yesterday afternoon, chiefly routine business was transacted. Applications were received from several agricultural societies seeking incorporation and a few minor appointments were made.
Those present at the meeting were Acting Premier Fleming, Hon. John Morley, Hon. H. F. McLeod, Hon. W. C. H. Grimmer, Hon. Dr. Landry and Hon. Robert Maxwell. The construction of a new bridge across the falls was discussed, and Mr. Snyder, a prominent engineer who yesterday morning in company with Hon. Mr. Morley, Hon. Robert Maxwell and A. A. Wetmore, provincial engineer, made an inspection of the site proposed for the new bridge, was present. Mr. Snyder said he would submit complete plans for the proposed bridge within the near future.
The site selected is between the Suspension and Cantilever bridges. The plans for the triple bridge proposed some time ago providing opportunity for railway, street car and traffic, have been abandoned. The proposed share of the Canadian Pacific Railway in the bridge has been eliminated owing to the "danger" due to the proximity of the steam and team traffic. When the plans have been finally prepared they will be submitted to the St. John Street Railway Company and a consultation will be held.

MORNING NEWS OVER THE WIRES

HAS EARLE FOUND ANOTHER AFFINITY? Report From Europe That Gotham Artist Has Again Embarked on Troubled Seas of Matrimony

New York, July 28.—Ferdinand Fitzmaurice Earle has succumbed again, report has it, to the lure of matrimony. If true, this is his third venture in wedlock and his fourth in addition since the late Mrs. Earle is credited with being as much of a "soul mate" as her predecessor.
The news comes from Cologne, Germany, where Mr. Earle and his bride are at present spending their honeymoon, his first foreign trip since the late Mrs. Earle's death. He is said to be in the States by way of the Pacific. A year from Christmas they expect to reach New York and possibly to live in the little town of Monroe, in Dutchess county, where the Earle country home is situated.

But no one seems to know what the bride's maiden name is, further than that Ferdinand calls her "Dora, the dearest, sweetest, loveliest of them all," not a mean compliment, when "their" number is considered. The bridegroom, while omitting her full name, is said to have written her full name in the margin of a letter to his father, who is an architect at Wokingham, Berkshire, England, who stands high in the profession; that she is twenty-one years old, has laughing brown eyes and a soft English smile. He met her, he narrated, as he strolled over the Hind head, a well groomed Surrey hill, one golden afternoon. "Beardless, he gazed into her brown eyes and she into his, and they turned back down the knoll hand in hand, arm in arm.

'Twas June Wedding 'Tis Said

The wedding took place toward the end of June, report has it, and after the pair had spent a week in a quaint English inn on the Hindhead they started for Holland. After visiting Amsterdam and Harlem they embarked on the Rhine. When they have tired of Cologne beer they will continue on to Switzerland, cross to the Italian lakes, thence to Egypt, India, and the land of the cherry blossoms. The Yosemite Valley, the Grand Canyon and Yellowstone Park will favor the honeymoon, taken leisurely.

Ferdinand Fitzmaurice Earle married in 1903 Miss Emilie Fischbacher, the daughter of a bookseller in Paris, who bore him a son. In 1908 he announced that he had found his affinity in Miss Julia Kuttner, whom he had met while crossing the Atlantic. Mrs. Earle No. 1 sailed back to Paris with her baby and got a divorce.
But before the divorce decree became final Earle and Miss Kuttner were married in Venice, following a hostile demonstration by the natives of Monroe, N. Y. It was this haste which led to the annulment of the second marriage last winter. In the meantime, however, Earle and his affinity, who also bore him a son, had separated after Mrs. Earle No. 2 had had her husband imprisoned in Goshen for beating her.
A year ago, before the annulment of his second marriage, Ferdinand sailed for France with a young woman who had been a settlement worker in Chicago. They travelled as brother and sister under assumed names, but only for a brief month or so. Then affinity No. 3 returned alone

to Chicago and Ferdinand visited his son by his first wife, who lived with her mother near Paris, being allowed to see the child once a week.
William P. S. Earle, a brother of the artist, who has a photographic studio at No. 546 Fifth avenue, would not admit that he knew anything about the marriage of Ferdinand and Dora.
"Then affinity No. 3 returned alone

an old woman I used to know. When we asked her whether she thought it would rain or not, she would gaze up at the sky and say: "Well, maybe it'll rain and maybe it won't. Then, after a second look she would add: "Maybe it won't rain, after all."

HENWOOD GETS LIFE SENTENCE

Denver, Col., July 28—Defiant and bitter to a degree, Paul H. Henwood heard Judge Whitford sentence him to life imprisonment today for killing George E. Copeland, while shooting at Louis Von Paul, an aeronaut, of St. Louis, whom he also killed, in a barroom here on May 24 last.

When asked if he had anything to say by way of defence before he was pronounced, he burst into a tirade and using dramatic gestures denounced the public prosecutor and the court in a manner never before heard in any tribunal in this part of the country. He began as follows:

"I am not a criminal, but not for justice, from a jail where for two months I have been surrounded by prisoners whose faces were blanched and who tremble with fear when they contemplate coming to this court for trial so long as Judge Whitford sits in this division."

Henwood went on to declare that he had been subjected to persecution instead of protection. The woman in the case was Mrs. John W. Springer, wife of a banker, and the double shooting was the result of a quarrel over her. Her husband has obtained a divorce since the tragedy.

As he stood at the bar, Henwood declared to the court that his trial had been turned into a preliminary hearing of the Springer divorce trial. He asserted that while the prosecutor had denounced him as a destroyer of Mr. Springer's home he was and is in reality John W. Springer's best friend.

Henwood further charged that the first day Mrs. Springer was on the stand, when she said she possessed knowledge "advantageous to me," she was excused. Later when she was recalled, "a package of letters written by her to S. L. Von Paul" were placed on the prosecutor's table in plain view, and she was confronted with the threat that they would be read in open behalf. Not only this, but her otherwise kind mind was dulled by drugs. I am now ready for your unjust sentence."

"I am not surprised at your state of mind, since you have been surrounded by all classes of prisoners, fourteen of whom I recently sent here."

"I am of the opinion that the verdict of the jury in your case should have been first degree murder. I believe that you shot Von Paul because of jealousy over the Springer divorce case. For some reason the jurors returned a finding of second degree murder. The law leaves the sentence to

today, told the harvesting story to your correspondent.

"The steamer John Irvin, owned by the Port Hood Coal Company, sailed for Halifax from Port Morden on Monday, carrying a load of coal, and was wrecked on the shore of the Kennebecasis, about six or seven miles off Beaver Light. At the time the sea was running high, and the vessel was carrying a heavy load of coal. The ship tilted, and the water sweeping over everything tore away the hatches and in a moment it was evident the ship was doomed."

"The captain ordered the boats cleared away, but before the covers could be cut away the steamer plunged under and first, carrying all hands down with her. The second engineer, I believe, was still below, and could not have reached the deck."

McLeod went on to say that when he (the mate) came to the surface he secured the mate, a moment later he saw the hatches, and then part of a bulk head, out of which he constructed a raft. He picked up the cook and shared his raft with him.

He saw the chief engineer on another of the hatches and spoke to him, also Alex. McIntosh, one of the stremen, on some wreckage, but they soon disappeared. The terrible battering of the storm soon told on the cook, and he lost heart and despite Mr. McLeod's repeated remonstrances, he left under a tree all night and in the morning managed to make his way over the

Insure Your Digestion

Do you find that occasionally an extra hearty meal, or an indulgence in some favorite but forbidden dish, makes you feel as if you had swallowed a flat-iron?

It's simply that your stomach, however well it may digest ordinary meals, balks at the overload.

A single one of

Rev. Father Morrissey

Father Morrissey's No. 11 Tablets

would set you right in about fifteen minutes. As each tablet is capable in itself of digesting one and three-quarter pounds of food, it helps the stomach out most effectively.

Even if your indigestion has become chronic—if you are a confirmed dyspeptic—always dieting, always miserable—Father Morrissey's No. 11 tablets will bring the most distressing symptoms at once, will enable you to get the benefit of the food you eat, and will restore your stomach to healthy vigor.

No. 11 Tablets insure you against heartburn, sourness and gas in the stomach as well as against all other forms of indigestion. 50c. a box—at your dealer's.

PERSONAL AND SOCIAL NEWS OF THE WEEK IN ST. JOHN

Society has settled down into its customary summer routine life with the centre of activity at the pleasure resorts. Rothesay becomes more and more attractive every year in its environs, as the city residents discover the beauties of its rivers and driveways. Across the rustic bridge to "The Park," is a favorite walk. There the visitor will find a small colony of society folk living in charming little villas, built in the heart of the woods and surrounded by handsomely laid out gardens, the products of individual taste. The residents have the advantage of being close to the water, and in the more pretentious mansions situated on the higher ground of Rothesay proper. During the past week both in the park and at Rothesay, there has been much social activity. Principally on account of the street there and in the city of numerous strangers. Beginning with Monday evening Mrs. Harry Frank and Miss Olga A. Armstrong gave a most delightful dance at the Boat Club house, which, in spite of the inclement weather, was largely attended, several guests having motored from the city. A programme of fifteen dances was enjoyed by Mrs. Stewart, Miss Alice Davidson, Mrs. D. P. Chisholm and Mr. Carrigan assisted with the music. Among the out-of-town guests present were Mr. and Mrs. Gillis Keator, Mrs. Harry Irving, Miss Diana Fowler, Miss Warren Roberts, Miss Gregory, Mrs. Freese.

Mrs. Walter Foster entertained at a luncheon at Rothesay Wednesday of last week at which covers for sixteen guests were laid. Bridge was played during the afternoon, the prizes having been won by Mrs. Malcolm Mackay and Mrs. Gillis Keator. Yesterday afternoon Mrs. Chas. Eason entertained at bridge at her Rothesay cottage, for visitors in the city. Mrs. Walter Harrison and Mrs. Bryden Thomson gave a very handsome luncheon at "The Grove," Mrs. John Thomson's place at Rothesay, for Mrs. T. E. Ryder Thursday afternoon. Bridge was played later.

Mrs. William Harrison, of New York, is the guest of Mrs. Walter Harrison, Rothesay. Mr. Carrigan and Mr. Barton Wetmore were guests of Mr. and Mrs. Harry Frank at Rothesay in The Park on Monday evening.

Mrs. Walter Truman, of Winnipeg, and Mrs. Schaeffer were joint hostesses at a very delightful bridge on the Kennedy grounds, at Rothesay, on Tuesday afternoon. The weather was all that could be desired for outdoor entertaining. The rain of the previous day had freshened the air gave to everything a new coat of emerald green. The prize winners were Mrs. Frances Travers, Mrs. G. M. Campbell, Halifax, and Mrs. Walter Harrison, Mrs. Truman wore a handsome blue silk costume with ruffles; Mrs. Schaeffer was gowned in grey silk with silver and lace trimmings. Delicious refreshments were served. There was a large number of guests both for bridge and afternoon tea.

On Friday afternoon of last week Mrs. McAlpine gave an enjoyable tea at her residence Princess street. The guests were Mrs. Gronlund and for other friends, visitors in the city, among whom were Mrs. Saez and Mrs. Alfred Edgecombe, Fredericton; Mrs. Settle, Toronto; Mrs. George Mackay, Miss Blodgett, New York, and Mrs. Nicholson, wife of Prof. Nicholson, of Middleton (Penn.). Mrs. McAlpine was gowned in a most pink satin with cut jet trimmings. Her mother, Mrs. Shenton, who also received the guests, wore a white hat with lace trimmings. In the dining room, the handsomely appointed table, which had pink carnations for centre decoration, was presided over by Mrs. Gronlund, gowned in a modish grey silk costume with silver and lace trimmings. Mrs. G. M. Campbell, ushered, gowned in mauve with hat to match. Mrs. Perley Barnhill in a white embroidered lingerie gown, white hat with black feathers, and Mrs. W. Edmond Raymond in a white broderie anglaise costume, white hat trimmed with silver, black and white lace and roses, and the salads and ice cream. Assisting them were Mrs. Will Lockhart, white hat with black and white hat; Mrs. Stanley Elkin, white lingerie gown, blue hat; Mrs. Gladys Edgecombe, old silk gown, black hat; Miss Ethel Smith, blue marquisette, blue and white toke. Among those present were Mrs. J. V. Ellis, Mrs. Maurice Jones, Mrs. J. Ellis, Mrs. John Burpee, Mrs. J. V. Anglin, Mrs. Stewart Skinner, Mrs. Flanders, Mrs. Thomas B. Jones, Mrs. Gordon Cowie, Mrs. Clarence Allen, Mrs. Thomas Raymond, Mrs. Pollard Lewin, Mrs. W. Walker Clarke, Mrs. Morton Smith, Mrs. Sheffield, Mrs. Fred Hanington, Mrs. Murchie, Calais; Mrs. Sanford, Mrs. Dawson, Mrs. D. P. Campbell, Mrs. Louis Barker, Germain street, entertained at bridge at her residence, Ger-

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The torments so bravely endured completely upset the nervous system and cause the weakness and disease of the female sex. Dr. Pierce's Favorite Prescription is the positive cure for the weakness and disease of the female sex. IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL. It allays inflammation, lessens irritation and soothes pain, it tones and builds up the nerves, it is for wifehood and motherhood. Almost millions of women tell us, and have nothing to urge upon you as "just as good," it is non-opiate, non-alcoholic and has a record of forty years of cures. Ask Yoda Naudiquem. They probably know of some of its many cures. If you want a book that tells all about women's diseases and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page Illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers, in handsome cloth-binding, 60 stamps. HOW A POET LOVES. The question, "Who is Sylvia?" may be asked equally in vain of many another name practically illustrious, and it is to be feared that such pretty names too often stand for no one faithfully loved girl, but for many girls loved faithfully and thus collectively honored—or, to put it more magnificently, not woman, but the argel that is the type of all women.

as that body is concerned; and so in this parliament I ask honorable gentlemen opposite whether, after having had a full opportunity, as they have had during the time that the question has been under discussion, of expressing their views, it is not tending to destroy free parliamentary institutions for honorable gentlemen to rise as they have risen today and threaten that this question shall not be allowed to come to vote until the people have passed upon it.

Mr. Pugsley—I don't care what took place in 1890; I was not here in 1890. I say it is not in harmony with the principles which ought to govern parliamentary institutions that gentlemen should rise in their places and threaten, simply because their views are not the views of the majority, that there shall be no opportunity of voting upon the question, and no opportunity, in a constitutional way, of giving expression to the views of the minority of members of this house.

Yesterday's Games. At St. John—St. Johns, 10; St. Stephen, 1.

Today's Games. At St. John—St. Johns vs. Calais. At Fredericton—Fredericton vs. Marathons.

The Maine and New Brunswick League game of ball on the Marathons grounds yesterday afternoon was witnessed by about 1,000 people and was won by the St. Johns, who defeated the St. Stephen team by a score of ten to one.

For the St. Stephen team Crowley started in as pitcher and in the first two innings two singles and two two-baggers were made off him, while he gave four men their bases on balls, hit a man with a pitched ball and made a wild pitch.

Marathons Beat Woodstock.

Woodstock, N. B., July 28.—(Special.)—The Marathons team, who won their first game today, with the Marathons by a score of 4 to 2, two of the four were taken by the Marathons being made necessary.

Following were the players and score by Marathons—Winter, Williams, 3b; Donahoe, 2b; Connolly, c; McGarry, 1b; Riley, cf; Nelson, ss; Lynch, 3b; Sweet, p.

St. Stephen, July 28.—(Special.)—The Fredericton team defeated the St. Stephen team by a score of 4 to 3. It was a hard fought game, each determined to win, as they stood even in the league.

The Junior Acadias last night met and defeated the young St. Peter's by a score of 11 to 5. Batteries for the winners, Foley and Ritchie; for the losers, McIntyre and McNitt.
