CHATHAM, N. B. - - FEBRUARY 25, 1886.

Not as I Will. BY HELEN HUNT JACKSON, ndfolded and alone I stand With unknown thresholds on each hand;
The darkness deepens as I grope,
Afraid to fear, afraid to hope;
Yet this one thing I learn to know
Each day more surely as I go,
That doors are opened, ways are made,
Burdens are lifted or are laid
By some great law unseen and still,
Unfathomed purpose to fulfil,
"Not as I will." With unknown thresholds on each hand:

Blindfolded and alone I wait, Bindfolded and alone I wait,
Loss seems too bitter, gain too late;
Too heavy burdens in the load,
And too few helpers on the road.
And joy is weak and grief is strong,
And years and days so long, so long;
Yet this one thing I learn to know
Each day more surely as I go,
That I am glad the good and ill
By changeless law are ordered still

By changeless law are ordered still "Not as I will." Not as I will "-the sound grows sweet Each time my lips the words repeat.
"Not as I will!"—the darkness feels
More safe than light when His thought steals Like whispered voice to calm and bless

All unrest and loneliness.

Mr. Gladstone has taken the office of Privy Seal in addition to that of Premier. Threatened Danger.

In the fall of '84 Randall Miller, of Maitland, N. S., was prestrated to his bed with an attack of incipient consumption. Cough remedies all failed. He rapidly grew debilitated, and friends despaired of his recovery. He tried Burdock Blood Bitters, with immediate relief, followed by a speedy cure.

It is expected that Mr. Giadstene will not be able to give a detailed statement of the Government's Irish policy until the session is somewhat advanced.

Weather Probabilities.

The probabilities are that we shall have much damp, chilly, sloppy weather during the coming seassn-just the weather for them by having on hand Hagyard's Pectoral Balsam, a safe, agreeable and speedy cure for colds and their conse-

of destroying the power of the landlords in Ireland, and failing to create anything capable of promoting peace.

Of Vital Importance. It is just as essential that the human body should have pure blood, as that a tree or plant should have sap to nourish and invigorate its growth. Nearly all our bodily ills arise from unhealthy blood. Burdock Blood Bitters purities this fountain of life, and regulates all thev ital organs

to a healthy action. The police of Chicago, one day last week impounded over two hundred horses securely attached to all kinds of vehicles, because left unhitched in the streets.

Joyful Nows.

It is certainly glad tidings to the poor invalid to be informed of a remedy that will give prompt and sure relief in case of painful suffering. Such a remedy is Hagyard's Yellow Oil adapted for internal and external use in all ordinary aches, pains, lameness and soreness. It "cures rheu" matism, neuralgia, sore throat, croup and all inflammatory pains.

The body of a clergyman named Jesse B. Brady was found, on 17th inst., floating with the ice in the Mississippi, near St. Louis. From papers found in his possession it was clear that the deceased had committed suicide.

Word of Explanation.

The liver secretes bile to move the bowels; the kidneys secrete urine, to carry off uric acid, which would poison the blood; the stomach secretes gastric juice to digest or dissolve the food, etc. Burdock Blood Bitters acts upon these organs and purifies the blood by cleansing all the secretions of the system.
