OTTAWA.

The Canadian Yeomanry and the Special Service Battalion.

OTTAWA, Nov. 30.—The first or second week in January will witness the departure of the Canadian Yeomanry force from Halifax.

The central exhibition buildings here will be fitted up as quarters for the force, and the men will be made as comfortable as possible during the week or two they will be here. Contracts for uniforms and boots and shoes for the men have already been awarded. The clothing will be made by the Sanford company of Hamilton. While it is intended to raise a force of 800 men, the militia order issued yesterday provides only for an aggregate of 450.

The minister of militia has decided to recommend the maintenance of the third special service battalion at Halifax for another year, dating from June next.

In a brief interview last evening with Col. Evans, head of a Canadian Yeomanry, "Are you likely to get more recruits in the west?" the colonel was asked.

"Why certainly," replied the gallant officer. "We could raise the whole force there if we wanted to."

LONDON, Nov. 30.—The correspondence of the Times in Pretoria, whose recent despatches giving the numbers of the Boer commandos, it is supposed, were allowed to pass through the censorship as a warning that more British troops were wanted in South Africa, sends a sketch today of the positions of the British columns and states explicitly that more men are needed to accelerate the attrition of the Boers, and that a further partitioning of the country by lines of blockhouses is necessary to enable the British columns to achieve greater results.

LONDON, Nov. 30.—Seemingly fearing that an alliance between the pro-Bullerites and the pro-Boers during the demonstration to be held tomorrow in Hyde Park in sympathy with General Buller, may be the beginning of a serious anti-government agitation, the Standard this morning semi-officially warns General Buller that unless he checks the extravagances of his partisans the government may be compelled to make further disclosures, which will cause a reversal of the policy of the general. The Standard hints that General Buller at first refused to regard General Buller's heliogram as authentic, but when it was deliberately repeated General White decided to disobey it.

BRIEFS BY WIRE.

Senator Hanna has given \$5,000 as his subscription to the Cleveland committee of the National McKinley Memorial Association.

A vigorous effort to defeat exclusion is being made by the Chinese in the United States. A fund is being raised by forced payment for the purpose. A proclamation giving details of the payments has been posted in Chinatown, San Francisco, and will be distributed all over the country.

William H. Jones, formerly a boot-black in Newark, N. J., is dead in South Africa and leaves a fortune to his sister. He began work at Johannesburg as a cook, and by securing shares in mining stock became suddenly a wealthy man.

The U. S. government steamer McCulloch will go from San Francisco to relieve the 114 Nome miners reported stranded and alone during the winter. The trip will take a month.

While attending a masquerade ball at Portland, Me., last evening Miss Mabel Gateley, 22 years old, fell against a gas jet. Her costume caught fire and she was seriously, if not fatally burned.

SEWERAGE FOR AMHERST.

AMHERST, N. S., Nov. 30.—The town council held a special meeting yesterday to consider a largely signed petition asking them to call a public meeting of rate payers for the purpose of considering the question of sewerage for Amherst. The petition referred to a meeting held in June, which voted against sewerage by a small majority and claimed that enough illegal votes were then cast to constitute a majority. The council voted to call a public meeting on December 20th to consider a scheme for the construction of a system of sewerage to be presented, which will include the main part of the town. The cost of the proposed system will be \$50,000; taxation to be six cents per foot frontage on Victoria street and forty-five cents per foot on all other streets.

NOT VIA HALIFAX.

SYDNEY, Nov. 29.—An official of the Steel company informed the Star that there is nothing in the story that the company will send pig iron to Halifax for transportation to foreign ports, in fact that the company has not given the matter any consideration. Shipments of pig iron during the winter will be made at Louisburg and largely in steamers bringing in iron ore. Facilities for these shipments are now being prepared at that port. This official says the story of sending pig iron to Halifax is highly improbable, because of the expense and slowness with which orders could be filled there.

ST. JOHN MAN ROBBED.

OTTAWA, Nov. 30.—Thomas McIlroy of St. John, N. B., had a fight on the Canadian Pacific train last night, and after the fight he missed \$45. He charged Richard Barry of Montreal with stealing the money. Barry was arrested and today in court was remanded until witnesses can be brought from Cartier, Ont.

WINTER PORT.

Eight Hundred Horses Are Here For Shipment to South Africa.

The Concordia will sail on this afternoon's tide. She took her cattle aboard this morning, some 238 in all. The rest of her cargo consists of lumber, spool wood, 8,000 bushels peas, 16,000 bushels grain, flour, apples, shooks and hay.

The Monmouth will begin loading her horses this afternoon. There are 800 of them in all and they are exceedingly fine looking lot. They arrived by two trains early this morning, and are quartered in different places in the west side. About fifty-five men came down from Ontario and Quebec, and will look after the animals on the voyage out. On arriving at South Africa the men will go on up country. The Monmouth will probably sail Sunday afternoon. Col. Dent and Capt. Chaplin, who are looking after the shipment, will return to Montreal when the vessel sails. The str. Huron will be here in December to carry eight hundred more horses to South Africa.

Manifests were received today at the custom house for six cars of provisions, two of broom corn, six of provisions, two of lard, one of butter and one of ham, for export to the old country.

COUNTY W. C. T. U.

The annual convention of the Women's Christian Temperance Union of St. John county met in Orange Hall yesterday afternoon at three o'clock. About thirty ladies were present. The devotional exercises were led by Mrs. Allan, after which the president, Mrs. Grey, took the chair.

Encouraging reports from the various unions and from the Little Girls' Home were read.

The officers for the year were elected as follows: President, Mrs. Grey, Fairville; vice-president, Miss Fuller; secretary-treasurer, Miss Lockhart. The society decided to be affiliated with the Council of Women and the following ladies were elected delegates: Mrs. Geo. Thompson, Mrs. Gilbert Dykeman, Mrs. Finnis, Miss A. T. Olive, Mrs. Burdell.

The provincial president's circular letter was read, and after discussion it was resolved to elect as many honorary members as possible in order to swell the funds of the contributions towards this fund were made. Mrs. Bullock's Sunday school report was taken up and it was decided to purchase 1,000 teachers' quarterly temperance lesson leaves for distribution among the teachers, trusting they may be found a valuable addition to the prescribed helps in the temperance line.

In the evening a Bible reading was given by Mrs. Vanwart of the north end, and Mrs. Thomas Bullock read a very interesting paper on Observations on the Temperance Question in Edinburgh.

THREE MILLION WOMEN WHO WORK.

There are today over three million wage-earning women in the United States, and the only place where women have not as yet entered to usurp man's position is as an officer in the United States army and navy, or as a sailor or marine. The position of the wage-earning woman today demands attention. It is true that "fathers throw their daughters into the industrial world on much the same principle that they throw their boys into the water to teach them to swim." And through her struggles the girl is coming to the surface and learning the strokes.

The wage-earning woman and her problem has accomplished two things; she has formed a mutual bond between women of leisure and women of labor, and she has also opened the eyes of philanthropists to the fact that the industrial problem of women is at the bottom of the moral problem, with the result that the rescue homes for women are now being supplanted by homes for wage-earning women.—Boston Transcript.

THE WABASH WRECK.

Over One Hundred Were Killed—Charred Bodies Strewn About.

DETROIT, Mich., Nov. 30.—Dr. S. E. Bryant, of the emergency hospital staff of this city, who was one of the corps of the physicians who hurried to the scene of the Wabash wreck Wednesday night, says it is his opinion that over 100 persons were killed in the wreck.

The Free Press quotes him as saying: "When I reached there," said Dr. Bryant, "portions of charred bodies were strewn along the track. In places it was rather dark, and one could not distinguish the parts of the bodies from other debris. But closer inspection revealed the burned corpses, and the stench was sickening. I recall that one man called to another, 'Look out and don't step on that dead body.' I could not say definitely how many bodies were lying there, but there was a great many. When the cars were dragged from the track those bodies were crushed to pieces, unless they had been removed. Whether they were removed, of course, I cannot tell, for I was not there all the time. From going among the injured persons, talking with them and others from what you learned in every way, how many persons do you think were killed in the wreck?"

"There were 100 killed, I am certain of that," came the answer. Frank H. Wilson, Boston, Mass., when interviewed in Detroit, said:—"When we left Genesee there were about fifty persons dead and as many more in the wreck."

ENGLISH AND AMERICANS

Give M. Cambon, French Ambassador, a Bad Quarter of an Hour.

LONDON, Nov. 30.—Amusement has been created among the members of the diplomatic corps by what is termed the French ambassador's ordeal at the Thanksgiving dinner given under the auspices of the American society in London. Throughout the evening M. Cambon was obliged to listen to perfunctory expressions of Anglo-American brotherhood, which toward the end of the dinner, developed into enthusiastic prophecies that the world would be controlled by English-speaking people, without a single reference to France except by Henry White, United States charge d'affaires, who, with a tactful utterance, officially disowned this thoughtless treatment of the chief guest and got out himself from what might have been an awkward predicament.

"Poor Cambon," said a member of the diplomatic corps to a representative of the Associated Press, "felt very uncomfortable, but outwardly he took the whole affair as a rather good joke on himself. It is likely to be a long time, however, before he attends another such banquet. It was a great mistake to invite him."

The affair has created no little annoyance to the American embassy.

CANADIAN BRIEFS.

MONTREAL, Nov. 29.—Maurice E. McLaughlin, manager of Proctor's Montreal theatre, spent two hours in jail today. He was convicted of a violation of the law in allowing a religious concert to be given in the theatre for the last three Sundays.

TORONTO, Nov. 29.—The police census of Toronto taken Nov. 10th, shows that 21,583 persons slept in Toronto last night. The government census made the population 298,501. It was known this was not a fair count, and so the police count was undertaken on an accumulated basis.

AVOIDING THE MINISTRY.

Things That Are Influencing the Young Men of Today.

(Chicago Tribune.) Prof. A. C. Zeno of the McCormick Theological seminary gave the Baptist ministers Monday morning the reason why fewer young men join the ministry now than a few years ago. These reasons are: Heresy trials. Uncertainty of the Bible, due to the higher criticisms. The theological unrest manifested by society.

Enforcement of rule requiring candidates for the ministry to subscribe to the creed of the church. The commercialism of the age. The spirit of worldliness and self-indulgence.

Lack of spirituality in the churches. The failure of ministers properly to present the claims of the church upon young men. The hard times of 1893, which prevented a number of theological students from completing their education.

The recent commercial prosperity, which has created an unusual demand for young men in mercantile pursuits. "I do not accept all of these reasons, because it is difficult to determine just what influences are responsible for present conditions," said Dr. Zeno. "During a certain period of our church's history we trained more young men for the pulpit than were needed, and we are suffering now from a reaction. No matter what the causes may be, we are confronted with the fact that the number of candidates for God's ministry is decreasing at an alarming rate. Every other denomination, I believe, is just as much interested as we are."

SPORTING NEWS.

THE RING.
PORTLAND, Ore., Nov. 29.—Al. Nell of San Francisco and "Mysterious" Billy Smith of Portland fought twenty rounds to a draw last night at the Exposition building. Nell proved himself to be a clever boxer, but his blows lacked force. He fought an aggressive fight all the way through and jabbed Smith with his left continually. Smith was very wild and Nell cleverly blocked his rushes. Both men left the ring at the close without a scratch.

ENLARGED AND IMPROVED.

E. G. Nelson & Co.'s Premises Have Been Transformed.

E. G. Nelson and J. E. Secord, of the firm of E. G. Nelson & Co., head of King street, are now displaying their wares in larger and greatly improved premises. They have taken in another of the stores in the building, which is owned by the Secord estate, and managed by J. E. Secord, and now have two stores connected with each other for the better display of goods in their retail departments.

E. G. Nelson & Co., have for years been recognized as leading booksellers and stationers in this city. Their business was established in 1878, and Mr. Secord became a member of the firm eight years ago. The united energy of the two members greatly increased the business, and the present enlargement was a real and keenly felt necessity.

The two stores on the ground floor have been tastefully painted and decorated by Messrs. Drury and E. W. Paul. A large part of the stock formerly kept upstairs is now displayed in the new store. It includes cases of new books, standard authors, poets, miscellaneous sets of standard works in presentation binding, and the Bible department. On tables in the centre are shown juvenile books and annuals, society stationery, etc. A department of this store is also devoted to photographers' supplies.

On the second floor is a handsome display of art calendars, games and novelties, and annuals. The third floor is devoted to the firm's wholesale business.

With the changes, enlargement and improvements now completed, the firm have one of the best appointed establishments in their line in the provinces.

Whooping Cough

Don't you dread it? There's not a sensible, well-read person in the world who isn't afraid of whooping-cough. It's a most distressing disease and a very dangerous one, too. The child is so liable to have convulsions, pneumonia or bronchitis as a complication.

The cause of the disease is a germ which rests in the back part of the throat and upper air-passages. How can these germs be destroyed? Certainly not by taking medicine into the stomach. Then why not breathe something into the throat that will destroy them.

That is just what Vapo-Cresolene does. You breathe-in the vapor; it passes right over the germs, destroying every one of them. All inflammation quickly subsides, healing rapidly takes place and recovery is prompt and perfect.

P. C. BARKER, M.D., Physician in Chief, Morristown Memorial Hospital, Morristown, N. J.:—"I have depended upon Vapo-Cresolene for years past in treating whooping-cough and bronchitis, especially in infants and young children. The beneficial effects of the vapor have been so evident, that some of my patients are in the habit of starting the lamp at night in their children's room for the relief of common colds."

Vapo-Cresolene
CURES WHILE YOU SLEEP.

Vapo-Cresolene is sold by druggists everywhere, or will be forwarded, express and customs duty paid, upon receipt of regular price. A Vapo-Cresolene outfit, including the Vaporiser and Lamp, which should last a life-time, and a bottle of Cresolene complete, \$4.50; extra supplies of Cresolene, 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresolene Co., 110 Fulton St., New York, U.S.A.—177.

DESERVES GENERAL SUPPORT.

The board of management of the Victorian Order of Nurses, of which J. G. Taylor is the secretary treasurer, make the following statement and appeal to the public, on behalf of a work that has been of very great benefit in this city:—

"For the past month the two nurses of the Victorian Order have been stationed in the hospital, necessitating the employment by the order of other two nurses. This entails an increased expenditure of \$104 per month. The yearly increase in the amount received from patients' fees is an indication that the services of the nurses are appreciated. During the year 1899 these fees amounted only to \$7.70. In 1900 they rose to \$108.75, and during the present year the sum of \$205.82 has been got from that source. But the work is still far from self-supporting, and this unforeseen expenditure, caused by the necessity for the employment of two extra nurses, so taxes the resources of the order here, that a special appeal for subscriptions is being made."

MR. PAGE DELIGHTS TORONTO.

The Chicago Times Herald has the following to say about a gentleman who will appear at the York Theatre next Wednesday evening in the second concert of the Padgett-Hartman course—"W. Eugene Page, the marvellous, captured the entire audience with his excellent work. He was heartily encored and certainly eclipsed anyone who has ever been heard here." In conjunction with Mr. Page are several other artists and of a concert in Massey Hall, Toronto, at which 2,000 people were present, the World of that city says:—

"The great audience that gathered at Massey Music Hall to hear the Page Concert Company in the Hartman course was more than pleased. W. Eugene Page, the star of the attraction, is one of the best mandolinists in the world, and the instrument in his hand proved a revelation to lovers of that class of music. The company is well balanced and gave one of the best of the course."

SMALLPOX.

The board of health at its meeting today decided to let the Beyea house, 255 Waterloo street, out of quarantine. No further cases of smallpox have been reported and the outlook is encouraging. The title to the Moyland property was today transferred to the municipality. Telephone connection is now being made with the house. The wires follow the road and no short cut is taken.

Seven more patients were fumigated and discharged from the General Public hospital this forenoon. There are about twenty still remaining.

SALES WERE GOOD.

Shares were good at Chubb's corner today. Forty shares of the Maritime Spine and Coffee company's stock were disposed of to F. A. Jones for \$40 a share; 32 shares of the James Pender Co. stock brought \$305 a share. A. P. Barnhill was the purchaser; 18 shares of St. Andrew's Curling club were bid in at \$1. One-eighth of the schooner Cora May was sold to A. W. Baird for \$230; a similar share of the schooner Ayer was bought by N. C. Scott for \$155. He also secured one-third of the steamer Kingsville for \$450. A. W. Baird bought in one-quarter of the schooner Geo. L. Elpp for \$300.

RUMOR WAS UNTRUE.

A rumor was current this morning that the Morland building, recently bought for use as an epidemic hospital, had been burned. The report was generally believed. Secretary Burns of the board of health drove out and found the place in its usual condition. Mr. Morland himself came in late this morning and heard in the city that the place was burnt. As he had left the place an hour or more after it was said to have been destroyed he naturally disbelieved the story. Mr. Burns' report confirmed him in his disbelief.

At the Boys' Mission tomorrow evening at 8.30, Rev. W. G. Lane is expected to speak, and Mr. Titus will sing.

ST. ANDREW'S DAY.

A Right Hearty Celebration in St. John Last Evening.

The festival of St. Andrew was fittingly observed last evening by St. Andrew's society of this city. The social function at the Exhibition building was one of the most enjoyable that has been held in St. John for years. In the interior of the building the decorations used at the royal reception were still in place and added greatly to the beauty of the scene. Between six and seven hundred persons were present, and the affair was thoroughly enjoyed. During the earlier part of the evening the cold detracted somewhat from the proper enjoyment of the programme, but this was forgotten when the dancing commenced.

It has been discovered today by a woman at the exhibition buildings that a large door had been left open during last evening's entertainment. This is thought to have been due to a coachman's carelessness, and accounts for the draught from which so many suffered.

The guests were received by President J. Roy Campbell and Mrs. Campbell, Mr. and Mrs. T. A. Rankine and Dr. and Mrs. P. R. Inghes.

Shortly after eight o'clock the officers of the society, headed by the pipers, marched through the hall, were received by the guard of honor, composed of the Scots companies, and took their seats on the platform. These seats were occupied by President Campbell, President T. Walker, M. D., of St. George's Society; Andrew Malcolm, chief of Clan McKenzie; Mayor Daniel, T. A. Rankine, Rev. Dr. Morrison, Rev. Dr. Fraser, Thomas White, Cyrus Inches, Major Gordon, John White, Dr. P. R. Inghes, and C. W. Bell. President Campbell in his opening address welcomed the large assemblage and dwelt briefly on the significance of St. Andrew's day.

The following programme was then rendered:

Address—Dr. Walker.
 Overture—City Cornet band.
 Vocal solo—P. L. Pratt.
 Address—The Day and a' Wha' Honor It—Rev. Dr. Morrison.
 Vocal solo—Mr. Pratt.
 Reading—James Soutar—Rev. W. W. Rankine.
 Vocal solo—Mr. Tod.
 Vocal solo—Mr. Pratt.
 Before the last selection telegrams bearing greetings from other societies were read by Sec'y C. Inghes. Letters were read from a number of members of other societies who were unable to be present.

A conclusion of the programme the following programme of dances was played by the City Cornet band:

Supper extras—Waltz, Military, Waltz.
 1. Lancers.
 2. Reel Strathpey.
 3. Two Step.
 4. Highland Schottische.
 5. Waltz.
 7. Reel O'Fulloch.
 8. "Aye, ye' haidle' baid Strathpey."
 9. Billie.
 10. Highland Schottische.
 11. Waltz.
 12. Reel—Strathpey.
 13. The Haymakers (Sir Roger).
 Grand March—The Piper.
 Song and Chorus: "Will ye no come back again."
 Auld Lang Syne.

While the dancing was in progress supper was served in one of the large rooms in the upper part of the building.

SCOTS AT HALIFAX.
 HALIFAX, N. S., Nov. 29.—The North British society dinner tonight was one of the best in years. One of the guests and speakers was Captain Campbell of H. M. S. Indefatigable, whose grandfather was Sir Colin Campbell. Captain Campbell's pipe played selections during the evening. This pipe always accompanies the warship. Colonel Biscoe, officer commanding at Halifax, another guest who made a speech, is descended on his mother's side from the Earl of Cathness.

POLICE MAGISTRATE RITCHIE.

Sparks Strongly About the Conduct of Boys and Girls.
 In the course of the proceedings against the boys reported for disorderly conduct on City Road, the magistrate this morning said:

"It having developed during the course of the trial that these boys have been out after eleven o'clock I am disposed this morning to call attention to reports that are made from time to time by respectable citizens as to the numbers of young boys and girls who are seen loitering about the streets. The children themselves are not so much to blame as the parents who allow them to go from their homes, not knowing where they are going. Every person who visits our places of public amusement cannot fail to observe the number of small boys loitering about the doors until a late hour, soliciting passes; and bad as the practice of night walking on the part of boys is, much worse and more dangerous is it on the part of young girls. Within a month I had my attention called by a respectable citizen who had occasion to go to the post office between eight and nine o'clock to the circumstances of his seeing two young girls loitering about Canterbury street. And not only on Canterbury, but on other streets as well the practice of young girls walking about is too common. They may be seen loitering around hotels and other public places with no good purpose. The effect of this conduct from our experience is that the boys find their way to our reformatories and jails and the girls after a year or two become inmates of houses of prostitution. Of late we have noticed that the number of boys and girls so being exposed is on the increase.

"If the police bring them here they will be punished, but it would be much better if the parents having the welfare of their children in view, should see to it that they are not permitted to wander about the streets, but kept at home."

The magistrate suggested that the common council might consider the advisability of setting aside a number of the hills in the city for the use of boys for coasting during the winter.

An Old Man's Hat will not look well on the head of a young man. The proportion would not be right and would make a young man look like a mushroom. Neither would a young man's hat be becoming to a gentleman of advanced years. There is an art in fitting a hat. We are artists in this line. Wm. A. Wetmore, Hats and Furnishings, 155 Mill street.
