REVOLUTION MEETS FAVOR.

British Press Generally Approves Panama's Action.

The Fact That It Will Make Another U. S. Sphere of Influence Awakens No Resentment.

LONDON, Nov. 5.—The morning papers here display a greater interest in the outcome of the revolution of the Isthmus of Panama than in the democratic victory in Greater New York. Regarding the election the Standard says:

"It must not be supposed that the citizens of New York are indifferent to honest management of their city affairs, but in America, as elsewhere, a general national contest overshadows local interests."

Concerning the Panama situation the view is expressed on all sides that the United States is not unwilling to see the success of the revolution which would so greatly facilitate the successful carrying out of the canal scheme, and while no paper expresses objection to such a solution some are inclined to think it would be best in the interest of civilization. In this case, however, it is recognized that, if not actually hindered, Panama would become practically an American sphere of influence.

The Post says: "Panama doubtless counts on the friendliness of the United States, which can hardly fail to manifest itself since both governments are at issue with Colombia. An alliance arising in such interesting circumstances may easily become permanent. So small a power as the Republic of Panama would naturally value the advice, both on internal and external affairs, of a great power like the United States."

A writer in the Chronicle thinks that if this crisis is her fate other nations in the Western Hemisphere should take the United States in regard to the canal and carry out the provisions of her excellent constitution. Columbia might become peaceful and prosperous.

LONDON, Nov. 5.—The Times this morning says that Colombia seems to have brought the revolution on her own head by wanton procrastination in regard to the canal treaty. Even should the revolution fail in its own country, the Times says it succeeded in forcing the hand of Colombia into the acceptance of the treaty and acceptance at its original valuation. The attitude of the United States government in the matter, the Times declares to be studiously correct.

UNITED STATES SENDS TROOPS.

WASHINGTON, Nov. 5.—The navy department has received a cablegram from Commander Hubbard, of the Nashville, dated Colon, yesterday, saying that he had landed marines, such action being necessary to protect the lives and property of American residents.

BRITISH GOVERNMENT APATHETIC.

LONDON, Nov. 5.—The British official attitude towards the events at Panama is that it is entirely the United States' affair. The balance of the consequent comparative apathy appears to be shared in all diplomatic quarters in London. Except in the unlikely possibility of some outside interference no action is contemplated by the British or, so far as the Associated Press is able to ascertain from the various embassies here, by any other government.

GERMANY WON'T INTERFERE.

BERLIN, Nov. 5.—Germany, the Associated Press is advised, will observe complete indifference to the political side of the Panama revolution. Both the revolutionists and the associated forces, it is assumed, will respect the personal and property rights of German subjects living at Panama. It is considered likely that the commander of the German West Indian squadron will send a vessel to Colon, which is now the most interesting place within his cruising field. It is also conceivable here that the German commander might land marines, in combination with the United States and Great Britain.

IT ALL DEPENDS ON U. S.

LONDON, Nov. 5.—The question of the recognition of Panama's independence entirely depends upon the action of the United States. If Washington communicates to the powers that it intends to recognize the independence of Panama it is not likely that there will be the slightest objection on the part of Great Britain, while, according to the views of the diplomats here, the other European powers probably will quickly follow suit. There has long been a strong feeling in British official circles that it would be an excellent arrangement if the United States would undertake the preservation of good order and the stability of all the Central American states. This feeling is well known to the American diplomats in England.

TREW DYNAMITE.

Yesterday afternoon John Scribner, of Elm street, deliberately threw a box containing sticks of dynamite into a trench where men were working, near Quinn & Allan's, Main street. The excavating has been going on for some weeks. Scribner was getting \$150, but wanted more, and as this was not granted he quit work on Tuesday. He had the box of dynamite home and it was sent for on Tuesday. Yesterday Scribner brought it to the trench and without warning dropped it in among the workmen. There was no explosion, but the men were badly scared and got out of the way in a hurry. The dynamite was later picked up.

BURGLARS ROB PALACE.

BERLIN, Nov. 5.—The palace of the Prince Regent of Brunswick of Wilhelmstrasse has been burglarized and a porter named Heinrich Degen was shot in the foot by the burglar. A burglar is believed to have been a former employe of the prince regent's.

THE WORLD'S PEACE.

Meeting of the Czar and Kaiser a Good Omen—Anglo-Russian Alliance Mooted.

ST. PETERSBURG, Nov. 5.—The meeting of the Czar and Emperor William at Wiesbaden, Prussia, yesterday, is commented on by the newspapers here as being a fresh pledge of the preservation of general peace.

The Novitch remarks attract special attention as they reiterate the suggestion of the Anglo-Russian rapprochement, which has been recently mooted by some Russian publicists. The Novitch contests the idea that Russia and Great Britain must remain rivals and says the best proof of this is found in the Anglo-Russian alliance. The influence she had exercised on Japan in the present Russo-Japanese difference. The paper sees no reason why a more frequent exchange of views on the subject of international knowledge of each other, should not lead to a similar entente as affected between Britain and France.

A GREAT MAN BURIED.

Notable Gathering at Prof. Mommensen's Funeral—12 of his 16 Children Were Present.

BERLIN, Nov. 5.—The funeral of Prof. Mommensen, the historian, took place today. A great number of scholars, ambassadors, cabinet ministers, and foreign delegates were present. The Crown Prince Frederick William represented the emperor and empress. After the company had assembled in the Emperor William memorial church the crown prince entered by a side door, attended by his adjutant, who carried the emperor's floral tribute, a bouquet of chrysanthemums and palms. The prince advanced and laid the flowers at the head of the bier. He then withdrew and entered the royal vault, which was the chance of the hour. Prof. Mommensen's children, of whom twelve out of sixteen are living, occupied the chairs with the grand children. Frau Mommensen, the widow, was too ill to attend.

KILLED FAR FROM HOME.

Fatal Accident to E. I. Man in New Hampshire—Body Goes Home.

The body of Arthur Ramsey, who was killed by an accident last month in the stone quarry of the Pike Manufacturing Co., of Pike, New Hampshire, passed through the city today, in charge of William Ramsey, brother of the deceased man. Burial will take place at North St. E. I., the former home of the deceased.

The accident by which Arthur Ramsey met his death occurred on the 24th of last month. It was Mr. Ramsey's duty to attend to the hands used in the quarry for the removal of heavy stones. The car which he was attending at the time rested upon a truck of four small wheels, so arranged as to tilt on the balance of it. The least undue pressure he brought to bear on either end.

As Mr. Ramsey was wheeling his car loaded with stones, round a curve, some way it lost its balance and tipped over, precipitating its heavy contents upon him. His side and back were crushed by the heavy stones, and he was picked up in an unconscious condition.

William Ramsey, the injured man's brother, who was working in Massachusetts at the time, was notified by telegram of the accident with which his brother had met, and at once repaired to Pike. The best medical aid in New Hampshire was called into requisition, eight physicians in all being in attendance upon the unfortunate man, who after lingering for a week expired.

Arthur Ramsey was a young man, twenty years of age, and had been in the United States for some time.

WHO'S TO BLAME?

Many Passengers Taking Wrong Trains Complain of Lack of Information.

During the past two weeks, a number of incidents have occurred at the depot which have caused much annoyance to railroad officials and which do not tend to enhance the reputation of I. C. R. employes for courtesy to strangers. In two weeks no less than six persons, all of them inexperienced travellers and not acquainted with the city, have taken the wrong train at six o'clock, and all under practically the same conditions. Yesterday afternoon a young girl came in on the Maritime express. She had been given just enough money to buy a C. P. R. ticket to Montreal and bought the ticket in the morning. She went to the depot at that hour she went to the depot and upon asking directions was gruffly and unsatisfactorily answered. Two trains were drawn up in the station and the girl went on board the wrong one, which turned out to be the I. C. R. express. At Brookville she was put off the train hurriedly, and without any explanation of what she should do. A gentleman there had her sent back to the city by the seven train, but she was, of course, too late to connect for Montreal and had to remain over until this evening. Without money or friends the young lady was in a rather wretched state, but was looked after by C. P. R. officials. This makes the sixth case of its kind in two weeks.

The new party will also oppose the present Bond Ministry and the regular opposition led by Alfred Morin.

ALASKAN LINE STILL IN DOUBT.

Large Territory Remains in Dispute.

May Be Trouble Yet Over the Section of Boundary Which Tribunal Failed to Mark.

NEW YORK, Nov. 5.—The Sun in a Washington despatch says that an important fact in connection with the recent deliberations of the Alaskan boundary tribunal appeared yesterday, when it became known that a stretch of territory 140 miles in length and of uncertain width is still in dispute and is likely to remain so some time.

The significance of this was not appreciated by the president or the state department until within the last two or three days, owing to an error in the transmission of the summary of the tribunal's award as cabled from London.

A close reading of the summary made it appear that the members of the tribunal were unable to determine, on account of lack of data, the exact course the boundary should take along the shore distance between Kate's Needle and Devil's Thumb, mountain peaks belonging to the main range between British Columbia and Alaska. Even this fact did not attract attention. It now appears that the territory still unawarded stretches north and south over the 140 miles between Kate's Needle and Devil's Thumb.

As it happens, the territory in question is of region of wildest character, absolutely destitute of valuable resources, so far as known, and covered by perpetual ice and snow. Neither the United States government nor Canada cares much about this strip, but there is a remote possibility that future developments will make it a cause for regret that the question of sovereignty over the whole region was not settled.

The part of the line in question connects nearly a quarter of the whole boundary line between Alaska and the British possessions. Devil's Thumb is a prominent mountain peak about 75 miles southeast of Skagway. Kate's Needle is a peak 140 miles due north of Devil's Thumb.

SUPREME COURT.

FREDERICTON, Nov. 4.

When the Supreme Court assembled this morning the motion paper was taken up.

The Tobeique Salmon Club v. McDonald—Carroll moves for judgment as in case of non-suit for not proceeding to trial according to notice. A. B. Connell, K. C., contra motion, refused on plaintiff giving the usual peremptory undertaking.

The King v. Martin. Referred by the police magistrate of the City of St. John. Baxter moves to quash a conviction against the defendant for harboring a deserter, the plaintiff, Fred Taylor contra. Court considers.

William D. Steeves v. James Carnworth. Geo. W. Allen, K. C., moved for judgment quasi non-suit for not going to that point in notice. Referred on peremptory undertaking being given.

Sealey v. Dalton. Entered by order of Justice McLeod, S. W. Palmer presiding. Referred to City of St. John civil court. A. W. Baird contra. Court considers.

The remaining cases on the motion paper will be argued tomorrow morning, when the crown paper will be taken.

The examinations for attorneys commenced this afternoon. The candidates are: W. H. Harrison, St. John; Walter P. Limerick, Fredericton, and C. H. Elliot, Andover. The examiners are: St. B. Philmore, K. C., George W. Allen, K. C., and J. B. M. Baxter.

NEW ASYLUM MATRON.

A short meeting of the government was held this morning, when Mrs. Louisa Hetherington, widow of Hedley Hetherington, was appointed to the position of matron at the asylum, succeeding Mrs. Young, who recently resigned. The appointment dates from the first of November, and Mrs. Hetherington will enter upon her duties at once. She has for the past four years occupied the position of matron at the asylum.

The government meets again at half-past two this afternoon.

FILIPINO VENGEANCE.

MANILA, Nov. 5.—Yesterday a party of Lardones captured the teniente municipal officer of Buena Vista, near Malabon, Cavite. They cut the tendons of his legs and left him on the roadway. The outrage was an act of vengeance because the teniente had given information to the authorities regarding the movement of the Lardones.

NEWFOUNDLAND EXCITED.

ST. JOHN'S, Nfld., Nov. 4.—A sensation has been created here by the formation by former Premier Sir William Whiteaway and former Attorney General Donald Morrison, of a political party which will appeal to the country next year on a policy having in view union with Canada. The new party will also oppose the present Bond Ministry and the regular opposition led by Alfred Morin.

COAL STRIKE CERTAIN.

Miners in Four States Will Go Out Nov. 9th, by Order of John Mitchell

DENVER, Colo., Nov. 5.—Governor Peabody and Commissioner of Labor Montgomery have practically given up hope of being able to avert a general strike of coal miners in district 15, which includes Colorado, New Mexico, Utah and Wyoming. Mr. Montgomery speaking of the situation, said:

"If the miners persist in calling a strike unless a conference is arranged by November 8, then I am afraid there will be a strike. We have tried in every way to bring about a conference and have failed."

It is understood that the Colorado Fuel and Iron Co., and the Victor Fuel Co., which employ the greater portion of the men who will be affected by a strike, have unequivocally refused to treat with any persons except their own employes direct. Notices have been posted at several of the mines ordering the men to quit work on November 8. They are signed by John Mitchell, national president.

POLICE COURT.

Gabriel Bear, who was arrested last evening on the charge of escaping from custody, in the police court this morning pleaded guilty to the charge. He was remanded for sentence.

Charles London and William Harding were arrested for fighting on Brunsels street. London pleaded guilty but Harding denied the charge and both were remanded for further evidence.

Michael Olive was fined four dollars for drunkenness.

FISH MORE PLENTIFUL.

If one were to listen to and believe the hard luck stories told by fishermen it would seem that there is not so much as a dried cod on the market. But in spite of the famine yarns there has at only one time this season been an actual shortage. At other times although the supply has been limited there has always been some fish on sale. During the past week the weather has been favorable and as a result the ordinary stock of cod, had dock and herring has been increased by the arrival of mackerel, halibut and pickrel.

FUNERALS TODAY.

The funeral of John Dick, who died of apoplexy at St. George on the 3rd inst., took place this afternoon at 2.30 o'clock from the residence of his son-in-law, Richard F. Knox, 115 Mecklenburg street. The Rev. Dr. Gates officiated and interment was made in Fernhill cemetery.

At 2.30 o'clock this afternoon the funeral of the late Maria Swan was held from her residence on Peters street. Services were conducted at the house by the Rev. Mr. Matthews, of the Exmouth Street Methodist church and interment was made in Fernhill.

Father and Son BOTH CURED OF (KIDNEY TROUBLE) BY

Doan's Kidney Pills.

Mr. Benjamin Brooks, a well-known farmer of West Cape, P.E.I., tells of how his son was cured of Kidney Disease, and how he was cured of Backache.

The First Sign of Kidney Trouble.

He says: "Our little boy was troubled with kidney disease. We had tried many kinds of kidney pills but they only helped for a time. We got Doan's Kidney Pills and one box effected a perfect cure. About six weeks after this I caught a very bad cold that settled in my kidneys. My back was so sore I could hardly walk. I went to the drug store and got a box, took them according to directions and the result was that my back was completely cured. I believe they are the best kidney pill on the market to-day."

There is not a kidney trouble from Backache to Bright's Disease that Doan's Kidney Pills will not relieve or cure. The price is 50 cts. per box, or 3 boxes for \$1.25 and may be procured at all dealers or from

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

NEW DEAF AND DUMB SCHOOL. The new school for the deaf at Lancaster Heights will probably be opened to receive pupils next week.

The number of parents heard from is even larger than had been expected and it is thought before the close of the year thirty-five to forty New Brunswick children will be in attendance.

The staff of instructors at present engaged comprises: The principal, James A. Weaver, late of the Halifax school for the deaf; Miss Mary Reid, formerly of the schools for the deaf, London and Margate, England; Miss Catherine Mahoney, Ernest E. Prince. These are all trained teachers.

STREET RAILWAY MEN'S PICTURES. All the conductors and motormen of the street railway, along with a number of the officials, have had their photos taken. These will be arranged in a group, and large pictures made of the lot.

With the last pay envelopes received the men were each given a photo of Matthew Neilson, the former manager. These photos are highly appreciated.

Chronic Constipation surely cured or money back. LAXA-CARA TABLETS never fail. Small, chocolate coated, easy to take. Price, 25 cents. At druggists.

FREE KINDERGARTEN. A meeting was held in the Y. M. C. A. yesterday of those interested in the establishment of a free kindergarten here. Rev. W. D. Raymond spoke of the proposed school and outlined the plan. The school will cost for the first year about \$300. Miss Pickert said there was about \$100 worth of material at Victoria School which can be had.

Rev. C. T. Phillips, W. C. Matthews, A. B. Cobbe and Mrs. A. A. Stockton, Miss Burditt and Miss LaValle also spoke.

The following committee was then appointed to make arrangements for a room, probably either in St. Mary's church or Glad Tidings Hall, and to receive subscriptions for the carrying on of the work: Mrs. A. A. Stockton (convener), Mrs. H. H. Pickett, Mrs. G. D. Scott, Mrs. Matthews, Mrs. Frank Hatheway, Miss Hanington, Miss Gunn.

The free kindergarten movement has been well begun. It needs but the sympathetic co-operation of the citizens to assure complete success, and it has a proposition more worthy of support in every way than has been offered to them.

The fixing of an agreement between the longshoremen and the steamship people assures the winter port of freedom from labor troubles this winter. If all the unions in the city were managed with as much common-sense as the Longshoremen's Association, there would be fewer disagreements.

The Hamilton Gleaner, one of the oldest and ablest liberal journals in Canada, sorrowfully remarks: "Sir Wilfrid Laurier is just as reckless in financial matters as Mercier was, just as impulsive and as easily hoodwinked by designing men, and his fate will be that of Mercier—he will fall by the vote of an electorate who are determined they shall not be plundered."

Colonel Tucker's announcement that he advocated the interests of St. John so strongly that his own party called him a conservative, is worth noting. It seems to indicate that only conservatives at Ottawa are friendly to this town and port.—Sun.

THE NEW LIBERAL. While Colonel Tucker professes his unwillingness to be called a conservative, the views he expressed in the Board of Trade on Tuesday exhibited the torism of a century ago. Debate in the house of commons is in his opinion a waste of time. Free discussion in public is no good. Let everything be settled in the council of the government and the caucus of the party. The only votes that are of consequence are those taken in secret. The only speeches should be those made behind closed doors. Exclude the people, tie the doors, banish the reporters, settle everything, and then tell the people that the thing is done and they must accept the decisions and pay the bills. Such is Colonel Tucker's liberalism.—Sun.

Pandora Range Entirely New

Has been under construction for more than a year—six months were spent in testing and perfecting the range before it was offered for sale.

Is built on entirely new and modern principles from entirely new designs—no old patterns were used to hamper the good working qualities of the new features.

Possesses labor and fuel-saving devices which are entirely new—triple, triangular grates, enameled steel reservoir and special flue construction, are not used in any other make of range.

The fire-box, hot-air flues, body and oven linings, dampers, etc., are improved over old styles and all combine to make a perfect baking oven.

Bold, rich carving extra highly-polished nickeling, heavy leg base and sheet-steel warming closet give the "Pandora" a rich, elegant appearance not seen in old style ranges.

Sold by all enterprising dealers. Booklet free to any address.

Dalhousie Defeats Acadia 7 to 0. WOLFVILLE, N. S., Nov. 4.—Dalhousie defeated Acadia at football here today, by score of 7 to 0.

Dalhousie won the toss. The first half was a series of scrimmages with ball near the centre, except in first five minutes when it was dangerously near Acadia's line.

In second half Acadia kicked the ball into Dalhousie's territory and their full back muffed and Acadia by a dribble forced the visitors to touch for safety.

After the face off Acadia had the advantage until the last minute of play when Dalhousie kicked the ball into Acadia's territory, but Acadia prevented Acadia from making ground.

The St. Joseph's team passed through the try yesterday afternoon on their way to Fredericton, where they will play the U. N. boys today.

WORK WITHOUT TENDERS. Plumbing for Immigration Building Will be a Government Plan.

Although the city built that portion of No. 4 shed which is to be used for immigration purposes the plumbing, heating and lighting will be done by the Dominion government. This property belongs to the public works department, an office in which much time is spent in deliberation. The immigration department seeing that the old building, which was damaged by fire last April, has not yet been repaired, began to fear that if the public works people were allowed to complete the new building it might be in readiness when the dry dock is built. So the immigration department has taken over the job of plumbing and this will be rushed along. It is, however, rumored that tenders will not be asked, but that the work will be given to a government supporter. However, this may be those interested are anxious to have the thing hurried along and completed as soon as possible. The building will not be ready for the first boatload of immigrants who land here. They are due to arrive by the Lake Champlain on Nov. 21st, or only a little more than two weeks from now.

APPLE INSPECTION.

W. F. Hatheway Reported for Violating Fruit Marks Act.

G. R. Sangster, of Moncton, provincial inspector under the Fruit Marks Act, is in the city today having a look at some of the apples now being landed here. Mr. Sangster's opinion as to the duties of an inspector practically agrees with the ideas expressed by dealers here. He believes that the inspector should see the fruit, and is today practicing what he preaches, by going through the shipments around Market Slip.

Were the inspector to confine his attentions to the markings alone, a barrel marked gravensteins might be filled with potatoes for all the inspector would know.

There are now twelve apple laden schooners in port, having in all about five thousand barrels. The present week has seen four schooner loads sent from here to London.

On the schooner Susan N., with a load from Burlington, N. E., wanted eighty barrels of apples for W. F. Hatheway. Of these only nine barrels were marked according to the requirements of the act, the others bearing no markings whatever. In cases such as this, the person who is in possession of the apples becomes liable, and Mr. Hatheway has been reported by Inspector Gandy for violation of the act. The hearing of the case will take place before Magistrate Ritchie tomorrow.

A WEARY WANDERER.

A man who gave his name as John Moran, and who hails from Canterbury, acted very strangely in Carleton yesterday. He appeared to be a little off, was dressed in a rather peculiar manner and had a crowd of children following him. Serjt. Ross took the man in charge, but did not know what to do with him. Moran wanted to go to Musquash, and after being shown the road was so far successful as to reach the North End, by way of the bridge. He was taken in charge for the second time, and after being given a night's shelter was set go this morning.

A LOST BOY.

John Stack, of 52 Erin street, applied at the central police station today for assistance in searching for his son, Willie Stack, a boy nine years old. He was home yesterday to dinner and since then has been neither seen nor heard of by his parents. They cannot account for the boy's absence, as such a thing has never happened before, and they are naturally much worried. Willie was dressed in a grey checked suit, with white shirt, black tie, and a small black cap.

Yesterday afternoon and evening, but especially in the evening, the Marsh road was more lively than on a Sunday afternoon. In winter there were fully one hundred and fifty horses out and some good speeding was done.

The well known trotting stallion Black Pilot, the sire of many speedy horses in the provinces, is now owned in Moncton by Ezekiel Steeves, who purchased him recently from Nova Scotia parties.

The Hamburg-American liner Arcadia, with a large number of passengers, docked at Halifax last evening. The immigrants will pass through St. John by special train tonight.

THE DREAM OF INDEPENDENCE.

To the Editor of the Star:

Sir—The few people who talk earnestly of Canadian independence as a remedy for the drawbacks of forming a part of the British Empire, are of two classes—the enthusiastic and unreflecting, who have never given the question a serious study, and the well-considered, who hope to push forward their unpopular cause under the mask of a more popular and attractive name.

We cannot become independent, or rich, or powerful simply by residing in the city. We must be so. Supposing our independence declared in words and form, what next? We are a small population, scattered over an enormous undeveloped territory, few of us are rich and most of us are already taxed quite as much, directly and indirectly, as we can stand without grumbling. Whence is the money to come to pay for the men and "material" of an efficient modern army and navy, the foreign embassies and agents and all the other expensive machinery necessary for a separate national existence?

But suppose all these difficulties removed and ourselves established in all the new born dignity of a separate and isolated nation. How long would our new fledged independence last, rubbing shoulders with the United States, twelve times as populous, a hundred times as wealthy, and possessed by a rooted, inveterate determination to extinguish our separate existence by every possible means, fair or foul? Would Britain be any readier to fight the United States for us than she is now? Would any great European power come to our aid upon any terms that we could afford to offer? In short, this talk about Canadian independence is mere rubbish and moonshine—the work of crafty, intriguing playing upon credulous unreflecting enthusiasm. Independence, if we had it, would be a very poor and a very lonely thing. The sensible Canadian (I say nothing of loyalty) regrets this absence. H. H.

ELOPERS CAPTURED.

Amelia Wright, the romantic colored woman of Fredericton, who eloped on Monday with Lothario McIntyre, of the Oranook, was brought back Tuesday evening and appeared before Police Magistrate Marsh yesterday morning to answer to the charge of adultery preferred by her husband, John A. Wright. The defendant pleaded not guilty, and after his honor had expressed a wish that the parties settle the matter amicably and either agree to stop fighting and live together or separate, the case was adjourned until Saturday morning at eleven o'clock. The defendant was allowed to go upon her promise to appear at the appointed time.

DALHOUSIE CHAMPIONS.

The Army play their last game of the series today against the Navy, and they have decided to forfeit the game with Dalhousie for Saturday, which will allow Dalhousie Wanderers to advance their game a week. The Army's forfeit thus definitely settles the championship, which once more goes to Dalhousie.

The game between the Wanderers and Dalhousie will take place next Saturday, and will be the last of the league series. Arrangements are being made to have Dalhousie and all-India play the following Saturday.

Acadia College will probably play the Wanderers here next week. University of New Brunswick also wants to come next week.—Acadian Recorder.

REV. L. D. MORSE FOR WOLFVILLE.

The Wolfville Baptist church has unanimously resolved to extend a call to the Rev. Lewis D. Morse to become their pastor. Mr. Morse graduated from Acadia in 1888, and after a three years' course at Newton Theological Seminary, went on a missionary to India, where he did excellent work till failing health compelled him to return to his native land. He has so far recovered as to be able to take up pastoral work in the province.

CRYSTAL WEDDING.

A number of friends of Mr. and Mrs. Richard Evans of Sydney street, made a surprise call on them on Monday evening, the date being the fifteenth anniversary of their wedding, and presented them with a number of pretty and useful gifts of glassware.
Mr. and Mrs. Evans when they received from their surprise devoted themselves to providing a very pleasant evening for their merry guests.

CONCERT THIS EVENING.

A concert will be held in the Orange hall at Fairville this evening, Nov. 5th, under the auspices of Willis, L. O. L. No. 78. A good programme has been arranged. The best local talent available has been secured.
The concert committee wish to notify the public that this concert is not associated with any dance that may be held in the hall.

PLEASANT SURPRISE.

Mrs. John Thomas, Prince street, West End, was agreeably surprised when the ladies of the Monday class of the Carleton Methodist church, taking advantage of the anniversary of her birthday, Nov. 2nd, presented her with a hymn book and handsome velvet rocking chair. Refreshments were served and a very enjoyable evening spent.

TONIGHT'S GRAND CONCERT.

None should miss the splendid concert in the Opera House this evening when some of Scotland's leading artists will appear for the first time in this city. Plenty of good seats are still left for which there will probably be an excellent demand this evening.

Work on the new library building has progressed so far as to require the contractors to begin the roofing.

PERSONALS.

Rev. David Patterson of Washademoak has received a call from the Free Baptist Church at Victoria.

Rev. Arthur Ross is soon to take charge of the Presbyterian Church in Andover.

Fred Secord, branch manager of the Sun Oil Company, arrived home yesterday morning from Warren, Penn., where he has been in connection with the oil business.

Mrs. Willoughby Cummings, who has been the guest of Mrs. Robt. Thomson, left for her home in Toronto by the I. C. R. yesterday.

Miss Muriel Thomson left last evening for Toronto.

Dr. G. P. Hay and Mrs. Hay went to Boston yesterday morning via the D. A. R. Yarmouth route.

Mrs. C. F. Tully and Miss Josephine Hutchinson are visiting friends in New York.

J. J. Chappell and daughter, Mattie, of Charlottetown, P. E. I., are visiting in St. John the guests of Mrs. W. Starkie, 22 Stanley street.

Rev. W. C. Kierstead, B. D., Ph. D., of the University of Chicago, has a church of Rockford, Ill., while continuing his studies at the university.

Dr. W. L. Ellis and Mrs. Ellis arrived in the city this morning on the Canadian Pacific express. Dr. Ellis will be stationed in Carleton during the winter as the official immigration physician.

Mr. and Mrs. E. L. Rising arrived home this morning on the Boston express.

J. Douglas Hasen, Geo. V. McInerney, C. J. Coster and R. L. Lawlor, came down from Fredericton this morning.

Miss Taber of Fredericton is visiting her sister Mrs. G. R. E. McDonald.

N. S. CONSERVATIVES.

HALIFAX, N. S., Nov. 4.—C. E. Tanner, M. P., who has been spending considerable time during the recent weeks, perfecting the organization of the liberal conservatives of Nova Scotia, was in the city. Seen by a correspondent and in reply to the question: "How are matters political progressing in Nova Scotia province?" he replied: "Very satisfactorily, liberal conservatives throughout the province are showing keen interest in the coming election. Four counties in the province are represented by conservatives and candidates have been nominated in all the others except three. Kings, Yarmouth, and North Cape Breton-Victoria. These gaps will soon be filled and the party will be in line from one end of the province to the other. There is a growing opinion throughout the province that the days of the government are numbered. Moderate liberals speak doubtfully of the result of the next elections. A year ago I do not believe any such current was running against the government. Mr. Borden stands very high in the estimation of his party throughout the province. Every one has expressions of confidence in him as a leader, and of unqualified admiration of the splendid fight he made during the last session. On the whole I think the prospects of the party in Nova Scotia are very good."

LONGSHOREMEN'S WAGES SETTLED.

Last night a meeting of the board of management of the Longshoremen's Association was held to settle finally the rate of wages for the coming winter. The meeting was held in consequence of representatives received yesterday afternoon from Capt. Frost, of the C. P. R. steamer, Thos. M. Naldu, superintendent of the Dominion line in Canada, and Mr. McMaster, representing the Alliance and other lines, who arrived in the city yesterday for the purpose of conferring with the longshoremen.

At last night's meeting it was agreed to fix the rate at 30 cents per hour, day and night. Half time will be charged for all hours after noon are called out for night work. Forty cents is fixed at the rate for trimming grain. Double time is named for Sundays and holidays. A day is of ten hours.

When the steamship people heard of the decision they expressed themselves as perfectly satisfied.

WHEAT COMING.

The first wheat to be sent from St. John is now on its way from the Port William elevators and will reach here in the course of a few days. The C. P. R. freight department wanted to have some on hand by the time the first steamer arrived, and accordingly two hundred carloads be sent. Some of this has already started and the remainder is being forwarded from Fort William at the rate of ten carloads per day.

The Sand Point elevator is now being put in readiness for the season's work. In the spring all the machinery is disconnected and the fittings packed during the summer.

LAKE SUPERIOR MOVED.

This was the day fixed for the floating of the stern portion of the Lake Superior and the undertaking was successfully carried out. Early this morning the pumps were going and before nine o'clock the section of the steamer was floating. Hawsers were run to the wharf and double tackle attached with a crowd of men on the ropes the wreck was pulled away from the beach, nearer the wharf than the bow of the steamer. This latter will also be drawn up further than at present. The work this morning was rendered more easy on account of the unusually high tide.
