Boston, May 21.—Clarence V. T. Richeson was electrocuted at 12.17 o'clock this morning. The current was turned on at 12.10.02 and the prisoner was declared totally dead at 12.17.08.

The former Baptist clergyman, confessed poisoner of Avis Linnell, of Hyannis, his one time sweetheart, was outwardly calm when he entered the death chamber and he maintained his composure while the electrodes were being adjusted as he sat in the electric chair.

The list of those appointed to witness the execution of Richeson include besides the three physicians who are official witnesses, Rev. Herbert S. Johnson, the prisoner's spiritual adviser; Edmund C. Kelley, first deputy sheriff, representing Sheriff Quinn, and one representative for each of three press associations. The three medical witnesses are Dr. George P. McGrath, medical examiner of Suffolk county; Dr. Joseph I. McLaughlin, the prison physician, and Dr. J. P. Butler, Surgeon Major of the Ninth Regiment, Massachusetts National Guard; Rev. W. Stebbins, the prison chaplain; the Warden, General Benjamin F. Bridges, and assistants, make up the rest of those admitted to the death chamber.

Richeson has no supper, saying that he desired none. After eating a little fruit he lighted a cigar, and he was sitting on the edge of his cot, apparently enjoying his smoke when Deputy Warden Allen entered his cell with the black suit of clothes to be worn during the execution. Richeson nodded calmly to the deputy but said nothing. Yesterday and during the forenoon today the prisoner lay on his cot, but this afternoon and this evening he sat up most of the time.

OPPOSITION IS  
LOSING HEART IN  
ALBERT COUNTY

View Prospect of Election with  
Apathy—County Will Join  
Rest of Province in Clean  
Sweep.

Special to The Standard.  
Albert, May 20.—F. F. Ryan, of Coverdale has been in the southern part of Albert County since Thursday last returning to his home in Coverdale today. It is settled among the opponents of the local government that Messrs. Olin and Ryan will be their candidates in this constituency for the provincial elections. A convention will be held to confirm these nominations at Albert, on May 28th.  
Throughout the entire county the opposition supporters are viewing the coming contest with apathy, and there is little doubt even in the mind of the most ardent Grit, that Albert will join with the rest of the province in showing its appreciation of honest and efficient administration when election day comes.

Exports of Butter to Great Britain Have Decreased Alarmingly.

New Zealand and Australia Have Seized Opportunity to Appropriate Most of Trade—Cheese Also Declining.

Special to The Standard.  
Ottawa, May 20.—That Canada during the past ten years has lagged far behind Australia and New Zealand in exporting butter to Great Britain is shown by comparative figures prepared by the Department of Trade and Commerce. Since 1902 when Canada sent 285,765 cwt. the exports have steadily declined, except 1905, till last year they amounted only to 81,936 cwt.  
Australian butter exports in the same period increased from 30,297 cwt. to 874,399 cwt., and New Zealand from 157,993 cwt. to 276,446 cwt.  
Canadian cheese exports have also declined, while New Zealand exports have increased. Australia sent comparatively little in this period.  
There have been, says the departmental report, good causes for Canada's decrease in exports of butter to the United Kingdom.

WILL LIKELY  
PROTEST THE  
ADAMSON BILL

Government Will Investigate Proposed Legislation in United States.

Canadian Railways Operating Steamship Lines Would be Denied Use of Big Ditch and Treaty Violated.

Ottawa, May 20.—The Adamson bill referred to in the Canadian Press despatches today, had not been brought to the government's attention until this morning, and it will be the subject of an inquiry. If the effect of the bill is such as is represented, it will have a vital effect upon the Canadian Pacific, Grand Trunk and Canadian Northern steamship lines, all of which ply to American ports. Apart from the international discounts which is involved, it is quite plain that the proposed enactment is a violation of the Hay-Pauncefote treaty in so far as the Panama canal is concerned. Last winter in France to allow the transfer or re-employment of Ambassador Louis from St. Petersburg.  
The Paris Journal quotes an unnamed Russian diplomat as saying that the Canadian government's proposal to allow the transfer of the Canadian Pacific steamship line to the United States is a violation of the Hay-Pauncefote treaty. The diplomat adds that it is possible Ambassador Louis will not be the first to leave his post.  
An inspired despatch from St. Petersburg to the Temps denies in the most categorical form the insinuation that there is a divergence of views between France and Russia. Russia, according to the Temps, is anxious to bring the Russo-Italian war to an end as it is causing immense losses to Russian shipping. Nevertheless, the Russian government does not harbor the slightest design against Turkey, nor is it exercising pressure on Turkey.  
Russia is likewise anxious to preserve the existing condition of things in the Balkans for the purpose of maintaining the understanding with Austria and Italy. These understandings are not inimical to France, which the Temps will not be influenced by the attempts of schemers to destroy the solid Franco-Russian alliance.

GERMANS TRY  
TO DISRUPT  
AN ALLIANCE

Press Makes Much of Alleged Franco-Russian Dis-agreement.

Situation Becomes Delicate on Account of Undue Comment Aroused — St. Petersburg Authorities Deny Rumors.

Paris, May 20.—French opinion is perturbed in consequence of the attempts of the German press to emphasize the importance of the diplomatic incident in which the names of Georges Louis, French Ambassador to Russia, who recently tendered his resignation, and M. Javolsky, Russian Ambassador to France, have been involved and by the efforts of the Berlin newspapers in trying to make out that the affair shows the alliance between France and Russia is on the verge of rupture.  
This is declared here to be absolutely untrue. The countries are closer than ever together and Premier Poincaré's forthcoming journey to St. Petersburg will be devoted to the strengthening of the bonds that unite them.  
In the meantime the position of M. Javolsky at Paris is being rendered delicate by excessive comment on the affair and by the charge which is quite without substantiation that he has been working secretly with T. Masso Titoni, Italian Ambassador to France, over the heads of the St. Petersburg and Paris governments, in connection with the suggested mediation in the Turco-Italian war.  
Another result of the discussion is to make it impossible at present for France to allow the transfer or re-employment of Ambassador Louis from St. Petersburg.  
The Paris Journal quotes an unnamed Russian diplomat as saying that the Canadian government's proposal to allow the transfer of the Canadian Pacific steamship line to the United States is a violation of the Hay-Pauncefote treaty. The diplomat adds that it is possible Ambassador Louis will not be the first to leave his post.

Washington, May 20.—Arrangements are about completed for a three days' celebration in connection with the unveiling of the statue of Christopher Columbus, the discoverer of America, at the Union Station plaza in this city on June 8. President Taft, Chief Justice White, of the Supreme Court of the United States, members of the cabinet and judges of the highest tribunal in this country have already signified their intention of participating in the ceremony and government and other leading men of the various states will also be present.  
Invitations are being sent out this week to Premier Borden, Sir Charles Fitzpatrick, Chief Justice of the Supreme Court of Canada, Sir Lomer Gouin, premier of Quebec, and cabinet ministers of the Dominion and the various provinces as well as Sir Francis Langhorne, lieutenant governor of Quebec, Mr. Stange, Papal Delegate for Canada and members of the Canadian hierarchy, and other public men throughout the Dominion, while special trains will bring thousands of members of the Knights of Columbus, including Hon. Charles J. Doherty, minister of justice, Dr. J. J. Guerin, ex-mayor of Montreal, both past grand knights of Canada Council, Montreal, and Mayor Chabhan, of Halifax, who will take part with their brethren of the United States in the ceremony of unveiling the statue to the great discoverer whose qualities furnish the inspiration of their order.

London, May 20.—Arthur J. Balfour the former premier, speaking today at the annual meeting of the Victoria League of the Empire, said he believed that at no distant date a scheme for an Imperial parliament would be matured by which Great Britain and her self-governing colonies would be united into one. The whole trend of events, he said, was to bring closer the widely scattered parts of the Empire. He was a profound believer in the truth that local patriotism properly understood was no obstacle to a larger patriotism.

Montreal, May 20.—Much alarm was caused in Montreal tonight by a story appearing in late editions of the evening papers to the effect that Arthur B. Stringer, and his wife and a child, had been killed in an explosion of an oil stove at their summer home at Cedar Springs, Ontario. The New York Journal according to wire from New York, had the same story, but gave the place of the tragedy as Cedar Springs, Kent county, Ontario. Mr. Stringer is well known in Montreal and his stories and poems are much read.  
No direct word from Cedar Springs could be got tonight, but Mr. Crombie, assistant to Vice-President Kelley, of the Grand Trunk stated to a Canadian Press representative that he had just been in touch with Mrs. George Stephenson, an aunt of Mrs. Stringer who resides at Chatham, Ont., by long distance telephone, and that she stated that she had been conversing with the Stringers at Cedar Springs by local telephone. They stated that absolutely nothing had occurred to give rise to any such report as had been circulated and were at a loss to account for the item which appeared in Toronto as well as in Montreal in late evening extras.

BIRD-MAN BOMBARDED  
BATTLESHIP AND  
FORTS WITH FLUR

Boston, Mass., May 20.—Arch Freeman, in a Wright biplane flew over Fort Heath and Fort Banks today and then up the harbor over the battleships Rhode Island and New Jersey dropping toy bombs on both forts and warships.  
The bombs consisted of 16 ounces of flour. Inside of each of them was a tin of flour.  
"What if there were 16 ounces of nitroglycerine instead of flour?" Freeman asked over Fort Heath at an altitude of between 500 and 700 feet. He dropped three bombs. The first was a ringer, another hit a gun and the third an embankment.

Connaught Expresses Sympathy With Work of the Association.

Letter from Governor General Read at Opening Session of Annual Meeting Held in Toronto Yesterday.

Toronto, May 20.—Further expression of the earnest interest taken by the Duke of Connaught in the anti-tuberculosis movement was contained in a letter from His Royal Highness to Dr. Geo. D. Porter, secretary of the Canadian Association for the Prevention of Tuberculosis, which was read at the opening session of the association today, in which he expressed his sympathy with the work and the necessity of education along preventive lines.  
His Royal Highness said in part: "I am sure the thoughts of others are often turned, as are mine, to the thousands of children who are born in Canada and who immigrate every year, and that others wonder, as I do, how many of these little ones, are doomed simply to lack of fresh air and pure milk."  
"I trust that the work of your association may establish an influence on the public of Canada which will in due course militate against the ravages of tuberculosis."  
"Believe me,  
(Signed) "ARTHUR."  
The annual meeting began today in the Margaret Eaton Hall, with Dr. George Adams, the president, in the chair.  
Hon. Adam Beck was the chief speaker.  
Hon. Mr. Beck will probably succeed Dr. Adams as president. The next meeting of the association takes place in Ottawa.

Brussels, May 20.—A semi-official communication dealing with false reports as to the private life of the royal family was issued today in the following terms:  
"Since the recent garden party held at Laeken, calumnious reports have been put in circulation concerning the private life of the royal family. It was never declared that on the day of the garden party the Queen of the Belgians surprised King Albert in the company of a chambermaid and that the queen shot the woman dead with a revolver.  
"King Albert had no knowledge of these reports although, for several days military officers attached to the court had learned of them by telephone calls both from Belgium and abroad. After consultation it was decided to acquiesce in the king with the report. His majesty was astonished and very indignant.  
"Criminal proceedings were instituted this afternoon before the king's procurator."

Enthusiastic Speeches of Candidates and Vivid Contrast of Administration of Old and New Governments, by Hon. H. F. McLeod, Mark Convention at Albert.

Special to The Standard.

Hillsboro, May 20.—A convention of electors favorable to the Fleming government was held here today. The chair was occupied promptly at three p.m. in the public hall. Isaac C. Prescott, warden of the county, was elected chairman and Clyde Stevens acted as secretary and the attendance was very large.

Among those present were the following citizens: Wm. Wilmet, A. A. Milton, J. B. Stevens, Alex. Garland, Dr. S. C. Murray, Coun. T. A. Goggin, Warden Isaac C. Prescott, James Fowles, Sheriff Carter, E. E. Hewkes, W. A. Hawkes, John M. Tingley, W. Bray, J. Clifford Stevens, E. E. Peck, Freeman Crocker, B. De Milton, Geo. McBurn, Norton Morrison, Capt. Alanzo Virgie, E. A. Smith, Joel Bennett, R. D. Rose, W. Porter, Charles Aver, Stephen Cain, R. P. Colpitt, James Prosser, Ralph Stevens, John Garland, John Stiles, Mariner T. Stevens, Alex. Irving, Coun. H. J. Stevens, Clyde Stevens, Walter Stevens, John L. Peck, Clifford Stevens, Truman Beaumont, Isiah Tarris, Samuel Hume, Michael Stevens, Beecher Stevens, Henry Stevens, W. F. S. Stevens, Alfred Jones, Bliss-Duffy, Patrick St. Clair, Frost Carter, Walter Parlin, Holmes Stevens, L. S. Dawson, L. N. Gross, Henry Balber, Miles Murray, Clifford Collier, Robt. Miller, R. P. Milton, S. E. Martin, Robt. Slater, Samuel Robbin, Geo. Smith.  
After the meeting was called to order it was decided by unanimous vote to proceed in open convention to nominate two candidates to support the Fleming government. Moved by Miles Murray seconded by Edson E. Peck, that Walter B. Dickson, M.P.P., and Geo. D. Prescott, M.P.P., be named as the candidates to contest this constituency in favor of the present administration for the ensuing election. Moved by John L. Peck seconded by Coun. T. A. Goggin and others that the nominations close; carried unanimously. The nomination was then tendered to the candidates by a rising vote, every elector in the hall rising to his feet amid great enthusiasm.  
Mr. Dickson was enthusiastically cheered as he rose to accept the nomination. The senior member for Albert made a brief, clear cut speech in which he referred to the liberal treatment of their representatives by which they were quite willing to be judged. He referred to the liberal treatment of this county had received at the hands of the present administration in the way of appropriations for highways and bridges and also the reduction of the prices of school books.  
Mr. Prescott was accorded a splendid reception on rising. He said he was proud to accept for the second time, the nomination of the supporters of the party supporting the present administration at Freedom Hall. He had served under the leadership of Hon. J. D. Hazen, one of New Brunswick's noblest sons and now under the leadership of Hon. J. K. Fleming, the same careful and prudent conduct of the public affairs was being continued. Albert county had received her full share of roads and improvements.  
Hon. H. F. McLeod, provincial secretary, was then called upon, and in opening Mr. McLeod said the people of Albert would make no mistake in again returning Messrs. Dickson and Prescott to the legislature, for they had taken high rank among the most useful members of that body. Speaking for the Fleming government compared with the previous administration. Hon. Mr. McLeod said that when they took control they expected to find evidence of wrong doing on the part of the gentlemen whom they had succeeded, but were not prepared for the extent of it which was discovered. "We found a startling state of affairs," said the provincial secretary. The old government never admitted a deficit, but came before the House year after year claiming a surplus. Time and again did their provincial secretary come into the House with a lie on his lips as to the financial position of the province. The old government had received \$197,000 to the debt of the province and maintained a \$215,000 suspense account, all the time claiming to have rolled up surpluses.  
He then dealt with the record of Hon. William Pugsley in provincial affairs, claiming that the government was a failure.

ST. JOHN, N. B., TUESDAY, MAY 21, 1912.

MR. COPP'S HIGHER STATESMANSHIP.

The Times last evening remarked that "this is not the time to saddle upon the Province for another legislative term a Government which has shown itself deficient in the higher qualities of statesmanship." This means that the Times wants the people of New Brunswick to exchange the present efficient and honest Provincial Government for one led by Mr. Copp, who, by inference, is not deficient in the "higher qualities of statesmanship."

The Times evidently desires people to consider it a humorous paper and the coming campaign a joke. Just for a moment let us consider the character of the "higher statesmanship" of Mr. Copp. Some years ago that gentleman thought it worth while to criticize in a very mild way some of the acts of the old Administration. This fact is evidence that Mr. Copp was aware, as everyone else at all familiar with Provincial politics, that there were many things in connection with the old Administration's administration of affairs that would not bear close examination. It did not require the report of a chartered accountant to demonstrate that the book-keeping of the old Administration was done by double and sometimes triple entry. It was only necessary to study very briefly the consolidated revenue account in the Auditor General's report and then read the summary of the Public Works expenditure, on another page of this same report, to discover that the Government through the Auditor General and the Receiver General gave the public the choice of two accounts of Public Works expenditures in one report, and if they were not satisfied with either one of these, a third was available in the report of the Public Works Department, published as a separate pamphlet.

The "higher statesmanship" of Mr. Copp regarding these matters was to become silent and shut off all future criticism when his name commenced to appear as drawing some of money for legal services from different departments of the Government, one of which was Public Works. What hypocrisy to put up such a man as a critic of any Government, or to exploit him as capable of "higher statesmanship!"

Ever since he has been in politics Mr. Copp has been engaged in a wild scramble to get offices for his relatives and patronage for himself. This is the only "higher statesmanship" he understands or cares about. And the statesmanship" of the Times and Telegraph has been of the same order. They have defended many scandals, the chief actors in which were very close to the management of both papers. When the Times talks of "higher statesmanship" it is a case of the wolf going abroad in sheep's clothing with a very keen eye on the main chance.

The people have not yet forgotten the waste and extravagance of Mr. Copp's friends and associates when in power and they see in him a politician of the same stripe as those Mr. Hazen defeated four years ago, there by saving the Province from something very closely resembling bankruptcy.

## HOW MUCH DID THE ASQUITH GOVERNMENT KNOW?

There has been a very general desire since the revelations in the Taft-Koosevelt correspondence to absolve Mr. Bryce, the British Ambassador at Washington, from any knowledge of Mr. Taft's ulterior motive in advocating Reciprocity. We know now that, believing Canada was "at the parting of the ways," Mr. Taft designed the Pact to make the Dominion "an adjunct of the United States," to transfer all Canada's "important business to Chicago and New York with their bank credits and everything else," and "to increase greatly the demand for United States manufactures." We also know long before the election that Reciprocity was planned by Mr. Taft to finally destroy all chance of an Imperial Preference—"the Imperial commercial band," in Mr. Taft's expressive language, "reaching from England around the world to England again." Mr. Taft could not deceive the Canadian people, but, leaving Mr. Bryce out of the argument, did not Mr. Taft succeed in deceiving the Asquith Government? That is a much more interesting and important question.

Reverting to the days when the Reciprocity negotiations were in progress at Washington, we find Mr. Asquith and his Government eager allies in endeavoring to conclude the Agreement. Mr. Asquith in a speech in the House of Commons on February 9th, 1911, referring to the negotiations said: "I THINK WE ARE CELEBRATING THE OBSERVANCE OF THAT WHICH USED TO BE CALLED IMPERIAL PREFERENCE. . . . ONE OF THE GREATEST AND MOST DISASTROUS POLITICAL IMPOSTURES OF MODERN TIMES."

Then we have Lord Haldane, the Minister of War, in the House of Lords: "THEY (the Asquith Government) HAVE BEEN COGNIZANT AT EVERY TURN OF WHAT HAS TAKEN PLACE. I DOUBT WHETHER ANY NEGOTIATIONS HAVE BEEN MORE CLOSELY WATCHED OR MORE SYMPATHETICALLY OBSERVED."

And again let us hear Sir Edward Grey, the Foreign Secretary: "WE HAVE BEEN CAREFUL NOT TO PUT FORWARD ANY POLICY OF PREFERENCE BETWEEN GREAT BRITAIN AND CANADA WHICH WOULD BE AN OBSTACLE IN RECIPROCITY NEGOTIATIONS BETWEEN CANADA AND THE UNITED STATES."

Yet Canadians and the people of the Empire generally are now expected to believe that an issue which was perfectly clear in Canada was hidden from the Asquith Government. If the truth were told the Asquith Government in their anxiety to deal a smashing blow at Imperial Preference and the consolidation of the Empire were utterly heedless of the fact that they were betraying the interests of Canada as well as those of the Empire itself. The existence of this Free Trade Government depends on their ability to check the progress of Tariff Reform in the Old Country and of Imperial Preference throughout the Empire. The inference to be drawn from the statements of these three members of the Asquith Cabinet is irresistible. They saw in Reciprocity between Canada and the United States a sure way of bringing about a consummation of what they devoutly wished—"the obsequies of Imperial Preference."

The publication of the President's letter has not been without its effect in the Old Country. The exposure of the scheme is taken as an intimation from Mr. Taft that he realizes the Reciprocity game is up. Another weapon has been placed in the hands of the Imperial party who, with the verdict of Canada to support them, can now go forward with even fuller confidence in the justice and ultimate triumph of their fight for an Empire Preference.

## A BANK NOTE LAUNDRY.

Dominion and likewise bank notes are always welcome; particularly so when they are clean and crisp and have not meandered through a thousand hands until they are a breeding ground for disease and infection. The old and dirty note is an abomination long endured because there was no remedy. Very general satisfaction must have been felt, therefore, at the announcement in a recent Ottawa despatch that Mr. White, the Finance Minister, proposed placing a provision in the new Bank Act making it the duty of the banks not to reissue notes that had become soiled. It was also stated that Dominion notes, which did not come up to the requisite standard of cleanliness, would be destroyed on being returned.

Now, however, comes word from the United States which may render these wise provisions unnecessary. If the merits of a new invention for washing and ironing soiled paper money is correctly described, it is capable of taking a dirty, germ-laden piece of currency and in two minutes turning it out clean and crisp and ready for another round of business.

These machines, which have been perfected recently in the Government Bureau of Engraving and Printing, are expected to save the United States Government about \$1,000,000 a year, as 60 per cent. of the paper money now sent to the Treasury for redemption can be circulated again by washing it. Mr. Ralph, the director, who has worked with the scientific experts on the creation of the machines, figures it will cost 20 cents to wash and iron a thousand notes.

Foreign governments are watching the tests. The Reichsbank, the national bank of Germany, recently sent 17,000 marks to the Bureau, and the bills were laundered perfectly. The machines are now washing about \$25,000 a day by way of furnishing further experiments.

The chemical laboratories of the United States public health service will examine the washed notes to make sure they are germ free. The general principle of the money-washing machine is to pass or whirl the dirty notes through soapy water to which a chemical solution has been added and then deliver them to heated cylinders which iron and turn them out as crisp and clean as the day they were made.

## WEALTH IN THE FAR NORTH.

A Canadian world-wanderer, Mr. A. W. Scott, known as "Lucky" Scott, is fitting out an expedition to Baffin Land in the far north, to explore, to take up mineral lands there, and eventually to work them. In the party will be Captain James, who was second in command of the last Bernier Arctic expedition, and made some important mineral discoveries in the Yukon territory. It may well be, says the Hamilton Herald, that this expedition will have momentous results bearing on the development of northern Canada, and all Canadians will wish well to the expeditioners, who are men of the type of the "gentlemen-adventurers" of three or four centuries ago—the pioneers of Empire.

It is said that gold is to be got in Baffin Land, and other precious minerals. But even if these are found, their presence in the north country is not so important as are the enormous deposits of good coal which Captain James states he found there. These deposits along the coast are within easy access of Port Churchill and Port Nelson, and the coal could not only be utilized in the operation of the Hudson Bay Railway, but might be brought into Manitoba and sold at far lower prices than the people of that Province are now obliged to pay.

Eventually, perhaps, when Hudson Bay is made navigable, and Ontario has direct railway connection with it, the coal from the north may even find its way into that Province. With the rapid depletion of the continent's coal measures, it is well to know that in the far north there are sources of supply which can be tapped.

By the way, the ticket nominated in Kings County, and which the Telegraph announces is a winning ticket, is the second winning ticket nominated in that county to contest the issue with the Fleming Government. What happened that other winning ticket nominated over a year ago to give its members time to make the acquaintance of the electorate? Evidently the electors did not take to the first batch of winners. It will be some time before Mr. Copp and his friends nominate a winning ticket in Kings.

Mr. Copp and his newspaper organs say that Mr. Fleming's plan to resettle the abandoned farms of the Province does not go far enough, but up to the present date they have not suggested how much further they could go beyond Mr. Fleming's proposals. It will strike most people that Mr. Fleming has produced a workable plan and that he has made ample financial preparation for a beginning.

The Globe last evening congratulates Premier Fleming on having completed arrangements for the construction of the Valley Railway and endorses the arrangements made by the Administration to secure the construction of this important highway. The Globe has consistently supported the policy of Good Government.

The Telegraph and Times have not yet explained how Mr. Copp proposes to aid the farmers by lending them money at low rates of interest, nor where he proposes to get the money he is going to lend.

Through a typographical error it was stated last evening that Mrs. John Hale had her husband arrested on a charge of having beaten her. The name should have been given as John Hales, of Winthrop Harbor, and it was quite natural that friends of Postmaster John Hale, of North Chicago, should think it was him that was meant.

## The Poets' Column

We all, grown people as well as children, like a good story. Who has not followed Alice in her adventures "through a land of wonders wild and new," without entering into the spirit of the dream? To get this spirit, read the introduction to "Alice in Wonderland":

Imperious Prima flashes forth  
Her edict "to begin it!"  
In gentler tones Secunda hopes  
"There will be nonsense in it!"—  
While Tertia interrupts the tale  
Not more than once a minute.

Anon, to sudden silence won,  
In fancy they pursue  
The dream-child moving through a land  
Of wonders wild and new.

In friendly chat with bird or beast—  
And half believe it true.  
And ever, as the story drained  
The wells of fancy dry,  
And faintly strove that weary one  
To put the subject by.

"The rest next time"—"It is next time!"  
The happy voices cry.

Thus grew the tale of Wonderland;  
Thus slowly, one by one,  
Its quaint events were hammered out.

And now the tale is done,  
And home we steer, a merry crew,  
Beneath the setting sun.

Alice! A childish story take,  
And with a gentle hand  
Lay it where Childhood's dreams are  
twined.

In Memory's mystic band,  
Like pilgrims' wither'd wreath of flowers  
Plucked in a far-off land.

—Lewis Carroll.

## THE WIRELESS.

Kin of the flaming thunderbolt,  
Child of the storm-swept sky—  
I lean and race through the road of space.

Voice of the Sea am I.  
No windings channels guide my flight,  
For I take my flight on the wings of light.

The Mercury of the main.

Over the crests of the writhing sea.  
Under the clouds low hung,  
I flash my way through the spume and spray.

Giving the lightning tongue,  
I laugh while the tempest yields me  
The Mercury of the main.

Where the masts of the churning ships  
Point to the stars through the silent dark,  
I take my quest, north, east or west,  
Sped by the splitting spark.

And I scour the waves and I search the land  
Till the destined goal I gain,  
For the never gods of the newer years  
Have made of fire and their high desire  
The Mercury of the main.

When Neptune scourges his sulken waves  
With the lash of the tempest's breath,  
And the brave ships shake and the captains quake  
And the engines race with Death,  
Tis to me they turn in their tortured fear,  
For securer flies to the trumpet cries  
Of Mercury of the Main.

Kin of the flaming thunderbolt,  
Child of the storm-swept sky,  
I leap and race through the roads of space.

Voice of the Sea am I:  
For the newer gods of the newer years  
Have made of fire and their high desire  
The Mercury of the main.

IF.

If you can keep your head when all about you  
Are losing theirs and blaming it on you,

If you can trust yourself when all men doubt you,  
But make allowance for their doubting too;

If you can wait and not be tired of waiting,  
Or being lied about don't deal in lies,

Or being hated don't give way to hating,  
And yet don't look too good, nor talk too wise;

If you can dream—and not make dreams your master;

If you can think—and not make thoughts your aim;

If you can meet with Triumph and Disaster  
And treat those two impostors just the same;

If you can hear the truth you've spoken  
Twisted by knaves to make a trap for fools,

Or watch the things you gave your life to broken,  
A million times your life—build 'em up with worn-out tools;

If you can make one heap of all your winnings  
And risk it on one turn of pitch-and-toss,

And lose, and start again at your beginnings,  
And never breathe a word about your loss;

If you can force your heart and nerve and sinew  
To serve your turn long after they are gone,

And so hold on when there is nothing in you  
Except the will which says to them: "Hold on!"

If you can talk with crowds and keep your virtue,  
Or walk with kings—nor lose the common touch;

If neither foes nor loving friends can hurt you,  
If all men count with you, but none too much;

If you can fill the unforgiving minute  
With sixty seconds' worth of despatch,  
Yours is the earth and everything that's in it,  
And—which is more—you'll be a Man, my Son!

—Rudyard Kipling.

## Lame Back

Just the Sort of Case That Proves to the World That the Best Liniment Ever Made is

NERVILINE

When it comes to determining real merit of a medicine, no weight of evidence is more convincing than a straightforward statement of some reliable and well-known person that he has been cured. For this reason we present the following statement of Juan E. well, written from his home in Carleton Place, Ontario, Canada. "I am a strong, powerful man, feet, tall, and weigh nearly two hundred lbs. I have been accustomed all

life to lift heavy weights but one day I overdid it. I was wrenched by a bad fall. Every tendon and muscle was sore. To stoop or bend was agony. I had a whole back of Nerviline rubbed on one side of my back and by night I was well again. I know of no liniment possessing one-half the penetrating and pain-subduing properties of Nerviline. I urge its use as an invaluable liniment and household cure for all minor ailments, such as strains, sprains, swellings, rheumatism, sciatica, lumbago, rheumatism, muscular pain."

No better medicine for curing a lame back has ever been put in a bottle than Nerviline. I have used it over one million bottles every year—better try it yourself. Write for \$1. At all dealers or Carleton Place, Ontario, Canada.

## CLOSING STOCK LETTER.

By Direct Private Wires to J. C. Macintosh & Co.

New York, May 20.—A fair degree of activity and strength characterized early dealings in the stock market today with the anthracite shares occupying the lead. The settlement of the labor difficulties was the basis of this movement. The rubber issues were also strong in anticipation of an announcement to be made at tomorrow's meeting in connection with the projected new financing which is expected to fortify the dividend position of the common shares. The steel stocks and many other standard issues showed quick sympathetic response to the strength of specialties, but as the session wore on there was little fresh buying at any quarter and the market gradually developed a quietness which brought the trading almost to a standstill in the afternoon. Prices sagged off a point on the average but this was the result rather of neglect than pressure. The public shows no disposition to make fresh commitments in the market pending the result of the Ohio primaries which is expected to settle the chances of the two republican aspirants for the nomination. In more important quarters there is a desire to get a better line on the season's crop before becoming committed to fresh bull campaign. Under the circumstances a quiet market with irregular undercurrent seems the most reasonable expectation.

By direct private wires to J. C. Macintosh and Company.

New York, May 20.—There was a general disposition today after a reading of the morning's map and forecast, to anticipate a week of normal weather over the belt and as a result the market was rather bare of support during the early dealings. There was, nevertheless, little pressure to sell contracts on the decline and it even looked at times as if it

# The New Brunswick Farm

Every year Hundreds of Thousands of New Brunswick Dollars are invested in Western Canadian Lands and securities. Personal friends of yours have put money into such investments and have received remarkable returns.

## This Company Desires, Through Fair, Frank and Square Dealing, to Act as Representatives of New Brunswick Capital Invested in the West

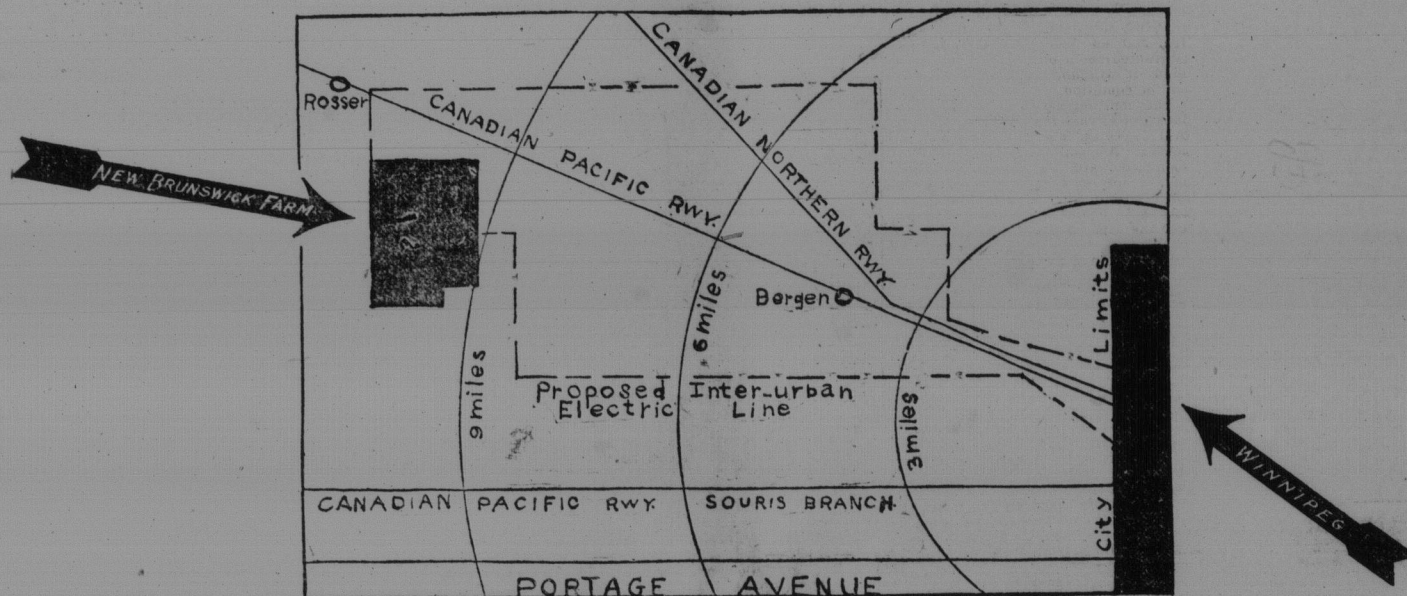

We handle no property of a speculative nature, and the approval of our valuers, who also act for one of the largest Canadian Trust Companies, is obtained on every investment proposition passing through this office, after the most rigid investigation.

In order to obtain a share of New Brunswick Patronage for our company, it has been decided to syndicate a piece of property which we are purchasing. To make this unusual profit sharing proposition as effective as possible, the syndicate shares are being issued in small amounts.

## Anyone Who Can Save One Hundred Dollars (\$100.00) a Year, for Four Years, Can Become a Partner in the Syndicate on Exactly the Same Basis as the Largest Shareholder

The property is to be known as the

## NEW BRUNSWICK FARM

It consists of eighteen hundred acres of the very richest and most productive soil in Manitoba, and is located NINE MILES WEST OF THE CITY OF WINNIPEG, right in the line of the city's growth. Every acre is cultivated and there are buildings on the farm valued at Twenty Thousand Dollars (\$20,000).

The proposed "Electric Inter-Urban Railway Line" will pass through the farm, and this line, when in operation, will have the effect of greatly enhancing the value of the land. Portage Avenue, the main artery of Winnipeg to the West, is being asphalted this year, for a distance of six miles from the city limits, in the direction of the farm. THE PROPERTY IS, THEREFORE, RIGHT IN THE LINE OF DEVELOPMENT.

In 1911, the income from the operation of this farm, without proper equipment, was Twenty Thousand Dollars (\$20,000).

The wholesale price at which we are purchasing it is One Hundred Dollars (\$100.00) per acre, and WE ARE TURNING THE PROPERTY INTO THIS SYNDICATE AT THAT PRICE WITHOUT ONE DOLLAR ADDED BY WAY OF COMMISSION.

Between the city limits and the "NEW BRUNSWICK FARM" there is no land obtainable under One Hundred and Twenty-five (\$125.00) per acre. An immediate profit of Twenty-five Dollars (\$25.00) per acre, or Forty-five Thousand Dollars (\$45,000) in all, is shown if the syndicate decides to resell the land in quarter sections. We know the demand and values in this district, and we know, through the most rigid investigation, that this statement is correct.

Our Profit on this transaction comes when we have actually become known in New Brunswick as a company in whose judgment reliance can be placed and as a company which has made money for its clients.

**The Total Price of the Property is One Hundred and Eighty Thousand Dollars (\$180,000), and the Syndicate is Made Up of Four Hundred and Fifty Shares of Four Hundred Dollars (\$400.00) Each, Payable as Follows:**

**ONE HUNDRED DOLLARS (\$100.00) WITH APPLICATION**

**ONE HUNDRED DOLLARS (\$100.00) ON THE FIRST DAY OF JUNE, 1913**

**ONE HUNDRED DOLLARS (\$100.00) ON THE FIRST DAY OF JUNE, 1914**

**ONE HUNDRED DOLLARS (\$100.00) ON THE FIRST DAY OF JUNE, 1915**

With Interest on the Unpaid Balances at the Rate of Six Per cent. per Annum.

APPLICATIONS FOR SHARES accompanied by cheque or draft made payable to "H. F. Gordon & Company, Limited," WILL BE RECEIVED UP TO AND INCLUDING THE FIRST DAY OF JUNE NEXT after which date all unsubscribed shares will be taken over by this company as an investment.

TO AVOID DIFFICULTY ON ACCOUNT OF OVER-SUBSCRIPTIONS, ALL APPLICATIONS WILL BE ACCEPTED IN THE ORDER RECEIVED, and all over-subscribed amounts will be returned immediately after the syndicate books are closed up on June 1st.

In order to care for the syndicate's interests in proper legal manner, an application will be made to the Legislature of Manitoba for a Charter, incorporating the syndicate as a Joint Stock Company, with a capital of One Hundred and Eighty Thousand Dollars (\$180,000) divided into Four Hundred and Fifty shares of Four Hundred Dollars (\$400.00) each, each shareholder in the syndicate receiving one share of stock in the company for each syndicate share subscribed for by him.

A Committee chosen by the members of the syndicate will act as directors of the Company.

H. F. Gordon & Co., Ltd., 406 McArthur Building Winnipeg, Man.

Dear Sirs:

I hereby apply for . . . . . shares in the "NEW BRUNSWICK FARM SYNDICATE," value, Four Hundred Dollars (\$400.00) per share; payable One Hundred Dollars (\$100.00) with application, One Hundred Dollars (\$100.00) on the first day of June in each of the years 1913, 1914, 1915, with interest at six per cent. per annum, on unpaid balance, and I appoint the firm of H. F. Gordon & Company, Limited, as my Agents to act for me in all matters pertaining to the syndicate, pending the incorporation of a Company, whose business it will be to care for the syndicate's interest in proper legal manner.

## SOCIETY LEAGUE STARTS

The intersociety league was opened last evening on the St. Peter's ground when the C. M. B. A. nine went out to defeat before the St. Peter's by a score of 10 to 2, the losers being their only runs in the first inning. The boys showed up well for the evening game, some good plays being made, and with some more practice first-class amateur ball will doubtless be played. The teams lined up as follows:

St. Peter's	Catcher	C. M.
McGowan	Pitcher	Sh
H. Dever	First Base	Ha
J. Dever	Second Base	G
J. McCormack	Third Base	J. D
Mahoney	Shortstop	M. H

## JACK JOHNSON'S LATEST PICTURE PROVES CHAMPION WILL NOT HAVE TO TRAIN DOWN VERY MUCH FOR FLYNN

CHAMPION JACK JOHNSON.

Jack Johnson, heavyweight champion, needs the money. That's why he will meet Jim Flynn.

Johnson isn't fat as many believe. In fact, he doesn't need more than about three weeks of road work and boxing to send him into the ring as good as the day he made a chopping block of the "big bear."

Johnson hates to start training when carrying a lot of weight, because removing surplus flesh brings him physical agony.

Johnson has exercised more or less regularly since he defended his title and is good enough now to beat almost any of the heavyweights doing business.

If, by any error, Flynn should defeat Johnson—and the Colorado hope is granted about one chance in a thousand—it will not be because Jack is not in condition.

The contract between Johnson and Jack Cursey calls for the latter to turn over \$10,000 on May 1 for training expenses. Johnson is to start training soon afterward, but the chances are he will not begin real work much before June 1, for the reason that he does not require more than 30 days to make him fit to beat Flynn.

A. nine went down to defeat before the St. Peter's team by a score of 10 to 2, the losers making their only runs in the first inning. The boys showed up well for the opening game, some good plays being made, and with some more practice, first class amateur ball will doubtless be played. The teams lined up as follows:

**C.M.B.A.**  
McGowan.....Catcher.  
H. Dever.....Pitcher.  
H. Dever.....First Base.  
J. Dever.....Second Base.  
J. McCormack.....Third Base.  
Mahoney.....Shortstop.  
Harrington.....Left Field.  
C. McCormack.....Right Field.  
Cribbs.....Centre Field.

**MERCANTILE LEAGUE.**  
The game scheduled for this evening at 6:45 in the mercantile league is between the Royal Bank and the Cleary Mfg. Co. teams.

A husky looking gentleman named Malvey arrived in the city yesterday and will appear on the roster of the Marathon baseball club as a utility man. Malvey turned out to practice with the team yesterday afternoon and showed that he had learned the game. He is reputed to be able to play a cracking good first base and also take a spell in the box when necessary. In his fielding practice yesterday he exhibited a lot of speed and also clouded with precision when at bat.

The team worked out well yesterday, and the boys are showing the effects of their work. They will be in good shape when the first game is played on Friday between the Marathons and the Fredericton team. It is expected that there will be delegations from the other towns in the league to see the opening contest and all indications point to two great games.

Larry Connolly is expected to arrive today, and will turn out with the team for practice this afternoon.

**FREDERICTON RACES.**  
The Fredericton Park Association has hung up a programme offering \$2,700 in purses for three days' racing for the Fredericton meeting of the Maritime circuit. The programme as announced by Mr. J. A. Edwards, the new secretary of the local track, is as follows:

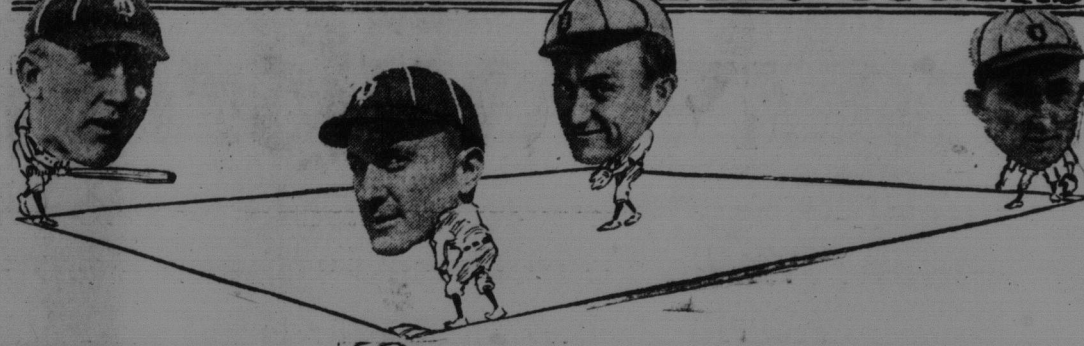

Tuesday, July 16th, 2:15 trot and pace; 2:25 trot and pace, and 2:30 trot and pace.

Wednesday, July 17th, 2:15 trot; 2:21 trot and pace, and 2:24 trot.

Thursday, July 18th, 2:15 trot and pace; 2:18 trot and pace, and 2:30 trot and pace.

The purses will all be \$300 each.

## TY COBB'S GALL TAMES TIGERS

**EGO**  
EGO  
EGO  
is a highbrow word for conceit. Exaggerated Ego is a disease that afflicts a lot of people. It makes a man so stuck up that he thinks he knows it all, nobody knows anything but himself and whatever he does is right. Naturally, a man with the Exaggerated Ego isn't popular. All his associates get sore at him, and that's the trouble between Ty Cobb and the rest of the Detroit ball club.

Ty Cobb is so stuck on himself that he thinks he can play any position on the Detroit ball club. He wants to play away from the outfield so he can "show up" his teammates. And the trouble is he is so good he can get away with it. The result is the rest of the Tigers are sore and the team is like a boiling teakettle with the spout plugged.

This season Cobb has been making a habit, in practice, of playing at first or pitching. At first he "shows up" Del Gahner, the regular first sacker, with ease. In the box he throws a spitball that breaks like a reed in a hurricane.

Sie Temper Tyrannus Cobb is the best ball player in the world. He gets \$7,000 a year and he's worth it from one angle, because he draws a fortune in through the ball park gates each season. But he's busting up the Tiger team just the same. Detroit, three champion, doesn't look a winner now—and the reason is Ty Cobb.

Cobb shows why he gets \$7,000. One day he slides into third and kicks the ball, which the baseman has dropped, into the Detroit bench and scores the winning run. Next day he steals home while the pitcher holds the ball.

Umpire Evans, watching the steal from the grand stand, said it was one of the most brilliantly conceived and executed plays he ever saw.

Despite these things, Cobb is a menace to the team's chances because his exaggerated ego gets on the nerves of the other players.

Cobb played second on the spring trip and showed he could become valuable with practice. Also he possesses a good spitball and won a game for an independent team in the south this spring.

There are fans who say Cobb wants to beat Del Gahner out of his job for at every opportunity he works out at first, making one handed stabs, or scooping the ball a la Hal Chase. With his speed and ability Cobb might be a star at first, just as he

might become another Lajoie at second, or a Walsh on the mound. In Ty's mind there is no question that he would be a wonder in any position. It is not mere confidence, but a sort of "I cannot fail if everyone else does."

Cobb's ego resulted in the club losing the game. He was assigned to a room that didn't suit him at a Chicago hotel, and after complaining that passing trains kept him awake and falling to set a room that suited, he left for Detroit.

The chances are Cobb could have been suited, but Cobb is apt to demand, instead of request, and this clerk had an ego of his own.

Cobb wanted Jennings to take the team away from the hotel, but the manager refused, so Cobb left. The official explanation is that Cobb wanted to consult his physician. The truth is Cobb was wounded in the ego.

The dissatisfied condition of the Detroit players is reflected in the attitude of the Detroit fans. That old

## DETROIT PLAYERS RETURN WITHOUT COBB---LEAGUE GAMES

Philadelphia, Pa., May 20.—On the ground that they did not want to see Frank Navin, president of the club, suffer for any action on their part, the players of the Detroit American league baseball club called off their strike late this afternoon and agreed to play the regular scheduled game in Washington tomorrow without the services of Ty Cobb, this ends one of the most extraordinary situations that has ever been brought about in organized baseball.

In announcing their decision to return to the field, the players said they want it distinctly understood that they will still fight for the principle involved, and for which they struck.

In returning to the club the players received no concessions from Navin, who had indefinitely suspended Cobb for attacking a spectator in a game in New York last week.

Mr. Navin, however, promised the meeting that if they returned he would do his utmost to have Cobb reinstated as quickly as possible; that he would do all he could as a club officer to have the American league give better protection to the players on the field against unsportsmanlike conduct on the part of spectators and that he will see that none of the players will suffer any financial loss as the result of any fines that may be imposed upon them by the league.

The special meeting of the American league will be held tomorrow at 11 a. m. at which the club owners shall decide which punishment, if any, shall be inflicted upon the strikers.

The question of a fine against the club, if exercised, will also be taken up by the league. After the meeting President Johnson will go to New York and investigate the recent case and on the result of this inquiry, it is said, will depend the reinstatement of the star centerfielder.

When Mr. Johnson was told that some of the players had intimated that Cobb might be reinstated Wednesday or Thursday, he said they had "made guesses."

Mr. Johnson would not talk about the action of the men in determining to return to the field. Mr. Navin made a personal appeal to them. He told them that he was the principal sufferer in the affair, and he did not feel that it was just to him. Cobb told the players that he felt he was responsible for what had occurred and that while he appreciated the action of his teammates, he felt that for the sake of Mr. Navin, who had always treated them well, the players should

reconsider their action and return.

This followed a similar speech from President Navin of the Detroit club for the men to stand by him. Mr. Navin told them they were still members of the Detroit team and that they had not yet jeopardized their positions.

In an interview President Johnson said that at their meeting this morning he told Mr. Navin emphatically that he must send Cobb home as he would not be reinstated until the matter is thoroughly threshed out. "The player must submit to punishment," he told him. This will probably take the form of a fine. I like the attitude of Navin who was very firm and expressed himself strongly regarding the strike."

**Montreal Defeated Wanderers.**  
Montreal, May 10.—Under the most depressing weather conditions, Halifax Wanderers today played their second game of English Rugby with the all-Montreal fifteen, and were defeated 18-8. As they won Saturday's game, however, by a two-point lead, the visitors carry off 50% honors. The field was damp and the air cold and a mere handful of spectators attended.

Montreal made a couple of changes which increased the team's efficiency while the Wanderers played their Saturday lineup. The locals got three tries to a goal and a try, playing to gather more effectively than Saturday.

## YANKEES CAN'T GO TO TORONTO

New York, N. Y., May 20.—The national registration committee of the Amateur Athletic Union today refused permission to Lawson Robertson, trainer of the Irish-American A. C., to take ten athletes to Toronto, for the championship games to be held in that city June 1.

It is stated that this action was taken because the athletic officials believe athletes who are to try for places on the American Olympic team should stay in New York to compete in the games to be held at Celler Park, L. I., Sunday, June 2, the proceeds of which are to be used to defray the expenses of the American team to Stockholm.

Only five days remain in which athletes throughout the country may send in their entries for the Olympic track and field events. The blanks must be in the hands of the Swedish committee in Stockholm on or before June 14.

## Got A Pain In Your Back?

**IF YOU HAVE  
HEED THE WARNING!**

You get a pain in your back, and you wonder what it means. When the back aches or becomes weak it is warning that the kidneys are affected in some way.

Heed the warning, cure the weak, lame, aching back and dispose of any chances of further trouble.

If you don't do this, serious complications are very apt to arise, and the first thing you know you will be troubled with Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

On the first sign of a pain in the back, Doan's Kidney Pills should be taken. They go right to the seat of the trouble, cure the backache and prevent any further complications arising.

Mr. Stewart Johnston, Richardson Mines, N.S., writes:—"For years I was troubled with my back, and I had to give up work. I tried Dr. after Dr., and was getting no better. I had almost given up hope when I began to try Doan's Kidney Pills. I took three boxes of them, and found I was completely cured. I feel I owe my life to Doan's Kidney Pills."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. M. B. Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

# YOUR PRIZE IS YOURS NOW IF YOU ONLY WORK FOR IT

**Keep Busy!--Keep Your Helpers Busy!--The End of the Race is in Sight and the Prize Almost Within Your Grasp--Speed Helps as the Time for Counting Votes Rapidly Approaches--Don't Let a Single Friend Escape--We Want You to Win One of The Prizes**

## \$250 Cash Prizes and Double Votes for Subscriptions

**Twenty-seven Cash Prizes and Double Votes for All Subscriptions Turned In This Week--All Votes Count on Automobiles and Other Prizes and Do Not Have to Be Published.**

If you, or you, expect to see that prize for which you have manifested a preference, you really must get right down to work. Otherwise there may be a disappointment in store for you. You know you don't want that to occur. Neither do we. And we are forever trying to convince you that you can prevent it. If we have not been able to make it perfectly plain to you, we want you to ask us for further information.

### You Must Work.

You must work! You must hustle! You must hurry! Whether you are a successful contestant, a winner, depends largely on the work you do in the next few days. It will make your campaign, just as the last hard drive and the final rush makes the finish of the race. Plant Work! These are the elements of success. And if you are returned a winner you will be am-

ply repaid for every ounce of energy and brain tissue you have put into your campaign. You will have accomplished in the short space of seven weeks what you have scarcely dared hope to attain for years.

### End of the Race in Sight.

Begin today with at least the motto "a subscription a day," or if you can do more set the number as high as you please. It is the securing of subscriptions that will do most to round out your campaign and bring you success. See your friends at once and in this way you may learn of prospects that can be converted into subscribers. The daily meetings and intercom-munications will enable you to in- "push" and "pull" into the last days.

Keep busy! Keep your helpers busy! The end of the race is in sight and the prize is almost within

your grasp. Work your hardest! Put every ounce of energy, perseverance, and ingenuity you possess into the winning of your campaign. You never had such an opportunity. Make the most of it. Hustle for subscriptions, earnestness, and resourcefulness.

In this campaign as in the business world, hard work is the chief thing to succeed. Make every day count. There are some hours of the day which are better than others to talk to your friends and acquaintances of The Standard to secure your subscrip-tions. Use them for this purpose.

There are other hours in the day which you can devote to laying plans towards furthering your campaign. Hurry! The friends to whom you told your plans and hopes and of whom you asked a subscription yes-terday should be the one to think of today--if you didn't clinch the matter

it is up to the "follow up" method, making a friend and customer and then holding him.

### Fair Deal.

Don't let anyone make you believe that you are going to get a square deal, for you will. You can't get any other kind of a deal. Everyone will be treated alike, and the contestants who have the most votes will win. Ac-cording to the rules of the campaign, will be declared the winners, regard-less of who they may be. No one is going to buy any votes, nor will votes once issued be transferred to another

contestant. So you can set your minds easy on that score. No information as to the number of votes any contestant has will be given out under any cir-cumstances, for no record is kept of it, so it would be impossible for anyone but the candidate to know how many votes one really has. This is the poli-cy for the finish, in spite of what anyone tells you to the contrary, and anyone caught circulating any infor-mation of this kind will be severely

penalized. Therefore better think at least twice before any more of those fairy tales are allowed to escape from your con-versation factory. Double votes allowed on all subscrip-tions brought or sent in up to Satur-day, May 25.

## Disease Germs

### Everywhere

The death rate is higher in spring than at any other time of the year. For this there are two reasons: The air is laden with disease germs, the human system is in a run-down condition and not able to fight off disease.

Pure, rich blood is the greatest of sermides. This fact is now generally conceded by medical experts. Get the blood rich and you afford to the body the most certain means known of fighting off disease.

Many people have reason to thank Dr. Chase's Nerve Food for making their blood pure and rich and enabling them to ward off the ill and weaknesses of spring.

"He barely escaped."

## SYNOPSIS OF P... STORIES

CRAVATH is an ambitious young man who is most readily got rid of. Luck favors him, however, and he meets the girl of his dreams, a girl who is the sister of a man who has been killed. Cravath is at the point of leaving for a long time, and as that is just the time when he is most needed, he decides to stay. He is a very good person, and he is very much loved by the people who know him. He is a very good person, and he is very much loved by the people who know him.

## IV.-The Adventure Beautiful

ON THE morning of the fourth day of the contest, Cravath was on his feet at an early hour. He had had a very good night's sleep, and he was feeling very much better. He was very much better, and he was feeling very much better. He was very much better, and he was feeling very much better. He was very much better, and he was feeling very much better.

"Suppose you pull up anchor and go home," said Cravath. "I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do."

"You are very considerate," said Cravath. "I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do."

"I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do."

"I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do. I'm on my way to buy a new suit, and I have a lot of things to do."
