"In every town I have visited they have tried to organize a few returned men and have employed local Orange persons, as in St. John, N. B., to incite the people against me. They follow this up with letters and telegrams to the local mayors from Toronto and other Orange centres, but the only places where they have succeeded in creating a serious disturbance were Fredericton and Moncton.

"The questions put to me can be answered to the satisfaction of any intelligent and fair minded audience, but in both the Fredericton and Moncton meetings at which these questions were drawn up decided to prevent me speaking at any cost.

Drink More Water If Kidneys Bother

Eat less meat and take Salts for Backache or Bladder trouble.

Uric acid in excess excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headaches, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Salts to insensate, cannot injure; makes a delightful effervescent beverage; which everyone should take now and then to keep the kidneys clean and active. Druggists have say they will tell you of Salts to take when the kidneys are bothering. This is the best.

Douglas Avenue In The Limelight

Extension of Water and Sewerage to Vacant Lots, Also Overhead Bridge Discussed

Douglas Avenue was in the limelight at the meeting of the common council yesterday afternoon, the extension of the water and sewerage services to the vacant lots and the overhead bridge both coming before that body. In the former it was decided to call for tenders for the excavation and back fill, and the latter will be taken to the Board of Railway Commissioners.

Overhead Bridge Resolution

Commissioner Frink brought up the matter of the overhead bridge and moved the following resolution: "Resolved, That His Worship the Mayor, the Commissioner of Public Works, and the City Solicitor be empowered to present to the Board of Railway Commissioners of Canada on behalf of the city an application for a crossing of the St. John Bridge and Railway Extension track controlled and operated by the Canadian Pacific Railway Company by an overhead viaduct from Douglas Avenue to the approach to the highway bridge across the River St. John, and in such application to ask contributions from the fund under control of the said board the Canadian Pacific Railway Company, the St. John Bridge and Railway Extension Company, the New Brunswick Power Company and the Dominion Government of New Brunswick. Adopted.

Water and Sewerage

Commissioner Jones said he was ready to proceed with the work of installing the water and sewer services to the vacant lots on Douglas Avenue and moved the following resolution which was passed unanimously: "Whereas, in view of the saving of Douling Avenue next year it was considered necessary that all sewer and water connections should be made to all the vacant lots on said Avenue; and

"Whereas, Under the authority given by section 43 of the Act of Assembly, 4 George V., Chapter 88, the Commissioner of water and sewerage has notice in writing to the several owners and agents requiring them to lay a sufficient drain from their several properties into the common sewer laid down in said Douglas Avenue, and to construct and complete the same within fifteen days from the fifteenth day of October last; and

"Therefore Resolved, That the Commissioner of water and sewerage do now cause the work to be completed and charged to the several owners and agents under authority of the said act, and that he cause separate accounts to be kept for each drain to be laid; and that the said owners and agents may, if they so desire, be permitted to pay for the work in annual payments covering a period of ten years in each lump sum; and in such case each owner or agent shall be charged and billed every year for the said period of ten years for one-tenth of his share of the cost with interest at the rate of six per cent. per annum; payment for the work to be made by bond issue; and

"Further Resolved, That the com-

Newly Appointed Chief Inspector

Sheriff John B. Hawthorne in the City—Will Visit All Sections of Province.

Sheriff John B. Hawthorne of Fredericton, the newly appointed Chief Inspector under the Prohibition Act, is in the city familiarizing himself with the situation here. It is the chief inspector's purpose to visit all sections of the province and become acquainted, in so far as possible, with all local conditions.

Believes in Action

He is a man who has but little to say. He believes in action with as little display as possible and does not want any brass band accompaniments. The Chief Inspector is a good Master and patiently keeps an ear open to the unsolicited advice pouring into him from all sections of New Brunswick. He is a real sphinx when it comes to giving out information. From what could be learned from Chief Hawthorne yesterday one could easily discern that he had his own ideas, based upon years of experience in hunting criminals for the enforcement of the law which he is called upon to administer. Like many others he believes the "boot legger" is one of the great nuisances in each community, a nuisance that is flourishing and increasing in strength. A war, relentless in its force, will be waged on this class of rum sellers and the battle will be started at the fountain head, or source of supply.

No Favorites

No favorites will be played in the distribution of licenses to vendors, if we judge Chief Hawthorne aright. He believes one druggist is just as much entitled to a license for dispensing liquors on the presentation of a reputable physician as is another. If the privilege is to be in the slightest degree then that druggist must take the consequences.

Force Re-organized

The force of sub-inspectors will be reorganized. The resignation of all now acting as inspectors will be called for. Some of the present inspectors may be re-appointed others may not be, but all who receive a commission under Chief Hawthorne must have something more than a political pull to recommend them. They must be men of sobriety, keenness, common sense and good judgment, willing

COST OF COLLECTING LUXURY TAX IS LOW

Hon. Mr. Wigmore Declares it is Less Than Three-Quarters of One Percent.

Ottawa, Dec. 7.—The cost of collecting the luxury sales taxes is proving pleasantly low, according to a statement made this evening by Hon. R. W. Wigmore, minister of customs and inland revenue. When the annual statement of the department is issued, covering the operations of the year, Mr. Wigmore stated, it will show that the cost of collecting these taxes is well within three quarters of one per cent.

Are you too tired to be effective?

ALL day long demands are being made upon every woman's strength, whether it is the wearing routine of household duties—the exacting pressure of business affairs—or a long round of social engagements—modern life is placing a constantly increasing tax on her energy.

Those who have made a study of fatigue say that when a woman is tired all her faculties are affected,—the heart weakens, the nerves become upset, and the danger of breakdown is threatened unless prompt action to prevent it is taken.

MILBURN'S HEART AND NERVE PILLS have proved to be, in hundreds of similar cases, a most reliable remedy for restoring strength and vitality to weakening hearts and relieving all the distressing symptoms brought on by fatigue, excitement or over-exertion.

If you wish to maintain your poise, charm, effectiveness, Milburn's Heart and Nerve Pills will be found to be a very valuable assistant.

Mrs. Fred. B. Hayes, St. Stephen, N.B., writes:—"For almost two years I suffered from a weak and nervous condition, and could not sleep at night. I got wonderful relief from using your Milburn's Heart and Nerve Pills, as I am now strong and well again."

Twenty-Five Cases Salvaged from the Wreck on N. B. Coast.

TEN HOUR DAY AT FREDERICTON

Six Men Quit When Hours of Work Were Reduced in Plant.

Fredericton, Dec. 7.—Twenty-five cases of cheap liquor carried by the auxiliary schooner, wrecked the New Brunswick coast near the international boundary last Friday were brought here by Inspector Merryfield of the provincial police enforcement staff. Inspector Merryfield arrived here last night and this morning started to have it placed in the chief of police's warehouse at the provincial enforcement staff building. The quantity covered by Inspector Merryfield is to be about half of the total on the vessel, while reports sent from Eastport, Maine of the cases which had followed the fire in that district are said by the inspector to gross exaggerations.

Had a Hard Trip

Inspector Merryfield, who has been in charge of the Charlottetown district, said that he was at St. John's when he learned that a carrying vessel had been wrecked near Head Harbor Light House. He was constable and proceeded by steamer to Wilson Beach, Grand Manan, and from there went in a motor boat and during the night succeeded in salvaging the twenty-five cases from the wreckage that being remained. Before the cases were their salvage work a terrific sprang up and they were unable to make Wilson's Beach in the boat that night and had to put over on Grand Manan coast for the night. On Saturday they continued their trip to St. Andrews in the motor boat, the sea being very rough. From St. Andrews Inspector Merryfield came here by the C. P. R. train. He was somewhat waterlogged and in such bad shape that he had to be accompanied by the shipmaster.

Crown Land Sold

At the crown land office today there were sold in York County were 3700 acres to George P. Oute of Moncton. The upset price was \$600. Thirty-seven acres in Carleton Place were sold to David W. Kirkpatrick, Carleton Place, at \$10 an acre. The upset price was \$5.

In the chancery court today

Chief Justice Sir J. D. Hazen, in a recent point was decided to effect that a man who had not heard of for seven years could be considered as dead. The point arose in the matter of the estate of Mrs. J. Segge of New Maryland, formerly of Fredericton. The man in question was sold to David W. Kirkpatrick, Carleton Place, at \$10 an acre. The upset price was \$5.

Ten Hour Day

Insufficiently to warrant continuation of plant, Gordon G. yesterday commenced operation. The man in question was sold to David W. Kirkpatrick, Carleton Place, at \$10 an acre. The upset price was \$5.

Left Stolen Watch To Pay For Milk

Thieves Raid Store and Break Into Lunch Cart Get Meal.

Early yesterday morning

broke into Emerson & Fisher's store establishment on Germain street and stole a number of tin watches. Apparently the same thieves subsequently visited and broke into a lunch cart on Market street, and having a good lunch, left one of their watches on Emerson & Fisher's store on the counter of the wagon, presumably in payment of food which they had stolen. The thefts were discovered on the morning of the business later in the day and it was ascertained that the watches were somewhere between three and six a.m.

Fredericton, Dec. 7.—Twenty-five cases of the cargo of liquor carried by the auxiliary schooner, wrecked on the New Brunswick coast near the international boundary last Friday, have been brought here by Inspector J. J. Merryfield of the provincial prohibition enforcement staff. Inspector Merryfield arrived here last night stored the liquor in the police station over night and this morning arranged to have it placed in the chief inspector's warehouse at the provincial government's building. The quantity recovered by Inspector Merryfield is said to be about half of the total cargo of the vessel, while reports sent out from Eastport, Maine of the drunk-ness which had followed the wreck in that district are said by the inspector to gross exaggerations.

Had a Hard Trip Inspector Merryfield, who has lately been in charge of the Charlotte Co. district, said that he was at St. Andrews when he learned that a liquor carrying vessel had been wrecked near Head Harbor lighthouse. He took a constable and proceeded by the mail steamer to Wilson Beach, Grand Manan, and from there went along by motor boat and during the night succeeded in salvaging the twenty-five cases from the wreckage that being all that remained. Before they had finished their salvage work a terrific storm sprang up and they were unable to make Wilson's Beach in the motor boat that night and had to put into a cove on Grand Manan coast for safety. On Saturday they continued their return trip to St. Andrews in the motor boat, the sea being very rough. From St. Andrews Inspector Merryfield came here by the C. P. R., the cases being somewhat waterlogged and in such bad shape that he felt it best to accompany the shipment personally.

Crown Land Sold At the crown land office today 200 acres in York County were sold for \$700 to George P. Otis of Meductic. The upset price was \$600. Thirty-seven acres in Carleton Co. were sold to David W. Kirkbride of Levesville, Carleton Co. at \$10 an acre. The upset price was \$5.

In the chancery court today before Chief Justice Sir J. D. Hazen, an interesting point was decided to the effect that a man who had not been heard of for seven years could be considered as dead. The point arose in the matter of the estate of Abraham J. Segoe of New Maryland, farmer. A friendly suit was instituted, William C. Rice and Thomas W. Ralston, executors and trustees being plaintiffs and Harry Dow Segoe, Grace Segoe, wife of the missing son, and Aubrey and Bessie Segoe, her children being the defendants. The man not heard from was George S. P. Segoe, who left Fredericton some nine years ago and last heard from was at Victoria, B. C. seven years ago.

Ten Hour Day In order to increase the production sufficiently to warrant continuing the operation of plant, Gordon G. Scott, yesterday commenced operating his saw mill here on a ten hour day basis. In the morning Mr. Scott notified the crew that the change would be effective at once and six men quit their jobs. Their places were taken at noon by other men who were employed under the new conditions. Mills here have been operating on a nine hour day basis.

Cases Dealt With In Police Court

Wife Charged Husband With Assault, Then Paid His Fine—Surette to Stand Trial.

A case against Benjamin Hatfield, charged with assaulting his wife, Margaret, and threatening to take her life, was concluded in the police court yesterday. Mrs. Hatfield stated she did not want to prosecute her husband and paid his fine which amounted to \$20, whereupon he was free from custody. Urban J. Sweeney for the prosecution, and E. C. Weyman for the defense.

Sent Up For Trial. Alfred Surette, charged with altering a check from \$17.17 to \$71.17, pleaded not guilty. Evidence was given by Charles E. Fitis, teller of the Bank of Montreal, Market square, C. N. R. Paymaster Walter C. White, and C. R. Officer Ryan. The accused was then sent up for trial.

Other Cases. Walter Lockhart, charged with being drunk and also using obscene language, was remanded to jail. George Robert Cook was in court on suspicion of stealing \$40 from his brother, Harry Cook, Erin street, but no evidence was given and he was remanded to jail. He was arrested on a warrant by Sergeant Detective Power and Detectives Biddiscombe and Donahue.

Capt. George Nicholais, of the schooner Calmaris, was charged with assaulting Olga Loupides, assistant cook on the vessel, and withholding \$27 wages due her and \$3 due her husband, who is cook.

Mrs. Loupides said she was engaged as assistant to her husband, at \$5 a month. While the ship was on her way to St. John from Africa the captain struck her with his fist. He also called her names. On her arrival here she left the ship and the captain refused to pay her. She was corroborated by her husband, who said the captain also kept back \$5 due him. Capt. Nicholais said that he took the woman as a favor to her husband, to save the expenses of keeping her ashore. She was entered on the ship's articles as a member of the crew because the vessel is not allowed to carry passengers. The case stands till Thursday afternoon. E. S. Ritchie appeared for the plaintiffs and U. J. Sweeney for the defense. Israel Corber and Nicholas Vassil acted as interpreters.

BURGLARS PICKED OUT FINE WINES

Special to The Standard. Atlantic City, Dec. 7.—Choice wines and liquors valued at about \$12,000 were taken by burglars who forced an entrance early this morning into the home of Joel Hillman, manager of the Hotel Brookers, at Elberon and Atlantic avenues. Only one bottle of whiskey was taken and a considerable quantity of cognac. The burglars made careful selection and devoted their main efforts toward carrying off high-grade wines and champagnes. They left fingerprints that may eventually lead to their identification.

QUEBEC HEALTH GOOD.

Montreal, Dec. 7.—At the Bureau of the Department of Health here it was learned today that existing health conditions are more than ordinarily good and far better than was the case last year and the year 1918. There are reports of influenza from parts of the province, but it is not of a malignant type.

HEADACHES Make Life Miserable.

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes in one part, sometimes in another, and then, again, over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches. Mrs. Harold Lanain, Owen Sound, Ont., writes: "My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy." B. B. B. is put up only by The T. Milburn Co., Limited, Toronto, Ont.

Stiff Sentences In Brookville Court

Two Boys from Industrial Home Sentenced to Dorchester—Tramp Sent On.

In the Brookville court last evening, Magistrate Adams handed out a couple of stiff sentences. Hiram Briggs, who set fire to the workshop in the Boys Industrial Home, was given two years and nine months in Dorchester penitentiary. George Phair, another inmate of the Home, was found guilty of escaping and stealing a coat and several articles from the Home. He was sentenced to two years and two months in Dorchester penitentiary. A charge of breaking and entering into a West St. John store is still held against the youth.

During the term of court last evening, an American called and stated that he was tramping on his way to Moncton and had no place to sleep during the night. Magistrate Adams had no time for such people and sent the man on his way. Provincial Constable Moore is looking after the peace of the district and is being congratulated on his good work.

Cool, appetizing salads - MAZOLA made

FOR salads, Mazola takes the place of expensive olive oils with such complete success that even particular people with dainty palates are delighted with it.

Make a mayonnaise or French dressing from Mazola recipes and you'll have a salad as delicious as if you used even the most expensive olive oil. Try it and you will be convinced.

All cooking is done with fats of some kind. Butter, lard and drippings are expensive animal oils in solid form. Mazola is a rich, pure vegetable oil from the heart of golden corn, in liquid form. Try it for cooking and you will be astonished with the delightfully tasty results—and the very evident saving in cost. Can be used over and over again, as it does not absorb flavors or odors from foods.

Send for FREE Cook Book containing 28 pages of famous and delicious easy-to-follow recipes endorsed by world-renowned chefs. They show how to use Mazola, the modern way to cook. Your grocer has Mazola in pints and larger tins. Try it according to directions and you will thank us for its delights and economies. Make a generous trial. Buy a large tin. Hannar Greenwood De-
res Irish Leaders Are on
the Run Now.

London, Dec. 7.—Sir Hannar Green-
wood, chief secretary for Ireland, de-
clared emphatically amidst cheers in
the House of Commons today that he
was convinced there can be no success-
ful advocacy of a truce, in
and until the extreme leaders of
Irish republicanism apply either sur-
render and deliver their arms, or are
executed.

Hannar's statement was in re-
sponse to a query by Joseph Devlin,
Nationalist, as to whether he
was at the present of the British com-
missioners yesterday was constructive to
the cause of peace when the Dublin cor-
poration was about to discuss a truce.
Hannar had previously informed
the House that all the commissioners ar-
rived were members of the Irish re-
publican army and several of them
were continuously on the run for
their lives. One of them had spent
the previous night in a hay shed. Sir
Greenwood declared, and a shot gun was
in the office of another.

The Irish Side.
London, Dec. 7.—Michael Collins,
chief of the Irish re-
publican army, referring in a state-
ment today to a report that his safety
was assured in the proposed
truce between the Sinn Feiners
and the British government, said
there has been no such agreement.
He said that no person in Ireland or
anywhere had authority to use my
name, and does not count as a factor
in the question of Ireland's rights.
He said he was one for refraining from
making any statement.

At the present moment there is a
grave danger that the country
stampede on false promises and
there may be foolish and ill-
timed moves. My advice to the people is
to stand firm.

It is reported the auxiliary police
is endeavoring to discover whence
Hannar's statement emanated, but that
he is not to be traced.

JAPANESE CASUALTIES

London, Dec. 7.—Casualties among
Japanese troops in the Silesian
truce to date include 1,437 dead,
1,000 wounded and 588 deaths from
disease. It was announced by the War
office today. The records show 1,261
dead in action.

Had a real nervous breakdown, in fact, and
didn't do a thing for three months."

C.P.O.S. Corsican
Docked Yesterday

Brought Total of 1148 Passen-
gers, 2,200 Tons Freight,
One Stowaway.

The C. P. O. S. steamer Corsican
from London and Le Havre, the sec-
ond passenger vessel of the present
port season, docked at No. 3 berth,
Sand Point, at 7.55 yesterday morn-
ing. She carried a total number of
1,148 passengers, composing 295 cabin
and 853 steerage, in addition to one
Russian stowaway, 2,200 tons of
freight, in the way of raw woolens
and other goods, and one bag of mail.
This is her first trip of the season, and
her officers, Captain Rennie, Chief En-
gineer Gillett, Chief Officer Lancaster
and Purser Black, were warmly wel-
comed by local friends and officials.

Mixed Passenger List
Among her passengers were Bishop
E. Girouard, of Athabasca, Rev. Father
Piguet and Brother Debs, who are
returning from Rome to Athabasca.
Brother Debs also visited his old home
in Alsace Lorraine, and while in the
city they are the guests of His Lord-
ship Bishop LeBlanc. The liner took
all her passengers on board at Le
Havre, France, and with the exception
of those already mentioned, carried
principally immigrants for Canada and
the United States. Among the latter
class are Italians, Greeks, Serbians,
Rumanians, Russian Poles, French,
Belgian, Swiss, Czech-Slavs, Assy-
rians, Hebrews and Albanians. A
number of those served in the recent
European conflict, evidence of which
could be observed in parts of their
dress. In fact, one Serbian was com-
pletely clad in his old army uniform.
They are a fine-looking class, taken
as a whole, and should make good
citizens. One interesting incident of
the trip was the birth of a baby boy
to a Polish woman in the steerage on
the voyage across. The former is
now nine days old and both are well.
Shortly after the arrival of the liner,
Miss H. Canille, one of the steward-
esses, was removed in the ambulance
to the General Hospital for medical
attention.

Rough Weather
Chief Officer Lancaster stated that
the liner left London on November
22nd, without any passengers, for Le
Havre, from which port she sailed on
November 25th. Throughout the voy-
age the vessel encountered very strong
winds and rough weather, and the
weather was extremely bad. Questioned
as to the industrial unrest in
England, Chief Officer Lancaster stated
that the situation was becoming
considerably and men were becoming
more satisfied. No indication of fur-
ther trouble on the part of railway
employees and coal miners is now evi-
dent.

Stowaway Discovered
When the liner reached mid-ocean,
a Russian stowaway was discovered
on board, and upon the arrival of the
vessel he was turned over to the C.
P. O. S. and will be shipped back to
his own country. Of the 1,148 pas-
sengers, 870 are destined for points in
the United States.

Bound for the States
A number are going to various parts
of the State of Pennsylvania to en-
gage in the coal mines, while others
intend to earn their livelihood in New
York, Boston, Philadelphia, Chicago
and other American cities. It is ex-
pected that the U. S. Immigration of-
ficials will begin examination of the
steerage passengers this morning, as
they completed examination of the
balance of those who came via the C.
P. O. S. Mella, about 10.30 last night,
and a special train conveying them
left St. John shortly afterwards. Of
those who arrived by the latter steamer,
thirty-four have been detained, two
through illness, and the balance on
account of inability to answer the de-
manded questions, insufficient money to
enter the United States and other rea-
sons. These cases have yet to be dis-
posed of. All passengers from the
Mella for points in Canada left St.
John on Sunday and Monday.

Yesterday the scene presented in
the sheds in West St. John was a
particularly busy one. There were on
hand a large staff of C. P. R. police,
in addition to city police and four
Royal North West Mounted Police.
The C. P. R. policemen were kept busy
forming a guard around the aliens as
they marched from the Mella to the
Nursery, although not fully com-
pleted, has looked after thirty-two
children, including eight infants, and
is answering the many demands made
upon it in a highly competent manner.

If the chief and all the other officers
bring a clean bill, let them start at
the worst cases first, and not make a
personal attack on one who is conduct-
ing his business in a dignified and proper
way. I neither sell whiskey, rum or
lemon extract. I was only doing what
any number of shopkeepers are doing,
selling choice milk and bread.

VERNON CASTLE
LEFT SMALL ESTATE
Wife Received All Property
in Great Britain Amount-
ing to \$900.

(Special Correspondence Cross-At-
lantic Newspaper Service.)
London, Dec. 7.—Vernon Castle, the
American dancer, who was killed
while serving in the British Flying
Corps, bequeathed only about \$900
in property in the United Kingdom to
his wife. The now Mrs. Treman was
named as sole executrix of the will,
which left all property to his wife,
with the request, but creating no
trust in the matter, that she present
momentaries to his parents, relatives,
and friends.

Mr. Castle stated he left all his
property to his wife, not only as a
token of his deep love and affection,
but in grateful recognition of the
happiness he had enjoyed in her so-
ciety throughout their married life,
and the great assistance she had ren-
dered to him throughout that time in
his professional work and career.

Moral Reform Questions
Discussed.

Special to The Standard.
Sackville, N. B., Dec. 7.—The Unit-
ed Baptist ninth district meeting con-
vened in the United Baptist church,
Middle Sackville, yesterday afternoon
with the Rev. Bowley Green, D.D.,
of Moncton presiding, and a large
representative body of clergy and
laymen present. The session was de-
voted to the consideration of Sun-
day School work, a very interesting
address on "Sunday School and Young
People's Work" being delivered by
Mr. McLeod, of McKee's Mills, Kent
county.

There was a large gathering at the
evening service which opened with
devotional exercises by Rev. J. P.
Crabtree, of Lutes Mountain, West
county. Excellent addresses on the
"Forward Movement" were delivered
by Rev. E. H. Cochrane, of Moncton,
and Rev. Milton Addison, of Petito-
diac. A hearty welcome was extend-
ed by Rev. M. Price, of River Glade, and
Rev. Milton Addison, of Petito-
diac, who recently came into this district.

Moral Reform Issues.
This morning the third session was
held. Mr. McLeod, of McKee's Mills
presided at a meeting of the Women's
Baptist Missionary Aid. After a short
business session an address was de-
livered by Rev. John Glendonning, a
returned missionary from India. The
sessions closed with an interest-
ing discussion, Mr. F. L. Bower of
Moncton, spoke on "Yarmouth Con-
vention Echoes." This was followed
by an address on "Pentecostal Evan-
gelism," by Rev. Dr. Green, of Mon-
cton.

New Brunswick Temperance
Alliance Endorses Work of
Chief Inspector.

At the recent session of the New
Brunswick Temperance Alliance the
following resolution was unanimously
passed:
"This Alliance would put on record
its appreciation of the manner in which
has carried on his duties as Chief In-
spector under the N. B. Provincial
Prohibition Act.

"We consider that the people of this
province were exceedingly fortunate
in having at the head of this depart-
ment of the Government a Chief In-
spector of such marked ability,
sterling qualities of character, moral
courage and unswerving devotion to
the whole country. The law is not
presented in the enforcement of the
of the Act.

"Against the organized forces of
evil he has waged a conflict so wisely
and so bravely that he has won honor
both on himself and the organization
which has supported him, and we are
glad to know that he is at once ap-
preciated and appreciated by the
people. We congratulate the Temper-
ance people of the province on hav-
ing secured Mr. Wilson at Field Sec-
retary of the New Brunswick Temper-
ance Alliance and are confident that
with the added experience he has
gained, the cause of Temperance will
make new advancements under his
leadership."

OBITUARY.

Mrs. Maltida Wilson.
The death of Mrs. Maltida Wilson,
widow of Westwood Wilson, took
place on last Sunday at the residence
of her daughter, Mrs. Arthur Greer,
Worcester, Mass. She was a life long
resident of this city and is survived
by three daughters and two sons re-
siding in the United States and West-
ern Canada. Funeral will take place
on Thursday on arrival of the train
from Boston.

FUNERALS.

The funeral of George Parks took
place yesterday morning, from his late
residence, 267 Main street, to St. Pe-
ter's Church, where Requiem High Mass
was celebrated by Rev. D. M. Coll, C.
S. R. Sons of the deceased acted as
pall-bearers, and there were many
spiritual and floral tributes, the latter
including a large wreath from the U.
W. V. A. Interment in the new Catho-
lic cemetery.

The funeral of Abraham Hayes was
held from his late residence, Spar
Cove road, to Cedar Hill cemetery.
The funeral, which opened here this
morning with Justice Chandler pre-
siding. The case of Horsman vs.
Boyd, an assault and battery case
from River Glade, occupied the court
all day, four witnesses being exam-
ined by the prosecution. J. C. Sherren
for plaintiff and A. J. Legere for de-
fense. Eight or nine other civil ses-
sions are on the docket.

THREE BANDS AT FUNERAL.

Fredericton, N. B., Dec. 7.—The
macedonian bands headed the pro-
cession at the funeral of the late
George H. Offen, leader of the Fred-
erickton Brass Band, who died at Gall,
Ont., last Sunday, which took place
here this afternoon. Impressive ser-
vice was conducted at Parish Church
and the funeral was largely attended.

IN THE EDITOR'S MAIL

To the Editor of the Standard.
Dear Sir:—Will you allow me a
small space in reply to the chief
of police re the remarks in the "Stand-
ard" Monday. If the chief desires to
send me my letter to the Times, I will
absolutely refuse, let him say so in a
letter and not hide himself behind the
editor, in a few briefs, as druggists,
small grocers, etc. I still contend
my letter is the truth, and my word
is as reliable as his in any case.

The court is a laughing stock for
the whole country. The law is not
administered, it is made there, which
is wrong.

The prison—if all the cells are like
the one I was in is a disgrace to
humanity. I was placed in a dirty
cell with four others. One was Mr.
Merritt and another who is doing a
six months' term for having on him
two 4-ounce bottles of lemon extract.
Is there any justice in that, while
others get out scot free who have done
much worse than that. What about
the last six months' cases that have
been in court? The way they have
been treated is a disgrace to the whole
city.

If the chief and all the other officers
bring a clean bill, let them start at
the worst cases first, and not make a
personal attack on one who is conduct-
ing his business in a dignified and proper
way. I neither sell whiskey, rum or
lemon extract. I was only doing what

ST. JOHN, N. B. WEDNESDAY, DECEMBER 8, 1920.

"CANADA IS NOT INTERESTED"

In discussing the treatment he got at Moncton on Monday evening Mr. Lindsay Crawford holds that he didn't get fairly in that he was denied the opportunity to speak. As a Canadian citizen he claimed the right of free speech, but was refused it. From all we have been able to learn of the proceedings at his meeting, his assertion is scarcely true.

Mr. Crawford's object in going round the country addressing meetings is, we presume, to spread the doctrines of the Self Determination for Ireland League of Canada. The chief among these doctrines—in fact the only one that counts—aims at procuring for the Irish people the privilege of determining for themselves the manner in which they shall be governed.

The work of the St. John Society for the Prevention of Tuberculosis, an account of whose annual meeting will be found elsewhere in this issue, is worthy of the support of the citizens both of St. John and the province at large.

If instead of taking the chair at Sunnyside meetings and endeavoring to get their doctrine spread abroad, Mr. Veniot would devote some attention to the Westfield road, he would be spending his time to infinitely greater advantage.

Who is this de Valera, for instance, who describes himself as President of the Irish Republic? It is said that he is a Spaniard and not Irish at all. He is living at his ease in one of the best hotels in New York, spending the funds which some poor dupes have been induced to subscribe to free Ireland.

Just how unrepresentative the U. F. O. is of the farmers of Ontario was amply demonstrated at the hearing before the Tariff Commission in Toronto a day or two ago.

A despatch from Dublin says that a Christmas truce in Ireland has been suggested by R. N. Sweetman, a Sinn Féin member of Parliament, who recently urged that advantage be taken of the Labor Commission's visit to Ireland to bring about a conference between the Commission and the Irish Labor Party.

The Minister of Justice is moving in the League of Nations Assembly for the abrogation of Article Ten, which requires members to give assistance in maintaining the territorial integrity of other member nations.

that place for eighteen years, and on averaging up the amount he had paid for duty on implements during those years, found the amount came to about \$7 a year. His view on the matter was that "if any Canadian farmer cannot afford to contribute that much to the Government, particularly when his produce is protected from American invasion, then he had better get out of the business and find something else to do."

A U. F. O. representative declared that Canada wanted a growing population, and that the increase should be shown on the farms rather than in the industrial cities. There were already industries which Canada could get along without, such as the automobile and rubber businesses, and when it came down to trading with the United States, this gentleman said he would not introduce any national sentiment, but would by his produce wherever he could get it the most cheaply.

Ultimately however when questioned by Sir Henry Drayton as to how he would suggest that the country should make ends meet if his theories were adopted, this gentleman was forced to admit that "he really knew nothing about the details, but that the theory should be a sound one."

The villain in this business was not the officer who spread the false report, but the Unionist statesman who allowed a campaign to be started against Lord Haldane. He saw the opportunity of discrediting the Liberal Government through Lord Haldane and he seized it.

Why was Sir Edward Grey silent? He was silent in Lord Haldane's house at the time, and, agonizing over the abhorrent prospect of European slaughter and striving to the point of a nervous collapse to save the country, was devotedly served and strengthened by his host. Why was he silent?

Senator Lodge, who is spoken of as a probable member of Mr. Harding's cabinet, told an audience in Boston Monday that under Republican rule the United States tariff will be increased. The existing United States tariff averages slightly over 23 per cent. The existing Canadian tariff is Ottawa Journal says, although the United States is preparing to make it more difficult for Canadians to sell its market of 100,000,000.

When the United States Government with impunity allows over-excited crowds to insult the British flag it commits a fault marked with ingratitude. The fault lies in allowing the public peace to be disturbed by demonstrators whose political position is greater than their respect for the law of a country whose hospitality they enjoy.

The Flag Incident. (L'Evenement.) "When the United States Government with impunity allows over-excited crowds to insult the British flag it commits a fault marked with ingratitude. The fault lies in allowing the public peace to be disturbed by demonstrators whose political position is greater than their respect for the law of a country whose hospitality they enjoy."

The Minister of Justice is moving in the League of Nations Assembly for the abrogation of Article Ten, which requires members to give assistance in maintaining the territorial integrity of other member nations. The teeth of the Covenant are in this section, and the United States found

more objection to it than to any other part of the pact. Canada itself has no enthusiasm will to guarantee the territory of some of the European members, and obligate itself to give assistance. The territorial quarrels of Continental Europe are age-long.

LORD HALDANE

The author of "The Mirror of Downing Street," who signs himself "The Gentleman With a Duster," lets us into some secret history in his character sketch of Lord Haldane. This anonymous London writer who writes scurrilous against Hon. Lloyd George I referred to a week or so ago, is a fervent admirer of the former British Minister of War who holds him up as a beautiful example of how a man ought to act when he is undergoing martyrdom.

This writer, who must be an intimate friend of Lord Haldane, informs us that it was excess of patriotic zeal which caused his hero's martyrdom. On the eve of war being declared, Mr. Asquith asked Lord Haldane to go down to the War Office and mobilize the machine which he himself in early years had prepared for war.

While leaving the War Office on the same day, after having mobilized the British Army, Lord Haldane stepped across to the Foreign Office. There he met an officer who asked him how many divisions he was sending to France.

The villain in this business was not the officer who spread the false report, but the Unionist statesman who allowed a campaign to be started against Lord Haldane. He saw the opportunity of discrediting the Liberal Government through Lord Haldane and he seized it.

Why was Sir Edward Grey silent? He was silent in Lord Haldane's house at the time, and, agonizing over the abhorrent prospect of European slaughter and striving to the point of a nervous collapse to save the country, was devotedly served and strengthened by his host. Why was he silent?

Senator Lodge, who is spoken of as a probable member of Mr. Harding's cabinet, told an audience in Boston Monday that under Republican rule the United States tariff will be increased. The existing United States tariff averages slightly over 23 per cent. PLEBISCITE AN UNHAPPY FARCE

Observers Inclined to Think Another European War is in the Making.

(Copyright, 1920, by Public Ledger.)
 Warsaw, Dec. 5.—The ukase of Cardinal Bertram and Archbishop Breslauer forbidding the minor clergy other than those with the consent of their pastors to participate in the Polish-German Upper Silesian plebiscite has enraged Polish people of all classes. Socialist members of the Diet yesterday presented a motion for the immediate resignation of Monsignor Ratti, papal nuncio to Warsaw, and for the recall of the Polish minister to the Vatican. The motion was defeated.

A more significant protest was sent to the Pope from Polish cardinals and dignitaries protesting Cardinal Bertram's actions on the grounds that the Polish priests hold only a minor position in Upper Silesia and that they will never receive permission from the pastors to speak for Poland as the pastors receive their livings from the German land-owners. Cardinals Dabrowski and Kakowski, Archbishop Bolezewski and Teodorowicz and Bishops Sapieha, Pulman and Przewdzicki have signed the memorial.

Cardinal Bertram's decree, which he declares was issued with the knowledge of the Pope, has started a conflagration. This unfortunately had been prepared for some time in this sad border region between Poland and Germany, where the Poles are only minor workmen and small tenant farmers, and where the Germans are large land and industrial owners with 20 per cent of the families of estates and possessing 60 per cent of the plebiscite territory.

Plebiscite an Unhappy Farce

The plebiscite solemnly arranged in Paris has from the first been an unhappy farce. Unfortunately in many cases, minor administrative offices have a basis for the Germans. English employment of demobilized army officers for technical unbiased, semi-judicial places in the plebiscite is not a success as the men manifestly are influenced by the social conditions. The Polish grimy workmen living indifferently and the Germans comfortable men in authority. Certain officers have progressed from open-mindedness to the conclusion that it would be a misfortune for the Poles to win. The tactlessness the Poles say in some instances has intensified feeling and that the commissioners have failed at critical points. They also say the French and English commissioners must specifically be excluded from any demonstration. Apart from that fact it is accepted the French are desirous that the Poles should win and that the English policy as understood by men in the field is that Germany should win.

French Predict Disturbances

The territory in dispute contains the richest coal mines in Europe. On the continuous production of coal, in large part, the welfare of manufacturing Europe depends. So far in ten months Polish workmen only have been drafted and the five days permitted for the plebiscite period may bring production to an end. Disturbances are predicted by the French who have a body of troops on hand, but doubt their ability to hold.

There are indications that the coal workers of other basins in Europe are watching the struggle not because of love for the nationalistic Polish miners who refuse communism, but in the hope of making the plebiscite a class struggle and that in the event of the defeat of the Poles they can win them to their cause. Thus with the addition of clerical and allied power, the blundering communist forces are working with their propaganda with the deliberate object of creating a social cataclysm.

HORRIBLE DEATH OF A WESTERN FARMER

Trapped by Cave-in of Well—Family and Neighbors Watched Him Drown.

Saskatoon, Sask., Dec. 5.—The vivid imagination of Edgar Allan Poe could not have conceived a more horrible death than that which came to Nicholas Klutman, a Galician farmer of the Horse Lake District, details of which were contained in a report received by the provincial police.

Klutman was trapped by a cave-in while working in a well on his farm. In spite of frantic efforts on the part of his family and neighbors, he could not be budged. The water rose slowly in the well. Inch by inch it crept up until it reached his mouth. Then Klutman died. Before he died he made his last will, verbally, and bade farewell to his wife, children and friends.

John Bryson, a neighboring farmer, volunteered to go down to Klutman's assistance. He had gone down three feet when Klutman shouted to him to go back. Another part of the cribbing was on the point of falling in. The water was now rising around the doomed farmer's neck faster than it could be bailed out.

"I'm going to die, I'm going to die!" cried the man. And he called his wife and youngsters to come to the top of the well and look at him. Then with sobs in his voice he said: "I leave you all my property, everything I own. God bless you!"

RETURN OF MONARCHY NOT SO FAR DISTANT

Monarchists in Germany Progress to Believe it Coming Soon.

Berlin, Dec. 7.—The time for the return of the monarchy will come when the German people will have "drained to the dregs the blessings of the republican form of government," says the Kreuz Zeitung, discussing the anniversary of the German revolutions.

The conservatives' organ adds that the time is likely to come much sooner than most people imagine.

The paper declares that the German proletariat in the past two years has been torn by dissensions which are constantly growing and that it is anything but a collective unit, inasmuch as a section of it prefers to celebrate the Russian revolution while the so-called reformists accept the German revolution as marking a new era.

ation, cursory yet sweeping, your correspondent is impressed by the statement of men in authority that a new war in Europe is in the making, if not possible in land, it is in the mines and factories between grimy men, women and children of one nationality and the commercial population of another race.

City Council Passed All Bills

Board of Assessors Reappointed—Report on Finance and Public Affairs Received.

The city council yesterday passed the usual resolutions for the payment of all bills presented before the 16th of the month, and to pay the last half month's pay of the year to the civic employees before the 20th, so as to include the amounts in this year's accounts, re-appointed the board of assessors and passed several matters of routine business.

Finance Report

The commissioner of finance and public affairs reported as follows: The commissioner of finance and public affairs recommended the payment of the following accounts for the month of November last, as certified by the city comptroller: Treasury department \$ 156.73 Public safety department.... 3,706.65 Public works department.... 5,142.78 Water and sewerage dept.... 3,936.49 Harbors, ferries and P. L. department 935.59

And reported payment for the month of December last amounting to \$173,864.01.

He recommended that the comptroller be authorized to pass for payment all amounts received by him, if correct, so that they may be charged to this year's expenditure, such accounts to be placed in his hands by the several departments on or before the 15th instant; also that he be authorized to pass for payment the several payrolls for the month of December on the 30th instant, so that they also may be entered up against this year's expenditure; that Timothy F. Lantala, James Collins and John Ross be appointed under provisions of the Saint John City Assessment Act, 1912, assessors of taxes for the City of Saint John, to constitute with

E. Murray Olive, the chairman of the board, the Board of Assessors of Taxes for the City of Saint John for the year 1921, adopted.

Committee of the Whole

The committee of the whole recommended that plans and specifications be prepared for the paving of Douglas Avenue, Haymarket Square, Marsh Road, Brussels street, Market Square and King street, west; that \$84.93 be refunded to George A. Appt, overpaid because of mistake in filing assessment; that the machinery hall at the exhibition buildings be leased to the Atlantic Sugar Refineries for four months at the rate of fifteen cents per gross ton per month; that the water and sewerage service be extended to serve the people of Vlahart street at a cost not exceeding \$6,350, provided they agree to pay six per cent on the cost of the work, adopted.

A communication was received from the City Employees' Union asking for a hearing on the new wage schedule and working conditions for the coming year. It was decided to hear them on Monday morning next at 11 o'clock.

PASS RESOLUTIONS OF CONDOLENCE

At the regular December meeting of St. John Typographical Union, No. 85, the following resolutions were adopted: Whereas, Almighty God, in His infinite wisdom and mercy, has called from among us our late brother and fellow workman:

Whereas our late brother was always and ever a firm union man in all that the name implies, and never shirked a duty or wronged a brother member, and at all times proved himself a worthy member of the Craft; therefore be it

Resolved: That in the death of William D. Eastington St. John Typographical Union, No. 85, loses one of its oldest members and friends; and be it further

Resolved: That these resolutions be spread upon the minutes of St. John Typographical Union, No. 85, and a copy sent to the daughter of our late brother, and as a further mark of respect that the Charter be draped for thirty days and the press be given a copy of these resolutions.

Winnipeg Rails Make a 7-Point Gain and Wayagmack up Five.

Montreal, Dec. 7.—In today's list on the local stock exchange Smelters was the only relatively active stock, opening 1 1/2 points down from yesterday's close and selling off two points less to 16. The deferred dividend declaration of the annual meeting yesterday doubtless caused the decline. Both the Spanish issues were strong, the common adding 1 1/2 points net and the preferred 1-1/8, both a sharp decline at the close. The strength is attributed to the optimistic rumors connected with the payment of arrears of dividends, although yesterday's annual meeting had nothing definite to say on the matter of the early payment of these.

Other stocks which were strong were Wayagmack, Winnipeg Railway Cement and Brazilian and stocks prominent on the weaker side were Steamship News, Iron and St. Maurice. The latter named, having been recently inactive.

Winnipeg Rails Up
Winnipeg Railway sold 7 points above a previous sale some time ago. Wayagmack gained five points at 40, and Cement and Brazilian gained a point each. Winnipeg Railway gain is in line with the strength shown in utilities recently.

The Victory Bonds continued active and strong. The 1924 issues, bought at 80, and the other held to previous gains or added to them. The most active was the 1924 issues in which dealings ran to \$419,950 per value. Total sales, listed, 256; bonds, \$212,700.

REARS CRUSHING WINNIPEG WHEAT DOWN ONCE MORE

Winnipeg, Man., Dec. 7.—The wheat market today showed a decided reversal from the past few days and after opening lower continued the downward trend until the low of the day was reached at 1.80 for December and 1.81 for May. Temporary reactions followed and the close showed a decline of 1-1/8 to 1-1/4 for futures and 9-3/8 for cash. The demand for cash wheat continued good and on light offerings premiums were well maintained, being 18 cents over for No. 1 Northern, spot Port William. Oats showed sympathy with wheat closing 1-7/8 to 2 cents lower.

Wheat—Close, December 1.80 1-8; May, 1.81 1-4.

Chicago, Dec. 7.—Wheat underwent a sharp decline in price today, owing largely to an apparent halt in export business and to nagging about the banking situation in the North West. Closing quotations were heavy 7-1/4 to 9 cents net lower. Corn lost 2 to 3-1/8 and oats 1-1/8 to 1-1/2.

GOSSIP AROUND THE MARKETS

Announcement is made at Montreal that the balance of \$5,000,000, Province of Quebec five year 6 p.c. bond, maturing June 1, 1925, consisting of 750,000 has been purchased by Beausoleil Ltd., and is being offered to the public at par, plus interest.

The statement is made that the value of the mining output of the Province of Quebec for the year ending October 31, is approximately \$20,000,000, which considerably exceeds that of a year ago, in spite of the somewhat smaller output. The value of the Asbestos produced showed an increase of 33-1/2 per cent. This is the principal mineral produced in the province.

It is announced that the option given representatives of the British Columbia Electric Railway Company by the majority shareholders of the Western Power Co. of Canada for the purchase of 250,000 shares of the company's common stock at \$15.00 per share, has been exercised. Payment for the shares deposited will be made December 15th next.

At the annual meeting of the Wind sor Hotel Company of Montreal, the annual report was unanimously adopted. Routine business was transacted and the directors were re-elected.

The Power Co. of Canada, Ltd., capitalized at \$2,000,000, has been incorporated under a Province of Quebec charter. Montreal, Ontario and Quebec's capital is interested, the head office is at St. Facome, Kamonaska. No stock will be issued for public subscription. The new company plans to purchase and operate certain mill properties on the south shore of the St. Lawrence River, below Quebec City.

The announcement is made that the syndicate handling the Ontario Bond issue has disposed of no less than \$15,000,000 of bonds.

STANDARD BANK STOCK OWNERS TO GET FINE PROFIT

New Stock Offered to Them at \$175—About \$35 Before Value.

Special to The Standard
Toronto, Dec. 7.—The announcement is made by the Standard Bank of Canada that \$500,000 of new stock will be offered to shareholders of record January 5th in the proportion of one new share for every seven now held. The stock will be offered at \$175 a share. As the stock of the enterprise is now selling between 210 and 212, shareholders are therefore receiving a concession of some \$35 a share, or practically an additional stock dividend of 5 per cent. By this new issue the Standard Bank will have quadrupled its capital since 1906, when it stood at \$1,000,000.

DOMINION FOUNDRIES ANNOUNCE "MELON"

Special to The Standard.
Hamilton, Dec. 7.—The much discussed melon for the shareholders of Dominion Foundries and Steel, Limited, consists of an offering of \$800,000 7 per cent. cumulative preferred stock of the Adirondack Steel at par of \$100 per share and that three shares of common stock of no par value will be given as a bonus with each share of preferred. The terms are 10 per cent. with subscriptions which close within thirty days. Production at the Adirondack Steel was started in August and in October profits on one-fourth rated tonnage were very satisfactory.

Fixes Price for Eggs in London
By HUGH DRYDEN.
(Copyright, 1920, by Cross-Atlantic.)
London, Dec. 7.—Profiteering in eggs during the coming winter has been nipped in the bud by the Food Ministry, which has fixed the maximum price for new-laid eggs at six pence each, about nine cents in American money now. The farmers had had visions of the price rising to eighteen or twenty cents. As a matter of fact it was proved by an egg-laying test last winter that eggs can be produced at a cost of a fraction over four cents each. Thus the six penny limit would leave a good margin of profit.

SMELTERS DEFER DIVIDEND ACTION

Declaration Will be Made at End of Quarter in the Future.

Montreal, Dec. 7.—At the meeting of directors of Consolidated Mining and Smelting Company, Limited, it was decided to defer action on the dividend for the last quarter of the year until the inventories are taken and valued at the end of the period. Further it was stated that dividends will be declared at the expiration of the quarterly period and not as heretofore in advance. The year 1920 has been one of the most successful in the history of the company from an operating standpoint, but there has been a severe drop in metal prices with no corresponding fall in cost of labor and materials.

Invitations have been sent to colleges in the United States and Canada which takes up skiing and expected that the meeting will be the best of the kind in the history of the sport in Montreal.

STRENGTHENING PROTEST AGAINST HANDS OVER ANY COUNTRY

Claim Every Animal Fed to Feed Citizens of Many.

By VIGGO TOEPFER.
(Copyright, 1920, by Cross-Atlantic.)
Berlin, Dec. 7.—A bitter denunciation of the Reparation Commission demands appears in the Berlin press. Dealing with the reparations in cattle, amounting to 200,000, 52,000 yoke oxen, 11,000 cows, and 11,000 head of calves of cattle, the Socialist says: "This is the most monstrous ever presented in peace or war. It is a demand for the lifeblood of Germany's need of cattle, in order to give a gift of 100,000 cows before this generous offer is made. The Berlin press demands 400 cows, ten per cent. of the stock of cattle in Germany. One cow yields twenty liters of milk daily, but assuming an average of seven liters only, this means a deficiency of six million liters of milk which children's milk supply many."

STRONG PROTEST AGAINST HANDING OVER ANY CATTLE

Claim Every Animal is Needed to Feed Citizens of Germany.

By VIGGO TOEPFER.
(Copyright, 1920, by Cross-Atlantic.)
Berlin, Dec. 7.—A bitter demonstration of the Reparation Commission's demands appears in the Berlin Vorwarts. Dealing with the requirements in cattle, amounting to 100,000 bullocks, 52,000 yoke oxen, 810,000 milk cows, and 11,000 head of other classes of cattle, the Socialist organ says:

"This is the most monstrous claim ever presented in peace or war. American philanthropists, recognizing Germany's need of cattle, have offered us a gift of 100,000 cows, and before this generous offer can be realized, the Reparation Commission demands 810,000 cows, ten per cent of the whole stock of cattle in Germany. A good cow yields twenty liters of milk daily, but assuming an average yield of seven liters only, this means a deficiency of six million liters—the whole children's milk supply of Germany."

"Not to mention the loss of yoke oxen, we should lose ten million hundredweight of meat and 800,000 hides. This measure was characterized by a delegate at the meeting of the Social Democratic Party as an attempt at organized murder of German mothers and children.

Hard on the Children.
"If this surrender of cattle cannot be prevented, the consequences will be worse than the most stringent hunger blockade. All the world is aware of the alarming death rate of children in Germany—they die in batches. In Saxony the statistics give a frightful picture of infant mortality. In the village of Buba two children out of 301 who had been medically examined are described as normal, all the rest are underfed; in Hertau five out of 1,143.

"This brutal murder attack on women and children means the destruction of the last, indispensably necessary reserve for the existence of the German people. Such a demand cannot be fulfilled—the responsible authorities would be guilty of a serious crime against their own people. This demand is apt to poison again international relations, and must create despair among millions."

INTERNATIONAL SKI MEET AT MCGILL

Montreal, Dec. 7.—Another international intercollegiate ski meet will be held this season in connection with the winter carnival at McGill, the dates set aside being Feb. 25 and 26. Invitations have been sent to every college in the United States and Canada which takes up skiing and it is expected that the meeting will be the biggest of the kind in the history of the sport in Montreal.

WILL NOT ALLOW DISTRIBUTION OF HUGE DIVIDENDS

Germany Preparing a Law for That Purpose on Demand of Socialists.

(Copyright, 1920, by Public Ledger.)
Berlin, Dec. 7.—Answering the demand of a Socialist member, Dr. Scholz, federal minister of economic affairs, who made the annual budget report to the Reichstag, replied that the government is now formulating a declaration of war against the distribution of exorbitant dividends. Although it is not as yet determined whether the proposed law shall take the form of taxation or of direct expropriation, or involve some hitherto untried form, Dr. Scholz gave assurance that the matter is receiving the most careful attention and that action would soon be forthcoming.

German business houses today are in the piker class if they cannot pass out at least a 20 to 30 per cent dividend. One cocaine firm tops the list with a recent declaration of a 330 per cent dividend, covering a three-year period, and with only a capital of a million and a half marks, divided profits of six and one-half million marks. A chemical company, in addition to issuing stockholders' profits worth half their holdings, distributed 100 per cent shares as well. But this is only half the story, according to radical labor leaders, who contend that hidden profits undeclared because of fear of inciting the workmen amount to nearly as much as those announced.

Real Worth Not Great.
The fact is, however, the real worth of these enormous profits is not so great as appears if quoted in terms of the present value of the mark, which is about one-seventeenth what it was before the war, when the shares were purchased.

Dr. Scholz's discouraging report, in which he also declared that all food rations would be rigidly enforced, and the violators punished to the full extent of the law because of the gravity of the outlook for the coming year, failed to have much effect on the members of the Reichstag, who have listened to many similar recitations, but it overshadowed the Reichbank's statement that paper currency had been reduced 780,000,000 marks during the last week and sent the value of the mark down two points. The government will support importers of food and raw materials of all kinds, but will permit the bringing in of half-finished articles only in limited quantities, stated the minister, who contended that the necessity of buying 2,500,000 tons of grain in foreign markets during the next year, at an approximate cost of 12,000,000,000 marks, makes it difficult to purchase other articles for import. No right programme for the coming year was outlined by the ministry of economic affairs, because of constantly shifting values and generally unsettled financial conditions, stated Dr. Scholz.

FORMER ARMY NURSE HAS FULLY RECOVERED

"I Can Never Express My Gratitude for What Tanlac Did for My Wife," Says Husband—Never Felt Better in Life.

Bud Morris, 277 University street, Montreal, P. Q., sergeant in the Canadian army during the late world war, and whose wife accompanied him overseas as a trained nurse, comes forward with an interesting statement regarding the merits of Tanlac. Mr. Morris is at present travelling in the interest of the Great War Veterans' Association.

"I must say," said Mr. Morris, "I can never fully express my gratitude to Tanlac for what it has done for my wife. For two years she suffered with indigestion, lost her appetite entirely, and what little she forced herself to eat bloated and distressed her terribly. At times she suffered with severe headaches, and her nerves were in such a bad condition that even the ringing of the telephone would upset her, and it was impossible for her to get a good night's sleep.

"She became very weak and run down, and, in fact, not even the fatigue and hardships she endured as an army nurse caused her anything like the suffering this trouble did. We tried a number of different medicines but nothing helped her until she got Tanlac.

"Well, she is not like the same person now. Her appetite is so good she is always ready for a hearty meal, and her stomach never gives her the least pain or distress. Her nerves are in fine condition, too, and she sleeps like a child and is rested and full of energy in the morning. In fact, I just received a letter from her, from Toronto, where she is spending a vacation, saying she never really felt better in her life. Since Tanlac has done so much for her, it always gives me pleasure to say a good word for it."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Adv.

WOMAN CELEBRITY HUNTER'S MISTAKE

Wanted Autograph of M. Azerbaijan, Who Was Not to Be Admitted to League.

A woman had walked up to the clerk in one of Geneva's leading hostilities, where some of the most important delegations to the assembly are quartered, and asked for "Monsieur Azerbaijan." She had seen a reference to the gentleman in this morning's paper to the effect he was not to be admitted as a member of the league, and she had come to seek his autograph. She already had most of the delegates in her book, she said, but somehow had missed "Monsieur Azerbaijan, who undoubtedly was here, seeing that the papers spoke of him.

"Call for 'Monsieur Azerbaijan,' called the 'Monsieur Azerbaijan,' stuttered the pages all over the place.

Finally an elderly delegate, emerging from behind a huge armchair, came to her rescue.

"Madama," he said, "excuse me, but if the Azerbaijan you are looking for doesn't happen to be lost you'll probably find 'him' lying on the map somewhere between the Black Sea and Arabia."

How To Revitalize Wornout Exhausted Nerves

Your nerve power depends on plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalize wornout, exhausted nerves and give you new strength and energy. Over 4,000,000 people annually are using it. Beware of substitutes. Always insist upon having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all drug stores.

Diocesan Board Meeting At Trinity

Anglican Women's Auxiliary Heard Reports and Interesting Addresses Yesterday.

At the diocesan board meeting of the Anglican Women's Auxiliary held at Trinity church yesterday afternoon two very interesting accounts of the annual meeting at Winnipeg were given by Mrs. Kühring and Miss Fortia MacKenzie. Both these members attended the annual at Winnipeg and brought before the Diocesan board many of the important points considered.

Mrs. George F. Smith presided. With very deep regret members heard the announcement of the resignation of Mrs. W. D. Foster, who has been corresponding secretary for a number of years. A vote of appreciation of her loving, willing, faithful service was passed by a standing vote, several ladies speaking to the motion.

Rev. Canon Armstrong.

Rev. Canon Armstrong in a short but eloquent manner spoke to the W. A. on the miracle of the feeding of the five thousand, pointing out points of contact between that miracle and the work of the W. A. It was done because of love for humanity, as the same food was supplied to all so the same message is for all. There was organization in the accomplishment of this miracle. As the apostles gathered up the fragments, so all tasks can be glorified by the spirit in which they are done, and even a fragment of time can be used by God.

Mrs. Roberts, secretary, spoke of the importance of the personal touch in having each branch represented at the Diocesan Board. She told of having received a letter describing the good progress of Bobby Walker, in whom the W. A. are keenly interested. His teacher writes that he is a good sportsman in every sense of the word. All branches were well represented yesterday.

Mrs. Forster reported a new branch formed at Nashwaak of which Mrs. Robert FitzRandolph had written. She also read a letter from the new president of this branch, Miss Lillian Miles, thanking the W. A. for kind wishes and offers of help. A letter of appreciation of the monthly report was received from the Girls' Branch at Bathurst. Three new life members were reported, one of whom is Mrs. William McAvity.

Treasurer's Report.

The Treasurer, Mrs. G. C. P. McAvity, reported receipts of \$122.25. Disbursements of \$193.94. Balance on hand, \$780.84. The allotment for next year is \$2,200, an increase of \$400 over last year.

Mrs. John Hay, Diocesan secretary, told of two bales shipped this month from Shelburne, and two from Trinity church, St. John. Many branches are now contributing to the Christmas boxes, and it is requested that donations to these be sent in immediately.

Other Reports.

Mrs. J. F. Robertson, literature secretary spoke of the W. A. Calendar. Mrs. Coster, leaflet secretary, gave a good report saying that there are now 1,471 subscribers to the Leaflet. Miss Helen Richardson, gift secretary, reported two new branches reading outfits to Indian children and many interested in study classes. Miss Sadler gave her report as Leaflet editor.

Miss Portia MacKenzie reported a new branch at Nashwaak. Miss Scott for the Pickett Memorial Fund stated that seventeen grants had been made bringing comfort and assistance to many families, but that the fund for the year is now exhausted. She reminded the members that their offerings are used for this splendid work.

Mrs. Kühring and Miss MacKenzie both touched upon the very important interest at the annual and their talks were listened to with earnest attention.

The winter styles in suits are all they were cracked short to be—and more so. As Hamlet, the ladies' garment cutter, declares:

"To knees, or not to knees?—That is the question; Whether 'tis better to stoop where we are, Or to take arms and cut 'em even shorter?"

County W.C.T.U. Annual Meeting

Reports Received Showed Splendid Work Accomplished—Officers Were Elected.

Good reports of faithful work were given at the annual meeting of the County W. C. T. U. held in Orange Hall yesterday afternoon. Mrs. Seymour, Evangelistic Superintendent led the devotional service asking Mrs. Scott, President of the North End Union to lead in prayer. Mrs. George Colwell also led in prayer.

Subject of Talk

Mrs. Seymour took for the subject of her talk the aims of the Bible. Miss Fullerton, President of the Carleton Union offered prayer.

The County President Mrs. R. D. Christie then took the chair and in her words of welcome to those present referred to the helpfulness of the devotional service.

Letters of regret at inability to be present were read from Rev. P. S. Dowling and Rev. Thomas Marshall. Reports read by the Presidents of the Unions showed splendid work accomplished.

Officers Elected

Mrs. Christie declined re-election, and the following officers were elected:

Mrs. George Colwell, President.

Mrs. Harry Demers, Sec'y Treasurer.

Vice Presidents, the presidents of the local unions, Mrs. David Hipwell, St. John City Union, Mrs. Scott, North End Union, Miss Fullerton, Carleton Union, Mrs. C. D. Hanson, Fairville Union.

The City Union served tea and the meeting closed with the singing of God Save the King.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It does not irritate the throat, but breaks anything else ever tried. It kills the ordinary cough or chest cold in 24 hours. Tastes pleasant, like children like it—and it is pure and good.

Four 2½ ounces of Pinex in a 16-oz. bottle; then fill up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 10 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, ask your pharmacist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. POSTAL CLERKS HOLD ASSEMBLY

The St. John branch of the Postal Clerks Association held an enjoyable bridge and dance in the G. W. V. A. Hall, Wellington Row, last night. There was nearly one hundred ladies and gentlemen present, and every moment was an enjoyable one.

Fred Joyce rendered a solo, which was much appreciated. Refreshments were served, and an orchestra led by Miss Kinman furnished music for a programme of fifteen dances. Elmer Ingram was chairman of the committee in charge. Bernard McCarthy was floor manager, and all present voted the affair most delightful.

MRS. SOLOMON SAYS:—

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.) Being the Confessions of the Seventh-Hundredth Wife.

Alas, alas, my Daughter, how shall a WOMAN satisfy the demands, and likewise the ideals and please the hearts of men? For, behold, from the pulpits, the High Priests have declared that marriage is woman's sublimest vocation.

Yes, if a damsel declareth openly, "I yearn to marry!" she is called bold and "unwomanly"; and her name, amongst bachelors, is "Man-trap."

But if she declareth openly, "I scorn to marry, and desire only single blessedness!" she is called "unnatural"; and her name, amongst bachelors, is "Bluffer."

If she seeketh to capture a husband, and adorneth herself to charm the eyes of men; if she tincteth the cheek and shorteneth the skirt, she is called "Vamp" and "Siren," and "Doll" and "Scatter-brain."

But if she weareth comfortable garments, and cotton hose; if she croppeth her hair, and scorneth coquetry and rice-powder, she is called "Poor thing!" and "Blighted being," and "Man Hater," and "Freak." And the titlers of the scornful can be heard at her approach.

If she chincheth and bluseth, and demandeth that a man shall wait upon her, and support her, she is called "Molnax" and "Parasite;" and from the platform of the women's clubs, she is denounced as "mid-Victorian."

But if she earneth her own living, and packeth her own trunks, and chooseth her own politics and runneth her own motor-car, she is called "Advanced" and "unfeminine;" and in the meetings of the men's clubs she is denounced as "the modern menace."

If a matron waxeth fat, lo, it is "her own fault," and she is "joke."

If she dieteth, and banteth, and massageth to keep her waist-line, she is "a vain old fool."

If she permiteth her hair to turn gray, she is "passee."

But if she turneth its course to "red," she is "deceitful."

If a wife desireth herself perfectly content with her husband, behold among the worldly, she is shrugged at, and called "easily pleased."

But, if she avoweth herself dissatisfied with matrimony, and yearneth for a "soul-companion," she is written down in the black books of the reformers, and called "regional" among scenario writers.

If a woman talketh and chatter, she blasphemeth the ear of men. If she remaineth silent, she affronteth their suspicions.

If she laugheth and displayeth a sense of humor, she frighteneth men. If she weepeth, she wearieth them.

If she believeth all that a man telleth her, she is "soft" and a "fool."

If she believeth nothing he telleth her, she is "hard" and a "cry-baby."

Verily, verily, it is no DISGRACE to be a woman! But, alas, it is exceeding uncomfortable!

Bare Facts About Women's Styles

(By Miss Felicia Felclothes.)

It's a long skirt that causes no tanning.

Ever, when she celebrated Apple Week, was dressed like an early Victorian in comparison with the modern women.

It used to be a man's ambition to see his wife well dressed. It is still an ambition but an impossibility.

Mothers used to bring their daughters up in the straight and narrow path. Now they bring 'em up in straight and narrow skirts.

A woman used to have to raise her skirt on a rainy day so the hem of it wouldn't get wet. In the modern skirts a woman could wade across Beaver Creek without getting the hem wet.

The modern world is growing better, say the reformers. Better, but barer.

Need Another Door.

A door to further wage increases to anthracite miners is said to have been opened. Nobody ever opens a door of escape from the inevitable price rise to the poor coal consumer.

Motor-driven appliances to the number of 2,000,000, it is estimated, will be produced in 1920, washing machines, ironing machines, dishwashers, vacuum cleaners, sewing machines and refrigerators being included.

The new casing glue made by the United States Forest Products Laboratory is so strong that when plywood is made with it this withstands after boiling for eight hours a shearing strain of 180 pounds to the square inch.

Ouch! My Back! Rub Lumbago Pain Away

Rub Backache away with small trial bottle of old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

Any man who can walk down the street today, unimpeded, and not feel more embarrassed in the ladies' shopping district than he used to feel when he sat in the front row at the Ruth St. Denis dances, is essentially hardballed.

More elected Miss Dorothy Lowe and Mrs. Everett Hunt.

Heard the salary of a kindergarten teacher at East St. John, was \$100 set aside for the I. O. D. E. War Memorial. It was agreed to send Christmas cheer to one family and a committee was appointed to arrange for this.

A list of the Hearst publications was read and members urged to refrain from purchasing them. The report of the Gift Shop is as yet incomplete.

SKILLED WORKERS TURN A DEAF EAR TO THE

Estimated That 700,000 Out of Work in All of Britain.

By CARL W. ACKERMAN

Copyright, 1920, by Public L. London, Dec. 7.—In the last days thirty-four factories, homes and public buildings in Great Britain have been seized by the unemployed, led by Communist agitators.

The foregoing statements are the results of an investigation which I have made which was published today and are based upon official reports to the government since the Italian workmen seized factories and stormed old castles in Italy, there has been a tremendous movement in this which is now being forced to a serious political and grave trial problem.

The foregoing statements are the results of an investigation which I have made which was published today and are based upon official reports to the government since the Italian workmen seized factories and stormed old castles in Italy, there has been a tremendous movement in this which is now being forced to a serious political and grave trial problem.

The single exception was that of the town hall of Poplar in London's working-class district where George Lansbury, editor of the Daily Herald, a Bolshevik labor leader, is the mayor. Lansbury promised to the unemployed by turning over the lower floor town hall for the use of the unemployed executive soviet. In other cases where the municipalities' officials stood out against the Communists, public opinion was so overwhelmingly supporting the strikers that the attackers were obliged to withdraw and acknowledge their defeat.

Thus the net result of the Communist campaign has been of one seized out of thirty-four organized attempts. In the thirty other cases their initial effort with success because there was opposition for the first few hours when the inhabitants learned the Reds were doing they quit a stop to what they called "the Communist comedy."

SKILLED WORKERS TURN A DEAF EAR

Estimated That 700,000 Are Out of Work in All Parts of Britain.

By CARL W. ACKERMAN.

(Copyright, 1920, by Public Ledger.) London, Dec. 7.—In the last few days thirty-four factories, houses and public buildings in Great Britain have been seized by the unemployed. Directed by Communist agitators, the campaign among England's army of 700,000 idle men for the forcible seizure of property is rapidly becoming a serious political and grave industrial problem.

The foregoing statements are the chief results of an investigation which I have made which was completed today and are based upon official reports to the government. Ever since the Italian workmen seized factories and stormed old castles and estates in Italy, there has been a systematic movement in this country which is now being forced to the attention of the cabinet despite the fact that in every sense but one the attack has given up without a struggle the property they seized while their leaders waved red flags.

Aided by Radical Mayor.

The single exception was in the case of the town hall of Poplar, one of London's working-class suburbs where George Lansbury, editor of the Daily Herald, a Bolshevik labor journal, is the mayor. Lansbury consented to the seizure of the town hall for the use of the unemployed executive soviet. In every other case where the municipal authorities stood out against the Communists, public opinion was so overwhelmingly supporting the authorities that the attackers were compelled to withdraw and acknowledge their defeat.

Thus the net result of the Communist campaign has been one-half of one seized out of thirty-four organized attempts. In the thirty-three other cases their initial efforts met with success because there was no opposition for the first few hours, but when the inhabitants learned what the Reds were doing they quickly put a stop to what they called "the Communist comedy."

More Seizures Expected.

While the government naturally has been greatly encouraged by the limited failures of the Red campaign against property there is a belief that seizures will continue throughout the winter as the army of unemployed increases. Government representatives are watching closely any indication of an organized revolutionary movement for in addition to the thirty-four cases where property was seized, the unemployed Communist agitators have been advocating seizures in Coventry and Birmingham without being able to recruit a sufficient number of men to lead as attacking parties.

In Coventry the Communist committee worked for two weeks among the unemployed engineers to seize a factory, take over the management and trade with Russia, but the engineers refused to join. In Birmingham, where there are 18,000 skilled workers idle, the Communists, after

Dollar To Relieve Steamer Aberdeen

Government Ship is Now at Halifax—Should be Here Next Week.

The government steamer Dollar, which has been employed on buoy service in the St. Lawrence, arrived at Halifax Saturday evening and docked at the Marine department Dartmouth. She is en route to this port to take the place of the Aberdeen while the latter is undergoing repairs.

The Dollar left Sorel on the 1st and Quebec on the 27th, calling at Charlottetown, where she took on board a number of buoys for Halifax, and at Hastings, where she coaled. According to the who's engaged in bringing down some of the buoys of the C. G. M. M., came down as first officer. The Dollar will leave Halifax for the part of the work for St. John, calling at several points en route to deliver lighthouse supplies. Her officers are as follows: Commander—Capt. D. M. MacDonald.

First officer—H. B. Bayers. Second officer—A. Lavalle. Chief Engineer—George Harris. Second Engineer—A. Kilroy. Third Engineer—Mr. Gould. Steward—Mr. Duffet.

A MODERN NERO.

Dublin, Dec. 7.—There was a Nero who added during the burning of Grand by the "Black and Tans" last week. He was a roving musician who makes the town his headquarters. According to the story told in the town, the musician, awakened by the tumult, rushed from his lodgings with his precious violin under his arm. He was captured by the police, and under threats compelled to walk down the main street playing English national airs while the town was burning.

Weeks of agitation, have enrolled less than 200 in the Red organization. An official list of the property seized by the owners, includes the following cases: Property seized and returned.

At Bathurst one house, in Campbell, the public library, public baths and three houses. In Dalston, one house; in East Ham, three houses; in Edmonton, the town hall; in Finsbury, the public library; in Fulham, the library, one house and the army drill hall; in High Wycombe, the barracks; in Islington, the public library; in Lewisham, one house; in Manor Park, one house; in Beckenham, one house; in Polar, the town hall; in Rigate, the public library and one house; in Southampton, seven houses; in Southwark, the town hall; in Tottenham, the town hall; in Walthamstow, the public baths and library; in Waltham, the public hall.

An indication of the size of the unemployed army is given at the Ministry of Labor exchanges where 130,000 unemployed are receiving money allowances from the government every day. Of that number 237,000 are non-disabled ex-soldiers and 18,000 are disabled soldiers. The ministry estimates that besides the more than half a million unemployed receiving benefits there are 180,000 other out of work, making a total of approximately 700,000.

Because of the great financial drain upon the government funds and the social, political, and industrial consequences of such a large body of idle workers, the government is seriously working on projects to see employment throughout the winter. In London the borough councils alone have forty roads which are to be built this winter to give work to the idle, while forty-one provincial town councils are planning road construction.

THE WEATHER. Toronto, Dec. 7.—An area of high pressure centered to-night north of Lake Superior and the weather is mostly fair and rather cold from Ontario to the Maritime Provinces. In the east it continues fair and mild.

AROUND THE CITY. BOARD OF TRADE. The officers and members of the council of the Board of Trade elected on Monday evening, will meet on Thursday at noon to choose the remaining six members of the council.

WILL COME HERE. The report that the C. P. O. S. Empress of Britain would not come to this port turns out to be without foundation as the big liner will only call at Halifax for fuel and then come here.

THE NEW BRIDGE. A delegation of shipping men called on Mayor Schofield yesterday morning to urge further action on the raising of the height of the new bridge. His Worship promised to take the matter up with the Railway Commission.

HYDRO COMMISSION. This afternoon the mayor and commissioners will meet the Premier of the province and members of the hydro commission to discuss the matter of the city undertaking the distribution of the power developed at Musquash.

THE NEW MINISTER. "The New Minister" was repeated in Douglas Hall last evening to another crowded house. A feature was the singing of the Marchers' quartets. The play will be repeated in Thorne Lodge Hall a week from next Friday.

LOOKING AFTER ORPHANS. Christmas cheer for the orphans is being arranged for by J. D. O'Connell, Camaguey, Cuba, the Mayor advised yesterday morning. The Mayor said he wished those in charge of the various orphanages here to communicate with him either in person or by letter, stating the number under their charge.

PROPOSALS FOR DEVELOPMENTS. Mayor Schofield yesterday announced that he was ready to discuss with the members of the council the proposals of the C. N. R. for development at the port and they will meet in the mayor's office Thursday morning, at eleven o'clock, to make a start on the matter. It is expected a special meeting of the council will be held, probably on Friday to discuss his report on this subject.

CIRCUIT COURT. A case against Arthur Merritt, charged with assault, cutting and wounding, and another against George Donnelly and Mary Thomas for a statutory offence, on which the jury disagreed on Monday, were postponed to be taken up at the next January by the circuit court yesterday. Court adjourned until today.

EXPERIENCE IN THE WEST INDIES. Rev. Ernest Stiles Delighted Audience in Carmarthen St. Church With Address. The Rev. Ernest Stiles, pastor of the Carmarthen street Methodist church, gave an interesting address last evening on his twelve years' experience in the West Indies and described the different islands he worked in, including Montreal, Antigua, Dominica, the Barbadoes and the French Island of St. Martin's.

PASSENGERS TO SAIL ON MELITA. The C. P. O. S. liner Melita is scheduled to sail from here for Liverpool next Friday and among the first cabin passengers are the following booked in Montreal: C. H. and Mrs. Haines, D. B. Batchelor, J. D. Lucas, R. Grogan, Madam Ellis Brown, Miss Dorothy E. Brown, T. H. Taylor, E. F. Leather, Sam L. Harris and Mrs. Harris, Mr. Hale, Miss A. M. Purves, C. McFee, Mrs. B. Short, John Axton, C. Burgess, J. P. Wilson, Mrs. Beattie Simpson, Miss Lucy Simpson, A. Byrland, Mr. Marshall, Miss N. Willett. Among the nobles on board the Melita will be General F. E. L. Barker, St. John, N. B. and Col. C. P. Constance, Major Paul B. Meredith, of Ottawa.

REV. CRAIG NICHOLS TELLS THE STANDARD OF WONDERFUL CURES

Westfield Clergyman Was Present at International Evangelistic Session in Montreal—Over Thousand Converts—Procession of Sufferers to Mrs. Aime Semple McPherson, the Wonderful Missionary Healer.

Rev. Craig Nichols, of Westfield, returned yesterday from Montreal, where he attended the international evangelistic session, which occupied a period extending over three weeks.

Over Thousand Converts. To the Standard in an interview last evening, Rev. Mr. Nichols said that over 1,400 converts were procured and numerous physical healings of a wonderful and supernatural nature were effected. Evangelists were present from many parts of Canada and the United States, and St. Andrew's church in Montreal was crowded to the doors, and large crowds waited on the streets at every meeting in the hope of obtaining admission.

Procession of Sufferers. For eight hours on Saturday last, with one intermission for supper, there was a continuous and varied procession of sufferers toward the platform for healing at the hands of Mrs. Aime Semple McPherson, a missionary for Ontario, who served in China and other countries, and is now residing in Los Angeles, Cal., and other noted evangelists. The Rev. Mr. Nichols, who was one of the platform, held the vessel of anointing oil and watched the cases with careful scrutiny. The whole idea of the healing is on the Scriptural proverb, found in the new Testament, James V., Chapter 14.

Healings Enormous. The number of healings effected were enormous, and among those whose sufferings were alleviated and previously had professed faith were two trained nurses. One of them stated she had been afflicted for years with a fallen arch and rheumatism.

Melita Concert Party Entertains. First Overseas Production at Seamen's Institute Greatly Enjoyed by Large Crowd.

No Congestion At This Port. C. P. O. S. Empress of Britain Will Land Passengers and Freight Here.

It was announced by C. P. O. S. officials yesterday that the Empress of Britain will come to St. John both to discharge her passengers and cargo and to receive a large cargo of wheat, notwithstanding a Halifax despatch received Monday as the effect that the liner would land her passengers at the latter city. This vessel is making her first trip as an oil burner, and is merely calling at Halifax for fuel. Yesterday afternoon several members of the C. P. O. S. staff left for Halifax to board the liner and to arrange for sleeping train accommodation for the first and second class passengers who will expedite their despatch from St. John upon arrival here.

Labor Difficulties Are About Settled. Machinists Feel Hopeful That Working Schedule Will Be Agreed on.

Interested In Those Unemployed. Problem of Disabled Returned Soldiers and Dependents Looked Into Last Evening.

Forty Left City. Of the sixty-three skilled machinists who went out on strike ten months ago, over forty left the city, some going as far west as Detroit. Many of them are enamored with the conditions under which they work in the new places they sought and may not return here. Others are willing to come back to St. John if the proposals of the employers shall be to their liking.

Clerks and Checkers. Before the week is over there is every reason to believe that the clerks and checkers will have reached a satisfactory agreement with the shipping companies. Their organizer, Mr. Johnson, who has been here several weeks, was summoned to Montreal last night to confer with the head of the various lines relative to the 1920 schedule. It is believed the shipping will agree to the same schedule accepted by the C. P. E. 61-14 cents an hour with a nine-hour day.

STOWAWAY ARRESTED. Zonko Detchoff, an African negro, was turned over to the police authorities by the captain of the C. P. O. S. Empress yesterday afternoon charged with being a stowaway. He will probably be held in jail until the C. P. O. S. liner sails again for the other side.

MEETING POSTPONED. Owing to the illness of Secretary T. M. Burns, who has been confined to his home for the last few days suffering from a bad cold, the regular monthly meeting of the Board of Health was not held yesterday. The board will probably meet sometime next week.

Ship's Liner Was Killed Last Evening

Alonzo Doucette of West St. John Fell Into Hold of Str. Melita and Fractured Skull.

The first fatality among port workers for the season of 1920-21 was recorded last night when Alonzo Doucette, residing at Corner of Market Place and Wainlow street, West St. John, lost his life.

Fell Thirty Feet. The deceased, who was employed as a ship's liner was engaged at work on the Melita. He was going down a ladder into the ship's hold, about 8 o'clock. There was a man below him on the ladder and one above him. In some manner Mr. Doucette slipped, lost his balance and fell a distance of some thirty feet. His skull was badly fractured.

Coroner Called. Dr. Kenney, who is also a coroner, was called to administer to the injured man. He was placed on a stretcher and taken to the sheds to await the arrival of the ambulance for conveyance to the hospital, but he died before it arrived.

Made Investigation. Coroner Kenney examined the ladder and circumstances surrounding the death, and decided the affair was purely accidental and deemed an inquiry unnecessary. An unfortunate man, who was about 64 years of age, leaves a wife and four children.

Chance For Study In Nationalities

Passengers of Many Nations Could be Seen in Union Depot Yesterday.

Those who were loitering about the Union Depot between 7 and 8 o'clock last night had an opportunity for study in nationalities. The arrival of the Corsica from Liverpool, and the Chignecto from West Indies, brought a various assortment of humanity on its way to United States and parts of Canada.

There was a group from Southern France, some of whom were headed for Sydney while others had Minto as their place of destination and were to enter the mines. From Lebanon's sunny slopes was a small colony of young women and children ticketed to Montreal, where they are to become Canadianized and hope soon to be in the ranks of the prosperous merchants of the fourth largest city on the American continent.

Dusky hued maids, meadames and men from the Indies were gathered in from the depot and they were headed for the most part to the United States. All were apparently happy, and so long as they were on the American continent, felt they had reached the land of promise.

BOUND FOR SYDNEY AS COAL MINERS

Seven Italians Who Arrived on Str. Corsican Left Last Night for Coal Mines.

Seven Italians who arrived on the C. P. O. S. liner Corsican yesterday morning left on the Halifax train last night for Sydney, where they will be employed as coal miners. Every one of the party saw service with the Italian forces, and their spokesman declared that prices of foodstuffs were very high in Italy at present. Employment was scarce, and they felt they could prosper better in Canada.

VICTORIAN ORDER OF NURSES MET

The Victorian Order of Nurses held their regular meeting at the Home last evening. Judge Forbes presiding. Miss Murdie in her report for the month told of 1608 visits paid by the nurses, 366 of these visits were child welfare. 177 sick people had been cared for. The clinic on Thursday afternoons is not so well attended, although through the storm of last week two babies were brought to the Home on Carleton street.
