HOODOO SCORES BIG AT BATH

Local Play Delights Large Audience—Sundry Notes, All Interesting

Spring-time is clean-up-time, and the citizens of this place, have availed themselves of the opportunity. Bath has taken on a new aspect. It is to be hoped that we may all become inoculated with the "clean-up" germ and foster it, so that having acquired the habit, we may make this place a cleaner, healthier and more pleasant town in which to live.

The regular annual Water Works meeting was held in the Town Hall on Friday morning. The usual routine business was discussed and approved. It was furthermore decided to call a special meeting on June 1, when the project of erecting a new reservoir will be more fully discussed. The many friends of H. A. McIntyre, the popular manager of the local branch of the Bank of Nova Scotia, will regret to hear that he is about to leave us. Although regretting his departure, he will carry with him the best wishes and congratulations of the many true friends he has made in both business and social circles. He expects to leave for St. John the latter part of the week.

Mr. and Mrs. H. F. Hay and family, Church St., have moved to Piermont, where Mr. Hay has taken over the Garfield Kennedy farm.

Mr. and Mrs. Frank Fairley are also leaving town. In future they will reside in Fredericton. George Thompson, has purchased Fairley's property and expects to move into it soon.

H. Wiley Day was in town Tuesday. He proceeds to Houlton by car.

Mr. McDonald, Moncton, has arrived in town, and will assume the management of the Bank of Nova Scotia.

The many friends of Mrs. Charles Bohan will sympathize with her, upon hearing of the death of her sister, Mrs. Quigley, of Grand Falls, which occurred last week. Mrs. Quigley leaves to mourn, besides her husband, three small children, three sisters and one brother.

Master Carl McLaughlin, son of Mr. and Mrs. Fred McLaughlin, Church St., celebrated his fifth birthday in company with his many well friends on Saturday last.

Congratulations to E. F. Shaw, Esq., who celebrated his 72nd birthday on Friday, May 4. Mr. Shaw, for many years a merchant and magistrate, has been confined to his bed with paralysis for a year.

McIntosh Bros. have strong a boom in the month of the month in preparation for several drives of different operators which are to come in.

Mr. Kearney of Wicklow, who for years was ferryman here, has again taken the ferry over and is giving the public good service.

The resumption of train service on last Saturday was heralded with great rejoicing. It seemed as if we were prisoners on an island, cut off as we were, from the outside world. The Observer was the first paper received and the news of the road was eagerly sought. To the Observer management we offer our sincere congratulations on their progressiveness.

Service is what the public want and the Observer gave it. They are certainly to be congratulated.

Harry Price, has sold his barber shop on Main St. to Mr. McClements of Centreville.

Fred McLaughlin returned from Presque Isle, Me., on Sunday. Walter Shaw, Woodstock and Mr. Watson, St. John, were registered at Dev's Hotel during the past week.

Mr. Campbell of Lunenburg was visiting relatives here on Monday and Tuesday of this week.

On account of flood conditions, the moving picture films did not arrive. Hence there was no show last Friday evening.

Since the last issue, news of damage done to the mill, owned and operated by Ed Dyer of Beechwood, has been reported.

Considerable time must elapse before it can be put into operation again.

Pat Sullivan and Lewis Corcoran left for Fort Fairfield during the past week.

Mr. McClements of Centreville has rented the Nixon property on Church street recently vacated by H. F. Hay.

"The Hoodoo," a three act comedy, was staged in the Elita Theatre here on Wednesday, May 2. The play, a three act comedy, centred around an Egyptian Scarab with Professor Spiggott brought with him as a wedding present to Brighton. Early Brighton accepts the \$3,000 scarab, which is sacred to the Egyptian deity. He is warned by Prof. Spiggott to bury it for twenty-four hours or "Kee" the Egyptian God, would bring bad luck to him, who should wear it without replacing it in the earth, its native element, for at least 24 hours.

Brighton Early laughs at the idea. However he loses it! Paradise, the colored maid of all work, finds it. Billy Jackson gives Aunt Paradise a dollar for it! Dunn the burglar steals it from Billy Jackson and so the bad luck travels! Brighton Early is faced by Dodo De Graft, the Daunting Dandy, who threatens to sue him for \$30,000 for breach of promise. He then receives a telegram that the second National Bank has failed and he has lost his money. This proves to be a false alarm. "It was not the second National but the fourth National! So Billy Jackson loses his money! Billy is engaged to three girls at the same time—Miss Raffles, Ursula Shinn and Mrs. Cumber, the rich widow. Finally in the second act, he is exposed as a thief. The three girls all claim to be engaged to him and Billy becomes temporarily insane. In the third act Dunn the burglar, wearing the sacred scarab, has the worst luck that a burglar can have. He is caught and exposed by Billy Jackson.

EAST FLORENCEVILLE L. O. B. A. SOCIAL

Various Notes of General Interest From Glister Town

A very pleasant time was enjoyed by the members and friends of the Orange Association on Tuesday evening of last week in a social held in Smith's Hall. The program consisted of readings by Mrs. E. W. Sanders and Mrs. James Banks. A duet by Mrs. R. S. Semple and Mrs. J. A. McIsaac, a solo by Rev. I. W. Williamson and a negro male quartette composed of Roy Hunter, E. P. Smith, I. W. Williamson and G. F. Smith. The quartette proved very popular. Rev. I. W. Williamson gave a lecture on the struggle of liberty in Holland in the 15th century, when the Spanish Inquisition was decisively defeated under the leadership of William of Orange. After the program the guests were treated to refreshments by the members of the L. O. B. A. A special offering was taken to aid the suffering Protestants in Southern Ireland.

The Ladies Orange Association held its regular meeting on Monday night and three young ladies, Miss Mildred Tompkins, McComb and Nina Williamson were initiated into the mysteries of the Association.

The regular meeting of Carleton Lodge, A. F. & M., was held on Thursday night of last week when one new member was initiated into the order.

Everyone is very glad to see the trains moving again and receive their mail in the regular way. During the latter part of last week, the mail was carried from Hartland by stage. Curio hunters took snap shots of the mail coach which reminded them of early days in the country. The river is subsiding very rapidly now and while there was no material damage done in this section all the citizens feel more comfortable to see normal conditions prevail. The good weather of the past few days has greatly encouraged the farmers and they are all busily working on the land preparing it to receive the crop which many intend to plant at the later part of the week. Motorists are taking advantage of the good hard dry roads and the hum of many engines is heard day and night.

The many friends of Guy Lawlor will be pleased to learn that his efficiency has been recognized by the managers of the Western Union Telegraph Company, and that he is in line for a satisfactory promotion. Guy expects to leave about the middle of June for his new position in Montreal for summer vacations and in the fall expects to get charge of a more important office. Wilbur Tompkins, who has been junior in the office here for some months, has been notified to take full charge when Guy leaves.

A party of young people motored over to Centreville on Saturday night to see the movies.

Lee Brownell left on the up express on Monday for Detroit. Mrs. Brownell accompanied her husband as far as Arcootook where she will be the guest of Mrs. J. R. D. White, before joining Mr. Brownell in the new home across the line.

Dr. Belyea was in East Florenceville on Monday driving from Hartland by car. He visited several of his patients while here.

Giles McIsaac was a visitor to Woodstock on Monday afternoon train.

Mrs. I. M. Tompkins and family expect to move this week into the house they have recently purchased from Jos. Withers.

Berry Banks has started to work for Lorne Simonson and Jos. Withers is engaged with G. F. Smith for the summer.

Another operation has been performed on Etta Kinney. She is making a strong fight for recovery against many disadvantages.

Friends of Charlie Hunter were delighted to see him on the streets of the village on Monday. His health is improving slowly but surely.

The funeral of H. McMullin who died at Boundary Line was conducted by Rev. I. W. Williamson on Wednesday of last week. The remains were laid in the family plot in the lower graveyard.

There will be service in the Anglican church on Sunday, May 13, at 3 p.m., conducted by Rev. Mr. Stead. We are going to observe Mother's Day in the Baptist church on Sunday night. All should wear a flower, a white for mothers who have passed away, a red flower for mothers who are living. Appropriate music will be sung and Rev. I. W. MRS. DAVIS NERVOUS WRECK

Tells Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"I cannot speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said he could do nothing for me. My husband's mother advised me to take the Vegetable Compound and I started it at once. I was able to do my work once more and it was a pleasure, not a burden. Now I have a fine bouncing baby and am able to nurse her and enjoy doing my work. I cannot help recommending such a medicine, and any one seeing me before I took it, and seeing me now, can see what it does for me. I am only too pleased for you to use my testimonial."—Mrs. EMILY DAVIS, 721 McGee Street, Winnipeg, Man.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Cobourg, Ont. This book contains valuable information.

It may seem easy to think about
summer or anything in a sporting line,
especially for the farmers with so
much to do in so short a time, but in
order to have a line of goods for sum-
mer one usually has to order in the
fall or they would not arrive until the
season was over. With the best part
of thirty thousand dollars in Canada
wanting perhaps the same article at
the same time it would be no easy
matter to supply them in a hurry.
So we ordered our Sporting Shoes
(Gents) last fall and they have ar-
rived, all sizes, and to make room on
the shelves we have some Thirty
Pairs mostly Boys' Canvas Leather
Sole Shoes to offer at bargain prices.
See them in third window from the
north beginning Saturday night. So
Farmers, Millmen, anybody who
works (that's everybody), don't have
your feet calling "give us a rest."
Have a pair of Sneaks ready for even-
ings and weekends and for the hands
we have gloves for any purpose.

WORE SPEED LESS HASTE
It will take a lot of work to repair
the damage done and as the season
may be short we should make more
good and have all motor cars filled
with White Rose Gasoline and Motor
Oil from car to arrive soon and save
worry and haste later on by using
White Rose speed. Don't wait for

The management of The Observer Newspapers, Ltd. establishes The
Centreville Observer which is identical with The Carleton Observer except
in the manner of make-up, for the purpose of giving better service to the
nearly 500 subscribers of the paper in that vicinity.

The attention of the business community is directed to the fact that
Miss Hildred L. DeLong is employed to receive and forward copy for adver-
tisements and to take and forward orders for printing. She has a full line
of samples and can quote advertising rates and anything entrusted to her
editor, will receive and promptly forward any items of news or contribu-
tions of any kind. The service thus extended will obviate the use of the
telephone which is very untrustworthy for transmitting messages for print-
ing and will also save postage and telephone costs.

People of Centreville and vicinity are urged to take full advantage
to the new service offered to them.

LOCAL AND PERSONAL ITEMS

Owing to the hold up of the train
service accompanying the recent
floods, the management was unable
to procure films for Tuesday evening
but on Saturday made up for it by
presenting a most interesting seven-
reel drama "French Heels". In this
film Irene Castle, who won her way
to fame and fortune and social suc-
cess, by her petite and unique dan-
cing. A cabaret dancer of renown, and
married later to a son of a New York
millionaire, who owned large lumber
interests in the New Hampshire
woods. The difficulties attendant
upon adjusting herself from a palatial
home on Riverside Drive to a log
cabin in Spruceville all called for a
great deal of versatility. Ward Crane
as her husband and Robert Truesdell
as her father-in-law were excellent
and the rest of the cast were good.
A Fox News reel finished the pro-
gram. Two excellent pictures head
the bill on Saturday and Tuesday eve-
nings next of which advertising mat-
ter will be found elsewhere in this
paper.

The spring freshet of 1923 is now
a memory and all the good citizens
have had cause to remember the an-
xious moments of last week, when
scores of men worked like Trojans
and, by valiant effort, managed to
save our local industries along the
river bank. Even along small tribu-
tary a great deal of damage was
wrought. Dams at Westfield, Bridge-
water, Robinson and Boundary were
all swept away, each succeeding break
multiplying the hazard attending our
local structures. The grist mill, card-
ing mill, and wood-working factory,
owned by Wm. Vanwart at Boundary,
joined the floating debris, sweeping
away a covered bridge just below the
dam. Mr. Vanwart's loss will reach
\$15,000, as he had one of the best
equipped finish factories in this part
of the country. The river has gone
down some ten feet now, and anyone
looking over the scene can scarcely
believe it ever reached the new high
water mark it achieved this season.
Shenwood, Ltd., are already busy re-
pairing the minor damage it wrought
to their stable dam, and are making
provision against any similar future
flood.

DRECO

What Rev. J. W. Williams, former pastor of Centreville United
Baptist Church, says of Dreco, The Great Liver, Stomach and Bowel
Tonic.

An outstanding testimonial to the merits of Dreco is the case
of Rev. J. W. Williams, clergyman of the United Baptist church of
Keewick, N. B. Mr. Williams, who had long and patiently suffered
the pangs of indigestion and constipation, says:

"I was troubled for a long time with my stomach and various treat-
ments gave me no result whatever. My appetite was very poor and I
was forced to be content with very little food. Even then, it would
cause severe pains and gas would form after each meal. My bow-
els were also very irregular. Then I decided to give Dreco a trial
and since taking it, feel 100 per cent better in every way. I can eat
things now that I couldn't eat before and my bowels are very regu-
lar. I am also sleeping better. Dreco is the best stomach and
general builder that I ever tried and I can honestly recommend it
very highly."

Dreco is restoring health and strength to men and women in every
walk of life. Indigestion, kidney, liver and intestinal disorders yield
quickly to its regulating influence and it tones up and invigorates
the whole system.

WOODSTOCK AND THE SEVERE FLOOD

Graphically Described by Correspondent—News of the Race Track

Last week was a serious time for Woodstock as well as almost all the other parts of the Province. The Power Co. dam bursting let loose a body of water that swept away all the plant of Imperial Products Ltd., a small house belonging to Mrs. Hay, also taking almost all the lower flat of another house owned by the same lady, all the coopers building owned by Smith Lumber Co. and moved their office and warehouse about 50 feet, also damaging the stock shed of their mill taking away the sill and undermining that end of the mill. The large packing building took out the Greek bridge. Roger Bros. grist mill also floated away together with a building next above it. The water also badly undermined the large wooden building at the north end of the bridge and also injured O. R. Estey's building on the other side, flooding all the machinery stored in the basement. What is commonly called "Sucker Flats" was completely covered with water and all the residents had to move out. The island was almost covered but the water did not get in the buildings or injure anything except the approach. About 20 feet on the lower end undermined and fell down. However, usual the Driving Club got busy and had a temporary bridge built on Saturday.

The island is a sorry looking place as the upper end is loaded with logs and drift wood of every description and kind. Outside of the fence on the home stretch is another mass of drift wood. While the track was completely under water the damage is not as great as expected and it can be put in shape again in a short time. There is only one bad washout. The deposit of sand is the worst feature. Teams went to work Monday to repair the damage and also to clear the island.

"Dan Hedgewood" had arrived here Friday and was comfortably situated on the island. Monday morning he and his outfit were brought to the mainland. Monday he again went to the track stables, also "Togo M." and "Jeffrey" and Bingen Hanks. In tip-top condition and is to be handled by Fred Cameron whom everybody knows as the driver of the old favorite Fern Hal. The Driving Club had decided to buy College Swift for the 2-14 class, but the flood will probably put a crimp in their plans as the cost of repairing the track will be at least the price of a good horse.

Dr. Macintosh's horse will probably come down this week. All the local flyers, and there is a lot of them this year, will soon be getting their regular workouts.

May 10th will see our first meet and it promises to be exceptionally good racing as there will be an abundance of horses and there is a keen rivalry between the local horsemen. Dan Hedgewood will make her first public appearance in this country. His performance last year entitles him to at least a share of the races the coming summer. Mr. Cameron has taken the best of care of this horse through the winter and his condition shows that his rest has not been in vain.

The first race of the season will be at Houlton, July 4. But the first real race between the free for allers will be at Woodstock July 2, when the four now in this section will meet for the first time. There is a possibility that these six will be more than four, as St. John, St. Stephen and Fredericton are all angling for a fast horse. But where are they going to procure any horse fit to compete with our quartette?

Billy Cummings who drove Roy Gratian last season has gone to Toronto, N. B. Monte Gerow is training for the Carleton Driving Club and has four horses at Combination Park, Medford, Mass. He surely ought to have the edge on the rest of the bunch. How ever wait and see John R. Braden. With the veteran John Willard behind him is always in good shape and always ready to race. Ed. Sunderlin is handling Jackson Gratton, also Tom Q. The racing experts say Eddie has no superior and very few equals as a driver and trainer of pacers. Our own horses, teamed by Fred Cameron will perhaps not look so classy to the general public. If "Slick" can't get him to the front there is no use for anybody else to try.

Make your plans to be on Island Park the 24th of May to spend your good money help out the club and you are assured of more than your money's worth in good scrappy racing. Harry Nevers has a larger stable

Sportsmen Organize to Block Forest Fires

THE FALLING FORESTS

Kill the Forest and You Kill All is the warning being sent to sportsmen in many parts of Canada this month by the Canadian Forestry Association, of Ottawa, a voluntary society of 15,000 foresters, engineers, sportsmen, editors, lumbermen, pulp and paper executives, clergymen and other classes.

Last year Canada experienced 5,000 forest fires, nearly caused by persons who receive the maximum benefits from the use of the forest. So severe has been the national loss from careless humans that Quebec has closed her forest areas to all travellers throughout the entire outing season unless they first obtain a permit from a public official such as a fire ranger. This provision places no hardship on the careful traveller but at the same time keeps a record that will be valuable in case prosecution for carelessness with fire becomes necessary.

One of the finest camping and fishing districts in the Dominion last year presented a fearful showing of 500,000 acres of forest destroyed as the consequence of 113 fires let loose by campers, fishermen and others on holiday trips.

The experienced sportsman has long since learned that a camp fire, or cooking fire, is never safe in a forest unless placed on rocks or gravel and built as small as possible. He also knows that to extinguish the fire completely requires two or three pans or pails of water and a shovel or two of earth, and that no fire should be abandoned while there is the sign of smoke or fire.

The driving out of game birds and animals and the wholesale destruction of the haunts of game has proceeded at such a rate that all the sportsmen's organizations from coast to coast are making special provision this year to enlist every outdoorsman in a fire preventive campaign.

The lighted cigarette requires particular attention for it carries a long time after being thrown away and has destroyed many hundreds of miles of forest that cannot be replaced for a century or more. Some Canadian forest owners prohibit the use of cigarettes by their woodsmen. Cigarettes, not so commonly used, are equally a forest foe when strict precautions are not taken.

Lighted matches thrown into brush or on pine needles or on dry moss have a large share of blame. So potent are these apparently trifling sources of conflagration that many experienced fire rangers and forest engineers and woodsmen never smoke while on the trail and reserve their "pipe" for after luncheon or supper.

Speaking to the sportsmen of Canada, James Oliver Curwood, said: "We are and have been a breed of destroyers and monumental egoists. In the blindness of self-conceit we have reaped but we have not sown. In the United States and Canada we are feeling the effects of an appalling devastation. The story of our outraged forests and wild life is a tragedy of desecration, of money lost, of personal selfishness and stupidity."

And so the sportsmen of Canada are banding to lift the onus of vandalism from the head of the user of the forests.

than usual this year headed by Calgary Harle and Alfred King. Pat De Herby of Houlton has bought a new one.

The Hunch Cat

Do you want to get more business? Does your pocket crave more dough? With a Hunch Cat as a partner Hit the "Hunch" a wicked blow. When your boy is acting badly and your patience is at sea, Pat a hunch-cat in his pocket. He'll be good as good can be! When your daughter takes to flapping And you're worried as can be, Put a hunch-cat in her pocket. And you'll see what you will see. If your motor's running badly Place a hunch-cat on the hood. Cleans the carbon, saves the tires. Makes the car run as it should.

The Secret of a Beautiful Skin

Cleopatra knew it. That was the secret of her power. Every day her skin was thoroughly cleansed with palm and olive oils. Then as now these oils were famed for their mild, soothing, cleansing qualities.

She too used other cosmetics, but every day these were removed by thorough cleansing. In this way she was able to keep her skin smooth, firm, fresh and youthful.

Today these same oils are scientifically blended in famous Palmolive Soap. They give it mildness, wonderful soothing qualities, profuse creamy and refreshing lather.

Powder and rouge will not harm the skin if you wash daily with a mild soap. A thorough cleansing with Palmolive will tone your skin and help it do its own beautifying. Smoothness and a charmingly natural color will result.

You can buy Palmolive Soap at all first class dealers.

Here and There

Gold production in Canada in 1922 passed the million ounce mark for the first time since 1902.

Public works to be undertaken in Vancouver this year will cost in the neighborhood of \$10,000,000, of which \$3,000,000 will be spent by the Canadian Pacific Railway on pier construction.

The Canadian Pacific steamship Montclair carried 960 emigrants for Canada on her last voyage from Liverpool, the largest number of emigrants to leave that port this year.

Work was commenced last week on the new elevator at the Ballantyne pier, Vancouver, which will cost approximately \$2,000,000 to complete. The new elevator will have a storage capacity of 1,500,000 bushels.

Three thousand seven hundred 11-cased grain elevators in Manitoba, Saskatchewan, and Alberta have a total storage capacity of over 100,000,000 bushels. Ontario, Quebec and Maritime provinces have storage elevators with capacity up to 35,180,000 bushels.

The first lodge of Free and Accepted Masons in the history of the Merchant Marine World, was recently organized on the Canadian Pacific liner Empress of France, when cruising the Mediterranean Sea with a party of 800 Canadian and United States tourists.

Four thousand seven hundred and eighty-four cars of last season's fruit crop have been shipped out of the Okanagan district of British Columbia up to February 14th, according to a statement made to the Vancouver Board of Trade recently by F. W. Peters, general superintendent of the Canadian Pacific Railway, B.C. division.

Sault Ste. Marie.—The new downtown ticket and telegraph office of the Canadian Pacific Railway and the Dominion Express Company at the corner of Queen and McDougall streets in the building formerly occupied by the Public Utilities Commission, is one of the finest in the province. There are some larger offices in the larger cities, but none that are better equipped.

Herald Rindal, divisional engineer for the Canadian Pacific Railway, who has been located at Vancouver for the past thirteen years, and F. W. Alexander, divisional engineer for Alberta at Calgary, have exchanged posts. It being the company's policy to develop its engineers by giving them experience with the varying conditions in different parts of the Dominion.

A number of western interests have combined and chartered the Canadian Pacific steamship Pretorian, and the vessel will sail from Montreal on August 1st for Fort Churchill, for the purpose of proving to the satisfaction of the interested parties whether or not conditions of navigation to and from Hudson's Bay can be made a commercial success. Between three and four hundred passengers from the west will make the trip.

J. S. Brown, president of the Brown Fruit Company of Edmonton, Alta., returned on the Metagama last week from a three months' visit to Europe. He was present in Germany when the French invaded the Ruhr, and he said that the feeling was very bitter between the two races. On the other hand, a Canadian, American or Britisher was given a cordial welcome; this being largely due to a speech in which Lloyd George advocated a compromise. Travel in Germany, he said, was surprisingly cheap, he having made one trip of nearly 150 miles for the sum of fifty cents in Canadian currency.

When the Canadian Pacific steamship Metagama, which left St. John's on March 1st for Glasgow, reached her destination, Captain G. B. Evans, O.B.E., her commander, will have completed his last voyage in command of the vessel. Captain Evans, who is the oldest, and one of the most highly esteemed commanders in the service of the Canadian Pacific Steamships, Limited, is retiring after a career at sea of 45 years, during which time he crossed the Atlantic in command 578 times, and conveyed 247,922 passengers, of whom 71,000 were Canadian and American troops. He was in command of the Minnabie when this ship was sunk by the Germans in 1916, and he will be remembered by many passengers as the captain of the Minnabie, the Montclair or the Empress of Scotland.

Here and There

It is announced that a new cave, the extent of which can only be surmised, has been discovered seven miles from Glacier House, Glacier, B.C.

The Yukon Territory is rapidly losing its inhabitants. In 1911 the population was 27,217, and in 1921 it had dwindled down to 4,167.

In an address to the Rotarians in Montreal last week, E. W. Beatty, president of the Canadian Pacific Railway, made a pointed statement to the effect that Canada needs more capital for its development and more men for the same purpose.

An old-time stampede will be held in Calgary, Alta., between July 5th and July 14th, 1922. The programme will, as usual, include calf roping contests, broncho busting, and fancy riding and roping, etc.

Resumption of direct steamship service this spring between Montreal and the principal Norwegian ports, with the object of furthering the expansion of trade between Canada and Norway, is announced by the Canadian Pacific traffic agents for the Norwegian-American Line.

The Canadian Pacific steamship "Metagama" recently brought over to Canada 400 men and women of the Hebrides—the first migration of young Hebrides farmers to Canada under the Ontario immigration scheme.

A bill has been introduced into the Chamber of Deputies, Paris, authorizing the Government to expend \$7,500,000 francs on the Canadian travelling exhibition. At least thirty French towns will be visited by the train this summer.

As guests of President Beatty of the Canadian Pacific Railway, four members of the young farmers club of Great Britain will cross the Atlantic and tour the Eastern and Western provinces of Canada.

Canada's exports to the United Kingdom in 1922 were more than \$4,000,000 higher in value than exports of Canadian goods to the United States. To the United Kingdom, Canada sold goods to the value of \$374,751,894, and to the United States \$346,156,247.

Before the war India imported \$600,000,000 worth of commodities a year, of which Canada sent not more than \$30,000 worth. Last year her imports were \$800,000,000, of which Canada sent \$1,125,000, and it is now expected that there will be a further increase to between \$2,000,000 and \$5,000,000 this year.

The Canadian Pacific Railway has arranged with a number of European countries for the emigration of farmers and domestics who are willing to come to Canada for employment on Canadian farms. The immigrants will be brought to Canada at the joint expense of their home governments and the railway company.

The first successful radio experiment on a moving long-distance railway train was recently carried out on a Canadian Pacific Railway train from Winnipeg to Vancouver. Mr. Raymond Wyle installed a receiving set in the drawing room of the through sleeping car, and the aerial was installed by the railway electrical department. The results were all that could be desired.

Seeing the train swaying as it passed her while she was picking berries was the reason Mrs. Fred Mueller, of Branner, Ont., would not take a ride on a train, but after she had returned to West Monfort from Elmira she told W. C. Gowan, the Canadian Pacific agent at the former station, that she thoroughly enjoyed the sensation of travelling for the first time on a train, which did not go fast enough for her.

Cause of Early Old Age

The celebrated Dr. Michenboff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Scief's Syrup" after meals makes your digestion sound, so makes your disposition sound.
