

CONFERENCE TO SOLVE QUESTION OF CONTINUED CROSSING DELAYS CAUSED BY FREIGHT BLOCKADES

City, Street Railway and Grand Trunk To Get Together To Prevent Disorganization of Street Car Schedules by Blocking of Richmond Street.

THE RIDOUT STREET SUBWAY PLAN MAY BE ADOPTED

Street railway traffic blockades at the Richmond street crossing of the Grand Trunk are blamed for the inability of the company to maintain the prescribed schedules as laid down by the city engineer. This fact and the practical ultimatum delivered by the board of control yesterday that the city will force the company to add fifteen cars to its present service in order that the schedule may be maintained, has brought the crossing situation to a head.

This morning it was declared that the city, Street Railway Company and Grand Trunk would get together on the question in the immediate future in order that some solution of the blockades and consequent tieing up of traffic over the entire street railway system can be avoided.

That the Advertiser's scheme for a subway at Ridout street may be the solution effected is probable. It is only a few days ago that General Superintendent Whittenberger, of the Grand Trunk, admitted its feasibility and announced that the company would consider it.

Dozen Delays a Day. According to the street railway inspectors, the average delays have averaged more than a dozen a day for the past two weeks and more, with a total delay of from three to fifteen minutes on each occasion.

Richmond street crossing is the bugbear of the Street Railway Company and all its patrons. Ten, twenty, forty minutes, or even longer delays to cars are caused by the blockade of the street by passing and standing freight trains. As a direct result the entire system is thrown out of schedule. Only two lines are not directly affected by the crossing—the Dundas and the "Short" lines. These, however, are indirectly affected by the missing of connections with the other city lines at the corner of Dundas and Richmond streets.

Twelve Cars Stalled. Yesterday afternoon, shortly after 5 o'clock, twelve cars were stalled on Richmond street, north and south of the tracks. A passing freight effectively held them all up. Several of the south-bound cars were Normal and "Short" cars, but it was impossible for them to reach York street and turn west because of the southbound cars ahead—Ridouts, Oxfords, Wellingtons and Ottawas.

The fact that the crossing is but a single track adds materially to the blockades. South or north bound cars have to wait till all cars running in the opposite direction have used the single track. By the time this is accomplished there is a possibility that another freight may have passed across the street, holding them up still longer.

Present Diamond Useless. Some time ago the question of providing double-track accommodation across the tracks was referred to at a conference of the street railway and council. At that time the statement was made by the company that the present "diamond" would be useless in the event of double tracks being ordered. The angle in the Grand Trunk tracks would make it impossible for its use in another position. The company objected to incurring further expense and as the present diamonds are expensive and the present one had only been in for a short time.

Natural Gas Aflame. When main breaks in Raleigh Township in Kent. A serious break occurred this morning in the gas main of the Southern Ontario Natural Gas Company, near the 10th concession of Raleigh Township, Kent County. Shortly after the break, the gas caught fire, and the blaze was extinguished only with great difficulty.

The main in which the break occurred is the one which supplies Woodstock, Brantford and other eastern cities, and that would be supplying London if the natural gas bylaw had carried here.

Wanderbilt Yacht Is Going to Pieces. Crew Still on Board, But May Have to Jump Overboard. [Canadian Press.] Colon, Jan. 29.—The yacht Warrior, belonging to Frederick W. Vanderbilt, is in a bad position, and about to go to pieces in the heavy breakers reaching over her on the sandbank, where she went ashore on Monday off the Colombian coast, according to a wireless message received here today.

PROPERTY FOR NEW RIDGEWAY SCHOOL

\$50,000 Project Is Now Under Consideration by Board of Education.

RELIEVE OTHER SCHOOLS

Accommodation Inadequate at Present—Several Projects Under Way.

A new eight-room school to relieve the crowded conditions in Victoria and West London schools, and accommodate the pupils in the present two-room White House school, is a likely possibility this year. It has been estimated that the project will cost in the neighborhood of \$50,000.

May Expropriate Property. The city owns considerable land at the present time upon which the White house is situated, but it is desired to purchase the Back property at the corner of the Ridgeway and Wharncliffe road, in order to provide suitable playgrounds. As the price asked for the property, \$8,000, is considered too excessive by \$2,000, there is a possibility that the board may take steps to expropriate the land, which now provides a site for two houses.

Board Meets Tuesday. A meeting of the board will be held next Tuesday, and it is likely that some report will be presented then in connection with the proposal, although the building committee has not officially taken it up.

It is felt that a large and modern school at the point mentioned is fast becoming an absolute necessity. The attendance from that section of the city is constantly increasing, and the rooms now provided are sadly overcrowded, with consequent detriment to the work of both teachers and pupils.

Many Proposed Expenditures. L. H. Martyn, of the building committee, stated some weeks ago that between three and four hundred thousand dollars' expenditure was necessary to provide adequate public school accommodation in London, and if the proposition now in hand, another proposition to purchase the Macbeth property on Princess avenue, and other proposals of a similar nature are consummated, this year's board will have taken a big step towards reaching the figure named.

There will be no street car service on Sunday next. On Wednesday afternoon, City Clerk Samuel Baker sent C. H. Ivey, solicitor for the London Street Railway Company, the long-delayed proposed agreement between the city and the company, and Mr. Ivey has since been going over the document. There are several points in it that are unsatisfactory to the company, and they will be pointed out in a communication which will be given to the board of control on Friday morning.

The result will probably be a conference between the controllers and the street railway representatives to discuss further expenditure and as President H. A. Everett and Director Moore, of Cleveland, will be here for the regular meeting next Wednesday afternoon, the conference may be delayed until the meeting in view of this date of affairs there is no possibility of the service being given next Sunday.

FORCE ARCHBISHOP TO DISCUSS THE FORCIBLE FEEDING

Militants Besiege Lambeth Palace Until Primate Agrees.

MRS. DACRE-FOX TALKS

Says He Cannot Be Christian and Believe in Torture—Promises Consideration.

[Canadian Press.] London, Jan. 29.—A band of militant suffragettes today besieged the Archbishop of Canterbury, the English primate, in Lambeth Palace, and eventually forced him to capitulate and receive one of their number in order to discuss the question of the forcible feeding of their comrades undergoing jail sentences.

Had to Capitulate. The women were headed by Mrs. Dacre-Fox, and it took them upwards of an hour to secure admission to the old palace on the banks of the Thames. They declined to listen to any attempt on the part of the inmates to temporize, and finally, seeing the futility of trying to escape from his obdurate would-be interviewers, the archbishop bade Mrs. Dacre-Fox to enter, but he refused definitely to commit himself.

He Has the Power. Mrs. Dacre-Fox told the prelate that if he believed torture was ever justifiable he could not be a real Christian. She said he had only to use his personal influence to put an end to the system of forcible feeding.

Not Satisfied. The archbishop admitted that he received many protests from all sections of the community against forcible feeding, but declared that he could not give a definite answer to the suffragettes' appeal until he had heard the other side of the question. He continued: "All I can do is to promise you my very earnest consideration of the matter."

Mrs. Dacre-Fox then informed Archbishop Davidson that she was profoundly dissatisfied with his reply. She presented him with a copy of the suffragette newspaper, and also with Miss Christabel Pankhurst's book, and said she hoped his refusal of them would open his eyes to the necessity of action.

TEMPERANCE FIGHT CENTERED IN WINGHAM

Interest at Fever Height in Today's Voting in Huron County.

[By Staff Reporter.] Wingham, Jan. 29.—The peaceful town of Wingham is today in a state of feverish excitement. The 26 municipalities of Huron County are today voting on the Canada temperance act, and the fight between the drys and wets seem to be centred in Wingham.

Both sides are working hard; there have been meetings throughout the district at which speakers on both sides of the question expounded their views, or the views that they put forward as their own.

In view of the fact that every municipality in the county, with one exception, has given a majority for total abstinence, the result will be a strong indication of what the result will be when the ballots are counted tonight.

The exception referred to is the town of Exeter, and there the temperance measure has not been tried. The temperance interests are absolutely confident of success, while the liquor dealers are feeling doubtful as to the outcome of today's voting.

PLEBIAN CANINES RESENT BLUE RIBBON ARISTOCRACY RULINGS AS TO DOG SHOW

After Heated Interview They Declare That They Will Wreak Vengeance on "Sanitary" Gathering of Classy Pups in Old City Hall By Introduction of Genus Pulux.

A tramp collie dog came into the store of W. J. Clarke last night. He had been "carrying the banner" at the main corner for some time and has incurred the displeasure of every butcher for a mile around.

He just walked into the store and made himself at home. He looked like a gentleman out of a job, no doubt hit by tight money and unkind boots.

"Are you mixed up in this dog show I have been reading about?" he asked. "That's me," replied Mr. Clarke.

"Well, count me in if you can. I'm out of work and I think I can clean up on all these parlor dogs and children's pets," he said. "If you could stage a little fight on the side, why I'd win all the liver and neck beef you want to put up, and I won't draw the color line."

Class for Tramps. "We'll have to have a class for tramps," said Mr. Clarke. "Not on your life!" returned the collie. "I'm no tramp. A slight embarrassment, perhaps, but still in the ring and hoping to get back when the market strengthens. I want in too strong."

There are only one objection that I can offer," replied Mr. Clarke, somewhat disturbed at the unusual turn of affairs. "Could you guarantee that—what none of the other dogs—or—that is—would be perplexed by having to associate with dogs which, while undoubtedly of good reputation, might introduce into their midst that small, well-known blood-sucking insect of the genus Pulux?"

Both of the visitors looked at once. (Continued on page 11.)

POWER MINISTER BACK FROM TRIP ABROAD. Mr. Beck Says He Has Nothing Particular Under Way.

Hon. Adam Beck, Ontario minister of power, arrived in the city at noon today after spending the Christmas holidays in England. Mr. Beck, who is in excellent health, came over on the Olympic, and stated to The Advertiser that he had a pleasant voyage. Mr. Beck stated that he had nothing in particular under way at the present time.

MAY LOSE PENSION AS RESULT OF "FAKE" REPORT. Its Temporary Withdrawal Likely to Follow Publication of Death Notice.

That the nonsensical circulating of a rumor and the sending of obituary notices to local newspapers to the effect that Archibald Capon, of 1 Inkerman street, had died, may result in the temporary withdrawal of his pension from the Government for services rendered in the Boer war, was the statement made to an Advertiser reporter yesterday by Mrs. Capon.

"Fortunately, your paper did not publish the statement," she said. "But unfortunately the story has been made public through another source. There have been many inquiries from friends and acquaintances, and through the thoughtlessness of some practical joker. Papers are sent broadcast, and if that particular issue in which the report was published reached the hands of those in charge of the pension department of the Government, there is a possibility that a suspension of the grant would follow. It has led to unpleasant complications. We certainly do not appreciate this kind of lark on the part of friends."

THREE KILLED AND ANOTHER INJURED IN A TRAIN WRECK

Pennsylvania Passenger Ran Into a Freight Caboose Near Conemaugh.

NO PASSENGERS INJURED

Heavy Fog Prevented Engineer Seeing Signal Lights of Block System.

[Canadian Press.] Pittsburgh, Jan. 29.—Pennsylvania passenger train No. 19, New York to Pittsburgh, was wrecked near Conemaugh, Pa., today, when it ran into a freight going west. Three members of the crew were killed.

The passenger train was running at a high rate of speed when, as it rounded a curve, the engineer saw the lights of the freight train directly in front of him. He applied the emergency brakes, but the heavy engine crashed into the caboose, killing A. L. Ritchie, conductor, of Youngwood, Pa.; A. Leichter, brakeman, of Youngwood, Pa.; and H. C. Parnell, flagman, Altoona, Pa., and injuring H. W. Todd, brakeman, of Youngwood, Pa.

Three Tracked Blocked. The engine and the mail car on the passenger train were derailed, blocking the three tracks. Passengers were tossed about by the force of the collision, but none was seriously hurt.

Heavy Fog the Cause. A heavy fog hung over the valley and the engineer of the passenger train was unable to see the signals of the advance block system, with which the division is equipped.

WILL BE NO REWARDS. London Men, Who Assisted in Counterfeiters' Arrest Will Receive Nothing From Department.

The Dominion police department has sent notices to Lester James and Roy Hamby that there will be no rewards given for the arrest of Valentine Phillips and Frederick Sutherland, the two convicted counterfeiters, arrested and sentenced here some weeks ago. Hamby and James were the young men who pointed out the counterfeiters to the local detectives and the local officers gave them full credit for the arrest of the two makers of the "queer."

It was thought that the counterfeiters were men that had been wanted by the police for some time, and that Phillips was a member of an international gang. The Dominion authorities, after investigating this story, are satisfied that the convicted men were never in the business before their counterfeiting debut in London.

Sutherland and Phillips are still occupying cells in the county jail waiting for their trip to Kingston, where they have been sentenced to spend the next two years and a half.

Police Start Inquiry As To Where Minors Secure Their Booze.

The local police, as the result of the rapid increase in drunkenness among minors, have commenced an investigation to ascertain just where the young men secure the tingly stuff.

During the past month a large number of minors have been appearing in court charged with being drunk, or with buying the "wet goods." As each week goes by more young men are being haled into court.

Wednesday night, Frank Steele, a 17-year-old boy, was arrested on a charge of being drunk. In court this morning he gave the name of a local hotelman that sold him the stuff.

Steele was let go. Four young fellows, all under 21 years, became involved in a drunken fight on Talbot street late last night, which resulted in one of them being so badly beaten up that medical assistance had to be called.

Inspector Galpin has received information lately that may lead to a couple of hotelmen being called into court. Hotelmen must obey the license law as to minors to the letter. He would have been much nearer to the truth had he said 2,000.

[Canadian Press.] Victoria, Jan. 29.—Mr. Tisdale, of Vancouver, strongly deprecated Hon. R. Lemieux's statement that 17,000 men are unemployed in Vancouver. "How ridiculous it is," he said, "may be gathered from the fact that only 28,000 adult males are on the voters' list, and Hon. Reid, who, as city police constable and guard of Jack Krafchenko, accused of murder and bank robbery, assisted Krafchenko to escape.

Reid stood at attention and said not a word during the proceedings, showing no emotion on his countenance, except when counsel mentioned his aged parents, whom he might never see again if given maximum sentence.

VILLAGES WANT REPRESENTATION

Claim They Should Have Some Say in County Roads.

COMMITTEES ARE TOO BIG

Road Directors Only Entitled to 11 Members—Standing Committees Also Blessed With Too Many Members.

John Morgan, of Alisa Craig, led representatives of the towns and villages in the county yesterday in a claim for representation on the committee of road directors. Up to the present, the committee has been composed of the reeves of the townships of the county, fifteen in number. It was discovered yesterday that the bylaw governing the organization of the committee calls for only eleven members. When it was proposed to alter the bylaw, Mr. Morgan pointed out that the villages, as well as the townships had to help to pay claims for damages in accidents on county roads. Councillor Charles Rush also thought the villages should be represented. The matter was left in abeyance.

Mr. Morgan strongly advocated settling all accident claims by arbitration, if possible, to avoid heavy

She Was Helpless For Two Years

WHY MRS. BALDWIN RECOMMENDS DODD'S KIDNEY PILLS.

She Could Find Nothing To Cure Her Rheumatism Till On a Neighbor's Advice She Tried Dodd's Kidney Pills.

St. Walburg, Sask., Jan. 28.—(Special).—"I can truly recommend Dodd's Kidney Pills for anyone suffering from Rheumatism." These are the words of Mrs. W. A. Baldwin, a highly-respected resident of this place. And Mrs. Baldwin gives her reasons. "I was nearly helpless with rheumatism for two years," she states. "I got medicine from the doctor, and tried several other remedies, but nothing helped me. Then one of my neighbors advised me to try Dodd's Kidney Pills. I bought four boxes, and they helped almost from the first. I have used nearly two dozen boxes and am nearly cured."

That rheumatism is one of the results of diseased kidneys is again shown in Mrs. Baldwin's case. She had headaches, stiffness of the joints and backache, her sleep was broken and unrefreshing, and she was always tired and nervous. Her limbs swelled and she was always thirsty. These are all symptoms of diseased kidneys. When she cured her kidneys with Dodd's Kidney Pills, the symptoms vanished—and so did the rheumatism.

Grants to Finance Committee.

The request of the Middlesex Publicity Association for a grant was referred to the finance committee, as was a request from the London Children's Aid Society, for a grant of \$100. The formation of a Middlesex Children's Aid Society, the departmental authorities at Toronto had reported.

Too Many on Committees.

When the report of the striking committee was presented it was found that too many names had been placed on several of the committees. The report was adopted, after it had been amended by the following councillors withdrawing from the committees on which their names had been placed.

R. J. Petch and John McGugan, from the committee on petitions; D. D. Graham and Fred Barrett, from the committee on agriculture; L. W. Beach, R. Pettit and Charles Rush, from the committee on education; J. Stewart and A. H. Bankes, from the committee on printing, and R. Tweedle from the House of Refuge committee, to which the name of Warden L. L. McTaggart was added.

It was reported that the committee on accident liabilities had decided on appealing the judgment in the Weston case. George Weston was awarded \$5,000 damages for breaking his arm when his rig upset on the county road near Thorndale. Many of the councillors thought the case should have been settled out of court.

County representatives on high school boards were appointed as follows: L. H. Dampier to serve three years on the Strathroy Collegiate Institute board; Ed. McMartin, three years, Samuel Parry, two years, and J. W. Salmon one year on West Nisour High School board; D. V. McVicar to fill the unexpired term of Joan Abbott, resigned on the Lucan High School board; John Bilton, to Wardville High School board; W. Skinner, to Parkhill High School board, and Malcolm McGugan, to the Glencoe High School board.

John Stewart nominated S. Okes to represent the county on the Strathroy hospital board. Frank Boyes, J. J. Laidlaw and J. H. Hodgins opposed the appointment of a county representative, claiming that it would open the way to the county assuming financial responsibility from year to year for the maintenance of the hospital. John Morgan strongly championed the cause of the Strathroy Hospital.

J. Stewart moved that a committee including Warden McTaggart, Frank Boyes, John Morgan and Hospital Trustee T. G. Turnbull be appointed to arrange with St. Joseph's Hospital to receive county patients who desired to go there. Mr. Turnbull thought that was unfair to Victoria Hospital, since no contagious patients were received at St. Joseph's Hospital, all going to Victoria Hospital, and contagious patients cost more for maintenance than others. Other councillors held that Victoria Hospital, being filled to capacity, definite arrangements should be made with St. Joseph's Hospital regarding patients who might go there.

GIANT WAVE SWEEP LINER

Wrecked Firemen's Quarters and Flooded Dining Room.

New York, Jan. 28.—One of the worst trips ever made by the Atlantic Transport Liner, Minnetonka, ended late today, when, after a 24-hour anchorage near quarantine, anchored by the thick fog, which held this city in its grip the greater part of the last two days, the vessel finally reached her pier. Last Saturday, while steaming into the teeth of a heavy gale, what sailors call a "king wave" swept over the liner, damaging her bulwarks and twisting the forward deck stanchions. The enormous sea also wrecked the quarters of the crew, smashed seven boats and flooded the dining room.

DIES AT EIGHTY-ONE

Toronto, Jan. 28.—John Morrow, for many years an inspector of inland revenue, died at his residence, 137 Jameson avenue, this morning. The late Mr. Morrow was one of Toronto's oldest citizens, and was 81 years old. His wife, who predeceased him last June, had also lived 81 years.

The Last Days of the January White Sale

A Real Delight to Every Woman

Thousands of Snowy White Undermuslins came this year into the White Sale, for it has grown, and besides there are hundreds of other attractions in this sale. Shirt Waists, Wrappers, Sacques, Aprons, Linens, Silks, White Goods, Embroideries, Handkerchiefs, Cottons, etc.

The New Undermuslins and Waists and Beautiful Hand-Embroidered Paris Lingerie cover a large section on the second floor, and the Embroideries, Flouncings, etc., cover a good portion of the east second aisle, main floor.

Each year the store insists that the White Sales shall reach a higher standard than any year preceding. Materials fresh and white, buttons first quality, perfect inside finish, stitches many to the inch, and above all are the styles and the new ideas.

This 1914 White Sale is full of exquisitely refined and simple garments which appeal to women of best taste, including the new Crinkly Crepe garments and flat trimmings, and extra sizes. It is a real pleasure to see the dainty new under-apparel. A help to women who are interested in novelties, and who wish to buy muslin underwear that harmonizes with the lines of their new gowns. Visit the White Sale this week while displays are on view.

THE MODERN CARPET OF BAGDAD

THERE are few people who do not know the story of the wonderful carpet on which the owner had but to sit, wish to be at some place and, lo! immediately he found himself there.

Some agents of this nature would be appreciated by many a manufacturer in jumping the demand for his product into a thousand places, a thousand miles away from his factory. Apparently to such a man there is no means of "getting there" and placing his name and his goods right into that territory, except by slow, laborious bit-by-bit acquaintance—ship—and mouth-to-mouth testimonials.

But he has overlooked the modern Carpet of Bagdad.

It is Newspaper Advertising.

Fanciful! you say?

Did you ever hear of Edwards' Soups? Well, the genial old cook who forms the trade mark just jumped right from Ireland to a thousand places in Canada in a week—on the Carpet of Newspaper Advertising.

Ever hear of Tillson's Oats? The "braw Scot" who stands for this product stepped over night, as it were, from a small town in Ontario to practically every town and village in Canada.

Wrigley's Gum—Sunshine Furnaces—Comfort Soap—all have taken advantage of this Modern Carpet of Bagdad—Newspaper Advertising.

TO THE MANUFACTURERS OF CANADA:

If you have a name and a product that you wish placed in demand throughout Canada, take advantage at once of the modern carpet of Bagdad—Newspaper Advertising.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency.

A list of capable advertising agents will be sent you on request, without cost or obligation, by the Secretary of Canadian Press Association, Room 303, Lumsden Building, Toronto.

AN EXPERIMENT IN CHURCH UNION.

BRITISH papers are very largely occupied just now with correspondence and discussions over a South African controversy seriously affecting the Church of England. The Bishop of Zanzibar charges the Bishops of Uganda and Mombassa with heresy and disloyalty to their church because they have joined in a confederacy with other Protestant denominations for united work in their respective mission fields. This is what is known as the Kikuyu controversy, that being the name of the place where the confederation was formed.

To judge from what appears in the British papers, one would think that this was a Church of England question alone, and that upon its wise and discreet settlement depends the future of that organization. But we are disposed to think that there is a far more important matter involved. Most members of religious denominations naturally view religious controversies in their probable effect upon the bodies concerned. But there are many, both in churches and out of them, who are thinking more of the Christianizing and civilizing of humanity, than of creeds and sects. To such people, the

great fact standing out clear in the Kikuyu federation is the fact that here is the first practical experiment in church union and united Christian effort.

For years the subject of church union has been discussed, the arguments for and against have been presented, schemes of various kinds have been proposed, votes of church parliaments and votes of church members, have been taken, but with no tangible result. The churches have doubtless drawn nearer to each other, and a more fraternal feeling has been developed. But the discussion has only made more evident the fact that even in denominations where the supporters of union are in the majority, there is a minority so strongly opposed to it that its consummation could not possibly be made complete. A strong united church might be formed, but it would only be one more denomination added to the number that already exist. But out in South Africa, without waiting for the sanction of bishops or elders, independent of synods and assemblies and conferences, some of these denominations have actually united.

Of course, the conditions out in the mission fields in pagan countries are different from what they are in more civilized countries. There the work of missionaries is seriously hampered, and their religion brought into disrepute by their sectarian disputes and rivalries. Disunion and discord are bad for Christianity anywhere, but especially so in heathen lands, where missionaries have to contend, not with the indifference of nominal Christians and the scarcely veiled antagonism of agnostics in civilized lands, but with the hostility of barbarous tribes, and the hatred of pagan priests. Their expenses are increased, and their influence weakened. If there is any place where unity is essential, it is in heathendom. And in no other place can it be more readily accepted. The converts have no inherited sectarian prejudices; denominational rules and regulations are unknown to them, and incomprehensible. If they can grasp the essential doctrines of Christianity held in common by all churches, it is as much as they can do. The field is the most favorable for the experiment.

The South African Federation accepts the Scriptures, the Nicene Creed, and the orthodox view of human salvation. It will recognize each other's clergy and membership; encourage inter-communion and inter-visitation; economize its work by recognizing the priority of occupation of its component parts, and abstaining from interferences in each other's field of labor, it will adopt a common policy towards heathen customs and practices. And while encouraging, as far as possible similarity in the forms of worship, yet much of detail and all of discipline will be left in the control of the different missions.

Time alone can tell how far this experiment will be successful, but it will be watched with interest, and not without hope.

STRATHROY ONWARD.

THE spirit of progress has moved Strathroy toward the organization of a board of trade. New industries will be sought and civic pride, no doubt, will be developed. Few Western Ontario towns are more deserving of a rich endowment of prosperity, for few of them have contributed so liberally to the material and intellectual progress of other and larger places. Strathroy's sons are scattered over the world and the proportion of them who have reached places of power and distinction is unusually large.

A municipality, like an individual, may have a distinguishing characteristic, a sort of personality of its own. It may be best adapted to manufacturing, it may be a centre of education, art or science, or it may outlive all other towns as a place of healthy, happy homes. To a degree, it may combine all these qualities. A board of trade, even though its name signify commerce, cannot do better service for its town than by seeking out that for which it is best suited and by striving to reach the ideal in that line of endeavor.

Strathroy, like other Ontario towns, has suffered in the past by the wanderlust, but no one will say that it has not kept scores of men as able as those who have gone forth to other places. If these unite in an aggressive board of trade, working out a definite program, they can make the town welkin ring. And if, as time passes, they can induce their distinguished sons and daughters, who have earned a competence, to return to the old home and join in the forward movement, the possibilities of the town will be almost unlimited.

Western Ontario has the Back to the Farm slogan well under way. Let the new Strathroy Board of Trade, among its other activities, inaugurate a Back to the Old Town Movement.

A "JOKE" THAT FAILED

A STATEMENT written in pencil in a hand that should be identified without great trouble, came to The Advertiser the other day. It purported to be the obituary of a citizen and even described his last moments, and gave the names of the mythical pallbearers. As is its invariable custom, in all such cases, The Advertiser sought confirmation of the man's death, and immediately found out that the item was a "fake." But if a careless, reckless newspaper had received this notice, then there is no doubt that the gruesome joke would have been printed and a great deal of annoyance caused the citizen and

his family. The Advertiser will be glad to co-operate with the gentleman whose name appeared in the item in an effort to make an example of the contemptible specimen of humanity who is ready to exercise so depraved a sense of humor.

UNITED STATES AND JAPAN.

JUDGING from the address by Baron Makino in the Japanese Parliament last week, Japan does not propose to accept quietly the position to which the law recently adopted by California, relegates the Japanese as regards the purchase and ownership of land in that state. The Baron stated that the Japanese Government was not satisfied with the answers of Washington to the protests of Tokyo, and some other solution must be worked out. The Baron's speech savored of a threat, but it is likely that he was talking for the benefit of the homefolks or the more fiery element of them. Of all the powers, Japan is the least prepared financially to go to war. Beyond a doubt, the Japanese will decide to accept the conditions in California, one reason being that Japan hands to foreigners the same handicap that California has put on Japanese. No European, Canadian or American can own land in the Nippon land, and there is a move afoot to bar outsiders from business, it is said. In view of this, the Japanese Government cannot demand for her people rights which she refuses to others.

SCHOOL AND BATTLESHIP.

M. R. Norman Angell suggests that the tax bills presented to British citizens should separate the amount assigned for armaments, or even for individual battleships, e.g., eight battleships, eight pence. That is the way we do with our school tax.

In France and Germany this plan has been this year practically adopted, as regards the armament tax in Germany and property and the new income tax in France for the same object. There the moneyed people, not the laboring class, are called on, and they seem not to like it.

Mr. Borden would have liked to take his "contribution" out of every man, woman and child, sick-in-beds, cripples and all, in Canada. Reckon up how much of \$35,000,000 each Canadian worker would pay, everyone that eats our taxed food or wears our taxed clothing. Each taxpayer ought to be made to realize how much he pays to the battleships or to Sam Hughes, as well as to his school. See which will cost more.

FLOWER OF THE WORLD.

Wherever men sinned and wept, I wandered in my quest; At last, in a Garden of God, I saw the Flower of the World.

This Flower had human eyes, Its breath was the breath of the mouth,

Whatever was lifeless and cold, And the Flower drank bliss from both.

Whatever was base and unclean, Passed into fineness and form; Whatever was lifeless and mean Grew into beautiful bloom.

Then I thought: "O Flower of the World, Miraculous Blossom of things, Light as a faint wreath of snow Thou tremblest to fall in the wind, And they seem not to like it.

"O beautiful Flower of the World, Fall not nor wither away! He is coming—he cannot be far— The Lord of the Flowers and the Stars."

The signs are favorable of the temporary depression nearing an end. The announcement of the manager of the Dominion Steel Company in resuming work at Sydney, N. PUBLIC ABATTOIRS.

[Brantford Colonist.]

The annual report of Dr. Cutcliffe shows that during the year he confiscated 745 pounds of meat offered for sale, as unfit for food. That he located all such would, of course, be out of the question. The solution is the establishment of a public abattoir, where all animals would be examined before slaughter and then be dispatched under sanitary conditions.

MAMMA, DADDY AND CHILDREN ALL LOVE "CALIFORNIA SYRUP OF FIGS"

Harmless "Fruit Laxative" Cleanses Stomach, Liver and Bowels.

A delicious cure for constipation, biliousness, sick headache, sour stomach, indigestion, coated tongue, sallow-ness—take "California Syrup of Figs." For the cause of all this distress lies in a torpid liver and sluggish bowels. A table-spoonful tonight means all constipation, poison, waste matter, fermenting food and sour bile gently moved out of your system by morning without griping. Please don't think of "California Syrup of Figs" as a physic. Don't think you are drugging yourself or your children, because this delicious fruit laxative cannot cause injury. Even a delicate child can take it as safely as a robust man. It is the most harmless, effective stomach, liver and bowel regulator and tonic ever devised. Your only difficulty may be in getting the genuine; so ask your druggist for a 50-cent bottle of "California Syrup of Figs." Say to your druggist, "I want only that made by the 'California Fig Syrup Company.'" This city has many counterfeit "fig syrups," so watch out.

Voice of the People

A Reply to "Civis." To the Editor of The Advertiser: "Civis," whose letter you published Jan. 26, 1914 ("Voice of the People"), evidently considers that meat inspection eliminates from the market all meat from tuberculous animals. The actual figures are: Tuberculous cattle found on inspection (average), ten per cent; tuberculous cattle condemned (average), one per cent; therefore about nine per cent of the meat which goes on the market under rigid inspection is from tuberculous cattle. The condemned animals are those showing the most extensive affections, of course. For hogs, the figures are: Found tuberculous by inspection, 25 per cent; condemned, three per cent; placed on the market from tuberculous hogs, 22 per cent. In other words, "Civis," who considers eating tuberculous meat "nauseous," will find that he has reduced his "nausea" by meat inspection from ten per cent to nine per cent in the case of cattle, and from 25 per cent to 22 per cent in the case of hogs! Meanwhile he continues to drink his raw milk from tuberculous animals at the full ten per cent without any reduction at all; hence total "nausea" without inspection, 25, 10, 10-45 points. Total nausea with meat inspection, 22, 3, 10-41 points. What is he going to do

Thanking you in advance,
WORRIED MOTHER.

A.—1. About two months ago another "mother" reader of this column asked the same question in her distress. Other mothers wrote, telling of remedies they had found useful. One advised tincture of larkspur, diluted in a little water; another recommended clove powder, and two other readers advocated blue ointment. The latter was to be rubbed in at night and the head washed with carbolic soap the next morning. I sincerely trust that you may find one of these remedies effective.
2. It is easy to read and very neat.
3. It is rather young to begin, but if she is anxious to, I think you might let her commence. Later on, a child is apt to be given so much "homework" that music practice then becomes a burden. So it seems really better to start the instruction early in life.

Hospitals in New York.
Dear Miss Grey: For the first time I come to your valuable corner for advice. I am contemplating becoming a nurse. What are the names of some hospitals in Toronto and New York City?
2. Can you tell from my writing, Miss Grey, anything regarding my character or disposition?
3. I am eighteen past. Is this too young to enter the nursing profession?
4. I am 5 feet 7 inches, weigh 155. Am I built in proportion?
5. What colors have a tendency to make one appear slim?
Thanking you in anticipation, G. G.

G. G. What are the meanings of the following names: Kathleen, Marion, Jack, Elizabeth, Roy, Agnes and Alice? With thanks, G. G.
P. S.—Just noticed in tonight's Advertiser that "A Reader" was inquiring about "Oneja Board." For yours, as well as other people's information, I'll tell you that this board is used for evening parties and affords a great deal of amusement, as it is somewhat of a fortune teller. It is shaped round and has on it all letters of the alphabet, and from this one can tell what month to be married, what year, initials of the gentleman or lady whom one is to marry. This board can be purchased for a reasonable sum at any departmental store (see section). Trusting I haven't taken up too much of your valuable space. Sincerely, G. G.

A.—1. Toronto General Hospital; Sick Children's Hospital, Toronto; Bellevue Hospital, New York; Roosevelt Hospital, New York; and Mt. Sinai Hospital, New York.
2. No.
3. No.
4. Yes.
5. Gracious, I don't know.
6. Pure; Marion is another form of Mary, meaning bitter; gift of God; consecrated; a friendly change of names.
Thanks for the enlightenment re an "Oneja Board."

Who Knows?
Dear Madam: I am a constant reader of your columns. I am greatly interested in them. I am going to come for some assistance.
1. Could you tell me any hospital where they take men to train for male nurses?
2. If a young lady asks you to a sleigh party, should she sit with you or is it alright for her to sit with another young gentleman?
Hoping to see an answer soon, I remain,
Mc.

A.—1. Sorry, but I do not.
2. If you are her guest she should not leave you alone for very long unless she sees you are enjoying your self with some one else's company.

Don't Use Too Much.
Dear Miss Grey: Will you please answer the following questions for me?
1. Is peroxide harmful to the face? Also 25-cent talcum powder and Billie Burke's face cream. I have heard that the use of face cream caused hair to appear on the face.
2. Please print for me B. B.'s recipe for cold cream.
3. What is the latest piece of sheet music out?
4. What is the meaning of Viola, Kate, Annie, Mabel, Emily, Ethyle, Mary, Agnes?
5. What do you think of my writing? KID.

A.—1. Peroxide is apt to dry the skin if used too freely. The moderate use of talcum is not injurious. If there is a tendency for hair to grow on the face, it might encourage the growth.
2. Sweet almond oil, 5 parts; rosewater, 2 1/2 parts; white wax, 1 part; spermaceti, 1 part; mix the oil, white wax and spermaceti in an earthen bowl; let them melt over the steam of a kettle; when they have thickened to look almost like cheese pour into the mixture, drop by drop, the rosewater, and stir with a silver spoon. The art lies in getting the cream melted without heating it too much; stir in a little of any desired perfume and pour into little jars.
3. You must ask a music dealer.
4. Viola, a violet; Kate, pure; Annie, grace; Mabel, lovable; Emily, energetic; Ethyle, noble; Mary, unpleasant; Agnes, chaste, or pure.

This is Too Bad!
Dear Miss Grey: I am a steady reader of your columns and find them very interesting and would like you to answer a few questions for me. I have a little girl that she is getting vermin from the children at school, and her hair is full of nits.
1. Could you give me a remedy for the

Bustles Are Coming Back, But They Won't Be the Kind Our Grandmothers Wore.

MAYBELLE MORTIMER'S
FASHION TIP TODAY

Are you going to wear a bustle this spring?

While you can't say that "Everybody's doing it" now, I think they will be before the fall of 1914.

You will see by comparing the bustle of 1914 with that of 1882 it is a vastly different thing from that our grandmothers wore.

Personally I think the new bustle rather graceful, particularly when carried out in thin material.

With the bustle will also come elbow sleeves with frills on the bottom of them, and elaborate hair dressing.

We will again look as though we were stuffed pin-cushions on dressing tables.

The straight silhouette is "on its way."

Enter the buxom beauty in a taffeta gown made with plenty of goods to support the bustle.

THE HOROSCOPE

THURSDAY, JAN. 29, 1914.

In well-beaten path Dodge the planets' wrath.

An unimportant day, according to the reading of astrologers. The stars are believed to exercise a mild sway, but the influences are adverse rather than helpful.

Neptune and Jupiter are all inimical, and all who would make the best of the daylight hours are counseled to attend to routine matters.

The rule is held as rather unkindly for old persons, and for all who pursue laborious occupations.

Dealing with landlords, builders and contractors are subject to unfavorable judgment when Jupiter is at hand.

Lawyers, bankers, brokers and woolen merchants are likely to exercise poor judgment when Jupiter is at hand.

Again the stars presage disputes and disagreements over shipping matters, and the aspect is interpreted as concerning Panama tolls.

South Africa will be the scene of a tragedy of international interest.

There is a prognostication that crimes of an unusual character will take place in New York and other eastern cities.

Both men and women should live prudently during the coming year.

Children born on this day should be exceedingly bright and energetic. Boys should be taught to swim.

Girls have the augury of possible marriage with a widower. These subjects of Aquarius have Saturn and Uranus as their principal ruling planets.

FEMININE FACTS

There are 347 women carmen and wagoners in England.

Philadelphia has 4,255 women teachers in its schools.

Fifteen thousand widows live in Kansas.

The state librarian of Wyoming is Miss Frances Davis.

During 1913 more than 42,000 births were recorded in Philadelphia.

In a village in France there live six sisters whose ages total 457 years.

It is more difficult to obtain a divorce in England than in any other civilized country.

CAROLINE COE TELLS HOW TO MAKE COLD WEATHER SOUPS.

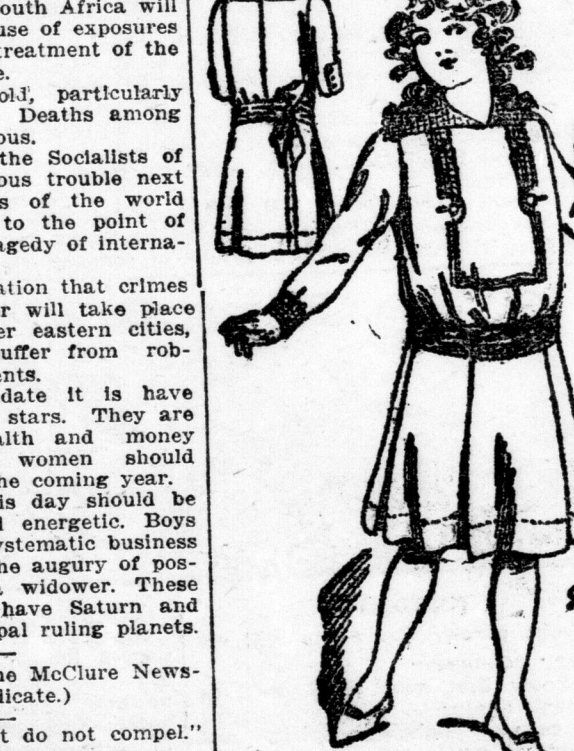

SPLIT PEA SOUP.

Put one cup of split peas into saucepan with three pints of cold water. Heat slowly. When boiling point has been reached, draw away from hot fire and allow to simmer for one hour. Add one even teaspoon of salt, one tablespoon of minced onion, two tablespoons of minced carrots or celery. Boil slowly one hour longer. Press all through coarse sieve. Serve hot with squares of fried bread.

CELERY CREAM SOUP.

Use all the tops and leaves and stalks of coarse celery. Wash and put into granite steamer with just enough water to cover. If a slice of onion is at hand add it. Boil until very tender. Put in colander and mash with potato masher. To every cup of the celery stock add two cups of milk, a little butter and half a teaspoon of cornstarch. Boil in double boiler for ten minutes. Serve with cheese toast.

Fine Program at Woman's Music Club Wed. Afternoon

Program Arranged by Miss Little Proves Most Excellent.

The seventh recital of the Woman's Music Club was held yesterday afternoon, and proved a most delightful and interesting entertainment. The violin playing of Miss Florence Eggleston, and the song "Hear Ye, Israel!" from Mendelssohn's Elijah by Mrs. Edward Wyatt, were perhaps two of the best features of the afternoon. The rest of the numbers, however, were fully up to the excellent standard at which the Woman's Music Club aims. Miss Nora Little, who arranged the program, received many congratulations upon its artistic merits. Following is a complete list of the numbers given:

- SACRED MUSIC.
1. Piano Duo; Serenade..... Low Miss Lenore Talbot, Mrs. Harris Elliott.
(a) Ave Maria..... Vallini (b) Invictus..... Huhn Mr. Frank Allen (St. Mary's).
2. Liebestraume No. 3..... Liszt Miss Muriel Saunders.
(a) Crossing the Bar..... Mendelssohn (b) Crossing the Bar..... Mendelssohn Miss Elaine Eggleston, Mrs. McDonald, Miss Eggleston.
3. Violin Solo, Meditation..... Massenet Miss Florence Eggleston.
(a) Could Ye Not Watch?..... Neldinger (b) Hear Ye, Israel (Elijah)..... Mendelssohn Mrs. E. Wyatt, Mendelssohn "God Save The King."

Songs of Ye Olden-Tyme

Can anyone send the complete lines of the following?

"Be still, sad heart, and cease repining; Back of the clouds in the sun still Thy fate is the common fate of all. Into each life some rain must fall, Some days must be dark and dreary."

"This Jane" asks for them in a letter in which she incloses the poem, "The Mistletoe Bough":

The mistletoe hung in the castle hall, The holly branch shone on the old oak wall, And the baron's retainers were blithely and gay.

In keeping their Christmas holiday: The baron beheld with a father's pride, His beautiful child, young Lovell's bride; While she, with her bright eyes seemed to be the star of the goodly company.

"I'm weary of dancing now," she cried; Here tarry a moment—I'll hide. I'll hide, I'll hide, I'll hide.

And Lovell, be sure thou'rt the first to trace The clue to my secret lurking-place. Away she ran—and her friends began Each tower to search, and each nook to scan.

And young Lovell cried, "Oh, where dost thou hide? I'm lonesome without thee, my own dear bride!"

Oh, the Mistletoe bough!

They sought her that night, they sought her next day, And they sought her in vain till a week passed away!

In the highest—the lowest—the loneliest spot, Young Lovell sought wildly, but found her none.

And years flew by, and their grief at last Was told as a sorrowful tale, long past.

And when Lovell appeared, the children cried, "See, the old man weeps for his fairy bride!"

At length an old chest that had long lain hid, Was found in the castle—they raised the lid, And a skeleton form lay mouldering there.

With a bridal wreath in the clustering hair! Oh, sad was her fate! In sportive jest, She had hid from her lord in the old oak chest!

It closed with a spring! and the bridal bloom Lay withering there in a living tomb. Oh, the Mistletoe bough!

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$2 and Fully Guaranteed.

Sixteen ounces of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix two cups of granulated sugar with one cup of warm water, and stir for twenty minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a 16-ounce bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualacol and all the natural healing pine elements. Other preparations will not work in this form.

The plan has been initiated, but the old successful formula has never been equaled.

A guaranty of absolute satisfaction or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

GRAVE DANGERS OF CORPORATE CONTROL

Taft Says Canada Should Take Warning From United States.

[Canadian Press.]

Toronto, Jan. 29.—Former President William H. Taft this evening delivered before the Literary and Scientific Society of the University of Toronto, an address on popular government.

"Canada," he said, "with eight millions of people, had the advantage of profiting by the mistakes of the United States with a population of ninety million. In the past Canada had exhibited discretion in studying the defects that the United States system had developed, and in seeking to avoid them. Popular government should not be made a fetish. It was a means to an end, and if any form of popular government did not serve society best its adoption or continuance was not justified. It was important that the majority in its rule should be limited and controlled. Magna Charta secured for the citizen a practical procedure, by which he was most likely to secure justice. The principles contained in it were practical remedies for the vindication of the rights of the individual. That was why Anglo-Saxon liberty had proved to be the light of freedom in the world.

Militancy is Hysteria. Dealing with woman suffrage, Mr. Taft said that the gentler sex, in order to prove their case, must show either that they are suffering as a class because they have not the right to vote, or that, if added as part of the electorate, they would so improve the wisdom and patriotism of the electorate that it would be better for all the people. Militancy, he characterized, as "hysteria and a lack of a sense of proportion in those who participate in it that does not recommend them as a wholesome addition to the electorate."

In the end, he believed that woman suffrage was inevitable. Regarding the growth of corporations, and the limitation of their power, he said: "No such great popular movement can be carried to a successful issue without a swinging of the pendulum beyond the meridian line and into excesses that are themselves unjust, unwise and likely to involve some detriment to the public weal. It is a part of the cost we have to pay in curing the original disease."

legislature or legislative officers, Mr. Taft said it was admirably fitted to destroy all independence of action, and every effort intelligently to serve the public interest.

Warning For Canada.

In conclusion, Mr. Taft said: "You are having a tremendous industrial expansion, and you are likely to run, unless you are careful, into the same condition with respect to corporate control and the danger of plutocracy we have encountered. I sincerely hope that our experience may give you warning, and that you may take prompt steps than we did to prevent it reaching the danger point. I hope, too, that because you take up the necessary restrictive measures earlier, you may avoid the excesses of reform that we are now having to meet."

Indian Richly Rewards Kindness of Author

[Special to The Advertiser.]

Detroit, Jan. 28.—When James Oliver Curwood, the author who travels in Northern Canada for color for his novels, was on his last trip in that district, he found Pierre Montoison, an Indian, sick and his family starving, and gave them medicine and food. The Indian voiced his gratitude with a promise to send the author some of the riches of the wilds in return for his kindness. Curwood forgot it, but last night received a box containing beautiful furs valued at \$500.

PROUD SHOWING FOR CORN IN LAMBTON

Inaugural Exhibition Is Open at Petrolia.

GOOD CROWD ATTENDING

Mayor Stirret Extends Greeting to Farmers.

Evening Session Devoted to an Address on the History of Hydro-Electric Power

[By Staff Reporter.]
Petrolia, Jan. 28.—Corn is king here today. The royal colors of his imperial majesty, green and yellow, are everywhere in evidence, and the inaugural Lambton County Corn Exhibition had an auspicious opening in Victoria Hall this afternoon.

The corn exhibits were all in place this morning, and the showing in every class was exceptional, both as to quality and quantity.

The exhibit appeared to splendid advantage on sloping bins ranged in two long rows down the centre of the hall, which was prettily decorated in green and yellow for the occasion.

The greater part of the morning was taken up with the judging. The exhibition was opened to the public at 2 in the afternoon, and when Charles M. Fleck, president of the Lambton County Corn Growers' Association, called the meeting to order, there was a fair-sized crowd in attendance, composed largely of agriculturists from the surrounding districts, who displayed great interest in the exhibit of what Lambton County could do in the way of growing corn.

President Fleck opens show.

President Fleck, in his opening remarks, thanked those present for the interest and enthusiasm which had been taken in this, the inaugural show of the Lambton Association. "Your enthusiasm shows that you intend to help us in our efforts to increase the quantity and improve the quality of the corn grown in Lambton County," he said.

He then called up Mayor R. Stirret, who heartily welcomed the corn growers and extended to them the freedom of the town.

At the conclusion of the mayor's address, the meeting adjourned until 3 o'clock in the town council chamber. A large number were present at the adjourned meeting and listened to an interesting and instructive address by Professor C. A. Zavitz, professor of

field husbandry in the Ontario Agricultural College at Guelph on "Corn and Alfalfa." L. H. Hankinson, of Aylmer also spoke, telling of his experiences in Elgin County in promoting corn growing.

Winners in Contests.

The judging was nearly all completed by Professor Zavitz and his assistants during the morning. Following are some of the winners in the various classes:

Best ten ears, white cap, yellow dent, James Abra, Collingville; ten ears Bailey, N. Y. Foster, Sombra; ten ears Butler, Peter Haines; ten ears Leaming, Charles M. Fleck, Collingville; ten ears any other variety, yellow dent, Thomas Powrie; ten ears Wisconsin No. 7, John Hunter, Wyoming; ten ears any other variety white dent corn, Richard Searson, Watford; ten ears eight-rowed yellow flint, John Welsh, Mooretown; ten ears eight-rowed flint any other color, J. Kimball, Watford; ten ears 12-rowed flint, any variety, John Welsh, Mooretown; ten ears popcorn, any variety, T. A. Lampman, Wanstead. Among the special prizes, Clement White carried off premier honors for the best bushel of corn, any variety.

For the best display of dent corn, Alex. E. Wark received first prize, with Clement White second, and T. A. Campman, third. The Bank of Toronto trophy, for the best bushel of corn, suitably graded, was won by John Welsh, of Mooretown.

Township Classes.

The township classes were well filled, the winners being as follows: Warwick Township, best 10 ears dent corn, James McCormick; best ear dent corn, James McCormick; best 5 ears white cap yellow dent, Stanley Brent, Sarnia Township; best 10 ears dent corn, Wm. Simpson; best single ear, Alex Stewart.

Sombra Township, 10 ears white cap yellow dent, C. Butler; ten ears Butler corn, Robert Payne; 10 ears Leaming, J. C. McMillan; 10 ears Wisconsin No. 7, Ralph Stenton; 10 ears 8-rowed yellow flint, Joseph Emery; 10 ears popcorn, Ralph Stenton; best 10 ears from above classes, J. C. McMillan.

Dawn Township, best 10 ears dent, any variety, S. C. Smith; best 10 ears flint, N. McLennan.

Brooke Township, best 10 ears dent, Jas. C. Benner; best ½ bushel crate, Joseph Ralph.

Euphemia Township, best 10 ears dent, Joseph Ralph; best single ear, John Welsh.

Moore Township, best 10 ears flint, Alex McDonald; best 10 ears dent, Jas. Abra; best ½ bushel crate, Jas. Abra.

James Abra, of Collingville, carried off the sweepstakes for the best 10 ears of dent corn in the show, and John Welsh, of Mooretown, for the best 10 ears of flint corn.

Address on Niagara Power.

Hydro-electric power and hydro-

electric radicals were the topics of discussion at a fairly well-attended meeting held in Victoria Hall this evening in connection with the Lambton County Corn Show. J. W. Lyon, of Guelph, president of the hydro-electric railway commission of Western Ontario, was the speaker of the evening. His address was advertised as an address upon the extension of hydro-electric radicals in Lambton County, but the greater portion of it was devoted to a review of the history of hydro-power in Ontario. The members of the Lambton County council, now in session at Sarnia, were present in the hope of gaining some information as to the local situation, but were forced to leave to catch a return train before the speaker reached that stage of his remarks.

SWEEP AWAY BARS

IS PREDICTION OF LEADING WORKERS

Great Victory Expected in Huron County—Record Vote Is Being Polled.

TWO ROUSING MEETINGS

Hundreds Turned Away Both at Exeter and Wingham.

FIERCE CAMPAIGN CLOSES

Speakers of Liquor Interests Worsted at Meetings—Advanced Poor Arguments.

The fierce campaign that has been going on all through Huron for many weeks in connection with the Canada temperance act vote, which is taking place today, came to a close last evening with monster meetings at Wingham and Exeter, held by the liquor interests.

Temperance workers all through Huron predict the greatest victory ever won in the province.

"We will win by between 1,000 and 2,000 majority," said Rev. E. G. Powell to the Advertiser today. "The campaign has been fast and furious, and there will be a record vote polled, but we will abolish the bar in Huron, that is certain."

[Special to The Advertiser.]

Exeter, Jan. 28.—Two chicken men matched wits tonight at the closing meeting in connection with the strenuous campaign to wipe out the bars in Huron County, and as might be expected, the feathers flew.

The meeting was held under the auspices of the Liquor Interests, and J. A. Livingstone, of Grimsby, their chosen champion, had the meeting stolen from him completely by the clever arguments advanced by Rev. E. G. Powell, who accepted a challenge to debate the issues.

Carried the Audience.

Notwithstanding that Rev. Mr. Powell was only allowed three-quarters of an hour as against over two hours given to his opponent, he was repeatedly cheered, and there was no question as to which speaker had gained the audience.

Both men were given a good hearing, and the opera house was packed to its utmost capacity, and many were turned away.

Ex-Reeve Bobier presided, but made no speech simply introducing the debaters.

Very Doubtful.

This statement caused many expressions of doubt in the audience. The most important statement of Mr. Livingstone's was that if the Canada temperance act was passed, the Whitney Government would abolish the three-fifths clause entirely and allow the electors to carry local option on a straight majority vote.

This announcement was greeted with ringing cheers, which seemed to astonish the speaker not a little as he went on to explain that if this happened local option would be repealed in one place after another, till all the victories won under the three-fifths clause would be gone, and the work of thirty years destroyed.

[By Staff Reporter.]

Wingham, Jan. 28.—Last night in the Huron County temperance fight was fired in a mass meeting here tonight when more than six hundred persons crowded the town hall to the doors to listen to the arguments for and against the acceptance of the Canada temperance act into Huron County.

The vote will be taken Thursday, and there is every reason to believe that it will be a splendid victory for the enemies of the bar.

Long before the appointed hour, the auditorium began to fill up, and when the meeting commenced, every seat was occupied and scores of people stood in the aisles at the rear of the room and crowded around the platform, and in the wings off the stage.

Given Good Hearing.

For nearly three hours, the people, some sitting, many standing, listened with remarkable interest to the debate and there was no doubt as to the feeling of the meeting.

Farmers and their wives drove for many miles over muddy roads to evince their interest in the movement that has caused here, the greatest stir in years. The hall was quite inadequate to accommodate the crowd and several hundred persons were turned away.

The meeting was planned and arranged for by the anti and John Ramsford, of Clinton, president of the so-called Huron County Businessmen's Association, occupied the chair, while an imported orator, C. Homer Durand, of Cincinnati, Ohio, advanced the arguments of the liquor interests for the defeat of the Canada temperance act and attempted to tell his audience of the absurdity of Canadian laws, while F. S. Spence, alderman and harbor commissioner of Toronto, and a brother of Rev. Ben H. Spence, secretary of the Ontario Alliance, drove home the claims of the temperance party in a way that drew rounds of applause.

Strong For Temperance.

The chairman and both speakers received courteous treatment from the audience, but the favor of that body went very strongly to the advocate of temperance.

The liquor men were on hand, but the temperance people outnumbered them many times over. Contrary to general expectation, there was little or no display of fireworks.

LEGISLATURE OPENS FEB. 18

Toronto, Jan. 28.—At a meeting of the cabinet today, it was decided that the Ontario Legislature would open on Wednesday, February 18.

Sir James Whitney will not lead the House this session. Hon. J. J. Foy, Attorney-General, as senior member of the cabinet, will have charge of the Government program. The absence of the Prime Minister from the Legislative Assembly of a province is not unusual, and does not occasion any extraordinary provision to select a leader.

WOMAN TOOK FRIEND'S ADVICE

And Found Health in Lydia E. Pinkham's Vegetable Compound.

Windom, Kansas.—"I had a displacement which caused bladder trouble and I was so miserable I didn't know what to do. I suffered from bearing down pains, my eyes hurt me, I was nervous, dizzy and irregular and had female weakness. I spent money on doctors but got worse all the time.

"A friend told me about the Pinkham remedies and I took Lydia E. Pinkham's Vegetable Compound and was cured. I cannot praise your remedies enough for I know I never would have been well if I had not taken it."—Miss MARY A. HORNER, Route No. 2, Box 41, Windom, Kansas.

Consider Well This Advice.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

PLAN CHANNEL TO LONDON

Chatham, Jan. 23.—At the meeting of Kent County Council this afternoon it was decided to ask George W. Sulman, M. P. P., to attend the session on Thursday afternoon, at which time an important matter will be discussed. The motion today read: "That the warden invite G. W. Sulman, M. P. P., to consult with this council as to the advisability of asking the Ontario Legislature to enact a law making the counties of Elgin, Middlesex, Oxford and

Perth, and the cities located in these counties proportionately responsible with the county of Kent, and the cities located therein, in taking care of the flood waters of the Thames River, till they reach an outlet in the lake, and that this matter be discussed Thursday afternoon."

One of the proposals is the cutting of a channel from the Thames to Lake Erie, near London so that the water from the north branch would in high water times not come all the way down the Thames. Kent County stands a heavy monetary loss each year because of the floods, and the water originates outside the county altogether.

SIR GEORGE IN HOSPITAL

Toronto, Jan. 28.—Arrangement have been made at the general hospital here to receive Senator George W. Ross, who will arrive on an early train from Ottawa on Thursday morning. Senator Ross has been confined to his apartments in the Chateau Laurier at Ottawa for some days, suffering from a severe cold.

called for the appointment by the Provincial Government of school nurses for county schools. Councilor P. V. Loughton, seconded by Councilor John Stewart, moved that the indorsement of the council be given, and that the resolution be referred to the Education Committee. The resolution was then passed by a vote of 10 to 2, and the clerk was directed to have the resolution signed by the warden and clerk.
