The Voice of UNB

RECORD REGISTRATION

THOMAS CARLETON HALL—named in honor of a former New Brunswick governor who was responsible to a great extent for the founding of the University of New Brunswick. Thomas Carleton was governor of New Brunswick from 1784-1817 and receiver of a petition establishing the university. This is the second Arts building now on the campus,

Alumni Deadline For Scholarships

Saturday, October 1, is the deadline for applications for the C. C. Jones and W. C. Keirstead scholarships which are awarded annually by the Associated Alumni of UNB.

Second year students who obtained first division in Math 100 and who do not hold a major scholarship are eligible for the Jones scholarship, which honors Dr. C. C. Jones '97, who was president of UNB from 1906-1940.

Senior arts students are eligible for the Keirstead scholarship if they have taken three of the following subjects; psychology, anthropology, economics, politics, philosophy, education. This scholarship is in memory of Dr. W. C. Keirstead '98 who, while he was a member of the UNB faculty, lectured in all of the subjects listed above.

Application forms may be obtained from the Alumni Office in the Memorial Student Centre. When completed they are to be returned to the Alumni Office.

The Jones Scholarship has a value of \$250; the Keirstead Scholarship is worth \$100.

took one year to construct and cost approximately \$650,000. In comparison, the original Arts building, the oldest university building on any Canadian campus, was built 134 years ago, over a period of three years and at a cost of £16,927.

The departments of humanities, social sciences, languages, business administration and mathematics will be housed in the new building.

— WE ARE SORRY —

On page three of the Freshman issue of the Brunswickian, in the story concerning "New Faculty Appointments", Assistant Professor D. W. L. Earl of the Department of History was credited as having a Ph.D. from Cambridge University. Professor Earl is actually a candidate for a Ph.D. from that institution.

In the last paragraph of the same story, Mr. Bruno Bobac was described as succeeding Miss Lucy Jarvis as the Director of Art. In actuality, Mr. Bobac has been appointed as the Resident Artist at UNB, succeeding Goodridge Roberts in that position.

The Brunswickian wishes to apologize to the individuals involved for any embarrassment caused by the inaccurate reporting.

Unofficial figures compiled from the three day registration at the University of New Brunswick indicate a record-breaking enrollment of 1650 students.

Described as one of the smoothest and fastest registrations in later years, nearly 1100 returning students registered at the Lady Beaverbrook Rink last Wednesday and Thursday.

Registration dates were extended one day and resulted in smoother operations as previous dates only allowed returning undergrads one day, Wednesday, September 21 to straighten out courses and pay their fees.

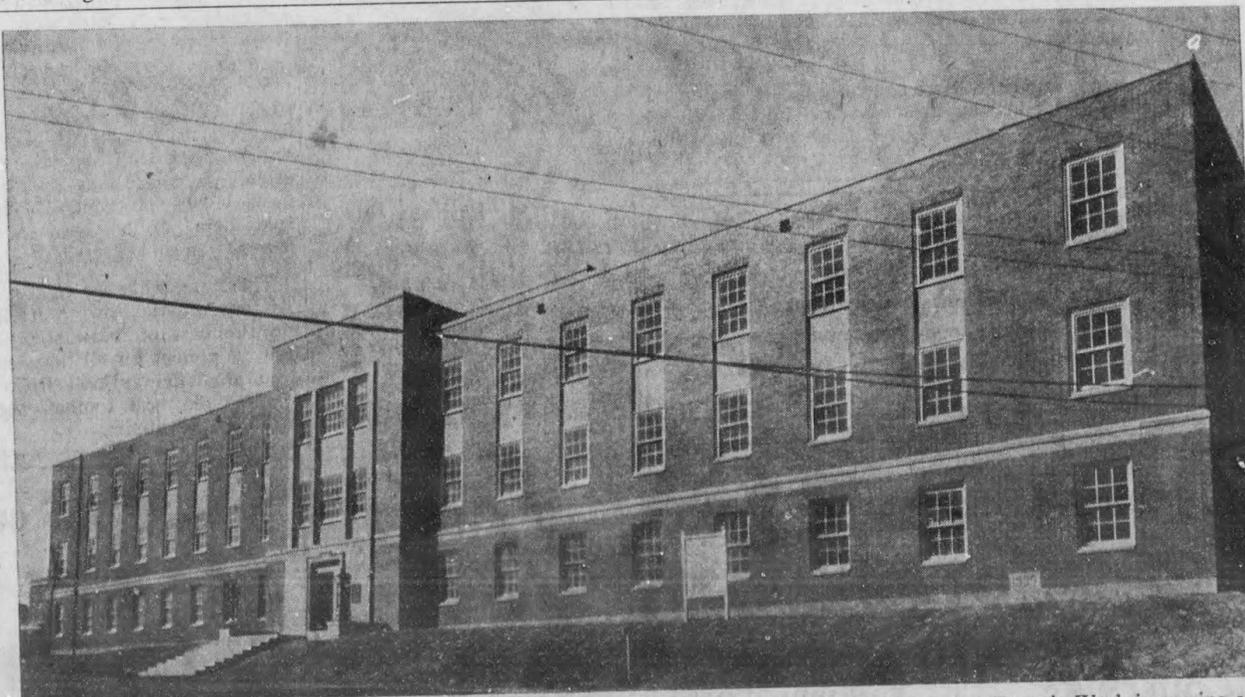

Officials report 560 new students were processed Tuesday. This fell short of the expected 650 but provisions have been made to accept late registrants.

The inside of the arena resembled a midway at a county fair. The tables and booths containing professional-sounding pitchmen and salesladies, urged the passers-by to join societies, committees, political clubs, the Year Book staff, the newspaper staff, Winter Carnival Committee, Radio Club, religious organizations, WUSC, NFCUS, and the armed services.

For many organizations, this is fertile ground for enlisting new members. The freshmen, for the most part, steered clear of the majority of tables, but returnees casually looked and chose.

The accommodations bureau under the direction of Mrs. Mona MacMillan was present to assist any homeless students in obtaining rooms and meals.

Activities continue today, as
Continued on Page 4, Column 4

LORING BAILEY HALL — The new Physics and Biology building which was officially opened during Encenia Week is nearing completion. Named after Professor Loring Wourt Bailey, a professor of Chemistry and natural science at UNB from 1861 - 1907, the new home of science took slightly over a year to build and cost over a million dollars.

Brunswickan

Established in 1867, **The Brunswickan** is published Tuesdays and Fridays by and for the students of the University of New Brunswick at Fredericton, N.B. Opinions expressed are not necessarily those of the Students' Representative Council. Subscriptions are available to non-students at \$3.50 a year. Single copies 10 cents. Authorized as second class matter, Post Office Department, Ottawa.

UNB's GROWTH

There are approximately as many new students registered at the University of New Brunswick for the academic year 1960-1961 as there were in the entire student body of 1952-1953. Roughly 600 new students registered last Tuesday, compared to a total enrolment of 677 only eight years ago.

The University has been and is extremely hard-pressed to provide for this overflow of seekers of higher knowledge. Towards this end, the administration has pursued a vigorous policy in the fields of construction, faculty expansion and course additions.

Our building program has highlighted the fantastic growth of the Atlantic Provinces' largest university. In the past two years, over \$3,200,000 has been raised from industry, citizens and government. These generous endowments have provided for a new Arts building, a Biology and Physics building, four men's residences, (two constructed and two underway) and a large Dining Hall slated for use in the Fall of 1961.

Prior to the building spurt of the past two years, the campus witnessed construction of the Memorial Students' Centre, the Chemistry building in 1957, and a large addition to the Engineering building. The Students' Centre is now too small to comfortably handle all who wish to eat on campus. The calling of tenders for a \$500,000 800-person capacity Dining Hall will cure these ills for some time, although not until the Fall of 1961.

With the rapid expansion of the University, came increasingly complex administrative problems. Two new top-level positions were created last week and named to fill them were Mr. Beverley F. Macaulay, vice-president (Administration) and Dr. F. J. Toole, vice-president (Academic). Dr. W. C. D. Pacey was named Dean of Graduate Studies, succeeding Dr. Toole.

This new system, which has come into wide use in other Canadian universities will permit our president, Dr. Colin B. Mackay an opportunity to delegate a great deal of his increased work load to the vice-presidents and will allow him more time to personally face our most urgent problems.

Further evidence of our growth is the addition of the Physical Education Department in 1957, the School of Nursing in 1959, and this year, a newly implemented Surveying Engineering degree course. Accompanying this expansion of courses and departments has been a growth in the number of staff members from 89 in 1954 to 160 in 1960.

The steady growth of the University of New Brunswick has been evident with annual jumps of 100 - 200 each year since 1952. At one time, it was thought that the maximum enrolment that this physical plant could sustain was in the neighborhood of 1400-1500. Last year's student body totalled 1600 and this year it is expected to reach or better 1700.

Our work cannot stop here. More and more high school graduates are continuing their education in universities and colleges. We must provide the room for them and UNB must grow proportionately.

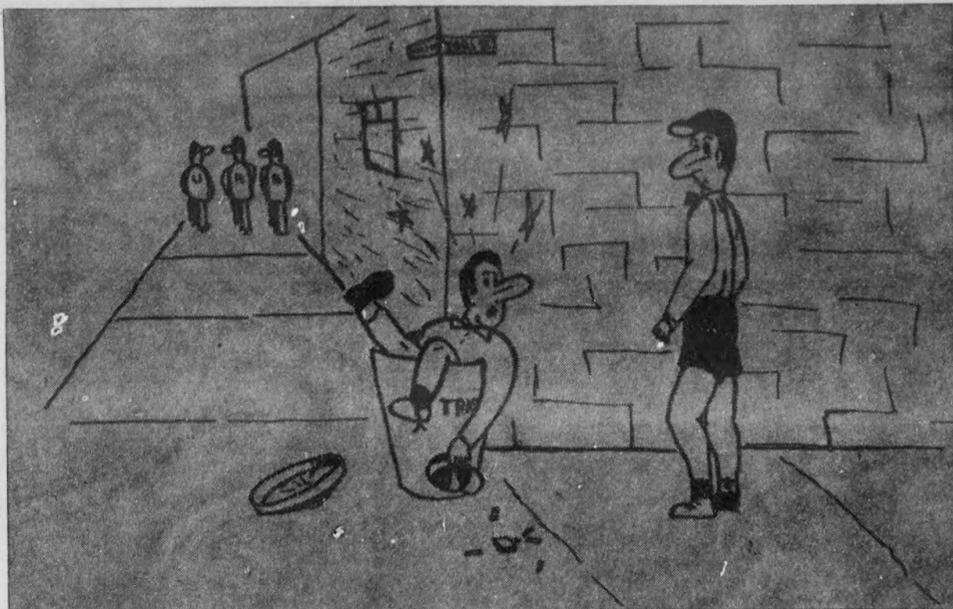

The **Brunswickan** Needs You—Do you aspire to the exciting world of college journalism? Do you want to be on the "inside" on all the BIG stories as they break across the campus? If you do, then the opportunity awaits you on the staff of Canada's oldest college paper, **The Brunswickan**.

I DIDN'T HAVE THE BRAND OF CIGARETTES THEY SMOKED

GLANCING OVER THE SCENE

This year's freshman crop is an extremely wary and suspicious group. Most tried to slip by the Brunswickan table during registration as if it didn't exist.

A gloomy and worried looking editor was seen occasionally darting into the paths of these freshmen waving great sheafs of Brunswickans. "Take one, go on, take one; we'll only have to burn them next week" was the oft-heard plea. One of the larger frosh, a huge hulking individual actually threatened the editor

with bodily harm if he didn't get out of the way.

Other newcomers approached the table with the expression, "What in hell do I have to buy now," written all over their faces. When told that the paper was free, they immediately wanted to know what the gimmick was.

That previously - mentioned editor could have coined himself coffee money for a year by peddling his Brunswickans for ten cents apiece. Most of the frosh didn't know the difference

but the SRC would likely have been ready with a petty larceny charge.

There were a few students who waltzed right up to the table and casually picked up a paper. These were carefully eyed by the university's staff of psychiatrists, while the two newcomers who went so far as to indicate they'd like to work on the Brunswickan were disposed of, speedily and humanely.

Another group of freshies tried a different approach. With Brunswickans waving in their faces they pretended that they couldn't speak or read English. This didn't phase the editor though, he just stuffed newspapers into their pockets.

Anyone interested in stamps? For eager - beaver philatelists, the Brunswickan office is a gold mine. Drop around and sort out our four large cartons of summer mail while you pick out your stamps.

The editor of Prism, Canada's professional magazine of creative writing invites all graduates and undergrads to submit material for a special all-campus issue which will appear in December, 1960.

Payments for accepted material are: \$25 for short stories, novel excerpts, literary essays and plays; for verse, 30 cents a line or \$5 a poem, whichever is greater. The deadline is November 1.

1. Manuscripts should be accompanied by a self-addressed, stamped envelope and should be sent to Prism, All-Campus Issue, 3492 West 35th Avenue, Vancouver, B. C.

30 Second Editorial

New Season Starts Tomorrow

MEN

Here's your once in a lifetime chance.

Meet interesting WOMEN. Have FUN. Make friendships with such interesting personalities as Carol MacPherson and Marg MacLelland. Join the **Brunswickan** staff.

Tomorrow, football fans at UNB will usher in a new team, competing in a new league, starting a new season.

This will undoubtedly be a season to look forward to and would be infinitely more pleasurable if we had an Atlantic Bowl team in the offing. Coach Don Nelson has already declared, "This is a rebuilding year", and while these are gloomy words to Red Bomber supporters, facts have to be faced. Facts such as the loss of 12 starting players from last year's championship lineup, facts such as six players on the hook with supplemental exams, facts such as opposing teams like Shearwater Flyers, Stadaonna Sailors and Saint Francis Xavier University.

Therefore, while we can't predict an Atlantic Bowl game for the Bombers on November 26 we will predict for all the viewers in the Atlantic Football Conference, the best football seen yet in the Maritimes.

THE COLUMN

by Ed BELL

Since this is still Freshman Week, this column will be devoted to a plea to the freshettes. Please don't get the Freshette Complex. This term is one coined by a disgruntled LBR man last year to describe what had happened to some of the UNB girls. Describing this condition is not a pleasant assignment . . . nor is it likely to win me many friends. But the freshettes should at least know something about the Freshette Complex . . . it's undisputedly the general opinion of every male up the hill.

Here is the picture: Little Sally Freshette leaves home to come to UNB. This is her first time away from home and momma for any length of time; she breathes a sigh of relief as she finally gets the independence she has been craving for. Then poor Sally gets to Fredericton and Freshman Week. All of a sudden she finds herself the centre of a great deal of attention, most of it from males. Now Sally is a normal girl . . . she likes male attention. But never before had she received so much . . . and never before had she had enough freedom from parental restraint to do much about it.

At any rate, as this situation continues, a little gremlin begins to creep into Sally's mind. She is being asked out on dates four or five nights a week . . . and going. The Gremlin begins to work and Sally commences to think that she must be a little more attractive than most girls. Here she is going to The Flame for steaks three nights a week. Why, she must be really attractive and desirable! This is the beginning of the Freshette Complex.

Around Christmas time comes the peak of Sally's popularity. She has been to the Fall Formal, the Bushman Ball, the LBR House Formal . . . and every other major event of the first semester. Her ego is so expanded that a trivial little thing like low marks on her Christmas exams is dismissed with a shrug and a few curses directed towards her professors. So after a comparatively dull holiday telling lies to momma, Sally gayly streams back into town for the next round.

But a curious thing has taken place. Sally, the girl who was telephoned every night, who asked what kind of car a fellow was driving before she refused to go to a party at his apartment . . . Sally finds herself getting fewer telephone calls. The fellows who had been telephoning her were now phoning places like Nurse's Residence and boarding houses filled with Teacher's College girls. Poor little Sally, she is no longer the centre of attraction. All she has to do nights is sit in the Maggie and study . . . and who wants to do that! But that ever-present gremlin does not want Sally to fade from the picture quite that easily.

"Why not change my hair colour? If I do that and wear more striking clothes, I can again be the centre of attraction." So, as the spring come around the corner . . . so does Sally, bleached blond and wearing orange knee socks, a green leotard and a bermuda skirt. Sally is no longer the simple, unaffected girl she was when she first left momma. She is now forceful (brash), more attractive physically (peroxide), and is free to go out with anyone who asks (if you can call steaks and all the trappings of a Sally-type date "free").

The final item in the decline and fall of Sally Freshette into the Freshette Complex is barely passing marks in May. It's not a very happy ending . . . but then it's not a very happy story either. To put it briefly, Sally didn't stop to think that what she and the gremlin attributed to her own personal charm was mostly due to the male-female ratio at UNB. In fact, Sally didn't stop at all . . .

Receives Medal

Ed McLellan, fifth year civil-engineering student from Yellowknife, N.W.T. was presented with the Kenneth Corbett Gold Medal last April at the annual UNB Athletics Award Dinner. UNB President Dr. Colin B. Mackay made the presentation before a crowd of 400 at the Lord Beaverbrook Hotel.

McLellan copped the award for his athletic endeavours over the past four years as a speedy half-back on the Red Bombers and a hard skating right winger for the Red Devils.

The medal, awarded annually by Garnet Copeland, is in memory of Flying Officer Kenneth Corbett, first UNB graduate to

ED McLELLAN

lose his life in World War II. Mr. Copeland was a classmate of the late Kenneth Corbett of Barkers' Point.

Dr. Mackay also presented four University Athletic Distinction awards to: Lauren MacElmon, three years varsity basketball, Tom Doyle, four years football, Dave Fairbairn, four years football and Galen Parent, four years hockey.

MOBIL OIL GRANTS

Mobil Oil of Canada is offering undergraduate scholarships and university grants worth \$10,400 at various Canadian universities for 1960-61.

Eleven scholarships will be offered to students in their final year of geology, petroleum engineering and other branches of engineering. Each will be worth \$800, with half the amount going to the university in the form of a grant to help achieve more effectiveness in teaching. Universities involved are British Columbia, Alberta, Saskatchewan, Manitoba, Toronto, Queen's, McGill and New Brunswick.

That, co-eds, is a brief description of the Freshette Complex. It happened to only a few of our girls . . . there are some very wonderful exceptions to Sally's tale. But there are so few girls here that it's a pity to see any more Freshette Complexes develop in this year's crop of sweet young things "you would like to know". So, Freshettes, be careful . . . you can have a great time here at UNB . . . but if you have to warp your personality to do it, it's not worth it.

Things you might not like to know

- Jones and Aitken Freshmen got no house initiation
- The Freshette Complex will not be listed for study in the Psychology courses.

"Mademoiselle" Opens Contest

"Mademoiselle" magazine announces that its 1960-61 College Board Contest is now open to women undergraduates regularly enrolled in an accredited college. The contest offers a chance at winning one of the twenty Guest Editorships — a month on their editorial staff.

To try out for membership on the College Board a girl may write a criticism (1,200 words or more) of the editorial section of a current issue or depict in words or drawings the follies of her campus. (For other suggestions write to the magazine). You will be notified by January 1, 1961, whether your tryout has been accepted.

Each College Board member will do one assignment for "Mademoiselle". The list of assignments to choose from will appear in the January issue. There will be a variety of selections, so a girl will be able to pick one that best suits her interests. Prizes will be given for both tryouts and assignments.

AFC SWINGS INTO ACTION

The seven-team Atlantic Football Conference swings into action locally tomorrow when the UNB Red Bombers host the Shearwater Flyers. Game time is 1.30 pm at College Field.

The Bombers, New Brunswick Football League and Maritime Intercollegiate Football Union champions took a severe blow over the summer, losing 12 players off last year's squad; 9 through graduation, 1 whose eligibility has run out and two players through failure to pass their years.

This total may be added to, as several players football futures depend upon supplemental exam results. Coach Don Nelson received good news during the week when it was learned that quarterback and triple threat star Pete Rylander would be available.

Coach Nelson, while not "crying the blues" has warned that this must be regarded as a rebuilding year and that there is little likelihood that the Bombers can pick up from where they left off last fall.

The nine players lost through graduation are such key individuals as offensive tackle Ted Boswell, defensive end John McLenahan, offensive guard John Shackleton, offensive guard Jerry Scarfe, offensive end Steve Mills, offensive centre Dave Fairbairn, defensive tackle Jack Davis, and Captain and linebacker Tommy Doyle.

Playing out his four years eligibility, is halfback Ed McLellan, the team's leading scorer last year.

Facing the Bombers tomorrow are the Shearwater Flyers, Canadian Intermediate Football champions in 1957. The Flyers suffered a 24-20 setback at the hands of the Stadacona Sailors in Dartmouth last Saturday in the AFC's opener. Shearwater despite their initial loss, cannot be considered a soft touch and UNB will have to come up with a top-notch effort to win.

Nelson revealed twenty-eight of the thirty players he will dress, to the Brunswickan shortly before our deadline. Lining up offensively, Don has Pete Rylander and Jackie Oliver at quarterback, Stirl Gorham and Don Ciotti at fullback, Norm Bolitho, Tony Drew, Ian Ferguson, Jim Murphy, Dick Clark and Paul Arsenault ready to go in the half-back slots, Francis Hughes, Ken Harvey and

SPLASH

by DOUG PATON

Another big year is planned in aquatics for the '60-'61 terms. At an introductory meeting held at the Gymnasium last evening, over 30 aspiring men and women turned out for places on the Beavers and Mermaid Varsity squads. Head coach Amby Legere, (a gentleman with whom freshmen interested in swimming and diving will get to know very soon), in his usual reserved fashion, predicts no sweeping aquatic victories for the coming year. One need only look at the record of the Beavers over the past few years to form the opinion that such will not be the case.

Holders of fifteen of the sixteen Maritime swimming records, the Beavers and Mermaids of this year will have to work hard to make a niche in the annals of swimming Up the Hill. Junior Varsity swimming will again be carried on in 'Ye Olde Swimming Hole' in the dark depths of the Lady Beaverbrook Residence, as will Intra-mural Water Polo, splash parties, life-saving, rescue courses and water safety, basic and advanced diving, non-swimmer instruction, Physical Education courses, free or casual swimming.

Anyone interested in taking part in any of the above activities, is asked to contact Coach Legere at the Gymnasium.

"Not Crying the Blues"

BOMBERS' COACH DON NELSON

"MADEMOISELLE"

Continued from Page 3, Column 5 signments. College Board members who come out among the top twenty on the tryout and assignment win a salaried month (June) in New York as Guest Editors. Besides working as apprentices to the regular editors, Guest Editors will be featured in the August issue and will represent the college girl in editorial meetings held to plan articles and fashions for forthcoming issues of the magazine.

November 30 is the deadline for submitting the tryout assignment. For more detailed information write to College Board Contest, "Mademoiselle", 575 Madison Avenue, New York 22, requesting the Contest Rules Book.

Clubs' Night

Clubs Night will be on Tuesday of next week at 7:00 p.m. in Memorial Hall. The purpose of this annual event is to give every group on campus an opportunity, to outline their aims and activities to the new students. All Clubs who are interested in having a representative at Clubs Night are asked to contact Sandy LeBlanc at the Lady Beaverbrook Residence, GR 5-5571.

RECORD REGISTRATION

Continued from Page 1, Column 5 President Dr. Colin B. Mackay addresses all upperclassmen in the Lady Beaverbrook Gymnasium at 12.00 a.m.

Receiving a breather from initiation procedures, freshmen can kick up their heels at the banquet and ball being held this evening. The Freshman Ball, highlight of the week, will see a successor to last years Frosh Queen, Pat McKenzie, named late in the evening. This year's monarch will be from the ranks of the following eight lovelies; Elizabeth Rankin, Jane Darling, Lynn Irwin, Hope Hyslop, Mary MacAfee, Marilee Little, Susan Bush and Barbara Johnston. Judges for the contest are; Professor R. E. D. Cattley, Dr. W. C. D. Pacey, Dr. Jean I. Hubener and Professor Alan Low.
