The copy filmed here has been reproduced thanks to the generosity of:

Bibliothèque nationale du Québec

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Québec

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

NOTE.

THE BIBLIOPHILE will recognize in this sale, even from a casual perusal of the Catalogue, a collection of considerable importance, containing very many rare and valuable books, original documents, et c.

Sales of early Americana prove that this branch of literature is ever meeting due appreciation among collectors and librarians, but the Undersigned desires to specially mention the Canadiana in the present Catalogue; it includes books from the first printers throughout Canada, and although to the American collector they may appear of comparatively late date, when it is considered that no printing press existed in Montreal prior to 1776, the numerous books included in this collection, printed before 1820, or even before 1840, in Canada, must be reckoned among rarities.

WALTER M. KEARNS.

Books will be sold at so much per volume and pamphlets per part or piece.

Commissions to be made, for parties unable to attend the sale, will be executed free of charge.

Books are guaranteed as catalogued, in good second-hand condition. Imperfect books (not so described) may be returned within five days of receipt of same; not later.

Settlements must be made and delivery taken on or before Monday, 11th May, 5 p.m.
