We have had our January

J. D. Hull of Church Street, will preach at Steam Mill Sunday evening next at 7:30 o'clock.

You will all be glad to see another Hockey match. You will be given this opportunity Wednesday evening Feb. 2nd.

Reserve the date for the Social in the vestry of the Baptist Church, Kentville, Tuesday evening, Feb. 1st. An enjoyable time is anticipated.

Mr. Henry Taylor purchased last week from Charles Dorman Canning, all the red foxes he had on his ranch. He also purchased a lot of nice pelts from the fox ranch of Mr. Twinning Lyons, Waterville.

**FANCY DRESS CARNIVAL!** Just what you have been waiting for. The date is **Tuesday, February 8th.** The place is the **Kentville Arena.** Further particulars later.

The Roy Building on Aberdeen Street will be occupied by Parker & Sons, Canning, who will be ready for business about February 1st. In addition to their usual line of carriages and saddlery they will handle the celebrated Maxwell Cars. Parker & Sons are wide-awake business men and conduct a very successful business at Canning, which, no doubt, will be duplicated in Kentville.

**Look What's Coming! Hockey!** The first game of the season. Between the crack teams, Acadia vs. Kentville, at Kentville Arena, Wednesday evening, Feb. 2nd. General admission 15c. See posters.

Mr. James Christie of this town is the manager of the Kentville Arena for the present season. Mr. Christie is a man who understands how to make the best of ice a most important item for good skating. For fifteen years he was one of the foremost players on the Wolfville team before he came to Kentville. Under his management the public may expect a good service at the Arena.

The roll of the 112th Battalion is steadily growing in numbers, new recruits coming in nearly every day. They are a sturdy, manly lot of boys and are being well-trained. A number are ill with the grippie which is very prevalent at this time. They are well-looked after however, and as Kentville has the reputation of being a very healthful town, the boys have every chance of a quick recovery. We hope to see them all out on duty again very soon.

**MILD WEATHER IN FRANCE.**

One of our Kentville boys of the 6th Mounted Rifles—"King's County's Own"—in writing says the following of weather conditions in France.

"Well, here we are in the midst of winter and if one did not have a calendar it would be hard to believe. The weather is much like our late April and early May weather, but not so severe. When you learn that the grass is green and the wheat is coming up in the fields, that the ground is not frozen, shrubs are in leaf, flowers blooming outdoors, and farmers tilling the land, you will appreciate what I say. I am told that the weather keeps much the same. The only unpleasant feature is that we have rain about every day, and consequently there is lots of mud. However, we soon get accustomed to these minor trifles in the midst of some of the real hardships that are met."

He says that "All the boys from home are well. We have had a go at the trenches and I suppose it will not be a great while before we have another. So far we have been very lucky."

We trust that the same luck will continue with our boys of the 6th Mounted.

Interesting Letter from "Somewhere in France" written by E. W. Grenough of the Homeland.

"Somewhere in France." Dear Mother—

The old year has at last slipped by and the New Year, "Nineteen Sixteen" is now with us.

In the beginning of nineteen-fifteen our armies were struggling with the small means at their disposal to withstand the onslaught of the greatest military machine the world has ever seen. In order to see how successfully they accomplished the task set before them it is only necessary to take a glance at the lines at present held by the opposing armies. In addition to the length and strength of our lines we have increased our "little contemptible army" to the enormous number of several millions and have supported them with artillery of almost unbelievable destructive power. A contrast between the spirits of our men and those of Germany and her Allies is almost impossible owing to the great advantage in our favor. The Germans are sullen and depressed while we are straining at the leash waiting for the moment when we shall avenge the wrongs of poor down-trodden Belgium and Serbia.

Many thought that the war would be of short duration but though we are certain of ultimate victory still at the present moment it looks as though the dream of Scotland's poet when he wrote: "And man to man the world o'er shall brothers be for a' that—" will not be fulfilled for at least sometime.

Whatever "Nineteen Sixteen" may have in store for us we cannot tell. It might be that ere many months shall pass some of us may find rest in a soldier's narrow bed. Though as years pass we may be forgotten by all except our own near friends, still the gentle dews of Heaven will fall regularly on our sodden bosoms and the warm sun continue to shed its kindly rays upon us.

Perhaps, Mother, you would like to know how we spent Christmas and New Year. The day before Christmas was one of the most beautiful days we have had since coming here. It would indeed compare very favorably with a Canadian summer day. The grass over here is still quite green. Christmas morn broke rather cloudy but before a couple of hours had passed "Old Sol's" smiling face came from behind the clouds and the day almost equalled the preceding day.

During the morning we were presented with various gifts presented by different organizations in Canada. It was indeed very kind and thoughtful of

them and all the boys feel deeply indebted to them.

We had plum pudding for dinner and peaches for supper for which we are also indebted to our folks in Canada. We were quite fortunate in not being in the trenches on Christmas Day and we were granted a holiday. We all amused ourselves in whatever manner suited us. The day passed off very pleasantly but we all missed our Xmas skate and sleigh drive.

As for New Year's—we all remained up to watch the old year out. For about two hours we sat around on the straw singing old familiar songs, telling stories and enjoying the speeches given by some of our local talent. Some of the speeches were very good. In fact a few of them were real spontaneous bursts of oratory. Then as the "old year" glided out we all "turned in" singing "Auld Lang Syne."

I fervently hope that when "Nineteen-Seventeen" glides in we may be in our own family circles, and that the Dove of Peace with folded wings may perch securely over our banner of victory.

Well, love to all and best wishes for a Happy New Year.  
E. W. GRENOUGH.

### SHEDDING BLOOD NOT INK

The United States Government continues to play Germany's game when it insists upon Britain practically abandoning the blockade against Germany in order that American goods may enter that country. Great Britain is mistress of the seas at the present time, and by cutting off all sea born traffic to and from Germany, she is slowly strangling the enemy to death. But along come the note writers at Washington with the demand that vessels loaded with American goods for the Germans, shall be allowed free and uninterrupted passage. In other words, Britain's blockade is not to apply to goods coming from the United States. That is what the American demand amounts to, and President Wilson in making it is clearly playing the German game just as Bernstorff would have it played. Great Britain, it may be taken for granted will never yield to the Yankee government's foolish demand. A London paper discussing this problem says:

"If President Wilson should elect to walk the road so obligingly constructed for him by Berlin, it is well he should realize where it is going to lead him. The British Empire, which is SHEDDING BLOOD AND NOT INK for the vindication of 'neutral rights,' has reached a stage in the conflict where technicalities will not be allowed to restrain the legitimate weapons of warfare. Our right to prevent supplies from reaching the enemy is absolute and if the process assumes fresh disguises, it is the business of international law to strip off and not be fettered by the wording of its former rescripts."

"No British Government would dare to relax its grip on Germany now in deference to unrest and threats of outsiders who are chiefly interested in what profit they can make out of the world's agony. The blockade in future must be tighter instead of looser and nothing will impart to it a sterner temper than any external interference."

A country clergyman on his round of visits, interviewed a youngster as to his acquaintance with Bible stories.

"My lad," he said, "you have of course, heard of the parables? Yes, sir, shyly answered the boy, whose mother had instructed him in sacred history "Yes, sir."

"Good" said the clergyman, "Now, which of them do you like the best of all?"

The boy, squirmed, but at last heeding his mother's frowns he replied: "I guess I like that one where somebody 'loafs' and fishes."

### RED CROSS RELIEF FOR BELGIUM.

#### How Belgian Prisoners of War are Helped.

The Belgian prisoners of war are perhaps in the most fortunate position of all prisoners of war. Their country is in the hands of the German invaders and their compatriots have very few means at their disposal where with to assist them. The situation has been remedied by the International Red Cross which, acting through the Swiss Consul General at Brussels has established two organizations for the relief of Belgian Prisoners of War. These are known as "The Soldiers Canteen" and "The Belgian Prisoners' Parcels Fund."

The Soldiers Canteen sends boxes containing food and tobacco at prices varying from 2 to 10 francs. Nearly 110,000 of these "canteens" have been sent to Belgian prisoners of war in Germany and over 50,000 acknowledgements have been received. This is notable proof that prisoners of war actually do receive the gifts sent them and that the German Government throws no obstacles in the way.

"The Belgian Prisoners' Parcels Fund differs only in that it makes a specialty of sendings daily postal packages of the value of one franc to every prisoner on the list. This method makes provision for the soldier's daily necessities. It also invites the public to adopt prisoners and to send them packages of victuals selected out of an official list of foods, up to the weight of five kilos.

As the war is prolonged the question of the prisoner of war is one that requires increased attention. For Canadian prisoners it is complicated by the increasing shortage of food supplies in Germany. So that, if we wish to keep Canadian prisoners of war from privations, it is well to give increased support to the Prisoners of War fund of the Canadian Red Cross.

#### MILITARY SERVICE BILL

#### Passed Third Reading in House of Commons by Vote of 383 to 36.

London, Jan. 24—The Military Service Bill passed the third reading in the House of Commons tonight by a vote of 383 to 36.

The Bill passed through the report stage in the House of Commons tonight without serious modification. The Government accepted an amendment that capital punishment should not be inflicted for refusal to obey a call to the colors.

The principal discussion turned upon safeguards against employing the measure for industrial compulsion, many of the members expressing suspicion regarding the attitude of David Lloyd George, Minister of Munitions, in this connection, especially as Mr. Lloyd George had not participated in the debate on the bill.

Andrew Bonar Law, in behalf of the Government, gave further assurances on this point, which, as he declared, were binding on the whole Government.

On the motion for the third reading, Sir John Simon, the former Home Secretary, asserted that although the Government had done much to meet the objections to the Bill, it had failed to allay the fears of those who believed the Bill was a mere prelude to industrial compulsion, and had also failed to meet the case of the conscientious objector. Therefore, he was unable to recommend that the Bill should be allowed to pass its third reading without division. He strongly deprecated, however, violent opposition to the Bill, once it became a law.

### FLOODS HOLD BACK THE BRITISH FORCES

London, Jan. 24—General Sir Percy Lake, Commander-in-Chief of the British forces in Mesopotamia, has sent the following report of the situation there:

"During the last forty-eight hours the Tigris River has risen seven feet at Kut-el-Amara, and two and a half feet at Amarah, preventing all troop movements by land.

"An armistice was concluded for two hours on the 22nd. for the collection and burial of the dead.

"General Townshend reports from Kut-el-Amara that he has sufficient supplies and that his troops have not been further engaged."

### BRITISH AND RUSSIANS FORCES MAY SOON MEET

London, Jan. 24—The British force at Kut-el-Amara and the Russian troops west of the Hamadan are so near that if there were no difficulties in the way it might be possible to effect a juncture within ten days. In spite of the fact that there is much fighting yet to be done, and a difficult country to be crossed, the British press already is beginning to speculate about the results of the exposed juncture.

The Chronicle says: It will be a happy day when the British and Russians begin to fight side by side in this theatre of war, and it ought to contribute to a better understanding between the two peoples."

The Times, however, notes that the Turks appeared to have stopped the Russian advance in this district, and it fears a Russian setback if Turkish reports of the retaking of Assadabad from the Russians are correct, as this would threaten the Russian occupation of Hamadan from more than one direction.

## CALL 100 WOMEN

Ask them what they think of Zam-Buk and you will be surprised how many of them would tell you it is the best known healing balm, and that it should be in every home. A contest in "Everywoman's World" recently proved this!

Women from coast to coast have proved by actual test that Zam-Buk is unequalled for the skin diseases and injuries of children as well as of adults. They have found Zam-Buk different to ordinary ointments in that it allays the irritation as soon as applied; prevents festering, inflammation, blood poisoning, etc., and permanently heals in a very short time. As a mother and head of a family you owe it to yourself to have Zam-Buk always handy!

If you have not yet tried Zam-Buk, get a box at once. Druggists and stores, 50c.

NOTICE TO ELECTORATE.

At a special meeting of the Town Council held last evening the validity of the nomination papers for the election of Mayor and three councillors was fully discussed, the Recorder gave it as his opinion that they were legally presented to the Clerk in view of the fact that the Clerk had appointed Mr. B. R. Bishop as his Deputy previous to 5 o'clock on the day of nomination and that the Council had concurred in this appointment on the same day, even if at a later hour it does not matter, as the law does not recognize the fraction of a day and more than that the Council concurred in the appointment of Mr. Bishop as early as January 5, inst., at their regular meeting when they approved of the minutes of Dec. 8, '15 when those minutes were read as B. R. Bishop, Acting Clerk.

Moreover Councillor Newcombe stated that in a conversation over the phone with the Attorney General he, the Attorney General concurred in the Recorder's opinion after hearing the facts as stated.

TOWN NOMINATIONS AND ELECTIONS

For Councillorship, The nominations are R. T. Caldwell, R. H. Lamont, T. Weaver, Capt. William McBride and Charles Silver. Mr. Caldwell has just completed a one year term and on the record he has made asks for a continuance of the support of the electors. Messrs R. H. Lamont and T. For his one year term two candidates have been nominated, Mr. J. D. Sherwood, fruit grower, a former member of the Council and Mr. J. G. Vanbuskirk, tailor. For the regular term, William Regan and W. C. B. Harris are seeking re-election with Capt. S. R. Beardsley, C. H. Wright, Prof. Perry and Capt. Tingley as the other candidates. ANNUAL MEETING OF THE BOARD OF TRADE

The twenty-second annual meeting of the Kentville Board of Trade was held in the Court House, Tuesday evening, 25th inst, the President, T. P. Calkin presiding.

The secretary gave an interesting report as follows:

SECRETARY'S REPORT

Among the matters of interest that have been before the Board the past year are the following:

The amalgamation of the Poor Districts of the County which the Board believes would be economic and humane and tend to the credit and good name of our County. Our Board is on record as favoring this, and it is to be hoped that this reform will be brought to a successful issue in the near future.

A visit was proposed by Dr. Townshend, Dominion Veterinary, for the purpose of speaking on the subject of Pure Foods, Meat and Milk, but we were unable to arrange a date. It is to be hoped that we may sometime soon have the benefit of Dr. Townshend's advice on this most important subject.

Mr. Wm. Yould was our delegate to the Maritime Board at Summerside in August.

One of the most important matters our Board has had to deal with the past year was the quartering of troops at Aldershot, and as it was commonly reported that one of the chief reasons of the removal of the 40th Battalion was on account of laxity in enforcing the provisions of the N. S. Temperance Act, and that there was a possibility of having the 85th quartered here this winter, the matter was taken up by the Board. It was fully discussed, and a resolution passed asking the Mayor and Town Council to see that the provisions of the Nova Scotia Temperance Act were fully carried out for the complete and absolute enforcement of the Act. This request, however, has not met with the response that was hoped for.

A delegation was also sent to Ottawa to interview the Premier and Minister of Militia, but they were unsuccessful in their efforts to have the 85th quartered here. It is hoped that in the Spring the Government may use Militia grounds at Aldershot for the purpose for which they are so well adapted. As a Board it is up to us to see that conditions are in such shape that sobriety may be attained, and the sale of intoxicants made impossible, to the soldiers who may come amongst us.

Mention should also be made of the reception tendered to Mr. Graham, the new General Manager of the D. A. R., whom we welcome to our town. A number of other important matters were dealt with by the Board which no doubt will be spoken of by your President.

We regret the removal by death of our Vice President, R. C. Dickie, who was always an active member of our Board and a valued citizen of our town. Our membership is as follows:

Three of our members are on active service fighting for King and Country. Two more have enlisted for Active Service; five of our members are Honorary, while the total membership is 85, of whom 55 are fully paid to date.

Eight regular meetings of the Board and five meetings of the Council have been held. Reference should be made to the Horse Show, which reflected great credit to the committee which had the work in charge.

Considerable complaint is made and questions asked as to what use the Board is, and

members have been known to say that they derive no direct benefit from it. It does not seem as though this question ought to come up before any sensible man, as anyone familiar with the history of the town and Board, knows that this Board has been always foremost in every work of progress or enterprise, seeking always to advance the true interests of the Town along all lines that will help to make us grow in numbers, prosperity, etc. Nor have we been unmindful of the larger interests with which we are so connected, that is, the Country. As we, one and all, realize that in promoting the country's welfare we are promoting the Town's best interest and it is to be hoped that one and all will seek to promote and aid the Board in its work, which is, to make a bigger, busier, better Kentville, and make it not only the best town in the Valley but the foremost in the Province.

In closing I wish to thank the President and members of the Board for their uniform courtesy and kindness towards me in the discharge of my duties.

Respectfully submitted,

W. E. PORTER, Secy.

The Treasurer's report showed \$126.90 on hand January 25, 1915. \$66.00 dues were collected the past year and interest \$1.89 making a total of \$194.79. The expenditures amounted to \$91.27, leaving a balance in bank of \$103.52.

The President followed with a splendid report, telling of the conditions existing in the town, the products of the County that are of the most importance, and the different industries of the town. He spoke of the need of a woodworking factory, also a canning factory to take care of the waste products of our orchards. Mention was also made of other industries that could be profitably run if the necessary capital was forthcoming. The Poultry Show from the exhibitors' standpoint was a success, but the people of the town had not taken the interest in it that they should. He also spoke of the soldiers who were quartered in the town. All members of the Board should be interested in them as they were a valuable asset to the town. It should be the duty of the Board to see that the laws are strictly enforced so that the requirements of the Militia should be upheld and temptation kept out of the men's way. The struggle that the Empire is engaged in should enlist all our energies.

This report was spoken to by Messrs. E. B. Newcombe, who spoke of the conditions of our town and that town officials should be elected who would take a keen interest in the welfare of the town.

Mr. George E. Graham made some very interesting remarks as to the duties of the Board of Trade, its scope of activities and its great importance in town affairs.

Rev. R. B. Layton and Dr. W. B. Moore also spoke interestingly to the report. On motion the report was adopted with a request that it be put in form for publication.

J. R. Webster, Chairman of the Horse Show Committee reported show held on June 3rd. This was one of the most successful ever held. The receipts exceeded the expenditures by 36 cents. The Committee recommended that the show be held annually on this date, June 3rd, The King's Birthday.

A communication was read from the Federal Prohibition Committee. A special meeting will be called to deal with this subject.

Election of officers resulted as follows: President—Prof. W. S. Blair. Vice President—A. L. Hardy. Secy.—Treasurer—W. E. Porter.

Council—Dr. A. S. Burns, A. E. Calkin, E. B. Newcombe, T. P. Calkin, R. B. Layton, Dr. W. B. Moore, Geo. C. Roy, William Yould, Auditors—J. R. Webster, E. J. Bishop. Board adjourned.

## WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." Mrs. JOHN A. KOENIG, 602 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed. If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

### ITEMS FROM THE DIGBY COURIER

One shipper from the Annapolis Valley has signed a contract with the British Army to supply immediately one thousand tons of hay and after comparing rates via Halifax and via St. John, has decided to ship by the latter route. The shipments will come to Digby by rail and sent to St. John by the C. P. R. bay steamer Yarmouth.

Some uneasiness is felt for the barque Kremlin, which sailed from Boston on October 22, for Rosario, lumber laden, she being now 89 days out. The barque has the reputation of being a fast sailer, and it is believed she has encountered rough weather and been driven off her course. The Kremlin is commanded and partially owned by Capt. A. W. Warner, of Plympton, whose wife and family reside in that village. He is a son of Mr. Jas L. Warner, of Plympton, and the eldest brother of Mr. Edgar Warner of Digby.

### FROZEN TO DEATH

A despatch to the Herald from Charlottetown says:—The remains of Napoleon Curry, aged 58, of Skinner's Pond, were found on the road near Tignish, Wednesday. He was frozen to death. He left Tignish on Monday night, with the temperature 10 below zero, to walk home. He leaves a widow and eight children.

### COLONEL TREMAIN IS ON WAY HOME.

Ottawa, January 20—Lieut. Colonel H. B. Tremain left for Nova Scotia this afternoon to visit the detachments of the 112th Battalion at the various centres, and look after the completion of details of its organization and mobilization, which now reaches about 900 men. General Sam Hughes informed The Herald this evening that Major Muirhead had been recalled from the front to take the second in command of the battalion.

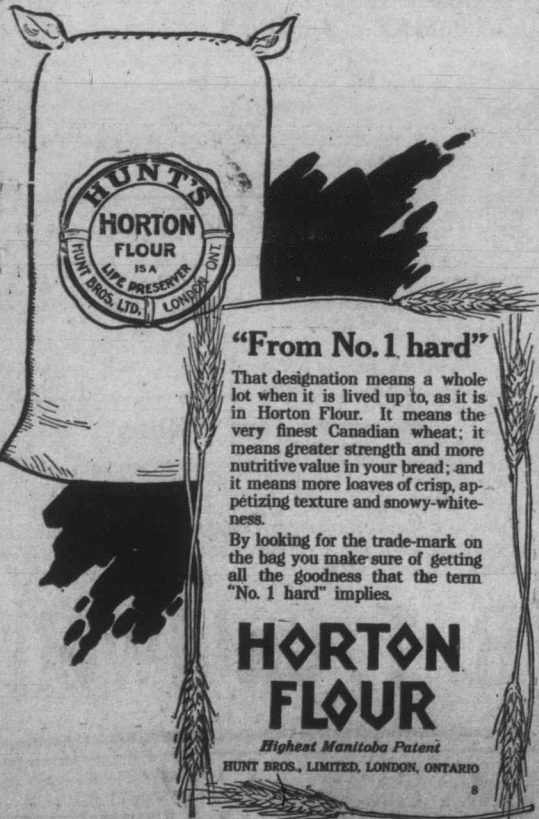

### MONCTON MEN WIN GREAT HONORS IN WAR.

It is officially announced that Lt. Frank Harvey Tingley has been awarded the Military Cross and that Private Vaughan, Arthur Blakney has also been awarded the Distinguished Conduct Medal. Both are members of Major Anderson's battery of Moncton.

The Peps way of treating coughs, colds, bronchitis and lung and throat troubles. How? Well, up to now people with these chest and throat troubles have swallowed cough mixtures, sickly syrups and the like, into their stomachs. Sore lungs and throat get no good by dosing the stomach. Peps work differently. Peps are tablets made up of Fine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing. Try a 50c. box of Peps for your cold, your cough, bronchitis or asthma. All druggists and stores or Peps Co., Toronto, will supply

**HUNTS HORTON FLOUR**  
HUNT BROS. LTD., LONDON, ONTARIO

"From No. 1 hard"

That designation means a whole lot when it is lived up to, as it is in Horton Flour. It means the very finest Canadian wheat; it means greater strength and more nutritive value in your bread; and it means more loaves of crisp, appetizing texture and snowy-whiteness.

By looking for the trade-mark on the bag you make sure of getting all the goodness that the term "No. 1 hard" implies.

### LOGWOOD SUPPLIES FOR CANADA.

The situation with regard to the shipment of logwoods and dyes from Jamaica has been at last cleared up and Jamaica has now issued general licenses allowing the shipment of wood chips and extracts to all British, French, United States and Italian ports.

Canadian interests have been secured in so far as what is necessary for their reasonable requirements from the United States. Logwood is permitted free transportation to Canada.

### Breaking It Gently

Two friends—a Londoner and Scotsman—happened to be lunching together recently in a certain restaurant. The latter, true to his natural habit, kept turning round to see that his hat and coat remained still on the peg where he had left them.

"You are a suspicious chap," said his friend at last. "Who do you think is going to walk in here and steal our coats?"

"Can't say," replied the Scotsman; "but I'll take good care that nobody gets mine! Yours went about ten minutes ago!"

### HOW JAPAN AIDS THE ALLIES

The Tokio correspondent of the Petit Parisien recently asked the Japanese Minister of Foreign Affairs, Baron Ishii, what Japan was doing to help her Allies. The Baron replied: "Japan has furnished and will furnish an ample supply of arms and munitions to Russia. Two Japanese arsenals are working incessantly, producing immense quantities. Russia has no need of men, since only a third of the men mobilized are under arms. By the end of December Japan will have done much to arm the other two-thirds."

"Hitherto we have not considered the eventuality of sending an army to Europe, but, if it appeared desirable, Japan could immediately despatch a very strong force as she would not run the risk of a defeat."

### ENEMY'S TRENCHES WERE DAMAGED.

London, Jan. 24—The following official communication was made public this evening: "Last night we exploded a mine near St. Eloi, damaging the enemy's trenches considerably. A small patrol passed through the enemy's wire entanglements near Verleerhoek, and fired into a trench which was strongly held, retiring without casualties."

"Today the artillery on both sides has been active about Loos. We carried out a successful bombardment on the enemy's trenches northeast of Armentieres, doing considerable damage."

"There has been a bombardment about Hooze, St. Jean and Pilkelm (in the vicinity of Ypres. Near the latter place we silenced the enemy's trench mortars with our artillery fire."

### STATISTICS OF THE AUSTRIAN RED CROSS.

#### Canada's Record Can Stand Comparison.

The International Red Cross Bulletin gives some interesting facts about the working of the Austrian Red Cross. Up to the end of April, 1915, the cash receipts amounted to 16,300,000 Kronen. Over 7,000,000 of this came from Vienna alone, and over one million was contributed from abroad, presumably for the most part from America. All accounts are inspected and this expenditure is controlled by a committee of financial experts.

Canada's contribution of approximately \$6,000,000 to Red Cross Funds, considering population, bears more than favorable comparison with this Austrian contribution of \$8,000,000. An interesting item in the Austrian Society's activities is its maintenance of three hospital ships and 12 hospital trains. However anything like a complete report of the Red Cross in Austria is unobtainable so that one is liable to estimate with what completeness Austria copes with its Red Cross obligation which must be of extraordinary magnitude. Brief as is this information about a hostile Red Cross Society, it should serve as a stimulus to our own Canadian Society which in the relief of the wounded should acquit itself honorably in this world Red Cross rivalry.
