OTTAWA, Ont., March 3 .- A veritable food of applications for farm liturature is reported from the office f the Commission of Conservation. Recently the department printed ; given free to farmers, and before the up. Department officials declare it to pe a sudden wave of recognition on the part of farmers that business on cientific principles is essential to he success of modern farm life.

Growth Shows Desire To Extend Army Worl

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time est periods of usefulness. This period takes in the "war years." The great Leads Niagara Falls Citizen to Pay war had been under way since Aug and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome .The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red

Commissioner Richards is a forceful man. He is a man of few words He believes in doing things. Dur ing the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2.000 more names on the Membership Roll than there were in this territory

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Ever in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth re given. In 1914, the Self-Denial total for the combined territories was \$43,726. In 1919, for CanadaEast alone, it was \$75,591. Harvest Festival returns have been doubled.

Shows Solid Growth. In all the various departments the same rate of growth has been recorded. This shows that as often as umanly possible every opportunity has been seized for the advancement of every branch of the organization Inasmuch as every act of service means the welfare of somebody, the position which the Safvation Army occupies today indicates tremendousy increased service to the commun-

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

School For Firemen is Latest Proposal

Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

FEW PROFITEER CONVICTIONS

The British system of having antiprofiteering tribunals throughout the country to apply drastic treatment chargers of exhorbitant profits first six months of the operation of the act, 1.00 committees were apnted. The number of cases heard has been 1,935, the number of convictions obtained 24, and the cost hasbeen \$125,000. The results might seem very disappointing, considering the thoroughness with which some the committees combed over the list of dealers for culprits, and the supporters of the anti profiteering act evidently thought so, when the question of an extension was un the commons. But the effectiveness a campaign, especially of this kind, cannot be judged alone by the number of convictions. For one dealer who is fined, a dozen may decide to keep inside the law after an example of prosecution .- Toronto Mail and

WHERE CAN THE WESTERN FARMER SPEND HIS WINTERS?

CALGARY, March 3. - The high rate of exchange between Canada and the United States is causing a large number of the Canadians who have gone to the Southern States for the winter season to return much sooner than they had planned. This is also added to by the exorbitant tharges for about everything that entered into living while there, rents as well as foods. It will have a very great effect on the future of the Canadians going to California, at least those who do not feel that they have been reated fairly. In the end it will ork out to a loss to the South, for up to this year there has een a very great number who planned to spend the winter in the South eash year who will look very carefully into the matter before they will go again.

"I remember a family trying to live unwyeths see pound." It is very popular because der an over-turned waggon by the nobody can discover it has been apnobody can discover to has been applied. Simply moisten your comb or der a tree a few yards away—she had been dead for days. The father was a soft brush with it and draw this stretched upon the ground dying of waggon were two little children, both under five, sick with typhus. An older child sat stupidly beside them-a

> making "bread" out of leaves and bark, and "soup" out of grass and water, Lieutenant Wright reported. There was unspeakable joy among them when the American ships, loaded with relief supplies purchased with the funds raised by the Amerlcan Jewish Relief Committee and other American Jewish agencies, and American and Canadian Red Cross supplies were unloaded at Dansig and other ports. In spite of the fact that the American Jewish Relief agencies nth now on their relief work in Poland, and that the Red Cross is loing its work on so vast a scale,

hundreds of thousands of Jews and Poles will die during the winter un-"Every box-car full of refugees reurning to their homes has in it those who die along the way, and those who have contracted typhus," Lieutenant Wright said. "The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill of typhus, a disease

caused by filth and lice." The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in these stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing, and bedding from Canada and the United States reach them before the cold weather

An appeal for funds is to be made in Ontario and a generous response from this district is confidently ex-

MOBS-OF-CHILDREN **CRAVING FOR BREAD**

Gaze Into Bakeshop Windows for Hours at a Time, Hoping for Something.

starvation and even of death and disease on every hand—are the childmobs one sees outside of the few bakeries that are able to keep going in Warsaw," Sholom Asch, the famous Yiddish playwright and poet reported to the American Jewish Relief Committee upon his return from Eastern Europe, where he went as a commissioner of the Joint Distri-bution Committee of American Funds for Jewish Sufferers from the War.

"In the bakery windows are a few loaves of bread, and sometimes cakes, that are sold at a simply prohibitive price," he explained, "and even if these were as cheap as in Canada and the United States, their taste would still be unknown to the hungry Jewish children, who live on the cup of soup a day they get from American Jewish relief agencies. But the youngsters tantalize themselves with the sight of food, when they cannot set the tents of it.

"They press up to the window, and at first merely stare respectfully at the bread, an uncanny little crew of gaunt small folks with old faces and suffering unchildish eyes. Perhaps it is raining, or the wind is blowing coldly through the tatters that they wear, that little barefoot army, but they huddle together for warmth, and do not stir. The sight of the bread

has fascinated them, it is so rarely "A customer comes out, leaving the door ajar for a moment, and the out to the little regamuffins, maddening them. They press closer against the glass. Those in front put out their tongues and lick the glass, Tungsten Electric out their tongues and lick the glass, as if, by so doing, they could taste the bread behind it. nons, in which fifty men, including

vere parading toward Downing street a protest demonstration against being thrown out of their war jobs. The men dispersed when they were informed discharges would be suspended until March 13.-More than 5,000 men took part in the demon stration, it was estimated. Several were clubbed by police. Twenty were taken to hospitals.

The outstanding feature of investment situation last week was the announcement of an embargo on securities coming into Canada from other countries. This drastic action was taken at the request of the Minister of Finance, who suggests that as a whole that a check should be placed upon the flow of securities neld abroad which have continued to flood the Canadian markets since the foreign and sterling exchange rates appreciably declined. With a premium on Canadian funds foreign holders of Canadian securities found it profitable to dispose of their hold ings in the local markets. This general liquidation, which has been continued for weeks, has kept the marfreely as ever, the fear was expressed in some quarters the Canadian cover the offerings and yet meet the

The Right Time to Invest is Now. The Right Place to Invest Your Money is in

t State Petroleum. Of Texas, Incorporated

Copy of the Statutory Prospectus

The Company is incorporated under the laws of the State of Delaware, with an authorized capital of \$15,000,000, the par value of shares being \$10.00, all common stock. Its head office is at Room 205, 320 Fifth Avenue, New York City.

The original incorporators, each of whom subscribed for five shares for the purpose of incorporation, are: Isadore M. Katz, attorney, and Richard L. Cunningham, stenographer, both of No. 32 Liberty street; Walter H. Marihall, clerk, 111 Broadway; Martin A. Purnell, salesman, 48 W. 33rd street, all of New York City; Percival K. Frowert, President of Percival K. Frowert Company, Inc., New York City; Albert C. Rick, all operator, Dallas, Texas; Martin A. Purnell, salesman, 43 W. 33rd street New York City, Further directors up to fifteen, the number fixed in the hylaws are to be appointed.

By contract dated Sept. 26, 1919, between them and the Company.

Albert E. Shahan and Harry A. Hurt, dealers in oil properties, Dallas,
Texas, acting for themselves, and Albert C. Rick and W. F. Sims, oil
land dealer, Hillabord, Texas, sold to the Company ten groups of oil and
gas leaves in Texas, consisting of 11,277.33 acres, for 3648,360.00 par
value of stock (64,386 shares); by another contract dated September 26,
1919, between the same parties and the Company, they have sold to it
twenty four other oil and gas bases, covering in all 69,380 acres, all
in Texas, except 200 acres in Oklahoma, and a 3-13ths interest in the
production of other producing eil wells, at prices fixed for each property
and totalling \$3,803,362.00. This property is tobe paid for by the Company in stock of the Company at par value, the Company having the
right to investigate titles and to refuse to complete purchase of any
property, the price of which is not approved by appraisers, one of which
is to be selected by the Company and one by the vendors, and they to
select a third in the event of disagreement, and the Company having
the right to take any one of the individual properties at the stipulated
price in shares of the Company at par. The vendors agreeing to furnish
an abstract of title to the respective pieces of property within ample
time for the Company to have same examined in order that the Company may proceed with the appraisement heretofore referred to; all appraisements made are to be made to the Company in writing, without
unine cessary delay.

Another contract dated September 26, 1919, has been made between

Another contract dated September 26, 1919, has been made between the same parties, giving Hurt and Shahan an option on all of the stock of the company, except 300,000 shares, which is reserved by the company for the purpose of acquiring more oil leases or personal property, and except 64,336 shares and 380,336 shares above referred to, which has been set aside for exchange for properties on the terms therein set out, a copy of which is flied with this prospectus and which may be inspected at the office of the Provincial Secretary of Ontario, where also the other contracts may be inspected. Copies of all of the above contracts may also be inspected during any business day at the office of the Company. The law of Delaware, not calling for any minimum allotment, the contracts are now binding. Shares are not sold subject to call, but fully paid and non assessable, and certificates will only be issued upon payment being made in full, but there is power to sell on 30 per cent. being paid in cash and the balance in thirty, sixty and ninety days, with interest at 6 per cent. per annum from date of contract, and subject to for feiture for failure to pay any balance.

The by-laws provide that any shareholder is qualified to be a Direc-

The by-laws provide that any shareholder is qualified to be a Director, and, do not allow Directors to receive salary for being Directors, but the officials, President, Vice President, General Manager, Secretary and Treasurer, will be entitled to salaries as such.

The preliminary expenses are estimated at under \$5,000.00, the expenses of procuring the properties being borne by the vendors, and the Company paying no part of any ex-pense of Hurt and Shahan in selling the stock optioned to them. Dated 30th September, 1919.

ALBERT C. RICK, PERCIVAL K. FROWERT, MARTIN A, PURNELL, WALTER H. MARSHALL, Being all of the Directors of Great State Petroleum Company of Texas (Inc.)

NOW PAYING 2% DIVIDEND MONTHLY

This young Company is a consolidation of the independent oil companies of Texas and Oklahama. The people affected by this consolidation have all received shares at par in payment of their holdings, and therefore only receive returns as dividends are paid.

We believe that investments in the THE GREAT STATE PETROLEUM COMPANY OF TEXAS, Inc., will be a source of pleasure to the investors, for the reason that the Company is to-day beyond a mere speculation, as it is a decided success. The shares of all well managed oil companies are considered the most profitable class of investment in the world to-day. Successful oil companies require three things, viz: Capable and successful business men to manage and direct its affairs. Experienced and successful oil men to manage and develop its properties. Properties in Proven Oil District. The Company already has the first three, and we are rapidly adding a fourth requirement, which is very essential to successful oil companies, and this is further capital.

The property owned by this Company is so advantageously located that it is our opinion that the Company will result into one of the leading oil companies of to-day. Considering the fact that the management is unexcelled, we know of no reason why the Company's success should not be extraordinarily rapid. The Company earns at the rate of \$800,000.00 per month, or a total of more than 50 per cent. on the entire capitalization, of which less than one-third is outstanding.

Around April of this year stock of this Company will be selling on the New York market for a great deal above par and we would not be surprised if it were selling for at least \$50.00 per share, as the dividends and earnings the company has and will have by then will justify such a value.

Since issuing the prospectus, the Company has increased the production from its oil lands to 10,000 barrels per day, and an added acreage which now mrkes the entire acreage leased or controlled by this company 95,000 acres. Additional assets added consist of a 5,000 barrel refinery, 200 tank cars and a 45 mile pipe line running from the Burkburnett Field in Wichita County, Texas, to the refinery at Lawton. Okla., together with all pumping stations, loading racks, switching tracks. etc. The line alone is earning the Company \$2,500.00 per day.

Dividends at the rate of 2 per cent. monthly have been declared and paid. Next dividend March 1st.

We would suggest that you make the fullest investigation of this Company and the Board of Directors, and it will be our pleasure to give you any further particulars you may desire. We confidently assure you from the success that has attended this Company in the past, purchasers of this stock, in my opinion, will receive very large returns within the next twelve months.

PRICE UPON APPLICATION

GREAT STATE PETROLEUM Of Texas, Inc.

The Managing Director of this Company, Mr. A. C. PARKER, is also interested in these big successful concerns:

President Park Oil and Refining Co.; Director Sunshine State Refining Co.; Director American National Bank, Wichita Falls,; Director Wichita State Bank, Wichita Falls, and there are twelve other big financial and business men behind Great State Petroleum Co., of Texas, Inc.

best results are to be obtained.

the soil open and friable. The sod

grass is growing. The sod should

not be cut from near pine or cedar

trees as the turpentine in the leaves

or pinnae of these trees is very de-trimental to plant life. It is also

best not to cut the sod from very

swamp soil. Well-rotted barnyard

manure such as from an old hot bed

or cow manure, are both good ferti-liers to use for a soil compost. Horse

manure alone is not a good fertilizer

for a compost. About one-third horse manure and the balance cow manure

will be suitable. Late in autumn or

early spring is the best time to pre-

bout eight to ten inches square. It

be a good supply for a small green-

house, or for a few hot beds for a year or two. Start by placing one

ayer of sod packed close together

with the grass side downward over

cond and third layer on top of the

first layer. About four or five inches

in depth of either of the fertilizers

mentioned should now be spread evenly over the third layer of sod.

Another three layers of sod should

then be placed on top of the ferti-

of the fertilizer as before, and so on

until the pile is four or five feet in

height. About two inches in depth of

soil should be placed on top of the

pile to finish off with. Place some

wire netting or brushwood (not pine

necessary to give the pile one or two

good soakings with water after it is

finished, or during dry weather in summer to hasten decomposition In

six to eight months it should be ready

for use and will keep in good condi-

tion for about two years.

Where there is puleness, poor ap How to Prepare.-The sod should be cut about four inches thick, and petite and langour, Ferrozone makes the patient feel like new in a few should be stacked out of doors in an out-of-the-way part of the garden or days.

In tired, nervous exhaustion, spring fever and debility, the power of Ferrozone is known from coast to coast and universally used with

grand results. Let Ferrozone build you up, let it win you back to robust healthwill do so quickly if you give it the chance. Sold by all dealers. 50 cents per box or six boxes for \$2.50. Remember the name Ferrozone.

It was unofficially announced on Saturday that the Newcastle United soccer team will accept the invitation of the D.F.A. to tour Canada this coming summer.

EMPLOYERS

THE EMPLOYMENT SERVICE OF CANADA

The PROFESSIONAL and BUSINESS SECTION has been established to assist professional, business and technical men and women.

Many officers, soldiers, sailors and war workers, who sacrificed their positions during the war, now desire to secure employment in the occupations for which they have been specially trained.

Employers should not wait until increasing business forces them to employ anybody they can obtain, but should look ahead and avail themselves of this unusual opportunity to enlist the services of highly trained workers, ordinarily secured only with difficulty. On application there can be referred to you, for example:—

ENGINEERS . ARCHITECTS BUSINESS EXECUTIVES **ACCOUNTANTS** SECRETARIES TEACHERS

LAW CLERKS COMMERCIAL ARTISTS SALES MANAGERS TRAVELLING SALESMEN CHEMISTS YOUNG COLLEGE GRADUATES

These workers are returning to civil occupations with increased initiative, a broader view of life, and a greater capacity for work.

EMPLOYERS

Please state your requirements to the nearest office of the

EMPLOYMENT SERVICE OF CANADA PROFESSIONAL AND BUSINESS SECTION

In each office the INFORMATION AND SERVICE BRANCH

DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT has a representative to render special service in th re-establishment of the returned soldier.

WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDIT IONS, NERVE EXHAUSTION BACKACHE, LUMBAGO, RHEUMMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DIS-EASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITION The knowledge gained from many years experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well-that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every pati ent the benefit of the knowledge accuired through the long experience of a graduated, licensed and register ed specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN-THE GREAT AM-ERICAN DISEASE - IT IS BROUGHT ON BY OUR MAN-NER OF LIVING-OUR WORRY AND HURRY - AMERI-CANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right-why they can't work like they used to-why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition, These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhausion have no endurance-no ambition -everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable-they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights fol-

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMA'TISM, LUMBA-GO. PAINS IN BACK. SWELLING. ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY-INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS - MANY OTHER SYMPTOMS.

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheu matic patients are nearly all strong and robust before being attached by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condi tion he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Party-Line Consideration

two-party line is a single circuit. shared in common by two subscribers. It is not reserved for a single user and should be used on the share-and-share-alike basis.

On a two-party line, it is possible for both users to try to talk out on the same circuit at the same time. There is also the liability of both being wanted at the same time to receive incoming

Therefore, there are special considerations which we urge a party-liner user to keep in mind:

1. Long conversations prevent the use of the line by the other subscriber: therefore party-line talks should be as brief as possible.

2. Whenever another party-line subscriber requests the use of the line for an emergency,courtesy should be prompt the first user temporarily to give up the use of the line

3. Whenever a party-line subscriber takes the receiver from the hook and finds the line in use, the receiver should be replaced at once in a careful manner.

4. At the end of a conversation the receiver should be replaced upon the hook immediately, otherwise the other subscriber cannot signal the central office.

Be sure always to give the operator the lefters W or J in calling a party-line subscriber

Co-operation is required to ensure good
