How much do the departmental stores contribute to this town? Do they pay taxes? No. Do they contribute one dollar in any form? No. Do they help to keep up the churches, the schools, the sidewalks? No. Are you helping to keep up these big stores and if so how much do you benefit by it? Did you ever figure it out? Take a dollar article. Some big stores advertise it for 38c. You buy a money order, supply postage or express and in a great many cases they unloaded on you an article just going out of fashion.

PROBABLY on account of the unsettled state of the weather there was only an ordinary-sized congregation in the morning at the first anniversary service in Trinity church on Sunday last, but at the evening service the sacred edifice was packed. In the morning he took for his subject "The trial of Abraham's faith," selecting his text from Gen. 22: 1, 16, 17. The evening sermon was an Easter discourse on newness of life, from the text Rom. 6: 4. THE Canadian troops will go into camp in khaki uniforms this year. This marks the passing away of the various uniforms which used to mark the annual training camps. In the past it was here a red coat, there an artilleryman in blue with red stripes, the cavalry in blue with white or yellow stripes, the rifle regiments in black, the engineers in scarlet coats with plush trimmings, and so on. This is to be all changed and the corps will all go into camp in khaki uniforms.

CONDUCTOR JOHN MORRISON, of Sarnia, was the central figure in an exciting episode at the Grand Trunk depot at Strathroy on Thursday night. Conductor Morrison pulled out of Sarnia with his freight train during the afternoon. Before the train had gone very far a gang of fourteen hoboes was found hidden in the cars. When the train stopped at Strathroy the trainmen made for the tramps, headed by Conductor Morrison. Two of the tramps promptly produced their revolvers, and in the past it was here a red coat, there an artilleryman in blue with red stripes, the cavalry in blue with white or yellow stripes, the rifle regiments in black, the engineers in scarlet coats with plush trimmings, and so on. The Armory Progress Club

Gives Another Public Reception

Another of those popular entertainments that have been inaugurated by the Progress Club was given in the Armory on Monday evening when an excellent program was presented to the public. By eight o'clock the building was comfortably filled, some few being obliged to stand, notwithstanding the fact that extra seats had been provided since the last reception. Lt.-Col. Kelly, president of the Club, presided. After introductory music by the Armory Orchestra, the Choral Society gave the "Carnovale" by Rossini. This was followed by a solo, "The Coming of the King" by Mr. W. B. Cross, which was so well rendered and received that an encore was demanded. The speaker of the evening was Rev. Arthur Carlisle, B. A., of Windsor, his subject being "Some Problems Confronting our Country." The first part of his address was of a humorous nature, replete with witty sayings and interesting narratives. As a story teller the rev. gentleman's equal has seldom been heard by a Watford audience, and he kept his hearers amused, interested and on the tiptoe of expectation throughout his short address. The subject matter of his address was divided into four parts—Immigration, Partyism, Manners, Religion and Morality, and some very sound advice was offered on the use and abuse of the matters under discussion. Immigrants, he said, were coming here at the rate of 1000 a day. They bring their own ideas, customs and traditions, which are not, in many instances, in harmony with ours. As loyal Canadians we should set an example that would be respected and followed by the new comers. Party politics had too great a hold on the people of Canada and took first place in most matters. We should rise above this. Too much stress was laid on political leanings. The problem of Manners was an important one. Politeness and good manners were rapidly deteriorating among our people. More attention should be paid to this matter in our schools and homes. Religion and Morality were being neglected. Such a course had wrecked nations and if continued would wreck Canada. There was too much wild speculation, business dishonesty and neglect of the proper observance of the Lord's day. The continuing of such matters would prove disastrous to the nation.

The peasants' chorus from Faust, "Pretty Village Maiden," was sung by the Choral Society with a snap that was exhilarating. The national anthem brought the public part of the entertainment to a close and the large audience dispersed well pleased with the program and thankful to the Progress Club for the evening's enjoyment.

After the public program the Club entertained their guest, Rev. Carlisle, at luncheon. The inner man being satisfied, a hearty vote of thanks was tendered Mr. Carlisle for his able and interesting address, and he was made an honorary member of the Club. Lt.-Col. Kelly presided and a couple of hours were spent listening to some excellent speeches. The following toasts were honored:

The King—"God bless him."
Our Country—Replied to by Rev. A. Carlisle.

Educational Interests—Mr. Neil McDougall, P. S. I. for East Lambton.

Financial Interests—Lt.-Col. Kenward.

Learned Professions—Rev. S. P. Irwin.

Mercantile Pursuits—R. H. Stapleford.

Solo—"Daddy"—Postmaster Luckham.

The Army and Navy—Capt. T. L. Swift.

The Ladies—Capt. Clarence Browne.

The Press—T. Harris.

The singing of the National Anthem brought a very pleasant evening to a close.

THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Baltimore, Md. — "I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health." — Mrs. AUGUST W. KONDNER, 1622 Hollis Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NOTE AND COMMENT.

The most remarkable man alive today is generally admitted to be Thomas A. Edison—and there are people who will be quite horrified at learning that he chews tobacco.

A life insurance expert states that the woman who takes out an endowment policy lives longer than one who has to die to win. She simply makes up her mind to realize on the investment and calmly awaits its maturity.

The average speech in the imperial parliament is less than half an hour. The average speech in the Canadian parliament is at least five times that long. Canadian public affairs would be in much better condition if the members did not make such long speeches.

A bill before the House reads:—"A bylaw passed by a Council of a county under the provisions of section 416 shall whether the same is mentioned or not, cover and include the boundary line or highway between such county and an adjoining county and a sale made on said boundary line or highway to a resident of a county in which such bylaw is in force shall be and constitute a breach of such bylaw in the same manner and with like consequences and effect as if made wholly within the said county."

John Barleycorn is to be banished from the U. S. Navy and Army. Secretary of the Navy Daniel has signed an order which absolutely prohibits the use or introduction of alcoholic liquor upon any vessel of the navy, or within the confines of any navy yard or shore station. This order, issued on Monday to the service, will become effective July 1, 1914. Besides abolishing what is known as the officers' wine mess, on board ship, and the sale of liquor at the officers' clubs on shore, Mr. Daniel's order is so sweeping as practically to enforce total abstinence upon naval officers for extended periods. It will henceforth be a violation of this order for an officer or guest upon any naval vessel to have in his possession any alcoholic beverage. Officers living on shore will be prohibited from having any liquor in their private homes if their duties require residence on naval reservations. Wives of officers so situated will be prohibited from serving punches or any other form of liquor at their social functions. Commanding officers, by the terms of the order, are made personally responsible for its enforcement.

Children Cry FOR FLETCHER'S CASTORIA

Canada's "Great Man."

The Northamptonshire Eng. Telegraph of March 10th says:—"Mr. John Farrell, Canada's 'great man' will be visiting Watford on Wednesday and Thursday next. Mr. Farrell's mission is to tour through England gathering together a party of men and women who he judges would make good and successful settlers in Ontario, and eventually to take them out and place them in positions where they will have an opportunity of showing what they can do. At all the points throughout the country at which Mr. Farrell establishes himself for a day or two he arranges personal interviews with intending emigrants, seeing every one denying no one. In these interviews he sifts the wheat of those likely to be successful from the chaff who are not likely to get on in Canada, and his parties thus consists of picked men and women. For 15 years, or thereabouts Mr. Farrell's judgment has been abundantly justified. Of the parties that he has taken out in that time, 85 per cent has proved successful, and of the unsuccessful 5 per cent, a considerable proportion has not proved utter failures, but have only done comparatively badly."

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. A Linguist and the Bible

Sir William Jones, familiar with the languages of twenty-eight nations, wrote: "I have carefully and regularly perused the Scriptures, and am of the opinion that the Bible, independent of its origin as divine, contains more important truth than can be collected from all other books in whatsoever language they may be written."

To the Bible men will return, and why? Because they cannot do without it.—Matthew Arnold.

AN OIL WITHOUT ALCOHOL.—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose the famous Dr. Thomas' Electric Oil, and there is no alcohol in it, so that its effects are lasting. There is no medicinal oil compounded that can equal this oil in its preventive and healing power.

Foolish to Suffer FROM STOMACH ILLS

What's the use of suffering from heartburn and the other disagreeable things caused by Dyspepsia and Indigestion, when we offer you the privilege of using Hall's Dyspepsia Tablets entirely at our risk, with the distinct understanding that, if they don't relieve your stomach trouble and your digestion easy, they will cost you nothing. If they don't do all you expect them to, we won't let you tell us and let us give back your money. We know what they have done for others, and what they are made of. That is why we have confidence in them.

Among other things, they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, relieve heartburn and distress, promote the secretion of gastric juices and help make the bowels regular. We believe them to be by all odds the best remedy for indigestion or dyspepsia ever made. We believe you will say so, too, once you have used them. If you don't they will cost you nothing. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c and \$1.00.

Varieties of Grain Crops to Grow

For twenty-six years the Dominion Experimental Farms have been experimenting with grain crops at the various Farms and Stations distributed over Canada trying to learn which varieties give best results in the different provinces. Not only have the best known sorts produced at other places been grown side by side but at the Central Farm at Ottawa new varieties have been bred, and when found desirable, perpetuated and distributed to growers.

For the information of the Canadian farmer the more important results of the season of 1913 at the different Farms have been put together in summarized form and issued in Bulletin No. 74. There are included in this some recommendations as to varieties to grow and methods of production to follow that should prove of great service to growers in all parts of Canada.

Referring to "Marquis" wheat which was bred at Ottawa, the bulletin says:—"Marquis produces very large crops, has usually good straw and is more resistant to rust than most of the common varieties." A large edition of this bulletin has been printed so that all who desire copies may secure them by applying to the Publications Branch, Department of Agriculture at Ottawa.

It is no disgrace to be mistaken; it is a crime to be a hypocrite. That is the sin against light—the worst of all.

Children Leave School Too Soon

In an address before the College and High School section of the Ontario Educational Association, Dr. F. W. Merchant, B. A., dealt with the question of State-controlled education. So far as organization was concerned, he said, the schools in Canada compared satisfactorily with those elsewhere, but organization was not everything, and unless the attendance was satisfactory, failure was bound to result.

From thirty-five to forty per cent of the children dropped out of school before admission to the fourth form, and from eighty to eighty-five per cent did not reach entrance examination standing.

The two chief causes responsible were irregularity of attendance, and the fact that, in the lower grades, the pupils did not get a fair share of the teacher's time and attention, the first cause applying mainly to rural, and the second to urban schools.

It was imperative that a child should have the solid foundation of thorough elementary training. Managers of industry asked for a better elementary training in English and mathematics. At the present time there were no agencies adequately organized to give the youth a training in trade or in the elements of technology, the need of which was greatly experienced by manufacturers.

GUARANTEED RELIEF FROM ALL BOWEL ILLS

If your bowels are out of order, instead of using some harsh salt or other physic, take a Rexall Orderite tonight, and tomorrow you will feel great. They taste good and act so easily that there isn't a particle of griping or purging, nor the excessive looseness that follows the taking of salts and most pills. They soothe and strengthen the bowels, promptly relieving the constipation, making it unlikely to occur again.

We don't believe there is any other bowel remedy anywhere near as good, and at the same time so easy and pleasant to take as Rexall Orderites. We know you will agree with us and believe you will thank us for telling you about them. If they don't satisfy you in every way, come back and tell us and we will give back your money without a word or question. MACON, GA., CHILD

Made Strong and Well by Vinol

When we tell you that Vinol is the best remedy in our whole stock for making weak, poney, ailing children strong, robust and rosy we are only telling you what has been proved by hundreds of mothers.

J. L. Fickling, Macon, Ga., says: "My child was very thin and delicate, no appetite, nervous, and did not sleep well. Doctors did not help her. Vinol was recommended and the change after a fair trial was wonderful. She sleeps soundly all night, has a splendid appetite and has gained in weight. I wish every mother knew what Vinol will do for delicate children."

What Vinol did for this little girl it will do for every weak and ailing child because sickly children need the strengthening cod liver elements and the tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine, healthy color. It is pleasant to take and we guarantee that the results will satisfy you—money back if they do not.

YOU CAN'T EARN MONEY WHEN YOU'RE LAID UP

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause, is to take something just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say it will and satisfy you in every way, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only, by us, \$1.00.

Bad Blood

is the direct and inevitable result of irregular or constipated bowels and clogged-up kidneys and skin. The undigested food and other waste matter which is allowed to accumulate poisons the blood and the whole system. Dr. Morse's Indian Root Pills act directly on the bowels, regulating them—on the kidneys, giving them ease and strength to properly filter the blood—and on the skin, opening up the pores. YOU CAN'T EARN MONEY WHEN YOU'RE LAID UP

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause, is to take something just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. The Late Adam Richter

Adam Richter, whose death occurred in Arkona on Sunday, April 5th, was born in Haldimand County, in 1838, and came to Lambton county fifty years ago. He settled on a farm on the 4th line, N. E.R., Warwick, two miles west of Birnam P.O., where he hewed out home or

himself in the then dense forest. He was married in 1866 to Miss Susanna Spiker, of Forest, who mourns his loss; also a daughter, Mrs. Cornell, of Windsor; two sisters, Mrs. Kemp, of Sebiwang, Mich.; Mrs. Smith, of Hamburg, Ont., and four brothers, John, of New Mexico, Peter and George, of Chesening, Mich., and Jacob, of Barham, Ont. He was a good neighbor and made many friends. For the past two years he had been confined to his bed, and showed great patience and Christian fortitude during his lengthy illness. The funeral services were held in the Presbyterian church, and were conducted by the Rev. W. Steel, Mennonite minister of Port Colborne, of which denomination deceased was a life-long member. He was laid to rest in the Mennonite cemetery, south of Arkona, six nephews acting as pallbearers.

NERVOUS DISEASES IN THE SPRING

Cured by Toning the Blood and Strengthening the Nerves

It is the opinion of the best medical authorities, after long observation, that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life, in poorly ventilated and often overheated buildings. Official records prove that in April and May neuralgia, St. Vitis dance, epilepsy and other forms of nerve troubles are at their worst, and that then, more than any other time, a blood-making, nerve-restoring tonic is needed.

The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening, while purgatives only gallop through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine, for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unflinchingly bring new health and strength to weak, tired and depressed men, women and children. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Fair, pastor of the Arkona Methodist Church, only the immediate relatives of the contracting parties being present. The popularity of the young couple was testified to by the number of handsome and useful presents they received. They are now at home at the old homestead.

KEPHALDOL

"IS ABSOLUTELY MARVELOUS AS A PAIN KILLER"

Mrs. Beatrice Cassey, of Swalecliff, England, knows what it means to be bed-ridden with pain. She also knows how easily the tortures of Rheumatism and lumbago may be overcome. She says, "My experience with KEPHALDOL as a pain-killer is absolutely marvelous. I had a fearfully acute attack last year of Neuritis, Sciatica and Lumbago, and suffered in bed for many days. Finally, I heard of KEPHALDOL, which did wonders for me. I shall always feel most grateful for what it has done, and I am most happy to let others know of its wonderful effects as a pain destroyer."

KEPHALDOL is the only pain reliever that does not affect the heart. It acts directly on the nerve centers, easing and quieting the pain. KEPHALDOL is the favorite combination of nerve stimulants and tonics prescribed by the famous Doctor Stohr, of Vienna, the great nerve specialist.

KEPHALDOL is now sold in Canada by druggists in 50c tubes or may be had by sending 50c direct to Kephaldol Limited, 31 Latour Street, Montreal.

Among the Alps there are several post offices at a height of 6,000 feet or 7,000 feet. One letter box, from which the postman makes four collections daily, is nearly 10,000 feet above the sea level.

Wise mothers who know the virtues of Mother Graves' Worm Exterminator always have it at hand, because it proves its value.

At the golden wedding celebration of Mr. and Mrs. J. J. Sones, of Southend, eleven children who have grown to maturity, out of thirteen, were present, and a package of wedding cake which Mr. Sones put away on his wedding day in 1863, was eaten.

The following are stated to be the largest incomes in Germany: The Emperor, \$1,100,000; Frau Bertha Krupp, over \$900,000; Prince Henckel, \$800,000; the Duke von Ujest, \$300,000; and Herr Ziese, shipbuilder and landowner, about the same. The smallest of them would satisfy us.

Spare the children from suffering from worms by using Miller's Worm Powders, the most effective vermifuge that can be got with which to combat these insidious foes of the young and helpless. There is nothing that excels this preparation as a worm destroyer, and when its qualities become known in a household no other will be used. The medicine acts by itself, requiring no purgative to assist it, and so thoroughly that nothing more is desired.

CHOP STUFF.

Mrs. Donald Morrison, an old lady of 84 years of age, suffered a paralytic stroke last Wednesday evening and is in a precarious condition at her home Petrolia. Mrs. Morrison was alone at the time and while attending to her chickens was suddenly stricken with paralysis. She lay in the chicken coop for about an hour when a daughter of one of the neighbors found her.

Miss Lulu Smith, daughter of Rev. Dr. Smith, of Glencoe, lost her life from burns received in a fire at the Queen's University, Kingston, last Friday. When about to retire she knocked over her lamp. The oil spilled out and took fire. The blaze caught her light night clothes, and she was enveloped in flames. Her roommate beat out the blaze, but the girl was tragically burned. She died the next day.

Children Cry FOR FLETCHER'S CASTORIA

It is a great temptation, when one creeps out of bed in the morning, to dig the fists into the eyes; but this is all wrong, as undue pressure on the eyeball is sure to flatten the lens of the eyes and this means shortsightedness and glasses.

The Lambton Old Boys' Association, of Edmonton, held their first social gathering on the 17th of March, in the form of a banquet, with 60 present. The toast to the Lambton Old Boys was responded to by S. E. Cornell, formerly of Forest. Other speakers were Hon. J. R. Boyle, Minister of Education for Alberta; John Hall and G. Duncan; S. A. G. Barnes was toast master; Miss Cornell gave a solo, and Mr. Casselman a reading.

Universal sympathy of many acquaintances throughout Lambton county will be extended to Mr. P. D. McCallum, ex-M. P. P., in the death of his only daughter, Mrs. D. Penman, which occurred very unexpectedly in Edmonton, Sunday morning, the news being received here Monday from Mrs. McCallum, who has been with her daughter since the middle of February. Deceased, who was born in Bosanquet was in her 34th year and was married just two years ago last Christmas. After completing her education, she taught school for three years in this vicinity, and for four years in Edmonton. Besides her husband and parents, she is survived by one brother, William, of Vancouver.—Standard.

A Pill that proves its Value.—Those of weak stomach will find strength in Par-melee's Vegetable Pills, because they serve to maintain the healthful action of the stomach and the liver, irregularities in which are most distressing. Dyspepsias are well acquainted with them and value them at their proper worth. They have afforded relief when other preparations have failed, and have effected cures in ailments of long standing where other medicines were found unavailing.

A pert young miss with a sharp pencil writes as follows:—Your editorial deploring the fact that so many young women are taking men's places in office and shop is amusing. Why don't the men marry us and keep business for themselves? If you can have the notion that women prefer hanging typewriters, or selling goods over the counter to making homes for loving husbands and prattling kiddies, why then, you are a goose of an editor, and an unobserving man. All this talk about the modern desire of women to be independent of man is absurd. The pictures you see in the magazines of happy bachelor girls are lying documents—there isn't any such thing as a happy bachelor girl, though there might be such a thing as a "merry widow."

With an envelope containing a note and a half-sovereign attached to its collar, a fox terrier called at Prince's Avenue Post Office, Hull, for its dog license. On the license being placed in the envelope, together with half a crown change, the dog trotted off home.

Specialist Could Not Remove Stone in the Bladder

GIN PILLS PASSED IT

JOLLETTE, P. Q.
"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life." 170

HOME HINTS

He who creates a healthful smile creates a beautiful gem.

Everyone must have felt that a cheerful friend is like a sunny day, which sheds its brightness on all around; and most of us can as we choose make this world a palace on a prison.

Everything in nature indulges in amusement. The lightning plays, the wind whistles, the thunder rolls, the snow flies, the waves leap and the fields smile. Even the buds shoot and the rivers run.

The mother who allows the blues and sulks to overshadow the home, who allows herself to be moody and discontented, falls in a chief duty and places a handicap on her husband and children in the race of life.

Look over your list of friends and acquaintances and note their course. Did you not find on examination that those who to-day are men of influence and honor, were the youths who made the most of their valuable time, turning it to good account? And on the other hand do you not find those who stood at the corners with a cigar or pipe in their mouths, went from bad to worse, from worse to ruin?

We hear very often discussions on the proposal to abolish the big Sunday dinner, a plea for the busy housewife. We are all aware that Saturday is the busiest day of the week for the storekeeper in supplying his customers with various food stuffs for the Sabbath, and some have said the reason consists in the fact that the family is together on Sunday only, and that they have more time to enjoy a big dinner. But do we consider the wife and mother? We forget that in most households her life is just one continuous round of preparing meals and supplying wants for hungry mouths. In many houses, Sunday is the busiest day of all for the housewife. We forget that it is she who is up with the sun preparing breakfast, while we luxuriously loll beneath warm coverlets, loath to leave the comfortable bed.

HOW TO TAKE GOOD CARE OF YOUR HAIR

Nothing spoils your good looks so much as homely hair—stringy, dull-colored, harsh. Nothing adds to good looks so much as beautiful hair—soft, silky, wavy and glossy. No matter how beautiful your hair is now, you can improve its good looks by using Harmony Hair Beautifier. If your hair is homely and ugly now, Harmony Hair Beautifier will make it softer, silkier, glossier, more beautiful in every way, and easier to put up and "stay put." Its rich rose odor hides the unpleasant oily smell of the hair. It is rightly named; it beautifies the hair.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair. To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid Shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the more than 7,000 Rexall Stores, and in this town only by us.

The Silliness of Widowers

Whether it is owing to the warnings of Mr. Weller to his hopeful son Samiyel or to the general experience of mankind, widowers have come to be regarded as the most artful of women. But could not a better case be made out in support of the contention that widowers are the simplest of men? Neither single men nor married ones will do the silly things that widowers undertake. A single man will hesitate a long time before making a proposal of marriage, and he will not propose at all unless he has a pretty safe inward assurance that his suit will prosper. But a widower will sometimes think nothing of making four proposals in one afternoon. Widowers do other ill-considered things. One of them living at or near Port Colborne is said to have written to the postmaster at Rochester, stating that he wants to engage a blonde

George Smith Killed by G. T. R. Train at Wyoming

Womring, April 17.—At 11.30 this morning Mr. George Smith, a well-to-do farmer, of the townline, aged about 50 years, deliberately committed suicide by throwing himself across the track in front of the eastbound G. T. R. passenger train No. 6, about three-quarters of a mile east this village, at the rear of Mr. Gould's farm.

The body was severed, the lower part remaining where he was struck and thrown to the north side of the track and the head and trunk carried 125 feet farther east.

The deceased visited the village earlier in the day and called at several places of business, including the bank, and afterwards proceeded along the track eastwards, where he stopped to talk with Mr. Hallam, one of the G. T. R. section men, who was working a short distance from where the fatality occurred. He was afterwards observed passing through the gate and entered the lane south of the track, as though proceeding towards

the townline, but, evidently changing his mind, he retraced his footsteps and walked back onto the track, which he reached as the train approached, in front of which he threw himself before the engineer could slacken the speed.

The engineer states that he saw him deliberately throw himself in front of the train. The remains, after being viewed by Coroner Reid, who was absent in the country at the time, was gathered up and confined by Undertaker McKay and taken to his home.

The family seems to have inherited a suicidal propensity, the deceased being the third member of the family who has taken their own lives. Mrs. D. Turner, a sister, having committed suicide at her home in Sarnia a few years ago, and an elder brother, John R. Smith, suicided by cutting his throat at the rear of his farm, townline, about a year ago. One brother, William, of Petrolia, and the widow and son of the deceased survive. The deceased was twice married. His first wife's maiden name was Miss Rye Black, and the family were former residents of this village. The parents were

Mr. and Mrs. Raiton Smith, who retired from farming and resided in the village until their death about 8 or 10 years ago. Much sympathy is felt for the surviving family.

COMMUNICATIONS.

(We do not hold ourselves responsible for opinions expressed by correspondents.)

By MRS. JOHN BRYSON

MR. EDITOR:—As one of the ladies interested in the efforts to enforce, or at least give greater publicity to the laws against minors, I feel it my duty to do it by reply to the communication in the Advocate of April 10th, by Rev. R. Stevenson. I must confess I am somewhat at a loss to know just what Mr. Stevenson writes against. I have heard no adverse criticism of the ministers of the town regarding this matter, as four of them were present at our meeting and worked like heroes to have the laws published and posted upon large cards, which has been done. Thanks to all who assisted; so I confess I am at a loss to know what he means. Is it not a case of the wicked fleeing when no man pursueth him? So far as his being present at the opening ceremonies of the armory is concerned, if armories stand as his letter suggests, for pool, card-playing, gambling and drinking, he certainly was justified in having conscientious convictions sufficiently strong to absent himself upon that occasion. But if even all this is true about Watford armory, is this the abuse rather than the use of the armory? Did the ministers who attended the opening ever dream of such functions, and while Mr. Stevenson admits that all the towns know, he, as a Christian minister, does not prove these things, and confesses that he is "broad minded" and "level-headed" enough to allow them to go on without any attempt to reform them, does he presume to say that no attempt to reform should be made, except in the homes where these things are allowed? While it is very true that every effort should be made to reform such homes, is it not equally true that we should attack evil in high places as well as in low? Is it not the duty of every citizen to guard well their feelings of indignation and horror, and to do so in a way worse than the evils just mentioned? The whole that the whole slave trade and everything that savors of it, as Mr. Stevenson says, is a reproach to the community, and every citizen should guard well their children, and every same person, "even the level-headed," should give every assistance possible in way of moral reform, but after all should they not be equally active against these other social evils?

Now, Mr. Editor, seeing I am not a Theologian I tread softly as I approach the Rev. Stevenson's address, and I sincerely hope he may yet relate some of them and this I feel constrained to do if I understand him correctly. Do I understand him to say "it is not the business" of the church, i.e. the individual members of the church, to reform the world? Or is it that a minister or was there a mixture in his manuscript just here? Surely at this point observation, history and even scripture are all, all, all. "It is not the business of the church to reform the world," or to attempt reformation. The whole account for the reformation, which kindled in the hearts of a nation by John Wycliffe and his Lollards which burned on until the 16th century, and the reformers of the 17th century, and all the way down to the present. And just how does it come that right here in Watford even the ladies whose "honor and modesty" have been at stake in the past as well as in the "age of judgment" and still they remain both and have been instrumental in instituting reform in igniting the Council of Watford a few years ago when it wavered and hung in the balance to say "no pool tables for Watford and hence for so many years the temptation has been kept from our young men." Even if his heart is as true as his words, is it any armory management, the question still remains, "Is it to be thrown open to the public or is it here to be kept in the hands of the church?" If the church is to be the agent of reform, one voice, said no, it certainly would not. Would it be the business of the church to reform the world, just what is the peculiar duty of all churches, special organizations, such as the Lord's Day Alliance, the Dominion Alliance and Temperance and Moral Reform Departments of the existing denominations? Surely the specific object of those organizations is not to lead prayer meetings, although they all work more or less at that, but one reason why all the goodness of the church in the past ages, and the present, have been and are covered with mountains of calumny and abuse and hatred and are made the object of constant execration and vilification and called savages and devils is because of the reforms of the past and those being brought about at present. While our Saviour's work on earth was not to set up a temporal Kingdom, He kept a vigilant eye upon what was going on. Before He appeared upon earth were not even trained armies sent to execute the Divine Will? And even while here Christ didn't always bow in prayer before evil and wrong, but upon one occasion at least He used what appears like physical force to institute reform. When in the temple He made the scourge of small cords and drove out those who sold doves, and the money changers, and even overturned their tables and scattered their money over the floor. And almost immediately after ascension we read of his disciples gathering together in Jerusalem to have counsel along certain lines of reform. Now, Mr. Editor, I must close, hoping I have not wearied you or my readers and assuring Mr. Stevenson that I do not intend this as a personal attack upon him as a man or as a pastor, but as a reply to some things I do not accept in his letter and above all his recital, and to my mind, False Doctrine. I am only sorry to see men who might be useful in a way by such erroneous beliefs as expressed in that letter. And sincerely hope he may yet be led to forsake them and stand in the way and change for the old paths wherein is the good way, and walk therein and find rest. We are to try the spirits and hold fast that which is good. To say the least, if he is determined to declare such doctrines, I would much prefer he should declare them in his own pulpits, to those who wish to listen, to airing them in the public press and stirring people and stirring them to their hurt. Remember, I have the kindest feelings to Rev. Mr. Stevenson and am only attacking his astonishing doctrines and hoping to reach past him to the progenitors of such nefarious teachings. I do this, and I hope Mr. Stevenson will do this, in his Holy Word. Hear St. Paul's warnings to avoid such heretical teachers or religious tramps: Romans, Chapter 16, Verses 17 and 18. Read it. I trust Mr. Stevenson will cease to listen to any more of their trash.
