REGULAR MEETING TOWN COUNCIL

Preparations Made For Holding 58th Annual Convention of Fruit Growers' Association

The regular meeting of the Town Council was held last Friday evening, Mayor Warren in the chair. Councilors present: H. B. Hicks, J. S. Moses, A. A. Dechman, C. A. Bent. Minutes of last meeting read and approved.

The following bills were read and on motion, ordered paid:

H. F. Williams	\$10.40
E. L. Fisher	5.83
Lloyd Mfg. Co.	13.20
W. Percy Burns	22.75
Karl Freeman	280.59
Pay Sheet for December	37.00

The bill of W. A. Sammett to be referred to Finance Committee for investigation and for the committee to advise the clerk and order payment according.

A communication from the Nova Scotia Fruit Growers' Association was read, stating that said association would meet at Bridgetown on Jan. 17-19, requiring a suitable hall for illustrated lectures day and evenings, films being brought by C. W. Baxter, Esq. At this 58th convention, there will be ten speakers from the U. S. and Canada and it is planned to make it the "Burr Convention" ever held by the fruit growers of this province.

Moved by Mrs. Moses, seconded by Coun. Dechman and passed that Coun. Bent be committee to work with a committee from the Board of Trade in securing suitable accommodation for the members of the association while in town.

Moved by C. Hicks, seconded by Coun. Dechman and passed that W. H. Maxwell, E. Bath and A. B. MacKenzie be trustees for year ending April 1st 1922, at a salary of \$45.00 per year.

Moved by C. Hicks, seconded by Coun. Bent and passed that Miss Jennie Foster be clerk for 1922.

Moved by C. Hicks, seconded by Coun. Moses and passed that A. C. Charlton be siding officer for 1922. Minutes read and passed.

Council adj. 9. E. LLOYD, Clerk.

A SPLENDID SCHOOL CONCERT

The schoolhouse was filled to its full capacity Tuesday evening when the stars of the Douglas Road school under the direction of their teacher Miss Clara E. Armstrong, gave entertainment that was much acclaimed by all present. The following is a copy of the programme:

Exercise—"Of the Shepherd" by four grand boys.

Recitation—"My Letter to Santa Claus" by Everett Chase.

Song—"Christmas Day" by school.

Exercise—"St. Nicholas" by three girls.

Recitation—"Santa Claus" by Grace Ford.

Motion—"So Good Santa Claus" by three girls.

Recitation—"Pa Shaves" by Earle Zer.

Dialogue—"Dream of Mother Goose" four boys and four girls.

Recitation—"St. Nick" by Louise.

Motion—"Jack Frost" by three girls three boys.

Exercise—"Favorite Tree" by three girls.

Dialogue—"Hawley's Christmas" by oys and girls.

Song—"Mite" by Louise Elmore.

Recitation—"Song of Christmas" by Louise.

Recitation—"My Present" by Hazelzer.

Recitation—"Christmas Song" by Lillian.

Recitation—"Best Day" by Frank Elm.

Exercise—"Of the Week" by seven.

Duet—"Christmas Hymn" by Zelma and Lillian Zimere.

Recitation—"Very Good Boy" by Carlford.

Recitation—"Best Month" Neoma Hart.

Dialogue—"Christmas at Holly Farm" by Hazelzer.

Recitation—"Joke on Pa" by Everett Bait.

Recitation—"Who Is It" by Edna Elm.

Song—"Christmas Bells" by the school.

Every number took place without a hitch, and each performer played his or her part to perfection. Too much praise cannot be given to Miss Armstrong for the manner in which these pupils have been trained. This entertainment was considered by many to be the best they ever attended. At the close of the programme Santa Claus made his appearance and greatly to the delight of those present the distribution of gifts commenced, after which "God Save the King" was sung by all.

ONE PRESENT. WELL-KNOWN D. A. R. CONDUCTOR SUPERANNATED

(Yarmouth Herald)

With the close of 1921 another very widely known D. A. R. conductor, in the person of Alfred G. Herbert, retires from active service on that road and enters the superannuated list. Conductor Herbert's railroad career commenced when he, as a mere boy, entered the employ of the Windsor & Annapolis Railway as a clerk in the general store conducted by that road in the days of construction. After the road opened, he was made a train hand and for over fifty years he has served first with the above road, later with the D. A. R., in one capacity or another, and for several years as conductor. As a railroad man he was in his work most efficient and during his younger years held positions on some of the best trains that travelled over that road. When the D. A. R. first inaugurated the always popular Bluenose trains, Conductor Herbert was one of the first conductors to have charge of one of them.

Later, he retired to freight trains and for several years past has been on the Yarmouth-Annapolis freight. Owing to his very extensive career, during which he served on practically all parts of the service, between Yarmouth and Halifax, he was one of the most popular conductors on the road, holding the respect and highest esteem of thousands of patrons all along the line who will extend to Conductor Herbert heartiest congratulations on his very successful career, while at the same time wishing him many years of prosperity in his retirement.

GOLDEN WEDDING

(Annapolis Spectator)

Congratulations from all parts of Annapolis County are extended to Mr. and Mrs. Isiah Munro, of Lake Munro, on the Liverpool Road, who, in a very quiet manner celebrated the fiftieth anniversary of their marriage at their home on New Year's Day. This aged couple who are highly respected, were married on January 1st, 1872, at Port Lorne, Annapolis County, by the Rev. L. B. Gates, a Baptist clergyman, the ceremony taking place at the home of the bride's mother, Mrs. Munro, before her marriage, was Sarah A. Brown, a daughter of the late William and Susan Marshall Brown, of Port Lorne. Mr. and Mrs. Munro have five children, all of whom are living: Mrs. Ralph McLaughlin, Amherst; Alfred Munro, Clements; Mrs. Walter Dukeshire, Mattland; Lawrence G. Munro, estimator for the R. P. Bell Co., and Arthur W. Munro, at Lake Munro. They have also six grandchildren. Mr. and Mrs. Munro have lived almost all their married life at Lake Munro and their entire lives in Annapolis County.

FLOUR AT LOWEST PRICE IN SIX YEARS

Minneapolis, Minn., Jan. 4.—Acute weakness in the wheat market yesterday resulted in a break of 25 to 30 cents a barrel in flour prices to-day at the largest milling companies here, making new low ranges in flour prices in about six years.

Family patents to-day were quoted at \$6.75 and \$6.90 a barrel, when sold in 95 pound cotton sacks in car lots.

CANADA TO HAVE A 5-CENT NICKEL COIN

Ottawa, Jan. 3.—Canada is to have a five cent nickel coin. Mintage is to begin this week. In issuance the same procedure will be followed as was adopted in respect to the small one cent piece. The new coin will be issued as requisitioned, the older coin remaining in circulation.

Arrangements are being made for an open air skating rink in front of the grand stand on the Bridgetown Athletic grounds.

A SUCCESSFUL ENTERTAINMENT

Tuesday Evening's Masquerade Ball In the Court House Hall, a Big Success.

A very successful masquerade ball was held in the Court House Hall Tuesday night under the management of Mr. Keane Leslie, the music being furnished by Leslie's orchestra, the same orchestra that provided the music at the Kentville ball New Year's night. The costumes in Bridgetown, taken as a whole, were the best ever seen in our town. The judges announced the prize winners as follows:

For the best ladies original, Mrs. Frances Graves, representing Jontee Talcum powder can; gent's, Mr. C. S. Bothamley, Uncle Sam; for the most comical, Miss Mattie Dearness, Spinster, and gent's, Mr. George Dechman, young lady. The costumes were so good that the judges met with considerable difficulty in making selections for only four prizes. They therefore announced that at least the following deserved special mention: Miss Frances Fowler, Bridgetown; Miss Ruth Fowler, powder puff; Miss Hazel Daniels, young gentleman; Miss Dorothy Bent, Red Cross nurse. Mr. Leslie's dance are becoming very popular among both the older and young folks of the town, the patronage continually increasing among the dancers and spectators. The following is a list of many who were in costume, but it was, we regret, impossible to get a complete list:

Marion Fowler, Artist.

Ruth Fowler, Powder Puff.

Frances Fowler, THE MONITOR.

Iva Piggott, Red Riding Hood.

Allice Piggott, Nun.

Lou Troop, Hattie Anderson, Two little girls in blue.

Anna Marshall, Fairy.

Hazel Daniels, Man.

Ethel Daniels, Dolly Varden.

Frances Graves, Jester.

Mrs. Graves, Jontee Talcum Powder Can.

Mattie Dearness, Spinster.

Dot Jefferson, Grace Jefferson, Two Maids.

Evelyn Dodge, Summer Girl.

Miriam Dodge.

Mrs. S. N. Wear, Feather Your Nest.

Hazel DeWitt, Christmas.

Dr. Warey, Night.

Mrs. R. W. Donaldson, Spanish Lady.

Allison FitzRandolph, Music.

Nay Phelan, The Devil.

E. Whiteway, Chinaman.

George Dechman, Girl.

Max Shafter, Girl.

Charlie Dodge, Trapper.

Jack Wear, Clown.

C. S. Bothamley, Uncle Sam.

Clarence FitzRandolph, Dairyman.

Owen Armstrong, Baby.

Clarence Graves, Gentleman.

Ronnie Leonard, Sailor.

Stanley Anderson, Sailor.

Mr. Rogers, Tennis Player.

BAPTIST NOTES

The following item is taken from the New Hampshire Issue, the Organ of the Anti-Slavery League of New Hampshire. The Editor is the Superintendent of the State League, Rev. J. H. Robbins, uncle of the pastor of the Bridgetown Baptist Church, who years ago was pastor of several churches in the Annapolis Valley:

The facts before prohibition and since.—In fifty-nine cities of the United States, with a population of 30,000 or over, and a combined population of 20,000,000 (including New York, Chicago, and Philadelphia), the official figures show a decrease in arrests for drunkenness from 316,942 in 1917 to 266,169 in 1918; to 176,659 in 1919 and to 109,768 in 1920. In 1917 the arrests for drunkenness in New York were 14,182 and in 1920 the number had dropped to 5,313— notwithstanding bad booze, temporary individual hard drinking, and a police zeal to jug all intoxicated people! In regard to alcoholism and hospital statistics, I call this from a survey recently published by Dr. G. H. Kirby, director of the New York State Psychiatric Institute. "In 1911 over 30 per cent. of all the cases admitted to Bellevue Hospital—one of the great municipal institutions of the city—were alcoholics, while in 1920 only 6 per cent. were so classed. Alcoholic insanity has decreased from over 10 per cent to less than 2 per cent based on the total first admission."

The following item refers to the work of the Memorial Institute of the Malmer Road Baptist Church of Toronto, one of the leading Baptist Churches of Canada:—Figures carry weight. Perhaps many will be interested to know just how many men, women, boys, girls and babies are benefited each week by contact with the Institute. During four weeks in November fifty meetings a week were held, with a total average weekly attendance of 1542. The attendance of boys and girls at week-day clubs and classes of every sort was 736 per week and of adults 175. 514 attended the church meetings, including Sunday School, each week. 214 garments, new and second-hand, were distributed. 132 visits made, and the more than 150 interviews reported represent almost as many calls for help. The service rendered cannot be estimated in figures.

500 PEOPLE IN ATTENDANCE

Middleton's Winter Palace Officially Opened by Mayor During Wednesday Evening

(Outlook)

Wednesday night was a gala one in our new town, it being the formal opening, with a grand carnival. By the time his worship Mayor Durling commenced proceedings, by officially proclaiming the winter palace open nearly five hundred people had assembled, including spectators, skaters and masqueraders. Stepping inside the main entrance a galaxy of color and brilliancy greeted the eye. Three long rows of electric lights over head and reflected from the shining crystal ice mingled with the gay colors that adorned the masqueraders, was surely a sight that will remain long in the memories of those who had the pleasure of attending.

The band certainly did great credit to itself by rendering such splendid music for this auspicious occasion, and was in no small measure largely responsible for the evening's success. The judges had considerable difficulty in picking the prize winners—but finally agreed upon the following:

Miss Ethel Nelly—Dutch Cleanser.

E. R. Bacon—Persian.

Miss Marjory Nelly—Queen of Hearts.

B. Cleveland—Satanic Majesty.

Miss Marjory Nelly—Miss Progressive.

G. Baker—Jeff.

Jack Hudgins and George DeEntremont—Indian and Negro.

Wilfred Sweeney—Summer 1922.

Marjory Coleman—Porcupine.

Mrs. Ambrose Kelly held the lucky ticket number which entitled her to the door prize.

It was a great night and everybody had a real good time, which is the first of many good times that will be held in Middleton's new winter palace.

ANOTHER FIRE IN MIDDLETON

The Residence of G. F. Freeman Destroyed Thursday Afternoon

About four o'clock Thursday afternoon the residence of Mr. G. F. Freeman, District Superintendent of the Valley Telephone Co., was discovered to be on fire. An alarm was given and every effort was made to save the houses, but of no avail, as the fire had gained too much headway. Attention was then directed to the barn, which was nearby, and it was saved after a good deal of labor. Most of the furniture was also saved, but badly damaged by the heavy rain falling at the time. The origin of the fire is not known, but Mrs. Freeman and the people who arrived first on the scene supposed it originated in the ell, where the electric wiring came through and crossed to the barn. Mrs. Freeman noticed the odor of smoke, but thought that it came from the furnace. She regulated the drafts, but found that the smoke smell became stronger, and after searching discovered the fire in the region of the wiring. Mr. Freeman was in connection with the telephone lines. The house and furniture are fairly well covered by insurance.

FALKLAND RIDGE

On December 30th we had a small blizzard.

Hiram Sproule and daughter Marie spent the 5th at East Dalhousie.

Cedric Scovir, of Paradise, arrived here January 4th to visit relatives.

Mrs. Harold Mason left the 2nd for Melvern Square to visit her mother. Mrs. Fay Hill left for Riverview, January 6th, to visit Mrs. R. Tuthersway.

Mrs. Ada Fair, of New Albany, is the guest of her daughter, Mrs. E. Mason.

After spending Xmas at his home here, E. H. Marshall has returned to Middleton.

Grant Messenger, of Clarence, spent the week end, guest at the home of E. H. Marshall.

Mr. Clifford Jefferson, of Bridgewater, arrived the 4th and is the guest of D. D. Starratt.

Owing to the illness of our pastor, Rev. Geo. Durke, we had no service in the church here January 1st.

Helen Mason left on Wednesday for Paradise to visit her brother Reginald Mason and sister Mrs. A. Scovir.

Misses Reta, Marjorie Marshall and Miss Bernice Sproule left the 4th to visit their cousin, Mrs. Wesley Graves, at Aylesford.

The Misses Marion and Florence Marshall returned home the 4th. They were accompanied by their friend, Miss F. P. Campbell, of Bear River.

Miss Eva Marshall, who accompanied her uncle and aunt, Mr. and Mrs. A. Hendry, to their home at South Brookfield, has returned home. Henry Rafuse had the misfortune to lose one of his oxen on January 4th, while on his way to the meadow for a load of hay. It suddenly dropped dead.

Our young lady teachers: Reta Marshall, of Clarence; Marjorie Marshall, of Bear River, and Helen Mason, of Kentville, spent the Xmas holidays at their homes here.

"THE JUCLIKNS" FINE SCREEN STORY

Opie Read's Famous Novel Is Finely Picturized by Paramount.

Have you ever read Opie Read's famous novel of Southern folk, "The Jucklins"? If you have, you will perhaps be pleased to see those sturdy characters visualized in George Melford's splendid Paramount production of "The Jucklins" when that picture is shown at the Primrose Theatre next Monday and Tuesday.

Few changes have been made in the story, so that every vital scene of the novel will be found in the screen adaptation made by Frank Condon. He states that every character creation has been preserved, while the story itself unfolds on the screen exactly as it does in the story. There are twenty important roles in the picture, and all have been developed by players capable of portraying each distinct type artistically. Monte Blue is seen as Bill Hawes, the fighting school master, while Guinea Jucklin is portrayed by Mabel Jullienne Scott.

MIDDLETON

(Outlook)

Mrs. C. S. McLearn left Wednesday for St. John and Moncton.

Rev. A. N. Mcintosh, of Clementsport, was in town Monday.

Miss Ruth Parsons has returned from a few days spent in Mahone Bay.

Mr. E. L. Simm has left for A. W. Allen & Co.'s lumber camp at Cherryfield.

Mayor Durling and wife are enjoying their handsome and convenient new residence.

The Misses Marion and Florence Marshall, of Falkland Ridge, were in town Wednesday.

Miss Gertrude Dunn returned last Thursday from a visit with her mother at Bear River.

Mrs. Albert Gates is spending a week, the guest of her daughter, Mrs. A. J. Banks, Kingston.

Mr. and Mrs. Wm. Bernadine are occupying rooms in L. B. Dodge's tenement house on Main street.

Miss Helen Mason, of Falkland Ridge, was in town Wednesday going to Paradise to visit her brother.

Miss Ethel Whitman went to Kentville on Thursday of last week to visit her uncle, Frank Whitman.

Mr. Chas. Taylor, Sr., left last week for Boston to visit his daughters, Mrs. E. G. Smith and Mrs. J. J. Clarke.

Mr. and Mrs. H. A. Jacques and Miss Pauline have been the guests of Capt. and Mrs. R. Silver, of Lunenburg.

Miss Evelyn Bentley went to Kentville on Tuesday, where she is the guest of her mother, Mrs. P. R. Bentley.

Miss Hope Stevens, of Port George, was in town Wednesday, the guest of Mrs. G. N. Reagh, en route to Morden.

Mr. MacRae, of Dartmouth, formerly of the Canadian Bank of Commerce, Middleton, has been in town for several days.

Frank Cox went to Whiteville to attend the funeral of Mrs. Louisa Taylor which was held on Wednesday afternoon.

Mrs. Pearl Pidgeon, of Lawrenceville, came to town on Wednesday, where she is specializing at the Memorial Hospital.

Rev. W. R. Turner and daughter, Miss Susie, returned Saturday to Westville, leaving Mrs. Turner to make a longer visit.

Miss Mabel Schofield, of Nictaux

Mr. James A. Langille and family are moving this week to their new home in Granville.

The plans of J. Graham Johnson, have been accepted for the new Turner Hall Memorial building.

Mr. Albert Bishop came home from Boston to spend Christmas with Mrs. Bishop and her mother and sister.

Mr. Reg. Dargie, foreman of the Hardwood Mill, spent the week end at his home at Hillville, Kings County.

Mrs. Jackson and family, from Paradise, spent New Year's with her sisters, the Misses Harris, Acadia Square.

Miss Margaret Spurr came from Boston to spend Christmas with her mother in Round Hill, returning on Friday to resume her nursing duties in the Massachusetts capital.

Mr. E. A. McMahon, formerly of the Entomological Laboratory here, but now resident in Montreal, delighted his old friends by a visit to Annapolis Royal this week, all too brief.

ANNAPOLIS

LAWRENCETOWN

Mrs. I. B. Wallace, of Hantsport, has been visiting friends in town.

On Sunday morning, the 26th, a Christmas concert was given in the Baptist Church.

Mr. C. H. Balcom left for Toronto on Monday, having spent a month with his parents.

The week of prayer is being observed alternately in the Methodist and Baptist Churches.

On Tuesday, January 10th, the annual Roll Call and supper will be held in the Baptist Church.

Mr. Abner Phinney, of Wolfville, spent a few days with his parents, Mr. and Mrs. W. H. Phinney.

Miss Josephine Banks, of Moncton, was the guest of her parents, Mr. and Mrs. B. S. Banks, for a week.

The Misses Ethel Shaffer, Grace Daniels and Aileen Prince, of Mt. Allison, are home for the holidays.

Mr. Clarence Hanley and Mr. Martin, of Halifax, spent Christmas at the home of Mr. and Mrs. L. W. Durbin.

Mr. Clyde Morse, of the staff of the Royal Bank, Truro, has been a guest of his parents, Mr. and Mrs. W. P. Morse.

A large number of teachers, students, bank clerks, and others, spent their holidays with their parents and friends.

The Misses Stella and Georgie Whitman, of Sackville, have been visiting their parents, Rev. A. H. and Mrs. Whitman.

The Misses Marie and Helene Durbin, of Boston, spent the Christmas holidays with their parents, Mr. and Mrs. Isaac Durbin.

Miss Muriel Phinney, of Halifax, and her friend, Mr. Jack Bishop, of Yale College, spent Christmas with the former's parents, Mr. and Mrs. E. A. Phinney.

Mr. Sprout's new house at Paradise will soon be completed. Mr. and Mrs. Sprout will be much missed at Lawrencetown, when they leave for their new home at Paradise, N. S.

The Masons held a banquet in the Demonstration Building on Tuesday evening of last week. An excellent program was rendered, and a good time enjoyed.

The Baptist S. S. held their annual entertainment and Xmas tree on Friday evening, December 23rd. The program by the children consisted of music, readings, exercises, after which Santa appeared on the scene and gifts were presented to all, both large and small.

TORBROOK

Miss Helen Bartheaux is home for the holidays.

J. H. Parker spent a few days in Kentville last week.

A happy New Year to the MONITOR and all its readers.

Mr. A. C. McAloney, of Halifax, spent Xmas at his home here.

Miss Ethel Reynolds spent Christmas with her father at Port Wade.

Mr. and Mrs. Leslie Banks are receiving congratulations on the arrival of a baby girl.

Mr. and Mrs. S. Hill and Mrs. S. E. Nelly, of Kingston, spent the 29th with Mrs. Allen.

Mr. A. Bayhouse, of Halifax; Miss Olla, of Truro; and Miss Mildred, of Prince Albert, are home for the holidays.

Mrs. Ernest Dory, of Ayr, Mass., is visiting her sister, Mrs. Florence Dorney. Her mother, Mrs. Shaw, expects to return with Mrs. Dory for the winter.

KENTVILLE

Mr. James Merkel, manager of Cornwallis Inn, left Wednesday on a visit to his home in Digby.

Mr. Hugh Sloan, of the Kentville Publishing Co., Ltd., spent the New Year with friends at Annapolis.

The Olympic Chapter, I.O.D.E., Tea-Dance, Saturday afternoon, was successful and enjoyable. The decorations were rich with their dainty coloring and perfume. Delicious refreshments were served and good music provided by an orchestra for the dancing. The hostesses for the afternoon were Mrs. Harry Sheffield and Mrs. R. E. Eaton, assisted by Mrs. T. A. Lydard, Mrs. A. H. Morash, Miss Sheffield, Miss Juanita Bishop and Miss Cora Walsh.

The Burden Bearer

Grone—Why does old Melburn always look so sad?

Sloane—Why, the poor fellow has to support his grandchildren before he has finished supporting his children.

PORT LORNE

Mrs. Sewal Corbett and little son are visiting friends at Clementsville.

Mr. T. S. Brinton and family spent Christmas with Mr. and Mrs. T. W. Templeman.

Mr. W. Anthony and daughter Mary are visiting Mr. Anthony's mother, Mrs. Julia Anthony.

Mr. Myron Brinton, of Acadia College, was a recent visitor at the home of Mr. and Mrs. John Graves.

On Sunday, December 18th, the ordinance of baptism was administered to three young women by our pastor, Mr. and Mrs. Joseph Hall and son Frank spent Christmas with Mrs. Hall's mother, Mrs. Charlotte Anderson.

Mr. and Mrs. Harry Hinds, of Mt. Rose, spent Monday, December 26th, at the home of Mr. and Mrs. Israel Banks.

Owing to the storm on Friday the Sunday School festival was postponed until Saturday evening, and was then enjoyed by a large number.

Capt. Eber Brinton and family, and Mr. and Mrs. Ira Brinton and two children, were guests of Mr. and Mrs. Ernest Kay, on Monday, December 26th.

Miss Sadie Banks, of Halifax, and Mr. and Mrs. Melburn Stocumb and daughter Margaret, spent Christmas with their parents, Mr. and Mrs. Israel Banks.

On Monday evening, December 26th, a surprise was given our pastor, Rev. D. W. Dixon, when a large number of friends, both from Arlington and Port Lorne, entered the parsonage. A very pleasant evening was spent, and the presentation was made by Rev. Asaph Whitman whose remarks were very appropriate. The amount was sixty dollars, fifty in cash. Although taken by surprise, pastor Dixon was ready on the occasion with well chosen remarks of thankfulness and pleasure.

LAWRENCETOWN SOUTH

Miss Pauline Lake, of Oxford, is home for the Xmas holidays.

Mr. and Mrs. H. S. Daniels and family spent Xmas at Kentville.

Mrs. Martha Lake is spending a month visiting her daughter in U. S. A.

Mr. and Mrs. S. C. Bishop spent Xmas with the latter's parents at Yarmouth.

Miss M. L. Daniels, of Sackville, N.B., is spending a month's vacation at her home here.

Miss Grace Daniels is spending her vacation with her parents, Mr. and Mrs. M. C. Daniels.

Mrs. Robert Longley has gone to Toronto to visit her son and wife, Rev. Robt. and Mrs. Longley.

We are sorry to report Mr. Clarence Daniels ill at time of writing, and wish him a speedy recovery.

WEYMOUTH

Miss Ella Corbin was a passenger to Digby Saturday, where she spent the week end.

Miss Mary Corbin was a passenger to Digby Saturday afternoon, where she spent New Year's with friends.

A. H. Thurber, Freeport, was in town Saturday attending to business relating to the Davies Fisheries Co.

Miss Eva Theriault, Kentville, arrived on Saturday to spend New Year's with her parents at Belliveau's Cove.

Judge J. A. Taylor, Digby, arrived Saturday with the remains of his mother-in-law, Mrs. Porter, whose funeral was held Sunday.

OUTRAM

Quite a number from this place attended the Stocum-Risteen wedding at Port Lorne.

Mrs. Christopher Grant is spending a few weeks with her son, Mr. and Mrs. Edwin H. Risteen.

Mr. Avar Marshall, who has been working in Annapolis Royal, is home for an indefinite period.

Mr. and Mrs. Wilbur F. Beardsley, of Wolfville, spent Xmas with Mr. and Mrs. Byard Marshall.

Miss Alma G. Stocum, of Acadia College, is the guest of her parents, Mr. and Mrs. James Stocum.

Miss Doris E. Healy, Miss Lena M. Banks and Mr. Theodore Andrews are spending the Xmas holidays with friends in North Range.

KILLED BY A BOILER EXPLOSION
Newcastle, Jan. 4.—Word has been received here that George Dutcher, of Newcastle, was killed this morning while working in a mill at Foreston, Carleton County, when a boiler exploded and he was struck by a piece of flying metal. Death followed within twenty minutes. His wife died three years ago, and he is survived by five small children. The body will be brought to Newcastle for interment.

Listen!

Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles. Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps pastilles get there direct, and at once commence healing.

FREE TRIAL. Cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

Peps

JOHN BROWN, THE WOOL MERCHANT

From an old history of the town of Torrington, Connecticut, where John Brown, the militant abolitionist, was born, we learn that in early life he was a wool merchant. He travelled extensively in the Middle States and in Ohio and Illinois for the sheep farmers in Vermont and even made a voyage to Europe to sell American wools.

It is said that his sense of touch was so delicate that by rolling a lock of wool between his fingers, he could tell, even if blindedfold, whether it was grown in Vermont, in Ohio, in Germany or in France. He was the originator of a system of grading wools. Other merchants were often astonished at the accuracy with which Brown could classify fleeces by simply feeling them.

In illustration of that power there is an interesting anecdote of him. He was attending a meeting of wool merchants in London, where the English merchants were skeptical of his ability to test wools by touch. They believed that it was merely pretense, and they determined to trap him.

One of them brought in several wool samples, among which was a tiny, curly hank of very fine hair from the back of a collie dog. Then the merchant gravely asked the American to grade the samples according to his system. Brown closed his eyes and rolled the pieces one by one between his forefinger and thumb. When he came to the dog's "wool" he appeared puzzled for a moment. Then he burst into a hearty laugh and said, "If your English spinners have machines that will twist dog's hair into good yarn, this sample may make very fair cloth!" After that the Londoners thought best to take the Yankee's word for it.

MARINE
The big six-masted schr. Whyoming, which brought a cargo of American coal to Gaspe last summer, the largest sailing vessel in the world and one of the two surviving vessels of her type afloat, has again changed ownership. Captain A. W. Frost and others of Portland have purchased her from the France and Canada Steamship Corporation of New York and will operate her in the coastwise business. Captain Charles W. Griffin, of Everett, who has been in command for some time and is also part owner, will continue as master.

Schooner Cora Geste, Captain Horace Thurber, of Freeport, Digby Co., loaded with canned lobsters and large dry cod for F. E. Davis Fisheries, Ltd., Gloucester, was at Clarke's Harbor January 4th, awaiting favorable weather to sail.

The three-mast vessel Lincoln, Captain Bishop, arrived at Weymouth from Boston Sunday and is lying at Campbell's lower wharf. As soon as the ice conditions permit she will be brought up to the bridge where a cargo of lumber will be loaded, shipped by the Geo. Hankinson.

The three-mast schooner E. P. Theriault, Capt. Joseph Oliver, of Weymouth, docked at Meteghan River on Monday. The vessel finished discharging her cargo of coal at St. Theriault and arrived in town. The E. P. Theriault has had a rough passage, just as she was coming out of New York harbor she ran ashore in a wind storm and sustained serious damage that necessitated repair work being done at New London.

Needless Query!
An eccentric American was anxious to get married in a hurry. He arrived with his intended bride outside Campbell's lower wharf. As soon as the ice conditions permit she will be brought up to the bridge where a cargo of lumber will be loaded, shipped by the Geo. Hankinson.

MR. SANDERS EULOGIZED

(Annapolis Spectator)
Geo. E. Sanders left last Thursday for Ottawa, not knowing how things might eventuate as to the possibility of his return. After quoting the recent articles in The Spectator in regard to the possibility of his leaving Canada, the Maritime Farmer, Sussex, N.B., had the following:

The Maritime Farmer feels, and all its readers who know Mr. Sanders either personally or through his good work among the fruit and potato growers of the Maritime Provinces, feel that if any inducement in the way of an increase of salary will retain Mr. Sanders's services for the Maritime Provinces and Canada, the Federal Department of Agriculture should leave no stone unturned. Mr. Sanders is a man of proven ability. He has earned many times the salary which he receives. The Maritime Provinces want Sanders, and the Dominion Government should see to it that any stupid rulings of the Civil Service Commission that tend to keep the "live" ones and the "dead" ones at the same rate of salary, be abolished, so that men of ability like Mr. Sanders will not be spirited from public service, where they are badly needed, by private firms who recognize their value from a business standpoint.

Neither should a man of Mr. Sanders's type be obliged to wait or even ask for increases in salary commensurate with his value to the country.

Anything that the Dominion Department of Agriculture can do to retain Mr. Sanders's services will be highly appreciated by the farmers and fruit growers of Maritime Canada.

SPRAY MATERIAL NEEDED
The following estimates are made upon the basis of the average sixteen to twenty-five years old apple tree to be sprayed four times:

1. Get the exact number of trees to be sprayed.

2. One-half as many pounds of cry lead arsenate will be required as there are trees to be sprayed.

3. One-half as many gallons of lime sulphur will be required as there are trees to be sprayed unless dormant strength is used and then it would require more, or one and one-half as many pounds of dry lime sulphur as there are trees to be sprayed four times.

4. Where aphids, or green plant lice, are present at the cluster bud spray, about one pint nicotine sulphate should be used to each fifteen trees in the orchard.

5. When Bordeaux is to be used in three sprays, it will require about one pound of copper sulphate and one pound quick lime for each tree. In case Bordeaux is used for three sprays, the lime sulphur order will be only one-fourth of the above estimate, the lead arsenate remaining the same with which ever fungicide is used.—Iowa State College.

A SAD CHRISTMAS

For five days, all through the Christmas season, Mrs. Mary E. Henderson, lay dead on the floor of the dining room of her home in Toronto.

The three pet canaries that had fluttered so merrily in their cages when the old lady had come down stairs on the day she died, chirped in vain for their supply of fresh seed and water. Then one by one they dropped lifeless to the bottom of their cages, and there was nothing left living in the house, where the pitiless cold came creeping in, freezing the running water in the pipes, while the frost formed on the windows to veil the light from the room where lay the dead lady and her dead pets.

On Christmas Day Mrs. Henderson's son called with gifts for his mother, but went away when his ring was unanswered. Calling again on Tuesday he investigated and found his mother dead.

IMPORTANT RESOLUTION

The International Bible Students Association, in convention assembled at Washington, D.C., begs leave most respectfully to memorialize the International Arms Congress now assembled at Washington, D.C., as follows:

As Christians earnestly striving to follow the teachings of Christ Jesus our Lord and his Apostles, we hold:

That war is a relic of barbarism, destructive of good morals and a reproach to Christian peoples;

That the principles taught by the Lord Jesus Christ preclude consecrated Christians from engaging in war, bloodshed or violence in any form;

That no nation can be said to be truly Christian which fails to adhere to those principles taught by the Lord and his Apostles;

That the ruling or governing factors of the nations commonly called "Christendom" are now and for some time have been, to wit: Financial Princes, otherwise termed Controllers of Commerce, Statesmen or Political Leaders, who formulate the laws, and Clergymen and other Ecclesiastical Teachers, the last named, both Catholic and Protestant, having, contrary to the Word of God, joined hands with the two first-mentioned factors (which three component parts here mentioned we for convenience and identification designate "The Ruling Powers");

That the delegates and representatives of Washington for the purpose of limitation of armaments, and insofar as possible for the establishment of peace have been, to wit: Financial Princes, otherwise termed Controllers of Commerce, Statesmen or Political Leaders, who formulate the laws, and Clergymen and other Ecclesiastical Teachers, the last named, both Catholic and Protestant, having, contrary to the Word of God, joined hands with the two first-mentioned factors (which three component parts here mentioned we for convenience and identification designate "The Ruling Powers");

That the delegates and representatives of Washington for the purpose of limitation of armaments, and insofar as possible for the establishment of peace have been, to wit: Financial Princes, otherwise termed Controllers of Commerce, Statesmen or Political Leaders, who formulate the laws, and Clergymen and other Ecclesiastical Teachers, the last named, both Catholic and Protestant, having, contrary to the Word of God, joined hands with the two first-mentioned factors (which three component parts here mentioned we for convenience and identification designate "The Ruling Powers");

That the delegates and representatives of Washington for the purpose of limitation of armaments, and insofar as possible for the establishment of peace have been, to wit: Financial Princes, otherwise termed Controllers of Commerce, Statesmen or Political Leaders, who formulate the laws, and Clergymen and other Ecclesiastical Teachers, the last named, both Catholic and Protestant, having, contrary to the Word of God, joined hands with the two first-mentioned factors (which three component parts here mentioned we for convenience and identification designate "The Ruling Powers");

UNABLE TO WALK
FOR A YEAR

Paralysis Entirely Relieved
by "Fruit-a-lives"

The Wonderful Fruit Medicine
Paralysis is a break-down of the
Nervous System and affects the victim
in various ways. Sometimes,
nervousness is the result of hysteria,
incontinence, constipation, flatulency,
or it may be so bad that one is partially
or completely helpless in some part
of the body, just as Mrs. Heacock
was.

When I was twenty-eight years
of age, my doctor advised me to have
an operation, which I did and it
proved very serious, leaving me weak
and unable to walk for a year. Seeing
your "Fruit-a-lives" advertised in the
papers, I decided to try them. I
continued to use them regularly, and
today I am able to go about my
home duties and care for my family.

Any form of Nervousness is often
caused by, and is always aggravated
by, Constipation, which poisons the
blood, irritates the kidneys and in-
flames the nerves. "Fruit-a-lives" stimu-
lates the action of liver and bowels, kidneys
and skin—tones and succens the stom-
ach—keeps the blood pure, and builds
up the entire nervous system.

In a word, "Fruit-a-lives" has
proved that it is the most scientific
and effective remedy in the world
for Nervousness or a disordered
condition of the nervous system.
50c a box, 6 for \$2.50, trial size, 25c.

GREETINGS FROM
VALLEY MAYORS

Progress of Province to Depend on
Manner in Which Problems
are Met

The mayors of Nova Scotia, in their
annual New Year messages to read-
ers of the Halifax Herald, sound a
note of optimism, not forgetting that
there is much hard work to be done
before there is a return to normal
conditions which were upset follow-
ing the war.

The mayors point out that "prosper-
ity is in the air," but that all
Nova Scotians must do their share
of work toward upbuilding the prov-
ince and keeping it abreast of the
better times which they all believe
will soon be here.

Here are the messages from two
of the valley mayors:—

BRIDGETOWN
By W. A. WARREN, Mayor of Bridge-
town.
Conditions in Bridgetown, gener-
ally, have been favorable during 1921.
Commercial and industrial life has
been active, and while the financial
turnover may not have been as great
as in 1920, the difference is largely
accounted for in the lesser cost of
commodities. The very dry summer
affected some of the crops seriously,
but the splendid apple crop has gone
far to balance things up.

Messrs. M. W. Graves & Co., Ltd.,
manufacturers of apple cider and
vinegar, etc., report a very satisfactory
year. Their evaporated depart-
ment has been enlarged from 4 kilns
to 8 kilns during the year, and 80
hands employed steadily in day and
night shifts. They now handle 1,100
bushels in 24 hours, and in one season
some 30,000 barrels of apples are
pared.

Messrs. McKenzie Crowe & Co., Ltd.,
tanners and manufacturers of larr-
igans, shoe packs, etc., report that
due to the great depression in lumber-
ing, the early part of the year was
quiet. They have operated practi-
cally all year but with reduced staff.
They oil, tan and manufacture leather
on the premises, and their best grade
hides come from Paris, France.

The Annapolis Valley Cider Co.,
Ltd., report a successful year. They
have enlarged their bottling plant ma-
terially. Their products are to be
found everywhere. Controlled by
Whiteways, of Devonshire, who have
been manufacturing cider in England
over 300 years. Bridgetown is for-
tunate in having such a connection.

Messrs. J. H. Hicks & Sons, build-
ers and contractors, report a busy
year. Building in various parts of
the province at the same time, their
factory and mills have been kept
rushed to full capacity. Building
operations have been in Annapolis,
Kings and Hants. Employed about
eighty men and erected seven ware-
houses, and a number of dwellings
and stores using almost as much
lumber as at any time but using it
locally in place of exporting. A fall-
ing market has made conditions se-
vere and margins small, but it has
been a reasonable successful year.

Our school is a source of great
pride to all our citizens. Some 350
pupils are in attendance under the
care of seven very efficient teachers,
two male, both graduates in Arts,
and five females. Within the past
year, a fine steam heating plant has
been installed in the building, and
excellent work is being accomplished
under comfortable circumstances.

ANNAPOLIS ROYAL FACES
FUTURE WITH CONFIDENCE
By B. B. HARDWICK, Mayor of Anna-
polis Royal.

During the past year this histor-
ical town has had singularly contrast-
ing experiences. The industrial distur-
bances that have been so troublesome
in more congested centres have not
come nigh us. We are surrounded
by a sober, industrious and contented
people that assures the stability of
the country. They do not indulge in
luxury of strikes, and being for the
most part independent land owners,
they are not worried over lockouts.

In consequence, business goes on
without much variation. The unset-
tled world conditions have had a re-
flex influence on the whole country,
and these have been more or less
reflected in the general trade. But
our merchants by conservative and
cautious methods have been able to

In 1721, A. D., the first British
colonial of civil law within the Dom-
inion of Canada was held in the old
Port Royal garrison. To give due
recognition of the establishment of
British jurisprudence in this newly
acquired territory, the Bar Associa-
tion of Canada erected a valuable
historic tablet.

In 1821, A. D., Nova Scotia's great
jurist, humorist and author, Thomas
Chandler Haliburton, popularly known
as "Sam Slick" began his practice of
law in Annapolis Royal. It was
thought that this event was worthy
of notice. The Annapolis Royal His-
torical Association did honor to this
distinguished son of Nova Scotia by
erecting a suitable tablet to his mem-
ory. The unveiling of these tablets
was attended with becoming cere-
monies. A number of the most promi-
nent men of Canada graced the occa-
sion with their presence and took
part in the leading places on the program.
The addresses were of a very high
order and form a valuable contribu-
tion to the historical literature of
the province.

The unprecedented drought during
the entire summer was exceedingly
trying to the whole country, and im-
posed a heavy toll upon the town.
This was the more keenly felt be-
cause the town had not recovered
from the flood and fire of March, 1920.
That fire destroyed an important sec-
tion of the town including the Post
Office and the Bank of Nova Scotia.
During the past summer the Post Of-
fice was rebuilt and occupied and a
new Bank building erected. These
are very substantial brick structures.
The other lots of this section remain-
ed throughout the summer in their
black desolation.

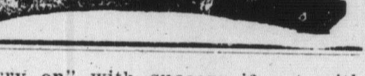

The flood that did so much other
damage carried away the new dam
at Grand Lake which had been built
to provide storage for the electric

A DOCTOR IN
A TIN BOX!

Sounds strange, does it not?
Yet that is how Mr. J. Cartier says
Zam-Buk is regarded by his fam-
ily. Mr. Cartier, who is a member
of the family of the late Sir George
Cartier, is Justice of the Peace and
Assistant Clerk of the Circuit
Court, Montreal. He first discov-
ered the wonderful power of Zam-
Buk by using it for eczema, which
it completely cured. Since then
his family is never without it.

"Allow me to express my grate-
ful thanks for the benefit I
have derived from the use of Zam-
Buk. I have proved that it is,
without doubt, the finest remedy
for eczema. Its general healing
and curative powers are immense.
We call it 'Our Family Doctor,' and
are never without it."

Mothers should see that Zam-
Buk is always handy, for not only
does it end pain, draw out inflamma-
tion and prevent blood-poisoning,
but it heals skin diseases and
injuries in the shortest time possi-
ble. All dealers, 50c. box.

"carry on" with success if not with
large profits. The year closes with
the business of the town in good form
and with brightening prospects for
the future.

During the summer two important
bridges were in the course of con-
struction, employing both skilled and
unskilled labor. The bridge across
the Allan or Lequille River is a sub-
stantial structure of steel and con-
crete. The very soft bottom and
banks have made the construction
work slow. When the bridge was
nearly complete, the heavy fill of
the eastern approach began to slide
and threaten the security of the whole
structure, and the earth had to be
removed, an extra concrete pier and
slab added to span the difficulty. This
has delayed the completion of the
work.

The Annapolis-Granville bridge was
successfully completed during the
summer and on the 17th of November
was opened for public traffic. This
magnificent structure spanning the
Annapolis River is the longest traf-
fic bridge in the province of Nova
Scotia. It has ten steel spans, includ-
ing the draw, resting on concrete
piers. The total length is 1,360 ft.,
the longest span is 300 ft., it contains
1,751,900 lbs. of steel, held together
with 61,050 steel rivets, and cost, in-
cluding the concrete work and ap-
proaches, \$317,000.

The great historical event of the
year was the combined centennial
celebrations held in the old French
garrison on the thirty-first of Aug-
ust. It is the first time in the his-
tory of the American continent that
three important centennials so co-
incided that their commemoration
focused on the same date and place.

In 1821, A. D., King James 1st of
England issued a warrant for the
charter to Sir William Alexander for
the colonization of New Scotland, or
Nova Scotia, in America. This is
the origin of the name of this prov-
ince. The three hundredth anniver-
sary of this event was commemorated
by the Government of Nova Scotia
who erected in Fort Anne Park a
tablet of great historic significance.

In 1721, A. D., the first British
colonial of civil law within the Dom-
inion of Canada was held in the old
Port Royal garrison. To give due
recognition of the establishment of
British jurisprudence in this newly
acquired territory, the Bar Associa-
tion of Canada erected a valuable
historic tablet.

In 1821, A. D., Nova Scotia's great

PARRSBORO VESSEL
IN COLLISION

Schooner's Flare Lights Seen Too
Late To Avoid Crash Off
Cape Cod.

Boston, Jan. 4.—The United States
battleship North Dakota reported by
wireless to-day that she had been in
collision with the British schooner T.
K. Bentley, off Cape Cod, last night.
The battleship turned back to the
navy yard here for repairs.

The schooner was said to be in
need of immediate assistance and the
naval tug Mohave was sent out from
here. No one was injured.

The battleship's shutters and slight
elevator were damaged, and other slight
breakage was caused. Captain Trench
reported the North Dakota was mak-
ing four knots on her return to the
navy yard, which she had left yester-
day for winter manoeuvres off
Guantanamo.

The schooner's damage was reported
as largely loss of headgear.

Washington, Jan. 4.—The Nova
Scotia schooner T. K. Bentley, which
was in collision last night with the
battleship North Dakota, is being tow-
ed into Boston, the navy depart-
ment was advised officially to-day by Capt.
Trench, commanding the warship. No
one was injured in the collision, the
despatch said, but four of the North
Dakota's gun port shutters were
smashed and the schooner sustained
damage to the hull above the water-
line.

Captain Trench said the schooner's
flare lights were seen too late to avoid
the contact.

(The T. K. Bentley is a three-mast-
ed schooner, owned jointly by Newton
Fugusley, the Parrsboro lumber ship-
per, and T. K. Bentley, Capt. Leonard
Berry, of Advocate Harbor, is the
master. She is of 472 register, and
was from New York for Liverpool,
N.S., to load pulp for New York.

plant. There was such a hold up in
cement in the summer of 1920 that
the town was unable to rebuild. In
the early part of the past summer
that dam was restored on an improv-
ed plan. But on account of the con-
tinued drought there was no water
to fill the lake, and the river dried
out, until the electric light plant was
out of commission and the town was
in darkness.

The lake from which Annapolis gets
its water supply also dried out until
the pipe where it entered was bare
and the water was obtained by
siphon. In some way air got into
the pipe and cut off the siphon so
that the town was absolutely destitute
of water. That very day, before
pumps could be installed, the fire was
kindled that caught the town utterly
helpless. The whole centre of the
town, in which was located the prin-
cipal hotel and most of the large
business establishments, was wiped
out. In all, forty-one homes and
places of business were destroyed,
rendering about seventy people home-
less. The estimated loss was about
a quarter of a million dollars. Al-
though the disaster was so sweeping,
that night every person was provid-
ed for by their neighbors, and no
person really suffered. Within two
or three days every one had a nook
in which to open up business and
"carry on." Many kindly and gener-
ous offers of assistance came from
outside, but with the exception of
some minor contributions the town
cared for its own fire victims.

The day after the fire the Herald
said: "There is one thing fire cannot
rob Annapolis of—her splendid situa-
tion, her incomparable scenery."

There are other things, however, of
far more value of which fire cannot
rob Annapolis, chief of which is its
virile courageous men and women.
Immediately after the fire prepara-
tions began for rebuilding a brighter
and better town. The area devastat-
ed in 1920 is being entirely rebuilt
with a view to increasing trade. A
number of business blocks and neat
comfortable residences are approach-
ing completion on the recently burnt
area, and plans are being laid for
the complete restoration of the sec-
tion on St. George St., with a proba-
bility of a number of residences in
other sections. Thus the town is
rapidly rising from its ashes, which
reflects great credit on the enterprise
and energy of its citizens, and prom-
ises larger things for the future.

Notwithstanding the hard knocks
and severe losses, the town flames
are in an excellent condition, and
its credit stands high. We look for-
ward to the future with confidence
having promise of more prosperous
times and a more marked develop-
ment.

Fined For Eating Fruit
"I see a man has been fined for
eating fruit in a railway carriage."
"That's rather odd, isn't it?"
"Fact, I assure you. The fellow was try-
ing to gnaw the date off his ticket."

Minar's Lintment used by Phys-

The Weekly Monitor
Established 1873
Under new management since June, 1917.

O. S. DUNHAM, Editor and Manager

WEDNESDAY, January 11th, 1922.

NOTICE TO SUBSCRIBERS

We regret to say that there are a number of our subscribers who, so far, have failed to call and settle their 1921 accounts. We would say to them that they must do so at once, as we must have all 1921 accounts settled by the end of January.

UNBELIEVABLE FACTS

It is almost unbelievable but too true, that there are subscribers on our books who have not made The Monitor a payment for five years, who are still living and pretend to be honest and up-right citizens. In this connection we are tempted to offer a cash prize of \$5.00 to the individual who submits, either in prose or poetry, the most fitting tribute to these delinquents. And another unbelievable, but true statement, is that when we leave one of these bills for collection the subscriber, when compelled to pay the bill, prides himself in having the paper discontinued, thinking he is injuring us. When on the other hand it is a pleasure to remove such names from our books and how much better it would have been for all concerned if these same names had been removed ten years ago. There is no limit to the nerve of a delinquent subscriber.

BOYS' WORK

The Boys' Work Board has selected George Foster leader, John Roberts, and James Fay, one boy from each of the local protestant churches as the team to represent Bridgetown in the Taxis debate to be held in Middleton early in February. Prof. A. E. Balcom, of Acadia University, has agreed to act as Bridgetown's judge. It is hoped that the citizens will give the boys the same strong support as last year.

BRIDGETOWN PUBLIC LIBRARY

The first yearly meeting of the committee of management of the Bridgetown Public Library took place January 6th, 1922. A prosperous and encouraging year was reported with increasing attendance and interest. At this meeting it was decided that owing to trouble arising from irregularity in the returning of books the Library will be opened ONLY on Tuesday afternoons, one to six, and Saturday afternoons, one to six, and evenings, one to ten. Subscribers, members and patrons of the Library will please make notice, as by order of committee, books will not be taken or given out at any other time.

ANNUAL CHURCH MEETING

Next Monday is the day set by Statute for the annual business meetings of all churches of England parishes and missions throughout the Diocese of Nova Scotia. That for the parish of Bridgetown will be held in St. James' Church school room, Bridgetown, in the evening commencing at 8 o'clock sharp. Apart from routine business several special matters are down for discussion, notably the enlargement of the school room and as this is a very important matter all parishioners are urged to be present. The hour has been made 8 o'clock for the convenience of those living at a distance.

POLICE NEWS FROM DIGBY

Four arrests have been made for breaking plate glass. The new chief police has been dismissed for the present and Officer Raymond Mitchell of the Halifax police force, is in charge. Detective Kennedy returned to Halifax via Monday's express but will return next week to be present at the trial of the four men under arrest.

CALENDARS

We have received the following this week: From Mr. E. C. Hall, one containing a map of the world, issued by the Confederation Life Insurance Co.; L. E. Dodge, Middleton, agent for land, cars, trucks and tractors.

Local Happenings

The Municipal Council is in session in Annapolis this week.

The Bridgetown schools opened last Monday with the regular staff of teachers.

Dr. Miller, Supt. of the N. S. Sanatorium, will be at the Digby Clinic this (Wednesday) afternoon from 2 to 4 o'clock.

Mrs. S. C. Turner has an Easter lily that began blooming before Xmas and is still continuing to bloom as it springs time were here.

All the members of "Nowarwo" Club are invited to meet at the home of Mrs. Fred E. Bath Thursday evening, January 12th, at 7:30.

Halifax Chronicle: 1921 has to its credit a bumper apple crop, nearly two million barrels from the valley alone—and the surface only scratched as it were.

The installation of officers will take place in Autumn Leaf Rebekah Lodge, No. 41, I.O.O.F., Monday evening, January 16th. A full attendance is requested.

The students from Bridgetown and vicinity who spent their Christmas holidays at home, have returned to the various Universities which they are attending.

There will be a practice of the In-Birthday degree in the Oddfellows' Lodge to-morrow (Thursday) evening. A full attendance of the regular officers is requested.

The service in St. Mary's Church, Belleisle, next Sunday afternoon will commence at 2:30 instead of 3 o'clock, and be followed by the annual meeting of the congregation.

This Wednesday evening the third of the series of social gatherings held under the auspices of St. James' Church Bible Class, will be held in the school room from 8 to 10.

On account of the storm on Thursday the Women's Institute did not have a meeting, so they will hold their regular monthly meeting on Thursday afternoon, January 12th, at 3:30, in Board of Trade rooms.

The MONITOR'S increasing circulation outside of Annapolis County evidently worries the Editor of an old established paper which, at one time, had considerable more circulation than it is reported to have at present.

A special train on Wednesday conveyed the D.A.R. officials and several station agents, including Messrs. O. C. and W. V. Jones, of Bridgetown, to Yarmouth. Mr. Geo. E. Gosham, the popular general manager, entertained them at a dinner at the Grand Hotel. They returned at an early hour Thursday morning.

Mr. J. F. Titus, formerly of Hants County, Annapolis County, is now with "The Wanderers," featuring the Inter City Five Orchestra, holding their first dancing party in the Masonic Temple, Youngstown, Ohio, last night, Tuesday evening, January 10th. Mr. J. F. Titus and his partner, Mr. W. J. Neville, Jr., has the Editor's thanks for a nicely printed invitation card.

FIFTY YEARS OLD

Gordon-Providence United Church will be celebrating its fiftieth anniversary of the opening. Dr. Heartz, the pastor at the time of the opening of the church fifty years ago will (D.V.) be the special preacher at the morning service on Sunday, the 22nd of this month, when the celebrations are to begin. The celebrations are to include the two Sundays, 22nd and 29th, and to extend through the week, something special being arranged for each night. A full programme of the proceedings will appear in The MONITOR next week.

THE WEEK OF PRAYER

The union services of prayer held by the Baptist and United Churches last week were most successful. The vestries were completely filled on several evenings. An offering was taken to meet Bridgetown's allotment of thirty-five dollars for Interdenominational Sunday School work. The complete amount was realized. This evening, January 11th, the two congregations will meet in the Baptist vestry for a united prayer meeting.

A GIRLS' WORK BOARD FOR BRIDGETOWN

On Thursday evening of this week, the C. G. I. T. leaders, the pastors' wives, and chosen representatives from each of the protestant churches will meet in the Board of Trade rooms for the purpose of organizing a Girls' Work Board. One of the first duties of this Board will be to plan for the expected visit of Miss Mary Allison, Girls' Work Secretary for the Maritime Provinces. Miss Allison intends to spend some time holding conferences for leaders of girls in the valley towns. The work which she is doing is of a constructive nature, and our leaders are looking forward to these conferences with great expectations.

GREAT Half Price Shoe Sale AT Longmire's Shoe Store Commencing Thursday, January 12th at 2.30 o'clock and continuing for One Week Only Here's a mighty good chance to get some mighty good shoes at mighty low prices. It's our House Cleaning Sale and we're going to give Real Bargains. We intend to take account of our stock at the end of January but before doing so we want to reduce our stock as much as possible. We also want to clear out all odd lines and incomplete size ranges. And furthermore, we need the money. In order to accomplish our object we are going to cut the price of all Shoes in this sale just ONE HALF. For example: if the regular price of a pair of shoes is \$7.00, we cut the price right in two, and you get them for \$3.50. Don't Fail to Take Advantage of This Sale! There's no mistake about our reductions. No juggling with prices. The reputation of this Shoe Store precludes that and insures satisfaction. Men's Shoes, Women's Shoes, Boys' Misses' and Children's Shoes taken from our regular stock of Good Shoes. All Must Go. Every Shoe Price Cut. Less than we paid for them and a big loss to us, but an opportunity for you to save money. Don't miss it! Here are just a few of the styles we are offering at this HALF PRICE SALE: Ladies' Extra Quality Vice Kid High Lace Boots, Louis Heel \$14.85 \$7.42 Grey Suede, One Strap Pump, Military Heel, Goodyear Welt 9.25 4.62 Plain Patent Pumps Military Heel 6.50 3.25 " " " (Bell's make) 9.50 4.75 Dongola Kid Lace Boot, Neolin Sole and Rubber Heel 8.75 4.37 Patent Oxfords 8.25 4.12 Brown Kid Oxfords, Low Heels 5.50 2.75 Velour Calf Boots, Low Rubber Heels 6.00 3.00 Common Sense Oxfords, Plain Toe and Low Heel 3.50 1.75 Men's Extra Quality Brown Calf Boots, Bell make 16.50 8.25 Brown Boots, Welt Soles 11.00 5.50 Grain Working Boots 7.00 3.50 Boys' Red Grain School Boots 6.00 3.00 Children's Shoes 2.00 1.00 SPECIAL. Men's High Grade Lumbermen's Rubbers (all white) 1.00 2.98 100 pairs Women's Rubbers (assorted styles) 1.00 .50 Hundreds of pairs more will be offered at like reductions. Come on the opening day, we'll have the shoes ready for you. C. B. LONGMIRE "THE HOME OF GOOD SHOES" Stores at Bridgetown and Annapolis

H. Baud, Mr. and Mrs. Farquhar, Miss Harley, Miss Simons, Miss Laura Simons, Messrs Whitman, Taylor, Mitchell and Henry. LOCAL DEATH ROLL WILLIAM S. CLARK The writer wishes to announce to the many friends and relatives through the medium of the columns of your valued paper, the death of West Hanover, Mass., December 28th, 1921, of Mr. William S. Clark, formerly of Alma, P.E.I., at the age of eighty-nine years. Mr. Clark was born at New London, P.E.I., the son of James Clark and Eliza (Bell) Clark of that place. He leaves behind to mourn his loss, his devoted wife, Martha (Cannon) Clark of West Hanover, Mass., six sons and four daughters: George J. Clark, of West Hanover, Mass.; Washington, of St. Petersburg, Fla.; Allen F., of West Hanover, Mass.; Andrew B., of Bridgetown, N.S.; Newman H., of Los Angeles, Cal.; Isa W., of Houston, Tex.; Mrs. May G. Crockett, of Lynn, Mass.; Mrs. Eliza B. Alley, of Lynn, Mass.; Mrs. Eliza B. Crockett, of Summerside, P.E.I.; Dr. Emily C. MacLeod, of Boston, Mass.; Mrs. Mattie Gaffney, of Petoskey, Mich., together with 32 grandchildren and several great grandchildren. Mr. Clark was a member and deacon of the Baptist Church for over forty-five years, an earnest and devout Christian, a man of whom his associates have remarked that he had always lived a clean, honorable life, and dealt squarely with his fellow men. His last words, uttered shortly before his death were these: "I hope for a crown." His life was lived such and his honest Christian endeavor and firm faith in the truths of the Bible in which he was well versed, that he leaves to those he has left behind, a golden trail that will ever remain as a permanent monument. The funeral services which were held on December 31st, at 2 p.m., from the residence of his eldest son, George J. J. Clark, at West Hanover, Mass., were conducted by Rev. Edwin H. Gibson, of Hanover, and Rev. A. E. Woodsum, of Rockland, assisted by the Curtis Male Quartette of Abington, which sang "Lead Kindly Light," "Rest In Peace" and "The Christian's Good-night." The attendance was largely made up of members of his family, relatives and friends. The floral offerings were many and beautiful, showing the esteem in which the deceased was held by those who knew him. His death at this time brings to mind a very sad accident that occurred in his immediate family on January 17th, 1867, in the loss of the good ship "J. J. Fraser" which foundered on a reef off the westerly entrance to the Straits of Canso in which all the male members of his family lost their lives, including Capt. George Clark, James and John Clark three of Capt. George Clark's brothers in law, the Anderson boys of Cape Breton. Mr. Clark on hearing of the fatal accident and, after interviewing the only surviving member of the crew of the ill-fated brigantine, wrote those memorable verses entitled "The Loss of the J. J. Fraser" and published and returned to in the history of P. E. I., in which he pictured the heart rending scenes enacted there as described by an eye witness and also the sad and sorrowful scene enacted in the peaceful home of Capt. George Clark when the news was broken to his bereaved wife and mother of his five small children, the knowledge that her husband and his two brothers together with her own three brothers had perished.—COM.

MRS. WM. J. MAXWELL A despatch received here Monday morning announced the sudden death of Mrs. William J. Maxwell, of St. John, which occurred at her home in that city Sunday afternoon. Mrs. Maxwell, who was formerly Miss Janey McIntyre, was seventy-two years of age and was highly respected by a large circle of friends, was a very affectionate wife and mother, and a lady whose place in church and social circles will be difficult to fill. Plans had been already completed for the celebration of Mr. and Mrs. Maxwell's golden wedding for they would have been married fifty years on January 29th, when all the family expected to be present, but her death occurred just three weeks before the date to be celebrated. All her family were present at the funeral yesterday, but under sad, instead of enjoyable, circumstances. She is survived by a grief stricken husband, two sons, W. H., of Bridgetown and F. L., of Everett, Mass., and six daughters, Mrs. E. B. Seeley, Boston; Mrs. R. E. Hamm, Toronto; Miss Florie Maxwell, at home; Mrs. F. B. Jackson, Mrs. E. M. Harrington, St. John; and Mrs. H. J. Anderson, of Renforth, N. B. Interment took place in the city yesterday. The floral tributes were beautiful, showing the high esteem in which the deceased was held by her relatives and friends. The MONITOR extends its deepest sympathy to the bereaved ones. THOMAS R. JONES Thomas R. Jones, one of the prominent men of Annapolis County, died Tuesday, January 3rd, at his home in Middleton. Mr. Jones was born in Morganshire, Wales, in 1840, and came to Canada in 1862. He first settled in Halifax, then removed to Round Hill and later to Nictaux West, where he engaged in lumbering and farming. He became one of the leading agriculturists of the province and took a foremost place in the work of the agricultural societies of the province. In 1892, and again in 1897, he contested Annapolis County in the interests of the Conservative party, with the late Hugh Gillis, of Annapolis in 1892, and the late C. S. Harrington, of Halifax, in 1897. Mr. Jones' popularity was attested to by the fact that on both these occasions he led his colleague. In 1909, Mr. Jones moved to Middleton, where he has since resided, and has taken an active part in community life. When the town became incorporated, in 1909, Mr. Jones, by acclamation, was elected as first mayor, in which position he served two terms. Mr. Jones leaves a widow but no children. Services were held Thursday with Masonic honors. MRS. JAMES E. COHOON Mrs. Annie E., wife of Mr. James E. Cohoon, of Bear River, passed peacefully away at Hampton, Annapolis County, Sunday afternoon where she had gone for medical treatment, having suffered with brights disease for many years. The deceased who was a daughter of the late Mr. and Mrs. Francis Rice, of Bear River, was a prominent member of the Bear River Baptist Church and had led a consistent Christian life. She was also a member of Etta Rebekah Lodge I. O. O. F., and took a deep interest in the three-link fraternity. She is survived by her husband, one son, William, of Bear River, and one daughter, Mrs. Everett Peach, of Malden, Mass. She also leaves three brothers, Melborne Rice, of Iansdowne; James A., and Omer, of Digby, and two sisters, Mrs. Wm. Jefferson, of Mt. Pleasant, and Mrs. Charles Rice, of Bear River. The remains were conveyed from Hampton to Bridgetown by Undertaker W. E. Reed, and accompanied to Bear River by her husband, where the funeral takes place to-day with interment in Mount Hope cemetery, the services being conducted by the pastor of the Church of which she was a member. MRS. CAROLINE MARSHALL Mrs. Caroline Marshall died in Lynn, Mass., on Thursday, December 29th, after on week's illness of bronchial pneumonia at the advanced age of eighty-five years, two months and twenty-two days. The deceased was the widow of the late William Henry Marshall and was born at St. Mary's Bay, October 7th, 1826. She was, for many years, a member of the Hillgrove Baptist Church. For the past fifteen years she has resided in Lynn, where she leaves three daughters, Mrs. E. W. Bacon, Mrs. A. E. Johnson and Mrs. F. E. Marshall. She also leaves one son, Melborn P. Marshall, of Alberta, Canada. Funeral services were held from the residence of her daughter, Mrs. E. W. Bacon, 151 Allen Ave., on Saturday afternoon, Decem-

ber 31st, and were conducted by Rev. Chester Underhill, of the Washington Street Baptist Church. The remains were placed in the receiving tomb at Pine Grove cemetery until spring when they will be removed to Hillgrove, Digby County, for interment. MRS. J. C. PORTER Clara, widow of the late John C. Porter, of Weymouth, died last week at the home of her daughter, Mrs. James A. Taylor, Acaciaville, Digby County, aged almost 82 years. She had been ill for some years, being a victim of paralysis. She was a daughter of the late Wheeler Minard and Lydia (Collins) Minard, and was born in Harmony Mills, Queens Co., on April 9th, 1840. Besides Mrs. Taylor, with whom she resided, she leaves one other daughter, Mrs. Herbert Wilson, of Joggins Bridge, and five grandchildren; also one brother, Newton T. Minard, of Harmony Mills, and one sister, Mrs. Samuel Nelly, of South Brookfield. The remains were taken to Weymouth on Saturday and interment took place on Sunday in St. Peter's cemetery, Weymouth North. Rev. M. Taylor, officiating. ISAAC JONES The death occurred at his home at Clementsport, last Saturday, of Isaac Jones, at the advanced age of ninety-two years, the oldest resident of that village. His wife predeceased him some years ago. Funeral services were conducted by Rev. C. A. Munro on Tuesday. He leaves a son, Joseph, and two daughters, Miss May and Miss Hattie, at home, and another daughter married in the United States. RE TUBERCULOSIS CLINIC Dr. Bayne, of the staff of the Nova Scotia Sanatorium, will attend at the County Health Clinic, Bridgetown, on Thursday, January 12th, from 2 to 4 o'clock p.m. to examine any patients who may be referred by physicians wishing expert assistance in respect to the diagnosis and treatment of possible cases of Tuberculosis. All follow up cases are expected to be present. Literature on Tuberculosis, Contagious Nursing and Child Welfare Work will be distributed. All are welcome. GRAND SIRE L. O. O. F. DEAD Toronto, Jan. 8.—Joseph Oliver, Grand Sire of the Independent Order of Oddfellows of America, former Mayor of Toronto, and prominent lumber merchant, died here to-day after an illness of three months. His passing had been expected for several days. Mr. Oliver was in his 70th year. COUGHS AND COLDS often tenacious, are a drain upon the vital forces. SCOTT'S EMULSION strengthens the whole system and helps drive out the pre-disposing cause. Scott & Bowne, Toronto, Ont. ARE INSECT PESTS ON THE DECREASE?

Entomologist In Charge of Insecticide Investigations, Annapolis Royal Nova Scotia

(By George E. Sanders)
(From The Halifax Herald)

The reply to the above question for Nova Scotia might now truthfully be either yes or no, depending on whether we have in mind a ten year period dating from 1911 or a five year period dating from 1917.

In different historical senses the present age has been variously termed "the age of man," "the age of iron," etc., but many biologists term it the age of insects since insects are now more numerous in species and numbers than all other animals combined and more numerous than in any previous age. Trade and commerce in spite of the greatest precautions is constantly carrying both harmless and injurious species from one country to another, so gradually causing a world wide increase in the aggregate number of insects. Examples of this extension of the range of insects by trade are the brown tail moth, the European cornborer, the San Jose scale, the apple sucker and the potato beetle. The settling of a country, the destruction of a portion of the natural flora and fauna upsets that delicate adjustment of natural control usually termed the balance of nature and in most cases the swing of the balance as regards insects is towards an increase rather than a decrease. Considering these factors we can with safety say that in Nova Scotia as in practically every other country on the globe, insect pests are considering long periods of years, on the increase. It often happens that by artificial means this gradual and inevitable increase can be arrested for long periods of years and crops grown indefinitely in sections where they would be destroyed if such artificial means of control were not adopted.

Comparing the condition of orchards and crops of to-day with that of ten years ago, shows that the artificial controls, i. e., spraying, dusting, collecting and destroying certain species, better cultivation and orchard management, now in operation, have during the period definitely reduced the damage done by insects to the average crop in spite of a number of new importations that have arrived during the period.

Various methods of control of course are practiced on different insects. One of the most spectacular is that employed in the control of the brown tail moth, which is done by inspectors in the employ of the Federal and Local Governments who visit all trees in the infested area collecting and destroying the winter webs. Against the same insect one of the most inconspicuous means of control possible is also used. Several lots of the insect parasites of the brown tail moth, from its native home, were liberated in the heavily infested areas where they are now inconspicuously assisting in keeping the members of the pest down. Against most orchard and field crop pests, such methods as the above are impractical and we have to rely almost entirely on spraying and dusting with arsenicals, nicotine compounds, etc., for control.

We often hear the phrase, "The cure is worse than the disease". In insect control this phrase may often be changed to, "The cure costs more than the damage". In so far as control is concerned, insects may broadly be divided into three classes:— (1) Those that always pay to combat, no matter how high the price of labor or material. In this class come the potato beetle, the codling moth, the green apple bug, the bud moth, etc. (2) Those insects whose damage amounts to about the same as the cost of treatment. The extent to which these insects are controlled varies with the price of the crop, the price of labor, the cost and efficiency of machinery for applying material and the cost of material. In this class comes apple aphids, the potato aphid, flea beetles, most shade tree insects, etc. (3) Those insects whose damage amounts to definitely less than it would cost to control them. Some of these might with changing conditions, changes in crops, changes in habits or application, move into the second or even the first class mentioned.

It can be readily seen that the extent to which insects are controlled depends entirely on the relative cost of control and the importance or value of the damage done by the insect.

It follows therefore that whether insects increase or decrease in a certain locality, depends very often on the price of nicotine, arsenic, copper and sulphur, and the cost of labor and machinery. The section of country that can keep the cost of nicotine, arsenic, copper, sulphur, and spraying and

GAINS REPORTED BY BUSINESS MAN

Resident of Salt Lake City Adds Ten Pounds While Wife Gains 28 Pounds In Weight

(By John J. Perry, 370 Quince St., well-known Salt Lake City, Utah, business man, in reporting remarkable gains in weight both by himself and his wife, says:

"My wife gained twenty-eight pounds and I gained ten pounds in a few weeks by taking Tanlac. The change in Mrs. Perry is all the more remarkable, as she had been going down hill steadily for four or five years. She got no nourishment from her food and I don't believe she averaged three hours sleep out of the twenty-four.

"While my condition was not as serious as hers, I had been under the weather for some time, had no appetite and was bothered a good deal by indigestion. Tanlac has certainly proved all and more than is claimed for it with us."

Tanlac is sold in Bridgetown by S. N. Wear, and by leading druggists everywhere.

dusting machinery, lowest will control its insect pests most thoroughly and make the largest profit from its crops.

It is in this connection that the Dominion Entomological Laboratory in Annapolis, has in co-operation with various organizations, chief of which is the United Fruit Companies, been largely responsible for the decrease in the numbers of insects that has occurred in Nova Scotia during the past ten years.

In addition to remarkable savings on large, shrewd purchases and economical distribution through the United Fruit Companies' organization, a number of new materials have from time to time been recommended by the Laboratory staff that has kept Nova Scotia to the forefront in so far as new and cheaper insecticides are concerned. One of the first of the cheaper insecticides to be brought into the province was arsenate of lime which costs only two-thirds as much as arsenate of lead. This low priced poison was more generally used in Nova Scotia than arsenate of lead before it had been more than merely introduced into the other apple sections.

When dusting was first introduced the price of dust was prohibitive and most of the large growers led by their dusting machines in 1918 on account of the high cost of materials. In 1919 the United Fruit Company brought their lead arsenate in Canada and mixed it in the Annapolis Valley with the result that the cost of material was almost halved and dusting given a new impetus. The invention and development of copper arsenic dust which was not only cheaper per pound but capable of spreading over fifty per cent more area, caused orchardists to take a greater interest in dusting than ever before and the result has been that there are now three hundred and fifty dusting machines in operation in the Annapolis Valley. The copper arsenic dust was invented and developed at the Annapolis Laboratory, and even yet its use is for the most part confined to our own province. On account of the new dust, dusting instead of being more expensive than spraying, as it formerly was, is now cheaper and the saving over liquid spraying, brought about by it, amounts to around seven dollars per acre or a total saving for the province last season of over \$40,000.00.

The invention of a method of using white arsenic, the cheapest of all poisons in Bordeaux, was made at the Dominion Entomological Laboratory in Annapolis. This poison costs but little more than one-tenth as much as arsenate of lead or Paris green and is being used successfully by a number of growers. With interest in dusting growing the Lloyd Manufacturing Company of Kentville built a first class power dusting machine and the Perfect Sprayers and Dusters Limited of Mahone Bay built one of the best hand dusters on the market; the latter concern are this season building what appears to be an excellent and extremely simple power dusting machine.

All of these things lower the cost of controlling insects in the province and owing to Nova Scotia having been in advance of all of the other provinces in cheaper methods and materials, more of the materials are used, the remedies have been more widely applied and the pests more thoroughly controlled than in any of the others.

The results are the three bumper crops of apples of the past three years in Nova Scotia. The three years continuous large crops establish a record in annual crops of apples over such an area and in addition the trees are well budded for a fourth. I think that we can truthfully say that insects are temporarily, at least, on the decrease in Nova Scotia, on account of artificial control now being more widely applied than ever before, this in turn having been brought about by lower priced materials and methods of application.

GALLANT RESCUE BY N. S. CAPTAIN

Thrilling Story of Ship-wreck and Of Heroism Which Followed

Canso, N.S., Jan. 4—Stripped of her sails, iced-up and unmanageable, the schooner Alexandria, bound from Ingonish, N.S., to Gloucester, Mass., with a cargo of fish, was driven ashore at Black Point, ten miles from here, at midnight on Monday in the height of the blizzard then raging over eastern Nova Scotia. Through the flying snow and frost-fog, the crew made out to leeward ragged masses of basaltic cliff, and realizing that their vessel would soon pound to pieces they attempted to launch their one small boat. But they had already cleared away he ice-logged lashings when a heavy comber breaking over the doomed schooner smashed the little boat to fragments.

The schooner pounded heavily, shattering her bottom and filling with water, and soon the spars went overboard, and the smothering snow shut out hope of rescue from the shore. The master, Captain Matthew Munro, resolved to take a desperate chance—the only chance. Tying a line about his waist, he jumped into the welter of icy waters where the broken spars and other wreckage tossed and tumbled, and fought his way through the roaring surf to the shore.

IN GRAVE PERIL.
For minutes he swam along the face of rocks rising sheer from the sea, in danger of being dashed to death, until at length in a rift of the snow, he sighted a low-lying ledge, upon which after a hard struggle he managed to land. Luckily the howling blizzard eased for a spell, and the master, recovering his wind, was able to drag his crew of five men through the surf to the safety of the shore. This done, the captain collapsed. Soaked, shivering and badly shaken, the ship-wrecked sailors set out to look for shelter, and after struggling through the heavy snow drifts, with two men assisting the master, they saw a light and were soon being made snug in a fisherman's cottage.

After Captain Munro had recovered from his experience he started for this port where he has a wife and eight children. But he found the going hard in the mountainous snow drifts and only arrived to-day, thoroughly done up.

The Alexandria, ninety-three tons, was owned by G. A. Cruickshanks of North Sydney, N.S. When Captain Munro visited the scene of the wreck before starting on his journey here, there was nothing left of her except some wreckage in the crevices of the cliffs.

Shut Out of Society
The profiteer's wife was dining out. During the evening the conversation turned on Dean Swift. After some time she turned to the man at her side, who happened to be an author, and said:

"Who is this Dean Swift, who is so amusing? I should like to invite him to one of my receptions."

"I'm afraid," answered the author, "that the dean has done something that has shut him out of society for good."

"Oh, how interesting," said the lady. "And what was it he did?"

"Some hundreds of years ago," replied the author, "he died."

WHERE NEWSPAPER MEN ARE HAPPY

In China, ere the year draws, all debts are paid and yet it is thought necessary to send missionaries to that country, some of whom are always arrears.

All of these things lower the cost of controlling insects in the province and owing to Nova Scotia having been in advance of all of the other provinces in cheaper methods and materials, more of the materials are used, the remedies have been more widely applied and the pests more thoroughly controlled than in any of the others.

The results are the three bumper crops of apples of the past three years in Nova Scotia. The three years continuous large crops establish a record in annual crops of apples over such an area and in addition the trees are well budded for a fourth. I think that we can truthfully say that insects are temporarily, at least, on the decrease in Nova Scotia, on account of artificial control now being more widely applied than ever before, this in turn having been brought about by lower priced materials and methods of application.

CHILDREN LIKE TO TAKE NADRUCO Syrup of Tar with Cod Liver Oil Compound

Its healing properties—so valuable in quickly relieving Coughs and Colds, Whooping Cough and Bronchitis—are masked and disguised by sweet, pleasant-tasting syrup.

A dose at bed-time will save the children from coughing spells during the night, as this remedy soothes the throat and loosens the phlegm.

Sold by all druggists.

FLOWERS IN THE WINTER

Hyacinths, Narcissi, Tulips and Lilies Can be Grown in the House

Bulbs of various kinds, grown indoors during the winter months, add much to the attractiveness of home surroundings and their culture should be more general than it is. A bulletin dealing with the matter in detail, prepared by the Superintendent of the Dominion Experimental Station on Vancouver Island, has recently been issued by the Department of Agriculture, Ottawa, and is available upon request. Provided certain essentials are observed, success is easy. A glass house is not necessary, but only a good basement and a few windows. The temperature must not be permitted at any time to register more than six degrees of frost. Roman hyacinths, Paper White narcissus and Freesias will supply all the winter bulb bloom desired up to the end of January. After the first of February, the Dutch Hyacinth, early varieties of narcissi, and early tulips will provide a wealth of bloom as extensive and attractive as one can wish for. The writer says that he has prepared the bulletin chiefly with the view of aiding farm women to brighten their homes and door-yards during the dull season, but there is no reason why dwellers in town and country alike should not do the same thing if they will follow the instructions that are set forth. Lists of suitable varieties are given. The requirements, besides, care and attention are a good quality of bulb, firm and of decent size, flower pots, pans or boxes, and some fine garden loam, and sand. To know the treatment that must be followed it is necessary to consult the bulletin, in which the methods are also given that should be adopted for outdoor cultivation in colder districts. It would appear from the experiments made that many bulbs which are now imported from Holland might be produced in Canada. Even now there is a progressive trade in bulbs between British Columbia and Ontario and Alberta.

JANUARY ROD AND GUN

Lovers of the out-of-door life will welcome the January edition of Rod and Gun in Canada, which contains many interesting and instructive articles and stories dealing with Nature and her children, in the winter. "Teens Less Twenty" is the title of a romantic story by Charles Dorian, the well known short story writer, which appears in this issue along with several other stories by such well known writers as F. V. Williams, Harry M. Moore, E. T. Martin and others equally famous. For the first time there is the usual valuable Guns and Ammunition department and special articles on rifle and revolver shooting. The fisherman takes a trip along a Nova Scotian trout stream, by Bonnycastle Dale, while Robert Page Lincoln's articles open the road to the thrills of ice fishing. The trapper is taken care of by M. U. Bates and Archie Jocelyn, in the Trap Line department. The January issue of the national sportsman's magazine of Canada is published monthly by W. J. Tylor, Limited, Woodstock. A. J. Burns, agent, Bridgetown, N. S.

CANADIAN COW WORLD BEATER

Montreal, Jan. 4.—De Kal Plus Segs Diddle, now comfortably housed at Vandreuil, near here, has broken all world's records in 1921 by the production of 32,668 pounds of milk, which gave 1,438.98 pounds of butter. Dekal is one of an accredited herd of Holsteins sheltered on the Raymond farm of Donat Raymond at Vandreuil. Her output for the year is certified by C. S. Wood, chief inspector, and R. S. Hamer, live stock commissioner for the Dominion of Canada. The best previous record for milk production was the 30,872.2 pounds by Raphaela Johanna Aaggie 3rd.

ANOTHER BIG SUGAR DROP

Ottawa, Jan. 4.—A further drop of fifty cents per hundred weight in the wholesale price of sugar in Ottawa went into effect yesterday.

Granulated sugar is now selling at \$7.25 per hundred weight as compared with \$7.85 a week ago, a drop of sixty cents since prices broke on the Cuban market, a few days ago.

SOME OF MORSE'S TROUBLES

The Penobscot Once Ran Between Boston, Digby and Annapolis Royal

Bath, Me., Jan. 4.—Chas. W. Morse, of New York, who is under \$50,000 bail on charges alleging a conspiracy against the federal government, tells of some of his "troubles" with the shipping board, which led to the government's request that he return immediately upon arriving in France, for a visit and his arrest upon his return. He is visiting Miss Jennie M. Morse, his sister, who is ill at the Morse home-stand here.

"The trouble is," said Mr. Morse, "the shipping board seems to want to evade paying its bills. Concerns with which I am affiliated have bills aggregating between \$22,000,000 and \$23,000,000 against the board, and never have got any satisfaction. We have repeatedly offered to let arbitrators settle the dispute, an offer which the board has just as repeatedly refused."

Mr. Morse cites one case, "Just to show what we are up against." "The old side-wheel steamer Penobscot," he said, "which one time ran on the Bath-Boston route, and whose name was changed to the Fenimore, was used by us during the war to transport munitions from a naval base in Hampton Roads to the fleet which was in York River.

"The insurance companies notified us that they had withdrawn the insurance on the steamer because of the dangerous work, so we notified the commandant at the Norfolk navy yard that we would have to withdraw the steamer. He told us that the government would commandeer the Fenimore, so we kept running with that understanding."

"Two weeks later she blew up and we have never been able to get settlement, and cannot even get the case into court. The government claims the commandant had no right to tell us the steamer would be commandeered."

(Years ago, the old Penobscot used to ply between Boston, Digby and Annapolis, when the International Line was in existence.)

TRIFLING WITH TUBERCULOSIS
(Montreal Star)

Tuberculosis has carried off hundreds of thousands of Canada's citizens with scarcely a hand raised to strangle the destroyer.

The human impulse that at present provides Sanatoria for five per cent. of the cases is not despicable, but alas, how inadequate and what a mockery. Every tubercular case in a household endangers the lives of all the inmates, practically of all the neighborhood.

The time for action is a century past due and yet our arms are folded while the afflicted spread the contagion and die.

Legislators will spend days and weeks in discussing the raising of their stipends and haven't a day for these helpless and innocently contaminating sufferers!

Is there in our national history any tragedy more ghastly than the cruel indifference to our tuberculosis sufferers? The old Government was prodded to act, but moved not a finger. Will the new Government do better? Not likely, unless they are prodded harder and more persistently. This country is stagnating for want of statesmen. Of politicians there are plenty. Of statesmen who really care for the welfare of the members of the state, an alarming scarcity.

WISPS OF WISDOM

What we are to-morrow is what we make ourselves to-day.

Idleness travels leisurely and poverty soon overtakes it.

Look upon your duties not as so many obligations but opportunities. Never climb a mountain until you come to it—then perhaps it won't be there.

A country is not made by the number of square miles it contains, but by the number of square people it contains.

A man should never be ashamed to admit that he has been in the wrong, which is but saying that he is wiser to-day than he was yesterday.

The more a man thinks about himself—if he thinks clearly—the more humble he will become. Conceit is a sign of confused perceptions.

FRIENDSHIP

It is my joy in life to find. At every turning of the road. The strong arms of a comrade kind. To help me onward with my load. And since I have no gold to give And love alone must make amends My only prayer is, while I live, God make me worthy of my friends.

NEW BROKERAGE AT KENTVILLE

The Marketing of Nova Scotia Products in Foreign Markets

Mr. H. E. Kirkpatrick, Kentville, who is now in England, has lately completed the organization of a brokerage concern, the chief activity of which will be the marketing of Nova Scotia products in foreign markets. The headquarters of the new organization will be at Kentville. It will also be represented in London, Eng.

It is a fact that while Nova Scotians have a particular bent for manufacturing and producing merchandise, the value of which qualifies it to compete in any of the world's markets, nevertheless the marketing part of our producing activities is frequently sadly neglected, resulting very often in our goods commanding much lower prices than would be the case if these articles had adequate representation and advertisement on foreign markets.

Too often the sale of wares is left in the hands of disinterested foreign brokerage houses who, while they are in most cases of unimpeachable honesty, yet fail to realize the full value of our goods, simply because they are only concerned with its immediate sale and not with such important details as proper advertisement and exploitation. Hence our goods are put in competition badly handicapped with merchandise which receive this proper marketing attention.

The new house will specialize in Nova Scotian canned lobsters, canned apples and evaporated apples, realizing that nowhere are better canned goods manufactured than in our province.

One of the chief features of Mr. Kirkpatrick's new house will be personal representation of the merchandise in foreign markets. In this way these goods will be sold, not by a disinterested foreign broker, but by Nova Scotians themselves, who are vitally interested in seeing that the highest market prices are obtained proportionate with their real value.

In this connection Mr. Kirkpatrick has just sailed for London, England, accompanying a large shipment of the evaporated apples which will put on the market there.

He will return to this country in six weeks, equipped with representation in every U. K. market and ready to resume operations as foreign distributor for any pack of Nova Scotian canned goods.

A large quantity of the evaporated apples in the shipment above referred to was put up in M. W. Graves & Co.'s well known establishment at Bridgetown.

WILL MEET IN BRIDGETOWN

The annual meeting of the N. S. F. G. Association will be held at Bridgetown, January 17th-19th. A very attractive programme is being arranged of the most important questions appertaining to fruit growing, pre-cooling of apples; the intelligent uses of chemical fertilizers; strawberry culture, etc. No less than ten professional speakers from the Dept. of Agriculture of the U. S. and Canada will be present to address the various meetings. Everybody interested should attend and make the 58th annual meeting of the N. S. F. G. Association the "Banner Meeting" ever held. Everybody welcome.

EX-MAYOR OF MAPLE CREEK DEAD

Lethbridge, Alberta, Jan. 4.—John Dixon, former mayor of Maple Creek, member of the Saskatchewan University Board of Economics, President of the Alberta Clay Products, Medicine Hat, and an extensive rancher and leading merchant at Maple Creek, died suddenly yesterday at Maple Creek, where he had resided since 1882. He was a native of Peterboro, Ont.

QUESTIONS AND ANSWERS BY CANADIAN FORESTRY

Q. I have a son just graduated from high school who wishes to take a training in Forestry. What schools are available in Canada?

A. There are Forestry Schools at University of Toronto, Laval University, Quebec, University of New Brunswick, Fredericton and University of British Columbia, Vancouver. Write to the nearest one for a calendar. The usual course is four years and the summer vacations are usually spent in actual woods work in the employ of governments or private companies.

Q. I have had some little experience as a woodsman and would like to qualify for a position in the Government Forest Service. Is there any short course available?

A. Nearly all the senior executive officers in the government forest services are graduate foresters who have spent at least four years in a college of forestry. We have not as yet any Canadian schools to train men for the junior branches. You might write the College of Forestry, Syracuse, N. Y., for particulars regarding the State Ranger School at Wannakena, N. Y. The latter provides a short course such as you desire.

Q. I have heard somewhere that it takes several hundred spruce logs to produce a single edition of one of our large daily newspapers. Have you the figures for this?

A. It has been estimated that a newspaper with one hundred thousand circulation will require about 225 average size spruce and balsam logs for a single issue.

Q. Would you advise planting Manitoba Maple as a shade tree?

A. As you are living in Eastern Canada you had better choose a more satisfactory maple. The Manitoba Maple is a quick grower and that is about its only worthy feature, particularly when you have the choice of a dozen far superior shade tree species. Why not a Norway Maple?

Q. Is it true that the people of Canada are the legal owners of nearly all the forest lands?

A. It is true indeed, and a fortunate fact for the Canadian people. While a considerable part of the standing timber is leased to corporations and put, to good use, the title to the land itself remains in the name of the people. This means that the mass of Canadian citizens and not primarily lumbermen or pulp manufacturers are responsible for the management of the timberlands and will be answerable for handing on to the next generation the forest asset in as good or better condition than we ourselves have found it.

Getting Tired in Advance

"You look tired."

"Well, it's hard work carrying a load of bricks up to the third storey."

"Have you been doing it long?"

"No—I start to-morrow."

WEDDING BELLS

POOLE-BARKHOUSE

A wedding of much interest locally took place in the Baptist Church, Westport, Tuesday evening, December 27th, when Frances B., youngest daughter of Capt. and Mrs. L. F. Barkhouse, was united in marriage with Wiley E. Poole, of Upper Granville, by Rev. J. B. Anderson, pastor of the church.

The bride who is one of Westport's most popular young ladies, looked very winsome as she was escorted to the altar by her father. Her dress was of white duchess satin, and she wore the conventional veil and wreath of orange blossoms, carrying an arm bouquet of white carnations, chrysanthemums and maiden hair fern.

She was attended by Miss Frances Bailey as maid of honor, and Annie Mand Kenney, small daughter of Mr. and Mrs. D. B. Kenney, as flower girl, the former gowned in blue silk with hat to correspond, the latter in pale pink silk with wreath of flowers in her hair. The groom was supported by Bernard Bowers. Mrs. Fred Phinney, sister of the bride, played the wedding march. The ushers were the Misses Lulu Lapool and Gertrude Titus.

After the ceremony a reception was held at the residence of Capt. Barkhouse, where over one hundred guests greeted the happy couple, and spent an hour or two in social intercourse. Many lovely presents of silver, linen and embroidery testified to the high esteem in which the bride is held in her native town.

Among the out of town guests were Mrs. Charles Poole, mother of the groom, of Upper Granville; Mr. and Mrs. Fred Phinney, of Middleton; Mr. and Mrs. Boyd Coggins, of St. John; and Miss George S. Gilliat, of Granville Ferry.

SAUNDERS-CHESELY

A wedding of much local interest took place on Wednesday evening, December 28th, at the Baptist parsonage, Paradise, when Mrs. Annie E. Saunders and Mr. Byron F. Chesley, both of Paradise, were united in marriage by Rev. W. Steadman Smith. The bride, who was dressed in taupe satin, trimmed with beading and silk embroidery of blue, with hat of black mirror velvet, was given away by her eldest son, Max G. Saunders. Immediately after the ceremony the bridal party proceeded to the residence of the groom, where later in the evening they were given an enthusiastic serenade by many of their friends.

DURLING-HANNAM

A quiet wedding took place at the home of Mr. and Mrs. Sam Hannam, at Dalhousie, on December 25th, at five p.m., when their youngest daughter Florence Mae was united in marriage to Mr. Laurence Edward Darling of Dalhousie. The Rev. Mr. Wallace officiated. The bride was prettily dressed in blue silk beautifully embroidered with beading. After the ceremony a dainty supper was served to quite a number of invited guests. The evening was spent in music rendered by Mrs. Fred Hannam. At a late hour the guests left for their homes, wishing Mr. and Mrs. Durling many years of happy wedded life.

MONTREAL FIREMAN STABBED

Montreal, Jan. 5—P. Damond, an employee of the fire department, is at present lying in the hospital in a critical condition, following a murderous assault made on him by two masked bandits, who stabbed him in the stomach and abdomen.

Engine trouble delayed the midnight freight at Bridgetown for several hours last Monday morning.

MARINE NEWS

Steamer Canova, Capt. Mundy, Annapolis, is due at San Juan, Porto Rico, from New York.

The barge Daniel Munroe has arrived at Digby to haul up for the winter and for repairs. She is docked at the Spurr pier.

The former Weymouth tern schr. Rosalie Bellevue was sold at public auction at St. John's, Nfld., to P. H. Comeau for \$1,200.

Tern schooner J. Scott Hankinson, Capt. Arthur Moore, is at Yarmouth from Boston to load back with another cargo of lumber.

Schooner A. W. Longmire, Captain Longmire, arrived at Yarmouth on Saturday evening with a fare of about 5,000 pounds fresh fish.

The Lunenburg tern schooner General Pau and J. W. Comeau, both from Barbados, arrived at Port Arthur, Texas, on the 29th.

The Digby schooner Dorotay M. Smart, Capt. Ross, which left Yarmouth on Saturday morning, returned to that port the same evening with only a few fish.

Tern schooner Maid of France, Capt. John Haughn, cleared from Halifax Friday for Pernambuco, Brazil, with a cargo of dry fish packed in drums, and shipped by Robin Jones and Whitman.

The position of Superintendent of Sable Island has been vacant for some time, J. M. Campbell, the former official having been superannuated, and the civil service commission is advertising for applicants for the same.

Digby Courier: James Apt and Herbert Taylor, two fishermen on the Granville Shore, left at four o'clock last Saturday afternoon on a fishing trip. They were caught out in the severe storm and did not make land again until eleven the next morning.

The Newfoundland Government has decided to pay a bounty of \$30 per ton on all schooners over twenty-five tons and up to and including fifty tons register, built on the island this winter and fully equipped and ready for sea by July 1st, 1922.

Vessels now building, whose keels were laid after October 14th, will be eligible for the bounty. The Government's object is to assist the fishing interests to replace the numerous vessels lost last year and to provide employment for those out of work.

BORN

MILLS—At Bridgetown, Jan. 3rd, to Mr. and Mrs. Carman Mills, a daughter.

SAUNDERS—At East Margareville, December 30th, 1921, Sophia, wife of Charles Saunders, aged 69 years.

CORRESPONDENCE

To the Editor of The MONITOR:

Dear Sir:—I read with a great deal of interest and pleasure in the last issue of The MONITOR, a very excellent report in connection with the Christmas tree and entertainment held in the Recreation Hall on December 27th. In this report, the writer very aptly describes the various features of the evening's programme, but for the benefit of those who contributed toward the Christmas fund, and who were not present, I would like to add, that the usual well laden trees were in evidence, one on either side of the stage, and fairly groaning to be relieved of their burden of gifts which would in due time be distributed, and further gladden the hearts of some one hundred recipients.

After the evening's splendid programme had been brought to a close, and listened to by an appreciative audience, Santa arrived, and with the assistance of willing workers, soon had the various gifts distributed, thus bringing to a close one of the most successful entertainments ever held in the hall. While a number of the inmates, due to various reasons, were not able to attend the entertainment, over fifty were in attendance, and enjoyed to the full, the results of the splendid efforts made in their behalf, memories of which, will not soon be forgotten. Those who were not so fortunate as to be present, received their gifts at the Institutions. In the distribution of these gifts, I need only say that owing to the limited amount of means at our disposal, and the fact that such a large number were to be remembered, it was not possible to make any lavish distribution, in fact, more could have been discreetly used. However, all received a fair portion of useful and pleasing gifts: some of which will be in use for some time; those things edible having already served their purpose.

Before concluding, I wish to take this opportunity of expressing my appreciation to those who have been ever ready to give of their talents, time and financial support toward the various special efforts made in behalf of those already referred to; and last, but not least, we extend our sincere thanks to you, "good friend Editor," for the very generous support you have always given us through the columns of your excellent paper, The MONITOR.

A. F. HILTZ.

Bridgetown, Jan. 6th, 1922.

DIGBY COUNTY NEWS

Mr. H. B. Short is again able to be around after his recent indisposition.

Miss Dorothy Snow left Saturday for Lakeville, Kings County, to reopen her school.

Mrs. W. J. Cohoon returned to Halifax Monday after visiting her former home in Digby.

Martin Bain, of St. John, is enjoying a well earned vacation and is spending it with relatives here.

Mr. Thomas C. Gibbons, principal of the school at Smith's Cove, spent Christmas with his parents at Roxville.

Mr. Eric Morse has completely recovered from his recent illness and has returned to Halifax to resume his position.

Mr. and Mrs. J. C. Height and child, of St. George, N.B., arrived Tuesday and left for South Range to spend the winter.

The Acadia College students who were home for their Christmas vacation returned again to take up their studies last Tuesday.

Mr. D. H. Thurber, marine superintendent of the France and Canada Steamship Corporation, was in town this week on personal business.

Mr. John Teed, who spent Christmas with his mother, Mrs. H. M. Teed, returned to his home in Grand Manan, on Tuesday of last week.

Fire did considerable damage to the residence of W. L. Holdsworth last Friday. It caught from an overhead pipe passing through the floor.

Customs Officer W. J. McMahon, of Weymouth, left on the 27th of December for East Port and Port LaTour to instruct the newly appointed officers of said ports.

Miss Evelyn Ellis, after spending her Christmas holidays with her parents, Mr. and Mrs. James Ellis, was a passenger to Halifax on Wednesday, to resume her work as a teacher on the staff of the School for the Blind.

Mrs. J. S. MacLeod and little daughter Isabelle, of Sydney, spent a few days in Digby last week; the guests of Mrs. MacLeod's mother, Mrs. John Beaman. They were passengers on the east bound train Wednesday to Wolfville where Isabelle will resume studies at the Junior Acadia Seminary.

The worst thing that can befall a young man is to fall hopelessly in debt and to a young married man it is doubly dangerous. Young man, live within your income, if it is not more than a trifle. The old maxim: "It is not what you make, but what you save that makes men rich."
