MAKE GAINS IN ARTOIS

Foothold Secured in Trenches After Series of Counter Attacks.

Special Cable to The Toronto World.
PARIS, Aug. 20.—Desperate fighting at close range in the Argonne, in which the French have more than held their own, is reported in tonight's official statement. German attacks on French positions near St. Hubert and Marie Therese were complete failures, the attackers suffering heavy losses. The fight is proceeding, however, and is of great intensity, hand grenades and torpedoes being thrown from trench to trench.
In the Artois region the enemy has, however, been more successful. Admission is made that the Germans have regained a foothold in the trenches on the road from Ablain to Angres, from which they were driven on Thursday last.
Regained Foothold.
The statement says: "In Artois, after a violent artillery fight and three new counter-attacks during the night of Aug. 19-20, the enemy succeeded in regaining a foothold in the trenches which we had taken from him on the 15th on the road from Ablain to Angres. The Germans sustained severe losses."
"Artillery duels have occurred on a great many points, notably at Bally, on the banks of the Oise, on the plateau of Queenvillers in Champagne, on the front of Perthes-Beauejour, between the Argonne and the Meuse, in the region of Betsincourt-Haucourt, and in the Vosges in the region of Hilsenfrast."

EIGHT AMERICANS MISSING WHITE STAR LINE REPORTS

Latest Revised List of Arabic Survivors Shows Twenty-five Passengers Not Accounted For—Seventeen From Cabin and Eight From Steerage.

NEW YORK, Aug. 20.—A revised list of the surviving passengers and those unaccounted for, corrected according to the only despatch received by the company today, was given out by the White Star Line tonight. It showed that 25 passengers were still among the missing, 17 from the cabin and eight from the steerage. The list included eight Americans, Mrs. Josephine L. Bruguliere, Edmond F. Wood, James Houlahan and Thomas Elmore, the last named a steerage passenger; Mrs. F. T. Moore, Mr. and Mrs. Fred Burgess and J. Kellott. Messrs. Houlahan and Elmore, despatches received by the state department last night, said were among the saved, and in the White Star list, after their names, a note to that effect was given. Tonight, however, a despatch was received by the state department from the American consul at Liver-

KITCHENER INSPECTED CANADIANS AT FRONT

British and French War Ministers Covered Much Ground in Recent Four Days' Tour—Kitchener Decorated Gallant Frenchman.

BRITISH HEADQUARTERS IN FRANCE, Aug. 19, via London.—Field Marshal Earl Kitchener, the British secretary for war, and Alexandre Millerand, the French minister of war, who were here as the guests of Sir John French, commander-in-chief of the British forces on the continent, have completed a four days' tour of inspection of the British and French fronts, the second one they have made. Earl Kitchener visited points which his time did not permit him to reach on his summer tour. Wherever the two war ministers went their fast automobiles arrived and departed punctually on the minute, and the crowded program of these responsible heads of the two armies read, for example, something like the following:
8.45 p.m.—Inspect a battalion of engineers.
4.15 p.m.—Inspect a regiment of Canadians.
4.45 p.m.—Inspect hospitals for convalescents.
5 p.m.—Meet divisional commanders of certain army corps.
Honored by Kitchener.
The war ministers examined various types of French motors and saw them fired. At parade one of the divisions was inspected and Earl Kitchener publicly presented the British Distinguished Service Order sent by King George to Capt. Doumayon, a French army officer and aide to Minister of War Millerand, as a reward for the part the officer had played in his important diplomatic and military role in co-operation with the allied governments and in co-ordinating the work of the allied armies.
The last night of Earl Kitchener, clad in khaki and with a blaze of colors on his breast, and the sturdy form of the French war minister in his civilian clothes, showed a striking contrast as the two men stood side by side and reviewed crack regiments of the British army as the troops marched.
Today, Earl Kitchener spent two hours with the commander of the British first army.

FEARS FELT FOR SAFETY OF NICOSIAN AND LAPLAND

White Star Line Officials Admit Doubt as to Fate of Latter Steamer—Bovic Reported to Have Arrived Safely.

NEW YORK, Aug. 20.—The British censor apparently silenced today the wires leading to the White Star Line here from England. Only one despatch relating to the sinking of the Arabic—a message detailing certain changes in previous lists of survivors and missing—escaped his ban.
The lack of definite news from abroad was balanced by a host of rumors that left officials in a keen state of apprehension as to the fate of at least one more big steamer in or near the war zone, the Lapland, which sailed Aug. 12 from this port for Liverpool with 318 passengers, including 13 Americans, and a capacity cargo of war munitions and other supplies.
Another report stated that the liner Bovic, a freighter departing from New York Aug. 8 with a big cargo, but no passengers, for Manchester, had the Arabic's fate. The reported sinking of the Bovic was declared to be untrue. The despatch added that the liner which has received enormous and very profitable war orders.

LANDING BRITISH TROOPS PROVED DISAPPOINTMENT

LONDON, Aug. 20.—It is now evident that the fresh landing of British troops at Suvla Bay, on the Gallipoli Peninsula, robbed of its element of surprise by the appearance of Turkish reinforcements, has proved somewhat of a disappointment, the only gain being that another strip of the peninsula is in the possession of the allies and more Turkish troops must be employed against them.
Queenstown's interpretation of the disturbing rumors about the Lapland failed, however, to give much comfort to the Lapland's owners. The Lapland, a Red Star liner under charter to the White Star Line, sailed from this port with 318 passengers and a large and valuable cargo on the afternoon of Aug. 12.
She was expected to arrive in Liverpool late tonight or tomorrow morning, and the fact that she was due in the war zone added to the apprehension of the line officials here.
Other steamers reported sunk yesterday are: Bittern, Dunsley, Ben Vrackie, Samara, New York City, Restormel, Baron Erskine, gladiator (all British), Bras and Sverresburg (Norwegian), and the Pena Castillo, a Spanish vessel. According to despatches only two of the crew of the latter were saved. The number of men carried is not stated.

SERIOUS CRISIS NOW ADMITTED AT WASHINGTON

Confirmation of Reported Loss of Americans Greatly Increases Tension.

EVIDENTLY NO WARNING

Did Arabic Try to Ram the Submarine? is Point Raised.

WASHINGTON, Aug. 20.—Tension increased in official quarters here tonight when consular messages forwarding affidavits of American survivors of the British liner Arabic brought definite information that the vessel was torpedoed without warning, and that at least some Americans had been lost.
It seemed that but one point remained to be cleared up—whether the Arabic attempted to ram the submarine or whether a change of the liner's course to assist the already sinking British steamer Dunsley, nearby, was misinterpreted by the German submarine commander as a hostile approach.
The attitude of the American Government for the moment is receptive, and reserving judgment as to whether the action was "deliberately unfriendly." The final decision rests with President Wilson.
At Turning Point.
The president motored to Philadelphia today to see an oculist. He had consulted Secretary Lansing before leaving and on returning to Washington tonight conferred with him again. No statement was forthcoming, as details from abroad were lacking, but everywhere in official quarters the grave aspects of the case were discussed. The general trend of comment was that the American Government must now decide whether it would sever diplomatic relations with Germany.

Two Thousand Shell Makers Have Returned to Work.

OTTAWA, Aug. 20.—The following announcement was issued here tonight:
Re munitions strike at New Glasgow:
"Two thousand employees of the Nova Scotia Steel and Coal Company at New Glasgow and Trenton, N.S., employed on shell work, returned to work this morning, the parties having agreed to refer questions at issue to a conciliation board, established under the Lemieux Act, work proceeding during the enquiry by the board. The minister of labor consented to waive formal proceedings so far as possible, expecting the establishment of a board, members of which will probably be named today. Good order prevailed in the two towns during the cessation of work."

BANK MERGER PROPOSAL IS DEFINITELY REJECTED

Finance Minister White Has Notified Royal Bank and Bank of Hamilton That Amalgamation Will Not Be Permitted.

By a Staff Reporter.
OTTAWA, Aug. 20.—With regard to the tentative proposals for the amalgamation of the Royal Bank and the Bank of Hamilton, which have been placed before him, the minister of finance stated this evening that after giving the matter very careful consideration he had reached the conclusion that, as both the banks in question are strong, favorably known and well-established institutions, and are actual and potential competitors in the Canadian banking field, it would not be in the public interest that he should give the consent required from him under the terms of the Bank Act, and the parties have been notified accordingly.

The Proposed Bank Merger

The World had a talk yesterday with two very prominent citizens of Ontario. They both denounced the proposed bank merger.
"I see by The Globe," said one of them, "that the Royal has so much money that it proposes to take over the Bank of Hamilton in order to find a channel to put out more of its money in Ontario. What about the Traders' Bank that they took over some time ago with all the branches in Ontario? They want the Ontario money for Montreal."
The other man said: "It make it my business to tell the minister of finance how hurtful these big mergers are to Canada's future. We want more banks, and smaller banks. As well as big banks we want lots of local banks like they have in the States, where the president is one of the chief stockholders and knows everybody about him and all the local business and what ought to be helped, and who will help local firms in order to help the locality in which they are. Junior managers who come to take charge of local branches top a manager who never get in touch with the particular neighborhood and seem to devote their energy to collecting deposits rather than building up business by letting out money. We also must have a bank of redemptive like they have in the States, and when we have a national bank of redemptive and more local banks, and the local banks made independent of the professional mergers general business will be greatly benefited by such a system."
Another critic of the merger said the promoters of it were getting items in the newspapers to the effect that if the shareholders of both the merging banks were agreeable it was nobody else's business: Now the shareholders of the Bank of Hamilton put in \$1,000,000, but the public put in the other \$46,000,000 in deposits and furnished accumulated profits, and surely they have something to say as to where the bank shall be located; and certainly the customers of the bank have a substantial interest in the question, and the public's interest is against mergers.
Another feature of these banking mergers is the insidious system of a newspaper program based on the publication of matter submitted to the newspaper for publication by the promoters of the proposition, and the main feature of this promotion work seems to be to suppress the real facts and to give prominence to secondary concerns.

MANITOBA CROP YIELD WILL AVERAGE HIGH

Production of Twenty-Five Bushels to the Acre is Forecast.

WINNIPEG, Aug. 20.—That the 1915 crop in Manitoba will give an average yield of 25 bushels to the acre is the conviction of R. McKenzie, secretary of the Manitoba Wheat Growers' Association. Mr. McKenzie is daily receiving reports from the members of the association from all points of the province regarding the crop and the outlook.
"Conditions are ideal," declared Mr. McKenzie this morning, "and splendid progress is being made with the harvest. The crops are ripening rapidly and the utmost satisfaction prevails among the farmers."

Admiralty Announces Mishap to Submersible in the Sound.

LONDON, Aug. 20.—While on her way to the Baltic to help the Russians, the British submarine E-13 grounded on the Danish Island of Saltholm, in The Sound, according to an admiralty statement. A Berlin official announcement says the underwater boat was "destroyed" at the southern outlet of The Sound. Fifteen members of the crew of 30 of the E-13 are missing.
"The British official announcement says: 'A British submarine, the E-13, Lieut.-Commander Dayton, on its way to the Baltic, grounded yesterday morning on the Danish Island of Saltholm, in The Sound.'
"Fifteen officers and men are reported to have been saved, while 15 are missing. Full details will be made known as soon as they are received."

LONDON, Saturday, Aug. 21.—Late last night the White Star Line issued a statement saying that 14 passengers of the Arabic were missing and that it was feared they were lost.

RUSS FORTRESS RICH IN SPOILS BERLIN CLAIMS

Seven Hundred Guns Reported Taken From Russians at Novo-Georgievsk.

ARMIES NOT SMASHED

Russians Fighting Stubborn Rear-Guard Actions—Outlook Uncertain.

LONDON, Aug. 20.—The garrison of the fortress of Novo-Georgievsk, which was left behind by Grand Duke Nicholas when he commenced the evacuation of Poland to delay the advance of the German invaders, after accomplishing its task for just a fortnight, has succumbed to heavy siege artillery of the Germans, which through-out the war has made every fort attacked by it untenable.
Berlin was able today to announce the capture of the fortress with its 700 guns and a large quantity of war material. The spoils have not yet been estimated, but they probably are large, as it had been hoped by the Russians that the earthworks around the fortified camp would enable it to hold out much longer than it has done. It is now expected by the military observers that the other Russian fortresses, such as Brest-Litovsk, Grodno and Ososwet, either will be captured or given up.
Stubborn Resistance.
After the fall of Kovno Field-Marshal Von Hindenburg's army commenced again an offensive along the whole front from the Gulf of Riga to Kovno, with the object of taking Riga and the whole Warsaw-Petrograd railway from Vilna northward. He is meeting with stubborn resistance, and may be denied even the possession of Riga, unless the German fleet succeeds in entering the Gulf of Riga. South of Kovno, as far as Grodno, the Russian armies, after the fall of Kovno, fell back toward the Niemen River, and here, according to the Ger-

SCHEME TO HELP DISABLED SOLDIERS

Senator J. A. Loughheed Will Make Announcement of Details Today.

GIFTS FOR PENSIONS

Number of Large Contributions for Fund Already in Sight.

By a Staff Reporter.
OTTAWA, Aug. 20.—Details of the scheme for aiding disabled soldiers who come back from the war are nearly completed and a definite announcement will be made tomorrow by Senator J. A. Loughheed, acting minister of militia.
A number of large contributions are already in sight for the fund that will be raised for the purpose, and an opportunity will be given for contributions from all parts of the Dominion.
The money will be used where necessary, to supplement the pensions received by the men and on account of the large number of men who will be coming home disabled a very considerable fund will be required.
FINAL CLEARANCE BEFORE DISPLAY OF FALL HATS.
Today may be reckoned the last day of the summer hat season, and the reduction in straw, Panamas, soft felts, etc., at Dineen's, 140 Yonge street, certainly bear this out. While the selling season is closing the wearing season has quite a time to run, and the values in Panamas may never be repeated. "Take the hint and get one today. The need of positive clearance at Dineen's is occasioned by the arrival of fall shipments and their customary display at Exhibition time. Remember that the store remains open till 10 tonight and that the bargains are not duplicated in Canada. A word to the wise—visit Dineen's."

Many of the best writers that Canada has produced are now contributing to MACLEAN'S MAGAZINE.

"The Lot of the School-master,"

"Is the End of the War in Sight?"

A powerful article on the financial phases of the war situation by Agnes C. Laut, the greatest of Canadian business writers and a "head-liner" with leading American publications.

"Where a Man Can Hold Up His Head,"

by ALAN SULLIVAN, the best war story yet written. This is a classic in sheer power of description, a story that will live. It perhaps derives some of its strength from the fact that it is based on actual fact.

CITIZENS ARE FIRM AGAINST MERGER

Matter Rests With City Council to Take Whatever Action Necessary.

LABOR MEN PROTEST

Col. Logie States Military Training School May Be Established.

By a Staff Reporter.

HAMILTON, Saturday, Aug. 21.—Following the action of the board of control in opposing the proposed amalgamation of the Bank of Hamilton with the Royal Bank of Canada, a largely attended representative meeting of the city council, Board of Trade Manufacturers' Association and the trades and labor council was held this afternoon to consider what action should be taken to prevent the merger.

Depreciated Dictation. S. F. Washington, K.C., Harry Hitchcock, R. M. Roy, and others, expressed the opinion that it was a very small thing for the board of control, the city council or any other organization to attempt to dictate to the directors of the Bank of Hamilton, as they felt that nothing would be done that would be detrimental to the interests of the shareholders.

Bad For Country. Controller Cooper, John Allan, M. L. A., Allan Studholme, M. L. A., and several other speakers pointed out that the Bank of Hamilton started in a very small way years ago, and that it as the citizens of Hamilton, by the amalgamation here that had made it what it is today.

Help Returned Soldiers. Mayor Walters is of the opinion that far too little attention is being paid to the condition of maimed and wounded soldiers returning from the war and he thinks an organization supervising such work should be formed at once.

Coal King in Hamilton. D. A. Thomas, purchasing agent for the British Government, arrived in Hamilton from Toronto last evening and will spend today inspecting the munition departments in the various concerns here.

Report on School. The report of C. Shatt, chief sanitary inspector; W. J. Whitecock, building inspector; and A. B. Ten Eyck, chief of the fire department, who made an inspection of the Stinson street school addition, which was presented to the board of control yesterday, showed the building to be a good sanitary condition and stated that the arrangements in case of fire could not be more adequate.

man official account, they are offering fresh resistance in the hope of preventing or delaying the envelopment of the northern flank of the Brest-Litovsk line.

There seemingly is danger of this line being forced by direct attack. Six Austro-German armies, strengthened by the corps which have been investing Novo Georgievsk, are converging on the Russian centre, which is behind the Bug, and along the railway from Brest-Litovsk to Bialystok, and no doubt will soon commence a bombardment of Brest-Litovsk.

Mackensen's Advance. Other armies have cleared the whole of the left bank of the Bug before Brest-Litovsk, while Field Marshal von Mackensen, having crossed the Bug, is advancing on the fortress from the south. This means that the obstacle of the marshes has been circumvented and that Brest-Litovsk, the chief military depot and concentration centre of Russia, is virtually enveloped. Although military observers are of the opinion that the Grand Duke probably again will be able to withdraw his army in safety, the loss of these lines is considered a graver military misfortune than the loss of Warsaw.

The German success has been due almost entirely to their great superiority in artillery, and the military critics express the belief that as long as they maintain this and continue to press forward the Russians must retire before them. While the Russian armies remain intact, however, these critics are optimistic as to the future. Emperor William, who is reported to have arrived at Novo Georgievsk, it is understood, makes a state entry into Warsaw, and there let it be known by announcements that the future status of Poland will be.

CLAIM 85,000 PRISONERS.

BERLIN, Aug. 20.—(By wireless to Tuckerton, N. J.)—The following statement, given out today by the German army headquarters, is as follows: "The army of Field Marshal von Hindenburg took Novo Georgievsk, the last stronghold of the enemy in Poland, making prisoners of more than 85,000 Russians, among whom were six generals. The number of cannon taken has increased to more than 700. The quantity of war material is impossible to estimate.

"Gen. von Gallwitz's troops have taken 2650 Russian prisoners, these including ten officers, and captured 12 machine guns. "The Russians retreated east of Kovno and in the district of Dwina as far as the road from Augustowo to Grodno. They are offering resistance on the front from Gudule to Lozdziele and Studzioniszka.

Prince Leopold Advancing. "The army of Prince Leopold of Bavaria is advancing.

"The left wing of the army of Field Marshal von Mackensen threw the Russians to the rear of the Kotarka-Pulva district. The Germans pursuing the enemy east of Viadova reached the district of Piasza. "Between Angros and Souchez last night the enemy was driven from the trenches that he had occupied yesterday. In the Vosges, at Schermunelle, a small part of the advanced German position was lost."

VIENNA'S STATEMENT.

VIENNA, via London, Aug. 20.—The following official communication was made public tonight: "Russian war theatre.—The advance of the allies toward Brest-Litovsk has crowded together within the precincts of the fortress a considerable portion of the Russian army. For a withdrawal in a northeasterly direction the troops and supply columns are restricted to a few crossings. "The enemy is offering strong resistance in the north, but the troops of Archduke Joseph Ferdinand yesterday before darkness fell drove away the enemy, and storming his trenches near Wolczyn. The army group of Gen. Koyess is advancing toward the upper Pulva. "In the bombardment of Novo Georgievsk, which was captured by our allies, our heavy mortars successfully participated. "Near Vladimir-Volynsky and in east Galicia the situation is unchanged.

THE JOY OF BEING ALIVE AND WELL

Restored to Health by "Fruit-a-tives," the Famous Fruit Medicine.

MDE. ROCHON.

Rochon, P.Q., March 2, 1915. "I have received the most wonderful benefit from taking 'Fruit-a-tives.' I suffered for years from Rheumatism and change of life, and I took every remedy obtainable, without any good results. I heard of 'Fruit-a-tives' and gave it a trial and it was the only medicine that really did me good. Now I am entirely well; the Rheumatism has disappeared and the terrible pains in my body are all gone. I am exceedingly grateful to 'Fruit-a-tives' for such relief, and I hope that others who suffer from such distressing diseases will try 'Fruit-a-tives' and get well."

MADAME ISAIEE ROCHON. The marvelous work that "Fruit-a-tives" is doing, in overcoming disease and healing the sick, is winning the admiration of thousands and thousands.

BUYERS' SYSTEM APPEARS KNOTTY

Method of Issuing Cheques Nothing But Tangled Skein, Says Counsel.

IDENTIFIED DOCUMENTS

Amounts Inscribed Did Not Correspond With Number of Horses Bought.

KENTVILLE, N.S., Aug. 20.—After examining into the system of paying for remounts here last August at this afternoon's session of the Davidson War Supplies Commission, John Thompson, K.C., styled the method of issuing cheques adopted as an indication of nothing but a tangled skein. Mr. Thompson had been questioning Gifford H. Oakes, agent for A. DeWitt Foster, paymaster of the horsebuyers, upon the number of cheques he gave out to buyers, and had found that amounts inscribed on them were not really the actual cost of the number of horses referred to on the cheque, as sometimes a buyer was given money left over from another cheque in addition. Remount Buyer Keever gave them this cash, Oakes said. Oakes said that while individual cheques did not indicate exactly the cost of horses, the aggregate did. Thus the total money paid out to buyers through him was \$9,383 for 291 horses, or an average of \$32.24 per horse, as compared with the government price per horse, delivered at Valcartier, of \$178. Oakes explained that he received 28 or 29 signed cheques from Mr. Foster. He was able to identify 28 from a bundle submitted to him by Mr. Thompson. When the buying was completed he sent the cheque-book with the remainder of the blanks and the stubs correctly filled up back to Colonel Neill, head of the remount department, who had issued it to Mr. Foster. Oakes was permitted today to make a statement in regard to his assertion on the stand yesterday that three signed remount blank cheques were issued by him to buyers before horses were purchased.

ST. CATHARINES NOW READY TO FORM INFANTRY CORPS.

ST. CATHARINES, Ont., Aug. 20.—Public committees for the organization of the new overseas infantry battalion in St. Catharines are now complete and an active campaign will begin at once. Major Belsion, who last Sunday returned from the front on convalescent leave, is likely to command the new battalion. Lieut.-Col. Frank King, who commanded the 2nd Artillery Brigade when it was first organized, has been notified of his appointment again to that command. Col. King is the father of Major W. B. King, commander of the 10th Battery in France. The brigade consists of the 4th Hamilton, the 7th St. Catharines and 8th Toronto Field Batteries.

Next Distribution of Tumbler Sets Postponed Until WEDNESDAY, AUGUST 25th

Snowed Under was the reply of the manufacturer of the Silver Decorated Tumbler Sets, in answer to our "hurry-up" request for a supply for distribution today.

We regret the disappointment to our readers who are anxious to obtain one of these very handsome sets, but trust they will bear with us, as the failure to make delivery is with the factory. The demand for these thin-blown sterling silver decorated glasses has reached enormous proportions. Every woman of taste who desires something chaste and superior will want to own them. Those of our readers who have sent in mail orders and have not yet received their set, are assured that they will be shipped from the first supply received. Save the coupon, which appears on another page of this paper, and present at The World Office, 40 West Richmond Street, Toronto, or 15 East Main Street, Hamilton.

STRIKING MANIFESTO BY GERMAN SOCIALISTS. Kaiser's Dream of World Conquest is Viewed With Hostility. PARIS, Aug. 20.—A long manifesto against any annexation of conquered territory by Germany addressed to the German chancellor jointly by committees of the Social Democratic party and Socialist groups in the Reichstag is published today by Humanite. The document points out that the party joined the present struggle with the rest of the German people to defend national existence and independence, not to make conquests. "Every infringement by force," it says, "of the autonomy and independence of a people ensures the Germans of future wars and implies in itself a dangerous coalition of enemies against Germany. The assertion that the German Empire needs to acquire territory east and west to ensure her economic existence is refuted by the brilliant economic progress made by Germany in her present form." The manifesto is dated June 25, but never yet, it is said, has been published in Germany. Harvest Help Excursions, \$12 to Winnipeg. The Grand Trunk Railway System will sell Harvest Help Excursion tickets to Winnipeg on following dates: Aug. 21 and 26, from Stations Toronto to North Bay inclusive and east, but not including Kingston, Renfrew or east thereof. RESISTANCE STRONG

Russians Are Fighting Valiantly to Save Brest-Litovsk.

PETROGRAD, Aug. 20, via London, Aug. 21.—A communication tonight says in part: "From Ossowets southward, and still further along the whole front of the upper Narew and the Bug in the course of the 18th and 19th the Germans made strong attacks. On the right bank of the Narew in the region of Strenkova and Goura in the Strabala-Bielak sector and near Lipnitsa, 20 verstas (13 miles) northwest of Brest-Litovsk in the sectors attacked our troops continue to withstand the enemy. Our cavalry assisted in repulsing a German offensive near Lipnitsa, attacking the German infantry in strong force. Shattered Forts. "Near Novo Georgievsk, after occupying the left bank of the Wkra, the Germans concentrated all their efforts northwest of the Wkra as far as the Vistula. By an incessant bombardment with a hurricane of projectiles they almost completely destroyed our fortifications. In this section on the evening of the 18th the Germans surrounded one fort in the region of Wymalow and afterwards, despite enormous losses, directed their columns on the rear of the Zakroczyn sector. This compelled our troops on the night of the 19th to retire on the line of the former forts forming the central defense. In the course of the following day, having destroyed by their fire two of these forts, the Germans, by a series of sanguinary assaults, occupied their ruins from which they directed their fire against the central defenses. We blew up the bridge over the Narew and the forts we abandoned in the northern sections."

For Freckled, Tanned, Red or Wrinkled Skin
Just beneath that freckled, tanned or reddened complexion there's an exquisite delicacy. If you could only bring this complexion to the surface, discarding the discolored one! You can—in the easiest, simplest, most natural manner imaginable. Just get out any drugstore ointment of ordinary mercurochrome, apply nightly like cold cream, removing it morning with warm water. The wax assists Nature by gradually peeling off the lingering particles of scorched and half-dead surface skin, causing no discomfort whatever. Cutaneous defects like pimples, blotches, liver spots, moth patches, freckles, of course, disappear with the old skin. Nothing else will accomplish such wonderful results in so short a time.
Fine lines and even deeper wrinkles often appear at this season. In such cases nothing is better than a face bath made by dissolving 1 oz. powdered exoco-lyne in 1 quart of water. This is remarkably effective.

DRIVER OF JITNEY STOPPED ASSAULT

Presence of Mind Saved Jas. Bateman From Being Robbed in Car.

NARROWING THE CLUES

Slayer of Joseph Veznia to Be Brought to Justice, Says Inspector.

Wallace Stewart, 19 Madison avenue, was arrested last night for attempting to steal \$40 from James Bateman, a farmer from Caledonia. It appears that the two men had been drinking together, after which Stewart hired a jitney and took Bateman along. When nearing the corner of St. Clair ave. and Vaughan road it is alleged, Stewart choked Bateman and tried to take the \$40. The jitney driver, becoming aware of the struggle going on behind him, increased the speed of the auto, and stopping in front of the first police officer he met, had Stewart arrested.

"We expect an arrest any time now. The various clues, of which there was legion, have now been narrowed down to something that is definite, and I have no hesitation in saying that the slayer of Joseph Veznia is in a quick way to be brought to justice," said Inspector Kennedy of the detective department yesterday.

RECRUITING GOOD CAMP STARTS SOON

New Highland Battalion Will Be Full Strength Before Long.

FORTY-EIGHTH PARADE

Splendid Appearance of Men Attracted Down Town Crowd.

With the arrival from Niagara camp of Col. George T. Chisholm, the entire strength of the 2nd Highlanders' Battalion has been nearly completed. Col. Chisholm announced last night that the officers would be chosen early next week. He arrived in Toronto last night from the camp and expects that his command will go under canvas within a couple of weeks, as the battalion will probably reach full strength before that time. It will be fully armed and equipped.

According to the figures given out at the recruiting depot last night, 628 men have been secured. The recruiting officers stated that the men were of a very high standard. Col. Chisholm said that with the 200 secured by the 21st Highlanders of Hamilton the battalion was very nearly at full strength yesterday, and that it would not take more than ten days to secure the entire complement, Highlanders' Parade.

The 48th Highlanders turned out 1059 strong last night for their weekly parade with Major Darling commanding. Of this number 621 were members of the overseas, and an additional 132 men were on parade. The regiment marched thru the streets, following a route along Queen, Yonge, Shuter, and Front streets, and Yonge streets. Headed by both bands, the Highlanders presented a fine appearance and attracted a large crowd along the line of march. Upon their return to the armories, Major Darling gave the men a short talk, asking them to go ahead with recruiting, both for home service and for overseas.

Col. Currie was present to speak to the regiment. He complimented them on the fine appearance they presented on parade, referring particularly to the men of the 2nd Battalion.

Pass Test
The report of the recruiting depot at the conclusion of yesterday's recruiting showed that the strength of the various units was as follows: Queen's Own, 84; 10th R.G., 135; 12th York Rangers, 133; 36th Peel Regiment, 159; 48th Highlanders, 628; 109th, 43; G.G.B.G., 31; 9th Mississauga Horse, 163; 9th Battery, 30. A total of 151 were passed yesterday, after being medically examined and attested as medically fit.

There was a turnout of 150 men at the weekly parade of the 2nd Battalion last night when Nos. 2 and 12 Companies were put thru company and squad drill by Col. Cowan.

The reorganization of the Queen's Own recruiting staff has already had a marked effect on the recruiting, according to the officers. The recruiting tent on the parade grounds to the south of the armories. Every Toronto regiment will be represented at the large recruiting tent which will be opened at the Exhibition grounds in connection with the Model Military camp.

Recruiting for 35th.
The recruiting for the 35th Battalion is proceeding, and although 250 have gone to Niagara camp, the latter part of this week, a like number more is needed, and the recruiting officers are busy getting the additional men.

In the Highlanders' regimental orders issued last night, extracts from the militia orders of the 1st lieutenant's certificate had been granted to Lieut. M. E. Malone, captain's certificate to Lieut. L. B. M. Loudon and Lieut. M. E. Gooderham.

The order providing that married men do not need the consent of their wives are in the old country, exist without the necessity of communicating with their relatives, stated a 48th officer, about ten men had been turned down each day for this reason it was estimated that the new order would help recruiting.

DEATH CAUSED BY KICK IN STOMACH

Mary Anne Leitch Died From Blow by Husband, Says Jury.

NO MALICIOUS INTENT

Verdict at Inquest Stated That Injury Was Not Caused Intentionally.

After hearing the evidence relative to the death of Mary Anne Leitch, 114 Parliament street, who died in the General Hospital Aug. 16 from peritonitis, Coroner W. W. Graham's jury brought in a verdict to the effect that Mrs. Leitch came to her death by being kicked in the stomach by her husband, Archie Leitch, on the morning of Aug. 3 at her home. The jury decided that the kick caused a rupture of the intestine, but that it was not done with maliciousness or intention to injure.

Yesterday morning Leitch was brought up in the police court charged with murder, but was remanded until the verdict of the coroner's jury could be given.

In her ante-mortem statement Mrs. Leitch said that her husband had kicked her in the stomach about 2 o'clock in the morning of Aug. 3. Dr. Forbes-Godfrey and Dr. Crawford, who performed the post-mortem examination, declared that the rupture which they found in the intestine might have been caused by such a kick. There was no evidence to show that the condition was brought about by any other cause.

NEW GIANT MIDWAY

Children Love It— Don't Deny Them

Dentists affirm its helpfulness to teeth and gums. Doctors attest its aid to appetite and digestion. Give your kiddies all the "Wrigley's" they want. Use it yourself—regularly. Keep it always on hand.

A boon to smokers—it cools the mouth and throat. It makes the next pipe or cigar taste better. Every package sealed in wax. All the goodness and taste kept in till you get it. Two delicious flavors.

There was an old Spear-woman lived in a shoe— For her many young hopefuls she knew what to do! She made them most happy with WRIGLEY'S for all— It kept them in trim at a cost very small!

PRICES WERE FIRM ON FRUIT MARKET

Quantity Not So Large and Good Demand Held Figures Up.

PLUMS SELLING BETTER

Chief Reason Was Because of More Choice Shipments.

There was not as large a quantity of fruit on the market yesterday as there has been, and the prices were slightly firmer. There were a few small shipments of raspberries sent in which sold at 10c to 13c per box; two cases of very good ones being shipped by James Penningly of Clarkson & Co., Bamford & Sons, realizing the highest price.

The bulk of the thimbleberries sold at 8c to 10c per bushel, inferior quality going as low as 6c per bushel. Blueberries were generally of choice quality, selling at \$1 to \$1.50 per 11-quart basket.

Black currants also sold at the same price, the choice ones bringing \$1.50. Plums brought a better price than they have been going at, chiefly because they were a better quality, the poorer quality being sent in some choice early Caramos to Clemons & Sons, realizing 11-quart flats selling at 70c to 80c, the better ones at 60c to 65c, and the good quality 11-quart lemons selling at 60c to 75c per basket.

Peaches varied greatly in price, the half baskets selling at 12 1/2c to 35c, and the 11-quart at 20c to 75c, according to quality. Williams' Walrus Armstrong of Queenston sent in some choice early Caramos to Clemons & Sons, realizing 11-quart flats selling at 70c to 80c, the better ones at 60c to 65c, and the good quality 11-quart lemons selling at 60c to 75c per basket.

Bees plants are increasing in quantity and price, the 11-quart baskets selling at 60c to 65c per bushel, an odd one bringing 75c. Peaches better quality apples now being shipped in, selling at 25c to 50c per 11-quart basket, and the choice ones at 50c to 75c per bushel.

Charles S. Simpson has a decrease of 191 cattle, 7 hogs and 606 calves, compared with the corresponding week of 1914. Rice & Whaley sold eight decks of hogs at \$8.15 to \$9.40, weighed off hogs.

Wholesale Fruits. Apples—Imported, \$1.25 per hamper; Canadian, 20c to 40c per 11-quart basket. Apricots—3c to 5c per 11-quart basket. Bananas—\$1.25 to \$1.50 per 11-quart basket. Blueberries—\$1 to \$1.50 per 11-quart basket.

Wholesale Vegetables. Beans—Wax and green, 30c to 40c per 11-quart basket. Cabbages—New Canadian, 75c per bag. Cabbages—Old, 40c to 50c per dozen; a glut on the market.

ST. LAWRENCE MARKET. There were nine loads of hay brought in yesterday, selling at unchanged quotations. Grain. Full wheat, old, bush, \$1.15 to \$1.20. Full wheat, new, bush, \$1.10. Buckwheat, bushel, \$0.80.

CLOSING WAS STRONG IN IRON AND REAL MARKET

Earlier Losses in Group of Speculators Were Largely Overcome.

ANOTHER DECREASE IN STOCK RECEIPTS

Less Cattle, Hogs and Calves Than During Same Week Last Year.

MONTECAL, Aug. 20.—After opening with overnight losses running from large-sized fractions to about 2 points and falling about a point lower in the early trading, local stocks developed a rallying tendency later on and by noon initial declines had been substantially reduced. In the afternoon the market went quiet and steady, with some further improvement in one or two issues. The net result of the day's movement was to leave the more active stocks with losses averaging about one point.

Bridge recovered 2 of its 3 point loss, iron which rallied 2 1/2 to 40 and Steel of Canada, which sold as high as 28 in the afternoon, against an early low of 24 1/2, were the more consistent stocks on the rally. Scotia was erratic, rising to 83 in the late morning, but falling back to 82 in the afternoon and closing at 81. In Bridge, Iron and Steel the net losses in each case were exactly one point. Steel closed at 27 1/2. Car showed a loss of 1 1/2 at 100 1/2.

The total receipts of live stock at the City and Union Stock Yards for the past week were: Cattle, 478; Hogs, 632; Sheep, 618; Calves, 573; Horses, 142.

NEW YORK STOCKS WERE AGAIN WEAK

Shadow of Arabic Incident Hung Over Market Yesterday.

IRREGULAR AT CLOSE

Covering of Short Sales at Times Resulted in Rallies.

NEW YORK, Aug. 20.—The sinking of the British liner Arabic constituted almost the sole market influence today, stocks being depressed for the greater part of the active session, with irregular improvement at the close. War specialties suffered the most severe losses, the declines at the outset extending from 2 to 8 points. United States Steel, again the most conspicuous issue, and some investment railway shares also felt the force of the selling pressure, much of which appeared to emanate from professional sources.

There were feverish rallies and declines in the course of the day, some stocks repeating or falling under early low prices at midday. Covering of short contracts was mainly responsible for the variable but general rallies of the final hour. Dealings again attained very large proportions, aggregating 1,025,000 shares. Of this amount Steel contributed about 20 per cent. Other shares which helped to swell the huge total included Westinghouse, American Can, Crucible Steel, Allison, Chalmers and Tennessee Copper.

Bethlehem Steel issues, which not among the active trading class, achieved sudden prominence in the later dealings, the common advancing 10 points to 265, and the preferred 6 3/4 points to 145.

Many margined accounts were closed as a result of the heavy losses recorded among the active trading class, and the technical position of the market is probably sounder than for some weeks past. The trading session was strongly committed to the short side of the account and may be expected to maintain that position pending an adjustment of the international situation.

Exchange markets indicated by their further strength that progress is being made in the discussions now under way to establish foreign credits in this market. Cables stating that several of London's most distinguished financiers are to visit this country for the purpose of correcting existing exchange conditions were hailed with satisfaction in local banking circles. The continued ease of domestic monetary conditions was in keeping with the further gain in cash expected in tomorrow's market.

Stocks were notably unchanged, but half year accommodations were offered at a slight reduction in high-class collateral.

Bonds were mostly lower, the only marked exception being Chicago, Rock Island and Pacific 5s, which rose 1/2 point to 115 1/2.

A RUDE AWAKENING FOR SOME GAMBLERS
Steel of Canada and Other Specialties Take a Tumble on Toronto Exchange.

Weakness on the New York Stock Exchange assisted the downward movement in the Toronto market yesterday, and Steel of Canada was again prominent in the setback. It is believed that a good-sized speculative account has been built up in this account has been built up in this account has been built up in this account.

WHEAT PRICES AGAIN DECLINED

Report of Sinking of Bovio Added to Bearish Sentiment.

STEADIED AT CLOSE

No Fresh Sales to Europe Were Reported—Corn Outlook Splendid.

CHICAGO, Aug. 20.—Shrinkage of export demand, a circumstance laid principally to the sinking of the Arabic and the reported sinking of the Bovio did a good deal today to lower the price of wheat. The market, although steady at the close, was 1 to 1 3/8 net lower with September at \$1.04 3/8 and December at \$1.02 3/4. Corn showed a setback of 1-8 to 3-8c and oats of a shade to 1/8c. In provisions, the outcome varied from 7 1/2c decline to a rise of 5c.

Depression showed itself in the wheat market as soon as trading began and had not been fully overcome when news came that the Bovio had followed the Arabic to the bottom of the sea. The weakness that had been largely banished returned at once in much greater degree, and seemed to have been magnified by a growing increased number of wheat traders, whereas other price factors were largely lost sight of. Speculation in this connection appeared to be attached to the fact that no fresh sales whatever to Europe were reported today from the seaboard.

On the contrary, some cancellations of export sales were noted as having taken place at Kansas City on the 19th.

Assessors by a leading authority that the crop of corn this season would amount to 3,000,000 bushels in the northwest. Rains in the winter crop season seemed to have only a temporary effect on the price of the bulls.

OUTSIDE INFLUENCES ARE NOT A FACTOR
Toronto Mining Exchange is Not Influenced by New War Developments.

Possible further international complications did not effect upon dealings in the mining market yesterday. This was attributed to the inactivity of the last few weeks and the absence of any large outstanding speculative account. The only new feature in the market was a reduction in the volume of business. Prices, generally speaking, were steady. McIntyre reacted to 50 on profit-taking and Vipond acted in a similar way. West Dome made a further small advance, selling up to 8 1/2. The best-priced Porcupine had little call and were quoted almost unchanged. Nipissing made a further recession, and it is now recognized that the quick advance early in the week was because of manipulation against a short interest.

The market has good underlying buying support, and offerings are still limited.

BRAZILIAN TRACTION COMPANY HOLDS ITS OWN UNDER EXCEPTIONALLY ADVERSE CONDITIONS

Revenue From Combined Companies Showed Increase in Brazilian Currency—Dr. Pearson, Former President, Prepared His Last Annual Review of Companies While on Board Ill-fated S.S. Lusitania.

The statement of the Brazilian Traction, Light and Power Company for the past fiscal year shows that even under most unfavorable conditions in Brazil, an increase was made in the gross income of the combined companies in Brazilian currency, and that it was only due to the almost unprecedented drop in exchange that the revenue in gold was unfavorably affected.

This year's report will have particular interest to every shareholder, as it contains the last review made by the late Dr. F. S. Pearson, the President of the Company, on the operations of the three Companies included in the Brazilian Traction, Light & Power Company, namely, the Rio de Janeiro Tramway, Light & Power Company, the Sao Paulo Tramway, Light & Power Company and the Sao Paulo Electric Company. These reviews were prepared while the late Dr. Pearson was aboard the ill-fated S.S. Lusitania, on which he lost his life. To a very great extent Dr. Pearson's holding that each of the enterprises now included in the Brazilian Traction and had carried them forward to their present high degree of efficiency, and that the late Dr. Pearson had aimed at obtaining the best possible management and organization for each of the enterprises in which he was concerned, should, by itself, be a distinct success. How closely he followed every detail is indicated by the complete reports he had prepared and which are included in the annual statement.

Further reason why the Brazilian report is of more than usual interest is that it is the first one issued by the Company to cover a regular twelve-month period, and on this account will serve to indicate what may be expected from the Company under most normal or prosperous conditions. The report issued by the Company a year ago was for the eighteen months from the time the Brazilian Traction Company was formed.

Revenue From Year's Operation.
The general statement of the year's operation shows as follows:
Revenue from securities owned and under contracts with subsidiary companies, \$7,523,895.85
Interest on advances to subsidiary companies, 638,117.25
General and Legal expenses, administration expenses, \$8,056,813.10
Surplus available for dividends, \$7,866,582.19

The industrial depression in the City and State of Sao Paulo was more marked than in the Rio Janeiro division. This was partly due to the fact that there was a greater number of companies in Sao Paulo, and the bad business conditions therefore naturally affected it more seriously than other sections. Notwithstanding these adverse circumstances, there has been an increase in the number of customers for power during the year, but the H.P. load connected at the end of the year has increased by about ten per cent, and the amount of power supplied suffered a corresponding decrease. On the other hand, there has been a considerable increase in the lighting department, the incandescent lights being increased from 176,397 at the end of the previous year to 176,395 at the end of the previous year, and show an increase in 1914 of 14,765, as compared with 9,506 at the end of the previous year. During the year the company manufactured 2,165,044.800 cubic metres of gas, as compared with 2,077,800 cubic metres in the previous year.

GOULD GET OTHER CLAIMS.
Mining Editor: My attention being drawn to queries in the mining columns of the Toronto newspapers seeking information regarding renewed interest shown thru recent activity in the mining exchange in shares of "Gould Consolidated Mines, Limited," for general information I can say that the shareholders of the annual meeting agreed to negotiations whereby they have secured outright and free from any royalties therefrom.
