AUSTRIA OUT THIS MORNING ITALIANS HAVE TAKEN TRENTE

FINAL SMASH BEFORE PEACE A CLEAN-UP BY THE ITALIANS

Trent Captured, Trieste Occupied, Udine Entered, 100,000 Austrians Taken Prisoner and 2200 Enemy Guns Will Fire No More.

Rome, Nov. 3.—The Italians have captured Trent, one of Austria's chief fortified towns in the Tyrol, according to the war office announcement tonight. Italian forces have landed at Trieste and the Italian tricolor is flying from the castle and from the tower of San Giusto. Italian cavalry have entered Udine. Italian and allied forces in their drive in northern Italy have captured 100,000 Austro-Hungarians, the Italian war office announced today. More than 2000 guns have been taken. The Italians have occupied Rovereto, 13 miles south of Trento.

BELGRADE REOCCUPIED BY ALLIES SERBIA ALMOST IN ENTIRETY FREED

Paris, Nov. 3.—The Serbian army has reoccupied Belgrade, the Serbian capital, the war office announces in its statement on operations in the eastern theatre. The statement says: "After the capture of Belgrade, the German and Austrian forces, retired to the north bank of the Danube. The second Serbian army has reached the Bosnian frontier. Serbia has almost in its entirety been freed from the enemy. The battles which decided this great victory began on Sept. 15."

VALENCIENNES TAKEN BY FINE GENERALSHIP

Germans Badly Defeated by Canadians Who Force Them to Flee From City—Outskirts of Audenarde Captured by Americans.

With the Allied Armies in France and Belgium, Nov. 3.—Valenciennes was captured by the British yesterday morning, releasing thousands of residents who had been in bondage for four years. The final link in the encircling chain of troops thrown around the city was forged at 7:50 o'clock, when converging infantry met east of the invested place and began a further advance on enemy territory. Marly was occupied at an early hour, and patrols were pushing up the road leading to St. Saulve. Virtually all the German troops had been withdrawn from the bottled-up metropolis. Valenciennes during the night, but machine gunners, who had been left behind to give battle until they were killed, were still sniping from houses, and street fighting followed the entry of the British forces. German troops yesterday were throwing explosives and gas into the defenceless city, which the British have so carefully avoided bombarding because of the danger to civilians.

Fighting May End This Week

The armistices that have already been arranged and are now in operation in Austria, Turkey and Bulgaria have put an end to all land fighting outside of Belgium and France; and the indications are that all hostilities with Germany will cease before this week is over.

EMPEROR OF AUSTRIA TO ABDICATE THRONE

Charles Plans to Live in Switzerland—Announces Intention at Political Meeting.

London, Nov. 3.—A despatch to the Exchange Telegraph from Copenhagen quotes The Berlin Tageblatt's Vienna correspondent as saying that Emperor Charles had an important conference with members of the cabinet party and political leaders Saturday, when he announced his intention to abdicate and go to Switzerland. The Tageblatt says no official confirmation of this report has been received in Berlin.

ALLIES CIRCLING GHEENT

With the Allied Armies in France and Belgium, Nov. 3.—The Franco-Belgian troops this morning had reached a line within five miles of Ghent. French cavalry last night were reported at St. Denis-Western railway station, which is about three miles southwest of the city.

LAST OF GERMANY'S PROPS FINALLY OUT OF THE WAR

Armistice Terms Definitely Accepted by Austria, and Italians Cease Fighting—French or English Troops to Occupy Hungary, Which Has Become a Republic—Soldiers Ordered to Lay Down Arms.

London, Nov. 3.—An armistice between the Austrian and Italian forces will come into operation at 3 o'clock Monday morning, according to an official announcement made here this evening. The armistice with Austria was signed this afternoon by General Diaz, the Italian commander-in-chief, according to an official announcement made here this evening. The text of the statement reads: "A telephone message has been received from the prime minister in Paris saying that news has just come that Austria-Hungary, the last of Germany's props, has gone out of the war."

The armistice was signed by General Diaz this afternoon and will come into operation tomorrow at 3 o'clock. The terms will be published Tuesday. Conditions Later. Vienna, Nov. 3.—(Via London).—"In the Italian theatre of the war our troops have ceased hostilities on the basis of an armistice which has been concluded," says the war office communication, issued today. "The conditions of the armistice will be announced in a later communication."

Demobilize Army. Amsterdam, Nov. 3.—The German-Austrian state council, according to a despatch from Vienna, has issued a proclamation to the soldiers at the front, saying that the government has been taken over by the national assembly. The assembly will immediately conclude peace, and begin the orderly demobilization of the army, the proclamation declares. Hungary is Republic. Basel, Switzerland, Nov. 3.—During a meeting of the executive council of the Hungarian national council at Budapest, yesterday, Count Karolyi announced that King Charles had freed the government from its oath of fidelity.

SUMMONED TO RESIGN BUT WITH DEFERENCE

Kaiser Submits His Co-operation, But Submission is Not Sufficient, He Must Quit.

Paris, Nov. 3.—"There can be no doubt," says The Temps, "that a great struggle is going on around the German Emperor's person between the influences which caused the war and wish to maintain the old regime and the partisans of a new regime, more or less democratic, and of a peace for the purpose of repairing Germany's strength. By returning to general headquarters Emperor William seemed to have clearly said his supreme desire was not to abdicate. So the emperor submits his co-operation, not his resignation. But the parliamentary exigencies press upon him, even amidst his staff, which exhorts him not to yield. Submission is not sufficient; he is summoned with more or less deference to resign."

Reichstag Demands It. Zurich, Nov. 3.—The German propaganda service cites The Vorwaerts of Berlin as confirming the report that Scheidemann, the socialist leader of the Reichstag and member without portfolio in the German cabinet, had addressed to Prince Maximilian of Baden, the imperial chancellor, a memorandum on the necessity of the retirement of Emperor William. The step was taken, it was added, after an agreement had been reached by the presidents of the Reichstag parties.

Count Karolyi, after obtaining a release from his oath of fealty to the emperor, proclaimed a republic in Hungary, according to a despatch from Vienna, quoting the Viennese newspaper Die Zeit. The minister of war announced that an order would be given to all soldiers on the Hungarian front, including officers, to lay down their arms and to enter into negotiations with the enemy. If the enemy wish to occupy Hungary, the announcement added, a demand should be made that French or English troops be sent by preference.

"DOWN WITH WILHELM," CRIES STUTTGART MOB

Demonstrators Before Imperial Palace Demand That Kaiser Abdicate Immediately.

Amsterdam, Nov. 3.—Shouting "Down with Wilhelm, abdicate immediately," a crowd of several thousand persons, despite the efforts of the police to disperse them, succeeded yesterday in reaching the royal palace at Stuttgart. Some mounted the palace railings, clamoring for the deposition of the emperor, according to The Weser Gazette. After several scuffles and an exchange of shots mounted police managed to drive the mob away. The demonstration was the sequel of a meeting of Independent Socialists, at which resolutions were passed demanding the establishment of a Socialist republic. At a meeting of the Progressive party at Munich, Prof. Quide, a deputy in the landtag, declared: "The vital interests of the German people demand the emperor's abdication." A resolution was adopted demanding that the emperor abdicate in order to attest to the sincerity of Germany's conversion into a people's state.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

Austria-Hungary has gone out of the war. She has accepted the conditions of the allies on an armistice went into force at 3 o'clock this morning. With this surrender and the successful revolt of the Slav population the old empire of the Hapsburgs ceases to be. It was an artificial creation, held together through the centuries by an iron despotism and a skilful playing of the national prejudices against another. Tyranny has long flourished under nobles and money lenders. Ever since the war began Austria has been a millstone about the neck of the German war machine. In addition to the blunders of the German general staff, German had to shoulder the burden of the Austrian general staff. The Austrian army sustained three defeats from Serbia, half a dozen defeats from Russia and three or four from Italy. Bankrupt when she began the war, her finances now must be in indescribable chaos. Austria-Hungary collapsed upon the defeat of Germany on the western front and the crushing of Bulgaria on the eastern front. The opening of a new allied front, the Hungarians, along the Danube, was the final strain that snapped the bonds of union.

In the last few days before Austria went out the Italians achieved a brilliant and decisive victory. They captured 100,000 prisoners and 2000 odd guns; they have occupied Trieste and Trent. The holding of Trent opens a way for an attack thru the Tyrol upon the Bavarian frontier. The whole Austrian military organization suffered a general collapse. On the Hungarian front the French and Serbians have reoccupied Belgrade, have reached the Bosnian frontier, have thrown the Germans and Austrians, beaten, across the Danube.

In France, while the German leaders were parleying with the allies for an armistice, the British, French, Americans and Belgians have again heavily defeated the German army. Attacks and repulsing the enemy before Valenciennes, the Canadians occupied the town, and they and the British again attacked the Germans and compelled them to retreat from this region. Further north, American forces upon the Scheldt threw the Germans backwards and entered the outskirts of Audenarde. Belgian troops in company with British and French forces have driven the Germans precipitately towards Ghent, and are about two miles distant from the town. The allies here have also made a general advance forward upon a wide front and have reached the banks of the Escaut River. In the south the French pressure on the Aisne and the American pressure along the Meuse became so effective as to drive the Germans from the easily defensible region of the Argonne. The enemy, under a strong attack, got thrown from the heights of the Aisne. The French crushed his resistance and occupied the following villages: Tones, Belleville, Quatre Champs, Noiral, Les Alleux and Chailion-sur-Bar. They also carried the Valenciennes-Chenevans Woods. They have thus liberated the Argonne.

The German army is beaten and can never recover. In a little more than 100 days the allies have taken 362,355 prisoners and 6217 guns. The enemy has lost every battle since July 15. That date will ever stand forth as the turning point in the campaign. It marks the beginning of the end for Germany under Prussian

leadership. Prussia has lost the war because her genius is mechanical and her boasted system of efficiency is so shoddy. It long imposed upon the world, but not upon everybody. Koch before the war began investigated and described German efficiency as a combination of muddle and stupidity. When the allies put in control of their armies men who knew the deficiencies of efficiency they then began to win the war.

The allies' supreme war council at Versailles has some matters still to clear up before submitting its terms of armistice to Germany. In order to achieve their full war aims the allies require a complete military victory, and as to destroy forever the legend of Prussia's superior leadership and to expel Prussia from the hegemony of Germany. The modern Germany is purely an artificial state, founded by Bismarck. Prussia, which was organized for loot and grew from small beginnings into a large state by plundering her neighbors, owing to a series of victories found herself powerful enough to organize a German confederation. Bismarck carefully chose the members of that confederation and he excluded from it the Germans of the Danube Valley. He did not aim at German unity so much as at a powerful Prussia. The Hohenzollerns obtained the imperial crown because they were the line of Prussian kings and their tenure of the German throne symbolized the supremacy of Prussia in the German Empire. The present internal political revolt against the Hohenzollerns is a revolt against Prussian leadership in Germany. So long as the German war organization remained strong, and under Prussian control, the smaller German states had to remain in the empire thru fear. As soon as the German military organization is smashed, the empire of Bismarck's dreams may fall asunder.

There is an aspect to the influenza epidemic that is only now coming to the notice of the general public, but which has long since been felt by the various insurance companies. In several cases in Toronto victims of influenza had only recently taken out life insurance policies and had paid but one premium when overtaken by the disease from which death followed.

One case in particular is that of a man to whom a certain Toronto solicitor succeeded in selling a \$2000 policy. The policy arrived on a Monday, and was delivered and the balance owing on the premium was paid. It was only a few days previously that the risk had been passed by the company's physician. On Tuesday the man became affected with influenza and died within a few days. He was buried before the week was out. The company has already paid the \$2000, which was that of a man who took out a policy for \$187 on payment of 25 cents premium, and it happened that he paid a dollar, which was four weeks in advance. He also a refund of 75 cents for the three weeks of the month which the man did not live.

It was stated yesterday that these cases are typical of many others which have occurred during the influenza epidemic.

RESULTS IN ONTARIO

Showing Divisions, Districts, Amounts Collected Special Subscriptions and Percentage of Objectives.

G. H. Wood, provincial chairman, handed out the following comment on the situation in Ontario up to Saturday night:

The close of the first week of the big campaign finds that our total has just passed the \$30,000,000 mark. It is interesting to note that at this time in the last campaign the total was only \$26,308,300, showing our figures this year to be \$3,691,700 ahead of last year.

While the workers thru the province are to be congratulated upon rolling up such a magnificent total, especially in the face of lack of meetings and so much sickness, it will be seen that this ratio must be materially increased if we are to reach or surpass our goal of \$50,000,000.

We are looking to our team workers to produce \$175,000,000 of this total, while the special subscription committee is expected to turn in \$75,000,000 from its large subscriptions. Up to Saturday evening, however, the teams had only produced \$28,000,000 of their \$175,000,000 while the specials had reported \$42,000,000 of their \$75,000,000.

This clearly shows that the specials are considerably over their quota at this date while the teams have yet to make up in the next two weeks 78 per cent of their quota.

The second week is the critical one in the campaign and it will require united and persistent work on the part of everyone to bring our total at the end of next week up to where it ought to be.

Take for instance these suits at \$14.75--with defects so slight as to defy detection, unless examined by one "well versed" in the clothing art. Suits that were developed with the intention of being offered as a "right good" clothing value at a substantial price. Oh, well! it's "an ill wind that blows nobody any good." In this case the customer gets the "good" of it, affording as it does a splendid saving opportunity for the man who needs a business suit, or for that matter one for dress wear. These are of worsteds and soft finished tweeds, but the most of them are of navy blue serges. In semi form-fitting and plain three-button sac style. Sizes 35 to 44 in the lot. Price \$14.75.

TORONTO IS AHEAD OF ITS SCHEDULE

Total for First Week is Over Twenty-Eight Million Dollars.

District	Toronto Totals	Amount
A	\$229,150
B	221,500
C	188,200
D	250,500
E	173,150
Team total	\$1,072,500
Specials	788,000
Saturday total	\$1,860,500

At the end of the first of a three-weeks' campaign, Toronto is well ahead of schedule. To raise \$80,000,000 in three weeks is no easy matter even in a city as noted for its generosity in patriotic enterprises as Toronto. And one third of the race is ended and more than one-third of the objective is already subscribed. Saturday night was a feature night for the Victory Loan. In front of the 600 in theatre weeks in no easy matter a great canvass, special pictures were shown and appeals to buy bonds were

made to the crowd from motor trucks. As a result \$45,050 worth of bonds were sold. During the three evenings \$120,000 worth of bonds were sold in front of the theatre.

Exhibition of War Trophies. On Saturday evening, Sir John Hendrie opened the exhibition of war trophies at the armories. He expressed pleasure in discharging the duty and spoke of the splendid bravery of the Canadians who had won the trophies displayed. He also complimented the committee on the fine showing Toronto had made to date in the Victory Loan Campaign. He said that some extra line trophies had been intercepted by the military authorities and had not been received in Toronto yet. The display will be on at the armories every night this week.

The foreigners are coming to the fore and doing their part well. On Sunday, a meeting was held of 500 Chinese residents of Toronto, and after having listened to the call for the Victory Loan, they subscribed for \$10,000 worth of bonds. The Polish people held a mass meeting in Occident Hall, and enthusiastically bought \$12,500 worth of bonds. Americans are also buying bonds, also many of them have recently subscribed to their own loan. A canvasser who covered an American firm that is quite new in Toronto, was given great encouragement. Most of the employees were girls, but the foreman of the shop told subscribers he would cover it. Every girl in the place bought, so the foreman had to come across, which he smilingly did.

Bonds for the Soldiers. One hundred per cent. efficiency is the record for military district No. 2 headquarters' office on College street. Every man and girl in the place bought a bond, and many of the men there have

seen active service in France. In the soldiers' school of civil re-establishment in Hart House, where there was not a man that had not given either an arm or a limb, or had suffered otherwise badly in the great war, the canvasser reported that every one took out at least \$100 worth of Victory Bonds, and some were able to subscribe more. At a great meeting in Convocation Hall, where 1000 Royal Air Force men listened to Capt. (Rev.) Cameron tell of the needs of the Victory Loan, over \$10,000 was subscribed for in a few minutes, and the men promised that there would be more to follow from other units that were not present.---BUY ANOTHER---

PLAYS PICTURES AND MUSIC,

"Ask Dad"

The Royal Alexandra will reopen tonight with "Ask Dad," a new musical comedy, which is making its first bow to the public in Toronto previous to going to New York for a winter's run at the Princess Theatre, where it will be the sixth annual musical production. The performance of "Ask Dad" will be its first on any stage, and in honor of the event the producers, F. Ray Costello and William Elliott; the authors of the book and lyrics, Guy Bolton and P. G. Wodehouse; the composer, Louis A. Hirsch; the stage directors, Robert Milton and Edward Rovee, as well as a number of costumers, scene builders and painters, are here from New York to see the result of their handiwork.

"Chin Chin"

Charles Dillingham's big musical extravaganza, "Chin Chin," opens a week's engagement at the New Prin-

cess Theatre tonight, with the usual Wednesday and Saturday matinees.

The book is by Anne Caldwell and R.H. Burnside, the lyrics by Anne Caldwell and James O'Dea, the music by Ivan Caryll, so well remembered for his ingratiating melodies in "The Pink Lady" and "The Little Cafe." The riot of fun, feast of music, heavy of feminine beauty with pretty dresses, swift and grotesque dancing, lots of pranks and amusement, including Tom Brown's clown band as the famous saxophone sextet, promises a most enjoyable entertainment. In this musical rich show such numbers as "Violet," "The Gray Moon," "I'm Thru," "Good-bye, Girls, I'm Thru" and the comedy song "Go Gar Sig Gung-lee" always receive spontaneous applause.

"Cinderella" Reopens Grand. F. Stuart-Whyte's magnificent pantomime, "Cinderella," will be the offering at the Grand tonight. It is an ideal vehicle for the glad reopening of the theatre, and a little of the theatricality of the production will doubtless be accorded a rousing reception when the curtain goes up. The pantomime version of the fascinating fairy tale is divided into two acts and eleven brilliant scenes. There are 30 song hits, and a half dozen novel dancing numbers in the piece, which will be interpreted by a carefully chosen cast of principals and a chorus of real English girls, all

of them pretty, some of them witty and only one married.

Shea's Theatre. Commenting with a matinee this afternoon the management of Shea's Theatre presents to its patrons as the headline attraction George MacFarlane, peer of all baritone singers who brings with him a repertoire that is both varied and extensive. Lillian Shaw is one of the most talented women in vaudeville. Her character impersonations are always particularly well done, and she has always been a great favorite here. John and Winnie Hemmings are two clever people with a bright comedy playlet, while McIntosh's Merry Musical Maids should provide plenty of entertainment. Miss Nadli, "The Perfect Woman," in a pretentious posing offering; Frank Gaby is a ventriloquist with new ideas; Walter Fenner and Company, and the noted William Fox star, William Frazum, in the Victory Loan feature picture, "A Mother's Heart," completes a bill that promises not to be excelled this season.

Jeff animated cartoons complete the bill.

The Hippodrome. Shea's Hippodrome this week will be the feature spot in Toronto for amusement, and what is more to the point, there will be something doing to suit everyone's taste. The vaudeville is the biggest and best of the year, and boasts of such acts as "Hello, Tokio," a musical comedy of 10 people. The Three Webber Girls in a variety novelty offering. Gertrude Magill and Company in their comedy success, entitled "The Man of the House." Jimmy O'Brien and Southern Girls in an original series of vaudeville specialties called "Samples." Harry Meehan, the tramp Caruso; also Leigh and LaGrace in a juggling specialty. The film part of the bill leads off with the feature Metro, "In Judgment Of." Then there are the 48th Highlanders in France, two comedies and a Pathé news.

The Gayety. "Hello America," the big show that ran all summer at the Columbia Theatre, New York City, the attraction of the Gayety Theatre this week, is away out of the ordinary for burlesque. It is more on the order of a big two dollar Broadway production.

The Star. The first offering of the Henry P. Dixon Producing Company, a firm noted for its triumphant stage achievements, and bearing the title of the Big Revue, will be the next attraction at the Star Theatre this week. This particular offering is said to be quite at variance with anything seen hereabouts in many seasons.

Regent Has Great Program. To see William S. Hart, the big "two gun man" star, and Dorothy Dalton, who plays the part of his sister in the thrilling western drama, "The Discipline," and to be carried away into the realm of a story that for real genuine interest has few equals, is the expect-

ence which all patrons of the Regent Theatre will have this week commencing at noon today. Under the new management of Will M. Elliott, the Regent is being made more attractive than ever, and he has some surprises in store for which are in operation today. That will be relished by all theatre-goers. Mme. Nazimova in her Victory Loan picture, "A Woman of France" is added to the highly acceptable program.

Madge Kennedy at Strand. "The Kingdom of Youth," the fine Goldwyn feature in which Madge Kennedy will be seen at the Strand Theatre when it reopens this morning, affords that screen idol finer opportunities for the display of her versatility than any vehicle in which she has previously been seen. In part, it is sheer comedy of the most delightful kind. In part, it tests her possession of dramatic power to the full. The production is up to the usual Goldwyn standard of perfection in photography as well as in scenic effects and settings. There can be no higher praise.

"Cleopatra" at Madison. Gorgeous and sumptuous beyond description or compare is "Cleopatra," the supreme Theda Bara masterpiece, which, with William Fox masterpieces, will be presented at the Madison Theatre today, tomorrow and Wednesday. The siren of the screen is Egypt's beautiful queen to the very life.

Stefansson to Lecture. Back from the rugged north, back from its mysteries and its wonders come the famous Arctic explorer, Vilhjalmur Stefansson, with the achievement of having discovered the great new continent. His wonderful narrative, as he alone can tell it, will be told when he appears in Massey Hall, Monday evening, Nov. 11.

KAISER PROMISES TO AID REFORMERS

German Emperor Signs Decree Making Chancellors Responsible Ministers.

Amsterdam, Nov. 3.—On the occasion of the constitutional amendment coming into force, says an official telegram from Berlin, Emperor William addressed to Prince Maximilian of Baden, the German imperial chancellor, a decree endorsing the decisions of the reichstag and avowing his firm determination to co-operate in their full development.

"Your grand dual highness: I return herewith for immediate publication the bill to amend the constitution and the law of March 17, 1917, relative to the representation of the imperial chancellor, which has been laid before me for signature.

"On the occasion of this step, which is so momentous for the future history of the German people, I have a desire to give vent to my feelings. Prepared for by a series of government acts, a new order comes into force which transfers the fundamental rights of the Kaiser to the people.

"Thus comes to a close a period which will stand in honor before the eyes of future generations. Despite all struggles therein invested authority and aspiring forces, it has rendered possible to our people that common development which imperishably revealed itself in the wonderful achievements of this war.

"In the terrible storms of the four years of war, however, old forms have been broken up, not to leave their ruins behind, but to make a place for new vital forms.

"After the achievements of these times the German people can claim that no right which may guarantee a free and happy future shall be withheld from them.

"The proposals of the allied governments which are now adopted and extended owe their origin to this conviction. I, however, with my exalted allies, endorse these decisions of parliament in firm determination, so far as I am concerned, to co-operate in their full development, convinced that I am thereby promoting the weal of the German people.

"The Kaiser's office is one of service to the people. May, then, the new order release all the good powers which our people need, and which are hanging over the empire and with a firm step win a bright future from the gloom of the present.

Ruth Dines With Her Employer While Brian Stays Out Late.

CHAPTER LXXIX.

Ruth could scarcely repress the guilty feeling she had at accepting her employer's invitation.

"I will be careful not to tell him when Brian is out," she said to herself, as she smoked her pipe.

"Oh, I couldn't have gone!" Ruth exclaimed, knowing she would have enjoyed a good play.

"Why not?"

"It wouldn't be right for me to do something so selfish when Brian, my husband, is out."

"You must eat a good dinner. Then I'll send you home in a cab. I was going to propose a theatre; but you are too tired."

"Oh, I couldn't have gone!" Ruth exclaimed, knowing she would have enjoyed a good play.

INDUSTRIAL WORKERS

Subscribe Liberally

A significant feature of the returns received from provincial cities outside of Toronto indicates that the industrial workers are subscribing to the loan in a most gratifying manner.

Welfare heads the list with 12 industrial establishments having won the honor flag of which report 100 per cent of their employees applying for bonds.

Other cities reporting large subscriptions under the employees' organization plan are Hamilton, St. Catharines, Brockville, Sarnia and the Village of New Toronto.

Welfare is the first Ontario city to win the governor-general's honor flag, and in the respect the distinction with Ontario City.

Ontario Organizers Confer in Toronto

G. H. Wood, chairman for the Province of Ontario, presided at a short conference of divisional and county organizers who came to Toronto for the week-end to report progress and discuss local problems.

Notwithstanding the bad weather which has prevailed generally during the past week, and the influenza, which is still very bad in some parts of the province, the organizers were enthusiastic over the progress made.

For the first week of the campaign Ontario has done well, and the organizers have returned to their territory determined that the objective for the province of \$250,000,000 will not only be reached, but considerably surpassed before the campaign closes.

NOTICE

Military Service Act, 1917.

EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer to ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

REGULATIONS.

"106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."

"106a. Every person who harbours or conceals OR IN ANY WAY ASSISTS ANY MAN WHO IS A DESERTER OR ABSENT WITHOUT LEAVE FROM THE CANADIAN EXPEDITIONARY FORCE, or who is in default in the performance of any obligation or requirement for reporting or for military service imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he was not aware and had no reasonable ground to suspect that the man so harboured, concealed, or assisted was a deserter or absent from the force without leave or in default in respect of any of the obligations or requirements aforesaid."

Sporting Gossip

It looks like all sports back again sure by next summer, and possibly in quick time, as the old war should blow up any moment. They'll all come back that can. Baseball should be most popular, according to the way the players are doing their honor rolls, even if many more are in the shipyards than in France. To encourage the breeding of good horses there must be unlimited racing. W. H. Gocher says the trotter makes the best cavalry horse, while Chris Fitzgerald is sure it's the thoroughbred, both forgetting that this should be encouraged. And, finally, remembering that Kitchener ordered rum for his men, the select chorus will sing, "We want booze." Most people will expect beer again over the bar, as usual, soon after the war, but no hard stuff.

Battling Levinsky finally is to fight for Uncle Sam. Advice from Bridgeport comes that the local draft board has advanced the matter from Class A to Class AI, and that he must immediately report for duty. This means that a bomb into the Levinsky camp. The matter has been working in the submarine yards and doing his bit like the ball players between decks for Uncle Sam. He did not suffice. He is a husky young fellow, 27 years of age, and well fixed financially. Fusing with submarine work, he is a professional mechanic and skill did not satisfy the Bridgeport draft board. They studied his record, and decided that the matter must fight for Uncle Sam.

That is like another fighter, one Jack Dempsey, who is said to be employed in some shipyard. He has been photographed holding the tap end of a pneumatic riveting machine with the nonchalance with which a June bride would carry a rattlesnake in place of a bouquet of lilies of the valley. His overalls are painfully new, and the shoes he wears "in the shop" are manifestly of the cut affected by sea-actor huzzies or Spanish leather lobby-chair hounds in the busy hotels. The newspapers, too, seem to indicate that Jack is doing most of his shipbuilding around fight promoters' offices.

According to Snowy Baker, the Australian dean of boxing, there are 875 boxers from the Antipodes now fighting with the British forces at various fronts. Jimmy Clabby, the American boxer, is serving with the Australians on recruiting duty, but like the other American boxers and ball players, just expects to go to France in the near future.

There is a controversy going on as to whether George Stallone or Fred Mitchell had the more to do with the success of the Braves in 1914. Off hand we'd say that our own Dickie Rudolph, Rabbit Maranville, Johnny Evers, Lefty Tyler and Bill James didn't handicap the team so you could not tell. At a matter of fact that 1914 Boston machine will never be explained. They came from nowhere and the war in the title and faded over night. Their misdeeds in life seemed to have been exemptly the uncertainties of baseball. They succeeded. If you don't believe it, ask the manager or does the manager make the manager or does the manager make the manager? It probably depends on who the manager is and what kind of a team he has.

If a race horse is great it is "as great as ever looked thru blinkers." If the "greatest that ever wore a cleated shoe." If a baseball player, the greatest that ever booted the pigskin; if a fighter, the "best that ever pulled on a glove"; if a baseball player, the "best that ever swung a bat"; if a jockey, the "best that ever sported silk"; if a billiard player, the "best that ever chalked a cue." The Norway Soccer Team Beat Sweden and Danes. Although the war has so greatly interfered with international football contests in belligerent countries, the Scandinavian nations have played a series of hand.

The first match was between Denmark and Sweden at Copenhagen, the Danes successful in its second game. It opposed Norway at Stockholm and won by 2 to 0.

It was the match between Norway and Denmark Christiania, that provided the greatest surprise in the international contests between Scandinavian countries. Norway had previously played 20 international games without having been credited with a victory, and it was not anticipated that it would gain its first triumph at the expense of one of the strongest continental national teams. But Denmark, much to its own surprise, was defeated by 3 goals to 1.

Hockey as Usual, Says Tom Gorman. Tommy Gorman, the Ottawa hockey magnate, was in town on Saturday and started boiling. When seen by The World representative, Mr. Gorman stated that as far as the Ottawa Hockey Club was concerned, they would play in the National Hockey League and that only one team would operate in the capital. He further stated that the Canadian Hockey Association had no option on Dey's rink at present and everything was alright in the capital. The war is nearly over in hockey circles and it will be no surprise if some business is done in a few days and the National Hockey League would be done business as usual.

Well-Known Cricketer Victim of Influenza. Cricketers will sincerely sympathize with the family of Fred Seal, the well-known wicket keeper of the Albion Club. He is the best man in the city behind the stumps, who died on Saturday, a victim of the prevailing epidemic. He nursed his wife and two of his four children thru the malady, and was ill only a short time. He died in the General Hospital. The funeral takes place today at 4 p.m. from Harry Rank's place at Queen and Spadina to Prospect Cemetery. The late Mr. Seal was a famous soccer player in England, a member of the Sunderland Club. He was a woodworker by trade. His elder son, aged 14, is also Trinity Boys' Club. The second boy is 17 and the two girls, five and three years of age. Their home is at No. 2, Queen and Spadina. On account of the death, the entertainers of the Trinity Boys at the house of H. H. Roberts, 23 Niagara street, was postponed.

Debadou, at Pimlico, Won the Steeplechase. Baltimore, Md., Nov. 2.—Debadou, a 3-year-old son of Broomstick and Leayonara, carrying the colors of the Greenock Stable, this afternoon won the \$3000 Elkridge Steeplechase, over the Pimlico two mile course, before one of the largest crowds that has gathered at a Maryland track since the fall season opened six weeks ago. Capt. Ral Farr's Bughouse was second, and B. M. Weid's Belle of the Sea, third. The Elkridge was the feature of an attractive Saturday program and it brought five Saturday country enthusiasts out in force to witness its running. They fought from start to finish by some remarkably promising three-year-old jumper. It was the sixth running of the Elkridge and the purse was worth \$2800 net to the winning owner.

Field Hockey at Hamilton. Hamilton, Nov. 3.—Two fast games of field hockey were played on Saturday afternoon at the C.O.R. grounds. The first game was from the corporals in the ranks of the 1st Battalion, 1st Cavalry, and the 2nd Battalion, 1st Cavalry. The game was a hit with the soldiers here, and will likely remain after the war. There are eleven players on a side and the rules are similar to hockey, except that a goal can only be scored when a shot is made from a ball in front of the net. A croaker, heavy walking game.

My boy-

"Your little wooden gun; your cocked paper hat; the shiny, home-made epaulets that you cut from a baking-powder can--how well I remember them all; when you were a tiny boy-toddler of six and played soldier.

"Now you are my big boy, my brave soldier--but still my boy.

"It was three years ago you enlisted. I remember the day you told me. Your heart said: 'Go!' and there was no other way.

"Of course, I miss you--miss you terribly. But I'm trying to be brave, too, here at home. My Victory Loan work helps me feel that I am doing my small part.

"Still, I live for the day when you'll come back to me--if God has willed that you should. . . ."

You women of Toronto--whether you have sons in the service or not--

do you wonder that the Victory Loan is almost as close to the heart of this mother as are the letters from her boy?

Do you wonder that she and thousands of her sisters are enlisted as voluntary workers in this greatest of all Government Bond campaigns?

Do you wonder that they are willing to give time from their various duties to do their part in securing Toronto's huge share in this wonderful campaign?

Study the Internal Nerves

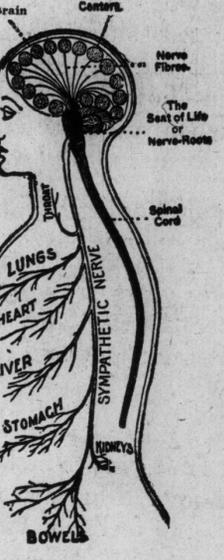

YOU prick your finger and know that it is the nerves which carry the painful sensation to the brain. You move your hand, and realize that the idea of movement started in your mind. But did you ever think that every beat of your heart and every breath of air taken into your lungs is dependent on a constant supply of nerve force?

It is the internal or sympathetic nerves which drive the machinery of the body, and from their derangement or exhausted condition arises weakness of the stomach, feeble action of the heart, or inactivity of liver and bowels.

When nerve force fails every organ of the body becomes more or less deranged. Indigestion, sleeplessness, headaches, irritability and nervousness are some of the first indications. You lose energy and grow weak and listless. As time goes on you become more and more helpless, until nervous prostration or collapse brings you to the sick bed, and long months are often necessary for the restoration of the exhausted nervous system.

Even in this extreme condition Dr. Chase's Nerve Food will usually cure if its use is persisted in, but how much wiser it is to heed the warning in the early stages and keep the nerve force at high-water mark. No restorative has ever proven its worth in so many thousands of cases as has Dr. Chase's Nerve Food. What it has done for others it will do for you under similar conditions. By forming new, rich blood it nourishes the starved and depleted nerves back to health and vigor, and thereby overcomes the cause of weakness and diseases of the nerves.

Dr. Chase's Nerve Food is in such great demand that you can obtain it wherever medicines are sold—50c a box, 6 for \$2.75. Portrait and signature of A. W. Chase, M.D., are on every box of the genuine.
