UNCLE SAM'S PEACE CONTINUATION

Frye, the Former Tall-Twister, Changes Front and Lauds England—Sir William Marriott Accepted the Olive Branch and Said Nice Things About America—Judge Day and Whitlaw Reid Spoke Also.

Queenstown, Sept. 23.—The Grand Locomotive Company, from New York on Sept. 17, with the U.S. Peace Commission on board, arrived here at about 2 o'clock this afternoon after an uneventful voyage with all well on board excepting Senator Gray, who has been suffering from neuritis for two days.

There was a concert on Thursday on board the Campana in aid of the Seamen's Charities. Senator Frye presided. After eloquently appealing for subscriptions, he referred to the fact that three hundred years ago Spain, at the cost of a hundred millions, and with a great armada, set out to possess England. But, he added, England, through her sailors, won a victory which gave her prestige for all time.

Continuing, the Senator then adverted to the brilliant victory of Commodore Dewey at Manila. During the course of his remarks on this subject Senator Frye said the fame which that victory won for American sailors had gone all over the world and has lifted the name of the United States higher than ever before. He concluded with remarking that "God bless America and British tars, may the angels of peace touch your hearts to-night."

The collections netted the sum of \$316 for the seamen's societies, after which "My Country, 'Tis Thee" was sung.

Britannia Rules the Waves.
Sir William Marriott then proposed a vote of thanks to the chairman, adding, after hearty cheers, that "Britannia Rules the Waves" should now be amended so that some word representing Great Britain and the United States might be substituted for Britannia. This sentiment was roundly applauded by his hearers, who

afterwards called for some remarks from Senator Davis, who began by saying the United States and the Mother Country had squabbled in the past, but they were family quarrels, and which it well behooved all others to let alone. He added, impressively, that by divine dispensation the last three months had brought about a better feeling between Great Britain and the United States than ever before. "And why not?" asked the Senator, who continued: "We speak the same tongue, we think much the same, and we read the same books. The meaning of this is that 125,000,000 of people speaking the English tongue and standing together in thought and purpose will do more for peace than any war ever waged."

Dignified Judge Day.
Judge Day was then induced to speak, and with dignity and in a manner, he referred to the fact that, while British citizenship has been a ready passport everywhere, American citizenship now none the less furnishes a passport everywhere equal to any warrant of manhood. The speaker added that he could not talk of the mission, but he hoped all would be gratified to welcome the committee on its return from the consummation of a peace honorable to the United States and alike just to the other interested power.

Whitlaw Reid's Remarks.
Mr. Whitlaw Reid, proprietor of The New York Tribune, also spoke. He regretted the fact that the American Commission in going abroad should not be sailing under its own flag and in a vessel built in America. Mr. Reid added: "We have some suitable vessels, but they have been and are quite busy."

The Commissioners will stay in London until Monday and will then go to Paris.

They Disagree.
The Canadian Commissioners and Premier Hardy Ontario are sharply on speaking terms. The former insist that the Ontario Government shall abolish the legislation which forbids the importation of American coal into Ontario, and that all logs cut in Ontario shall be manufactured in that province. Mr. Hardy declines to yield and is threatened with the disallowance of his pet statute.

Opposed to Reciprocity.
Mr. Aaron Jones of the American Patrons of Husbandry has received a memorial from the Populist party heartily endorsing the opposition to reciprocity in natural products.

The Canal Tolls.
A big delegation from Buffalo, Detroit, Toledo and Detroit will be here next week to urge the abolition of Canadian canal tolls. The commission officers for such a privilege on canals that have cost the Canadian people \$100,000,000 have been mentioned, but the Canadian commissioners are disposed to favorably consider the matter if the United States grants reciprocity and the canal tolls are abolished.

Conference Notes.
The commission, after an hour's sitting today, adjourned at 12:30 until Tuesday next. This was necessitated by the exchange of notes on the subject of the exchange of sub-committees on the means of Ottawa. It is expected to meet to-night for the first time.

GRATERS.

You want to look at these graters who are trying to take away the liberties of the people. Take a good look at them. Throw your eye square on F. S. Spence and John W. Bengough! And say if you see any superiority or lordship in them. But if you look at them closely and go back to their record you will find them professional barn-stormers, barn-stormers so much a sight; that they straggle the country, using the school houses, the Sunday schools, the churches, to fill the house when they come that way. The church organizations are got to beat these crystals' drums and the wanderers take the proceeds. The way to work the school houses and the churches is to be a "moral reformer." Pulpit advertising is cheap advertising, and you can always get it if you have a "moral reformer." The hardest thing that was ever said of a prominent Conservative, and has hindered his advancement, is that he was once sized up by a sarcastic colleague as "a ten-dollar-a-night politician and moral reformer." And if you look the lot over you will find that most of the shouters, the organizers, are in it for profit or advantage. There are any number of honest sympathizers with a movement against the cause of intemperance, but the directing forces are individuals with an eye to the main chance.

THE LIBERALS OPPOSED ASTOR

Claimed He was an Alien and He Had His Name Expunged By the Court—Report of Death of Chinese Emperor Not Confirmed—Germany and Austria Stand Clear of Crete—Cable News.

London, Sept. 23.—The local officials inspected the name of William Waldorf Astor in the list of voters on account of his ownership of Clivedon. The Liberals opposed the action of the officials in the electoral Revision Court at Maiden Head, on the ground that Mr. Astor was an alien. Mr. Astor wrote that his name had been inserted in the list without his knowledge and against his wish. The court ordered that his name be expunged.

The Death Report Not Confirmed.
London, Sept. 23.—A despatch to the Central News from Shanghai says that the report of the death of the Emperor of China is not confirmed. It seems, however, that his life has been endangered. The late Emperor of China had offered a reward of £2000 for the capture of Kung Ku, Jr., the leader of the reform party, who is accused of being the leader of a plot to murder the Emperor, but whether this was an actual attempt to kill him is not known.

The Authorities are Now Searching.
The authorities are now searching for vessels arriving here from the north in the hope of arresting Kung and his confederates. Pekin advices received in Shanghai say the city gates are closed to prevent the escape of Kung. Search was made for him throughout the city, but without success.

Lady Curzon is Able to Go.
London, Sept. 23.—Contradicting the report circulated yesterday that Mrs. Curzon's delicate health would not permit her to accompany her husband to India, it is asserted to-day that she is in excellent health and will go with Mr. Curzon when he starts for his new field of duties.

Pando Thanks Corrao.
Madrid, Sept. 23.—General Pando, who recently returned to Spain from Cuba, has addressed a letter to General Corrao, Minister of War, thanking the Minister for defending him in the Chamber of Deputies against the accusations of a deputy who alleged Pando had appropriated a considerable sum of public money to his own use. General Pando says in his letter that he was never in charge of State funds.

Germany, Austria and Crete.
Berlin, Sept. 23.—The Cologne Gazette publishes an article commenting upon a letter addressed by Vice-Admiral Canavaro, formerly commanding the Italian warships in Creta waters, to all the powers, in which he is understood to recommend the re-establishment of the European concert in Creta. "All of the powers," the Gazette says, "would gladly put an end to the Cretan disturbances, and all of the powers are on record that the rights of the Mohammedan should be respected equally with those of the Christians, Europe consequently would have to decide to subdue the Christian insurgents by force of arms. As certain powers are not disposed to take that measure, there is no valid reason why Germany should again allow herself to be drawn into the trouble."

The Emperor in Danger.
London, Sept. 23.—According to special despatches received from Pekin, members of the European community there believe the life of the Emperor of China is in danger. It is noted that the Dowager Empress desires to place Prince Kung's grandson on the throne. The Emperor, it is added, realizes the strength of the conspiracy against him and has ordered the guards at the palace to be strengthened.

China's Threatened Insurrection.
London, Sept. 23.—The Times' Pekin correspondent says: "The Government is increasingly anxious regarding the northward movement of the anti-dynastic insurrection, which has already entered the Hunan Province."

Added to the Intricacies of the Dreyfus Plot—Woman Wounded by M. Ollivier with a Revolver.
Paris, Sept. 23.—Madame Paulmier, wife of M. Charles Ernest Paulmier, member of the Chamber of Deputies from the Department of Calvados, has added another tragedy to the bewildering intricacies of the Dreyfus plot. Madame Paulmier to-day entered the office of La Lanterne and asked to see M. Millerand. M. Millerand was absent and M. Ollivier, who was present, stepped forward to receive the lady, who, without waiting for any explanation, whipped out a revolver and fired twice. M. Ollivier fell to the floor wounded. He was taken to a hospital. Madame Paulmier was taken into custody and, when questioned, coolly announced: "I wished to kill M. Millerand."

Now in Transit.
The second shipment of "La Bohème" from the best cigar factory in Mexico is now in transit from Vera Cruz. It consists of 100,000 La Bohème and is consigned to Importer G. W. Miller. These Mexican cigars seem to suit the taste of more cigar connoisseurs than any other single brand which Mr. Miller sells.

A Sad Bereavement.
The infant daughter of Capt. Michie of the 48th Highlanders died last evening. This makes the second death in Capt. Michie's family within a week, an 18-months' child having died a few days ago.

Germany Goes Ahead.
Her Trade has Increased in Spite of All Obstacles.

Washington, Sept. 23.—Reports to the State Department from United States Consul Representative of Elberstadt and Chemnitz, show that Germany's export trade has been continually increasing for the last five years, although that of France and England has been diminishing. The Chemnitz, show that Germany's export the first half of this year, compared with 1897, was \$2,080,000, while in the same period France lost \$22,914,800 and England \$28,264,000. The consul says that the gain has been achieved in spite of many difficulties, such as the new United States tariff law, the confusion brought about by the wars, the famine in India and the financial crisis in Brazil and Chile.

Farmers Storing Their Wheat.
Winnipeg, Sept. 23.—Deliveries of wheat are now beginning to increase. During the past two weeks the great bulk of the deliveries have been along the line of the Northern Pacific. A great deal of wheat, much more than usual at this time of the year, has been stored in the elevators, farmers in the hope of prices advancing.

Will Not Sell Waterworks.
Winnipeg, Sept. 23.—At a meeting of Winnipeg City Council last night it was voted to decline the offer of English bondholders to sell the city waterworks at a valuation of £50,000. The council will, it is desired by bondholders, negotiate with them for the purchase of their entire works and plant on the basis of actual value to the city.

A Singer's Sad End.
The many friends of Miss Ethel Warrington, the oldest daughter of Mr. Fred Warrington, will regret to learn of her death, which took place in Detroit yesterday. QUIGLEY OR THE MYSTERY?

Boxing Followers Are in a Quandary as to the Winner of Tonight's Big Bout. George Keewin still stays favorite for tonight's battle with Jerome Quigley in the Mutual Street Ring, but when the Philadelphia's bookmaking friends hold their staves this afternoon at Woodbine Park things may take a turn. Both men did light work yesterday and are nicely down to the 135 lbs., at which weight they scale this afternoon.

The veteran Harry Gilmore arrived in the morning from Chicago and was busy renewing acquaintances all day. He is quite confident that his protégé will still remain a mystery as far as Quigley's victory is concerned. Harry speaks highly of Harry Forbes, who has beaten everything

COLTS' WICKETS COLLAPSE

Warner's Bowlers Take All Stumps of Philadelphia Youths for 77 Runs. Philadelphia, Sept. 23.—A three days match between P. F. Warner's team of English cricketers and the Philadelphia Club was begun on the Merion Cricket Club's grounds at Haverford to-day. When stumps were drawn this afternoon the local team which consisted of 18 young players selected from the various Philadelphia cricket clubs, had made 77 runs for their first innings, and the Englishmen 78 for their second. Warner's team, who opened with a soggy crease as usual, were hit by a heavy rain of last night and this morning. Not soon after noon the skies cleared and the wicket dried out. The colts won the toss and were elected to bat first. The stumps were flying fast and almost before the colts knew what was happening three wickets were gone for no runs and five for only two. Allen and Seymour, however, made a mull and carried the small score into double figures, the latter's stand of 27 being the best of the day. The other man went out in short order. The Englishmen kept their innings at half past 3 o'clock. Barnup and Sewell facing the attack of Demotte and Climenon. Both men batted freely and scored double figures before they were bowled. Hill and Warner were at bat when stumps were drawn. Score:

The controllers received His Worship's remarks without comment and proceeded to open tenders for the pavement contracts. Everything went along smoothly until the elevator question was brought up, when the usual discussion ensued.

The following pavement contracts were awarded: A. F. Godson, Carlton-street, south side, Church to Jarvis-street, at 98 cents per foot; A. Gardiner & Co., Front-street, south side, from Scott to Church-street, and York-street, east side, from Front-street to No. 285, concrete sidewalks; Clark & Conroy, Prospect-street, from Ross-street to Parliament-street, at \$1.00 brick pavement; Warren, Schaff & Co., macadam road on Macpherson-avenue, from Yonge-street to 1830 west, at \$2736.

The tender of Rogers & Sons at \$3700 for the chairs, desks, tables, etc. in the new Council Chamber, was accepted, and H. Dinias & Son will make the railing platform and stairs at \$2968. The time limit was seven weeks.

 Perth, Ont., Sept. 23.—At the cheese market here to-day there were 1600 boxes of white cheese offered, of which 500 were sold to Warrington and the remainder between Hodgson Bros. and Alexander. The ruling price was 9 1/2c. All cheese was September make.

East Buffalo Cattle Market.
 East Buffalo, Sept. 23.—Cattle—The offerings were two loads and with a fair demand. The market was steady. Calves were in fair supply, good demand and sold about the same as yesterday. Choice to extra were quotable \$8 to \$8.25; good to choice, \$7.50 to \$8.

Sheep and Lambs.—There were 250 loads of fresh sale, including 18 loads of Canada lambs. The demand for good sheep and lambs was fair and prices pretty well sustained, considering volume of offerings. Common grades were slow. There was a fair clearance. Lambs, choice to extra, were quotable \$5.50 to \$5.75; good to choice, \$5 to \$5.50; common to fair, \$4.50 to \$5. Choice to extra, \$4.50 to \$4.75; do, mixed, \$4.25 to \$4.50; good to choice, \$4 to \$4.25; common to fair, \$3 to \$3.50.

Hogs.—Although the offerings were quite liberal, the demand was active throughout the session, and a few cars of late arrivals sold at firm prices. The basis of price was lower, however, on the close. Corn Yorkers sold \$4.15; medium, \$4.12 1/2; pigs, \$3.80 to \$3.90; roughs, \$3.50 to \$3.60; stags, \$2.75 to \$3.25; grassers, \$4 to \$4.10.

Leading Merchants Testify to a Great Increase in Trade.

The Bon Marche.

The Bon Marche, from its central location in the heart of the city, has always been a favorite resort of the transient trade, according to Mr. Peacock, but he is inclined to believe that business with the Americans has gradually fallen off since the present season's good showing to the presence of the American element.

Mr. Peacock, however, was convinced that Toronto business men gained enough from the American visitors to justify a more active policy with regard to attracting them. "Americans," he said, "are, as a rule, free spenders, and if an American woman takes a fancy to a thing, she is bound to have it. And, even if the hotels do not get the money first, we will get some of it afterwards."

More Than Usual. For the T. Eaton Company Mr. Bilger and Mr. A. J. Moreland were interviewed. They could answer for their sales to Americans only as a matter of personal observation. There had certainly been more of them in the store than usual. The amount of their purchases was constantly on the increase. Fancy goods of European and particularly of German manufacture, were what they principally wanted for.

Jewels Bought. As representative jewelers and dealers in precious stones, a visit was paid to Messrs. Ryrie, Morphy and Scherer. Mr. Ryrie, who was first seen, spoke enthusiastically of the jewel trade with Americans in this city. The sales in diamonds to Americans were particularly gratifying, and considerably in excess of previous years. They were most flattering in their remarks about Toronto and its courteous treatment that had universally received in the stores.

Mr. Ryrie was sure that Toronto possessed permanent attractions for the American trade. He suggested various plans for augmenting these attractions. "Would it pay Toronto to encourage the Americans in some direct way?" "Most emphatically yes," said Mr. Ryrie. Mr. Morphy was more guarded in his utterances. The Americans bought a number of little things, but seldom made large purchases. Their trade had not been so valuable this year as last. Mr. Morphy was more inclined to dilate on the effects of the good times in Canada. He said that they were buying \$20 watches to-day where they bought \$50 dollar watches a couple of years ago.

Mr. J. W. Dryman of Murray's said there could be no doubt about the increased volume of the American trade during the past summer. The season had been a very prosperous one for the drygoods trade generally in Toronto, a fact which he attributed chiefly to the prevailing good times and to the cheap railway rates, which enabled the inhabitants of country towns to do much of their shopping in the city. As regards all goods handled by the firm were of foreign manufacture and, therefore, such as Americans were most likely to buy, it was

London Women. Have Words of Praise for Doan's Kidney Pills. No wonder the praises of Doan's Kidney Pills are on the lips of nearly every woman in London. Ontario. The terrible back-aches, side-aches and headaches which are so common among women so quickly disappear when these purifiers of the kidneys are used. Women are rejoicing more and more that the best of these troubles is in the kidneys—that Doan's Kidney Pills banish all the pains and aches by making the kidneys filter out the poisons from the system.

Doan's Kidney Pills are sold by all druggists at 25 cents a box or three boxes for \$1.25. The Doan Kidney Pill Company, Toronto, Ont.

impossible to specify any particular department, as especially favored by them. Yet silks and dress goods were the first that came to mind. But he had frequently noticed the store filled with Americans during the summer, and for number reasons Mr. Dryman was inclined to think their patronage a plum worth reaching for.

allow trade to escape them if they can help it. "There hasn't been a day since July 1 that we haven't sold a bill, smaller or larger, to an American," said Mr. Lugsdin. "We have made a great many friends and customers among a very superior class of people, and in some cases have thus indirectly gained a great deal of business in the city."

NERVE SAVED THEIR LIVES. Jumped From Burning Tug in Time to Avoid Death. Chicago, Sept. 23.—Fire broke out in the boiler room of the tug Im. O. Smith, while the tug was in the vicinity of Lakeview crib, and for the presence of mind of Capt. Crawford, he and his crew might not have perished in the explosion which followed. The tug was burned almost to the water's edge and sank in 20 feet of water near the outer breakwater at the entrance of the river harbor. The escape of Capt. Crawford and the crew was effected just in time, as a few minutes after they abandoned the vessel the six-inch steam pipe exploded and the tug was run head on against the pier at which it was docked. The tug struck the pier and leaped for the pier, all reaching it in safety. The boat was worth \$12,000 and is a total loss.

JOHN BRIGHT ON PROHIBITION.

The following extract from a speech delivered by the Rt. Hon. John Bright in the British House of Commons will be read with interest:

"Mr. Speaker, in reference to this much vexed liquor question, after many years of observation and legislation, I have arrived at the conclusion that prohibition is an impossibility. I take it, sir, that the only way in which we can most effectively deal with this matter is to have a license fee sufficiently high to secure that amount of respectability in the parties engaged in the business to desire stringent regulations for the sale of liquor, and to have those regulations as stringently carried out; and last, but not least, Mr. Speaker, let us educate our people to understand that anything approaching dissipation is destructive alike of their moral, spiritual and physical well-being."

This citation, from so eminent an authority, ought at least to influence all independent thinkers on this much discussed subject.

A Few Facts About Prohibition. It is wrong in theory and impossible of effect. It increases the evil sought to be removed, and develops other and far greater evils.

It is based upon an atrocious injustice to a large section of the community and boundless brigandage towards a large, legitimate trade.

It breeds perjury in the courts, knavery in politics and contempt for law among the people.

Where attempted to be enforced it destroys a reputable and open traffic, only to drive it into the hands of the most despicable classes, robs the community of those wise restrictions they are content to submit to, opens the way for wholesale adulteration, gives free play to all that is evil in the traffic, and offers opposition to only that which is good.

What Will You Do?

Your Life is Precious, Save It!

Paine's Celery Compound Can Restore You.

'Tis Folly and Madness to Defer the Use of the Great Medicine.

"I am tired and weary of this continued life of misery and suffering!" This is the heart-wail of thousands of poor, nervous and sleepless men and women, crazed with headache, rheumatism, neuralgia, dyspepsia and blood troubles. Such people usually are filled with gloom and despondency, memory fails, and they are often found on the straight path that leads to the dark grave.

Have courage, suffering brother and sister! Paine's Celery Compound has cured thousands of cases in the past far more desperate and terrible than yours. It has proved an agent of life to others, and it will certainly do as much for you in this your time of adversity and distress.

What will your decision be, sufferer? Will you allow the most serious symptoms of disease and death to more fully develop, or will you, by the aid of Nature's medicine, Paine's Celery Compound, strike just now at the root of your trouble, and be made sound, healthy and happy?

The ablest physicians admit that Paine's Celery Compound is the only true nerve food and medicine that has ever been given to suffering humanity. It strengthens and builds up the nerves, tissues and muscles, it purifies the life-stream, casts out disease of every form, giving a fresh existence and a long and happy life. A trial of one bottle will convince you that Paine's Celery Compound is a life-saver and a disease-banisher.

MET DEATH IN A COAL MINE

Gas Explosion Near Brownsville, Pa., Results in Many Fatalities.

Twenty-seven of the Entombed Men Miraculously Escape by Crawling a Mile and a Half in Subterranean Passages - Eight Brought Out Dead and Nineteen Still Unaccounted for.

Brownsville, Pa., Sept. 23.—Fifty-four men were entombed in the Umber Mine, of Snowden, Gold & Company, one fourth of a mile below Brownsville by an explosion of gas at eight o'clock this morning. Two dead bodies have so far been taken out. The dead are: James Hall and John Bennett. Searching parties are making frantic efforts to reach the entombed miners but their progress is slow and there is great danger of another explosion which might bury them also under tons of rock and earth.

Immediately following the explosion of gas there was a second explosion of fire damp. There were 140 men in the mine at the time of the explosion, work having begun for the day a short time previous. Of these, 58 were in entries Nos. 9 and 10. Four men, Jacobs, Davis, Wheeler and Walker, were near the mouth of the entries. The others were far in. When the explosion came these four men made a rush for the main heading which they succeeded in reaching, though all were more or less injured. They finally crawled out to the open air. Of the 58 men in entries 9 and 10 these are the only ones who are known to be alive.

Intelligence of the disaster soon spread and crowds gathered around the mouth of the mine. Terrible scenes of grief and horror were presented. Wives and children of the entombed men were frantic with grief, and their shrieks and wails were frightful to hear. Notwithstanding the great danger, the rescuing parties are working bravely, but their efforts have so far been fruitless. At 1 o'clock this afternoon five more bodies were recovered, and it was feared that none of those still entombed would be taken out alive.

A Miraculous Escape. At 1:30 p. m. twenty-seven of the entombed miners returned to town, having escaped by traversing a mile and a half of underground passages, coming out at an opening near Lynn station on the Red Stone branch of the Pennsylvania Railroad. This point is four miles from the opening of the mine on Monongahela River. Another body, that of Robert Davis, has been recovered, making eight dead. Nineteen miners are still unaccounted for.

John Baker and his son George, who escaped by the backway, are terribly burned about the face, but will likely recover. Nearly all who escaped are injured or burned, either slightly or seriously. The dead are unrecognizable, being burned and mutilated. A hastily improvised morgue was arranged at the entrance of the mine. The coroner was sent for and the bodies

HOW WHO IS THE MURDERER?

Police Working Hard Tracing the Assassin of Emma Gill, the Bridgeport Victim.

Bridgeport, Conn., Sept. 23.—The work which is being done by the police to-day in their efforts to trace the murderers of Miss Emma Gill, the Yellow Mill found murder victim, is being carried on very quietly and during the forenoon, so far as the public is made aware, very little was accomplished.

The police officials were evidently very greatly disturbed this morning, and an investigation proved that the cause of their troubles centered about the early morning discovery that one of the windows in the house vacated by Dr. Nancy Guilford had been opened.

The body of Emma Gill was brought here from Bridgeport this afternoon and buried.

The Demon Dyspepsia.—In olden times it was a popular belief that demons moved invisibly through the ambient air, seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant fight to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial.

DOWN AT THE DEPOT.

Simcoe-Street Yard Improved - Racehorses Begin to Arrive - G. T. R. Athletes To-Day.

Superintendent Fitzhugh of the Grand Trunk Railway returned from Niagara Falls yesterday, where he held a consultation with General Passenger Agent Davis in reference to the winter timetable on the southern division. It was deemed advisable to make no changes from the regular summer schedule, except in a few small connections.

The Grand Trunk Railway, starting to-day, will run a solid wide vestibule train of the latest design between Chicago and New York, instead of the narrow-vestibule cars now in use.

The C.P.R. yard at Toronto Junction will be fitted up and remodelled this fall.

Trainmaster Begg of Stratford has been transferred to Saratoga and will fill the position of trainmaster on the G. T. R. at Saratoga and for the Chicago and Grand Trunk Railways at Port Huron.

Division Freight Agent Arthur White returned yesterday to the city from a tour of inspection over the Madoc and Eldorado branch. This line has been shut up for a long time past, owing to the lack of business, and it is the intention of the company to re-open it, as a new syndicate intends developing the iron mines in Hastings County. A deputization was given upon Mr. White's part to the G.T.R. to start a stub-line to handle the ore.

The improvements to the Simcoe-street yard of the C.P.R. have been completed and the yard is now ready for use. Three new sidings have been laid, which will make accommodation for five full trains.

The C.P.R. Express at noon yesterday was reinforced by three coaches to make accommodation for the big rush of transcontinental travelers.

The G.T.R. and C.P.R. conveyed a large number of racehorses to the Woodbine track yesterday. The former came through from Port Erie and the latter from the bridge with three carloads each. The usual race fiends and jockeys also arrived for the opening of the meet to-day. They were accompanied by 47 pieces of baggage.

The Amateur Athletic Association of the Grand Trunk intend running off their annual games this afternoon at Exhibition Park.

WERE GLAD TO GET BACK.

Not Many of These Klondikers Had Gold Dust. Seattle, Wn., Sept. 23.—The steamer Humboldt arrived here to-day, 12 days from St. Michael's, with 230 passengers from Dawson City. The majority of them were glad to get back to civilization. There were only a few who had any gold dust. Purser Twigg estimates the total amount of treasure brought down on the steamer at \$100,000. The troops that were taken up from San Francisco on the Humboldt, left for Michael's on Sept. 9, for Rampart City.

Carpet Mills Shut Down.

Philadelphia, Sept. 22.—At a meeting of the Ingrain carpet yarn spinners, held in this city, an absolute shut down of the mills represented was decided upon. This action is taken because of the over-production of yarn. Seventy-five per cent. of the in-grain yarn capacity was represented. The shut-down will be indefinite.

VIGOROUS OLD AGE.

Mr. William Elliott Tells How to Obtain It.

He Has Been Subject to Fainting Spells and Cramps—Was Gradually Growing Weaker and Weaker.

From The Echo, Plattville, Ont.

Dr. Williams' Pink Pills have attained a most enviable reputation in this community. Probably no other medicine has had such a large and increasing sale here. The reason is that this medicine cures. Old and young alike, are benefited by its use. Recently we printed an account of a remarkable cure of a well-known lady of this place through the agency of Dr. Williams' Pink Pills, and since publishing that we have heard of another similar case. Mr. Wm. Elliott, a farmer living near Bright, is a well-known figure here. Although an old man, he almost daily walks to the village, a distance of nearly a mile, for his mail. Many years ago he came from Scotland to the farm on which he now lives, and cleared it of forest. In conversation with him, he related to me an Echo reporter the following: "I am 78 years of age, and strong and healthy for an old man. Mine has been a vigorous constitution, and up till six years ago I hardly knew what it was to have a day's illness. But then my health began to fail. I became subject to cramps in the stomach. I was treated by doctors, but received no benefit. I gradually grew weaker, and as I was past the three score and ten I thought my time had come. Next I took fainting fits and often I would have to be carried back to the house entirely helpless. The doctors said my trouble was general weakness, due to old age, and advised me to carry some stimulants with me, to use when I felt a faintness coming on, but this I refused to do. I had read in the papers of Dr. Williams' Pink Pills, and thought they would be specially adapted to my case. I tried one box, but they did not seem to help me. In fact, I thought I felt worse. I decided to continue them, however, and after taking four boxes there was a marked improvement. My strength returned and I was no longer troubled with fainting spells. In six months' time, with this treatment, I gained fifteen pounds, taking in all eight boxes of the Pills. To-day I am a well man, and I owe my complete recovery to Dr. Williams' Pink Pills."

These pills cure, not by purging the system—as do ordinary medicines—but by enriching the blood and strengthening the nerves. They cure rheumatism, sciatica, locomotor ataxia, paralysis, heart troubles, erysipelas and all forms of weakness. Ladies will find them a marvellous medicine for all ailments peculiar to the sex; restoring health and vigor, and bringing a rosy glow to pale and sallow cheeks. There is no other medicine "just as good" as the full name, Dr. Williams' Pink Pills for Pale People, is on every package you buy. If your dealer does not have them, they will be sent, post paid, at 50 cents per box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont. or Schenectady, N.Y.

Supposed to Live in Toronto.

Buffalo, N.Y., Sept. 23.—Louis Sauter, who fell into the hold of the steamer Livingston Wednesday died at the Fitch Hospital about 12 o'clock last night. The body was removed to the morgue, and the coroner will attempt to locate Sauter's relatives, who are supposed to live in Toronto.
