Rev. Dr. Potts Says Cruise and Convention Was Great Event of His Life.

"I consider the cruise and the convention the event of my life, and its effect on Sunday school work in Palestine and Italy will be permanent and fruitful. My opinion is growing more and more that the Sunday school work is the greatest work of the future for the church and the world."

From Funchal, Madeira, a cable was sent to Sir George White, governor of Gibraltar, that 70 delegates wished to see him and the German minister was at the Rock and Sir George was occupied with the imperial guest. He received Dr. Potts, Rev. Mr. Frings, and William Johnson of Belleville, who is, like the general, a native of the north of Ireland. Sir George was exceedingly well pleased at their appreciation of

his services, and was unstinted in his praise of the Canadian soldiers in South Africa.

From Algiers and Malta they passed on to Naples, where the city was illuminated in honor of the president of the convention, which was held at the Hotel de Ville, the former mayor of London, Sir Thomas Lipton, and Lord Dalmeny, Lord Rosebery's brother-in-law, also attended and were greatly interested in the Sunday school convention. At Athens Dr. Potts preached on Mt. Olivet, as has been already reported. On Sunday they passed the Isle of Patmos, where St. John received the Apocalyptic Revelation in the great cavern, the sixty martyr, was of interest.

Jerusalem was reached on April 5, and Dr. Potts thought the influence of the convention on the people was remarkable. The Samaritan high priest read an address in Arabic, which was interpreted by a converted Jew. An ex-mayor of the city who attended the Berlin congress in 1878 also addressed them. On convention Sunday the natives thought the second coming of Christ was expected, and that it was to be announced by cock crowing on Mount Olivet. The cock failed to appear.

Decided on Toronto. The convention met in a tent which held 1800, and was pitched near the site, as General Gordon considered it.

TOWN TAKES STOCK. Bracebridge, May 20.—The bylaw regarding the Hess Furniture Company was carried by a large majority here to-day, only seven votes being polled against it. The principal item of the bylaw was that the town should make \$100 in preferred stock and \$500 in common stock, and that the mortgage on the property of the company, on the company complying with some of the conditions of the bylaw, the change was made owing to the injury to the company by a lack of borrowing power.

RUSSIANS REPORT A JAP DEFEAT KUROKI REPULSED WITH BIG LOSS

RUSSIAN RETREAT TO BEGINS AT CHENG

Heavy Firing Heard in Direction of Port Arthur, Which Japs Are Determined to Take.

WAR BULLETINS.

St. Petersburg, May 20.—A report has been received here, saying that Gen. Kuroki has been repulsed with great loss.

Tientsin, May 20.—It is announced from authentic Russian sources that the Japanese army from the Yalu for day sustained a severe defeat and was driven back to Fengwangcheng.

Chengde, May 20.—Heavy firing was heard in the direction of Port Arthur early this morning. Chinese arriving from Dahn say that the Russians regained control of the railway but lost it again.

Chicago, May 20.—A special to the Daily News from Chengde says: "At 10:30 this morning a tremendous explosion was heard in the direction of Port Arthur. It was impossible to ascertain the cause."

London, May 20.—The Japanese legation to-day received the following official dispatch from Tokyo: "A portion of one army commenced landing at Takushan, west of the mouth of the Yalu River, yesterday."

Newchwang, May 20.—(7 a.m.)—The reports of the Japanese retreat to Fengwangcheng are officially confirmed. The Japanese, numbering 20,000 men, came upon 32,000 Russians in a strong position on Monday, six miles from Newchwang.

St. Petersburg, May 20.—The report that Russia may shortly proclaim all the ports of the Siberian coast, including Vladivostok, to be free, thus permitting unrestricted commerce, is confirmed.

FIREMAN SHOTS HIMSELF IN HEALTH CAUSED WORRY

Charles Toplis, Well Known in Parkdale, Ends Life With a Revolver.

Charles S. Toplis, 25 Maple Grove-avenue, a fireman attached to hose 15, at the Cowan-avenue station, committed suicide by shooting himself in the temple late yesterday afternoon. He went on duty yesterday morning as usual and remained until noon. Just before leaving, he told one of his comrades that he was not feeling well and intended going to the drug store to procure some medicine. Shortly afterwards he was seen on an eastbound car. It is supposed that he came down-town and purchased the revolver, as he was not known to have previously had one in his possession.

About 5:15 p.m. his daughter came to the fire station enquiring for him. Driver Joseph Spence accompanied her home and found the dead body in a shed in the rear of the house. It is supposed that he fired the fatal shot while seated on the toilet.

Deceased has been in poor health for some time. He was injured two years ago, being thrown from the hose wagon while going to the McIntosh fire, and again similarly last winter while on his way to the Menzies & Turner fire. A few days after the last accident, his wife, in giving him some medicine, made a mistake in the bottle and gave him some medicine which made him very ill. He has been complaining of his stomach ever since and for the last few days he has had no appetite. Yesterday morning while on duty he was seized with a severe attack of vomiting.

Outward of his ill-health, he was worried by financial troubles. Ten years ago he made his wife a present of the house at 1255 West Queen-street, which he mortgaged the property. Deceased knew nothing of this until a few months ago. He learned that he had mortgaged much to heart and seemed to be worrying over this transaction more than usual during the past three weeks.

The late fireman was about 55 years of age and was a Yorkshireman. He was chief of the old Parkdale volunteer brigade and when annexation took place, about fifteen years ago, he became a member of the city department. He had a widow, two daughters, who carry on a dressmaking business at the home, and a son, Samuel, a brakeman on the C.P.R. He was a member of L.O.L. 207, the Union Workmen, Somerset Lodge, Sons of England, and a Forester. He was well known and liked by all.

The remains were removed to A. M. Craig & Co.'s undertaking parlour, 1255 West Queen-street. Coroner McConnell was notified. He decided an inquest was not necessary. The funeral will take place on Monday.

JAPS HEAD FOR MUKDEN.

Liaoyang, May 20.—Forty-five battalions of Japanese troops have been landed on the Liaotung Peninsula. In order to embarrass their advance the Russians have destroyed the railroad bridge and when annexation took place, about fifteen years ago, he became a member of the city department.

The Japanese have retired to Fengwangcheng, the divisions are moving northward. Their apparent destination being Mukden.

The excitement among the Chinese has been increasing during the past few days. The Chinese bands are causing considerable trouble and are being energetically hunted by Cosul-General Galle.

The Eastern Chinese Railroad has increased its carrying capacity, and for some time has been working very quickly and in splendid condition.

TEAM OWNERS TO CONFER.

Last night the Team Owners' Union held a successful meeting in Cameron Hall, with President W. A. Carter in the chair. They initiated ten new members.

The principal business discussed was a letter from the Ontario Drivers' Union asking a committee of the Team Owners' Union to meet a committee of theirs to decide on a definite wage.

The team owners are at present averaging \$8 to \$10 a week, and are asking \$11.

The Ontario Team Owners' Union elected the following committee to meet the drivers on Friday night: J. Ryan, W. Kirkwood, P. Wilson, J. Turner.

The Toronto team owners are at present averaging \$10 per week. A committee of both unions met about two weeks ago, but nothing definite was accomplished.

The Canada Metal Co. Solder bestmaded. RUN INTO MULLER'S. His Smoking Parlors the Mecca for Many.

Many street car passengers who have to travel at King and Yonge-streets take a few minutes for a smoke at Muller's magnificent tobacco store and smoking parlors at 9 West King-street. Since the parlors recently refitted by Mr. Muller have been noteworthy enough to receive the highest praise from a New York paper, it is small wonder that they are attracting a good deal of attention locally.

They have been furnished and decorated with rare skill and taste, and given their reopening many artists have enjoyed a visit to the apartments. Muller's is known as "everybody's store," and its patronage includes the man who wants a five-cent cigar as well as the man who is willing to pay a dollar for an after-lunch smoke. Every line of goods receives the same treatment, and Mr. Muller is famous for the care he bestows upon his stock.

WANTS THE LAND FREE.

THE GRAND TRUNK RAILWAY COMPANY ASKS THE CITY TO TRANSFER TO IT WITHOUT COST THE LAND OWNED BY THE CITY ALONG THE ESPLANADE FROM THE YORK-STREET BRIDGE TO YONGE-STREET AND NORTHERLY TO A POINT 150 FEET SOUTH OF FRONT-STREET.

The Grand Trunk Railway Company asks the city to transfer to it without cost the land owned by the city along the Esplanade from the York-street bridge to Yonge-street and northerly to a point 150 feet south of Front-street. It proposes in return to tear down the old freight sheds and roundhouse west of the present depot and use the space on both sides for passenger traffic. It will also improve the present Union Station and make it equal to almost any similar structure on the continent. Station-street will be extended easterly to Yonge-street, striking the Esplanade south of the examining warehouse, and will form the northern boundary of the railway yards.

The property sought to be expropriated is now returning to the city approximately an annual rental of \$7000. This is based on the valuation placed on it twenty-one years ago, and in the estimation of experts it would now be worth double that sum. The majority of the leases expire within a few years. Prominent merchants last night expressed the opinion that the city would be justified in granting the property to the company.

DESIRE MUNICIPAL PHONES BRANTFORD AGAINST BELL

Exclusive Franchise Has Expired and It Will Not Be Renewed.

Brantford, May 20.—(Special).—The Bell Telephone Company's exclusive franchise expired yesterday. It is certain it will not be renewed. At present there appears no doubt that in its place will be inaugurated a municipal system of telephone, owned, maintained and operated by the city.

Some time ago a committee was appointed by the city council to inquire into telephone matters. Every member of that committee has declared himself in favor of municipal ownership of telephones. It was the prevailing opinion among the committee from the first that the Bell Company should not get a renewal of its exclusive franchise, but after much consideration the municipal ownership plan of the question developed strongly.

The Bell Company cannot be driven out of the city by legal process, but such keen competition as municipal phones will give it is thought to be sufficient.

At Monday night's meeting of the city council the special committee, which is a strong one, will ask for further time to study the question. Information about the various kinds of telephones will be obtained, their cost and other matters will be figured out so that the report of the committee may be a final one.

BELL BEATEN IN PETERBORO MACHINE PHONE WINS OUT RESIDENCE PHONE FOR \$15

Contract for Ten Years Given to a Toronto Company at Council Meeting Last Night.

Peterboro, May 20.—(Special).—At a special meeting of the town council held this evening, the Canadian Machine Telephone Company were granted a ten years' franchise of the streets of the town, on which to erect poles and string wires for the operation of a system of machine telephones.

The present was represented by R. Neill, president; F. D. McKay, general manager, and D. O'Connell, solicitor.

It was shown that the company would be prepared to give for all time the cheap rates of \$15 for residence phones and \$25 for business phones. The present cost of phones in town is \$25 for residence phones and \$35 for business phones.

BETTER UNDERSTANDING BETWEEN THE CITY AND RAILWAY AUTHORITIES BROUGHT ABOUT.

An important conference was held at the city hall last night in reference to the expropriation proposed by the G. T. R. on the Esplanade. The city was represented by Mayor Urquhart and Controllers Spence, Hubbard and Shaw, Commissioner Fleming and Engineer Rust, the Grand Trunk by Assistant General Manager, McGuigan, Superintendent Jones and Engineer Somerville; the board of trade by President J. F. Ellis, J. D. Allan, Hugh Blain, J. W. Woods and F. G. Morley, secretary, and the Canadian Manufacturers' Association by J. R. Murray, chairman Toronto branch; W. P. Tindall, P. H. Burton and J. F. M. Stewart, assistant secretary. There were also present George H. Watson, K. C.; G. W. Water Cassels, K. C.; A. R. Williams, S. G. Curry, H. J. P. Eckardt and other interested parties.

While no definite result was reached, it was felt that the effect of the conference would be very good in bringing about a better understanding between the city and the railway authorities. Mr. McGuigan would give definite assurances of any action in regard to a new station, but the business men were fairly well satisfied with his representations that the facilities of the city for handling passenger traffic would be vastly improved by the acquisition of the desired property.

Object of Conference. The mayor opened the meeting by asking Secretary Morley to explain its object. Mr. Morley said he had arranged the conference at the request of his board, and introduced J. F. Ellis.

Mr. Ellis said the board of trade had received some strong letters against the proposed action of the G. T. R., but the interests of the city must also be considered. They had not come to oppose the expropriation, but for information. The property to be used for freight yards, for storage of cars, for shunting cars, or for a new station?

Hugh Blain said it was time the hostility between the city and the railway was removed. There was a necessity for increased facilities, and if the railways were going to give increased accommodation he would not be disposed to object. The railways should take them into their confidence and show what they proposed to do.

Had Nothing to Offer. Mr. McGuigan said he had nothing to offer, as he had come to learn the purpose of the city. There was a great opportunity to be taken in the facilities which the city and the road had needed for years. They had simply taken the first steps, but the C. P. R. might come in later on a scheme for a Union Station. THE PRESENT STRUCTURE WAS NOT THE WORST DEPOT ON THE CONTINENT, BUT IT WAS THE WORST HE HAD SEEN. Mrs. Mortimer Clark Presented Trophies to the Different Winners.

A host of fathers and mothers, brothers and sisters and old boys invaded Upper Canada College yesterday afternoon for the occasion of the annual athletic meeting. The function is one of the most important of the college term, being only second in importance to the annual prize day, and each boy who did his best to bring the college credit to his school.

Recently the track was cleared for the young athletes, and the field day was begun. There was a keen competition in all the events, and many a lad proved conclusively that he had a future in the world of athletics.

St. Andrew's Games Postponed. The postponement of the annual athletic meeting and field sports of St. Andrew's College were postponed until May 25.

TURKEY DAY IS WRECKED

FOURTEEN MEN DROWNED
Loaded With Coal for Montreal, But Went Aground on St. Paul's Island.

Halifax, N.S., May 20.—(Special)—A despatch from St. Paul's Island, north of Cape Breton, to-day reads as follows:
"A terrible disaster here this morning. The Turke Bay, from Sydney for Montreal with coal, struck near the southwest light house at 8.30 a.m., during heavy sea and dense fog, she bucked off and sank in deep water, twenty minutes after she struck. We took fourteen men off floating wreckage with boats. Five died before reaching the shore. Survivors are doing well. Will wire later total number lost. This steamer mistook fog alarm for another steamer's whistle.

This news, following so close on the heels of the Hibernia, caused considerable consternation in shipping circles. The Turke Bay left Sydney at 5.30 o'clock last evening with a full cargo of 333 tons of coal for the Dominion Coal Company, Montreal. It was thick with fog and along the coast it was literally impenetrable. At 8.30 a.m. she was between 3 and 4 o'clock, when without a moment's warning the heavily laden vessel crashed into the rocks. The Turke Bay carried a crew of twenty-three, and only nine escaped.

This was the steamer's first trip of the season up the Gulf, having only arrived from England a few days ago. It was Capt. Hayden's first trip on a steamer, he having previously sailed in sailing vessels. He is married to a Halifax lady and lives in Limerick. The captain's inexperience is thought to have had something to do with it. The Turke Bay was built on Wall's End—Tynes in 1883 and was owned by the Canadian Lake and Ocean Navigation Company of Toronto.

The following were saved:—Mason, third engineer; J. Harker, John Soderholm; Jacob Kristensen, fireman; John G. Johnson, John Nigraut, John Treadwell, Gustav Gustavsen, John C. Anderson, carpenter. The dead are:—Grey, second mate; the steward, name unknown; Harry Paul's Island, room boy; Lynderoed, fireman; the donkey man, name unknown.

THE BAT AND THE PREACHER

London, May 20.—The parish church of Helmingham, Norfolk, is suffering from a plague of bats. Two hundred of them were recently seen to fly out of one hole in the tower, and their numbers are so great as to constitute a great nuisance during services. One of the bats flew at the vicar while he was preaching, giving him a severe blow on the forehead and at the same time injuring itself.

ASKS FOR BIG SHIP

Washington, May 20.—Mr. Percidaris, the wealthy American resident of Tangier, Morocco, and his stepson, a British subject, were captured by brigands and carried into the mountains, where pursuit is almost impossible. The state department has been advised to this effect by Mr. Percidaris. He also reports that no letters have been received from his stepson. Mr. Percidaris is a member of the Moorish authorities and is assisting in every way the cause and asking that great relief be given for his service. He asks for a big one.

BRICKMAKERS LIKELY TO STRIKE

Ask Recognition and Increase, Which Employers Will Refuse.

The Brick Manufacturers' Association will meet this morning to discuss the threatened strike of workmen in a dozen or more of the yards in and around the city. If a strike should occur, it will prove a very serious matter to the builders. They are asking for recognition of the union and an advance in wage.

It is claimed by the manufacturers that there is no other place in America in which brickmakers are paid so much as in this city. The average daily wage is \$2.50 a day, and others from \$2 to \$2.50. The increase asked for some will run up to \$3 a day. There are many unskilled labor, but it will be difficult to replace men on machines.

One told me that unless they were not prepared to begin work on Monday morning as usual they need not show up this morning. He said that he had no right this morning, but at noon somebody got among these men, and they are going to strike," he said.

Another intimated that he was not altogether satisfied with the way the Brick Manufacturers' Association had been conducted and might not attend the meeting. He said that he had very little supply of brick on hand, and it will be very expensive to import bricks from other places. An official of the association said yesterday that the members had all along contended for an open shop, but now some 500 men are affected.

FAVOR PORT HOPE

Bowmanville, May 20.—(Special)—At a well attended meeting of business men J. A. Culterwell of Peterboro spoke for two hours to-night on the Trent Valley canal. He explained the advantages of the Port Hope outlet over the Trent route. The illustrated address was given under the auspices of the Canadian Lake and Ocean Navigation Company of Toronto.

The following were saved:—Mason, third engineer; J. Harker, John Soderholm; Jacob Kristensen, fireman; John G. Johnson, John Nigraut, John Treadwell, Gustav Gustavsen, John C. Anderson, carpenter. The dead are:—Grey, second mate; the steward, name unknown; Harry Paul's Island, room boy; Lynderoed, fireman; the donkey man, name unknown.

HAS TOURS THE LEPER COLONIES

John Jackson, F.R.G.S., and His Travels in India.

A visitor to the city who will arrive today and to whom considerable interest should attach, is John Jackson, F.R.G.S., of London, who is visiting America on a lecturing tour in the interests of the outcast lepers of India and the east.

Mr. Jackson has recently returned from a tour of 7000 miles among the leper colonies and institutions throughout India and found settlements of lepers in the valleys of the Himalayas. His visit to Miss Mary Reed, the leper missionary, at Chanderghat, Belgaum, was among the most interesting of his experiences.

As a result of his tour, work has been organized in new centres among these distressed people, and the governments have been moved to greater activity on this important question. Mr. Jackson is the organizing secretary.

ARCHITECTS ARE AGREEING

Special Committee Find They're Not So Much at Odds After All.

A meeting of the architects' committee was held yesterday morning at the office of Mr. J. E. Lamb, to consider the re-drafting of the architect building by-law. The city architect, Mr. W. H. Lamb, was present, and presented those upholding the by-law, and John A. Pearson of Darling & Pearson, and Mr. G. H. G. Colquhoun, who were in favour of changes. The chief objection raised by the last named was that the walls prescribed would be inadequate to support the weight of the roof, and that the scale of thickness would not exceed that in United States cities.

EMPIRE LEAGUE RESOLUTIONS

Favor Newfoundland's Confederation and Imperial Appeal Court.

There was a good attendance at the annual year meeting of the Toronto branch of the British Empire League in the Y. M. C. A. Building last night. In the absence of the lieutenant-governor, the chair was filled by J. A. Worrell, K. C. A resolution, moved by J. Cassell, and seconded by J. H. Mason, carried, "that the confederation of Newfoundland with Canada would be of great benefit to the Dominion and expansion of the Dominion and of service to the unity of the empire, and requesting the executive committee of the league to make known to the people of Newfoundland the terms upon which the Dominion is willing to negotiate for such union."

This resolution was presented by George S. Holmstedt. It is for the best interests of the Dominion that the confederation of Newfoundland should be established for the whole empire, and that Canada should bear its fair share of the expense of the maintenance of such a court," which was referred to the executive council.

The officers elected for the coming year are as follows: President—J. M. Clark, K. C. Vice-Presidents—Hon. G. C. Colquhoun, Hon. G. W. Ross, A. H. F. Lefroy, J. A. Worrell, K. C., Dr. Larratt Smith, K. C., H. M. Mowat, K. C., F. Arnoldi.

Could Not Lie On Her Left Side.

WAS TROUBLED WITH PAIN IN HER HEART FOR SIX YEARS.

Expected Her Friends Would Find Her Dead.

Mrs. C. Bondreau, Campbellton, N.B., was completely cured by

MILBURN'S Heart and Nerve Pills.

She tells of her experience in the following letter: "I was troubled with a pain in my heart and weakness for six years.

Most of the time I could not lie on my left side. I consulted a doctor but got no relief.

At last I got a box of Milburn's Heart and Nerve Pills. I had taken two boxes I was completely cured and can recommend them to all sufferers from heart trouble.

THE T. MILBURN CO., Limited, TORONTO, ONT.

SENATE SAT FRIDAY.

Ottawa, May 20.—The senate sat for an hour to-day and adjourned to May 23.

The petition of the Mutual Reserve Life Insurance Company, praying to be heard at the bar of the senate, was read.

Hon. Mr. Gowan, whose first appearance for the session was received with acclaim, presented the report of the divorce committee.

Hon. Mr. Cloran presented the first report of the special committee to investigate the position of the Mutual Reserve Fund Life Association, asking power to examine witnesses on oath.

Hon. Mr. David gave notice that he will move for a return of all correspondence of the senate since the provincial governments respecting increased subsidies.

A bill for the relief of Eliza Robinson was read a first time.

The following bills were read a second time and sent to committee: Boundary, Knaploos and Cariboo Central Railway.

Respecting the Edmonton and Slave Lake Railway, the induction will take place on Thursday, May 26.

For the relief of Annie Christian, Hon. Mr. Kerr's (Toronto) bill to amend the Insurance Act was set for the second reading on June 1.

Sir Mackenzie Bowell gave notice of a number of resolutions to be brought to council and order for the appointment of J. B. Jackson, commercial agent at Leeds, England.

DINERS SEE SNAKES.

Paris, May 20.—An uninvited guest in the form of a serpent made its appearance in the doorway of a room where a number of persons were dining last night in an hotel in the Rue de Charonne.

The man who first noticed the reptile thought he was suffering from hallucination, but his frightened appearance attracted the attention of the other guests, who promptly rushed from the table and fled through the window into the street, which was in a panic.

Some of the hotel servants met two other serpents on the staircase, and also took to their heels. The landlady also fled in a panic.

It was ascertained that the snakes belonged to a negro snake-charmer, named Ali-Ben-Rouss, who had taken a room at the hotel. He was discovered by a neighboring wine-shop. Coming around his arms, he was seized by the police, and taken to the station.

He allowed them to wind themselves around his arms and legs, and said: "You see, they are perfectly harmless." But the landlady was not convinced, and insisted on the removal of the snake-charming ways taking a speedy departure.

HELPED TO GO WEST.

Ottawa, May 20.—The Italian colony at Montreal has sent a deputation composed of Signors Marlot and Piatelli to interview the government with a view of obtaining relief for the 5000 of their fellow-countrymen who have landed at Montreal this spring and have failed to realize their anticipations of finding employment.

Mr. Sicton expressed the readiness of his department to place all the departmental papers at the disposal of those who desired to go to the west and take up land.

He Thought So.

London, May 20.—Henry George, the American, held a meeting here after he had made his oration he invited questions, and an old farmer, rising, said:

"No, indeed," was the reply, "I am not a landlord." "No, indeed," was the reply, "I am not a landlord." "No, indeed," was the reply, "I am not a landlord."

We paid \$100,000 for Ligozono: and we paid \$500,000 more to buy a million bottles and give them to a million sick.

We paid \$100,000 for the American rights to Ligozono. And we have spent \$500,000 in the past four months to buy a million dollars and give them to a million sick. Don't you realize that this product must be of wonderful worth to humanity? Won't you see what it means to you?

Acts Like Oxygen.

Ligozono is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process which requires immense apparatus and 14 days' time. Each cubic inch of Ligozono represents the virtues of 1250 cubic inches of the gas. The process by which these virtues are concentrated into liquid, stable form, has been the constant subject of scientific and medical research for more than 20 years.

It will do that. Any drug that kills germs is a poison, and it cannot be taken internally. For that reason, medicine is practically helpless in any germ disease.

Ligozono is so certain that we publish on every bottle an offer of \$1000 for disease germ that it cannot kill. The reason is that germs are vegetable, and an excess of oxygen—the very life of an animal—is deadly to vegetable matter. Ligozono is certain destruction to germs, yet to the human body it is the most helpful thing in the world. There is no other way to end the cause of any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

STOLE JEWELRY FROM COFFIN.

Police Found Large Quantity in Albany Dive.

Albany, N.Y., May 20.—A large quantity of magnificent jewelry undoubtedly taken from the coffin of "Lady Mary" Livingston, has been found by the police in a raid upon a "growler" in a low dive on South Lansing-street.

NOT FROM THE VAULT.

Hudson, N.Y., May 20.—The finding of jewels on the tramps at Albany is believed here to indicate that they robbed the Livingston De Pestier houses down the river rather than that they robbed the Livingston vault.

GROWING TIME.

Winnipeg, May 20.—Discussing the grand prospect before the Manitoba farmer this year, Premier Roblin said yesterday: "Wheat seeding is practically completed. I never saw grain growing so quickly and evenly as I have this spring, and I am of the opinion that the grain is as far advanced now as it was at this time last year. The conditions are perfect. This is the growing time and the present continued spell of warm weather is making up for any slight delay in getting the seed into the ground."

Hanlan's Point Season Opens on Monday.

The opening performance at the open air theatre at Hanlan's Point will take place on Monday evening next, and continue each afternoon and evening during the remainder of the week.

Jury Disagreed.

Buffalo, N.Y., May 20.—The jury in the case of William Draper, the sixteen-year-old boy on trial under an indictment for murder in the first degree, announced a disagreement to-day and was discharged.

In Spite of Tariff.

London, May 20.—The consular report on the trade of Philadelphia, issued from the foreign office, says that, although an adverse tariff prevails, the United States sent engines into the Dominion valued at \$2,000,000, as against the United Kingdom's exports of \$1,000,000.

Can't Beat the Syndicate.

New York, May 20.—The independent booking agency, formed two years ago to oppose the syndicate which controls practically the leading theatres east of the Rocky Mountains has been dissolved. Only three of the principal patrons remained and one of them having gone over to the syndicate within a few days it was deemed best to formally dissolve the association.

Rothschild Guilty.

New York, May 20.—David Rothschild, former president of the Federal Bank, was this afternoon found guilty of grand larceny in the first degree. He was accused of inducing persons to deposit money in the bank after he knew it was insolvent. He was remanded until Monday for sentence.

Seated Old Debt.

Kingsville, May 20.—J. A. Fitch failed in business here seven years ago, and shortly after left for California. Two of his creditors held notes for five hundred dollars each, and this week they were agreeably surprised to receive the full amount of their claims with interest.

SCHOOL RATE IS HIGHER AND ALDERMEN CRITICIZE

Special Session of City Council Passes Estimates, With Two Slight Changes.

The city council passed the estimates yesterday afternoon and fixed the tax rate at 10 mills on the dollar. There were but two changes made in the draft, \$600 being added for office assistance for Park Commissioner Chambers, and \$5000 for permanent freight sheds on Harbor Square.

Norwich Tanker Made Worse by an Application to Transfer.

The Village of Norwich is entitled to three hotel licenses, and a fourth was refused two years ago, and under the strict interpretation of the act now in force will not be granted again.

SCHOOL RATE HIGHER.

Dr. Noble thought that the school rate was higher than last year, while the civic rate was lower. The appropriations for schools require 12 mills, and for general city purposes 13-18 mills are required.

LAUNCHED AFTERWARDS.

The annual luncheon to commemorate the passing of the estimates was held yesterday at the city hall.

DEATH FROM HICCOUGHS.

Ottawa, May 20.—Samuel Chivers died at the Protestant hospital yesterday morning from the effects of a prolonged attack of hiccoughs, which caused the breaking of a blood vessel and hemorrhage.

LYNCH AGAIN PRESIDENT.

London, May 20.—The Star today says: The present administration of the International Typographical Union was endorsed by the membership of the craft in Wednesday's election, and James M. Lynch was elected to succeed himself as secretary.

BIBLE AND LITTLE POWDER MAKE EMPIRE A MISSION.

Col. Sam Hughes and Others Speak on Patriotism to Normal School Audience.

Empire Day was celebrated by the normal and model schools yesterday with a program of patriotic songs, music, and addresses.

Rev. A. B. Winchester spoke of Japan with great enthusiasm.

He believed that a few years ago was a heathen nation. Under the teaching of Christianity she was now a great military power, that was the least of the benefits that Christianity conferred.

Col. Sam Hughes thought as some stress had been laid on the value of the sword.

He believed in the sword, and he wished to have imprinted on the heart of every boy and girl the idea of independence. He regarded the British empire as a mission, and he had seen the effect of Protestantism in the Fiji Islands.

The girls said Col. Hughes had a great influence on the character of the boys, and he hoped they would keep their heads in the air and cultivate self-respect.

The addresses were loudly applauded by the 700 present, among whom were Minister Harcourt, Deputy Minister Millar, John Hughes and all the teaching staff and kindergarten students.

Company One-Quarter Liable.

Montreal, May 20.—The jury in the case of Dr. J. W. Campbell v. Montreal Street Railway to-day awarded the plaintiff \$2500 damages.

WEAK WOMEN TAKE NEW HOPE.

Whether Weakened by Poor Blood, or Overwork, or Run Down From Any Other Cause, You Can Find Health in Ferrozone.

Brings Strength, Beauty, Energy, Reserve Force, Self Control.

Ever since the world began, woman has borne more than her share of suffering. Secret troubles undermine her strength, rob her self-control, and make her feel what is called a "female trouble."

There is a remedy, one that will lift that awful burden and remove the ills from which women suffer. This remedy is Ferrozone, the household word through the length and breadth of the American continent.

New hope has been brought into the life of many a downcast woman, a new era of health has dawned for thousands who have tried and proved the merit of Ferrozone.

There is no girl or woman who can afford to miss the benefit that is sure to come from the regular use of this grand remedy. It acts directly on all the organs and improves function. Your health is largely dependent on your blood, and your blood is largely dependent on your nervous system.

Your whole body will feel the quickening influence of Ferrozone. The blood will be purified and enriched. You will no longer suffer from depression and interference with the menstrual functions. Ferrozone cures all such ailments and prevents their return.

From Mrs. F. C. Caldwell comes the following endorsement written from her home in Carlsburg, "I went through most trying experiences with what is commonly known as 'female trouble.' It isn't necessary to state my symptoms, but I suffered a great deal. I couldn't even sleep. I was a cowardly nervous, weak, and pale. I tried many remedies, but none did me any good. I tried Ferrozone, and it was the first to help. I improved steadily under Ferrozone, and normal conditions were finally established. I gained weight, my color and spirits improved, and my former health was restored. My color improved, and with a full heart I recommended this good medicine to all other women."

Ferrozone is just what most girls and women need. It builds up their system, improves their looks, and makes them feel what is called good health. It really means. Price 50c per box or six boxes for \$2.50 at all druggists. Be wary of substitutes, and get Ferrozone when you ask for it. Mailed to your address by N. C. Nelson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.
