## DOUGHTY, ADMITTING BOND THEFT, ON WAY HOME TODAY

### Huge Number of Arrests Sequel to Sunday's Tragedy in Dublin

#### LORDS DISCUSSING HOME RULE BILL; CHAMBER CROWDED

Lord Birkenhead Says Unless Passed, Former Bill Comes Into Operation.

#### LETTER FROM CARSON

London, Nov. 23.—The opening of the debate on the Irish home rule bill in the house of lords today afforded a notable contrast to the apathy displayed when the measure was under consideration in the house of commons. The upper house was crowded and many members of the commons, including Mr. Lloyd George, Andrew Bonar Law and Sir Edward Carson, listened to Lord Birkenhead's speech introducing the bill. Many persons were in the side galleries and the stranger's gallery was crowded.

Explaining the provisions of the bill, Lord Birkenhead read a letter from Sir Edward Carson, in which the Irish Unionist leader declared he and his colleagues had made up their minds to accept the bill and work under the measure loyally. Lord Birkenhead suggested that a secondary motive for the murder of British officers in Dublin last Sunday was the influence it would have on this debate, and declared there was evidence that the Sinn Fein extremists were being beaten.

#### ARRESTS ARE MADE AFTER LONG CHASE

Three Men Are Held by the Police on a Charge of Shopbreaking.

James Davidson, 130 Montrose avenue; Harry Webster, 471 Shaw street; and Norman Bulger, 603 Shaw street, were arrested last night by Detectives Silverthorne and Todd and Plainclothesmen Savage and Tomlinson on a charge of shopbreaking. The three are alleged to have broken into the laundry of Charles Thom, 417 Crawford street. Two of the men were arrested only after a chase which covered about a quarter of a mile, and during which six shots were fired.

The police were notified that three men, acting in a suspicious manner, were loitering about the laundry at the Crawford street address, and the four police officers were speedily dispatched to the scene in a police auto. Standing in front of the house they saw Bulger, who they claim was acting as look-out for the other two men. His surprise was so complete that he offered no resistance, and he was quickly placed under arrest. Tomlinson remained on guard over him while Todd and Silverthorne went around to the rear of the house, where they found a cellar window open. Crawling thru this they were just in time to see two men making their exit thru a front cellar window. Both of the men eluded Savage, who was guarding the front of the house. The three officers then took up the chase, which led in the general direction of Sulley crescent. The pursuing officers fired six shots at the retreating figures in an attempt to halt their flight, but without succeeding, and it was not until the two men fell exhausted into a mud hole in the Crawford street that they were finally caught. Detective Silverthorne, who proved to be the best sprinter of the companions, was right on the two men's heels, and quickly seized the handcuffs.

#### Public Funeral in London For Officers Slain in Dublin

London, Nov. 23.—A public funeral will be held in London for the fourteen British officers assassinated in Dublin Sunday morning, it was announced today.

A destroyer left for Dublin today to bring the bodies to England.

#### MILITARY TIGHTEN NET ROUND DUBLIN PRISONS OVERFLOW

Many Republican Leaders Thruout Country Believed to Have Fled to Capital—Bomb Exploded in Cork and Six Persons Injured—People Were in Panic.

Dublin, Nov. 23.—The vigorous activities of the authorities leave little doubt that determined and concerted efforts are being made to round up every Republican suspected of being active in outrages. The military forces are tightening the cordon about Dublin and gradually working in towards the centre, as was done during the Easter rebellion of 1916. It is believed a number of Republican leaders in the provinces. Anding the pursuit too hot, have taken refuge in Dublin.

The total arrests to date are understood to be huge, but the government refuses to divulge the figures. Dublin Castle authorities, however, admit the prisons are so full that it had become necessary to utilize the castle itself, and that it was in a lumber room of the old detective quarters of the castle that Peter Clancy and two others were shot yesterday.

Bomb Exploded in Cork. Cork, Nov. 23.—An explosion occurred in Patrick street this evening. It was apparently a bomb, but it is not known from whence it came. Many persons were in the street, and six of them were injured. Numerous windows were smashed.

The people scattered in panic when the explosion occurred, and the street was quickly deserted. There were neither soldiers nor police in the street at the time.

Shots were freely exchanged last evening between auxiliary police and civilians in the village of Millstreet, in the Killarney district. It is reported one policeman was wounded and two civilians shot. After some rifle and machine gun fire from the police barracks the trouble subsided. A despatch from Newry says that Head Constable Kearney, who was shot Sunday evening, died of his wounds last evening. He was discussing Sunday morning's events in Dublin with a friend when the assassins opened fire.

Arrest Archbishop's Valet. London, Nov. 23.—Soldiers today at Drumcondra raided the residence of Archbishop Walsh and arrested the archbishop's valet, William Kelly, says a despatch to the Central News from Dublin.

Many Arrests Made. London, Nov. 23.—A crematory at Dharrow, near Nenagh, county Tipperary, Ireland, was burned this morning, allegedly by uniformed men, says a Central News despatch. Police and military officers searched residences and the court house at Nenagh and arrested two officers, it is said.

At Athlone armed military forces visited the houses of many Sinn Fein (Continued on Page 9, Column 2).

#### Pre-War Prices For Hogs in U.S.

Chicago, Nov. 23.—Pre-war prices for live hogs became general today thruout the United States. Big receipts from the farms appeared to be the immediate cause, the total supply of hogs on sale today at the ten principal markets of the country being estimated at 182,000 head, as against 124,000 a week ago. In Chicago, the market closed at the bottom figures of the day, the lowest since December 16, 1916, and at an average drop of \$1 a hundredweight as compared with yesterday. The practical top at the finish was \$10 a hundredweight, whereas on July 31, 1919, hogs commanded \$23.60, the pinnacle point on record. Five years before the current price was \$8.15.

#### PROTESTED TOLLS ON INTERNATIONAL RAILWAY TRAFFIC

Westerners Dislike Paying on Adverse Exchange Basis in Sending Wheat.

#### BOARD ENDS HEARING

Ottawa, Nov. 23.—(By Canadian Press).—Hearing was concluded late this afternoon by the railway board of the payment of railway tolls on international traffic under present adverse exchange conditions. The matter has been before the board in one way or another for several months past, and there have been conferences with the railways on the subject without any solution of the problem being arrived at.

The situation from the Canadian standpoint has been accentuated since the commencement of the autumn train movement because of the fact that the bulk of the western grain is being shipped to the United States. As the railway collect tolls at the point of destination, this means that on a heavy movement of Canadian grain and flour, which is hauled longer distances in Canada than in (Continued on Page 6, Column 3).

#### DOUGHTY CHEERFUL; SAYS THAT ARREST IS LOAD OFF MIND

"I Feel Fine," He Says, On Arriving With Mitchell in Portland.

#### TALKS OF THEFT

(Special to The World.) Portland, Ore., Nov. 23.—The confessed thief of \$100,000, and accused kidnapper of a millionaire Canadian theatrical syndicate owner, whose cleverness has baffled the detectives of this continent for 11 months, was captured in Oregon City this morning by a country policeman.

John Doughty, former confidential secretary to Ambrose J. Small, missing Toronto theatre magnate, who disappeared from the Ontario metropolis in December, 1919, with his elderly employer and \$100,000 in Dominion Victory bonds, was arrested by Constable Ed Fortune, a reward of \$15,000 goes to Fortune as soon as the man is landed in the Toronto jail. Doughty will be on his way there tomorrow, in custody of Austin P. Mitchell, of the Toronto Detective bureau.

Although he held the fortune in bonds cashed in the safe deposit vaults of a Chicago trust company, the former dapper secretary was found working as a laborer in the Hawley Paper Mills under the name of Charles B. Cooper.

Doughty, according to the police, has confessed theft of the bonds, but has steadfastly refused to discuss the disappearance of Small, not a trace of whom has come to light.

Mitchell Not Anxious. Detective Mitchell, accompanied by Constable Fortune, left Oregon City on the 12 o'clock train for Portland, arriving at 12:45 p.m. He anticipates little difficulty with Doughty, because of his long time acquaintance.

"I don't want to see any policemen here," said Mitchell. "I am not kidnapping Doughty," he said, in reply to a question. "He is willing to return to Toronto with me without extradition papers."

"I feel fine," that was Doughty's expression when asked how he felt over his arrest. "I have a load off my mind."

He knows nothing of Small's whereabouts and that he expects to square his accounts with the law by turning in the bonds, was his added statement.

Doughty's Statement. Faced by an officer whom he knew, Doughty, according to Oregon City reports, made no effort to deny responsibility for the theft of the bonds, which, he said, are on deposit with a Chicago trust company. They will be returned intact, he said. "I left Small after attending the theatre that night. Doughty said, and have never seen him since."

Small had recently sold theatrical interests for \$1,000,000. He was known in theatrical circles of both the United States and Canada as a man of great influence.

Doughty said today that he watched Doughty several days before he got a chance to see him with his hat off, as shown in the circular. The circular, a given him, he said, by Ed Richardson of Oregon City, a former detective.

Mitchell Was Skeptical. When Detective Mitchell arrived in Oregon City, he immediately urged action. "I'm a man of business," he said, and I've been on a hundred trips in connection with this case that have proved only false clues. Let's see what you can do."

#### DOUGHTY, HELD IN OREGON, ADMITS \$100,000 BOND THEFT; DENIES ABDUCTION OF SMALL

JOHN DOUGHTY.

#### MRS. A. J. SMALL NOT SURPRISED AT DOUGHTY'S ARREST

She Gets News While Visiting Sister-in-Law in New York.

#### MITCHELL GAVE "TIP"

New York, Nov. 23.—(By Canadian Press).—Mrs. Ambrose J. Small, who is at present visiting her sister-in-law, Mrs. J. C. Walsh, at College Point, Long Island, was reached by telephone tonight and expressed surprise at the arrest in Oregon City of John Doughty, former private secretary of her missing husband.

"I was told last Thursday by Austin P. Mitchell, of the Toronto police department, that he had a telegram from Portland stating that a man recognized as Doughty was out there," Mrs. Small said. "They told me that no arrest could be made until it was certain that the man was the right one, as the prisoner could not be held for more than 24 hours without a formal charge being laid against him. They said that if the man was arrested, and then released, before a Toronto officer arrived to identify him, he might leave the place and get away. I knew that Mr. Mitchell had gone west to investigate, and I was expecting news of his arrest."

Mrs. Small, who is apparently in a highly nervous condition, did not care to discuss the case at any length tonight.

Former Secretary of Missing Toronto Theatrical Millionaire Declares He Has Not Seen Small Since He Left Him in a Toronto Theatre on the Night Small Was Last Seen in This City—Doughty, Who Is in Charge of Detective Mitchell, Promises to Produce Missing Bonds From Chicago Deposit Vault—Oregon City Constable to Get Reward of \$15,000 for Identifying Doughty.

Portland, Oregon, Nov. 23.—Owing to the sagacity of a constable at Oregon City, a small town near here, John Doughty was in custody here today, after police of the two countries had been searching for him for nearly a year following the disappearance of Ambrose J. Small, millionaire theatrical man of Toronto, together with Canadian Victory bonds amounting to \$100,000.

Doughty, who had been private secretary to Small, tonight was in charge of Austin P. Mitchell, member of the Toronto detective force, who says he would start from here tomorrow morning, stopping en route to Toronto, at Chicago, where he said Doughty had confessed he had deposited the missing bonds. Mitchell said Doughty agreed to accompany him without extradition proceedings.

Wideawake Constable. According to the story told by Constable Ed. Fortune, of Oregon City, the arrest was the result of Fortune receiving, ten days ago, a circular describing Doughty and asserting that \$15,000 would be paid for his arrest. Fortune said he received the circular from Ed. Richardson, of Oregon City, who formerly was a detective. Fortune ascertained that a man resembling Doughty, but who gave the name of Charles B. Cooper, worked at the paper mill in Oregon City, and after shadowing the man until he could get a view of him with his hat off, as Doughty was shown on the circular, notified the Toronto police.

Confesses Bond Theft. When Mitchell arrived, he said he was skeptical as to the identity of the suspect, but after Fortune and Mitchell found Doughty at his place of residence last night, Mitchell said he at once recognized Doughty, whom he had known well in Toronto. "Doughty is said to have confessed he had possession of the missing bonds, but would say nothing concerning the disappearance of Small, further than that he had last seen him at a theatre on the night last December when Small disappeared."

Richardson recognized Doughty in Portland from a circular he had seen a month and a half earlier, trailed Doughty to Oregon City and later obtained a copy of the circular, which he turned over to Fortune.

Arrest of Doughty. On Mitchell's arrival at Oregon City, he and Fortune went to Cooper's boarding house. Fortune said Mitchell, who is chief of the Toronto detective force, told him he had been on a hundred fruitless trips in connection with the case, and doubted whether Fortune had the right man.

Mitchell then saw "Cooper," and the door, he told the man he was wanted. "What for?" asked Cooper. "On a serious charge," Mitchell then saw "Cooper" and, having known Doughty in Toronto, exclaimed, "Jack, how could you do it?" Mitchell and Fortune said Doughty wilted and later made the confession concerning the bonds. Mitchell declared Doughty refused to discuss the disappearance of Small beyond the statement that he had last seen him at the theatre to which he took him on the night of Small's disappearance.

Asked if he would lodge his prisoner anywhere temporarily, Mitchell shook his head. "No, we're going home. All I want to know are the points of the compass. I'm going north and then east. I am not kidnapping Doughty. He is willing to return to Toronto with me without extradition papers."

"Do you know, I've received so many reports of the capture of Doughty that when I got a telegram from Constable Fortune, of Oregon City, I threw it in the waste basket. There's another one, I said to myself. The I determined to take the chance and get my man."

Doughty willingly discussed his past life with a reporter for The Portland Telegram while being conveyed from Oregon City to Portland this afternoon.

Late yesterday afternoon, Chief of Police Dickson received the following telegram from Oregon City sent at 11:29 a.m. by Mitchell: "Have identified Doughty. Leaving for Toronto tonight (Tuesday)."

A Canadian Press report later, however, said the two would not leave until the morning.

#### A Private Message.

Some hours before Toronto police headquarters was notified of the arrest, the following telegram from a Mr. C. B. Gordon of Oregon City, was received by a Mr. E. A. Hay, of the Toronto law firm of Agnew and Hay, whom, as far as The World was able to ascertain last night, has had no previous connection with the case: "Doughty arrested last night. Notify Mrs. Lovatt (Mrs. Thomas Lovatt of 5 Kingswood road, Toronto, is Doughty's sister)." the dispatch read. The telephone number, Beach 1400, was also given in the telegram. Enquiry at the home of Mrs. Lovatt, who is her personal friend of John Doughty and will in all probability, act for him when he arrives here. This may partially explain why he received a telephone before the police here were notified in any way.

#### Doughty's Disappearance.

Doughty disappeared on Sunday, Dec. (Continued on Page 6, Column 4).

This exclusive photograph shows the public filling past the last resting place of one of the hundreds of thousands of Britons who gave his life in the battle for democracy. The ceremony, which took place on Nov. 11 last (Armistice Day), attracted world-wide attention.

#### LAWYER IS ADVISED OF DOUGHTY'S ARREST

E. A. Hay Is Asked by Wire to Notify Mrs. Lovatt, Sister of Doughty, and Police Are Later Apprised of Missing Secretary Being Held—Detective Mitchell and Prisoner to Reach Toronto Sunday Night or Monday Morning.

John Doughty, secretary, formerly employed in the services of Ambrose J. Small, missing theatrical magnate who was arrested Monday night in Oregon City, Ore., by Detective Sergeant Austin P. Mitchell, of Toronto, and Constable Ed. Fortune, of the Oregon city force, is expected to return to Toronto either Sunday night or Monday morning. Theft of \$100,000 worth of Canadian Victory bonds, the property of his former employer, is the charge preferred and to which, according to Detective Mitchell, he has confessed.

Late yesterday afternoon, Chief of Police Dickson received the following telegram from Oregon City sent at 11:29 a.m. by Mitchell: "Have identified Doughty. Leaving for Toronto tonight (Tuesday)."

A Canadian Press report later, however, said the two would not leave until the morning.

## NO CO-OPERATION IF CROWN IS GIVEN TO CONSTANTINE

French Premier Announces  
Government's Intention to  
Warn Greece,  
Will Consult Britain

Paris, Nov. 23.—Premier Loygues, when he appeared tonight in the chamber of deputies in the Vatican debate, announced the government's intention to issue a warning to Greece against the return of former King Constantine. The debate was not finished, and was adjourned until Thursday, and it is understood that the premier will not go to London until a settlement is reached respecting France's representation at the Vatican.

M. Loygues, in asking for a postponement of further interpellations so that he might be free to act, said: "France does not wish to intervene in Greece's internal affairs, but after a war which imperiled civilization, if a power puts at its head a sovereign who showed marked and constant hostility toward the allies and has been the accomplice of our enemies, that power ought to be warned that she can no longer have our co-operation nor expect the same feeling from us as formerly."

"Further than that, the treaties give us the right as a protecting power to offer well-founded advice upon the gravity of an act which might give Germany occasion to intervene directly or indirectly in oriental affairs."

The premier said he wished to consider a definite course in the matter in complete accord with Great Britain.

**APPEAL TO FARMERS  
TO HOLD PRODUCTS**

President of U. S. National  
Union Adjures Them to  
Stand Together.

Washington, Nov. 23.—Declaring he understood "that federal agents are already going over Kansas, Iowa, and other states trying to get evidence necessary to the indictment of men who are asking farmers to hold their crops," Charles S. Barrett, president of the National Farmers' Union, thru a statement issued today, appealed to members of his organization to stand together and not sell their products at present "artificially low prices."

"Show that you have the moral courage to go to jail if necessary," Mr. Barrett advised members of the farmers' union. "The word seems to have been passed around that farmers were to be taught a lesson—they were getting troublesome." The farmers' answer to claims of over-production, Mr. Barrett said, should be: "We will simply lessen production." This was "no idle threat," he said, adding:

"From every part of the country comes the promise that this policy should be adhered to until the country wakes up to the fact that it must either go on short rations or pay you wages high enough to live on."

**Balakovich Army Out Off.**

London, Nov. 23.—The main forces of Gen. Bulak-Balakovich's anti-Bolshevik army have been cut off and are regrouping to the east of Moya. 72 miles southwest of Bobruisk, says Monday's Russian "Pravda" official statement, received here today from Moscow by wireless.

**Belleville Council  
Strong For Protection**

Belleville, Ont., Nov. 23.—(Special.)—At a special meeting of the city council, held this afternoon, the following resolution to be presented to the tariff commission, which meets in this city, within a few days, was unanimously adopted:

"Whereas, the council of the municipality of Belleville is concerned for the maintenance of a healthy condition of industry here and elsewhere in Canada, and for the continued employment of industrial workers, who, with their dependents, represent approximately one-third of the population of the city, and whereas present conditions of the world over involve uncertainties and difficulties, which, so far as Canadian industries are concerned, should not be aggravated by encouraging greater importations of goods abroad to compete with Canadian products; therefore, be it resolved, that this council declares its desire and hope that the policy of adequate protection for Canadian industries and for Canadian workers, and the principle of the forthcoming revision of the customs tariff."

**SOME BETTERMENT  
IN SYDNEY STRIKE**

Reopen Nail Mill Today—  
Nova Scotia Steel Plant  
Closes.

Sydney, N.S., Nov. 23.—(By Canadian Press).—There is a ray of hope for the betterment of the local steel strike situation, caused by the strike of 125 railway employees and the partial resumption of activities at the steel plant of the Dominion Steel Corporation, in the announcement made by officials tonight that tomorrow four locomotives will be in operation and that the nail mill will resume activities.

Combating a Situation.

The company has succeeded in getting men other than those employed on the railways to take over and run these locomotives, and so have found a means of combating a situation which otherwise would close the plant entirely, throw four thousand men out of work, and at the same time wreck destruction amounting to many thousands of dollars in the furnaces, which, if not properly banked and allowed to cool down slowly, would crack, fall in and become useless.

Tonight it is estimated that four thousand men are actually idle. These are mostly skilled workmen who operate the big mills, all of which are shut down at the present time.

The railwaymen demanded an increase in wages on the basis of the McAdoo award. This was refused by the Dominion Steel Corporation, their employers.

Close at "Scotia," Too.

The final heats were drawn from the big furnaces and open hearths at the Nova Scotia steel plant at Sydney Mines today, and all the seven hundred employees have been laid off with the exception of a small staff to keep the works in repair. All the collieries are still working and it is not expected they will be affected by the walkout of the steel railway workers, at least not for the present.

The closing down of the plant of the Nova Scotia Steel Company was due to a strike of fifty railway employees on Monday.

**POET STARTS HUNGER STRIKE.**

Havana, Cuba, Nov. 23.—Horatio Blanco Bencomo, held prisoner by the United States military authorities in Santo Domingo, has started a hunger strike, according to word received here. Bencomo is a newspaper man and has gained considerable fame as a poet.

Out of every \$100 income the companies paid \$24.44 in disbursements in respect of insurance and annuity contracts \$43.41; in general expenses \$22.97; and in dividends to shareholders \$33.62, leaving \$11.23 to be carried to reserve.

**STREET RAILWAY  
NAMES DRAYTON**

City to Fight Move to Have  
Official Arbitrator Deter-  
mine Value of Plant.

Notice has been served on the city that the Toronto Street Railway directors have passed a resolution entrusting to the official arbitrator, Philip H. Drayton, under the statutes, R.S.O. ch. 189, the work of hearing and determining the claims of the company that will arise from the taking over of the railway system by the city next year.

This procedure is entirely opposed to the intentions of the city, and the board of control will discuss the matter this morning.

The special act validating the city's agreement with the company set out that the arbitration of the expiration of the franchise, was to be conducted by three parties, one appointed by the city, the other by the company, and the third by three, falling which the selection of the arbitrator was to be made by the chief justice of Ontario. The city has already appointed Sir Adam Beck as Toronto's arbitrator.

Mayor's Position.

"The city intends to proceed under the special act," said Mayor Church yesterday. "The city has no objection to the arbitration of the city hall, it is understood, takes the view that the general municipal act does not supersede the special act."

The city's position is understood to be anxious to steer clear of Sir Adam Beck in the negotiations, or at least, if they fail to enforce their decision, to have the arbitration of the city hall, it is understood, takes the view that the general municipal act does not supersede the special act.

One view at the city hall is that the latest move by the company is the beginning of a series of legal battles intended to confound the city's plans to get possession of the system in September of next year.

**ADDED BUSINESS  
IN LIFE INSURANCE**

Companies Operating in Can-  
ada Report Phenomenal  
Advance.

Ottawa, Nov. 23.—(By Canadian Press).—Life insurance companies operating in Canada have submitted reports to the finance department showing that a phenomenal increase in amount of new business was written by all the companies last year. The gross new business issued and paid for in cash in Canada amounted to \$24,643,629 as compared with \$23,251,556 in 1918. The net death claims paid amounted to \$15,927,345, of which \$7,543,017 was paid in 1919, and \$8,384,328 in 1918. The net death claims paid in 1919 were \$2,995,238 or 17.69 per cent, to the influenza epidemic in the early part of the year.

## WALL STREET IN UNDECIDED MOOD

Commodity Markets Less Unsettled, But Downward Revision Continues.

New York, Nov. 23.—Stocks were strong almost to buoyancy at the lively opening of today's session, heavy during the intermediate period and irregular at the close, with sales of 1,100,000 shares. These confusing movements were interpreted on the street as indicating that financial and general economic conditions were in process of further readjustment.

Technically the market position was regarded as sounder than at any time since the almost steady reversal of the current month. More stable and reassuring features included the closing out of speculative accounts and resultant material reduction of loans.

Evaporation of war profits and throwing over of weakness in gains have been accompanied by change of control in many industrial companies. What Wall Street calls the "logic of events" has made the Morgan-Du Pont interests dominant factors in the General Motors Corporation, the only rival of the U. S. Steel Corporation as a "billion-dollar" concern.

Commodity markets were less unsettled, but downward revision continued in many lines of raw and finished materials, these ranging from steel, iron and copper to the general staples, sugar, cotton, oil, paper and kindred articles.

## GUELPH WINTER FAIR TO BE RECORD SHOW

Opening Only Ten Days Away—Drury and Tolmie to Address Directors.

Guelph, Nov. 13.—(Special).—With the 1920 Winter Fair, only ten days away, Secretary Rietz and the show officials are making last-minute preparations for what is expected to be one of the record exhibitions. The secretary's office staff have completed the checking up of the entries, and in every department the exhibits are either equal or ahead of the number of entries in previous years. A pleasing feature is the big increase of exhibitors who are showing their stock at the provincial show for the first time.

**Record Entries.** In 1919 the entries in the beef cattle classes were ahead of any previous year, but this year there are 42 more than 1919, and in their classes the feature is the number of young cattle that will be seen in the ring.

There are 649 entries in the sheep classes, and 12 groups will compete for the Dominion award. The swine entries are placed at 240, which is an increase, and the poultry department will again have a record.

**Drury and Tolmie Speak.** The civic luncheon to be tendered, which is the only affair of its kind this year, will be given on Wednesday, December 7, and the speakers for the occasion will be Premier Drury and Dr. Tolmie, Dominion minister of agriculture.

While here today Mr. Rietz stated that there would be a seed exhibit from British Columbia of roots and vegetables.

## ARMENIAN CABINET YIELDS TO FATE

Has Resigned in Favor of the Element Which Accepted Terms of Soviet.

Tiflis, Nov. 23.—The Armenian government has resigned in favor of the extreme left element, which accepted Moscow's terms. The Armenian government was obliged to take this step as it found itself given up to its fate without allied assistance and struggling against internal enemies with the Turks threatening the capital. It was therefore unable to continue the struggle longer, it is explained.

## LEAD OF M'DERMAND INCREASES IN ELGIN

Majority Over Stansell Is Now 235—Final Figures Likely Larger.

Aylmer, Ont., Nov. 23.—With the smoke all cleared away today and the hot campaign ever waged in East Elgin over no material change in the results were reported today. The majority of S. S. McDermand, the United Farmer candidate, given as 235, over his next opponent, John L. Stansell, the National Liberal and Conservative, will be increased rather than decreased when further checking up is completed. The showing of the Liberal candidate, Wm. G. Charlton, was not as large as predicted.

**Not a Record Vote.** The vote was hardly as large as was expected and this was without doubt attributable to the inclement weather and extremely bad condition of some of the roads. There were a total of 7,877 votes cast according to the unofficial count, nearly 600 less than at the provincial election when 8,362 ballots were registered. There were approximately 10,500 on the revised voters' list. Altogether the votes cast were less than in October of last year, it easily topped the vote in 1917, when 4,874 votes were cast for the two candidates.

D. Marshall, M.P., a majority over W. G. Charlton of 808.

**Charlton Led Aylmer.** The successful contender in the race was given but a small part of the votes cast in this town. The Liberal candidate received the largest vote here, with the exception of Ward 1, where he was given a majority over the government nominee of 56.

One of the surprises was sprung when the returns were received from polling division No. 6, Yarmouth township. This subdivision includes St. Thomas and there are a large number of Labor men in that section, whom it was expected, would support Mr. McDermand, but here Mr. Charlton came within a score of obtaining as many as both his opponents.

The member-elect, Mr. McDermand, had a majority over the highest of his opponents in 19 of the 38 subdivisions. His biggest gains were made in subdivision No. 4, Yarmouth, where he obtained 187 votes as compared with Mr. Charlton's 13 and Stansell's 48. In subdivision No. 2, Bayham, 120 ballots were cast in his favor, against 14 for Mr. Charlton and 41 for the National Liberal and Conservative candidate.

**ROYAL GERMAN SMUGGLED MILLIONS INTO HOLLAND** Berlin, Nov. 23.—One hundred crown persons, among them Crown Princess Cecilie, Prince Eitel Friedrich, Prince August Wilhelm, the late Prince Joachim, Count Radolow, Princess Wanda Radzivil, have smuggled to Holland money aggregating 250,000,000 marks, asserted Hermann Mueller, former German banker, in the reichstag yesterday. The former chancellor interpellated the government relative to the activities of the firm of Gruener and Phillips, bankers, which is declared to have carried on an extensive business in smuggling property out of Germany.

It was asserted that the special firm was known publicly as "Konstantine" for the carrying on of contraband in woods and capital.

## ORGANIZED FARMERS SHOWN IRRESISTIBLE

H. W. Wood, President of Alberta-U. F., Comments on East Elgin Victory.

Calgary, Alta., Nov. 23.—"So far as I can see, the victory in East Elgin is an index to the present government of Canada, in particular, and of the political party system in general, and an expression of confidence in the farmers' movement," said H. W. Wood, president of the United Farmers of Alberta, when the result of the East Elgin by-election was received last evening.

# ARGOS AND TORONTO TO REPLAY LAST HALF OF SATURDAY AT ROSEDALE

## C.R.U. ORDER REPLAY OF SECOND HALF OF DOMINION SEMI-FINAL

Three Past Presidents Called In to Decide Protest—Argonauts Agree to Play the Second Half Over at Rosedale Field on Saturday.

It is now a question whether Toronto rugby fans will get a Dominion final after all. The Canadian Rugby Union has agreed to replay the second half of the game over at Rosedale field on Saturday.

The decision was reached after a conference of the three past presidents of the C.R.U., Hugh Gall, Billy Foulds and John DeGruy, in addition to the officials of the game. The evidence presented showed that the referee had allowed a five-point try on the disputed try in question in the third period, and that the referee had not seen anyone touch the ball. He later conferred with other officials, who claimed that an Argonaut had touched the ball behind the line. Referee Gall then notified both captains that it was an unearned try and would count three points.

After the game the point was raised that an Argonaut player had kicked the ball. The referee ruled that the kick was a fumble, and having nothing covering a ball kicked behind the line.

After reviewing the evidence placed before them, the committee of three decided to recommend to the union that the last 25 minutes of the game be ordered replayed. At this stage the score was 2-11, with Argos in possession on their own 20-yard line, and on the last down. This would leave 10 minutes in the third period and the last quarter to play.

The officials of the game claimed that they saw nobody but Sinclair of Argos touch the ball. The Argonauts were backed behind the line, and several Argonaut players were down under it. A Toronto man tried to fall on it, and, according to those who saw it, he was about to grasp it. Sinclair kicked the ball across the field behind the posts. When it was finally dead, the Argonauts were lying on the ball.

Secretary Foulds of the C.R.U. announced last night that the Argonauts and Argos had been ordered to replay the last half at Rosedale field on Saturday, at 8:30 p.m., with the same officials in charge, with Toronto having the kick-off and the wind behind them. The officials last Saturday were: Referee, Hugh Gall; umpire, Ben Simpson; head linesman, Bob Lablacher.

Argonauts held a meeting last night and agreed to play, as stated by Secretary Foulds. The question arises if Varsity will be able to play the final game, which now cannot take place before Dec. 4. The term examinations take place next week, and it is not known whether they will be able to give any more time to rugby. The athletic directorate will likely hold a meeting today to decide the question.

The Argonaut executive handed out the following statement after their meeting last night:

"The Argonaut Football Club has decided to abide by the decision of the C.R.U., in that the last half of the semi-final game played at Varsity Stadium on Nov. 20 shall be replayed. The club is pointing out, however, that the Argonaut football team won the game from the Toronto team by a score of 11-2. The decision of the C.R.U. is in the interests of sportsmanship, the Argonaut Club and the game of football have decided to replay the latter half of the game."

Varsity, the official University of Toronto paper, says, under the heading "Laddie Cassels or a Pro Coach?"

"Laddie Cassels, a Pro Coach?"

Editorial on "The Coaching System" of Varsity Rugby, strongly advised giving the amateur coach a chance to prove himself before considering a change to the professional system. At that time the editorials were read and discussed by about seventy-five per cent. of the student body, so strong was the sentiment in favor of an immediate change. The Varsity now feels that the result of Saturday's game is sufficient vindication of its stand in the matter. On Saturday the Varsity fourteen, coached by "Laddie" Cassels, won their services to the team for a pro-coach, but for the return of "Laddie" Cassels as coach next year. It is to be hoped that Mr. Cassels can be prevailed upon to again take the position next year. He has been a success as a coach not only because he has led the team to a championship, but also because he has elevated the standard of sportsmanship of both the players and the spectators by insisting on clean, hard play. The University of Toronto is justly proud of "Laddie" Cassels as a truly representative of the sports spirit that has always been characteristic of the wearers of the blue and white.

English Rugby Football. West of England Rugby Football Club will hold a special meeting at the residence of Y. M. C. A. Wednesday, Nov. 24, at 8 o'clock. All members are earnestly requested to be present, as there is an important business to be transacted. Next exercise and dance will be Dec. 15—special prize for dancing and exercise.

## NEW AGREEMENT FOR MAJORS AND MINORS

Baseball Magnates Hold Joint Meeting Next Month—Judge's First Work.

Chicago, Nov. 23.—Plans for a new national agreement between the major and minor leagues will be perfected at a joint meeting of the major and minor leagues committee to be held in New York December 10.

Records of the old National baseball commission have been transferred from Cincinnati to Chicago in preparation for the opening of offices here for Judge Landis as ruler of the major leagues.

One of the first important decisions expected, according to reports, is the division of about \$15,000 among members of the White Sox team, which earned second-place money in the 1920 race. Some opposition has arisen in some quarters to the proposal to exclude from shares the seven former White Sox players under indictment in preparation for the 1919 world series.

The remaining members of the 1920 Sox team have voted to split the sum into six equal shares, making about \$2,500 apiece, and excluding the seven suspended players. This settlement has been opposed on the ground that, while indicted, the seven have not been convicted, and some of them deny the charges of crookedness. Arguments before Judge Landis as the supreme arbiter are expected to decide the settlement soon.

The opening session this afternoon was devoted to the election of officers. ## Barbed Wire in Streets

Dublin, Nov. 23.—All train services in Dublin were resumed this morning, after the city had passed a night of quietude, following Sunday's bloodshed and the raiding activities of yesterday. The curfew law was strictly obeyed.

The night, however, did not witness any let-up in the work of the military, who were continuing their minute search of the city, presumably for suspects in connection with Sunday's assassinations. Before the curfew hour several of the streets were surrounded by barbed wire barriers, and the soldiers examined all persons passing.

Patrick Matthews, who was seriously wounded at Skerries yesterday, is in a precarious condition. He was wounded in the shoulder, thigh and knee. It was learned today that two lorries of armed men arrived at Matthews' house and knocked on the door. When Matthews opened it he was asked if he was a Sinn Féin man. He replied that he was a laborer, whereupon the men opened fire.

The thirteenth occurred today, when an 11-year-old boy died of his wounds. Only seven of the Crooke Park victims have as yet been identified.

The bound body of an auxiliary policeman was taken from the River Liffey today.

## Italian Fruit Sellers Discuss City Referendum and New Immigration Policy

The Italian colony in this city was called to a mass meeting last night, at the Victoria Hall, under the auspices of the Italian Aid and Protective Society, to discuss the question of the immigration laws and the city bylaws regarding the sale of fruit and perishable food after seven o'clock.

Giovanni, chairman, who opened the meeting, declared that they must get the full strength of the Italian residents behind them, and that they were allowed by law, and he saw no reason why a druggist should sell goods at any time during the night when small shopkeepers were fined for selling the same goods.

## Resolutions were passed denouncing the city bylaw, and an appeal will be forwarded to the government asking that the amendment to the law allowing the sale of fruit and perishable goods be permitted to remain in force until further notice.

## Resolved to ask the government to forward definite instructions to the Italian government regarding the law in order that said immigrants be put upon their guard and given full knowledge of all restrictions.

## LORDS DISCUSSING HOME RULE BILL

(Continued From Page 1).

ent bill was passed, the home rule act of 1914 would automatically come into operation directly the peace treaty with Turkey was ratified, he formally announced that the government would not make itself responsible for a simple repeal of the 1914 act. Lord Birkenhead said he was convinced, however, that the only danger to the bill lay in the coalition of those thinking the bill did not go far enough and those thinking it went too far.

## "Strange as it might seem," said Lord Birkenhead, "I think this is a favorable opportunity to effect a settlement because the Irish people are sick and tired of the terrible reign of terrorism."

The Earl of Dunraven, on the ground that the bill was not supported by the great majority of Irishmen and afforded no prospect of a permanent settlement, moved its rejection, describing the bill as an honest, important, honest, attempt on the part of the government to settle the Irish question.

The debate, after adjournment for dinner, had no special interest. Lord Haldane, the principal speaker, advocated the adoption of the bill as a great step forward, tho not perfect.

## HOSPITALS SHOULD CONSULT PATIENTS ON GIVING ETHER

Jury Finds Jack Whitehouse Died From Taking Anaesthetic.

WAS UNNECESSARY

"We find that Jack Whitehouse came to his death in the Sick Children's Hospital on Oct. 23, 1920, from the effects of an anaesthetic which we consider was not at all necessary to administer."

The jury found that the anaesthetic was not necessary, and that the hospital should consult the patient on giving ether.

The above was the verdict brought in by Dr. Wm. L. McWilliam, jury at the inquest held last night.

Young Whitehouse, aged 8, was admitted to the Sick Children's Hospital following an accident at the corner of Lavenport and Bedford roads on Oct. 23. The child was brought to the hospital by a passenger struck the rear of Mr. Wm. Sharp's auto. Whitehouse fell off, suffering a fracture of the right arm and a laceration of the head.

Dr. James W. McWilliam, the anaesthetic was Dr. McWilliam, who saw the boy's head was turned after he was in a violent, both doctors had army experience.

In his post-mortem Dr. Wm. L. McWilliam, pathologist at the General Hospital, stated that the child's condition was a very rare condition in a child, and such cases were considered a very poor risk for an anaesthetic. The boy had had his supper and had eaten an apple previous to the accident, and in recovering from the anaesthetic, he vomited, sucking the food into his lungs. This caused a mucous to form which, with the anaesthetic, caused suffocation.

As Helen McKenna, the nurse in attendance, stated that she had to go out to a typewriter, as it was asked to have stimulants ready for use.

Dr. L. Boyd, specialist surgeon on duty at the Sick Children's Hospital, said that he worked over the boy, but to no avail. Reflexes of the boy had not returned, and he was less violent if the stomach was empty.

In his evidence, Dr. C. L. Starr, surgeon-in-chief of the Sick Children's Hospital, thought it would be better to suit the parents regarding the use of an anaesthetic in such cases as this, and that it was necessary as the boy would have suffered intense pain and would not return to a main quiet enough to administer a local anaesthetic and the washing out of a child's stomach was dangerous.

"I think it would be a great calamity if our hospitals should be prevented from handling emergency cases as they arise," he said, "and it would seriously hamper our usefulness to the public if any hospital is put on in taking care of patients."

Dr. Galle thought that the father should have been told about the administration of the anaesthetic.

Anaesthetics paralyze a great many reflex actions," said Dr. A. Jukes Johnson, M.R.C.S., and chief coroner in Toronto. "An examination should always be made, but I don't know that in a child it is always necessary."

In a case of this kind it would be advisable to see that the child is not full and to wash out the stomach three minutes do not make any difference. I don't think it is any more serious than I would not have allowed any patient of mine to take an anaesthetic under such circumstances."

Mr. John Whitehouse, the father of the boy, stated that he was not consulted about the administration of ether and that the doctor had pressed the edges of the boy's mouth together and forced the ether down his throat.

Mr. Armour appeared for the crown and Mr. T. P. Kelly for the family.

## POLES WITHDRAWING TO ARMISTICE LINE

Army in Volhynia Fulfilling Preliminary Clauses of the Treaty.

Warsaw, Nov. 23.—The Polish troops in Volhynia. It was announced today, are withdrawing rapidly toward the armistice line in response to the demand of the Russian Soviet government that the Poles fulfil the military clauses of the preliminary peace treaty signed at Riga. News to this effect has already been telegraphed to Riga, and a message was received in Warsaw last night reporting the reopening of the peace negotiations which had been interrupted by the Soviet delegates.

Polish public opinion, of all shades apparently is satisfied that the disengagement has been effected and political circles express confidence that henceforth the negotiations will proceed more rapidly, as the principals by their latest move have shown a willingness to keep all doors open. The press asserts the rupture of the negotiations by the Soviet delegation seems to have been a diplomatic subterfuge to show the world that the Soviets have strengthened their position since the defeat of General Wrangel.

Actively continues from "Lithuanian forces and General Zeligowski's troops latest accounts say the Lithuanians are defying the League of Nations commission of control, which arranged an armistice between the Lithuanians and the Poles. Despatches received here say that two hours before the time set for the cessation of hostilities the Lithuanians began firing upon Zeligowski's forces and the struggle the Lithuanians gained some ground."

The Lithuanians, according to the despatches, after having agreed to the armistice, voluntarily began an offensive. Colonel Chardigny, chairman of the league commission, who is on the spot with the other commissioners, has sent word to Kovno demanding that the Lithuanians withdraw to the position designated in the armistice agreement. At last accounts the fighting was continuing.

## TO DIRECT POLICE IN WESTERN ONTARIO

Lanin Has Special Powers at Windsor—Assumes Duties To Enforce O.T.A.

Windsor, Ont., Nov. 23.—W. J. Lanin, newly appointed superintendent of provincial police, with special jurisdiction over the five counties of Essex, Kent, Lambton, Elgin and Middlesex, and ex-chief of police of Stratford, arrived in Windsor this afternoon to assume his new duties. He held two conferences yesterday afternoon with Licenses Inspector J. McLaughlin, and other license inspectors, who have been engaged in combating the liquor traffic under the leadership of Rev. J. O. L. Spradlin.

He has had an extensive experience in police work. For the past seven years he has served as chief constable in the City of Stratford, and for the previous years was a member of the Toronto police force.

"The people of this district can rest assured that they will be kept in touch with the operations of the force under the press," he said, "and I will see to it that the enforcement of the law, as he said, he had heard him well spoken of as a conscientious officer, and felt assured that he would receive from him the best measure of co-operation in carrying out the duties which would devolve upon him in the county of Essex."

## MAN OF MYSTERY SAYS STEAMER WAS NOT LOST

Kingston, Ont., Nov. 23.—(Special.)—Marjah, the Man of Mystery, playing at the Grand, states that the St. John Randall was not lost, but will be found at the docks. The weather has been too stormy to make any search for the missing vessel, given up as lost. It was learned this afternoon that when the steamer Jeska passed the Randall last Tuesday, she was headed for the Bay of Quinte. It was blowing hard and in the night came to snow and rain and the slush and rain that made on many of the boats caught outside, buried them deeper in water than usual. The Randall was not in very good shape for such a storm, as it was known that the hull was leaking badly and the pumps kept her free. The Jeska made Kingston harbor after a hard passage and, she is a better and more able boat than the Randall.

## COMMONS MUST DEBATE HOME RULE BILL TODAY

London, Nov. 23.—In the house of commons today the opposition tried to postpone the debate on Ireland allotted for Wednesday on the ground that the atmosphere is just now unsuitable, but Andrew Bonar Law, government leader, held them to their arrangement, remarking that the subject was being discussed at a political meeting at Birmingham and that what was suitable for a public platform was suitable for discussion in the house of commons. It was stated that the monthly cost of the forces in Ireland is \$1,100,000 sterling and that soldiers serving in Ireland have the same pension rights as in the war.

## SWEEPING CHANGE IN MOVIE CENSORING

Hon. Peter Smith Calls Big Conference—One Man to Take All Responsibility.

## MUST PROTECT THE PUBLIC

Stratford, Ont., Nov. 23.—Discussing motion picture censoring here today, Hon. Peter Smith, provincial treasurer, said he was making a sweeping change in the present system of censoring pictures. At present all films, before being released, are passed or rejected by the Ontario Board of Censors, which consist of two men and one woman. The appeal from their decision is heard by a board, of which Mr. Smith is one member.

## To Protect to Limit

Believing that the public should be protected to the limit and that his other duties prevent him from devoting the proper amount of time to this responsibility, he is going to call a meeting of the representatives of the film producers, distributors, theatre owners, social service, board of trade and other interested bodies to select one man who will devote his whole time to censoring of moving pictures and who will assume all responsibility for the present board and be responsible to the provincial treasurer.

"The selection of this man being left to the joint meeting, should be a great improvement," he said. "The old system has become antiquated."

Hanna, of the Canadian National Railway, debaring employees from taking part in politics, will be decided at a conference of representatives of the railway organizations to be held in Toronto next Monday morning.

## HARDING FAVORABLE TOWARD BRITISHERS

Halifax, N. S., Nov. 23.—In an address before the Canadian Club, John A. Stewart, chairman of the Sulgrave Institute board of governors, New York City, made a strong and moving appeal for good relations and abiding friendship and unity between the English-speaking peoples, especially urging that the maintenance of Anglo-American friendship and good will was essential to the peace of the world. In the course of his address, Mr. Stewart read a hitherto unpublished letter written to him by Senator Harding, president-elect of the United States. The letter was written during the progress of the presidential campaign, but was not made public until tonight, and was quoted by Mr. Stewart to show that Senator Harding is not only sympathetic towards a closer understanding between the English-speaking peoples of the world, but believes that it is a great goal towards which the people of both the United States and Great Britain should strive.

## UPTURN IN WHEAT ON EXPORT BUYING

### Expression of Opinion by Barnes Also Factor in the Upturn.

Chicago, Nov. 23.—For the first time in more than a week the wheat market closed at an advance. Brisk export demand, together with assertions that liquidation was at an end, had much to do with the strength shown. The finish was nervous,  $7\frac{1}{2}$  to 9 cents net higher with December 1884 to 165 $\frac{1}{2}$ , and March 1884 to 164. Cash

opinion that prices were at the bottom. The complete report of the remarks made by Mr. Barnes showed they were along optimistic lines. Entirely aside from the Barnes incident, however, a considerable change in sentiment among traders was evident from the outset. It was known that export demand was brisk and the makers were rapidly placing orders for

earlier and sterling exchange rising. Setbacks in prices, altho sharp at times, were brief, and after the close it was easier to get wheat to Europe for 1,500,000 bushels, about half the amount of domestic grown.

Corn and oats were hoisted by the strength of wheat. Shorts, including some of the most aggressive recent sellers, bought freely.

Packers' buying turned the provisions market upward, notwithstanding that a first weakness prevailed owing to big breaks in the value of hogs.
