Germans Beaten Again In Sea Fight With The British

Enemy, As Before, Takes To Heels On Approach Of Squadron

One of Enemy's Destroyers Sunk and Another Damaged—Naval Base at Ostend Heavily Bombarded—Air Attacks Also Kept up

London, June 5.—A German destroyer has been sunk and another damaged in a running fight between six German destroyers and Commodore Tyrwhitt's squadron. The text of the admiralty announcement reads: "The vice-admiral at Dover reports that the enemy naval base and workshops at Ostend were heavily bombarded in the early hours of this morning. A large number of rounds were fired with good results. The enemy shore batteries returned our fire, but our bombardment forces suffered no damage. Commodore Tyrwhitt also reports that early this morning a force of light cruisers and destroyers under his command sighted six German destroyers and engaged them at long range in a running fight. One of the enemy destroyers the S-20 was sunk by our gunfire and others severely damaged. Seven survivors from the S-20 have been picked up and made prisoners. There were no casualties on our side."

AIR ATTACKS ALSO

London, June 5.—The aerial attacks on German establishments in Belgium are being continued vigorously by the British. Further operations were reported officially today as follows: Naval airplanes on Sunday night attacked the airdrome at St. Denis Westram, near Ghent. Many bombs were dropped with good results. The enemy's seaplane base at Zeebrugge was attacked by our seaplanes at the same time and shipping in Bruges also was bombed. All our machines returned safely.

SAYS AMERICAN ARMY IN FRANCE IS NECESSARY

London Times Correspondent Thinks France Should Be Strengthened

EFFECT UPON RUSSIA

This And Firm Stand Against Separate Peace Would Induce Russians to Follow—Gains Impression That Revolutionary Forces Are Languishing

London, June 5.—A correspondent of the Times who has been for some weeks in Russia studying the situation, telegraphs an estimate of conditions which, however, he says, he gives with great reserve. Some of his statements follow: "I have an impression that all the revolutionary forces are somehow languishing. Even the extremist followers of Lenin show little energy. This perhaps may be explained by the absolute decadence of Czarism, which was so rotten that it simply fell by itself without the possibility of resistance. "It is remarkable how order has been preserved in Petrograd, although the police have been removed and replaced by the militia. In some cities oppression occurred, but there was no strong anarchistic movements as there was after a revolution of 1905, this partly because Czarism is not there to foster anarchy as a means of provocation and partly because the war is operating as a strong check on the mind of the people. "Since czarism neither taught nor encouraged the people to work, the administration and organization of the new government cannot be very efficient. The coalition is not any organization of strong political individualism, but rather the organization of parties. There is noticeable lack of unity. One minister speaks against other ministers and various departments, even military departments, new men who are thorough pacifists are appointed. "I have been from the first convinced that the strategic situation of the allies demands the strengthening of France. If Joffre and Petain had asked for American soldiers they have rightly judged the real situation. An American army in France is necessary for the energetic prosecution of the war on the western, Italian and Salonika fronts and a firm determination not to accept a premature peace will influence the Russian army and people and induce them to follow."

GREAT BRITAIN WILL NOT RAISE BARRIERS

London, June 5.—In reply to statements that Great Britain is hampering the return of Russian exiles, it is announced officially that the government will place no difficulties in the way of Russian political emigrants who wish to return home from neutral or allied countries, if they have obtained permission from the Russian authorities, but will facilitate their return in every way possible.

FRENCH SUBMARINE SINKS LARGE UNDER WATER CRAFT

Rome, June 6.—The French submarine Circe has torpedoed and sunk a large enemy submarine as it was coming out from Cattaro, escorted by a torpedo boat. Although attacked by airplanes, the Circe returned undamaged to its base.

ment had sent to the Russian representatives in the Entente allied countries a note assuring the allies that the change in the government of Russia could not afford a pretext for any slackening on the part of Russia in the common struggle for all the Entente Allies. The note said the government deemed it to be its right and duty to declare that free Russia did not aim at the domination of other nations, at depriving them of their national patrimony, at occupying by force foreign territories, but that its object was to establish a durable peace on the basis of the rights of nations to decide their own destiny.

GOOD BILL OF HEALTH OR NO WEDDING BELLS

Resolution Submitted to National Council of Women

OTHER MATTERS TAKEN UP

Dominion Legislation Dealing With Tuberculosis Recommended— Vocational Training and Homesteads for Women

Winnipeg, June 5.—That health certificates should be required before the granting of marriage licenses as a measure for the protection of the race against certain diseases was one of the recommendations handed to the resolutions committee at the afternoon session of the National Council of Women yesterday. Three sessions were held during the day with Mrs. F. S. Torrington of Toronto in the chair at the morning and evening sessions, and the Marchioness of Aberdeen presiding during the afternoon. In a discussion of tuberculosis it was recommended that the council press for dominion legislation dealing with the matter. Miss E. Jones of Winnipeg, dealt with professions and vocational training of women and advocated the establishment of government bureaus of labor operating provincially with a dominion bureau to act as clearing house for the provinces. She also urged that the government should provide vocational training for boys and girls, such training to include household service and the care of children. The convener on agriculture, Mrs. L. A. Hamilton, of Toronto, recommended that the government include women in any land scheme which may be proposed and that homesteads be opened to women.

BERLIN SAYS ISLAND WAS NOT SEIZED

Report That Germany Sought Submarine Base Off Coast of Venezuela

Berlin, June 4, via London, June 5.—Official denial of a report received here from London that German naval forces had taken possession of the Island of Margarita off the coast of Venezuela for the purpose of establishing a submarine base, was made today. A despatch from Washington last Saturday night said reports had reached the American government from a source described as reliable that Germany was attempting to obtain control of Margarita Island for use as a submarine base. The Venezuelan minister on Sunday characterized the story as false.

GUNNER G. A. PATTERSON, FORMERLY OF THE I.C.R., GIVES HIS LIFE IN WAR

Moncton, June 5.—Mr. and Mrs. W. B. Patterson of Middle Covehead, have received a telegram from Ottawa announcing that their son, Gunner George Arthur Patterson, was killed in action on May 25. He was formerly an I. C. R. brakeman. He enlisted in the fall of 1914. He was twenty-eight years old.

OLD TIMER COMES UP

Commissioner Wigmore has men employed placing the new twelve inch water main in Princess street and removing the old four inch main that has been there for the last sixty-five years. In order to complete one connection and not inconvenience the public the men were kept working all Saturday night and up to ten o'clock on Sunday morning. The commissioner expects to have this section completed in a few days. As he has a lot of work pending he is anxious to secure more men.

BOOSTED COST OF ROAD TO THE PROVINCE BY ALMOST \$77,000

Valley Railway Inquiry Resumed Here Today

MR. FOSS ON THE STAND

Evidence As to Increasing Prices in Contracts Just Prior to Election—Work of Session Halted to Await Mr. Cozzolino's Arrival

How the sum of almost \$77,000 was added to the cost of the Valley Railway—and incidentally boosted the prospective profits of the chief contractors—was shown at a session of the inquiry which was resumed in the municipal chamber of the court house this morning. This amount represents the difference between the figure for which the Nova Scotia Construction Company had contracted to build the Andover-Centerville section, if called upon to do so, and the figures provided for in the new contract which was entered into on February 8 of this year, after the provincial general election had been called. Taking the plans and estimates prepared by the previous staff, C. O. Foss, director and chief engineer of the railway under the new administration, showed the comparative cost of the work under the old and the new contracts, with the result that the new contract was found to cost the province \$76,944.72 more than it would under the former contract. The first contract, entered into on May 19, 1916, provided for the construction of the Gagetown-Westfield section but it also contained the stipulation that the contractors, if called upon to do so within a year, would also undertake the northern section at the same rates and prices. This was the provision that, it is said, was disregarded when the new contract was entered into. Mr. Foss estimated that the gross profit of the chief contractors on the Westfield-Gagetown section would be \$233,207.84, and their estimated profit on the northern section, including the cost of the Westfield-Gagetown section, would be \$231,738.16. Another interesting matter which was touched upon by Mr. Foss was the fact that the more advantageous terms which half of the road was sub-let to various contractors at a uniform scale of rates certain contractors received high rates which they secured were estimated worth to Kennedy & McDonald the sum of \$42,000 over what they would have received if they had accepted the same terms as those under which other sub-contractors were operating. Before the taking of evidence was commenced, Mr. Cozzolino announced that he had issued subpoenas for Thomas Cozzolino, president, and G. H. Jackson, vice-president and general manager of the N. S. Construction Co., and for Messrs. Kennedy & McDonald. The two latter were in the city. Mr. Jackson had been excused until later in the week as he had been called to California on account of the death of a relative. Mr. Cozzolino had promised to be present but he had left Ottawa. Mr. Cozzolino was not present, as he wished to secure the evidence of the chief contractors before calling on the sub-contractors. J. M. Stevens, K.C., of Edmundston, who is holding the inquiry under royal commission, Mr. Stevens was one of the counsel for Mr. Dugal at the time of the Dugal inquiry, which drew Premier Fleming from office, and he is familiar with railway matters. F. B. Carvell, K.C., M.P., who is appearing as counsel for the government in this hearing, was the chief counsel for Mr. Dugal in the former hearing. Others present this morning were Hon. W. P. Jones, president, as E. S. Carter and C. O. Foss, directors of the railway, S. D. Simmons of Fredericton was the stenographer. The court opened soon after ten o'clock, with J. M. Stevens, K.C., sitting as commissioner. Those present included Hon. W. P. Jones, K.C., of Woodstock, president and general counsel for the St. John and Quebec Railway Company; C. O. Foss and E. S. Carter of St. John, directors and chief engineer and secretary, respectively, of the company; F. B. Carvell, K.C., M.P., appearing for the provincial government.

Another Great Offensive Soon

That Is Reading Of Signs On The West Front

Prediction of General Maurice That it Will be the Greatest Yet—Evidently Preparing Between Wythchaete and Vimy—Heavy Bombing by French

All the familiar signs which herald a great offensive are reported from the British front in France and everything points to the near approach of fighting on a great scale in the western front. The thunder of the British guns increases day by day in volume while trench raids and other feintings for position multiply in number. The most interesting feature in the meagre official reports is the repeated announcement of a tremendous artillery duel in progress around the little Belgian village of Wythchaete, about five miles south of Ypres. From this point as far south as the famous Vimy Ridge, thirty miles away, the guns are roaring day and night, apparently indicating that General Haig has chosen this sector for the next big blow. In this connection it is recalled that General Maurice, director of general military operations, predicted some weeks ago that the next British offensive would be on a vaster scale than any which preceded it. Wythchaete marks the head of a short salient held by the Germans south of Ypres. This salient is roughly three miles deep and averages about the same extent in width. Its great importance lies in the fact that it is the only high land between the British and Lille. Once in the possession of the British their guns would command the broad plain between the plateau and Lille, a distance of about ten miles. Today's British Report. London, June 5.—Only minor operations are reported from the British front in France. Following is today's official announcement: "Hostile raiding parties were driven off last night southeast of Lens and south of Armentieres. A number of the enemy dead were left in front of our lines. Successful raids in which we captured several prisoners were made by us last night south and east of Ypres." French Recover Ground. Paris, June 5.—The French official statement says: "Violent artillery fighting occurred during the night in the region north of Bray-en-Lannois. A spirited attack by our troops resulted in the re-taking of parts of trenches in which the enemy gained a footing on the previous day, northwest of Predimont farm. "In the Champagne there was intermittent artillery fighting, which was very severe near Mont Carnillet and the Casque. Various surprise attacks against our positions between Tahure and Auverville were repulsed. Elsewhere the night was calm. "In reprisal for enemy bombardment of the undefended village of Bar-Le-Buc, on May 29 and 30 seven of our airplanes on Sunday night flew over the city of Tervre (Belgian Prussia) and threw down 1,000 milligrams of projectiles. Heavy Bombing. "On the same night our squadrons rained projectiles on the enemy aviation ground at Morhange, Habsheim, Prescatti and Sissonne. They dropped 85, 300 pounds of bombs on the barracks, which were damaged severely. "Other squadrons threw bombs on the railway station at Lattes in the Ardennes, the munition depot at Warnerville, north of Rheims, and railway stations and military establishments in the region of Laon. "As a part of the operations carried out last night there should be mentioned bombardment of the aerodrome at Colmar, the railway station at Thionville, where a fire was observed, and the railway station at Bun-sur-Meuse, where three explosions occurred. "Yesterday our pilots brought down seven German airplanes and compelled seven others to land, damaged, within the German lines. It is confirmed that two other German machines have been brought down, one on May 26, the other on June 3." Polish Army in France. Paris, June 5.—President Poincare has signed a decree creating a Polish army. The Poles now serving in the French army will form the nucleus of the new force and all other available Poles will be invited to enlist for the duration of the war. The men will fight under the ancient Polish flag, will be organized in the same manner as the French army, and will be maintained at the expense of the French government. Bulgar Report. Sofia, June 5, via London.—The repulse of numerous attacks on different parts of the Macedonian front is claimed in an official statement issued by the war office on Monday. The statement says: "On the right bank of the Vardar repeated enemy attacks failed completely. Yesterday evening, after violent artillery preparation, the French attempted to deliver four attacks which were completely repulsed with bloody losses. So far 300 dead have been counted before our barbed wire entanglements. The statement also claims the repulse of British attacks between the Vardar and Lake Doiran and south of Seres. German Report. Berlin, June 5, via London.—In mentioning the heavy artillery fire that has been in progress for days past in the Wythchaete salient on the Belgian front, today's army headquarters' statement reports the advance of detachments to learn the effect of the fire. Such advances, it is declared, have invariably been repulsed.

CANADIANS AGAIN HOLD THE STATION

Dominion Troops Pushed Out East of This Morning—Hindenburg Compelled to Use Troops He Was Holding For New Army

(By Stewart Lyon, special correspondent of the Canadian Press in France)—Canadian Army Headquarters, June 5.—The electric light station southwest of Lens, for the possession of which two fiercely contested engagements have taken place and where many hundreds of German, British and Canadian soldiers have been killed and wounded, appears to be safely within the Canadian lines this morning.

The German guns turned out on Monday afternoon in fairly conclusive evidence that the enemy had found it unfeasible on his return on Sunday night. Early this morning the Canadian troops holding the trench in the vicinity of the station pushed out to the east of it.

The situation is not quite clear on the front, but generally it was a very lively night. The enemy dropped bombs behind the lines and also sent out a raiding party which was discovered before it reached our trenches.

As the German prisoners were taken through it has been established beyond doubt that the new enemy formations now in training in Germany and which were intended to supply Von Hindenburg with his new army, are being broken up to supply the sorely needed reinforcements.

A single division has recently been strengthened by the addition of a considerable number of these young lads of nineteen years. Their training is insufficient, although their morale appears good and they are physically fit.

There has been an increase in the intensity of machine gun fire. It is significant that the intention hereafter to equip each company with more light machine guns in addition to the heavier machine guns of the machine gun companies. Reliance on the individual rifle of the soldier is very slight.

It must be heart-breaking to the mothers at home to think of all the dear ones that are called upon to "make the light become heavier" in this great struggle, but it is God's will and we can but humbly bow our heads and say "Thy will be done."

The death of Mrs. Margaret Grant occurred on Saturday at the residence of her daughter, Mrs. Albert Lockhart, Moncton. She was the widow of John Grant, and had reached the age of eighty-eight.

WOMAN SUFFRAGE; IT HAD TO COME

(Toronto Telegram)

"Votes for women" had to come. The war greatly hastened the bestowal of the franchise upon the women of Ontario. The acrobatic performances of politicians in the Queen's Park were fairly representative of the change that the war wrought in Ontario opinion outside the Queen's Park.

The time off for jubilation among the Ottawa suffragists over the enfranchisement of women in the province of Ontario was but of a moment's duration. With their hands full of war work, there is no time for celebration, and a broad smile was the only badge of victory worn by the veteran fighters for the ballot this morning.

"Our first move will be to get the women registered as voters, and I look to the formation of a federation of franchise workers who will take up the work of educating women for citizenship. We must be prepared to use the ballot intelligently, and women have a great deal to learn generally in the way of civics and government."

(THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JUNE 5, 1917)

Everywhere under the sun
wherever roofs are laid
Certain-teed stands for these two things:

Efficiency Economy

CERTAIN-TEED roofing is the most efficient and economical type of roof for factories, office buildings, farm buildings, garages, etc., because the first cost is less than that of metal, wood shingles, or tar and gravel. This is particularly so now, because of the present high prices of some of the materials.

CERTAIN-TEED costs less to lay than any other kind of roof. It will not rust, is not affected by fumes, gases and acids, coal smoke, etc.; it is light weight and fire retardant. Every rain washes it clean; and it does not melt or run under the hot rays of the sun, nor can it clog gutters or down spouts.

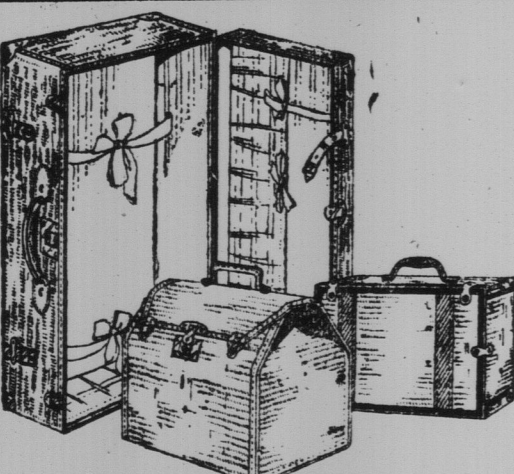

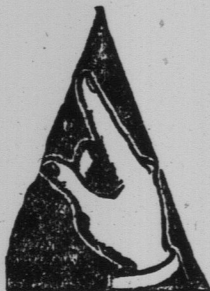

Certain-teed Roofing

It is the best quality of prepared roofing. It pays to get the best. The only difference between the first cost of a good roof and a poor one is in the materials—the labor, freight, etc., costs the same in both. As CERTAIN-TEED Roofing is guaranteed for 5, 10 or 15 years according to thickness (1, 2 or 3 ply), it will be in splendid condition years after a poor quality roof has to be replaced.

For residences, Slate Surfaced Asphalt Shingles have all the advantages of CERTAIN-TEED Roofing, plus artistic beauty, not bulky, and are uniform in weight, quality and appearance. They need no paint, are pliable, eliminate waste and misfits, cannot curl, buckle, rot or crack. Guaranteed for ten years. Investigate CERTAIN-TEED before deciding on any type of roof. For sale by dealers everywhere.

Labor Against Conscription
The national labor conference which met in Ottawa, on Saturday, after a momentous sitting, passed a resolution against conscription, urging the organized workers in the country to oppose it with every means in their power. The conference placed itself on record as in favor of the nationalization of all the railroads in Canada and all the coal fields, the appointment of a food and fuel controller, public ownership of coal storage plants, abattoirs and canneries and in favor of the passage of an order-in-council giving municipalities the right to operate coal and wood yards.

RECENT DEATHS

Mrs. Norah Halpin.
The death of Norah, widow of Patrick J. Halpin, occurred yesterday afternoon after a short illness at the residence of her mother, Mrs. O'Connor, 58 Spring street. Her husband was in charge of the C. P. R. hotel barber shop in Calgary (Alta.) when he died about two years ago, and she had been living with her mother ever since. Besides one son, Roy, who is at present in the money order department of the postal service in Quebec, she leaves three brothers, William and John O'Connor of this city and Stephen, of Quebec; and four sisters, Mrs. J. J. Morrissey, of Norwood (Mass.); Mrs. J. H. McGuire, of St. John; and Misses Margaret and Kate, of St. John.

Sir Richard Burbidge.
London, June 4—Sir Richard Burbidge died at his home here Friday night at the age of 70. Sir Richard was a member of the advisory board of the ministry of munitions and was created a baronet last year. For 47 years he had been managing director of Harrods, one of London's most famous department stores. Sir Richard was also a director of the Hudson Bay Company, joining the board in 1909, with the object of giving special attention to the company's retail stores in the Canadian west. His successor in the title is his eldest son, Sir Woodman Burbidge, a director of Harrods, Limited, Buenos Ayres, and general manager of Harrods, London. A younger son, Herbert R. Burbidge, stores commissioner for the Hudson Bay Company, making his headquarters at Winnipeg and Vancouver. He is now in Japan, studying the buying possibilities there.

The death of Mrs. John T. Allanach, Moncton, occurred yesterday morning. She was seventy-two years old.

Robert Anderson, aged ninety-nine, died at his home in Woodstock road on June 3.

Mrs. Mary Gilmore, widow of Samuel Gilmore, died at her home in Watson street, West St. John, at the age of sixty-eight years. One daughter, Mary Cassidy, survives, at home, and one son, William Cassidy, who is living at Saskatchewan. Two grandsons are at the front.

Mrs. Woodworth, widow of William Woodworth, formerly collector of customs at Hillsboro, died yesterday at the home of A. J. Cross, 14 Chipman Hill. She was seventy-five years of age.

The death of Most Rev. Matthew Rouse, superior general of the Redemptorist order, was announced in St. Peter's church on Sunday. He died in Switzerland, on May 9. He was eighty-eight years of age and had been a priest of the order for sixty-four years.

Bartholomew Coleman, a native of Peterborough, Quebec county, died on Sunday in the St. John Infirmary. He leaves two sons, George, in the 26th and Timothy of this city.

The death of Mrs. Mary Sullivan wife of Eugene Sullivan, took place on June 3 at her home in Paradise row. She was a native of Scotland.

Thomas P. Paul, aged sixteen, son of Mr. and Mrs. Peter Paul, died at the home of his parents, Pleasant Point, on Sunday, following an illness of seven days with pneumonia. He leaves one brother, Joseph, who returned last week on furlough from France, and three sisters, Mrs. Hugh Cullinan, Mrs. Arthur Sapler and Miss Hilda of this city.

William Bonnell died on Sunday at the home of his daughter, Mrs. M. Lockhart, in Harrison street. He was eighty-three years of age. He leaves one son, Henry, and six daughters, Mrs. R. Drillon, Mrs. M. Lockhart, Mrs. Ida Ross, Mrs. B. Perry, Mrs. H. Carmichael, and Miss Louise Bonnell, all of this city.

FOUR KILLED IN MINE

Nanaimo, B. C., June 4—Four men were killed instantly and much damage done to No. 6 mile of the Canadian Collieries Dunsuir Limited, at Cumberland, by a terrible explosion Sunday. The four victims comprised members of a survey party, headed by George N. Berttram, chief surveyor of the collieries, who as is the usual custom, mapped out on Sunday's when the full shift was not working, such extensions and new work as were contemplated during the week.

NATIONAL COUNCIL I.O.D.E.

Victoria, B. C., June 4—The annual session of the I. O. D. E. came to a close here with the passing of a number of important resolutions, including one to discontinue the celebration of Paardeburg day; that April 22, the anniversary of Langemack, be added to the number of festal days observed, and that the government be asked to pass an ordinance that the National Anthem be sung at the opening of public performances, rather than at the close.

A GRAVE SITUATION.

If anything more were needed to convince the Canadian people of the need of getting together and bending every energy to the task of war, it is surely to be found in the news from the war zone.

Last night's cables brought the news that the Canadians are standing firm. They have captured an electrical station southwest of Lens and held it for eighteen hours.

CIVIC TAXATION.

That the land tax is growing in favor as a means of raising revenue appears from the following extract from an article on civic revenue published in Saturday's Toronto Globe:

AFTER WAR CHANGES.

The Liberator, the organ of the New Zealand Land Values League, believes the great war will have a radical effect upon the whole question of land ownership and the spread of the single tax idea.

Republic, dominated the elections in the United States for a quarter of a century, so will the men I have seen in the trenches and the ambulances come home and demand by their votes the reward of a very changed England—an England they will fashion and share; an England that is likely to be as much a surprise to the present holders of capital and leaders of labor as it may be to the owners of the land.

As to the manner in which the dream of the soldiers will be made to come true, the Liberator believes it can only be done through the medium of the single tax. It says:—

Whatever may be the views of the returned soldier in regard to the single tax, it may as well be taken for granted that he will have, and rightly so, a good deal to say about public matters, and a very strong influence upon the trend of national affairs.

War Will Last Several Years?

Lord Northcliffe Gives Reasons for Belief Has Been Right Before

More than a year ago, a prominent soldier, returning wounded, replied to the question of a bore as to the length of the war: "Well, I don't know how long it will last, but I think the first seven years will be the worst."

When Lord Northcliffe writes for American readers a reasonable discount is necessary. He loves American readers, which is natural for any writer. He also wants American readers to love him, and in the process he will not spare his own countrymen.

Nuxated Iron Makes Strong, Vigorous, Iron Men and Beautiful Healthy Rosy Cheeked Women
Dr. Howard James, formerly Resident Physician of a New York City Hospital and Assistant Physician of the Manhattan State Hospital of New York, says:
"Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant that grows in a soil deficient in iron. A patient of mine remarked to me (after having been on a six weeks' course of Nuxated Iron), 'Say, Doctor, that there stuff is like magic!'"
"If you are not strong or well you owe it to yourself to make the following test: you can walk without becoming tired. Next take two five-grain tablets of nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. From my own experience with Nuxated Iron, I feel it is such a valuable remedy that it should be kept in every hospital and prescribed by every physician in this country."
Nuxated Iron, recommended above by Dr. James, is for sale by Watson's Drug Store, and all good druggists on an absolute guarantee of success and satisfaction or your money refunded.

which carry his opinions to the nation. Two years ago his papers were thrown out of clubs and hotels; he was burned in effigy, and was for a few weeks the best-hated man in England. Events proved that his criticism of the British administration was right. Soon it became apparent that his criticism had been well-founded. Suggestions he had made were adopted. So, if today or tomorrow these methods fail, we may only hope that if these methods fail, we will not hesitate to speak as frankly to the American public as he has spoken to the British public.

ASK YOUR GROCER!
D. Dr. Ferdinand King says: EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON AT TIMES
To Put Strength in Her Nerves and Color in Her Cheeks.
There can be no beautiful, healthy, rosy-cheeked women without iron. The trouble in the past has been that when women needed iron they generally took ordinary metallic iron, which often corroded the stomach and did far more harm than good.

BAD NEWS COMES QUICKLY AFTER SON'S LETTER

Pte. Peter Pemberton Stricken With Pneumonia And Is Seriously ill

Mrs. Margaret Pemberton today received a letter dated May 17 from her son, Pte. Peter Pemberton, saying that he was well and was about to leave England for France to enter the trenches. Hardly had the envelope been opened when a messenger boy brought a despatch that dispelled the joy of the letter. It said that Pte. Pemberton was officially reported seriously ill with pneumonia in a Canadian military hospital in Hastings on June 1.

Pte. Pemberton is a member of a New Brunswick Battalion. He had been wounded some time ago and had been in hospital in England for four months. He is twenty-four years of age. He has a brother, Bugler Lawrence Pemberton, with a forestry battalion. Previous to enlistment he was a fireman and an industrious young man.

SEVEN NEW BRANCHES OF WOMEN'S INSTITUTE

Miss Winter's Organization Work—Ex-Warden John Scott 86 But Doughty Traveler

Fredericton, June 5.—Since May 18, Miss Hazel Winter, provincial organizer of women's institutes, has organized seven new branches in the province. This makes a total of ninety-two. The new institutes and the dates of organization are: Jacques River, May 18; Bathurst, May 19; Petit Rocher, May 21; Malcombe and Silliker, May 28; St. Leonards, May 29; Cupid, Victoria county, May 30; Chipman, June 1. The St. Leonards Institute was the first organized in Madawaska county.

On her tour of organization, Miss Winter was accompanied by Miss Ada B. Saunders, assistant supervisor. At all organization meetings special emphasis was given to the greater production campaign and the necessity for thrift during the war.

Ex-Warden John Scott returned to his home in this city yesterday after a year's absence in the Canadian west. He is in his eighty-sixth year, but travels alone. He was as far as Vancouver, where he visited his daughter.

SUGGESTS SHAUGHNESSY AS CANADA'S PREMIER IN NATIONAL GOVERNMENT

Montreal, June 5.—The Herald today says editorially: "How would it be if Sir Robert Borden suggested to Sir Wilfrid Laurier that he would be willing to step out of the office of first minister and take a brief rest by Sir Wilfrid's side at the council table provided that Lord Shaughnessy, for instance, some one of commanding

"Can't you cut down on your Household Expenses, dear?"

Perhaps your husband has said that to you. Thousands of husbands have said it to their wives. Or perhaps he does not say it for fear of hurting you but just wishes you would.

USE THE WAY AD WANT

LOW SPIRITED AND WEAK

Most women and many men suffer at times from fits of depression and low spirits from which they are unable to free themselves. They cannot attend to business or household matters satisfactorily and are unable to get any pleasure of the life. Everything is a burden and a tax upon their strength; nothing gives them any satisfaction. Then come periods of nervous irritability, headaches and weariness. People who suffer in this way lack vitality because their blood is poor and ill-nourished. It is too weak and watery to absorb the nutriment from the food and carry it to the brain, nerves and muscles. It is too poor and too thin to destroy the impurities which clog it in increasing quantities, and a complete breakdown in health is likely to follow. What is needed to enrich the blood and restore health is Dr. Williams' Pink Pills. These Pills make new, rich, red blood, strengthen the appetite, and thus give tone to the nerves and new energy to every organ in the body. There is no trouble due to poor blood which pills will not cure. The appetite is fair, and it is for this reason that thousands of the country over speak in such high terms of this medicine.

You get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 30 cents a box or six boxes for \$2.00 from The Dr. Williams Medicine Co., Brockville, Ont.

OFFICIAL NEWS NOW RECEIVED

Pte. John D. Dowling, Reported Missing Is Back With Regiment

John W. Rose, of 165 Winslow street, West St. John, was advised this morning that his nephew, Private John D. Dowling, who was reported missing, was now safe and back in his own regiment. This news did come as a surprise to Mr. Rose, as he had received letters from his nephew stating that he was all right and had come through the heavy fighting.

Private Dowling is a member of a local infantry battalion. He is twenty years old and prior to donning the uniform was employed with his uncle, J. W. Rose, who conducts a grocery business on the west side of the harbor.

GOING TO WINNIPEG

Presentation to The Rev. Mr. Skinner And Wife of Seventh Day Adventists

Rev. George H. Skinner, who for the last three years has been pastor of the Seventh Day Adventist church in this city, has received a call from Winnipeg and will accept it. On Sunday night the members of his congregation assembled in their hall in Simonds street and presented to Rev. Mr. Skinner and his wife an address accompanied by a substantial purse. The address was read by a member of the church and embodied the general expression of regret on the part of the members in view of Mr. Skinner's departure. During his three years here Mr. Skinner has won his way to the hearts of his people and there were expressions of regret on all sides because of his leaving. He and Mrs. Skinner and their three children will leave tonight for Winnipeg.

ST. JOHN STREET BILL IS AGREED TO TODAY BY THE MUNICIPALITIES COMMITTEE

Fredericton, N. B., June 5.—The Municipalities committee met this morning and agreed to the bill respecting public streets in St. John with certain amendments; also the bill to amend the Sussex incorporation act, the bill to empower Edmunston to issue sewerage debentures and the bill to amend the towns incorporation act in so far as it applies to the town of Edmunston. Three bills from Bathurst authorizing the town to issue \$74,000 debentures to make temporary loans and to vest in the Bathurst Lumber Co. Ltd., a portion of the old Miramichi river within the town were also agreed to.

LOYALIST CHAPTER ACTIVITIES

The monthly meeting of the Loyalist Chapter, Daughters of the Empire, was held last evening at the home of Mrs. J. L. McAvity, Haven street. Mrs. H. Mackey, regent, was in the chair.

Reports were submitted by the various officers and all went to show that the chapter was in good circumstances. During the month the sum of \$10 was devoted to the buying of socks for the Kilites Battalion; \$25 sent to the Soldiers' Comfort Association, Shorncliffe, England; \$10 each sent to Miss Bridges and Miss Magee, members of the chapter, now nursing overseas, and \$50 voted to be sent to Miss Warner in France. Reports showed that as a result of Linen Day, three cases of linen had been received. Plans were discussed for the selling of a St. John edition of an American newspaper.

BIG FIELD DAY AT FREDERICTON

Kilites Celebrate King's Birthday With Contests and Exhibitions of Skill—Recruits Signed in Boston

Fredericton, N. B., June 4.—The farewell festival of the 298th Highland battalion was the principal feature of the observation of the king's birthday here. The evening was given over to athletic sports on the square of the officers' quarters. This afternoon saw a grand military tournament on the exhibition grounds, and in the evening a fair on the barracks square.

The results of the morning's athletic events were as follows:

100 yards dash—1st, C. Q. M. Sergt. P. Kuhring; 2nd, Capt. Godfrey; 3rd, R. Atkinson. Time, 10-4-5 seconds.

"SMALLER CRAFT" NEEDED

In an article on the pre-war administration of the navy and the attitude towards it of press and parliament, the Manchester Guardian says: "If there had been no criticism of shipbuilding we should have had a few more Dreadnoughts, more useless lumber so far as the problem of the hour is concerned; if there had been more criticism we might have had fewer Dreadnoughts and more smaller craft, which from the beginning of the war have been far more useful."

Relatively useless Dreadnoughts; not nearly enough of the smaller craft, which "are far more useful"—such are the possessions of the British admiralty at this submarine crisis, in the judgment of this very able English newspaper. Do the wise-ones at Ottawa, who tore up the project of a Canadian fleet of small craft—the "tin-pot navy" of their derision—ever reflect, asks the Winnipeg Free Press, upon the magnitude of their blunder?

COMMENT ON GROCERIES

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:
A further decline of \$1 a barrel was registered in the price of Manitoba flour during the week, which now makes the selling price \$8 a barrel under the recent high point. Ontario winter wheat flour also showed a similar decline. There is now considerable flour going into the United States for use by army mills. Feeds declined \$2 a ton quite generally. There is a lighter demand for these products now that grass for stock is more abundant.

Sugar held in steady market during the week. Reports from Cuba continue to be favorable toward a fairly heavy production. Demand for sugar is somewhat light at present. Hams were slightly easier in price during the week and prices being paid for live hogs were higher than last week. Production of eggs is stated to be mounting up well as compared with last year, but prices have not been much lower as yet. Butter held steady in the Ontario market, but was lower in the Quebec markets. There is expectation among commission men that both butter and cheese will be lower in price. Cheese is in a waiting condition, due to the fact that the new purchasing commission has not yet set the price at which they will buy.

Pineapples were higher during the week, but there is every possibility they will be lower in the near future. A strike which has been in progress in Havana has settled and shipments of Cuban pineapples are now permitted to proceed. It is anticipated that the second week in June will see about the heaviest arrivals of the season at which time prices will in all probability be the lowest. At the same time, there are such lines as soap, peanut butter, condensed milk, ammonia, ice cream salt, shelled walnuts. In spite of the holiday break-up in the week, business with wholesale houses was quite satisfactory.

WHEN YOU CAN'T SLEEP

YOU SHOULD USE MILBURN'S HEART AND NERVE PILLS

Sleeplessness is caused by the nervous system becoming deranged. Perhaps too much worry has gotten on your nerves, perhaps you have overworked yourself, or have been excessive in your use of tobacco, but whatever the cause, the nervous system must be built up again before restful sleep can be assured.

Mrs. John Sloan, Haley Station, Ont., writes: "Over a year ago I was very nervous. I could not sleep at night, and I would faint at the slightest fright. I tried several doctors, but they did me practically no good. I noticed your advertisement, and immediately tried Milburn's Heart and Nerve Pills, and I am proud to say they cured me. Milburn's Heart and Nerve Pills are 50c a box or three for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited Toronto, Ont.

WEEK'S REPORT ON HARDWARE

Hardware and Metal, June 2, said:—Important changes in lines affecting the hardware trade have been made during the week, the majority of which have been in an upward direction. Intimations are given that still others are likely to follow in the near future. Wire nails and all wire goods are in a very firm position, due to the high prices that wire rods are now commanding in the United States. In the United States manufacturers of nails are not accepting any business on nails for forward shipment and only on limited quantities for immediate delivery. There is a tendency in the United States more and more to direct the energies of the iron and steel industry into channels that will best serve the nation's interests for war purposes. Open market sales of steel products are accordingly being narrowed. This situation is making it increasingly difficult to get iron and steel for domestic industrial needs.

Advances have been made during the week on gas ranges, snow shovels, furnace scoops, barb wire, plain fence wire, black and galvanized sheets, cotter pins, padlocks, vises, pliers, house brooms. Spades and shovels are in a firm market following the advance recorded last week. Lined oil and turpentine are both in easier market during the week with declines recorded. Indications of a good acreage of flax for the year are having a tendency to drive old crop seed to lower levels, and this in turn has affected the price of oil. An advance of \$1 per hundred pounds was recorded in white lead in oil, which follows on the heels of an advancing market in pig lead. The freight situation at Toronto is clearing up through the settlement of the strike with the drivers of the cartage companies. It is expected the railways will be accepting all freight, but there is still an outgoing in the near future. Business in hardware lines has been very good during the week.

Very Fine Performance at The Opera House Pleases Holiday Crowds

It is doubtful if a more interesting or diverting program has ever been arranged for the holiday than that appearing at the Opera House this week, for all the elements of popularity are present—excellent music, a remarkable demonstration of physical culture, thrilling acrobatic feats, comic monologist and instrumental selections. Every act is highly entertaining and the rise of the curtain until the aerial artists make their final bow the audience is offered by a programme which deserves the highest praise for the very best ever offered in vaudeville on a local stage.

Suffer With Heart For Ten Years

Would Nearly Smother

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity. They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Artillery Duels On Western Front

The violent infantry engagements of Saturday and Sunday on various sectors of the front in France gave way on Monday to intensive artillery duels.

Before the lull the British had finished the task of clearing out the Germans from the single post they had held as a result of their attack of Sunday near Cheris, southeast of Arras, but the Germans were still holding the footing they had obtained late Sunday in an attack on French front line positions northwest of the Froldmont Farm.

To the south of Ypres, around Wytschate and on the famous Vimy Ridge sector, between Lens and Arras, artillery battles of the most extreme violence are in progress between the British and Germans, while the French and Germans are engaged in spirited duels with the big guns west of Braye-En-Laonnais, and on the Croonne-Chevreux sector.

From the region of Gorizia to the head of the Gulf of Trieste the Austrians Sunday forced the Italians to accept battle at various points, especially on the western slopes of San Marco, near Gorizia, where they invaded Italian positions that had previously been levelled by their gunfire.

The usual quietude on the eastern front has been broken by the Russians near Kovel and in the Carpathians, near Pnevzi.

Brilliant Feat Of The Canadians

On the British front, in France, June 4, via London, 2 p.m.—From a staff correspondent of the Associated Press—The fighting which raged yesterday about the electric power station southwest of Lens was as intense as any since the beginning of the battle of Arras, considering the number of troops involved.

Canadian troops were in the thick of it, first and last. They gained the reins of the electrical works shortly before 2 o'clock Sunday morning after a splendid dash in the moonlight, and it was not until nearly 8 o'clock Sunday night that they were finally driven back to their original positions under the pressure of German counter-attacks in which an overpowering weight of men was employed. The works were held eighteen hours against the concentrated German artillery.

Former Attorney-general Clashes With His Successor—School Board Assessment Increased

Fredericton, June 4—Former Attorney General Baxter and Hon. J. P. Byrne, attorney general, had a lively exchange while the house was in committee tonight. The former attorney general came out decidedly second best in the encounter. Hon. Mr. Murray, leader of the opposition, came to the aid of Mr. Baxter.

While bills were under consideration the attorney general did not see fit to accept the suggestions offered in profuse fashion by his predecessor, and intimated that the suggestions from the opposition side were not all in the nature of assistance to the government but rather took the form of interference.

This drew from Hon. Mr. Murray a denial that there had been any attempt on the part of the opposition to delay or interfere with legislation.

The former attorney general followed in a similar vein and closed with a withdrawal of his offer of assistance to the attorney general which he had made at the beginning of the session. This pronouncement evidently was expected to have a crushing effect upon Hon. Mr. Byrne. The latter, however, in a very few words informed the member from St. John that the pompous utterances which he delivered, and his attempts to interfere with legislation did not inspire the degree of awe which the deliverer expected. The offer of assistance from the former attorney general had been received by himself with thanks. The withdrawal of that offer, however, would not greatly concern him.

(Official report.) Fredericton, June 4—The house met at 8:45. Hon. Mr. Byrne presented the report of the committee on law practice and procedure.

Hon. Mr. Veniot introduced a bill to amend the act incorporating the Bathurst Electric and Water Power Company.

Hon. Mr. Robinson presented four petitions from the city of Moncton in favor of a bill to amend the act incorporating the city to enable the council to sell certain lands, to authorize the issue of debentures and to amend the law relating to collection, etc., of rates and taxes in the city.

The house went into committee with Mr. Potts in the chair, and agreed to the bills to amend the act relating to the Richibucto and Reston electric light district, and also the bill to enable the town of St. Andrews to provide a water system for the said town—the latter with certain amendments. They also had under consideration the bill to confirm the agreement between the town of Edmundston and Fraser Limited, and progress was reported.

The house again went into committee with Mr. Magee in the chair, and took up the bill to amend the school act.

Hon. Mr. Byrne explained that the bill proposed to give authority to the school board of the city of St. John to increase the annual assessment for school purposes from \$150,000 to \$200,000. He said that similar legislation had been promoted by the city of Moncton. The bill was agreed to.

The bill respecting compensation by employers for injuries to workmen was next taken up.

The bill was agreed as amended. The house then went into consideration of the bill to make further provision for permanent bridges and other works of a permanent character.

Hon. Mr. Veniot explained that \$151,164.81 had been expended on permanent works and provided for under temporary loans and the provincial engineer estimated that \$370,428 would be required to complete permanent bridges, now under contract. It was proposed to construct during the year other bridges at an estimated cost of \$224,000. The bill therefore proposed that the sum of \$700,000 be borrowed on the credit of the province for the purposes set forth.

Mr. Murray (Kings) wanted to know if there was any likelihood of the expenditure going beyond the \$700,000.

Hon. Mr. Veniot said it would pay for all the work to be carried on up to the close of the next fiscal year.

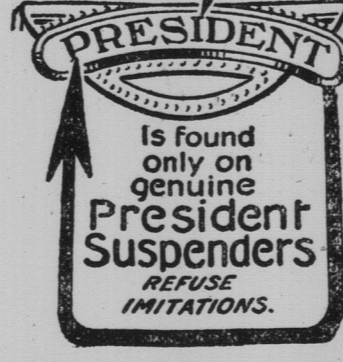

Mr. Smith (Carleton) wanted to know if the site had been agreed upon for the Victoria bridge in Northumberland county. He understood that two sites were available.

Hon. Mr. Veniot replied that all objections to a site chosen had been withdrawn. The bill was agreed to. The house adjourned at 12 o'clock.

Local Officers Honored by Haig

Mentioned in Despatches for Gallant Conduct in the Field—Other Canadians Decorated

In the second list of Canadians mentioned in Sir Douglas Haig's despatches for ability and gallant conduct in the field, appear the names of five additional New Brunswickers. Three of these are Major C. G. Porter, who is a company commander in the 28th Battalion; Major L. A. Wilnot, who is serving with a British Columbia unit; Lieutenant G. R. McCord, of Sackville, who was associated in law with A. B. Copp, M.P., and enlisted in the ranks, was later given three stripes and finally won his commission in the field. The fourth is Lieutenant-Colonel J. W. Warden, formerly of Bayswater and now commanding a British Columbia unit. The latter and also Lieutenant McCord have been previously mentioned in despatches.

The fifth is Lieutenant W. J. Brown, formerly of the 140th but who served with the 26th and is now home on furlough.

Captain R. St. C. Hayes, son of R. T. Hayes, mayor of St. John, has been mentioned in despatches by Sir Douglas Haig recently. Other officers mentioned at the same time are Captain G. A. Gamblin, who went to France with the Divisional Ammunition Column, under Lieutenant-Col. W. H. Harrison; Major E. G. Cape, well known in St. John; Major General Burstall, of the artillery; Major E. Gilman; Brigadier-General A. H.

THE ARMENIANS
Mr. Morgenthau Discusses Their Situation
Former Ambassador to Turkey Speaks of Persecutions and the Need of Assistance for the Afflicted
American Committee for Armenian and Syrian Relief, 1 Madison Avenue, New York.
An event of exceptional character took place Sunday morning, when Ex-Ambassador to Turkey, Henry Morgenthau, delivered the address of the morning from the pulpit of the Madison Avenue Presbyterian Church, New York city. Mr. Morgenthau spoke on "The Armenian-Syrian Tragedy." There is probably no one in America as familiar as he is with the facts in the case, due not only to his official residence in Turkey, but also to his close study of conditions here and since the war began. While deeply interested in the work of the relief committee which is seeking to raise funds for the relief of Jewish war sufferers in Europe, he is giving a large amount of time to the Armenian-Syrian relief committee, with headquarters in the Metropolitan Building, New York city. He has proved through his interest in the Christian refugees to be most road minded.
Mr. Morgenthau outlined the history of the Armenian question, speaking in part as follows:
"The history of the Armenian race is record of persecution, misgovernment and oppression that has not been equalled among any other people or in any other portion of the world. European powers did not take real interest in the Armenians until 1878, when Turkey was required to agree to certain 'reforms' in Armenia. On account of political considerations and rivalry the powers were never able to secure the enforcement of pledges made.
The reasons for the persecution were twofold: Political, economic, social and religious. Politically the Turks were unable to assimilate the Armenians. They resented bitterly the fact that the Armenians looked to Christian nations for help. And, in order to avoid foreign interference in their internal affairs, instead of following the wiser course of reforming their administration, which was the cause of all the trouble, and thereby put an end to the conflict, they decided to annihilate the race. The Turks want Turkey for themselves alone. After the Armenians and Syrians are destroyed other foreign groups may be attacked, and destroyed.
The commercial and other successes of the Armenians irritated the Turks, who utilized the weapon of persecution to keep them in check. They preferred to destroy the merchants, bankers, farmers and artisans of the country, upon whom they were economically dependent, rather than see them prosperous. The social and religious causes of the persecution were even more potent than the political and economic ones. The Mohammedans will never treat Christians or Jews as their equals.
The war gave opportunity for a recrudescence of hate and persecution on an unparalleled scale. While the attention of the world was absorbed in other things, the Turks felt that the time had come to strike. Political considerations prevented Germany and Austria from interfering with the outrages committed. Turks justify their conduct, and the wholesale deportations on the ground of fear that the Armenians might revolt. As a matter of fact they did not revolt in a single instance, and even if they had, such action could not have justified the inhuman barbarities practiced, with the result that about a million people have actually lost their lives.
Methods of extermination employed were mentioned as follows:
1.—Requisitions, without payment, resulting in economic ruin.
2.—Confiscations.
3.—Forced exorbitant contributions and taxes.
4.—Searches in Armenian houses for arms, but in reality for purposes of pillage.
5.—Beating to death, torture beyond imagination and too obscene to be related.
6.—Forced conversions to Mohammedanism.
7.—Massacres, partial and wholesale, women, children and old people not being spared.
8.—Deportations: Slow death, with all accompanying horrors on the way. No means of transportation, had to walk on foot most of the way. En route attacked by bands of criminals recently liberated from prisons. Women, young ladies, violated daily on the way, taken to harems. Men separated from families and massacred or thrown into sea or river. No provisions made for food or shelter for those unfortunate people, many of whom are educated, well-to-do people, who cannot even draw their money from banks as government has confiscated it together with their property as "abandoned property." There are bishops, doctors, lawyers, professors, journalists, etc., among them, dead, dying. Thousands have died of exhaustion, exposure, disease, hunger, thirst. Many corpses of children were seen on roads by travelers. Mothers offered their children to strangers to save them from certain death.
Relief measures, more largely undertaken by Americans than by others, have involved the special interest of the United States government, the activities of the embassy, the consulate and the missionaries.
Mr. Morgenthau expressed very great regret over the statement recently issued by The Tribune Bureau in Washington to the effect that "Since the severance of

diplomatic relations between the United States and Turkey, large amounts of money contributed in this country for the relief of destitute Syrians and Armenians have remained in the treasuries of the societies raising funds, because there was no medium through which to transmit them.
"Far from having money 'remain in the treasuries of the societies raising funds,' the treasury is at this moment \$40,000 overdrawn for the simple reason that there was no heart to turn a deaf ear to the repeated cable requests for the first morsel of food with which to feed the starving.
As to the possibility of getting funds to the Turkish Empire, we have three absolutely distinct and safe neutral channels through any one of which we can transmit any amount of money to responsible administrators in the needy sections of the empire where destitute refugees are gathered and the method of transmission is such that there is no possibility of loss or diversion of the money. But, aside from the work in the Turkish Empire, it must be remembered that a large part of our work is among the hundreds of thousands of helpless, homeless, penniless Armenians and other refugees who have fled into the Russian Caucasus, Persia, Mesopotamia, and other sections outside the Turkish Empire and within the protection of the Russian and British lines.
It is most encouraging that as the demand for love and assistance increases, the people of this country are learning to respond to it. We must not hesitate in our efforts to further educate them as to the needs of those suffering peoples, and I believe that the missionary activities of the churches of this country have done more to stimulate this than any other agency. They have taught us that no matter how far away these sufferers may live, they are still our brethren and we must listen to their cry for help.
Mamma—"Tommy, you are a very naughty boy for slapping baby. What did you hit him for?"
Tommy (crying)—"He's drunk all the milk and he won't eat a piece of blotting paper!"
Marguerite—"Did you tell the girls at the tea party that secret I confided to you and Josephine?"
"No, truly, I didn't. Josephine got there first."

SMITH IS AGAIN THE LEADING HITTER IN NATIONAL LEAGUE
Sisler Drops in American League and McInnis Creeps Up on Tris Speaker
Chicago, June 2.—Jack Smith, St. Louis, again is showing the way to National League batters in the unofficial averages released Saturday. Smith, after being displaced a week by Burns, New York, is out in front with an average of .365, although Reuther, a Chicago pitcher, is batting for 400 for 15 games. Smith has served in 28. Mann, Chicago, and Groh, Cincinnati, have become the leaders in runs scored, each having crossed the plate 24 times. Zeider, Chicago, tops the base stealers with ten, and Whitted, Philadelphia, and Doyle, Chicago, are tied in sacrifice hits with 12 each. Cravath, Philadelphia, still is leading in home runs, having driven out six. The averages include games of last Wednesday.
Leading batters for 15 or more games: Reuther, Chicago, .400; J. Smith, St. Louis, .365; Rousch, Cincinnati, .347; Cruise, St. Louis, .344; Burns, New York .341; Kauff, New York, .339; Fisher, Pittsburgh, .324; Griffith, Cincinnati, .326; Wilhoit, Boston, .321.
The leading pitchers who have served in eight or more games, rated according to earned runs per game, are:
G. W. L. E.R.
Anderson, New York, 9 5 2 1.48
Doak, St. Louis, 9 4 3 1.76
Ames, St. Louis, 12 4 2 1.84
Carlson, Pittsburgh, 10 3 2 1.87
Cadore, Brooklyn, 9 4 2 1.98
Vaughn, Chicago, 10 6 4 2.22

Toney, Cincinnati, 11 6 5 2.40
Alexander, Phila., 10 7 3 2.46
Barnes, Boston, 11 3 1 2.53
"Stuffy" McInnis, Philadelphia, is creeping up on Tris Speaker for batting honors in the American League, eight points separating them. Speaker's average has slown ten bases. Honors for runs scored remain in the possession of Weaver, Chicago, who has 28.
Pipp, New York, has replaced Bodie, Philadelphia, as the leading home run hitter, having driven out three. Boston is leading in team hitting with an average of .249. The averages include games of last Wednesday.
The leading batsmen, all of whom have appeared in at least 15 games, follow: Speaker, Cleveland, .346; McIn-

nis, Philadelphia, .338; Billings, Cleveland, .333; Walker, Boston, .318; Wambogans, Cleveland, .317; Miller, St. Louis, .308; Cobb, Detroit, .305.
The ten leading pitchers who have served in eight or more games, rated according to earned runs per game, are:
G. W. L. E.R.
Cicotte, Chicago, 13 8 2 0.87
Dumont, Washington, 9 0 4 1.25
E. A. Russell, Chi., 12 5 2 1.38

LOCAL NEWS

THEIR FIRST COMMUNION
Twenty-six boys and girls received their First Communion in the Church of the Assumption, Carleton, on Sunday morning. Mass was celebrated at 8.30 o'clock by Rev. J. O'Donovan, to which he preached a very sound and practical sermon to the children.

TRAFFIC LAW MATTER
Blake Ferris was fined \$10 in the police court this morning for exceeding the speed limit with his car in King street. Policeman McLennan, who is the permanent traffic policeman at the head of King street, made the report. The magistrate laid emphasis on the fact that this particular corner was very dangerous and there was always need of exercising care and precaution.

A MARKED CHANGE
It has been a very long time in St. John since a holiday has passed away without arrests. There was nothing to occupy the attention of the court this morning except two boys for truancy and a by-law report. The police report an exceptionally quiet week-end. The usual complaints that come to headquarters were conspicuous by their absence and altogether it was very quiet and peaceful in police circles.

ILL BUT FEW HOURS.
Mrs. Marion Jean MacCreedy Siede, wife of Charles E. Siede, 31st, N. J., of acute uremia, being sick only six hours. She formerly lived in Shannon, Queens Co., and was also a nurse in the Bushwick Hospital, Brooklyn, N. Y. She is survived by her husband and son, Charles Frederick, Jr., also her brothers, Robert B. of Shannon, Queens Co., N. B.; Fred C. of Gageton, Queens Co., and Milton of Arlington, N. J.

POLICE CLERK ILL.
George A. Henderson, police clerk, was taken suddenly ill while on a fishing expedition yesterday and it was found necessary to bring him directly home. During the night he became worse and his doctor urged immediate removal to hospital. Mr. Henderson is suffering from internal trouble and it is said has been subject to the ailment for some time. It is not known yet whether or not an operation will be necessary. Mr. Henderson was reported at noon to be resting comfortably at the General Public Hospital.

MORE TRUANTS
There were two more cases of truancy in the juvenile court this morning before Magistrate Ritchie. It was shown that the youths had been absent from school without reasonable excuse more than a week. Truant Officer Mann was present during the hearing. The magistrate said that the boys would have to be placed in cells at central station until the fathers were called. When they did they would be fined \$2 for each day the boy played truant. The boys expressed a willingness that if given a chance they would attend school regularly in future. The magistrate said that they should have thought of that before. They were taken below.

FIRST SUMMER DAY ALONG THE RIVER

The Amateur Farmer Discovers Things

Talk About Potato Rot—The May-cherry in Bloom—Cottagers Welcome the Warm Sun

Be it known to all amateur gardeners that the lettuce and radishes which the Man, Woman and Children planted on the Queen's Birthday were above ground before the King's Birthday. On the ninth day after planting they were up. The peas, beans, carrots, parsnips, onions and beets are yet to be heard from, along with the cucumbers, parsley and potatoes planted two days later. And yesterday more beans and potatoes and corn and pumpkins and parsley and cucumbers seeds went in, to grow up with the country.

There were several arguments about cutting potato seeds. Geo. S. Springer and Charles Parker had high words over the question whether the potatoes the Woman had bought at Early Rose were of that variety or another. Mr. Springer said they were, and he is a truthful man, for he told of potatoes on his father's farm so long that they could be carried on your arm like kindling wood. He also asserted that potatoes would grow from the sprouts found in the cellars, and that it is done on experimental farms. However, Mr. Parker gave the Carleton county cut to the seeds, and they are at this moment germinating.

Down at Brown's store at the Landing on Saturday evening a Carleton county man who had a letter from home said it brought news that a good many potatoes planted early had gone bad and the land had to be re-cropped. Some seed planted early by Mr. Parker showed signs of decay, but they appear to be coming up all right, as are early peas, turnips and oats. The Children yesterday surprised and shocked a flock of pigeons who were taking liberties with an out-field.

The May-cherry trees are now in bloom, and the leaves are out on the birches, poplars, willows, and some of the maples. A few fine days will transform the whole face of nature. The air is sweet with the odor of the cherry bloom along the road-side, and the birds who seemed doubtful a week before were cheerily singing yesterday.

"The end of a perfect day," quoted Joseph Murdoch, as the passengers fled ashore from the Champlain at Indian town last night, and the quotation was apt. There had been a dense fog along the river and over the landscape all day Sunday, cold and disagreeable, keeping everybody indoors; and shortly after six came heavy rain, with peals of thunder, making the evening worse than the day; but yesterday morning the sun was shining, and as the day wore on the heat increased until the atmosphere was perfectly delightful. Large excursion parties went up river on the Purdy and Majestic yesterday and many people had gone up on Saturday. The Oceanic on Saturday had by far the largest list of the season, her passenger accommodation being almost fully taxed. She brought many down yesterday morning, but some waited for later boats. Nearly forty people boarded the Champlain at Public Landing in the afternoon, and more than twenty at Carter's Point, while many others were picked up before she entered Grand Bay. The afternoon was so fine that the passengers were

GIFT TO SOLDIER

Last evening the home of Captain J. J. Dunlop, Lancaster Heights, Fairville, was the scene of an interesting time, when the choir members and staff of the Sunday school from the Church of the Good Shepherd gathered to do honor to Sergeant Wilfred W. McAllister, of the Forestry Company.

The rooms had been nicely decorated, a large Union Jack occupying a prominent place and there was a truly patriotic vein to the amusements and general spirit of the evening.

When "He's a jolly good fellow" had been heartily sung, Rev. Walter P. Dunham, rector of the Church of the Good Shepherd, in a well expressed speech, presented to Sergeant McAllister a beautiful fountain pen, suitably inscribed with the recipient's name, city and battalion. Though completely taken by surprise, Mr. McAllister made an admirable reply of appreciation, thanking the donors for their gift and kind expressions.

Games and music were then enjoyed, several solos sung by Miss Bertha Campbell, refreshments served later and God Save the King sung at the close of the most pleasant evening.

Sergeant McAllister has been a valued member of the Church of the Good Shepherd for some time, not only being a member of the choir, but also a teacher in the Sunday school, and he will be greatly missed. Many besides the gathering last night will wish him best of luck and a safe return after serving king and country.

BOARD OF TRADE NOTES.

The British Chamber of Commerce for Italy sends thirty-one enquiries from Italian business houses covering manufactures of almost every kind, dry fish, canned meats, cotton, hardware, etc. These firms formerly did business with Germany and Austria and they now seek British connections.

An enquiry has been received from St. John's, Nfld., for galvanized and black boat spikes in carload lots.

The Express Traffic Association advises shippers to put inside all express packages a duplicate label, or a paper with the address of shippers and consignee, so that the package may be delivered if the outside address is lost.

During May, potatoes to the value of \$12,575 and fish to the value of \$1,702, were shipped from this port to Cuba.

ORDINATION.
Arthur Allen, son of Mrs. John Allen, of Waterloo street, was made a deacon on Saturday by Archbishop McCreary in the Holy Heart Chapel, at Halifax. Mr. Allen has been for the last three years attending the Holy Heart Seminary in Halifax. He will be ordained to the priesthood on the latter part of this month in this city by Bishop LeBlanc, along with three other young men, all of whom are for this diocese. Rev. Mr. Allen is a graduate of St. Joseph's college and has many friends in St. John.

comfortable on the outrigger decks, forward as well as aft. Rev. Dr. Morrison was among them, having been up to his cottage to do some gardening. He says there is more driftwood along his shore this spring than in any other season in his experience along the river; and like a thrifty Scot he wished it were possible to scow it to St. John for the folk who are ill able to pay the price for the local product.

There were some sailing yachts and a number of motor boats on the river yesterday, and the occupants needed no wraps to keep them warm. It was really the first summer day, so far as the weather was concerned, and people went about with a new interest in life.

The Valley Railway is reluctant to deprive Public Landing of its pretty dancing pavilion. It is directly across the right of way. The road has been graded up to it on either side, but there it still stands. Some young ladies and gentlemen paid it a visit yesterday afternoon, with a chaperone and a gramophone, and they and others are hoping it may not be necessary to tear the pavilion down before September. Considerable money for patriotic purposes was raised there on Saturday evenings last summer. A number of cottagers are already settled at points along the river for the summer.

There is a very comfortable little shack at Public Landing. Two young ladies from the city have taken it for the summer. They went up on Saturday afternoon, and that evening when the Man and the Woman called on them, they had the place converted into the cosiest of little homes. They intended to propose to a man that evening, pointing out to him how easy it is to start house-keeping when you know how, but an arful maid who went up on the Oceanic saw him first, and cards will not be issued at present.

Even on the river, on pleasure bent, one does not get away from thoughts of the great war. On every steamer one sees men in khaki, going up or down. On the Oceanic on Saturday one gentleman spoke of his two sons, one in France and one in England, and all compared notes with another who also has a son in France. There is much subdued talk of the seriousness of the situation in Europe and in Canada; and those who have summered on the river many seasons recall the forms and faces of many young men who may never again share the pleasures so keenly enjoyed in unforgettable summers of the past.
