Chief German Delegate Almost Fainting Meeting with Allies

Presentation of Credentials—Fifteen Days Given Huns for Consideration of the Terms of Peace Treaty—Some of the Provisions

Versailles, May 2—(By the Associated Press)—Pale and almost fainting from emotion, Count von Brockdorff-Rantzau, German foreign secretary, heard the German peace treaty delegation, yesterday passed through what evidently was one of the bitterest moments of his life. He was barely able to sustain himself through the brief ceremony of the first gathering with the Allies and reach the waiting automobile which had brought him to the hall.

The meeting took place in the room of the Trion Hotel. Count von Brockdorff-Rantzau, on entering, was accompanied by Herr Landsberg, Professor Schuecking and two secretaries, and waiting for him the Allied representatives were grouped around Jules Cambon, former French ambassador at Berlin, who is chairman of the committee.

Others of the Allied party included Lord Harding, British; Ambassador Matsui, Japan, and Henry White of the United States.

M. Cambon immediately addressed Count von Brockdorff-Rantzau, stating that he was chairman of the commission entrusted by the Allied powers to receive and examine the credentials of the German delegates as the first step in a conference which, it was hoped, would lead to peace.

"Here are ours," continued M. Cambon, extending as he spoke the formal credentials of the Allied commission as plenipotentiaries of the Allied powers.

Count von Brockdorff-Rantzau surrendered the German credentials, with even less of a formal address, his emotion being too great to enable him to deliver an extended discourse.

After these brief ceremonies the Germans turned and left the hall, walking a few steps to the Allied waiting room, they were followed immediately by the Allied representatives.

Fifteen Days to Consider. Paris, May 2—(By the Associated Press)—It was learned yesterday that the peace congress will have fifteen days in which to consider the treaty and make any counter proposals they desire.

They may begin offering their suggestions at any time, but no day of grace will be given them. Representatives of the Allies, it was said, reserve the right to reply to any of the German objections or proposals at any time, but the belief is expressed that not more than five days or a week would be required for closing the exchange of ideas.

About the Treaty. Paris, May 2—The treaty of peace comprises from fifteen to twenty chapters, according to Marcel Hutin of the Echo de Paris. The preamble is contained in the first chapter setting forth the reasons why the various contracting parties entered the war, and mentioning the necessity for the League of Nations.

DO NOT PROVIDE FOR DESTRUCTION OF GERMAN WARSHIPS

Paris, May 2—The naval terms to be embodied in the peace treaty with Germany which finally have been completed do not provide for the sinking of the larger German warships. The disposal of these vessels is left to be decided upon later by the Allied and associated powers.

LOCAL NEWS

THE ASPHALT PLANT. The city asphalt plant has been overhauled and made ready for the season's work which will begin on the arrival of the asphalt supplies. The plant was given a try-out yesterday and found to be in working order.

ACCIDENT. Daniel MacKay, who is employed by Grant & Horne in the shipyard, fell from a staging this morning. He was taken to the General Public Hospital, where it is thought his injuries are slight, but he was quite badly shaken up.

HAS GONE TO VANCOUVER. Lt. James Carr, who was seriously injured in an automobile accident some time ago, and was in the St. John military hospital until recently, on being discharged from the hospital, went to his home in Vancouver, quite recovered from his injuries.

BURIED TODAY. The funeral of Miss Agnes C. McDonald took place from her mother's residence, 15 Clarence street, this afternoon at the Cathedral, where service was conducted by Rev. B. Fraser. Interment was made in the new Catholic cemetery. Miss McDonald was a very popular school girl. A large number of beautiful floral offerings were sent by friends.

SCHOONER NOTES. F. Pickett's new schooner, Mapland is loading deals up the bay at 836 shillings for the United Kingdom. J. Willard Smith's new schooner Ononette is to be launched tomorrow at their shipyard in Nova Scotia and will probably arrive here tomorrow to load deals for the United Kingdom.

GIFTS TO SOLDIER. Gnr. D. J. Allen, M. M., who returned from overseas on April 22, was made the recipient of a beautiful gold watch and silver ring by friends on Friday evening at his home, 36 St. Andrew street. Gunner Allen went overseas with the 118th and transferred to the No. 2 Hospital in France, with which he has served for more than two years. He won the military medal last year.

WILL RESUME ON MONDAY. Commissioner Jones, Engineer Hare and Superintendent Sewell visited Lake Fitzgerald on Thursday afternoon in company with Mr. Moses of Moses & Tobias, who have the excavating contract for the water main renewal at that place, and looked over the ground. It was decided that, if the weather is favorable, it will be possible to make start on Monday and the contractor undertook to do so. Mr. Moses is confident that the worst of the work is over and there will be little time lost in completing the contract.

MARRIED IN ENGLAND. Mrs. Mary Connell of 181 Erin street has received a letter from her son, Pte. Fred T. Connell, one of the originals of the 20th, telling her of his marriage in England. He was married on April 19 to Miss Dolly Fry, cousin of Stephen H. Fry of the Times composing room staff, and cousin of Sgt. G. H. Fry of the 26th. Pte. Connell had been wounded three times but went back to the front after his recovery from each wound and is still with the 20th. He was once buried and was blind as a result for nearly three months. He and his bride spent their honeymoon at South-End-on-Sea, and they expect to return with the 20th. They will be assured of a warm welcome from the bridegroom's many friends here.

Paris has brought disillusionment to Germany. It is said that it is regarded there as a thinly veiled scheme for the victorious powers to gain the ascendancy and give the militarists an opportunity to taunt the pacifists for their simplicity.

The chief of the German pressmen replied, thanking the commissioner for the courtesy they had received and explaining that his colleagues had acted in ignorance of the regulations, which he promised would henceforth be respected.

German Delegate's Statement. London, May 2—According to a summarized report of an interview given by Herr Schuecking, one of Germany's peace delegates, to the Berlin correspondent of the Herald, the Laborite organ, the plan for the League of Nations which has been formulated at

As Hiram Sees It

"Say," said Hiram Hornbeam to the Times reporter this morning, "That manager o' that sugar refinery down there put one over on me yesterday. I wanted to go through the place an' he set me how much I weighed, so he could fix the excess profits tax. He said if I went all through that place from top to bottom I'd be wuth ten cents a pound. I just walked right out."

"I hope," said the reporter, "you were not down there in the interests of the maple sugar industry in the settlement."

"Me?" quoth Hiram. "Young man, if you want some simon-pure maple I'll take the order. No mixin' fer me. That's not what the maple sugar you buy ever waltzed up a tree in the spring—but you kin ask Sile Jones about that. Sile's big pot's been pretty busy this spring."

"What were you doing around Prince William street this morning, near the door of the government offices?" queried the reporter.

"Did you see me down there? I was just waitin' round to get a squirt at that man, Venise. They say he's got a million or two to spend on the roads. I want him to come out to the settlement next week. Nice feller, ain't he?"

"Any man," said the reporter, "who has that much money to spend is a nice man, if he lets you in on the game. If he doesn't—well, he may have his faults."

"Yes—that's what the Standard says. But we got a piece o' road out to the settlement that brings tears to my eyes every time I ride over it—and I don't cry easy. I ain't lookin' fer no contract, but if I do say it I done some work in the election—yes, sir."

"Do you mean," said the reporter, "that it would take an adding machine to tote up the number of men who saved the country at the last election, and who want to tell Mr. Venise about it before that million or so gets by?"

Hiram pulled his whiskers and smiled. "Mister," he said, "I wouldn't hev his job fer Rockefeller's pay—no, sir. I s'pose it's a good thing he kin speak two languages. He couldn't say all he wants to say sometimes in one. I haint seen him yet."

"Get Mr. Potts to introduce you," said the reporter.

"That's 'ere!" quoth Hiram. "That's what I'll do. I'll give a little dinner an' ask 'em both."

"Won't you count me in?" queried the reporter.

"See kin see the eggsy after its ober," said Hiram.

COAL OWNERS AND GOVERNMENT AT ODDS. New South Wales Authorities Will Now Take Power to Commandeer Supplies.

Melbourne, May 2—(Reuter's)—Owing to interference of the New South Wales government by appointing a royal commission to inquire into the coal trade, the colliery proprietors have refused to sign an agreement increasing miners' wages by twenty-two and one-half per cent, the commonwealth government in return to sanction an increase of three shillings a ton in the price of coal. The commonwealth government has consequently decided to take power to commandeer all coal in the commonwealth.

MAURETANIA TO SAIL FOR HALIFAX TOMORROW WITH 5,000. Halifax, May 2—Clearing depot officials were advised this morning that the Canadian liner Mauretania would sail from England for Halifax tomorrow with approximately 5,000 returning Canadian soldiers.

RETURN TO WORK AND AWAIT ARBITRATION. As Wheeling, W. Va., May 2—The one thousand street car employees of the Wheeling district who went on strike last week, returned to work today pending arbitration of their demands for higher pay.

WEATHER REPORT. Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—The disturbance has moved from southern Michigan to northern Ontario and is now dispersing. Rain has fallen generally in Ontario and western Quebec and more locally in Alberta. Elsewhere the weather has been fair.

Partly Fair. Maritime—Fresh southerly and southwest winds, showery; Saturday, southwest winds, some local showers but partly fair and milder.

Lower St. Lawrence, Gulf and North Shore—Southerly winds, showery; Saturday, westerly winds, fair and mild.

ALL RIGHT, FRITZ—YOUR BAWTH IS READY.

SENSATIONAL ADVANCE IN THE STOCK MARKET

Texas Pacific Land Trust Certificates up 56 Points and Small Lots Nearly 100

New York, May 2—An advance of 56 points in Texas Pacific Land Trust certificates to 41, was the spectacular feature of moderately strong stock market in the first half hour of today's trading.

Several of the Anglican synod committees met this morning in the Church of England Institute meeting business which had arisen at the synod sessions and other matters which required attention. Among other questions discussed was that of supply for the mission fields of the diocese and Canon Smithers announced that they have arranged for an ample supply of men to fill the vacancies. Several others also have applied for appointments in the diocese and this feature of the situation is much more satisfactory than it was last year.

The Board of Missions met and organized, electing Ven. Archdeacon Newham as secretary and Rev. W. P. Dunham as assistant secretary. A sub-committee was appointed to deal with matters arising in the interim between meetings of the full committee. The members are: Bishop Richardson, Archdeacon Newham, Canon Armstrong, Canon Smithers, Rev. G. A. Kuhring, Rev. W. P. Dunham, Charles Coster, J. H. A. L. Fairweather and H. Fisher Miller. The committee devoted considerable time this morning to details arising in connection with the increase in stipends granted by the synod.

Several reports were brought before the standing committee and effectively dealt with.

The executive disposed of considerable routine business. Several special committees were appointed and matters not disposed of today were referred to them.

The committee of theological study also held a session this morning. The committee meetings today conclude the work of the synod gathering in Canada, Australia and New Zealand held a session this morning to details arising in connection with the increase in stipends granted by the synod.

TO AMALGAMATE? Montreal, May 2—The Gazette says: "The strength and activity of the common shares of the Dominion Steel Corporation on the Montreal market, together with the renewed interest in Scotia, brought about yesterday a re-orientation of the market, with the Street here is more or less familiar, having discussed the possibility of the deal on several occasions in the past."

RESPONSIBILITY FOR THE TITLES SENDS WORD OF DEATH OF BRAVE FREDERICKTON SOLDIER IN BALKANS

London, May 2—(Canadian Associated Press)—Prof. Berriedale Keith of Edinburgh University, writing to the London Times on the issues raised by the Canadian honors controversy, says, first, it should be made clear whether peacages for residents in Canada, which was the immediate cause of the outbreak of popular feeling in the dominion, had the approval of the Canadian prime minister for, if so, it is only fair that he should take the responsibility, which at present lies with the imperial government.

Secondly, it is obvious that the overwhelming weight of democratic opinion in Canada, Australia and New Zealand is firmly opposed to the creation of a class holding hereditary titles, but under the existing system the responsibility for their award is so vaguely distributed between the dominions and the imperial government that the former have been able to evade their full measure of responsibility.

These questions should be brought definitely before the next meeting of the imperial conference and the discussion and the result made public.

CAPTURE OF MUNICH REPORTED. Paris, May 2—Bavarian government troops captured Munich from the communists on Thursday morning, according to advices reaching here today.

THE TELEPHONE CABLE. Repairs to the West St. John telephone cable still are in progress.

New Licenses For Six Months

Those to Wholesale and Retail Vendors in New Brunswick—Government to Take Business Over?

(Canadian Press) Fredericton, N. B., May 2—The new licenses that are being issued under the prohibition act to wholesale and retail vendors of liquor are all made for the period of six months instead of one year as formerly.

Rev. W. D. Wilson, chief inspector, made the announcement respecting the change in licenses this morning, saying that action by the government was taken under legislation recently passed.

It is understood that this is the first move towards the government taking over the wholesale and the liquor vendship in New Brunswick, and it may also mean that at the end of the six months the retail licenses will not be re-issued, but that the retail sales of liquor will also be handled through the government's officials, although Rev. Mr. Wilson said this morning that no such decision respecting retail licenses had been reached, but said that Ontario and Prince Edward Island were adopting such procedure.

PARIS QUIET AFTER STORMY MAY DAY. One Man Killed, 80 Policemen Wounded and 50 Arrests Made in Riots.

Paris, May 2—At 8.30 o'clock last night calm has been re-established everywhere in the city following the disorders of yesterday. The republican guard, the police force and infantry and cavalry detachments, however, were concentrated in their barracks.

During the course of the day eighty policemen were wounded in riots and fifty arrests were made. A young man was killed in the opera district. Fifteen persons were wounded, several of them seriously, in the neighborhood of the Gare de l'Est, when crowds stoned the cavalry and many shots were fired.

There were numerous clashes in the Boulevard de Magenta, where barriers were erected and the troops fired upon. The Socialists and the leaders of labor unions are extremely militant over yesterday's incidents.

The general federation has issued a protest and a committee will meet tonight to consider what steps will be taken as a result of the disorders. The managing committee of the Socialist party and the Socialist group of the chamber of deputies will also meet.

Deputy Marcel Cachin says the day was a "magnificent demonstration of the power and discipline of the laboring classes and was marred only by the brutality of the ferocious police." He says that the soldiers used no violence and that there was no trouble where they were on duty.

Latest reports stated that three deaths had resulted from the disorders in this city. There were, besides, twenty-six persons severely wounded, 200 slightly injured and 150 arrested during the demonstrations.

LATE REPORT SAYS 250 PARIS POLICEMEN HURT IN MAY DAY RIOTS.

Paris, May 2—Two hundred and fifty policemen were hurt, one sergeant was stabbed in the back and is in a serious condition, during yesterday's May Day disorders, according to an announcement made by the prefecture of police at midnight.

Apparently only one person was killed, a youth named Lorne, who, according to reports not yet authenticated, was struck by several revolver bullets. The person who fired the shots is said to have been arrested, but his identity has not been established.

The prefecture of police maintains that the policemen had no ball cartridges in their revolvers and that no ammunition was issued to the troops, and that the few shots fired consequently came from the demonstrators.

The disturbances are generally deplored by public opinion. Before the war, it is pointed out, such incidents as the day brought forth would have seemed trivial in comparison with those of other May Days, but it is considered deeply regrettable that after so much French blood had been shed on the battlefields any more should have been spilled in the streets of the capital.

The blame is variously apportioned by the press, according to the political complexion of the newspapers.

WHEN LEAGUE OF NATIONS WILL MEET IN GENEVA. Geneva, May 1—The first meeting of the League of Nations in Geneva, the capital of the league, will be held in the famous Albani Hall of the city hall, so the Associated Press learned today.

The local authorities have been notified that a site one and one-half miles square on the lake shore will be required for the permanent home of the league, and several sites have been offered by old families of Geneva.

LIONESS KILLS KEEPER AND ESCAPES FROM CIRCUS. Woodbury, N. J., May 2—Pandemonium reigned for an hour in Woodbury yesterday afternoon when a lioness, an exhibit in a circus sideshow, killed her keeper, John Henry, when he fondled her cubs before a crowd of spectators, escaped from her cage and bounded into a small clump of woods which adjoins the town. Circus attendants, accompanied by men and boys of Woodbury, invaded the wood and after a thrilling chase, cornered her and ended her life.

IMMIGRATION BILL TALKED OVER IN HOUSE

Clause Barring Illiterates Is Kept In MR. CROVY'S PROPOSAL

Would Close Gates for Five Years to People From Southeastern Europe, Specifying the Localities—Mr. Calder Takes Time to Consider

Ottawa, May 2—In the Commons yesterday, the house went into consideration of the Calder immigration bill. S. W. Jacobs, of the Carlier division of Montreal, moved that a portion of a sub-section preventing the immigration of persons unable to read should be struck out. This was defeated by 75 to 37 on a straight party vote.

Mr. Fielding voted with the government. Mr. Jacobs suggested that discretionary powers be given to the minister and D. D. MacKenzie said the clause was unnecessary and unworkable.

Hon. J. A. Calder said that he had a similar provision in force in the United States and that there had been little difficulty in its administration. In that country they had so far forbidden necessary to make use of only thirty-five languages. He suggested that the clause be amended so as to give the minister of immigration discretionary power.

D. D. MacKenzie said that he thought it would be wise to exclude Great Britain and Newfoundland from the application of this clause. He said that a large number of men from Newfoundland came over and worked in Nova Scotia coal mines. They were good workers and the province could not very well get on without them.

Hume Cronyn of London moved an amendment to prohibit for a term of five years the entry into Canada of people from southeastern Europe. He specified the line of demarcation, the southern portion of Spain or Corsica, and of Italy were excluded, the line in Italy running through Rome. The alien enemy countries were not excluded. Mr. Cronyn explained that these were specially legislated for elsewhere. He said that he shared with other members of the house a mistrust of orders-in-council and would rather see the situation taken care of by legislation. He thought the people from southeastern Europe were likely to arrive in large numbers and they would be but temporary visitors to this continent, incapable of assimilation.

Hon. Mr. Calder asked that he be given time to consider this amendment. It was a novel proposal and he could not see clearly how it could be worked.

Mr. Cronyn said he had no objection to allowing his amendment to stand and the committee left the clause, which will be considered later.

The committee also passed a clause empowering medical officers appointed under the act to make a physical and mental examination of immigrants except in the case of Canadian citizens and persons with Canadian domicile.

Co-ordinate the Work. Ottawa, May 2—The advisability of co-ordinating the work of the Victorian Order of Nurses with that of the Red Cross Society and St. John Ambulance Corps was the main topic for discussion at the session of the board of governors of the organization yesterday afternoon in the Chateau Laurier.

The Duke of Devonshire, who presided, broached the subject. While the majority of the delegates approved of the project, no definite action was taken, the matter being left in the hands of a special committee.

LIONESS KILLS KEEPER AND ESCAPES FROM CIRCUS. Woodbury, N. J., May 2—Pandemonium reigned for an hour in Woodbury yesterday afternoon when a lioness, an exhibit in a circus sideshow, killed her keeper, John Henry, when he fondled her cubs before a crowd of spectators, escaped from her cage and bounded into a small clump of woods which adjoins the town. Circus attendants, accompanied by men and boys of Woodbury, invaded the wood and after a thrilling chase, cornered her and ended her life.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

ALL NEW AT THE OPERA HOUSE TONIGHT

The regular change of vaudeville programme opening at the Opera House tonight offers Minnie Faust and Brother in a sensational revolving ladder act; Simmons and Brantley in a novelty roller skating comedy; Jack Atkins in a comedy musical skit, "Taking the Census"; The Three Joys, comedy singing, chat and piano; Letro, the whistling girl; and the final and last chapter of the serial, "The Terror of the Range." This evening, at 7.30 and 9.00; tomorrow afternoon at 2 and 8.00.

ANNA CASE RECITAL ON DAYLIGHT TIME

The Anna Case recital, in Imperial Theatre tonight will be held on daylight time to accommodate the out-of-town train patrons and others. Recital commences at 8.30 sharp and late comers will not be ushered until a number is finished. Carriages at 10.40.

NEXT WEEK'S BIG SHOW

F. Stuart-Whyte's third annual presentation of English pantomime will be "Cinderella," which comes to Imperial Theatre May 7 and 8. Although a simple fairy tale, Cinderella is easily the world's greatest love story. The impressions of romance which it instills in us as little children remain with us through life. There is not a girl who does not imagine herself as little Cinderella, and every boy as some stage prince. His life thinks of himself as Prince Charming searching for his lady of the slipper. With such a fascinating story as a basis, it is little wonder that the pantomime version of "Cinderella" is welcomed wherever and wherever it is presented. Mr. Whyte has prepared a wonderful production of the piece for this Canadian and American tour, and has provided a cast and chorus which would find favor on any stage in the English-speaking world.

CUNARD BUSINESS WELL DEVELOPED DURING WAR

London, May 2.—(British Wireless Service)—The development of the Cunard Steamship Company was shown to have been "very encouraging and entirely satisfactory" during the war, in reports submitted at the annual meeting of the company held yesterday. It was pointed out that on December 31, 1918, the vessels belonging to the company had a total capacity of 275,000 tons and that the company now either holds or controls more than 1,000,000 tons and has 500,000 tons of shipping under construction for various companies.

Canadian General Honored

New York, May 2.—Brigadier-General W. O. H. Dods, C.M.G., D.S.O., of the Fifth Division, Canadian Artillery, has been awarded a diploma of life membership and the insignia of the organization by the New York State Commandery of the Society of American Wars. Similar honors were given to Sir Douglas Haig, Marshal Foch and King Albert of Belgium.

For Beer and Wine

Three Rivers, Que., May 2.—After Sorel, Fraserville and others, next comes on the programme the city of Three Rivers with a local referendum to abolish total prohibition. Notice that a vote will be cast by May 26 to abolish the present local prohibition law and allow the sale of beer and wine has been given.

Notice of Births, Marriages and Deaths, 50c.

BIRTHS

COMEAU—To Dr. and Mrs. Comseau of Manawagouish, a daughter, born on April 30 at the St. John Maternity Hospital.

MARRIAGES

DOBBIN-HORNELL—At St. Andrew's, N. B., on April 30, in All Saints' (Episcopal) Church, by Rev. T. H. Ebbel, John Dobbins, of Rothesay, and Alicia Hornell, second daughter of Chas. H. Hornell.

DEATHS

MCALARY—In this city, on May 1, 1919, at her residence, 153 Victoria street, Julia, widow of Alexander McAlary, in the 86th year of her age, leaving two sons and three daughters to mourn. Funeral Saturday from her late residence, service at 8.30 o'clock, old time. O'NEILL—Suddenly at his residence, 109 Elliot row on Thursday, May 1, John O'Neill, leaving six sons and three daughters to mourn. Funeral will be held on Sunday afternoon at half-past ten, old time, from his late residence. SPEIGHT—On May 1, at her residence, 470 Main street, Emma L., beloved wife of Sanford Speight, leaving besides her husband, one sister and three brothers to mourn. Notice of funeral hereafter.

Now is the Time to Start Ordering From McPHERSON BROS. 181 Union Street We are as near to YOU as your phone. Call us, Main 506 and 507.

TWO MORE SOLDIERS TO FORESTRY SERVICE

Lieutenants Kinghorn and Laughlin Receive Appointments

Fredericton, May 2.—Lieut. Hayward C. Kinghorn and Lieut. H. Sheldon Laughlin, who recently returned from overseas, have been appointed to the forest service of New Brunswick. Both were in the British Columbia forest service some years ago. They are graduates of the U. N. B. The wholesale merchants of Fredericton have decided to adopt Atlantic standard time on next Monday and so conform with the retail and other branches of trade. This decision was reached upon the assurance of the C. P. R. and the C. N. R. that the freight sheds of both railways would be operated on Atlantic standard time. The wholesalers personally were all strongly for daylight saving.

CARRANZA'S NEW OIL POLICY IN MEXICO

Mexico City, May 1.—President Carranza is to submit to an extraordinary session of congress, which convened today, the outline of a law on petroleum which would develop article 27 of the constitution so as to "consolidate the sources of national wealth according to law and equity, destroy special privileges and place Mexicans and foreigners on the same footing and give the state even less than foreign legislation gives other states in the same matters." This was the chief topic of the president's message outlining the purpose for which he had called the extraordinary session which is expected to see legislation on matters of international importance.

SOUTH AFRICA TO DEAL WITH RED FLAGMEN

Cape Town, South Africa, May 2.—(Reuter's)—In connection with the recent disturbances in Johannesburg between international Socialists advocating Bolshevism and returned soldiers, Hon. Mr. Malan, acting premier, announced that the government would immediately introduce a bill providing for the registration of all aliens and the removal of people participating in Bolshevist or other dangerous propaganda.

HOUSING MATTERS

Among the applications for loans under the better housing act which have been received at city hall was one which came in this morning from a resident of the west side who wants \$6,000 to aid in the erection of a two-family dwelling. An inquiry has been received from the city of Winnipeg for information regarding the way in which this city is dealing with the matter. The mayor has received from the secretary of the executive council of the provincial government a communication announcing that houses built under the act must comply with certain provisions, details of which will be furnished later, which are intended to guarantee that sanitary arrangements and air spaces will be adequate.

BUILDS YOU UP

The Right Way—Spring Medicine That Begins and Ends Right.

So generally successful is Hood's Sarsaparilla as a Spring medicine, in ailments of the blood, stomach, liver and kidneys, that it may truly be said to give universal satisfaction. It has been before the public for nearly 50 years, and today has the largest sale of any sarsaparilla. Nothing under the sun could keep up this great demand but phenomenal efficiency and loyal support by the people of a good medicine. It thoroughly renovates the blood, adds red corpuscles, creates an appetite, tones the stomach, aids digestion, perfectly assimilation, secures 100 per cent benefit of the food you eat. Hood's Sarsaparilla represents the wisdom of one of the best physicians of the world, combined with the practical experience of a pharmacist who has been putting up prescriptions for more than 50 years.

IN HONOR OF BIRTHDAY OF JUDGE ARMSTRONG

Judge J. Russell Armstrong was given a birthday dinner party in the well-appointed quarters of the Crescent Lake Fishing Club, Sandy Point road, last evening, at which quite a guest list of prominent professional, mercantile and business citizens were present. L. R. Ross, president of the club, presided, and T. E. G. Armstrong was vice-chairman. The clubroom was prettily decorated for the occasion and blazing logs added to the cheeriness of the occasion. The dinner had but nicely started when Chairman Ross in a felicitous greeting presented to Judge Armstrong seventy-one English roses, a marker for his birthday and the guest of honor replied feelingly and in a reminiscent vein. The toast to the legal profession was spoken by Chief Justice Hazen, Judge Grimmer and others, and the banking profession by J. M. Robinson, Jr., A. C. Skelton and H. M. N. Stanbury. The ladies were toasted with a round, bright and interesting after-dinner address rendered all the way round the bounteous board. Col. E. R. Armstrong came over from Halifax to be present.

A LIVELY FIGHT AT DUDLEY STREET STATION

Boston, May 2.—The Dudley street station of the Roxbury district was in an uproar yesterday when 8,000 policemen, aided by soldiers, sailors and civilians fought with a crowd of several hundred radicals who attempted to parade after a May Day meeting.

Three policemen and a civilian were shot, another officer was stabbed, and several radicals were badly beaten. Two men who were arrested are in a hospital and others were treated by physicians before being placed in cells. Early last night 512 arrests had been made.

READY FOR CONCRETE WORK With the arrival of the carload of cement ordered by the civic department of public works, the city officials will be able to make a start on some of the jobs which have been awaiting attention. These include the construction of retaining wall on the eastern side of Brussels street, with masonry foundation and concrete sidewalk; a concrete wall in City road, north of Stanley street, and the renewal of the concrete pavement foundations in places where excavations have been made.

T. M. FRASER IN TOWN. T. M. Fraser, representing the McLean publications of Toronto is in the city today and is cordially greeted by old friends. He has been in the press gallery at Ottawa and is a former Halifax newspaper man. He was in the Yukon in 1897, and has a very wide general knowledge of Canada. Among other things, Mr. Fraser has made a careful enquiry into Bolshevism in Canada and has written very interesting material on that subject.

WANTS HOTEL HERE. Mayor Hayes has received a communication from a resident of Sydney, N. S., who wants to rent a first-class furnished hotel in St. John.

MAYFLOWER TERCENTENARY (London Times) In September, 1629, the Mayflower, a little craft of 180 tons burden, sailed from Plymouth Sound with 100 souls on board, bound for the inhospitable shores of the New World. After incredible hardships this little band laid the foundations of the State of New England, destined to become the keystone of the mighty structure of the United States.

No Breakfast trouble at our house says Bobby Every morning now we have POST TOASTIES

THE first automobile club was started in Chicago in 1895.

RELIABLE FURNITURE—at-LOW PRICES

We are known to give the best values in the city. These are the principal reasons why hundreds of Home Furnishers come to us every year. Every prospective housekeeper in the city should visit our large showrooms and compare our goods and prices with those of other stores. You will then realize the advantages to be had at MARCUS.

No Order Too Big or Too Little For Us J. Marcus, 30 Dock St.

INTERNATIONAL LONGSHOREMEN'S ASSOCIATION, LOCAL 273

Semi-annual meeting Monday evening, May 6, eight o'clock in hall 30 Water street. Election of officers for the ensuing term. All members are requested to be present. By order of the president. 98914-5-6.

DRUMMOND'S PUBLIC CAREER. Sir Eric's Services Preparing Him for the League Secretariatship.

Sir (James) Eric Drummond, nominated by President Wilson as the second general of the League of Nations, has been private secretary to Arthur J. Balfour, the British Foreign Secretary, since December, 1916. Previously he had served Sir Edward (now Viscount) Grey in the same capacity, while Sir Edward was foreign secretary. From March 1912 to 1915 he was private secretary to Herbert H. Asquith, then the British Premier.

Sir Eric was born Aug 17, 1876, a son of the eighth Viscount Strathallan, and is a half-brother of and heir presumptive to the Earl of Perth. He became a clerk in the Foreign Office in 1900, and from 1906 to 1908 was private secretary to Lord Fitzmaurice, parliamentary Under-Secretary of State for Foreign Affairs, and continued under various other secretaries until 1912, when he became private secretary to Premier Asquith.

Sir Eric accompanied Mr. Balfour to the United States in 1917 as a member of a British High Commission.

In 1904 Sir Eric was married to Angela Mary, youngest daughter of the late Sir Edward (now Viscount) Grey, and she has two sons, Captain Mark Drummond, and a daughter, the widow of Marshal Field, Jr., of Chicago, is a distant relative of Sir Eric.

TRAP FOR GUNNERS. A correspondent of the New York World presents a picture of the bank gunner which, while written in a humorous vein, has some excellent points. This plan, too, might have a serious bearing on the bank gunner, once known that modern banks were being equipped with this up-to-date device. This is the story of the bank gunner as a youngster out of school was as an all-around assistant to the cashier of a First National Bank in a Missouri country town not fifty miles from the old stamping-grounds of the James boys. On a local stock-sales day he sat alone behind the brass rail of the paying teller's window with a bunch of money all around me. In those days the James brothers were memories merely, but now they were a part of the past, and the teller's window was a section of false flooring, six or eight feet square, rigged in hair-trigger fashion to drop the wad of money or to shoot the teller's feet out from under him.

PERSONALS S. K. Smith, who was operated on for appendicitis early in the week, is making good progress toward recovery. He is in the General Public Hospital.

Miss N. McGrath of New York will arrive in the city on Saturday.

Mr. and Mrs. Robert McAfee have announced the engagement of their daughter, Hazel Ella, to Arthur Wellington Morrow. The marriage will take place early in June.

The condition of Alex. Gibson, ex-M. P. for Marysville, who has been ill with pneumonia, is reported today to be improved.

Bliss Dentfield, president of the Dunfield Lumber Co., Halifax, and formerly of this city, passed through the city from Montreal at noon.

Joseph Weisler, of Union street, is back from Toronto and Montreal.

Frank Best came in from Montreal at noon.

Dr. G. G. Melvin, chief provincial health officer, has returned to the city. James Jack is reported resting more comfortably today.

Frank Whelpley, formerly a dry goods merchant in Main street, in this city, who is successfully engaged in business in the west, arrived in town today for a short stay.

New Steamship Service Montreal, May 2.—The steamer Cairndhu, of the Thomson line, which will inaugurate a new steamship service between Canada and Italy, is expected here early next week.

MR. COPP CHIEF INQUISITOR Ottawa, May 2.—For the first time since the union government came into power the public accounts committee of the commons met this morning to conduct an inquiry into a government transaction. The chief opposition inquirer this morning was A. B. Copp of Westmorland, and the matter investigated was the alleged irregular purchase, by the department of immigration, of furniture, etc., to the value of \$740 from Jas. Hunter, the deputy minister of public works, who was the first witness. Mr. Copp elicited the information that the immigration department in purchasing the goods has not put in the usual formal requisition to Mr. Dawson, purchasing agent of the public works department. On account of this irregularity the public works department for several months declined to pay the bill and a long correspondence resulted. Eventually, however, the account was settled. E. B. Devlin expressed some curiosity as to the cost of the furniture in offices of Hon. J. A. Calder, minister of immigration. Mr. Hunter, in reply, said that there was nothing unusual about it. It was pretty much the same as furniture purchased for other ministers' offices, he said. J. H. Sinclair noted that one mahogany table cost \$188.75 and asked the deputy minister if he would recommend the purchase of such articles. Mr. Hunter said that the requisition had not come before him. Mr. Sinclair quoted the price of several other articles, including tables and chairs, saying that the prices were unusually high.

TAKE OVER GERMAN RAILWAY SYSTEM Berlin, May 1.—(By the Associated Press)—The constitutional committee of the national assembly at Weimar has adopted a resolution providing that the entire railway system of Germany be taken over by the government and held until April, 1921. The representatives of Bavaria were the only objectors to the measure.

Nothing Today St. John's, Nfld., May 2.—With the wind from the northeast and threatening rain, a start today by the aviators ready to attempt a trans-Atlantic flight is regarded as doubtful.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

DOUKHOBORS BARRED. GOMPERS IMPROVING.

Doukhobors, Muterites and Menonites are to be barred from Canada until further orders, by an order-in-council, signed by the Governor General yesterday. The reasons cited are that, owing to conditions resulting from the war and the peculiar habits and customs of these peoples, they are not likely to become readily assimilated or to make good citizens.

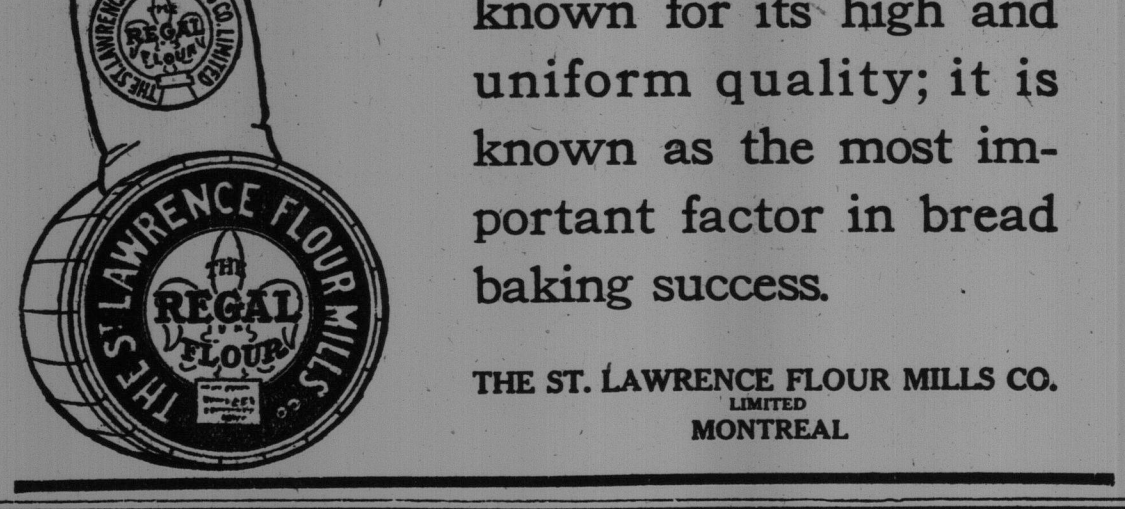

New York, May 1--Tonight's bulletin from the bedside of Samuel Gompers, president of the American Federation of Labor, who was seriously injured when a surface car collided with a tax-cab in which he was riding, announced his condition was satisfactory. "He is improving and doing very well," the doctors said. "There is no fever and the temperature continues normal."

REGAL FLOUR

The Big Value in FLOUR

IN THE HOMES of the I people, far and near, "REGAL FLOUR" is known for its high and uniform quality; it is known as the most important factor in bread baking success.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, MAY 2, 1919

The Evening Times and Star

ST. JOHN, N. B., MAY 2, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A NEEDED CHANGE

The proposition laid before the board of education yesterday by Chief Supt. Carter, that provision be made in the high schools for a choice between classical, commercial and industrial courses, ought to receive the prompt and very earnest consideration of the board. It is in line with the spirit of the law relating to vocational training, which the government approved and which cannot too soon be put in general operation in the province. The change would involve the expenditure of more money, but since the children are the greatest asset of the province the money should be found and the educational system perfected. At present the mere fraction of the enrolled pupils take the whole high school course, and an extremely small percentage ever enter the high school at all.

ROADS NEAR CITIES

The Toronto Globe prints an article strongly advocating that cities and towns contribute to the construction of good roads in their vicinity. In opening it says: "In every country the development of main highways has required the co-operation of cities. This has been true in countries of Europe, such as England, France and Belgium. In the United States, the city of Detroit is paying 85 per cent of the cost of roads in Wayne county. Cleveland is paying \$800,000 annually for road construction outside of the city. In New York the cities are paying 85 per cent of the state expenditure. In Massachusetts cities pay 82 per cent. Similar conditions exist in other states."

Turning to Ontario cities the Globe says: "The counties in which suburban roads have been settled are: York, in which Toronto contributes to the entire county road system, with a special grant of \$250,000 to the Toronto-Hamilton highway; Frontenac, in which Kingston contributes to approximately sixty miles of road; Waterloo, in which Galt contributes to twenty-five miles, and Kitchener to twelve miles; Essex, in which Walkerville has contributed to about eight miles, and Windsor, with which negotiations are now in progress. Hamilton has contributed \$50,000 to the Toronto-Hamilton highway, and negotiations are in progress with the county with respect to other suburban roads."

It is pointed out that the mileage of radiating roads to which a city should contribute depends upon consideration given to the local trade traffic entering the city; or to points of local interest close to the city; or to an area approximately that required to supply the city with local farm produce.

Some further extracts from the article are interesting: "Roads should be built and maintained in proportion to the traffic over them. Roads within two or three miles of a city may cost two or three times the ordinary expenditure of the county on roads and this extra cost is difficult for the county to finance without co-operation from the city. The object of a city's contribution would be to relieve the county of the expenditure which they are now making, or which they may eventually be called upon to make, but rather to improve the standard of roads radiating from the city, and to permit them to be maintained in a condition suited to the traffic over them. Traffic accumulates to a considerable density on the main roads immediately adjacent to the city, and it becomes an unfair charge upon rural districts to construct and maintain roads suitable to such accumulated traffic. As a matter of self-interest, due to the benefits which good roads bring to a city, it is clearly a matter in which the cities of the province should heartily co-operate with the province. There is no industry which cities can bonus with so much advantage to themselves as farming. Good roads increase the produce, the saleable produce, from the farms, all of which adds to the prosperity and advantage of the city. Under the systems of taxation in vogue in the States, a much larger proportion of the cost of main highways is met by the cities than is being considered in Ontario."

The Globe article contemplates a system under which province, county and city would each contribute to the construction and upkeep of roads within a certain radius of the city, and thus ensure the best possible results.

There are too many drunken men each evening on the streets of St. John. What are the friends of prohibition going to do about it? Do they want the saloons restored? Have they decided that it is none of their business and that all their work in the past was foolish work? If not they have more work to do and the time is now. There is not a bootlegger in town but in his neighborhood there is some sober man or woman who could give valuable information concerning him or his source of supply. A city-wide vigilance committee could be formed that would soon prove that the forces of good in this city are quite as alert and resourceful as the forces of evil hunt down the bootleggers. Expose their methods. Clean up the city.

Ontario has a strong Amateur Baseball Association which expects this to be a banner season for amateur games all over the province. New Brunswick would be the better for a concerted movement to develop clean amateur sport of all kinds. Now that the war is over the way is clear for such a movement. St. John, unfortunately, has no suitable field for such events. Next Tuesday's discussion at city hall should bear some fruit.

The Soviet or Bolshevik government of Hungary appears to have been overthrown.

HUNGARIAN GOVERNMENT HAS BEEN OVERTHROWN  
Berlin, May 1.—(By the Associated Press)—The Hungarian government has been overthrown, according to Vienna reports published in the Berlin newspapers and no support.

**GOVERNMENT HOUSING MEETS OBSTACLES**  
Both in Toronto and Winnipeg Schemes Are Being Held Up By Difficulties  
Government housing schemes appear to be encountering difficulties on all sides. A recommendation presented to the city council of Winnipeg last week by the housing committee and urging that the city apply for \$1,000,000 under the federal scheme was the object of such criticism that it was eventually referred back. The city solicitor gave it as his opinion in a letter that the city did not possess the power to build houses or to loan money for the purpose. He further stated that regulations to be drafted by the provincial government under the federal law might give the city that power, but they would have to be carefully drawn, or the city might find itself burdened with a liability, but lacking power to collect money to discharge it. At present the city had no power to accept money from the provincial treasurer upon the security of the general revenue. While the city solicitor was not quite satisfied that a by-law was necessary he felt that the submission of the by-law would be a safeguard. A counter proposal was presented by a delegation from the Greater Winnipeg Board of Trade, suggesting the formation of a Citizens' Homes Association, with a capital stock of \$500,000, to be raised by popular subscription. Additional funds could be obtained by taking advantage of the Dominion government's offer and by issuing bonds. Some aldermen favored letting the Dominion government carry out its own scheme and take full responsibility for it. In Toronto the difficulty lies in the inadequacy of the legislation. The Ontario act is satisfactory for small municipalities where land is cheap and building lots are lower, but not for a large city like Toronto. The Ontario Housing Act limits the cost of a house to \$3,000. With land at \$40 or \$50 a foot purchased at \$40 a foot, that takes \$1,000, leaving only \$2,000 for the building and a five or six-room house cannot be built in Toronto today for that money. An appeal is being made to the government for relief so that a civic housing programme may be undertaken.

**A PRAYER FOR EVERY DAY**  
Let me be a little kinder,  
Let me be a little blinder,  
To the faults of those about me  
Let me praise a little more;  
Let me be, when I am weary,  
Just a little bit more cheery—  
Let me serve a little better  
Those that I am striving for.  
Let me be a little braver  
When temptation bids me waver,  
Let me strive a little harder  
To be all that I should be;  
Let me be a little meeker,  
With the brother who is weaker,  
Let me think more of my neighbor  
And a little less of me.  
Let me be a little sweeter—  
Make my life a bit completer,  
By doing what I should do  
Every minute of the day.  
Let me toil without complaining,  
Not a humble task disdainful;  
Let me face the summons calmly  
When death beckons me away.

**OUR SOLDIERS' GRAVES**

Ottawa, May 2—Hon. N. W. Rowell, president of the privy council, tabled in the commons today the copy of an agreement between the British government and French government respecting British war graves in France. The agreement recognized the imperial war graves commission as the sole British authority charged with the care of British military graves in France.

The French government undertakes to instruct the prefects to refuse all applications for permission for the removal of bodies unless preferred through the imperial war graves commission.

The commission is authorized to lay out British military graves on a system approved by itself, and to erect monuments or other structures. It is also authorized to provide for the laying out of military graves in cemeteries belonging to the state which contain the graves of British soldiers as well as graves of the French or of Allied armies.

**Hanson-Ring.**  
The marriage of Darroll Hanson, son of William and Abbie Hanson, of St. John, and Miss May Ring, daughter of John and Evelyn Ring, of Victoria Beach, Annapolis (N. S.), was solemnized on April 30, at the residence of the officiating clergyman, Rev. B. A. Westmoreland, in West St. John.

**Coleman-Hetherington**  
The Boston Transcript of Wednesday prints the following:  
"Miss Kate Wells Hetherington, daughter of Hon. Judson Egbert Hetherington, M.D., and Mrs. Hetherington of Cody (N.B.), was married this afternoon to Edwin Pope Coleman, Jr., a young Southern planter of Como (Miss.), the ceremony taking place at the First Baptist Church in the Back Bay."  
"Miss Hetherington studied at Dana Hall and the Guild and Evans School in Boston. Mr. Coleman, whose home is at Como (Miss.), attended the University of California for a year, and then went to Harvard, where he graduated with honors in the class of '14. He is a member of the Tennessee Club of Memphis, and the Memphis Country Club."  
"The bride was unattended, but was given in marriage by her father, who is the Speaker of the House of Assembly of the New Brunswick Parliament. The bride wore a gown of white duchesse satin with lace overdress with pearls. The Boston Transcript of Wednesday prints the following:  
"Miss Kate Wells Hetherington, daughter of Hon. Judson Egbert Hetherington, the veil was of Carrickmacross lace caught with a pearl pin and the cap was of point lace."  
"James D. D. Conroy, the organist of the First Baptist Church, played a programme of wedding music which included Wagner's 'Wedding' march. Following the ceremony, there was a reception at the Hotel Touraine. Mr. Coleman and his bride will make their home in Como."

**CAN'T BEAT "TIZ" WHEN FEET HURT**

"Tiz" For Sore, Tired, Puffed-up, Aching, Calloused Feet or Corns

"Sure! Use 'TIZ' every time for any foot trouble."

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, aching feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "Tiz" bath you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "Tiz" is granular. "Tiz" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty feet.

Get a 25-cent box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferings that once complained. Because your feet are never, never going to bother or make you limp any more.

Stores Open 8.30 a.m., Close 6 p.m.; Saturday 10 p.m., Daylight Saving Time

**RECENT DEATHS**

**Mrs. Emma L. Speight.**  
Many friends will be shocked to learn of the death of Mrs. Emma L. Speight, wife of Sanford Speight, which occurred yesterday after an illness of only three weeks. Mrs. Speight was the daughter of the late William and Emma McCuskey, formerly of Millidgeville, and leaves besides a sorrowing husband, three brothers and one sister to mourn their sad loss. The brothers are John and William, of this city, and Charles, of Boston. The sister is Bertha F. McCluskey, at home. Mrs. Speight was a member of Exmouth street Methodist church, and a great worker in the Portland Methodist church, North End.

**Louis A. Griffiths.**  
Louis A. Griffiths died at his residence, Burgess street, Dorchester, Boston, after a lingering illness, on Monday, April 28. Mr. Griffiths was for many years in the employ of Daniel & Boyd, in Market square and later with the London House Co., Ltd. On this firm retiring from business he removed to Boston. Mr. Griffiths was an Englishman by birth, coming to this country a few years previous to the great fire of 1877. When in St. John he was associated with St. John Lodge, of F. and A. M., and Court La Tour, I. O. Foresters.

The body was brought to St. John yesterday on the Boston express. Interment was in Cedar Hill cemetery, Rev. D. H. Loweth, of Trinity church, officiating. Mr. Griffiths was formerly a member of Trinity. His wife, Sarah F., daughter of the late Henry Card, survives.

**Alexander S. Cobham.**  
Alexander S. Cobham died at his home in Carthage avenue, Cincinnati, Ohio, on April 30. He is survived by his wife, five daughters and two sons, three brothers, George and Charles of West St. John, and James of Notre Dame, Kent county; and one sister, Mrs. Jane McKee, City Line. Many old friends here will sympathize with the bereaved family.

**Mrs. Julia McAlary.**  
The many friends of Mrs. Julia McAlary will regret to learn of her death, which occurred yesterday, May 1. Mrs. McAlary has been ill for the last seven months. She was the widow of Alexander McAlary and was in the eighty-fifth year of her age. She was a very well known resident of the North End of the city and was a regular attendant of the Main Street Baptist church. She is survived by two sons, William J., manager of the McLaughlin Carriage Co., and John B., who is overseas; and by three daughters, Mrs. Robert May, Mrs. L. Henderson, both of this city, and Miss Ella, at home.

The death of William Curry took place at his home in Andover yesterday afternoon. Mr. Curry was seventy-five years of age. He was born in Andover and was well known along the St. John river as an expert lumber scaler. Besides his wife, he leaves three daughters, three sons—one of whom returned from overseas a week ago, and another who is still in England; three brothers and one sister.

Gorham D. Steeves died at the home of J. J. Ward, Hillsboro, Monday, April 28, at the age of eighty-three. He was formerly interested in the firm of Steeves Bros. firm in St. John. He leaves three sons.

**The Homecoming**

Our Canadian boys who have fought so nobly and so well "over there" are now reaching our shores.

For the next few weeks every family, society and community will be preparing to receive the returning heroes in some way which shall be worthy of the sacrifices they have made.

It may be personal gifts from friends or a formal presentation from a group of well wishers. In any case you will likely be interested in plans of the kind to honour the men returning to your district. Wherever you are, give them the reception they deserve. Nothing is too good for them.

We have recently published an attractive little folder "The Man Who Came Back"—write for a copy as it contains many useful suggestions of just those things he would appreciate.

Officer Blinded By Deluge of Ammonia

Seizes Car With 78 Pints of Whiskey Near Kennebec But Culprit Makes Escape (Portland Express.)

A full charge of ammonia was shot into the face of Deputy Sheriff Perley Greenleaf of Kennebec by a driver of an automobile in the woods this side of the village Wednesday night, April 23 and the man fled and escaped. The car with seventy-eight pints of whiskey in the trunk was the property of the officer who would like to have Robert Mansfield of this city. It is his belief that he assaulted the officer in this novel manner. Amos H. Dyer of this city, in whose name the car is licensed, admits ownership and says that Mansfield had the car for a trip.

Officer Greenleaf spotted the car by the number when it drove through Kennebec village and chased along until he overtook it. He halted the driver and stopped and the car was searched, revealing the load of liquor. The driver was placed under arrest and the car was turned around and headed back toward Kennebec. Two civilians accompanied the officer and one of them drove his car while he rode with his prisoner. Feeling trouble with his engine, the driver stopped, got out and threw up the hood. He was watching in the suspicion that his man might make a dash for liberty.

By a quick motion he flashed what looked like an automatic pistol and took quick aim at the officer's face. A dense spray of ammonia struck Deputy Sheriff Greenleaf full in the face and splattered into his eyes. He made a swing at the man and then blindness prevented him for several minutes from seeing what direction his man had fled. Both men in the other car saw the man run into the woods, but they did not realize what had happened until the fugitive was out of sight. They climbed out and found Officer Greenleaf disabled for the time being. A few minutes later Deputy Sheriff Jones drove up and the alarm was given. Search was instituted and the fugitive was hard pressed until eleven o'clock. Darkness forbade any further search that night.

The automatic squirt gun and the man's coat were picked up where he dropped them when he made his dash for the woods. A bottle of ammonia was found in the car as well as the liquor. Identification of the driver seemed to be made when Officer Jones and Jones' deputy sheriff visited Mr. Dyer in his home, 1014 Washington avenue, and made inquiries as to who was driving the car which was in his name. He said it was Mansfield and that he had made one trip over the road with him. When pressed harder, he admitted to more than one trip. Deputy Sheriff Jones and Greenleaf have watched the car for three weeks, going toward the New Hampshire line, but Wednesday night was the first time either had spotted it on a return trip. They also are sure

Pimples Broke Out All Over Face, Arms and Neck

Pimples are a sure sign that the blood is not in its proper shape. While the skin is the seat of the erupting, unsightly pimples, the real disease is in the blood. Medicated lotions and powders may allay the itching and irritation, but never cure no matter how long and faithfully continued, and the condition is often aggravated and the skin permanently injured by their use. The disease is more than skin deep; the entire circulation is poisoned.

Burdock Blood Bitters quickly and effectively cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions.

B. B. B. cures permanently because it leaves no cure of the original poison to ferment in the blood and cause a fresh attack.

Miss E. M. Davidson, Daysland, Alta., writes: "Last summer I was greatly troubled with pimples breaking out all over my face, arms and neck. I was advised to try Burdock Blood Bitters, and after taking two bottles, the pimples had almost all disappeared. I shall always recommend this remedy to anyone afflicted with skin troubles."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Metal and Machinery  
In this summary of the iron, steel, metal and machinery markets for the week ended May 1, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:

Nothing moves yet in the way of structural, and that section of the steel business remains very quiet. Until there is evidence of some developments there the chances are that several other lines will remain inactive.

## Notice To Advertisers

It is important that advertisers in The Evening Times take notice that under the prevailing conditions due to changes of time and the nature of the paper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

### LOCAL NEWS

**NO VIOLATION.**  
Inspector Garnett said this morning that he had visited several licensed beer shops in the North End last night and found the prohibition law well observed.

**GETTING BETTER.**  
It was reported this morning that Inspector McAlnash, who has been confined to his home on account of illness, is considerably improved.

**WELCOMED HOME.**  
Last evening friends assembled at the home of Sergeant W. W. McAllister, at Duck Cove, to welcome him home from Overseas. Sergeant McAllister served with the Canadian Forestry Corps and is now employed at the headquarters staff in this city. All enjoyed a very pleasant evening.

**NOVELTY SHOWER.**  
Friends of Miss Elsie Ross gathered at the home of Mrs. A. J. Moore, King street, West End, last evening and tendered her a novelty shower. Many beautiful and useful gifts were presented, including linen, cut glass and silverware. Miss Ross is to be principal in a happy event which is to take place in the near future.

**ANNIVERSARY SERVICE.**  
The Methodist church at Hampton will hold its anniversary service on Sunday, May 4, when Rev. Hamilton Wigle, principal of Mount Allison Ladies' College, will preach before morning and evening (daylight time). He will also lecture in the hall on Monday evening at 8.30 (daylight time). Subject, "What's Wrong With the World?"

**LAURENTIAN COMING MONDAY.**  
Owing to a recent readjustment of coast areas in the marine and fisheries departments of the maritime provinces, the New Brunswick agency has taken over a large portion from Nova Scotia, with the result that the one vessel (C. G. S. Aberdeen), hitherto employed, is not sufficient for the present work. The C. G. S. Laurentian of the naval department has therefore been transferred to this agency and is due here on Monday from Halifax. She is of 850 tons and is commanded by Captain MacLean. She will run from Cape Sable to the head of the bay.

**LITTLE HILDA HENDERSON.**  
Salmon Harbor, April 28—Many will be sorry to hear of the death of Frances Hilda Henderson, which occurred on Friday evening after two weeks' illness of tubercular meningitis. She was the only child of Mrs. Margaret Henderson and although only twenty-one months old had won a place in the hearts of many. Interment was made on Sunday in the R. C. cemetery, Chipman. Mrs. Henderson has the sympathy of the entire community in her loss. Her husband, Alexander H. Henderson, was killed in action on October 10, 1913, this fact making her recent loss harder to bear.

**DOBBIN-HORSNELL.**  
A wedding of interest took place in St. Andrews on Wednesday, April 30, at three o'clock, in the St. Andrew's (Episcopal) church, when Rev. T. H. Elliott united in marriage John Dobbin of Rothesay, N. B., and Alexis Horsnell, second daughter of Chas. H. Horsnell of St. Andrews. The bride was becomingly attired in a traveling suit of navy blue with hat with the ostrich and carried a bouquet of bridal roses. Beautiful wedding presents were received, among which were a case of flat silver from the firm of W. H. Thorne & Co. and a silver service and mahogany tray from the staff, of which the bride was formerly a member, also a limoges china set from Mr. Henderson and his staff of Rothesay, where Mr. Dobbin was employed. Best wishes are expressed by many friends to the bride and groom.

## COURT MARTIAL HERE NEXT WEEK

The Depot Battalion Canteen—Understood Charges Against Col. McAvity and Some Others Only Technical

Following a series of inquiries in connection with the affairs of the Depot Battalion canteen, charges have been preferred by the Ottawa authorities against Lieut.-Col. McAvity, Major Frank H. Rowe, Capt. G. Earle Logan, Capt. R. Ingleton, Lieut. Stockwell Simms, Lieut. J. H. Belyea and Company Sergt.-Major Wm. Rawlings, and they have been held for a court martial which it is understood will be held early next week.

It appears that the accounts of the canteen, which should have been audited monthly in accordance with military regulations by an officer from Ottawa, were not so audited, and that Colonel McAvity finally put up \$5,000 to meet unpaid bills.

It is understood that the charge against Colonel McAvity and some of the others are only technical and their friends feel sure that upon a full inquiry this will be made clear, and there will be no reflection upon their personal integrity.

Among those who know the facts there is a strong feeling that Colonel McAvity and some others have been placed in an entirely false position and have been the victims of circumstances.

**POLICE COURT.**  
Two men were in the police court this morning, charged with drunkenness. They pleaded guilty to the charge and were remanded to jail.

An ex-mail carrier named Brown was in the police court this morning facing a serious charge and was sent up for trial at the next sitting of the county court, which will be the fourth Tuesday in May.

### CASE SEEMS MORE COMPLICATED

New Points in Connection With Arrests of Yesterday in Liquor and Check Matter

The case of Charles O'Hara, charged with getting money under false pretences and Gerald O'Reilly, charged with conspiring with him, was resumed in the police court this morning. Thomas Morey, clerk in the Royal Hotel, gave evidence that the two accused were at the Royal Hotel from April 21 to April 25. They paid their bill, went away on the noon train and came back again on Monday, April 28 and stayed till Wednesday, April 30, when they were arrested. On Wednesday, the day of their arrest, O'Reilly, held the suitcase, something more than \$18, the amount of a bill for the two men during their stay from Monday till Wednesday, at the same time giving a parcel to the witness asking him to keep it till O'Hara returned as he, O'Reilly, was going to Newfoundland and would not return for some time. Their baggage was taken out of their rooms and was booked to be sent to the train, and it was thought they intended going away on the Halifax train at 11.38 p. m.

Dr. E. J. Broderick was recalled to identify the check given by him to O'Hara, and O'Hara also said the check produced was the one received by him. O'Reilly requested that he be given some writing paper to write to his firm and explain matters to them, but he did not state who the firm was, or what their business was, or in what capacity he represented them. Both the accused asked that they might be given some of their money, which the officers had taken from them for safe keeping on the day of their arrest.

Magistrate Ritchie said that he thought they should be given their money, as they might wish to employ counsel, and as the money taken from them did not appear to be stolen they were entitled to it. When they asked for bail His Honor said that they could not get bail until all the evidence in the case, preliminary examination was taken, but then they could make application for bail. O'Hara said that if they had two checks which, he said, were due them from Inspector Wilson for services performed under the Intoxicating Liquor Act, each for \$184, they would be enabled to engage counsel for their defence.

As the case was being adjourned, some of the spectators in the court had gathered around to look at a telegram, which was being shown by one of them. A Times reporter said the telegram dated last January and it was addressed to A. J. Ryan, who was reputed then staying at the Clifton Hotel. A. B. Mosher, president of the Brotherhood of Railway Trainmen and advising Ryan that as he was working under the direction of the brotherhood, he should not meddle in other business as it was causing considerable harm. After an explanation of the telegram it seemed that Ryan was working in the interests of the prohibition law, and the telegram was to the effect that he should stop it. Now some think that O'Reilly is Ryan, or that both the accused were working with Ryan, but according to Inspector Wilson's statement made a few days ago he had never met the accused until about a week ago, and that he had no particular dealings with them. The case seems to be more complicated after today's hearing and the real identity of the accused is not yet known. The case will be resumed on Tuesday afternoon at two o'clock, and it is said that important evidence is to be given.

It is said that the finger prints of the accused have been sent to Ottawa, but there is no confirmation of this report. The case seems to have had a very interesting phase in the Union Depot on Wednesday night, when C. R. E. MacPierce is said to have intercepted one of the men and extracted from his vest pocket a mysterious notebook in which was snugly enclosed the check which Dr. Broderick wrote and into which trap the doctor contends they had fallen.

Officer Pierce told the Times today that a little while before the Halifax train departed on Wednesday night he was requested by a stranger to search the cars for a man who, the stranger said, had taken a check and notebook from him. The officer questioned the stranger closely and asked him if it were necessary to do so, would he go so far as to arrest him and lock him up. The stranger nervously said no, by no means not to go to that extent.

By this time the railway policeman had become quite interested in the circumstances and decided to investigate to the fullest extent possible. So he went through the train but did not locate his man until returning to the depot corridor. Stepping up to him and finding out that he was going out on the late train for the east, he said:—

"Say, Mister, that little notebook you picked up, hadn't you better hand it over to me, so that I can return it to the owner?"

The second stranger, he said, looked surprised and after some little parley produced the notebook. The officer then found the check signed by Dr. Broderick and told the outgoing passenger that he would hold it for the owner, with whom he had an appointment next forenoon.

This was nearly midnight and the officer did nothing further in the matter until next day when at noon he called up Dr. Broderick and informed him that he had his check. The doctor, he said, seemed gratified to know it and asked Officer Pierce to hold it. Later that day the city detectives took up the case and also the material evidence which Officer Pierce provided. Detective Biddiscombe was given the check.

Officer Pierce says his jurisdiction is limited to a quarter mile roundabout the depot, but he is on his job.

**N. B. SOLDIER REPORTED DEAD.**  
In a casualty list received today from Ottawa, E. Roy, of Grand Digue, N. B., an infantryman, is reported to have died.

## Furniture That Marks A New Era in Home-Making

An era of beautiful homes, comfortable homes, inviting homes, tastefully furnished at moderate cost—for such is the tendency of the times. The fact that so many of our men are returning home after years' separation seems to have brought home nearer and dearer to all. The very word "Home" has been sanctified, and the prevailing desire is to have all that the word stands for, beautiful.

Here will be found furniture that marks a new era in home-making, for the line offers in greater variety than ever before those things which transform houses into homes—furniture of fine design and sound construction—at prices within the reach of everyone. The best adaptations and creations of Canadian designers and artisans await your selection here and, in quality and cost, the advantages to you are incomparable.

MUNICH HEARS THE HEAVY GUNS

Red Guards Reported Plundering; People in Misery; Promise of Fighting in Carinthia

Berne, May 2—Artillery fire of the German government troops is audible in Munich and is constantly creeping nearer, according to private advices from that city. The government troops hold all the important points about Munich and are masters of the railroad communication in that region. The Red Guards are reported to be demoralized and to be plundering the banks. The Communists are reported threatening to massacre the bourgeoisie when the government forces attack the city. The misery of the people is said to have reached an unbearable point. Geneva, May 2—The government of Carinthia has ordered the mobilization of twenty military classes to arrest the invasion of German-Austria by the

JUGO-SLAVS, ACCORDING TO A DESPATCH RECEIVED AT BERNE FROM A RELIABLE SOURCE, ARE REPORTED TO BE ATTACKING ON A FIFTY-MILE FRONT FOR THE PURPOSE OF SEIZING KLAGENFURT, THE CAPITAL OF CARINTHIA, AND VILLACH, FROM WHICH THEY ARE NOW ONLY FIFTEEN MILES DISTANT. VIENNA IS SAID TO BE PREPARING TO AID THE CARINTHIAN TROOPS, AND THE ALLIES ARE SEEKING TO SETTLE THE CONFLICT.

SYLVIA PANKHURST ARRESTED FOR MAY DAY ACTIVITY

London, May 2—(By the Associated Press)—May Day in England was closed peacefully. There were processions by Laborites and meetings in various industrial centres in London and also a big parade of Socialists through the west end to Hyde Park, where many speeches were delivered. The only untoward demonstration of the day was when Sylvia Pankhurst, a militant suffragette, and a score of women supporters tried to force an entrance into the House of Commons. The police prevented their entry and Miss Pankhurst was arrested. Roscoe Searles, winner of the two 100-mile races of the season on the Ascot Park Speedway, Los Angeles, will not drive his Roamer in the Indianapolis 500-mile Liberty Sweepstakes.

BOLSHEVIKI SALUTE WAS APPLAUSE AT A TORONTO MEETING

Some 4,000 Workers Demand "Hands of Russia"—Red Badges Worn by Many

Toronto, May 2—"Hands of Russia," was the gist of a resolution passed at a May Day meeting of about 4,000 workers last night in the Arena, and yesterday afternoon practically the same gathering passed a resolution in the same building calling for the immediate release of all political prisoners in Canada. At both meetings red badges were worn by the majority, and foreign Socialists seemed to predominate. The "hands of Russia" resolution called upon the Allied governments immediately to take steps to withdraw their troops from Russia and protested against the furnishing of war materials and finances to the reactionary commanders in Siberia. One of the speakers at last night's meeting was loudly applauded when he

addressed the gathering as 'comrades and fellow Bolsheviki'.

Winnipeg, May 2—That Ukrainian settlers in Springfield and adjacent districts of Manitoba are openly holding revolutionary meetings and planning an uprising this spring with the intention to establish a Bolshevik government, and that the priests of foreign churches are deliberately preaching sedition from their pulpits with the intent to inflame the foreign population against established government, was asserted today by D. A. Ross, M. L. A. for St. Clements.

EXCHANGE PRISONERS WITH BOLSHEVISTS

London, May 2—The British government announced that the Bolshevik government has made a proposal to exchange the members of the British military mission to the Caucasus for certain Russian subjects now in the hands of the British government. It also announced that negotiations are proceeding for the exchange of all British prisoners in the hands of the Bolsheviks. Minority of Stockholders Appeal Boston, May 2—The Boston and Maine Railway minority stockholders protective association yesterday announced that it had taken to the supreme court an appeal from the recent order of the Massachusetts public commission approving the proposed plan for a reorganization of the railroad.

MEMORIAL TO CANADIAN M. P. KILLED IN THE WAR

Ottawa, May 2—A memorial in the new parliament building, to Col. G. H. Baker, the only member of the Canadian house to be killed in the war, was proposed to the senate yesterday by Senator Foster. He moved that Senators Bradbury, Casgrain, Pope and himself be appointed to confer with a committee charged with the construction of the new building, that within it may be erected a memorial suitable to the memory of the late Colonel George Harold Baker.

MONTREAL AGAINST THE ONE BIG UNION PLAN

Montreal, May 1—"The one big union" plan had its answer last night. From Montreal workmen when the delegates of the trades and labor council with only four dissenting voices, went on record as opposing it. Yellow-bodied taxicabs, distance meters, uniformed drivers "everything," may soon be seen darting around the streets of the Canadian Capital.

VANCOUVER WOMAN'S PLEA FOR WORK FOR THE SOLDIERS

Vancouver B. C., May 2—An eloquent appeal for work for the soldiers was made before the Mothers Royal Commission yesterday by Mrs. Walter Crossfield. "Our boys are walking the streets without work," she said, "many are living on their gratuities, and when these expire there is going to be something on your hands which you cannot handle."

COMING DRY TIME GAVE INLAND REVENUE BOOST

Montreal, May 2—Inland revenue receipts in Montreal for the month of April amounted to \$2,675,985, showing an increase of \$1,321,233 as compared with the same month last year. The substantial increase is attributed by J. A. Bernier, district inspector, to the great activity of the last month in the purchase of spirituous liquors, as huge stocks were removed from bonded warehouses to meet the trade demands.

EXPORT MATTER ARRANGED

Ottawa, May 2—The impasse which has been reached in the exportation of Canadian produce, particularly of wheat and grain, through United States ports to the northern European neutrals has been satisfactorily overcome. The Canadian trade commission here placed the matter before the Canadian war mission in Washington, by whom representations were made with the result that the United States decided to grant permits for export to these northern neutrals on submission of particulars of cases in which shipments cannot be made through Canadian ports.

The arrangement, however, will apply only to shipments due to leave immediately, as the transportation department of the grain corporation at New York can give no assurance as to sailings a month in advance. The trade commission is taking up further the matter of intrastate shipments.

Dr. Donnelly of this city arrived here from Yarmouth, where he had accompanied Hon. Mr. Spinney, member for Yarmouth in the federal house, who has recently been in the Montreal General Hospital where he underwent an operation which necessitated the loss of one of his legs. Dr. Donnelly left last evening for Montreal.

Pioneer Days At St. John

Events of 50 Years Ago

(Written by Ven. Archdeacon Raymond and Dedicated To St. John Board of Trade)

(Continued from yesterday) When James Simonds and William Hazen organized their trading company in 1764 one-fourth part was given to Samuel Blodget, a Boston merchant, who seems to have been close-fisted and a man of little education.

From the first he does not seem to have got on well with Mr. Simonds, who wrote to Blodget and Hazen, about five months after he came to St. John, complaining that sufficient care was not exercised in purchasing goods, as some articles lately received by White and himself "are dearer by invoice, by the quantity than is sold at Saint John's of the same kind, and every way better by retail."

He wrote again to Hazen and Jarvis, May 27, 1765, "I thank you for the willingness you express to relieve me, and that you think there is any difficulty to go through in these parts."

At the expiration of another year Blodget retired and his share was taken by Hazen and Jarvis. The Boston merchant brought no strength to the company and as a working partner was a great disappointment. It was not until Leonard Jarvis gave special attention to the Boston business that the trade with New England began rapidly to develop.

As I pause in my writing I see in imagination possibilities of rather a notable celebration in St. John this summer. Call it a dream if you will. Out of the shadowy past there steps the figure of Lady La Tour, the heroine of Acadia. It is early spring-time in the year 1645. At the head of her small but gallant garrison she holds her fort against her implacable enemy, Charnisay, till betrayed by the treachery of a Swiss sentinel it falls into the hands of her cruel foe. She witnesses the execution of her brave soldiers, compelled herself to stand at the scaffold with a halberd about her neck. She dies not long after, broken-hearted, and is buried near the spot consecrated by her devotion. The "entente cordiale" with France goes back with us to the days of Lady La Tour. We hoist the tri-color in her honor and sing the Marseillaise:

"O Liberty can man resign thee, Once having felt thy sacred flame."

Another century comes and with it come the pioneers from Massachusetts. James Simonds, their leader, builds his house on the site of the old French fort and thither brings, in the month of April, 1767, the young bride of sixteen, Hannah Teabody. His companions, White and Leavitt, Hazen and Peabody, follow his example and settle at his side. The difficulties that confront them are neither few nor small, but they are the sons of men whose sires landed, at Plymouth Rock and in their veins they flow the blood of the Puritans. The determination and energy that enabled their progenitors to establish themselves on the "sterm and rock-bound coast" of Massachusetts Bay upholds them in the scarcely less difficult tasks of creating homes upon the rocky hillsides that encircle the harbor of St. John. May we not this summer in honor of those ties which bound together the common ancestors of the pioneers of St. John and the people of Massachusetts, hoist side by side at Portland Point the Union Jack and the Stars and Stripes, and sing together, to the self-same tune, "God Save the King" and "My Country 'Tis of Thee?" Surely the pioneers of St. John had a vision of the future in the summer of 1769.

A Busy Time. We glance in upon them to see what was going on. Truth to tell it was a pretty busy time, for it witnessed the following events, all of which speak of coming development:

- 1. The building of the first ship and its launching.
2. The construction of the first wharf.

Pure as Sea Breezes. Windsor Table Salt. THE CANADIAN SALT CO., LIMITED.

- 3. The erection of the first warehouse.
4. The building of the first aboideau, near the mouth of the Marsh Creek—then known by its Indian name "Schas-kastagagay."
5. The dyking of the "Great Marsh," by which nearly all "East St. John" has been reclaimed from the tide.
6. The first official visit of a representative of the provincial government of Nova Scotia.

7—The first religious service by an English-speaking minister. Our citizens have ample opportunity, if so disposed, to celebrate the 150th anniversary of a real notable year. The first five incidents, above noted, are of a practical nature and leave little to the imagination, but the last two serve to introduce some characters that are not only historic but also picturesque, and with these we resume our story.

It is the morning of the 1st of July, 1769, a small vessel is seen coming up the harbor. There are a number of people on board, among them an officer in uniform and a detachment of the Royal Engineers. There is also a gentleman past middle life who is evidently a clergyman. The military official is Colonel Wm. Spry of the Royal Engineers, sent by Lord William Campbell, the governor of Nova Scotia, on a mission to the St. John River Indians and to report upon the state of affairs in the new county of Sunbury. It is an official visit and the arrival, as it happened, on "Dominion Day"—a day which years before there was a Dominion! Naturally no Canadian flag is in evidence, but it would do no harm in commemorating this first official visit on the 1st of July to hoist the Dominion flag and sing "O Canada" at Portland Point.

As the Saturday evening closes in the visitors are interested in their surroundings. The few houses of the pioneers are clustered near the Point. Not far away there is encamped a party of Indians from Passamaquoddy. The Company's workmen and laborers come to the Point to hear the news and get their supplies for the morrow. The Acadians from French Village (Nauwigewauk), engaged in dyking the Marsh and in building the aboideau for Simonds and White, are also on hand to receive their weekly wages and supplies. Colonel Spry greets them all in friendly terms, and Parson Wood announces that on the morrow (Sunday), he will preach to the English settlers in the morning; he will hold for the Indians a service in their own language in the afternoon; and in the evening he will preach in French to the Acadians and others who wish to attend. The services held by the Rev. Thomas Wood were not only the first by an English speaking minister, but were in their character unique, and I believe have never since been duplicated. They carry us back to the days when the Apostles went forth from the "Upper Chamber" at Jerusalem to deliver their message of glad tidings "to all people," and the multitude exclaimed in wonder, "How hear we every man in our own tongue, wherein we were born, the wonderful works of God?"

The Original Report. When in England ten years ago, I read in the Archives of the S. P. G. (Just a stone's throw from Westminster Abbey) the original report of the Rev. Thomas Wood of his trip to the River St. John in July, 1769. It is splendidly written and is in an excellent state of preservation. It tells us that at the morning service he baptized James, the eldest child of James and Hannah Simonds, and three other White children, one of whom was an ancestor of our worthy townsman, Theodore H. Estabrooks. In the afternoon he baptised an Indian girl, Angeliq, who behaved very devoutly, for when the water was poured upon her head she stopped down and pressed her lips to the ground and repeated the act when she was received as a Christian and signed with the sign of the cross. The prayers and the address were in the Micmac tongue, which Mr. Wood had acquired for the most part from his friend, the Abbe Mallard in Halifax. At the close of the service he asked the Indians to sing an anthem which, he says, they "performed very harmoniously."

In the evening our olden time linguist held a third service in French, for the Acadians; the Indians again attending, as many of them understood French. Would it, I wonder, be possible for the various churches to so far forget their denominational differences as to hold on the evening of the 2nd of July next an open air meeting at Portland Point on the ground where the first services were held by an English-speaking clergyman 150 years ago? We shall see.

"The Church's one foundation is Jesus Christ her Lord," and those whose lives are consecrated to His service are perhaps nearer to one another than they think. My story is lengthening out and I must hasten on to its conclusion, for I am reminded of an incident that happened in St. John three or four years ago. A meeting was being held to bid farewell to an eminent clergyman who was leaving the city for another sphere of labor. Being called upon, as the oldest minister there to speak, I naturally referred to the many changes I had seen in the personnel of the St. John clergy, and quoted the words—

"Men may come and men may go, But I go on for ever!"

at which there was a general laugh, in which the speaker joined, little realizing how near had come the end of the long ministry, which had for thirty-two years made him a familiar figure in the streets of St. John. "Fiat Voluntas O Tuae!" But today I must be brief, or I may not be able to finish my story. (To be continued.)

DETROIT PLANS TO HOLD WORLD FAIR Peace Exposition is Announced by Mayor Couzens for 1922 or 1923 Detroit, Mich., May 1—Establishment of a world peace exposition in Detroit that will eclipse all world fairs ever held in this country is planned. Announcement of the project was made by Mayor Couzens. The organization of the exposition will be under the direction of Charles M. Schwab. Two or three years will be required to put the exposition in shape, thus settling the date at 1922 or 1923.

Canada's Future depends on BOYS

Help the "Y" Construct the Manhood that will Reconstruct Canada

OVER three hundred thousand teen-age boys are growing up to replace the wastage of Canada's man-power in the war, and to "carry on" as her future citizens. What work of reconstruction—financial, industrial, or commercial—is so vital to the nation as the reconstruction of Canada's Manhood!

Canada lost 60,383 men in the great war, and 156,799 men were wounded. More than ever is it important that the growing boys of this country be efficient, manly and be inspired with true ideals of Canadian Citizenship. Literally is it true that Canada's future depends upon her boys.

CANADIAN Y.M.C.A. Nation-Wide Appeal Red Triangle Campaign CANADIAN Y.M.C.A. \$1,100,000 May 5th to 9th

In co-operation with the Churches the Young Men's Christian Association is extending its service to Canadian boys. The Y.M.C.A. is essentially an institution for boys, and a large proportion of its work since its first establishment has been with boys.

What the Y.M.C.A. is Doing for Boys

There are four phases to human development—physical, intellectual, spiritual and social. The Y.M.C.A., in close co-operation with churches and Sunday schools systematizes the development of boys in each of these four phases by what is called "The Canadian Standard Efficiency Training." A boy is "charted" and his development is noted periodically. His record helps the Y.M.C.A. to supply the training he needs most to bring him up to the efficiency standard. With his record chart before him the boy is inspired to improve the faculties wherein he is deficient and to make himself a "four-square man."

What Makes the Four-Square Man

PHYSICAL TRAINING of boys includes camp craft, health education, swimming, running, jumping, throwing, basket ball and other team and group games.

INTELLECTUAL TRAINING includes supplementary school or college work, direction of home reading, educational lectures, practice in public speaking, sex education, craftsmanship and woodcraft training.

SPIRITUAL TRAINING supplements and supports the work of churches and other religious bodies; it spreads the ideal of daily prayer and scripture readings among boys; it inspires interest in nature, in music, in things artistic.

SOCIAL TRAINING gives the boy an idea of his duty towards others, inculcates ideals of clean speech, clean sport, clean habits, teaches good citizenship and helps a boy choose his life work to best advantage to himself and to society.

The "Y" in High Schools

The Y.M.C.A. recognizes the great field for reaching teen-age boys found in the high schools, and is promoting the establishment of activities in that field. In the High Schools committees and "Boys' Cabinets" are organized and programmes put into operation to stimulate scholarship, inspire purpose, encourage clean speech, clean sport, and clean habits, to direct towards their true vocation in life boys who are "drifting," and to develop manliness and character.

Many boys are forced by circumstances to leave school and begin the battle of life before they are fully equipped. The

For Canada's Girlhood

The Dominion Council of the Young Women's Christian Association has to do with the supervision, promotion and stimulation of all the varied national and local activities of the Y.W.C.A., including the work of caring for the soldier's wives and dependents coming to Canada from overseas. The Y.W.C.A. budget for Dominion Council purposes this year amounts to \$175,000, and it is planned to set aside that amount from the total objective of the Red Triangle Campaign for the purposes of developing Y.W.C.A. work for Canada's girlhood along somewhat similar lines to those followed for boys.

The expenditure of the Dominion Council of the Y.W.C.A. comprises items for the promotion and superintendence of Immigration and Travelers' Aid, under which head come the work of caring for soldiers' dependents on the boat and train; the direction of local Associations in the cities; supervision of Y.W.C.A. girls at work on fruit and dairy farms during the summer; extension of Y.W.C.A. work into the Country districts, and many other forms of service for Canadian girls.

Y.M.C.A. wants to reach out to these boys by way of athletic meets week-end camps and social work in the industries, the shops, and factories. Problems such as gambling, industrial relationships, thrift, home relationship, sex education, etc., will thus be dealt with.

"Underprivileged" boys are those whose environment has been poor, boys who have had little opportunity for mental, physical, religious, or social development. The Y.M.C.A. wants to help these boys, by increasing their interests in wholesome sports and games, attracting them to the Y.M.C.A.'s and the Churches, inculcating in them and in the boys born of foreign parents, Canadian ideals of citizenship.

Red Triangle in Rural Life

The Y.M.C.A., in co-operation with the churches and other social organizations, is carrying the Red Triangle to the boys on the farm, the boys in the villages and small towns which lack Y.M.C.A. buildings and equipment. The Y.M.C.A. organizes these Church groups and others to carry on active work to interest, entertain, instruct and develop boys; trains their leaders and stimulates and supervises.

The Y.M.C.A., in co-operation with the churches, will hold conferences and camps this year to train leaders in Boys Work, and in Canadian Standard Efficiency Training methods. These men will go back to their own communities equipped to "carry on." From 18,000 to 20,000 delegates will attend these conferences throughout the Dominion.

The "Father and Son Movement," by which fathers and their boys are brought together in sympathetic relationship is another branch of useful Y.M.C.A. work.

All Y.M.C.A. work is fundamentally religious, and by reaching the boys the Y.M.C.A. reaches men. Fifty per cent. of the Y.M.C.A. work for boys is done in the churches and the proportion is growing.

Helps Boys to Choose Vocation

The "Find Yourself" campaign of the Y.M.C.A. has helped many a boy to analyze his natural abilities and circumstances so as to make the most of himself and his opportunities. A boy is examined and advised what he is fitted for and what amount of education, time and expense is necessary to attain vocations for which he may be suited. In that way he is helped to make an intelligent choice.

Help the "Y" complete its work for soldiers; help extend "Y" service to Canadian boys; help bring the Red Triangle to the Army of Industry and to Rural Canadian Life.

National Council, Young Men's Christian Associations of Canada

The Red Triangle Campaign is under the distinguished patronage of His Excellency, the Duke of Devonshire, K.G., G.C.M.G., G.C.V.O., P.C.

SAYS FUTURE OF CHILDREN RESTS WITH THE SCHOOLS At present, declared Rev. E. Leslie Pidgeon, D. D., past international president of the Rotary Club, who spoke at a club luncheon in Toronto on Saturday, education in Canada was merely "floundering," and was much "too pointless." It might be called "pagan," he said, so far as the teaching of true citizenship was observed. He described at length a conference which is to be called by the educationalists of the Dominion next October, to form plans for the better training of the young, with the object of bringing about definite teaching on the part of institutions to develop national character.

TITLES IN DOMINION. London, May 1—(By Canadian Press cable)—Discussing Canada's repudiation of hereditary titles, the Manchester Guardian says there has been in the last generation something like a mutual invasion of British and Canadian public life. The British invasion of Canada has taken the form of a pretty lavish distribution of titles of which Canadian opinion seems to have approved neither the quantity nor the quality, while there has been feeling that it tended to produce in Canada a social tradition alien to the spirit of its democracy.

Poles to Invade Germany. Berlin, May 1—Mathias Erberger, chief of the German armistice delegation, in a note to Marshal Foch, says that Germany has reliable information that the Poles are planning in the next few days an advance with large forces against German territory in Posen and East Prussia.

POOR DOCUMENT

MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, MAY 2, 1919

"Why Do You Want to Marry Him?" Asked the Doctor Abruptly.

At 7.30 I first saw him  
At 7.31 I fell in love  
In 3 days I was engaged  
Then I married him

The marvelously fascinating story of an American girl who became a war-bride: who married "a man who didn't know one soul I knew, neither had I one acquaintance of his. Moreover, he was a man whose whole outlook was diametrically opposed to a romance which, improbable as it may sound, is not only true, but which is so acutely personal that with only one motive do I consent to tell it: I may be able to help some other girl or woman who will find her part in the war begun, not when her husband, sweetheart or son went to battle, but now that the war is forever finished, and he returns to her again."

Being  
Courtied  
By  
Buffalo Bill

She Whacked Him  
In The Face  
The First Time  
She Met Her  
Future Husband

The Greatest American Romance  
Ever Told by a Woman

Here is the West: when it was young, uncharted and boisterous: a No-Woman's Land into which the bride of Buffalo Bill went with him. Day by day she lived amid quick death: now in a tent: then in a wagon: again under the sky and in the back of a frontier saloon. You see the great West opening up: you see the great prairies: you see life held cheaply: you hear the death-barbed arrow of the Indian spin through the air: the crack of pistol, and in the midst of it you see an American woman—the wife of the most romantic Indian scout in history. The real American breaks through every line of this autobiography of Buffalo Bill's widow.

BUSINESS OF ANGLICAN SYNOD IS COMPLETED

Delegates Endorse the Forward Movement—Oppose Change in Name of Church—Election of Committees

At the afternoon session of the Synod Canon Gould, secretary of the M. S. C. C., who was present, was invited to take a seat on the floor of the house.

The matter of the appointment of a deaconess or a suitably trained woman for the social service work in the city was also discussed to a considerable length, and it was finally decided that one should be appointed.

It was also decided that the next meeting of the synod will be held at Fredericton on May 30, 1920.

Rev. R. Taylor McKim moved the adjournment of the following report concerning the forward movement of the church, and was seconded by Rev. C. W. Nichols.

This synod is resolved to give its hearty endorsement to the Anglican forward movement, and to secure under the leadership of the bishop the appointment in every parish for the expression of the necessary committee for the canvassing of the whole membership of the church in the diocese.

Rev. G. A. Kuhring also presented a report of the work done by the war commission in the meeting and caring for returned soldiers on arriving at this port.

A resolution of expression of joy was passed on the presence of Dr. Campbell in the synod. Dr. Campbell has been through a serious illness and great joy was felt at him being able to be present again.

The following resolution regarding the name of the church was also read before the synod: "That in the opinion of the synod of the diocese of Fredericton, it is not desirable that there should be any change of name of the Church of England in Canada."

Committees Named. The following committees were then elected: Executive committee—Clerical, Rev. Mr. Cooper, Rev. J. H. A. Holmes, Rev. W. J. Bate, Rev. R. M. Penton, Rev. G. A. Kuhring, Rev. C. W. Nichols, Rev. G. Lawrence, Rev. W. J. Wilkinson, Rev. F. J. LeRoy, Rev. W. Tomalin, Rev. Mr. Gillies, Esq., Judge Armstrong, Charles Carter, George Stead, A. C. Skelton, Mr. Kiekman, J. Storer, H. U. Miller, C. C. S. Robertson, J. H. A. L. Fairweather, J. G. Graham, Mr. Seaward and Mr. Smith.

Board of missions—Clerical: Rev. A. Armstrong, Rev. M. C. Shearer, Rev. J. H. Cooper, Rev. B. P. Dunham, Rev. F. M. Bacon, Rev. G. A. Kuhring, Laymen: Charles Carter, R. Frith, H. U. Miller, H. Puddington, Dr. Carter, Hon. J. P. Burchill, D. Hipwell, M. G. Teed, George Stead and G. Raymond.

Board of education—H. F. Puddington and J. M. Robinson.

Standing committee on Sunday schools

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur, to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to import color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

—Rev. C. W. Nichols, Rev. G. A. Kuhring, Rev. R. Taylor McKim, Canon Daniels, Rev. W. P. Dunham, Rev. C. G. Lawrence.

Social service council—Rev. R. Taylor McKim, Dean Neales, H. U. Miller and Charles Carter.

Corresponding member of the Sunday school commission—Dean Neales.

Sunday school commission—Rev. R. Taylor McKim, Dean Neales, H. U. Miller and George Stead.

Board of management of the M. S. C. C.—Dean Neales, Rev. R. Taylor McKim, J. H. A. L. Fairweather and Charles Carter.

Provincial synod, clerical—Canon Armstrong, Archdeacon Newnam, Canon Smithers, Rev. W. P. Dunham, Dean Neales, Rev. G. A. Kuhring, Archdeacon Crowfoot, Rev. R. Taylor McKim, Canon Daniels, Rev. C. W. Nichols, Rev. L. A. Forster and Archdeacon Forsyth. Substitutes: Rev. T. Parker, Canon Cowie, Rev. W. H. Sampson, Rev. W. J. Wilkinson, Rev. J. A. Cooper and Rev. F. J. LeRoy.

Laymen delegates—J. H. A. L. Fairweather, Hon. J. P. Burchill, M. G. Teed, H. F. Puddington, Charles Carter, H. U. Miller, Dr. Carter, A. C. Skelton, Dr. T. Carter Allan, J. B. Storer, H. A. Porter and H. B. Schofield. Substitutes: R. Frith, C. C. S. Robertson, Judge Armstrong, R. W. Hewson, D. Hipwell and D. T. Walker.

J. S. Armstrong, of Fredericton, brought a resolution before the synod for the formation of a society for the men of the Church of England, whereby they might meet together for social intercourse and be banded together for church work. The resolution was put to vote and was passed by a majority.

TANLAC ELEMENTS ARE FROM REMOTE PARTS OF GLOBE

Famous Medicine Draws Ingredients From Many Far Away Points

NOTED CHEMIST IN LABORATORY

Opening Day of Introductory Sale in St. John Proves a Splendid Success.

The ingredients of medicinal elements which make Tanlac come from many remote sections of the earth—West Indies, Mexico, Peru, Central America, the Alps, the Pyrenees, Africa, Russia, Asia, Arabia, Persia, and our own Rocky Mountain sections, are among the points from which the principal parts of the preparation are obtained.

In the laboratory of the Cooper Medicine Co., Inc., in Dayton, Ohio and Walkerville, Ont., under the efficient direction of a celebrated chemist, these medicinal roots, herbs and barks are assembled in the rough and painstakingly developed process to obtain that high standard of efficiency shown by the uniform preparation, Tanlac.

In sterilized bottles, made expressly for the purpose, Tanlac is placed, labeled and cartoned; the preparation is inspected again and then crated, ready for shipment to points over the world where the demand requires.

Many called throughout the day yesterday at The Ross Drug Co. and F. W. Munro's Drug Store to find out just how the famous medicine, Tanlac, was sold, how it was prepared, and what the preparation actually looked like.

In discussing upon the wonderful amount of interest shown, the Tanlac representative said: "The success of the opening day of the introductory sale of Tanlac has by far exceeded my expectations. I have been greatly surprised by the knowledge the public seems to have of the preparation. While many came merely to see what the medicine actually looked like, equally as many came prepared to obtain a preparation. These people simply asked for Tanlac, and the facility with which the medicine was distributed throughout the day proved somewhat of a revelation to the management of our local agencies.

"I am, indeed, gratified," he continued, "to see such marked enthusiasm and interest in this preparation. Tanlac has by now proved just as successful in St. John as it has in the larger cities of the east and middle west. I do not believe that I am overestimating the success of the medicine when I state that I am confident that from a thousand to fifteen hundred people will call and obtain Tanlac during the next ten days."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac Representative.

NAVAL TUG SINKS; SIXTEEN DROWNED

Washington, May 1.—The officers and fourteen men of the crew of the naval tug Gypsum Queen were drowned when that vessel struck a rock and sank near Arwen light, off the coast of France, on April 28, while returning to Brest after assisting a fleet of mine sweepers in distress.

Three of the sweepers, the Courtney, Dougan and the James, foundered during a severe storm. All members of their crews and seventeen officers and men of the Gypsum Queen were rescued by tugs and destroyers.

Quebec, May 1.—The Canadian steamer War Toronto is aground at Cape St. Michael, near Montreal. She went ashore at 11:15 this morning while on her way to Quebec.

The War Toronto was on her maiden voyage. The steamer was built by the Toronto Shipbuilding Company and was the last of forty-six vessels constructed

8 o'clock last evening, Dr. Gould, general secretary of the M. S. C. C., gave a very excellent and interesting address on the Great Forward Movement.

He said that the great forward movement of the church arises and springs from the great necessities of the present day. Dr. Gould then went on to tell of the great work and important part that the British forces had taken in the war. He said that the British armies, navy and air forces were decisive factors in the successful winning and victorious outcome of the war on the side of the Allies. The onset of the war stimulated the church and the empire to the farthest limits of hope, but the sudden cessation of activities seems in a measure to have found the people of the empire to be spiritually numbed.

In speaking of the forward movement Dr. Gould said that it was the result of the examination of the needs of the church today. By the forward movement it is hoped that the sum of \$2,800,000 may be raised for the general funds, benevolent funds and mission funds. The beneficiary funds are largely for the support of the widows and orphans of the clergy. Owing to the small stipends that are paid to men of the clergy they are not able to provide for themselves when they have grown old in the service of the church, and it is felt that when they have reached this state the church should provide for them so that they spend their closing years in peace and quietness. Consequently the church had decided to raise the sum of \$100,000 to form a nucleus for a fund for this purpose, the interest of which will be used for providing for the clergy and also for their widows and orphans.

FOR PUNISHMENT OF DEFAULTERS

Ottawa, May 1.—In the Unionist caucus today Hon. Arthur Meighen placed before the members various plans for legislation now under discussion for the punishment of defaulters under the Military Service Act, so that penalties of equal severity would be levied in all parts of Canada for similar offences.

This proposed legislation is to prevent repetition of the case where some men get off with a nominal fine of five dollars while elsewhere in Canada fifty dollars and imprisonment were among the gentler sentences given.

The proposals did not meet with the entire approval of the western members and there will probably be more talk of it before the matter comes into the House.

The whole shipping situation was also canvassed, members from ports in which shipbuilding had become a thriving industry insisting that more ships are an absolute necessity to Canada and the prosperity in the future. The carrying of wheat in competition with the United States will make the latter unwilling to help Canada if it is urged, and the same thing was true of foreign trade generally. It is not anticipated now that the Canadian government's practice of building fifty ships will make any particular difference in the present situation as it will not be completed in time, but many insist that these ships will not be enough for the trade when they are completed.

Only desultory mention was made on the tariff, although it had been at first intended to devote the caucus once more to that subject, as, however, the government is to propose legislation, the debate was adjourned. Both the low and high tariff men feel that they have put their case clearly before the government.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by flat, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition of the body to ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get one of our druggists a few ounces of Blurred Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Blurred Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

There has been difficulty in deciding how the housing plan is to be administered. It is apparent that the cost of administration must be borne by either the municipalities, the provincial government or the builders, as the dominion government is merely making the loans at five per cent.

Capable persons engaged in their own business naturally do not like to give up considerable time to the housing work without remuneration, and right here is one of the difficulties which must be overcome soon. In Moncton, commissioners were named to handle the housing question, but they resigned a few days ago.

Hon. C. W. Robinson said at the conference yesterday that the class of people in Moncton desiring to build was substantial and reliable in that it largely consisted of men earning good salaries and wages twelve months in the year. In St. John there is a class of men who are not engaged all the year at good money, and in some cases it would be difficult to carry the burden of paying the charges on new dwellings. This is another problem to consider here before the housing plans are fully developed. It is proposed to print the terms of the housing offer, so that all applicants will

MAY DAY RIOTS. Cleveland, May 1.—One man is dead, three policemen were shot and probably two hundred persons were badly injured, a score or more of whom are in hospitals, and more than a dozen arrested as the result of a Socialist I. W. W. May Day demonstration which ended in a dozen different riots in the downtown section this afternoon.

Montreal, May 1.—Five men were arrested this afternoon in a Socialist parade for distributing I. W. W. propaganda. Despite a warning from the police that if the red flag was carried it would be confiscated quite a number of Bolshevik flags appeared in the parade. These were taken away. The police kept in touch with the whole affair on motor cycles.

Boston, May 1.—Reports of rioting in the Roxbury district reached the police today and reserves were ordered out from several stations.

Why Can't I Get to Sleep?

Thousands of people all over the country ask this question, but still continue to toss about on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quietened except by the persistent use of opiates or narcotics. Or again, you have heart palpitation, and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke, smother and the only way you can get relief is to sit up in bed.

To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthening the heart, enriching the blood and making the whole organization act in harmony—then you sleep as peacefully as a child.

Milburn's Heart and Nerve Pills are 60c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CONFERRED ON HOUSING ACT

Mayor Hayes and several of the city commissioners called on members of the provincial government at the government rooms yesterday afternoon and talked over the housing plans proposed by the dominion government, with which the provincial government and municipalities are co-operating.

Hon. Mr. Murray, provincial secretary, has not yet received information from Ottawa as to how the money to be advanced as loans will be handed over by the Ottawa authorities, whether all at one time or in installments. So soon as he receives this information, the municipalities will be notified.

There has been difficulty in deciding how the housing plan is to be administered. It is apparent that the cost of administration must be borne by either the municipalities, the provincial government or the builders, as the dominion government is merely making the loans at five per cent.

Capable persons engaged in their own business naturally do not like to give up considerable time to the housing work without remuneration, and right here is one of the difficulties which must be overcome soon. In Moncton, commissioners were named to handle the housing question, but they resigned a few days ago.

Hon. C. W. Robinson said at the conference yesterday that the class of people in Moncton desiring to build was substantial and reliable in that it largely consisted of men earning good salaries and wages twelve months in the year. In St. John there is a class of men who are not engaged all the year at good money, and in some cases it would be difficult to carry the burden of paying the charges on new dwellings. This is another problem to consider here before the housing plans are fully developed. It is proposed to print the terms of the housing offer, so that all applicants will

have information in black and white and know just what they will have to undertake. No definite action was taken at yesterday's conference, but it is hoped that a programme will be ready within the next fortnight so that building operations can begin.

SOLDIERS COMING. London, May 1.—(Canadian Associated Press)—The Empress of Britain sailed on Saturday for Quebec with 187 officers and 8,000 others from Bramshott Camp, including the 8th Battalion under Colonel Saunders consisting of 29 officers and 600 others. Also on board is the 16th Battalion under Colonel Scroggie, with 26 officers and 783 others bound for Toronto. The 2nd Field Company, Engineers, under Colonel McKenzie is also on the steamer.

Colonel Cannon Scott, chaplain of the first division is on board.

HOW A YOUNG GIRL SUFFERED

And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She used two boxes, I can sleep all night and an not out of breath after walking."

Milburn's Heart and Nerve Pills are 60c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit.

Send No Money—Just Your Address. Years of awful suffering and misery have taught this man, Mark H. Jackson, of Syracuse, New York, how terrible an enemy to human happiness rheumatism is, and have given him sympathy with all unfortunate who are within its grasp. He wants every rheumatic victim to know how he was cured. Read what he says:

"I Had Sharp Pains Like Lightning Flashes Shooting Through My Joints." In the spring of 1898 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply fill out the coupon below and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson is responsible. Above statement is true.

FREE TRIAL COUPON Mark H. Jackson, 78 E. Garvey Bldg., Syracuse, N. Y. I accept your offer. Send to: .....

NOT GUILTY IS VERDICT IN THE MURDER CASE

The jury in the case of John Sterling, Ahmed Abdurham and Sultan Rousal, charged with murder, brought in a verdict yesterday afternoon of not guilty, following a deliberation of about three-quarters of an hour. At the afternoon session of the Circuit Court Chief Justice McKeown, who was presiding throughout the hearing, delivered his charge to the jury. The verdict was not unexpected.

TRIBUTES TO FORMER MEMBERS

Tributes were paid to the memory of the late Dr. P. Robertson Inches, William Barnaby Robertson and Beverly R. Macaulay, at the regular quarterly meeting of St. Andrew's Society yesterday. The following memorial expressions were unanimously adopted:

Dr. Inches. P. Robertson Inches, M.D., was born in the city of St. John in 1838, and had his early education at the St. John Grammar School, studied medicine at Edinburgh and London, graduating with high honors, and returned to his native city where he practised medicine for some fifty years, where he occupied a foremost position as a family doctor. He early joined the St. Andrew's Society in which he took a keen interest, was secretary in 1861, president in 1869, and president for 1880 and 1881, and since then continuously a member of the charity committee, and took a keen interest in all that made for the welfare of the society and his brother Scots. At the time of his death he was the oldest member of the rolls of the society. Dr. Inches' life was a blessing to all who came in touch with him, professionally or socially.

Merely take out the lamp bulb, insert a Benjamin Two-Way Plug in its place (just as you would change an old lamp for a new one)—and you have not only a socket for the lamp, but an extra one for any other use. Price Each \$1.25 3 for \$3.50. Your Electrical or Hardware Dealer Can Supply You. Benjamin Electric Mfg. Co. of Canada, Limited, 11-17 Charlotte Street, Toronto, Ontario.'

William Barnaby Robertson came of old St. Andrew's stock, his grandfather, the late James Robertson, and his father, G. Nesbit Robertson, were valued members. He became a member several years ago, and by his unassuming and friendly disposition won the friendship of all the brethren. He was an efficient official of the customs department, and by his faithful discharge of duty was universally respected. He died in the strength of his manhood, and we are poorer by his death. Peace to his ashes. Beverly R. Macaulay.

Beverly R. Macaulay departed this life on the 27th day of March last, after a brief illness. He was a member of the firm of Macaulay Bros. & Co., who carried on a large dry goods business in this city. Mr. Macaulay was a man of great force of character and took a deep interest in all that pertained to the welfare of his native city. Faithful in the discharge of his every duty, he was by his wise counsel in promoting its welfare. He joined this society in 1889, and held the president's chair for the years 1904 and 1905. Mr. Macaulay was a clever debater, vigorous and forceful. He rendered valuable services to the society he so greatly loved, and we shall miss him at our meetings. We deeply regret his early passing to the "Land of the Dead."

COLORS READY FOR 26TH

The Royal Standard Chapter of the L. O. D. E. held its monthly meeting in the chapter rooms, last evening, and in the absence of the regent, Mrs. E. Atherton Smith, the vice-regent, Mrs. J. P. Barnes, occupied the chair. It was decided in view of the numerous calls now being made upon the public to forego for the present the self-denial day which the chapter had proposed holding this month. Announcement was made that the colors ordered by the chapter for presentation to the 26th Battalion had arrived and are to be placed in the Bank of Nova Scotia for safe-keeping pending the completion of arrangements for their presentation to the battalion. Plans were made for holding a rummage sale and committee were appointed to take charge of it and of a pantry sale to take place at a later date. The educational secretary, Miss Ethel Jarvis, read a very interesting report of the meeting of the provincial chapter in Fredericton on April 24. Mrs. H. A. McKeown, Mrs. Arthur Bowman, Mrs. Ernest Bowman and Miss Jarvis represented the Royal Standard Chapter at the provincial meeting. It was decided that members of the chapter should assist in the thrift stamp campaign to be held in a short time. It was reported that the illuminated electric sign erected by the Royal Standard Chapter in the Union station for the returning soldiers had been completed and that the city would pay for the electric current and the New Brunswick Power Company had contributed the outside wiring.

Trouble in Berlin. Berne, May 1.—(French Wireless Service)—Serious differences have arisen between the members of the national German government, and a change may be expected shortly, according to telegrams from Berlin.

CHARGES AGAINST DOCTOR FOLLOW CONSPIRACY CASE

"On Tuesday evening I got an anonymous telephone call at my office saying that I was to be planted and the plant would be sprung through one Blizard who, I was informed, I already knew, hence the supplying of these two men with liquor and this case."

"This was the statement made by Dr. E. J. Broderick in the police court yesterday afternoon when placed on the stand in a liquor charge against him which grew out of the arrest of three men—Charles O'Hara, Gerald O'Reilly and Arthur Blizard, whose arrest Wednesday night caused sensational developments in a case which was before Magistrate Ritchie at two sessions yesterday."

At the afternoon session Dr. Broderick again took the stand and said that he had supplied Blizard with a prescription in the morning and had also sold a bottle to Blizard and O'Reilly in the afternoon. O'Hara, witness said, told him he was working for Wilson, but denied upon being cross-examined by O'Hara that he said: "Can't this be fixed?"

"Operation will be an expensive one, better come up to the doctor's office," Here the witness said a patient came in and O'Hara waited outside. Later he and O'Reilly returned and the latter said they would not take a cent less than \$150. Witness informed him that his boss—O'Hara—had agreed to accept

\$200. Witness said that when he gave O'Hara the check for \$200 O'Reilly said he wanted \$150 and O'Hara also remarked that he would have to give the "stool-pigeon," Blizard, something also. O'Reilly said he wanted to get the money before supper as he would be busy after.

To O'Reilly Dr. Broderick also denied saying he wanted to fix matters and that he would sell him a case the following afternoon. Witness said he gave the check in his office to O'Hara. When O'Hara came into the office the first time and the \$200 was suggested by him, the witness said he remarked then: "This looks like blackmail," to which O'Hara answered "that all depends on how you look at it!"

The witness here finished his evidence and a charge of selling liquor illegally was entered against him by Liquor Inspector Saunders.

The Story of the Men. Arthur Blizard took the stand and said that he went to the doctor's office in Union street yesterday afternoon and bought a bottle for \$4.50, giving the doctor five dollars. The latter said he had no change and the five dollars paid for the bottle. He admitted that O'Reilly was with him at the time and when he came out of the doctor's office he then went in and got a bottle also.

Cross-examined, Blizard said he had met the accused about a week ago. He had been with them several times. Gerald O'Reilly, the next witness, said that he went with Blizard to Dr. Broderick's office and bought a bottle paying five dollars for it. The doctor told him he could get a case of Perfection whiskey the following afternoon for forty dollars or forty-five dollars, he declared. Dr. Broderick taking the stand in connection with this charge, said that he had sold the two men the liquor, but

he did it in consequence of the telephone call he had received and to beat the men at their own game. He said he gave the check as a deposit to one of them and then notified the police.

William M. Ryan, appearing for Dr. Broderick, said that there was a technical violation of the law on the part of his client but he did it to ferret out what looked to him to be a "frame-up."

The magistrate said there was a question of technicality, and also a question of whether or not there should not be two charges against the defendant as there were two bottles sold, one to each man. The magistrate said that he would accept a deposit of \$200 on this charge and give judgment next Tuesday afternoon.

O'Reilly and O'Hara who are charged with receiving money under false pretences were remanded until this morning when further witnesses will be called. Blizard on the charge of having liquor in his possession illegally, was also remanded. AT RED-TRIANGLE CLUB. The members of the Loyalist Chapter of the L. O. D. E. who, under the patronage of Miss Catherine McArdy, entertained the men in the Red Triangle building in Charlotte street last night, had a most delighted audience in the 150 soldiers that were present. The programme was an excellent one, and the ice cream and cake which were served at its close were done ample justice to. The programme was as follows: One reel of motion pictures; selection on the Hawaiian guitar by the Misses Cruickshank; violin solo, Miss Rhonda Lloyd, accompanist Mrs. Allison; selections, Mr. Clarke, comedian and singer at the Opera House; motion pictures; song, Sergeant McViney; song, Miss Lloyd. Several of the men gave extemporaneous selections of high merit.

BILLIARDS. Has Edge on De Oro.

New York, May 1—Robert Cannefax, challenger for the world's three cushion billiard championship, and a \$2,000 prize, won the first block of fifty points in his match with Alfred De Oro, champion, at the Friars Club tonight, by a score of fifty to forty-eight. De Oro's high run was seven and the winner's four. The game went seventy-two innings, with an average of 59. The second run of fifty will be played on Friday night, and the final on Saturday.

PROPOSES ELECTRUTION AS DEATH PENALTY

Ottawa, May 1—With the exception of an amendment by Mr. Cronyn, the immigration bill passed through committee in the house today. Mr. Cronyn's amendment aims to prohibit for a term of five years the entry into Canada of people from southeastern Europe. He specified a geographical line of demarcation. The amendment was allowed to stand. It now remains the only topic for discussion in committee on the bill. For the greater part of the day's sitting, the bill was under discussion. In the afternoon S. W. Jacobs, of Montreal, moved that the clause establishing a literary contest for immigration should be struck out. But this amendment was defeated 75 to 37 on a straight party vote. Subsequently, in the evening, the house, in committee of the whole took up the bankruptcy bill presented by the solicitor-general. It was still in committee when the house adjourned. Hon. Hugh Guthrie moved for the appointment of a special committee to consider and report on the laws with relation to sedition and seditious propaganda, and to decide whether changes are necessary. The motion carried. H. M. Mowat, introduced his bill to amend the criminal code. The amendment provides for the substitution of electrocution instead of hanging for the death penalty. The bill also provides, he said, that execution should not take place in a local jail but in the nearest provincial penitentiary.

GREAT LOSS IN TRAIN AND TUNNEL FIRE

Dubois, Pa., May 2—The Sabula tunnel of the Pennsylvania Railroad, near here, was threatened with destruction for late yesterday by a fire caused by a freight wreck. Twenty cars had been destroyed and 100 feet of the tunnel collapsed up to noon when the damage was estimated at \$1,000,000. The Ottawa Motor Club has decided to appoint a legal solicitor of Ottawa for the use of its members in civil and Police Court cases when desirable.

FASTER THAN INFLUENZA

Cattle Plague Gives England an Example of Rapid Disease Spread. The spread of influenza among humans is a slow and tedious process compared with the rapidity of foot and mouth disease, that dread enemy of cattle, against which all the agricultural science of the civilized world is constantly arrayed. For a comparatively long time America has been free from this distemper, due in large measure to the war cutting off practically all importations of cattle for either dairy, beef or breeding purposes, and to the further fact that no other country on the globe gives as great care to the health of its domestic animals. But the Department of Agriculture has recently had a bad scare because of the appearance of the disease in England, and quarantine regulations have been tightened and inspection redoubled. There was little danger of diseased cattle getting into the country, but there was always the chance that some returning soldier, interested in cattle or farming, might have visited some infested spot in Europe and brought the infection with him. The British department of agriculture, in spite of the war has not relaxed its vigilance and efficiency, nor has it ever sought to hide the presence of diseased animals for commercial reasons, but there are places in Europe where this enlightened policy does not always prevail, so that while Great Britain immediately notified the world of its outbreak, she could not give positive assurance as to where the infection that afflicted her cattle came from. Recent reports indicate that the British outbreak has been confined to a single locality, which means that it soon will be stamped out, but the instance is cited as illustrative of the virulence of the disease.

THE WELLINGTON THE UNIVERSAL PIPE

A MAN with a Wellington Pipe is in luck. He draws clean, dry smoke—and nothing else. The well catches all moisture and stray tobacco. SECOND READING GIVEN THE HEALTH BILL IN SENATE

Senator Daniel One of the Speakers - Matter of Appeal of Decisions in Criminal Cases

Ottawa, May 2—In the senate yesterday Sir James Loughheed secured second reading of a government measure providing for the creation of a dominion department of public health. He said that there would be no interference or friction between the proposed federal health department and the existing provincial departments.

Senator Daniel said that the government was disclosing facts that had long been known to the medical profession of the country and regretted. Housing, infant mortality, tuberculosis and venereal diseases provided problems that required government attention.

A bill providing for the appeal of decisions in criminal cases, with the consent of provincial attorney-generals, was further discussed. When it was called for second reading Senator Lester said that several judges, to whom he had spoken, regarded it as an attack upon their position and authority.

Sir James Loughheed said the bill passed the senate last year and there did not seem to be reason against it going to the committee stage this session, although the justice authorities were opposed to the principle of the measure.

Senator Casgrain said that Quebec judges did not favor the proposals in the bill.

Senator Girrion favored the measure and declared that in England review was provided for all criminal cases in much larger measure than this bill proposed. Senator Ross of Nova Scotia declared that the bill did not attack the authority of the judges, but made sensible provision for the review of extreme cases. A suggestion by Senator Bostock that the measure should be held at its present stage until its author, Senator McMeans, consulted with the minister of justice, was adopted.

BUDGET DISCUSSION TAKES ALL DAY IN BRITISH COMMONS

London, May 2—The House of Commons occupied the whole of yesterday's session discussing the budget, especially colonial preference.

J. Austen Chamberlain, chancellor of the exchequer, reiterated that the government had no intention of placing new duties on food.

Sir Donald MacLean, Liberal leader, argued that the policy was impossible without giving preference on wheat, meat and wool, and affirmed that his party must fight this proposal to the utmost. It was a question, he said, on which the house was bound to take sides on the matter of principle.

Several members of the house, mainly of the Labor party, advocated a levy on capital as a means for reducing the huge national debt.

DANIELS WANTS BIG AMERICAN NAVY NOW

London, May 1—In a conference with newspaper correspondents today and in a speech at a joint luncheon of the Anglo-American Society at the Sulgrave Institute, United States Secretary of the Navy Daniels emphasized what he considered the absolute necessity for a big American navy should the league of nations fail to perform its functions.

Regarding the extensive American building programme, the secretary explained that the action of congress could be changed by the president should the covenant of the league provide for smaller armaments.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoon four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

The Red, White and Green Package is Familiar to All

FOR over twelve years the original Red, White and Green corn flake package has been a familiar combination of colors to all Canadians. During all these years millions of Canadians have enjoyed

ALWAYS make sure you are getting the genuine original Kellogg's Toasted Corn Flakes which are only sold in the red, white and green package.

Accept No Substituted Imitations. Only Made in Canada by THE BATTLE CREEK TOASTED CORN FLAKE CO., LIMITED. HEAD OFFICE AND PLANT: LONDON, ONT.

MUST MAKE AN ACCOUNTING OF PROPERTY

Montreal Case Which Arises After Divorce—New Matter in the Courts There

Montreal, May 2—An action which is unprecedented in the annals of the Montreal civil courts was decided by Mr. Justice MacLennan in the superior court yesterday afternoon when he maintained the action of Mary Claire Dawson, who sued Walter MacKay Hishop, to whom she was married on June 29, 1910, and from whom she obtained, on petition to parliament, a divorce on May 28, 1918, asking that he be compelled to render to her a true and faithful account of all property in his possession and control belonging to their marriage community. The defendant is accordingly condemned by the court to render such an accounting within a month from the rendering of this judgment, which reserves to the court such further adjudication as may appertain after the rendering of such account, or on the failure of the defendant to render one.

The plaintiff stated that to the best of her information the property belonging to the community and in the defendant's possession and control amounted to \$100,000. Mr. Justice MacLennan, after saying that the parties were married in Montreal without any contract of marriage, and that consequently legal community of property was established by their marriage, after reciting the facts relating to the plaintiff's petition for a

divorce and the allegation for the same, and quoting the declaration assenting to the divorce, said the defendant contested the present action by denying the plaintiff's right to ask him to render an account of the community property. He alleged that the statute granting the divorce made no mention of the community rights of the parties, and did not set up any ground upon which a separation of property could be based.

I OFFER HEALING!

For quick healing nothing equals Zam-Buk, and its power to end pain and prevent blood-poisoning is equally wonderful. No home should be without it, not only for burns, scalds and cuts, but also for eczema, ulcers, boils, ringworm, rashes, blood-poisoning and piles. Zam-Buk's purity and refinement make it suitable for all skins—even to the youngest baby. Zam-Buk keeps indefinitely. Get a box to-day and keep it handy.

ECZEMA Mrs. Hector McDonald of Oyster Pond, N.S., writes: "For a year I suffered terrible pain and irritation with eczema. Doctor's treatment and so-called 'cures' did me no good. Then I tried Zam-Buk, which has completely cured me." BLOOD-POISONING Mrs. S. Cliff of Mellette, cut her hand on a piece of tin and blood-poisoning set in. She says: "The poison spread to my shoulder and the pain was awful. My doctor attended me, but I got no better until I used Zam-Buk which drew out the poison and healed the wound." CHRONIC SORE Miss Nellie M. Lewis, of Silver Lake, Oregon, says Zam-Buk saved her father from an operation. "He had a chronic sore on his face and the doctor advised an operation. We determined to try Zam-Buk first, which before long entirely healed the sore."
