

GRAY FADED HAIR, OR BEAUTIFUL, DARK, ATTRACTIVE—CHOOSE, MADAM!

Says Sage Tea Mixed With Sulphur Restores Natural Color and Lustre

Gray, faded hair turned beautifully dark and lustrous almost overnight, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Dressing" at drug stores here for about 50 cents. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

with Wyeth's Sage and Sulphur and draw it through your hair, taking one small strand at a time. Those whose hair is turning gray, becoming faded, dry, scraggy and thin have a surprise awaiting them, because after just one application the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff, itching and falling hair stops.

The Nose Tiptilted Like a Rose

WONDER why it is that my sex, as a rule, feel so bitterly toward the nose whose tip, inclines skyward? Can you tell me the reason of this enmity? No one answers so I am left in uncertainty on this point. The more I puzzle on this beauty question the more confused I become, for, as I will, the retroverse nose is quite a favorite of mine. It matters not to me that two-thirds of my sex look slightly at the turned-up nose as I flatly deny that it is a blot upon a fair face. Pray what could be sadder or more attractive than the nose tip that, refusing to look straight ahead like its fellows, continually fixes its gaze—metaphorically speaking—upon things higher than itself. Can you not, dames and damsels, direct your mind of this foolish prejudice? Silence reigns but I fear me much that in this particular case it does not mean assent. So be it. If you must do something to make your saucy nose straight as a string, then I will hasten to tell you just what to do to make a nose that tilts skyward, lower its saucy tip. Plan to spend at least fifteen minutes during the day massaging your nose, as this gentle kneading will do much to straighten an upturned nose tip. This massage is best done with the first two fingers of either hand, applying them firmly to each side of the nose. Start your manipulations at the bridge of the nose, then massage down toward the tip with a delicate circular movement of the fingers. When the nostrils are finally reached, force the tips of the fingers gently into the corners formed at the junction of the nose with the face, and after this task is completed satisfactorily, knead the tip of the nose, pressing inward with considerable force. This is not all, so give me your attention for one minute longer. I ask you now to place your forefinger horizontally

WOULD RUN STREET CARS TO THE SUBURBS

Offer to St. John Railway Company Came From Powerful Financial Group—More Comes Out. An offer of \$1,200,000 for the stock of the St. John Railway Company was made at the annual meeting of the company yesterday afternoon, as predicted in yesterday's Times. The offer was made on behalf of American financiers who are working in conjunction with the promoters of the New Brunswick Hydro-Electric Company and it is said that if they secure control of the road they are willing to undertake extensions of the lines in all directions from the city and to lower the rates for electricity. The offer was referred to a committee but it is understood that a subsequent decision to refuse the offer was reached.

TWO WOMEN TESTIFY

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their own Statements Follow. Halliburton, P. E. I.—"I had a doctor examine me and he said I had falling of the womb, so I have been taking Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. All the bearing-down pains have vanished. I have gained ten pounds in weight, the discharge is all gone, and I feel better than I have for a long time. I think any woman is foolish to suffer as I did for the sake of a few dollars. You can use my letter as a testimonial. I may encourage other poor women who suffer as I did to use your Vegetable Compound."—Mrs. GEO. COLLIER, Halliburton, Lot 7, P. E. I.

Eczema Cured Three Years Ago

Best City Doctors Failed, but Cure Was Effected by Use of Dr. Chase's Ointment. Mrs. A. T. Smith. You apply Dr. Chase's Ointment for eczema and feel the benefit as if by magic. It may take some days to get the sores cleaned out and the healing process fully established, but from day to day you can see the old trouble gradually disappearing and know that you are getting rid of it. Mrs. A. T. Smith, 1 Mt. Charles St., Montreal, Que., writes:—"I had eczema on my leg for four years, and tried many remedies and doctors in Montreal and Boston, without any benefit. I used three boxes of Dr. Chase's Ointment and was cured completely. This was three years ago. Since then I used Dr. Chase's Ointment for irritations and eruptions of the skin, and easily got rid of them with two or three applications. Dr. Chase's Ointment is a wonderful preparation." "Willie" said a mother to her first-born "do you know what the difference is between body and soul? The soul, my child, is what you love with the body carries you about. This is your body" touching the little fellow's shoulder, "but you know, my child, there is something deeper in it, You can't see it now. What is it?" "Oh, I know" said Willie, with a flash of intelligence in his eyes, "that's my flannel shirt."

PAY FEARFUL TOLL TO DESIRE FOR GOLD

Loss of Mind And Loss of Life in Tramp Into The Yukon

Prince Rupert, B. C., Feb. 25.—Of three prospectors who started a month ago from Atlin, a placer camp on the Yukon line in search of gold, one nearly starved to death, one lost both feet and one became insane from cold and died. The men headed for Silver Creek. They had to break their own trail and traveled light expecting to replenish their stores at a trading post near John lake.

The trading post was found abandoned. One man sent back for supplies lost his way and was rescued by Indians when nearly dead. The mind of one of the two remaining, a Swede, named Lindemann, became affected and his desire for warmth jumped into a camp fire. Redmond pulled him out, but he died. Redmond buried Lindemann in the snow and turned the dogs loose, following them wherever they went. They finally led him to an Indian camp and the Indians took him to Atlin where both feet were amputated.

AMERICAN LADY CORSETS

There seems to have been a spontaneous endorsement of the "American Lady" corsets in the large centres of the United States. THE MUNICIPAL HOME

The proposal of the Eastern Trust Company to ask for an option on the Municipal Home property which will come up at the special meeting of the Municipal Council this afternoon was considered by the city commissioners at their meeting this morning. Their attitude was an unwillingness to dispose of this property to private interests unless they are assured that such a sale would not interfere with the plans for development in connection with the harbor works in Courtenay Bay; also that the sale would not be made unless the amount realized would be enough to provide a new building large enough for present needs and for some time to come and also for the purchase of as much land as would be needed in connection with the institution.

USED NAME OF THE POPE TO SWINDLE CANADIAN TOURISTS

Rome, Feb. 25.—Two confidence men, believed to be Americans, got \$5,000 from James Sawyer, a Canadian tourist, in an unusual way. The pal of the confidence man handed over \$5,000 and Mr. Sawyer followed suit. Then the two disappeared.

Instead of doing this, it is said that he started in to drink again and the commitment was therefore sent out against him.

GILBERT'S GROCERY

COMPLAINT HEARD

It was complained today from the west side that there was considerable delay caused in procuring stretchers in one of the sheds there when an accident occurred this morning. It was said that the stretchers in one of the sheds were locked up and the man who had the key was not to be found at the time, and the one complaining suggested that it might be a good scheme to have the key of the locker kept in a convenient and at the same time a safe position in the shed, instead of being in personal possession.

FLEMMING OPPOSED TO ANY CHANGE

(Continued from page 1.)

Citing Mr. Bouillon's statement that the cost of keeping up an expensive bridge would not warrant a departure from the longer route via Ferry's Point, he argued that the very slight increase in distance via Westfield should not operate against the route. Mr. Clemens took up the cost of bridges at different points and argued that from these premises against the heavy expense that would be incurred crossing the Mistake and the Kennebecosis at Westfield to Fairville would not be greater, perhaps not so much as in the route now under contract to Gondola Point. But from Fairville to St. John the land damgers would be heavy. In his concluding remarks Mr. Clemens said there was no proof that the Grand Trunk Pacific would come to St. John.

Mr. Lively contended that by the time the harbor bridge could be built the Grand Trunk Pacific terminals would be ready and the argument of the added freight expense to the west side would be gone. He spoke of the obstruction a bridge would be to the harbor and was strongly in favor of the shortest possible route.

A. D. Helyoka of Woodstock did not want anything done to delay the completion of the road. Woodstock was in favor of the shortest route to St. John.

Mr. Baxter, for the Fairville Board of Trade, took the position that the best expert engineering advice should be had to determine what was the better route and abide by that. That board was opposed to the Valley Railway passing into the control of any private corporation.

S. L. Peters of Gagetown made a comprehensive speech covering many points in favor of the present route. They were favored by John R. Dunn of Gagetown, favoring the Westfield route; Morris Scott of Gagetown, who wanted more information; S. Sherman Peters, who favored the view of S. L. Peters; and representatives from Greenwick, Hampered, Kingston and Meductic also expressed their views pro and con.

M. W. Doherty of St. John favored Mr. Baxter's view of more expert advice.

Mr. Wood of Queens made a plea for the road to go via Westfield.

The Premier
Premier Fleming in his reply said it would be a great task to open up the question of route again. He did not give any of the delegations much hope that the contract route would be departed from, though he said that if the coal and iron deposits in Queens existed they would have to have proper transportation facilities.

He read an important letter from Mr. Bouillon, district engineer of the Grand Trunk, opposing the Navy Island entrance and giving his reasons.

One of the most important things he dealt with was the great expense of the Gondola point bridge which would not be warranted to save such a short distance. The Premier did not finish his remarks until nearly two o'clock, which prevents any detailed report.

THIS TRAIN
For the first time this winter it was found necessary yesterday to use the flanger on the I. C. R. between this city and Moncton. The snow hardening on the rails made it difficult for an average speed to be maintained. It has not yet been found compulsory to use the snow plow. The drifting snow in the northern section of the province delayed the Maritime going into Moncton, holding it back about five or six hours this morning, although it was on time from Moncton to this city. The Montreal also was delayed today, being about two hours and a half behind time, while the Bay of Boston was held up about forty-five minutes.

Good ice at the Vic tonight.

A NEW SITUATION

An entirely new and interesting state of affairs has developed in regard to the street railway situation in St. John. A new and powerful organization has entered the field and is said to be prepared either to purchase the St. John street railway and lighting plant and introduce hydro-electric power, or it is prepared to do as much business as may be possible in the city without making that purchase and carry on street railway operations in the ordinary manner. The fact that the offer for the purchase of the St. John Railway Company's property is made in behalf of one of the largest groups of street railway and water power owners and operators in the United States will encourage citizens to hope for developments which will lead to the building and operation of suburban street car lines, while the hydro-electric proposition appears to offer also the prospect of cheap light and power in the city itself. At all events the citizens will be interested in the outcome of the entry of the new organization into the field. The policy of the present street railway company has been and is to wait until good business is offered before extending its lines. That is not the policy which causes a city to expand. St. John is on the eve of a period of growth which nothing can entirely check, but which would certainly be very much accelerated if a street car service into the suburbs were provided; while all are agreed that a reduction in the cost of light and power is very desirable. The citizens will therefore watch with great interest the further developments in connection with the important matter. The street railway company has turned down the first offer of the rival organization, but that of course does not end the matter.

CANADA AND SEA POWER

Canada and Sea Power is the title of a book by Christopher West, which has just been issued from the press of McClelland & Goodchild, Limited, Toronto. The author of this book is not in favour of naval expansion. He does not believe that Canada should build a navy or contribute to the imperial navy. One significant short chapter indicates his attitude, and is as follows:
"If Canada can afford thirty-five millions for Dreadnoughts, she can afford another thirty-five millions to spend in missions to Germany, France and Great Britain for the special purpose of promoting international good-will. Such missions have, in fact, been undertaken in a voluntary way within the past two years by various bodies of men in England and Germany, who see that good-will is a greater power in diplomacy than physical force. If the members of the Canadian parliament were to go in a body to Germany and France and have informal heart-to-heart talks with members of parliament of those countries on various matters of common interest, they might remove the distrust and misconceptions which are among the causes of the naval rivalry. Deputations of educationists, journalists and various other interests might be sent on similar missions to learn each other's views, and so be able to find out how conflicting interests may be harmonized. Dr. Ludwig Stein, editor of the German publication, 'Nord und Sud', within the past year undertook such a mission on his own account, inviting eminent public men in England and Germany to make suggestions for solving the Anglo-German difficulties. In response, forty-five Germans and Britons of prominence in politics, science, law, education, finance and trade constituted a symposium which has been translated into English and published at a shilling by Williams & Norgate, of London. If the facts and arguments of even this little pamphlet were known to the people of both countries, it would be clear that there is every reason for Anglo-German co-operation and none for Anglo-German enmity."
"Well does Shakespeare say 'there is no darkness but ignorance,' and if the Canadian people knew the forces that are now at work making for international co-operation on a world-wide scale, they would spend the nation's money organizing these forces, and leave the question of 'naval units' out of sight. The man who wants to fight first and reason afterwards is a shallow man and a bad neighbor. His mentality is of such pitiful stuff as murderers are made of, and wise men shun him."
Mr. West considers the naval situation in Europe and makes some deductions which he applies to Canada. They are as follows:
"Since it is so plain that the conditions of the present time are unlike those of any preceding age; that the trade and the industrial connections of the great nations are fast becoming so closely interwoven that a war will inflict as much injury and suffering upon the aggressor as upon the nation attacked, are we not to conclude that aggressive wars are now impossible? They would be impossible if all wars were determined by material interest, if the knowledge of political leaders advanced with the changing times, and if the people were both awake to their duties and vigilant as to their interests. And this question leads us into the political enquiry; but, before we enter on that enquiry, we are warranted in taking the industrial eve-

BIRTHDAYS OF NOTABILITIES

FEBRUARY TWENTY-FIFTH

The Right Hon. Sir Robert Bodd, premier of Newfoundland from 1900 to 1909, is fifty-six years of age today. He is a native of the island. He has had a purely political career. He entered the legislature in 1882 and became speaker in 1884. He later became colonial secretary and was interested in numerous negotiations with the United States culminating in the Bodd-Blairst Treaty. He became a member of the legislative council in 1895. His government was defeated in the election of 1909 by Sir Edmund Morris.

The Rev. John Somerville, treasurer of the Presbyterian Church in Canada, was born on this date in the year 1846. He taught school as a young man and then served the ministry, serving for many years as pastor of the church in Owen Sound. In 1900 he received his present appointment, in addition to which he is clerk of the general assembly and convener of the home mission committee.

Nathaniel C. James, provost and president of Western University, London, also claims this as his natal day, having been born on February 26, 1860, at Clayton, Ont. He is a graduate in arts of the University of Toronto, and holds a Ph. D. degree from the University of Berlin. Returning to Canada, he was for seven years a teacher in Halifax Academy, going to Western University as professor of moderns in 1886.

BEYOND THE SUN-ET

(H. L. Spencer.)
Beyond the Sunset lies a land, where never May age, infirmity or grief be known; Where time flows on as flows a peaceful river— Where friends meet friend and never feel alone.
About us here are many vacant places— Thickly the graveyards all with graves are strewn; Ah, where are they—the old, familiar faces? The friends of happier years; where have they gone?
Beyond the Sunset, through whose misty portals We sometimes dream at eventide, that Catch loving glances from the bright immortals— Who beckon to us o'er the Sunset sea.
"Here Summer reigns"—they tell us— "reigns eternal; Here flow the rivers of perpetual youth; Here is the dwelling place of peace and joy— Our gates are guarded by the sword of truth."
"There change the seasons—there the tempest rages— You are the brightest and broken tree; Here is a balm that every grief assuages; Beyond the Sunset—o'er the Sunset sea."
There fades the twilight, and the shadows darken— The beckoning hands no longer I behold; No voice is heard, however intent we hearken— For night has closed the Sunset gates of gold.
LIGHTER VEIN

"You drank too much punch at that reception yesterday."
"Who saw me drink too much?"
"It wasn't necessary to total up. When I came in you were holding an illuminated conversation with the piano lamp."
"Why did she cut you?" "She doesn't like my comedy."
"How's that?" "She made the statement at a party last night that she was 20 years of age, and I said: 'Yes, I knew that 15 years ago.'"—Houston Post.

THE DIFFERENCE

"The unfortunate peasant women of Europe carry burdens on their heads."
"So do the dirt and society women of America, but they call them hats."
EXPENSIVE ITEM.
"How much did you pay for that picture?" "asked the art expert."
"I don't know exactly how much I paid for the painting," replied Mr. Dustin Slax, "but the signature cost me in the neighborhood of \$75,000."
A MISTAKE.
Bobby was saying his prayers in a very low voice.
"I can't hear you, dear," his mother whispered.
"I wasn't talking to you," replied Bobby, firmly.—Harper's Magazine.

WHERE DOES THE CHILD GET IT?

The opera bores me now and then, And dreary often is the play; Of what the writers pen, But never of what children say.
A constant marvel is the speech Of tots that range from five to six; Variety's the spice of each; Last night she staggered me with "Nix."
Each day, it seems, brings something new— Some quaint, refreshing thought of hers; Some phrase I'd never guessed she knew; Then strikes me dumb when it occurs.
Last night I said, "It's time for bed!" Put down your dolls and teddy bears! She answered me: "I've gotcha, Steve!"
Feigning a touch of sternness then I frowned and said, "At once, upstairs! I will not hear from you again!" Put down your dolls and teddy bears! She caught the twinkle in my eyes; There's little that she does not see; And then to my profound surprise, "Out out the comedy," said she.

MORNING NEWS OVER THE WIRES

Police Captain Thomas Walsh of New York was yesterday allowed on bail of \$1,000 after pleading guilty to the indictment charging him with bribery. Walsh confessed to his part in the system of levying tolls by the police against disorderly houses.

work for the vagrant, the unfortunate and the unemployed, who otherwise must probably be sent to the Municipal Home, and now we are asked to grant to the Home of the Good Shepherd, a Roman Catholic institution, one of which is the protection of fallen women, and to which they are frequently sentenced by the police court.

The work of both the Salvation Army and the Sisters of the Good Shepherd in these respects is admirable, and very praiseworthy, and to be perfectly consistent, if I vote for the Salvation Army grant I must also vote for the other, but as a trustee of the public funds, contributed by citizens belonging to all religious denominations, Methodist, Baptist, Congregationalist, Presbyterian, Unitarian, Christian Scientist, Jew, Anglican, Roman Catholic and many unattached to any of these, the granting of either application to my mind means the granting of such applications from any other religious denomination. This I consider dangerous from the standpoint of expense to the city as well as the probable multiplication of such institutions and therefore I must oppose both grants as in my opinion the only safe principle to adopt.

The need of both these causes is very great, and if the work cannot be supported by private subscription, the municipality will have to provide for them in the municipal home, the municipal jail or municipal farm.

Mayor Frink spoke in regard to the work being done in the Home of the Good Shepherd and he thought that under the provision of the Child's Protection Act that this institution might receive help. The mayor pointed out that the Catholic people were not in need of the Child's Protection Act as their children were cared for whenever necessary, but his words thought that a solution of the problem would be to give a certain amount to the Home of the Good Shepherd. He spoke of the good work that had been done by the home. He also referred to statements made by the county secretary in regard to the placing of children who had no one to care for them, and how much easier it was to place them in the Catholic home than in the Protestant home. The county secretary was quoted as saying that children would starve if they had to wait for the arrangements which were to allow them to enter the Protestant Orphan's Home, while the Catholic institution took the children without asking questions.

The reports of the commissioners were then dealt with. The commissioner of public works was authorized to purchase one hot mixer, three, eight and ten ton rollers, portable stone crusher, sand screener and oil distributor and to make arrangements for the purchase of a motor truck, to call for tenders for 125 tons of refined asphalt, fifty barrels of readium oil, 100 barrels of refined coal tar, four tank cars of asphalt road oil, ten cords of hardwood, seventy-five tons of run of mine coal and to purchase 24 barrels of lava.

The commissioner of harbors was authorized to negotiate with the department of marine and fisheries regarding the grant of a portion of Middle street, W. E. for which the department has a deed. The commissioner was authorized to pay \$2,250.04 to the C. P. R. for repairs made to the railway trestles at Sand Point. The commissioner of water and sewerage was authorized to proceed with his extensive programme of renewal of water mains on both sides of the harbor, to purchase a quantity of terra cotta pipe and to call for tenders for cast iron, cast-iron, stop-cocks, valves, 500 barrels of cement, etc.

The report of the city engineer was received and referred to the commissioners of public works and harbors, ferries and public lands. The engineer in his report reviewed the work of the last year. According to the report the cost of the Loch Lomond extension to date has been \$221,802.22. New slaves had been placed in the outlet of Lake Lismore at a cost of \$232.03. He reviewed the work in connection with the search for leaks in the different mains. The leaks in the woodstave pipe has amounted to about 664,000 gallons per day and 772,000 gallons per day are delivered to the city through this wooden pipe. The engineer also referred to the improvements that had been made to the different wharves of the harbor and the amounts expended on each.

During the year forty-three pieces of real estate have been sold by the city and fifteen leases have been granted.

ANY WOMAN CAN HAVE BEAUTIFUL HAIR

Dandruff Disappears, Falling Hair Cesses, When You Use Parisian Sage

No preparation has done so much to stop falling hair, eradicate dandruff and make women's hair beautiful as PARISIAN Sage.

It is the only certain destroyer of the dandruff microbe, the cause of most hair troubles.

PARISIAN Sage is most daintily perfumed. It is an ideal preparation, not sticky or greasy. It does not contain poisonous sugar of lead or sulphur or any dye.

It is a magnificent dressing for women who desire luxuriant, lustrous hair that compels admiration and for men and children nothing can compare with it.

It does away with terrible scalp itch over night and causes the hair to grow in abundance.

And a large bottle of PARISIAN Sage costs only 50 cents at all drug and toilet goods counters. All druggists.

Nationalist Amendment For Plebscite on Naval Bill Accepted in the House

Ottawa, Feb. 24.—The Nationalists have finally got an amendment of their very own on the naval question before the house of commons. Their two previous attempts on the resolution stage of the Borden proposals to secure consideration for their plebscite idea without committing themselves to any naval policy whatever were frustrated by the speaker's ruling.

Mr. Loggie said there should be a compromise to take this question out of politics and the compromise should be upon the resolution of 1909, to which both parties agreed. If the Conservatives would not agree to this, he should ask the people to decide between the two policies now before parliament, not by a plebscite but by a general election.

OVER HALF OF ALL SICKNESS CAUSED BY CLOGGED UP WEAKENED KIDNEYS

It is a well recognized fact among physicians today that the greater part of all sickness can be avoided by keeping the kidneys working properly. It is even more important than for the bowels to move regularly, because the kidneys and bladder are the filters and purifiers of the body.

Do you judge cocoa by its color?

Much of the cocoa sold in Canada today has a darker color than Lowney's. The very dark cocoas are nearly always produced by an alkali process.

The sustained administration of alkalis and their carbonates renders the blood poorer in solids and in red corpuscles and impairs the nutrition of the body.

Lowney's color is just the color of pure cocoa. Lowney's has no added alkali, starch or other adulterants. It is produced in our spotless Montreal factory. No cocoa can be purer.

The flavor is full, rich and delicious. Lowney's will show you how cocoa ought to taste.

Many Sport Followers Have Forgotten The Johnson Escapades

THEY say that time is a great healer, and I guess the person who first thought of the remark must have known from experience just what was meant. Had any one suggested three or four months ago that a battle for the world's championship be arranged between Jack Johnson and Al Palzer (since whipped by Luther McCarthy) he would have been hooted out of the country, all on account of the escapades of the colored man with a white woman. Now they are talking of matching Palzer with Johnson in Paris the night before the Grand Prix, June 24, and the people of the French capital, according to advices coming here by mail, are all enthused over it. And on top of all this comes the announcement from Luther McCarthy that he will meet Johnson in a title match if his manager, Billy McCarney, says so.

Had either one or both offered such a suggestion last October they would have been criticized by the press and public, but four months have sufficed to change matters greatly and make people forget. Yes, time is a great healer.

When Luther McCarthy went to the Pacific coast to take part in the elimination tournament, given by Tom McCarney, it was not the champion he had in mind, but the man who had won the title, must never be contested for by any boxer except white men; blacks were barred entirely, and it was given out at the time as coming from McCarthy that he would never fight a colored man for the title. As George Munroe would say: "Well be that as may be" Lute has changed his mind and so has Billy McCarney, and now he is willing to take on the man who defeated Jim Jeffries, poor Jim, who was out of the running before he entered the ring that day at Reno.

Of course there may be a hitch to the proceedings, as Jack has not yet succeeded in disentangling himself from the Chicago not-work, but he says he hopes in time to make the journey to Paris, and he certainly has a right to demand a match of Johnson before any one else. Paris will stand for mixed matches, but there are few cities, if any, in the states where they can be staged now. But if the bars are to be let down why let us have it out between Langford and Johnson and then send the best of the whites against the best black.

Langford is on his way home from Australia, where he defeated Big Sam McVey, a black man supposed to have it on all of them, and he certainly has a right to demand a match of Johnson before any one else. Paris will stand for mixed matches, but there are few cities, if any, in the states where they can be staged now. But if the bars are to be let down why let us have it out between Langford and Johnson and then send the best of the whites against the best black.

Still it is unwise for Johnson to count the chickens before they are hatched, for you cannot tell what Uncle Samuel is liable to do in his case.

American and National Leagues. Fred Clarke, of the Pirates, Connie Mack, of the Athletics, and John McGraw, of the Giants, are the only managers who are now plotting the same teams which they were leading in 1903. Some of the fifty-three varieties have drifted from one club to another in the same circuit and have occasionally transferred their operations to the other league. The clubs, the managers, and the order of their succession follow:

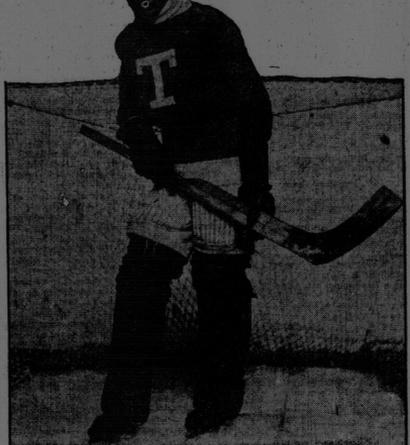

National League—New York, John McGraw; **Pittsburg,** Fred Clarke; **Chicago,** Frank Selee; **Frank Chance,** Johnny Evers; **Philadelphia,** Charley Zimner; **Hugh Duffy,** Billy Murray; **Charley Doan;** **St. Louis,** Patsy Donovan; **Charley Nichols,** Jimmy Burke; **John McKinley,** Roger Bresnahan; **Miller Huggins;** **Cincinnati,** Joe Kelley; **Ned Hanlon,** John Gangel; **Clarke Griffith;** **Hank O'Day,** Joe Tinker; **Brooklyn,** Ned Hanlon; **Patsy Donovan,** Harry Lumley; **Bill Dahlen;** **Boston,** Al Buchenberger; **Fred Tenney,** Joe Kelley; **Frank Bower;** **Harry Smith,** Fred Lake; **Fred Tenney,** John Kling; **George Stallings.**

American League—Philadelphia, Connie Mack; **Detroit,** Ed Barrow; **Bill Armour;** **George Stallings,** Hugh Jennings; **Cleveland,** Bill Armour; **Harry Lapsie,** Jim McGuire; **George Stovall,** George Davis; **Joe Birmingham;** **Boston,** Jimmy Collins; **Clark Stahl;** **Bob English,** George Huff; **Jim McGuire,** Fred Lake; **Patsy Donovan,** Jake Stahl; **Chicago,** Clark Griffith; **Jimmy Collins;** **Philadelphia,** Charley Zimner; **Hugh Duffy,** Jimmy Callahan; **Washington,** Tom Loftis; **Jake Stahl;** **Joe Cantillon;** **Jim McAlister,** Clark Griffith; **St. Louis,** Jim McAlister; **Jack O'Connor,** Rhody Wallace; **George Sizwell;** **New York,** Clark Griffith; **Norman Elbert;** **George Stallings,** Hal Chase; **Harry Wolverton,** Frank Chance.

Philadelphia, Pa., Feb. 24—Harry Davis, former captain of the Philadelphia American league baseball club, and who last season managed the Cleveland team of the same league, will be with the Athletics against the coming season. Connie Mack, manager of the local American league club, has announced tonight that he has secured Davis' signature to a contract, and that the latter would accompany the Athletics when they leave for San Antonio, Texas on their spring training trip.

Zyosko is Thrown.
Chicago, Feb. 25.—Stanislas Zyosko, Polish writer, was thrown here last night by Constant Lemarin, in a handspas match in which the Poles undertook to throw Lemarin and Raymond Cassez both in one hour. Lemarin threw him in 24 1/2 with a reverse Nelson and arm scissors hold. It was the first time Zyosko had been thrown since he was 26 1/2 and demanded that Lemarin return to give Zyosko a chance to throw him in the remaining minutes of the hour. Lemarin refused and the bout ended with a dispute, the promoters withholding the stakes.

Growing and Ensuing Corn
The lack of confidence in the value and use of corn ensilage is gradually being overcome. According to J. H. Grisdale, director of experimental farms, who has tested the matter in many parts of the Dominion, corn for forage or ensilage can be grown to advantage in almost all parts of Canada except at stock farmers. Failure to secure satisfactory results often has been due to wrong cultural methods practiced, or unsuitable varieties grown, rather than to adverse climatic conditions.

Stock growers generally reliable information on the subject of corn ensilage, Mr. Grisdale was summoned by the select standing committee of the House of Commons on agriculture and colonization, to give evidence based on his experiments and observation. This evidence was printed in a pamphlet of sixteen pages and sent out in large numbers but there are still available for distribution some copies of the department of agriculture in Ottawa.

Corn will do well in almost any kind of soil provided with good drainage and well prepared. Barn-yard manure, which may be applied during the winter or spring, is the best fertilizing material to use. From middle to the end of May, according to the weather and soil conditions, is said to be the proper time to plant the seed, which may be put in hills or rows. After describing the necessary cultural operations, varieties suitable for various provinces and districts are named. For the more northerly latitudes Longfellow, Compton's Early, Angel of Midnight, North Dakota Flint and Sanford are recommended. Harvesting and ensiling are fully described and feeding is dealt with also. For feeding young stock some bran and clover hay should be added to the silage. Rations are given for all classes of cattle.

In discussing silos a table is embodied which shows the capacities of those of different dimensions. A hundred ton circular silo is shown to be twenty-seven feet deep and sixteen feet inside diameter. Silos of different materials are dealt with and their construction described. Sement silos are probably more durable and safe than those built of wood.

DANDRUFF AND FALLING HAIR CAN BE STOPPED WITH HERPICIDE

Every woman who is obliged to wear a false hair or man a toupee, feels that it is a misfortune. What makes the burden so doubly hard to bear is the knowledge that the loss of natural hair could, in most instances, have been easily avoided. The arch enemy of good hair is the dandruff germ. This is now a well established scientific fact. There is one remedy on the market which, used regularly, will kill the germ and keep out every trace of dandruff.

This remedy is Newbro's Herpicide, long known as the Original Dandruff Germ Destroyer. By keeping the scalp clean, Herpicide not only prevents the hair from falling out but allows it to grow as nature intended. Begun in time and its use persisted in, this valuable remedy insures a nice healthy head of hair.

Herpicide imparts a life and luster to dull, dead, brittle hair, making it light, shiny and beautiful. Don't wait. Begin now to save your hair. Applications may be procured at the better barber shops and hair dressers. A nice sample and booklet on the care of the hair will be sent to anyone upon receipt of 10c. in postage or silver. Address The Herpicide Co., Dept. R., Detroit, Mich. Newbro's Herpicide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. E. Clinton Brown, special agent.

DISHES OUT OF ROUTINE FOR DULLED PALATES

Chese Starries the Appetite When Served for Breakfast and Muffins of Cream Tempting
The early morning appetite in February is dull, but it is not dead. It is simply tired of the winter long routine of daily fare and craves something of inviting appearance and distinctive flavor. Heavy sauces and dressings are at all times out of place at breakfast; they are especially distasteful at this time of the year. Fish, meat and eggs should be served either with a very small amount of cream, or with butter, pepper and salt.

Cooked cereals and porridge, if served at breakfast, should be well cooked, served in small amounts and accompanied with cream or milk which is fresh and cold, some plump sausages or with butter, pepper and salt.

Was Afraid COLD WOULD DEVELOP INTO BRONCHITIS.
Bronchitis begins with a tightness across the chest, difficulty of breathing, and a wheezing sound comes from the lungs. There is also a raising of phlegm from the lungs, especially in the morning. This is at first white, but later becomes of a greenish or yellowish color, and is occasionally streaked with blood.

On the first sign of a cold or cough take Dr. Wood's Norway Fine Syrup to prevent it turning to bronchitis, for once bronchitis gets installed into the system it is only a short step to Consumption.

Mrs. F. Saunders, Toronto, Ont., writes: "It is with great success I have used Dr. Wood's Norway Fine Syrup. My little girl had an awful cold which seemed to go to her throat and chest, and while she was sleeping one could distinctly hear her wheezing. I was afraid it would develop into Bronchitis, so as soon as my husband came home I sent him right away to get a bottle of Dr. Wood's Norway Fine Syrup. As soon as she awakened up I gave her a dose and continued its use until she became quite better. We only used half a bottle. I will never be without it as I consider it invaluable."

Be sure you get "Dr. Wood's" when you ask for it. The price is 25 and 50 cents per bottle. Put up in a yellow wrapper, and three pine trees the trade mark. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

NEW TASK FOR GRAND JURORS

Must Pass on Condition Of Carleton Buildings

COUNTY COURT SESSION

Baseball Case is One of Those on Docket—Boys Who Ran Away From Industrial Home Deal With—Probate Court

The February sitting of the St. John County Court was held this morning. Judge Forbes presiding. Two cases of a novel nature were presented to the grand jury for consideration. These were left by the court by Recorder Baxter. A by-law was passed last year stating in effect that if persons owning old, dilapidated and unoccupied buildings did not remove them after receiving notice from the city to do so; then, after being advertised in a daily newspaper for a certain period, the authorities could take the matter in their own hands and leave it for the consideration of the grand jury to say whether or not such buildings should be removed.

Pursuant to this by-law the consideration of two buildings in Carleton was this morning left to the grand jury who were instructed that an official would accompany them to review the buildings and they would then be required to make a presentment to the court.

The docket was as follows:—

Criminal Cases.

The King vs. Frederick Rieker, George Fawcett and Lawrence McCarthy, escaping from the Boys' Industrial Home.

The King vs. Fred Elworth and Patrick Crowley—thief.

Civil Docket—Jury Cases.

Hum Ying vs. Hum Foo, D. Mallin, K.C. Stephen W. White vs. Herbert J. Fleming, David B. Donald, John Russell, Jr., and Donald C. Malcolm, doing business under the name and style of The Marathon Baseball Club—J. A. Barry.

Non-Jury Cases.

Norman N. Gregory and Alex. G. Gregory vs. Rudolph W. Mayer—MacRae, Sinclair & MacRae.

William A. Steen and Alexander A. Steen vs. Doherty & McHugh, Ltd.—H. H. Pickett.

The S. Hayward Company vs. David A. Stewart—H. H. Pickett.

James Lewis et al vs. Alfred D. Murray—H. H. Pickett.

Chesley Stevens vs. Thaddeus E. Lynch George H. V. DeJoy vs. J. W. DeJoy.

Dunlop Tire & Rubber Goods Company Limited vs. Frederick C. Jones—George H. V. DeJoy.

Ida Jacobson vs. Hilda M. Fowler—A. A. Wilson, K.C.

Thomas H. Townshend vs. Benjamin J. Thibodeau—E. P. Raymond.

The three lads charged with escaping from the Boys' Industrial Home and pleaded guilty. Fawcett was allowed to go with his mother, who has come here from the states to look after his interests. He was warned, however, if he came back to St. John within two years he would be sent to Dorchester. McCarthy was sent back to the home to serve the rest of his term and Rieker was remanded to jail until tomorrow morning.

In the case of the King vs. Elworth & Crowley, charged with stealing money from William K. Dennings and another from Sheriff deForest, a true bill was found in both counts. The trial will be commenced this afternoon.

The case of the King vs. McDonald, charged with theft and obtaining money by false pretences was presented to the grand jury on next Monday morning. One of the crown witnesses was Ralph St. J. Freese appeared for the prisoner. E. T. C. Knowles, K. C., appeared in behalf of the attorney-general.

The case of White vs. Flanning et al was made a remanet by consent on account of the illness of one of the defendants.

Hum Ying vs. Hum Foo will be tried on Friday and all the non-jury cases will be tried in Chambers at dates to be fixed later.

The Jurors

The grand jury is composed of Frederick C. MacNeill, Frederick O. Wesley, Henry L. McGowan, William J. Fraser (excused), Thomas J. Driscoll (absent), James P. Quinn, Walter Gilbert, R. Parker Ham, J. Allan Sharpe, Albert J. Machum, Frederick E. Cowdy, William E. Shaw (absent), John W. Hornbrook, James E. Quinn, Jarvis C. Purdy, John A. Pugsley, Henry R. Ross, Henshah M. McAlpine (absent), Joseph W. Mackay, Frank S. Holman (absent), Alfred Porter (foreman), Douglas D. McArthur.

The petit jurors are—Thomas Cogger, William McDonough, A. Gordon Plummer, Frederick P. Gregory, Richard Hunter, William H. Pyne, Frederick J. Stewart, Enoch W. Paul, D. Moore Manks, John A. Mackay, Leverett A. Belyea, John A. Davidson, Alfred Carlson, David McLellan, Thomas J. Finnigan, Thomas Kingsmill, Horace S. Brown, Hiram Webb and James McSherry.

The Marathon Baseball Club case has to do with an incident in one of the games last year in which Stephen W. White, a pitcher, figured.

In the probate court today, in the matter of the estate of Mrs. Eliza Evans, there was return of a citation to pass the accounts of the administrator. Mrs. Evans died intestate, leaving five sons—Percy B. of St. John, merchant; Roland J. of the same place, clerk; Edward Henry of Melton, Mass.; Richard C. of Newburyport, Mass., and Arthur J. of Roxbury, Mass., and two daughters—Amelia, wife of William H. Sulle, and Helena Sophia, wife of James H. Brown. The accounts were found correct and passed as presented. The administrator, Percy B. Evans, asked that he be not allowed any commission, and that his share be divided among the sisters and brother residing here. Distribution of the balance about \$1,770, was ordered accordingly.

Barthill, Erving & Sanford, are executors in the matter of the estate of Charles J. Ward, of the One Mile House, Inverdale, and the estate of Margaret Ward, his wife, there was return of a citation to pass the accounts of Andrew L. McIntosh, the administrator with the will annexed in the first estate, and the executor in the second estate. The accounts were gone into and, not being concluded, adjournment was made until Saturday next at 10.15 a.m. J. B. M. Baxter, K.C., is proctor for the administrator and executor—also for Katie White McIntosh, the adopted daughter of the deceased who gets one-half of the estate under the will, the husband having previously died,

CHINESE CASE UP IN THE POLICE COURT

A Carleton Matter—Hearing in Other Cases is Begun

Many nations were represented by the prisoners on the prisoner's bench in the police court this morning, representatives being present from England, Russia, China, Canada and other places. The principal case that came up for hearing was that in which Willie Sing charged Hum One, Hum Yuen and Hum Wing Soon with assault. As the names designated, the principals are all Chinese. They are employed in the laundry business on the main street by G. H. V. Belyea appeared for the defence, and J. D. P. Lewin for the plaintiff. The three defendants pleaded not guilty, and after hearing the evidence of two witnesses the court adjourned until this afternoon, so that an interpreter could be secured.

Willie Sing, a witness, did not have the usual voice that his name would indicate, but gave his evidence in a very straightforward manner. He said that he went to the shop in Ludlow street on Monday morning, to collect \$100 which he said Hum Yuen owed him, the latter having bought the business from the witness four weeks ago. The money was due yesterday, according to the witness, and when he went to collect it the three set upon him and beat him. He exhibited cuts and bruises which he said were inflicted by Hum Yuen and his two associates. Mr. Lewin announced that the plaintiff did not have any more evidence to submit.

For the defence, Hum One was called. He said that the plaintiff owed him several hundred dollars and that when Sing went to the shop yesterday morning, the latter asked him for the money. The witness said that Sing declined and left the shop and that there were no blows struck. He denied that Sing was seen roughly. On cross-examination the witness seemed to forget about the English language and when asked a question by Mr. Lewin, the answer was unintelligible. Mr. Lewin therefore asked that an interpreter be secured. The court agreed and suggested Hum Bo Thomas. The hearing was therefore adjourned until 2.15 o'clock.

Hearing in the case of James C. Clifton, charged with stealing a purse containing \$50 from the store of J. W. Clayton in Brunel street on last Friday was begun.

Miss Maudie Lake said that she was employed as a clerk with Mr. Clayton. On Friday afternoon she had left her coat in the back shop. In the pocket was a purse containing \$50, seven car tickets and a calling card. The prisoner had gone into the store about 3.30 o'clock. She heard him ask for something to eat and later saw him in the back shop eating an orange. When the prisoner had gone out she returned to her work. She identified a purse produced in court as hers.

In reply to the prisoner she said that he was the defendant of liquor whom she was in the store. The prisoner was then remanded.

Frederick Geary, charged with theft, further remanded.

Luenn Smith and Lizzie Smith, both charged with assisting William Dickson, also of Russia, pleaded not guilty. The complainant said that he had gone to Smith's home on last Sunday afternoon and when he met the Smith woman she asked him why he had said that she was not married to Luenn Smith. Dickson said that he told her that he had not said these things about her, and she thereupon started to beat him. Smith had assisted him.

The case was adjourned until 2.30 o'clock for other witnesses. The court advised Smith if he was married to the woman and he replied in the affirmative. His Honor then held him in his own power who performed the ceremony present at the hearing this afternoon.

John Griffin, charged with using abusive language to Ernest Laird and also with striking him with snowballs, was fined \$20 or two months in jail.

One prisoner charged with drunkenness was fined \$8 or two months in jail, and two others were fined \$8 or thirty days in jail.
