C. P. R. MAY RUN LINE TO STATES

Report They Will Compete From Antwerp With Red Star

EARL GREY'S CABLE

Sends Message to Dinner Party in Honor of Mr. Vivian—Canadian Building For Festival of Empire—Laurier and McBride Bricked in Query

Times' Social Cable

Antwerp, Nov. 19.—It is reported that the C. P. R. is planning a direct service between Antwerp and the United States Atlantic ports in competition with the Red Star line.

London, Nov. 19.—Lord Strathcona yesterday turned the first sod for a Canadian building at the festival of empire at the Crystal Palace.

At a dinner given in honor of Mr. Vivian, M. P., last evening a cable from Earl Grey was received, saying: "Should like to join you doing here to Vivian for showing us how to fight the slum evil."

The boat from Denmark today landed 440 bales of bacon. The market is firm on short supplies, and fair demand is in evidence. Canadian is 62 to 66; cheese, firmer; finest colored September 56 and 57; earlier makes 53 and 56.

John Rogers & Co's Liverpool cable today states that prices in the Birkenhead market showed a reduction of from 14 cent to 12 cent all round. There was a fair demand for really good cattle, but the tone of the market was not good, and rough cattle may be hard to dispose of.

Quotations were as follows:—Steeves, from 12 1/2 to 13 1/4 cents; Canadians from 11 to 12 1/4 cents; ranchers from 10 to 11 1/2 cents a pound.

F. E. Smith, speaking at Battersea declared if what was said was true T. P. O'Connor collected Canadian dollars in a campaign which, if Redmond's last utterance were accepted, was begun, founded and finished on false pretences.

Regarding Laurier's contribution to T. P. O'Connor's fund, the Morning Post's Ottawa correspondent states that Canadian politicians always found academic support of home rule a cheap and useful means of courting the Irish vote, and it is difficult to regard Sir Wilfrid Laurier's action as other than playing the familiar game.

The express has been hard to dispose of, Bridle, enquiring if they subscribed "to promote separation or imperial home rule."

MARRIED HERE, BUT SECRET

Ceremony Performed Three Years Ago Just Learned of Now

Boston, Mass., Nov. 19.—(Special)—A secret wedding in St. John three years ago is revealed by the following notice in today's issue of a Brookline newspaper: "Mrs. Augustus McLean, formerly Miss Pearl Bridges of No. 147 Brooks street, Brookline, will shortly leave for western Canada to join Mr. McLean. The couple were married in St. John, N. B., three years ago. It has been kept a close secret until now owing to the ill-health of Mr. McLean but he has now regained his former health, the western climate having agreed with him."

(Signed) AUGUSTUS McLEAN, Sackatoon, Sask. McLean is 28 and wife 22. Both formerly lived in Alberton, P. E. I. They were married by Rev. B. H. Nobles, Victoria street Baptist church, St. John, Nov. 8, 1907. During the last three years Mrs. McLean has been a fashionable dressmaker under her maiden name of Pearl Bridges.

SUFFRAGETTES FREED

They're Not Allowed to Go to Jail For The Cause

London, Nov. 19.—To their chagrin the 110 suffragettes who were arrested yesterday during their attempt to force an audience with Premier Asquith, were discharged in the Bow street police court today.

The attorney for the crown announced that Home Secretary Churchill had decided on the ground of public policy that no benefit would be gained by proceeding with the prosecution.

The willing martyrs to the cause of woman suffrage received this statement with lists and bows.

THE WEATHER

Moderate westerly winds, mostly cloudy and a little sleet to-night and on Sunday.

SAY WOOLEN FRAUDS OUTDO SUGAR CASE

False Invoices on Importations the Charge Made Against Firm in New York—Others Likely to Be Brought

New York, Nov. 19.—U. S. District Attorney Wise is seemingly determined to recover for the government all the money it is claimed to have been defrauded out of in the past five years by means of alleged false invoices for importations made by Joseph Brooke & Co., manufacturers of woollens, worsteds and linings, of Bradford, England and this city. Assistant U. S. District Attorney Whitney who has direct charge of the case said:

"This is the biggest case of its kind the government has ever had. The frauds involve several woolen firms in England. The total amount of the duties which the government has lost through these importation frauds is much greater than in the sugar underwriting cases."

After the filing of preliminary papers in a suit to recover \$200,000 damages because of alleged under-invoicing of woolen goods, Assistant Attorney Whitney obtained a writ of attachment upon which Marshal Henkel seized the entire stock of Brooke & Co.

Further to protect the interest of the government Mr. Whitney obtained from the Marshal 26 additional writs of attachment which have been served by Marshal Henkel on certain banks and firms to prevent the collection of sums on deposit and accounts receivable.

Mr. Whitney said that the Brooke case was the initial one of a series of cases which the government expects to conduct against other importers. These new cases said the federal officer, will involve claims against importers amounting to upward of \$10,000,000.

Isaac and Manning Phillips, importers of New York, were arrested today charged with having defrauded the government on duties on woolen goods. It is claimed the total duties will reach about \$80,000.

TELEPHONE FOR PROTECTION OF TIMBER LIMITS

Experiment Proved Successful in Assisting Quebec Fire-Rangers—Will Be Extended in Province

Quebec, Nov. 19.—In view of the many suggestions now offered and experiments tried for the protection of forests from fire, considerable interest is manifested by the Quebec pulp and lumber companies in the use of natural resources in the novel system introduced by William Power, ex-M. P., upon the timbered limits of the River Quebec Pulp and Lumber Company's limits along the line of the National Transcontinental Railway in Kamouraska county, near the American boundary.

Fifty-two miles of telephone line have been strung, forming a chain of communication through the heart of the limits. Telephones have been installed for the use of the fire rangers at five different points along this line, and portable telephones to be adjusted to the line at any point, are to be supplied to the rangers and carried with them in the woods, if suitable instruments can be procured, and, in fact, ordinary wall telephones are to be installed every two miles along the National Transcontinental Railway, where it passes through the limits.

Hitherto, when a fire started in the forest, the ranger finding it has had to hurry to headquarters or the nearest parish to summon help, instead of being able to work at extinguishing it while assistance is coming and fully a day or more has thus often been lost while the fire continued to spread.

Now a ranger can notify headquarters in a minute, or even less, and have the other rangers called out to his assistance a few hours at most suffering by a smoke to the scene, accompanied by a cool and amply equipped, if the fire is a serious one.

It is expected that the Power system will be adopted shortly by most of the other limit holders, and probably also by government for the safety of the most valuable of the remaining crown timber lands, especially where they are traversed by railways.

Over two years ago the first experiment along this line was made on the River Quebec Company's limits by Mr. Power, when he built a ten-mile line east from Ste. Perpetue village, where it connects with the Kamouraska Telephone Company's wire. It rendered such valuable service to the cause of forest protection that it was recently decided to make a general application of the system.

STRIKE RIOT SERIOUS

One Man Shot; Four Others Injured in Labor Trouble in Chicago

Chicago, Nov. 19.—One man was shot and four others bruised and cut in a riot of striking garment workers at the Kedzie avenue station of the Metropolitan Elevated Railway last night. The disturbance assumed such threatening proportions that police reserves were called to the scene to clear the street of struggling men and women.

The trouble is said to have started when strikers accented man claimed by the police to be strike breakers. When the first of the patrol wagons arrived the lighters had disappeared in the crowd which had gathered in the streets.

Fire Loss \$80,000

East St. Louis, Ill., Nov. 19.—A fire which destroyed the only business block in Belmont, caused a loss estimated at \$80,000. Six buildings were destroyed. The fire according to witnesses, was incendiary.

ENGINE RUNS INTO SPECIAL AT SACKVILLE

Some Damage Done Early This Morning in a Collision But No One is Injured

Moncton, N. B., Nov. 19.—(Special)—While coming into Sackville station this morning, the engine on No. 9 express, due in Moncton from Halifax at 3 o'clock, jumped the rails and crashed into the van of a special standing on a siding. No one was injured. The special van was partially demolished and the express locomotive pretty badly smashed. What caused the engine to leave the rails is unknown.

The special on the siding was in charge of Conductor M. Wynn, of Moncton, with Driver Carey Freeze and Fireman Roy McAnley. The express was in charge of Conductor G. W. Hopper, with Driver Charles Atkinson and Charles Stewart of Moncton. Fortunately the express was slowing up for Sackville station at the time and the impact from the collision was not as great as otherwise it would have been. The locomotive and mail car on the express left the rails, the van was splintered and smashed up, while the front of the engine was considerably damaged.

The track was torn up for a little distance and the main line was blocked. An auxiliary train was despatched to Sackville to clear the line.

The police made another Scott Act raid last night, this time visiting a restaurant on the Hazel street. A small quantity of a few bottles of gin and beer were found and the case has been laid against Landry. The second raid the police made yesterday.

AMERICAN TARS IN AN UGLY FIGHT AT CHERBOURG

Whites Against Blacks and Knives and Revolvers Are Used—One Man's Conditions Serious

Cherbourg, Nov. 19.—A dispute between white and colored blue jackets of the American squadron under Admiral Vreeland developed last night into an ugly fight in which it is said several men were injured. The whites arrested a sailor from the Kansas who is charged with having shot a man from the Louisiana, in the abdomen.

One negro was sent to a hospital in a serious condition from several stab wounds in his back while another black man was wounded on the head. The authorities are arranging for stronger police patrols to prevent further disturbances.

L. C. R. TO BE SUBJECT OF INTERCOLLEGIATE DEBATE

Fredricton, N. B., Nov. 19.—The subject of the intercollegiate debate between Acadia and U. N. B. in Wolfville in March that is to be the best interest of Canada, the intercollegiate railway be owned and operated by a private company.

L. W. Brown explained the government's old age annuities system to a large audience in Gibson last night.

A case against a resident of Woodstock, charged with keeping a bawdy house will come before the police court on Tuesday. Several well known young men here have been subpoenaed.

Potatoes are scarce here and sell for \$1.20 a barrel.

There was a heavy fall of snow near Georgetown this evening.

STEAMER CUTS DOWN TUG; FOUR DROWNED

San Francisco, Nov. 19.—Four men, comprising the crew of the sea-going tug Sea Prince, were drowned late last night in the bay off Angel Island, when the British steamer Greyhound Castle rammed and sank the tug.

Captain Langman, master of the Sea Prince, was the only man on the tug who was saved. The Sea Prince was towing the steamer Greyhound when the British tug cut into the way and the Sea Prince in two.

Tolstoi's Illness

Asiatovka, Russia, Nov. 19.—Count Leo Tolstoi, according to the bulletins issued this morning, passed a favorable night.

At noon the physicians issued this bulletin: "The condition of Count Tolstoi improved during the night. His temperature is 99.9, respiration good, but the patient continues weak."

A bulletin at 11:15 o'clock was as follows: "The patient's temperature is 99.8. The condition of the lungs unchanged. The heart action caused serious anxiety. The mind is clear."

Earthquake at Martinique

Port De France, Martinique, Nov. 19.—A severe earth shock moving from north to south was experienced here last night. No damage was done.

PREMIERS CALLED FOR DECEMBER 9

Conference on Representation to Be Held That Day in Ottawa

Toronto, Nov. 19.—(Special)—The provincial prime ministers of Canada have been summoned to meet in special inter-provincial conference in Ottawa on December 9.

The call was issued jointly by Sir James Whitney, prime minister of Ontario, and Sir Louisa Gouin, prime minister of Quebec, in accordance with a resolution adopted at the inter-provincial conference in 1908.

The conference was decided upon at the request of the prime ministers of the three maritime provinces. These will submit an important proposition in relation to representation of the maritime provinces in the dominion parliament and involving an amendment to the British North America Act by the imperial parliament.

The proposal, as has been previously indicated, will call for a minimum representation in the parliament of Canada based upon the figures under which each province entered confederation. The rapid growth of population in Quebec, which is the standard upon which the unit of representation is based, caused representation to be increased to 11 seats in each province in its initial representation as its minimum.

Each of the provincial prime ministers will have the privilege of having one or more of his colleagues present with him at the conference.

C. P. R. MAY HAVE MORE STEAMER LINES RUNNING FROM HERE

It is understood that the plans of the C. P. R. include two more lines out of St. John, a line to South America and a West India line.

South America service, it is said, is to be started next winter, but it is not definitely decided whether the West India line will be started next year or later. It is hoped that this can be made possible. It is felt that a good traffic could be built up between Canada and the West Indies, Montreal being used as a summer port, and St. John, and possibly Halifax, during the winter.

WIFE SOON FOLLOWS HUSBAND IN DEATH

Central Village, Conn., Nov. 19.—The widow of William F. Chapman in Norwich Tuesday, at the age of 78 was speedily followed by the death of his wife, Lucy H. P. Chapman, Monday being used as a double funeral was held yesterday.

Mr. Chapman was a brother of Senator Allison-Adams play of game to take place here on Wednesday afternoon.

MT. ALLISON AGADIA PLAY-OFF IN TRURO

Truro, N. S., Nov. 19.—(Special)—Arrangements have been made for the Mount Allison-Adams play of game to take place here on Wednesday afternoon.

BOROUGH ELECTIONS IN ENGLAND WILL BE OVER BY DECEMBER 8

Counties All in Before Christmas—Asquith Opens Campaign—Outlines Government Plans in Connection With Lords

Times' Special Cable London, Nov. 19.—At the National Liberal Conference, Premier Asquith today said the efforts of the conference were unwavering and they had to put aside the method of compromise and declare war. The Liberal party was stronger in the commons than eleven months ago. The Tories dared not face another election with the nucleus of the lords on their backs.

The principle upon which the government took a stand was that in a democratic country representatives of the people ought to have the controlling voice in its policy and shaping the law. They did not propose to set up a single chamber, they proposed having such changed relations of the two chambers as would confine the second chamber to functions which were admittedly appropriate to such a body. The Liberal party would not work of the two chambers which every party was in power.

Regarding the recent activity of the House of Lords, Mr. Asquith said, determined to bring an end at once to all for all time, to the present system under which Liberal legislation did not have a fair chance and to continue the second chamber to subordinate functions appropriate to such a body. The Liberals were fighting for fair play, for progressive legislation and the complete establishment of a representative government.

KILLS FATHER AS HE SHOTS AT RAT

Dayton, O., Nov. 19.—Louis Barrone, one of the wealthiest and most prominent farmers of Darke county, was killed by his son, Charles, aged 21 yesterday, when the two men were shooting rats in the granary. The father was armed with a rifle and the son with a revolver. They shot simultaneously at the same rat, the bullet from the younger man's revolver striking and killing the father instantly.

REGENERATIVE FORGE THROUGH HUMAN SOCIETY

Neil McPhatter's Address at Peace Banquet in New York—The Making of a World at Peace

Neil McPhatter, president of the Canadian Club of New York, who was the prime mover in the organization of the peace dinner there this week spoke as follows at the banquet:

The mission of the Canadian Club of New York is to cement the good feeling and friendship already existing between the people of this country and those of the land from which we come. Here are two great nations of kindred origin, kindred blood, developing the resources of their respective countries side by side; people having the same blood; surging through their veins; the same great desires and ambitions in life.

Our mingling together upon this special occasion, therefore, is particularly wholesome and congenial. It presents to us again the opportunity of expressing our friendship and good feeling toward the people of this great republic, whose warm hearts and generous impulses are everywhere recognized. At the same time we can revel in the pleasant associations of that beautiful land of the maple leaf which looks in upon us this evening in all its alluring loveliness.

Gentlemen, there is nothing more prophetic, nothing more significant for the future welfare and happiness, for the (Continued on page 7, fourth column)

Haverhill Couple Are Not Allowed to Start on Honeymoon in Peace

Haverhill, Mass., Nov. 19.—As she was about to start with her husband on their wedding tour Mrs. Harvey B. Warren who was married to her husband on Monday last, was spirited away in an auto by several of the wedding guests and driven across the country where the husband in another auto vainly searched for his bride. Two hours later, Mrs. Warren returned and she and her husband started on an auto, intending to keep their destination secret, but the guests climbed into another machine and pursued the couple to Salem, N. H., where they serenaded them.

The marriage took place at the residence of Mr. and Mrs. S. Moore, 142 Cedar street, Rev. William J. Twort officiated. The couple held a reception after the marriage at the residence of Mr. and Mrs. Moore, where the bride and groom prepared to leave on their journey. As the bride descended the stairs of the house she was escorted to an auto, where she thought her husband was. As soon as she was seated in the car the chauffeur put on full speed and carried her off.

The husband hatless and excited, ran from the house, looking for his wife, his hands on his head and patrolled the streets of the city, walking to catch a glimpse of his bride. The bride meanwhile had decided to make the best of the affair and returned to enjoy the ride through Bedford, Wardhill, Andover, Methuen and Lawrence. After the circuit of towns and cities had been made the auto returned at midnight to Cedar street, where the groom was waiting. He did not start to hear the laughter of the assembled guests, but halted his wife into an auto and took the chauffeur to go ahead.

As a Times-Herald reporter Captain Genebo said that he had seen an outline of the plans for the dredging, quays, etc., at Courtenay Bay and expressed the opinion that they promised to be of great benefit to the province. The plans, in his view, indicated that a right kind of a start was going to be made and defects experienced in other ports would not be repeated. "This is the place undoubtedly," was the way he summed up his comment.

YEAR OF 364 DAYS IS THE PROPOSAL

Movement on Foot to Reform the Gregorian Calendar

Berlin, Nov. 19.—The movement for the reform of the Gregorian Calendar seems to be taking a more tangible shape than heretofore. The Swiss federal council, according to the Berner correspondent of the Vossische Zeitung, will invite all the nations to a conference at Bern with a view to adopting an arrangement by which every year will be divided into exactly 32 weeks, or 364 days.

New Year's Day would be an extra day. Sunday would be no date. The four quarters of the year would be equal, of the same length—30, 30 and 31 days successively. Thus the 31st day of March, June, September and December would always fall on a Sunday. Every leap year would have an off day that would neither be counted nor dated. It would be inserted between June 31 and July 1.

Dequene, Ark., Nov. 19.—The circuit court here has returned a verdict of murder in the first degree against John Ford and his wife, who have been on trial for the killing of Wm. Nichols on Sept. 29. Both will be hanged on January 20. The Fords were tenants of Nichols, who was

MORE THAN 40,000 AT THE MATCH

Final Struggle of Season Between Football Teams of Yale and Harvard—Bids of \$25 to \$150. For a Seat

New Haven, Conn., Nov. 19.—More than 40,000 persons the wealth and beauty of the east streamed through this city today to Yale Field to participate in the culminating football battle between Yale and Harvard. Always the focus for the college of the east, the game this year because of unusual circumstances, including the defeat of Princeton by Yale last week, attracted more than the usual crowds. Scores of special trains from New York and Boston came in during the night and morning.

From dawn until game time the old Boston post road running both ways from New Haven was alive with thousands of automobiles all heading for the football field. This double stream of motor cars started from New York and Boston before sun up and merged on New Haven. Some of the cars started from points as distant as Philadelphia and Portland.

Long before the game began the streets of this college city leading to the battlefield were a kaleidoscopic picture of animated colors in which the pale blue and crimson predominated. The parade of the score of thousands of young men and women, all imbued with the college spirit, from trains to the field was this year more spectacular than ever.

Adjoining the field in a great lot, were parked many millions of dollars worth of automobiles. At the gates to the football grounds and in the city there was the greatest confusion over tickets. Weeks ago every available ticket had been distributed by the committees and for days the wildest and most extravagant offers had been made for seats. Bids ranged from \$25 for a single seat and twenty-two third, among the oldest passengers were Forbes H. Cooper, and Norman D. Mackay, of Liverpool, who are to be the guests of W. Malcolm Mackay of this city; and Mrs. Edwards, wife of Col. M. B. Edwards, and her daughter Christian. Mrs. Edwards accompanied her husband to England when he went across as commander of the Bialay team, and she has since been touring the continent. The other season passengers were—Mrs. Allan-Somers, G. G. Barber, A. J. Barnstead, Mrs. Barnstead, Mrs. Caulfield, Mr. Connor, D. W. Craddock, H. S. Davis, Dr. W. H. Hattie, Mrs. Hattie, Mrs. E. R. Captain Gamble said that the trip across was uneventful. The steamer met with strong westerly gales but the weather was clear. She left Halifax at 3 o'clock yesterday afternoon and arrived off the island at 12:30 this morning. Her passengers consisted of about 2000 men, about 1000 of which will be landed here.

WINTER SEASON OPENED

Virginian Welcomed by Crowd at Sand Point This Morning HAS 45 PASSENGERS

Capt. Gamble in Command of Turbiner—Saw Courtenay Bay Plans, He Said, and Gives Opinion That Wise Start is Being Made

When the big Allan turbiner made her first hauler to the dock at Sand Point at 11:15 this morning she was welcomed by a big crowd at the "Pier," and on every hand were expressions that "it looked good," to see her there.

It fell to the honor of the Allan Line steamship to be the first to open the winter season of 1910-11 and the event was welcomed by the big crowd at the "Pier," and on every hand were expressions that "it looked good," to see her there.

The Virginian has a new commander this year, that is new to the steamer but not by any means new to the Allan service or to the port. He is Captain, J. T. Gamble, formerly of the Comman of the same line, and one of the most genial of the commanders of the steamships that make St. John their winter home.

Brought 45 Hrough The Virginian brought out 362 passengers but landed all forty-five at Halifax. Of those who came over to St. John there were nine sailors, fourteen second cabin, and twenty-two third. Among the season passengers were Forbes H. Cooper, and Norman D. For Business Use

There are a great many places and occasions when the possibility of getting extra heat immediately effects an economy by decreasing the discomfort of the worker. In the office, in the morning or late at night, before or after the steam heat is on, it is of importance to have extra heat in the boiler's outside office or shipping room, in the checker's shack, on exposed lots, in railroad stations, in shops, the

PERFECTION OIL HEATER Absolutely smokeless and odorless

is often a necessity. It is safe, smokeless and odorless. Apply a match, and it gives heat quickly. With four quarts of oil it burns nine hours. Has automatic-flaming flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the burner can be cleaned in an instant.

It has a cool handle and a damper top. An indicator always shows the amount of oil in the font. The fill-up cap is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in light or nickel. It is strong, durable, well made, built for service, yet light and ornamental.

Big Bribe Offered Presentation To Fireman
New York, Nov. 18—One hundred thousand dollars to vote against the anti-trust bill in 1918 was offered to State Senator Eugene M. Travis of Brooklyn, who he swore on the stand today, testifying before the legislative committee. A mysterious little man, whose name he does not recall, made the offer in the lobby of the senate, he said, on behalf of former Senator Frank D. Gardner. And Gardner, he added, confirmed it in a subsequent telephone conversation. Gardner is now under indictment, charged with having attempted, similarly, though with a lesser amount, to influence Otto C. Folkler of Brooklyn, now a congressman, but then a state senator. Folkler voted for the bill, as did Travis, and it was passed, notwithstanding the efforts of the race track interests and the alleged sale of a fund which previous testimony has placed at \$500,000.

FAMOUS GEMS OF PROSE

LIBERTY By Robert G. Ingersoll

To preserve liberty is the only use for government. There is no other excuse for legislatures, or presidents, or courts, for statutes or decisions. Liberty is not simply a means—it is an end. Take from our history, our literature, our laws, our hearts—that word, and we are brought but molded clay. Liberty is the one priceless jewel. It includes and holds and is the wealth and life of life. Liberty is the soil and light and rain—it is the plant and bud and flower and fruit—and in that sacred word lie all the seeds of progress, love and joy.

DISTRIBUTION OF SEED GRAIN AND POTATOES

By instruction of the minister of agriculture there is being made this season a distribution of samples of superior sorts of grain and potatoes to Canadian farmers for the improvement of seed. The stock for distribution has been secured mainly from the experimental farms at Indian Head, Sask., Brandon, Man., Ottawa, the samples consist of oats, wheat, barley, field peas, Indian corn (for ensilage only), and potatoes. The quantity of oats sent is 1 lb., and of wheat or barley 5 lbs., sufficient in each case to sow one twentieth of an acre. The samples of Indian corn, peas and potatoes weigh 3 pounds each. A quantity of each of the following varieties has been secured for this distribution: Oats—Banner, Abundance, Danah Island, Wide-Awake, Thousand Dollar, Improved Logow—all white varieties. Wheat—Red varieties—Mercury and Early Red (early beardless sorts of high baking strength), Red Life (beardless), Preston and Haven (early, bearded). White varieties—White Life (beardless), Bobs (early, beardless). Barley—Six-rowed, tenary and Manchuian (a selection from Mercury). Two-rowed: Stanwell and Invincible. Field Peas—Arthur and Golden Vain. Indian Corn (for ensilage)—Early sorts: Angel of Midnight, Compton's Early and Longfellow. Later varieties: Selected Learning, Early Mastodon, and White Cap Yellow Dent.

ECZEMA IS NOT FATAL

But its torture increases as it spreads over the body until it makes life a burden. It is cured by DR. CHASE'S OINTMENT
So many have eczema of one form or another and do not know it. The constant itching annoys them, but they scarcely realize how the disease is gradually spreading and becoming more aggravated. Particularly during cold weather, when exposed to sudden changes and dampness, this ailment becomes more severe, and during the night, when the body is warm, suffering is intense and almost insupportable.

SOCIALISTS CRITICIZED

Editor Times—Sir, I think it is about time someone tried to dispute what these Socialist preachers have been saying in St. John. Last Sunday night after I came out of church I went to hear one of these fellows preach about a certain white man. I came to the conclusion that they were against Christ's teachings. All christian ministers preach about charity, and say that it is good; but these Socialists say "we don't want your charity, Christ said, 'blessed are the merciful, for they shall have mercy.' The poor ye have always with you"; and these Socialists, who claim that Christ was a Socialist, teach the very opposite. The speaker said that he knew of a case in St. John about a longshoreman who would rather starve than ask for charity. I think that it is about time someone spoke against these Socialists. Another thing I would like to know is if the Socialist party is a white man's party. Pope condemn it and threaten to excommunicate any Roman Catholic who joins such a party. There must be some reason for it. I believe that a reverend gentleman in St. John is going to preach at the Socialist hall on Sunday night, and claim that a man cannot be a Christian and a Socialist.

Could Not Walk Ten Yards Without Resting.

WEAK HEART WAS THE CAUSE.
Mrs. Robinson Collety, Rogersville, N.B., writes: "I am now enjoying the best of health after having suffered for years with a weak heart and was unable to walk ten yards without resting. I could not sleep at night, and I was so tired that I could not get up in the morning. I had tried many remedies, but nothing helped. I then tried your Heart and Nerve Pills for they are the greatest pill I have ever used, and I can recommend them to all sufferers. Thousands of people go about their daily work on the verge of death and yet do not know it. Little attention is paid to the slight weakness of the heart for the simple reason that one thinks it will not be cured, but there is where the mistake is made. It is only when a violent attack comes that the weakness of the heart becomes apparent. On the first sign of any weakness of the heart or nerves, lagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a quick and permanent cure. Price 50 cents per box, or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

OBITUARY

Mrs. Clara Wetmore
The body of Mrs. Clara Wetmore was brought to St. Stephen yesterday from Providence, R. I., for burial. Mrs. Wetmore was a native of St. John. The body was accompanied by her two sons, Robert and William, and by her daughter, Mrs. Robert Clark.
Sir James Murray, who has been editor of the Oxford English dictionary for 31 years, said during a lecture at the London Institution that he had collected 5,000,000 questions to illustrate the meanings of words.

AMUSEMENTS FOR OURSELVES AND OTHERS

THE NICKEL
Tonight's advertisement of the Nickel Theatre gives a full account of the fine new programme for Monday also the new "Tri-Lite" in the children's cash prize contest. It is interesting reading. The special feature will be the Biography of Roman satirist and deist poet, entitled "Walter No. 3" and it is full of strongly dramatic situations. There will be a scene greatly to be desired in the Flower Kingdom, and two Edison successes, "A Jar of Cranberry Sauce," a mock drama, and "Almost A Hero," something extremely funny. Miss Foley and Mr. Mayson will have new songs and the orchestra has a new bill.

THE LYRIC

The final presentation of the Western playlet, "The Bandit" by Black and White, will take place at the Lyric Theatre this evening, and it is hoped that packed houses will rule. The picture programme seems to promise new songs and dances by "The Thoroughbreds," the Thoroughbreds Co., being exceptionally interesting. The vaudeville portion of the bill for this afternoon will enter upon a still further advanced plane of motion picture entertainment by supplying its patrons with the pictures of the best makers in the world, not a limited number of products as at present. Recent film concern mergers have made it possible now for the Lyric, in consideration of a considerable outlay, to render a service unsurpassed in America—new films, all the best makes and a variety that embraces all branches of the art.

MARINE NEWS

As announced in the Times last evening, the schooner Harry Morris, well known here as a schooner on Wednesday night. The Boston Globe says: "Mistaking the red light on Lowell's Island for the light of the schooner Harry Morris, one of the oldest of the two-masted sailing vessels in the province and this port, struck on Ram Head bar just before midnight, and the crew's thought she was doomed. The vessel's plight was discovered by Capt. Squires of the Steamer beach, who saved station at daybreak and he mustered his crew and started out to the assistance of the vessel. "On reaching the schooner the sails were hoisted, and when the tide began to rise at 9 a. m. she floated off."

THE TORREY MEETINGS

The gathering in the Queen's rink last night at the service conducted by Dr. Torrey, marked the close of the second week of the mission. It is thought that about 30,000 are the figures for the total attendance so far. Last night the evangelist spoke on "Why Tarriet Thou?" Mr. McEwan sang "Ninety and Nine" and "The Lord's Prayer." Rev. Dr. Sprague, of Mt. Allison University offered prayer. The services will be continued at the usual hours evening in honor of Mrs. F. Louise Tuttle who will leave on Monday for Charlottetown. The picture theatres were represented and a very enjoyable evening was spent. Several piano solos were rendered by Mrs. B. Parker and Miss Laura Day (Miss Mrs. Tuttle and Mrs. I. Dean with H. Newcombe were heard in a number of popular songs. Enjoyable readings were delivered by Dr. Geo. Hetherington and Steve Hurley making the time pass all too quickly.

Catarrh Conquered
You know the loathsome offensiveness of a bad case of catarrh. You know that catarrh very often works its way down to the lungs, ending, perhaps, in consumption. You know that, even before it becomes severe or chronic, catarrh is most disagreeable. Why then, do you not, gradually get rid of it, and possibly, by hundreds of others, you are unable to find a cure that really cures. Then you haven't tried Father Morrissey No. 26. This remarkably effective remedy, prescribed by the famous priest-physician, combines the advantages of both external and internal treatment. It includes tablets to purify the blood and a healing, strongly antiseptic saline to be applied inside the nostrils, directly to the affected parts. Even chronic catarrh soon yields to this combined treatment. The discharge is stopped, the diseased membrane healed, and colds no longer follow one another with monotonous regularity. Don't let that catarrh run on—get Father Morrissey's No. 26 and cure it. 50c. for the combined treatment—at your dealer. 109 Father Morrissey Medicine Co., Ltd., Chatham, N.B.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES THE DAILY TELEGRAPH

New Brunswick's Independent Newspapers. These papers advocate: British Connection, Honesty in Public Life, Measures for the Material Progress and Moral Advancement of our Great Dominion, No Craft, No Deals.

WHERE IS MR. BORDEN?

What is to be the outcome of the Nationalist agitation in Quebec? Mr. Armand Lavergne in a speech in Toronto last night declared that the Nationalists would have a candidate in every constituency in Quebec at the next Dominion election, and that they were also planning to invade the other provinces.

With the coming of the steamship Virginian, the winter port season of 1910-11 is fairly opened. Large quantities of grain and other freight have already come forward, and it is anticipated that this will be a very busy winter along the water front.

The Ottawa correspondent of the St. John Standard states that there is great excitement "not to say excitement" over certain questions asked by Dr. Sprules, M. P., who is described as "the most prominent Orangeman in Canada."

The die is cast, and the Asquith government will appeal to the people of the United Kingdom. Whatever may be said in parliament between this date and the dissolution will be aimed at the country.

The work of paving and boulevarding German street from Princess to Queen street has been today completed. It must be said for the contracting company that this work has been done with neatness and despatch.

ONE DOSE USUALLY CURES INDIGESTION OR A BAD STOMACH

Misery From Dyspepsia, Gas, Heartburn or Headache Goes After Taking a Little Diapepsin

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night. This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach in five minutes afterwards.

WHEN THE SUN GOES DOWN

When the sun goes down, And the day is done, Be the battle lost, Or the battle won, I'll be home again, With a single care— Is my crest unstained, Was I always fair?

IN LIGHTER VEIN

A HARD JOKE. Sitting before the fireplace, Telling her stories new, Says she, "While you pop chestnuts, I think I'll roast a few."

JUST A MISHAP

Knicker—"What is an old maid?" Bosker—"A woman who has missed the chance of being a divorcee."—Judge.

THE REASON

Hubby (with irritation)—"Why is it that you women insist on having the last word?" Wife (calmly)—"We don't. The only reason we get it is because we always have a dozen arguments left when you stupid men are all run out."—Ladies' Home Journal.

"COLLEGE SPIRIT"

Some young men in pursuit of higher education in a near-by university town have been hailed before a non-degreed magistrate and fined for disturbing the peace, simply because they tried to take forcible possession of a moving-picture theatre.

ANGEL CHILD.

This thing I deplore In the baby no door, It is always maintaining a pitiless roar; For nights and for days It will thrillingly raise A song of affection that nothing allays.

E. CLINTON BROWN

Druggist Cor. Union and Waterloo Sts.

BRIGHT AND BRIEF.

First Urchin—"What's yer father, Bill?" Second Urchin—"Why, a map, o' course!" First Urchin—"Now; I mean what does 'er work at?"

THE MOTHER IS PROUD

Of her prodigy loud; The father looks sleepy and drowsily covered. And my longing is sore For some far desert shore, Where the silence is safe from the baby's next door.

THE NEW FREEMAN PUBLISHES TODAY A LETTER WHICH WAS SENT TO THE ST. JOHN STANDARD BY A CATHOLIC SHAREHOLDER IN THE LATTER NAMED PAPER, BUT WHICH LETTER THE STANDARD DID NOT PRINT.

Fashion Hints for Times Readers

NEW TUNIC EVENING FROCKS THE ESSENCE OF GRACE
"Have grace!" is almost invariably the comment made by women who visit the important openings to see the new French costumes.

The Evening Chit-Chat

By BETH CAMERON

WHY do men, as a rule, have clearer and better skins than women? I have often heard this question propounded, but up to yesterday never heard any answer except whimsical comments on the cruelty of the fate that arranged matters that way.

"Probably because they shave."
"What has that got to do with it?" we retorted.

"I suppose they could if they wanted to."
"And would it really improve their skin?"

"It most certainly would. If any woman, who has a rough or pimply or sallow skin would get a brush and a stick of shaving soap or any other soap as pure, and would cleanse and massage her face every morning just as thoroughly as her brother does when he shaves, I'll guarantee she would have an infinitely better skin in a short time."

I am not by any means a health and beauty expert. I do not pretend to be able to teach my readers how to be beautiful though honestly, but every once in a while I get a letter from "Edith" or "Violet" or "Amarylis" or "Palcie" or "Sue" on this most important of subjects.

And the most common question is a request for a skin lotion that will make a homely, sallow skin clear and attractive.

Of course, I can't give that.

If I could, I should have a fortune ready made to my hand. No one can give that receipt no matter what alluring advertisers, who know the feminine public's longing to be fooled on this question, may say.

But if any girl really wants an attractive skin enough to work for it, why not try my doctor friend's prescription for a few months?

And while I am about it here are one or two more beauty hints. The red corpuscles in the blood are increased by sleep more than by anything else. In other words, the best way to improve your color is to get an extra hour or two of sleep every night. Be sure that you have plenty of fresh air in your chamber for sleep needs oxygen to help it in this process—and every moment that you put in this way will add to your red corpuscles.

Above all things, remember that the best way to improve the skin is to improve the general health—especially the condition of the bowels and kidneys, which in their functions are closely related to the skin.

Drinking plenty of water and keeping the bowels in good order will do infinitely more to give you a clear skin than the most exquisite and expensive skin lotion that is ever invented to coax the dollars out of feminine handbags.

Daily Hints for the Cook

FRESH APPLE CUSTARD

To one pint apple sauce add one quart sweet milk, four eggs, one tablespoon corn-starch, pinch of salt, one-fourth grated nutmeg, one tablespoon melted butter, juice one lemon and grated rind of half. Bake with under crust only and do not put any meringue on it.

CHICKEN PUDDING

Singe and clean two young chickens and joint them as for a fricassee. Put them in a saucepan, add just enough boiling water to cover and one teaspoonful of salt. Simmer for an hour, then take out the chicken and put the broth aside. Make a smooth batter from one quart of flour, one teaspoonful of salt, one quart of milk and six well-beaten eggs. Grease a pudding dish and put in the batter and chicken. Put on the face of the stove and simmer gently for one hour. Add the broth and season it with one teaspoonful of salt and one-fourth of a teaspoonful of pepper. Draw to the side of the fire and add the beaten yolks of the two eggs mixed with two tablespoonfuls of cream. Take from the fire as soon as it thickens and serve with the pudding.

CRISPY SPONGY CAKE

Into a mixing bowl put one cup of granulated sugar and add two tablespoonfuls of molasses, four of melted butter, one even teaspoonful of salt, one dessert spoonful of cinnamon and a teaspoonful of mixed spices. Stir and rub well together, then add one beaten egg and one cup of sour milk (real sour). Then stir one even teaspoonful of soda with two cups of flour and stir it into the other mixture and beat about two minutes. Then turn it into a nine-inch square tin 1 1/2 inches deep. Sprinkle the sugar over top and bake 40 minutes in a moderate oven. It comes out crisp and spongy and two inches thick.

INDIAN PUDDING

One cup sugar, 1 cup Indian meal and a little salt, mixed well together. Put in a buttered pudding dish, and add with 1 quart of milk and 1/2 cup molasses 1 egg well beaten, stir well. Then add 1 cup of cold milk and do not stir. Bake in a slow oven about three hours. At the end of the first hour pour a cup of cold milk all over the top and do not stir. Add one more cup in the same way in another hour. Cover while baking. The secret of the whys is in not stirring the milk that you add.

SCHOOL INSPECTION IN TORONTO SHOWS ALARMING CONDITIONS

Children's Teeth Fearfully Neglected, Eight Abscesses in One Child's Mouth

More than 200 children have been examined by the school dentists in Toronto. So far in Church street school, the pupils' teeth have been found in fairly good condition. In Elizabeth school there is a far different story. Dr. Kennedy said, from the investigation that had been made more than 25 per cent. had teeth in an alarming state.

"I have just seen two or three mouths with fairly good teeth," he said, when speaking of Elizabeth street school, "and I haven't struck one good row this morning, after looking into half a hundred. Some mouths, it is true, are in a horrible state. Many cases were discovered where little girls and boys were unable to close their mouths because of a temporary tooth, partly decayed, that while being shed, protruded slightly below the rest. 'If you touch that tooth, I'll kill you,' said a little foreigner, when the dentists were examining his teeth. 'That hurts awfully.' This particular tooth was decayed, causing a big abscess. When the little chap would try to close his mouth it would hurt him."

"There's a temporary tooth," informed the dentist. "If that were pulled out, suffering would cease. He can't chew meat as all, I don't think, and undoubtedly he has indigestion. He swallows the pus from the abscess, and that tends to stunt his growth. None of these children have even been in a dentist's chair before. Of all the teeth I have examined, there was only one girl that had any cavities filled." "It is nothing new to me to discover eight abscesses in one mouth, but that terrible pain must be almost unbearable."

"Look here," cried another dentist, calling to a colleague. "Here is a boy whose parents have neglected to have his temporary teeth pulled out. This is the consequence." The mouth was held to view and an upper row of double teeth was noticeable.

"These teeth should have been pulled out months ago. Now the temporary teeth have made the permanent ones stick out. This is only one out of several similar cases."

"Many jaws are twisted, teeth point in every direction but the right, one mouth is dirty, mucous membranes are inflamed, teeth are decayed beyond saving and some children are in a state of general debility. It is a disgraceful condition of things."

When you find out that your scalp is full of dandruff, it is a sure sign that these germicidal germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply the germicide. It is the only way that will kill the germs and healthy hair is sure to result.

CHEAP TRAVEL IN GERMANY

Dr. Albert Suedekum, a member of the German Reichstag from Nuremberg, and an expert on municipal matters, is at present on a visit to America. He has been making a special study of the congestion and traction problems of New York. He asserts that Germany solves its municipal problems more expeditiously than America does because the voice of the people counts for more there than it does here.

German municipalities commonly own not only their traction lines, but also large areas of suburban land, where the city government builds comfortable houses to be sold or rented to workmen on easy terms.

Commuters can live ten to twenty-five miles out of Berlin and do their travelling to and fro at a total cost of from 25 to 40 cents a week. An apartment of three simple rooms and a bath can be had for about \$15 a year from co-operative building societies conducted under supervision of the government.

A DANGEROUS PRACTICE

The proprietors of Zam-Buk have reason to believe that certain unscrupulous dealers are attempting to hand out to some customers who ask for Zam-Buk, some preparation other than Zam-Buk, but on which their profit is greater. At least one of these harmful substitutes—with nothing in the least resembling Zam-Buk in its composition—when used, has been purchased by a customer who had been told that it was Zam-Buk.

This dangerous piece of substitution will be removed from the market. Zam-Buk will be sure to give you each box before buying, and will refuse to be led astray by plausible talk about something else being "just as good and cheaper," or "practically the same thing," etc., etc.

Outside the door she stopped and shook her little head. "Uncle Tom," she said, "I won't kiss the cow!"

Crushed Coffee—what it is

By a process of crushing between steel rollers, instead of grinding, the skin, which remains in the eye of the bean after roasting, is separated from the kernel and removed by air suction, while the kernel is broken into small even grains. These grains when steeped being free of the skin or chaff, settle quickly, leaving the liquid clear and bright, and give the true coffee flavor.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, in the water we drink, in the food we eat.

The germ is only proper when the condition of the system gives it a chance to establish itself and multiply. When there is a deficiency of vital force, languor, restlessness, a hollow chest, a hollow eye, when the appetite is poor and the body seems to be hard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the blood, puts the stomach and organs of digestion in working condition, so that the germ finds no place or tainted spot in which to breed. Golden Medical Discovery contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition with a record of 40 years of success. Accept no substitute—there is nothing "just as good." Ask your neighbors.

MEXICO AND THE STATES

(Toronto Globe.)

Straws show which way the wind blows. A great disturbance has been created in Mexico by the comparatively routine incident of burning a man at the stake in a southern state. The explanation of the disturbance is not that putting a man to death in this way was a crime against humanity, but that the victim was a Mexican. If he had been a southern negro, or even a poor white of the South, or a native and citizen of Brazil, no notice would have been taken of the matter in Mexico.

From this point of view it is a good thing that Mexico was his country, because the danger of causing international trouble by including in the habit of putting unindicted and untried, and unconvicted men to the most inhuman of all deaths will either make the mob executors more cautious or cause a stop to be put by national authority to diabolical fiendish outbreaks of passionate revenge.

But there appears to be under the surface of this turbulent outbreak a deeper cause for uneasiness on the part of the United States than a mere popular insult to the American flag and danger to the lives and property of American citizens in the Mexican capital. It has been for years obviously the case that the Latin-Americans have a latent feeling of animosity toward the United States, and that this feeling is apt to break out into flaring activity whenever there is adequate provocation. If the truth were known the lynching of a Mexican in Texas would probably appear as the occasion rather than the cause of the popular uprising. It is needless to inquire into the origin or the motive of this animosity. It is in part, doubtless, racial and religious, but it is certainly largely historical and political.

A little over sixty years ago there was a relatively prosecuted war carried on by the United States against Mexico. There were ostensible reasons given at the time for invading that country, but probably the Mexicans would prefer to regard those reasons as Lovell's "Bigly Papers" as the satirized in the two volumes of the treaty of peace, ending in a humiliating treaty of peace, is a sufficient explanation of two generations of dislike.

This has been aggravated by the fear on the part of all the Latin-American people of a strong alien nation, which proclaims by the Monroe doctrine its factious right to "protect" them against European interference. It is easy for condescending protection to become offensive to those protected, and the Spanish-Americans all have their full share of the old Castilian pride. This ebullition will, of course, come to naught but it is important for what it may signify.

CURED BY OXYDONOR

This is what Mrs. Wm. Morrish has to say regarding OXYDONOR: St. John, N. B., Nov. 18, 1910

Mr. J. Roth:

Dear Sir—

Having been a sufferer from Rheumatism and Asthma for over four years, and finding no particular relief, I decided to try your OXYDONOR No. 11. My cough at times was very severe, but since using your OXYDONOR I have found great relief and though I have only used your remedy for six weeks there is certainly a decided improvement in every way.

I shall be pleased to recommend your treatment at all times for the benefit of those who have tried OXYDONOR. I shall be only too pleased to answer any inquiries by mail or otherwise.

Yours very truly,

Wm. MORRISH, 108 Store Road.

We have many similar testimonials at our office from prominent citizens who have been cured by our marvelous medicine.

OXYDONOR will cause the whole system to breathe freely of oxygen from the air through the pores of the skin. Plenty of oxygen in the system means life. You are cured while you sleep. One OXYDONOR serves a whole family, and lasts a whole life time.

OXYDONOR applies to every disease. We have two sizes, No. 1, \$15.00; No. 11, \$25.00. Beware of imitation. Dr. Sanchez is discoverer and inventor of OXYDONOR. Dr. Sanchez's name is plainly stamped on every instrument; do not let any similarity of names lead you to confuse OXYDONOR with any other article; look for the name.

Synopsis of Canadian Northwest
Land Regulations.

ANY Person who is the sole head of a
family or any male over 18 years of
age may homestead a quarter section of
available Dominion land in Manitoba, Sas-
katchewan or Alberta. The applicant must
appear in person at the Dominion Lands
Agency or sub-Agency for the district.

Section—Six months residence upon and
cultivation of the land in each of three
years. A homesteader may live within
each of six years from date of homestead
entry (including the time required to earn
homestead patent) and cultivate fifty
acres extra.

A homesteader who has exhausted his
homestead right and cannot obtain a pre-
emption may enter for a purchased home-
stead in certain districts. Price \$3.00 per
acre. Duties must remain six months in
each of three years, cultivate fifty acres
and erect a house worth \$300.00.

Proving by Actual Experiment

This experiment will always interest the children, and will provide a good deal of thinking. The explanation of course, is that the heated pieces of paper which is inserted into the inverted glass, causes the air to expand, and consequently the water level in the glass to rise. Hence, the weight or pressure of the air on the water outside the glass drives the water up into the glass to occupy the space from whence the air was driven by the burning paper.

MARKET INQUIRY CLOSED

Ald. Potts on the Stand But Few Questions Asked Him—Report By Committee Expected Soon

The sub-committee of the common council, appointed to investigate conditions in the country market, completed the taking of evidence last night, and within a few days will frame their report. Many of the spectators were greatly disappointed with the proceedings last evening and declared that more questions should have been put to Ald. Potts, who was on the stand. The recorder, in cross-examination of the chairman of the committee, compared with the grilling to which he subjected Director Wisely and Mr. Dunlop, was mild in the extreme.

DON'T WEAR A TRUSS

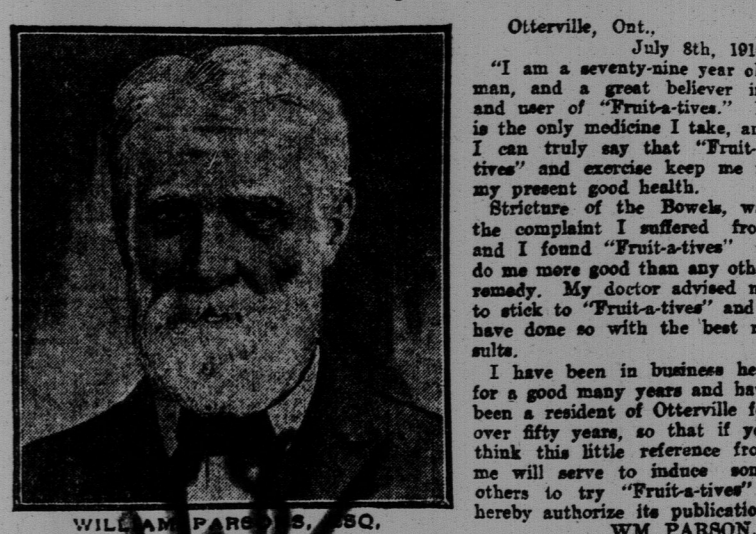

After Thirty Years' Experience I Have Produced an Appliance for Men, Women or Children That Cures Rupture

I SEND IT ON TRIAL. If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Send attached coupon today and I will send you a free illustrated book on Rupture and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. Remember, I use no salve or ointment of any kind. I send you a trial coupon to prove what I say is true. You are the judge and once having seen my illustrated book, and read the testimonials of my hundreds of patients whose names you can also read. If you are free to come below and read today, I will be glad to see you whenever you try my Appliance.

Seventy-Nine Years Young

"Fruit-a-tives" Keeps Health Perfect

Obstinate Constipation, Irritation of the Bowels and Stricture of the Bowels can never be cured by cathartics, salts, senna, "liver pills" and oil which have a tendency to irritate the bowels. They merely irritate the membranes lining the intestines. One way as well to cure a headache by pounding one's head against a wall was to try to cure Constipation with common purgatives. "Fruit-a-tives" is the only liver stimulant. "Fruit-a-tives" is fruit juices and nerve tonic, and will always restore the liver to its proper condition and cure the most obstinate cases of Constipation.

Free Trial Offer

I will send to every reader of this notice who sends in any of the troubles peculiar to women, if she will send me her name, address and telephone number, a treatment to last her for a month. It is necessary to receive complete cure, and if you are a sufferer you will do yourself and your family a good turn by taking advantage of this offer, and get relief in the privacy of your home, without the bills or expense of a clinic.

Another Woman Cured By Lydia E. Pinkham's Vegetable Compound. Gardiner, Maine—"I have been a great sufferer from female troubles and a severe female weakness. The doctor said I was to have to go to the hospital for an operation, but I could not bear to bear to have an operation. I had never charged commission merchants previous to that time. So your former evidence is to be considered as being wholly reliable to commission stands? Well, after Akery's time you extended your system to commission stands? I figured what I would probably make out of it and bought the market. That was in 1906 when you had the conversation with Mr. Wisely? Yes, and I feel quite sure there is not a business man here but would have done the same. I feel quite sure that there was not an official in the market but knew what was going on this three years. I considered that the collector had a right to make his own terms with these people. You had to make \$3,800 out of it.

EMERY BROS., WHOLESALE CONFECTIONERS. It will pay you to see our stock before buying elsewhere. Try a sample order—Goods pure—Assortment unequalled—Prices right—Shipments prompt. We are agents for the famous Valvolva-Marchioney Ice Cream Cones and Wafers. The best made.

FREE THIS MAGNIFICENT DOLL'S HOUSE AND HANDSOME IMPORTED DOLL also TWO complete sets of beautiful furniture for the house and this lovely gold and jeweled ring. Includes an illustration of a doll's house and a ring.

Volunteer Statement. Have you any other statement that you would like to volunteer Ald. Potts? Well, as Ald. McEldrick would say, I don't quite see where I fit in in this case at all. When I rented the privileges I considered that I had the right to make the terms with anyone that wanted to make a business of it as much as a man who had leased a store in some part of St. John and who was trying to make as much money out of it as possible by selling it. Mr. Hayes—But wouldn't the city lose something because of the merchant buying from you? You feel that the city has not lost any money by this? No, the other hand the city has no loss in reference to Mr. Penwick's stand I might say that the director was not at fault. The city put an upset price on the stand which was not worth and on the how it happens that Mr. Penwick got his stand for just half the upset price. The recorder—Have you ever either directly or indirectly made any arrangements with prospective standholders did not bid at the auction because of the assurance that they should get space? No. But you have given receipts in your own name? Only in one instance. Ald. Hayes—At the auction is it made clear that the collector has a right to make his own terms with the stands, I can tell you of one stand that in six weeks did not pay \$25 in tolls. If the collector had to depend on that for his revenue he would not make much. The chairman—Is it correct that one of the previous witnesses after the sale called at your office and made arrangements and the following morning the clerk of the market pointed out the stand he was to occupy? Well, I couldn't say unless I knew the parties' name. W.C. I have no hesitation in telling you. He told me this morning, it was Bickirk. Oh! He meant the office in the market. I can tell you that he did not make his arrangements till some weeks after. I might say that we have always done the same thing. We had to figure pretty close to come out right. In any case the city was sure of its \$3,800. In conclusion Ald. Potts said that he thought he had been treated with discourtesy by his fellow aldermen. A committee had been appointed to look into the by-laws governing the different departments of the safety board. He thought that committee might have done this without bugging on such an investigation. He said now think it was the intention of the council to bring on the investigation. He was not satisfied in reference to the matter although he hoped that he would be. He thought he had more to show to his constituents than any other alderman who had been elected within the last two years. He thought it was as little as the common council could have done to let him appear before the safety board and give him a chance to explain. He thought it was all a scheme to have a slap at him. He hoped they had succeeded in this year when he was away there had been trouble but the people showed what they thought of him then. He trusted that they were satisfied by the slap that they had had on him. As far as he was personally concerned he would not have used any of his brother aldermen with the same discourtesy. The chairman then rose and announced that the investigation was over. It was said that Mr. Hopkins was outside at the time the chairman was speaking.

BE A FREE MAN! Arouse Yourself, Feel the Spark of Life in Your Nerves, Recover the Vigor You Have Lost. If you are a man whose youthful vitality has been wasted by indiscretions, excesses or overwork, I want to assure you that there is a positive remedy for your trouble. If your condition is that of exhaustion or feebleness, the very element which you have wasted, viz. human electricity, can be put back into your body. When you get it back your weakness will disappear, and you will become strong in nerve, brain, muscle and every organ, and filled with joy that you are once more a perfect specimen of manhood. Dr. McLaughlin's Electric Belt will fill your system with the power you have lost. It does this in a gentle, glowing, soothing way while you sleep. You get up in the morning refreshed, all aches and pains disappear, and you feel strong enough to attempt to do anything and accomplish what any other man can or may. It makes you feel like a new man, and it restores and develops the vigor originally given to men by nature. Pick out the man who has worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you "I am the man." Dear Sir,—I have been wearing your Belt for about two weeks, and now report to you that I am almost intoxicated first application. I slept that first night of it as if I were in bed, and slept normal since. Have no more of those times when I would move daily. Appetite sharper. Much less irritation at bladder. Rheumatism almost gone, for it only very slightly on exposure to bad weather. Alex. Condemning, Milltown, N. B. The reason so many men neglect to use my Belt is that they fear it will fail like other things they have tried. Now, the security that I offer to the doubtful man is that he need not pay for my Belt until it does for him what I say it will do, if he will in turn give me reasonable security that he will pay when cured. Put aside these testimonials. Don't make any difference whether you know that Dr. McLaughlin's Electric Belt cured them or not. Give me reasonable security. I will arrange the Belt and send it to you and can PAY WHEN CURED. Give me a man who is thin, puny and unenriched in appearance, and I will pour into his electric life into his body every night for three months, with proper exercise to draw it into the muscles and tissues, and I will add twenty-five pounds to his weight, remove every evidence of his weakness and restore his strength. Look at the men who have worn my Belt and you will see men of force, men of power and confidence, men who respect themselves and are respected by their fellow men. My Electric Suspensory is Free with Belts for Weak Men. This suspensory is made for the special ailments of men, and assures a cure of a Waste of Strength, Early Decay and Debility. Its current is invigorating and wonderful in power. It develops all weak organs and checks unnatural drains. GERMAIN STREET PAVING WORK DONE; PICTURES SHOWING THE OLD AND THE NEW

As the Street Looked Before the Work Was Done. Mr. Garvey, an engineer, has been here all summer in connection with the paving operations, and Mr. Lowe, said yesterday that his duty was to see that the exact Hasam method was being used.

Lowe, the representative of the Hasam Company, who has had direct supervision of all the work here, is an expert in the paving business of almost every description, and besides the Hasam method, he has been in charge of some of the most important work of the Warren & Barber Company.

DRINK CURE A MIRACLE? No, Just Sound Science. Many drunkards are sent to the hospital what they need is medicine. Drink has undermined their constitutions.

It was so anxious to get my husband cured that I went up to Harrison's Drug Store, and got your remedy. I had no trouble giving it without any ill effects. I greatly thank you for all the peace and happiness that it brought into my home. The cost was nothing compared to what he would spend in drinking.

TO THE DEAF A Wonderful Book Given Away Absolutely Free. In a most interesting book recently published, the causes of Deafness and Noise in the head are clearly stated; but what is of more importance to suffering thousands, it gives particulars of a self-applied home system which is proving remarkably successful.

This new method is unique, in that out of the hundreds of cases cured, the majority are those of people treated entirely by correspondence. There must be thousands of our people to whom such a book would be of inestimable value, and arrangements have been made whereby every person interested may receive a copy free of charge.

LOCAL NEWS

MANCHESTER LINER. Manchester, Trader sailed from Manchester at 11 o'clock this morning, for St. John and Halifax.

ARTICLES FOUND. A ladies' satchel found in the country market, this morning and a man's kid glove found in King's Park, were turned over to the owners at the central police station.

SIX DEATHS. The board of health reports the following deaths for the week—Enteritis, phthisis, marasmus, heart failure, cerebral apoplexy, cerebral softening, one each.

SUNDAY EVENING. Granite Rock division Sons of Temperance will hold a temperance meeting on Sunday evening at 8:15 o'clock in their hall in West End; Rev. J. Henney, speaker.

WILL BUILD POST OFFICE. Contractor Reid of Sackville, has been awarded the contract to build the new post office in Campbellton. Mr. Reid has started building operations on the Bank of Nova Scotia in the same town.

BISHOP CASEY'S PORTRAIT. At the Cathedral high tea, to be opened on Monday evening next in the Keith assembly room, the fine portrait of Bishop Casey, painted by R. T. Wickenden, will be on exhibition.

SEVENTEEN BABIES BORN. There were seventeen births, nine boys and eight girls and twelve marriages, reported at the office of the registrar of births, John B. Jones, this week.

MR. KNOWLES THE SPEAKER. E. T. C. Knowles will speak on temperance at the Every Day Club tomorrow evening at 8:30 o'clock. The orchestra, led by Prof. Bowden, will play a musical programme prior to the address.

DRIVING IN NEW STREET. Wm. Power has been reported by Sergeant Baxter for driving his team loaded with coal over a portion of Germain street that was closed while men were at work on it and destroying work under way by the Hassan Co.

NOON-DAY SERVICE. Owing to Saturday being a general busy day for men, the usual noon-day meeting conducted by Dr. Jacoby in the United Theatre was not held today, but the services will be continued during next week, when it is hoped that a larger crowd will attend.

BAND ANNIVERSARY. The seventh anniversary of the St. Mary's Band will be commemorated by a social gathering of the band and their friends on Monday evening in St. Mary's School room. Tomorrow evening the band will assist in the musical part of the service in St. Mary's church, and the rector will preach a sermon on young men.

PROPERTY MATTERS. At Campbell's corner, the Auctioneer F. L. Potts, sold the Blackhall property in the parish of Simonds, to John A. Burns, for \$1,200. Property at Bear's Head, consisting of five acres, was withdrawn at \$200 by Auctioneer Lantallum, and three lots in Douglas avenue, a portion of the Magee estate, were withdrawn.

NEW CLERGYMEN. The examination of a number of candidates for the ministry was held in the rooms of the Church of England Institute during the week-end supervision of Archbishop Raymond. The ordination service for the candidates will be held by Bishop Richardson at Trinity church, Sussex, on Sunday, December 18.

A SUGGESTION. Now that the new permanent pavement has been finished in Germain street, there is much adverse comment on the unsightly billboard that occupies the vacant lot on the corner of Princess and Germain streets. It is felt that some steps should be taken to have this board removed, and a neatly painted fence put up in its place, or it would be better still if a building was erected thereon.

WILL BE SISTER OF CHARITY. Miss Bradley, of Centerville, Carleton county, on Wednesday last bade farewell to the Tobique band of Indians, whose teacher she has been for five years. She is to become a member of the Sisters of Charity in St. John. Addresses were read by the school children and by Chief James Ellis, and Miss Bradley was made recipient of a Bible handsomely bound in French seal. The women and children gave her a purse of money. Many other gifts were received.

SHOULD BE INTERESTING. A lively debate is promised for tomorrow afternoon in the rooms of St. Peter's. M. A. Douglas, advocate, where there will be a discussion on the question: "Should Moving Pictures Be Prohibited?" The affirmative party will be captained by T. E. Burke, assisted by A. Delaney and J. Martin. J. Gallinger will lead the negative, with F. Walsh and G. McLuskey as colleagues. This is the first debate of the winter course and should be well attended.

COMPANIES MAKING MOVING PICTURES FORM A MERGER

St. John Will Now Be on a Par With the Large American Cities in Subjects Supplied

A merger of film producing companies in Canada will go into effect next week and by it it is claimed there will be an improvement in the class of films sent to the motion picture houses in St. John and elsewhere. Heretofore the business has been conducted by two competing companies, the Kinetograph Company and the Klens Ophtical Company through Canadian branch houses in Montreal and sub-branches in St. John and other places. The former company had its office in the Oddfellows' Building and the latter in Prince William street. After next week the two concerns will be merged under the name of the Kinetograph Company, with the office in the Oddfellows' building.

BEEF WRAPPED IN A HORSE BLANKET

Protest Against Manner of Handling Meat—An Incident of the Street

The need of a stricter enforcement of the laws relating to the inspection and sale of food and food products in St. John is advocated by a prominent citizen, who called the attention of the Times to an incident he witnessed on Thursday afternoon.

A grocery team was seen going up Dock street with two hind quarters of beef wrapped in a horse blanket. "Why should we not have tuberculosis," he asks, "when such practices are of frequent occurrence." This citizen pointed out that there are in the city at the present time, four inspectors of food and food products and he felt they should see that such a state of affairs is not allowed to continue. He would not eat meat treated as he saw this was, for a great deal of money, but people who did not see the manner in which the meat was handled would buy it and would not know but what they were getting something that was all right.

ROBBED AND FINED

Sussex Man Has Reason to Remember Yesterday's Visit to St. John

According to the story which he tells, William Buchanan, who came to the city yesterday from Sussex, will have reason to remember his visit, and it is not thought that it will be with any marked feeling of joy. He says he stopped off on his way to the coast, had a few drinks, and after being relieved of a silver watch and \$5 by three colored men on a wharf in Lower Cove, was arrested. He spent the night in Central police station, and this morning was fined \$12 or two months in jail on charges of drunkenness and profanity. He paid the fine of \$4 for drunkenness and the other penalty was allowed to stand against him. He was to resume his journey this morning.

The robbery, he says, occurred about 1 o'clock this morning, near the Ballant wharf, where, he said, he had been escorted by the three men on the excuse that they were taking him somewhere else.

GOLDEN WEDDING

Happy Anniversary of Mr. and Mrs. Wm. Carleton Tomorrow

In the Cathedral of the Immaculate Conception on November 20, 1860, a pretty nuptial event took place when the late Rev. John Quinn united in marriage William Carleton and Bridget O'Connor, both of this city. It will be fifty years tomorrow since that happy wedding ceremony was solemnized, and the bride and groom of half a century, Mr. and Mrs. Carleton, of 222 City Road, are receiving hearty congratulations from their many friends about the city. They are esteemed by all acquainted with them, and the Times-Star joins in the expression of popular sentiment that they will see many more years of wedded bliss and prosperity.

ARRESTED IN MONGTON ON NORTH SHORE CHARGE

Mongton, N. B., Nov. 19.—(Special)—A man giving his name as Frederick Murphy, and claiming Halifax as his home, was arrested at the I. C. R. station on arrival of the Maritime express and locked up on charge of theft of \$90 in Campbellton. Chief Riddout, from a description telephoned him, located the man in a second class car. He had \$84.15. He is about twenty-five years of age, and says that he has been drinking up north for the last couple of weeks.

NO WORD YET. There has been no word yet of Charles Murphy, of Waterford street, who has been missing since Sunday night last.

Have You Tried STOVE INK?

Stove ink is not a polish, stove ink is for making the red covers and centers of your stove black. Stove ink will not always keep your covers black no more than black-lead will always keep your covers polished, but by using stove ink on your covers or on any part of your stove, that has heat enough to make the iron red or burn off the black-lead. Stove ink will keep that iron black for four or five weeks at a time, and will make your stove polish much brighter, and easier than when you are trying to polish red iron that as soon as you light the fire the polish is gone. Stove ink is put up in bottles and can be applied with a rag, and sells for 25c a bottle. Use it once and you won't be without it. Besides keeping stove ink we keep the best lines of polish on the market.
