The most eminent Physicians are agreed that about Fifty per cent of all Children diebefore reaching the tenth year of life. Many children suffer from day to day-fretin, cross and peevish—and the cause of the trouble is not suspected.

A pallid and sickly countenance, irregularity of appetite, or great vorocity, bad breath, foul tongre, great thirst, gradual emaciation, irritable temper, disposition to be picking the nose, are all symptoms indicating the presence of WORMS: If any of these symptoms are noticed, or the presence of worms suspected, procure a bottle of Pleasant Worms Agree, which costs but 25 cts, and give it according to directions. If any yours are present they will soon be explied and your darling restored to health again. If there are no worms present the remedy will do no harm, but will move the bowels gently and leave the system in a healthy condition.

TO WI you must have wondered at their not asking you and your father to dinner, or something of the kind, after Polly taking you to the Towers when you first came north; but, at all events, this is how we are situated now, and I ahould be inclined to make a joke of the whole affair if it were not that when I think of you I feel a little bit indignant. Of course it can not matter to you—not in the least. It is disagreeable, that is all. DR. B. J. KENDALL & CO., Gents: Having used a good deal of your Kendall's Spavin Cure with great success, I thought I would let you know what it has done for ne. Two years ago I had as speedy 1 colt as was ever raised in Jefferson County. When I was breaking him, he kicked over the cross ber and got fast and tore one of his hind legs all to pieces. I employed the best fariers, but they all said he was spoiled. He had a very large thorough-pin, and I used two bottles of your Kendall's Spavin Cure, and it took the bunch entirely of, and he sold afterwards for \$1800 (doltras.) I have used it for bone spavins and wind galls, and it has always cured completely and left the leg smooth.

It is a splendid medicine for rheumatism. I have recommended it to a good many, and they all say it does the work. I was in Witherington & Kneeland's drug store, in Adams, the other day and saw a very fine picture you sent them. I tried to buy it, but could not; they said if I would write to buy that you would send me one. I wish you would, and I will do you all the good I can.

that you would send me one. I wish you would, and I will do you all the good I can.

Very recpectfully,

E. S. LYMAN. From the Akron Commercial, Ohio, of Nov. 25th, 1882.

Ohio, of Nov. 25th, 1882.

Readers of the Commercial can not well force that a large space has for years been taken up by Kendall's advertisements—especially of a certain Spavin Cure. We have had dealings with Dr. Kendall for many years, and we know of some large ousness houses in cities near by who have also dealt with him for many years, and the truth is rully and faithfully proven, not only that he is a good honest man, and that his celebrated Spavin Cure is not only all that it is recommended to be, but that the English Language is not capable of recommending it too highly.

Kendall's Spavin Cure will cure spavins. There are hundreds of cases in which that has been proven to our certain knowledge, but, after all, if any person confines the usefulness of this celebrated medicine to curing spavins alone, they make a big mistake. It is the obst medicine known as an outward application for rheumatism in the human family. It is good for pains and aches, swellings, lameness, and is just as safely applied to men, women and children as it is to horses. We know that there are other good liniments, but we do believe this spavin cure to be far better than any ever invented.

Kendall's Spavin Cure. Kendall's Opavin Cure.

Hutchinson's Banch, 12 miles north of Denver, Col.

Nar. 5th, 1883.

Dr. B. J. Kendall, & Co., Gents:—For the past three years I have used Kendall's Spavin Cure. In every case of spavin, of which I have treated five, thas killed them all, and entirely removed three. In case of splint I find it has no equal, one case I had was of three years standing and the Spavin Cure removed it entirely. I had a cow get spavined and it entirely cured her. One year ago a two hundred pound bleck of ice fellout of a wagon striking my foot on instep and toes, it would be mpossible to mash a foot worse without breaking any bones. I was taken home and carried into the louse. I do not think amputation of the leg would cause any more pain. I sent for Kendall's Spavin Cure, it was all I used, and in six days I could walk around. About three weeks ago my team ran away and threw me out of the wagon, the hind wheel struck my kase. After applying several highly recommended liniments without obtaining any relief, I went for Kendall's Spavin Cure. My leg was drawn up and my knee swollen badly. In three days I was able to walk to the barn. I could go into details more fully and make this a very long letter, but will not weary you.
