MYRTLE BANK HOTEL. At which the distinguished English visitor to Kingston were staying.

The Myrtle Bank Hotel has been destroyed and also the cable office. The conference delegates and the members of Sir Fred's expedition are believed to be uninjured and are now at Port Langston. In the harbor numbers of people were killed or wounded but the figures have not yet been ascertained. Slighter shocks continue.

(Special to the Star.) BOSTON, Mass., Jan. 16.—The United Fruit Company in this city received a cablegram from Jamaica today stating that several hundred persons were killed in Kingston. The cablegram also stated that the mercantile section of Kingston including our offices completely destroyed by earthquake and fire, several hundred killed.

(Special to the Star.) LONDON, Jan. 16.—The contradictory and scanty reports of news which this far has reached London from Jamaica renders it difficult to estimate the real extent of the calamity caused by the earthquake and the subsequent conflagration. Messages received by steamship and cable companies here indicate that while the early reports of the destruction of Kingston and great loss of life were exaggerated, the disaster was still of a grave character.

STILL IN DOUBT.

COMMERCIAL

IMPRESSION OF WALL STREET.

(Montreal Star)
Mr. C. R. Hosmer returned from New York today, well satisfied that everything financially and industrially is on a good sound footing.

"No one can help being impressed with the evidence of marvelous prosperity," said Mr. Hosmer, "and I feel safe in saying that the era of prosperity has a long period of existence ahead."

"I can only repeat what every one is saying, namely, that the eyes of the New York financiers are focused upon England, and that the stock market now that you have asked me about it, hinges upon the money situation."

"It seems to be the consensus of opinion that money is bound to work easier in a short time, and that the situation generally is much healthier in every way than it was a little while ago."

"They sent the high-priced stocks, like Union, St. Paul, Great Northern and Northern Pacific ballooning to an inflated level, throwing out mysterious instructions en route."

"These issues, however, have had a substantial decline, and thus a dangerous condition has been eliminated from the situation, many stocks now being at a point that probably justifies some attention from the public."

"I may say, however, that the public also has the industrials in mind at all

times, as it is impossible to ignore the magnificent business being done by the Coppers and Steels.

"The bankers to some extent, of course, are not especially pleased at the trend of public sentiment in this direction, as there is undoubtedly great congestion in the bond market."

"Asked about the condition of the Mackay Company, Mr. Hosmer said that the big concern was reflecting the wonderful growth of general business and was never in better shape. It is extending its field of operations in all directions."

THINK STEEL IS BLUFFING A BIT.

This is the interesting view of the Dominion Steel-Coal situation expressed by the editor of the Mining Record; "There is much talk of the Dominion Iron and Steel Coal having bought this and that property. Not any of the properties named is likely to be the scene of future operations by the Steel Company should it go into coal mining."

"There are properties that can be had, for a price, which would furnish all coal necessary, but these have not yet been mentioned. The coal people must smile as they read of what is being offered by the Steel Company in Montreal may look upon the securing of certain options as indicating business, people better acquainted with business conditions down here look upon the talk as a mild sort of bluff."

"There is talk of issuing twenty million dollars in bonds to develop some of these areas. A tenth of that sum, or say an eight, should amply suffice."

BULK OYSTERS CHEAPER.

MONTREAL, Jan. 15.—There is a very good demand for fish of all kinds, and as the Lenten season approaches the demand will increase. Cold and haddock are in good supply, while frozen herring are again arriving in small quantities, and prices are firm. Tomcods are scarce this week; mackerel have advanced a little, but bulk oysters are arriving quite freely, and prices have come down.

Messrs. Leonard Bros. report as follows:

THE HOLMES-ROBERTSON WEDDING SOCIETY EVENT

Stone Church and Family Residence Aglow This Afternoon—Elaborate Gowns—Guests From Out of Town—Magnificent Remembrances—Bridal Tour—Popular Young Couple

An affair of the heart, which might aptly be characterized as "transcontinental" in interest was consummated in St. John's (Stone) Episcopal church this afternoon, when Hugh Aubrey Holmes, manager of the Canadian Bank of Commerce at Summerside, P. E. I., was married to Helen Chipman Robertson, youngest daughter of James F. Robertson, president of Manchester.

The bride was escorted to the altar by her father, Mr. James F. Robertson, president of Manchester. The groom was accompanied by his best man, Mr. J. G. Holmes, District Officer Commanding at Victoria, B. C., Canada's most western city, and in the union now complete, the happy coincidence of the wedding of the Pacific and Atlantic is prettily typified.

The bride's event in of very considerable interest in social circles, in fact for several weeks fashionable St. John has been agog in anticipation of it. The bride was escorted to the altar by her father, Mr. James F. Robertson, president of Manchester.

EARTHQUAKE SHAKES KINGSTON, JAMAICA, WITH GREAT LOSS OF LIFE

Many People Were Killed, Large Numbers Injured--Fire Raging in Devastated Town, Completes the Terrible Disaster--Fear for Safety of Many Tourists.

PORT ANTONIO, JAMAICA'S CHIEF BANANA PORT

Kingston, the picturesque capital of the island of Jamaica, has been devastated by a violent earthquake. Details of the disaster are lacking as direct communication with the stricken city has been cut off. The land lines had been reconstructed to within five miles of Kingston Tuesday evening, and from message reports received through such channels as were open it has been learned that many of the most important buildings have been destroyed and that there has been serious loss of life. So far as the reports indicate, the fatalities number less than one hundred, though the hospitals are filled with injured and the list of victims may be materially increased.

Eminent English M.P., One Canadian Among Victims

The Myrtle Bank Hotel, the principal hotel at Kingston, which probably housed the greatest bulk of visitors to the island, is reported destroyed. The great military hospital was burned and forty soldiers are reported dead. Sir James Fergusson is said to have been instantly killed, but according to London reports no other Englishman, Canadian or American is believed to be missing.

Forty British Soldiers Among the Killed

LONDON, Jan. 15.—The colonial office tonight received confirmation of the terrible disaster which has overtaken Kingston, Jamaica, in a dispatch from Kumar Greenod, M. P., sent from Holland Bay at the east end of the island.

Up to this hour the foregoing is the most complete dispatch regarding the Kingston disaster that has reached here. The absence of details is accounted for by the breaking down of cable communication, but the announcement that no Englishmen, Canadians or Americans are missing will greatly reassure the public concerning the fate of the unusual number of tourists and others who are spending the winter in Jamaica, or who were attracted there by the agricultural and cotton conferences.

Halifax Has Cable Connection With Island

HALIFAX, Jan. 15.—The report of the destruction of Kingston, Jamaica, by an earthquake created a tremendous sensation in Halifax, which has intimate relations with Jamaica. Halifax has direct cable communication with Jamaica through the Halifax and Bermuda Cable Company, which lands at a point five miles from the city of Kingston.

Many Distinguished Men Visiting at Kingston

LONDON, Jan. 15.—The only news of the earthquake at Kingston, Jamaica, far received in London is contained in brief despatches from New York.

Port Antonio Escaped Without any Damage

BOSTON, Jan. 15.—Allen Ainslie, of the firm of Ainslie and Grabow, proprietors of the "Hilthfield" hotel at Port Antonio, receives a cablegram tonight from his partner, Edward R. Grabow,

pool; McDowell Nathan, a leading Jamaica merchant; C. Lancaster, representing the Liverpool Chamber of Commerce; Mr. Olive, representing the Manchester Fine Spinners; Sir Thomas Shand, representing the Manchester Cotton Spinners; Sir Ralph Moor, L. Rivet, chairman of the Jamaica Cotton Company, Ltd., of Stockport; Hall Caine, the author; E. Bryan, secretary of Sir Alfred Jones; Mr. Hutton, chairman of the British Cotton Growing Association; Mr. Cotterell, a member of the West African section of the Liverpool Chamber of Commerce; Jesse Collins, M. P., and Henniker Heaton, M. P.

Reports May Prove to be Exaggerated

ST. THOMAS, D. W. I., Jan. 15.—According to further, though still meagre, details of the Kingston earthquake received here, it would appear that the first reports that the city had been "destroyed" were exaggerated. The work of fighting the flames was still being pursued with energy, and in this respect the situation seemed to be improving. It was thought that the work would be under control tonight.

Marysville Man Manager of B. N. S. in Ruined City

Local interest is lent the event by the fact that the Bank of Nova Scotia has three branches in Jamaica and New Brunswick occupy positions in these. C. H. Eason of the local branch of the bank informed the Sun that A. H. Rowley, formerly of Marysville, is at present manager of the Kingston branch. The other branches are at Port Antonio and Montego Bay. These latter places have escaped damage, however.

Mrs. H. C. McLeod and Other Canadians

TORONTO, Ont., Jan. 15.—Mrs. H. C. McLeod, wife of the general manager of the Bank of Nova Scotia, and her three daughters are at present touring Jamaica, as is also Hamar Greenwood, M. P., York, England. These Toronto people sailed for Jamaica January fifth, and are probably there now. Mr. and Mrs. F. W. Kahle, Mrs. M. Scott, A. H. Parker, R. H. Russell, Cecil Conway, E. Blackwell, Mrs. Blackwell, Miss Blackwell, Miss Gladys Blackwell, G. M. Hunt and Lieut. Goddard.

Jamaica Man Now in the City

W. L. Marsh of Jamaica is a guest at the Royal. Mr. Marsh, with his brother, G. W. Marsh, of Toronto, also at the Royal, is interested in the Canada-Jamaica Fruit Line, running between the island of Jamaica and St. John and Halifax.

AMERICA HAS SLOW PARALYSIS SAYS HILL

MINNEAPOLIS, Minn., Jan. 15.—This country is facing, in a commercial sense, the disease one might call slow paralysis," declared James J. Hill, President of the Great Northern R. R., at the opening session of the North-western Lumbermen's Association, today. Continuing Mr. Hill said:

CONGRESS FAVORS SUBSIDIES TO U. S. MERCHANT MARINE

WASHINGTON, Jan. 15.—After a fight which lasted all day and extended to the floor of the house, threatening to bring about much filibustering at one time, the house committee on merchant marine and fisheries finally decided at 8 o'clock p. m. by a vote of 8 to 7, to make a favorable report on a ship subsidy bill prepared by Representative Littauer of New York as a substitute for the Grosvener bill, which has been under discussion for many weeks.

TENNYSON SMITH BLAMES THE FEDERAL GOVERNMENT

(Special to the Star.)
FREDERICTON, N. B., Jan. 15.—E. Tennyson Smith had another crowded house this evening at the Opera House. Mr. Smith's subject was the "Tag of War." In his remarks he strongly criticized the Dominion government for putting on its statute book a law like the Scott Act and yet at the same time allowing the contents in our barracks. The tag of war was similar to that enacted in other cities.

OPPOSE JUDICATURE ACT.

It was decided at a meeting of a number of provincial barristers yesterday, that it would not be advisable to pass the new judicature act. A communication signed by those present was sent to Allan O. Earle requesting that a meeting of the Barristers' Society be called for the further consideration of the matter.

JURY TO TRY COLLINS SECURED WITH LITTLE DIFFICULTY

Grand Jury Returned True Bill, and Solicitor-General Opened Case for the Prosecution—Prisoner Seems to Realize His Serious Position—Taking of Evidence Will Commence Today

PROFESSOR W. COLLINS, N. B., Jan. 15.—The trial of Thomas F. Collins, charged with the murder of Mary Ann McAuley at New Ireland on August 19th or 20th last, was begun in the court house here this morning, when the January session of the supreme court opened, with Judge Gregory presiding. Matters proceeded with celerity, the grand jury rendering a true bill in a few hours, and the petit jury being selected without delay.

Hon. C. N. Skinner, K. C., and Hon. W. P. Jones, solicitor general, are conducting the case for the crown; Hon. H. A. McKeown and Jas. C. Sherrin appearing for the prisoner. M. H. Dixon, K. C., clerk of the peace, is present as clerk of the court. The greater part of the witnesses were in attendance when court opened, including Chief Clerk, Detective Killen, Dr. G. A. B. Addy and others of the staff; Rev. Fr. McAuley and most of the important witnesses from New Ireland and other parts of the county. Court stenographers Simmons and Berry are in attendance.

The proceedings this morning were not of particular interest, the grand jury being out the greater part of the time, and the attendance of visitors was not large. In the afternoon while awaiting the return of the grand jury, the galleries filled up, many ladies being present. Sheriff Lynds was present in discharge of the duties of that office, the constables being Willard Porter, Herman V. Coonan and Rupert E. Rose. Hull E. Sharp is the court clerk. His honor took his seat promptly at 11 o'clock, and the grand jury was at once called and sworn as follows: John W. Gaskin, Corvendale, foreman; Sanford Gilroy, Daniel M. Curry, Wm. McGorman, Wm. L. Peck, L. C. Prescott, Geo. W. Barber, Elmer S. Smith, Harding E. Graves, Noah Wilber, Armon Wilber, Wm. H. Martin, Walter Edgett, Marvin Godfrey, John L. Peck, Seymour Steeves, D. B. Livingston.

Shortly after three o'clock the grand jury returned to the court room, their advent causing the listlessness that had prevailed in the room to disappear. Through their foreman the jury formally presented a true bill. The jury were then discharged and his honor ordered the prisoner to be at once brought into court. Intense interest was shown by the audience as the youth who is charged with one of the most brutal crimes in the history of the province came briskly into the court room in custody of Constable Coonan. The prisoner had not changed very greatly in appearance from the time of the examination in October except that he was noticeably paler. He appeared much embarrassed as he took his place in the dock, seeming apparently to realize more fully the seriousness of his position. After speaking with his counsel, however, he seemed more relaxed, and looked around at the court room, smiling pleasantly as he

BATH PARTIES APPROVE THE I. C. R. PENSION PROPOSAL

Hon. Mr. Emmerson's Bill Introduced Yesterday Meets Favorable Comment from Leading Men on Both Sides of the House—Only Foster Had Any Fault to Find

OTTAWA, Jan. 15.—At the opening of the house Charles Devlin, the new member for Nicolet, was introduced by Sir Wilfrid Laurier and Hon. Mr. Emmerson. Sir Wilfrid told Mr. Crockett of Fredericton that he could not say anything about the Maritime Railway Pension bill today owing to the absence of the government leader. Hon. Mr. Emmerson introduced a resolution for an annuity allowance to employees of the government railroads. The scheme was not a charitable proposal. It was a pension scheme. The plan which he had adopted was one which government railroad employees could accept with respect and without being respected by the public for doing so.

The employees of the government railroads under the scheme would be receiving one and a half per cent. a month of their salaries to a fund. The Intercolonial and Prince Edward Island Railway would contribute a like amount. This fund would provide annuities which would enable employees to retire with an assured allowance when they became incapacitated. Every great railway system in Europe and on this continent had a provision of this kind. The house went into committee on the resolution. It was reported and the bill introduced. The bill to give effect to the newly revised statutes was taken up after dinner. Dr. Sprague protested against the bill because it would deprive the railway employees of their pension rights. He moved that the bill should be effective on proclamation.

Sir Wilfrid said the revision was not new law but was a more convenient arrangement of existing laws. It would be selfish to make the English lawyers wait until the French statutes were printed. The old statutes could be used by the French lawyers. Mr. Bourassa endorsed Mr. Bourassa's amendment. On division the amendment was defeated by 34 to 31. Most of the opposition was from the English lawyers. Mr. Borden and Dr. Sprague were in favor of Mr. Bourassa's amendment. There were two St. John members, Dr. Stockton and Dr. Daniel, Mr. Crockett of Fredericton and Andrew Broder of Dundas voted with the government and against Mr. Bourassa and the opposition.

The bill was given its third reading as was one to give effect to the Japanese The house adjourned at 11.30 p. m. CIVIC CAMPAIGN IN WOODSTOCK IS LIVELY Attempt to Introduce Party Issues Adds Interest—Eleven Candidates Are After Six Seats.

WOODSTOCK, N. B., Jan. 15.—The civic campaign is in full swing. Last night's town meeting was well attended, and the financial report showed a fair surplus on the year's operations was considered satisfactory. There was considerable heat in evidence, the mayor particularly showing evidence of warmth under the collar in replying to the charge of Coun. Fleish. His report was composed of the council in the formation of committees. There will be no opponent in Mayor Munro's re-election, as the two years he has held the most in the nature of an unwritten law. For the six seats at the council there are eleven candidates. The combination of a wing of the Conservative party, consists of Couns. Dunbar and Fisher, Emmerson, Hagerman, Howard, Burt, Harry Noble and William Sutton. In opposition to these gentlemen are the Liberals, Dr. Kirk, Dr. Kirk, Jordan are running. Party feeling is somewhat in evidence, although the citizens deny that they are mixed up in any attempt to run the town on political lines. It is true none the less that the citizens' ticket is composed very largely of Conservatives, and their opponents are of the opposite persuasion.

The police magistrate was engaged all morning in hearing evidence in the case wherein one George Scovil of the parish of Kent is charged with setting fire to the barn of a neighbor named Parker. There were several witnesses heard, but no evidence of an interesting nature was given. An adjournment was granted for a week, but it is thought that the case may not be further heard from. T. C. L. Ketchum defended the accused, and A. B. Connel appeared for the prosecution. One of the crown's witnesses appeared in court in a state of advanced alcoholism and was taken to the hospital in order that he might have an opportunity for medication. E. Thompson Smith is billed to conduct a ten-days' campaign here, commencing on Tuesday next. There will no doubt be some warm meetings, as it is not denied that intoxicating beverages are sold quite openly in this strongly Scott Act community.

POPE MAY SEND DELEGATE TO HAGUE CONFERENCE ROME, Jan. 15.—It is reported here that the government of the Netherlands has questioned the power as to the advisability of finding a way to have a representative of the Pope at the next Hague conference. The government suggests that this representative might participate when questions connected with arbitration are discussed and that a majority of the powers interrogated gave unfavorable answers.

I. O. THOMAS THE NEW AUDITOR

Changes Proposed in the Court House. Committee Appointed to Look Up New Site for Morgue—Coroner's Bill Cut Down

At the regular quarterly session of the Municipal Council at which all members were present with the exception of Councillors Lockhart and Dean, applications were received from I. O. Thomas, Murray Boyd, W. C. Magee and W. G. Gunn for the position of county auditor. A ballot was taken and Mr. Thomas, who received fifteen votes, was appointed. On motion of Coun. McGoldrick a resolution of regret was passed on the death of the late auditor, Joseph A. Magilton. J. V. McLellan, registrar of deeds, reported a balance for the year of \$157.67 in his office. An application of Richard Rawlings for 30 cents a day more for tending farms in the court house was granted. The question of the removal of the morgue from its present site was discussed, and on motion of Coun. Lovell the matter was referred to the county buildings committee to look for a site and get estimates, reporting back. Coun. Christie suggested an arrangement for the use of the present morgue in the public hospital. Coun. Cochrane thought a morgue should be on the harbor front. Renovations in the court house, registry office and morgue were also discussed. Mr. McLellan said it was very hard to heat the vault in the registry office, and there are many complaints from lawyers. Coun. Cochrane suggested that it should be heated by pipes from the court house. In regard to the present morgue building, Sheriff Ritchie was heard, and said that at an estimated cost not as high as \$400 the upper flat could have an opening into the jail and could be used as a turnkey's office. The lower floor could be used as a storeroom for blankets, etc., for which one of the cells is now employed, thus giving an additional cell. The back part could also be used as a repair shop for boots and shoes when the jail contained any prisoner copping at that trade. The sheriff spoke of the heavy wear on boots among the chain gang. From the proposed office also the turnkey could watch the men better and prevent any serious accident such as nearly occurred a few weeks ago, when Wagner, the insane Fremchman, almost killed a fellow prisoner. The sheriff explained that Wagner could not be put in the asylum, as he is not a resident. Arrangements, however, will probably be made for having him deported. Coun. Baxter spoke of the necessity for storage space for the records of circuit court. Attorney General Pugsley thought, he said, suitable arrangements should be made. The matter was referred to the finance committee, and made a satisfactory arrangement with Coun. Willet, the court clerk.

On motion of Coun. Willet it was decided to ask for special legislation to enable the county to levy an income tax up to \$500 on houses, etc. Coun. Lewis spoke of the good work done by the chain gang. He thought Victoria street should be extended back to Fort Howe. On motion of Coun. Baxter it was decided to allow the chairman \$20 a year for the comforts of the men. The reports of the various committees were received and adopted. Coun. Baxter as chairman of the finance committee explained why Coroner Berryman's bills had been cut down to \$25.00. He suggested that steps might be taken to prevent such happenings again in the future. The finance committee reported that negotiations for the adjustment of the amount which the municipality is liable to pay for the maintenance of pauper lunatics are still pending. It was recommended that the matter be referred to a special committee consisting of the warden, chairman of finance and the secretary, with power to pay whatever amount may be agreed upon. This committee recommended that a special committee be appointed consisting of the warden, chairman of finance and Couns. Bullock and Lovell to take into consideration the local board of health, ways and means for providing a sterilization plant in some convenient place near the railway station for the purpose of cleansing milk cans. The committee on bills for the legislature reported having prepared a bill for the issue of debentures to the amount of \$4,000 for the purpose of paying off indebtedness incurred for the payment of matured school debentures.

Five Small Boys Placed in Jail for Theft.

Ages Range from 9 to 14 Years-- Parents Severely Blamed for Neglecting Their Children

To use Magistrate R. J. Ritchie's words this morning, the trial in the police court of five boys ranging from 9 to 14 years in age was indeed an object lesson to any person. They were all charged with stealing and if they had not been caught at this age their future careers might have been worse. There were two separate charges. Louis Walsh, aged 14 years, was charged with stealing a coil of lead pipe and a brass tap from Thomas Galbraith's house on Moore street. The second charge was against George Watson, aged 11 years, Peter Happenny, aged 12 years, Harold Kilfoyle, aged 9 years, and Stanley Horton, aged 13 years. These were charged with stealing \$115 from Hebrew junk store on Paradise Row, kept by Myer Porshnok. Also Horton and Kilfoyle for stealing pipe from the Galbraith house.

Herbert Smith was in court representing young Kilfoyle and when the boys were asked what they had to say to the court, Walsh admitted stealing the pipe, while the other four said that they were not guilty of theft. However, before the case was finished all had admitted their guilt and were sent to jail.

Louis Walsh was put on the stand as a witness and told of meeting Horton and Kilfoyle near the Galbraith house on Tuesday. Kilfoyle entered the house, stole the pipe and threw it out a back window. They took it to Porshnok's junk store on Paradise Row. A Jewish woman went in and said she would give 20 cents for it as there were 10 pounds. Witness said he had often sold junk to the Jew to get money to attend the York Theatre.

The magistrate here remarked that boys of his age should be cared for at home as night instead of going to the theatre. Joseph Connell, another small boy, told the court of meeting the boys with the lead pipe and sending the woman making the purchase in the junk store. Policeman Crawford told of seeing the boys entering the junk store. Kilfoyle stood guard at the door and said over police, they all escaped but Walsh who was arrested. He arrested the others later in the night. They all acknowledged the theft of lead and told of the stealing of the Jew's money on Monday. Mrs. Ida Porshnok, the Jewish woman who is mentioned as purchasing the stolen goods identified three of the boys, Horton, Watson and Happenny, and said they stole her cash.

Peter Happenny took the stand and said Kilfoyle took the money. He met Horton, Watson, and Kilfoyle on the street and Kilfoyle said to him, "come over and we'll take the Jew's money." "I'll do the trick," they went. Horton held the kitchen door so the women could not get into the store. Kilfoyle opened the box of money and they all ran out and out to Hanna's barn near the golf links and divided the money, each getting 29 cents.

Horton took the stand and told about the same story as the others. Three of the boys could write while the other two could not. The magistrate said it was a sad thing to have five boys charged with stealing, with one exception they knew very little about the Bible, it is an object lesson. It is the same old story, fathers, mothers, or grown-up brothers and sisters are to blame. I have to say that in the moral welfare of the community I might have to send you to an industrial home. Home is the best place if the boy has the right kind of a mother. You five boys are not to blame, the blame is neglect. You ought all to know the Lord's prayer and the commandments. If you were kept in and taught these you would not have so much loose time. I would rather I did not have you before me. You have broken the law of the land and the commandments, you will be remanded to jail, poor boys, and I will think over what is best to do. If I find that your parents have neglected you, we have to see that you are looked after.

They are to each be put in a separate cell and the law provides that they must not be in with grown persons.

At the conclusion of the stealing case the Jew junk dealer, Myer Porshnok, was charged with purchasing junk from minors. He pleaded not guilty. The five boy prisoners and young Connell all took the stand and swore that at different times they had sold junk to him and the wife junk. The Jew was held for a time and later admitted to \$40 bail. The case will be resumed this afternoon, and the penalty for buying from minors is a \$40 fine.
