FORMER CAMPBELLTON BOY IS KILLED

Fell in Assault on Vimy Ridge
Enlisted in Vancouver, B. C.

Postmaster A. D. McKendrick received a letter on Friday last from a chaplain at the front informing that his nephew Pte. J. W. MacKendrick had been killed in action on April 9th.

In the field 1-5-17

Mr. A. D. McKendrick, Campbellton, N. B.

I regret to have to write and confirm the news of the death of your nephew, Pte. J. W. MacKendrick, No. 704025, A. Co. 15th Battalion, Canadian. He was killed in action on April 9th in the capture of Vimy Ridge. His body was recovered and buried in the brigade burying ground, Vimy Ridge, grave 234. This is on the spot where your brother fell and which was the scene of the struggle for the ridge, the taking of which made the successful advance possible. The place will be enclosed and preserved for all time. A cross has already been erected.

In your sorrow it must be an intense satisfaction to remember that your nephew gave his life and thereby made the supreme sacrifice while discharging his duty to the full to King and Country and to humanity in their great need.

Surely God will intervent to overcome the effects consequent on this cruel war, sorrow, suffering and sacrifice to the bettering of the condition of the world and the general uplift of humanity in some measure to compensate for personal losses.

On behalf of the officers, N. C. O's and men of the battalion I extend to you our sincerest sympathy. And with the earnest prayer that you may be sustained in our great sorrow by the consolation which our Christian faith affords us.

I remain truly yours,

W. L. BAYNES REED

Chaplain, Mayors

Walter McKendrick was born at Campbellton and for a number of years acted as clerk in the Post Office here. Later he went to sea and sailed the seven seas, having many adventures and also gaining the first declared he was in Vancouver, B. C. mates certificate. When war was where he enlisted. On his way through to the front he spent a short time here. Many friends will regret to learn of his death.

THE BOSTON ENGLISH OPERA COMPANY

This Fine Musical Organization
May Appear in Campbellton
Monday, June 18th.

Many of our citizens have taken considerable interest in the announcement made in the local papers to the effect that there was a good prospect that we in Campbellton would have the pleasure of hearing the Boston English Opera Co's offering of Verdi's Masterpiece "Il Trovatore" with Jos. F. Sheehan and Mlle. Nilli Gardini. This fine Opera Co. with its 45 members are now in Upper Canada and are delighting large audiences. The only date which can be arranged for Campbellton is June 18th. Already there has been a large number of our citizens called upon Mr. Dimock and promised to assist in getting this Opera Co. here by buying tickets, the price of which Mr. Dimock wants to keep down to at least \$1.50. While many as stated have given good support there yet remains many more tickets to be disposed of before this Opera Company can take in Campbellton much as they desire to do so, in order to break their trip down from Montreal. It is safe to say that few towns through double the size of Campbellton will get as low a rate on tickets they will be prepared to take in at once notify Mr. Dimock by letter or telephone as to the number of tickets they will be prepared to take in order that Mr. Dimock may definitely arrange to have this Company appear here on June 18th.

The subscribers list may be seen at the box office at the Opera House any evening for one week.

Subscribers will be allowed two days previous to the general public to select their reserved seats.

NEW BRUNSWICK TRENCH HELD BY 26TH BATTALION

Lieut.-Colonel A. E. G. McKenzie
Writes of Work of N. B. Boys
in Advance on Vimy Ridge

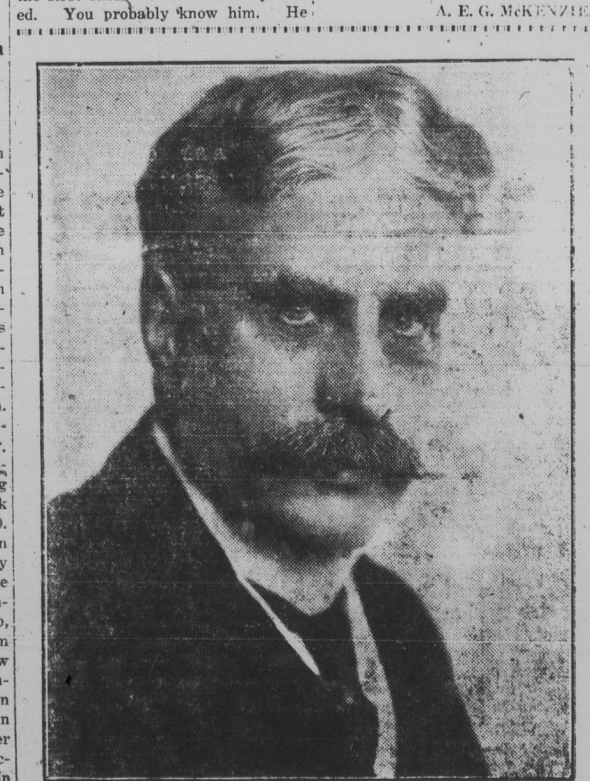

France, 5, 5/17.
Dear Colonel—I have been trying to summon enough energy for about a week to write to you. I am with the "conscientious objectors," which means those who were not in the line for the first show. Major Brown and those who were not in Vimy show are in now. About the Vimy show it was a fine scrap. Our chaps went over as on parade. We were in the first wave and "kicked off" on schedule time. We were four waves in all with the 26th behind us. Our training was so complete over the "fapes" that we knew the German trenches as well as our own. We were very fortunate indeed and we managed to keep behind the barrage and lost quite few men. Sandy (MacMillan), Shand, Winter and Leonard were the company commanders in the show and all came through safely except Shand, who was wounded after we got out of the assembly trenches. It was a great sight.

Object was Gained on Minute.
On the zero hour everything opened and within three minutes the Hun had his barrage going. On the minute our flares announced that our objective had been gained. It was almost like parade, but I do not know how we ever found the trenches first—second, third and fourth line which was our objective as the artillery had practically obliterated them. Anyway, as usual, we did our job. I wonder if our friends at home realize what a battalion they have out here as their representative? This was the easy part getting our objective. To hang on under the weather conditions as we did was most trying on everyone. Snow, rain, hail, sleet, and our men had no overcoats or blankets.

Well may the people at home be proud of the New Brunswick battalion. However, our work was not yet done. Later we had to push on and we "dug in" in a trench which is now called "New Brunswick" trench, 2,500 yards farther than any point on the Canadian corps front, which we held until relieved, for 48 hours. It was some inspiration to us all to look back on Vimy Ridge from the German side. Our men went over the open in the early morning and dug in in splendid style, all of them realizing they were making history.

Death of Lieut. M. Mullaney
Their work was magnificent. In the first show we lost Mullaney killed. You probably know him. He

Yours sincerely,

"SAFETY FIRST" MOVING PICTURES

Demonstration Car Here Draw Large Numbers of Employees Nightly

The C. G. R. moving picture car "Yamachie" arrived here last Saturday in charge of Safety Engineer Long. Safety Inspector P. P. Eggle and Chief Clerk E. F. McDade. Mr. A. H. McMillen inspector for the Bureau of Explosives was also with the car and delivered an interesting lecture on the proper handling of explosives, while in transit.

The car was placed on the short siding to the west of the depot and two lectures a day were delivered, one at 4 and the other at 7:30 p.m. These lectures were illustrated with picture slides. The motion picture entitled "The House that Jack Built" was a realistic object lesson to railway employees and inspired "Safety First" upon the minds of all.

The car was crowded to capacity at each performance.

AGED QUEBEC MAN PERISHED IN WOODS

Came to Restigouche to Spend Winter With Farmer at Eel River

Dalhousie, May 30th—Last of a man named Parrant came from the province of Quebec to spend the winter with a farmer at Eel River. About three days after Christmas he disappeared and no trace of him could be found. Yesterday his body was discovered in the woods not far from the Eel River steel bridge, about four miles from Dalhousie.

He was an old man and is supposed that he took the wrong road and perished from cold. Dr. A. G. Ferguson, coroner, was notified and after examining the remains decided that an inquest was not necessary and ordered his burial.

PTE. WILLIAM BAIN.
Killed in Action.

Mr. John Bain of Flatlands has received the sad news that his son Pte. William Bain was killed in action on May 8th. The following letter has been received by Mr. Bain from H. J. V. Hazen expressing sympathy in his loss.

18th May 1917

Dear Mr. Bain:
It was with feelings of very great regret that I learned today of the death in action on May 8th, of your son, Private William Bain.

I am writing this letter for the purpose of extending my very sincere sympathy to you in your sad bereavement. Nothing of course can lessen the effect of the blow and the sorrow caused to you and his family and intimate friends, but at the same time it is a satisfaction to know that he died serving his country, fighting in defence of those who are left at home, and of the free institutions that are so dear to the heart of every Canadian and Britisher.

Again expressing my very deep sympathy, I am,
Yours very sincerely,

WIFE TOO ILL TO WORK

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. Wm. As a part of the campaign to reduce the number of accidents among railway workers a "safety-first car" is going from station to station along the Canadian government railways. It remains at divisional and terminal points a week or more, and by means motion pictures teaches the men the safest way to do their work.

The word "conscription" stirs a resentment that is not justified. Our public-school system virtually conscripts every boy and every girl at a certain age; the jury system conscripts a large part of the male population. If it is the word itself that is objectionable, let us call it "selection" or "selective military draft."

TALKS BLUNTLY

Tells American People That Danger Faces Them.

(Canadian Press Despatch)

"While we need many things in this war we need the Red Cross more than anything else," said, "the spread of disease is terrible, France is suffering under the joint blows of tuberculosis and Germany. The Germans think that the Americans are lizards and male maniacs. You are all a lot of fat people, who are all for money. German officers told me before I left Germany you might lend the Allies a lot of money but you could not do anything else. You have no men. Your people would not go to war. You could not make them fight. This is the impression throughout Germany."

SAYS FOE EXPERT

Prof. Weidner Shows Hungry Germans a Way Out of Their Troubles.

Berlin is now feeling the potato shortage. The residents of the capital have been warned that it may be impossible to supply five pounds to everybody this week, but that those unable to obtain the full ration will be given cakes.

The supply of pork is short, and it will be sold only on Thursday. Another announcement says that a reduction in the present meat ration after August 15th is being considered. In view of the food shortage, Prof. Weidner, an agricultural expert at Passau, Bavaria, advises the people to follow the example of Nebuchadnezzar, and eat grass. He informs them that the red clover and lucerne (alfalfa) both may be used for the making of tasty dishes for human consumption.

16 GERMAN AIRSHIPS

IN RAPID OVER SOUTH EAST PART OF ENGLAND

Three Were Brought Down By British 76 People Killed.

London, May 26—German airships to the number of about 16, raided southeast England, Friday evening, according to an official statement issued today. Seventy-six persons were killed.

This is the second German air raid on England within three days. On Wednesday night four or five German aircraft flew over the eastern English counties and dropped a number of bombs, killing one man. For six previous months no attack on England had been made from the air following two disastrous raids in which three Zeppelins were destroyed.

London, May 26—Three of the German airships were shot down. One hundred and seventy-four persons were injured. Nearly all the damage occurred in one town where some bombs fell in the street causing considerable casualties among the civilian population.

BIG DAY FOR KILTIES AT FREDERICTON

Plans have been completed for the Farewell Field Day which the 236th New Brunswick Kilties are to hold on the Monday following the King's birthday. Efficient committees have been placed in charge of the various branches of the entertainment and everything points, to the scoring of a great success.

At 2.30 in the afternoon of Sunday, June 3rd, Captain the Rev. W. S. Godfrey, the Kilties' Chaplain, will hold a big open-air service on the lawn in front of the Officers' Quarters. On this occasion Brig. Gen. Hugh H. McLean, General Officer Commanding Troops, New Brunswick, will be present, and, after reviewing the battalion, he will present medals to several officers and N. C. O's who have won them at the front. The splendid set of MacPherson Pipes, supplied to the battalion through the good offices of Mrs. E. Atherton Smith of St. John will be formally turned over to the unit as will be the excellent Brass Band instruments, donated by Mr. James F. Robertson.

The Field Day of Monday will begin at ten o'clock in the morning and will not terminate until late at night. There will be exhibitions of physical training, the method used in the Army for building up strong and hardy fighting men; training of a recruit from the time he enlists until he is ready to take his place with his company on parade; trench warfare, for which a trench, which is a fac-simile of those used in France, is being prepared; and wrestling, juggling and trapeze work. There will also be an "Assault-at-Arms" which is in itself a feature.

Sports of all kinds have been arranged, including football and baseball matches, as well as track events and horse races. The evening will be devoted to a great Bazaar, Festival and Dance for which the Kilties' three fine bands are preparing special music. The 236th, expects to go overseas very shortly and the members of the battalion are expecting numerous friends and relatives to come to Fredericton to see goodbye.

STILL FARMING.

The town teams are still farming. A very large number of lots have been ploughed up and potatoes planted.

VICTORIA DAY.

Victoria Day was very quietly observed here. The weather was not fine so the usual fishing excursions were postponed until a later date. Many but not all, of the stores were closed.

QUEEN MARY'S BIRTHDAY.

Saturday was Queen Mary's fiftieth birthday, and she has been Queen for seven years. She was born May 26th 1817, the daughter of her Royal Highness the late Duchess and His Highness the Duke of Teck. She succeeded to the throne with her husband on May 6th, 1910 and was crowned on June 22nd, 1911.

NOTICE TO FARMERS.

The attention of the farmers of the Parish of Addington is called to the Municipality By-law in regard to live stock running at large on the public roads. This by-law prohibits such running at large after May 1st, 1917 and the hogreaves have been notified to enforce the by-law. Farmers and others are asked to govern themselves accordingly.

ROUGH ROADS.

In many places where repairs were made to roads late last fall, and where the drag was not used this spring the roads are in very bad shape. In some districts where the drag has been used they are in fine shape. Road supervisors find difficulty at this time in procuring teams for road work, as all are busy on the farms. It is expected that as soon as planting is over the roads will receive attention.

IN MEMORIAM.

In loving memory of the late Mrs. George D. Duncan, founder of New Carlisle Crystal Temple, and our first Superintendent, who so faithfully and successfully carried on the good work up to the time of her death, May 29th, 1916.

We therefore wish to place on record our appreciation and loving remembrance; and although absent from us, yet the memory of her many kind deeds will ever remain a model for us to follow.

Signed on behalf of New Carlisle Crystal Temple, No. 22.

DISORDERLY PRISONER.

BROKE OFFICER'S LEG
Fred Jardine of Napan, when being arrested Wednesday afternoon by Officer McNeil for drunkenness, made a kick at the officer and broke his leg. The latter however, held him until Officer Flynn came and conducted the prisoner to the lockup where he came up for trial on Friday and was remanded until this morning. Dr. Duffy and Chief Coughlan set Officer McNeil's leg and he is now doing as well as can be expected.—Chatham Gazette.

M. P. MOORES

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited all awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called frezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of frezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

IMPORTANT AMENDMENTS

In discussing important amendments to various acts which are now before the Local Legislature the Moncton Transcript says:

The New Brunswick provincial government although hampered by the lack of time in preparing a progressive program of legislation before necessity compelled the calling of the legislature together so quickly after the general election, is nevertheless moving rapidly. Among some of the reforms already introduced, is one in which the scandal of an Attorney General pocketing the succession dues commission in addition to his salary is abolished. The revenue from the automobile licenses, an ever growing source of revenue, is no longer to be frittered away but to be funded as a nucleus of permanent funds. The Prohibition Act is to be amended. The details of the proposed amendments are not yet known but they seem to look in the right direction. To one amendment, however, the Transcript gives unqualified support and that is the prohibiting of liquor advertisements in newspapers published in the province of New Brunswick. In The Transcript's judgment there never was sufficient reason for the New Brunswick Temperance Alliance committee yielding to the late government in that respect.

WONDERFUL CHANGE IN CAMPBELLTON

Only Two Drunks Arrested During Entire Month of May—Not Local Men

The Prohibition Act has worked a wonderful change in the work of the police court. During the month of May 1917 only two men were arrested for drunkenness and both of these came off the train and did not get their liquor here.

In the same period last year there were twenty arrests for drunkenness and many who were slightly under the influence of liquor were not apprehended.

Now if a man is at all suspected of having liquor on his person he is taken in charge and closely questioned.

Some people who not conversant with the law are getting into serious trouble.

One young man who claimed he bought liquor before the prohibition Act came into force, claims he gave a friend a flask of liquor. He was up for violation of the act and fined \$100 and costs or four months in jail. He paid the fine.

Another young man came here from Matapedia. He had liquor on his person, went to a hotel where he was under the Prohibition Act and fined \$150 and costs or four months in jail. He also paid.

So that our readers may know something of the act we publish the following extract from St. John police court reports:

Magistrate: I thought everybody knew it is not necessary to be drunk. Anybody under the influence of liquor, apparently under the influence may be staggering from weakness or illness, can be brought here by the police. Then I ask: Have you had a drink today? Citizen: I won't tell you. I can say: Go to jail then. A magistrate has the right to ask the following questions.

1. Have you today drunk any drinkable liquor containing alcohol, or any intoxicating drinks. 2. State the nature or description of all such liquor or drinks so drunk by you. 3. Where did you obtain it? 4. From whom did you obtain it? 5. Did you buy the same? 6. If you did not buy the same, how did you get it? 7. Give person's name who supplied you.

In cases where satisfactory questions are not forthcoming the person or persons can be brought before the court and sent to jail.

CAMPBELLTON ASTONISHED BY MERCHANT'S STORY

A merchant relates the following. "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh, ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-ika relieved me INSTANTLY." Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach organs and prevents appendicitis. It has QUICKEST action of anything we ever sold. A. McG. McDonald.

YOUR "NEWSPAPER"

There is nothing that calls attention as a newspaper to a town equal to a good newspaper. In order for a man to make a newspaper he must have the patronage of the people among whom he lives. If he has half a support it stands to reason that he must make a poorer paper and bring this man in the own and ruin a country has to war a portion of the loss. For this reason, if no other, the man who tries to make a good newspaper should have the support of his town people, all of whom reap fully as much benefit from its efforts as does himself.

Mr. Editor,

HITS OUTSIDE LIQUOR DEALERS

Proposed Amendments Will Prevent Newspaper Advertising of Price Lists

Fredericton, N. B., May 29—Amendments, which the government proposed to the New Brunswick prohibition act, in the legislature last night hits Montreal liquor houses and Nova Scotia brewers of malt. At present a householder may purchase liquor for his own use, but if the amendments are carried, the privilege will be withdrawn. Attorney General Byrne introduced a bill to bring into force New Brunswick the Doherty Act of the Dominion, which would prevent transactions in liquor taking place between parties without the province. Another amendment proposes to forbid newspapers advertising liquor. Both Montreal and Nova Scotia houses are now using space in some St. John papers. Posters and circulars also will be barred.

Dear Sir:

Will you allow me a little space in your paper to show the public, also our Railroad officials how they have helped me in raising food for the War problems.

I bought a farm last September at Dalhousie Jet, I paid \$2,000 for it. It is the west half of the Murchie farm. Mr. T. W. Roberts bought the east half about four years ago.

The railway crossing was built on the east half and that leaves me so that I cannot get on my farm with out crossing Mr. Roberts' farm.

I spoke to Mr. Jas. Hamilton, track-master about a crossing and he told me to mark where I wanted it and they would have it done. I did what he asked me to do. One month passed and no crossing, two months passed and no crossing, and as I needed it to haul my wood and also to haul manure, I saw Mr. Jas. Hamilton again and he said "you're in no hurry for the crossing." I said that I wanted to get across so that I could haul my wood I had already cut and to get

If they did not have time to build the crossing to let the section men open the fence so that I could get my horse across and I would fix the crossing for myself as it is a very easy place to cross. He said they could not do this. If anything should happen my horse I would come on in the crossing. I said that I would run all risks for I wanted this

BOARD OF TRADE AFTER TRAIN SERVICE

Committee Appointed to Interview Superintendent—Suburban to Run

A meeting of the Campbellton Board of Trade was held in the town Offices Monday night, Vice President Harquail in the chair.

The chairman explained the object of the meeting, which was to discuss the train service both east and west, and endeavor to have some improvements made which would greatly benefit Campbellton.

After a general discussion a committee composed of Messrs. John Harquail, A. McG. McDonald and D. A. Stewart were appointed to interview Supt. W. R. Fitzmaurice and bring the views of the Board of Trade to his notice.

On Wednesday evening a meeting of the Council of the Board of Trade was held at which this matter was further discussed and the following resolution was unanimously adopted:

May 30 1917

A meeting of the Council of the Board of Trade of Campbellton was held on the above date and the following resolution was proposed and unanimously adopted:

WHEREAS The present passenger service on the C. G. Railway between Campbellton and adjacent places East and West is entirely inadequate and does not meet the requirements of the Public and is detrimental to the progress and advancement of the said town of Campbellton and its immediate vicinities, and

WHEREAS The said town of Campbellton being the chief centre in this locality the people from the surrounding country come to do their banking business in this town.

Under the present conditions people living even short distances from Campbellton have not the proper Railway facilities for transacting such business.

BE IT THEREFORE RESOLVED That this council by this Resolution bring to the notice of the C. G. R. Management the requirements of the people along this section of the line, and request the management that if it is possible and practical a passenger train be put into the service that would leave Campbellton on or about 6 P. M. for Newcastle arriving the following day in Campbellton on or about 11 A. M.

It is also further resolved that a train leaving Campbellton on or about 9.30 P. M. going West as far as Causapscal and returning to arrive the following day in Campbellton at or about noon, be placed into service, said trains to stop at all intermediate points.

Be it further resolved that a copy of this resolution be forwarded to Mr. W. R. Fitzmaurice, Superintendent at Campbellton.

The committee met Supt. Fitzmaurice and were assured that the east Suburban between Newcastle and Campbellton would again be on the time card. With reference to a west service no definite promise was made, but we understand a train from the West is being arranged for. This is expected to reach Campbellton in the early afternoon and leave here at about 9.30 p.m. for points west.

A SUGGESTION.

A good suggestion has come from a citizen and that is that the Auto owners, who are all interested in good roads, meet some evening soon and plan a road making picnic to fix the bad spots in the road between here and Matapedia. Full details could be worked out if the owners meet. The matter of forming a association could also be discussed.

PRESBYTERIANS WIN.

The Presbyterians met and defeated the Methodists on Saturday to the tune of 42 to 4. As the score indicates the Presbyterians outclassed their opponents in every way. These games will be played each Saturday afternoon.

MEMORIAL SERVICE.

Rev. Hugh Miller of St. Andrews Church conducted a Memorial service out of respect for the late Signaller A. T. White last Sunday evening. The church was crowded and the service was very impressive.

How A Dollar Circulates

Spend a dollar with your home merchant and you will have an opportunity of spending it again soon. Spend a dollar away from Campbellton and that dollar is forever out of circulation as far as Campbellton is concerned.

Spend a dollar in Campbellton for shoes, the shoe man spends it at the drug store, the druggist spends it at the grocery store, the grocer spends it at the dry goods store, the dry goods man spends it with the butcher, and the butcher owes you an account, and is now able to pay you because you spent a dollar in Campbellton.

You sold the butcher an insurance policy, or you were his lawyer or his doctor, carpenter or painter. That dollar bought seven dollars' worth of goods while it was coming back to you. Seven men besides yourself made a profit on that dollar.

This question of "BUYING IN CAMPBELLTON" is much more than mere loyalty to home merchants—it resolves itself into a matter of whether or not one will reduce or increase their chances to accumulate money, or have less money or more money to spend.

Every dollar sent away from Campbellton simply reduces the chances for profit for the man who sent it away.

Looking at it from a hard-headed, business viewpoint—it is good, common business sense to spend your money where you have a chance to get at least a part of it back.

Blood Food

Right now is when you need a good blood medicine—to overcome impurities in the blood—to supply the elements that enrich the blood—to protect the system against the depressing effects of "spring fever".

Mother Nature, the great physician, has provided this "blood food" in **Dr. Wilson's HERBINE BITTERS**.

It is a simple and effective remedy, made from Nature's healing herbs—that was a favorite medicine in our grandfather's time and is just as effective today. On Sunday evening May 20th the Sunday School of New Richmond West held its first anniversary.

Responsive Reading was followed by the calling of the Roll.

After a chorus by the choir the superintendent gave a summary of the year's work, dealing with the progress of the school and showing that the attendance now kept up. There were about seventy-five on the roll; and during the winter the average attendance has been about thirty while in summer it has reached sixty.

A hymn was sung, and the following congratulatory remarks for the school, superintendent, teachers etc. The year's work has been a great success; and they were encouraged and determined to keep on and strive for greater things during the ensuing year.

While the offering was being received Mr. Bertie Gilker sang a solo.

Miss Hall (Prin. of the Model School), on behalf of the Sunday School presented all the children with reward cards.

Mr. Hardy, superintendent and Miss Kerr, Pianist each with a leather-bound copy of the Presbyterian Book of Praise. These gifts were much appreciated by the receivers.

A short business session followed resulting in the re-appointment of the former officers.

Mr. Robert Hardy was re-appointed by a standing vote of those present.

A very hearty vote of thanks and appreciation of the work performed and interest taken in the Sunday School by Miss Hall, was moved by Mr. Evelyn Harvy and seconded by Mr. Bertie Gilker.

The community have heard with much regret that Miss Hall has resigned her school, her interest and helpfulness in all branches of work in the congregation, in addition to her school duties, are much appreciated by the people of the municipality.

She has been a willing worker in the Missionary, Temperance, Red Cross and Sunday School, and she may be sure that she will not be forgotten by the people with whom she has been a willing co-worker.

Rev. Mr. Rattee gave a short temperance address.

This interesting and inspiring anniversary service closed with the Benediction and the National Anthem.

On May 27th a large and attentive congregation in St. Andrew's church New Richmond listened to a most earnest and searching presentation of an appeal along the line of individual responsibility in the work of the Master, by the Pastor Rev. Mr. Rattee.

Special services commence in this congregation on June 3rd. under the leadership of Rev. Mr. Robinson, Mr. Nichol and Miss Nivan.

STOLE PROVISIONS FROM LUMBER CAMP

Three Husky Men and A Woman Before Court on Serious Charge

One day last week Arthur Johnson in the employ of the Tobique Lumber Company discovered that one of the company's camps on the Eel River had been broken into and a quantity of pork, flour, bedding and general groceries removed therefrom.

It was learned that several residents of the vicinity were suspected and a search warrant was obtained.

These residents live between Upper Balmoral and Tobique. Upon searching the house of a man named Turcott with whom Miss Annie Nadeau lived the goods were found in the cellar.

It further transpired that Thomas Hunt, Francis and Joseph Robichaud and Miss Nadeau were the ones implicated and they were arrested and brought before His Honor Judge Matheson. The Robichaud boys, who were seventeen and nineteen years of age, confessed to the stealing.

All were remanded for trial at the sitting of the court.

The three men implicated are hardy, well and strong and had they carp to work could earn a good living. The judge should send them somewhere where they would be obliged to serve their country in these trying times and not made a burden upon it.

ON ROLL OF HONOR.

The sad news has reached us of the death of another of our noble boys, who sacrificed his life for his country in the person of Pte. Lynden R. McKay, only son of Donald McKay of Grand Caspédia, Que.

His parents received the telegram Sunday morning, April 15th telling them their son had died of wounds in the 22nd Casualty Clearing Station France, where he had been taking an active part in the desperate struggle of Vimy Ridge.

Pte. McKay enlisted in Sept. 1916 and went overseas in March in the 64th Btatt stayed a short time in England then went to France where he received three wounds the third one proving the fatal one.

Pte. McKay was a favorite by all who knew him, was loved for his mild and sincere disposition, always gentle and considerate of others.

He leaves to mourn his death his parents and three sisters, besides a multitude of friends who join in expressing heartfelt sympathy to the bereaved ones, trusting they are still re-echoing the words of Lynden's favorite hymn "Never loose sight of Jesus."
