White Shirt Waists

FOR HOT WEATHER

Were always popular. This season they are more so than ever. The open back, elbow sleeve style, have been scarce and hard to get. The manufacturers are working day and night to produce them, and still the supply is not equal to the demand. We are showing a big assortment of them, with further shipments coming at regular intervals for the next six weeks, so we hope to be able to keep up with the demand. See our window display.

75c

White Lawn Waist, open front, long sleeves, tight cuff, finished with four large tucks hemstitching, and three clusters of small tucks front and back, in rows of large and clusters of small tucks, collar and a back hemstitched and tucked. The best value you ever saw.

PRESBYTERIAN PARLIAMENT

Much Business Is Coming Before The Great General Assembly

IMPORTANT DISCUSSIONS

Special Correspondence.

London, June 10.—But one item of business occupied the mind of the great Presbyterian Parliament on Saturday, namely, the Sabbath School report. The statistics presented showed an increase in interest and numbers in this department of the church's work. Our publications are of a quality second to none, and the financial side of the question of the publications is no longer a problem to the committee.

The remainder of the morning sederunt was spent in receiving deputations from two sister denominations, the Methodist and Baptist, Rev. Dr. Daniel and Mr. Livingstone speaking for the former and Rev. J. J. Ross for the latter. The reply was given by Dr. Patrick, and while many nice things were said, it is certain that to spend so much valuable time of men who have come here from coast to coast in giving and receiving bouquets does not meet with the approval of a large body of the commissioners present.

In the afternoon the assembly was entertained on the spacious grounds of Sheriff Cameron, and a delightful afternoon was spent. While many had left the city to spend Sunday, yet many of the delegates, together with their hosts and hostesses, enjoyed the hospitality of Sheriff and Mrs. Cameron.

On Sunday every pulpit of an evangelical church in London was occupied by a Presbyterian divine, and judging from the large congregations in the leading churches and by the comments heard on the streets it is certain that London never before had such a bill of fare for a Sabbath. In First Church were Prof. Magill, of Halifax, and Rev. J. W. McMillan, of Winnipeg; in St. Andrew's, Prince George, of Queen's, and Dr. Duval, of Kingston; in Knox, Principal Falconer, of Halifax, Talbot street Baptist church had Rev. A. B. Winchester, of Toronto, and Rev. Robert Laird, of Kingston, while Adelaide street had Rev. G. R. Faskin, Toronto, and Principal Forrest, Halifax. Nor were the Methodists overlooked, for they are the strongest denomination in London. In their three leading churches, First, Dundas, Centre and Wellington street were heard Principal Patrick, of Winnipeg, and Dr. Milligan, Toronto; Rev. John McKay, Montreal, and Rev. J. A. Macdonald, Toronto; Rev. A. H. MacGillivray, Chatham, Ont., and Rev. J. W. Milne, Ottawa. First Congregational church heard Rev. R. G. McBeth, of Paris, and Dr. Smith, of St. Catharines.

The assembly resumes business Monday morning, at 10 o'clock.

London, June 11.—The first report dealt with at to-day's sederunt of the General Assembly was that of the Aged and Infirm Ministers Fund, this was presented by the convener, Mr. J. R. McDonald, who has for years interested himself in this branch of the church's work, namely, the church's care of her aged servants in the ministry. Thanks to his untiring efforts the fund is in a better condition than ever before, and it is to be hoped that the convener's dream will soon be realized and the sum of five hundred dollars per annum be allowed yearly for the aged and infirm ministers of our church.

After a spirited debate Montreal was chosen as the next place of meeting. The West cannot have everything, and Winnipeg must wait for another year.

The evening was spent considering the report of the Sunday School committee and the committee on Church Life and Work, the feature being an able address by Rev. Mr. Robertson, the field secretary of Sabbath School work. The church as a whole is coming to its own in this important department.

The afternoon saw one of the greatest debates that ever took place on the floor of the assembly. The church was crowded, knowing that the much discussed question of church union was on the docket. Principal Patrick in one of the most masterly addresses ever delivered in any of our church courts, presented the report of the committee and moved the continuance of the committee. He was ably supported by Dr. Armstrong, of Ottawa, Rev. W. J. Clark, of London, and Principal Falconer.

The amendment in favor of federation rather than union was moved by Rev. John McKay, of Crescent street church, Montreal, and was supported by Dr. Campbell, of British Columbia. The excitement was at fever heat when the hour of adjournment arrived, and Principal McLaren, of Knox College, who opposes union, has the floor for to-morrow. Every other item of business is forgotten and the battle of grants will be continued to a crowded church to-morrow morning. This is easily the feature of the assembly.

MR. FORBES PURCHASED A LICENCE BUT HE CANNOT SELL LIQUOR

Peculiar Position of an East Kent Hotel Man—Much Interest has been Aroused Through the Decision of the Harwich Clerk—Temperance People Firm

The license situation in East Kent still remains a vexing and apparently unanswerable conundrum. The matter remains about the same, and there is nothing new with regard to it, with the exception of a few more facts which have been gathered from those who have followed the actions of the Commissioners, the temperance people and the liquor men, are: Has Hotelman Forbes a right to sell intoxicating liquors, if he has not a license? If he has a right to a license, why should he be granted one at once, instead of the Commissioners letting the matter hang fire? Apparently no license has been issued and he is selling under a temporary permit. If he is not entitled to sell, why has his money which he paid over for a license not been refunded to him?

The expressions of many of the more fair-minded, intelligent and unprejudiced persons are to the effect, that in order to prevent Mr. Forbes from securing a liquor license the temperance people have gone to the extreme limit. Clerk Roseborough's refusal to divulge the names which he saw fit to strike off the list and the certificate does not meet with approval. The department, according to the Toronto News, have given it as their opinion that the Clerk in all fairness should give proofs for why he thought the Forbes petition insufficiently signed. Until he does so, there will always be doubt in the minds of the public.

As to just how he came to the decision that the said certificate was not signed by a majority of the residents entitled to vote.

Crown Attorney H. D. Smith, whom the temperance people requested to take action against the Commissioners to compel the License Commissioners to refer the certificates back to the Clerk, was interviewed by a Planet reporter yesterday. To the various questions asked him, Mr. Smith replied as follows:

"At the first meeting of the East Kent License Commissioners in April the matter of referring the certificates to the Clerk was considered. It was after this meeting, on or about the 25th, that Mr. R. L. Gosnell, solicitor for the temperance people, first verbally and later by letter, requested me to take action under the Liquor License Act, to compel the License Commissioners to refer the certificates back to the Clerk. It did not strike me as a proper kind of a case to proceed against the Commissioners on, and I referred the matter to the department. The department took my view of the matter; that it was not a case for me to interfere with, and they instructed Inspector Boon that the Board should refer the applications to the Township Clerk pursuant to the statute. Mr. Boon placed the instructions before the Commissioners and they acted accordingly, and referred the certificates to the Clerk. "Since that time the matter has not come before me officially or otherwise."

Peter Cole, of Ridgetown, Meets with a Very Painful Accident Yesterday.

Ridgetown, June 12.—Peter Cole, pump manufacturer, met with a serious accident about noon to-day while operating a circular saw at his pump works on Ebenezer street.

In some manner his right hand became caught between the saw and guide, with the result that the end was taken off the thumb and the first, second and the third fingers were severed at the second joint. The thumb was also dislocated near the hand.

Abraham Gesner and sisters, Maria and Elizabeth, moved from Clearville to Bothwell last week. The Gesners were among the oldest settlers in East Kent, the family having resided on the old homestead at Clearville since 1824.

HARWICH RESIDENT GONE

The death occurred this morning at four o'clock of Valentine Jimmer, Jr., a respected resident of Harwich Township. The deceased was 43 years and eight months of age at the time of death. He was born in New Germany, Welland County, and the cause of death was diabetes, from which the deceased had been suffering for the past seven years. He had only been confined to his bed for the past three months. He leaves to mourn his loss a bereaved wife and a family of five. The children are: Ollie, Clara, Harry, Edward and Myrtle, all living at home.

The funeral will take place Friday morning at ten o'clock from his late residence on the 3rd concession, Harwich, to St. Joseph's church, this city, and thence to the cemetery.

HOME FOR FRIENDLESS

The regular monthly meeting of the ladies of the Home for the Friendless, was held Monday afternoon. After the minutes of last meeting were read and approved, the regular routine business was transacted.

At present there are 22 inmates in residence, three men and one woman being admitted during the month. The treasurer reported having paid Dr. Treksurer \$37.50, W. E. Rispin 45c, Geo. Heyward \$1, G. W. Reddick 75c, Janitor and Matron \$35.

Ordered paid—H. Weaver \$6, T. W. Smythe \$17.37, Wm. Sharp, \$3, Fred Wood \$2.50, T. M. Edmondson \$7.59, A. J. McCall 25c, A. McDonald \$2, J. A. Oldershaw 30c, T. H. Taylor & Co. \$1.45, Harold Poile \$11, Walter Wing \$12.25, Mr. Reddick 25c.

The ladies gratefully acknowledge the following donations—Rev. Fr. James \$2, Mr. Wing, meat. The following ladies will visit the Home this month—Mrs. Ball, Laird, Fleming, Gardiner.

The investigating committee—Messrs. Stevens, Ball and Miss Kingston.

A COOL GIRL

A young lady, one of the Windsor contingent in San Francisco at the time of the earthquake, when awakened up by the commotion cried out with much apparent distress that it was the end of the world. The friend whose guest she was, reconnoitered and pronounced it an earthquake. "Oh, is that all?" she said with infinite relief, and turned to continue her interrupted nap. It will revive this lady's alarm to hear that Rev. J. Ross, a Baptist pastor lately of Chatham, but now of London, expressed his conviction the other day that the end of the world is not far off and advised his hearers to keep on the qui vive.

THE VALUE OF CITY PROPERTY

Never Before Was There Such a Demand for Real Estate

A POPULAR LOCATION

The value of property in Chatham is on the rise. More buildings are being put up, the city and its surrounding districts are being developed and opened up by local and outside capital and there are many indications of a boom in real estate.

The city's industries are daily increasing in size and value, and the eyes of company promoters and others are upon this locality as the field of future operations, and as a good site for the erection of factories.

Chatham's excellent transportation facilities, her handy position, the richness of her surrounding country and a host of other reasons can be given for this development, and there is little doubt that the assessment of the city will keep on increasing at a fast rate.

People from outside cities are coming here to live, old residents are coming back, and, in short, Chatham seems to be on the eve of a wide-reaching boom.

Messrs. Rothwell & Co., the well-known real estate dealers of Windsor and Detroit, have shown their foresight in recognizing Chatham's growth and increasing importance, by continuing to open up their big subdivision in Chatham's finest residential district on King Street, West. This property is known as the Elms, is entered by way of a magnificent arch, and is laid out like a fine park, with shade trees, pretty plots, and splendid roads.

Messrs. Rothwell & Co., offer 150 building lots for sale on unusually easy terms, viz., \$10 down, (or more to suit purchaser), and \$5 per month until lot is paid for when the deed and full ownership rights will be made over to buyer. The subdivision in which the lots are situated is now open for inspection and the estate is on.

The terms are so easy and the offers so advantageous that it is unlikely that any of the lots will remain unsold for more than a day or two, and to the investor of either large or small means the advice to come early and pick their lot is excellent and worthy of notice.

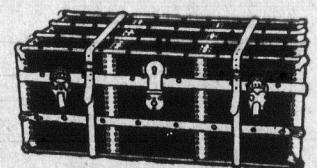

A boy may know entirely too much without having finished his schooling.

BARGAIN!

For sale on easy terms of payment, or to let, the brick block formerly owned by the late Mr. Ryans, on the North side of King Street, directly west to Northwood's Warehouse, opposite the Planet office. Also part of Lot 5, Fourth Con. Dover, about 45 acres of Sterling farm, fronting River Thames, on terms to suit purchaser.

Also a few shares Chatham Wagon Works stock, ten shares Sutherland lines stock, to shares Reliance Loan Co. stock and shares of Farmers' Bank of Canada.

PROTECT THE FARMER.

In last evening's issue of The Planet appeared an editorial comment on the much needed revision of the tariff, commending Mr. H. S. Clements, M. P., on the excellent and popular stand taken by him in the House on Friday. In view of the fact that the government seems inclined to do nothing towards this important reform, Mr. Clements has quite properly taken up arms in the interests of the farmers, who, under present conditions are working under a great and serious disadvantage, and is pressing the Premier for Premier for a fulfillment of Liberal pre-election pledges, and urging the Government to adopt some legislation which will tend toward bringing about equality of tariffs.

Mr. Clements is not alone in his fight against the present policy of the Government. He is backed by every agriculturist in the Dominion. The Toronto Mail and Empire also, in following up along the same lines adopted by Mr. Clements in his speech in the house, has the following to say editorially:

"There is one free trade proposition that the Ottawa Ministers and their organs have still the courage to maintain—namely, that protection is valueless to the farmer. Evidently they think that the farmer has no such keen sense of the possibilities of the home market as the manufacturer has and that he has little appreciation of the advantage it would give him in that market to have his products adequately protected. At all events, while ministers have become discreetly silent about free trade in relation to other departments of industry, they think it quite safe to keep on insisting that agriculture can stand it. Sir Wilfrid Laurier, the Cobden medalist, and Fielding who was to have taken the axe to the tariff, saw their way to the adoption of a duty of \$7 a ton on steel rails, but they put corn on the free list. They presume too much on the simplicity of the agriculturists. In the United States the farmers are protectionists, as manufacturers are protectionists, from motives of self-interest. The McKinley tariff hedged about the domestic market with duties that barred the entrance of agricultural products of other countries. The tariff dealt an almost finishing blow to barley-raising in this country and gave a great impetus to it in the United States. The American farmers resented the Wilson Bill of the Democrats as much as the manufacturers did. In the Dingley Act the farmers have the protection they wanted. It is not to be supposed that our farmers are less wide-awake than their competitors across the line. What the latter have found good would be good for the Canadian farmers, and they are entitled to have it. They will not be content to have the balance of trade in agricultural products constantly increasing in favor of the farmers in the United States.

Mr. Clements' timely speech on this subject in the House on Friday will strike a responsive chord throughout agricultural Canada. The Dominion Government is understood to be desirous that as many as possible of the immigrants from abroad shall be farmers. It is very sensitive to hints that its agents in Great Britain and on the Continent encourage skilled workmen to come here, but it cannot have too many agricultural newcomers. It cares not how much it increases competition in the production of Canadian grain, roots, live stock, dairy products, etc. The more our farmers increase in number and in the volume of their production, the more should the products of foreign agriculturists be excluded from the Canadian market."

TIMELY LEGISLATION.

During the last night of the recent session of the Ontario Legislature a measure of special importance to farmers was adopted. The act provides in effect that all agreements or stipulations providing for trial of action at a particular place shall be null and void. This law will compel the trial of all Division Court suits against farmers and others at the Court nearest which the defendant resides, unless the whole cause of action has arisen in some other place. In the case of County and High Court actions, it is left to the judge to direct that the trial shall take place at the most convenient and least expensive place for trial. Manufacturers of implements and nurserymen, in selling on time, have been in the habit of inserting a clause in their agreements of sale that, in case of litigation arising, the case shall be tried in the Court nearest the seller's headquarters. These agreements are now rendered null and void, and trial will take place at the point most convenient for defendant.

TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hell, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap and I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3383 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

Complete External and Internal Treatment for every Humour, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, Ointment, and Resolvent (also in form of Chocolate Coated Pills, in vial of 50), may be had of all druggists, chemists, and mail order houses. BRISCO'S

of Revision on the same, to be held in the Township Hall.

Councillors W. J. Corlett, G. S. Gerber and J. T. Walters were appointed commissioners on the various drains not yet completed in their respective wards.

Moved by Gerber and Corlett, that the Reeve and J. B. Clark be a committee to inspect the road grader of ward 3 re the necessity of expending further money in repairs or to consider the purchasing of a new one, with power.—Carried.

Moved by Gerber and Corlett, that the Clerk ask for tenders for the erection of a new bridge as per the engineer's specifications over McGregor's Creek, Base Line, contractor to erect a temporary structure with the old bridge material; tenders to be in the hands of the Clerk by June 11. Plans, etc., to be seen in Clerk's office. Lowest and not any tender tender necessarily accepted.—Carried.

Moved by Corlett and Clark, that the Clerk notify the M. C. R. authorities to improve the approach to their tracks on the 18th and 19th Sideroad, E. C. R., for public travel.—Carried.

W. D. Samson and Theo. Pickering were heard re drinking water, sanitary condition and railway grievance at Erieau.

Moved by Young and Corlett, that as complaints have been made to this council by property owners of Erieau that the railway company have laid their tracks on the township road, wherever they please, and the Clerk notify the pathmaster to notify the proper authorities of the railway to have the tracks removed forthwith.—Carried.

J. B. Clark, W. J. Corlett and the above reported re Hughson's grievance, in reference to the water on the west side of the Communication Road ditch adjoining the property of J. H. Hughson in view of the fact that a portion of the water comes from the adjoining lands; we suggest to Mr. Hughson to take the necessary steps under the D. and W. Act that the rights and interests of all parties may be properly adjusted, and to which he consented.

2. We also viewed the road on the 3rd Con. W. C. R., from where it enters the Marsh to the waters of the Eau. We found the roadway as far as the railway in fair condition with the exception of a few wash-outs, and arrangements were made with the commissioner of the ward for repair of the places.

In case the waters of the Eau lowered enough the Council would construct a ditch of about 50 rods on the east side of the roadway, next to the Eau, to provide an outlet for the waters of said roadway.

3. The request of S. Rumble, to assist in lowering the tile on the 4th Con. W. C. R., adjoining lot 15, in the 3rd Con. W. C. R., we would not recommend the lowering of the tile owing to their being no outlet through the lands to the west of the said water and owing to the objection of the adjoining ratepayers.

Moved by Gerber and Walters, that the report be adopted.—Carried.

Ex-Councillors Pentley presented his resignation as commissioner on drainage work, and the same was accepted.

Moved by Corlett and Gerber, that the Council of Harwich take steps to have the road allowance between Con. 4 and 5, R. T., open for public travel, and that the Clerk notify Mr. McGeorge, C. E., of Chatham, to survey the boundary from lots 5 and 6 to 12 and 13 sideroad.—Carried.

A number of accounts were ordered to be paid.

Moved by Walters and Clark, that the application of C. Padbury, for Council to pay funeral expenses of Sands' child, be not entertained.—Carried.

GEO. W. RISEBOROUGH, Clerk.

FASHION HINTS

No. 4153.

Hand embroidery is a noticeable feature on many of the season's odd waists. The one illustrated is of white linen, embroidered in white. As illustrated, the roll collar, and short puff sleeves with a turned back fancy cuff was given preference, though for cooler days the high collar is more comfortable with the full length sleeve and deep cuff, which may be finished in any of three ways—by buttons and buttonholes, cord loops, or closed in a seam. The closing is at the front by means of buttons and buttonholes. Madras, gingham, lawn, China silk, and dimity are recommended for making.

The quantity of material required for size 36 is 3 3/4 yards of 27-inch goods. Pattern No. 4153 is cut in sizes 32 to 42 inches bust measure. Mailed postpaid on receipt of ten cents, name, size and address to the Fashion Department of C. Austin & Co., Chatham, Ont.

The disgusting discharge from the nose and throat, and the foul catarrhal breath, are quickly dispensed with by using Dr. Shoop's Catarrh Cure. Such soothing antiseptic agents as Oil Eucalyptus, Thymol, Wild Indigo, etc., have been incorporated into a snow white cream making a catarrhal balm excoelented. Sold by C. H. Gunn & Co.

STOLE THE HORSE A PLEASANT TIME

Young Chatham Lad Takes a Drive In The Country And Causes Trouble For Police

Some time ago the police were troubled by a little boy who had a great love for horses, and who allowed this great liking to get him into trouble. At that time he stole a number of horses and took periodical drives in the country taking a number of his friends with him. He was arrested and the Judge gave him a severe lecture and it was thought that he was taught a lesson which would do him good. He was not heard of for some time, but he turned up suddenly the other day at his old tricks. He took a horse from a stable in North Chatham, and he and a companion started out for the country. The owner missed the horse and notified the police of his loss. The young lad after driving the horse for some time, unhitched it, and was practicing for the King's Plate when he was found. He didn't mind being arrested, in fact it seemed to the police that he would have been disappointed if he had not been found and arrested. It is hard to decide just what should be done with the boy.

Scholars of the Separate School Enjoyed an Excursion on the Str. City of Chatham.

The scholars of the St. Joseph's Separate School enjoyed a delightful excursion on the City of Chatham yesterday afternoon, the outing being under the auspices of the Ladies' Altar Society. The steamer left Chatham about half-past two and made a pleasant trip down the river to the lighthouse where the excursionists were given the option of landing or of taking an hour's sail on the lake. Many preferred to adopt the former course, and those remaining aboard had a magnificent cruise, the sunniness of the day and the cool lake breezes making the trip a most delightful one. The party who were landed at the mouth of the river were picked up on the return journey, after a pleasant afternoon's fun ashore, and the City reached Chatham again about 7.30. The excursion was a great success in every way and was thoroughly enjoyed by everyone. The total receipts amounted to \$150, which will leave a neat sum after all expenses have been paid.

A COSTLY BLAZE

Two Houses Almost Completely Destroyed by Fire—System Out of Order

A costly fire took place on Degge street to-day at noon; one house being burned to the ground, and another gutted by the flames.

The fire alarm system in that portion of the city was out of working order, but the residents did not at first think of this, and it was only after receiving no response to repeated pulls at the alarm box nearby that anyone thought of notifying the fire department by telephone. When the brigade arrived, the flames had too great a start to allow the saving of a great deal of either of the burning houses.

The house burned to the ground was the property of J. W. White, and was occupied by Mr. Cooper, a colored plasterer. The other house, which was badly damaged inside by the flames, was occupied by the Misses Huffman.

Until the fire alarm system is put in good working order once more, it would be well as a precautionary measure, for citizens living in distant parts of the city to notify the department in case of fire, by telephone as well as by alarm.

FORMER CHATHAM PASTOR

O. L. Lewis, of the firm of Lewis & Richards, barristers, has received a telegram from Toronto, bearing the sad intelligence of the sudden death in that city of his uncle, Rev. J. Pitt Lewis, pastor of Grace church, of Toronto. The news will be received with regret by the many friends of the family here. The news has come as a sudden shock, as the relatives here did not even know that he was ill. The late Mr. Lewis was a former pastor of Christ Church, preceding Rev. Mr. Martin. He will be remembered by many as an earnest preacher and a popular man.

THE COUNTY COUR

At the County Court to-day true bills were brought in by the Grand Jury in all of the criminal cases.

Wm. Anesty was arraigned on a charge of attempting to commit suicide, and pleaded guilty. He was remanded for a week to see what can be done with him.

W. H. Barroughs, of Wallaceburg, was arraigned on a charge of assaulting Thomas Coulter, causing actual bodily harm. Thomas Coulter is the man who was burned to death in Wallaceburg. The Crown had its case in by noon and the defense was started after lunch. J. S. Fraser, of Wallaceburg, is defending the prisoner, and Crown Attorney H. D. Smith, of this city, is prosecuting.

The fellow who stops to explain everything to everybody will never reach the end of the journey.

A SILVER WEDDING

Mr. and Mrs. Lister Will Celebrate A Happy Event On Friday

Next Friday, Mr. and Mrs. C. Lister of Adelaide street, this city, will celebrate the silver anniversary of their wedding. One interesting feature of this unique event is the fact that Mr. and Mrs. Lister were both born in the same month of the same year.

Mr. Lister was born in Dover in September, 1858, and Mrs. Lister was born in London, Ont., in September, 1858. They were married in Chatham in 1881, afterwards having for Clearville in 1883 they moved to Mansfield, from there to Edina Mills in 1890, from Edina Mills to Kingsville, Ontario, in 1897, and returned to Chatham in 1898, when Mr. Lister set up the Creamery business here, that has since met with great prosperity.

Guests will be present at this anniversary from many outside points, and their many friends will wish Mr. and Mrs. Lister many more years of prosperity and married bliss.

At the Yarmouth Y. M. C. A. Boys' Camp, held at Tusket Falls in August, I found MINARD'S LINIMENT most beneficial for sun burn, an immediate relief for colic and toothache.

WHAT WOMEN SUFFER

At All Ages They Need the Rich, Red Blood That Dr. Williams' Pink Pills Actually Make.

"A woman needs medicine more than a man. Her organism is more complex, her system more delicate. Her health is disturbed regularly in the course of nature. If anything happens to interfere with that natural course she goes through unspeakable suffering. In fact the health of every woman and the health of every man in a woman's life depend upon the richness and regularity of her blood supply. That is the simple scientific reason why Dr. Williams' Pink Pills are worth their weight in gold to women of all ages from early girlhood up—they actually make the rich, red blood all women need."

Mrs. Edwin Ward, Brookside, Ont., says: "For years I suffered from those ailments that make the lives of so many of my sex miserable. I would take weak spells and become so nervous that I could not go about. My stomach was out of order, and I frequently vomited the food I took. Headaches and backaches afflicted me nearly all the time. Then I took a severe cold which settled on my lungs, and I went to an hospital for treatment. I had the best of care, but the doctors gave me little hope of recovery. My face and limbs became swollen and my system racked with a harsh dry cough. As the doctors did not look hopeful upon my case I decided to try Dr. Williams' Pink Pills. By the time I had taken half a dozen boxes there was a great change for the better. I still continued to take the pills until I had used thirteen boxes, and I am now enjoying perfect health. I have no hesitation in saying that I believe Dr. Williams' Pink Pills saved my life."

Dr. Williams' Pink Pills cured Mrs. Ward by actually making the new blood her system needed. That is all Dr. Williams' Pink Pills do, but they do it well. They don't act on the bowels. They don't bother with mere symptoms. They go straight to the root of the trouble in the blood. That is why they cure all blood and nerve troubles like anemia, female irregularities, indigestion, rheumatism, headaches and backaches, sciatica, nervous prostration and St. Vitus dance. Substitutes and imitations won't cure, purging medicines only make you worse, therefore you must get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

What about that Dominion Day celebration? Was the idea been given up as a bad job?

It would not cost Clerk Rieborough anything to divulge the names he struck off the certificate, and it would clear up a great deal of doubt and suspicion.

June is recognized as a sentimental month, and for that reason we suppose that we should excuse it for its peculiar behavior in the way of weather.

must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.

A. H. Sayce, LL.D., D.D., of Oxford University, England, has recently said of it: "It is indeed a marvelous work; it is difficult to conceive of a dictionary more exhaustive and complete. Everything is in it—not only what we might expect to find in such a work, but also what few of us would ever have thought of looking for."

A supplement to the new edition has brought it fully up to date. I have been looking through the latter with a feeling of astonishment at its completeness, and the amount of labor that has been put into it.

STRAWBERRY TIME.

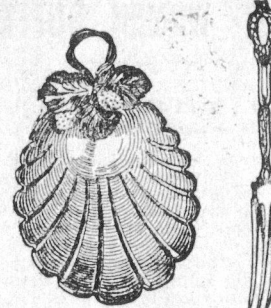

DAINTY AND VARIOUS WAYS OF SERVING THE FRUIT.

A Recruit in the Gastronomic Army. Strawberry Salad—The Fruit Now Eaten With a Fork—Individual Dishes.

Strawberry season is with us once more, and any new way to serve the delicious little fruit is welcomed by the housewife.

Strawberry salad may certainly take rank as a recruiting dish in the gastronomic army. For this seasonable salad arrange strawberries in a china bowl and mix with them two bananas cut in slices, one apple very thinly cut, one orange cut in sections and free from pith. A few stoned French plums are very good, but may be omitted. When these fruits are prepared have ready a sirup made from three table-spoonfuls of white sugar, half a pint of water and a squeeze of lemon juice boiled together for five minutes. When slightly cooled pour this over the fruit and when ready to serve pour over all a gill of maraschino or sherry.

Strawberry jelly and whipped cream always make a delicious dessert for dinner or luncheon. Take a pound of sugar, half a pint of cold water, half a package of gelatin, the juice of a lem-

on, a pint of boiling water. Soak the gelatin in the cold water for half an hour; add this to the sugar and lemons and pour over all the pint of boiling water. Stir until the gelatin is thoroughly dissolved. Before the jelly is put in the mold add a quart of ripe, fresh strawberries. Wet the mold with cold water; then fill with jelly and set away to cool. Just before bringing to table pour over the jelly whipped cream containing half a cupful of powdered sugar and flavored with strawberry juice. Raspberries and peaches are good substitutes for strawberries.

Charlotte de fraises, or strawberry charlotte, is made by lining a plain mold with halves of lady fingers. Then make a sirup of one pound of sugar and one pint of water. Let it boil and when clear add three-quarters of a pound of picked strawberries. Boil up, but do not let the berries break. Pour into the mold while hot, closely cover and let it stand. When set pour out and pile whipped cream on top. The sirup should be heavy enough to "set," but if there is any doubt add a little gelatin.

Still another way of preparing strawberries is to line a pie dish with short pastry and bake in a moderate oven for five minutes. Mix three heaping table-spoonfuls of flour with a small quantity of milk until it is cream. Sweeten to taste. Boil the remainder of the pint of milk and add to it the mixed milk and flour, stirring all the time. Pour in a saucepan, bring to a boil and pour into the pastry lined pie dish. Bake until a light brown in a moderate oven. This pie cuts like blancmange and is delicious when eaten with fresh strawberries and cream. The new silver berry bowls in which the fresh fruit may be charmingly piled are beautiful. The gray finished silver is particularly stunning, and a really handsome berry bowl of sterling silver may be bought at a silversmith's for \$25. The silver individual dishes are lovely, with their shell-like shapes and handles adorned with strawberries. Very new, too, are the strawberry forks, a more up-to-date appliance with which to eat the luscious berries than the old fashioned spoon.

Brides Now Wear Two Veils.

Brides to be who have gone to Paris for their clothes and have filled their trunks with lovely apparel say that there is a fad over there for the wearing of two wedding veils. One is of brussels lace and the other of tulle. The tulle veil has the advantage of not disarranging an elaborate coiffure. A bride who introduced this idea in Paris wore the veil of orthodox tulle over the face, while hanging down her back was the rich brussels lace drape, looped up in graceful folds, with sprays of orange blossoms behind the ears. There is little doubt that the bride who wishes to have just a touch of originality to set her costume apart from the conventional will be much taken with the idea.

A Bath For Hardwood Floors.

Oil is often not quite wiped off from a hardwood floor, and every particle left will catch the dust and ruin the appearance. After your floor is clean take one cup of skimmed milk and wipe up the floor with it, wringing the cloth as dry as you can. The change is wonderful, and it lasts longer than oil. This is also good for brick fireplaces.

Tartare Sauce.

In serving tartare sauce with fried fish place the sauce in curled leaves from the heart of lettuce and notice how the appearance of the fish is improved.

To Thread a Needle.

Hold a piece of white cloth back of the eye of a needle and see how quickly the thread will go through.

CURE SICK HEADACHE.

Bargain Instinct.

She would have declared strenuously that she did not have the feminine bargain instinct, but—

George, she asked in the sweet way a woman always opens an argument, "how much did you have to pay for the marriage license?"

"Two dollars," he replied.

"Two dollars!" she repeated thoughtfully. "Couldn't you get them three for five?"

Then when he asserted that he was no Mormon she woke up and blushed and tried to explain and only made things a little worse.

IF WOMEN ONLY KNEW

Thousands of women suffer untold torments every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If sore work is put on them that they can stand it's not to be wondered that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, over-worked kidneys—all over the world—making them strong, healthy and vigorous. Mrs. P. Ryan, Douglas, Ont., writes: "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I heard tell of Doan's Kidney Pills, and after I had used three-quarters of the box my back was as strong and well as ever."

business. But, as a matter of fact his business owns him. His whole life is regulated by the demands of the business. The time at which he rises, his breakfast hour, the time given to meals, are all determined by business obligations. He rushes through lunch because he can't spare the time from business to eat leisurely. He won't take a rest because he is needed at the store or office. He is in fact an absolute slave to business. The results which follow this slavery are to be seen in every hand. Men dyspeptic, irritable, nervous, with drawn faces, and hollow eyes, sit at the desk or stand behind the counter until they collapse in a fit of sickness, or are taken away by heart failure. Those who cannot escape the exactions of business will find a friend in Dr. Pierce's "Olden Medical" Discovery. It strengthens the stomach, increases the action of the blood-making glands, increasing the vitality and physical vigor. It makes men strong and prevents those business breakdowns which so often terminate fatally.

The blue of heaven is much larger on the cloud.

SENATOR COX WAS BOSS

But Recouped Imperial Losses on Suggested Investments.

When Market Went Wrong He Made Up the Difference—Bank Overdraft Caused a Guarantee of Extra Two Per Cent. Interest—Senator Fulford's \$100,000 Policy and Its Odd Provisions—To Stop Rebating.

Toronto, June 12.—Yesterday morning's evidence before the Insurance Commission was almost altogether an amplification of the testimony given on Friday. Mr. Bradshaw, of the Imperial Life Assurance Co., was again in the box, and he was questioned very closely by Mr. Tilley regarding the apparent domination of his company by Senator Cox.

Interesting Details.

Mr. Tilley, assistant examiner for the Dominion Government, brought out some interesting details, concerning the advances made by the Imperial Life to the suggestion of Senator Cox, who controlled both companies. The company spent \$71,000 on the four per cent. debentures at a time when it was paying the bank six per cent. upon an overdraft of \$100,000. Senator Cox paid an extra two per cent. upon the debentures until the bank overdraft was wiped out.

Dropped \$12,000 in a Year.

When court adjourned Mr. Bradshaw was asked of a policy for \$25,000 issued on the life of Mr. A. E. Wallace, manager of the Atlas Loan Co., under an agreement by which the Imperial Life was to accept five Atlas Loan bonds for the first five premiums. Two of the bonds had been purchased when the company became insolvent and the policy on Mr. Wallace's life was cancelled. Including the Wallace transaction, witness admitted the Imperial had dropped \$12,000 in the year.

In reference to his previous evidence, Mr. Bradshaw said that the loan made by the Imperial Life to Mr. J. W. Flavelle was after Mr. Flavelle had ceased to be vice-president of the company. The company had the right to buy the bonds and stock given as security for the loan, and this right was exercised.

Why the Senator Paid Loss.

Certain operation in Dominion Coal and Dominion Iron and Steel showed a loss of \$11,000, which witness said was paid by Senator Cox on behalf of the company.

Senator Cox never was recompensed, said Mr. Bradshaw, because the company were under no obligation to him; he paid the loss over because he had suggested the investments.

Mr. Bradshaw was closely examined by Mr. Tilley on the Imperial dealings in unauthorized securities at the afternoon session. Witness explained in detail the method by which certain stocks were handled in the books of the company. Senator Cox had several times recouped the company for certain losses on unauthorized stock.

Revaluated securities were gone into, and Mr. Bradshaw explained that since the department had objected to three or four years ago, the amounts of these securities were shown in the statement as non-judger assets.

Mr. Tilley took up the case, where by the Imperial Life became owners of Electrical Development and stock. These bonds were bought at 90, with a bonus of stock. The stock was sold in 1904, and the bonds in 1906. These were treated as profit on investment.

Witness explained the agreement made in 1903 and told the commissioners that although the transaction did not appear in the statement the books containing the list of investments were inspected by the department. Mackenzie, Pellatt and Nichol were the committee of managers, and the agreement stated that all the stock be pooled in order to keep up the price. The Imperial Life afterwards dropped out.

Mr. Bradshaw did not believe that a company should tie up its money on an investment of this nature, and he had realized this shortly after the pool was floated.

Senator Fulford's Policy.

Certain transactions that were called to the attention of the commission by Mr. Blackadar were next submitted by Mr. Tilley. One was an item of re-insurance in connection with the Confederation Life.

"Has Senator Fulford's claim been paid yet?" asked Mr. Tilley.

"No."

"What is the dispute?"

"I cannot say without prejudice to my case. It was a peculiar policy, and I don't think it should be enquired into at the present time."

Witness explained, however, that it was a contract involving the annual payment for twenty-five years of \$3,750 after the Senator's death, the final payment in twenty-six years, also an annuity during life of the same amount. The company received a single payment of \$100,000, which the Senator's estate was to get back at the end of twenty-five years.

"You reinsured it to the Confederation Life?"

"Yes."

"Will you show us the policy?"

"No."

"There was another contract similar to this for \$35,000?"

"Yes."

Mr. Blackadar referred also to a loan of \$250,000 to the Dominion Investment Mortgage Guarantee Co. in the Metropolitan Bank and International Trust Co. bonds. Mr. Bradshaw explained that there was a sinking fund in the hands of the National Trust Co. and \$50,000 yearly was due on the contract.

Robert Hall, a loan agent at Winnipeg, was paid \$3,000 and had put \$1,500,000 in loans through in seven and one-half years, and had only eight foreclosures.

A Good Risk.

After Mr. Tilley concluded, Mr. Langmuir asked the witness if the Telford policy was sound business.

"We had a guarantee back of that policy," said the witness. "From an actuarial standpoint it was not an in-

vestment, in my opinion, but a good risk."

Mr. Bradshaw said that from 1897 the company had turned over five millions of business. The actual cash loss was only \$4,124. The assets were now \$2,325,000.

The methods of rebating was gone into. The Imperial Life allowed 60 per cent. commission, and in some cases, when the whole of the commission on the first premium is rebated to the insured, the agent got an extra five per cent. Some insurers carrying direct to the office were also given rebates by the officers of the company.

"We are opposed to rebates, but we are forced to give rebates because all companies do," said Mr. Bradshaw, "the evil can only be remedied by law."

Limit Cost of New Business.

The cost of new business in the Imperial Life took up 60 per cent. of the entire premium income for the year 1905. Premium income was \$228,203, and it cost \$133,609 to get the business. Renewal expense amounted to \$70,068. Total expenses exceeded the loadings by over \$100,000. This was incident especially to a new company and to many of the established companies.

Mr. Bradshaw said it was difficult to draw the line of first-year expenses. It had no limitations, but it would be desirable to limit the cost of new business.

"Why don't you increase the first-year premium to cover the expenses?" asked Commissioner Kent.

"There is too much competition," answered the witness.

"That is just what I wanted you to say," said Mr. Kent.

A Brantford Man's Experience

HAD SKIN DISEASE FOR TWO YEARS, AND WAS CONFINED TO BED

ZAM-BUK HAS COMPLETELY CURED HIM.

Exceptional interest has been aroused in Brantford over an incident brought to light by the "Expositor," relating to the experience of Mr. Chas. Hall, of 14 Main street, Brantford.

Mr. Hall had been suffering for some considerable time with a skin disease. It is a moulder in the Malleable Iron Works, and his malady became so bad that it was found necessary for him to leave off work completely, and be confined to his bed for days at a time. Recently, as a result of reports in the local papers, he came into possession of Zam-Buk, the great Herbol-Balm, and after using a few boxes, a complete cure was effected. His case was well known, and so speedy and complete was his recovery that considerable comment was aroused. A "Brantford Expositor" representative investigated the circumstances and reports as follows:

"For nearly two years I had been suffering with a skin disease on my chest. It was so irritable at times that I was confined to my bed, and unable to apply bandages of any kind or even to let anything touch my legs. I had tried nearly every ointment that was advertised and had taken many medicines internally, but without any good result. Recently in response to an advertisement, I sent for a sample box of Zam-Buk and with the first application I got immediate relief. I have used only one box, and the disease has been completely cured. The sores have entirely disappeared from my limbs. Since then I have been able to go about my work with perfect comfort, something I have not done for nearly two years. Zam-Buk has certainly worked wonders for me, and I have no hesitation in giving it my recommendation."

Zam-Buk is made from vegetable essences and contains no trace of any animal fat or any mineral coloring matter. It is healing, soothing and antiseptic at the same time. It is easy to apply, is always cleanly, never stains or dyes, and in all ways is an ideal healer. All druggists sell it at 50 cents a box, or you may obtain it direct from the Zam-Buk Co., Colborne Street, Toronto, upon receipt of price. While of general service for all skin injuries and diseases, Zam-Buk is especially good for cuts, burns, bruises, eczema, pimples, running sores, spreading scabies, scald diseases, poisoned wounds, festering sores, piles, ulcers, bad leg ulcers, abscesses, boils, ringworms, erysipelas, scrofula, psoriasis, barber's rash, insect stings, stiffness, rheumatism, and all injured, diseased or inflamed conditions of skin and tissue.

THE MUTINIOUS SPIRIT

Spreads in Russia and Eletzky Regiment Leads.

Leaves Barracks Over Failure of Military Authorities to Redeem Their Pledges Regarding Service Conditions—Revolt Threatens to Spread to the Rest of the Garrison—Police Chief Fired Upon, But Escaped.

Poltava, June 12.—An open mutiny has broken out in the Eletzky Regiment of Infantry over the failure of the military authorities to redeem their pledges regarding the amelioration of service conditions, made as a result of the falling revolt.

The mutiny threatens to spread to the rest of the garrison. The police and a small force of loyal Cossacks here are utterly unable to cope with the mutineers, who are armed with rifles and have a supply of ball cartridges. They left the barracks in a body Sunday afternoon and held a meeting in the public square, in which delegates from the Zesky Regiment of Infantry and the Artillery Brigade promised that these forces will join in the mutiny.

The chief of police, in advancing with the hope of dispersing the meeting, was fired at, but was not wounded. The horse of his Cossack orderly was killed. The Eletzky Regiment again left its barracks at midnight and marched with a band playing through the town to the non-commissioned officers' school, the members of which joined the mutineers. The latter, while returning to the barracks, disarmed and beat the policemen whom they met.

The public are greatly excited, anticipating that the revolutionists will seize the opportunity to inaugurate an armed revolt in support of the mutinous soldiers.

In Parliament.

St. Petersburg, June 12.—In order to forestall any attempt on the part of the Government to interrupt the work of Parliament before anything is accomplished, one member proposed at the opening of the Lower House session yesterday that the House adopt a resolution to continue its sittings until the agrarian, death penalty, and other important questions are settled. President Mouroumzoff, however, declared the resolution out of order.

The debate on the agrarian question promises to continue throughout the week. There is little prospect that the bill will be ready for submission before July 1, at about which time it is the Government's intention to declare Parliament adjourned until September for summer vacation.

Sir Montagu Allan.

Sir Hugh Montagu Allan, head of the Allan Steamship Co., was born at Montreal Oct. 13, 1860. He is the second son of the late Sir Hugh Allan of Ravenscrag, Montreal. In 1893 he married Margaret Ethel, daughter of the late Hector M. Chas. Allan, a prominent education was obtained at Bishop's College School, Lennoxville, Quebec, and in Paris. Sir Montagu is a prominent club man, being a member of the Junior Carlton, St. James, Montreal, and Knickerbocker, New York City.

The steamship line of which he is head is a distinctive Canadian institution, and of such proportions and progressiveness that almost every resident of the Dominion takes a personal pride in the big transatlantic liners that comprise the fleet.

BISHOP OF SELKIRK DEAD.

Right Rev. W. C. Bompas Passed Away On Saturday Night.

Seattle, Wash., June 12.—A special to The Post-Intelligencer from White Horse, Alaska, says: The Right Rev. Wm. Bompas, for forty years Bishop of the Diocese of Selkirk, died Saturday night at his home at Caribou Crossing, aged 78 years. He was a Scotchman, self-denial, privation, and loneliness was probably unparalleled in the history of missions. For nearly thirty years he never once came out to the continent, and during that prolonged period he spent months within the Arctic circle.

Sketch of His Life.

Rt. Rev. William Carpenter Bompas was born in London, England, in 1835, and received his education there. He was ordained deacon by the Bishop of Lincoln in 1859; was curate of Sutton-Marsh, Lincolnshire; New Radford, Nottinghamshire; Holy Trinity, Louth, and of Alford, Lincolnshire. In 1865 he was ordained to the priesthood by Archbishop Macdougall in St. Paul's Cathedral, and was sent out to the Northwest Territories by the Church Missionary Society. In 1874 he was appointed Bishop of the Diocese of Athabasca. Afterwards, when the diocese was divided in 1884, he became Bishop of Mackenzie River, and in 1891 Bishop of Selkirk. Deceased was the author of "History of the Diocese of Mackenzie River," "Northern Lights on the Bible," and the "Symmetry of Scripture."

The sympathy of the whole Anglican Church will go out to his devoted wife, who is now aged and feeble, but who, through a woman of highest culture and refinement, shared all his trials and privations.

Mother Superior Dead.

Toronto, June 12.—The funeral of the late Mother Antoinette Macdonell, Mother Superior of St. Joseph's Convent, took place yesterday to Mount Hope Cemetery. Her death occurred on Saturday, June 10, at the residence of the Rev. Fr. Macdonell, who fought at the Battle of the Marston, a niece of Capt. John Macdonell, who fought at Ogdensburg and Lundy's Lane, and of Simon Fraser, who discovered the Fraser River. The late Mother Superior was born at Matilda, Ont., in October, 1822, was educated in a convent, and early decided upon a religious life.

Blasphemy of Manchester. Dead.

Manchester, N.H., June 12.—Right Rev. John B. Delaney, Roman Catholic bishop of the diocese of Manchester, died here yesterday, after an operation for appendicitis.

Falls Twenty Feet.

Goderich, June 12.—A serious accident occurred to J. S. Nesbitt early last evening at the dock. He is the owner of a coal hoisting machine, and was effecting some repairs to the upper part of the equipment when he fell to the ground, about twenty feet. He was found in a state of semi-consciousness at the foot of the hoist. One cheek bone is severely shattered, also the nose, besides other injuries to the lower part of the head. Mr. Nesbitt, whose home is at St. Catharines, is the owner of hoisting equipment at Sarnia, Point Edward and other points.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

A MILLION DOLLARS SQUANDERED.

It is estimated this sum was wasted last year by people trying to find a cure for catarrh. Foolish for sufferers to experiment when it's so well known that Catarrh is the only remedy that cures permanently. Other treatments only relieve, but Catarrh cures and prevents the disease from ever returning. "I had Catarrh in its worst form," says G. P. Fadden, of Royalton, Que. "I was so bad that ordinary medicine didn't even relieve; but Catarrh cured perfectly." No chance of disappointment with Catarrh—because it's certain as death to cure your Catarrh—just try it.

REUNION SERVICES

Latter Day Saints Are Holding Series Of Special Meetings Here

The Latter Day Saints are holding a series of services in their chapel in North Chatham this week. There is a good attendance of Saints from all parts of the mission.

At 10.30, June 9, the Saints were called to order by President Arthur Leighton, of Clearville. After singing and prayer, by resolution, President Evans of London, was chosen to preside during the reunion sessions. Elders A. L. Evans, of Clearville, and Shoblin were chosen his associates. A. R. Hewitt was chosen secretary; Orlow C. Bourn was chosen chorister. Other committees, etc., were appointed later on by the presidency.

Miss M. M. Green of Appleton, was chosen clerk. At this meeting considerable business was transacted. It was decided that the convention would meet several times during the week, both in business and Sunday school sessions. After an intermission of five minutes the assembly was called to order by Pres. W. L. Ross, of Wabash, for religious business. J. L. Brown, of Stevenson, was chosen as assistant president.

The regular routine business was done with, arrangements being made for various sessions during the convention. At 8 p. m., Elder S. Brown, of Stevenson, addressed the assembly. At 9 a. m., Sunday morning, the Saints met in their assembly hall for prayer service. A very social time was had, Elders Leighton and Green being in charge.

At 11 a. m., the people repaired to the Grand Opera House to listen to Elder D. McGregor, one of Strathford's able speakers, who was listened to very attentively.

At 2.30 the people gathered at the Opera House to listen to what was once known as the Bay Preacher of London. But now he is grown older we call him Pecos Evans. At 7.30 p. m., Elder A. Leighton was the speaker of the hour and comment is unnecessary, as he is known as the powerful farmer preacher.

Monday morning Saints and friends met in the Saints' church for prayer services. A pleasant time was had, all feeling cheered for the warfare of life. The meeting was in charge of the Presidency.

At 2.30 Elder Green was the speaker of the hour, his discourse being very profitable.

Again at 8 p. m. Elder B. St. John, of Hildesheim, was the speaker.

The prayer service Tuesday morning was in charge of Elder S. Brown and Joseph Shaw. A goodly number of testimonies, songs and prayers were offered, and all seemed to enjoy the hour.

FIVE YEARS' DYSPEPSIA CURED.

"No one knows what I suffered from stomach trouble and dyspepsia," writes Mr. A. B. Agnew, of Bridgewater. "For the last five years I have been unable to digest and assimilate food. I had no color, my strength ran down and I felt miserable and nervous all the time. I always had a heavy feeling after meals and was much troubled with a dizziness and specks before my eyes. Dr. Hamilton's Pills were just what I needed. They have cured every symptom of my old trouble. My health is now all that can be desired." By all means use Dr. Hamilton's Pills; 25c. per box at all dealers.

WILL BE ARRESTED

Boys Who Throw Stones at Canoeists Will Pay For It in The Police Court

The police ran across a little boy yesterday, and locked him in the cells. He is wanted on a charge of stealing bicycles and pigeons. The little fellow is not a bad boy through inclination. He has, however, been in bad company of late, and his evil associations have got him into this trouble. He was allowed to go and will come up on Saturday.

William Riby, Jr., was charged in the police court this morning with assaulting a man named Kennedy. The stories told by the complainant and the defendant were quite different, and the judge adjourned the case for a week to get at the bottom of the matter.

The police have received a complaint from several canoeists in the city who have been bothered lately by some small boys who have the habit of standing on the Pere Marquette bridge over the river, and pelting stones down at passing canoeists. Last night one mad had a very narrow escape from serious injury. He was passing under the bridge in a canoe when a boy hit him in the ear with a stone. He was able to secure the name of the boy and Officer Groves is to-day investigating the affair. He will secure the names of all the boys in the party, and it will go hard with them if they come up before Judge Houston. The police have made up their minds to stop this practice even if they have to arrest all the boys in Chatham.

MISSIONARY CONFERENCE

Women's Convention Opened in Park St. Church this Morning.

DELEGATES ARE MANY

The twelfth annual meeting of the London Conference Branch of the Women's Missionary Society opened in the Sunday school of the Park St. Methodist church, this morning. Many delegates were present from the auxiliary branches of the society and an interesting morning's work was disposed of in a business-like manner.

After the opening exercises were concluded, Mrs. Gordon Wright, the President, took the chair, and the routine work was commenced. The minutes of the executive were read and approved. A courtesy committee was appointed and consists of the following ladies:—Mrs. S. F. Gardiner, Chatham, Convenor; and Mesdames W. Taylor, Chatham, C. J. Eal, London; Cook, Hildesheim, and Muxworthy, Watford.

Resolutions and memorials from outside branches were received and laid over for discussion until to-morrow morning. After this the roll was called and several absences recorded.

Commenting upon this fact, Mrs. Wright, President, pointed out that the majority of the absentees were due to arrive on the noon train today, and would be present this afternoon. "When they do arrive," said Mrs. Wright, "this convention will be on the largest, if not the largest, ever held by the London Branch of the Society, which is a matter for congratulation and commendation."

The morning's sitting closed after the presentation of a couple of reports from District Organizers.
