The copy filmed here has been reproduced thanks to the generosity of:

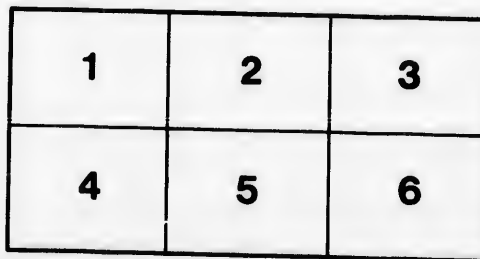

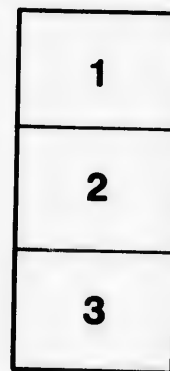

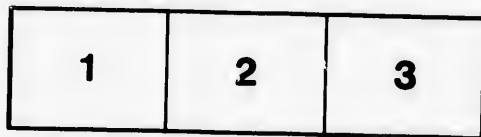

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

### Admission to the Grounds

Admission will be by means of Registering Turnstiles.

The price of admission is 25 cents ; it is the same price for two children under 12 years of age.

Tickets of admission are of three kinds :

- 1° Exhibitors' tickets ;
- 2° Attendants' tickets ;
- 3° Ordinary tickets for the public.

Exhibitor's and Attendant's ticks are personal and admit the bearer on the grounds twice a day, once *before* and the second time *after* six o'clock p. m.

One *Exhibitor's ticket* admitting an exhibitor twice each day, and *positively not transferable*, may be purchased at the Secretary's office by any exhibitor for \$1.00 for the entire time of the Exhibition.

No attendant's ticket will be issued to any exhibitor whose entrance fees amount to less than \$1.50, but any exhibitor may purchase a *Special Exhibitor's ticket* for one dollar.

Necessary Attendants will be furnished with Special and Personal Passes on applying to the Superintendent of the special department in which are the articles they exhibit.

Exhibitors of horses will receive an attendant's ticket for every one or two horses they exhibit and an additional ticket for every addition of two horses.

Exhibitors in cattle will receive an attendant's ticket for one to four heads of cattle, and an additional ticket for every additional four heads of cattle.

Exhibitors of sheep and swine will receive an attendant's ticket for one to six heads of sheep or swine and an additional ticket for every additional six heads.

An attendant's ticket will be given to an exhibitor in birds who exhibits at least ten birds.

In the horticultural department and in the department of agricultural products as well as in the Dairy department, an attendant's ticket will be given to an exhibitor whose exhibits really necessitate the presence of an attendant.

The Superintendent of any department in which such a demand of attendant's tickets is made, must approve of such a demand, in accordance with the rules just laid down, before the secretary treasurer can be allowed to issue the attendant's ticket.

The Entry Cards upon animals or articles will admit the attendant bringing them to the Grounds for exhibition. Afterwards such attendants must be provided with the proper passes.

Educational institutions may obtain for their professors and pupils special rates for days and between hours to be agreed upon by the executive committee.

All persons not entitled to remain, and all vehicles for the transportation of supplies, etc., must leave the Grounds before 8.30 a.m. each day.

### Exhibitors

The Grounds and Buildings will be open to Exhibitors and their assistants from Monday, 4th September, to Saturday, the 9 September from 7 o'clock a. m. to 6 o'clock p. m. to make preparations and to place their exhibits in position.

Exhibitors will confer a great favor on the officers of the Exposition Company by making their entries at as early a date as possible.

In the *Live Stock* Classes the entries must, in every instance, be made in the name of the *bona fide* owner of each animal. If any person shall exhibit an animal of which he is not the *bona fide* owner, he shall forfeit any premium which may be awarded him.

In all the other Classes, entries must be made in the names of the producers or manufacturers or their duly authorized agents.

Every article must be entered under some one of the sections in the regular list, when possible; but if any article is of a different character

from anything specified in the list, it may then be entered in the class with which it most nearly corresponds, under the heading of *extra*.

On the entry of each animal or article, a card will be furnished to the exhibitor, specifying the section and number of entry and the name of the exhibitor, *which card must remain attached to the animal or article during the Exhibition.*

**Entries must be made before Monday, 4th September**

Cattle must be on the Grounds by 10 a. m. Monday, September 11th, 1899.

The ages of cattle will be calculated from the 1st September, in each year.

In making entries, the owner's name, his postal address and the age of the animal, with registration number in the herd book if thoroughbred, must be given, together with the entrance fee of 50c. per head.

Cows must be either in milk or in calf at time of exhibition.

<sup>Bulls</sup>  
In the Durham class the animals must be registered in the Dominion Short Horn Herd Book, and, in the Ayrshire Class, in the Canadian or Dominion Herd Records. In all Thoroughbred Classes, animals must be registered and exhibitors, if required, must produce pedigrees and certificates of registration in a herd book at time of exhibition. In the Cana-

dian class the animals must be registered in the Provincial book of genealogy.

All cows exhibited in the Dairy Classes must be milked dry not earlier than seven o'clock in the evening previous to the day of judging. The Superintendent will see that this is done.

No animal can compete in more than one class or section, except for the prize for the best Male or Female of for Herd prizes. All animals will be shown in the rings and exhibitors must be ready to bring them out when called for by the Superintendent.

In every section where there is only one competitor not more than one prize will be awarded to the same person.

The directors, in the case of any Breed that has an extra large number of competitors may, if they see fit, increase the number of prizes in such sections.

The Executive Committee may award special prizes for special breeds not enumerated in the list ut placed on exhibition.
