COUNTY NEWS.

Interesting Letters from Various Points in the County. LYNDBURST.

THURSDAY, July 19.—Fall wheat is a good crop in this locality. With the fine rain of to-day the potato crop will be up to the average.

The Lyndhurst boys will play a match game with Gananoque boys Saturday.

The L. O. L. of this place, celebrated the battle of the Boyne on the 12th of King and report having a good time.

The masses have about finished their work on Mr. Chapman's new brick store. When finished it will be the finest building in Lyndhurst.

There was an error in my last communication. One paragraph should have read—"As Harlem can 'git' their' on the sugar business, we ask in return if they can 'git' their' in a match baseball game with Lyndhurst."

HARLEM. SATURDAY, July 21.—There is not enough hay in this section to winter one-half the stock.

Mr. John Patmore has returned from the mineral springs. He has been greatly benefited, and intends going again.

Mr. Wm. J. Chant is very sick with inflammation of the bowels and stomach.

How about that horse and dog, Herb? His pa says "You must take it back."

We agree with "Portland" that denunciations and fighting at Orange or any other demonstrations are a disgrace to the Order, but we think that in the case mentioned last week he was a little astray.

It is expected that we will soon have a carriage and general blacksmith shop started here, as one of our young men has recently returned from learning the trade with Mr. Fisher.

A few days ago Mr. Wm. Harper received \$50 in payment for some cattle, and carelessly putting it in his pocket went to moving. Thinking of that money next day he discovered that it was gone, but was fortunate enough to find it a few days after.

Miss Eva Dyer, of Brockville, is visiting old friends here.

Mrs. Wm. Stevens and Miss Lou Stevens, Farmersville, and Mrs. O. Brown, Delta, are the guests of Wm. Brown.

Two carloads of cattle were shipped by rail from here Saturday last to Montreal, by N. Whitmarsh and H. Lang. It now looks as if the B. & W. might yet be a road.

Mr. Hervey keeps his yacht here at the disposal of pleasure seekers. Mr. Wm. Massee has charge of her.

Several cottages are being built on the east end of the lake, which will be let to those desiring them.

D. H. Cole has purchased a new boat from Gananoque. It is said to be a daisy.

Frank Reynolds, of Westport, has the contract of painting the stations between Westport and Delta. He begins here with a large force of men this morning.

The Ontario House has erected a new sign. The painting was done by our popular painter, R. Grother, and is a fine piece of work.

Ed. Hart is camping with Smiths Falls friends at Jones Falls. He is visiting his brother, D. H.

Mrs. M. Barnes, of Cleveland, Ohio, is visiting her parents. She will stay through the summer.

GLEN BUELL. MONDAY, July 23.—One of the Directors of the Bell farm syndicate living at the east end of the lake, has developed quite a penchant for fine blooded stock.

Formerly his tastes ran in the direction of fancy poultry, but lately he has gone into the "paw" business, and sometimes no less than a dozen or fifteen specimens of the different breeds are to be seen lounging around the yard, watching for a stray bone or a kind word from "Jimmy" the man of all work on the farm.

The proprietor's favorites, however, are a couple of thoroughbred bulldogs, which are certainly fine specimens of the breed. These two choice animals are fed on the choicest bits from the larder, varied occasionally by a dainty morsel from some of the neighbors' live stock.

These perps have a decided objection to animals of inferior blood, as they consider themselves too lofty to associate with the common mongrels of the neighborhood. Their dislike to visitors of their own species took a decided stand a short time ago, for when a neighbor's dog called upon them on evening they set to and devoured him, body and bones.

Kicking because the Liquor was Spilled. KINGSTON, July 20.—The threatened action of Bernard-Bird against Col. Van Straubenzee, for the destruction of liquor at the Gananoque nifty game, has been begun.

The scene of the episode is alleged to be outside of the camp ground, and \$500 damages is claimed.

ENTRANCE EXAMINATIONS. Gananoque, Newboro and Westport. The above examinations 114 candidates presented themselves. Out of 57 who wrote in Gananoque, only 8 were successful; at Newboro 22 were successful, and 2 were successful at Westport. It came safely through out of 29, thus making a total of 48 in the number of marks required to pass was 367.

The following list gives the number of marks obtained by each candidate and also the teacher by whom each was prepared for examination:—

Mr. John Patmore has returned from the mineral springs. He has been greatly benefited, and intends going again.

Mr. Wm. J. Chant is very sick with inflammation of the bowels and stomach.

A LETTER FROM ILLINOIS.

Rev. W. A. Phillips sends a Breezy Little Communication.

Editor Reporter: How time flies—especially the time between payments of newspaper subscriptions. But let such dues come as often as they may, I get their full worth and more from the local items which tell me each week about my old friends and of the enterprise and growth of your town.

Farmersville is not a large place, per se, but it has a large place in my heart nevertheless.

My wife asked me the other day, when I was devouring the contents of a Reporter with avidity, "Why is Jimmy so attached to that one Canadian paper? You don't seem to care for any other take as you do for that." I answered promptly: "Because it is published at my old home, and she smiled approval of my attachment. I am ever glad to read each week of the prosperity of those I once so well knew, and am ever sorry to hear of any ill that may befall them—as in the case of my friend Herb Kincaid."

We are having a wet season over here, and the promise of a great harvest.

The election boom is beginning to stir in all directions, and the Prohibition party, the youngest of all, is in the race to win sure in another term or two. I have taken out my naturalization papers, and I intend to remain an active part in the political, as well as religious, interests of my adopted land.

We have good health and a fair measure of prosperity in our work. I know well and most favorably your new Methodist pastor, the Rev. J. Wilson, D. A. Farmersville is to be congratulated, and I hope he will enjoy his pastorate, and I hope he will honor to be its occupant.

As an inducement to continue your paper to my address, I remit, and am, with every good wish for you and yours most cordially,

W. A. PHILLIPS. Morris, Ill., July.

THE SKIMMED MILK WAR. A Prayer Meeting in the Parlor and the Milk Skimmed in the Cellar.

The legal fight with dishonest persons who send diluted milk to cheese factories goes bravely on. Ira Pringle was fined at Gananoque yesterday \$49 and costs. Several others have accepted the payment of \$25, among these were patrons of the Napanee factory, the Stillville factory, the Phoenix factory, the Sully factory, and two of the Blain factories in Peterboro county. Another patron of the Phoenix factory refused to settle and the case will come before a magistrate in a few days.

The enforcement of this new act throws an unpleasant duty on the inspectors, but honest factorymen have too long suffered from bad practices. Like all other avocations this brings the inspectors in contact with unscrupulous persons in contact with a well-to-do farmer's house.

Calling at a well-to-do farmer's house early one evening Prof. Whitton was surprised to hear a loud noise emanating from the parlor, and on looking in saw that a prayer meeting was going on. He seized the opportunity to inspect the cellar, and there found several pans of milk skimmed. At breakfast the good housewife, with marked feelings of regret, apologized for not having cream for the tea as they sent all the milk to the factory. The inspector wanted to know where the cream was that had been taken from the pans in the cellar. She saw that the cat was out of the bag, and also promised never to do it again.—E. R.

DELTA ODDFELLOWS. On Thursday evening, July 12th, Bro. D. Wiltse, the ever zealous D. G. M., paid an official visit to Delta lodge, for the purpose of installing the officers elect for the ensuing term.

He was accompanied by Bro. W. M. Stevens, Past Grand and Bro. C. Lamb and A. James, P. Grunds of Farmersville Lodge. The following are the names of the principal officers to whose watchful care have been committed the interests of Delta Lodge for the next six months:—Bro. M. Percival, N. G. R. S. Stevens, P. G. R. Singleton, R. S. J. M. Moulton, P. S. F. Singleton, Treas. D. Wiltse, Rep. to Grand Lodge. After the installation of officers, Bro. Percival, N. G., invited the brethren to the hotel where a repast had been prepared for them by mine host Mr. Goulden. The Delta brethren are most enterprising.

Advices from Belleville, Stratford and Aylmer cheese markets held on the same day, show that there was no business done although 9 1/4 to 9 1/2 was offered. At Campbellford market on Friday, 1,350 boxes were boarded by twelve factories, but not a bid was made, thus showing that the stand off is quite general.

English Cheese Productions. We have just received the following communication from a prominent house in New York. It speaks for itself:—

The following information from England, received today by cable and mail, may interest your readers. We have had considerable rain all over England so that pasture is in good condition, and we have a large make of cheese—fully 20 per cent. increase. In fact of the next six months, a price advance of much more, we shall have trouble later on. Dealers at present are almost entirely speculative, and an endeavor to keep prices advancing. Consumers will not take cheese at present. We look for market touching 45 short-ly and rising to 47 very cautiously.

Our late cable-to-night confirms this weather report.—Utica Herald.

Belleville, Stratford, Aylmer and Campbellford Markets. BELLEVILLE, July 19.—Dro disappointment appeared to be the order of the day. Salesmen were disappointed in learning that their goods were not wanted just now; the secretary was disappointed in the number of boxes registered; local operators were disappointed in finding themselves shut out of the market; while a majority of the "smaller fry" operators were disappointed in not having an order to fill on "best terms."

Only about 5,000 boxes of cheese were registered. The reason for the small offerings was on account of several of the salesmen having rolled out on Saturday and Monday on a basis of 9 3/4. About half of the goods offered were June cheese. 550 boxes were colored cheese. About 200 boxes in all were sold at from 9 1/2 to 9 5/8. Liverpool cable 47s.

The City Crowd.

The city crowd! What a motley throng of people... Laughing and shouting, they hurry along...

SHIRLEY ROSS: A Story of Woman's Faithfulness.

"How provoking you are, Guy!" "So you have already told me?" "Do you know, or do you not know?"

"What I want to know, Guy dear, do tell me!" "Ah, you know, Guy, don't be so unkind!" "You want to know with whom Ross is in love?"

"I would tell you, Guy, I promise you." "You are quite, quite sure?" "Quite, said Madge earnestly." "But suppose I am not in his confidence?"

"Madge half drew away her hand, then pulled it back again." "Ah, but he has surely told you?" "Now, Madge, do you suppose for a moment or for a half a moment, that I came to me and told me in so many words, I am in love with So-and-so?"

"I did guess." "Ah, then tell me!" "Suppose you guess, Madge?" he answered, looking down into the fair pleading eyes of his sister with an indulgent smile.

"I am bound on a very disagreeable errand," said Lady Oliphant, "sighing as she turned the points of her parasol down the road in rear of the break."

"To dinner!" she looked up to avoid terror as she uttered the words; then, after a moment's pause, she said: "I am not going to dinner."

THE REPORTER

Mr. Fenwick advertises this week the loss of a valuable spaniel dog. Rev. Jas. Puller will preach in St. Paul's Church on Sabbath evening at 7 o'clock.

Quadrant services will be held in the Methodist Church the first Sunday in August.

The results of the second and third class and matriculation examinations will be announced about the 10th of August.

A. E. Donovan arrived home last week from a business trip to western Ontario. He reports the trade outlook gloomy, on account of the poor crops.

Mr. H. Kincaid is recovering from the effects of his recent accident, and is able to hobble around a little. He hopes to be fully recovered in a week or two.

The firm of Moles & Ackland announce a dissolution of partnership. The business will be carried on by Mr. Moles, whose obliging manners have made him popular.

Want of space prevents our giving an account of a three days' outing at Charlton Lake. We are also obliged for the same reason to hold over a letter from Mr. Nash, on the subject of the "North Church" dispute.

This is the last week in which to get fourteen photos for a dozen at Knapp's Photograph Gallery. Mr. Eastman will be in the gallery for the rest of the week. Do not miss this opportunity of securing a lot of good photos at a low price.

The Central Canada Exhibition will continue until Sept. 24th, and premiums offered amount to \$10,000. Extensive preparations are being made for the exhibition by the directors, and every effort will be made to ensure success.

The Gananoque Reporter says there are fewer people on the River St. Lawrence summer resorts than there have been for several years. A good many cottages in the vicinity of Gananoque are yet unoccupied, and the hotels and summer resorts are far from being crowded.

A steady rain of several hours' duration on Thursday last, another heavy fall yesterday, and copious showers to-day, have put an end to the long drought. While the rain came too late for most of the crops, it was invaluable in causing a plentiful growth of pasture, which is so badly needed.

On Saturday morning last Mr. John Whaley, a resident of North Augusta, was thrown from a load of hay and died from the effects of the fall. He had for many years been a much respected resident of the township of Augusta, and was a brother of Peter Whaley, of Unionville, and Isaac Whaley, of Delta.

Our census taker finished his enumeration a few days too soon, for if he had waited until this week he could have added three more to the list. Mrs. John Rappell presented her liege lord with a pair of twins last week. Mrs. Mahlon Wilton gave birth to a son. We hope to be able to report progress in this direction again in the near future.

A number of people in this town are greatly puzzled to know what use is made of butter milk in the carrying business. That it performs some important function in the art of giving to new carriages that beautiful gloss which is so much admired, is evident from the persistence and frequency with which a certain agent solicits for his business.

We can imagine, but can hardly describe, the feeling of surprise which overcame a certain young man in our town who a few mornings ago found himself in the hands of a certain woman, who had not yet left the arms of Morpheus. The next time he delivered anything at that house, which he is accustomed to do every morning, he was very careful to take care so that the location of the bedroom and hall doors was perfectly clear to him.

Problem for the reader:—Put down in figures the year in which you were born, to this day, then add your age at your next birthday, provided it comes before January 1, otherwise your age at last birthday; multiply result by 1,000; from this deduct 677,423; substitute for the figures corresponding letters of the alphabet A for 1, B for 2, C for 3, D for 4, etc. The result will give the name by which you are popularly known. No "rats" about this.

The Rear Yonge and Escott Vendors' List for 1888 was turned out on the office last week, and the Township Clerk has distributed copies of it in the manner directed by statute. The List contains a total of 667 names, just 21 more than the number last year's List. The voters are allotted to the several Polling Sub-divisions as follows:—

Table with 4 columns: Part 1, Part 2, Part 3, Total. Rows for various sub-divisions.

Parties interested may obtain copies of the list by applying to Mr. Blackburn.

One of the living landmarks of this section are passing away. Hugh Mulvena, who died at his residence near this village on Saturday evening, was a familiar figure on our streets for many years. His personal and eccentric notions and ways made him better known than any other man in this neighborhood, for over forty years, and by industry and frugal economy succeeded in gathering together a competency. He was a native of Ireland, and came to this country when quite a lad. He worked for Mr. Joseph Will for many years, and finally purchased the farm on which he died. He was in his 82nd year at the time of his death.

A farmer living about three miles out of the Delta road was in the village a few days ago, and is reported to have made the following comparison between his crops last year and this:—Last year I had three horses, five cows, ten or twelve sheep, two hogs, and about sixty hens and chickens.
