Wolfville Has Good Water Supply

According to Statement of a Representative of Board of Fire Underwriters

Wolfville for once has benefitted by an insidious attempt to knock it. The Board of Fire Underwriters which regulates the rates of fire insurance in the Province was so alarmed by the serious nature of a report setting forth the utter inadequacy and inefficiency of Wolfville's water supply that an expert was at once despatched to investigate on the spot, first visiting the reservoirs where he took exhaustive measurements to ascertain the exact capacity of reservoir, well and pumping equipment.

He afterwards examined and tested the various hydrants as well as the quality of the supply. He was accompanied by and was afforded every opportunity of getting any information he needed by the Chairman of the Water Committee, C. R. Nowlan. On being pressed for the reason of his visit and making so minute an investigation he admitted the receipt by the Board of a communication representing Wolfville's water supply to be in a very bad way, but instead of its doing harm it in reality has done Wolfville a good turn. After making the fullest investigation possible in the course of two days he was in Wolfville, he was constrained to admit that not only its water was good and the system adequate, but Wolfville today was in a better position to stand a fire than any other town in the Province.

Victorian Order of Nurses

In view of the decision of the recent public meeting and the fact that Wolfville, it is expected, will soon enjoy the benefits of the work of a district nurse, the following information regarding the Victorian Order of Nurses, which renders it possible, will be of interest to readers of THE ACADIAN:

The Victorian Order of nurses was organized a quarter of a century ago as a memorial to Queen Victoria. Their object was to do district nursing in the homes of the poor, or of those who could not get into the hospitals or engage a graduate nurse, and the basic principles of the order were so sound that many other organizations have since been based on the same line. A Victorian Order nurse is a graduate nurse fully trained in a recognized hospital and who has since taken a post graduate course in district and social service work.

The predominant feature of the Victorian Order of Nurses is that it is the only organization in Canada whose principle is to teach public health through the medium of the home. This has proven to be the most effective way as the nurse going into the home with her badge of service brings her into intimate contact with that home and she becomes a chief confidante in matters of family welfare.

The schooner *Elsie* of the Gloucester Fishing Fleet, under Capt. Marty Welch and several of the crew of the ill-fated *Esperanto*, the champion of last Fall's race, quite fulfilled expectations in yesterday's elimination race, and is the recognized champion by the New England Fishing Fleet and will be the United States representative in the International Match to be sailed off Halifax, in the near future.

Wolfville Boy Weds in Alberta

The following, clipped from the *Alliance* (Alta.) Times of October 1st, will be read with great interest by our readers. THE ACADIAN joins with a host of friends in extending best wishes to Mr. and Mrs. Elderkin.

The home of Mr. and Mrs. Peter Paulson, Argyle, was the scene of a pretty wedding on Tuesday afternoon, September 27th at 3 o'clock, when their eldest daughter, Betsy Carolina, was united in marriage to Mr. Angus A. Elderkin, eldest son of Mr. and Mrs. Alfred Elderkin of Nova Scotia. Rev. Joseph B. Francis, of Alliance, officiating. To the strains of the wedding march played by the bride's sister Miss Hannah Paulson, the bride entered the parlor on the arm of her father, making a charmingly youthful picture in her gown of blue satin messaline with trimmings of bugle beading, and wearing a corsage bouquet of white Bethlehem Stars. She was attended by Miss Margaret Mickelson, who wore a dress of blue silk taffeta and georgette. Following the ceremony, the guests numbering over eighty retired to the dining room where a sumptuous wedding dinner was served. The members of the Excelsior G. C. assisting in serving. The popularity of the bride and groom was manifested in the many beautiful presents including several substantial cheques. Later in the evening the happy couple left via Sedgewick, for Edmonton, where they will spend a short time visiting friends and relatives and from there will travel over the C.N.R. stopping at Prince Albert, Winnipeg, Toronto, Niagara Falls, and will proceed from there to Wolfville, Nova Scotia, where they will in future reside.

Their many friends join in wishing them a happy and prosperous married life.

The following was taken from the same paper:

A very pleasant afternoon was spent at the home of Mrs. C. W. Voorhees on Saturday when the Excelsior Girl's Club held their September meeting. After the necessary business had been disposed of the meeting was turned into a social function in the form of a miscellaneous shower for one of their members Miss B. Paulson. To the strains of sweet music, a small wagon, prettily decorated with the Club's colors, black and gold, laden to overflowing with all sorts of parcels, and drawn by two little fairies came into the room and stopped in front of the bride-elect. Although taken completely by surprise, Bee made a very fine reply, thanking the girls for their thoughtful kindness, also telling how much she had enjoyed the work of the club, and how she would miss them all in the days to come. The roll was called and answered with verses suggestive of good wishes for the brides future happiness. At the close of the meeting Mrs. Voorhees and her two daughters Madge and Marion served a very dainty lunch of cake and coffee.

Intercollegiate Athletics Meeting at Truro Arranges for Football and Baseball

The annual meeting of the Maritime Inter-Collegiate Committee took place on Tuesday evening at the Stanley House, Truro. Two delegates from each of the six Maritime Colleges were present as follows: Acadia, Wetmore and Corey; U. N. B., Trumble and Jewett; Kings; Morehouse and Jones; St. F. X., MacDonald and O'Brien; Mt. Allison, Ferguson and Locke; Dalhousie, Moore and Mackenzie.

Mr. Wetmore was appointed chairman and Mr. Morehouse, Secretary of the meeting. The inter-collegiate situation was then discussed and several minor changes in the eligibility rules were proposed and carried. It was decided to operate in two sections as last year for football, Acadia, Mount Allison, and U. N. B., forming the Western section and Dalhousie, St. F. X., and Kings the Eastern. The play off for the Maritime Inter-Collegiate title will take place at Truro on November 17th.

The schedule of games in the Western section was drawn up as follows:

Oct. 27—Acadia vs. U.N.B., at Wolfville.

Nov. 4—U.N.B. vs. Mt. A., at Fredericton.

Nov. 10—Mt. A. vs. Acadia, at Sackville.

In basketball, U. N. B., in the Western Section was the only university who were certain they would put a team in a league. It was decided that they should play Dalhousie in Halifax on the second week in March. The other colleges asked Dalhousie for exhibition games and it is expected that the "Gold and Black" will go on a tour about the middle of March. Owing to the lateness of the season it was decided to leave over the matter of an inter-collegiate track meet until the spring.

Rains Help Water Supply

The recent rains have considerably improved the situation so far as our water supply and electric system are concerned. A considerable rise in the reservoir is reported, and no further danger from this source may be feared. The capacity of the reservoir has been considerably increased although the work is not yet completed. With this increase in our storage capacity and an efficient operation of the artesian well, it looks as though, considering the past dry season Wolfville's water supply should now be sufficient to meet any demands upon it. Conditions at the power plant have been also much improved. There has been a marked increase in the amount of water in the pond. It can hardly be expected but that frequent rains will occur from now on. The past season has undoubtedly been the driest season experienced for a great many years, and we should congratulate ourselves that under the circumstances we have come off so well. With the increased water supply, which Messrs. Wright & Jodrey have provided for in the future, let us hope that the experience of the past two seasons may not be repeated.

SCOTT'S BAY ITEMS

Scott's Bay Division held a meeting on Friday, the officers installed being: Worthy Patriarch—Ozrow Huntley; Worthy Assoc.—Ruth Coffin; Secretary—Mrs. Carl Dykens; Assistant Secretary—Annie Dykens; Financial Secretary—Wiley Dykens; Treasurer—Lloyd Ellis; Conductor—Elmer Tupper; Assistant Conductor—Beatrice Coffin; Inside Sentinel—John Huntley; Outside Sentinel—Mafford Tupper; Chaplain—Miss Smith; Past Worthy Patriarch—Marchand Steele.

Hudson, the five-year-old son of Mrs. Charles Robinson, of Mass., who is summing at Scott's Bay, was badly cut in the forehead when kicked by a horse on Saturday. Fortunately the child was close to the house, when the accident occurred. Medical assistance was on hand and the little fellow is improving.

Daniel Legge, of Scott's Bay, is ill. The "Ruby L." loading with potatoes for Port Williams was disabled when her rudder broke. The "Ruby L. No. 2" hurried to her assistance, towing her to Port Williams, from Scott's Bay.

The missionary society of the Adventists' Church, Scott's Bay will hold a cabbage supper on Thursday evening, October 20 at the residence of Mrs. Manie Ellis.

Some delegates to the United Baptist Convention of the Maritime Provinces at Fredericton N. B., are Dr. G. B. Cutten, J. B. Oakes, J. W. Manning, S. Spidle, and Mr. C. R. H. Starr, all of whom left by this morning's train.

Nova Scotia's Great Record

Three Bumper Crops of Apples in Three Consecutive Years

Three bumper crops of apples in three consecutive years in the Annapolis Valley. The Nova Scotia fruit belt has established a record never before known in any part of the American Continent. There was a very large crop in 1919, another in 1920 and this year's crop is without doubt larger than that of 1920 and it is said may approach or even exceed that of 1919. It is said that when the total of the 1921 crop is known it will be found that the years 1919, 1920 and 1921 have varied less than twenty per cent. from normal of 1,300,000 barrels.

Mr. G. E. Saunders, a gentleman well qualified to write any phase of the apple crop of the Province, states that this succession of good crops in the Valley was a strong indication that the crop was becoming stabilized in quantity of production and he attributed this stabilization to the great increase of intelligent spraying of trees. The persistent care of the trees by this method has resulted in twice as much spraying material being used in 1917 as was used in 1913, whereas in 1921 approximately six times as much spraying material was used as in 1913. About two-thirds of the growers are spraying as thoroughly as the best ten per cent. sprayed in 1913.

According to what is taking place this season in the Annapolis Valley, the old theory that an orchard must have a full crop one year and a small crop the next year seems to have been exploded. In many of the orchards of the Valley there have been no tree breaking years and no slack years for many years, but a succession of even crops.

There are further indications that the crop is becoming stabilized, as the trees are budded for a fourth crop next year, and with the same methods pursued by other men as those which have been proven successful, the fluctuations of one year to another will, it is believed, be obviated and the crop evened up.

GREENWICH ITEMS

Those who attended the service in our church on Sunday afternoon enjoyed a sermon well worth listening to. The Rev. Dr. Thomas Stewart, of the church, Wolfville, in the morning and is an able and interesting speaker.

Several from this place motored to Kentville last Wednesday morning to hear the Prime Minister and other Cabinet Members in addresses at the Strand Theatre. Also several motored up to Kentville the evening before to hear Hon. W. L. MacKenzie King and others at the Strand Theatre, although a wet, dark night.

Miss Viola Bowes, our head teacher of last year, spent the week-end at the home of Mrs. Ada Forsythe.

Laura Marshall, accompanied by her aunt Miss Marshall, recently visited here at the home of the former's parents, Mr. and Mrs. H. H. Marshall, for a few days. On their return to Halifax they took with them Master Charlie Marshall. Mr. Maurice Bishop is attending Acadia College this year. We wish him good success.

Miss Joyce Fraser visited in Truro a few days last week.

Miss Lillian Bishop left on Tuesday afternoon for Halifax, to attend the U. B. W. M. U. Convention, which was held in the City on Wednesday and Thursday of this week. Miss Bishop was one of the delegates from the society of the Wolfville Baptist Church.

Mr. and Mrs. Arnburg, of Wolfville, have rented and are occupying rooms in Miss Lillian Bishop's house.

Miss Erna Fash, of Fredericton N. B., and a B. A. graduate of Acadia College last year, recently received word from the editorial department of the *Stafford College Anthologies* of Boston, Mass., that one of her poems published in *Acadia College Athenium* last year, had received honorable mention in this year's *College Anthology*. Miss Fash is a niece of Mr. Humphrey Bishop and has many friends in this place who would congratulate her.

Miss Charlene Pearson arrived home one day last week after a short time spent in Annapolis County, where she assisted her uncle in his store.

Mr. T. J. Borden is having an addition built on the west side of his house, which will make another room.

Several of the homes in the community are having boarders this season to accommodate the workmen in the warehouses and the evaporator, all of which are very busy.

The following persons from Wolfville have been in Halifax this week attending the United Baptist Women's Missionary convention: Mrs. G. B. Cutten, Mrs. C. R. Nowlan, Mrs. C. P. Wilson, Mrs. J. A. Baxter, Mrs. Geo. Bishop, Mrs. L. W. Sleep, Mrs. H. N. Parry, Rev. E. S. Mason.

Kings Co. Exhibitors

Make Splendid Showing at Three Counties Exhibition

The great success of the Kings, Hants and Annapolis Counties Exhibition held at Windsor last week was due in great part to the many and splendid exhibits from Kings county, and this county carried off its due proportion of the prizes.

As stated last week a good number of the poultry prizes came to Kings county. An interesting feature of Wednesday's program was the Horse Pulling Contest. The handsome pair of horses belonging to Frank Gertridge, of Gaspereau, had an easy win when they pulled 5 tons 1260 lbs. In the single horse contest Mr. Gertridge's horse also won.

In the vegetable department S. H. Cox, of Cambridge, won second prize for 5 white Tubers, and D. E. Woodman, of Cambridge, won third prize. The latter also won second prize on Red Intermediate Carrots. Miss Susannah Chase, of Church Street, won third prize on Blood Turnips and third on Sweet Cern for table. H. D. Johnson, of Wolfville, won first on Yellow Corn for table; and the Evangeline Poultry Yards, Wolfville, were first on Early Jersey Wakefield Cabbage.

We have not yet secured the complete list of prize winners in the fruit section but the following from Kings county were prize winners in this class: A. C. Murphy, Port Williams; Miss Susannah Chase, Church Street; J. A. Magee, Port Williams; Evangeline Poultry Yards, Wolfville; H. D. Johnson, Wolfville; J. O. Hardacker, Grand Pre; J. H. Cox, Cambridge; Mrs. C. L. Baird, Kentville. Miss Susannah Chase took second prize for the best collection of "commercial or export variety" of apples. J. A. Kinsman, of Lakeville, captured T. B. Akin's special offer of \$12.00 for the best barrel of McIntosh Reds to be grown in Kings county.

In the Domestic Household Arts section Mrs. H. D. Johnson, of Wolfville, won a number of prizes as follows: White Embroidered table centre, 1st; Embroidered towels, 2nd; Pin cushion fancy, 2nd; loaf white bread, 2nd; Home-made fruit cake, 3 lbs. or more with home icing, 1st; plum loaf, 2nd; best collection 5 pint bottles preserves, 1st; best Marmalade, 2nd; Miss E. Doucette, employed by Mrs. Johnson, won the following prizes: Crocheted Yoke, 1st; Plum Loaf, 2nd; Mrs. Mary Johnson won first prize with her embroidered towels. Mrs. C. L. Baird, of Kentville, won the following prizes: Embroidered Doylies, 1st; Luncheon Set, 1st; Infant's Embroidered Pillow, 2nd; best collection 5 pint bottles Preserved Fruits, 2nd. Mrs. H. D. Johnson also secured a number of prizes with her cut flowers.

The N. S. Schooner Race

The Nova Scotia schooner race to decide who shall compete in the International race is creating a great deal of interest throughout the province. Eight schooners have entered for the races, the first of which will be held to-morrow morning, and the second Monday morning. The winner of the two races will be decided by points. Following are the names of the schooners entered with the names of their captains and owner.

Uda R. Corkum, Captain Freeman Corkum, Acadia Supplies Co.

Bluenose, Captain Angus Walters, Zwicker & Co.

J. Duffy, Captain Spindler, Fraser Gray, Riverport.

Donald J. Cook, Captain Wm. Cook, Ritcey Brothers.

Independence, Captain Himmelman, Zwicker & Co.

Canada, Captain Joseph Conrad, Captain Conrad.

Alcala, Captain Roland Knickle, Lunenburg Outfitting Co.

Delawana, Captain David Backman, W. C. Smith & Co.

N. GRAND PRE NOTES

Mrs. J. A. Boates, of Wilmot, spent a few days last week with her sister, Mrs. Harry Palmer.

Mr. and Mrs. James Allen were down to the Exhibition in Windsor last week.

Miss Carrie Hennigar, of Wolfville, has been spending a few days at the home of Miss Lena Allen.

Miss Mary Taylor, of Hortonville, spent last Sunday with Miss Blanche Palmer.

Miss Marietta Mitchell spent a few days last week visiting friends in Lockhartville.

We are sorry to hear that F. R. Welton was stung on Friday by a Brown Tail Moth and blood poisoning has set in. We trust he will have a speedy recovery.

Mr. Nathaniel Eagles spent last week with friends in Halifax.

Several carloads of people from here attended Premier Meighen's address in Kentville last week.

Supreme Court at Kentville

The October term of the Supreme Court opened Tuesday morning at Kentville, with Chief Justice Harris presiding. The docket consisted of ten civil and four criminal cases. The Grand Jury having been duly sworn, were charged by His Lordship to consider the criminal cases brought before the court. There was the case of the King vs. Guptill, charged with having stolen hay. This appeared to be a case where a man cut a crop of hay believing it was on land he owned. The King vs. Gay was more serious, Gay being charged with assaulting an aged woman.

The most serious was that of the King vs. Henneberry, the Dartmouth young man, arrested at the instigation of the Berwick police, charged with a serious crime. His preliminary hearing resulted in his being held on a charge of indecent assault. The fourth was the case of the King vs. Benjamin, for theft. The jury brought in true bills in each case, and the court proceeded with the trial of Henneberry. It occupied all the forenoon, and about 2.30 p.m., the jury retired bringing in a verdict of common assault. He will probably be sentenced at the close of the term of the court. The hay stealing case of the King vs. Guptill was next taken up and occupied the court until adjourned at four o'clock.

This case was concluded on Wednesday and resulted in a disagreement, after the jury had been out four hours. The afternoon session was taken up with the case of the King vs. Burton Benjamin, charged with horse stealing, and the jury after a few moments of deliberation brought in a verdict of not guilty. The most important case on the docket, that of the King vs. Gay, the man charged with an assault, the prosecuting witness being a Mrs. Eaton an old and well known resident of Kentville, did not come up for trial, the defendant having probably skipped the country leaving his bondsman to settle.

The Civil Docket comprised ten causes as follows:

Jury Cases
Halle B. Bigelow, Scott Bigelow vs. Harvey B. MacAloney.
Edward Glawson vs. James Merkle.
Philip Halsey vs. Harry J. Chute.

Non-Jury Causes
Peter and Ellen DeAdder vs. Joseph DeAdder.

William S. Eagles vs. Robert Sterling.

W. Fred Curran vs. A. N. Perry.

A. L. Pelton vs. Albert Henry.

Leonard Cogswell vs. Charles Cochrane.

Percy J. Jarvis vs. Frank D. Doyle.

J. L. Hardy vs. H. E. Arnold.

The case of Glawson vs. Merkle was tried yesterday, the plaintiff being granted \$200 damages.

BAPTISTS HOLD ANNUAL BUSINESS MEETING

The annual business meeting of the Baptist church was held on Thursday evening of last week in the Lecture Hall of the Church, Dr. DeWolfe presiding. Interesting reports were read by the pastor, Dr. MacDonald, and by the chairmen of the Finance, Music, Tabernacle and other committees. Mr. Cameron, of the senior class, at Acadia was appointed organist. Mr. L. E. Shaw was appointed Sunday School Superintendent, while Mr. Frank Bartheaux was elected Deacon in place of Mr. Edson Graham, retired. The financial statement showed that the revenue for the year was \$7,007.65, while the various organizations reported excellent progress and good work being accomplished.

WOLFVILLE TO HAVE MUSICAL TREAT

Acadia Ladies Seminary Conservatory of music will present the first of a series of five Artists' Concerts in the form of a Faculty Concert, Friday evening, Oct. 21, in the Wolfville Baptist Church. The following members of the Faculty will take part: Miss Beatrice Langley, Violinist; Miss Marion Gay, Pianist; Miss Evelyn Smallman, Reader; and Mr. Wm. Arthur Jones, Tenor.

Nov. 17 the famous Boston Chamber Music Trio will give a Concert in the Baptist Church. This trio consists of three of the best Artists of Boston: Mr. Daniel Kunz, Violinist of the Boston Symphony Orchestra; Mr. George Mi- quelle, the great French Cellist; and Mr. Howard Goding, Professor of Piano at the New England Conservatory of Music. Tickets are on sale at Rand's Drug Store. Tickets for the Faculty Concert \$0.50 and for the Chamber Music Trio \$1.00; Season tickets for the two Concerts \$1.25.

A representative of the Victorian Order of Nurses visited Wolfville on Tuesday and met with a number of the citizens that evening at the Town Hall. She outlined the work of a Victorian Order Nurse and gave all the information required in the matter. She stated that a nurse is available for the town and that the salary would be \$115 per month.

THE BUILDING REGULATIONS

To the Editor of THE ACADIAN.
Dear Editor:—Since, according to my idea, every citizen should be vitally interested in the progress of the town in which he resides and responsible to some measure at least in every condition that prevails, I offer no apology to your readers for encroaching upon your valuable space in order to call to public attention a matter which, however viewed, must be regarded of prime importance. I refer to the enforcement of the so called Building Regulations enacted a year or more ago by the Town Council. The object of these regulations, as understood by the undersigned, was to provide a better class of buildings, a greater regard to the placing of the same and generally to the safety and beauty of the town. It was recognized that in the past too free a hand had been given with the result that in some instances even in the business section buildings had been erected of such material and design as to be a menace to public safety and an offense to correct taste. It was the evident intention that the application of these Building Regulations would put a stop to the slipshod policy, and eventually tend to the weeding out of these shacks and their replacement by buildings of good proportion carefully located and an object of pride to citizens. So far as I am able to observe no such desirable results have been attained through the efforts of the Building Regulations in the hands of those responsible for their enforcement. Some good buildings have been erected or are under course of construction which will prove a real credit to the town, but in every case, so far as I have been able to ascertain, this is due in no measure to the Building Committee. The owners of these buildings were anxious to conform to a due regard for creditable architectural designs. In a number of other instances where persons have desired to construct buildings altogether out of accord with the object of the building regulations, no objection has been raised by the Building Committee. The writer would respectfully call upon citizens generally to rectify these statements. Many actual instances might be given, but a discriminating public will not need much. A glance at Main Street especially will reveal the truthfulness of my statement. The existing Building Regulations, if carried out in a rational and fearless manner would certainly not have produced what must today be apparent to the wayfaring observer.

NOT LEARNING TRADES

Very few boys are learning trades today, and the question arises, who will take the place of the carpenters and masons and printers and plumbers and other tradesmen of the present day when, in the course of a few years, they retire from the field? One result will be that the public will have to put up with a great deal of indifferent work. Another will be that the young man who, differing from his fellows, has taken pains to learn a trade will be in great demand and will receive splendid wages. The boy of today who sees ahead a few years has a great opportunity of making himself worth while.

A man might just as well make up his mind to like being fooled by girls, because he is going to be anyhow.

PAIN IN THE PIT IN THE STOMACH?

Redmac Relieves It

Truly wonderful how quickly you can get rid of all stomach troubles. Redmac goes right to the seat of the trouble. Mrs. Vanhorn, of Winnipeg, writes: I have suffered for years by Indigestion. I would get such a sharp pain in the pit of my stomach, it would almost double me up at times. During this time I have not known what it was to enjoy a meal. I got very thin and weak. I have been taking Redmac and what a blessing it is to me. I can eat three square meals a day now.

If you want to feel fit, if you want good strong nerves, lots of good pure blood and plenty of energy and vitality, you get a bottle of Redmac and see how quickly it will put you on the road to good health. Go to your druggist today, and get a bottle of this wonderful Tonic, made from herbs and roots from foreign countries. For sale in Wolfville by **Rand's Drug Store.**

LOST.

Oh little one, so slender and so frail,
How could I dream that I should miss you so!

With wild regret that cannot now avail,
I rail at fate, that bade you from me go!

I laid my hands upon your golden head
A few short moments ere you went your way;

I cherished you! But now all hope has fled,
And sadness blotted out the sun's bright ray.

Will you not touch my blindly groping hand?
In pity I beseech you; I implore!

Come to your rightful place—my collar band,
Oh collar button, somewhere on the floor!

—Grace E. Mott.

THE TIME TO ADVERTISE

There is nothing on earth so mysteriously funny as a newspaper advertisement. The prime first, last and all the time, object of an advertisement is to draw custom. It is not, was not, and never will be designed for any other human purpose. So the merchant waits till the busy season comes and his store is so full of customers that he can't get his hat off, and then he rushes to the newspapers and puts in his advertisement. When the dull season gets along and there is no trade and he wants to sell goods so bad he can't pay his rent, he takes out his advertisement. That is, some of them do, but occasionally a level-headed merchant puts in a bigger one and scoops in all the business while his neighbors are worrying to pay the bills.

There are times when you couldn't stop people from buying everything in the store if you planted a cannon behind the door, and that's the time the advertisement is sent out on its holy mission. It makes light work for the advertisement, for a chalk sign on the sidewalk could do all that was needed and have a half-holiday six days in the week, but who wants to favor an advertisement? They are built to do hard work, and should be sent out in all days when a customer has to be knocked down with hard facts and kicked insensible with bankrupt reductions and dragged in with irresistible slaughter of prices before he will spend a cent.

Write this down where you will fall over it every day. The time to draw business is when you want business, and not when you have more business than you can attend to already.—Ex.

Fifty Dollars a Month

(Guaranteed to you by the Canada Life)

How Fifty Dollars a Month looks to the Average Man

Age 20—Happy on Fifty Dollars a month.

Age 21—Fifty Dollars a month is not enough.

Age 35—Thinks he can easily afford to "spend" Fifty Dollars a month

Age 50—Things are not going as well as they were.

Age 55—Strange how these assets have depreciated! Fifty Dollars a month is good interest on \$10,000, and not to be despised.

Age 60—He finds Fifty Dollars a month pension, added to what income is left, brings happiness.

You know of men well up in years who are still "drudging along". They cannot stop if they would, but must go on to the end of their days working for a living. You can avoid that.

Why Not Pension Yourself?

Why not "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future?

Our New Pension Plan

guarantees that upon reaching a certain age in life, you will receive a *monthly* cheque for \$50.00, \$100, \$200, \$250—as you may now decide—and this monthly payment cannot cease as long as you live.

An Income for Life

Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and certain provision as this Monthly Pension Plan.

And This is Not All

Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. (Such a thing has happened soon after men have secured this new policy of the Canada Life.) Immediately, the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50.00, \$100, \$200, \$250, a month, as arranged, for the rest of your life.

There are many other benefits.

An average deposit of only a few dollars a month will return you \$50.00 a month later on.

Home Town Paper Week

It is very rare that the average newspaper boosts its own business, but gives quantities of space in boosting the affairs of others.

Somebody suggested that it was time for the newspapers of the country to adopt a week in which their own business should be given precedent, and THE ACADIAN thoroughly endorses the idea.

The date set is the second week in November, from the 7th to the 12th, including that great world event, Armistice Day.

The official title for the week will be "Subscribe For Your Home Town Paper Week."

Thousands of papers will join in this event, and our readers will hear more about it as time goes on.

Ever-ready to help in any cause that is in the interests of a better community, better living conditions, and better government, we now ask the readers and advertisers of THE ACADIAN to turn in and lend a hand during "Subscribe For Your Home Town Paper Week", and boost for us.

WHAT SHOULD BE PLANTED IN THE FALL

There is such a rush in the spring to get seed sowing and planting done in good time that anything that can be accomplished in the fall to lessen the work in the spring should be done and particularly where fall planting is preferable. At the Experimental Farm, Ottawa, it has not been found satisfactory, taking one year with another, to plant trees of any kind in the fall. Exposure to the long cold winter beginning shortly after transplanting is not favourable to the trees. Any which will be below the snowline, however, have a much better chance, although in soils where there is danger of heaving, late fall planting is unsafe.

When low-growing shrubs and herbaceous plants are planted in the fall, which is a good time, the sooner it is done the better after the soil becomes moist enough to ensure their not dying from lack of moisture as, when set out early, the plants have a chance to take root again before winter and in the case of herbaceous perennials to make some growth.

Raspberries, gooseberries, and currants may be planted successfully in September, and the advantage over spring planting is that if any die they may be replaced in the spring, whereas if planted in the spring it is too late to replace them if they die and a season's growth is lost. If strawberries are planted in the fall they should be planted in September or before to ensure their rooting well and lessening danger from heaving.

As soon as bulbs can be purchased in the stores they should, if desired, be procured and planted at once as the longer time they have in the ground before winter the better the bloom is likely to be in the spring. The bulbs referred to include tulips, narcissus, hyacinths, crocus, squills, and other hardy kinds.

The fall is a good time to plant both rhubarb and asparagus. They may be planted with success any time between now and winter.

Usually there are good results from planting seeds of herbaceous perennials, trees, and shrubs in the fall. The action of the frost, especially on tree and shrub seeds, makes germination easier. When seeds of perennials are planted in the fall it is best to wait until just before winter sets in to make sure that the seed will not germinate before winter as if seed germinates a short time before winter the seedlings are liable to be killed. Seeds of trees and shrubs, however, and especially of fruits, should be planted as soon as ripe so as to prevent their becoming dry. Usually fall planted seeds germinate very early in the spring.

W. T. MACOUN,
Dominion Horticulturist.

HAD TO TELL THE TRUTH

Speaking of moving picture actors, a good story is told of one who was suing a company for breach of contract. When asked by the court why he claimed so large a sum he replied, "It is because I am the greatest actor in the world".

A few days later some of his friends badgered him about the mighty high opinion of himself expressed in the statement. "I know it must have sounded somewhat conceited", he explained, "but I was under oath, so what could I do?"—Boston Transcript.

MOTOR OPERATORS HAVE INDIVIDUAL FOOL TRICKS

"Every motor car operator has his pet 'fool trick' even though he may pride himself on his careful driving", says J. A. McMyler in the Cleveland Plain Dealer.

For instance, it is safe to say that a good percentage of automobile drivers start their cars with the emergency brake not completely released. This is, of course, a bad habit, since it cuts down the motor's power and causes excessive wear of the brake linings.

Did you ever think you had stalled your motor and press the starter button when the engine was still going but its sound was drowned by traffic noises? Chances are that you have more than once; yet it is a bad thing to do and doing it often will in time make it necessary to have the starter drive of fly-wheel gear replaced.

A better plan before depressing the starter button in such a case is to touch the accelerator and listen to see if the engine responds.

Everyone has at sometime or other tried to shift gears without throwing out the clutch but a few drivers seem to have a habit of trying to do this "stunt". Persistence in doing this chips off the teeth and will make replacement of the gears necessary.

What would become of a town that had no advertisers? In every town the men who advertise are the most progressive, in fact, if it were not for them there would be no town. They're the men who keep things moving and who make it possible for the less progressive fellow—the non-advertiser—to exist. Take a look over the newspaper some day and see for yourself if the men who advertise do not constitute a large proportion of those who are doing a lot to keep the town going ahead.

A courtesy appreciated by your guests is to have their visits mentioned in the personal columns of THE ACADIAN. And whenever you go away your friends will be interested to learn of the fact in the same way. Send us such items by mail or call us up—phone 217.

HOUSEHOLD HINTS

To cook potatoes beautifully white, lay a piece of clean white cloth on top of potatoes before putting lid on. Do not put on too much water. The result will be most satisfactory.

An excellent polish for mahogany is a tablespoon of olive oil mixed with a teaspoon of vinegar. Apply the fluid with a soft flannel after the wood has been well dusted. Then polish the wood thoroughly with a soft clean duster.

To make a wood floor look like new, dissolve in water equal quantities of fullers earth, soft soap and soda. Scrub the floor with this and the wood will look white and new.

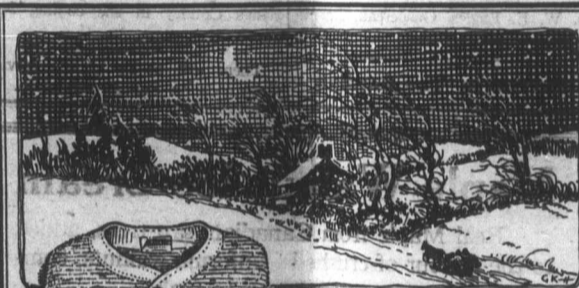

For dusting furniture, particularly if it is at all elaborate in design, there is nothing better than an ordinary paint brush. The bristles cannot scratch the surface, and they remove the dust from the crannies and corners better than a dust cloth can possibly do.

The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

THREE GREAT EVENTS

The principal events in a man's or woman's life are but three—and in some cases only two. The first is birth, the second is marriage and the third is death. These are the great adventures of life.

These events are all chronicled in the home town paper—in the birth notices, the marriage notices and the death notices.

In between these notices are the thousand little items of everyday life of the people you know—your own people and friends.

Not the happenings of persons so-called "famous", but our own people—the news items of the home town paper.

"Subscribe for Your Home Town Paper Week," gives you the opportunity to do this, or if already a subscriber, to renew your subscription.

The proposition of the Town Council to place the Electric Fire Alarm on the roof of the new school building seems to THE ACADIAN as most unwise. There certainly must be some location within the town equally advantageous from the standpoint of an efficient alarm without interfering with the school. In our opinion the risk of the possible result of the sounding of the alarm upon the nervous temperament of children who may be in the building at the time is too great. Aside from this the fire alarm, which has already cost the town a considerable amount of money should be placed as far as possible in a position where there would be no danger from fire. The location of this alarm has already been too long deferred; but it is better that the work should be even longer delayed than that such a mistake should be made.

The delay occasioned by the Town Council's failure at its last meeting to grant the necessary permission to those who have undertaken the work of improving Wolfville's War Memorial, appears to THE ACADIAN as altogether unnecessary. The fact that the members of the G. W. V. A. who have put so much energy into the undertaking have had the support of such a number of citizens ought to make it appear to our City Fathers that the undertaking has public approval. The question of a public meeting which was raised at a public Council Meeting seems to us quite unnecessary as our citizens never had an opportunity of our present monument. On the other hand a model of the new design was gladly laid before

them and the generous subscriptions certainly indicate their approval of the same.

The gulleys in the sidewalk on the west side of Gaspereau ave., which have existed during the whole season in spite of the remonstrance of THE ACADIAN, were filled with ashes by the street authorities just before that recent rain, with the result that the newly placed material was immediately washed away. Had this work been attended to early in the season as suggested by this paper, it would have become sufficiently firm to have resisted the flood, and affected a saving to the town.

GRAND PRE NOTES

A WORTHY CAUSE

To the Editor of THE ACADIAN.
Dear Sir,—There has been formed in Waterville, King's County, a committee to gather funds for Russian Famine Relief. The proceeds will be sent to the Friend's Relief Committee for Russian Relief, 27 Chancery Lane, W. C. 2, England.

This English Committee is composed of Friends, or, as most people better know them, Quakers. Their workers are volunteers and have obtained credit from Sir Philip Gibbs and many others for good work. The Friends have been in Russia since March 1921 to take up their relief work interrupted by the Revolution. They say the Russian Soviet Government has placed no obstacles in their way but been faithful in its dealings with them.

Your readers may notice Sir Philip Gibbs in an article in The Halifax Herald of October 8th urges the great need of helping Russia.

Cheques should be payable to and marked "For Russian Relief Committee." They will be acknowledged in one or both Halifax papers.

The members of the Committee are Mr. A. S. Banks, Chairman; Mrs. John Buchanan, Berwick, Secretary; Mr. Norman Osborne, Auditor; Rev. F. Yates and Rev. H. B. Camp, members.

Yours sincerely,
Eunice Buchanan
Secy. Berwick.

CANNING NOTES

Miss Kathleen Rand, who has spent the summer in Canning, the guest of her father, William Rand, has accepted a position in Maine, where she is attached to the musical staff of the Ladies Seminary.

Miss Ethel Parker is the guest of Mrs. Jacob Lockhart.

Mrs. Joseph Hebblethwaite, of Dedham, Mass., is the guest of her parents, Mr. and Mrs. Frank Huston, Waverley Hotel, having returned owing to the death of her brother, David Huston.

Mr. Harrington, who during the past year has resided in Canning, has accepted a position with Mr. Mitchell, electrician, of Wolfville.

Mrs. S. I. Blenkhorn has returned to Canning after a pleasant three weeks' visit with her parents, Mr. and Mrs. M. W. Graves, Bridgetown.

The funeral of David Huston, son of Mr. and Mrs. Frank Huston, of the Waverley Hotel, Canning, who passed away, after an illness of a few weeks took place on Wednesday of last week and was largely attended. The service at St. Joseph's Church, conducted by Dr. A. R. Donahoe, was an impressive one. The floral offerings were many and beautiful, testifying to the esteem in which the deceased was held. Interment was at St. Joseph's cemetery, Kentville.

Rev. Dr. Thos. Stewart, of Halifax, was the speaker at the Presbyterian church last Sunday morning and at the Methodist church in the evening. He also conducted the service at Greenwich in the afternoon. Dr. Stewart is an interesting and forceful speaker and all his addresses were most helpful. A violin solo by Mrs. W. H. Thompson was greatly enjoyed by the congregation at the Presbyterian church Sunday morning.

Electric Light Users

As there is now ample water power available, it is not necessary to the maintenance of service to economise in the use of electric light. However, it always tends toward greater efficiency in electric service to use apparatus other than light during daylight or morning hours only.

THE TABERNACLE IN WOLFVILLE

"Jesus bids us shine, with a pure clear light. Like a little candle, shining in the night In this world of darkness, we must shine. You in your small corner, and I in mine." The Tabernacle in Wolfville, with its congregations of today, shows the influence of the shining in this small corner, of the two ladies who were the instruments used to organize and work up this mission, which has been such a blessing to many in this part of the town. Years ago Mrs. George Fitch, and daughter Miss Annie Fitch, obtained the privilege of a room in this locality, and persuaded some, who seemingly had little or no interest, in religious matters, and did not feel a duty or privilege to attend any such services; to meet them there for a little service of this kind. After much sacrifice of energy, time and money, many obstacles and discouragements to contend with, they succeeded in having such a number attending, that it became necessary to have larger quarters and with the help of others of different denominations, this Tabernacle was built and the few who are left of those who assisted in the work at that time, will testify to the splendid results.

While it was necessary to have helpers, and many always willing, Miss Annie was always the "spirit and power behind the guns", in raising funds, giving socials, entertainments, picnics, etc., but always keeping herself in the back ground, pushing others into the lime-light, and giving everyone the credit but herself.

Their reward was surely awaiting them. It is a great privilege to assist such workers in such a work; and the obtaining of a little organ is nothing in comparison to the building of character, and spiritual life, and a building in which to worship the One who gives Eternal life.

For a few years these ladies had to be away from Wolfville but they left the work in good hands until their return. This work is carried on now entirely by the baptists, the College and Academy students, giving great help.

"Jesus bids us shine, first of all for Him. Well He sees and knows it, if our light be dim. He looks down from Heaven, He sees us shine. You in your small corner, and I in mine. A. R.

The October issue of Rod and Gun in Canada will be perused with great pleasure by all those to whom the great outdoors is calling. "Nova Scotia Fishing As It Is" appears in this splendid number written in a fascinating, original way by Percy E. Nobbs. H. Mortimer Batten's story, entitled "Banksia, The Terrible" is of an appealing nature and will prove of intense interest to both young and old. "The Industrious One" by F. V. Williams will doubtless attract the interest of every reader. This together with stories and articles by the usual clever nature writers, Robert Page Lincoln, A. Bryan Williams, J. W. Winslow, also the instructive columns of the various departments, add greatly to the value of the magazine, and in their own mysterious way impart to it the spirit of autumn. Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, Woodstock.

THE PRINTER

I used to think a Printer's life was one of peaceful joy, he had no cares to blight his day, nor money to decoy. I thought that all he had to do, to make the shekels roll—was printing half-sheet auction bills or ballots for the poll; that advertisers flocked in gangs to fill his paper up, with sales of hardwood, ham and beans, and off a brindle pup; that when the toil of day was o'er, a peaceful pipe he'd smoke, and smile, because a wad of kale was in the bank to soak. But I have changed my views somewhat, since I now run a sheet; my time is spent in bustling hard in making both ends meet. At times I feel like pulling stakes to make another go at some old job I don't care what, where I can make some dough. The printing trade is gone to pot, the price is on the blink—the competition I have got will drive me soon to drink. But Jones who runs a harness shop, and Brown who peddles beans, tell me they're got to quit, by heck, and drift to other scenes, where they can get some other work—and not too much of that—the kind of work they're in just now, has fallen rather flat. And so, when I contrast my job of peddling out the news, and selling job work to the folks who pay me all my dues, I find my life is made of things, that happen on the spot—that make a man forget his cares; his job is just to sell his wares, contented with his lot.—Specially contributed to Canadink.

DEFEAT

No one is beat till he quits, No one is through till he stops, No matter how hard Failure hits, No matter how often he drops, A fellow's not down till he lies In the dust and refuses to rise.

Fate can slam him and bang him around, And batter his frame till he's sore, But she never can say that he's drowned When he bobs up serenely for more. A fellow's not dead till he dies, Nor beat till no longer he tries.

Oxford students are voluntarily becoming prohibitionists. Exeter College the ancient "beer cellar" where for centuries beer, ale and whiskey have been served to students and faculty at cost price, is being converted into a lunch room where nothing stronger than tea or coffee will be served. The change is supported by the almost unanimous vote of the students.

Large numbers of people have brilliant qualities; they know a great deal, are well educated, but they lack sand, staying power. They can't stand by a proposition and see it through thick and thin to the end. They lack that bulldog grit which hangs on until they triumph or die.

SOME WHEEZE THIS!

My auto 'tis of thee, short road to poverty, of thee I chant. I blew a pile of dough, on you three years ago; now you refuse to go, or won't-or can't. Through town and country-side, you were my joy and pride, a happy day. I loved the gaudy hue, but you're down and out for true, in every way. To thee, old rattle box, came many bumps and knocks, for thee I grieve. Badly the top is worn, frayed are the seats and worn; the whoop-cough affects thy horn, I do believe. Thy perfume 'swells the breeze while folks choke and wheeze as we pass by. I paid for thee a price, 'twould buy a mansion twice, now everybody is yelling "ice"—I wonder why? the motor has the grip, the spark plugs have the pip, and woe is thine. I too have suffered chills fatigue and kindred ills, endeavoring to pay my bills, since thou were mine. Gone is my bank roll now, no more 'twould choke the cow as once before! 'twould had the mon, so help me John—amen, I'd buy a car again, and speed some more.—Ex.

The district of Greater Montreal, that is the city proper and its surrounding suburbs, is said to have a population of 839,704. The population of Toronto and its suburbs is estimated at 565,000, which shows that our two chief cities have a combined population of nearly one-sixth of the inhabitants of the whole Dominion.

MUST EACH HAVE \$250

Regulations governing the admission to Canada of immigrants, and published in the Canada Gazette, provide that each immigrant over the age of 18 years must have at least \$250 in his possession, in addition to a sum sufficient to cover land transportation charges. In the case of immigrants under the age of 18 years the sum of \$125 is required, while parents must possess \$50 for each child under the age of five years.

These regulations are waived in favor of farm laborers, and domestic servants, and in favor of persons travelling to join their families.

The entry into Canada is prohibited of persons not in possession of a valid passport issued by the governments of their respective countries. These passports must be presented within one year of their issue, and, if not British passports, must be vided by a British diplomatic or consular officer. This regulation is not intended to apply to British subjects coming to Canada either directly or indirectly from the United Kingdom, the United States or any of the self-governing Dominions, or to citizens of the United States or to persons who have been residents in the United States for at least one year.

IT'S A FINE OLD WORLD!

It's a fine old world we live in if we do the best we can. To make it so, by kindly acts and true. If we always will remember to put in each daily plan "Do to others as you'd have them do to you." If we bear in mind that we must live not to ourselves alone, But, with the flag of selflessness unfurled, We march along our daily route, we'll find that we must own It really is a fine old world. It's a fine old world we live in if we give it of our best, And work towards its good from day to day. If we find in toil a pleasure, in the daily round a zest, If, by working well, we really earn our pay, If we struggle 'gainst adversity, and never grouse or whine Though hard luck's shots against us oft are hurled, If we still believe (though days are dark) the sun again must shine, We'll own it is a very fine old world. It's a fine old world we live in if we only make it such— 'Tis up to us to do it if we will. If everything we do is fine, with Charity's soft touch, If loving-kindness is our watchword still, We make our mark upon Life's page, each moment that we live, If Love's fair tendrils round our hearts are curled, If all we do and all we have we freely, gladly give To make this world a very fine old world.

MARKET PRICES IN 1889

(From the Ottawa Citizen.) An old reader of this newspaper has sent in a copy of the Citizen for April 4th, 1889. The pages are yellow with age and the print is small and faint, but is a document of great interest today when the cost of living has reached such an unusual altitude. "I found this paper," says the old reader, "while searching through my trunk." How many scented treasures and hallowed reminders of the good old days are found when searching in trunks? He calls attention to the prices on By Ward market thirty-two years ago and suggests that they be compared with present-day prices. Comparisons are not only odious but futile. Nevertheless, a striking contrast is offered between the prices housewives have to pay now and those they paid in the days when Stanley was emerging from Darkest Africa, and Sir John Macdonald and Sir Richard Cartwright flung verbal bouquets at each other in debate. On this particular day it appears that beef and pork were scarce, while there was hardly any mutton. Veal was plentiful. And the prices? Beef was \$4.50 to \$6.50 per cwt. Pork was \$8.00 for the same amount. Mutton, being very scarce, was 5 cents a pound, while veal was 4 cents and 7 cents for choice cuts. Poultry was also scarce, but a pair of fowls could be obtained for 65 cents. Potatoes and carrots were 50 cents and 35 cents respectively per bag, while cabbages and celery were 40 cents and 25 cents per dozen. Butter was 18 to 22 cents per pound, eggs 15 cents a dozen and lard 12 and 15 cents per pound. Oats were not very abundant and reached the high price of 40 cents a bushel, while apples brought \$1.25 per barrel. "Prices ruled high," says the reporter for the occasion. But those were the days before the great war, inflation and luxuries. Fall pickling, paring fruit, and vegetables make sad looking hands, but get an ounce of tartaric acid, put in a wide mouth bottle, or tumbler, and when your hands are stained, moisten them, put on a little tartaric acid, and rub well, and you will find all stains disappear, as if by magic! This is not a poison. The statement has been made that One Hundred and Twenty Million Dollars was spent by tourists in New Hampshire during the summer which goes to show that scenery, plus good roads and good hotels is a very great asset.

IT MAKES A DIFFERENCE WHOSE INDIAN IS SCALPED

This is clipped from a United States paper: It makes quite a difference whose Indian is plucked full of bullet holes. When our own half savages got busy on our frontier and burned and tortured and killed right and left, American regulars, state militia men and all and sundry who owned rifles, took to the trails and didn't finish until most Indians in that general neighborhood were good Indians—good because dead. But when the half-crazed Indians and wholly savage and fanatical Moslems of India become bloody-minded and go about assassinating, sniping, and torturing whites, the "Friends of India" in New York, as well as all the radicals of both England and America, begin to talk of "self-determination of native peoples." And if England shoots up a few hundred of her murderous Indians, just because we used to shoot up the same sort in the West, these funny folks raise their voices in holly horror. What a lot of bunk has been going the rounds the past few years in the name of sacred liberty!

CANADA'S FIRE LOSSES

TORONTO, Oct. 7.—The losses during September, according to the Monetary Times estimate, reached a total of \$2,410,300, which is almost \$600,000 less than August, 1921, and \$70,000 less than September last year. Although there are three months yet to go during this year, the total for the nine months is only three millions short of last year's total, so that it is evident that the losses for 1921 will exceed the 1920 record.

COFFEE

Anybody Can Make

GOOD COFFEE

IF a few simple rules are observed.

ONE—Buy good coffee in moderate quantities. Ground Coffee loses its strength and aroma if left standing.

TWO—Keep coffee in airtight containers. Fruit jars are ideal for this purpose.

THREE—Measure proportions carefully, both coffee and water.

FOUR—When serving coffee, serve it hot, never re-cook.

FIVE—Strain or settle carefully. Good coffee is clear if properly made.

Drink Wood's Stuyvesant Coffee, the high grade, and obtain all the goodness of this delightful beverage, delicious and refreshing.

DEATH OF MRS. JAS. S. HARDING

Mrs. James S. Harding passed away at the Westwood Hospital at midnight of the eleventh. The deceased was the youngest daughter of the late John O. and Mary Pineo. Her husband, James S. Harding, predeceased her in Montreal about two years ago. Up to two years ago Mrs. Harding had lived in St. John, N. B. She was an active member of Trinity church and for upwards of forty years had identified herself with the religious and social life of the city. A funeral service was conducted at the Westwood Hospital on the evening of the 12th by the Rev. R. F. Dixon. Prayer was offered by the Rev. G. O. Gates, an old friend of the family.

On the morning of the 13th the remains were conducted to the train for St. John for burial, accompanied by Dr. C. E. A. deWitt, Mrs. deWitt and W. S. Pineo.

It appears that some people do not understand that if they continue to take a newspaper from the Post Office, although addressed to someone else, they can be held responsible for payment of subscription in full to date.

NEW BRUNSWICK GOES BONE DRY

By a majority of two to one the province of New Brunswick on Monday voted against the legal importation of liquor for use as a beverage. Under the existing Provincial Act, any household may import supplies for his personal use, with few restrictions. Under the legislation which will follow Monday's vote, this privilege will be abolished and the only legal purchases of liquor in the province will be those made on physicians' prescriptions for medical purposes.

The fact that St. John city voted in favor of the bone-dry law by a total of 5,049 to 3,054 came as a surprise even to the temperance leaders; on the last plebiscite for the confirmation of the present Act the city voted for prohibition in the proportion of six to five and it was expected that the wet vote would be larger Monday.

The first prize of \$275.00 was won by Porter Bros. Wolfville, for selling the largest number of A.B.C. Electric Washing Machines in the Mid-Summer Sale Contest for July, August and September, in Canada. In that time they sold twenty-three machines.

Pauline Frederick Wanda Hawley

in in

"Road of Destiny" **"Her Beloved Villian"**

The picture is founded on a theme that has the predestination idea exemplified and is really four pictures in one and providing roles, all of great dramatic strength for the star. Miss Frederick plays the mistress of an Alaskan gambling house proprietor, a woman of questionable reputation in New York society, a demented discarded sweetheart of a cad and a young girl who has loved "not wisely but too well". In each part she is called upon to give portrayals which equal in every way the role of the mother in her most recent Goldwyn picture, "Madame X".
