MINISTERS WENT BARGAIN BLINDFOLD

Fielding and Paterson Approached Reciprocity Conference at Washington Without Statistical Information Necessary For Proper Handling of Case For Canada.

MEMBERS STILL WAIT FOR THE INFORMATION

OTTAWA, April 3.—(Special.)—Since January the house has waited patiently for the statistical information necessary for an adequate discussion and understanding of the reciprocity agreement, but nothing has been forthcoming. This inexplicable delay was the cause of a sharp debate to-day. The opinion was vouchsafed that the reason is simply that Messrs. Fielding and Paterson committed themselves to a bargain concerning the effect of which they knew nothing, and of which they are now too ashamed to let the public know the facts.

It was pointed out that when the pamphlet published by the United States showing the comparative prices of the articles mentioned in the agreement arrived at Ottawa, it was a staggering blow to the government to discover that the average prices of the products of the farms in the United States were lower than in Canada. Mr. Fielding announced with great pride when he returned from Washington that he had made an agreement which would mean better prices for the farmers. It would appear that instead the prices in Canada will drop to those of the United States.

It was discovered during the debate that Messrs. Fielding and Paterson went into the conference at Washington without the statistical information necessary for a proper handling of the case for Canada.

Richard Blain de Peel asked the minister of customs if margarine had been placed on the free list. Mr. Paterson replied that he did not know. He had not the information beside him. George H. Parley (Argenteuil) referred to the reply which Major Sharpe had received from the deputy minister of trade and commerce regarding an order of the house calling for information with respect to trade prices in various countries. Mr. Parley's reply was in effect that the information could be got from trade papers all over the world. Mr. Parley said this was a very extraordinary answer for the government to make. It meant that every member should go out and dig up the information for himself. If the government had the information then it was evident that Messrs. Fielding and Paterson did not have the information when they entered into the agreement. It is a pity, lots of us think that the Grand Trunk has not improved its line between Toronto and North Bay, for if it did that two or three hours' journey could be cut off and perhaps more.

Budget Speech Today

OTTAWA, April 3.—Concerning the probable announcements by Mr. Fielding in his budget speech there is considerable speculation in the corridors this evening. It is taken for granted by many that the rise in Steel Corporation stock is the direct result of a "tip" given to Liberal members of parliament that Mr. Fielding will announce a continuance of the bounty on steel rods. Others discount this on the ground that there would be a revulsion of feeling in the west, which the government is now straining every nerve to capture. There is also a rumor that Mr. Fielding will intimate an increase in the British preference, but again this is discredited by the definite statement made in Montreal by the minister of finance that the government had gone as far as it would go.

A PORCUPINE EXPRESS

Is What an Enthusiastic Gold Miner Wants for the Camp.

"Are you The World reporter?" asked a Porcupine at the King Edward yesterday, and learning that he was he went on to say: "Will you tell that gentleman whom you call Jacob, and who he identified with the Timiskaming and Northern Ontario Railway, that the sooner he gets a thru express service from Toronto to Kelo Mines or for that matter to Cochrane the better."

"This idea of leaving here at 8 o'clock at night and then having to wait the next afternoon for several hours at Englehart before getting north is not the cheese, even tho it is convenient for Montrealers. In other words Toronto business is held back for several hours every afternoon in order to let Montreal business catch up to it. Why should this be?"

"There will be hundreds coming in every day to Porcupine in a few days and the commissioners cannot too soon give us an express service all the way and allow us to get into the camp within twenty-four hours after leaving Toronto. This can be done in three days from now, as the new rails will then be up to and across the Fredericton house River, and by that time launches will be able to run up the river in the direction of Hills, and from Hills a stage journey of eleven miles will put the traveler at Porcupine until such time (about July 1) as an all-rail service is being instituted."

"We all appreciate what Mr. Englehart has done for us, but we want to impress upon him the need of getting ready to handle the great rush of travel to Porcupine that will start in as I said in a few days. Express trains, lots of sleepers and strong engines, will be required. It is a pity, lots of us think that the Grand Trunk has not improved its line between Toronto and North Bay, for if it did that two or three hours' journey could be cut off and perhaps more."

"Some day, perhaps, we will have a C.P.R. service from Sudbury in the direction of Porcupine, and perhaps a branch of the T. & N. O. system, for the T. & N. O. is bound to become a steam line ahead of the times. And Jacob ought to be able to work it out."

WALKED AROUND WORLD

Julius Rath of St. Louis, Now Here, Has Peripatetized for 14 Years.

Julius Rath, a globe trotter, who has thrice girdled this sphere, walked into town yesterday from Windsor, and obtained signatures from Mayor Geary, Sir James Whitney, Postmaster Rogers and other notables. He started in 1897 from St. Louis to walk five hundred thousand miles, and he is to finish at the Panama Exposition at San Francisco in 1915. He was 14 when he started, and now 28. Whether Rath has done what he claims there is no positive way of knowing, but his book of signatures seems genuine, and he has newspaper clippings to bear out his story. A club in St. Louis started him on his way, and if he completes the 500,000 miles he wins a prize of \$30,000. He reports daily to the club, enclosing the proofs required.

PETROLEA IN DARKNESS

Friction With Private Company—Town Wants Hydro Power.

PETROLEA, April 3.—The town has been in darkness the last few nights because of friction between the electric light company—a private corporation—and the town council. The council has not met for terms of the company, pending a report from the hydro-electric commission as to prices of electricity, and the time when it can be installed. The company declined to wait—hence the darkness. In the meantime, arrangements likely will be made for temporary lighting with a local manufacturing concern.

Vesta Victoria Responds to the "Kid's" Wishes.

During the performance of Vesta Victoria at the Princess last night a childish voice was heard coming from the gallery, saying: "Sing 'Waiting at Victoria.'" Later in the evening Vesta Victoria and when asked why he made the request? "replied: "Well, me mudder heard you sing it in Manchester, England, and I wanted to have you sing it to me."

LIABLE TO LOSE HER PET LAMB

LITTLE BO-PEEP TAFT: I wish it hadn't got mixed in with that Democratic flock

MORE FORGERY CHARGES AGAINST W. D. EARNEY

Bondsman Decline To Continue \$4,000 Bail—Signed Sister's Name.

William D. Earney, K.C., who was arrested Friday last upon four charges of forgery and was also charged with perjury in connection with the making of two bogus mortgages upon which he invested money for two clients, but which money never went further than his own bank account on its way to the alleged borrowers, was surrendered yesterday by his bondsman, who feared that he was about to leave the country and sought to be relieved of his \$4000 bond.

In addition to two additional charges of forgery, one of these is that he signed the name of his sister to a cheque for \$1200, which was given to him by Thomas Dallimore, who believed that he was lending the money to Mrs. Chesher upon one of the bogus mortgages.

Two further forgeries are alleged in the affidavit. The name of Mr. Grant of Messrs. Duncan, Grant and Skeans, as the commissioner before whom he, Earney, appeared to have taken the affidavit of execution in the mortgage from Mrs. Chesher to Mr. Dallimore. The other was that he also signed Mr. Grant's name to a like affidavit in what purported to be a quit claim deed from Mr. Chesher to his wife to enable her to execute the Dallimore mortgage. Mr. Grant says that he never signed either of these, and therefore it appears that Earney could never have taken any oath in connection with either the mortgage or the quit claim deed, and that, therefore, the charge of perjury laid against him when it was thought that the affidavit had been sworn before Mr. Grant can not have any basis in fact. Thus Mr. Earney is absolved from one charge of perjury, but three additional charges of forgery may be laid. Of these two are to be placed against him, and he will therefore face six charges of forgery when next he appears in police court.

Spent Night in Station.

No bail was granted, and the prisoner spent the night at the Court-street station. It is understood that Mr. Garvey, partner of Crown Attorney Corley, who has heretofore looked after the granting of bail, was willing to renew the bail, but that a new order had been issued by Chief Grasset yesterday to the effect that only Mr. Corley's personal order shall be required in the matter of granting bail. This permission was apparently not secured.

BIG FIRE AT GUELPH

Lumber Mill and \$15,000 Worth of Lumber Destroyed.

GUELPH, April 4.—(Special.)—The lumber mill of George McAllister, which caught fire last night, and at an early hour this morning was still burning. Owing to the fact that a high wind was blowing and the only hydrant in the neighborhood was fully 200 yards distant, the firemen worked under a severe handicap.

THIRTY HENS BURNED.

Thirty hens were burned in a fire which broke out in a shed in the rear of 43 Centre-avenue at 1:47 a.m. to-day. The fowl were the property of H. L. Silverberg, and were valued at \$25. Frank Kupcov lost rags worth \$15, and the building loss was \$500. The cause of the fire was unknown.

An Important Decision

OTTAWA, April 3.—The Dominion Railway Commission has just issued an order in regard to the much complained of "delivery limits" of the express companies.

In the past the companies have set up areas in cities and towns in which they will collect or deliver parcels. People living outside these areas, but within the boundaries of the municipalities, have for years given voice to their grievance. The commission, after hearing both sides, makes collection and delivery within municipal boundaries compulsory, starting June 1 next, but it gives an opportunity to the companies to ask for relief in special cases.

WANT COMMISSION TO PLAN FOR CITY'S GROWTH

College Heights Association Will Keep Up Fight—Hugh Blain, President.

The College Heights Association, in annual meeting last night, strongly favored the appointment of a provincial government commission to lay out the portions of the province immediately adjoining the present city limits on the north, west and east, according to a plan for the future residential expansion of Toronto.

The territory extends for five miles in each direction, and would in a few years, according to estimate, embody one-sixth of the population of the province.

The new officers and directors were urged to keep the agitation alive. The association also went on record as unalterably in favor of a subway at the junction of Poplar Plains-road and Dovercourt-road, where the C.P.R. and C.N.R. will cross. This was regarded as a most important crossing, and of such dangerous character as to render a level crossing utterly impracticable.

STEAMSHIP ON FIRE.

PORTSMOUTH, ENG., April 2.—The German steamer Sylvia, which arrived in Toronto last night, with a heavy fire in her hold, proceeded to-day for Hamburg. The steamer was bound from Boston and Baltimore and her cargo was burning for three days.

DOESN'T WANT MONEY BUT TO PROVE CLAIM

Claims To Be Widow of Former President of Western Union Telegraph Co.

NEW YORK, April 3.—A grey-haired woman of 85 years appeared to-day under subpoena before Surrogate Colahan and asserted that she was the widow of Gen. Thomas T. Eckert, who was one time president of the Western Union Telegraph Company, for possession of whose \$3,000,000 estate two sons have been contesting since his death last November. The witness had Gen. Eckert, she declared, in the fall of 1908 and had the marriage certificate, together with a deed given her by Gen. Eckert, in his house in West 86th-street "in a safe place in Washington, D.C." She said she was prepared to produce the documents on short notice. She was given until Thursday to do so.

The woman declared that she was also the widow of E. L. Davies, sometimes known as Dore, about whose history she did not relate further. On the day of the alleged marriage to Gen. Eckert, she lunched with the general, she said, at a New York hotel. Gen. Eckert told her, she testified, that they were persecuting him and threatening to put him in an asylum, and that some woman wanted to marry him.

He appealed to her for protection, he said, and they took a long automobile ride—he did not know where terminating at a house where a man performed a marriage ceremony, and gave her a certificate. She lunched with General Eckert several times thereafter, although she never lived with him, she said, a day on one occasion he gave her a deed to the Eighty Sixth-street property.

Mrs. Davies was reticent in giving her family history. She first met Gen. Eckert, she said, in 1867, when he was president of the Atlantic and Pacific Telegraph Co., and was employed by him then as a telegraph operator. At present she conducting a home in Rockland County, N.Y. She declared it "for children that are thrown into ash barrels by members of the 400, and other rich people." Her sole motive for coming into the case, she added, was to obtain recognition of her widowhood, and "show them that she could take her share of the estate if she wanted to." She did not want a penny of the money, she said.

FAMOUS WAR COHES ONDENT

John J. Henderson, Who Has Just Died, a Native of Canada.

INDIANAPOLIS, Ind., April 3.—John J. Henderson, aged 81, died to-day at the home of his daughter, in this city, after a long illness.

Mr. Henderson was born in Canada. Secretary Haldane defended his system. He said that as England was the centre of an empire, the parts of which were separated by great stretches of sea, command of the sea was the first requisite.

DIDN'T APPOINT P. W. ELLIS AWAITS HYDRO'S MOVE

Appointment Referred Back By 13 to 9 Obstructing Good Government

Last night the city council, by a vote of 13 to 9, decided to adopt The Globe policy against good government. It conceded on every hand that the hydro-electric business of the city is in danger of becoming a mess unless capably managed. As Toronto is the major partner in the hydro-electric union of the province, and the failure of Toronto might wreck the whole scheme. The Globe and its friends are willing to take that chance. They begin by making it impossible for a first-rate man to be appointed to the city electric commission. Controller Hocken, to his shame be it said, objected to the gentleman who has yielded to the most earnest solicitations and agreed to accept the position, on the ground that Mr. Ellis had no municipal training. This means that another ward-heeler contest is to take place over the chance of electing a machine politician to the direction of a public enterprise, one of whose chief recommendations has been that it is entirely non-political.

Good government, by means of an independent commission, was looming in sight thru the appointment of an able electric commission as a start in this field. Last April The Globe saw the danger of good government, and warned the people that good government was not desirable. The people will take note of last night's vote, and they must soon realize that good government is an issue to be fought for against corporation-inspired newspapers, machine-led politicians and the general enemies of civic progress.

This pretext was seized that the appointment of Mr. Ellis is only to be delayed until the hydro-electric commission appoints a man. Mayor Geary has been faithful in this matter, and we are inclined to account it to him for righteousness. Controllers Church and Ward were loyal also to the people. Their duty on the board of control is clear to stand by their recommendation. The people will stand by them on this issue. We trust Mr. Ellis, who is not unacquainted with municipal methods, will not take the vote of the council too seriously.

DOMINION BREWERY SUIT

George A. Case Gets a Verdict From the Canadian Supreme Court.

OTTAWA, April 3.—By the judgment of the supreme court given to-day the protracted litigation in connection with the Dominion Brewery, Toronto, has been finally ended. The litigation originated thru an effort made by Mr. F. V. Cisdell, Mr. A. M. Orpen and Mr. Charles Millar of Toronto to obtain a declaration from the court that they were entitled to an interest in the brewery property, which had been bought on behalf of Sir William Mackenzie from the English receiver. The action was tried before Mr. Justice Riddell, who found Messrs. Cisdell, Orpen and Millar successful in establishing their claim to an interest in the property, but he held that they would have succeeded in becoming purchasers of the property but for the fact that Mr. George A. Case, the real estate broker thru whom the property had been sold, had interested himself adversely to them in putting thru the sale to Sir William's nominee; and he directed a reference to ascertain the damages that they had suffered thru their failure to secure the property. Mr. Case's appeal from this judgment to a divisional court was successful, and he was relieved from responsibility, and the action as against him was dismissed. Messrs. Cisdell, Orpen and Millar successfully appealed to the court of appeal in Ontario, and to the supreme court of Canada, but failing in both courts, both appeals having been dismissed with costs.

LORD ROBERTS' WARNING

Present Inadequate Military Arrangements Place Empire in Peril.

LONDON, April 3.—In the house of lords Lord Roberts moved that, in view of the altered strategic conditions in Europe, this house views with grave concern the inadequate military arrangements in defence of the country and the overseas dominions.

"If we trust untrained troops in time of war," said Lord Roberts, "disasters will be inflicted which will probably be irreparable and might cause the loss of the empire and its downfall as a people. It would be impossible to keep an absurdly small expeditionary force on six months' service. Secretary Haldane's trouble in any of the overseas dominions it would require a million men over and above the regular army."

Secretary Haldane defended his system. He said that as England was the centre of an empire, the parts of which were separated by great stretches of sea, command of the sea was the first requisite.

Continued on Page 7, Column 3.

Aldermen Accuse Commission of Rushing Matters Thru Board of Control, and Fear City Would Have Little Say in Fixing Rates—Tubes Report Goes Thru.

Set for 8 hours and 30 minutes. By a vote of 7 to 15 passed report recommending the expenditure of \$5000 for preparing plans and specifications for the construction of tubes from the Union Station to St. Clair-avenue on which will admit radial cars.

By a vote of 9 to 15 in committee and 9 to 13 in council, the board and 9 to 13 in council, the board of control their nomination of P. W. Ellis as the city's representative on the commission which is to have charge of the city's electrical department.

Referred back the part of the property committee recommending the sale of Brockton Hall, instead of disposing of the site and dismantling it.

Referred to the board of control a recommendation to purchase an American-made automobile for the property department, with instructions that a Canadian machine be used instead.

Authorized the purchase of three runabout autos for the electrical department, the cost of which is not to exceed \$1000 each.

Passed the resolution forwarded by the board of education to investigate the charges against Chairman Leves and Director W. H. Smith regarding the coal contracts of the board, without discussion.

Discussion of the appointment of P. W. Ellis to the city's electric commission occupied almost two hours of the council's time yesterday and the question was finally referred back, not because of a single member of the council objecting to the placing of Mr. Ellis on the board, but because some thought he should be placed there by the hydro-electric commission, and others that the nomination should not be made until after the Ontario commission had named their man.

The tube scheme was not reached until considerably after 10 o'clock. The report almost slipped thru without comment at first, but provoked a discussion that promised to run well into the morning which notified.

Controller Hocken put up a vigorous argument in favor of the city scheme being furnished with \$500 for making plans and specifications for the securing of tenders to construct a tube up Yonge-street from the Union Station to St. Clair-ave, and that the contract be awarded, on the people voting favorably, to the tenderer most satisfactory to the council.

The cost of the construction was estimated by Forgie and Davies at about \$450,000, but he believed it could be done for less.

Could Get Good Tenders.

Controller Spence undertook to show where Controller Hocken's sizing up of the report of the experts was in error, but Ald. McCarthy came back with a letter from them to the effect that they were of the opinion that satisfactory tenders could be secured in the method proposed and also gave their interpretation of the clause of their report under discussion, confirming the argument of Controller Hocken, that the construction work of the tunnel for the distance proposed would be about \$450,000.

Controller Spence expressed the view that the only logical way of utilizing the proposed civic lines was to secure running rights over the T. S. R., or to have that company operate its cars over them. Ald. He did not like to admit it, the most reasonable proposition of the two was the latter arrangement.

The vote was taken and showed 15 in favor of the adoption of the report and 7 opposed.

Those in favor of the scheme were: Controller Church, Controller Hocken, Ald. Graham, Ald. Rowland, Ald. Weston, Ald. McCarthy, Ald. Morrison, Ald. Yeomans, Ald. Sweeney, Ald. May, Ald. Heyd, Ald. Baird, Ald. O'Neill, Ald. Maguire, Ald. Hymon.

The scheme was opposed by: The mayor, Controller Spence, Controller Ward, Ald. McBride, Ald. Phelan, Ald. Dunn, and Ald. Chisholm.

After discussing the nomination of P. W. Ellis by the board of control as the city's representative on the commission to direct the electrical department, the nomination was referred back pending the appointment of the representative of the Ontario Hydro-Electric Commission.

Ald. Graham moved a reference back until the hydro-electric commission had named their man.

Your Easter Hat.

We all should look to the hat we wear. The Dineen Company is showing some excellent designs by all the English and American makers. The Dineen Company is sole Canadian agent for Henry Heath of London, and Dineen of New York.

HAMILTON HAPPENINGS

STRIKE MAY BE AVERTED

The Custom Tailors Determined Not to Work With Non-Union Men.

HAMILTON, April 3.—Special—At the Custom Tailors' Union meeting tonight in Labor Hall, the union's decision of last week not to work with non-union men was reaffirmed.

Five drunks, the only prisoners occupying cells in the police station tonight, will appear before the magistrate Tuesday morning.

Another confirmation service, which was to be held by the late Bishop DuMoulin, took place to-night at the Church of St. John the Evangelist.

Owing to a breakdown in the pumping plant, several hundred mountain residents are to-day again deprived of their water supply.

A class of sixty-five candidates were confirmed by Bishop Sweeney, of Toronto, at the Church of the Ascension to-night.

End of Frosty Weather Means Activity for City Works Dept.

Assistant City Engineer George C. Powell is making preparations for a busy summer.

The Wilton-avenue bridge is another matter that will be attended to as soon as the weather allows no further signs of frost of sufficient severity to damage concrete work.

The steel work on the Queen-street bridge will be commenced in a few days.

Low Rates for Easter. Via Grand Trunk Railway System.

YARMOUTH, N.S., April 3.—Fire destroyed the steamer, Hugh D. of the Hugh Cann & Sons' fleet.

William White, worn vice-president of the Canadian Pacific Railway, passed thru the Union Station last night on board his private car.

Advances of Science. A week or two ago surgeons announced that it had been discovered that quinine was a very satisfactory anaesthetic in surgical cases.

FREE PACKAGE COUPON. PYRAMID DRUG COMPANY, 268 Front Street East, Toronto.

Springtime Has Come—Boys Want New Clothes

This offering for Wednesday is one of the best opportunities you will get this season to dress your little boy in a suit that is both smart looking and serviceable at such little money.

These suits are made from all-wool imported English material in steel grey and brown, with neat fancy stripes about half an inch apart. The material is a finely woven and nice appearing, smooth finished cloth that will stand the hard wear demanded of boys' clothes.

The coats are made in the double-breasted model, of a nice length, with belts at the waist and side vents. To add to their attractiveness fancy flaps have been put on the pockets and fancy cuffs on the sleeves, both trimmed with buttons. Neat knee length pants, some suits have bloomers; sizes 24 to 28. Price 2.98

We also show Boys' Three-piece Suits in double-breasted style—well built shoulders, shapely lapels and centre vents—made from fine imported English fabrics, with smooth finished surface, serviceable Italian linings, knee pants lined; sizes 28 to 33. Price 5.00

Boys' Spring Reefers

Boys' Natty Spring Reefers, double-breasted style, with anchor or brass buttons and emblem on sleeve, made from an imported navy blue, soft cheviot serge with durable Italian cloth lining; sizes 21 to 28. Price 2.19

Every Boy Likes the Bull Dog Cap

There is no cap more popular with the small boy than the Bull Dog Golf Cap. We show it in a wide assortment in tweeds and worsted materials. Price .50

New American Derby, \$2.50

One of the new Hats for Spring that will be popular with the young men is the new American Derby—the hat with the broad, flat, thin brim and low crown. We show it in a fine quality of felt, with silk trimmings and good leather sweat band. Price 2.50

Turban For a Little Boy, 45c

A very cute hat for little boys is the felt turban—a round hat with fairly high turned-up brim. The brim may be worn down in front or up all around. We show it in navy blue and scarlet—well made and carefully sewn and lined. Price 45c

Call, phone or write and ask for the booklet giving information about Chalmers Automobiles

A \$7.99 Offering of Men's Suits That Should Arouse Enthusiasm

Once more we have marked down a lot of Men's Clothes and expect them to go in a hurry.

They're made of solid, hard wearing English materials in seasonal patterns, fancy woven stripes and shepherd's checks—brown, grey and green mixtures—well-formed shoulders, collars and lapels on neat, single-breasted models—well lined and trimmed and some of them are reduced one-third in price. Price 7.99

Wash Ties, 9c

Men's Washing Four-in-hand Ties—finished in the French seam style in medium widths—a splendid range of fast washing colors at a special price. 3 for 25c, or each 9c

IMPERIAL ASPECT OF BAHAMA FEDERATION

As a Part of Canada Would Further Great Partnership of Sister Nations in Empire.

MONTREAL, April 3.—Speaking before the Canadian Club this afternoon of the Bahamas and their desire to become a Canadian province, T. B. Macaulay, one of the Canadian promoters of the proposed confederation, declared that the imperial aspect of the question was the most important of all.

"In making the Bahamas a part of Canada," said Mr. Macaulay, "we would be taking a long step forward in working out the destiny of Canada and the empire. I see a vision of the future in which the British Empire is a great federation of partnership of five great nations, Great Britain, Canada, Australia, South Africa and India, all of them independent in regard to their own affairs and yet all united in bonds of common loyalty and common interests. The union of detached and helpless colonies into the one or the other of these five great parts would be a move towards the consolidation of the empire. Everything that adds to the strength of one part adds to the strength of all the others.

"The acquisition of the Bahamas would help us to think imperially. The need of a substantial fleet to protect the trade routes of the world. The Canadian navy would be a powerful argument in favor of their acquisition."

BUGS TO FIGHT BUGS.

It is quite possible that anyone who happens to be stranded in the canyons of the high Sierras of California, any time between Christmas and Easter, might stumble upon two or three young men whose actions in those almost inaccessible solitudes would look very mysterious. He would see them gather up great mass of dead leaves and rubbish in places where the sun had melted, sift the finer material into burlap sacks, throw the leaves and sticks away, and then hasten on to a new location. If he were curious enough to follow the "mysterious" strangers, he would find that as soon as the bags were filled they were loaded upon the back of a patient mule, taken to the nearest railroad station and shipped to Sacramento.

Inquiry would probably elicit the statement that the young men were from the "Sierra House," but the inference that they were escaped lunatics, if natural under the circumstances, would be altogether unwarranted. The "bug-house" is the name commonly applied to the California state insecto-department, and the method of the men described are those employed by the field agents of the insectary on expeditions for the collection of fly-dirt beetles. These beetles, which are kept in cold storage until the melon aphids makes its appearance in the Imperial Valley, or until the peach and apple aphids are reported in the orchards. Then they are shipped to the field agents, in what very quantities may be required to meet the emergency; and the doom of the aphid is considered sealed.—*Technical World Magazine.*

JACK TAIT MAY BE ON WEST END'S LINE UP.

West End "X" and Central clash Tuesday night on Central court in the last of the home-and-home games in the semi-final of the Canadian basketball championship.

Tuesday's game should be a real demonstration of the great indoor game, the playing court at Central being large enough for the men to break away from checks to take a hand in real team play. Undoubtedly this will be the game of the season. The teams will line up as follows:

West End—Forwards, Robertson and Dickie, centre, Marshall, guards, Montgomery, Vogal, Hann, Tall.

Central—Forwards, Siewer, and Lester; centre, Tompkins; guards, Hunter, Swanson, Neale.

All Saints and West End interchanges play a preliminary game at 8 o'clock, line-up:

All Saints—Hughes and Fullerton, forwards; Dunn, centre; Stanley and Richards, guards.

West End—Purter and Bailey, forwards; McMurtry, centre; Moffat, and Irwin, guards.

Geo. A. Smith of London will referee.

JURY GAVE AWARD OF \$300

But Judge Morgan Reserved Judgment in Street Railway Suit.

Judgment was reserved by Judge Morgan in the case of Philip Copeland, the little lad who was run over by a street car on Gerrard-street bridge last December, and whose father is suing the street railway for \$500 damages for his son's death.

The jury's sealed verdict of last Friday's making was opened in court yesterday, showing an award of \$300 to the plaintiff. Judge Morgan sent the jury out to answer two questions: "How fast was the car going?" and "Do you consider the rate of speed excessive in view of all the circumstances?" The answers were that the car was going nine miles per hour, which the jury considered excessive. In sending the jury out with the questions, Judge Morgan declared it was to prevent further trial in case of appeal, but after the jury answered the questions, Judge Morgan reserved judgment further.

Baseball Gossip

Bill Dineen, American League umpire, will coach Cornell's Varsity pitchers. Fred Clarke, Pittsburg manager, holds the oldfield assist record, making four in one game last season.

Ed. Collins, St. Louis last season, will be utility outfielder of the Nap team. Cy Young is working like a beaver at Hot Springs. The vet, stung by criticism, is bound to show the fans he is as good as ever.

Alex. New York Yankee, says after he pitches the team into the pennant he'll turn pug, take on a few marks and then cop Johnson. Uh huh! Just like that. Able waxes 200 pounds, with a gee feeling on.

Jack Pfeister, Cub outfielder, has been ordered to give up the game. His heart has a doctor's strong effort to secure his hero's turn.

Ed. Collins, Athletic star, balked on leaving Public with a party of 12. The band played the "Wearin' of the Green" when the Red Sox walked onto the Los Angeles diamond, and Duffy Lewis doffed his cap.

Portland (Pacific Coast League) shut out his opponents for 8 consecutive innings last season. He is the Yankees of the Phillies and Athletics will meet in a short series this spring. The Phillies lead the league and the Athletics have accepted. Dates will be arranged later.

President Lichtenhelm of Montreal has been making a strenuous effort to secure Pitcher Ralph Works from Detroit, but the club will not sell the player.

Holy developers, has not turned up at Newport News, the Royals' training camp. He is at present working at the Jacksonville race track. Last season Holy behaved in the same way when the Rochester never fall to put the home town team in first place.

DANGERS ON FRONTIERS

Chinese Proclamation Declares Necessity for Great Army.

PEKING, April 3.—An imperial edict issued to-day in the name of the infant emperor assumes for him supreme command of the army and appoints the Prince Regent generalissimo until the emperor attains his majority.

The proclamation is the most important of a series of edicts, by which the throne has gradually raised the military standard, until the emperor, who was once the most despised profession, is now considered of the highest type.

It reviews the his length the sagas with history of the ancestors of the present dynasty, and intimates that dangers are lurking about the frontiers. It declares the necessity for a great army, and demands that the families discontinue selfishly seeking their own independence, and unite, as every family will suffer if conquered. It announces a new military programme.

If fulfilled, the proclamation will prove historical.

LOOK OUT FOR THE BEACH CANOE CLUB THIS YEAR.

A general meeting of the Beach Canoe Club was held in the clubhouse at Balmy Beach last night. Mr. J. Dolan was re-elected treasurer. The other officers of the club were filled at the annual meeting in November.

There was a very large and enthusiastic attendance. The members of the club are increasing rapidly and look to do well this year.

The club presented a very creditable record at the annual meeting in November. Training will commence about the second week in May and the club will have two war canoe crews and a few surprises in the individual, double and four events. Commodore E. C. Berkshaw and Mr. James J. Dolan will represent the club at the annual meeting of the C.C.A. in Ottawa on May 6.

RECEPTION TO JOE WEST.

The Toronto Rowing Club is holding a reception to-night in honor of Joe West of London, winner of the individual event at the Buffalo tourney. All the boating club managers of Toronto have been invited.

THE STRANGE AYE-AYE.

A specimen of the aye-aye is among the recent arrivals at the Zoological Gardens. The only member of the genus, the aye-aye is one of the most remarkable most of that group, peculiar to Madagascar. In size it resembles a domestic cat, but it is much smaller, and has the front surfaces enameled. It is an extraordinary-looking beast, with its broad face and large, naked ears. Altogether its body is covered with a woolly undercoat, the outer fur is long and loose. The prevailing color of its hair is blackish brown. Its tail is bushy and of considerable length. Living singly or in pairs, the aye-aye passes the day steered in a nest of its own construction.—*Pall Mall Gazette.*

MARKED FOR LIFE.

"I remember I am in Washington," said Wilton LaHave, "I always even an afternoon at the Capitol. They put on the hat here comedy there ever again. The last time a friend accompanied me to point out the 'celebs.' A newly elected senator was roundly rebuffed, and waving his arms in an impassioned appeal to the senate.

"I was in the center with him?" I whispered to my friend.

"Oh, the birthmark," was the answer.

"A what?"

"A birthmark," he repeated my friend. "His mother was seized by a windmill."—*Young's Magazine.*

Nature's Cure for a Cough

Dr. Chase's Syrup of Linseed and Turpentine is the Most Largely Imitated Medicine in the Country.

What to give the children for cough and cold is the problem mothers now have to solve. Most of them finally decide on Dr. Chase's Syrup of Linseed and Turpentine, and make it a rule to always have some in the house.

In this medicine are linseed, turpentine and other well-known ingredients of unmistakable value in the cure of colds. It is pleasant to take, so much so that children delight to use it.

So generally is this great medicine used that several imitations have been put on the market. All alike in name only. They are not made from the same formula, nor do they bear the name of Dr. Chase.

You know what you can expect from the use of Dr. Chase's Syrup of Linseed and Turpentine, but you cannot put much faith in an imitation which sells on the reputation of the article it imitates.

On every bottle of the genuine will be found the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author. This is for your protection and for the protection of your children. Be sure to get the genuine, even if it costs a few cents more. 25 cents a bottle, family size 60 cents; all dealers, or Edmanston, Bates & Co., Toronto.

WALLOW YOUTH BROKE JAIL

Gordon Bowbeer from the Rural Parts Again in Police Net.

Gordon Bowbeer, a youth who came in from the rural parts of the province, was arrested last night when he was found in the basement in the big square of the Court-street station from the docks on Saturday and lodged him in the cells until he was moved or fell over. There was a full house in the station as if he would stay where he was put until he was moved or fell over.

Therefore, while the drunks were being noisily about him, he grabbed a piece of iron, and with only this crude tool, forced the heavy iron door of the cell open. From there he found his way to a coal chute and crawled out to liberty. Yesterday he was re-arrested by Detective Taylor and taken back to the station, from which he had escaped upon a charge of escaping from custody. He was put in a cell this time.

FEAR JAP INVASION.

VICTORIA, April 3.—Fear of invasion by the Japanese are maintained by the newspapers of the Antipodes, according to advices received here by the steamship Makura. W. J. Watrains, King of the Islands, is a great admirer of the Japanese, and has been declared a traitor to prevent them being secured by Japan. The King is asking that the Japanese are preparing a base station in the Loyalty Islands, and that the Japanese be used for an attack on Australia.

Hotel League.

Burdock Blood Bitters

CURES ALL Skin Diseases.

All diseases of the skin are, more or less, directly occasioned by a bad state of the blood, and it is absolutely impossible to eradicate them from the system unless you put your blood into good shape.

The following skin diseases are curable by Burdock Blood Bitters through its wonderful cleansing, purifying power on the blood, and its renovating action on the system, viz., Salt Rheum, Tetter, Shingles, Scurf, Erysipelas, Itching and Burning Rash, Ulcers, Sores, etc.

Miss Stella Eichel, Mistland Forks, N.S., writes: "I have been bothered with salt rheum, on my hands, for three years, and it itched so I did not know what to do. I tried everything but nothing seemed to be any good. I got a pair of Burdock Blood Bitters and bought two bottles of it, and now I am perfectly cured and have no salt rheum on my hands any more."

"I cannot speak too highly of Burdock Blood Bitters."

Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Profit-Taking Holds Back Mining Market—Cobalts Firm

Cobalt Stocks Show Firm Tone But Porcupines Are Depressed

Profit-taking Movement Continues Main Factor in Ruling Market Sentiment—Chambers-Perland Continues its Advance.

World Office Monday Evening, April 3. The recent advance in the Porcupine gold issues has put prices up to a point where original holders are able to realize good profits on their investments, and owners of securities are evidently inclined to take these. This was about all that could be added to the action of the market to-day, and the comparatively easy way in which values reacted here witness to the fact that profit-taking was more of a factor in determining the trend than might otherwise appear.

Losses were almost general through the Porcupine list, and these ranged from small fractions in the inactive issues to as much as 45 points in Hollinger. The big decline in this latter is a perfectly natural one, considering the rapid advance, and will do much to keep the stock market in a healthy condition, while the lesser reactions in the other issues will tend in the same direction.

PEARL LAKE'S BIG STAFF

Lots of Free Gold in Sight Alongside of the Hollinger. Burr E. Cartwright arrived at the King Edward Monday morning from Porcupine where he had been visiting his big gold property known as Pearl Lake. Mr. Cartwright is known as Pearl Lake, Mr. Cartwright is known as Pearl Lake, Mr. Cartwright is known as Pearl Lake.

As to the camp at Porcupine, Mr. Cartwright is more than satisfied. First of all he is more than satisfied with the Pearl Lake mine, inasmuch as it has now over 50 men at work. Shafts are being sunk and the ore is easily visible all along the veins. One vein is supposed to be the Hollinger, and all the indications on the property point to that view. Whatever has been seen on the Hollinger has been seen on the Pearl Lake, and Hollinger to-day is better than ever.

NOVA SCOTIA MINE SHOWS A BIG DEFICIT

Report for Year Indicates Debt Balance of \$235,064—A Ray of Hope. The annual meeting of the Nova Scotia Silver Cobalt Mining Company will be held on Monday, April 10. The report and loss statement as at Oct. 31 shows total expenditure of \$137,223, against receipts of \$113,759, making a deficit of \$23,464 for the year. This leaves a total deficit of \$235,064.

GILLIES LAKE MINES BOY VALUABLE CLAIMS

New Porcupine Incorporation Takes Over Rochester Properties Adjoining Hollinger Group. It was announced yesterday that the Rochester group of Porcupine claims, consisting of 185 acres, had been purchased by P. Chester Thompson, better known in the United States as Porcupine Thompson. Interested with Mr. Thompson are Alex. Gillies and Jack Miller, two of the original stakers in the Ontario gold camp, and it is a compliment to the section of the camp that they have reinvested their money in this property. The Rochester group will be known hereafter as the Gillies Lake Mines, Limited, and the incorporation will be applied for.

OPHIR MAKES A STRIKE

Got 2500 Ounce Ore at the 100 Foot Level. The management of the Ophir Cobalt Mines has announced that they have struck 2500 ounce ore in the 100 foot level. The vein shows also on the 75 foot, 200 foot and 300 foot levels in varying assays, and there is every prospect that the development work will prove that ore body exists between these levels.

FOLEY-O'BRIEN MINES, LTD. START WITH CLEAR TITLE

Demand for New Flotation from North Country May Cut Down Toronto Underwriters' Shares. The title to the Foley-O'Brien Porcupine properties was passed yesterday into the new company, the Foley-O'Brien Mines, Limited. All the conditions on the title have been removed, and the properties passed clear and unblemished to the new owners.

NOVA SCOTIA MINE SHOWS A BIG DEFICIT

Report for Year Indicates Debt Balance of \$235,064—A Ray of Hope.

The annual meeting of the Nova Scotia Silver Cobalt Mining Company will be held on Monday, April 10. The report and loss statement as at Oct. 31 shows total expenditure of \$137,223, against receipts of \$113,759, making a deficit of \$23,464 for the year. This leaves a total deficit of \$235,064.

The balance sheet as at Oct. 31, 1910, shows bank loan guaranteed by directors, of \$155,327; sundry creditors, \$13,680, and bills payable, \$10,000; a floating liability of \$18,977. Bullion in transit represents \$117,737, and sundry debtors, \$38,141, and \$250,000 received from the issue of 500,000 shares of new stock at 50 cents a share. The company spent \$124,700 on capital account during the year.

GILLIES LAKE MINES BOY VALUABLE CLAIMS

New Porcupine Incorporation Takes Over Rochester Properties Adjoining Hollinger Group. It was announced yesterday that the Rochester group of Porcupine claims, consisting of 185 acres, had been purchased by P. Chester Thompson, better known in the United States as Porcupine Thompson. Interested with Mr. Thompson are Alex. Gillies and Jack Miller, two of the original stakers in the Ontario gold camp, and it is a compliment to the section of the camp that they have reinvested their money in this property.

OPHIR MAKES A STRIKE

Got 2500 Ounce Ore at the 100 Foot Level. The management of the Ophir Cobalt Mines has announced that they have struck 2500 ounce ore in the 100 foot level. The vein shows also on the 75 foot, 200 foot and 300 foot levels in varying assays, and there is every prospect that the development work will prove that ore body exists between these levels.

FOLEY-O'BRIEN MINES, LTD. START WITH CLEAR TITLE

Demand for New Flotation from North Country May Cut Down Toronto Underwriters' Shares. The title to the Foley-O'Brien Porcupine properties was passed yesterday into the new company, the Foley-O'Brien Mines, Limited. All the conditions on the title have been removed, and the properties passed clear and unblemished to the new owners.

PEARL LAKE'S BIG STAFF

Lots of Free Gold in Sight Alongside of the Hollinger. Burr E. Cartwright arrived at the King Edward Monday morning from Porcupine where he had been visiting his big gold property known as Pearl Lake. Mr. Cartwright is known as Pearl Lake, Mr. Cartwright is known as Pearl Lake, Mr. Cartwright is known as Pearl Lake.

NOVA SCOTIA MINE SHOWS A BIG DEFICIT

Report for Year Indicates Debt Balance of \$235,064—A Ray of Hope.

The annual meeting of the Nova Scotia Silver Cobalt Mining Company will be held on Monday, April 10. The report and loss statement as at Oct. 31 shows total expenditure of \$137,223, against receipts of \$113,759, making a deficit of \$23,464 for the year. This leaves a total deficit of \$235,064.

The balance sheet as at Oct. 31, 1910, shows bank loan guaranteed by directors, of \$155,327; sundry creditors, \$13,680, and bills payable, \$10,000; a floating liability of \$18,977. Bullion in transit represents \$117,737, and sundry debtors, \$38,141, and \$250,000 received from the issue of 500,000 shares of new stock at 50 cents a share. The company spent \$124,700 on capital account during the year.

PEARL LAKE Gold Mines Ltd.

Extract From Toronto World, April 1, 1911. A CONSERVATIVE ESTIMATE. To be conservative, Supt. Wolfram and Manager Morgan E. Cartwright figure that with the two veins blocked up for a distance of 700 feet, each down to the 100-foot depth, and only take an average assay of \$20 for the entire run, which is away below what any of the test assays showed on the surface, the results in round dollars would be \$2,333,320, almost the entire amount of the company's capitalization from the surface veins, each prospected for a distance of 700 feet.

What the yield may be from the other 63 veins, or what another 100 feet of depth would give to the two veins now being measured up, they do not even profess to reckon on. No one should lose sight of the Pearl Lake section this spring and summer, and when a half-hundred drills begin boring, with the rocky crests being torn loose from this highly rich section where free gold abounds in nearly every quartz crevice, the price of stock will go up. That is inevitable.

Women's Spring Apparel

Here are a few examples of the magnificent showing of Women's Apparel for Easter at Simpson's. Everything is distinctive and up-to-date.

This will be the ultimate destination of the woman who has decided that nothing but the correct spring style for 1911 will do. The suit, coat, skirt, blouse or petticoat chosen from our 3rd Floor will be the most exclusive and reasonable one obtainable.

The Millinery Department on the 2nd Floor can supply you with the hat that every other woman does not wear.

Dresses and Suits

To be able to buy a new Spring Dress or Suit for about half-price is certainly startling so early in the season, but the manufacturer wanted to clear them in one lot, and could only do so by sacrificing profit. You get the benefit on Wednesday.

Women's \$10 Dresses for \$5.95

55 only charming Easter One-piece Dresses, of fine imported voiles, with stripe effects, in shades of mauve, tan, blue and champagne; the new waist, with kimono sleeves; collar and yoke of white voile, with hand embroidered design and thread lace insertion; the new narrow gored skirts, falling into graceful folds to bottom; a most desirable dress for all occasions. Regular \$10. Wednesday 5.95

Women's \$21 Spring Suits for \$8.95

75 only Stylish Spring Suits, for women and misses; materials are fine French serges, diagonals, French Venetians and imported Panamas, also of striped materials; coats are 26 to 30 in. long; lined with silk or satin; some have mansquare rolling and pointed revers, inlaid with plain and pleated effects; trimmed to match coats; serge, cadet, wine and stripes. Women's sizes Regular values \$15, \$17.50 and \$21. Wednesday 8.95

Women's \$8.00 Skirts for \$3.49

A very special lot of Women's Separate Skirts, made in a number of smart styles; some plain, with fold of self; others are pleated around bottom, trimmed with buttons, materials are Panamas in black, navy, green and cardinal; serges in black, navy, brown and grey, also of French Venetians in navy, green, brown and cardinal. Regular selling prices 3.49 range from \$5.50 to \$8. Wednesday

Imported Blouses at \$5.00

For our usual weekly sale of Blouses at the above price we have this week some specially tempting garments: Table 1 will show nothing but beaded and embroidered Blouse Slips, in black with white, white with colored beads, and a lovely showing of new colors, such as coral, almond green, pumpkin and café au lait; materials are rayon, voile and chiffon; some of these are worth three times the marked price \$5.00 Wednesday of

Table 2, a mixed table of lovely imported Lingerie, hand-made blouses, also a collection of single garments, in imported chiffon, silk nixon and many other fine materials, made up in the most exquisite styles of this present season. Choice of blouses selling reg. at \$10, \$12.50, \$15 and \$17.50, for \$5.00

Most Exclusive Ribbons

"We have never seen such beautiful ribbons." This is a mild way of expressing our idea of the new ribbon. Only a limited quantity of home patterns was purchased, high-class Dresden, Brocade, Black and White Effects, fancy Novelty Ribbons in widths from 1-inch up to 3 inches. Prices ranging from 12c yard up to 80c yard.

Black Mercerized Saten, knife pleated flounce, with rows of pin tucking and stitching .79

Black Mercerized Saten, flounce is knife pleated, and trimmed with a sectional frill, finished with rows of pin tucking and self strapping, also dust ruffle 1.00

Fine English Saten, lustrous finish, accordion pleated flounce, trimmed with two gathered frills, and finished with rows of cording and stitching, also dust frill; sizes 36, 38, 40 and 42 inches 1.50

New Satin Knickers \$2.50

Women's extra quality imported Satin Knickers, for travelling or wear, with the narrow top skirts; they come in ivory or black, and are finished at waist and knee with elastic. In the Petticoat Department. 2.50 Wednesday

A Trimmed Tagel Hat for \$6.50

Every milliner knows why the Tagel Hat is so popular this year. It is light in weight, has clear cut lines, and is serviceable; over one hundred of these have just come to us as odd hats, and for to-morrow we have trimmed up most of them with beautiful Paris flowers and rich ribbons; all the best colors, including black, will be well represented. Every shape is new and good, and any one of these hats would sell regularly from \$9.00 to \$10.00. Wednesday 6.50

Women's Vests, finest silk pleated, hand crocheted yokes, silk tapes on back, sizes 32 to 40 bust, 40c each

The First Sailing Boat in the Harbor

Last week the daily papers announced that the first sailing boat had been out in the harbor. This was just a little reminder that warm weather is at hand, even though Winter shouts back to us to button up our overcoats sometimes.

The point is this: Are you going to buy your summer shirts for \$1.00 and \$1.50 later on, or get precisely the same kind of shirt (just as good quality) at this Shirt Sale on Wednesday for 50c? You will have to have new negliges this year.

They are all new spring goods; some may be slightly soiled through handling; but most of them are perfect in every way; all styles and sizes in the lot. Get here early for best selection.

2,000 Men's Negliges, broken and odd lines from our regular stock, all the best quality materials, full sizes, neat designs; sizes 14 to 17 1/2. Regular 75c, \$1.00, \$1.25 and \$1.50. To clear Wednesday, each .50 (See Windows for Display.)
