Canada Will Stick to Empire Message of Bryce

At Brilliant Canadian Society Banquet in New York International Good Feeling Was Pronounced—Premier Says Reciprocity Was Inconsistent With National Ideals.

BRYCE EXPLAINS ATTITUDE ON PACT

NEW YORK, Dec. 8.—(Can. Press).—Hon. Robert L. Borden, premier of Canada, and Hon. James Bryce, the British ambassador to the United States, were the leading speakers at the fifteenth annual banquet of the Canadian Society of New York at Delmonico's, to-night.

HON. JAMES BRYCE

Who, in addressing the Canadian Society at New York last night, made a strong plea for international good-will. He also defended his part in the reciprocity negotiations.

NORTH TORONTO.

The medical health officer, on whom rests the problem of doing away with slums, is in favor of the annexation of North Toronto. A number of other officials are against it, the assistant commissioner, the treasurer, and the chief of police. It brings more work on the latter and the problems of a growing city entail severe strains on city chiefs, but Toronto ought to glory in the fact that she is growing, and, as she expands, these problems increase and the number of officials have to increase, and so the work becomes harder.

How would the City of Toronto like it if their officials had no growing pains? The people of this city ought to rejoice in the fact that Toronto has growing pains, but, judging from the commissioners, we would have a bigger, finer and better city if the question of growth had not to be handled.

The World favors the North Toronto annexation for the main reason that it puts out of business the last independent municipality that can grant franchises, and in that way disturb the future expansion of the city in this matter.

The city now is dealing with franchises that have been passed upon in West Toronto, and there are one or two in the east that have to be dealt with, and there is one on the lake shore, but the city is dealing with these. If North Toronto were annexed, the city could then deal with the franchises within its limits, and the railway problem could be made contributory to the tubes. Every day shows that the problems in upper Yonge-street only become more involved as North Toronto remains out.

The very arguments that are used against the annexation of North Toronto by the officials could have been used against the annexation of Parkdale, Yorkville, of Deer Park, of Rosedale and of the whole country over the Don. They have all been good investments and have helped, the city to grow, but if the growth of Toronto is now to be stopped because the officials are to have their labors increased, then it is good-by to Greater Toronto.

In the meantime Montreal is growing by leaps and bounds, while we draw the line and say Toronto is not to expand, and that is to be our measure. The World believes that North Toronto ought to be annexed immediately, and then the problems of Greater Toronto can be settled in a systematic way.

Conserving Resources. "I have the opportunity," he said, "merely to hint at problems that are common to the English-speaking democracies. There are others which may be regarded as in some sense peculiar to the United States and Canada. I do not pretend to deal with these, but merely to suggest them. Both countries are endowed with enormous and abundant resources. The tendency is naturally toward wastefulness and prodigality. On the other hand the vast accumulation of wealth in the hands of a few men confronts us with the possibility that great national resources may pass into the hands of an oligarchy of wealth and may be used for the oppression rather than for the benefit of the people. We, in Canada, are not insensible to this danger and in this as in other respects we hope to profit by your experience. Our natural resources have not been very appreciably diminished by waste but we are approaching the danger line and already we have taken precautions."

No Unfriendly Spirit. Referring to the defeat of reciprocity as in no sense a manifestation in Canada of an unfriendly spirit towards the United States, he pointed out that from 1873 to 1887 Canada had kept open

PREMIER WARD IS SUSTAINED

First Day's Polling in New Zealand Indicates Probable Majority of Ten.

LONDON, Dec. 8.—(C.A.P.).—A cablegram to the high commissioner of New Zealand at London states that the first day's polling gives the opposition 25 seats, government 21, independent 1. Sir Joseph Ward in a three-cornered contest received a majority of 612 with some small returns still to come. In thirty constituencies second ballots will have to be taken on Thursday, 23 of which from all indications will be favorable to the government and eight to the opposition.

Sir Joseph Ward has been prime minister since the death of Sir Richard Seddon in 1906. Appearances point to the government being sustained with a majority of about 10.

The system of balloting in New Zealand requires that where there are more than two candidates in a constituency, the winner must have a plurality, hence if the first day's ballot is indecisive candidates other than the first and second in the vote drop out and a second ballot is taken.

Lake Shore Plans Not Yet Filed

C.P.R.'s New Line Will Be Double-track One, Tapping Cobourg and Whitby.

MONTREAL, Dec. 8.—(Special).—J. W. Leonard, general manager of the C. P. R. eastern lines, states that no plans have been filed with the railway commissioners or any other persons regarding the C. P. R. proposed lake shore line, and that the plans will not be ready for at least three or four weeks. No maps of the route have been issued by the C. P. R. for the reason that the exact route is not yet decided on, and any maps published in the papers purporting to show the location of the new line are not genuine. If it is conceded, however, by officials here that the new line will be a double track one, running direct from Glen Tay to Belleville, and thence westerly north of the Grand Trunk line and south of the Canadian Northern, touching the towns of Cobourg, Whitby, etc., on the north, and that Leaside Junction is the most likely point at which it will rejoin the C. P. R. main line.

Counsel Darrow Given \$170,000

Up to Oct. 25 Last Nearly \$185,000 Was Spent in Defence of McNamara.

INDIANAPOLIS, Dec. 8.—(Canadian Press).—Hoping to dispel doubt and curb criticism of methods used in obtaining and distributing the McNamara defence fund, a report of all money collected and disbursed up to Oct. 25 was made public here to-night with the consent of Frank A. Morrison, secretary of the American Federation of Labor, who is custodian of the fund.

The total amount received up to that date was \$194,612.53, and the total expenditures were \$184,850.98. No accounting is made of the sums received and spent since that time. Clarence Darrow, chief of counsel for the defence of the McNamara, had been paid the sum of \$170,000. It is stated that Darrow was to pay his assistants from this amount. In this connection local international officials stated that it is understood that Darrow will not continue his office in Chicago.

Local attorneys, who have been looking after the Indianapolis end of the case, have been paid \$11,000.

CALLS WHITNEY "BULLDOZER"

WHITBY, Dec. 8.—(Special).—At a meeting to-night in the interest of Mayor Sinclair of Ottawa, a letter was read from the Liberal candidate in South Ontario, a former president of the local Conservative Association, John Nell of this town, announcing his intention no further to support the administration of Sir J. P. Whitney. In its "policy of stagnation and bulldozing."

WANTED IN GODERICH.

Harry L. Grass, 25 years, a single man, and an engineer, living at 69 McPherson-avenue, was arrested last night by Detective Tipton at the request of the Goderich authorities, where he is wanted on a charge of administering noxious drugs to a woman with intent to procure an abortion.

HAS A WEAK, "RHEUMY" LEFT OPTIC

S'R JAMES: God bless me, I see double. I must call in Doc. Pyne.

TWO TRUE LOYAL ORANGEMEN HASTEN TO MR. FOY'S RESCUE

Capt. Tom Wallace Says Ottawa's Worried About Way Foy's Got French Folks Stirred Up—Col. Sam Hughes at North Toronto Rally.

"A real good Conservative and a real good Anglo-Saxon meeting" was Chairman Hook's description of the meeting at St. Paul's Hall last night in support of Hon. J. J. Foy and W. K. McNaught. The attendance was a little larger than that of the Oliver meeting on the preceding night. Those two good Orangemen, Col. Sam Hughes, and Capt. Tom Wallace, were there, also not in regalia, to support Mr. Foy. Both gave rousing speeches. A letter from Premier Whitney was read, expressing his confidence that the electors of North Toronto would do their duty.

Capt. Tom Wallace, M.P., made somewhat of a hit when he said that some Conservatives at Ottawa were saying: "If it had not been for that damned Foy we would have been all right with the Frenchmen down there." Mr. Foy's attitude on bilingualism was the straightest of any man in Ontario, and it had his heartiest support.

Servants Held in Peonage? Montreal Faces Problem

Dusky He's, Imported at Cost of \$80 Per Head, Rebel at \$5 Per Month, But Mistress Would Make Them Stay—Cases Go to Court.

MONTREAL, Dec. 8.—(Can. Press).—A scheme, which to a great extent has solved the domestic servant problem here, has temporarily at least, received a setback thru a case which will come up in court shortly.

Some time ago certain gentlemen made arrangements for the importation of colored female help from the Island of Guadeloupe, and a large number of servants were imported, the ladies employing them, making a cash payment of \$80 to the importers, and paying to the servants themselves \$5 per month. The particular case to draw attention to the matter, is that of Marie Dide, who arrived some months ago. She has been receiving \$5 per month and has had three mistresses, the change each time being made without her previous knowledge or consent. Wanting to leave her last mistress, she was informed that there was still a sum of \$74 to be paid on the \$80 deposit and that she must pay this before she could leave. She departed, however, and was thereupon arrested for desertion, and will be tried Dec. 14.

Signed Perpetual Contract.

The woman says that she with several others was imported via New York, and that there she signed a contract, which she now believes was a perpetual one, to work for \$5 a month. She thought that the low wage was on account of the fact that \$80 had to be paid by her mistress to the men who arranged the importation. The importation of colored help in this manner is said to have stopped of late owing to representations made by the French consul here. When the case against the woman comes up the defence will plead that it was not desertion, as she gave full notice of her intended departure, and also that the alien labor law has been broken in the signing by the women of contracts to work in Canada on foreign territory. There are now over fifty of these colored women employed in Montreal.

TALK OF BREWERS' FUND ON TAP TO BEAT ROWELL

But Even Liberals of North Oxford Are Dubious—Graham Friendly To Hydro.

WOODSTOCK, Dec. 8.—(Special).—Hon. Geo. P. Graham, ex-minister of railways and canals, was the chief speaker at a fairly large meeting held here to-night in the interests of N. W. Rowell, K.C., the Liberal candidate in North Oxford. He was assisted by E. W. Nesbitt, M.P., who came up from Ottawa to take a hand in the fight. A. G. MacKay, K.C., read a letter from Mr. Rowell, stating that on account of an engagement in Palmerston, he was unable to be present. Mr. Nesbitt dealt with a rumor that the brewers and distillers of this province would pour money into North Oxford to defeat Mr. Rowell, and stated that in the first place he did not believe it. He added that, if it was true, he had too much faith in the electors of the County of Oxford to think that it would make one particle of difference to them.

Hon. Mr. Graham charged that Premier Whitney had not fulfilled his promises in regard to agriculture. He claimed that more money should be spent to establish centres of knowledge along agricultural lines in every county in the province. Mr. Graham denied the statement of Hon. Adam Beck that he (Graham) had opposed hydro-electric. He charged that the ones who opposed this question at first were the ones who were now trying to seek credit for it.

IRONWORKERS' BOOKS SEIZED.

SALT LAKE CITY, Utah, Dec. 8.—(Can. Press).—The books of the Ironworkers' Local Union here, seized by United States deputy marshals and held by them to-day to await instructions from federal officials in Los Angeles, are wanted, it is said, on high authority, to trace to their ultimate disposition large sums of money sent by the secretary of the International Association of Bridge and Structural Iron Workers' Union (J. J. McNamara), in the local union, ostensibly for "organization in the west."

Vocal Qualities Don't Count.

A new method of bird judging has been adopted at the National Bird exhibition now being held in St. Andrew's Hall on Augusta-avenue. The judges are not taking into consideration the singing qualities of the birds, but the plumage, type and general appearance. The judges are Dr. Boulton, A. McKenzie, John McCabe and J. Eyles.

WHITNEY HOPES FOR LABOR'S SUPPORT

The Ontario Government Has Proven Good Friend to Workingman, His Contention in Addressing Meeting in East Hamilton—Candidate Cooper Says "One-Man Party" is Useless.

HAMILTON, Dec. 8.—(Special).—Labor and the interests of labor are the all important political issues before the electors of East Hamilton in the coming contest. It is not with them a question of Studholme or Cooper, personally. Both are popular with the people they seek to represent in the Ontario Legislature. The whole situation hinges on which of them can do more for the cause of labor. Into this constituency Sir James Whitney came to-night and by a whirlwind summary of the government's record sought to throw the sentiment of the electors in favor of Controller Cooper, the candidate of the Conservative party.

Sir James did not in any way attack Allan Studholme as a man, or as a politician. The premier admitted that he could not and did not want to say anything against Mr. Studholme. "But in the interests of good government," said Sir James, "I would urge you to support my colleague, the Hon. Col. Hendrie, and to support Mr. Cooper that you listened to a few minutes ago, whom no sane man will ever excuse you people for refusing to elect as your representative."

Three Thousand Were There. It was a big meeting. The large rink of Britannia Park was crowded with upwards of 3000 people, and the galleries were also filled. John Milne, president of the Hamilton Liberal-Conservative Association, occupied the chair, and among those on the platform with Sir James were T. J. Stewart, M.P.; Col. Hon. J. S. Hendrie, Major Currie, M.P. for North Simcoe; Samuel Barker, Controller Cooper, the candidate and many others.

Sir James got a cordial reception. "I must refer to Mr. Studholme," was the premier's remark, "but I do not want to say anything against him. And, indeed, I hear that Mr. Studholme is saying kind things about the government and myself. A good many people are saying the same thing, in fact nearly everybody in the province, being sensible men and women, are saying kind things about the present government. (Laughter.)"

No Help From Studholme. "I merely want to say that I never received any help from Mr. Studholme in the legislature as regards labor matters. I thought when he was elected by the intelligent and clear thinking mechanics and artisans of East Hamilton that he would be able to give the government valuable assistance with regard to the interests of labor. He didn't do it and at last I stopped expecting him to do it.

"He never came with a labor deputa-tion. I don't know why, but all I know is that he didn't come. Then often times he voted with the government, but just as sure would vote with the other side shortly afterwards to counteract himself as it were. Why he did such gymnastics, I don't know."

"I am told that Mr. Cooper is objected to because he is a successful mechanic," observed the premier. "Well, what sort of a mechanic is he who does not wish to be a successful mechanic? I'm not a mechanic myself, but my father once was. I have been trying all my life to be a financial success, even though I haven't succeeded. But I intend to keep on trying." (Laughter.)

Sir James has splendid visions of what the Ontario act for compensation to injured workmen may develop into. "I am looking forward," said he, "to the time when workmen

Story of "Gir" in the Taxi"

The story of "The Girl in the Taxi" is as laughable as it is interesting. Its plot is full of overflowing with situations and complications, which move with the rapidity of a racing car on high speed. Laughter is irresistible from curtain to curtain.

MEN'S ENGLISH HATS.

The Dineen Company has just received a special Christmas shipment of men's hats—very high quality, and in advance styles. The consignment includes Sikks, Derbys, Crush and Apple hats by the world's best makers, including Henry Heath of London, for whom Dineen is sole Canadian agent. Store open till 10 o'clock Saturday night.

Continued on Page 12, Column 2.

WHITNEY HOPES FOR LABOR'S SUPPORT

Continued From Page 1. will be compensated for injury no matter how the injury is caused, and when this expenditure for compensation will be regarded as part and parcel of the expenditure of the enterprise where the men are employed, just as the expenditures for coal, lighting, taxes, etc., are regarded.

Cooper's Defence. "Allan Studholme has charged me with several offences," said Controller Cooper. "One of the worst being that I am opposing him in East Hamilton. He also said that I was going down—that I was now an employer of labor instead of an employee, and that I wasn't fit to represent the people of East Hamilton. I don't think it is any disgrace to aspire to rise to higher spheres in life. I have risen some, and I want to go higher, and I want you to help me.

Controller Cooper claimed that the Whitney government had done more for the cause of labor than any other government in Ontario ever did. He explained that Sir James Whitney and Col. Hendrie were more responsible for the scaffolding bill of the Ontario Government than Allan Studholme was, even the latter, he said, claimed credit for it.

"I am not oversteating it when I maintain that within two or three years the citizens of Ontario will be getting power at a price cheaper than any city in Ontario or in the whole of Canada, all thru the magnificent workings of the hydro-electric system of the present government."

Hendrie Hopful. Col. Hendrie said the tone of tonight's meeting was vastly superior to that of the last Saturday evening by Mackenzie King and some of his friends. He felt that he had a very good chance himself for re-election, and he hoped Mr. Cooper would be elected also.

ATTRACTIVE XMAS GIFTS

Christmas presents are always a trouble, not so much or frequently on account of the expense as the difficulty of selecting gifts that are worthy of the giver and acceptable to the recipient. Among all the numerous ways of meeting the spirit of the season, none holds more satisfying attraction than that of providing artistic and beautiful jewelry. The triumphs of art in this direction are not only acceptable at the moment, but they retain all their original charm. In addition to their intrinsic beauty they acquire the additional affection that comes from association with the personality of the giver.

For many years Kents Limited, at 144 Yonge-street, has held a leading place among the firms that cultivate the needs of the Christmas season. This company has always adhered to the motto, "It's quality that counts," and has striven to live up to its most exacting demand. In anticipation of the annual Christmas rush, Kents has on hand thousands of beautiful and appropriate jewelry gifts of endless variety.

NEW PLANT IMMIGRANTS. Will we always eat apples, pears, plums, grapes, potatoes, asparagus and other fruits and vegetables as we have them now, or will these be supplemented by and some be discarded for products grown or new plants imported from foreign lands?

In 1897 the department began in a systematic way to promote this new activity, and since then 3,000 different plant immigrants have been brought into this country and have either died or are now growing in various sections, representing only a small percentage of the possibilities which progress in agricultural research is creating.

The date palm is another of the new immigrants. It has grown for 4,000 years on the banks of the Euphrates. It will grow where the water is alkaline, and on land too salty for any other crops; it will live in the hottest regions of the globe, and is also so obliging that it has been known to withstand twelve degrees Fahrenheit below zero.

A new vegetable with unique flavor and pronounced delicious is the Japanese opoponax, another plant immigrant of great importance. Some sixty-eight tons have already been grown here, but Japan's annual output is 194,000 tons. It is seedless and rich in water, and is eaten in four inches in diameter.

A wrinkle-removing preparation which acts powerfully and quickly may at the same time be entirely harmless, as has been amply demonstrated in the case of the famous "Mecca" solution. While acting so marvelously on wrinkles and lines, the solution is really beneficial to the skin itself, giving the latter tone and elasticity, texture, and softness.

Eczema 25 Years Cured by "Cuticura"

Leg Like Raw Flesh from Kneec Down

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said 'I would try the Cuticura Remedies first. He said, 'Try them if you like but I do not think they will cure you. At this time my leg was peeling from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches."

"I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months I used the Cuticura Remedies my leg was cured and the new skin grew on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients."

Messrs. Hambourg's Second Illustration of Development of Music. John Sebastian Bach's violin concerto in D major was the feature last night of the second recital in the series of concerts illustrating the historical development of modern music given by Jan and Boris Hambourg in the Margaret Eaton Hall.

The allegro strikes into a commanding melody which was rendered with fine power. As the movement progresses the sources of those influences were apparent which have left such traces on the Irish music of the sixteenth and seventeenth centuries, just as in the examples of d'Hervey and the early eighteenth century French school one finds influences which became dominant in Scottish music of that time and later.

The marriage of Miss Laura Rose, Guelph, Ont., to Mr. W. F. Stephen, Huntingdon, Que., is announced to take place on December 30. This week will see the expected return of several Hamiltonians, who will receive welcome from hosts of friends. Mrs. and Miss Legat, who have been having an extended trip abroad for the past year, have set sail.

Remarkable Home-Made Wrinkle Remover. (From Modern Housekeeper). A wrinkle-removing preparation which acts powerfully and quickly may at the same time be entirely harmless, as has been amply demonstrated in the case of the famous "Mecca" solution.

THE TORONTO WORLD.

Sir William Mackenzie leaves on Monday night for England. The Rosary, the residence for Roman Catholic business girls, at the corner of John-street and Grange-road, was opened yesterday afternoon with a large attendance.

The wedding of Captain Charles Arthur Robertson of the imperial army in India, son of the late Mr. Robertson, and Miss Helen Verter Verter, daughter of Mr. Verter, took place at the residence of the bride's mother, Mrs. Verter, on Wednesday evening.

Mrs. A. W. Austin has issued invitations to a dance at Spadina on the 21st. There will be a talent tea this afternoon, given by the Dreadnought Chapter, I.O.O.F., at the house of the patron, Mrs. Fraser Macdonald, 140 Madison-avenue.

Mrs. Mackenzie is singing for the Women's Musical Club this afternoon in Brantford. Miss Agnes Dunlop is playing her accompaniments. In the Right Hon. R. L. and Mrs. Borden are leaving to-morrow for New York to spend the week end.

Mrs. Louis Monohan (formerly Miss Beatrice Webster) held her post-nuptial reception yesterday afternoon in her pretty new house in Huron-st. The bride was in her lovely and most becoming wedding gown of white satin and real lace, with a corsage bouquet of lilies.

Each year sees more strenuous demands made on the crossers of Toronto's street windows to furnish original and distinctive displays. Some of the windows this year show unusual ingenuity. Perhaps one of the very best is the handsome display of Goulay, Winter & Leeming at 188 Yonge-street.

Whitman alluded to Andrew Jackson, writes Horace Traubel in 'The Forum'; there was a story about him—'authentic I learned and believed; a story whose scene was a metropolitan dinner—a small political dinner in the earlier life of New York City.

Mecca Ointment. The most popular and entire cure for Burns, Cuts, Sores, etc. It is reasonable in price and truthful in its statements. The price is 25c, all druggists, or Mecca Ointment Co., Limited, Toronto, Ont.

COLEMAN

Misses Anne and Addis Smyth gave a delightful afternoon tea at their home on Beverley-st. to a few of their friends last Wednesday. The tea-room was prettily decorated with sweet peas, carnations, and palms.

The dance beautiful of the winter season took place at the King Edward last night, when the ever popular Bal Poudre attracted several hundred people. The new floor was absolutely perfection and just the right number for enjoyable dancing was present.

ENNISKILLEN WINS FIRST COLUMBIA STEEPCHASE

Guncotton, Favorite, Finishes Second—Results at Juarez— Entries for To-day.

COLUMBIA, S.C., Dec. 8.—Ladies' day and the inauguration of steepchase races brought out a large crowd to witness the racing to-day. Enniskillen, second choice, won the steepchase in clever fashion from Guncotton, the heavily backed favorite, Dunraggan and Hattaras were the only running favorites.

FIRST RACE—Selling, two-year-olds, five furlongs:

1. Queen Bee, 101 (Ambrose), 3 to 1, 6 to 5 and 3 to 5.
2. Excelsior, 115 (Hopkins), 11 to 4, even and 2 to 1.
3. Christmas Daisy, 101 (Siddvin), 9 to 5, 7 to 10 and 1 to 3.
- Time 1:07.45. Wild Weed, Arany, American Girl and Orphel also ran.

SECOND RACE—Selling, three-year-olds and up, six furlongs:

1. Sureget, 112 (C. Grand), 7 to 2, 6 to 5 and 1 to 2.
2. Salsorita, 107 (Foraythe), 13 to 5, 4 to 5 and 2 to 5.
3. Elizabeth Harwood, 113 (Hopkins), 10 to 2, 7 to 10 and 1 to 3.
- Time 1:04.45. Grenada, Gal Violante and Stanley S. also ran.

THIRD RACE—Selling, three-year-olds and up, 1-1/8 miles:

1. Deneragin, 113 (Peak), 11 to 10, 1 to 2 and 1 to 4.
2. Montagne, 107 (Bruce), 9 to 2, 8 to 10 and 4 to 5.
3. Eddie Grany, 107 (Foraythe), 13 to 5, 9 to 10 and 5 to 1.
- Time 1:48. Doctor Bodine, Profile, Oakley, Howard Shean, Golden Treasure and Dunc Campbell also ran.

FOURTH RACE—Steepchase handicaps, three-year-olds and up, short course:

1. Enniskillen, 155 (W. Allen), 9 to 4, 1 to 2 and out.
2. Guncotton, 133 (Tucker), 9 to 10, 1 to 2 and out.
3. The Speaker, 130 (Bryant), 13 to 1, 3 to 4 and 4 to 5.
- Time 4:18.45. Hannah Louise and Sam Bell also ran.

FIFTH RACE—Selling, three-year-olds and up, five furlongs:

1. Premier, 105 (Foraythe), 8 to 1, 6 to 5 and 3 to 5.
2. Carroll, 113 (Chappel), 8 to 1, 8 to 10 and 5 to 7.
3. Tippy, 105 (Schwebel), 5 to 2, 9 to 10 and 1 to 2.
- Time 1:00. Moile Gibson, Chilton Squaw, H. Barr, Tena, Sewell and May Nora also ran.

SIXTH RACE—Selling, three-year-olds and up, one mile:

1. Hatters, 93 (Schwebel), 7 to 5, 7 to 10 and 1 to 2.
2. Michael Angelo, 113 (Foraythe), 5 to 1, 2 to 1 and 6 to 5.
3. Helene, 102 (Ambrose), 5 to 3, even and 1 to 2.
- Time 1:41. Duke of Bridgewater, Olio, Dolly Bultman, Clem Beachey and Irish Kid also ran.

Results at Juarez.

JUAREZ, Dec. 8.—Favorites won only two races to-day. The stewards set down Jockey A. Walsh for ten days for rough riding yesterday, and fined Jockeys Rosen and Molese \$50 each, the former for carrying Molesworth out in the second race and Molese for fouling Rosen with his whip.

The summaries:

FIRST RACE—5 furlongs:

1. Queen Bee, 101 (Ambrose), 4 to 1.
2. W. H. Ford, 140 (Hoffman), 6 to 1.
3. Wild Bear, 95 (Carter), 5 to 1.
- Time, 1:07.45. Wild Weed, Arany, Don Say No, Penang, Dudo and Tourist also ran.

SECOND RACE—5 furlongs:

1. Sureget, 112 (C. Grand), 4 to 1.
2. John H. Sheehan, 107 (Groth), 4 to 1.
3. Yo Solo, 97 (Carter), 6 to 1.
- Time, 1:07.45. Melts, Tim Judge, Novorood, Box and J. P. Crowley also ran.

THIRD RACE—5 furlongs:

1. Sugar Lump, 93 (Carter), 6 to 1.
2. Charlie Grant, 107 (Groth), 6 to 1.
3. Kidney Lee, 111 (Buxton), 8 to 1.
- Time, 1:42. Bell Cliff, Big Claim, Wicks and Cameron Rose also ran.

FOURTH RACE—5 furlongs:

1. Closer, 107 (Moore), 7 to 10.
2. Lady Rankin, 112 (Groth), 3 to 1.
3. Calisee, 107 (Buxton), 7 to 1.
- Time, 1:04.45. The Visitor, Memorial, Wastala and War also ran.

FIFTH RACE—3 furlongs:

1. Gold Finn, 109 (Groth), 12 to 1.
2. Quartermaster, 107 (Molesworth), 8 to 5.
3. Delaney, 108 (J. Howard), 2 to 1.
- Time, 1:07.45. Plying Footstep, Fundamental and General Marchmont also ran.

SIXTH RACE—1 mile:

1. Woolwinder, 105 (Carter), 6 to 5.
2. Allen Fern, 107 (Buxton), 8 to 1.
3. Lily Buxton, 100 (C. Grand), 10 to 1.
- Time, 1:40.25. Misspison, Barney Oldfield, Keep Moving and Tommy Twiggs also ran.

Balm Beach Gun Club.

The regular weekly shoot of the Balm Beach Gun Club will be held as usual Saturday at 2 p.m. on their grounds, Eastern-avenue. Spoons will be offered for the best scores. Anyone wishing to take up the class of sport can get all information on the grounds. Shellis also can be purchased on the grounds and visitors are always made welcome.

Soccer to-day.

The final game for the M. Y. M. A. football championship will be played today at Varsity campus, between Fred Victor A. C. winners of the central section, and Centennial winners of the western and eastern sections. This will be the wind-up of one of the most successful seasons in the history of M.Y.M.A. football. The teams are requested to have their men there on time, as the game will be called at three o'clock sharp. Referee, W. S. Murchie.

Wychwood A and B teams battle today for supremacy. This game should be worth seeing. The players are asked to be on hand, as this will be the last game of the season at Wychwood. Kick-off at 3:15.

The Dons will play Riverdale. The Dons' team will be selected from the following: Coombes, Elliott, Robinson, Baldwin, Hull, McLean, Connell, Key, Aitken, Coombes, A. McLean, Atwaters, Cooper, Bowman, Bayles.

A most important game will be played this afternoon on the Lambton Athletic Grounds, when Thistles and Baracas meet in their return league game. As the league now stands, the team that wins this game will win the medals. The kick-off is at 3 p.m., and all players are asked to be on the ground 15 minutes direct to grounds: Thistle team: Dunbar, Campbell, (captain), Jones, Jones, Wright, Marshall, Carter, Rutherford, Aitken, Sheinair, McLaren, Appleton, Nicol, Cattermole. Referee, S. Lytle.

\$2.70—Buffalo and Return—\$2.70, Saturday, Dec. 16, 1911.

The Y.M.C.A. have completed arrangements with the Canadian Pacific Railway Company for an excursion, leaving Toronto at 1:15 p.m. Saturday, Dec. 16, for Buffalo. The fare for the round trip has been placed at \$2.70. Tickets are good returning leaving Buffalo on all regular trains Saturday, Sunday and Monday following date of excursion. Parlor cars on trains going and on all trains returning.

Tickets may be secured from members of Y.M.C.A. Committee, or at all Canadian Pacific ticket offices. City Ticket Office, 16 East King-street.

THIRD RACE—Sticker, Ivalob, Camel.

FOURTH RACE—Bedwell entry, Burtchell entry, Hoffman.

FIFTH RACE—Thrifty, Paul Davis, Rubia Grand.

SIXTH RACE—Jessup Burn, Anavel, Casque.

Stanley Gun Club.

At the annual meeting of the Stanley Gun Club the officers for the ensuing year were elected. The finances of the club are in good shape, and a balance in the treasury. Several names were proposed for membership during the past season nearly 50,000 targets were shot at, besides several live-bird shoots. The officers look forward to making this the banner year. Now is a good time for beginners to start. Experts are always ready to give them any instruction they may desire. The regular weekly shoot will be held on Saturdays at 2 p.m., and at the close final arrangements will be made for their annual pigeon shoot and supper to be held on the 18th inst. All members should turn out. Visitors are always welcome. Shellis can be purchased on the grounds. The club is located on the marsh at the foot of Saultier-street.

Follow the man with the gun bag. A few afterwards at the traps will make you think and act quicker. No close season, the clay birds are always on the wing.

The Double-track way to Montreal is via the Grand Trunk Railway system. This, however, is but one of the many attractions of the Grand Trunk route, as the modern Electric Lighted Pullman sleepers, excellent dining car service, up-to-date parlor-library cars and comfortable vestibule day coaches well deserve your patronage. Four trains leave Toronto daily: 7:15 and 9 a.m., 8:30 and 10:30 p.m. Remember, the Grand Trunk is the only double-track route.

Secure your tickets and reservations at Grand Trunk Ticket Office, northwest corner of King and Yonge-streets. Phone Main 4209.

Weather clear; track fast.

Hockey Gossip

Manager MacGregor of the Tecumseh is a busy man these days answering enquiries of hockey players looking for places on his team.

With things now well under way Tecumseh players will be notified to report about the 15th of the month, when practices will be commenced at the Excelsior rink.

MacGregor has played on a number of different clubs himself, so is pretty conversant with the ability of the different players. He does not figure on having much difficulty in gathering together a team strong enough to hold up the Indian reputation.

Queen's authorities, not satisfied with the hockey material they have on hand, are out scouting for more.

The Milton Club have entered two teams in the O.H.A. intermediate and junior. Welland got back on the hockey map by entering a team in the intermediate series.

Strathroy will have an intermediate O.H.A. team this season.

Galt will have a team in the intermediate O.H.A. series, as well as one in the junior.

Stoke Doran has signed a Wanderer contract.

The annual meeting of the H. R. Johnston Hockey Club was held last evening at the St. Charles, at which officers were elected for the coming season. Ice has been obtained at Victoria College Rink and prospects are good for a fast team.

Arlington A.C. would like to enter a team in some boys' hockey league. Average age 15 years. Please answer at once to Mr. S. Samuels, 385 West Richmond street.

In connection with the reorganization and expansion of the National Hockey Association to include the two Toronto teams and drop Renfrew, it is now said by gentlemen interested in the construction of Arena Gardens, that the initial negotiations tending to the organization of an international league have already been commenced. In connection with the Canadian cities now represented in the National Hockey Association, the names of clubs in Boston, New York, Pittsburgh, Rochester and elsewhere are mentioned. The international circuit is not an immediate prospect. If it promises success from financial and other standpoints it may be ready for the season of 1913-14.

Duluth Banquet Dates.

DULUTH, Minn., Dec. 8.—A meeting of the executive committee of the North-west Curling Association was held to-day, at which several changes were made in the officials of the association. Walter C. Foshier, former president of the association, has moved to Minneapolis, and P. W. Hargreaves, former treasurer of the association, was chosen to succeed him. E. A. Forsythe was chosen as treasurer. A. W. Withrow remains as secretary. All are of Duluth. A tentative date for the annual banquet was agreed upon as Jan. 15. Notice of this will be sent to the various members of the association, with the statement that the date is subject to change.

Why the Cars Were Delayed

7 a.m. Friday—East and west bound King cars were blocked by a train at the Riverdale crossing for ten minutes.

8.45 a.m. Friday—A Grand Trunk lorry, heavily loaded with cases of canned goods, became stuck in the temporary filling covering the trunk sewer on Church Street, near Richmond Street, blocking the Church Street cars for thirty minutes.

A fender on a Belt Line car going up Spadina Avenue, at 7.45 a.m., was broken through striking on the pavement, delaying the Spadina and Bloor cars for six minutes.

In connection with the reorganization and expansion of the National Hockey Association to include the two Toronto teams and drop Renfrew, it is now said by gentlemen interested in the construction of Arena Gardens, that the initial negotiations tending to the organization of an international league have already been commenced. In connection with the Canadian cities now represented in the National Hockey Association, the names of clubs in Boston, New York, Pittsburgh, Rochester and elsewhere are mentioned. The international circuit is not an immediate prospect. If it promises success from financial and other standpoints it may be ready for the season of 1913-14.

TORONTO HOCKEY LEAGUE HOLD ANNUAL MEETING

Large Turnout—Prospects Look Bright For About Thirty Teams—There Will Be Three Series.

The fifteenth annual meeting of the Toronto Hockey League was held last night in the Boys' Club of the Central Y.M.C.A. and was one of the most successful gatherings of the league.

President Harry Mace was in the chair and fully 75 were present. The president opened the meeting with a few remarks and Past President Waghorne spoke of the league's great work in the development of players.

It was decided to have a senior, junior and juvenile series and the next meeting will be held on Friday, Dec. 15, when all entry fees must be paid, schedules drawn up and amendments discussed.

The following officers were elected: Hon. patrons, Lol Solomon, J. J. McCaffrey, Hon. George A. Cox, E. B. Oeler, M. E. Claude Macdonald, M. P. C. Querie, C. Cummins, F. Simkins, C. C. Chambers, J. D. Bayly; hon. president, F. C. Vachon; hon. vice-president, James Murphy; president, Harry Mace; first vice-president, D. McCarthy; second vice-president, Gus Edwards; secretary-treasurer, appointment left over. The delegates present were: Oake, S. Irving; Rivendale, W. Ferguson; Massey-Harris, F. McLean; Kodaks, G. Edwards; Scotch Thistles, C. Wakeley and McKay; Judsons, A. Steeg; Burkes, C. Moffat; Lourdes, A. Thompson; Elms, M. Montgomery; St. Helena, J. Power and W. Harkness; St. Simons, J. Brown; Eaton Office, J. Smith; Athletics, R. Driscoll; United Brass, N. Whitesides.

A meeting of the Inter-association Hockey League will be held Monday evening at eight o'clock at the Boys' Club of the Central Y.M.C.A. There will be a senior, junior and juvenile series, and the following clubs are invited to send delegates: North Toronto, Humber Bay, Davielville, Riverdale, Riverdale High School, Wychwood, White Company, St. Helens, Scotch Thistles, St. Albans, Little York, Central Business College, British letter Business College, St. George's High School, Jarvis Collegiate, Dominion Business College, and any others desiring to play in the league.

Alvinston and Varsity are the two most recent clubs to enter junior teams in the O. H. A. All entries must be in the secretary's hands by Tuesday.

Joe Hall Practicing Again. BRANDON, Dec. 7.—Those who patronize hockey practices at the Brandon rink give an unexpected treat last night when Joe Hall, the light-colored hero of many memorable games, skated out in his uniform. No, Joe does not intend to apply for reinstatement as an amateur, but was just in uniform to get into condition again. Hall has not yet signed up with any team, but it is probable that he will go east and play with one of the Toronto clubs. Joe says that he will not return to Quebec, he has had several letters from the manager of the Ancient Hall, but he thinks that he could do greater dash in the National Association.

Renfrew Amateur Hockey. OTTAWA, Dec. 8.—The annual meeting of the Ottawa Hockey Club took place tonight at the Ottawa Hockey Club building. President, D. A. Ross, presiding; vice-president, C. A. Irvin; secretary, Martin Rosebush; treasurer, Charles Sparks; directors, L. N. Bette, P. M. Butler and P. J. Bakerville. Messrs. McGee, Irvin and Butler were named as the team committee and instructed to get their players together at once. The first practice will be held early next week.

Ottawa Elect Officers. OTTAWA, Dec. 8.—The incorporation meeting of the Ottawa Hockey Club took place tonight at the Ottawa Hockey Club building. President, D. A. Ross, presiding; vice-president, C. A. Irvin; secretary, Martin Rosebush; treasurer, Charles Sparks; directors, L. N. Bette, P. M. Butler and P. J. Bakerville. Messrs. McGee, Irvin and Butler were named as the team committee and instructed to get their players together at once. The first practice will be held early next week.

When You Have a Moment to Spare. and you've read all the politics, ask yourself if there is any place better suited to your taste for value, quick service, pleasant surroundings and good cooking than one of Albert Williams' three cafes, that's all.

Phillip and Chittick Delegates. OTTAWA, Dec. 8.—Fred Chittick and Captain Ed Phillips were appointed as the Ottawa delegates to the Interprovincial gathering, at the Ottawa football team's meeting last night. No lines were laid down for them to follow, and they will be given a free hand to decide on the different regulations to be adopted at the meeting. A committee of four were appointed to buy suitable souvenirs for the delegates, and appropriations being made for the purpose.

MONTREAL TALKS ABOUT CANADIAN LEAGUE BALL

President Lichtenhein Will Still Have a Club, Even If Richmond Gets Franchise.

MONTREAL, Dec. 8.—If the franchise of the Montreal Baseball Club is transferred from Montreal to some other point, as has been declared a possibility by President S. B. Lichtenhein, there appears to be no immediate danger of Montreal being without professional baseball.

It is pointed out, however, that there is such a wide gulf between Canadian League ball and the brand of the game as played in the Eastern League that the Montreal fans, who at times have shown themselves apathetic about the one, might easily fail to support the other.

This point was suggested to one of the promoters in question. "What is your plan that I don't place much stock in," he said. "There is in Montreal a certain percentage of fans who will support a baseball team of any sort. That support is not erroneous except for an expensive Eastern League team, according to the Lichtenhein's own statement. We can get them something that is not as expensive, but which will appeal to the basic instincts of the fans, and possibly shan't have to be perpetually declaring we are losers, and that the fans don't appreciate a team in Montreal."

The promoters mentioned are of the opinion that Canadian League teams in Montreal, Ottawa, Hamilton and other points in Ontario might be a good paying proposition.

Baseball Program. NEW YORK, Dec. 8.—For the information of baseball men who are headed this way from all parts of the country for the big convalescent next week, the various meetings will be held as follows: Monday-National Commission, 10 a.m. at the Waldorf-Astoria; Eastern League, 10 a.m. at the Hotel Victoria; Tuesday-National League board of directors, 12 o'clock noon, at the Waldorf-Astoria; general meeting of club owners at 2 p.m. American League, board of directors, 12 o'clock noon, at the Hotel Astor; general meeting of club owners at 2 p.m. Wednesday-National League and American League general meetings. The Athletic world's championship, which will give a banquet to baseball writers, magistrates and other guests at the Hotel Astor Tuesday evening at 7 o'clock.

By Cobb Here To-morrow. NEW YORK, Dec. 8.—The Cobb College "Wildcat" Company of thirty players arrive in Toronto Sunday evening at 9:45. They show at the Grand all week.

Baseball Notes. Manager James J. Callahan of the Chicago National League team will go to New York next week to attend the annual meeting of the American League. He will be accompanied by President Comiskey to trade any player on his list with the exception of Edward Walsh, the famous spilt pitcher. He wants two pitchers, an infielder and a hard-hitting outfielder.

Charles Hemphill, veteran outfielder, was released yesterday by the Chicago American League Baseball Club to the New York American League team. Hemphill had never played with the Chicago team, and few knew he was a member of the organization. A few days ago, however, he was announced as a member of the Atlanta team of the Southern League, and last fall New York asked waivers on "cup-bid" but Chicago declined to give consent, and in this way obtained the player for the waiver price.

Charles W. Murphy, president of the Chicago National League baseball team, returned from a two-day visit in Cincinnati yesterday, and denied that he had any interest in a company to acquire the Boston National League team. "I never took a hand in the Boston deal, because I am opposed to syndicate baseball," he said. Murphy said President Garry Herrmann told him that the new manager of the Cincinnati National League, a special dispensation allowing that a special dispensation allowing the league in New York next week.

REBUKE FOR JUDGE. MONTREAL, Dec. 8.—(Can. Press.)—Practical censure of a judge was the unusual course taken by the council of the Montreal Bar Association at a final meeting over an appeal by a young advocate from sharp censures passed upon him by Judge Leboeuf last May. Not only did the council exonerate Joseph Jenkins, the appealing lawyer, from all blame attaching to the mistake, but they adopted a resolution expressing regret that Judge Leboeuf, during the hearing of the appeal, should have borrowed the dossier and altered a document therein.

Arrested En Route. George Kimball, 34 years, no home, and Steve S. Sikes, 22, Elizabeth-street, came to the city yesterday on a G.T.R. Hamilton train. Their actions attracted the attention of the conductor and he watched them a good part of the time on their way here. A woman lost a purse containing \$3 on the journey, and as they passed the city Kimball went into a compartment of the train and asked for gentlemen. The conductor followed him thither and found him trying to locate the coach by that somewhat unusual act. He called attention to the train arrived in Toronto the two were arrested by Detectives Wallace and Newton and are now charged with vagrancy.

CHRISTMAS. Just arrived, my import of vintage Champagne, Sherrys, Ports, Cigars, etc., also Scotch and Irish Whiskies, which completes one of the best assortments of goods for Xmas trade. I guarantee satisfaction if given a trial order. E. T. SANDELL Wine and Spirit Merchant, 525-526 YONGE STREET, Phone North 182. NOTE—Mail orders receive our very best and prompt attention.

EATON'S for Stylish Hats for Men

President Lichtenhein Will Still Have a Club, Even If Richmond Gets Franchise.

Depicting one of the newest conceptions of the John B. Stetson Co.—well-known specialists and authority on hats for men—and showing distinctiveness and style particularly becoming to young men. Note the pleasing lines of this hat, the medium rounding crown, with fairly narrow rolling brim; and made in a feather-weight pure fur felt, with excellent silk trimmings. The name Stetson is a guarantee as to its correctness in both style and quality. Price 4.00 Main Floor—Queen St.

EATON CO LIMITED TORONTO - CANADA

OPENING OF PARLIAMENT. The Broadview Boys' Parliament held their first session of the season last evening, since the general election two weeks ago. Joseph H. Street acted as Speaker, and Mr. Otter, boys' work secretary, as governor. The boy scouts and their bugle band acted as a guard of honor to the governor on his arrival and departure.

AITKEN ACQUITTED. Mr. J. Aitken was acquitted yesterday afternoon of a charge of stealing two promissory notes for \$87.74 and \$84.49 from the Imperial Clothing Co. by Judge Winchester and jury.

SIX TRUE BILLS. The sessions grand jury brought in true bills in six cases yesterday. They are: Frank Kelly, criminal negligence; Thor Chamberlain, theft and receiving; Chas. Wauchope, false pretences; J. Darby, theft and receiving; H. Finchinsky, assaulting the police.

Prof. Coleman on Mining. The members of the Canadian Institute will hold their usual meeting at the library, 188 College street, this evening at eight o'clock. Professor A. P. Coleman will give an address entitled "Nickel Mining," with lantern illustrations. The public are cordially invited.

For the Holiday Spread or for everyday use in the HOME—nothing can equal Carling's Special Select Ale. This special, extra-mild brew (made from pure Barley, Malt, Hops and Spring Water) is really delightful—a wonderful appetizer and aid to digestion. For Sale at All the Best Liquor Stores. Be Sure You Get CARLING'S. CARLING'S SPECIAL SELECT ALE

EFFECTS WERE MARVELLOUS

WHEN I TRIED "FRUIT-A-TIVES"

HARDWICKE, N. B., Jan 17th, 1910.
"I feel it my duty to give you my
statement in respect to the wonderful
cure I received by taking "Fruit-a-
tives." Chronic Constipation was the
complaint I suffered from for years.
My general health was miserable as a
result of this disease, and I became
depressed and alarmed. I was treated
by physicians without the slightest
permanent benefit, and I tried all
kinds of pills and tablets.

"I saw the strong testimonial in
favor of "Fruit-a-tives" by New
Brunswick's "Grand Old Man" Senator
Cotman, and I knew that anything
he stated was honest and true and
given only to help his fellow-men.
I tried "Fruit-a-tives" and the effects
were most marvelous, and now I am
entirely well from all my Chronic
Constipation that I suffered with for
years."
A. G. WILLISTON,
"Fruit-a-tives" will cure you, as
they cured Mr. Williston. Get a box
to-day—take them—and begin to feel
better. For a box, 5 for \$2.50, or trial
size, 25c. At all dealers, or from
Fruit-a-tives Limited, Ottawa.

Business Men's League.

In the Business Men's League, at the
Toronto Bowling Club last night, Eatonias
won two out of three games from St.
Lawrence (Limited). The latter put all
their best rolling into the middle game,
collecting a 567 for the first time in
the season. Ernie Gibson, for Eatonias,
Templeton second, with 556, while Vernon
Dennis was only four pins down, with
523. Bill Stringer was high for St. Law-
rence, with 546, while his 218 count in the
middle game was high single. Scores:
Eatonias 556 556 556-1668
St. Lawrence 523 523 523-1578
Ernie Gibson 556 556 556-1668
Bill Stringer 546 546 546-1638
Vernon Dennis 523 523 523-1578
A. Minto 479 479 479-1437

Gladstone Novice League.

Columbias won all three from the Syn-
dicates in the Gladstone Novice League
last night. The scores follow:
Columbias 1 2 3 T.L.
Lounge 149 157 131-437
Cantor 125 127 127-379
Lille 159 155 138-432
Morrison 157 151 128-387

Pill Merchant Is Back of a Fight Syndicate

Joseph Beecham Is to Supply \$125,000 for Boxing Arena in London, Which Will Seat 17,000 People, and Will Cater to the English Masses.

LONDON, Dec. 8.—Undaunted by the
cold blanket put on the boxing game
in this country by the action of the
Home office in stopping the Wells-
Johnson fight and subsequent action
by various administrative authorities
in several parts of the country, Joseph
Beecham, famous as the manufacturer
of pills, has decided to risk some of
his money in an effort to uplift the
downtrodden profession. Mr. Beecham
is to have nothing to do with the
scheme to erect a boxing arena except that he
will supply the golden sovereigns. The
real manager is L. Delphin, a Swiss,
who married one of the pill merchant's
daughters. Beecham is the manufacturer
of pills, has decided to risk some of
his money in an effort to uplift the
downtrodden profession. Mr. Beecham
is to have nothing to do with the
scheme to erect a boxing arena except that he
will supply the golden sovereigns. The

SATURDAY MORNING, DEC. 9, 1911.

LOOKING BACKWARD.

It is not necessary to suppose that Dr. Hastings is the only one among the city officials who has the courage of his opinions to account for the adverse report brought in by them on the proposal to annex North Toronto. The gloom of 1890 is over them all. They will never forget it. The young men of Toronto can hardly realize how badly the old croakers among the citizens felt in those inadequate days, and that sentiment is still very largely reflected in the city hall offices.

But the real point of the matter is not touched in the report at all. The officials tell us that with the proposed additional tract of seven square miles there would be room in Toronto for 751,716 persons. And that is exactly what is needed. Sixty thousand people have been added to Toronto in the last two years. The rate of growth will not be less in the coming years, unless Canada, as Controller Hooken said yesterday, is going to stagnate. Ten or twelve years will occupy the land in question at our present increasing rate of growth, but our officials apparently do not think it wise to look ten or twelve years ahead. They prefer to look twenty backward.

They found a vote of warning. Suburban and farm lands are being exploited. As one of the chief accomplices in this exploitation is the assessment officer, whoever he be, who refuses to assess land at its full sale value, we can hardly regard this objection as wholly sincere. And for the large outlays that will be necessary for new lands, do the city officials really think that the territory around Toronto should be unimproved and undeveloped for the next ten or twelve years? The people are not going to be satisfied to live in the present boundaries of Toronto, as the officials suggest, until there is only room for 48,000 more people. If the officials want to make a concentration camp out of a modern city, they should carry their scheme to Europe or Africa. Dr. Hastings has some regard for common sense, to say nothing of the health of the people.

compish this purpose periodically by changing governments, for the genuine party man is not to be disturbed in his life-long allegiance. But the Independent vote rarely has a voice on the floor of the legislature. Mr. Allan Studholme has been such a voice, at times unquestionably prolix, but still an honest, independent voice, with praise and blame for all parties. Premier Whitney may be forced by party expediency to take the stand he has in opposing Mr. Studholme, for we cannot believe that any personal feeling is involved in his attitude, not even an antipathy to prolixity, but it would have become him better to stand aside and let the labor man accomplish his own destiny, and the Independent voice have its say in the councils of the province.

As Mr. Studholme says of himself: "I believe I have been the means of inducing the other fellows to do something along the line of progressive legislation." And it is not too much to ask that one wage-earner should have the chance to speak for his class. Mr. Studholme has earned the respect of every member in the legislature, and he has learned much himself that will make him a more useful member in future. He has learned to curtail and condense his speeches and to speak to the point, and in committee he has been as useful as any. We trust he will be returned once more for East Hamilton, whose privilege it is to elect him.

FOUR BIG HONORS.

Let it be accounted to the Liberal party for righteousness that they permitted Hon. Adam Beck to be returned in London by acclamation. We believe there is that degree of appreciation of sterling merit among the people that they would pay a similar compliment to any man who displayed the same amount of self-devotion and disinterestedness in the cause of the people. A good many attacks have been made upon Hon. A. J. Matheson from partisan sources, but his courtesy and integrity belong to the man of gentle heart, and he is strong with his own people. His election by acclamation, is a fitting tribute.

MA FOI

It is said there is some trepidation in North Toronto Conservative circles over the candidature of Hon. J. J. Foy. We do not think there is any occasion for alarm, but if there be, it ought to be saddled on the right shoulders. Should Hon. Mr. Foy, by any possible chance, find himself in a minority next Monday night, it would perhaps convince some people who need convincing, that the Conservative machine is not the infallible agency it claims to be.

Why was Mr. Foy chased, and who chased him out of South Toronto? If there were any doubt about North Toronto, who was the friendly guide who led Mr. Foy to the hazard? It would seem natural for the new man to follow the retiring member. Of course, if Mr. Foy's Irish blood was aching for a shindy, there is no more to be said, but we lean to the view that the authorities who really elect candidates in Toronto, elected Mr. Foy to the heavy draft class, where the pulling was to be done, and the paddock was reserved for the maiden plater.

CAUSE OF SOCIAL UNREST.

A species of unrest prevails in many parts of the world to-day. Where there is not actual warfare in its literal sense, it exists in another form in the social organization. It would almost seem as tho the upheaval is contagious, and it might be well to enquire, as in an epidemic, for the seat of the microbe. As a beginning, we might take for granted a thro disaffection among the working classes with their present condition. Among the more enlightened communities this feeling has been aroused because of the belief that labor is not getting its fair share of the world's production. Perhaps the same line of argument has not reached the serf in China, Morocco, Tripoli, Persia and India, but some agency has been at work and by intuition, if nothing else, the spirit of antagonism to prevailing conditions has been aroused.

but the natural wealth of these countries has thus far stunted its development. Having got to this stage, it may, without much imagination, be guessed that the disease is of common origin. Nor can there be any hesitation in ascribing the almost universal social disorder to the high cost of living. In the last decade householders can instance the doubling of prices on table necessities, while at the same time wages have not increased in anything like equal proportion. Students of economics have tried to prove that the production of gold is responsible for all the trouble. There is something in the argument, but the greater factor undoubtedly has been the tremendous profits which are being exacted from the people by reason of combinations or trusts. Overcapitalization is the handmaiden of the merger, and in an effort to make good on watered stock, preferred and common, hold up prices are imposed and the people held accordingly. That tariffs have had little to do with the matter is evident when it is considered that high prices are as keenly felt in Britain as in the United States or Canada. To stop this ravaging of the common people, the trusts must be given their attention by the government, but, above all, some method must be devised to prevent overcapitalization.

WOMEN VOTERS AS REFORMERS.

Editor World: I notice your reference to Mr. George H. Gooderham's opposition to woman's suffrage, but have some doubt about the correctness of your deduction as to his reason for opposing what I believe would be an excellent innovation. I am seriously of the opinion that, if the women of Canada had the full franchise, they would very soon close the bar-rooms and, without much delay, have an act for the total prohibition of the liquor traffic upon our statute books. Women are not much on "parliamentary practice," but they count thirteen to the dozen when it comes to "doing things." It is not the women who belong to political clubs who want votes, but the wives and mothers who prefer to seek for the power to put the drink evil and hindred curses which menace the home, under the ban of law. Capital is often much more sensitive than conscience. The natural deduction is obvious. W. L. Atkinson, Toronto, Dec. 8, 1911.

CHRISTMAS IN EUROPE.

The steamship travel to Great Britain and Ireland for Christmas will be as heavy this year as in any previous one. To accommodate the extra rush the Cunard Line has specially arranged the sailings of two of their steamers next week, namely, the "Carmania" on Wednesday, and the "Lustania" on Saturday. On account of the great carrying capacity of these two ships there is still accommodation available which can be had by making application to A. F. Webster & Co., corner King and Yonge-streets. This firm will keep their office open this evening till six o'clock for the convenience of those wishing to book their passages.

WAS SPYING FOR BRITAIN

Ship Broker Schultz Part of Organized Espionage System. LEIPZIG, Saxony, Dec. 8.—Reports which have leaked out regarding the progress of the espionage trial now taking place before the imperial court, in which the English shipbroker, Max Schultz, and four German associates, who were arrested at Hamburg on March 15, are accused of attempting to procure information regarding German naval secrets, say that it has been established that Schultz is connected with the general organization of an English information bureau. The activities of this institution cover all the shipyards and naval machine works in foreign countries, and aim at the discovery of every naval development. Schultz, it is said, has been forced to admit the most incriminating charges. The sentences will be fixed to-morrow. It is expected that Schultz and his German naval engineers, who are among his accomplices, will be punished severely.

STEEERAGE BADLY NEGLECTED

Steamer Orferio Fined \$70,000 for Conditions Causing 58 Deaths. WASHINGTON, Dec. 8.—(Canadian Press.)—Penalties aggregating \$70,000 were today imposed by the department of commerce and labor upon the British steamer Orferio for neglecting what the department characterized as the worst case of neglect of steerage of any vessel ever brought under the Passenger Act of 1902. The penalized vessel was employed to carry Spanish and Portuguese immigrants thru Singapore Straits to Honolulu. Among the 124 passengers there were in the eight weeks of her voyage 58 deaths, 51 being children. The births numbered 14. The investigation further revealed that the sexes were not properly segregated, and that inadequate ventilation increased the mortality. The general sanitary condition of the vessel, including the hospital quarter, was found to be almost beyond belief.

"MAINE" REALLY BLOWN UP.

WASHINGTON, D.C., Dec. 8.—The battleship Maine was blown up by an explosion from the outside. This is the gist of a short statement issued by the U. S. navy department today, based on findings made by the joint army and navy board which spent several months in Havana harbor investigating the wreck.

AT OSGODE HALL

ANNOUNCEMENTS.

Dec. 8, 1911. Peremptory list for divisional court for Monday, 11th inst., at 11 a.m.: 1—Cain v. Pearce Co.; Cain et al v. Pearce Co.; Bouter v. Pearce Co.; McGrath v. Pearce Co.; McCollin v. Pearce Co. 2—Boothman v. Smith. 3—Folsy v. Lord. 4—Shepard v. Shepard. 5—McBachan v. G. T. Ry. Co.

Master's Chambers.

Before Cartwright, K.C., Master. Swick v. Hawes—Hedall (C. & H. D. Gamble) for plaintiff. E. R. MacKelcan, for defendant. Motion by plaintiff for an order giving leave to reply specially. Motion dismissed. Costs in the cause. Manchee v. Bray—R. C. Levesconte, for defendant. D. L. Sinclair, for plaintiff. Motion by defendant for an order setting aside statement of claim as irregular. Order made. Costs to defendant in any event. Swick v. G. T. Ry. Co.—W. Laidlaw, K.C., for third party. W. Carey, K.C., for plaintiff. W. M. Hall, K.C., for defendant. Motion by third party to set aside the third party notice made on 1st inst. Reserved. Hammond v. Evers—W. J. McLarty, for defendant. J. W. Hefferman, for plaintiff. Motion by defendant for an order postponing trial for an order for reference. Action referred to the local master at North Bay, defendant undertaking to proceed not later than Jan. 15, or any earlier date convenient to the local master. Steness v. Anglo-American Fire Ins. Co.—F. E. Hodgins, K.C., for defendant. J. J. MacLennan, for third party. Motion by defendant for an order amending third party notice so as to conform to particulars of statement of defence. Order made. Costs to third party in any event. Brodie v. Patterson—J. J. MacLennan, for plaintiff. Motion by plaintiff for an order to proceed as against executor of defendant. Motion by plaintiff for judgment for possession in a mortgage action. Order made. Hutson v. Harcourt, K.C., for defendant. F. Arnold, K.C., for plaintiff. W. J. McWhinney, K.C., for defendant. Motion by plaintiff for judgment against defendant Garfunkel. Reserved.

Windsor, Ont., Dec. 7.—Miss Counter's case will prove of great interest to everyone troubled with sore throat, bronchitis or weak lungs.

When asked for a statement, Miss Counter said: "About seven years ago I contracted a heavy cold that settled on my lungs and resisted all treatment. After I had tried several doctors here and specialists in Detroit and Montreal, I went to my druggist and asked him for the best remedy he had for cold on the lungs. He recommended Catarrhzone, which cured my cold in one week. It brought me back my voice, and I have been since free from my old trouble. For coughs, colds and lung trouble I am sure that Catarrhzone is the best remedy. It goes right to the sore spot, gives quick relief, and makes a lasting cure." Catarrhzone cures because its healing vapor is inhaled to the very places which are inflamed. To permanently cure your winter illness, coughs, sneezing and Catarrh, buy all means use a tried and proven remedy like Catarrhzone. But beware of the substitute and imitator. Look for Catarrhzone only, 50c and \$1.00, at all dealers, or by mail from the Catarrhzone Company, Buffalo, N. Y., and Kingston, Canada.

Chronic Throat Trouble Permanently Cured

Seven Days' Use of Catarrhzone Performed Regular Miracle. Miss Counter's Case Proves the Wonderful Efficacy of Catarrhzone in All Throat and Nose Diseases.

Seven Days' Use of Catarrhzone Performed Regular Miracle. Miss Counter's Case Proves the Wonderful Efficacy of Catarrhzone in All Throat and Nose Diseases.

Windsor, Ont., Dec. 7.—Miss Counter's case will prove of great interest to everyone troubled with sore throat, bronchitis or weak lungs. When asked for a statement, Miss Counter said: "About seven years ago I contracted a heavy cold that settled on my lungs and resisted all treatment. After I had tried several doctors here and specialists in Detroit and Montreal, I went to my druggist and asked him for the best remedy he had for cold on the lungs. He recommended Catarrhzone, which cured my cold in one week. It brought me back my voice, and I have been since free from my old trouble. For coughs, colds and lung trouble I am sure that Catarrhzone is the best remedy. It goes right to the sore spot, gives quick relief, and makes a lasting cure." Catarrhzone cures because its healing vapor is inhaled to the very places which are inflamed. To permanently cure your winter illness, coughs, sneezing and Catarrh, buy all means use a tried and proven remedy like Catarrhzone. But beware of the substitute and imitator. Look for Catarrhzone only, 50c and \$1.00, at all dealers, or by mail from the Catarrhzone Company, Buffalo, N. Y., and Kingston, Canada.

THOUSANDS OF PEOPLE THOUGHT KING WAS DEAD. Rumor in Wide Circulation Last Night—Origin Unknown—Story Without Foundation.

"Is it true that the King was shot?" This query was addressed several hundred times to The World last night, somehow or other a rumor to the effect that King George has been assassinated.

Several called personally at The World office, but went away feeling relieved after they were convinced the story was baseless.

PROMOTING GARDEN SUBURBS. A garden suburb, original in design, yet having many points of similarity to those in England, is to be constructed in the vicinity of Toronto.

WINNIPEG ELECTS WAUGH. WINNIPEG, Dec. 8.—(Can. Press.)—Incomplete results in the mayoralty contest show that Controller Waugh has been elected to the mayoralty over Ald. F. W. Adams by a large majority.

FOURTEEN SAILORS DROWNED. LONDON, Dec. 8.—(Can. Press.)—The Belgian steamer Van Dyck, bound from Valenciennes, was wrecked off the Cornish coast yesterday.

It was a matter of fact for 300 years French was the official language in England and yet England survived.

8000 MANCHUS SLAIN & FOREIGNERS VICTIMS

Uncensored Reports From Sianfu Tell Grisly Tale—Republi-cans on Top. PEKIN, Dec. 8.—(Can. Press.)—The first direct and uncensored news received from Sianfu since the recent outbreak there was brought here to-day by messenger.

"We apparently are safe now," says one of the letters, "but the lawless reign we had hoped to escape down the Han River, but the road is dangerous. The Kansu missionaries may have a hard time. Twenty-two of them, including children, are American. Money cannot be used as all the malls have been stopped, and the banks were robbed and burned."

The terms which the imperial delegates will take to Shanghai or Nan-king in an endeavor to settle the question in dispute between the government and the revolutionists are believed to provide, first, that the emperor shall be retained, he will be entirely without power; second, that the president and cabinet shall be elected by the nation and the president shall possess the same authority as the president of the republic, and, fourth, if the latter conditions are accepted, the government will grant provincial autonomy.

These terms are considered largely a bluff. Yuan Shih-kai has trained a substantial army, but is unable to pay the soldiers, and, desiring to save the nation, he must accept the republican demands.

KEMP TAKES PART IN E. TORONTO GATHERING. Calls Story of "Purchased Convention" Silly and Ridiculous—Pine and Whiteside Speak.

The government of Sir James Whitney has been asleep at the mention of the name of the late Dr. J. L. Whiteside, the learned son of the Rev. and Mrs. J. L. Whiteside, in his 19th year.

Mr. J. B. Whiteside replied quietly but forcefully to J. B. Reid's assertion that the government has done nothing for East Toronto. "The fact is that the Riverside is now lighted with hydro at one half the former expense, that school books were checked and the people get full weight when they bought their bread or the offending baker was hauled into court."

Mr. J. B. Whiteside replied quietly but forcefully to J. B. Reid's assertion that the government has done nothing for East Toronto. POR MCGNICOLL Will Take Its Place as the Greatest Inland Port in Canada

"Some time ago, I realized that Port McNicoll, the New C.P.R. Terminal on the Georgian Bay was destined to be one of the Greatest Terminals on the C.P.R., and the greatest inland port in America. I investigated Port McNicoll, and discovered that the C.P.R. had spent millions of dollars in construction work, the erection of concrete and steel elevators, freight sheds, harbor, etc., and that in a very short time a city of importance would be the result, as immense freight and grain traffic would go via Port McNicoll from the West to Montreal, a saving of 136 miles to the seaboard.

I looked the surrounding community over very thoroughly, and relying on my experience of twenty-five years' standing in the handling of sub-division real estate, I selected and immediately purchased several properties which I am confident are the choicest and best located, and which will bring the quickest and largest returns to the purchasers. I was the first to exploit Port McNicoll, and I was the first to put Port McNicoll lots on the market. It is acknowledged, therefore, that I secured for my clientele the very best in Port McNicoll. Already some of the lots sold have increased 100 per cent. in value. Does it seem feasible to you that outlying properties are as good a buy as central lots? They may eventually be required, because Port McNicoll will grow very rapidly."

The Test of Time and Wear

THIS is the real test of a watch case. In some avocations a case reveals its quality more quickly than in others. No matter what your profession or business you want to be sure that the case on your watch will stand the effects of constant usage, and the only real guarantee you can have of this is the integrity of the maker.

CASHIER TRADE MARK **FORTUNE TRADE MARK**

Watch cases made by the American Watch Case Company and they have been used and sold by the leading jewelers in Canada for over twenty-five years, and have always given satisfaction.

See that the case you buy bears a "Winged Wheel." Its presence is positive proof of gold value, integrity of construction, beauty and correctness of design, and utmost serviceability.

WRITE FOR OUR BOOK, "THE WATCHMAN"

Contains not only all about watch cases, but the newest styles and designs in "Winged Wheel" cases, and tells you how to recognize the life of your watch. Artistic and handsome, and intensely interesting, it is well worth reading for. A post card brings it.

THE AMERICAN WATCH CASE CO. OF TORONTO Limited

The Largest Manufacturers of Watch Cases in the British Empire.

PUBLIC AMUSEMENTS

AT THE ROYAL ALEXANDRA.

"The Balkan Princess."

At the Royal Alexandra next Monday, the Messrs. Shubert's production of "The Balkan Princess," with Miss Louise Gunning as the star, will be the attraction. This will be the first time this dainty prima donna and what has been termed "delightful opera," has been seen on tour.

The story of "The Balkan Princess" involves plenty of romance with an equal allowance of comedy. The princess, Stephanie by name, rules over the realm of Balaria, and, by the laws of that country finds herself in such a position that she must either marry one of the six grand dukes within a week or else abandon her throne. Both of these alternatives are disagreeable. However, one of the six, Grand Duke Sergius, has declined to come to the palace with the other five to sue for the hand of the princess. Stephanie is piqued by his behavior and has him arrested for treason and he is imprisoned in the palace. The end of the week arrives, and Stephanie has come to the extreme of signing abdication before love triumphs so that she and Sergius may happily rule together as king and queen.

There are nineteen musical numbers, ensembles and finales. Matinees will be given on Thursday and Saturday.

AT THE PRINCESS.

"The Girl in the Taxi."

Plays come and go, but "The Girl in the Taxi" with Ward DeWolf promises, like Tenneyson's brook, to run forever. Last year this laughable French-American farce was seen in this city and met with the approval of numerous audiences and its return engagement at the Princess Theatre, beginning Monday evening, therefore promises to be a popular and profitable one. "The Girl in the Taxi" has many commendable features, chief of which is its ability to set the spectators off in peals of uproarious laughter.

This it has been continuing to do for the past two years and will continue to do for many seasons to come. A funnier play has never been written.

"The Girl in the Taxi" is snappy from the beginning to the end, its bright lines and witty dialog, amusing situations and hilarious climaxes, permitting of no lagging moments during the unfolding of the story. The entire action of the play occurs within twenty-four hours, time enough for her father, son and nephew, unknown to each other, to slip out of the house when unsuspecting wives are asleep, and hasten to the private dining rooms of a Broadway cafe to make merry, returning the following morning before breakfast, without arousing the suspicions of the "women folk." The appearance of the new butler in the house almost proves the truant's undoing, but everything is patched up after many ticklish moments, for the three.

AT THE GRAND.

Ty Cobb and "The College Widow."

A rather striking coincidence in connection with the forthcoming appearance of "The College Widow," at the Grand, is the fact that nearly all of the performers engaged by Mr. Vaughan Glaser, for the cast of this great comedy, are former college students, and the majority of those enacting athletic roles in the play were also athletes in their college days, and the winning feature of the whole affair is the fact that they are all excellent performers. When in college Ty Cobb was the leader in every athletic sport he undertook, and his recent achievements on the ball field are too well known to be reviewed here. As a performer, he has been the surprise of the year. "The College Widow" is without doubt the most successful comedy which has ever been written by Mr. George Ade, while its superior as a realistic picture of college life has never been known.

AT SHEA'S.

"Billy's Tombstones," vaudeville's funniest sketch, with Edgar Atholison.

BOY SCOUT MOVEMENTS

(By the Provincial Secretary.)

"In most parts of the country boy scouts have become a familiar sight, but comparatively few people seem to know that there is a meaning underlying their games and organization. Altho the movement is yet in its infancy, results are even now beginning to show themselves. Parents, schoolmasters, business men and clergymen write us of the change for good wrought in the boys. A number of splendid cases of life-saving, for which the scouts have received their rewards, have taken place throughout the province.

During the year 1912, we expect to see the movement throughout the Province of Ontario doubled. This can only be accomplished by every scout putting his shoulder to the wheel, working and aiming to take an interest in the other fellow by bringing him into the organization.

But to continue our work and to place it upon a permanent basis for good we need two things: First, we want men to act as scoutmasters, that is, to take the training of the boys or organizing locally the movement. There must be a large number of young men to whom it has never occurred that by devoting to such service some of the time now spent at recreations, they should be selling Christmas stamps. Let every scout do his best to get every friend of the scouts support this worthy object by purchasing the stamps and showing their sympathy with the boys in this their undertaking.

To those who desire information in connection with the movement, if they will please write the secretary, H. C. Hammond, Room 211, 100 Queen St. W., such information will be forwarded with pleasure.

The boy scouts of the Province of Ontario have resolved to contribute three cents at the Muskoka Free Hospital for Consumptives for the year ending Christmas.

Let every scout do his best to get every friend of the scouts support this worthy object by purchasing the stamps and showing their sympathy with the boys in this their undertaking.

What is the worst thing that a man has to face in this life? The worst thing is when the close of life is in sight and you can only look back on an empty, wasted life—when you reflect too late, what you might have done. The great thing that I see in this scouting for boys is that not one of our scoutmasters will have to face that—the worst ordeal that can fall to a man.

TOBACCO TINS HELP WIRE OPERATORS.

"He's a fine operator, all right, but you take that tin can away from him he will be about equal to the once apparently lost cause of Ireland!"

This was addressed to the writer one day, a short time ago, while taking a look over the operating department of one of the big telegraph companies in New York, by a chief of one of the divisions who some years ago was an active worker in the cause of his native land.

Since the advent of the typewriter, which has done so much to save time in handling the vast amount of messages and press matter that daily passes thru the wires of these companies, the tin can has become the constant companion of the operator, and nowhere on the floors of the big exchanges can a man be seen at work without it, and in many instances the operators provide themselves with an extra one to be ready for the loss of one, which happens very frequently.

In the old days the ordinary noise made by the common "sender" was sufficiently loud to enable operators to handle their work without inconvenience, but since the "click" of the writing machine has become a first cousin to the "tick" of the sender, some method had to be found to distinguish between the two. It became the lot of the tin can to fill this absolutely necessary want, and the discovery was made by a manipulator of the key.

Put "Ensignettes" at the Top of Your Christmas List

Every Ensignette you give for a Christmas present will be a delightful gift. You cannot make any mistake—the Ensignette is so fascinating. Imagine a compact little camera which closes up so as to fit in a vest pocket. And yet the Ensignette makes a full postcard size picture. The principle of the Ensignette is entirely new. It costs less to operate than any other postcard camera. Come in and see the Ensignette and the wonderful pictures it makes. How about giving your friends a hint for an Ensignette—for yourself?

UNITED PHOTO STORES, Limited
15 Adelaide Street East - TORONTO

Branches at Quebec, Montreal, Ottawa, Vancouver.

And From Dealers Everywhere

Nearly all of the operators wear "dusters," or office coats of some kind, and when taking their places each morning, ready for their day's work, dive into one of the pockets and bring forth the tin can, which is immediately stuffed into the little "sounder" box that rests close to his ear. The cans that are invariably used are those which have done duty as a ten-cent tobacco holder, and when empty find their way to the different offices where they work as auxiliary to the sound of the telegraph instrument.

While the sounder box is so constructed as to concentrate the click of the instrument, it does not meet the requirements of the operator, and when the can is placed behind the "sounder" and resting on the metal work it issues a sharp, ringing noise, which is entirely eliminated by the tin can. The tin can, therefore, enables the operator to work undisturbed by the sound made by the flying keys of his "mail."

It is a comparatively easy matter for each of the operators to keep tabs on their respective cans, because of the great number of different brands of the weed for which the tins are used, but it is no uncommon sight at the beginning of the day's business to see several of the men scurrying from desk to desk in an effort to locate their "missing links," which perhaps have been "lifted" by some member of the night force who uses the same "locker" and who if he finds himself "short" of a tin can has no scruples in purchasing the first one he can lay his hands on, whether it comes from a temporarily abandoned desk or the pocket of a day man's "griddle grease" which the former might have had on.

In a great many instances the operator will "ring" his tin after his "trick" is over, and even when he gets his usual "short relief," so careful is he of the precious thing. While on the visit to the big office, the writer's attention was called to a lady operator who had requested her chief to give her a "short relief." Immediately upon leaving her desk she disengaged the can from its rest in the hood-shaped box. In the usual ten minutes she returned, and before resuming her chair dug into the bosom of her waist and drew out her inseparable companion, replacing it, with a sly wink at the man who relieved her.

Some of the styles of cans used are not exactly adapted for the use put to them by the telegraph employee, being too heavy in lead, but this objection is overcome by the operators, who band them in every conceivable shape until they are "tips" or sometimes rip them apart, jauling half of the can in plate and inserting one of it under the thumb-screw of the "sounder."

It remained for an operator in the ranks to invent the "bug," which has reduced the labor of a "sender" nearly one hundred per cent, and so, perhaps, it may be the good fortune of another knight of the key and sounder to get out some device which will supplant the "aid tobacco box."

Would You Like to Be a Strong Man?

Why Not Travel the Electric Belt Line to Health and Strength?

Is the skeleton in your cupboard, as with thousands of others, some complaint for which you are unable to get a cure? In the frantic struggle to regain lost health millions of dollars are secretly spent by many who vainly try to travel the Drug and Doctor Routes to health. You are but one among many.

I am called a Specialist of Last Resort. Why? Ultimately by means of my Belt I seem to get and cure nearly all those cases which before no method has been able to remedy. If, then, your case is not far advanced, judge for yourself how easy it is for my Belt to cure it!

Back of my cure is the use of the strongest and most potent healing force in the world, **ELECTRICITY**. Prolonged study and experiment have enabled me to harness this vital, life-giving, magnetic power—the basis of all animal vitality—to a scientific method of healing mankind of its weaknesses.

DR. McLAUGHLIN'S ELECTRIC BELT

is the grandest remedy of the twentieth century for renewing lost vitality.

From the start, the use of the Belt alleviates pain. Into every fibre and particle of your being it pours the foundation of new life, new energy, new strength—**ELECTRICITY**.

People who were old, worn out and faint from weakness and pain when they first came to me tell me they feel from ten to fifteen years younger. Their gratitude is unlimited.

My treatment turns gloom into joy, sickness into health. If you are weak and puny, feel despondent and unable to attack the problems of life with that strenuous energy which spells victory, I can reverse all this and make you feel as well as ever.

If you are skeptical, all I ask is reasonable security for the price of my Belt, and

IT COSTS YOU NOTHING UNTIL CURED

It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle heat from it constantly, but no sting, no burning, as in old-style belts.

Send For My Book To-day

Do you want to feel big, husky and powerful, with your veins full of youthful fire, your eyes clear, and your muscles strong and active? If you do, fill out the coupon and send it to me, and I will send you a book which will inspire you with being strong and healthy, and tells of others like yourself who were just as weak once, but are now among nature's best specimens of strong and healthy human beings. Cut out the coupon and send it to-day and get this book free, sealed, by return mail. Call for free consultation. Office hours—9 a.m. to 6 p.m. Wednesday and Saturday till 8.30 p.m.

They'll All Be There for Christmas

John and Mary and the children will come home for the Christmas dinner. There'll be Plum Pudding and perhaps a Big Turkey and a lot of other things. Will your present cooking stove take care of them all? Why not look at the new Vulcan Gas Ranges. They will get meals for five or fifty, at minimum expense. You'll need plenty of hot water too. The Vulcan Tank Heater is the thing. Attached to the kitchen boiler it will supply a large supply of hot water at little cost.

The Vulcan kind of gas appliances make excellent and useful Christmas gifts.

See our full line of Gas Fixtures, Domes, Portable Lamps, etc. A large selection to choose from.

A WINDSOR LADY'S APPEAL.

To all Women: I will send free with full instructions, my home treatment, which positively cures Leucorrhoea, Ulceration, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flashes, Nervousness, Melancholy, Pains in the Head, Back or Bowels, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only 12 cents a week. My book, "Woman's Own Medical Adviser," also sent free on request. Write to-day. Address Mrs. A. Summers, Box 11 65, Windsor, Ont.

Why Not Spend the Winter in California?

Attractive rates will be quoted by variable routes, affording finest scenery. The Los Angeles Limited, leaving Chicago daily 10.15 p.m. for Southern California, the San Francisco Overland Limited, leaving Chicago daily 8.30 p.m., less than three days en route, provide the best of everything in railway travel. The China and Japan Mail leaves Chicago 10.45 p.m. daily for San Francisco and Los Angeles. Rev. Dr. Walker's illustrated literature on application to E. H. Bennett, General Agent, Chicago, and North Western Ry., 46 Yonge-st., Toronto.

The honorary governors who will visit the Toronto General Hospital during the week commencing on December 10 are Messrs. Robert S. Gourlay and A. E. Dryden.

PHILLIPS DISCHARGED SHOT WIFE BY MISTAKE

Threw Jug of Water at Him—Be-
ware of Gambling and Drink,
Says Judge.

J. B. Phillips was yesterday acquit-
ted of the charge of shooting his wife.
It appeared that the incident was an
accident.

The shooting fracas occurred at 233
St. George-st. last 24th of May. Phillips
appeared before Judge Winchester
yesterday afternoon, charged with
wounding his wife, Mary Phillips. T.
C. Robbette appeared for the defence
and Crown Attorney Greer for the
prosecution.

Inspector Archibald, who lives a
couple of doors from the accused, was
the first witness called. He stated
that on the evening of May 24 last
his daughter came in and told him
that there was something serious
happening in Mr. Phillips' house. He
immediately went in and found Mr.
Johnstone, a neighbor, holding Phillips
down on the floor. Mr. Johnstone
then gave him a revolver, which he
stated Phillips had used. The inspec-
tor then took charge of Phillips. He
struggled violently and kept calling
out: "Where is my wife; is she kill-
ed?" A policeman then came, and
the inspector gave Phillips to him.
He thought that the accused was suf-
fering from delirium tremens at the
time.

The next witness called was Mr.
Johnstone, the neighbor. On the par-
ticular evening he heard sounds of
screaming and fighting and coming
into the house he found Phillips in
the hall upstairs with a revolver and
acting very strangely and immedi-
ately grabbed him.

Dr. McPherson was then called. He
stated that he was called in shortly
afterward and that he found Mrs.
Phillips suffering from a bullet wound
and a flesh wound in the shoulder, and
a cut over her right eye, which, on
being questioned, he said might be
caused by a blow from a water pitcher.

Mrs. Phillips stated that both she
and her husband had been to the races
on that day and that he had been
drinking very heavily. On coming
home in the evening to supper he had
several more drinks, but was not quar-
relsome. After supper he started to
talk of 127 acres of land he had bought
and then of 10,000 acres. These re-
marks caused her to think that there
was something seriously wrong with
him. He then said that he would go
up and get a little sleep. She then
went up stairs to undress the children.
About five minutes afterwards she
heard a shot. She picked up one of
the children's room into the hall, which
was very dark, and found him with a
revolver in his hand, and acting very
strangely. She picked up a pitcher of
water to throw over him and he dis-
charged the revolver. In her opinion
it was an accident.

His honor in summing up the case
said that in view of Mrs. Phillips'
saying she thought it was an accident,
he would discharge him, but would ask
him to furnish a personal bond for
his good behavior in future. He
strongly advised him to give up drink-
ing and gambling.

"HELP THE OTHER FELLOW."

You will meet many boys and young
men these days who are wearing on
the lapels of their coat a neat button,
on which is inscribed the words:
"Help the other fellow." In black and
red, the button marks activity in
tuberculosis work; then below are
the words: "Muskoka Free Hospi-
tal." This all means that the
wearer is out endeavoring to
help the other fellow—especially the
poor fellow who is down with tuber-
culosis—by pushing the sale of the little
Christmas Stamp issued on behalf of
the Muskoka Free Hospital for Con-
sumptives. The idea comes from the
M. C. A. boys, whose interest in
this work grows from day to day.

The newspaper publishers, together
with the advertising agencies, consti-
tute one of the active committees of
the Citizens' Stamp Committee. It is
always part of the work of the news-
paper and advertising man to hustle.
He has little time to go leisurely, and
this spirit permeates the committee of
newspaper men, that is under the
management of Mr. C. T. Pearce, gen-
eral manager of "The News." We have
just had one list shown us from one
of the sub-committees, representing
the calls of an hour or two one after-
noon, and indicating orders that total
\$127—and this from just one of the
six groups of newspaper men who are
out on the warpath.

LURING ITALIANS ON.

LONDON, Dec. 8.—(Can. Press).—A
correspondent with the Turkish force
in Tripoli says the loss of the Turks
in the recent battle at Anzara, when
they were defeated by the Italians,
was less than 100 killed or wounded.
The retirement of the Turks, he
says, with their sick and wounded,
was carried out with great skill. It
is the hope of the tribesmen, the
correspondent adds, that they may be
able to draw the Italians beyond the
range of the Italian warships lying
off the coast.

Singing Hymns Made Her Lonesome

Very human are the stories one will
gather as they meet from time to time
with patients who have been in the
Muskoka Free Hospital for Consump-
tives. A newspaper reporter has been
digging up some cases of this kind.
When visiting the hospital, he says:
"I chatted with a young woman of
perhaps twenty-five summers, ruddy,
pretty, smiling and happy, even tho'
at the time she was confined to bed."
She told rather a touching story in
these words: "Three years ago my
sister died of consumption. I think I
caught it from her, having been in
very poor health at the time. There
was nothing for me to do, if my life
was to be spared, but to come to this
institution. I would not give up hope,
I like being here alright, only when
they are singing hymns on Sunday, I
feel a bit lonesome and homesick. The
doctors are all kind and the nurses are
all lovely."

Local Option in Blandford.

TAVISTOCK, Dec. 8.—At the meet-
ing of the Blandford Township Coun-
cil to-day a petition was presented ad-
vising that a vote be taken on local op-
tion at the January elections. If the
vote favors local option there will be
a large area of dry country, as the
hotel in Bright, which is the only li-
censed one in the Township of Bland-

ORANGE AFFAIRS.

McKinley L. O. L., 275, held their

Ninety Miles More to Go.

Word was received at the Canadian
Northern offices here to the effect that
the ballasting is expected to be finish-
ed in a week's time on the company's
line from Belleville to Deseronto. From
the latter point to Sydenham, the C.
N. O. will run over the Bay of Quinte
line, and this brings the railway with-
in 90 miles of Ottawa.

Mrs. Pankhurst's Lecture.

The opening sale of Mrs. Pankhurst's
lecture, next Tuesday evening in Mas-
sey Hall, was very large yesterday
morning. As an extra attraction, the
Royal Grenadiers' Band will play a

TOBACCO HABIT.

Dr. McTaggart's tobacco remedy removes all
traces of the weed in a few days. A vegetable
medicine, and only requires touching the
tongue with it occasionally. Price 25c.

LIQUOR HABIT

Marvellous results from taking his remedy for
treatment; no hypodermic injections, no pub-
lic, no loss of time from business, and a
sure cure.

Address or consult Dr. McTaggart, 15 Yonge

Street, Toronto, Canada.

Hupmobile Long-Stroke "32" Five Passenger Touring Car—\$1000
F. O. E. Windsor, including equipment of windshield, gas lamps and generator, oil lamps, tools and horn.
Three speeds forward and reverse; sliding gears. Four cylinder motor, 34 inch bore x 5 1/2 inch stroke.
Bosch magneto, 14 inch wheels, 30 x 2 1/4 inch tires. Color—Standard Hupmobile blue.

A car that gives you a totally new idea of what you ought to get for \$1,000

A new and larger Hupmobile which immediately thrusts upon your attention a score of tangible superiorities which set it in a class apart from cars of its price.

A five-passenger Touring Car for \$1,000 which rejects every characteristic of commonplace construction, and makes clear its invasion of the field above that price by points of difference and departure which no motorist can mistake.

Evolved out of the experience which has built thousands of the Hupmobile Runabout—the quality car to-day, as it always has been, of the runabout class. Designed by E. A. Nelson, Chief Engineer of the Hup Motor Car Company since its inception, and designer of the original Hupmobile Runabout. To him and the skilled shop organization which he has continuously maintained we owe the inimitable lines, the marked simplicity, the efficiency and the high quality of workmanship incorporated in the Runabout.

Impressed with the same strong individuality as the Runabout, and still further removed from comparison by—

- First, the small-bore, long-stroke motor.
- Second, the body design and construction which attains the purpose of the "underslung" and avoids all of its disadvantages; and
- Third, the Americanization, after close study abroad, of invaluable engineering principles entirely new to this country.

Some of the points which make the price unprecedented

- The three chief characteristics of the new Hupmobile are Durability, Efficiency and Ability.
- By durability we mean that we believe that there are more years of quiet, competent service and a greater capacity for withstanding hard knocks in this car than have ever before been incorporated in a car at any figure near this price—because every part is made of good material, and more than amply strong for a car of this size and weight.
- By efficiency we mean lower oil and gasoline consumption; a lesser tire cost; and a smaller outlay for repairs.
- By ability we mean 60% more pulling power for mountain work and heavy roads; 4 to 50 miles of speed at any time and all times; and ability to throttle instantly to a walking gait or to pick up quickly without feeling the weight of the car.
- These latter advantages are due in large measure, of course, to the motor, one of the first of the small-bore, long-stroke type peculiar to the finest foreign cars ever manufactured in this country.
- The cylinders are cast in block, a practice which, except in cars selling for \$2,500 and more, implies a two-bearing crankshaft.
- The Hupmobile crankshaft has three large main bearings, bronze back, Babbitt lined—less wear—fewer adjustments—longer life.
- Other bearings include high duty Hyatt roller and F. & S. annular; while the wheels are mounted on Bower bearings.
- The valves—all on one side—are enclosed by a pressed steel cover, which keeps oil in and dirt out; and because dirt is kept out the valves remain noiseless, show minimum wear and require minimum adjustment.
- Many a car of 50 to 60 horsepower carries a clutch no larger than the clutch of the new Hupmobile. Multiple disc type, with 13-inch discs, gives positive action and starts the car smoothly and easily.
- Transmission gears are amply large for a 40-horsepower car; run slowly and are quiet at all speeds.
- This excess strength extends also to the full-floating rear axle—large and strong enough for a seven-passenger car. The gears have an unusually large number of teeth—another precaution against wear and the possibility of trouble.
- Oil is fed to all parts and bearings of the unit power plant under pressure—the flywheel runs in oil, and its centrifugal force takes the place of a pump. One kind of oil is used for engine, clutch and transmission, instead of oil and grease, and it circulates and lubricates until it is literally worn out—a self-evident economy.
- Body and chassis design embody a low centre of gravity and minimize skidding.
- The springs are strong and unusually flexible; the rear spring is the patented Hupmobile cross type; the up-holstering is deep and soft—all features that add to the comfort of those in the car.

Hup Motor Car Company, Detroit, Michigan

BUSINESS MEN HEAR TUBES ADVOCATE

Controller Hocken Convinces Board of Trade of Necessity of Subway Transportation - A Hopeless Congestion of the Surface Service Without It.

Controller Hocken's address on the tubes to the board yesterday was the most convincing presentation of the question yet made, and the applause which greeted his statements showed that they received the hearty approbation of the large and influential gathering of business men.

President R. S. Gourlay, who was in the chair, introduced Mr. Hocken by saying that the object of the board was to foster the spirit of public service, and to recognize wherever possible any man or men who showed that spirit.

THREE BURNED IN QUESEC.

QUEBEC, Dec. 8.—In a fire which destroyed a three-story building on Champlain-street shortly after eight o'clock this morning three persons lost their lives and a fourth is likely to die.

FARMER SHOT THRU HEART.

TILSONBURG, Ont., Dec. 8.—While out inspecting his milk traps to-day, Archie Barham, a young farmer of Middleton Township, was accidentally shot and killed as he walked thru the woods. He stumbled and the gun exploded, the bullet piercing his heart.

NEW REAL ESTATE FIRM.

Another firm has been added to the list of real estate brokers, with offices on the first floor of the Quebec Bank Building, opposite the King Edward Hotel. H. H. Lang, ex-mayor of Cobalt, and George F. McNaughton, late manager of the Trefrethway Cobalt Mining Co., of Cobalt, are connected with the firm.

Militia Department Sues Welland.

NAGARA FALLS, Ont., Dec. 8.—(Special.)—The Welland County Council is threatened by the militia department with a suit for \$72 for services of the militia at Bridgeburg during the Gran Trunk strike. The militia was requisitioned by Warden Mackenzie, but County Solicitor Raymond gives it as his opinion the county cannot be forced to settle.

Tobacco War Over.

LEXINGTON, Ky., Dec. 8.—It was announced here to-day that the American Tobacco Company had purchased from the Burley Tobacco Society, at sixteen and a half cents a pound, all the tobacco remaining in the 1909 pool, about eight million pounds. This closes out all the pool holdings, and marks the end of one of the most novel industrial wars ever waged.

Corns Dissolved Away By Painless Remedy

No pain, no cutting, no plasters or pads to press the sore spot. Putnam's Corn Extractor makes the corn go without pain. Just apply according to directions and you can then forget you ever had a corn. Just as good for callouses, warts or bunions. It removes the cause and thereby effects a lasting relief. Putnam's Painless Corn and Wart Extractor—the name tells the story. Price 25c per bottle.

AQUATIC ANIMALS AND THEIR FOOD SUPPLY.

How aquatic animals get an adequate food supply is still a problem of the zoologists. In a British Association paper, Dr. W. J. Dakin referred to recent investigations, and gave reasons for believing that, while solid food is necessary, food in solution forms part of the normal supply of water animals.

Jack Canuck, No. 10, to-day. Exceeded to 20 pages. Get it, if you die in the attempt, but get it.

The News prints a cabled quotation from an article in The London (Eng.) Express, which affirms its belief that, as Mr. Winston Churchill, the First Lord of the Admiralty (how the shade of the first Duke of Marlborough must be chuckling at that appointment), is about to raise a new Navy Loan—undoubtedly Canada means to contribute in kind or cash. The result may mean co-operation such as will stagger Germany. Probably, after all, the proposed Canadian contribution will stagger Canada most—and first—and last.

CANADA WILL STICK TO EMPIRE

Continued From Page 1.

an offer to exchange natural products but the United States, as it had a perfect right to do, had declined to accept. He continued: "For thirty years and more we have followed certain national ideals and policies which we firmly intend to pursue and continue in the future. We reached the conclusion that the recent proposals were inconsistent with those ideals and policies. Moreover, we entirely disbelieve in the framing of tariffs by diplomatic methods. That system has been tested between different states under the British flag, notably in South Africa, and the results have been far from satisfactory."

Fiscal Control. "May I be permitted to express my personal conviction that in the interests of good relations between our countries it is better that each should maintain and preserve unhampered to the fullest extent the control of its own policy. And assuredly good relations between the two countries do not depend upon the existence of reciprocal forms of reciprocal trade relations. No press, however jaundiced, can lead me to accept any such conclusion."

In support of his statement that Canada did not wish to refuse the trade of United States, Mr. Borden pointed out that in the past 10 years the trade balance was \$315,000,000 in favor of the United States and that the latter's average tariff was 43 per cent., while Canada's was less than 28 per cent.

Ambassador Bryce Speaks. Hon. James Bryce said he had rejoiced to see how quickly the new government, the Duke of Connaught and the Duchess, have endeared themselves to Canadian hearts, and he felt sure that the longer they stayed in Canada and the more they traveled, the warmer would their welcome be and the more would they be beloved by Canadians of every degree.

There was no part of his duties as ambassador which he valued more than the opportunities which those duties gave him of trying to serve Canada. With the policy of Canada he had of course nothing to do. His duty simply and solely was to represent to the government and people of the United States the sovereign of Great Britain and Ireland, who was also the sovereign of the Dominion of Canada and of other parts of the empire.

Work of Intermediary. In matters relating to the internal questions of Canada, in which it became necessary to represent the wishes and interests of Canada, he was at the service of the Dominion ministry for the time being, as an intermediary conveying their wishes (subject to his majesty's instruction) to the United States. In matters, which, while Canadian, were also of imperial concern, the British home government communicated directly with Canada through the colonial secretary. In neither case has he anything to do with the policies adopted, but only with the communications between the British and Canadian Governments and that of the United States. But his visits to Canada had been of the greatest interest to him, by enabling him to understand more fully than he could otherwise have done, what were the views and ideas of the Canadian Government, so that he could better secure a perfect understanding between them and the United States, and endeavor to help in solving any difficulties that might arise in a way just and satisfactory to both.

Political Connection For ever. Mr. Bryce said he was able to give assurance of the pride and joy felt in Britain at the wonderful progress Canada had made and was making, of the earnest desire and confidence that the political connection of Britain and Canada, a strength and a blessing to both, would endure forever.

He could assure Canada of the good will and friendship felt for them by the people of the United States, a friendship stronger now, both towards Britain and Canada, than it had ever been before since the days of the revolution. This friendship also was cordially reciprocated in Canada. Differences of opinion on matters of commercial policies, which was a purely business affair, ought not to affect it and did not affect it—they belonged to another sphere.

Liberty Strengthens Bond. R. C. Smith, K.C., paid a tribute to Britain's colonizing power. He recalled that the more liberties and privileges were accorded the colonies, the closer became the attachment for the motherland, and instanced Canada and South Africa as examples. He scoffed at the expression of fear that this would lead to dismemberment.

Referring to the motherland herself, Mr. Smith referred to the agitation going on there. "The dear angels who wish to share in law making now revel in law-breaking," he remarked. "And the Irish question is in danger of being actually settled. It is a pity. 'Can the imagination conceive a British Empire without an Irish question?'"

Premier Borden, Ambassador Bryce and the Canadian visitors were the guests of the Canadian Society's banquet committee at a luncheon at the Union League Club this afternoon.

BONES OF MONSTER FOUND IN NEW JERSEY.

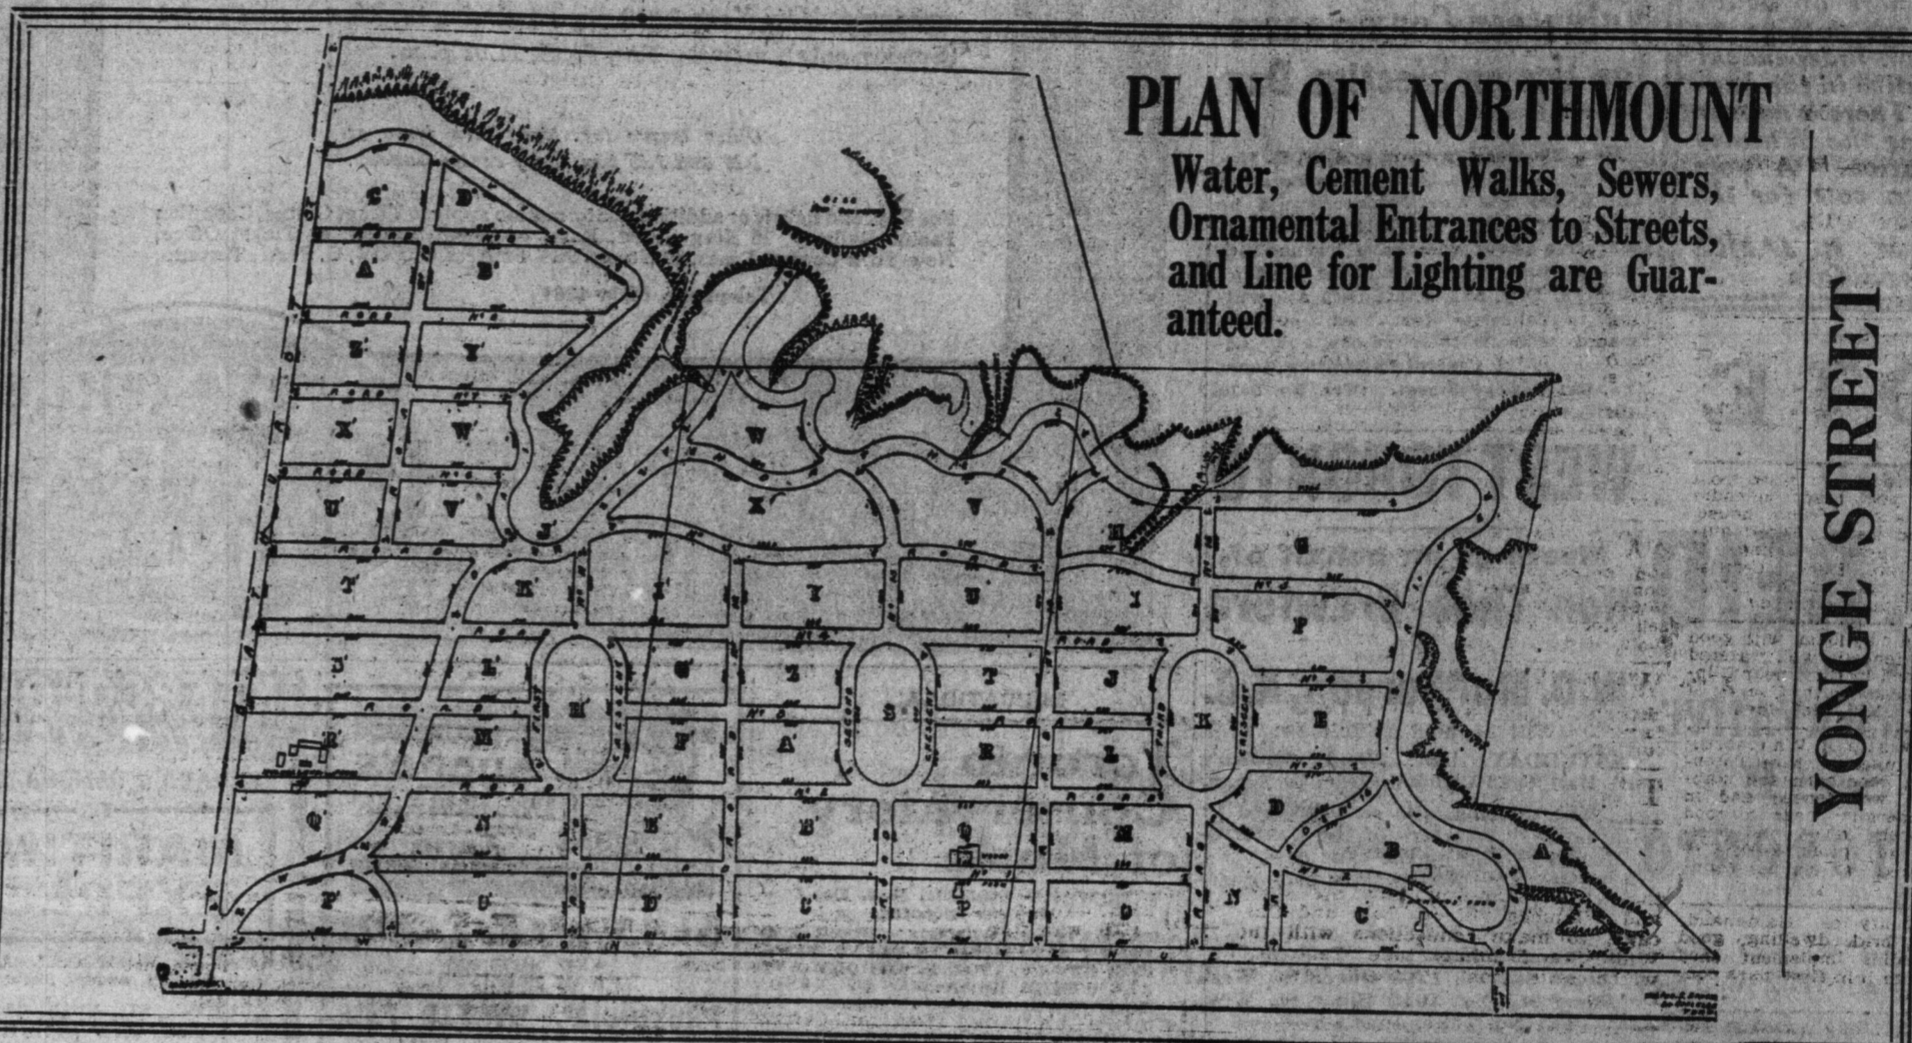

The skeleton of a mammoth extinct reptile, called by a name comparatively unfamiliar, as names of extinct reptiles go, has been set up in the American Museum of Natural History in New York City, and is now ready for exhibition. The animal has been designated by science as a species of the phytosauria. This phytosaur has been popularly called the Fort Lee reptile, and when first discovered was thought to be a dinosaur, but later research has brought out the fact that the specimen is a rather type of the fossil reptile than the dinosaur, and being the group long since extinct, combining the characteristics of the dinosaur and crocodile.

NORTHMOUNT

Superior Sites for Villas in North Toronto, on Mason Ave., Just West of Yonge

THIS is the first public announcement of our recent purchase of an unusually desirable residential property in North Toronto. The splendid NORTHMOUNT ESTATES, just secured, have long been the object of pleasant anticipation among buyers of high-class homesites. Prompted by frequent enquiries for information, we have arranged an ADVANCE SALE of a limited number of lots at most reasonable prices. For lot plan, prices and complete information about Northmount, call at our Head Office to-day. Office open all day.

ON the plan above will be seen the comprehensive scheme of crescents and broad boulevards for Northmount. Cement walks, ornamental street entrances, water, light, and sewers are guaranteed for the near future. Northmount is restricted for only the best-class residences. In response to many enquiries, we have decided to offer a limited number of lots to investors at prices starting at \$16 per foot and upward. Terms—One-quarter of the purchase price, down payment. Balance spread over three years. These advance prices are offered only for the short period preceding improvement operations; therefore, the word to the wise investor is, come to the advance sale to-day at the Head Office; we have something unusually good to offer you.

NORTHMOUNT is on Mason Avenue but a short distance west of the Yonge St. cars. It is a short walk northwest of the Rosedale Golf Grounds, with a repetition of the delightful ravine landscape of Rosedale. Healthfully high, four hundred feet above lake level, Northmount looks down upon a remarkable prospect of woodland, ravines, the winding banks of the Don, and a beautiful country that undulates cityward. Pure water, pure air, and room enough to live healthy and happy are vital advantages of home life here. The good roads movement passes this vicinity, making Northmount most accessible for citizens travelling in motor cars and other vehicles.

MAP of North Toronto showing location of Northmount, and also a complete lot plan of the property, are on view at the Head Office, all day Saturday, and thereafter. Call at Head Office and select your lot from plan, and make arrangements to go out and inspect the property.

est has been aroused to such an extent as to the exact species of the phytosaur that Prof. R. S. Lull of Yale University will make a further study of the specimen this winter.

The story of the discovery of the fossil is interesting. In the spring of 1910 a party of post-graduate students of geology at Columbia University set out on a prospecting trip to the Palisades, a formation of that region, with its red sandstone and shale, is extremely rare and to the geologist proves worthy of close study.

On the present occasion these students, J. E. Hyde, D. P. Condit and J. C. Boyce, stopped to rest at the foot of a low cliff of red shale, which rises ten or twelve feet above the water, and above an old dock at Shady Side, which extends along the water's edge for some distance. Here they took fragments of the weathered surface which they noticed on the weathered surface and made a rest of the specimen. The analysis confirmed their suspicion, and they brought the fragments and news to the Museum of Natural History.

\$10.00 REWARD We Will Pay You This Amount.

We are in the Real Estate business, and we want to get in touch with people who wish to buy property. You are sure to have several such people among your friends, and we want to be put in touch with them. Hand in their names and addresses to our box.

We Guarantee To Pay You \$10.00 Cash for the name of every one that makes a purchase through us. This is a bonafide offer, and although we are not publishing our name, The Toronto World can vouch for it.

ADDRESS, BOX 67, WORLD.

Here we recognized the fragments as pertaining to a large fossil reptile," says Dr. Matthews. "Barnum Brown and Peter Kelson of the museum quarried out the block containing the bone layer. Then, after some delay in negotiating with the owner of the property where the specimen was found, the fragments were secured and prepared for the museum by Charles Falkenbach, and the work required much skillful handling."

Another specimen of the phytosaur group of smaller size, discovered several years ago in a coal mine in North Carolina, has been placed on exhibition near the skeleton of the Fort Lee reptile, for purposes of comparison.

Couldn't Take His Place. Joseph F. Stone told a humorous experience while automobile riding, which, he said, illustrates the sarcasm which a woman is capable of when occasion demands, says The Milwaukee Sentinel. "We were going at an awful speed," he said, "didn't see the dog, but I heard his 'yip-yip' so I ordered the chauffeur to stop. Going back, we found a frazzled lady standing over her dead dog—one of the ugliest you ever saw. She met us with a tirade of remarks, telling us in no uncertain terms what she thought of us and automobilists in general, finishing up by calling us the murderers of her dog. It was then that I thought I would pacify her. 'Madam,' I said, 'I will replace your dog.' 'Sir,' she said in a freezing tone of voice, 'you had better yourself.'

Mining Stocks Continue on Down Grade—Trading Dull

Another Bear Raid in Progress Porcupines Go Still Lower

Mining Market Proves Vulnerable to Renewed Liquidation and Yields to Pressure—Beaver and Nip. Turn Weak

World Office, Friday Evening, Dec. 8. The mining exchanges were subjected to another bear raid to-day, and prices proved vulnerable in the majority of instances. In the Porcupine issues declines ranging from one to two points in the cheaper stocks to 25 points in the big securities were recorded, and it was significant that no material tendency toward recovery came evolved up to the close.

The market has been in the hands of the bears for some weeks now, and while it is becoming apparent that the public are better buyers at the lower values, it is not yet to be said that the demand from the outside interests has improved to the extent which seems warranted under the circumstances.

A good deal of bullish news has been forthcoming from the Porcupine camp during the last fortnight, but up to this time the market seems absolutely devoid of any interest in the announcements which have been made, and instead of responding to good news, stocks have become more inclined to ignore it.

Hollinger Leads Decline. Hollinger led in the decline to-day, with a further loss of 25 points to 111, on what was taken to be short profit-taking. Rea sold off to 32.50 early in the day, but rallied on short covering during the afternoon, and closed strong at 32.99, an advance of 7 points from last night.

The movement in the big issues was affected through the whole list, and losses were occasioned by almost every issue. Preston East Dome sold off to a new low level at 11 1/4, Dome Extension lost two points to 93 1/4, Swastika was off to 25, Pearl Lake was weak spot at 38, a decline of four points, and Taylor to 40, but made up half its decline at the close.

Crown Chartered held comparatively firm, losing only a small fraction in the face of the extreme weakness elsewhere. In the Cobalt, another decline in Beaver, which lost 2 1/2 points to 37 1/2, and a 10-point loss in Nipissing, which sold down to 27, were noted.

These two issues, which were dull and heavy, showed with sentiment undiminished by the further slump in values. The short interest has become too heavy at any time, and this of itself would quickly liquidate a run for the better.

Half Interest in Grassy River Property Brought \$120,000—Montreal Interests Take Option. PORCUPINE, Dec. 8.—(From Our Man Up North.)—The first big deal to be closed for claims in the Grassy River placer was consummated to-day, when Eugene Brassette, an old Klondike placer miner, sold to Bernard and Brewer of Montreal 51 per cent interest in ten claims in the Township of Grassy River, which are situated on the forty-nine per cent interest held by Brassette to be paid for in stock of a company to be organized. The option holders also took options on twelve other claims adjoining the Brassette holdings.

LAKE OF WOODS MINE WILLET COBALT MINING CO., Limited TO RESUME OPERATIONS

Nash Bay Property Will Be Re-opened—Had Promising Career In Its Early History.

KENORA, Dec. 8.—It is announced that another of the Lake of the Woods mines will be started up—a further indication that the Lake of the Woods district is to resume its position as a prominent Canadian producing gold field.

Work is to be resumed at the Nash Bay mine at Bagie Lake by the end of the month, the starting up only being limited by the time required to get in the necessary supplies and additional equipment. The Nash Bay Co. owns about 100 acres of proved property near Vermilion Station.

Before the mine was closed down, which was caused by some minor difficulties that have now been overcome, the main working shaft was down 75 feet. At the 50 foot level the vein was drifted on for 150 feet, the average value of the ore being \$3.50 a ton.

Three mill runs were made when the mine was working, showing that the ore is of good paying grade, and that it is the intention of the company to make a test run of this from a stamp mill at the Grace mine, half a mile away.

A sinking plant and other development machinery will be installed without delay, but it is not the intention of the company to start a stamp mill until the large ore bodies in the mine have been further exposed, so that gold bars can be produced continuously and economically.

The Nash Bay Co.'s treasury is understood to be sufficiently strong to put the mine on a paying basis. Much gratification is expressed here on the news that the mine is to resume operations.

THE BULGE IN SILVER. Recent Advance Was Purely an Artificial One—Some Anxiety Felt. That the recent advance in silver was a purely speculative one, and the situation is still in an artificial condition, is the trend of recent advices from London. It is stated that the silver market continues to be manipulated by Indian speculators and that ruling prices may almost be said to be artificial, inasmuch as, for the most part, they have been so far above those, either in India or China, the two silver using countries, as to prevent any genuine buying orders coming from those quarters.

NOW IT'S GOLD PEAK THE LATEST PORCUPINE. New Gold Mining Company Starts Out Well—Holds Twelve Porcupine Claims. Gold Peak promises to be one of the interesting new Porcupine floatations. An Ontario charter has been obtained, with a capital of \$1,500,000. The par value of the shares is \$1, and of the capital due provision has been made for the treasury by designating 600,000 shares for that purpose.

Work will be started on the Turnbull properties at once, and likewise on the Ogden claims under the supervision of Mr. B. E. Gordon, engineer of the Cobalt Lake Mine, who will act as consulting engineer. The directors of the company will consist of four Canadians and Mr. C. Rappalt of Switzerland, who will represent Swiss and American capital invested in the enterprise.

POTATO FAMINE IN U. S. NEW YORK, Dec. 8.—Importations of potatoes from abroad are beginning to arrive in this country, but from practically all the potato producing countries of the world reports show slack crops. "Holy Ghost" Leader Indicted. PORTLAND, Maine, Dec. 8.—(Can. Press.)—An indictment, containing six counts for the death of six of his followers in the cruise of the yacht Corona, was reported to-day by the grand jury of the United States District Court against Rev. Frank Sanford, leader of the Holy Ghost and U. S. Society. The trial of the Shillo leader was begun immediately.

CHILDREN'S SHELTER. The Tennant-governor has been invited to formally open a new children's shelter in Brantford on Wednesday afternoon next, and on Thursday afternoon he will go to Guelph on the same interesting mission. The children's aid movement has made great progress through the province, and all classes in the community assist in making it successful.

Commercial Reports

Wheat Market Closes Higher After an Early Break in Prices

Values Hammered Down By Bear Interest, But Bullish Argentine News Turns the Tide—Corn and Oats Weak

CHICAGO, Dec. 8.—Storms damaging crops in the Argentine had a bullish effect to-day on the market for wheat. The close here was firm with prices varying from the same as last night to 1-8c above. Corn showed a net decline of 1-4c to 3-8c to 1-2c, and oats a fall of 1-4c to 3-8c. In hog products, finish was irregular, ranging from 2 1-2c loss to 2 1-2c to advance.

Despite the appearance of strength in wheat near the end of the day the market most of the time had a leaning to the bear side. An opening advance, due in part to a bullish construction of the government report, was met by a good deal of selling pressure from speculators, who seized the opportunity to go short. The resulting decline brought out much long wheat, the property of the Argentine harvest.

An increase of 1,600,000 bushels in the stock of wheat on hand at that city, as compared with the week ago, had something to do with the pessimism which prevailed until late advices confirmed reports of injured prospects for the Argentine harvest.

Northwest Receipts. Receipts of wheat in cars at primary centres were as follows: Week Year Chicago To-day 21 22 16 Duluth 57 58 20 Winnipeg 54 54 1141 200

Winnipeg Inspection. Graded as follows: No. 1 northern, 16 cars; No. 2 northern, 30; No. 3 northern, 40; No. 4 northern, 40; No. 5 northern, 50; No. 6 northern, 50; No. 7 northern, 50; No. 8 northern, 50; No. 9 northern, 50; No. 10 northern, 50.

World's Estimates. The Liverpool wheat market has been closed for the week, exclusive of South America, with a total of 4,000,000 bushels against 4,000,000 bushels in the United Kingdom will aggregate about 4,000,000. He predicts a fair increase on past years, but not as large as last week's 10,912,000, and last year 15,300,000.

ST. LAWRENCE MARKET. Receipts of farm produce were 400 bushels of grain and 16 loads of hay. Berley—Four hundred bushels sold at \$1.00. Hay—Sixteen loads sold at \$1.21 per ton.

MONTHLY LIST OF INVESTMENTS

The Royal Securities Corporation issues monthly a list of Government, Municipal, Public Utility and Industrial Bonds, showing price and rate of interest. This list will be mailed to any individual, institution or estate upon request. It affords an excellent method of keeping in close touch with the bond market.

The name of any interested party will willingly be put on our mailing list.
