

2 1910  
WEDNESDAY  
FEB. 2nd.

**A SNAP FOR INVESTMENT**  
Your home brick house, Sherbourne street, near Leavelle, is for sale at a price of \$12,000. In good repair and rented to good tenants. Price, \$12,000; only \$500 cash.  
H. H. WILLIAMS & CO.  
26 Victoria Street, Toronto.

**PROBS: Light snow or rain; clearing and colder by night.**

**Montreal's New Mayor**  
HON. DR. GUERIN.  
Leader of the Reform forces, elected on Tuesday by 13,000 majority over Senator Casgrain.

**Less Than \$2 a Head For Y. M. C. A. Needs**  
Not an Extravagant Sum for Public to Give for Erection of Four New Buildings.  
For a city of over 200,000 the sum of \$60,000, or rather less than \$2 a head, seems rather the reverse of an extravagant sum to spend for the erection of four buildings for the Y. M. C. A. in the city of Montreal.

**City's Case Prejudiced.**  
Controlled by the Church and H. H. Dewar, K.C., causes us the city, last night for Ottawa, where they will do their best to protect the city's interests against the Hamilton and Waterloo companies from the west. With regard to the former, the outlook for preventing a surface entrance is good, but the civic department hopes to make an effective resistance to an underground approach, as the board of control of last year in consenting to an amendment of the City Charter, which would allow a radial bill so as to permit the Hamilton and Waterloo companies to come in by a subway or tube system has weakened the city's position, so far as absolute refusal of an entrance is concerned.

**The Men Behind.**  
The Toronto and Eastern Railway aims to have its main line from Toronto to Cobourg, with branches to Port Hope, Peterboro, Markham, Stouffville or Uxbridge, and also to Lake Simcoe or Lindsay. Its incorporators are: P. G. S. O'Brien, E. K. Kaiser, and Frank William Robson, all of Ontario; James H. Downey of Whitby and Ralph E. Mowbray, Kingston. It is capitalized at \$1,000,000. City Solicitor Johnson is not apprehensive that the powers, other than those to be granted, will be secured. Both the radial companies aim at securing the right of way for their electric power, to build telegraph and telegraph lines, etc. (As the Toronto Central Terminal Company's application along these lines was not only in compliance with an amendment in the City Charter, but also in accordance with the provisions of the present act.)

**Involves Provincial Rights.**  
Controller Church contends that last year's board of control made a grave mistake in consenting to an amendment whereby the Hamilton radial railway was allowed the right to enter the city at all. He thinks there is little hope of blocking the application of the Hamilton, Guelpch and Waterloo railway for power to use the right-of-way thus obtained. Last year's board, he asserts, entered into the agreement without consulting the city council.

**The Toronto and Eastern Railway** is asking powers which are virtually under the exclusive jurisdiction of the province. "I do not see why Premier Whitney and Hon. Mr. Fox are not up and doing. The company is seeking an infringement of the rights of the province, and the Ontario Government should protect against it at Ottawa. The railway is asking a lot of terms which it is distinctly the right of the province to deal with. The company has come to Ottawa for its charter because it wants to get a perpetual franchise which is in jeopardy at Queen's Park."

**To Help Montreal.** The city delegation also aid Montreal in its opposition to a Central Terminal Company bill, in return for the assistance given by Montreal in the past in the construction of the Montreal line. In a letter to the board of control, W. D. Lighthall, secretary of the Union of Canadian Municipalities, said the twin schemes "appeared to be parts of a very common process of some contractor or schemer connected with the J. P. Morgan financial interests of New York, trying to get Canadian franchises, water powers, etc."

**STRIKE ON MEXICAN RAILWAY.**  
EL PASO, Texas, Feb. 2.—According to figures given out here by members of the Order of Railway Conductors, 12.5 per cent of the American conductors and 88 per cent of the employees and dispatchers employed on the national railway of Mexico have agreed to resign in a body.

## CANDID CRITICISMS OF DEPT. OF LABOR

**Request for Engagement of Expert to Assist in Making Report Not Enthusiastically Received.**

OTTAWA, Feb. 2.—(Special.)—A curious situation developed to-day, and the members of the opposition found themselves divided upon it.  
Hon. Mackenzie King, minister of labor, moved a resolution calling for the appointment of Prof. Skelton of Queen's University, to get expert information for the purpose of the government bill to restrict the hours of labor on public works to eight per day. This resolution was brought in by a special committee to whom the bill had been referred, and some opposition members who spoke declared the department should be able to do this work. While R. L. Borden and some others admitted that the report of the committee should be received, according to custom, others refused to accept the report at all. On a vote the report was supported by 114 votes to 38.  
Mr. King said the labor department had been efficient to do the work, but they were busy.  
Mr. Blain argued that if the labor department did not already have the information the department was a failure. Mr. King remarked that Prof. Skelton had special information regarding judgments in other countries which the committee desire to obtain. Mr. Blain insisted that the justice department would have these judgments. Mr. King considered that the officers of the justice department were qualified in the case of the telephone investigation.

**Says Worst is Yet to Come.**  
Mr. Lennox said the work of the minister of labor so far had not been well done. He felt afraid of the practice of the department of the work of the conservation committee, he believed, would be doing, and what it proposed to do. Mr. Henderson described it as a "department to shirk labor," instead of a department of labor.  
Mr. Verville supported the resolution, and Dr. Reid affirmed that it was simply a political question between Mr. King and Mr. Verville.  
Col. Hughes carried the political satellites of the government "eclipsed by this young and brilliant luminary." The minister of labor had been engaged to do what any page in the house could do.

## THE OWNERSHIP OF ORE WORRIES SOME SENATORS

**Fearful That Amendment to Criminal Code Will Make It Unpleasant for Honest Men.**

OTTAWA, Feb. 2.—(Special.)—In moving the second reading in the senate to-day of an amendment to the criminal code, making it a punishable offence for a person to have precious ore in his possession, without being able to give satisfactory explanation of how he obtained it, Sir Richard Scott stated that there was similar legislation on the statute books of South Africa and West Australia. Some years ago when he had asked for a special enquiry into a certain matter, he had been told that the labor department was quite capable. E. B. Osler insisted that if they were given unreliable information they should go, as a rule, to a young university professor. The experience of men of business was that nobody was so utterly useless to give an opinion as the government. The bill was simply using the labor department as a buffer between it and the people.

**LONG-SUFFERING BARBER ACTS**  
Extra Prices for Saturday Hair Cuts and Once-a-Week Shaves.  
PITTSBURG, Pa., Feb. 2.—The union barbers of this city are after the woman who persists in sending her hair to have his hair cut on Saturday and the man who shaves himself thru the week, but goes to the barber shop at the end of the week, thus delaying business during Saturday rush.

**SIR THOMAS IS HOME.**  
MONTREAL, Feb. 2.—(Special.)—Sir Thomas Shaughnessy, who returned from Europe to-day, contradicts the report that Steamship Superintendent Piers has resigned, and that Hugh Allan is to reside in London and look after C. P. R. steamship matters. Apart from this the president of the Canadian Pacific had little to impart of public interest. Why? Why? branches here to-morrow from Winnipeg.

## A TANGLE.

## TYRANNIES OF THE LORDS IN DESTROYING LEGISLATION

**Is it Any Wonder That the Patience of Asquith and His Cabinet Has Become Exhausted?—Present Crisis Explained.**

Writing under date of Dec. 1, 1909, in the Review of Reviews for that month, William T. Stead described the British electoral situation as it then appeared. His article is instructive, since it shows clearly the character of the house of lords and the manner in which they have mutilated and rejected reform measures passed by a Liberal house of commons. Yet this is the chamber that J. B. Willison of The News upholds, and The Mail and Empire that J. B. Willison of The News upholds, and The Mail and Empire that J. B. Willison of The News upholds, and The Mail and Empire that J. B. Willison of The News upholds.

**Continued on Page 11.**

## SALVATION ARMY FARM

**One Thousand Acres Near Winnipeg to Be Utilized as Labor Supply Depot.**  
WINNIPEG, Feb. 2.—(Special.)—A thousand acre farm is to be established by the Salvation Army near the city for supplying a place for unemployed men to work, and as a centre for the farm laborers and domestic servants brought to the west by the army. Market gardening will form a big part of the farm work, and it is hoped to make the venture self-supporting.

## SIXTY-EIGHT DIE IN THIS MINE

**Mexican Explosion Has Horrifying Results—Total Loss of Life Unknown.**  
SAN ANTONIO, Tex., Feb. 2.—A despatch to The Express from Eagle Pass says:  
At nightfall, 68 bodies had been recovered from the Esau Mine of the C. Coahuila Coal Company, in the State of Coahuila, Mexico, where an explosion occurred to-day.

**Buy Furs Now for Next Year.**  
If you want to make a good investment before the season gets any older, we recommend you to put a little of your spare cash in furs. You will notice that the price of furs is steadily advancing, and that every indication leads us to conclude that there will be at least an advance of from eighty to one hundred per cent. before the end of the season. The big sale at D. King's now going on is your big opportunity. Everything is reduced in price.

**\$4000**  
We are offering for sale a distinctly modern, detached brick house of fine appearance, brick bay, pretty veranda; containing eight well-planned rooms; hot-water heating; cross hall; in good locality, handy to King, Queen or Roncesvalles cars. H. H. Williams & Co., 26 Victoria St., Toronto.

## MUTE EVIDENCE OF SCARRED TRACK

**How Derailment Probably Occurred—Railway Board Declines to Allow its Inspectors to Testify at the Inquest.**

SUDBURY, Feb. 2.—(Special.)—The coroner is at least getting closer to the nature of the derailment which precipitated the Spanish River wreck even if the actual cause be never learned.  
The experts and counsel engaged in the inquest got their first real look at the scene on the torn-up section this afternoon. General Superintendent Guelich sent an engine over the roadbed this morning to melt the snow, so that the marks made by the wheel flanges could be seen. It seems pretty clear that the forward truck of the first-class coach (the fourth car) left the track first at a point 333 feet east of the bridge abutments. It trailed along at an angle until it got so far out of line that it pulled the rear truck of the second-class coach off, 270 feet east of the bridge.  
Within 45 feet of the face of the abutment, the leading truck of the second-class car left the rails. The hind truck of this car was by this time considerably shifted north of the track and struck the bridge abutments, tipping over the bank. Relieved of this weight, together with the jolt of encountering the solid masonry, the car plunged diagonally across the bridge, tearing out a large bracing girder. The recoil from this impact drove the rear-end back thru the north side of the bridge. The car broke in two, and the half on the bridge caught fire. The first-class car started down the embankment at about 200 feet east of the bridge, dragging the diner and Pullman.

**May Have Been Truck Gear.**  
So much for the derailment. What caused it must be left to theory. The roadbed, tracks and wheels are conceded to be pretty fair, if not reasonably good. Eliminate these, and the only thing left would be for something to have become loosened on the truck gear, which might have dropped or remained hanging. The company are sending a committee to the scene of the wreck, and are intended to lead the board in protecting public safety by ascertaining whether the accidents are preventable. It is not the policy of the board to send its officials to disclose at inquests the information which it has so obtained for its own direction.

**Roadmaster's Evidence.**  
In the inquest to-day Roadmaster William Commrie, who was riding in the fireman's seat on the engine of the wrecked train, was given a pretty stiff examination. Section Foreman Joyce had notified him, about being short-handed, and he had supplied a helper the day after the wreck. He had never noticed a tie shift on the piece of right of way in question. There was 16 to 18 inches of ballast on the damaged track.

**How about shaws?**  
"They only shovel them out when it is necessary."  
"I understand there was quite a thaw on the day of the accident?"  
"There was no water lying on the tracks."  
"Now, Mr. Commrie, did Jerry Prox, the section boss you discharged early in January, ever complain about this section of track being bad?"  
"Yes; he had spoken of it, but not any more than any other portion of the section."  
"Was he ever denied a full complement of ties when he sent in a requisition?"  
"No; I think all requisitions were filled."

**Speed of Wrecked Train.**  
Asked about the speed No. 7 was travelling when wrecked, Mr. Commrie testified it was at 45 or 40 miles an hour. He admitted he had not observed the speed before the accident. He could say pretty certain, however, that it was not going 60 miles an hour.

**Speed of Wrecked Train.**  
"Where were you on the track when the emergency brakes were set?"  
"About 60 or 70 feet from the west end of the bridge."  
"Do you know how far you ran before stopping?"  
"No."  
Commrie said he walked over the up-turn tracks before the work of repairing had begun, but had paid no particular attention to their state. Later he noted flange marks on the ties about 400 feet east of the span, and it was at this point he believed the derailment occurred. He knew of nothing that would lead to a run-off, but he admitted that the rails had spread in his section occasionally.

**EXPRESS COMPANIES TO MERGE.**  
NEW YORK, Feb. 2.—It was said in authoritative circles to-day that the American Express Co. has purchased the Southern Pacific Railway Company's holdings of stock in Wells Fargo & Company, which is taken to indicate that a merger of the two express companies is under way.

The Toronto World

FOUNDED 1881. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO. Corner James and Richmond Streets. TELEPHONE CALLS: Main 5305—Private Exchange Connecting All Departments.

Readers of The World will confer a favor upon the publishers if they will send information to this office of any news stand or railway train where a Toronto paper should be on sale and where the World is not offered.

THURSDAY, FEBRUARY 3, 1910. THE WORLD VINDICATED.

Some three or four years ago The World criticized the condition of civic affairs in Montreal and said it was under the control of a gang of boodling aldermen, and gave good reason for its belief. Owing to the condition of the liberal laws of the Province of Quebec, it was an easy matter for the Montreal City Council to pass a resolution the consequence of which was that The World was sued for libel and ordered to defend itself in the Province of Quebec, where everything is against an outside paper, and where it would have been easy to put The World to enormous expense and probably large damages. The World had to make the best settlement and apologies it could, whether what The World said was true or not. The aldermen put out of office by the vote of the citizens of Montreal on Tuesday of this week were the same gang that disgraced Montreal some years ago. They have at last been executed by the citizens for boodling, for misconduct and for robbing the city of one-fifth of its revenue.

TWO VIEWS OF JT. Quite a number of citizens and some aldermen and members in the legislature are afraid of a street railway expropriation, because we might have to pay a good figure to get possession of the franchise now. They say further that if we waited until the franchise expires—12 years hence—we will get it for junk prices.

There are two views of that, one is that if you give the Toronto Railway twelve years more to scheme and waylay the city they will have the franchise made almost worthless by radial franchises and independent franchises and underground entrances for so-called steam or radial lines. For instance, they are interested in the so-called Toronto and Hamilton road that is seeking for an entrance to the city to-day before the railway committee at Ottawa. The Canadian Northern has an entrance down the Don and almost to the St. Lawrence Market, near Front-street. This C. N. R. line could be electrified, will be electrified in a few months, and the Metropolitan could easily be brought down to it to the market. The C. N. R.'s Toronto and Buffalo line now has a right of way from the northwest bound of the city at Davenport right alongside of the C. P. R. line almost to Yonge-street, where it would join the Metropolitan, and from Yonge-street east to the C. N. R. line in the Don. When these are connected up the traction interest that now control the Toronto Railway will have a belt line almost around the city, from the Don, along Front-street to St. Lawrence Market. The Kingston-road trolley will have a connection with the C. N. R.'s Toronto and Ottawa line, now being built, and it will get by the same route to St. Lawrence Hall. So will the Davenport-road line and, so the Lake Shore radial if the Toronto and Hamilton can force a tunnel entrance to say the city hall.

As all these radials and steam roads are in one management, they will be able to have the city franchise pretty well weakened if they cannot capture it. Their policy is to capture, if not, weaken it.

The only possible way to head off this affair is to get the Toronto Railway now and begin at once to extend it and improve it on big lines, and to make a universal right of way over it for all radials, so that all these radials shall be contributory to the city and not rivals on independent lines.

Every day's delay makes the situation worse for the city. Whereas if we get started right now, Toronto will soon be on the high road to freedom and have a high-class local traction service.

corn, with an almost unbroken series of deficits giving way to a balance on the right side of the ledger. This year's budget statement is particularly gratifying. For the ten months of the year there is a surplus of receipts over expenditures of \$682,000, which was made possible by an addition to the earnings of \$442,000 and a reduction of the working expenses of \$757,000. This large reduction in the cost of running the people's railway must have been brought about by lopping off many of the 'dead branches' in the past opponents of public ownership have pointed to the army of useless officials who have encumbered the payroll. It was said that thousands of party workers had been loaded on the railway at the country's expense and to improve the fortunes of the politicians thru whose constituencies the road passed; and moreover, it was said that in the purchase of supplies former managers had considered not so much the welfare of the railway and its earnings as the effect the awarding of contracts for supplies would have on the general election. If Mr. Graham has lessened the expense of running the railway by abolishing the patronage system and reducing the working staff to the actual needs of the road he has done well. The World has lessened the expense of running the railway by abolishing the patronage system and reducing the working staff to the actual needs of the road he has done well. The World has lessened the expense of running the railway by abolishing the patronage system and reducing the working staff to the actual needs of the road he has done well.

INVESTMENT BASIS

Some Underlying Conditions of Sterling Coal Company Securities. In making permanent investments the buyer desires to be assured that his investment will not only yield a fair income, but will be safe and have room to increase considerably in value. The properties of the Sterling Coal Company, Limited, whose securities are being offered by advertisement in the papers, are, it is pointed out, located in the industrial centre of the United States, where demand for their output is immense and steadily growing. This being the case, it is stated that coal lands must inevitably show steadily enhancing values because, while the supply is actually huge, it is in a sense being hoarded.

It is said that altho the Sterling Coal Company properties have exceptional facilities—including favorable freight rates for transportation to the coast—yet they have been acquired on very advantageous terms, having been arranged to be bought during the dull period for coal mining in 1908 and 1909, which to some extent coincided with and to some extent followed the bad commercial year 1908. The properties include three electrically equipped mines, and two other working mines not electrically equipped, the average cash purchase price having been less than \$25 per acre, the land having been the advantage of having several thousand acres under lease at very much lower rates than obtained generally in Canada, there being no royalty to the state. It is stated that the Sterling Coal lands have been acquired on a very low basis considering their intrinsic value, and prices at which coal properties stand in other American companies. The bonds constitute a first mortgage upon all the properties, and have a sinking fund provision of 2 per cent. annually, commencing Jan. 1, 1912. The bonds are redeemable at 105.

Mr. Charles Fergie, consulting engineer, Montreal, who examined the property on behalf of the purchasers, and whose report would, therefore, tend to conservatism, states that there is sufficient coal in sight to permit a coal output of 1,500,000 tons per year, which is below the average price which he shows earnings exceeding 7 per cent. on the \$2,500,000 of capital put on the property. The interest, sinker after providing for depreciation, etc., and after completion of the program for equipment and development under the company's plans.

If the output is increased to 1,500,000 tons, which would seem a reasonable expectation, it is claimed that earnings would show a much larger return upon the stock.

THE TORONTO GENERAL TRUSTS CORPORATION. At the twenty-eighth annual meeting of the Toronto General Trusts Corporation held yesterday the directors submitted to the shareholders a report which has been received with a very satisfactory report. That the conservative policy adopted during the year by this corporation and the character of the new work it assumes, and its method of investments, continues to hold the confidence of the public, is certified by the fact that the new business assumed during the year totals \$3,600,000, and by an increase in the total amount of business now in hand of nearly \$28,000,000.

RETIRING FROM THE RETAIL JEWELRY BUSINESS. OUR ENTIRE STOCK TO BE SOLD AT AUCTION. DIAMONDS, WATCHES, JEWELRY, SILVERWARE, CUT GLASS, ETC. Must go at Once. Your Chance of a Lifetime. Don't Miss It. Sales Daily 10 a.m. to 1 p.m. 1.30 p.m. to 5 p.m. Saturday 9 a.m. to 5 p.m. Until Stock is Sold. AMBROSE KENT & SONS, LIMITED Jewelers 156 YONGE ST.

AT OSGOODE HALL

ANNOUNCEMENTS. Osgoode Hall, Feb. 2, 1910. Motions set down for single court for Thursday, 3rd inst. at 11 a.m.: 1. and 2. Re Clonty Thresher Co. 3. Warren v. Litch. 4. Barthelme v. Barthelme. 5. Re Featherstone. 6. Delabough v. Currie.

Peremptory list for divisional court for Thursday, 3rd inst. at 11 a.m.: 1. De v. Lloyd (to be continued). 2. Morgan v. Graves. 3. Blair v. Butler. 4. McMurray v. S.S. No. 3, Niagara. 5. Federal Life v. Siddall. 6. Re Tilbury North and Essex.

Peremptory list for court of appeal for Thursday, 3rd inst. at 11 a.m.: 1. Marsh v. Star (to be continued). 2. Dreary v. Percival. 3. Walker v. Carigan. 4. Cowie v. Cowie.

Non-Jury Assize Court. Peremptory list for non-jury assize court, before Chief Justice Mulock, Thursday, Feb. 3, at city hall, at 10.30 a.m.: 1. Carter v. Carter. 2. Sheehy v. Sheehy. 3. McKinnon v. Arnold.

Jury Assize Court. Peremptory list for jury assize court, before Justice Latchford, Thursday, Feb. 3, at city hall, at 10.30 a.m.: 1. Wright v. Toronto & York Radial. 2. Casburn v. Stewart. 3. Richardson v. Toronto Railway.

Master's Chambers. Before Cartwright, K.C. Master. Copland Brewery Co. v. Waterhouse, Ebbes v. K. Smyth, K.C. for plaintiff, moved for order renewing writ of summons. Order made.

Before Cartwright, K.C. Master. Ontario Bank v. Hamilton—Davidson (Ontario Bank v. Hamilton—Davidson), for plaintiff, moved for order vacating certificate of its president on Hamilton property. Order made.

Before Cartwright, K.C. Master. Sovereign Bank v. Rance—W. Proud, for defendant, moved to amend statement of defence and for commission. Order to go for amendment.

Before Cartwright, K.C. Master. Re White Mortgage and Trustee Relief Act—W. J. Boland, for mortgagee, moved for leave to set aside, in part, order made for payment in full of costs, fixed at \$20. Notice to be given to parties, some of whom appear to be entitled thereto.

Before Cartwright, K.C. Master. Harris v. Wishart—W. J. Boland, for defendant, moved for order for commission to examine plaintiff, J. M. Ferguson, for plaintiff, contra. Order to go as asked.

Before Cartwright, K.C. Master. Claxton v. Mossop—S. W. Burns, for plaintiff, moved for particulars of statement of defence. E. Aylesworth, for defendant, asked enlargement. Enlarged until 7th inst. Time for setting down shortened by 2 weeks.

Before Cartwright, K.C. Master. Macintosh, for relator, moved for fiat for service of notice of motion to set aside election of mayor and councillors of Town of Vankleek Hill. Fiat granted.

amount. Costs in discretion of referee. Matthews v. Mackay—T. J. Monahan, for plaintiff, moved for judgment against two defendants on consent, and against one defendant who has been noted in default, and the pleadings closed against them. Judgment declaring that the mortgage registered forms a cloud on plaintiff's title, and ordering it to be removed from the register. Costs to be paid out of the defendants' fund. Ferguson and Borsari, contra. Trial.

Before Britton, J. Wilson v. Hicks—W. E. Middleton, K.C., and J. M. Best (Seaford), for plaintiff, W. Proudfoot, K.C., and F. K. Homes, for defendant. Plaintiff placed an endorsement insuring on his life in the Mutual Life Insurance Company for \$500, and by a subsequent writing appointed defendant Emma Hicks, beneficiary under the said policy, and Helen Louise Young, his beneficiary, but was told that the policy was not at liberty to change. The policy matured on 26th December, 1908, and Emma Hicks claimed the said money, and that the assignment made by the plaintiff to defendant was effectively revoked, and that the money in court in this action be paid out to plaintiff. Defendant's costs to be paid out of this money by plaintiff. Thirty days stay.

Divisional Court. Before Meredith, C.J., Teetzel, J., Clute, J., Anderson v. Alcock (H. J. Clute, for plaintiff, moved for leave to appeal from the District Court of Keenora, notwithstanding time for doing so having expired, and for judgment of plaintiff, contra. Upon payment by defendant to plaintiff of costs of this motion, leave to appeal as asked. The granting of this motion is not to affect the execution of the writ of attachment in force of judgment of plaintiff. Appeal from H. J. Clute v. H. J. Clute, on appeal from judgment of Meredith, J., of 18th November, 1909. D. L. McCarthy, for plaintiff. Adjoined to next sittings of court, and to be then placed at foot of list.

Before Meredith, C.J., Teetzel, J., Clute, J., Anderson v. Alcock (H. J. Clute, for plaintiff, moved for leave to appeal from the District Court of Keenora, notwithstanding time for doing so having expired, and for judgment of plaintiff, contra. Upon payment by defendant to plaintiff of costs of this motion, leave to appeal as asked. The granting of this motion is not to affect the execution of the writ of attachment in force of judgment of plaintiff. Appeal from H. J. Clute v. H. J. Clute, on appeal from judgment of Meredith, J., of 18th November, 1909. D. L. McCarthy, for plaintiff. Adjoined to next sittings of court, and to be then placed at foot of list.

Before Meredith, C.J., Teetzel, J., Clute, J., Anderson v. Alcock (H. J. Clute, for plaintiff, moved for leave to appeal from the District Court of Keenora, notwithstanding time for doing so having expired, and for judgment of plaintiff, contra. Upon payment by defendant to plaintiff of costs of this motion, leave to appeal as asked. The granting of this motion is not to affect the execution of the writ of attachment in force of judgment of plaintiff. Appeal from H. J. Clute v. H. J. Clute, on appeal from judgment of Meredith, J., of 18th November, 1909. D. L. McCarthy, for plaintiff. Adjoined to next sittings of court, and to be then placed at foot of list.

Before Meredith, C.J., Teetzel, J., Clute, J., Anderson v. Alcock (H. J. Clute, for plaintiff, moved for leave to appeal from the District Court of Keenora, notwithstanding time for doing so having expired, and for judgment of plaintiff, contra. Upon payment by defendant to plaintiff of costs of this motion, leave to appeal as asked. The granting of this motion is not to affect the execution of the writ of attachment in force of judgment of plaintiff. Appeal from H. J. Clute v. H. J. Clute, on appeal from judgment of Meredith, J., of 18th November, 1909. D. L. McCarthy, for plaintiff. Adjoined to next sittings of court, and to be then placed at foot of list.

Before Meredith, C.J., Teetzel, J., Clute, J., Anderson v. Alcock (H. J. Clute, for plaintiff, moved for leave to appeal from the District Court of Keenora, notwithstanding time for doing so having expired, and for judgment of plaintiff, contra. Upon payment by defendant to plaintiff of costs of this motion, leave to appeal as asked. The granting of this motion is not to affect the execution of the writ of attachment in force of judgment of plaintiff. Appeal from H. J. Clute v. H. J. Clute, on appeal from judgment of Meredith, J., of 18th November, 1909. D. L. McCarthy, for plaintiff. Adjoined to next sittings of court, and to be then placed at foot of list.

Before Meredith, C.J., Teetzel, J., Clute, J., Anderson v. Alcock (H. J. Clute, for plaintiff, moved for leave to appeal from the District Court of Keenora, notwithstanding time for doing so having expired, and for judgment of plaintiff, contra. Upon payment by defendant to plaintiff of costs of this motion, leave to appeal as asked. The granting of this motion is not to affect the execution of the writ of attachment in force of judgment of plaintiff. Appeal from H. J. Clute v. H. J. Clute, on appeal from judgment of Meredith, J., of 18th November, 1909. D. L. McCarthy, for plaintiff. Adjoined to next sittings of court, and to be then placed at foot of list.

Before Meredith, C.J., Teetzel, J., Clute, J., Anderson v. Alcock (H. J. Clute, for plaintiff, moved for leave to appeal from the District Court of Keenora, notwithstanding time for doing so having expired, and for judgment of plaintiff, contra. Upon payment by defendant to plaintiff of costs of this motion, leave to appeal as asked. The granting of this motion is not to affect the execution of the writ of attachment in force of judgment of plaintiff. Appeal from H. J. Clute v. H. J. Clute, on appeal from judgment of Meredith, J., of 18th November, 1909. D. L. McCarthy, for plaintiff. Adjoined to next sittings of court, and to be then placed at foot of list.

Before Meredith, C.J., Teetzel, J., Clute, J., Anderson v. Alcock (H. J. ADDRESS BEFORE SUPPLY-SAY LABOR AND IRISH

Will Be Their Motto When Parliament Assembles—Times Says Laborites Are Vindictive.

(Canadian Associated Press Cable.) LONDON, Feb. 2.—The Times notes that the Labor party is particularly in "rather a vindictive frame of mind,"

and thinks the government might yet find its best friends amongst the Unionists.

The opposition press is full of suggestions for a mild reform of the Lords. Liberals attribute this attitude to the overwhelming nervousness respecting the constitutional developments.

They laugh at the suggestion of internal reform of the upper chamber, which the Mail to-day says is the true solution of the crisis.

The moderate members of the party, who counsel caution, are likely to be satisfied with making so bold a venture. Redress before the supply, is their motto.

Phil Snowden writes The News that Tory Laborites do not desire to embarrass the government, recognizing that the cause of reform is bigger than party, and says the government unemployed scheme is practical, scientific and statesmanlike.

A CAUSE FOR WAR Turkey's Threat in Regard to Crete and Greece.

CONSTANTINOPLE, Feb. 2.—The Greek minister to-day visited the Porte and protested against the anti-Greek tone of several of the Turkish newspapers.

The minister of war has requested the press to abstain from publishing anything relating to military affairs.

It is declared that the Turkish Government has informed the powers protecting Crete that if the Greeks go to the Greek National Assembly this will be regarded by the Porte as a casus belli.

British Minister Attacked. ATHENS, Feb. 2.—The Acropolis makes a remarkable attack on the British minister, Sir F. E. H. Elliott, alleging that he is encouraging the king's antipathy to a national assembly.

"Happily," says the paper, "the king's patriotism caused him to reflect and accept what all Greece desires."

FIRST CARGO OF NEW TREATY St. John Importers Are Saved Hundreds of Dollars.

ST. JOHN, N.B., Feb. 2.—(Special.)—Collector Dunn of the St. John custom house said to-night that local importers would save hundreds of dollars duty under the new French treaty on the cargo of the Allan liner Corinthian, which entered the custom house to-day.

There was at first some doubt as to whether the Corinthian reached here in time for the new schedule to apply. Coming from London, Havre, she brought a large and valuable cargo for New Brunswick importers.

The arrival of the Corinthian of the London and Havre service inaugurates a revised schedule whereby the Halifax call on the inward voyage will be discontinued, steamer's coming direct to this port.

JAPAN'S NEW NAVY Twenty-One Warships Are Being Added to the Fleet.

VICTORIA, B.C., Feb. 2.—Twenty-one warships are to be built for addition to the Japanese navy by 1915 under the new program, according to advice brought by the Awa Maru to-day. Eleven, including four Dreadnoughts, are to be built in Japan. The others are five cruisers and two dispatch boats. The rest are about to be laid down.

KNIGHT MOTOR GETS TROPHY. Royal Automobile Club of Great Britain and Ireland Awards Honor.

Automobile owners will be interested in the announcement that the celebrated Dewar Challenge Trophy has been awarded by the technical committee of the Royal Automobile Club of Great Britain and Ireland to the Silent Knight engine. As this trophy is awarded for the most meritorious performance of an automobile engine during 1909, it is one that naturally is highly coveted.

This award is recognition of the record made by two Knight motors submitted by the Daimler Company for tests of over 100 hours continuous running on Brooklands track in addition. The tests are considered the most severe to which a motor has ever been subjected. Added interest attaches to this award in view of the recent lecture on the Knight Motor in Convocation Hall by its inventor, Mr. C. Y. Knight. Mr. Knight explained at some length the character of the tests, as a result of which the Dewar trophy has been awarded, and stated that altho the Daimler Company issued a challenge to all manufacturers of puppet valve engines, to produce a motor that could equal the Knight record, the challenge has never been taken up.

The "Silent Knight" is the engine for which the Russell car has secured the manufacturing and selling right in this country.

PROSPEROUS CHURCH. The annual business meeting of the Davenport-road Presbyterian church was held last night. Reports from the different organizations were of a very gratifying character. The total membership of all sources being approximately \$3000. During the year the debt on the church has been decreased by \$1412. The total membership in good standing is 155, and the Sabbath School has 900 on the roll.

When neighbors first arrived the house was on fire and Behrante was running about in his night clothes.

Public Amusements

"Dick Whittington." Evidently the Shuberts do not regard the present season as an "off one" for theatricals, as their production of "Dick Whittington," the original London (Drury Lane) spectacle, to be seen at the Royal Alexandra next week, would, from the huge size of this play and the large number of people required to interpret the story, indicate that they are satisfied with making so bold a venture.

The first two performances of "Dick Whittington," which occurred at New Haven previous to the Boston opening, proved to the Shuberts that the play would be, as far as they were concerned, an artistic success. Whether or not, however, the Boston public would support the play was another question. This doubt was soon dispelled, for "Dick Whittington" has been, from all accounts, well received by Boston theatregoers.

"Dick Whittington," as it stands to-day is looked upon as the largest stage entertainment ever seen in America, with the exception of the spectacles at the New York Hippodrome. Pantomimes have not proven profitable in America, and in bringing from London the scenery and costumes and appointments used in the Drury Lane Theatre, when "Dick Whittington" was produced there last Christmas, the Shuberts decided to revise the book, making the play more modern. Seats are now on sale.

Sir Charles Wyndham. Sir Charles Wyndham, the distinguished actor knight, who with Mary Moore, will be seen at the Princess Theatre next week in "The Mollusc," is the only play to be seen in America since the death of Sir Henry Irving to receive the favor of the King. Sir Charles was knighted by King Edward VII in 1902. Sir Herbert Beerbohm Tree the only other actor, who has been so honored. Sir Charles, aside from his ability as a comedian, ranks foremost in the world of art and letters. He was graduated and studied medicine, and served a brief period as an army surgeon. In the theatrical field his endeavors have had a decidedly uplifting effect.

Albert Chevalier Coming to Shea's. Manager Shea has as a headliner at Shea's Theatre next week the great English character actor, Albert Chevalier. This is his first appearance here in five years, and his welcome will be warm. All over the English-speaking world Chevalier is known. Other feature acts included in next week's big bill are: The Nichols

not often to be met with in the present day, is proving itself a magnet so that drawing powers are concerned, this week at the New Majestic Music Hall. Mr. Williams, who is sharing the headline honors with Miss Nellie Wallace, a well-known English ballet, delineates famous characters from Dickens' novels, such remarkable characters requires acting far above the average, and the impression given by Mr. Williams ranks among the greatest creative efforts of modern stage history. The attention of the playgoer is ever focused on Mr. Williams while he portrays the characters. Miss Wallace, securing an individual hit with her budget of new character songs. Her grasp of ecclesiastical methods is most complete.

Great Bohemian Show. Two of the young women principals of the Great Bohemian Show, which comes next week to the Gayety Theatre, Misses Florence and Fay Gogarty, are southern girls and daughters of a prominent Georgia plantation owner. Hattie Dixie, on the contrary, is a real Yankee girl from New Hampshire, and Lillian Herndon, a sweet-voiced singer, hails from Missouri.

Miner's "American Burlesquers" will be the attraction at the Star next week, and the patrons are promised a distinct novelty in the style of entertainment, offered by the usual burlesque companies. Instead of the hackneyed old style of first party olio, and then a burlesque, four short musical burlesques, with plenty of good wholesome comedy, and an olio of real vaudeville acts interspersed between will constitute the program offered.

INSANE ON CHRISTIAN SCIENCE Former Prominent New York Broker Ends Life While Crazed.

NEW YORK, Feb. 2.—Hospital attendants using grappling irons in the East River this afternoon revealed a tragedy. Henry Pennington Toler, a Princeton graduate, former Wall-street broker and Christian Scientist, had eluded guards on Ward's Island, where he had been confined in an insane asylum since July, and plunged into the river.

Toler became violently insane last summer, after controversies with factions in the First Church of Christ, Scientist, in this city. Christian Science so interested Toler that he abandoned his brokerage business several years ago, gave much of his money to the church and finally became a first reader. Then he became possessed of the hallucination that the upper part of Harlem belonged to him and Mrs. Mary Baker C. Eddy. He organized a movement to recover property valued at \$3,000,000 for the purpose of establishing New Jerusalem.

His project failed, his fortune dwindled, his wife left him and his complete mental collapse followed.

DOMINION CATTLE BREEDERS. At the annual meeting of the Dominion Cattle Breeders' Association at the Walker House last night, a resolution was passed, commending a bill of the Ontario Government in taking over the Ontario Veterinary College, and also for the legislation passed in the interest of raising the standard of the veterinary profession.

Another resolution urged the Canadian National Exhibition to construct a live stock arena without delay.

John Gardhouse, High Sheriff, was appointed general director and Prof. G. E. Day, Ontario Veterinary College, as its representative on the board of directors composed of representatives of the various stock-breeding associations.

ANOTHER NEW YORK MURDER. NEW YORK, Feb. 2.—Another murder mystery for the police to solve was furnished to-night when an unknown Italian, walking peacefully along West Broadway, was shot and killed by a man who jumped out from behind a Sixth-avenue fire hydrant, fired one shot, and disappeared in a maze of tenement hallways.

PHYSICIAN MURDERED. AUGUSTA, Ga., Feb. 2.—Charles W. Hickman, one of the most prominent physicians in the south, was found dead from gunshot wounds at 10 o'clock to-night on the street of Summerville, the fashionable suburb of Augusta. His pockets had been rifled and his watch had been torn from his vest.

The Peruvian cabinet resigned yesterday, but continued in office after congress had adopted a vote of confidence.

Mason Had Salt Rheum ON HANDS FOR YEARS—COMPLETELY CURED FIVE YEARS AGO BY DR. CHASE'S OINTMENT

There is nothing worse for eczema and salt rheum than cold water. For this reason many people are afflicted in cold weather only.

No class of men suffer more from such ailments than bricklayers and stone masons, and this fact makes the accompanying letter particularly interesting:

Mr. John W. Naas, stone mason of Lunenburg, N.S., writes: "I was a great sufferer from eczema and salt rheum for years and could get nothing which seemed to be of any real benefit. Five years ago I got a box of Dr. Chase's Ointment and three boxes of Dr. Chase's Kidney and Liver Pills and my trouble never returned. My skin became as soft and smooth as a baby's after using Dr. Chase's Ointment, and I shall always say a good word for it."

Very few people suffer from skin affections in the cold weather and by one thing after another without obtaining the marked and lasting benefit which comes with the use of Dr. Chase's Ointment.

Chilblains and frost bites are quickly relieved and cured by the wonderful soothing, healing influence of Dr. Chase's Ointment. Chapped and irritated skin becomes soft and smooth. Each and every form of itching skin disease is thoroughly cured. Dr. Chase's Ointment, 60 cts. a box. All dealers; or Edmondson, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Recipes.

LOUISE DRESSLER. In the big musical extravaganza, "Dick Whittington," Royal Alexandra, next week.

Sisters, the Kentucky Belle, Oscar Lorraine, the proteau violinist; Brady and Mahoney, the Hebrew and the foreman; Wentworth, Vesta and Teddy, comely acrobats and champion dog, and the kindergarten.

Fiske O'Hara. Fiske O'Hara, with his genial manner, magnetic influence and sweet tenor voice, will be welcomed at the Grand next week, when he makes his appearance in this city in his new production of "The Wearing of the Green," said to be the very best effort of Theodore Burt Sayre, the well-known Irish playwright. He has a number of song successes this season, among which "Eyes of Irish Blue," "A Gay Gossoon," "The Irishman's Toast" and "Norah McNamara."

New Majestic Music Hall. Mr. Brasby Williams, the eminent English actor, credited with a genius

WHITBY SAW THE COMET

Whitby Saw the Comet. G. E. Coultis of Whitby writes that a comet was plainly visible in Whitby last Friday night, showing a brilliant tail, pointing straight up, and then curving slightly to the south. It was also dimly Saturday night.

NO AGREEMENT REACHED

No Agreement Reached. Negotiations have been under way some time between the authorities of the Township of York and the Trustees of Mount Pleasant Cemetery, under the provisions of an act passed at the last session of the legislature, for the acquisition, by the township, of the road through the cemetery to connect the eastern half of North Toronto with Yonge-street. Terms have not yet been agreed upon, and as a time limit of one year was placed by the legislature for the negotiations, the township is asking for an extension. It is thought that expropriation may have to be resorted to.

WHITBY SAW THE COMET

Whitby Saw the Comet. G. E. Coultis of Whitby writes that a comet was plainly visible in Whitby last Friday night, showing a brilliant tail, pointing straight up, and then curving slightly to the south. It was also dimly Saturday night.

## COUNTY COUNCIL AT WORK ON EQUALIZATION

### Big Problem Before This Year's Session—County News From Many Points.

The members of the York County Council, from a spectacular point of view, did not make much of a showing yesterday but from a business aspect more good work was accomplished than in the whole week preceding. They were in equalization committee, and early in the week with a devotion to duty which would have put to blush the legislature in

REEVE R. P. COULSON  
Of Stouffville, one of the York County Commissioners.

Queen's Park. To-day it is expected that the heavy work of the January session will be well under way. To-night the county council are the guests of the Town of Sutton, and will leave the city on a special train leaving the C.P.R. crossing at 4 o'clock, and returning, leave Sutton at 11 o'clock. There was a keen contest this afternoon for the position of Industrial Home commissioners. Jonathan Nish and D. C. Longhouse being chosen by their fellow-members.

Dr. J. A. Macdonald was chosen trustee for Markham High School, and Mr. Harner for Aurora High School.

WEST TORONTO. Feb. 2.—Ralph M. Devlin, son of James Devlin, corner of Keele and Dundas-streets, met with a serious accident to-night. About 3 p.m. he was crossing a bob-sleigh down the ravine between Humberdale-avenue and the Littleton street bridge, and when his foot caught in a hole and he sustained a Pott's fracture of the right leg, near the ankle.

The congregation of Withoughby-avenue Baptist Church accorded a splendid reception last night to their pastor, Rev. Alexander Emrie, and Mrs. Emrie. The church was beautifully decorated with flowers, while the program consisted of speeches, songs and refreshments, the latter being served by the men of the congregation, assisted by the Young People's Society. There was a large attendance.

The annual meeting of the Amnetic-nist Baptist Church was held to-night. Officers were elected and list of business transacted.

SCARBORO JUNCTION. Feb. 2.—(Special.)—The meeting of the Scarborough Junction branch of the East York Women's Institute, held yesterday, was a great success. There was a good attendance. Mrs. Hamlin gave some excellent pointers on "Home Nursing," and Mrs. Bolton prepared some most appetizing egg dishes, while Mrs. Dodd at whose residence the meeting was held, gave an excellent paper on "How to Keep the Boys and Girls in the Sunday School." The meetings will be held regularly on the first Tuesday of each month, and all are invited. Mrs. F. E. Walton is secretary-treasurer.

THORNHILL. Feb. 2.—(Special.)—Court Union, A.O.F., have installed the following officers: C. R. D. Fuller, S.C.R., H. Simpson, treasurer, J. E. Franklin, secretary, A. Pearson, S.W., G. A. Pearson, S.H., E. Carney, J.B., P. Simpson. After the meeting a banquet was held at which the members and their lady friends spent a very pleasant hour.

A very entertaining and sportsmanlike game of hockey took place here on Monday evening between the Newmarket and home teams, the Thornhill boys placing another game to their credit, by a score of 4 to 2.

## NORTH TORONTO.

At a meeting of the executive of the Ratepayers' Association, held to-night, it was decided to discuss at the next meeting on Saturday night, the question of heat, light and power, with respect to the Hydro-Electric. The suggested action is to have a board of health, and their contemplated plan to disallow septic tanks, will also come under the consideration of the members of the association.

There will be a congregational meeting of the members of Davisville Methodist Church to-morrow night, when the members of the public school board will meet in Eglington School on Thursday evening.

EAST TORONTO. Feb. 2.—(Special.)—The funeral of the late Dennis O'Connor took place to-day at 10 o'clock, the service being taken east on the early morning G.T.R. train. Prior to the forwarding of the remains on the train, services were held in St. John's Roman Catholic Church.

The pallbearers were Mr. Brownie McMillan, Mr. P. P. Peach, Mr. Handy and Mr. Mills. The chief mourners were the widow, three sons and a daughter.

## NEIGHBORS GOOD TO HIM

### Fix Up Damaged Home of Man Who Suffered by Gas Explosion.

GALT, Feb. 2.—(Special.)—Mrs. R. Carrick, a widow, was found dead to-day by her son, James. The Commercial Hotel at Hespeler was burglarized last night.

The finding of the coroner's jury is that the fatal gas explosion at the Easton home, which directed attention to the main, and that the Dominion Natural Gas Company is responsible. Suits for heavy damages will be entered by survivors of the three victims, and it is said leading citizens have subscribed funds to aid the claimants. Neighbors of James Bastin, whose wife and daughter lost their lives yesterday, and when the bereaved owner went to take up residence again he found the place comfortable and an inviting supper prepared.

## ONTARIO FRENCH-CANADIANS

### Will Ask for Increased Facilities for Bilingual Schools.

A movement is on foot in the French settlements of Ontario looking to better facilities for the teaching of the English language to French pupils, and it is probable that a bill will be introduced at the present session embodying the required legislation. It is reported that a deputation from Eastern Ontario will shortly wait on the minister.

The people behind the movement desire the establishment of more model training schools for teachers, to equip them with the ability to more effectively instruct French pupils in English. It was pointed out by a French member of the legislature yesterday speaking to "The World," that owing to the inability of English teachers to converse fluently in French, the instruction was largely lost so far as the French children were concerned. "The French in order to teach them English as well as other subjects, and the aim is merely to supply bilingual teachers to districts needing them."

Failed to Shovel the Snow. There were 37 snow cases in the afternoon court yesterday. The cases were settled out of court. Among those who appeared before the magistrate and were fined one dollar without costs was P. C. L. Harris, managing director of the Toronto Humane Society.

Very Amateur Sleuth Sentenced. Hamilton Knox, a youth, with black Clever instincts, was fined \$40 and costs or three months in the Central by Magistrate Denison yesterday on the charge of vagrancy. Knox has been to mass himself off on the public as a relation to one of the well-known detectives. He fled this scheme both at St. Michael's Hospital and in the waiting room of the R. Simpson Co. and not away with it until caught. He had also to face the charge of picking the pocket of Zed Galsby, who declared that Knox was the one who relieved him of \$10. The case was adjourned to allow the accused to get witnesses.

Australia Wants Settlers. LONDON, Feb. 2.—(C. A. P.)—A despatch from Melbourne says the Victorian Cabinet has adopted a scheme for settling 40,000 British and American agriculturists on irrigation blocks within two years. It will be arranged that special steamers will transport farmers and their families at low fares.

Loss of Life in Storm. CHRISTIANA, Norway, Feb. 2.—Heavy loss of life has occurred among the fishing fleets that were caught out the storm-swept coasts.

Veteran of '66. Samuel Edward Bailey of 86 Power-street, who died on Tuesday, aged 67, was a member of the 66th Regiment of Foot, and of L.O.L. 312, which will have charge of the funeral, which takes place at 2:30 this afternoon.

## FAULTY ACOUSTICS OF LEGISLATIVE CHAMBER

### Many Members Have to Read the Papers to Find Out What Has Been Done.

The remodeling of the present legislative chamber, or the construction of a new one, probably in the west wing of the buildings, was foreshadowed yesterday when the house launched into a discussion of the acoustic properties of the chamber and the inability of members sitting remote from the speaker to hear and take part intelligently in the debates. J.W. Johnson (West Hastings) started the discussion by announcing that he was obliged to depend largely on the morning newspapers for his knowledge of the previous day's proceedings in the house. He ventured to suggest that not half the members were able to follow the proceedings intelligently. To meet the difficulty he suggested that the gentlemen occupying the "seats of the mighty" in the present position be dislodged from the present gallery in the south end and moved farther towards the centre of the chamber.

Replying to the member, Sir James Whitney said the subject was not new. He was well aware of the poor acoustic properties of the chamber and the matter of rearranging the interior had already been under consideration. He had thought of rearranging the benches in four rows on each side of the speaker, instead of three, and of shortening the room by moving the speaker's and reporters' galleries on a few feet. He thought, would accommodate eight rows in place of six without crowding or requiring any more floor area. He had been assisted by officials of the works department, but if the two public galleries were similarly moved towards the centre the architectural appearance of the room would not suffer by the general change. This gallery had been proposed a year ago, but after working out the details and figuring the cost, he had quailed at the expense. However, he felt that something should be done to remedy the situation.

## Build a New Chamber.

"Why not take the bill by the horns and decide to construct a new chamber in the western wing," said D. J. McDermott (Liberal, of East Ottawa). He pointed out that the present chamber had disadvantages which could not possibly be overcome, and should be converted into offices, and the present chamber being rebuilt since the fire given over to a chamber constructed in more modern and convenient lines. Sir James replied that that point had also been considered, and whether the suggested re-arrangement of the present chamber referred to by the premier had been based on the acoustic properties of the chamber, which Sir James replied that no reports had been called for as yet, but he had discussed the subject with the department's engineers and others.

Mr. MacKay wished to know whether the suggested re-arrangement of the present chamber referred to by the premier had been based on the acoustic properties of the chamber, which Sir James replied that no reports had been called for as yet, but he had discussed the subject with the department's engineers and others.

Notice of motion to amend the Municipal Act, with respect to the declaration of damages resulting from defective roads, was given by F. G. MacDiarmid of Elgin West. The act as it stands makes municipalities responsible for damages from the full width of the road allowance, even if no notice has been received by the municipality of existing dangerous conditions. Mr. MacDiarmid proposed to amend the act so that damages should be payable only under clause 606 from the high court to the county court, which, it is supposed, will be in closer touch with local conditions.

New Bills. The following bills were introduced and read for the first time: "An Act respecting Agricultural Associations,"—Hon. Mr. Duff. "An Act respecting Wages,"—Hon. Dr. Reaume. "An Act to Secure Payment of Wages for Labor Performed in the Construction of Works,"—Hon. Dr. Reaume. "An Act respecting Mortgages and Sales of Personal Property,"—Hon. J. Fox. "An Act to Amend the High School Act,"—W. H. Hearst, Sault Ste. Marie.

Mr. Hearst's bill relates solely to the northern part of the province. In counties provision is made for the formation of high school districts. Mr. Hearst's bill aims to supply this to unorganized districts where there are no county councils or no local machinery of government similarly qualified.

Sir James Whitney presented a petition from Building Laborers' Union, No. 1, asking for an amendment to the Assessment Act as regards the taxation of firm buildings.

Mr. Proudfoot gave notice that on Friday next he would call for an order of the house for a return showing the number of permits granted to publishing school teachers during the years 1908 and 1909: (1) The reason for granting such permits; (2) how many of the teachers who received permits had previously taught; (3) the ages of the teachers who had received such permits.

Samuel Spencer was yesterday sentenced at St. Catharines to four years in penitentiary for burglary.

# WHEN YOU BUY REAL ESTATE

### You buy something that you know to exist, something that must inevitably increase in value.

### Why do all rich men invest in REAL ESTATE? Because they know it is a SURE INVESTMENT, and they will have SOMETHING TO FALL BACK ON if their other investments fail.

## NEW LISKEARD

### Real Estate is one of the best investments of the kind on the market to-day.

### I am offering some choice lots in this live town at very reasonable prices.

### Let me send you a list of the properties I have together with a plan of the town showing locations.

## NICKEL "TRUST" DEFENDS

Manager of Canadian Copper Company Appears at Ottawa.

OTTAWA, Feb. 2.—The other side of the story was told to the mines and mineral committee of the commons "Mr. Studholme in his report on this morning in regard to the nickel industry. The Canadian Copper Co., gave evidence, telling of the amount of work given by the company. They employed 4000 to 5000 people, supported from 1900 to 2000 men, and afforded 500,000 tons of freight to the railways. All these things would be jeopardized if an export duty were placed upon nickel.

## Death of W. P. Tweedy.

William Ponsonby Tweedy, one of the oldest and most respected residents of Toronto, died at the family residence, 219 Sherbourne-street, yesterday, at the advanced age of 85. His father, who was one of the Ponsonby family, well-known in Ireland, came to Canada from Wexford, Ireland, 45 years ago. He deceased married Miss O'Sullivan, daughter of Colonel Osborne, who came from Dublin, Ireland, and settled in Brockville. They had ten children, nine of whom are living. Six children reside in Toronto. The late Mr. Tweedy was a member of the Church of England, a Conservative, and a member of the Ontario Bar.

## Burned With Nitric Acid

While carrying a bottle of nitric acid down the stairs in the Toronto Engraving Company's building in Bay-street yesterday William Russell, aged 17, of 122 Beatrice-street, fell and the acid was spilled over his face and arms, burning him painfully. He was taken to St. Michael's Hospital.

## Cohen Still in Dures.

PHILADELPHIA, Feb. 2.—Another attempt to secure the release from prison of Ferdinand Cohen, the waiter who is accused of kidnaping Robert DeLoon, the 15-year-old heir of this city, failed again to-day. Miss DeLoon, who has been in a hospital since her return from Atlantic City.

## Balinger to Have Counsel.

WASHINGTON, Feb. 2.—Secretary of the Interior Balinger at last, after much persuasion, has decided to employ counsel to appear before the Balinger-Pinchot congressional investigation committee to defend his side of the case.

## Open Air Horse Parade.

The annual meeting of the Toronto Open Air Horse Parade Association will be held on Thursday, Feb. 3, at 4 p.m., in Room G, King Edward Hotel.

## WAGE INCREASES REFUSED.

NEW YORK, Feb. 2.—Sixty railroad representatives of 32,000 firemen of the rejection of their demands for a 30 to 25 per cent wage increase and other concessions. The railroads are willing to arbitrate the wage question.

## Escaped From Train.

A 15-year-old boy, who was in charge of Constable Hunter of Hamilton, was taking him to the Mimico Industrial School, jumped from the G. E. R. express, due at 10:15 a.m., near Port Credit yesterday, and escaped. He went into the toilet room, pried open the window and leaped from the moving train. Both the Toronto and Hamilton police are looking for him now.

## Tender Throat, Hoarseness

### The Only Scientific Method of Cure That Doctors Freely Recommend is the Inhaling of "Catarrh-ozone."

Do you know that an inflamed condition of the throat affords the necessary conditions to develop quickly the germ of consumption. The medical world asserts positively that the infection of the majority of consumptives is caused in this way. Is it wise to allow this condition to continue? Can anything be of more serious import in relation to Catarrh-ozone than your health? We want you to know about Catarrh-ozone. It is a throat and lung healer. Catarrh-ozone, you know, is a germ disease. Catarrh-ozone is made of balsamic and healing oils distilled from leaf and bud. It is the power of destroying germs that maintain Catarrh-ozone conditions. You know gargling has done you no good, it can only temporarily relieve, it cannot destroy the germs that cause the disease. Now Catarrh-ozone is a medicine you breathe. You do not take it. The air passing through the Catarrh-ozone inhaler becomes laden with a healing, germ-destroying vapor. The most important thing to remember is that Catarrh-ozone is a radical remedy. It does not consider symptoms. It goes directly to causes. In five minutes notice how it soothes, how easy expectoration becomes. In a day or two its remarkable healing and curative power will be demonstrated. Catarrh-ozone exterminates the inflammation and nasal passages. Get Catarrh-ozone to-day. Complete outfit costs \$1.00, and is sufficient for three months' use. Smaller size 50c, all dealers or Catarrh-ozone Co., Buffalo, N.Y., and Kingston, Canada.

JOHN BURNS IMPRESSED BY PLUCK OF FRENCH.

PARIS, Feb. 2.—John Burns, president of the British Local Government Board, who came from England to examine the food situation here, paid a tribute to the great work performed by the relief organizations.

He said to-day that he had been particularly impressed by the splendid courage displayed by the poorer classes in the inundated districts.

Toronto Man Will Build It. Alberta's new railway, the Alberta and Great Waterways system, is to be built by F. S. Darling of Toronto. He will start for the west soon. The line is for the provincial government and will run from Edmonton to Fort McMurray, a distance of 350 miles. Fort McMurray is at the head of the navigable waters of the Mackenzie River, and from there boats can run to the Arctic Ocean.

Mr. Darling has been engaged in railway construction for the past 21 years. For the past seven years he has been in the construction department of the Canadian Pacific. He ment of the New York market. The Toronto-Subway line.

36,000,000 Eggs in Cold Storage. NEW YORK, Feb. 2.—New Jersey, mother of the Beef Trust, has taken the business conduct of her child before a grand jury investigation, and developed at once that while New York was suffering from an egg famine that sent prices to 40 cents a dozen, the packers had held out of the market in one concern alone 36,000,000 eggs. These eggs were kept in cold storage in Jersey City, ready to be dumped into the New York market as the price prompted.

The County Orange Lodge of St. John, N.B. has declared in favor of an offer of Dreadnoughts. A movement has begun at Chatham to establish a Y.M.C.A.
