CONCLUDE HEARING ON EXPRESS RATES; RESERVE JUDGMENT

Carvell Promises Early Deci- sion—Companies Claim Loss of Four Millions.

REQUEST BIG INCREASE

Ottawa, Dec. 15.—(Can. Press)—Hearing of the application of the Canadian Express Association to the railway board for a 40 per cent. increase in express rates finally came to a conclusion this afternoon. Judgment was reserved by the board, but Chief Commissioner Carvell said that it would be delivered as expeditiously as possible.

The need for an early ruling into effect of higher rates was urged by Hon. J. B. Rippen in closing his argument for the express companies. In summarizing the needs of the companies he asserted that owing to the conditions brought about by the war the Dominion Express Company alone in recent years has lost four million dollars in cold cash. The position of the companies was described by Mr. Rippen as being "intolerable," and he asked the board to deal with the matter as business men.

Willing to Readjust.
Mr. Rippen argued that the present was no time to hold an inquiry (Continued on Page 7, Column 6.)

CANADA'S WHEAT GOING SOUTH OVER SOO LINE

Moose Jaw, Sask., Dec. 15.—There is a big movement of Canadian wheat to the south over the Soo line and all available foreign cars are being loaded at the Dominion government elevator for Minneapolis and Chicago. Agents of one big Minneapolis milling company and several Canadian companies have representatives here who are buying samples from the government elevator at a premium over Canadian prices.

ENVELOPED IN FIRE WHEN HIT BY TRAIN

James Louw, Jitney Driver of Weston, Badly Burned at Mount Dennis Crossing.

James H. Louw of 25 Denison avenue, Weston, a jitney driver, is in a critical condition in Grace Hospital, as a result of having been struck by a Grand Trunk passenger train about 4:30 yesterday afternoon at the Mount Dennis crossing. His escape from instant death was miraculous, as the train, which is said to have been going at a rate of about 40 miles an hour, carried Louw's motor car about 100 yards after striking it near the rear end, the gasoline tank exploding and enveloping Louw in flames.

When extricated, it was found that he had not sustained any broken bones but that he was suffering from severe burns on the head and legs. The car was completely wrecked.

Louw, who was going toward the Canadian Kodak factory when struck, said that he neither heard nor saw the approach of the train. He is a young married man with a family.

MUST RETAIN CONTROL OF THE DARDANELLES

Lloyd George Says Britain, France and Italy Will Hold Them Regardless of Greece—Hold Fair Bal- ance in Mesopotamia.

London, Dec. 15.—In the house of commons today in the course of the debate on the defence estimates, Premier Lloyd George announced that, whatever the changes in the Greek government, the guardianship of the Dardanelles straits must remain under control of Great Britain, France and Italy, regardless of whether Constantinople remained in Greece or Venizelos came back.

Replying to much criticism on the excessive cost of the occupation of Mesopotamia, the premier challenged anybody to say that Great Britain ought to abandon the mandate for Mesopotamia. He declared that, having accepted the mandate, Great Britain was bound to shoulder the initial cost, and added:

"We have made it quite clear that if rich oil deposits exist there, it will be for the betterment of the whole world, and we will hold the balance quite fairly between all nations."

MEN NOW OFFERING FOR WORK ON FARM IN LARGER NUMBER

Situation Develops at Ship- yards Over Alleged Wage Reduction.

MANY MORE REGISTER

The meeting of the citizens' employment committee at the city hall yesterday afternoon was held behind closed doors. The reason for doing this, as suggested by the secretary, Mr. Tolchard, was that if the meetings were made public the work of the committee would be hindered by individual importunities, who would gather either to give information or ask for individual help. All possible information would be afforded the public, said Mr. Tolchard, and it was the intention of the committee to get down to brass tacks and get relief and employment in the most efficient manner possible.

Yesterday the committee decided to continue the "give a man a job" campaign. It decided also to assess payment for unskilled work at 50 cents an hour for all work covering two hours or more. The minimum time prescribed for work was two hours, that was to say, no citizen was to give work covering less than two hours. The labor bureau, he stated, had reported a better response from employers.

Starting this morning, following requests from ex-service men's organizations, a separate department will be administered for ex-service (Continued on Page 6, Column 3.)

WINONA IS LOCATED.

Port Arthur, Ont., Dec. 15.—The steamer Winona, which was reported in a despatch from Toledo to be missing, was "spoken" by wireless at 2 o'clock this afternoon at Detroit.

Doctor Reid Has Still a Chance.

If the minister of railways wants the public to have use of Toronto's new Union Station and postoffice Sir Harry Drayton will tell him that Montreal has no need of postoffices; express packages only. In any event, President Kelly of the G.T.R. has nothing to do with putting the new postoffice in service, and the postmaster-general is pressing for its use.

POLICEMAN KILLS AN IRISH PRIEST IN COUNTY CORK

Dead Man Was Moderate Nationalist and Held Aloof From Politics.

CAUSES BIG SENSATION

Cork, Dec. 15.—Canon Magner, parish priest of Dunmanway, County Cork, was killed today by a policeman, according to meagre details of the tragedy reaching here. While taking a walk, Canon Magner came upon a bicyclist and a police officer engaged in an altercation. The policeman, it is alleged, was threatening the bicyclist, in whose behalf the canon intervened, whereupon, it is asserted, the policeman shot him dead, the incident being witnessed by local resident Magistrate Body.

The policeman was arrested and, it is understood, will be court-martialed. The affair has caused an immense sensation here and throughout the district.

Canon Magner, who was 70 years of age, and well known, served in several parishes of the Cork diocese. He was a moderate Nationalist of the Redmond school, but in recent years had avoided politics.

Two Civilians Killed.
London, Dec. 15.—A late despatch to the Central News says that two civilians were killed when Canon Magner was shot.

Repudiate Father O'Flanagan.

Dublin, Dec. 15.—The Clare County Council today passed a unanimous resolution repudiating the request of the Rev. Michael O'Flanagan, reaffirming its allegiance in the Dail Eireann, and expressing confidence that it will "lead the people to a free and unfettered republic," and declaring that the Dail Eireann alone is entitled to negotiate peace between the Irish nation and the British government.

Brennan of the council, in an address, said there were lots of so-called leaders "acting like O'Flanagan," and they are the curse of the country. The council decided to burn the Galtway Council's recent resolution requesting a truce in the troubles in Ireland.

REVENUE OFFICER RAIDS LOCAL WHISKEY STILL

Julius Zanella, 20 Treford place, was arrested last night by Inland Revenue Officer D. F. Floody on a charge of violating the inland revenue act. In the house on Treford place Floody claims to have found a whiskey still, which he confiscated.

The Newspaper Slump.

Montreal, Dec. 15.—(Special)—The newspaper makers are laughing at the threat of Chairman Carvell of the railway commission to increase freight charges. The load comes not on them, but on those who buy the papers, readers and advertisers. All sales are f.o.b. at mill. The American publishers, in the meantime, are placing orders for newsprint in Scandinavia. There is little prospect of their contracting for Canadian paper at five cents a pound notwithstanding the bulletins sent out by the brokers peddling no par value shares in paper mills. Another delegation of Canadian paper makers will be in New York this week. The announcement of Premier Drury to turn out newsprint early in 1921 from a public-owned mill at a model town in New Ontario is left off all the trade bulletins. Smeaton White and Sir Lomer Gouin are to be sent to warn the Quebec government against any such socialism. They see that it will put up the price paid to settlers for pulpwood and introduce reforestation on a large scale.

NATURAL RESOURCES MISSION TO OTTAWA LOOKED ON AS JOKE

Termed Greatest Comedy in Years—Westerners Plead for What They Refused.

ISSUE A MEMORANDUM

Ottawa, Dec. 15.—(Special)—They are here! The men who for Sir Wilfrid Laurier, forgot they were westerners, are here now asking what they refused 15 years ago. It is said the brief of these three western premiers was written by a professor in the University of Manitoba, but despite all criticism in Ottawa, after it was made public, the best information at hand is that it was a professor in the University of Manitoba that produced a document that nobody in western Canada would even recognize as their case before the Dominion. The whole case of the western premiers is based on the statements of a Mr. Keith, present and past addresses unknown, but nothing from the speeches of Hon. Jas. A. Calder, Hon. Crawford Norris, Hon. W. M. Martin, Hon. Charles Stewart, Hon. Walter Scott, and the Winnipeg Free Press in 1905 is quoted.

Ottawa's Greatest Comedy.
It is the greatest comedy that has been staged in Ottawa for many years. All the three western premiers were opposed to provincial control of natural resources in 1905. They are now all in favor of it. In fact, in 1905, so bitter was the present premier of Manitoba that he came into Saskatchewan and tried to defeat the Hon. P. W. G. Haultain, who was making his fight in favor of provincial control of natural resources. Even Hon. W. M. Martin, now premier of Saskatchewan, took the stump, and advised the people that they were better (Continued on Page 7, Column 4.)

REPORT COMPLETED ON SMALL MYSTERY

Understood to Contain Evidence of Men Who Claim to Have Been Approached.

NO NEARER SOLUTION

Col. R. H. Greer's report upon the numerous phases of the Ambrose Small mystery has been completed and is now in the hands of Attorney-general Roney. What action the attorney-general will take in the matter, he refuses to state. Col. Greer also refuses to tell what the report contains, although it is understood that it mainly deals with the evidence and examination of certain men who claim they were approached by Doughty previous to Small's disappearance, with certain proposals. Among these persons examined was Fred Osborne, former janitor of the Grand Opera House, who put a statement in the hands of the police two weeks after Doughty disappeared. Osborne, it will be remembered, left the Grand on short notice, and, according to his statement, on account of the fact that certain proposals had been made to him. Another examined was "Bud" Lennon, a Toronto moving picture man, who also had some conversation with Doughty before Small (Continued on Page 7, Column 7.)

D'ANNUNZIO IN FIUME

By the treaty of Rapallo, signed on November 12, between Italy and Serbia, the state of Fiume received its independence and complete liberty. The state has been extended towards the west by a strip of land, which unites it to Italy. The man responsible for the creation of the new state is Gabriele D'Annunzio, poet, soldier, aviator and motorist, who is shown on the accompanying photograph on a Fiat car. Unable to secure the annexation of Fiume to Italy, Gabriele D'Annunzio feels that his mission has been accomplished by the creation of an independent state, which for all time will be free from foreign influence and control.

GOVERNMENT TAKES UP UNEMPLOYMENT

Confers With Manufacturers and Labor and Soldiers' Organi- zations.

MONEY GRANTS ADVISED

Unemployment from the provincial standpoint was dealt with at a conference called by the government at the parliament buildings last night. Besides the cabinet, there were representatives present from the Canadian Manufacturers' Association, soldiers' and labor organizations.

It was freely admitted that the situation was critical, and that an emergency existed that required immediate attention if suffering was to be prevented.

In Toronto alone, it was stated at the conference, there were, according to the information obtained, about 30,000 men out of work.

The idea of a cash contribution as an emergency measure to relieve distress was generally approved.

Money Grants Recommended.
A resolution was passed calling on the Ontario and Dominion governments to supplement by a similar amount any municipal grant. This will, Premier Drury promised, be taken up by his cabinet today.

In explanation of what the government can do by way of relieving the situation, the premier stated that the provincial minister of public works, Hon. P. C. Biggs, if the weather permitted, could materially help by giving a large number of employment on road building. The minister of agriculture, Hon. Manning Doherty, was combing the province to see what work could be found on the farms, and there should be considerable. Then, too, there were large areas of pulpwood adjacent to railways, which might be cut. Another proposal which was being considered was the clearing of the right-of-way for 25 miles for the proposed extension of the Timiskaming and Northern Ontario Railway, north of Cochrane.

There were about thirty at the conference, and it was decided to call another meeting as soon as possible, but smaller in number, of representatives of all bodies interested in the matter.

Speeches by Premier Drury, President Burnaby and Others at Convention Em- phasize Line of Cleavage Between City and Country Women Taken into the Organization on Equal Terms With Men.

A speech by Premier E. C. Drury, and the taking into the organization of the women with the same right as the men, featured the proceedings at yesterday's sessions of the seventh annual convention of the United Farmers of Ontario at Massey Hall, where over 3000 delegates listened with eager interest to the many speakers, who made it their business to roundly denounce the tariff protection principle and the federal government during the afternoon when alterations in the rules were submitted to the delegates. It seemed as if President R. W. F. Burnaby would lose his grip on the meeting, since on some occasions several speakers tried to make themselves heard at the same time. During the evening a collection for the benefit of Gravenhurst Sanatorium was taken, and realized \$810.

Premier Drury Speaks.
Premier E. C. Drury, who was received with musical honors, was the principal speaker at the evening session and intimated that he was greatly pleased with the reception, but deplored the fact that time prevented him from going into the program of the party for next year. He was, however, still a humble member of his club away back home, but he now had the work of carrying on a government that was in the beginning largely inexperienced.

Continuing, the premier declared that he was not at all displeased with the year's work, since they had placed quite a number of new laws on the statute books and they had more ready to go there. Turning to the matter of the U.F.O., the premier declared that it would be a great thing if they could break away from party strife and work more on co-operative lines; they had cleaned up certain (Continued on Page 2, Column 3.)

LORDS EMASCULATE AGRICULTURAL BILL

Eliminate Clause Providing State Control of Hus- bandry.

CONSIDERED SERIOUS STEP

London, Dec. 15.—The house of lords is playing havoc with the government bills. After the rejection of the health bill yesterday, the lords tonight, by a vote of 140 to 34, eliminated the clause in the agricultural bill providing for state control of the methods of husbandry. This destroys the value of the measure from the government's viewpoint, and is considered a serious step.

In supporting the agricultural bill on Nov. 15 in the house of commons, Mr. Lloyd George entered a strong plea for greater production, declaring it was a scandal that Great Britain during the past year had been forced to import \$5,000,000 worth of food, when she could have produced herself.

The agricultural bill is intended to give extensive powers of control to the board of agriculture for the forcing of land into cultivation in consideration of a guaranteed price for products to farmers.

"FALSE ECONOMY" IDEAS ATTACKED BY DR. NOBLE

He Declares Retrenchment Where Schools Are Concerned Will Mean Heavier Outlay Later in Preventing Spread of Disease—Trustee Hamby Makes Bitter Complaint.

"We have been accused of carrying on propaganda to have our sympathizers elected to the city council. Well, so we have; there is nothing wrong in that. Our position is justified when you consider the way council has been blocking us on the building question." Thus spoke Dr. John Noble, chairman of the board of education, at a meeting in Jarvis Street Collegiate last night. The meeting was called in connection with the campaign in September, but on account of the great rush of orders they were only received from the factory a short time ago, hence the drastic reduction that the Dineen Co. is making on this shipment. The "Aquascutum" is a gentleman's coat of the highest grade, made from the finest quality of wool, light, without weight, and by a process of their own. These coats were ordered from the Aquascutum Co. of 100 Regent street, London, to be delivered to us early in September, but on account of the great rush of orders they were only received from the factory a short time ago, hence the drastic reduction that the Dineen Co. is making on this shipment. The "Aquascutum" is a gentleman's coat of the highest grade, made from the finest quality of wool, light, without weight, and by a process of their own. LORDS REJECT GOVERNMENT BILL

Declare Ministry of Health Measure Should Not Be Pressed Near Holidays.

London, Dec. 15.—The house of lords last night by a vote of 57 to 41 threw out the ministry of health bill. This is the first time the lords have rejected a first-class government measure since 1913, when it threw out bills relating to home rule and Welsh disestablishment. A number of peers made vigorous protests against the action of the government in forcing such a measure forward on the verge of the holidays. The health bill was an omnibus measure, which was to give the government powers ranging all the way from the firing of dwelling houses to the sale of chemical therapeutics. Many clauses were abandoned by the government during the bill's passage through the commons. The death of the bill will retard house-building unless the government, as seems likely, introduces a short measure covering the provisions concerning this matter.

ARIZONA COPPER MINES WILL REDUCE WAGES

New York, Dec. 15.—A reduction of \$1 a day in the wages of the higher priced miners at the Phelps-Dodge Corporation's copper mines in Arizona will become effective January 1, an official of the corporation announced here today. Mexican miners, who receive smaller pay, will be affected by corresponding reductions, he added.

The exact number of employees affected by the new scale could not be ascertained in the absence of detailed information at the corporation's local offices.

FRANCE WILL RETAIN ALL HER GERMAN SHIPS

Paris, Dec. 15.—France will retain all German ships which she has been managing provisionally under the terms of the Versailles treaty, says The Matin, which asserts that recent Franco-British conversations on the subject have resulted in an agreement. These ships aggregate 430,000 tons.

Wife of Late Greek King Given Possession of Fortune

Athens, Dec. 15.—A court decision has been handed down authorizing Madame Nance, the wife of the late King Alexander, to enter into immediate possession of the fortune left by the king. This is estimated in value at two million drachmas (about \$400,000 normally), and consists almost entirely of money and jewels.

TO HIT SPECULATORS AND REDUCE PRICES

Some New York State Farmers Are Combining to Store Potatoes.

Riverhead, N.Y., Dec. 15.—Farmers of Suffolk County expect to snuff out speculators and pull down food prices by marketing their products thru cooperative storehouses. They also have mapped out a five-year program to make rural life attractive to their sons and daughters.

Thru the Suffolk County Farm Bureau they expect to build structures to store the potato crops and other products and see that they are distributed evenly on the market. Then they believe they will be absolved of blame for the operations of speculators.

LA POCATIERE COLLEGE IS DESTROYED BY FIRE

Historic Institution of Learning 70 Miles From Quebec—Loss Half a Million Dollars.

Quebec, Dec. 15.—The historic college of Ste. Anne de La Pocatiere, situated on the River St. Lawrence, about 70 miles from here, was destroyed by fire this morning. The college was valued at \$500,000. Five hundred students attended the college. The college building was originally erected in 1837 and is 400 feet long. Some of the most noted French-Canadianians have been educated at Ste. Anne de La Pocatiere. Early reports stated there had been no casualties from the fire.

GERMAN SCIENTIFIC BOOKS HAVE ARRIVED AT MCGILL

Montreal, Dec. 15.—Two shipments of scientific books and journals, the majority of which were ordered in Germany before the war, have arrived at the Redpath library of McGill University. The orders for these were placed, for the most part, early in 1914 and on the outbreak of war the books and journals were put aside by the university's agent in Leipzig. One shipment contains the back numbers of several scientific periodicals which were not obtainable during the war, and which were needed by the library to complete reference files. The other shipment contains over five thousand pamphlets and monographs on birds, published in various European countries.

KINGSTON FIRE LOSS.

Kingston, Ont., Dec. 15.—(Special)—The report of Fire Chief James Armstrong shows that the fire loss for the year amounted to \$158,000, the largest in the history of the city in recent years.

GOVERNMENT DEFIED BY WESTERN UNION

Its President Says It Will Connect Cables Despite Opposition of U. S.

Washington, Dec. 15.—Notice was given the United States government today by Newcomb P. Carlton, president of the Western Union Telegraph Co., that his company intends to connect its new cable from Barbados with its lines in the United States by means of existing cables to Cuba, regardless of the opposition of President Wilson and the state department.

Mr. Carlton's statement was made in testimony before a senate interstate sub-committee which has before it an administration bill providing the executive department absolute control over the landing of cable lines on United States soil. He was one of four witnesses examined at the opening of an inquiry into the whole subject of cable communications, and from whose testimony the committee developed among other things that the All-America Cables, Inc., a United States concern, is engaged with the support of the state department, in a fight against the Western Telegraph Co. of Great Britain and the Western Union, in an effort to break the cable monopoly enjoyed by the British company in Brazil. There also was testimony that the All-America Company enjoys cable monopolies in several Central and South American countries; that the international communication conference here has reached a tentative agreement that no censorship shall be imposed upon cable messages merely passing thru relay points; that there is no cable communication between the United States and Germany except over British-controlled lines; that some foreign governments are subsidizing news agencies disseminating reports in other countries; and that the Western Union plans further independent connections thru United States cable lines to Italy, Holland and Scandinavia.

CHURCHES CO-OPERATE FOR MISSIONARY WORK

Belleville, Ont., Dec. 15.—(Special)—The December session of the Kingston Presbytery was held here today, presided over by Rev. A. J. Wilson, of Napanee, moderator. A report of the committee co-operating with the Methodist church relative to saving of mission funds and men was presented and showed that out of twenty charges involved in the presbytery, only one gave an adverse vote. The committee was continued and will seek to make readjustments that will be favorable to all concerned. The Belleville ministers, with their elders, were appointed a committee to strike standing committees and report at the March meeting, to be held at Kingston.

NEGRO BUSINESS MEN START STOCK EXCHANGE

New York, Dec. 15.—A group of negro business men, it was learned today, have obtained a charter for the Harlem Stock Exchange, which will be opened about January 1 and will be owned and controlled exclusively by negroes. Trading will be limited to stocks of corporations owned and managed by negroes, of which there are said to be more than 400 in New York all backed by negro capital and selling securities to negroes. The incorporators are arranging for the lease of a building at Seventh avenue and 139th street.

Some of the corporations in which the negroes have stock are good, said Eugene Davidson, one of the trustees, while others are "rank fakes."

HEALTH AND HAPPINESS.

To those convalescing from a serious illness, or those who need a change of scene, rest and recuperation, there is not a more attractive and satisfying place to go than Algonquin Park. A prominent guest at the Highland Inn, who recently underwent a serious operation, and who is enjoying the pleasures offered at Algonquin Park, writes as follows: "Amongst all the attractions here I feel like a boy when school is let out, and who does not have to come home until supper time. All worries have slipped from my shoulders and I am enjoying myself as I never did before. The crisp air and the musical scrunch of the snow under one's feet makes one's step light and face to glow with color. Yesterday a deer leapt across my path not ten feet from me; and to me, who had never seen a live deer in action, it was as if I had inherited a fortune. A squirrel surveyed me with blinking eyes as it poised on a tree stump. A move of my arm and away it went. And then back to the hotel to a roaring log fire and a hearty meal. This is life and fill one samples it he is just existing."

Force to Stop Hoarding By Farmers in Germany

Berlin, Dec. 15.—The Prussian government has issued an order to the provisional authorities to employ armed forces, where necessary, to compel the farmers to turn in the 1920 wheat yield, which it is alleged is being hoarded. It is stated that a large percentage of the last crop has not been accounted for.

Wheat is still being rationed thru-out Germany. The security police have been instructed to enforce the government's order.

Our Reason for Being

THIS Company aims to furnish its customers with an adequate supply of gas at all times at a reasonable price, and to assure to its shareholders a fair return on their investment.

Its dividend is fixed by Law, and is a first charge on its operations. The Capital Stock of the Company is all Common Stock. There is no Preferred Stock, no Bonds, and no "water."

The fixed dividend rate is ten percent. But that does not mean that shareholders get 10%.

The greater portion of the stock has been purchased at a premium, so that the return to shareholders is less than 6%.

On the balance of the Capital Stock, shortly to be offered for investment, it is not expected that it will be sold on less than a 6% basis, but it ranks with Government bonds for security.

Turks Prepare an Offensive Against the Greek Forces

Constantinople, Dec. 15.—The greater part of the Kemal forces have been transferred the Ouchak front under command of General Kiazim Kara Bekir. These troops are to take part in a great offensive against the Greek forces on the Smyrna-Brouna front, according to advices from Anatolia.

ROBBED OF HER HAIR.

Fort Thomas, Ky., Dec. 15.—Mrs. Watte's Howe, of Orlando, Fla., claims to have been the victim of the meanest thief in the United States—one who, she said, clipped the hair from her head while she was asleep in a Pullman car of the Louisville & Nashville Railroad, en route from Jacksonville, Fla., to this city. Mrs. Howe reported that, besides her hair, she was robbed of several pieces of jewelry and \$300 in cash.

Rev. W. R. Robinson, St. John, Dies of Acute Indigestion

St. John, N.B., Dec. 15.—Rev. William R. Robinson, pastor of Ludlow Street Baptist Church, West St. John, died early today of acute indigestion after a few hours' illness. He was an outstanding figure. Born 55 years ago in Newcastle, N.B., he had held several pastorates in New Brunswick. During a smallpox epidemic a few years ago, he went into a North Shore lumber camp and stayed ministering to the stricken ones till the disease was conquered.

VENICE ACCLAIMS KING CONSTANTINE

Received With All Honors Due to Monarch of Friendly Nation.

Venice, Dec. 15.—Former King Constantine, on his way home from Switzerland and exile to recoupy the throne of Greece, was received this morning with all the honors due the sovereign of a friendly nation by the Italian government.

Constantine and the members of his family arrived in the early hours of the morning. They were met at the railway station by the Italian admiral of the port, the mayor of Venice and other officials and M. Coromita, the Greek minister to Italy.

Shortly after his arrival, Constantine boarded the Greek cruiser Averoff, which boomed forth a salute of 21 guns. The salute was taken up by the old fort on the island of St. George.

The royal party, after leaving the train, entered a launch and rapidly made the trip thru the Venetian canals to the Bacino di San Marco, where the destroyers of the escort and allied warships lay at anchor.

The Greek ships were bedecked with flags as Constantine lightly stepped up the companion-way of the Averoff, from which the Greek royal pennant was broken out.

During the progress of the royal party down the bay a shore battery fired a salute of 21 guns, which the Averoff answered, seemingly much to the discomfort of the Venetians.

Constantine will depart on the last leg of his homeward journey between 5 and 6 o'clock Thursday morning. He will accompany the voyage to Greece, to be accompanied by a destroyer escort and a merchant ship, which will have on board the newspaper correspondents and a few members of Constantine's staff.

LITTLE PICKING IN MAYOR'S POSITION

Get Fees From Gas Company—No Police Commission Salary.

HAS RETURNED MONEY ALSO DECLINED PART TIME POSITION WITH LEGAL FIRM IN TORONTO.

In reply to an item in an evening paper that ex-Controller McBride had been investigating the emoluments received by him, Mayor Church last evening gave a statement that his entire income since he has been mayor has been the regular salary of \$7,500 a year as mayor, and \$600 in fees from the Consumers' Gas Company as a director, which sum he drew only if he attended the meetings. These fees went to former mayors on the same terms.

Regarding his position as a member of the police commission, Mayor Church said: "I have never received one dollar as a member of the police commission. A salary has been paid to me, but I returned the check on the advice of the auditor that there was no provision for the payment of such a salary to the mayor. I accepted the view of the auditor who legally I think he is wrong."

Regarding his income, Mayor Church said that the mayor's salary was entirely inadequate, and had not been raised in seven years. Out of his \$7,500 salary he was obliged to pay income taxes of \$1,028. Subscriptions

in recent years have totaled about \$2,000 a year, and it cost him he said, \$2,000 of his own money last year to get re-elected. He was the first mayor to give his whole time to the city hall work. Recently he had been offered a good position with a legal firm to work part time, but he had been obliged to turn it down because of the amount of work at the city hall. Being a lawyer he had been general counsel to the city and outside boards.

McBride's contracts.

Continuing, his worship said: "During the whole time he was controller Mr. McBride received contracts from the harbor board for lumber without tender. At a recent meeting one item for \$10,000 for lumber bought from ex-Controller McBride was passed. I am glad to see him get it."

The mayor's statement follows in part:

"When the estimates were under consideration in March, 1920, Mr. T. Bradshaw, commissioner of finance, made a report to the board of control on the heavy work the mayor did, that he gave his entire time to the work without any holidays, and that it was most unfair for him not to be given some relief. Mr. Bradshaw stated that he had declined to accept an increase in other years, notwithstanding the many daily demands on his purse for subscriptions. Also that the city council had power to fix his salary. He recommended that the mayor's salary be increased to \$10,000, and the board unanimously decided to do so, and it was reported to the council that he be allowed a sum of \$1,600, on account of the expenses of his office, and be permitted to accept a salary of \$1,000 as chairman of the police commission, which salary he had been voted in other years and had declined to accept the same, although the other members of the commission have secured it for years past.

"The item of \$1,500 was placed in the estimates and passed by the city council on March 31 last. A cheque was given him, which he returned. The mayor was tendered a cheque for police commissioner's salary, and after receiving a report from the solicitor and auditor, returned the same to the auditor, also this \$1,000 was passed by and inserted in the police department estimates, which passed the police commissioners, the board of control. Mr. T. Bradshaw and the city council.

"The mayor has thus never secured any remuneration whatever for his services in six years on the board, although the city council and commissioners have power to fix his salary.

"In the spring the mayor informed the city treasurer and board that he would like to only give part time to his duties, like other mayors, so that he could accept a good position on part time with a legal firm, but owing

LONDON MAN FORCED TO LIVE ON BREAD AND MILK

Bailey Eats Pork and Anything Else Since Taking Tonic—Gains Twenty Pounds in Few Weeks.

"When a man's stomach gets in such a bad fix he has to live on bread and milk as long as I did, and then gets a medicine that fixes him up in a few weeks' time so he can eat pork and just anything else he wants. I think it is time for him to talk for the benefit of others. Well, Tonic has not only done all that for me, but it has built me up twenty pounds in weight, and made me feel better than I have in many years."

The above statement was made by Mark Bailey, a well-known carpenter living at 130 Albert street, London, Ontario.

"For eight years," Mr. Bailey continued, "I gradually went down hill

on account of stomach trouble. After eating, gas formed and puffed me up, and for hours I had such severe pains I could scarcely stand it. I had an attack of influenza last winter and that left me in a worse fix than ever, and I fell off about twenty pounds. I got to where I could scarcely eat anything and was finally told after an examination that I had an ulcerated stomach.

"I got to worrying a great deal over my condition, and finally decided to see if Tonic would help me like it did so many who had praised it to me, and the medicine seemed to go right to the spot, and I saw it was just what I had been needing. My stomach feels just like a new one now, and to make a long story short Tonic has made me feel just like a brand new man, and I am working every day without the least trouble. Tonic is beyond doubt the best medicine made."

Tonic is sold in Toronto by Tamblin Drug Stores and by an established agency in every town.

to the heavy work of the year was unable to do so. He has received for six years only \$7,500 per year for six years' services."

NEW CANDIDATES FOR BAPTIST MINISTRY

Rev. C. H. Schutt, superintendent of Baptist home missions, stated yesterday that out of eight candidates for the Baptist ministry who had just been examined by the stationery committee three were heartily endorsed, two were received on trial and three present positions.

CLAIM CONTRACT NOT CARRIED OUT

Company Undertook to Take City Garbage—Deposit Not Paid.

Streets Commissioner Wilson reported to the board of control yesterday that the Oakal Company, which had contracted to take garbage from the city, had not carried out its contract inasmuch as the \$2,000 deposit which was to have been made by September had not yet been paid. He believed the company was still selling stock to the public and was using the contract with the city as an inducement.

Con. Cameron pointed out that Mr. McMaster, counsel for the company, had assured the board at the time the concession was applied for that they had all the money they required to start business. The city solicitor was instructed to make a call upon the company to fulfil its contract with the city at once.

Mayor Church moved that the transportation commission be asked to report on the advisability of proceeding at once with the extension of the Parliament street car line to the Bloor street and also of a car line across the gap between Lansdowne avenue and Dundas street in line with Bloor street. The motion passed.

The board decided to drop the proposal to spend \$3,000 on meetings and advertising to explain to the ratepayers the power and radial deal. It was the consensus of opinion that the bylaw would pass ten to one without the expenditure of a dollar. Meetings, however, will be held in the school buildings.

The board decided not to recommend a settlement with John Berry, who contends that the city has infringed his patent on a water purifying process. The city officials advise the board that Mr. Berry has no claim, and he will be allowed to go to the courts.

Citizens Alarmed.

A large delegation appeared to ask for cancellation of the permit issued to A. W. Cheesworth to store gasoline in the rear of a residence on Penarth avenue. It was stated that five tanks of gasoline were being stored on the property and were endangering the lives of the residents. One speaker said several women in the district had threatened to leave home if the danger were not removed.

Mr. Hughes of Hughes & Edgar, representing the residents, asked the city to take action in the courts to quash the permit as a breach of the residential bylaw or to buy out Mr. Cheesworth.

W. G. McPherson, representing A. W. Cheesworth, said he was opposed to the city taking action in the courts. Con. Ramsden said the city had done nothing to authorize the opening of a dry-cleaning plant; the permit was for the storing of gasoline on the premises.

Mr. McPherson said the residential bylaw did not bar dry-cleaning establishments.

City Solicitor Johnston endorsed this interpretation of the residential bylaw. Dry-cleaning shops could not be deemed under this bylaw. A permit, however, was necessary to store gasoline on the premises. Members of the board took the view that the using of gasoline for dry-cleaning was different from storing.

The board decided to recommend to council that the permit be canceled. The board was asked to review the conditions under which thirteen acres of the Davies estate on the Don Mills road were taken into the city. The condition imposed was that the property should provide the best improvements and the Ontario Railway and Municipal Board refused to approve the annexation with this condition. The board will consider the request for a revision of the terms. A. W. Ballantyne made the request on behalf of the Davies estate.

NOTED TRAVELER WILL SPEAK IN MASSEY HALL

The distinguished traveler and publicist, Victor Grant, who recently spent four months in Russia and came away with indisputable facts concerning Bolsheviki rule, is to give an address in Massey Hall next Wednesday evening upon the subject, "Distressed Europe and the Outlook." The mere mention of this engagement here will attract a very large audience, not only because Mr. Grant comes at a very opportune time, and that his subject is one that is demanding the attention of every thinking man and woman, but also because he is an orator of great accomplishments. He will describe Lenin and Trotsky and will deal with conditions not only in Russia, but throughout Europe generally. His address will be intensely interesting and instructive. The seat sale will open at Massey Hall on Monday morning.

RELATIVES BENEFIT BY TORONTO WOMAN'S WILL

BOARD OF EDUCATION HAS MANY VACANT LOTS

The board of education is quite a large holder of vacant land, according to a statement which Mayor Church has had prepared. The board has about \$160,000 worth of land in the county, as follows:

Site	Cost
Western High School site	\$22,400
Technical School, west site	54,000
Technical School, north-west site	67,750
June and Block	27,100

Besides this land the board has three school buildings in the county. The board's vacant land in the city, totaling 12 pieces, is worth \$405,450, and interest and taxes up to the end of 1920 brings the investment up to \$562,895.

WOULD REFINER NICKEL BY NEW PROCESS

The proposal was made to the Ontario government yesterday by a group of men supposed to be United States capitalists, that the province enter into some sort of partnership for the refining of nickel steel by a new process. From what could be learned the process permits of the refining of the slag which at present goes to waste. The province is asked to guarantee the bonds of a company to be formed and the idea, it is said, was practically approved by the old administration.

Consideration of the proposal was promised.

NOTICE TO STOCKHOLDERS.

Notices are being sent out by Assessment Commissioner Fortman notifying holders of stock in industrial concerns that under the new act they are assessable on the dividends received from stock. The notices go to holders outside the city as well as residents.

HOCKEY VARSITY 6 AURA LEE 4

JUNIORS BATTLE INTO OVERTIME

Varsity Lift S. P. A. Cup by Downing Aura Lee in Thriller.

The junior hockey season was ushered in last night and supplied a goodly gathering of fans with a stirring contest.

It was rather unsatisfactory for the Avenue road club, but very thrilling for the spectators. There was a mixup over the time, and Aura Lee scored a goal in the regulation battle, but it was found that both timers agreed that ten seconds over the limit had been played before they were able to get the bell to ring.

It was a sturdy battle from bell to bell. Aura Lee showed the better team in the early stages, and it was only the marvelous work of Joe Sullivan in the Varsity net that kept the student team in the battle.

After the second period Aura Lee settled down to their knitting, at times took to passing the puck and sweeping their attack in close. The result was two goals and a tie, but it was not until the overtime that the Varsity goal was broken.

Looking the teams over, the pain must be given to Aura Lee, despite the fact that they were beaten. They lacked condition, as the overtime will testify.

In Moore, Aura Lee have a good kid. He was nervous at times, but quick to clear, and will improve with each game. In Conacher and Hitchman they have a big, strong defence that will be hard to surpass.

Varsity's best man was Joe Sullivan. He stopped dozens of shots in the first two periods that would have beaten most junior goalies. Walters is a clever defence man and a strong rusher.

Varsity got the only goal of the opening period. Aura Lee scored Varsity three to two in the second. The overtime was thrilling, with Varsity leading the edge and scoring two goals to win the game 6 to 4.

SMILLIE SIGNED BY LOCAL PROS

Dental Star Takes the Plunge—After More Amateurs—Hockey Gossip.

Rod Smillie, star left wing with the Dentals last year, signed with St. Patrick's pros, yesterday, and will turn out to practice this morning. Smillie is a hard-working forward and can check from bell to bell.

Smillie is just one of the amateurs that the local pros are after. McLeod, last year with Collingwood and now at Fort Colborne, is another they are after. Smillie has promised to answer this week. Dubie Kerr, last year with Victoria, in the coast league, is in Toronto.

Players who would take part in O.H.A. hockey this winter are reminded that if they have changed clubs or their place of residence since January 1, 1920, that Monday, December 20, is the last day for them to make application to play this season.

Certificates have been issued and the managers are busy engaged in securing players for their teams. Any team that has no reserves, their certificates are asked to communicate with the secretary.

Convener have been appointed and are getting their group schedules drawn up. The secretary is open to receive applications for the position of referee. There will be a meeting of the executive and group conveners at St. Francis Club on Monday, December 20, at 8 p.m.

Commercial-Northern Electric, Business Systems, Toronto Carpet Co., Convener, Mr. C. Wylie, care of Toronto Carpet Co. Wesley-Bellwoods, Victoria Presbyterian Church, Diamonds, Convener, A. S. Verrall, 110 Bellwoods, Toronto. Inverness, Grey, Hotel St. Peters, St. Columbia, Runnymede, Royal Canadian Dragoons, Convener, J. A. Woods, 65 Bloor avenue. Albany, Patricia, St. Olives, Wyckwood-Crescents, Century, St. Mary Magdalene, Delaware, Moore, Convener, J. Stokes, 95 Edwin Moore.

Ernie Woodcock, the brilliant defence man of Parkdale's senior team last year, is going to have a whirl at the pro game. Woodcock decided to accept St. Patrick's terms yesterday, and will be out to practice this morning. Woodcock should have no trouble in making good.

There is talk of staging a double-header in the Junior S.P.A. series at the Arena on Monday night. Varsity will defend the cup against St. Michaels, next night's challenge. Parkdale and Moore also want a crack at the silverware, and as time is short for this series, they will likely play before the Varsity-St. Mike's game.

CARPENTIER'S NEXT FIGHT WITH DEMPSEY

London, Dec. 15.—Georges Carpentier, champion heavyweight pugilist of Europe, who left for Paris today after a visit to London to witness the bout between Frank Moran of Elizabeth and Beckett, the English heavyweight, on Friday last, declared flatly that he would not fight anyone prior to his match with Jack Dempsey. This statement was made in answer to widely published reports that he was about to sign for a match with Moran, and that he also would fight Tommy Burns, the former champion. Francois Desobry, Carpentier's manager, asserted that Carpentier's contract with Dempsey precluded any fight prior to that with the champion. Discussing the arrangements with Dempsey, Carpentier said it did not make the slightest difference to him where he tried for the championship. "Any place in the world suits me," he declared.

Big Four Expected to Adopt Snap-Back Code The Inter-Provincial Rugby Union will hold its annual meeting at the Hotel Connaught, Hamilton, on Saturday afternoon, and whether or not they follow the snap-back 14-a-side lead of the College Union remains to be seen and it is expected they will. The election of officers and a discussion of the rules will be the high items of business. President R. P. Isbister sees no reason why the Intercollegiate's new rules should not meet with the approval of Big Four officials.
