Canadians At It Again

Letter Received in London Gives News Not Reported Before—Many Italians Want to Fight—Belgian Guns do Great Work

London, June 2.—(Montreal Gazette Cable)—A letter from a Canadian migration department employe, now with the Territorials, tells of a hot engagement in which some German trenches were captured, the Canadians being in support of the Territorials. This is not confirmed.

Fragments of the Canadian Pacific steamer, the Princess Irene, which was blown up at Sheerness, are on display in the windows of the Royal Navy Recruiting Division, in the Strand.

ALL EAGER IN ITALY.

Rome, June 2.—Two hundred thousand volunteers already have presented their names to the ministry of war, and it has been decided to accept no more at present.

BELGIAN ARTILLERY EFFECTIVE

Havre, France, June 2.—A fierce artillery duel marked the day of May 31, along the Belgian front. Belgian guns of all calibres massed their fire, blowing up the enemy's trenches and accessory defenses at several points.

All the roads beyond the German front are commanded by the Belgians, making it very difficult for the enemy to bring up fresh supplies. The first line of Belgian troops by a continuous fire, prevented German troops from advancing.

ITALY'S KING A CORPORAL OF ZOUAVES.

Marseilles, France, June 2.—Léon Dencosse, commanding the Third Zouaves at Constantino, Algeria, has appointed King Victor Emmanuel of Italy third corporal in the first battalion, a rank which the king's grandfather, also, held on the night of the battle of Palestro.

The Austrians were defeated at Palestro on May 30-June 1, 1859, by the French and Italian allies.

To Prevent Disorders.

Milan, June 2.—General Sepelli, in assuming command of the Milan district has issued a manifesto to the effect that he will act with all energy to prevent disorder. The troops have orders to fire, and never in the air.

The Gilded Horses of Venice.

Rome, June 2.—The famous gilded horses which adorned for a century the principal portal of the cathedral of St. Mark, in Venice, have been removed to a place of safety because of the fear that they might be damaged.

Bars Italian Halls.

Amsterdam, June 2.—A despatch from Berlin says that Emperor William has ruled that no works of living Italian composers may be performed in German theatres during the war.

Italian Comment.

Rome, via Paris, June 1, 4:50 p.m.—The German reply to the American note, has aroused much interest here. The sentiment in political circles is that it is entirely inadequate, so much so that it places the United States in an "embarrassing position as to how to enforce her wishes if she does not go to war."

Duel Fought Over War.

Madrid, via Paris, June 1.—Feeling between the anti-Germans and pro-Germans in Spain runs high. Two editors, Senor Blanco, whose tendencies are favorable to the Allies, and Senor Borras, who is pro-German, fought a duel today with sabres. Both men were wounded.

MAJOR GUTHRIE SHOT IN LEG

Fredrickton, June 2.—The latest word from Major Guthrie is that he was shot in the leg below the knee, and will be laid up for two months. He is reported as doing well.

The public closing exercises of the Normal School will be held on Friday morning.

Mrs. Mary A. Nason, wife of Thomas Nason, of Tracy, dropped dead at her home this morning.

Eight recruits for the 55th, including five Indians, enlisted here yesterday.

"RALPH CONNOR" MAY BE MODERATOR

Kingston, Ont. June 2.—Among the nominations for moderator of the Presbyterian church in succession to Rev. W. T. Herridge, D. D. is that of Rev. Dr. C. W. Gordon, of Winnipeg, "Ralph Connor." Other names in nomination are Dr. John Neil, D. D., of Toronto; Dr. Magillivray, of Kingston; Dr. D. D. McLeod, Barrie; Dr. Scrimgeour of Montreal, principal of the Presbyterian College, and Rev. D. A. B. Baird, Winnipeg, professor in Manitoba College.

PHILIP AND FREDERICK WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological services.

Synopsis—A disturbance which has caused a heavy rain fall in Alberta is moving eastward across the western provinces, while the southern disturbance is moving northward towards the Great Lakes. The weather is fair and warm from Manitoba to the Atlantic.

Showery.

Maritime—Fresh northeast winds, fine and cool; Thursday, easterly winds, showery in western districts.

New England forecasts—Probably rain tonight and Thursday, strong northeast winds on the coast becoming southeasterly.

Here Is The Call; Who Will Not Answer?

WAR OFFICE
WHITEHALL
S.W.

I have said that I would let the country know when more men were wanted for the war. The time has come, and I now call for 300,000 recruits to form new armies. Those who are engaged on the production of war material of any kind should not leave their work. It is to men who are not performing this duty that I appeal.

Kitchener

This is a facsimile of Lord Kitchener's call for volunteers in the hour of the empire's needs. St. John is asked to do her share. All facilities are provided. Men are wanted, and wanted in greater numbers than have been offering.

BULGARIA AND ROUMANIA TO COME IN TOGETHER

Formal Fight Turkey, Latter to Oppose Austria—Complete Understanding Reported Arrived At

Paris, June 2.—Bulgaria and Roumania have arrived at a complete understanding, according to a Bucharest despatch to the Petit Parisien, Roumania having agreed to cede territory in Dobruja; the two countries will enter the war simultaneously, the despatch says, Roumania against Austria and Bulgaria against Turkey. The army staffs of the two powers are said to be busy co-ordinating military plans.

Negotiations between Roumania and Russia over the lines of the Pruth and of Benet are said to be virtually complete. If Russia accepts Roumania's proposals, the latter country is declared to be ready to begin hostilities without delay.

Binghamton, N. Y., June 2.—An order for half a million pairs of war shoes has been placed with a company of this city, by the Roumanian government. It is to be a rush order.

Three Sons; Four Brothers And Other Relatives At The Front

Fine Record of St. John Family—Mrs. James Gets Word of Two of Her Boys

Mrs. Samuel James of 590 Main street, has received a letter from her son, Gunner Thomas James, dated May 5. He says his company did not lose many men in the great battle but lost a good many horses. Quite a number of men were wounded, but not very seriously. They were fighting for seven days without ceasing, and were expecting to go for a rest in a day or two. Gunner James asks that some tobacco be sent him. At time of writing the battle was still on and they could hear nothing but the rattle of the guns. The writer had just received a letter from his brother James, who was well.

Mrs. James has three sons serving their king and country. Capt. James James is with the Canadians, and Private Ernest James is with the 9th Lancasters. These two are twins. Mrs. James also has four brothers in France and her husband has two brothers and five nephews with Kitchener's Army, and a son-in-law, Private J. Coull is with the 6th Mounted Rifles.

Says Utter Confusion Among German Forces

Surrendering Daily in Regiments To Russians, Wires Correspondent

London Mail's War Reporter Declares That the German Effort in Galicia is Rapidly Becoming One of Greatest Failures of the War

London, June 2.—Frederick Rennett, the Daily News correspondent at Petrograd wires—
The Germans, when they suddenly started their rush from the Dniester River, hoped to gather the opposing Russians into scumlike formation, and with terrific artillery fire, sweep them back into the fortress of Przemyel before, lacking supplies, they would soon have been compelled to surrender, but the Russians, making a very wide deployment in their retreat along the San, compelled the Germans to follow.

THREE BATTLES

Now for a week, there have been three separate battles in progress and in each the Germans have been losing.

Dukhitz's army remains covering Przemyel; Irmannoff's Caucasian corps by terrific fighting, secured possession of both banks of the Lubaczowka river at its junction with the San and is within ten miles of the main railway connecting Jaroslau with Cracow. The strength of Irmannoff's position destroys the entire value of the advance of Mackensen's phalanx across the San.

Mackensen had originally about a million men of whom nearly half are across the San. The Russian general who for months held Von Lindenberg success before it reached the Dolister marshes, whence it was to attempt to reach across Galicia to relieve Mackensen's army.

The entire German position is now marked by utter confusion. Entire regiments, with machine guns, projectiles and transports, are surrendering daily. The progress of the French and British in the west evidently prevents Germany from sending further reinforcements. Her effort in Galicia, which was meant to impress the Balkan states, is rapidly becoming one of the greatest failures of the war.

June Brides

The residence of Mr. and Mrs. Theodore H. Hildebrand, Mount Pleasant, was the scene of an interesting event, eleven o'clock this morning, when their daughter, Miss Elsie Blanchard, Edna Brooks, was united in marriage to William Carly Rising, of Waterbury Rising, La. The bride and bridegroom are among the most popular of the young folk of the city and will have the best wishes of a large circle of friends.

The Ceremony

The ceremony was performed by Rev. S. P. Plummer, of German street Baptist church, in the large living room with the conservatory forming a pretty picture for the event. The interior of the house had been beautifully decorated with cut flowers, marguerites and white roses predominating, and presented a very attractive appearance. The ceremony was witnessed by about eighty guests, including many from out of town. The wedding march for the ceremony was played by Miss Bessie Kilburn.

The Bride

The bride, who was attended by little Miss Ruth Rising, niece of the bridegroom, while wearing a gown of light blue in a traveling suit of sand color, with hat of corresponding shades, trimmed with smoky blue plumes, her bouquet was of white and pink roses.

After the Wedding

After the wedding a dainty luncheon was served at the residence of the bridegroom, and then left in Mr. Rising's motor car for a short trip through the provinces. On their return they will reside at 11 Seely street.

There was abundant evidence

of the beauty and valuable wedding presents received.

Wedding of the Immaculate Conception

The Cathedral of the Immaculate Conception was the scene of a pretty wedding at 5 o'clock this morning when Mr. M. O'Brien, who was celebrated at a nuptial mass, united in marriage Miss Agnes R. McKinney and Daniel J. Corr. The bride, who was given away by her cousin, J. J. Connor, looking charming in a suit of white broadcloth, with a white silk crepe-de-chene hat and carrying a bouquet of American beauties.

Following the ceremony

a dainty breakfast was served at the home of the bride's mother, Mrs. P. McKinney, Haymarket Square.

Mr. and Mrs. Corr left on the Boston

train for a honeymoon trip to Mt. Kisco. On returning they will reside at 81 Summer street. The bride, who was a popular member of the New Brunswick Graduate Nurses' Association, and the groom, who is manager of J. J. Bradley's, Dock street, were the recipients of numerous presents and good wishes.

McDonald-Mullin

A wedding of much popular local interest was celebrated this morning at 6:15 o'clock by the rector, Rev. Wm. Duke, in the Cathedral when he united in marriage Miss Bessie J. Mullin and Stephen H. McDonald, M. D., both of this city. The ceremony was witnessed by quite a gathering of friends and relatives, and was followed by a tempting wedding breakfast served at the home of the bride's mother, Mrs. John J. Mullin, 182 Waterloo street.

Later Doctor and Mrs. McDonald left

for a honeymoon trip to Boston and vicinity.

The bride was prettily attired in

sand-colored silk, wearing a hat to correspond. She was given away by her mother who was dressed in black silk. Her sister, Miss Mary Mullin, becomingly gowned in golden brown silk and carrying a bouquet of roses, was bridesmaid, while the groom was supported by Doctor J. M. Barry. The bride's traveling costume was of Belgian blue with hat of a corresponding shade.

DO THEY KNOW DESIGN LINES OF SHAMROCK IV?

If Americans Have That Knowledge, Lipton May Build New Racer

London, June 2.—The Central News says that Sir Thomas Lipton will immediately place an order for a yacht to be called Shamrock V, if it develops that the design of the Shamrock IV, has been disclosed to American yachtmen.

Sir Thomas according to the Central News, is determined to race a boat, the design lines of which are a complete secret to Americans.

Shamrock IV, since the outbreak of the war has been housed in a Brooklyn shipyard.

NOT SO MANY IN THE LATEST CASUALTY LIST

Ottawa, June 2.—The casualty list slackened off a little last night, the number recorded being the smallest since Langensack. But there are to be many additions and the grand total will be upwards of 8,000. The losses at Langensack were 6,800, in the wood north of Ypres about 1,600 and previous to these big engagements 100. This morning the officially reported casualty total 6,751, comprising 1,017 killed, 4,828 wounded and 1,872 missing.

"GIRL OF THE GOLDEN WEST" IMPERIAL THEATRE TONIGHT

The Lasky-Belasco photo-dramatic production of "The Girl of the Golden West" at the Imperial tonight and tomorrow will have among its cast of characters such well-known favorites as Mabel Van Buren, Theodore Roberts, House Peters, Anita King and others. The story is an especially powerful one, having to do with a mining town in California in '49. In fact, so good is the literary and dramatic value of the piece that it has been used as the story for a notable grand opera in which Caruso has taken part. A great success, however, has been attained by this story in its purely dramatic form but it remained for moving pictures to give it that wonderful realism possible through the scope of the camera. "The Girl of the Golden West" will create a profound impression in St. John and as it is booked for two days only, intending patrons should see it as early as possible.

JUNE BRIDES

Many handsome wedding remembrances were being sent to the brides and groom enjoying the esteem of a wide circle of friends whose best wishes accompany them for happiness and prosperity. On their return after their honeymoon, Doctor McDonald and his bride will reside at Waterloo street.

OWENS-OLEARY. A popular nuptial ceremony was performed in St. John the Baptist church this morning by Rev. M. P. Howland. The bride, Miss Gertrude Loreta O'Leary, in the presence of many friends and relatives assembled. The bride was given in marriage by her father, Timothy O'Leary, and was groomed in a pretty costume of Belgian blue with sand colored hat. Her sister, Miss Florence O'Leary, was bridesmaid, and the groom wore a suit of gray with hat of corn color and blue. The bride carried a bouquet of white roses and bridesmaid one of carnations. Guy McDonald was best man.

FLOOD-JAMISON. The home of Morton L. Harrison will be the scene of an interesting evening when his niece, Miss Eva Jamison, will be united in marriage to John Flood by Rev. W. H. Barrington, pastor of Centenary church. The bride will wear a handsome gown of cream silk with white picture hat. Following the ceremony there will be a reception from 8 until 9:30 o'clock this evening. On Monday Mrs. Flood will leave for Fort Fairfield, Me., where they will reside.

SPANE-WATSON. The wedding of Christopher Spane of J. Spane & Company, to Miss Florence Spane, daughter of Mr. and Mrs. W. G. Watson, was solemnized at six o'clock this morning in St. Andrew's church by Rev. Dr. J. A. Morrison. The bride, who was unattended, wore a traveling suit of dark blue and carried a bouquet of pink roses. Mr. and Mrs. Spane left on the Boston train for their residence in the New England States.

SUSSEX. N. B. June 2.—A marriage of more than usual interest was solemnized today at one o'clock when Miss Eva Jane, only daughter of Mr. and Mrs. W. Lee of Beverly, Mass. The parlor was beautifully decorated for the occasion with ferns and cut flowers. The bride, who was given in marriage by her father, wore a handsome gown of white crepe and carried a bouquet of pink roses. Mr. and Mrs. Spane left on the afternoon train for their residence in the New England States.

Likely About \$200. Commissioner McLean said this morning that the damage to the apparatus in the collision between the motor engine and the chemical was not so great as had been thought at first, and that \$200 would probably cover it.

Damage at Digby. Digby, N.S., June 2.—A fresh nor'easterly breeze which started at midnight caused a big sea along Digby's waterfront at high tide 2:30 this morning. A portion of the western Nova Scotia Yacht Club landing was washed ashore, but has been replaced. W. J. Cohn's auxiliary pleasure sloop became a total loss with the exception of the engine. The pleasant surprise was that the sloop was purchased this morning by Capt. F. A. Robinson. Some fishing boats were damaged in the Baccouette and schooner were held at the wharves with great difficulty.

A REGIMENT FROM CUMBERLAND

Amherst News: Recruiting is proceeding rapidly in Cumberland. Major W. A. Pilmore is doing successful work in his important post as recruiting officer for this county. It may be a surprise to our readers to learn that nearly 600 men have already volunteered from Cumberland County alone, since the outbreak of the war, and Major Pilmore expressed the view that before recruiting would be finished, Cumberland would be practically represented at the front by a full regiment of men, scattered, of course, in different battalions.

Doctor Said She Had Bright's Disease.

DOAN'S KIDNEY PILLS CURED HER.

Bright's disease is a term applied to one of the most serious of all diseases of the urinary organs, the symptoms of which are often of a severe character.

Severe pains in the back appear at first and are followed by disturbances of the urinary organs which show that the urine contains a large amount of albumen. Dropsy is also another forerunner of the dreaded Bright's disease.

On the first sign of any kidney trouble, you should at once put the kidneys right by the use of Doan's Kidney Pills. The pills that cure kidney troubles only.

Mrs. C. A. Heistand, Moosva, Alta., writes: "Last May I was taken down sick. The doctor told me I had Bright's disease. My kidneys got so bad I could not rest day or night. The doctor's medicine did not give me any relief. I used four boxes of Doan's Kidney Pills, and they put me in good shape again."

Doan's Kidney Pills are the original kidney pill, so when you ask for "Doan's" do not accept any others with similar names.

Price, 50c per box, or 3 boxes for \$1.25, all dealers or mailed direct on receipt of price by The T. McIlburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

THE DEADLOCK IS BROKEN AT LAST

Street Railway Tracks Will Be Relaid in Princess Street and Service Resumed

The deadlock between the city and the St. John Railway Company has been broken and the work of restoring the broken section of the street railway in Princess street at the corner of Sydney, is now in progress. The cars will be run by the street car line.

This is the result of a conference held yesterday between representatives of the company, the commissioner of public works and the city solicitor. Under the arrangement effected the rails will be replaced, but the ties will be substituted in concrete and the surface between and for eighteen inches on each side of the rails will be given a permanent pavement.

The right of the city to insist on the use of grooved rails under such circumstances will be referred to the courts and the question of who will pay for the work will depend on the decision.

The full terms of the agreement are contained in the following note which was given to each of the parties to the dispute:

"Confirming arrangement made this morning with Commissioner Potts, it is agreed that the Saint John Railway Company may proceed forthwith to replace its tracks conforming to the new grade established by the city engineer on Princess street at the intersection with Sydney; that the city or the street railway company will pave between the rails with such material as the city authorities may decide; that a case shall be stated for the opinion of the court as to whether the commissioner of public works has authority, where the grade level of a street has been changed, or where the city has removed rails under Section 11 of Acts 1887, C. 38, to require the company to remove its rails and substitute grooved rails for the present 'T' rails; that in the event of the court deciding that the commissioner has such authority, the company shall pay the cost of paving between the rails. In the event of the court deciding that the commissioner has no such authority, the city shall pay the cost of paving."

How are good results like this brought about? The explanation is this: Dr. Cassell's Tablets are composed of ingredients each one of which has definite restorative action on the nerve centers which control the various processes of life. As a result new vigor is put into the bodily organs, which thus regain their power to work with that perfect efficiency which means health for the entire system.

MORNING NOTES OF THE WAR

Austrian aeroplanes have flown over Bari and Brindisi, Southern Italy, killing a boy and wounding two other persons, by bombs.

Sgt. Michael O'Leary, whose "obituary" was written last week, is not dead, but has written home to his mother that he is still ready to do his little bit for King and country, God willing. Rumania has sent to Austria certain demands which it is fully expected will be refused. They are in the nature of an ultimatum.

The Austro-Germans are still on the offensive near San, although the Russians with reinforcements, have been making a drive to force them to take the defensive.

The Italian vice-consul at Winnipeg has written home to his mother in Canada asking to return home at once, the government to pay their expenses.

JUST A FRAME OF BONES

Dr. Cassell's Tablets Cure When Cure Thought Hopeless

A Wasted Wreck For Eight Years and Weak as a Baby

Thought He Was Going into a Rapid Decline

No Treatment Tried Did any Good

New Health and Strength From DR. CASSELL'S TABLETS

"Had it not been for Dr. Cassell's Tablets I believe I should never have lived." These are the words of Mr. Ernest W. Barrett, of 82 Cecil-road, Gloucester, England, a young man, now in the perfection of health and vigor. And he goes on "The Tablets cured me. I was thought I was going in a rapid decline, and that nothing could save me. I was just a frame of bones by this time, and I can't tell you how weak and miserable I felt.

"However, my father chanced to read about Dr. Cassell's Tablets, and got me some. I shall never cease to be grateful for the result. I began to mend almost at once. Slowly my strength returned. I brightened up, got an appetite,

"It is eight years since the trouble came on. I caught a cold, which turned to pleurisy and rheumatic fever, and for nine weeks I lay between life and death. When at length I could be taken downstairs I was a wreck of my former self, wasted to a frame and weak as a baby. One side was all drawn up and if I tried to straighten myself the pain was intense. I was going to be loathe about on stairs or get my father to take me down. I had a little way, leaning on him all the time. But instead of getting better I got worse. I had the best doctors, but all the medicine I took proved quite useless. It was thought I was going in a rapid decline, and that nothing could save me. I was just a frame of bones by this time, and I can't tell you how weak and miserable I felt.

"However, my father chanced to read about Dr. Cassell's Tablets, and got me some. I shall never cease to be grateful for the result. I began to mend almost at once. Slowly my strength returned. I brightened up, got an appetite,

"It was one night while I was sitting up with him that I read about Dr. Cassell's Tablets. Next day I got some, and the result was so good that I thought I had found a real remedy. Soon my child began to eat, and rapidly he grew well and strong. Now he is brimful of life and activity."

Cures like these only tend to emphasize the power of Dr. Cassell's Tablets to cure Nerve and Bodily Weakness in young and old, and prove that no case should be considered hopeless until this remedy has been tried. Begin taking Dr. Cassell's Tablets at once if you are suffering from Nervous Breakdown, Nerve Failure, Infantile Weakness, Neurasthenia, Sleeplessness, Anæmia, Kidney Trouble, Dyspepsia, Stomach Disorder, Wasting, Palpitation, and they are specially valuable for nursing mothers and girls approaching womanhood. All druggists and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 50 cents. People in outlying districts should keep Dr. Cassell's Tablets by them in case of emergency. A free sample will be sent on receipt of 2 cents for mailing and packing, by the sole agents for Canada, H. F. Ritchie and Co., Ltd., 10, McCaul-street, Toronto, Ont.

THE WAR NEWS.

Today's news confirms that of yesterday to the effect that the Austro-German drive against the Russians in Galicia has failed to accomplish its purpose, and that the German losses have been heavy and their forces a good deal demoralized by the unexpected strength and clever movements of the Russians.

The probability that Rumania will enter the war against Austria, with a splendid army estimated to number a million men appears to be indicated by last night's news, and there is also a belief in Italy that Bulgaria will abandon her policy of neutrality.

One reads with some surprise that in the German Reichstag they are talking of territorial expansion after they have been successful in the war. Of course it is necessary to keep up the spirits of the people, but in view of the facts it is amazing that there is anyone in Germany foolish enough to believe that she can triumph over all the forces arrayed and to be arrayed against her.

German Zeppelins have dropped bombs on London, and killed a few persons, but failed to destroy any property of value. If German aeroplanes kill women and children in London it is not surprising that some people in the metropolis urge retaliation upon Germany in England, but it may be hoped such a course will not find general favor.

The news from Washington is of a warlike tenor, and if Germany maintains her present attitude, as is quite possible, she will have another formidable foe to reckon with.

REMEMBER BELGIUM. In Belgium today more than eight times as many people as there are in the whole province of New Brunswick are utterly destitute.

However generous the people of St. John may be tomorrow, Self Denial Day for the Belgians, their contribution will be but a trifle in comparison with the need. For in addition to nearly or quite three millions of people who have been stripped of everything there are four millions more who are suffering and whose resources are constantly growing less.

LIGHTER VEIN.

One of Her Heirs "My grandfather left a large property," he was saying.

"Of course, you expect to share in it," chirped the sweet young thing.

Found Him In "Well, how about that little bill?" "But I told you to call at 4 o'clock, and it is only three now."

Her Threat "Does your ex-husband ever get behind in his alimony?" "Not he, I have threatened to go back to him instantly if he does."

A Striking Lass "Blanche is a striking girl." "What's striking about her?" "She pounds the typewriter by day and the piano by night."

A Sorry Benedicte "Stranger—Are you sure it was a marriage license you gave me last month?" "Certainly, sir, why?" "Stranger—Well, I've had a dog's life ever since."

Her Limitations "Well is your bride a good housekeeper?" "She hasn't had much experience along those lines, I must admit. She thinks anybody ought to be satisfied with an ice cream soda for breakfast."

Beneath Him "Farmer—I'll give you \$5 a month and your board." "Applicant—Aw, shucks! What do you think I am, a college graduate?"

He Meant Well "Mr. Dobb—I've saved that rose you gave me last month. Miss Antek for though it is withered it still reminds me of you." "Miss Antek—Sir!"

How It Sounded "Bacon—What is your daughter doing at the piano?" "Egbert—Sounds as if she was setting her class yell to music."

Tax the Brute "Newlywed—Look here, did man, can you give me any good reason why you insist on remaining single?" "Free N. Gay—Sure—matrimony."

What More Could Be Asked? "Robert," said his father, "I thought I told you yesterday to clear up the yard." "Well, I did," declared Bobby, virtuously. "I fired everything over the fence so as I got home from school, but the dog next door threw it back after dark."

First Experience "Judge—Why did you strike this man?" "Prisoner—He called me a liar, your honor." "Judge—That is no excuse." "Prisoner—Well, Judge, it was my first experience. What does Your Honor do in such cases?"

Got His "A writer of plays was reading a new work before a company of the French Society of Comedy, and presently was disturbed by the sight of one of the members, M. Got, fast asleep. The author stopped and reproved the sleeper. He was reading his play to the committee in order to obtain their opinion. How could a man who was asleep give an opinion?"

M. Got rubbed his eyes and remarked, "Sleep is an opinion." There was no appeal from this verdict.

COCONUT OIL MAKES A SPLENDID SHAMPOO. If you want to keep your hair in good condition, the best soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unperfumed coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get unperfumed coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Yes! Where Are They?

(By F. W. Stringer, Recruiting Sergeant) Where are the boys of the old brigade? Where are the sons of the Loyalists? Where are the clean well-built youths in which this city abounds? Not hiding away in a little provincial town, but in the ranks of the army, and the finger of duty is pointing at ALL men of ALL classes.

And when at last the brave lads return they turn out to cheer them or will they hide indoors until the reception is over? Don't you see how this applies to every eligible man in this city? For the sake of humanity! For the sake of the good old Maple Leaf, Wake up! Let the man that is within you have breathing room.

NEW MOTOR ENGINE AND CHEMICAL CRASH

Apparatus Collide on Way to Fire—E. S. S. Company Warehouse and Contents Damaged

The warehouse of the Eastern Steamship Corporation and some of its contents at Reed's Point were damaged by fire last night to the extent of about \$1,000. An alarm from box 41 brought out the department and the firemen fought the blaze for fully three quarters of an hour before they were able to extinguish it, as the cotton, fish nets,

furniture, and other things in the warehouse were ready fuel. While on the way to the fire the motor apparatus, driven by Edward McKinnon, collided at the corner of Duke street with the chemical engine, driven by "Larry" Mahoney with a terrific crash.

As a result of the Salvation Army self-denial week this year \$77,915 was raised. Last year the amount raised was \$71,809.

REPRESENTATIVES CONFERENCE

Toronto, June 1.—A conference of representatives of Canadian universities was held today in the library of Toronto University, the following universities being represented: Toronto, Alberta, British Columbia, Dalhousie, Laval, Manitoba, McMaster, Mount Allison, McGill, New Brunswick, Queens, Ottawa, Saskatchewan, St. Francis Xavier and Western.

A committee, consisting of President Tory, Alberta University; President McKenzie, Dalhousie; J. A. Nicholson, McGill; and Dean Falconshaw, was appointed to report on the question of reducing the length of the session in Canadian universities.

A committee, consisting of the presidents of Toronto, Manitoba, McGill and Alberta universities, was appointed to draft a constitution and nominate officers for the next conference.

Regarding the recognition of courses of instruction in medicine, and recognition by universities in the east, and applied science and engineering, it was agreed that the universities should name their representatives, with Dean Clarke, of the Toronto University, as chairman of the former, and Dean Adams, of McGill, of the latter.

The Best Treatment For Constipation

The Experience of One Who Knows and Places Dr. Chase's Kidney-Liver Pills First

It is not difficult to secure a medication that will effect movement of the bowels. To cure Constipation and the complications which arise from it is another matter. Constipation of the bowels is usually preceded by torpid action of the liver. Hence it follows that if Constipation is to be cured the liver must be set right.

Mr. H. M. Bell, Innisfail, Alta., writes: "For some considerable time I have been using Dr. Chase's Kidney-Liver Pills, which I have obtained through your firm. I suppose during my life I have used nearly all the best-known pills, as I have been subject to Constipation and digestive troubles. A friend recommended Dr. Chase's Kidney-Liver Pills, and I can honestly say that of all the pills I have tried nothing has suited me better—no griping—action always insured, and fine for the kidneys. This is how I have found them after a thorough test, and you may use this statement if you like."

herst to take a position in the Hewson Woolen Mills. After about eighteen months' employment in the mills he decided to enter the ministry. He was unanimously granted a license to preach by the First Baptist Church and went to Wolfville to continue his education.

Accompanied by Premier Murray, arrived at the pier to say farewell to Colonel LeCain, officers and men. Later they extended, on behalf of Nova Scotia, good wishes and congratulations to Col. Gaudet of the French-Canadians. The visitors were received by General Ruthenford and staff and escorted to the ship.

When the 22nd Battalion arrived from Amherst at 4 o'clock that afternoon the sides of the cars contained the following printed both in English and French: "Berlin in August or Bust."

THE LOG DRIVES. Practically all of the logs on the Miramichi are now in safe waters, and will be brought to the mills. Tablets are to be put upon the Scarborough buildings which were hit, commemorating the bombardment.

SCENE AT HALIFAX WHEN SOLDIERS LEFT ON THE WAY TO WAR

Now that the soldiers who left Halifax recently have landed safely in England the Recorder gives an account of their embarkation on the Saxonia. The Saxonia took from Halifax 42 officers, 1,072 non-commissioned officers and men of the 22nd Battalion, Halifax; 96 officers, 1,097 non-commissioned officers and men of the 22nd French-Canadian Battalion who had drilled at Amherst, Lieutenant V. C. Johnson, a sergeant and eighteen men of the Divisional Ammunition Corps, from Fredericton, and four British Reservists.

The departure of the steamer was marked by many pathetic scenes, hundreds of Nova Scotians being at the pier and thousands on the streets to bid them good-bye. The scene at the North Common, when the 24th were formed up for the parade to the ship, was one that will be long remembered by one who witnessed it. Wives embraced their husbands, mothers their sons, and children their fathers who they might never see again. Many persons were unable to restrain owing to their pent-up feeling. During the march through the streets the thousands on the sidewalks waved flags and cheered the volunteers for overseas service. Every here or there people would enter the ranks and march along with the troops while bidding good-bye. The battalion was preceded by the band of H. M. C. S. Noble, the band of the 1st Canadian Artillery and the 23rd pipers were also in the parade.

By the time the troops reached the pier entrance the crowd had pressed so closely that there was only a small debris through which they could pass to the ship. The public were debarrered from the pier during embarkation. At three o'clock, Lieutenant Governor McGreuzer,

MEXICAN CITIES FACE STARVATION

Appeal For Help to United States

WILSON WARNS LEADERS

Washington Believes There Has Been Enough of "Watchful Waiting" — Conditions Rival Those of Poland or Belgium

Washington, June 1.—A change in President Wilson's Mexican policy is about to take place. A statement will be made by the president within a few days. This statement will be addressed to the American people, but it will carry an unmistakable warning to the warring factions in Mexico. Its terms will be more general than specific, but it will put the Mexican leaders on notice that they may expect action from the United States unless they speedily bring about an improvement of conditions in the southern republic.

This change in attitude on the part of the administration was evidenced today by the president issuing an appeal to the American people to give money to the American Red Cross with which to purchase food for tens of thousands of destitute and starving people throughout Mexico.

The chief significance of this appeal by the president lies in the fact that efforts of the Red Cross heretofore to send relief supplies into Mexico have proved futile because of the attitude of the warring factions. In issuing his call to the public to contribute the president is generally considered to have committed the United States government to the task of seeing that access to the famine-stricken areas is maintained. Unless the course of the warring leaders in Mexico is radically altered the United States may therefore find itself compelled to seize railroads and ports of entry in order to make good on its determination to relieve the condition of the starving non-combatants.

Enough of Watchful Waiting.

The truth of the situation seems to be this: That the president and his advisers have recognized the impossibility of carrying the policy of "watchful waiting" to the extent of permitting widespread starvation in Mexico.

Only recently has the gravity of the situation impressed itself upon officials here. The president's latest confidential adviser on Mexico, Dumas West, stated the situation in most forcible terms, and started officials into the realization that something must be done speedily. Mr. West gave it as his opinion that there was grave danger of a pestilence sweeping over Mexico which might endanger American life on this side of the border.

The appeal for funds for the Red Cross came as something of a surprise today. Before there was time, however,

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief in Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in home, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

NEW COMMISSION NOW AT WORK

Buying War Supplies From Lowest Tenders

BETTER BOOTS FOR TROOPS

Commissioners Are Giving Their Services to the Government in an Honorary Capacity

Ottawa, June 1.—A survey of the work of the War Purchasing Commission shows that within the brief time since their appointment by the government a mass of work has been accomplished in addition to the preliminary task of organization. The order-in-council appointing the commission was passed on the 8th of May, and the commissioners were notified on the day following. Since then there have been fifteen working days, in which time the commission have selected and equipped their offices, organized their staff, and have awarded contracts involving hundreds of thousands of dollars. These contracts have been awarded by tender, and each has had, it is stated, the closest scrutiny of the commission. They have covered a very wide range of articles of clothing

Consult Sends Appeal

The conditions in Mexico are appalling. Great numbers of unfortunate people are victims of the long continued fighting. They have been facing starvation for months, and now their situation has reached an acute stage when only food supplies can save them from death. A telegram just received from Consul-General Hanna at Monterey, Mexico, says: "The Monterey Chamber of Commerce has asked me to appeal to the American National Red Cross for food for the starving people of Monterey. The Chamber of Commerce has stood nobly by the people, but has reached its limits. The commanding general assures free freight and free duties. The city is without food and the people will starve unless help comes quickly. We do not want money, but most especially beg for corn, beans and rice. If we can have help for three weeks until green corn and garden stuff come on, we will be safe, but we must have corn, beans, rice, and flour or starch. I most earnestly beg help and that it be sent at once. This is no ordinary case. Thousands are hungry and will starve without help. The city has already had terrible food riots before troops arrived. Please beg Red Cross to help for three weeks until roasting ears are ready."

Worse than Poland.

Conditions in war-stricken Belgium, Serbia and Poland never have been worse than those prevailing in many parts of Mexico, according to advisers which have been coming into the state department, and which are the basis of the action of the president today in issuing in the name of the Red Cross an appeal to the American public to give money to relieve the distress of the Mexicans.

In most of the large cities there is an acute scarcity of food which in Mexico City has led to such incidents as mobs feeding upon bodies of males dying in the streets. The situation at Monterey has become so desperate that this week there occurred in that city the worst riots known in Mexico in many years. The situation is now rendered the more serious in that there is a grave danger of pestilence sweeping through many regions of Mexico. Epidemics of disease already are raging in many sections. It is the present intention of the Red Cross to establish collection depots for the receipt of supplies at Galveston and at Laredo, Mexico.

Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the cause which produces the affection," says Dr. Ray of Hingham, Ala. Continuing, he says: "Physicians cannot begin the treatment of a disease without knowing what causes it to be, and we must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the headache has been removed. The most effective remedy for this purpose is Anti-kamnia Tablets, which give relief in ten to fifteen minutes. These tablets are particularly effective in relieving the headache of women."

When we have a patient subject to regular attacks of sick headache, we should aim to keep his bowels regular, for which he feels the least sign of an oncoming attack, he should take two Anti-kamnia Tablets. Such patients should always be instructed to have them ready for instant use. These tablets are prompt in action, and can be depended on to produce relief in a very few minutes. Anti-kamnia Tablets can be obtained at all drug stores.

and equipment and of war supplies generally.

Upwards of 300 persons have called upon the commission. They have been business men from all parts of the country, some inquiring with regard to supply contracts, but many coming for the only purpose of offering to cooperate with the commission in any manner in which their experience would be of use. Thousands of letters have been received and answered.

The commissioners, in addition to the staff organized by them, are having the co-operation of several branches of the government service whose duties bear upon the work of equipment and forwarding the troops. The objects for which the commission has been created are to assist the various branches through which the war vote is expended, in so far as the purchasing of supplies, equipment, munitions and materials of war, transportation contracts, etc., are concerned. The commissioners, Hon. A. E. Kemp and Messrs. Gault and Laporte are giving their services in an honorary capacity.

The contracts awarded so far, to the lowest tenderer in each case, have been for provisions, forage and supplies for all the camps and outposts where troops are training or are on duty, equipment, special appliances, machines, tents, etc., for new hospitals in France, and so on. Large quantities of raw materials for the manufacture of ammunition in the Dominion arsenal, supplies for horse equipment, field telephones, and technical equipment for the railway engineering corps and dental equipment have been purchased and contracts have been let for the transportation of the troops.

The question of boots has also been considered, and an army boot has been turned out in which strength and flexibility are combined. The boot question has not been disposed of finally, but the boot now being supplied is believed by

the commission to be the equal of, if not better, than those worn by the troops of the United Kingdom or their allies. The best advice that could be obtained has been taken by the commission in regard to the boots, and further suggestions from any source are being welcomed.

Know the pleasures of a clean, moist mouth

MAYBE you are one who has pooh-poohed chewing gum. Maybe you have discounted the true virtues of gum because of the excessive claims sometimes made about gum's help to the digestion.

If so, you have denied yourself the pleasures of a clean, moist mouth—the mouth with the healthy taste inside of it.

For gum performs this service: It normally stimulates the salivary flow making up for the mouth depressing effects of modern diet. Remember that dental authorities have proved saliva to be Nature's own mouth wash—best of all safeguards against decay of teeth.

Chew Sterling Gum a few minutes after each meal for a week. Notice the delicious Sterling flavor with its clean, sweet after-taste—notice the mouth cleanliness that comes from this gum from spotless kitchens.

Sterling Gum will bring to you at last the pleasures of a clean, moist mouth.

OLD RIVALS EACH TOOK ONE GAME

Matches of Shamrocks and Nationals in October 1887

TEN INNING CONTEST

Dan Connolly scored Winning Run—Nationals Turned Tables When Next They Met—Old Time Oarsmen

On Wednesday, October 12, 1887, one of the most exciting baseball games seen in the city in years took place between the Shamrocks and the Nationals and was won by the former by a score of 12 to 11.

The Nationals went first to bat. Kennedy got a hit, Milligan took first on an error, Barker and Warlock took first on hits, Christie was struck with the ball and DeForest came across with another hit. One run resulted as two of the players were caught between the bases and Purdy struck out. The Shamrocks failed to rally.

In the third inning the Shamrocks tied the score. Connolly took his base on balls, stole second, moved to third on a passed ball and scored on Costigan's hit. The Nationals turned up another goose egg, while the Shamrocks went in for blood and scored six men. White got to first on error, and was sent home by Callahan's hit. Gorman died at first. Then on the Nationals part a comedy of errors was enacted. Callahan, McHugh, Kelly, Lane and Connolly scored.

Box score for Shamrocks and Nationals matches, listing runs, hits, errors, and scores for various players.

P. S.—In those days a base on balls was scored as an error. In some leagues it was called a hit.

On Saturday, October 16, 1887, Harry Vall arrived in the city from Portland, Me., where he had been training to meet Ten Eyck, but as a result of an accident had to forfeit his deposit and call the race off. He said he was out rowing in the harbor when a fishing smack ran into him smashing his shell and throwing him out into the water. He asked Ten Eyck to postpone the race, but he refused to do so, and he had to forfeit his deposit. As a result of his ducking he was suffering from a severe cold.

Here is an odd challenge which appeared in a local paper Monday, October 17, 1887.

"Fred Plasted to Eugene Buckley." "I hear that Al Hamm has broken his arm in several places. If that is so, I hereby challenge him to row me three miles inside of ten days for \$2,500 on side, the same amount that Courtney and Bubar rowed for. Man and money can be found at 28 Portland Place."

On Wednesday, October 19, 1887, the Nationals made up for their previous defeat by the Shamrocks by turning the tables and winning from their rivals by an overwhelming score of 23 to 4.

The winners battled like demons and played an almost perfect fielding game. The Shamrocks were in hard luck from first to last. Robinson's fine curve completely baffled them and only one ball reached the outfield. Almost every man on the nine made fumbles and wild throws of which they were formerly not guilty. Connolly and Kelly did the best fielding for the nine and Callahan and Gorman made some excellent catches.

White led the Nationals at the bat with six safeties. The fielding of the nine was so good that personal mention, said the chronicler of the day, would be unfair. Bell made a fine one hand stop, while Robinson and Whitcomb were a whole team in themselves. The box score follows:

Saskatchewan Liquor Matter. Regina, June 2—Now that the time for the government to take over all wholesale liquor dispensaries is drawing near, the Saskatchewan wholesale liquor men have selected a strong committee to meet the government to make satisfactory arrangements for the transfer of such stocks as may remain on hand when the new legislation goes into effect.

Going Back To The Old Way

Years ago, our fathers ate coarse, dark bread stuffs, because the millers ground whole grain. Modern ill-health and some modern diseases were unknown in those days. Owing to competition, millers began to refine grains to make everything look good, thus robbing the cereals of their chief food value.

Science frowned on this practice. Intelligent people—led by the medical profession, and the eminent Doctor Wiley in particular—have turned back to bread and coarse, unrefined foods. Dr. Jackson's "Roman Meal" is a whole grain food, composed of Whole Wheat and Whole Rye with deodorized Flaxseed and Bran. It is coarse and dark, wonderfully nourishing, readily digested, and is guaranteed to relieve constipation. Ask your doctor. Sold by leading grocers. 25c a large package.

COX BROTHERS, NEW BRUNSWICKERS, ARE IN FIGHT IN AFRICA

Two Manguerville men are fighting for the empire in South Africa. William J. Cox and his brother, Mathew. They are half brothers of Dr. Phillip Cox, of Fredericton and brothers of Mrs. Jas. McCluskey of Barker's Point. Mathew was wounded in the left hand while fighting in Portuguese South West Africa against the Germans.

William J. Cox has been appointed lieutenant in Mande's Scouts, and has been in active service since October last. Both he and his brother are veterans of the Boer War.

RECENT WEDDINGS

McQuillan-Akerley. A pretty wedding was solemnized at 6 o'clock yesterday morning in St. Peter's church, when Miss Mary Lillian, daughter of Mr. and Mrs. George Akerley, of this city, was married to John McQuillan, son of Mr. and Mrs. Patrick McQuillan, also of this city, by Rev. Charles McCormick, C. S. R. The bride was becomingly attired in a blue traveling suit, wearing a hat to match. She was attended by Miss Margaret McMiniman, who was prettily dressed in green silk. The groom was supported by his brother, Thomas McQuillan. After the ceremony the happy couple partook of a wedding breakfast at the home of the bride's sister, Mrs. William Burns, Harrison street. Mr. and Mrs. McQuillan will reside at 454 Main street.

Comesa-Doucette. Hon. Joseph Wm. Comesa, of Coenauville, Digby county (N. S.), and Miss Zoe Doucette, of the same place, were married in the Cathedral yesterday morning at a nuptial mass at 9:15 o'clock by His Lordship Bishop LeBlanc, Rev. Wm. M. Duke assisting. Miss Mary Comesa, sister of the groom, was bridesmaid, and Camille Doucette, brother of the bride, did the honors for the groom. Both bride and bridesmaid wore traveling suits of navy blue, and "panama hats."

The groom represents Digby county in the Nova Scotia Legislature, and has been a member of the government since June 29, 1911. He was educated at St. Anne's College, Church Point, and Bishop LeBlanc was one of his classmates. The bride is a cousin of His Lordship, and while the register was being signed he presented to the bride and her sister each a pair of pearl rosy beads, silver mounted. The honeymoon trip will be to Upper Canada.

Perkins-Prole. At the home of Mr. and Mrs. W. J. Hawkins, 287 Carnarvon street, St. John, yesterday, the wedding took place of Frank Douglas Perkins to Miss Harriett S. Prole. The ceremony, which was under the two flags, the British and the Canadian, as the bride is English and the groom a Canadian by birth, was performed by Rev. Frederick Ross, of Coburg street church. The bride was given away by W. J. Hawkins and she was dressed in a traveling suit of blue. Supper was served by Mr. and Mrs. Hawkins, followed by a reception.

Wilson-Isaacson. Woodstock, N. B., June 1—(Special)—This evening the Hayden-Gibson Theatre was thronged with invited guests to witness the marriage of Miss Elizabeth Marion Isaacson to Abraham Wilson. The ceremony was performed and sanctioned by Rabbi Abraham Hartberg, of St. John. Mr. and Mrs. Schwartz of Carleton, and Mr. and Mrs. Campbell, of Fredericton, attended the couple. Miss J. Jacobson, of St. John, was maid of honor, and Miss G. Jacobson, of Perth, and Miss Freda Acker, of St. Stephen, were bridesmaids. Several young girls acted as flower girls. After the marriage the evening was spent in merry-making by the assembled guests. Nearly 200 were present at the festivities.

BROADWAY STARS IN FILM PLAYS

Bianche Walsh and Henry Dixey Before Screen

FRANK POWELL STILL DIRECTING

News of the Studio; Late Releases: "The Chorus Lady" For the Screen, Also "The Traveling Salesman"

Bianche Walsh, a famous emotional Broadway star, will be featured in a screen production of one of her successes by the Universal Film Manufacturing Company. Just as soon as she closes her vaudeville engagement of "The Spoils of War," in which she is now playing she will commence her work for the films at the Imp studios in New York City. Miss Walsh is one of the most celebrated dramatic actresses before the public today. When she entered the vaudeville field a short time ago it created a nation wide interest and her determination to enter the movies is even more of a sensational move on her part.

Henry E. Dixey, famous star of innumerable Broadway productions from "Adonis" down to "A Thousand Years Ago," is to appear in a Universal screen play, title of which will be announced in the near future. Mr. Dixey is a stage favorite whose fame has extended over a long period. He made a tremendous reputation in his very youth for his grace in "The Men on the Box" in which he starred for many months. Movie fans will find Mr. Dixey a charming addition to the film world.

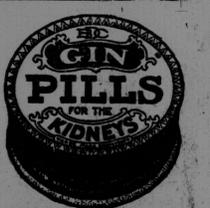

Frank Powell, director of the Fox Film Corporation, whose pictureization of Foster Emerson Brown's "A Fool There Was" added further laurels to his reputation, is at the present time in St. Augustine, Fla. Mr. Powell is filming "La Gioconda," by D'Annunzio. Harry Handworth, former Vitagraph, Pathe and Independent producer, is once more with the Vitagraph. His first production will be a three-reel feature, "Meine Verloren," by Jesse Datus Smith. Harry Spitzler will have the juvenile lead in support of William Farnum in the screen production of "The Bondman," based on Hall Caine's novel. Edith Storey completed a brief vacation last Saturday. The Vitagraph lead took a quick jump to Bermuda and back.

Garry McGarry, a Vitagraph player, was rather badly injured last week in a fall from his horse while riding at full speed for a picture being directed by Lorimer Johnston. The spill was intended, but as McGarry is an expert horseman, it was not expected that the fall would be so heavy. Viola Lubin, seventeen-year-old daughter of Al. Lubin, theatrical manager, is now a member of "The Black Box" company, and will appear in the concluding instalments of the Universal serial.

Fred Thomson used what was practically a "studio on wheels" in taking more than a hundred scenes in New York streets for the World Film production of "After Dark." Thomson utilized a large moving van, fitted up so that the camera was hidden, and also containing a dressing room in which necessary changes of costume were made. It was rather successful in baffling the curious crowds that usually collect to hamper a director. The Lasky Company has secured the motion picture rights to "The Chorus Lady" and "The Traveling Salesman," both by James Forbes and recorded among the most successful comedies of recent years. "The Chorus Lady" was successful on Broadway for two years and continued on the road for several seasons after the New York hit, meeting with almost equal favor. The acquisition of these two comedies follows the success of the Lasky Company with the screen version of "Snobs" presenting Victor Moore, and is evidence of a determination to continue the production of this class of humorous photoplays. These two plays are the first James Forbes plays to be presented on the screen.

MAJORITY AGAINST INCORPORATION SMALL Fredericton, N. B., June 1—(Special)—The movement to unite the villages of St. Marys and Gibson and incorporate them into a town was defeated today at the election held under provincial statute. The vote stood 168 against incorporation and 163 for, a majority of three against. Two ballots were rejected and the total count of ballots showed that there were two more cast than there were voters who had exercised their franchise. What effect this will have on the elec-

tion is not known, but it is said that it can be protested. Severe Earth Tremors Recorded at New York. New York, June 1—Severe earth tremors were recorded on the seismograph at Fordham University here today. The disturbance which appeared to be about 8,500 miles from New York, lasted an hour and nine minutes.

Wake Up! New Brunswick! This World War Demands the Supreme Effort of a United Empire Shall Our Province Fall Behind? It should not be supposed that contributions of a couple of thousand men a few odd dollars, some barrels of potatoes and boxes of socks constitute our rightful sacrifice. So far not more than a handful of people in all this country have any actual realization of what the war means. These few have given their husbands or their sons to the cause of Empire. The remainder have done nothing in comparison with their abilities and their opportunities. Our national life, our peace, our prosperity and our happiness are so dependent upon the well-being of the British Empire that only by playing our part in that Empire can we maintain our fortunate position. Up to the present ninety-nine per cent. of us do not realize what sacrifice means, nor what is being endured by those nearer to the firing line than we are. We must give, not only of our material wealth, but of our blood, and not niggardly, but with a generous hand. None of us wish to part with our husbands and our children, but it is better that they should serve the Empire and save our homes than that our enemies should triumph and all that we hold dear be taken from us. "For Romans in Rome's quarrel Spared neither land nor gold, Nor son nor wife, nor limb nor life, In the brave days of old." The 55th Regiment still requires five hundred men from New Brunswick. These men must be furnished at once, and must be recruited from New Brunswick homes. We cannot ask strangers to take our places. The duty before us is clear, however hard the part may seem. Some will lose their lives; others will be maimed; many will return. MEN OF NEW BRUNSWICK—Once upon a time there was a man who said that he would rather be a live coward than a dead hero. What is Your Choice at the Present Time? The Question is Up to You Today!

East End League

The game in the East End League last evening between the Commercial and the Alerts ended very unsatisfactorily and the fans who had journeyed to the grounds to see a good game went home disappointed. The managers of the teams agreed to call the game at ten minutes after eight o'clock and each appointed a time keeper. In the fourth inning when the Commercial were leading 9 to 4 with two men out and two strikes on the last batter the umpire, J. Copeland, walked in from the field and declared the game off. A protest was entered and when the matter was consulted seven or eight showed seven minutes after eight and only one ten minutes after.

When the League was formed the Playgrounds Association kindly donated the grounds for the young men to indulge in good clean sport, but many more such occurrences as last night's would soon ruin the game and kill the interest of the fans. The league executive should hold a thorough investigation into last evening's game and place the responsibility.

Orange Street Cubs Win

The Orange Street Cubs defeated the Marsh Road Maple Leafs in an exciting eighth inning game on Tuesday afternoon by a score of 4 to 0. The batteries were: For the winners, Knodell, Thomson and Gregory; for the losers, Robertson and Daley.

Players We Know

Jim O'Donnell, a former Woodstock catcher, made the longest hit ever seen on the Woburn, Mass., grounds when he cracked out a four bagger in the game with the United Shoe team of Beverly, Mass., from the home team on Saturday by a score of 4 to 0. Hart, a south-paw, who was with the Bangor Club in the N. B. and Maine League pitched for the winners and held Woburn to three scattered hits.

Carson to "Come Back"

Fredrickson Gleason—the Divisional Ammunition baseball team has been reorganized and is out to take a fall out of the Peta for the trimming they gave the soldiers on May 24.

New Records

Rain and cold weather have caused 106 baseball games to be postponed in the League since the start of the season six weeks ago, according to figures compiled in Chicago. The figures set a record for major league postponements.

National League

Brooklyn, June 1—Wheat was the hero of a five to four eleven-inning victory by the Brooklyn's over Philadelphia today. After the visitors had forged ahead by a

ninth-inning rally, Wheat came up with two out and two strikes called and tied the score with a home run. He came up again in the eleventh with the bases full and one out and scored O'Mara with the winning run. The score:

Fairville League.
The game in the Fairville League last evening between the Royals and Roses proved interesting to the fans for the full five innings. Victory perched on the banners of last year's champions. The score was 9 to 6.

The victorious nine played their usual high strategy game and took full advantage of Comans' extremely slow wind-up to steal bases. Most of their scores were due to this though they also acted well. Murphy played an active first base. In the second inning Perry retired from the bases in favor of Duke, who delivered for the balance of the game. Fall seemed as much at home behind the bat as when facing the batter, who encouraged the losers to the last.

For the Roses, nothing went by Joe Cahana, covering first, and his hit over first base in the fourth inning won him the honor of the only home run of the night. In the first inning he had a two seaker to his credit.

It is now up to the Roses to try again, perhaps with a change of battery, as an experiment. Gilles has a sore thumb which prevented him catching last night. There will be no game tonight, but on Thursday the Roses are to try conclusions with the Portlanders.

Intercollegiate Meet Saturday.

The intercollegiate sports will be held at Rothensay on Saturday afternoon with probably the most exciting contest, that of the St. John High School, Moncton High School and Rothensay Boys' College. Fredrickson has in other years been enthusiastic but for some unknown reason has withheld her entry this season. A feature of the sports is that a new trophy has been presented by the St. John High School Alumni and will be contested for under practically the same regulations which governed the last trophy, won by the local school. That is, the school winning for three consecutive years becomes the possessor. The trophy has not yet been secured but the offer of the alumni has been accepted and the cup, or whatever it may be, will be ready before long.

Does Not Favor Trials.

Boston, June 1—Sir Thomas Lipton, whose yacht Shamrock IV, the challenger for the America's Cup, is laid up in Brooklyn, does not regard with favor the proposed renewal of the trials this summer between the cup defending candidates Resolute and Vanitie, according to letters recently received by friends in this city. When Colonel Duncan D. Nell, who brought the Shamrock IV to this country last summer saw her safely interned for the war, he expressed the hope that the owners of the defenders would not take advantage of the situation in Europe and continue the tuning up work, a process from which the challenger necessarily would be barred. No agreement was entered into by the owners of the defenders, and Col. Nell not to race during the enforced inactivity of the Shamrock IV, but the report of Sir Thomas said he assumed that the American owners would refrain from using their boats. A letter written by Sir Thomas shortly before his

departure on May 10 on a second Red Cross trip to Serbia is said to endorse this assumption.

It is understood by local yachtsmen that the Resolute and Vanitie will be raced as vigorously this summer as if a cup contest were pending next fall. It is admitted that a large majority of the twenty contestants in the two yachts engaged last summer were unsatisfactory.

WRESTLING

Prokos won from "Strangle" Lewis in a bout in the Spectator rink last evening. He lost the first fall in fifteen minutes when his opponent secured a head and body hold and forced his shoulders to the mat. The second fall went to Prokos after eight or nine minutes of fast wrestling. Towards the end the men went at it in a rough and tumble style and Lewis came out second best. Prokos secured a flying toe hold and twisted his opponent's knee, after which he threw him forcibly to the floor and then, replacing him on the mat, pinned his shoulders. As Lewis refused to continue the match was awarded to Prokos.

SHAMROCKS WIN

Interesting Ten Inning Game in St. Peter's Juvenile League.

In St. Peter's juvenile league yesterday afternoon the Shamrocks defeated the Victorias, 7 to 4. The game went ten innings and was one of the most exciting played this year. In the first of the tenth, Brozman, who was on the mound for the Shamrocks, started off by striking out the first two men, O'Donnell, his rival side's man, then came to bat and drove out a home run, making the score 4 to 3 in favor of the Athletics. When the Shamrocks went to bat they put three men on bases and Captain McGovern drove out home run, winning the game. The lineup—

PRODIGAL USE OF AMMUNITION

If there were given to examine in detail the daily bill of costs of conducting the war it would be found that the items of arms and ammunition stood high up on the list of expenditures. During the British attack on Neuve Chapelle from 85,000 to 40,000 shrapnel shells were expended inside of eighteen hours and this was only one of many engagements then taking place along the hundreds of miles of firing line in the western and eastern war zones. From Saturday, May 8, to the following Tuesday night the British fired a million and a half rounds of shells around Ypres, and Thursday, May 13, the British fleet in the Dardanelles fired 8,000 shells.

IS "SOME SCOTCHMAN" NOW

Sergeant Fred Wade, son of Mr. and Mrs. John Wade, of Pennac, who was praised by the high officials of Scotland Yard for the part he played in the capture of a murderer in London last winter, is now at the front with the 16th Battalion.

Writing to his mother under date of May 1 he gives some interesting details of his first experience in the trenches and also encloses a letter received by him from Major Lafour, of Scotland Yard, congratulating him on his creditable work in capturing the London murderer, who afterwards admitted suicide.

Several weeks ago he was captured in this capture by Lance Corporal Jack McNair, a former U. N. B. student, who was a member of the engineering corps on the St. John Valley Railway. He is also with the 16th. Extracts from Sergeant Wade's letter follow:

"Just a few lines to let you know I am alive and well. I have been at the front about two weeks. The weather has been very fine. We have been at where the big battle took place and so many of the enemy were killed and so many (lost) were sustained. We are back behind the firing line now and are enjoying the most of the war. I am with the 16th Battalion now. It is a Scottish regiment from Toronto, and we are wearing kilts, I am some Scotchman."

FRIDOLIN USE OF AMMUNITION

If there were given to examine in detail the daily bill of costs of conducting the war it would be found that the items of arms and ammunition stood high up on the list of expenditures.

During the British attack on Neuve Chapelle from 85,000 to 40,000 shrapnel shells were expended inside of eighteen hours and this was only one of many engagements then taking place along the hundreds of miles of firing line in the western and eastern war zones. From Saturday, May 8, to the following Tuesday night the British fired a million and a half rounds of shells around Ypres, and Thursday, May 13, the British fleet in the Dardanelles fired 8,000 shells.

Gun power, backed by inexhaustible supplies of ammunition, will win the war over superior military strategy and a preponderance of men. This is why the Allies are confident of success, for they have not only their own undisturbed resources to draw from, but are able to place contracts in the United States for shot, shell, and powder on such a scale that, whatever the prodigality of its use, no tactical advantage in the field need be neglected, or postponed because the supplies of ammunition are running low.—From "War Contracts in the United States," by Charles F. Spear, in the American Review of Reviews for June.

GORDON TURNER'S WOUND Moncton Transcript: Gordon Turner's wound is likely to prove troublesome, according to information to friends in Moncton. The injury is not at all dangerous, but it is through the hand at the base of the thumb and first finger, and it is feared that the bones have been shattered in such a way that it will be some time before he recovers the use of the hand. He does not expect to get back in the fighting line for some time. Gordon was wounded during the fighting around Ypres and the retreat to Langemarck on April 24.

One of the most thrilling incidents in the Leaky-Bisco production of "The Girl of the Golden West" is the game of cards which the girl plays with the sheriff for the life of her lover, the road agent. The sheriff is in love with the girl herself, and, therefore, has a double reason for seeking the life of the gentleman-bandit, who is wounded and helpless. When the girl finds that the sheriff is about to win, she cheats—but with a motive so noble that the act is one which every sympathetic man and woman must regard with approval. For thus the girl saves her lover from ignominious death.

The Man In The Street

Welcome, June!

The wedding bells have started. But the dinner bells at Courtenay Bay have stopped.

The Russians have done something else in a bid for popular favor—they've located a pronounceable battle-ground—Sai!

Remember the Belgians—Self-Denial day tomorrow.

How Did He Travel?

Personal columns today's Standard: How did the man in the street travel in the city yesterday? Did he register?

"We don't go beyond Potts Junction," is the way a street railway motorman announced it to a passenger the other day.

Roumanie is adjusting the "manic" part properly, and will likely be the next to plunge.

"The Little Bit"

O'Leary, V. C. isn't dead, today's press cables say, but probably Germans in the trenches opposite him have been washing that his obituary notice had been correct.

Question of the hour—"Goons have a holiday tomorrow?"

Bank clerks and government employees are about all who can truthfully answer "yes."

Any Kind of Weather For Him.

News note—"Such weather for the opening of June is all that a bride could desire." As usual, there is no consideration for the welfare of the groom. But maybe the bride had been reading a suffrage pamphlet.

Overboard in Princess Street.

Conductor to irate passenger—"You'll have to transfer here, sir—the streets are torn up, and we can't go any further."

Passenger—"Well, if I must I must, but shridinshril! I'll if I like it."

A tip to the moral and social reformer—"Keep the children away from Princess street when the passengers are transferring, unless you wish to advance their knowledge of profanity."

That popular spot known as "the hotel" is now occupied by the United States and Roumanian warships. Bulgaria also seeking accommodation; some of them are liable to be crowded over into the war zone before long.

It is reported that the question of church union will be laid over for a period; another cessation of hostilities on account of the greater war.

"United we stand, divided we fall," as the city commissioners murmured while deciding to adjourn the council until the absentee could be present to take his share in the responsibility of dealing with the street railway matter.

Some one remarks that the United States need not fear the activities of Germans within their borders if war is declared; just close down the breweries and they would all die of thirst, is the naive suggestion.

The men of the 98th have proved already their right to the title of heroes. Any man, not accustomed to sea bathing, who took a plunge in the waters of the Bay of Fundy yesterday deserves a medal.

DR. S. ALWARD ADDRESSES TRIANGLE CLUB IN FAIRVILLE

Last evening the Triangle Club held open session in the vestry of the Fairville Baptist church, the last meeting of the season. Ladies of the various church organizations were present besides other guests.

The president, H. P. Allingham, was in the chair, and opened the proceedings with a bright address on the aims and work of the club, alluding to the winter programme so successfully carried out, and predicting a very promising future.

Mrs. Murray Long then delighted all with a vocal selection, and was followed by the chief speaker of the evening, Dr. Silas Alward, on "Great Charters of English Freedom." Reference was made to the outstanding will of Holland and the liberty of the British people, and a hearty vote of thanks was extended the speaker at the close of his excellent address.

Speeches were made by Rev. W. Townshend of St. Columba's, president of the church and Stephen H. Shaw, president of the Fairville Brotherhood. Regrets were sent by Rev. W. P. Dunham and Rev. G. Earle, who were prevented from attending by previous engagements.

Mrs. Bert Huestis sang a solo, and remarks by Rev. P. R. Hayward finished the programme. Refreshments were served and the gathering dispersed with warmest regards for the Triangle Club, whose members had proved such admirable hosts.

GEORGE RAYNES DEAD

George Raynes of Fairville died early this morning at his home, 98 Church Avenue, Fairville, aged sixty-seven years. Some twenty years ago he was a lime manufacturer at Green Head, and later a road commissioner in Lancaster. He was widely known, and many old friends will learn with regret of his death.

Besides his wife he leaves one daughter, Gertrude, and three sons, Edgar, George and Charles, all of Fairville; and two sisters, Mrs. T. Sullivan, of St. John, and Mrs. E. J. Christie of Victoria, B. C. The funeral will take place on Friday afternoon, with service at the house at two o'clock, after which there will be a service at the Church of the Good Shepherd.

SELF DENIAL

If any persons have not received Self Denial boxes for the Belgians tomorrow, and will telephone or call this afternoon or evening at the Patriotic Fund rooms, Prince William street, they will be gladly supplied. The boxes have been distributed in the city, Fairville, Westfield, Woodman's Point and Rotherby. Views showing the Belgian refugees will be shown at the movies, and the Boy Scouts tomorrow will carry banners. It is hoped the response will be worthy of the cause.

FOR TOTAL ABSTINENCE WHILE THE WAR LASTS

Rural Deacons Members to Seek Pledges From Church Members

At a meeting of the St. John Rural Deacons yesterday in the church of the Good Shepherd, Fairville, all the members of the deacons were present except Rev. Messrs. Jenkins and Jarvis. Many matters of interest were transacted. Holy communion was celebrated at 9.30 a. m. with Rev. Rural Dean Sampson, celebrant, and Rev. W. P. Dunham assisting.

Following the office, matters of interest pertaining to the church were discussed, and it was decided that every parish make an effort to obtain total abstinence pledges during the war from its respective members. The deacons adjourned to meet at Westfield in August. An enjoyable luncheon was served by Rev. Mr. Dunham and Mrs. Dunham, with the clergyman as their guests.

BOWLERS KEEP UP HIGH SCORING

On the Vic alleys the single string competition is still drawing a large number of contestants and keen competition is always seen when the bowlers get together. There are five prizes given away each day.

On Monday Coughlan succeeded by winning two prizes. His 125 and 129 were the two highest during the day. Gamblin with 114, Riley with 118, and Cosgrove with 113 were the other prize winners. Tuesday's results were as follows—H. Mays, 120; T. Cosgrove, 112; Coughlan, 119; Riley, 119; B. Stevens, 119.

All prizes given away in the single string competition are valued at \$1 or more, and the bowlers are certainly trying hard to outdo each other. Much interest is displayed in this contest, and many high scores are placed as a result.

A special betting match, S. H. Mays defeated Jas. Steen by 87 pins. Mays' scores were 120, 96, 91, 307; Steen's were 92, 89, 89, 279.

TWO MORE SAINT JOIN MEN WOUNDED

Howard McMahon and William McInerney Are Reported

EDWARD SPEIGHT IS PRISONER

Card Comes to Sister — Young McMahon is Only 18 Years Old — Private Appleby, a St. John Soldier, Ill — Hampton Man Wounded

A telegram received this morning by J. H. McMahon of 44 Mill street, from Ottawa informs him that his son, Howard, had been wounded while fighting with the infantry in France. He was with the 10th Battalion, having transferred to that unit from the 13th with which he left St. John last fall, because of the possibility of seeing quicker action.

The telegram was signed by the adjutant general and said that fuller particulars would be sent later. Besides his father, young McMahon, who was one of the most youthful of St. John's representatives on the firing line, being but eighteen years of age, has an anxious mother at home waiting for further news of her boy, as well as three brothers, Harry, William and Harold, and two sisters, Annie, May and Margaret. It is hoped his wounds will not prove serious.

Arthur Seely, son of Coun. E. H. Seely, Lower Norton, and grandson of T. Carleton Olive, of West St. John, has been wounded. News was received this morning. No particulars are given, but the wound is not described as serious. Seely was in a bank in Manitoba when war broke out and enlisted in Winnipeg. Lately he was transferred to the 10th Battalion. His brother, Lance Corporal Leon Seely, is with the 99th Battalion. The latter is six feet two, and both brothers are crack shots. All his friends hope soon to hear that Seely has recovered.

ADJUTANT GENERAL

Private McInerney is a native of Hampton, but enlisted in the west, where he had gone four years ago, and was engaged as a housemaid. He is a son of the late Edward McInerney of Hampton, and has many friends there, and in St. John, who will hope for his speedy recovery.

Edward Speight is a Prisoner.

Miss J. Speight, 622 Main street, received the following card this morning from her brother, Edward Speight, dated May 10—

"Am a prisoner of war. Am well. Letter following. Send parcel. Address: 14418 Prisoner of War, Camp Meschede, Germany."

FOR TOTAL ABSTINENCE WHILE THE WAR LASTS

Rural Deacons Members to Seek Pledges From Church Members

At a meeting of the St. John Rural Deacons yesterday in the church of the Good Shepherd, Fairville, all the members of the deacons were present except Rev. Messrs. Jenkins and Jarvis. Many matters of interest were transacted. Holy communion was celebrated at 9.30 a. m. with Rev. Rural Dean Sampson, celebrant, and Rev. W. P. Dunham assisting.

Following the office, matters of interest pertaining to the church were discussed, and it was decided that every parish make an effort to obtain total abstinence pledges during the war from its respective members. The deacons adjourned to meet at Westfield in August. An enjoyable luncheon was served by Rev. Mr. Dunham and Mrs. Dunham, with the clergyman as their guests.

A GOOD WORK

The Society for the Prevention of Tuberculosis has had ten thousand leaflets printed for distribution, giving salient facts about the disease and its home-treatment. Of these five thousand will be distributed through the schools. In every city where an effort is made to combat tuberculosis this method of reaching the people is adopted.
