DROP THE NEW NAME, ADVICE OF KINGSTON PAPER

Kingston, Ont., March 1.—The Daily Standard (Conservative), today expresses the hope that at the coming Conservative conference at Ottawa, called by Ex-premier Meighen the recently adopted high-sounding title "National Liberal and Conservative Party" will be dropped and the old name "Liberal-Conservative Party" be restored.

REPORTED SALE OF PARIS FIGARO

London, March 1.—(Canadian Press) Reuters' Paris correspondent cables that Mons Coty, a wealthy perfumier, has secured control of the noted newspaper the Figaro.

ATTEMPT TO STEAL PRINCESS'S GIFTS

London, March 1.—An attempt to steal a part of Princess Mary's collection of jewels was made at Buckingham Palace on last Saturday morning, but was frustrated by the detective force employed in guarding the wedding gifts.

MAN KILLED IN MONTREAL IN EARTH SLIDE

Montreal, March 1.—One man was killed, two were injured and nine other men had a narrow escape this morning when a wall of an excavation being made for the foundation of the new court house in Notre Dame street collapsed and an avalanche of several tons of earth resulted.

TEASED BOYS, IS KILLED BY FAMILY

Knoxville, Tenn., March 1.—Correspondence from Winfield, a remote mountain section, tells of the alleged killing there on Feb. 10, of Dewey Walker, 25, by a widow named Mrs. Hanna Strunk, her daughter, and two small sons. The tragedy is said to have resulted from Walker teasing the children, who were playing marbles. The onslaught of the mother and her children followed.

ONTARIO LIBERALS IN CONVENTION TODAY

Toronto, Ont., March 1.—The Ontario Liberal convention opened here this afternoon. J. G. Ramsden of Toronto, temporary chairman, called the meeting to order.

SALE OF SCHOONERS

Halifax, N. S., March 1.—The three-masted schooner Favelina, 441 tons, built in 1919 at Hantsport, N. S., at a cost of \$80,000, was sold by auction here today for \$12,000.

THE DOLLAR TODAY

New York, March 1.—Sterling exchange firm. Demand 444. Canadian dollars 1 18-16 per cent discount.

White House officials said they had no information as to the nature of the conference between the president and Mr. Fielding, the engagement having been arranged by the British embassy.

The Canadian minister continued today to decline to discuss his mission in Washington.

Ottawa Comment

Toronto, Mar. 1.—A news despatch to the Toronto Globe from Ottawa today says:—

The visit of Hon. W. S. Fielding to Washington has aroused more interest in Ottawa than any other item of news in months. Men of all parties realize that if the minister of finance can bring about any trade arrangement with the U. S. by which Canadian farm products can enter that country unpenalized by a heavy duty, he will effect a real political coup.

Such an accomplishment, it is recognized, here, would stimulate business as nothing else could do at the present time. Locked at solely as politics, the chances are that it would create a bond between the Liberal party and a sufficient number of Progressives to put the government on a sure footing for its full term of office.

Even after discussion today there are grave doubts if the reciprocity pact of 1911 is still on the statute books of the U. S. A ruling from Washington will have to be obtained on this subject and possibly Mr. Fielding, who will return on Thursday, has this ruling in his pocket.

Last April Mr. Fielding said unequivocally in the commons that that pact was still in force in Washington and only awaited the consent of Canada. It is not known here whether subsequent tariff legislation in Washington made the pact null and void.

WOULD ABOLISH SOME CHURCH EXEMPTIONS

Toronto, March 1.—In the legislature yesterday Major Alex. Lewis introduced a bill to abolish exemptions on land and buildings of churches, burying grounds, private schools and seminaries of learning and industrial refugees operated by societies.

Issued by the authority of the Department of Marine and Fisheries. R. F. Stupart, director of meteorological services.

AMERICANS AT NEXT CONCLAVE, SAYS THE POPE

Rome, March 1.—All the American cardinals will be present at the next conclave, Pope Pius said during an audience for Cardinal O'Connell, of Boston, yesterday.

CHICAGO GRAIN MARKET

Chicago, Mar. 1.—Opening: Wheat, May, 1.46 3/4; July, 1.25. Corn, May, 67 1/2; July, 69 1/2. Oats, May, 42 3/8; July, 44 1/8.

This map, it is understood, is one of a series submitted during the Anglo-Irish Treaty negotiations. While all Catholics in the six county areas are Nationalist and anti-partition, many Protestants also are anti-partition so that under the religious classification, the number of Protestants is much more than the number who would actually vote for partition.

GIFT OF \$6,000,000 TO JOHNS HOPKINS UNIVERSITY

New York, March 1.—A gift of six million dollars to Johns Hopkins University of Baltimore for endowment and buildings for the school of hygiene and public health, was announced last night by the Rockefeller Foundation. The school, which aims at prevention rather than cure of diseases, has been supported from year to year by the foundation since its opening in 1918, but the six million dollar gift places it on a permanent footing and provides for construction of new buildings on a site adjacent to the Johns Hopkins Medical School and Hospital.

ANGLING LEASES IN THE PROVINCE

Sale to be Held in Fredericton on March 22—The Present Prices. (Special to Times.) Fredericton, N. B., March 1.—The sale of angling leases in salmon and trout waters will be held on the 22nd instant in the Crown Land office in this city.

FATAL ROW OVER DRINK OF WINE

Killing in Rochester, N. Y., When Trouble Started Over Refusal of Another Drink. Rochester, N. Y., March 1.—One man is dead and another is in a hospital seriously injured as a result of a shooting affray which occurred here early this morning. The man killed was Samuel Tubolino, 37 years of age, while Elias Velate, 36, is in hospital. Louis Dioguardy, a man known only as Fucis, is being sought in connection with the killing.

MAN KILLED IN MONTREAL IN EARTH SLIDE

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter, "I suppose you're gettin' a rest now."

"There is no rest," said the reporter, "for the wicker and wicker. What led you to believe this outfit could get along without my valuable services?"

"That there legislatur," said Hiram, "it'll be opened tomorrow, an' the parliament up to Ottawa 'll be goin' in a few days—an' I jist natchly made up my mind they'd fill the papers."

"Your point is well taken," said the reporter, "but our desk man has ordered a case of blue pencils and has an eye like a hawk's. If you think we are going to print all the flub-dub the farmers and other brands of politician unload on the helpless official reporters in the house you are due for a surprise!"

"I want to be surprised," said Hiram. "If you fellows 'll jist git together an' stop printin' them long speeches mebbe the members 'll git down to business an' save the country some money. Yes, sir—it's wath tryin'—By Hen!"

MAYOR SEES WHAT CITY LOOKS LIKE FROM 2 MILES UP

A prominent local citizen called upon Mayor Schofield this morning at City Hall, and thrusting a large square envelope into his hand, burst out:

"Could you, in the face of this, afford to withhold your name from the civic contest for the mayory next spring?"

His worship was rather taken aback for a moment but he managed to compose himself sufficiently to open the envelope. Therein he found an excellent photograph of the city and its environs, taken from the air at a height of about two miles. At first glance it looked like New York, which is of peninsular construction similar to St. John but on closer inspection, the mayor saw the twin harbors, with the terminals on one clear cut against the water background; the rectangular lay-out of the streets in the city proper, the oil tank developments and other features of the port, appreciated only when seen from on high. The photograph was taken the summer before last by the pilot in a Handley-Page bi-plane which passed over on its way from Parralboro to New York and is an excellent example of air photography.

THREE ALARMS FOR THIS FIRE

Hard Fight for Firemen in Cold at Corner of Union and Charlotte Streets.

Fire, which broke out this morning about four o'clock in a building at the corner of Union and Coburg streets, occupied by Alexander Demison and Mrs. John K. Storey and owned by Joseph A. Likely, caused damage estimated roughly at between \$5,000 and \$10,000.

Most of this was in the apartment house part of the building, facing Coburg street, over the back part of Mr. Demison's confectionery store and ice cream parlor. The apartments were occupied by Mr. and Mrs. Demison and others.

The flames were breaking through the roof before the firemen could get to the scene. A strenuous fight ensued in which the firemen were handicapped by the cold. In spite of this trouble, however, the fire was confined to that part of the building in which it started and "all out" sounded about seven o'clock.

The people in the house were removed without injury except slight chokings induced by the thick smoke. Some of them became excited and rushed out on the roof scantily clad and there was some trouble in rescuing them, but they were all got out of the building by the door without the necessity of a rather perilous trip down the ladders. On account of the driving wind and intense cold the people rescued from the house were taken across the street to the office of the Health Institute at 9 Coburg street.

The interior of the burned building is coated in ice and the sidewalk and road in Coburg street are covered to the depth of six inches in some parts. The building is badly gutted in the part where the fire was worst and in other parts of the building and the one next to it on Coburg street there was considerable damage from smoke.

The fire was first noticed by Policeman Percy Gantzer, who saw smoke coming from the building and rang in the alarm from Box 3, bringing the fire department quickly on the scene. Three alarms were rung in in order to get all hands on the spot immediately and a hard fight was kept up until the flames were got under control.

The front part of the building is occupied by Alexander Demison with a fruit and candy store on the ground floor and a candy factory on the upper two floors. In the same building, in Union street, there is a millinery shop with workshop above, owned by Mrs. John K. Storey, in Coburg street the two top floors are taken up with apartments. The building is partially insured, but Mr. Likely said today they were not yet able to say whether or not the damage would be covered.

JOHANNESBURG IN DARKNESS

Power Plant Staff Decline to Work Unless Given Protection.

London, March 1.—(Canadian Press)—Johannesburg town was in total darkness last night, except for a few palaces of amusement possessing their own lighting plants, as a result of the refusal of power plant staff who recently abandoned the strike and returned to work, declining to continue in the absence of sufficient protection from the strikers still on duty, says a Reuters cable from Johannesburg. The industries depending on electric power are at a standstill.

FREDERICTON NEWS

Fredricton, N. B., March 1.—Miss Elizabeth Nutter, supervisor of Women's Institutes in New Brunswick, is prevented by illness from attending to her duties. On that account the advisory board, which was in session here on Tuesday, did not meet today. A meeting will be held later.

Abu Lavigne, charged with having 1,100 muskrat skins in his possession illegally, was in the police court this morning. The case was adjourned to permit a case before Judge Crockett, touching upon the same matter, to be decided.

## To free your skin from blemishes

JUST before retiring, wash in the usual way, with Woodbury's Facial Soap and warm water, finishing with a dash of cold. Then dip the tips of your fingers in warm water and rub them on the case of Woodbury's until they are covered with a heavy creamlike lather. Cover each blemish with a thick coat of this and leave it on for ten minutes. Then rinse thoroughly, first with clear hot water, then with cold.

Begin this treatment tonight. Within a week or ten days you will notice a marked improvement. The Andrew Jergens Company.

## ENTERTAINMENT AT EAST ST. JOHN IN AID OF THE BOY SCOUTS

A very successful entertainment in aid of the East St. John Boy Scout Troop, No. 6, under the direction of Lieut. Oswald J. Lawson, their popular and efficient scout master, and an overseas veteran, was given in the Community hall in East St. John last evening. The hall was crowded to its utmost capacity and the enthusiastic audience was delighted with the splendid programme, which was given by some of the most popular talent of the city. Every number was heartily endorsed. The programme was as follows:—Dance and song, Misses M. Calthness and M. Bailey, accompanist, Mrs. Charles Robinson; recitation, Norman Magnusson; vocal solo, Mrs. Walter Millican; comedy sketch, "The Grecian Bend," A. Blair, E. Hickey, M. McKensie, E. Paries, Mrs. Stackhouse, Mrs. Patrinquin and B. Patterson; clarinet solo, Major Thomas Fugh, with piano accompaniment by Miss Heales; vocal duet, Percy Flewelling and Mrs. Millican; dance, pupils of Miss Littlefield; solo, Miss Jessie McKay; comedy sketch, "Old Gooseberry," J. ## EIGHTY-FOURTH BIRTHDAY.

About fifty friends of Mrs. William Sinclair assembled on Tuesday evening at the home of her daughter, Mrs. J. Hastie, 292 Princess street, for the purpose of giving Mrs. Sinclair a surprise on the occasion of her eighty-fourth birthday. A handsome easy chair was presented to Mrs. Sinclair and she was also the recipient of a quantity of beautiful flowers and many other tokens of regard from far and near. One of the features of the evening was a large birthday cake decorated with eighty-four lighted candles. Mrs. Sinclair in spite of her age is still enjoying fairly good health.

STARVES HIMSELF INTO MENTAL DEATH

Chicago Prisoner Will Feel No Pain on Gallows, So Physicians Assert.

Chicago, Mar. 1 — Medical and psychological experts who for thirty days have been watching the desperate efforts of Harvey W. Church, double slayer, sentenced to hang Friday, to cheat the gallows by starving himself to death, assert that he has succeeded in committing mental suicide.

According to Dr. Norman Copeland, who has been directing the forcible feeding of Church for the last two weeks, the physical crisis in the youth's condition has passed and he will live physically.

Other physicians assert that Church is mentally dead. He is not insane, they say, but has reduced himself to such a state of self-hypnosis that he will feel no pain when the trap is sprung Friday. Church's hunger strike began more than thirty days ago. For the last two weeks he has been forcibly fed. He seems insensible to pins stuck into his flesh or any other efforts to arouse him. "At times we are not even sure he is breathing," the death watch said. "It would be easier to sit beside a corpse."

Meanwhile Church's mother is praying for death to release him before he is carried to the gallows to pay for the slaying of two automobile salesmen to obtain possession of their car. "He's innocent," she insists, "because he must have been insane and did not know what he was doing."

RECENT WEDDINGS

A romance which had its beginning in the Canadian West was culminated at Apohaqui yesterday, when John Arnott Currie, of Strathburg, Saskatchewan, was united in marriage to Miss Freda Laura Robinson, daughter of Mr. and Mrs. Robert Robinson, of Barwick. The ceremony was performed by Rev. Canon Sheehan and was witnessed by about thirty friends. The bride was given away by her father, and the wedding cake was played by her sister, Mrs. James McAuley. Mr. and Mrs. Currie left on a trip to Prince Edward Island after which they will leave for their future home in Strathburg.

RECENT DEATHS

Mrs. James Hargrove. The death occurred Tuesday afternoon at 8:30 o'clock, after a brief illness, of Mrs. Phoebe Hargrove, of Partridge Island, wife of James Hargrove, of the department of health. Mrs. Hargrove, before her marriage last May, was Miss Phoebe E. Vincent, daughter of Mr. and Mrs. Beverly Vincent, of 22 Millidge avenue, this city. She was a graduate nurse of the Rhode Island Hospital, of Providence (R. I.), of the class of 1918, and also in the same year became a registered nurse of that state, having passed her examinations with honors. She did private and district nursing in Providence and also private nursing in Boston, Bethlehem (Pa.), and St. John. She was of a very bright and

lovable disposition and made many friends who will greatly regret to hear of her sudden death which was a great shock to the family. She was born in St. John and was only twenty-five years of age. Besides her husband and parents, she is survived by two brothers and two sisters. The brothers are William and Roy Vincent, of St. John, and the sisters are Mrs. Harry M. Pratt, of 80 High street, and Mrs. W. M. Vincent, of Bethlehem (Pa.). The body will be taken to the residence of Mrs. H. M. Pratt, 30 High street, today and from there the funeral will take place on Thursday.

Floyd B. Lasher. The death of Floyd B. Lasher occurred last night at his residence, 23 Brittain street, after a short illness of pneumonia. Besides his wife, he is survived by two sons, Walter and Thomas, and two daughters, Nellie and Violet, all at home; and one sister, Mrs. Thomas Raymond, of Fredericton. He had been ill for only one week and his death will be deeply regretted. Sincere sympathy will be extended to the bereaved relatives by their friends.

Mrs. Emma J. Ray. The death of Emma J. widow of John G. Ray, occurred at her home in Matapan, Mass., on February 19. She was a daughter of the late Elizabeth and William Blizard, of this city and was born in 1850. She is survived by four daughters and five sons, and one sister, Mrs. Frederick J. Read this story to your children. The Story of Robin Hood. ONCE upon a time, there lived a great and good knight whose pleasure it was to gather little children around him to listen to the wonderful tales of Robin Hood in Nottingham Forest. As he rode hither and thither in shining armour, upon a beautiful white steed, he felt very saddened to see how many frail and undeveloped children there were in his country. So it came to his mind one day, that to be a doer of brave deeds such as the famous Robin Hood, one should be very strong and robust. It was then that the Knight hit upon a plan whereby he should find the secret which would cause all little folk to grow up stalwart and strong like Robin Hood. So, gathering together many little children, he brought them to a wonderful castle. There each child enjoyed the best that that fair land could offer. Now, while every child fared sumptuously, there was one thing they were fed very sparingly—and that was BREAD. Meats, vegetables and fruits they had in plenty—but only an ounce or two of bread daily. But for one little boy—a frail, wee fellow—the good Knight waived this rule. In fact, this little lad's diet was almost entirely BREAD with rich, sweet butter. Then the Knight left the castle and went into a far country. One year passed by—and the Knight returned. Gathering all the children into one large banquet hall, the Knight had each thoroughly examined by the King's own physician. "And what do you think?" That frail little boy who had eaten nothing but good BREAD and butter—had grown into the strongest child of all. A powerful boy! He was pronounced one hundred per cent physically fit. Oh, how the great Knight rejoiced. At last he had found out the secret. To attain a strong, sturdy body and steady nerves, one had only to eat plenty of good wholesome BREAD. It was then the Knight took himself off to the great Western Prairies and there he built a wonderful Mill, which was to make the richest and best flour in the land. Poor wheat he spurned—only the cream of the finest Western Canadian Hard Spring Wheat would the Knight allow to be used for his rich nourishing flour. The flour was made under the most scientific and hygienic conditions. This fine flour of such marvellous quality, the Knight named "ROBIN HOOD."

MANY ENJOY ST. JOHN'S HIGH TEA. Between 350 and 400 were served at the high tea last evening in St. John's (Stone) church. The tables, set in the main school room, were tastefully decorated with yellow daffodils and candles in holders of silver and cut glass. The guests were received by Mrs. A. L. Fleming and Mrs. Alfred Morrissey, and grace was said by Rev. A. L. Fleming. After the first supper had been served, an address was made by Bishop Lloyd, bishop-elect of Saskatchewan, who is on his way from England to his new diocese. In calling on the bishop, Mr. Fleming took the opportunity to compliment the ladies in charge of the tea on the way they had handled the affair. Bishop Lloyd told of the visits he had made to St. John, and also of some of the pioneer work done in western Canada. He emphasized the need of young people as teachers in the schools of the west. A pleasing programme of music was given by an orchestra, and solos were rendered by Mrs. Harrison, Miss Bessie Dawson and Mr. Bambray, with Mrs. A. McAvity as accompanist. The committee in charge of the tea was as follows:—Mrs. A. Ernest Fleming, Miss Edith Skinner, Mrs. C. F. Francis, Mrs. W. C. Clarke, Mrs. D. W. Puddington, Mrs. B. Fowler and Mrs. George L. Warwick. Others who had charge of various departments were as follows: Receiving tickets—Miss C. O. McGivern, Mrs. R. J. Hooper. In charge of tables—Mrs. J. F. Robertson, Miss Hooper, Mrs. J. E. G. **CONDEMS THE  
B. C. LIQUOR LAW**

Rev. Dr. Smith, Formerly of  
Fredericton, Writes Strong  
Letter on Subject.

Editor of Fredericton Mail—  
Sir—Honors are in circulation here to the effect that there is a disposition on the part of some of the people in N. B. to adopt similar legislation, in dealing with the liquor traffic.

As certain facts have appeared which indicate the general trend of the business in this Province I am taking the liberty of submitting these for your consideration. The extent of the traffic under Government control is noteworthy. When submitting estimates the Attorney General stated that the Government expected a revenue of at least \$3,000,000 per annum. This requires a sale from \$10,000,000 to \$12,000,000 worth of liquors. Some estimates even larger quantities. Having gone into the liquor business the Government seems determined to make it financially productive and the only effective control which is evident is the fact that the people pay for it. As an attempt to limit or eliminate the traffic as a more effective means than prohibition as was urged during the plebiscite, it is now evident that the whole movement was organized for the purpose of fastening the traffic upon the Province. As the law prohibits drinking in public places the inevitable result is that drinking is now carried on in clubs, hotels and homes. Thus without less drunkenness appears round the government shops than the old bars, the same scenes, and worse are being enacted in other places. Hotelmen from the first opposed a bill which turned every room into a bar and at the Tourists' Hotel Protective Association appeared before the Government with a memorial which contained this statement: "Under the present system the consumption of hard liquors in hotels is rapidly increasing, and though the hotel man is in no way responsible for the evil, he cannot possibly abate it, as having rooms for the purpose of lodging, the lodgers will hold parties and orgies in them in spite of the closest surveillance."

Under the present system bootlegging is as flourishing as at any period in the past and the law permits B. C. to become the scene of an enormous traffic in pouring liquors into the United States. The consequences are just what one would expect when this enormous quantity of liquor is consumed by the people. The fact that the government is in the liquor traffic instead of the saloon keeper of former days does not effect the nature of the poison when people take it. The result of drinking so much hard liquor is daily becoming more noticeable. For the last half of 1919 under prohibition there were 425 cases in the Vancouver police court for drunk and disorderly conduct. For the corresponding period in 1920, when the law was absolutely ignored and there was a movement to discredit prohibition the number was 988. For the corresponding period in 1921, under government control, the number was 907.

The economic consequences of diverting many millions of dollars from legitimate trade is being keenly felt. When the new law came into effect certain lines of business showed noticeable shrinkage. When the use of liquor in clubs, hotels and the home certain disastrous consequences are appearing. Drinking among women is increasing rapidly and young people are falling into drinking habits as part of social functions.

One of the worst features of the situation is the wholesale bribery of cities and corporations by giving half the net profits. From each three and one half months the amount of profits distributed to cities and municipalities was \$200,000. Of this Vancouver received \$64,700. The strange fact is that a large part of this goes to the public hospital. For years the people of Canada were being taught to look upon and study the liquor traffic in the light of its relation to personal and social efficiency and well being. But in B. C. the colored glass of the liquor traffic has been replaced before the eyes of the public. The balance sheet of profit and loss due to the traffic has been made out so often by competent authorities that it seems almost incredible that anyone today would give any weight to the supposed gains. Unfortunately many accept the traffic as

a proper revenue producer. They do not consider the other side of the account. The present system, now that the real purpose has been disclosed, is in reality a state monopoly of the traffic in which the people get all the liquor they want and the government makes all the money it can. As a method of dealing with the traffic it has no advantage over a very low license system. The government holds the license for the same issues as were faced a quarter of a century ago. The only gain is that the idea of government control had to have a trial, as a last step toward prohibition. That trial is now being made. The present system is opposed by every prohibitionist and already the forces are lining up for the next battle. Anyone here knowing the situation would deplore the action of any other Province passing through such an experiment.

Yours very truly,  
W. H. SMITH,  
Westminster Hall, Vancouver, B. C.,  
February 8, 1922.

Nash, manager at Halifax, has been promoted to the position of superintendent of the Bank of Montreal in the maritime provinces. Mr. Ambrose came to St. John in November, 1914, from Spokane (Wash.), and has been a prominent figure in the financial and social life of the city since he took up his residence here.

**MORE GOOD WORK  
BY THE G. W. V. A.**

Ottawa, Feb. 28.—The search for persons to whom credits are due on the books of the department of militia and defence, undertaken by the Dominion Command of the Great War Veterans' Association, again produced successful results during the week ending Feb. 26. The correct addresses of twenty-four payees were ascertained, and their right to amounts from \$5 to \$347.80 was established. The total amount adjusted during the week was \$2,286.14. The most striking part of the week's work was that eleven of those to whom amounts were due were located in the capital city. Another demonstration of the extent of the search being conducted by the G. W. V. A. is the fact that two payees were located in England.

**NEW YORK CRITIC  
NAMES CHAMLEE  
CARUSO'S SUCCESSOR**

New York, Feb. 28.—Writing recently in the New York Evening Post, H. T. Finck, the Musical Critic of that publication, states most emphatically that Mario Chamlee, the American-born tenor of the Metropolitan Opera Company, is entitled to succeed Caruso, as the world's greatest opera tenor. In commenting upon a performance of "La Boheme" Mr. Finck says:—"Fortunately one could enjoy the singing of Lucrezia Bori in the duet, for the part of the lover was taken by Mario Chamlee, who, judging by his singing, is seemingly destined to become the successor of Caruso." "I have seen the part of Rudolfo acted more realistically than it was last night, but no one that I have heard has sung it with such mellow, luscious voice and such spontaneity of tonal emission. No shouting, no yelling bloody murder, but simple power and not a bar spoiled. Is the Mario in Chamlee's name prophetic? The Metropolitan is to be congratulated on having such a tenor." "Chamlee's excellent gifts as a singer and actor, and the perfection of his style and diction mark him as one set apart. There is the freshness and virility of youth in Chamlee's tones; a spontaneity and power in his wonderful high voice as unusual as it is satisfying." In November, 1920, Chamlee made a brilliant debut with the Metropolitan Opera Company of New York, appearing as Mario Cavaradosi in "Tosca," and his brilliant success, in a wide range of principal roles, with the Scotti Grand Opera Company, is a matter of record. Public and press from ocean to ocean acknowledge his histrionic as well as his vocal gifts. Apart from occasional tours, those who desire to hear Chamlee, and to judge his ability, would need to visit New York for that purpose, were it not for the fact that Chamlee can be heard on Brunswick records, for which he records exclusively. Chamlee is one of the growing galaxy of great artists who record exclusively for Brunswick, among whom may be mentioned:— Leopold

**Freed from constipation—  
appetite and digestion restored—  
rid of pimples and boils—**

People from all over the country tell what  
**Fleischmann's Yeast** is doing for them . . . .

**Freed from constipation**  
PROBABLY one person in every five, says one specialist, is suffering from constipation. Hundreds have found that this condition is corrected by Fleischmann's Yeast. They no longer feel obliged to take laxatives and cathartics which at best give only temporary relief.

"I have tried every known cathartic and medicine ever since I was a boy," writes one man. "At last I found a perfect remedy and absolute cure by eating 3 cakes of Fleischmann's Yeast daily."

"Since eating Fleischmann's Yeast I have had no bowel trouble," says another.

"Being troubled with constipation, I tried various kinds of pills but all without benefit. Then I began eating Fleischmann's Yeast. I am now entirely cured and am in perfect condition of health."

"Always constipated and troubled with gas," writes a woman who suffered for 20 years with this complaint. "I started eating Fleischmann's Yeast and in two days my bowels began to act regularly. After 4 weeks I was completely restored to health."

"Bothered with constipation, run-down and losing weight," is the way some one else described his condition. In two months' time Fleischmann's Yeast had completely corrected the constipation and toned up his whole system so that he said he felt "better than I ever did during my whole life."

Men and women everywhere are being freed not only from chronic cases of constipation but also from what one doctor calls "the almost universal tendency" to constipation. Not quite constipated but not a complete daily elimination of waste matter.

You will yourself notice a decided improvement in your intestinal activity if you supplement your present diet with 2 to 3 cakes of Fleischmann's Yeast every day. You will gradually find that laxatives and "treacherous cathartics" are entirely unnecessary.

**Appetite and digestion restored**  
HOW many would like to be able to say that! Many have already found out that they can say that. Men and women suffering with digestive disturbances—appetite gone—stomach upset—intestinal pains—have found that these troubles disappear when they eat Fleischmann's Yeast regularly. Fleischmann's Yeast stimulates the appetite, improves digestion and helps you get more benefit from the other foods you eat.

"I have been trying Fleischmann's compressed yeast for 3 months and have found it just wonderful," writes a woman grateful to be released from her long bondage to indigestion. "I was very much troubled with indigestion," she continues, "and could eat nothing at all. Now all that is changed and I am absolutely free of the trouble."

"I tried all kinds of medicines but none seemed to help me," a man explained. He began eating Fleischmann's Yeast and at the end of 12 days he saw a distinct improvement in his digestion.

"Stomach troubles developed and after taking everything I could think of with no success, I tried Fleischmann's Yeast. Now I eat 4 cakes every day and I never felt better in my life. My stomach trouble has entirely disappeared."

Today we know that digestive disturbances are danger signs of wrong habits of eating—that they are corrected not by medicines and drugs but by changing our ways of eating. Fleischmann's Yeast added to the diet supplies richly the elements needed to improve appetite and indigestion. You get more benefit from the other foods you eat.

**Rid of pimples and boils**  
SKIN troubles sometimes are seen in men of apparent good health. Pimples and boils may be caused by the character of a man's work. But most often they are danger flags of lowered vitality. Something more fundamental is wrong. Perhaps it is a digestive disturbance of some kind—perhaps it is due to wrong habits of eating kept up for a long time. Fleischmann's Yeast is now widely known as a fresh food which corrects the basic cause of pimples and boils.

"My face is clear and has a good healthy color," writes a man who had been very much troubled with pimples.

"I used one medicine after another, yet nothing removed the unsightly and painful pimples and boils from my face," says another man, "until I tried Fleischmann's Yeast. After eating Fleischmann's Yeast regularly for some weeks my face became absolutely clear."

"In six weeks my skin trouble disappeared," writes one of the many young women who have been helped by eating Fleischmann's Yeast. Young women often suffer from pimples. Many are restoring their skin to its natural healthy color and texture by adding Fleischmann's Yeast to their regular diet.

Fleischmann's Yeast will do naturally for you what habit forming drugs cannot do. One cake of Fleischmann's Yeast gives you ten times the amount of yeast-vitamin found in most so-called yeast-vitamin preparations, to which drugs of various kinds have been added. Fleischmann's Yeast is a pure food unmixed with any drug. It gives you in natural form what your body tissues crave.

Place a standing order with your grocer and get the full benefit of Fleischmann's Yeast by eating it regularly.

An interesting booklet telling what Fleischmann's Yeast has done for others and can do for you will be sent free upon request. Address THE FLEISCHMANN COMPANY, Dept. 1, 678 St. Urbain Street, Montreal, Que.

Eat 2 to 3 cakes of Fleischmann's Yeast every day—spread on crackers, dissolved in milk or water—or just plain.

CHILD WELFARE IN MONTREAL

Thirty Baby Health Centres Radiate Benefits—A Milk Campaign for Children Under Weight.

(Edith Haslam in Montreal Gazette) What a terrible indictment against modern civilization is the fact that its sciences are further developed for the slaughter of humans than for the welfare of its children.

POLE PAID \$3,900 FOR MONEY PRESS It Failed to Turn Out Same Kind of Bills After Friends Had Departed—An Age-worn Trick.

(Toronto Mail and Empire) Wiser, but minus \$3,900, representing savings which he had accumulated during the past couple of years, Andrew Shenal, a middle-aged Pole, living at 199 Duchesne street, last night at police headquarters unfolded a heart-throbbing tale of how he had been cleverly victimized by three confidence men.

Each layer was soaked with the "mystery chemical." The press was then placed beneath a mattress. In order that Shenal might learn something of the practical side of the operation he was selected to sit on the mattress while the chemical transformed the blank paper into real money.

After handing over the money the inventor told Shenal that he had pressed for the \$3,900 for the reason that he wanted to make \$8,000 before leaving for Russia, where he hoped to dispose of the invention to a group of Soviet friends.

Shenal told the police that his friends worked fast. Sitting on the side of a bed they showed him how to operate the machine. A one-dollar note was placed on the bottom board. On top of it was placed a sheet of paper, the size of the bill. Five genuine bills and a similar number of pieces of paper of a special linen type were used for the initial test.

one of the machines and a bundle of paper, and a bottle of the solution. The machine was refilled, supposedly with dollar bills, and paper, the supply this time being tripled, which naturally required longer time for the "mystery chemical" to properly saturate the paper.

IMPROVEMENTS AT ROCKWOOD PARK

Reports at Horticultural Society Annual Meeting.

A Deficit of \$1,500—Gift of Rare Animals Acknowledged—Events of the Year—The Financial Statement

Some interesting facts are contained in the reports of the managing committee and the treasurer of the St. John Horticultural Association presented at the annual meeting of the organization held this afternoon.

The report of the managing committee for the year ended January 31 was as follows:

During the great war a number of young ladies, banded together under the name of the Rockwood Park Club, devoted their energies to making and sending articles, particularly to their acquaintances at the front. After the signing of the armistice they brought their efforts to a fitting conclusion by erecting in the public gardens a lasting monument of granite to the memory of the seven young men from the immediate vicinity of the gardens "who in the great war gave their lives for the cause of liberty and right."

The monument was unveiled in August last with fitting and impressive ceremonies, the president undertaking on behalf of the association that it would be given due care and kept in good preservation.

On January 18 and 19 last the Canadian championship skating races were held at Lily Lake under the management of the Y. M. C. U., which proved a success in every way. Probably more people were at the lake on the second of these days than on any previous day. The attendance was conservatively estimated at 7,000 on the first and 15,000 on the second day, many persons placing the figures much higher.

Two important improvements in the park have been made during the year. The road skirting the southern edge of Lily Lake was widened from what was a crooked and narrow drive way to its present straight and broad dimensions. The work proved much more extensive than at first supposed and was well carried out by John Henry, whose intelligent work as head keeper is worthy of praise. In consequence of this work it was possible to give the same attention to other roads and to the paths as formerly, but these will receive particular attention during the coming year.

In connection with the water supply to the drinking fountain near what was the deer enclosure and for the use of the animals. This supply had for years run from Crystal Spring through an open trench cut through a bog to the northwest of the pleasant house. To do away with this dangerous condition a trench was dug and in this were laid pipes from Crystal Spring to the drinking fountain, a distance of nearly 800 feet. A portion

STAY AWAKE AFTER EATING

Give Your Stomach Help With A Stuart's Dyspepsia Tablet and Noon Day Meals Won't Bother.

Many people are so afraid of drowsiness after eating that they skip meals

of eat so little they are undernourished. Such stomachs merely need the help of Stuart's Dyspepsia Tablets. The sense of fullness is relieved and there is no acid effect, no gasiness, no heartburn. Digestion proceeds without those peculiar pressures and sensations of indigestion and you soon learn to forget your stomach provided you do not forget Stuart's Dyspepsia Tablets. Get a cent box today of any druggist and note how much better you feel after eating.

of the cost was borne by Joseph Tebo, who derived benefit in the tea house from the improved water supply, and the whole work was done in a satisfactory manner at the very low cost to the association of \$168.21.

The toboggan slide as been extended and attracts large numbers in winter. The pavilion and tea house have been well patronized. These, as well as the skating and skating features, have been well conducted by the association and its staff.

The gardens have been well kept up by William McGee, the head gardener. The Bank of Nova Scotia, to which the association is much indebted for its financial assistance and forbearance, requiring a substantial reduction in the overdraft account, every effort was made towards that end, the result being that a considerable reduction has been effected.

Some unusual expenditures will be necessary during the coming year in re-arranging the wiring of cages. It is also proposed to erect a house for the better protection of the animals during the winter seasons, and the bridge near the lower end of Lily Lake will need to be reconstructed.

Edward W. Carroll, now of Gona, Quebec Ont., kindly presented to the park a pair of black squirrels—the species Spizus Niger are not natives of this province. Special permission for their export was obtained through the Hon. Manning Doherty of the Ontario government. This is the only gift of animals received this year. Persons who have wild animals in their possession desirous

of disposing of them are requested to communicate with the treasurer. The present overdraft amounts to \$1,654.64. Outstanding debentures are \$7,500, at four per cent, which mature January 1, 1924.

MORNING NEWS OVER THE WIRES. In a letter to the premiers of Saskatchewan, Manitoba and Alberta, Hon. W. L. Mackenzie King outlined a proposal for the return of the natural resources to these three provinces in place of the subsidies they had been receiving.

A cablegram was received yesterday from Premier King from Princess Mary thanking him and his colleagues in the Canadian government for the good wishes expressed in a cable sent by him yesterday in New York, Charles W. Morse, steamship owner and former banker, his three sons, Ervin, Benjamin and Harry, and eight others, Colin H. Livingston, George M. Burditt, Nehemiah H. Campbell, Rupert M. Much, W. W. Scott, Philip Reinhardt, Leonard B. Christie and Robert O. White, were indicted by a grand jury on charges of defrauding the United States government of millions of dollars.

Alfred E. Lindsay, alleged swindler of society women, now in the Tombs prison, New York, yesterday denied the accusations against him. This statement was in direct contradiction to a statement of the assistant district attorney that Lindsay had broken down and confessed to many of the charges.

TO BUILD \$800,000 RINK IN BROADWAY. Iceland Management Will Erect Big Skating Structure at Fifty-third Street.

New York City will have one of the most modern and elaborate ice skating palaces in the U. S. by next autumn, according to an announcement made by the management of the present Iceland rink, under whose auspices the new rink, which will take up the greater part of the block bounded by Fifty-third street, Broadway and Eighth avenue, is scheduled to start the first of next month and is expected to be finished about the first of October.

The cost of this winter sport plant will be about \$800,000. More than half of this sum represents the purchase price of the building site, which is now occupied by the negro Y. M. C. A. and several tenement buildings. The land and buildings were bought a year ago.

When completed, the rink will include many novel features and all the latest improvements that have been developed within the last few years. Not only will it take care of the present demands of skating enthusiasts, but will be suitable for hockey games.

There will be a skating area of 200 by 80 feet, and in addition to the ordinary facilities there will be club rooms, separate lockers and many other features. The new ice palace will be under the management of Daniel C. Webb.

COMMON COUNCIL. At a brief session of the common council held yesterday afternoon the report of the committee of the whole was received and the recommendations therein were accepted with the exception of one, which was referred back for further consideration. The clause recommending that the clause recommending, formerly under lease to Henry and Ernest A. Atkins, be sold to the Maritime Construction Company for \$1,000. His worship said that the case of the province was, the C. P. R., regarding the new bridge, would come up in the supreme court on the third Tuesday in April.

No Appetite

Nervous exhaustion leads to distaste for food. The nerves of the stomach are weak, digestion fails and you become generally upset and out of sorts.

The secret of complete restoration is in getting the nervous system fully built up.

Mrs. R. Cheney, 208 Richmond St., Chatham, Ont., writes: "I was troubled with indigestion, which caused me many sleepless nights. I would be in terrible distress at times, and would get no relief for two or three hours. For six months I ate nothing but bread and butter, and I did not know what to do, as I had tried so many different remedies, as well as doctors' medicines, without gaining permanent relief. Finally I got some of Dr. Chase's Nerve Food, and while on the second box noticed that I was improving. I continued the treatment until I am now fully restored, and have returned to my regular diet. My husband has also taken Dr. Chase's Nerve Food with splendid results, so we are glad to recommend it to others."

FOR FIRST AID TROPHY. The second examination in first aid work to be held this year in connection with the award of the Wallace-Neish Junior trophy for New Brunswick was held last night, in Trinity school room, when the team of Trinity troop of Boy Scouts was examined by Dr. S. Skinner and Dr. E. S. Bridges. The members of the team were Reginald Whitley, captain; Leslie Leck, John Nyberg, Robert Kelly and Victor Regan. There are twenty-five teams entered in the competition for the trophy this year.

The team of the Scout troop of the Rothesay Consolidated school won the trophy last year. The members of the team were Reginald Whitley, captain; Leslie Leck, John Nyberg, Robert Kelly and Victor Regan. There are twenty-five teams entered in the competition for the trophy this year.

The W. C. T. U. at its meeting yesterday afternoon severely censured many of the present-day practices in the city. Announcement was made of the coming county meeting to be held with the North End Union. Reference was made to boxing, skating on Sunday, and special showings of pictures on Sunday. Food ferments and souars, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affects the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take it teaspoonful in a glass of water right after eating. This will drive the gas, wind and blast right out of the body, sweeten the stomach, neutralize the excess of acid, prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Home-made, but Has No Equal for Coughs. Makes a family supply of really palatable and effective medicine. Easily prepared, and saves money.

If you have a severe cough or chest trouble accompanied with soreness, throat tickle, hoarseness, or difficulty breathing, or if your child wakes up during the night with a cough, you want quick help try this reliable old home-made cough remedy. Any druggist can supply you with 2 1/2 ounces of Pinex. Pour this into a 16-ounce bottle and fill the bottle with plain water. This recipe makes 16 ounces of really remarkable cough remedy, tastes good, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for 2 1/2 ounces of Pinex with full directions on the wrapper. Do not accept anything else. Guaranteed to give prompt satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

RESUME WORK ON CHAMBERLAIN'S

Pressmen's Union Agrees to Abide by Arbitrator's Ruling—Small Papers This Morning.

New York, March 1.—Morning newspapers here appeared in abbreviated form today because of a controversy arising from the pressmen's wage arbitration award made on February 22 by Judge Martin Manton of the U. S. court of appeals.

A meeting of members of Newspaper Web Pressmen's Union, No. 25, the local organization, last night, did not adjourn until so late this morning that the publishers were forced to print eight-page papers, eliminating nearly all advertising and special features.

George L. Berry, president of the International Printing Pressmen's and Assistants' Union of North America, was present.

The meeting, which was reported to have been a stormy one, resulted in the union agreeing to abide by Judge Manton's award, and union members were ordered to return to work in the pressrooms of today's papers, and to report for duty hereafter at the regular hours.

The decision handed down by Judge Manton fixed \$61 and \$45 as pay for day and night respectively, and \$84 and \$48 for night pressmen-in-charge and journeymen.

London Chronicle Comments on Proposal for U. S. Merchant Marine Subsidy.

London, March 1.—President Harding's proposal for a United States merchant marine ship subsidy was crowded out of several of the London newspapers by the accounts of Princess Mary's wedding, to which every journal devotes many pages.

Only the biggest newspapers print more than a brief summary of the president's statement to congress, and the Daily Chronicle, the only one to comment, says that America's possession of a huge fleet of merchant shipping was bound to evoke some such proposals and that nobody need be surprised.

Nevertheless, it adds the position created for British ship owners themselves very hard hit by the collapse of the world's trade—is a serious one. For the moment "we can only take note of these proposals, but not without expressing profound regret that so strong a lead should be given in such quarters that is from a world standpoint a most reactionary trade policy."

That is what one woman wrote us recently, and then she goes on to say: "Ethel, who is just past eight, caught a bad cold last August. The child is of a highly strung, nervous temperament and could not be kept quiet in bed. We tried everything we could think of to cure her cough. But, the cough became worse and from a rosy, healthy, sturdy girl she became pale and thin. Nothing we did seemed to stop the cough and by this time regular spasms of coughing had developed. These coughing spells left the child weak and completely tired out. I believe that in a short time the cough would have reached the child's lungs. After trying everything I could think of, I saw an advertisement for Gray's Syrup, and this preparation would build me up. I got a bottle from the druggist and before it was half finished my little girl had almost completely shaken off her cough. Her cheeks began to get back their old color. She started to put on flesh again and would run and play all day without being tired. Today, after having taken two bottles of Carnol, she is looking and feeling better than she has ever felt in her life."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and we will refund your money. 4-122

CHAMBERLAIN'S

A Woman's Opinion

"I have sold Chamberlain's medicines for fifty years and have always recommended them to my customers," writes Mrs. P. H. Brogan, of Wilson, Pa. "I could not do otherwise when my opinion was asked as I know from experience that Chamberlain's Cough Remedy is far superior to any other. I would not put in a week's time in my home without it. For Croup there is nothing that excels Chamberlain's Cough Remedy." 167.

COUGH REMEDY

TO BE AN ORCHARDIST (Amherst News) Amherst and Cumberland people will hear with interest as well as with regret that Colonel C. E. Best has purchased a farm in the Annapolis Valley and expects to remove his family there about the middle of next month. The decision to purchase was made on his visit to the Valley last week. The farm is about two miles from Lawrenceville and is a splendid general purpose farm of about 250 acres. It has a large and magnificent orchard, in a splendid producing state, and it was this feature as well as its location that made it so attractive to Colonel Best. His brother Bent has been in the west during the past few years, is joining Colonel Best in the venture and will arrive home within a few weeks.

Lonsbury Hurt.

Fredericton, N. B., March 1.—Billy Lonsbury, captain of the U. N. B. hockey team, wound up last night's game with Marysville in the York County Series with a broken toe. How he got it is not known.

Abbies May Play in Halifax.

Halifax, N. S., March 1.—The management of the Halifax Arena announced that they expect to have the Charlottetown Abbies, champions of the N. B. and P. E. I. A. H. A., play in Halifax next week. Dalhousie, champions of the City League, and one of the other city teams will be their likely opponents.

Big Games at Y. M. C. I.

In the Y. M. C. I. House League this evening the Robins and Hawks will clash. Both teams have won a series and a hard fought contest is anticipated. The Robins will line-up as follows—Smith, Jack, Thurston, Winchester, Jenkins, Maher or McNulty. The Hawks will line-up with Hanson, Reid, Power, Jarvis and Jones. In addition to this match the Falcons and Gulls will meet. The regular scheduled game between the Robins and Swans is postponed and will be rolled Friday evening on No. 3 & 4.  
On No. 1 & 2 the Robins and arrows will meet in an elimination contest to decide which team will play winners of the third and fourth series for the championship. Renewed interest is apparent in the league and many great games are anticipated.

CATING.

Film Men Race.  
In the Victoria rink yesterday afternoon the Paramount Progress Club, of 50 famous players Lasky Corporation, did sports, which were enjoyed by about 50 celluloid sellers and selerettes. The vents were started, timed and judged by Gladys Robinson, champion amateur skater of the world, and Arthur Staff, professional skating ace of America. There were five events on the programme. In the 220 yards, Kerr won the Whiepley second and Thorne third. In the 440 yards was won by Margretts, Kerr second and Whiepley third. In the half mile it was decided to finish the series later.

Miss Robinson's Case.

Miss Gladys Robinson gave another exhibition in the Victoria rink last evening. She skated a half mile and 440 yards. In the latter event she gave two oval girls a forty yard handicap, but easily overcame the lead and won out. The rank White, local representative of the Canadian Amateur Skating Association, told that he has forwarded his report regarding Miss Robinson's skating with a sanction to headquarters and no action will be taken locally until word received. In the meanwhile she is considered under suspension as far as granting of a sanction is concerned.

**MARY PICKFORD'S EARNINGS GREAT**  
Actress Made \$1,123,625 in Two Years.

**Mother Says Film Star Goes Fifty-fifty With Her—Testimony in Suit for \$108,000 Commission.**

(Canadian Press)  
New York, Mar. 1.—Mary Pickford goes fifty-fifty with her mother on everything she makes. This testimony was given yesterday by Mrs. Charlotte Pickford, mother of the York county actress, in a suit for \$108,000 commission.  
Mrs. Pickford, who said that her daughter's business also was hers, testified that Mary had gone to work on the stage at five years of age for \$8 a week and at fifteen had entered the movies at \$25. Last week it was testified that Pickford collected \$1,123,625 for two years' work, so that the Fairbanks are far from "over the hill."  
When the case came on again yesterday Mary was wearing the fourth new gown since the case began, but, by the time she got a cinder out of her eye and her big moleskin coat-dress off, it was evident that Mary was registering the working girl, so far as clothes went. The dress was plain black, relieved only by a few bows of Balkan blue at the bodice, and the color scheme was carried out in the crush-crown satin hat.  
"Yes," admitted Mary with a laugh, "it's another dress, but you know Tim Bodene, tells me what I am going to wear, no matter what I am going to do."  
George E. Joseph, counsel for Mrs. Wilkenning, opened the proceedings by filing several statements, one of which disclosed Miss Pickford's income for two years. The introduction of the papers precipitated much wrangling between Mr. Joseph and Moses K. Malevinsky, attorney for Miss Pickford.  
Then Gerald F. Bacon, a play broker,

was put on the stand to testify as an expert on play agents' commissions and methods. He said that he did not think 10 per cent. commission on a million dollar contract too much. He said that he had collected that percentage from William Farum when he negotiated that actor's \$14,000 contract and said that he also got 10 per cent. when he put through a contract between Viola Allen and E. H. Sothern paying \$3,000 weekly to the actor. He said he had also arranged a \$12,000 contract on the same percentage for Viola Allen.  
Following the evidence of this witness Mr. Joseph informed Judge Mack that the plaintiff rested her case.  
Opening for his client, Mr. Malevinsky read a disposition made on Nov. 7, 1919, by Adolph Zukor, which has been in the record of the two previous trials. The disposition denied many of Mrs. Wilkenning's contentions. During the reading of the disposition, which was lengthy, Doug, sat, his overcoat on, stiffly erect in his chair, a web of wrinkles bridging the gap between his eyebrows. Mary, to his left, also followed the disposition attentively, minus smile, and occasionally whispering to her mother, who was at the corner of the counsel table and nearest to the jurors.  
The first witness put on by the defense was Elek John Ludvig, for more than twenty years associated with Mr. Zukor as attorney. He testified to the expansion of the motion picture industry, finding a parallel for his rapid rise in the career of Miss Pickford, whose first job paid \$30 a week and who now gets \$10,000 a week and 50 per cent. of the sales of her pictures.

**CHAMPIONSHIP GAME MARCH 3**  
Amherst, N. S., Feb. 28.—The inter-collegiate hockey championship of the maritime provinces for 1922 will be decided in the Amherst arena on Friday night when Dalhousie, of Halifax, and Mount Allison, of Sackville, (N. B.), will meet.  
**INTER-SOCIETY POOL.**  
The Inter-Society pool tournament opened in the Y. M. C. I. last evening before a fine crowd of interested spectators. The A. H. No. 5 team from Fairville won from the A. O. H. No. 1 team. The winners were represented by J. McGovern and H. Hennessy while M. Macdon and D. J. McCarthy performed for the losers. In the second game of the evening, the Assumption club team, composed of W. O'Leary and Noyah Donovan, defeated J. McNulty and J. L. McNulty, who represented St. Peter's.  
**BASKETBALL TONIGHT.**  
On the Y. M. C. A. floor this evening, Trojans and Y. M. C. A. Seniors will clash for the last time this year. The Seniors have yet to lose their first game, having gone through the season in splendid style. Preceding this game, High School and the Outlaws will meet in the second and deciding game for the intermediate championship of the city. High School won the first game by a large score and are favorites for tonight's contest. St. George's and St. Jude's also will meet.  
**Ski Jumping Record.**  
Brattleboro, Vt., Mar. 1.—The eastern United States amateur ski jumping record of 150 feet made here on Feb. 4, by John P. Carleton of the Dartmouth Outing Club was broken yesterday by Ingvig (Bing) Anderson of the Nanzen Outing Club, of Berlin, N. H., who jumped 181-2 at a carnival of the Brattleboro Outing Club.  
Rev. George Exton Lloyd, Bishop-elect of Saskatchewan, who arrived in Halifax on Sunday and who is proceeding today to his diocese in the west, was in the city for a few hours yesterday. Bishop Lloyd was for eight years rector of Rothesay and founded the boys' school there. He has been in England since 1915 endeavoring to secure teachers for the western provinces. Mrs. Lloyd is accompanying him.

**FARM ACREAGE MAY DECLINE**  
Recent Experiences may Lead to More Intensive Methods and Diversification  
St. Louis, March 1.—Just now the thing most to the front in farming districts is a wide determination among the population to reduce the acreage of farm products until there is some reasonable relation between supply and demand, and the doing of it involves a constructive matter of far reaching import. It is not a question of former corn lands lying fallow, but of being planted to legumes (alfalfa, soy beans, clover, and such like), so that when these lands are needed again for corn they will have great additional producing power.  
This means for the coming season a right-about face in the principles of farm production. Hitherto the problem of the American farmer was to produce as much per man as possible and not acre, after the fashion in European countries, where land was scarce and men were plentiful. If now the acreage be reduced, then the problem is that of yield per acre, the efficient and economical form of output, especially in view of the lesson of experience that the largest crops have nearly always been the result of increased production per acre rather than increased acreage.  
The executive of the Commercial Club met yesterday afternoon at the club rooms. Seventeen names were recommended to the general meeting for membership. It was decided to form a committee for the purpose of gathering all possible details in regard to the hydro question.

SAVINGS BANK. The Dominion Savings Bank reports deposits for February of \$40,941.58, and withdrawals of \$38,788.54.

PRESENTATION. Last evening a few friends called at the home of Miss Annie Burbridge, East St. John, and tendered her surprise party at which a presentation was made and games and music were enjoyed by all. Miss Burbridge will leave for Ottawa in a few days.

TAKING EXAMINATIONS. The first examinations of the New Brunswick Optometric Society were held in the Board of Trade rooms today and tomorrow. Fifteen candidates are taking the examinations, of whom twelve are from points in the province outside the city.

THE BOSTON BOAT. It is reported that the Eastern Steamships Line, Inc. will resume operations on the international division about the first Monday in May. This line operates steamers between Boston, Eastport and St. John. The Governor Dingley, now running between Boston and Portland, will be withdrawn about the first of April to be overhauled for the St. John service.

MRS. SARAH KENNEDY. The death of Mrs. Sarah Kennedy, widow of Thomas Kennedy, occurred this morning in the Mater Misericordiae Home. She formerly resided in Rexton, N. B., and leaves one son, Joseph Kennedy, of Quebec, and one brother, Francis P. Crocker, of Newport News, Va. The funeral will take place at 2.30 o'clock tomorrow afternoon from the home.

TUNISIAN IN. The Canadian Pacific Steamships Ltd. liner Tunisian arrived in port this morning from Glasgow and docked at No. 3 berth, Sand Point, at 11.25 a.m. She had on board 105 cabin and 118 third class passengers, in addition to 500 tons of general cargo and about 800 bags of Royal mail. Owing to the lateness of her arrival the passengers remained on the steamer for lunch.

HEAVY GRAIN SHIPMENTS. During the last three weeks grain shipments from this port have been very heavy. In ten days the C. N. R. elevator has delivered three quarters of a million bushels to steamers. They have at present approximately 600,000 bushels in the elevator and about 200,000 on the tracks, while 750 cars are en route from Montreal. The demand is expected to continue quite heavy until the close of the season.

THE SOUTH END RINK. At a meeting of the rink committee of the South End Improvement League it was decided to keep the skating rink open as long as possible. There is a small deficit, as the cost of keeping the rink in good condition and building a checking room was greater than the receipts from check-in. It is hoped most of this will be wiped out by the end of the season. The rink has been a great boon to the people, old as well as young, of the south end, all through the winter.

DRIVE AND DANCE. The annual drive and dinner of the staff of the local branch of the International Harvester Co. was held last evening in the Manor House. A. S. Allan, branch manager, presided and the chaplains were Mr. and Mrs. Allan and Mr. and Mrs. M. E. Burditt. After dinner a short programme of musical numbers and readings was carried out and dancing was enjoyed until about midnight. The affair was voted a complete success.

COUNTY COURT. The cases against William Truffin charged with theft of several chickens were continued in County Court this morning. Several witnesses were examined. The defence is seeking to show that Truffin did not commit the theft although the goods were found under a mattress in his room, but that the guilty one is a witness who gave evidence for the prosecution. The case may reach the jury this afternoon. W. M. Ryan appears for the prosecution and J. P. H. Teed for the defence.

LOCAL CUSTOMS GAIN. The St. John customs returns for February show a gain of \$344,316.83 over the same month in 1921. The figures are as follows: February, 1922, customs duty, \$586,078.94; sundry cash, \$846.62; excise tax, \$27,047.06; excise duty, \$2,966.31; St. John pilotage fund, \$5,799.99; steamship inspection, \$310.00; marine dues, \$2,793.68; total, \$596,126.68; February, 1921, customs duty, \$299,384.64; sundry cash, \$554.92; excise tax, \$26,052.94; sales tax, \$7,925.00; St. John pilotage fund, \$4,831.25; steamship inspection, \$370.00; marine dues, \$2,744.00; total, \$321,909.85.

L. ARCHIBALD REICKER. Many friends will regret to hear of the death of L. Archibald Reicker, which occurred early this morning at the residence of his uncle, Louis P. Logan, 55 Kennedy Place. He was twenty-six years of age and was employed for some years with Vassie & Co. He was a member of the Mission Church of St. John Baptist. Mr. Reicker was the only child of the late John and Emma Reicker and the only grandchild of the late Charles and Elizabeth Logan. Besides his uncle, he leaves three aunts, Mrs. Logan, and Misses Clara and Bertha Logan.

SOCIAL EVENING. A successful social was held last evening in Thorne Lodge Hall, I. O. G. T., by members and friends of the lodge. A programme was given as follows: Piano solo, Miss Mary Owens; reading, Geo. Boyd; solo, Henry McEachern; reading, Miss Marion Brown; solo, John McEachern; piano solo, Alex. Brown; solo, Peter Murray; solo, Wm. McEachern. A tidy sum was realized for the lodge hall fund. The national anthem brought a pleasant evening to close. E. N. Stockford presided, and gave a short address. Miss Mary Owens was accompanist.

SOME HYDRO FIGURES. The mayor had before him this morning some figures presented by the Toronto Star on the operation of the Niagara hydro development. The plant cost \$6,500,000, on which the interest charges were \$300,000, or about \$44 a horsepower on the 2,000 h. p. now being delivered to Port Arthur. The municipality, however, is paying only \$21 to \$22 a horsepower, the loss being added to the capital cost. The present capacity of the plant is 2,500 h. p., and the ultimate will be 75,000. When the whole of the present capacity is being operated it is expected that the cost will be reduced to \$18 and \$19, and still lower when the 75,000 is developed.

IN TROUBLE IN BAY OF FUNDY

Canadian Navigator Disabled on Way to Halifax—Digby Reports Distress Signals.

Word was received at the local office of the C. G. M. M. late last night that the steamer Canadian Navigator was disabled off Bour's Head, about half way between this port and Yarmouth. The Navigator sailed from here early yesterday morning on a special permit to proceed to Halifax for inspection. The message stated that her engines were disabled and that the C. P. S. freighter Bothwell, bound here, was standing by for the night. The tug Gopher was at once dispatched to the scene, with the intention of towing the disabled steamer back to St. John if it was possible. The Canadian Navigator is a vessel of 1,929 tons and is commanded by Captain Gilbert. She arrived here from London early on Friday morning.

Digby, N. S., March 1. — A large steamer unknown to those on shore is in the Bay of Fundy, three miles above Tiverton and half a mile off shore, flying signals of distress. She is apparently helpless, and the sea is breaking right over her. Another large steamer, standing by her since daylight, endeavored to put hawsers, but evidently failed, as a short time ago she left the scene and is now steaming up the shore towards Digby. Both steamers appear to be deeply loaded, and both are bound up the bay. Neither is known on shore.

SAY FAREWELL TO WM. GASKIN

Presentation by Vassie & Co. Staff as He Enters Business for Himself.

After more than eighteen years faithful service, during which he enjoyed the highest esteem of his employers and the general goodwill of the firm's customers, William Gaskin yesterday severed his connection with Vassie & Co. to take the reins of his own business in Main street, until recently operated by C. J. Eagles & Co. This is one of the oldest firms in the North End, and has been in existence for between forty and fifty years. Mr. Gaskin's many friends will wish him every success in his new venture.

Last evening he was the guest of honor at a dinner given in Bond's by his fellow employees in the Vassie establishment. A. R. McLevin was in the chair and on behalf of those present presented to Mr. Gaskin a valuable gold watch, suitably engraved, together with the best wishes of all his co-workers. Mr. Gaskin responded feelingly. A programme of speeches and musical and literary numbers was carried out.

H. R. McLELLAN FOR MAYORALTY

Gives Confirmation of Report of His Candidature for Position.

Increased interest in the approaching civic elections is created today by announcement that H. R. McLellan would be a candidate for the mayoralty next month. Mr. McLellan confirmed a report that has been in circulation to the effect by definitely saying that he was in the field after giving consideration for several days to the request of a petition presented to him. In saying that he would be a candidate Mr. McLellan admitted that he was in favor of harbor commission and hydro—provided in each case that the public received value.

AGED NINETY-FOUR

Death of Mrs. Rebecca Willis, Next to Eldest Member of St. Mary's Congregation.

Mrs. Rebecca Willis, widow of William Willis, and one of the oldest residents of the city, passed away at her home, 117 Thorne avenue, early this morning, after a brief illness. She was ninety-four years of age and was a life long resident of St. John.

Mrs. Willis was ill only four days and retained all her faculties right to the end. She had a wonderful memory and could recall with precision events which transpired during the early part of the city's history. She was next to the oldest member of the congregation of St. Mary's church and the oldest member of the Trinity Church Mothers' Association. She always took a keen interest in the work of St. Mary's and will be missed by a great many friends. She is survived by three sons, all residing in the city—Samuel, James and Charles. The funeral will take place from St. Mary's church on Friday afternoon at 2.30 o'clock.

RESOLUTION ON PROHIBITION IN NEW BRUNSWICK

A special meeting of the Methodist Ministerial Association of St. John was held in Centenary church this morning, with the Rev. H. B. Clarke in the chair. Those present were Rev. Messrs. Clarke, Neil MacLachlan, H. E. Thomas, J. Heaney, E. E. Styles and J. M. Rice. The purpose of the meeting was to consider the whole temperance situation in New Brunswick.

The discussion was introduced by Rev. Mr. Thomas, and all the ministers present took part. On motion of the Rev. Mr. MacLachlan, seconded by Rev. Mr. Thomas, the following resolution was passed:—

Inasmuch as there are grave apprehensions that during the next session of the New Brunswick legislature an attempt will be made to introduce an amendment tending to weaken the provisions of the present Prohibition Act, therefore be it resolved, that we, the St. John Methodist Ministerial Association, do solemnly and emphatically protest against any change in the said act, except such changes as may tend to strengthen its present position and to render more efficient its enforcement.

In St. John Institution. James H. Holland of Fredericton, registrar of probate, came to St. John Monday to enter the Home for Incurables. Mr. Holland has suffered from serious illness for some time.

Home Furnishings of Rare Charm Created to Strengthen Home Ties

The Living Room, as the name implies, is the centre of family life. Here are woven the ties that bind the heart to the home. The more harmonious the surroundings in this important room—the more the furnishings express beauty and charm—the more attractive becomes this soul of the home, and the greater is the wholesome influence it exerts.

At Everett's every piece of furniture, every article of home furnishing for the Living Room, is designed to truly embellish some home, and thus to create a fine and more enduring love for the family circle. And the rare beauty and exclusiveness of these choice furnishings are but added virtues to their homelike comfort and usefulness.

Such a wide selection of distinctive home furnishings for the Living Room is offered here that every type of taste and purse may be gratified.

Comparison of values is urged, that an additional incentive to patronize Everett's may be revealed.
