NEW MOVEMENT NO LONGER DREAM

Federated Empire Is Becoming a Practical Question

MUCH IN PAPERS

Lloyd George Expected to Make Important Speech in Wales—Earl Grey's Attitude Referred To—Grand Trunk's Half Yearly Report—Empire Trade Work

Times' Special Cable London, Oct. 13.—The new movement in home politics towards a federated empire is attracting widespread attention in the press. Today Llewelyn Williams, M. P., who will next week accompany Mr. Lloyd George to the Welsh National Liberal Council, where the chancellor is expected to make an important announcement, said: "Imperial unity, a magnificent federation of the freest, most progressive communities of the world is no longer a vague, unreal dream, but is fast becoming a practical question."

It is recognized that the first step on the road to a federated empire, which will walk hand in hand with the Liberal programme in the future. The road towards the greater deal is rough and difficult, but, as Mr. Williams said, "imperial federation is no longer in the position it occupied in the past."

The Chronicle's parliamentary correspondent states: "Many Liberals and Conservatives look upon devolution of the United Kingdom as clearing the situation preparatory to upbuilding an imperial senate at Westminster. That was the ideal of Rhodes, is the ideal of his disciples, Earl Grey, whose old anxiety to Home Rule, the original cause of his severance from the Liberal party, is known to have passed away. It would be a blunder, however, to underestimate the difficulties that stand in the way of the imperial conception. The self-governing dominions are jealous of their rights of nationhood, and will not surrender any of them, least of all any part of their taxing power. There is no immediate prospect that an imperial senate called into being, would have sought but consultative functions on questions common to the whole empire. The probabilities are that for years to come we shall have to contend with the rough and ready methods of the imperial conference in London."

It will be remembered that during the recent prolonged stay of Earl Grey in England, he pressed on his friends among Unionist statesmen the wisdom of resorting to a federal system as a solution of the British constitutional difficulties.

Hon. Mr. Birrell's significant speech, delivered on July 25 is quoted as indicating the trend of the movement.

The Grand Trunk Railroad report for the half year ended June 30 shows an increase of 245,168 in gross receipts. Passengers yielded \$205,000, freight and live stock \$224,000. The number of passengers carried rose 17,234, freight and live stock 1,325,526 tons. Working expenses advanced \$572,676 whereof \$189,886 was for maintenance and equipment including \$121,000 on locomotives, repairs and structures \$468,837.

A full dividend is being paid on second preference stock, leaving \$12,532 carried forward.

Regarding the Grand Trunk Pacific directors' report satisfactory progress on the Winnipeg and Lake Superior and prairie sections but point to great secrecy of labor on the mountain sections. Contractors have offered as much as \$3 a day but are 5,000 men short of their requirements.

British Empire Trade Mark According to the Society for Propagation of the Gospel the sum of \$34,500 has been received in response to the appeal on behalf of the church work in western Canada.

The cruiser Rainbow will leave Calcutta today for Australia.

The question of establishing a British Empire trade mark will be discussed at a conference on Oct. 28.

Sydney, Aust., Oct. 14.—Postal rates on letters from Australia to Great Britain will be a penny in 1911.

MOST OF CRIME IS DUE TO LIQUOR Ontario Judge Says 75 Per Cent. Is Traceable to Drink

London, Ont., Oct. 14.—Mr. Justice Tetzl, at the close of the fall assizes here, said his address to the grand jury declared that he has found in his seven years experience on the bench that 75 per cent, and more of all murders, attempted murders, and other serious criminal cases, are directly attributed to liquor.

The department at Toronto has now under consideration a scheme, said the judge, whereby the handling and management of liquor licenses will be centralized and placed in the hands of men who will not be subject to political or other influences.

SUNDAY SCHOOL CONVENTION ENDED

Bishop Richardson's Address at Closing Session—More Than 800 People Gathered

Woodstock, Oct. 13.—(Special)—The closing session of the N. B. S. S. Convention last evening in the Baptist church was attended by more than 800 persons. The report from the credential committee showed 163 delegates. Thanks were tendered to the railway authorities and all who had assisted in making the meeting a success. A collection was then taken up amounting to more than \$400. It will be devoted to the expenses of the convention.

The most interesting event of the evening was an address by Bishop Richardson. His text was: "Therefore present your bodies holy a living sacrifice unto God."

The Standard this morning hails the settlement of the case of Mayes vs. the King as a complete victory for Mr. Mayes over the Dominion government. It was, on the other hand, a victory for the government.

The Standard makes special reference to the fact that the Crown's case was not in the room much of the time when the negotiations for settlement were in progress between Dr. Pugsley, Mr. Hazen and Mr. Baxter. As a matter of fact, Mr. Mayes' counsel requested that the crown counsel withdraw from the room, and they thereupon did so. The facts in brief are: Mr. Mayes sued for \$62,871. The Standard carefully refrains from any mention of this fact. Of this amount \$5,000 was not disputed, either by the department or its engineers, but the check was held back because the department contended that Mr. Mayes had not finished his work.

In the settlement the crown agreed to pay this \$5,000. It also agreed to pay the sum of \$4,000 on two other claims amounting to \$16,140, and Mr. Mayes abandoned the balance, besides \$41,641 which he claimed on other accounts, and accepted by Mr. Mayes. In other words, he abandoned \$53,121, which he claimed, and accepted \$9,700 out of \$62,871. The settlement was made on the 10th of October. It was not disputed, either by the department or its engineers, and accepted by Mr. Mayes.

Now, as to the \$4,000 which he was not to receive in addition to the \$5,000. There were two reasons for making this allowance. One was that one of his contracts stipulated a certain quantity of material to be removed. It turned out that his price for so much, and Mr. Mayes claimed his price for the whole of it. He also made a claim for the profits for some dredging done by government dredges on an area covered by one of his contracts. The total amount which he asked for these was \$16,140, and by the settlement he got \$4,000. This settlement was advised by the government engineers, and accepted by Mr. Mayes.

The settlement, by which a man who claimed \$62,871 is content with \$9,700, of which \$5,000 was not disputed, is a clear victory for the department.

EMPRESS BREAKS RECORD

Ireland Makes Quickest Eastern Voyage, 5 Days, 12 Hours, 10 Minutes—News Notes Over Cable

Times' Special Cable Liverpool, Oct. 14.—The Empress of Ireland which arrived today broke all records in actual steaming time from Rimouski to the Mersey making it in five days, twelve hours and ten minutes. Lord Bathurst, a passenger, said the imperial service movement in Canada was gaining in popularity as was also the social movement. His cruise had been very successful.

FREDERICTON HAS FIRST SNOW

Slight Flurry in Capital Early Today—Dredging in River Channel

Fredericton, Oct. 14.—(Special)—There was a light flurry of snow here early this morning, the first of the season.

The body of John W. Gerow will be taken to Wickham tomorrow for burial.

Contractor C. J. B. Simmons has secured a loan of the government dredge and will begin on Monday to remove the old pier which obstructs the river channel near the draw of the highway bridge. He will close the bridge for traffic at night until the pier is completed.

F. B. Smith, retiring manager of the Western Union Telegraph office here, will leave this evening for Boston, where he will spend a few days before going west.

L. Biddle, of Philadelphia, returned today after a successful hunting trip to the Miramichi. He shot a moose with antlers of fifty-six inches. It is fourteen years since Mr. Biddle last hunted on the Miramichi and he notes a wonderful increase in big game.

Rev. Clarence McKinnon, of Pine Hill College, Halifax, who preaches in St. Paul's church on Sunday, October 23. He will also address the university students.

TAFT TO PANAMA

President to Look Into Important Questions Which Have Arisen

Reverley, Mass., Oct. 14.—President Taft will sail for the Isthmus of Panama on November 10, from Charleston, S. C. He will make the trip on the cruiser North Carolina. He will be away about twelve days.

Some of the problems to be dealt with in the immediate future are: The extent and character of the work of fixing tolls for the passage of vessels through the canal, a proposed increase in wages, the future management of the Panama rail, the form of permanent government for the canal zone, and the regulation of the sale of coal at the terminus points. The government may go into the business of selling coal itself to prevent the possibility of extortion.

"No," said Hiram. "They settled it. The carpenter offered for \$40. He admitted that he was \$25 due the carpenter, and he gave him the other \$15 rather than to go to law about it."

he was forced to leave his country because the ministers absolutely abandoned him. The Royalist officers on the other hand, maintain that they were ready to continue the fight, but that the king's rapid flight left nothing to fight for.

Paris, Oct. 14.—A powerful bomb exploded about midnight in front of the house at No. 6 Rue de Berri, a few doors from the Champs Elysee. The explosion smashed in the door and seriously damaged the facade. All the windows in the adjoining houses were broken. No one was injured, the tower floors of the house being unoccupied.

HAVANA IN DARKNESS

Fearing That Tobacco Crop in Pinar Del Rio Province Will Be Ruined by Rain Washing Out Seed Beds—Heavy in Key West

Havana, Oct. 14.—The full force of the storm, the approach of which was heralded yesterday, struck this city at 1 o'clock this morning. The gale brought with it a deluge of rain. Most of the street lights were extinguished and the city was dark during the early hours. At 8 o'clock this morning the wind was blowing strongly from the southeast and rain fell. Up to that hour only minor damage had been reported.

The storm, after sweeping over the Isle of Pines yesterday afternoon moved eastward and then shifted to the west, affecting chiefly Matanzas, Havana and Pinar del Rio provinces. It is feared that the tobacco crop in Pinar del Rio will be ruined by a washing out of the seed beds.

Key West, Fla., Oct. 14.—The heavy rain storm which swept this city last night continued this morning, the wind coming from the southeast and accompanied by a falling barometer.

According to the weather forecast a tropical storm is centered in the Yucatan Channel and still moving in a westerly direction. The steamer Miami, which sailed from Knight's Key yesterday afternoon during the storm, arrived here at 10 o'clock last night after a terrible trip.

New Mountain in Alaska Over Tops It By 2,000 Feet

Seattle, Wn., Oct. 14.—Thomas H. Riggs, a government engineer who has been at work at the Alaskan boundary survey, reports the discovery, far north of the Arctic Circle, of what he believes to be the highest mountain on the continent, exceeding Mount McKinley by nearly 2,000 feet. It is near the Porcupine river, north of latitude 67 and east of the 151st meridian. The height of Mount McKinley is 29,829 feet.

MONTREAL GETS LARGE SUM FROM STREET RAILWAY

Montreal, Oct. 14.—In terms of the agreement of 1892 this city will receive from the Montreal Street Railway the handsome sum of \$276,918.33 as its percentage of the earnings of the company for the year ended August 31, 1910. According to a sworn statement the gross earnings are set forth as being \$4,281,473.74, but from this is deducted \$384,016.85, the amount of fares collected outside the city district, leaving \$3,897,456.89 on which the city receives a percentage. This is the largest sum the city has yet received from this source.

ENGLISH COAST STREWN WITH WRECKAGE AFTER BIG STORM

London, Oct. 14.—The English coast is strewn with wreckage as a result of a storm that had continued for two days. The casualty list is already reported large.

This morning the bodies of five seamen from the coasting steamer Cranford, were picked up off Hartlepool. It is believed that the vessel, which carried a crew of twenty, foundered and that the men were attempting to reach shore in a small boat when they were lost. Some of the wreckage coming ashore indicates that a sailing ship met a like fate.

Lifboats from many points were out at night and in some instances affected rescues. In other cases they were

RECIPROCITY WITH UNCLE SAM IN COAL

A Vancouver letter in the Financial Post of Canada says: "A strong feeling in favor of reciprocity with the United States in the matter of coal shipments is particularly strong in British Columbia. The enormous coal deposits of Alberta and British Columbia are needed by the states to the south. As pointed out by G. G. Lindsey, of the Crow's Nest Pass Coal Company, some

time ago, nature has placed coal on the Pacific coast of Canada and none in California, coal areas in Alberta and British Columbia, and none in the copper mining states to the south. J. J. Hill, in addressing a number of business men in Spokane, remarked that Spokane's greatest need is cheap coal, and there are great coal fields to the north in British Columbia. This coal carries a duty of 67 cents per ton. Speaking in Victoria last year D. D. Mann stated that he did not see that any particular benefit would be sacrificed by a reciprocal arrangement of the coal tariff. The coal sections of the United States are adjacent to the non-coal-producing sections of Canada, and vice versa.

"So far as the Pacific Coast is concerned, reciprocity would give an opening for the coal of this province. The coal fields in Alaska cover an area of 1,233 square miles, while coal-bearing rocks total 12,744 square miles. It will thus be seen that reciprocity is not purely a matter of advantage for the coal producers of this province."

PARLIAMENT SUMMONED TO MEET ON NOVEMBER 17

Ottawa, Oct. 13.—The third session of the eleventh parliament of Canada has been summoned to meet on Thursday, November 17.

The session will be the last but one before the next general election and it may be expected that the opposition will prolong it to considerable extent, with a view of getting campaign material.

Outside of the tariff question, however, which will probably come in for considerable debate, there should be no subject likely to provoke any long partisan discussion, such as the naval question last session.

Among the important bills to come up will be the measure for the revision of the banking act, the proposal for government control of grain elevators, a measure to extend Canada's present jurisdiction over copyright, and a bill for more adequate government supervision of the manufacture and sale of explosives. The question of the extension of the boundaries of Manitoba, Ontario and Quebec may also be considered. Questions of transportation are also on the order of business. There will be the matter of the Hudson Bay railway, deepening the Welland Canal, despatching the international traffic. The tariff situation, and the proposed trade negotiations with the United States will likely also occupy some attention.

The dominion conference on public health concluded its sessions this afternoon. They recommended the establishment of a federal council of health and a federal laboratory for general experimental work, etc. Both federal and provincial governments were urged to give more attention to the subject of tuberculosis. It was also urged that governmental action be taken to prevent the pollution of streams and sources of public water supply. The Canadian Public Health Association was formed to spread information as to public health and popularize sanitary knowledge.

Ottawa, Oct. 13.—Within the next two weeks the reciprocity conference between Canada and the United States will probably be in progress. Hon. W. S. Fielding has written Secretary of State Knox, stating that Canada is now in a position to enter upon the reciprocity negotiations proposed by President Taft last spring.

The Evening Chit-Chat

LETTERS OF A SUCCESSFUL BUSINESS WOMAN TO HER NIECE.

Dear Niece Joan: A girl in an office near mine has just lost a corking good position because she didn't realize that a business office wasn't either a ball room or an afternoon tea.

The man she worked for has half a dozen stenographers and is very proud of the good tone of his office force. They are an exceptional crew of good at punctuation and spelling, and he takes almost as much pride in their good manners and sensible clothes as he does in their work.

Most women look about as well in a well-tailored suit and well-fitted tailored waist, or simple blouse, as they ever do. There is a girl who goes in on the same train as I do in the mornings, who always wears a navy blue tailored suit, a white shirtwaist, and a stock of the latest style, and always has fresh-looking gloves and perfectly kept shoes.

I have heard a dozen men admit that a winter suit is awfully pretty, but do you think it looks exactly business-like? Now, don't be cross with me, will you, Joan? Just say, it's only my head, but sotheaded.

Daily Hints for the Cook

LOBSTER SALAD. Take the flesh of a cooked lobster. If the shell is to be used, broil while hot with salad oil, then brush off again. Break with salad oil, then brush off again. Break the lobster's head from the tail remove the flesh from the body and claws. Cut into neat pieces. Put some of it into a salad dish, then some slices of lobster piled in the center and cook in mayonnaise dressing, centre and coat with the dressing. Make a lattice work of anchovy fillets, and a sherry cut like a fan at the other. Keep on ice till required.

SWEET PICKLED PEARS. Boil the pears until tender; after cutting them in quarters make a syrup of one quart of vinegar and three pounds of sugar; when boiling hot, drop the pears in it and let them remain until they are in it and let them remain until they are in it and let them remain until they are in it.

HAM CROQUETTES. Take half teaspoonful finely chopped ham, one cupful mashed potatoes, two heaped teaspoonfuls butter, one egg, pepper and cayenne. Have the potatoes hot, add the butter first so that it will melt, then beat in all the other ingredients. Form the mixture into balls or cork shapes, roll in flour, or they may be brushed with egg, and then rolled in fine bread crumbs. Fry in hot fat, drain and serve garnished with parsley.

POWDER TOAST. Boil or fry as many oysters as you wish and lay them on buttered toast, salt and pepper. Pour over them a cup of hot, rich cream. Keep hot until eaten.

POLICE RAID OFFICES OF BOSTON COMPANY. Boston, Oct. 13.—Federal authorities visited the extensive offices of the Investible Investment Company at 55 Devonshire street, today, and came away with Manager Charles H. STETSON FIELD DAY ON GOLF LINKS

Real Stetson Day weather greeted the big field of players on the St. John Golf Club course yesterday. A brisk, bright, snappy day, with the links in good autumn condition, keen contests, good sport—such was the annual field meeting.

The big event of the day, the final in the Stetson cup, was won by Clarence Sprague after a rattling fine match with H. B. Schofield, the club's vice-president, who fought pluckily to the end and was beaten by an exceedingly narrow margin. In the morning the ladies had the course to themselves. Luncheon for the players was served at the club house at 1 o'clock a most enjoyable function. In the afternoon the general play was mixed foursomes, eighteen holes, handicap, against bogey.

A large and interested company of players and their friends filled the club house after the game to witness the presentation of prizes. President Magee set the ball rolling by driving off with a well-turned speech that was heartily applauded. The president and vice-president, and Chief Justice Barker and Mrs. George F. Smith presented the prizes with happy speeches amid a fire of cheering. Afternoon tea was served at five. The general and hearty verdict was that the day was a most delightful and successful one.

The prize winners in addition to those announced yesterday are— Ladies' singles: First prize, won by Mrs. H. B. Robinson. Second prize, won by Mrs. H. C. Schofield. Third prize, won by Miss McGivern. Mixed foursomes (ladies): First prize, won by Mrs. W. H. Harrison. Second prize, won by Miss McGivern. Third prize, won by Mrs. George Westmore.

### SPORT NEWS OF A DAY; HOME AND ABROAD

#### Tomorrow's Race.

The following gentlemen will act as officials at the twelve-mile race between Abbie Wood, of Montreal, and Fred Cameron, of Amherst, on the Every Day Club grounds tomorrow afternoon at 4 o'clock: Referee—C. E. Macmillan; Judge—R. Watson, Dr. Lewin, R. E. Walker.

Times—C. W. Bell, Walter B. Campbell, K. J. MacRae, Wm. Vincent. Score—Geo. Stubbs; starter, A. McHugh; clerks, B. L. Sheppard and Gerald Matton.

Amherst despatches published throughout the country give Cameron's time for five miles 22.27, stating that it is four seconds better than the Canadian amateur record, which was incorrect. The Amherst News, however, gives the time as 22.27, which is 4.45 seconds better than the Canadian record.

The News says: He set the pace from the start and all his previous performances dimmed into insignificance before his efforts of Saturday. Until within eighty yards of the finish he was not headed, and the credit of the pace must be given to the Amherst champion. Four miles was spun off in 19 minutes. A runner that can break a five mile record in a ten mile race, and finish in good form, must have a lot of good in him.

#### Sheridan in Hard Luck

Just before leaving New York for New Orleans on Wednesday, James E. Sullivan, chairman of the record committee of the A. A. U., announced that under no circumstances could the wonderful discus performance, viz. 142 feet 2 inches, made by Martin J. Sheridan at Celtic Park, Sunday, be accepted as a record to displace the same athlete's accepted mark of 139 feet 10 1/2 inches made at the Montreal A. A. A. grounds last year.

"While I am certain," said Mr. Sullivan, that every condition relative to the discus, including measurement, and the like, was lived up to, the rule about records precludes those which are not made in open competition, and the event, in which the great throw was made was limited to A. A. U. men. There is no way of sidestepping so potent a rule as the one on records, and if the rule did not read "open" competition we would probably have a new record of best on record to contend with. What should have been done before the games was to have Terence Farley, the registration committee chairman, sanction the event as an open one and let others in and then the rule would have been observed. However, it cannot be undone. Sheridan's mark of 139 feet, 10 1/2 inches is still the best on record, while the 142 feet 2 inches will be tabulated as a wonderful performance.

#### Two Canadians Survive.

Miss Lillian M. Hyde, of New York, is the lone representative of the United States in the Women's National Golf Championships at Homewood today. The other survivors are Miss Dorothy Campbell and Miss Florence Hartney, Canadian, and Mrs. G. M. Martin, of England.

#### Records Broken

At the Lexington races yesterday, Joan, the Directing Spher mare, won the Walnut Hall Farm cup, and established a new record for four year old trotters, going the third heat in 2:04. Harvested broke the world's record for two miles, trotting the distance in 4:15 1/4. Aileen Wilson paraded a mile in a wagon in 2:04 1/2, besting the world's record made two years ago by Edith W.

#### Baseball

The New York National base-ball league team overcame their opponents, the New York Americans in the first game of the series yesterday by a score of 3 to 1.

#### National League

#### Bowling

Misunderstanding Delayed Game.  
Owing to a misunderstanding, the game between the I. L. B. and the Shamrock, which was scheduled for last night, was not played. The I. L. B. and St. John's Bowlers' teams will meet tonight.

#### Football

Game Postponed.  
The football game between the Algonquins and Carleton Senior team, which was to have been played in the Every Day Club grounds tomorrow afternoon, has been postponed on account of the weather. Cameron race. The game will likely be played the latter part of next week.

#### The Ring

To Meet Killbane.  
Kansas City, Mo., Oct. 12.—Members of the Grand A. C. of the Shamrock, who are to meet between Abe Attell, holder of the featherweight title, and Johnny Killbane, of Cleveland, will be staged here on Oct. 24. They will weigh in at 122 pounds.

#### AMUSEMENTS FOR OURSELVES AND OTHERS

### THE LYRIC

A pleasing novelty was introduced at the Lyric Theatre yesterday with the Imperial Comedy Trio. The first scene of this attraction is a first class scene of a theatre showing "the actors making up," intermingled with some new and clever jokes. The performers then come before the footlights in Dutch and Black face character and with voices blending sweetly the trio and a number of popular airs, for which they are heartily cheered.

An excellent picture bill has been prepared for today. "Tangled Lives," "Moonshiner's Daughter," "Cowboy Girl and the Indian," western thriller, and a fine comedy drama, "The Moonshiner's Daughter." Starting vaudeville attractions are promised for next week.

### CECIL THEATRE

There is a new programme of motion pictures in the Cecil Theatre in Union Street today and one that is calculated to draw hundreds of amusement seekers.

The picture entitled "The Tie That Binds, or Heart Broken," is a pathetic drama put on by the best actors in the profession. "Gone with the Wind" is a picture that is sure to please all who have ever paid a visit to New York and taken in the sights in Long's Pier and taken in the sights in Long's Pier.

"A Visit to Bern" is a descriptive picture, and takes one to that far off country. It is a most interesting film. "Honesty its Own Reward" is the title of a picture that is most dramatic and is very pleasing.

will sing the latest illustrated song, "One Sweet Rose." The slides for this picture are very pretty.

### THE UNIQUE

An elaborate film production of Shakespeare's Egyptian story, "Cleopatra" will be given at the Unique Theatre today and tomorrow. This subject ranks with the best of any story ever told in film, the acting, coloring and staging being magnificent. Steve Hurley, fresh from laurels attained in Nova Scotia for his picture lectures, will give a dramatic description of the scenes of this picture, which will greatly enhance its interest. Action from this feature, another of great merit will be seen in Kaleen's sensational Indian tale, "Leap for Life." A good comedy has been secured in the late I. M. P. hit, "Debt," and with Miss Harrington's singing of the latest New York craze, "My Moving Picture Bab," the Unique has a programme calculated to please all.

### THE GEM

A big dramatic production of the Kalem Company entitled, "The Heart of Edna Leslie," is one of the many splendid features at the Gem Theatre today and tomorrow. This story is replete with interesting situations, is founded on a well connected plot, and contains a number of beautiful staged scenic features. It is a drama well worth seeing, not once, but often. Another big production, "The Vagaries of Love" is from the Pathe studios and is also a fascinating story. The photography is excellent, and the acting of the very best. Other film subjects will be heard in catchy vocal numbers, and an extensive programme of music will be provided by the orchestra.

### YOU CAN INTEREST IN

#### Any Man Over Fifty.

You can interest any man over fifty years of age in anything that will make him feel better, because while he may not as yet have any positive organic disease he no longer feels the buoyancy and vigor of youth. He has the freedom from aches and pains he enjoyed in earlier years, and he very naturally examines with interest any proposition looking to the improvement and preservation of his health.

He will notice among other things that the stomach of fifty is a very different one from the stomach of a young man. It is not so strong, it is not so active, it is not so prompt in its action, and even with the best of care, there will be increasing digestive weakness with advancing years.

A proposition to perfect or improve the digestion and assimilation of food is one that every man, woman and child of any age, because the whole secret of good health, good blood, strong nerves, is to have a strong stomach which will promptly and thoroughly digest wholesome food. Because blood, nerves, brain tissue, and every constituent of the body is entirely a product of digestion, and no medicine or other remedy can possibly create pure blood or reinvigorate shabby nerves, when a weak stomach is replenishing the daily wear and tear of the body from a mass of fermenting half-digested food.

No, the stomach itself wants help and is not roundabout way either; it wants direct, unmistakable assistance, such as given by one of two Stuart's Dyspepsia Tablets after each meal.

These tablets cure the stomach a chance to rest and recuperate; one of Stuart's Dyspepsia Tablets contains digestive elements sufficient to digest 3,000 grains of ordinary food such as bread, meat, eggs, etc.

The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast foods simply makes matters worse as any dyspeptic who has tried them knows.

As Dr. Bennett says, the only reason people seem to think that because a medicine is advertised or is sold in drug stores or is protected by a trade mark must be a humbug whereas as a matter of truth any druggist who is observant knows that Stuart's Dyspepsia Tablets have cured more people of indigestion, heartburn, and nervous prostration and run-down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined.

A porter in one of the hotels in Augusta, Me., received an express package from a friend and on opening the package found it to contain an empty cigar box with the single word "Stung" on the cover. Thinking to get even the porter sent his friend a collect telegram of thanks, but the friend returned the telegram unopened and the porter had to pay the charges.

### MORNING LOCALS

The Baptist mission study class held its opening meeting last evening in the home of Mrs. E. M. Sippell. The president, Mrs. W. E. McIntyre, was in the chair. The attendance was very large and the following carefully prepared programme was carried out: Mrs. C. E. Harding, piano solo; Mrs. F. S. Porter and Miss Hilda Peters, duet; sketch of study class written by Mrs. J. M. Manning, a former president, and read by Mrs. N. C. Scott; review of book, "Western Women in Eastern Lands," by Mrs. F. Wentworth, and a reading by Miss Maud Estabrook.

The West End fire department were called out last night to extinguish a blaze in Mrs. Thompson's house in Ludlow Street. The damage was only slight.

Friends of Mr. and Mrs. G. Reul Frewelling, of Bellevue avenue, called on them last night at their home, and honored them upon their twentieth wedding anniversary. On behalf of the gathering, Rev. B. H. Nobles presented to them a purse of gold. The hours passed very pleasantly.

Superintendent Waring of the ferry department, has received word of a boat in New York, which may be suitable for the ferry service here. It is known as the Newport, and is said to have cost \$30,000.

On Sunday afternoon the annual meeting of the N. B. auxiliary of the British and Foreign Bible Society will be held in Seville. Address will be given by Judge Forbes and Rev. Dr. Campbell.

Rev. A. J. Archibald will occupy the pulpit in Charlotte street Baptist church on Sunday next, and is mentioned as a possible successor to Rev. M. E. Fletcher.

and get a fine fit; snug yet not blinding, readily yielding but never baggy. The lasting elasticity in Stanfield's Unshrinkable Underwear is produced by ingenious machines. But we haven't seen a machine yet that could equal our tailors' cutting skill.

Made both for women and for men in perfectly fitting sizes. Twenty-one different weights and qualities—from warm, heavy ribbed garments particularly suitable for outdoor workers to the soft, finely knitted underwear so according to sensitive skins. ### Wise Men and Women Know

that meet of the sicknesses of life come from inactive bowels and from unhealthily condition of the organs of digestion. If your digestive system is not working right, your food does not nourish you—your blood and vessels are clogged, your nerves are inactive—waste matter poisons the whole system and serious sickness is sure to follow. To take promptly.

### BEECHAM'S PILLS

is to save yourself trouble and expense. Gentle, but quick; safe, but thorough; they enable the bowels to carry away waste matter naturally and tone up the whole digestive system. They will not injure the most delicate. They help you to get your bowels and your digestive organs in that condition when they can take good care of themselves and of you. Beecham's Pills

### Do Good Naturally

For families, Beecham's Pills are especially suitable. See instructions with each box. Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold everywhere in Canada and U.S. America. In boxes 25 cents.

## CLEANLINESS IN DENTISTRY

If people knew the frightful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is.

No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

**GOING TO VANCOUVER.**  
Mr. and Mrs. F. J. E. McGinn will leave Sackville soon for Vancouver, where they will reside. Mr. McGinn has disposed of his property in Sackville to Mrs. McNaughton. In Vancouver it is understood they will be attached to the staff of one of the largest hardware companies in the Dominion.

**"PEEPING TOM," THEY BELIEVE**  
It is believed both by the police and by Mrs. Geo. H. White that the man who tried to open a window in her house in King street east last evening was of the type known as "peepers." Mrs. White and her maid were alone in the house, and had retired, when hearing a noise, they heard some one trying to enter by a window in the rear. Mrs. White telephoned for the police, but long before they arrived, the intruder had departed.

**LOST HER RUDDER.**  
Steamer Hampstead, running between Fredericton and Oromocto, lost her rudder at the Oromocto on Wednesday night; she reached the city yesterday in tow of the tug Fanny, and will be taken through the falls this evening to be blocked for repairs. The accident occurred while the steamer was docking at Oromocto, and about ten feet from the wharf. It is supposed that the stern post collided with a sand bank.

**OCEAN FREIGHTS BETTER**  
Ocean freights rates are reported as showing a marked improvement over last year. Coal freights are three shillings a ton better and cotton freights from southern ports are five shillings a ton better. As indicating the betterment in conditions, in the matter of time charters, steamers working for \$200 a month last year have declined \$100. There is a fair demand for tonnage for B. N. A. ports but steamers are not offering.

**CENTENARY'S ANNIVERSARY**  
In connection with the anniversary services which will begin in Centenary church on Sunday, special music has been prepared by the choir and this will prove an attractive feature of the meetings. The speaker at both services on Sunday will be Rev. Samuel Beller, D. D., dean of the theological faculty of the Boston University. Dr. Beller is said to be one of the ablest speakers in the east and his addresses are expected to draw very large congregations.

**DEATH OF MISS MYERS**  
Miss Marion R. Myers, youngest daughter of Mrs. Andrew Myers, passed away this morning, after a lingering illness of seven months, at her home, No. 3 Elliott Row. She was in her twentieth year, and had a great number of friends about the city. She had been a member of St. David's church and Sunday school for some time. Miss Myers is survived by her mother and two sisters: Miss Edith, at home, and Miss Genevieve, of Station, N. S. The funeral will be held tomorrow afternoon at 3 o'clock.

**EVERY DAY CLUB FAIR**  
The general committee of the Every Day Club fair will meet this evening at 8 o'clock at the hall. For three afternoons and four evenings the ladies have held a sewing circle in the hall, making up goods for the fancy table. Those taking part were Mrs. Edgecombe, Mrs. Dixon, Mrs. Darragh, Mrs. Stokes, Mrs. Piercy, Miss Kerwell, Mrs. Haynes, Mrs. Belding, Mrs. Cother and Miss Cummings. Great progress has been made and the various committees will report this evening. Next week the hall will be decorated. The fair will continue from Oct. 24 to 29 inclusive.

### THE C. P. R. AND THE BAY PACKET SERVICE

With the C. P. R. making the bulk of the freight carried by the Seely Packet line, there has been some speculation as to what effect the acquisition of the D. A. R. by the former line will have upon the extensive trade of the large fleet of these little schooners running from this port to Nova Scotia ports. With the bay service at Digby in C. P. R. control there is expression of opinion that the schooner business may be switched to the steamers.

From enquiries instituted today, however, it would seem, that it will make practically no difference as a large part of the freight shipped on the schooners is for bay ports and not for transportation by rail in Nova Scotia. Consequently any apprehension on this point seems to be allayed.

## ST. JOHN MAN KILLED BY A TRAIN

**Louis Varadnburg Meets Death on Boston and Maine Line in Somerville Mass—Relatives Here**

Relatives and friends in this city were shocked to learn yesterday of the death of Louis Varadnburg, son of Thomas H. Varadnburg, formerly of this city, but now of Waltham, Mass. Mr. Varadnburg, who was a brakeman on the Fitchburg division of the Boston & Maine Railway, was struck by an inward bound train on Monday and instantly killed near the Bedford street crossing, Somerville. He had just thrown a switch for an outward bound train and stepped back into the path of the other train.

The young man was about twenty-six years of age and was unmarried. He leaves, besides his parents, two brothers, Frank and Everett, both in the employ of the Boston & Maine railway, and one sister, Miss Marjory. The father is an engineer in the employ of the Boston & Maine.

Mrs. Varadnburg, mother of the young man, is a sister of A. Chipman Ritchie, Robert S. Ritchie, Mrs. F. S. Bonnell and Mrs. Fred Fowler, of this city. Mrs. Albert Cowan, of Kennedy street, is a sister of Mr. Varadnburg, senior.

The funeral was held at Waltham on Wednesday.

### AUTO OVER BANK

**St. John Man Has An Exciting Experience Near Fredericton**

George Fairweather, employed with the Motor Car & Equipment Co., Princeston, had an exciting experience yesterday on the roadway between Woodstock and Fredericton, as he was driving an automobile towards the latter city on its way to the repair shop here. The young man was running along at a fair clip, and when within a few miles from Fredericton had the misfortune to drop over a steep embankment, but before alighting he managed to jump clear of the car, and thus saved himself from what would have been serious injury. He telephoned to Fredericton and a car was sent out to the place and the damaged automobile was towed to the city, very little broken in spite of its mishap.

Mr. Fairweather returned home this morning, and said he was feeling none the worse for his shake-up. The car, he said, would be brought to the city on the river steamer.

### WOOD ARRIVES

**Marathoner Talks of His Opponent of Tomorrow, Fred Cameron**

Abbie Wood, the crack Montreal Marathon runner, who will compete in a twelve mile race tomorrow afternoon with Fred Cameron of Amherst, on the Every Day Club grounds, arrived in the city today on the Montreal train.

Wood, who is of slight stature, is in excellent condition. He expressed himself as having every confidence of winning tomorrow's race. He was modest in speaking of previous victories, but was enthusiastic over the treatment received during his stay in Amherst.

He also declared that Cameron, although new in the game, was the most dangerous opponent he had met in his racing career, and that with a little more experience he would rank among the top notchers.

Wood is at the Dufferin. He expects to have a try out on the track this afternoon.

Cameron is expected here this evening.

### THIS CASE INVOLVES AN INTERESTING POINT

The adjourned sittings of the September circuit court resumed this morning at 10 o'clock in the chancery chambers with Mr. Justice Landry presiding. The first case on the docket was the case of the late R. W. Stockton, of Sussex.

Some time ago the plaintiff signed judgment by default against the estate and now claims that the administrator is personally liable for the amount. At the conclusion of the case the plaintiff and W. B. Jonah for the defendant.

M. G. Teed, K. C., and J. H. A. L.

**SAID TO HAVE GONE AWAY**  
It is not likely that the case against James Walsh, of North End, reported by the police for fighting in Main street, will reach the police court, as it is understood that he has left the city.

Improve The Comfort of Your Home This Winter With a Glenwood Range

A Glenwood Range in your kitchen this winter will keep the frost out of your house and you will have your meals cooked right and you will enjoy solid comfort. The Glenwood Ranges are built with direct draft that enables you to get a quick fire on and have your kitchen warm and your kettle boiled in a few minutes. This is a very desirable advantage to a kitchen stove, especially on a cold morning. The removable grate, the sliding oven shelf, the patent nickel, the large clean-out door, the removable oven bottom, etc., all goes to make the Glenwood Range A1 in every respect and have been the means of placing the Glenwood Ranges in the first rank among stoves.

Ask those that are using them what they think of the Glenwood.
