TORONTO:
THE BRYANT PRESS, 44-46 RICHMOND STREET WEST
1898.

Entered according to the Act of Parliament of Canada, in the year one thousand eight hundred and ninety-eight, by HENRY WADE, *Registrar of Live Stock, in the office of the Minister of Agriculture for the Dominion of Canada.*

PREFACE.

The Editor begs leave to present the Eighth Volume of the Dominion Swine Breeders' Record. The compilation in this volume has been changed by the authority of the Swine Breeders' Association, so that the names of the breeders of the sire and grand-sire, as well as the dam appear; and the pedigrees are abbreviated to the first dam, keeping each breed separate, with separate pages and indexes, so that the different breeds can be bound together if found necessary.

There are still several certificates missing, recorded in 1894, that have not been sent in to be copied since the fire, consequently they will not appear in this volume.

This volume contains 1,491 Berkshires, 718 Yorkshires, 415 Chester Whites, 330 Poland Chinas, 427 Tamworths 208 Duroc-Jerseys, or a total of 3,589 pedigrees.

RULES GOVERNING THE CANADIAN SWINE RECORDS.

The Directors of the Dominion Swine Breeders' Association convened March 10, 1892, in the office of the Agriculture and Arts Association, Toronto. The following rules were accepted, and will govern the entries received for registry, in the various divisions of the Canadian Swine Record :

2. All animals imported after April 1st, 1892, must be registered in the British Berkshire Record, or the dam and sire must be recorded therein.

3. An animal recorded in the American Berkshire Record shall be eligible to record in the Dominion Berkshire Record.

4. Boars and sows may be entered at any age.

5. The date of birth of each animal must be given correctly, and the name and address of the breeder and owner.

6. When forwarding the pedigree of an animal to be recorded, give the number of pigs in the litter to which it belongs.

7. The owner of a sow at the time she was served will be considered the breeder of the pigs.

8. No pedigree will be received unless written on the printed forms furnished by the Recording Secretary, and must be certified to by the breeder and owner or agent or representative of each.

9. All applications for the registry of pigs sired by boars not the property of the breeder must be accompanied by certificate giving the date of service, name and number of boar, signed by the owner of the boar, whose full address must be given.

10. All registered animals when sold must be transferred on the books of the Association before their progeny is eligible to register. If a female is pregnant when sold, the seller must give the name and number of the boar by which she was served.

11. Transfers sent during the year shall be published in the first succeeding volume of the Record.

12. Entries must be accompanied by the necessary fees, as follows: Members of the Dominion Swine Breeders' Association will be charged for the registration and certificate, fifty cents each, transfers twenty-five; non-members, double fees.

RULES GOVERNING THE POLAND CHINA DIVISION.

1. Animals to be eligible for entry must trace in all crosses to United States Records for Poland Chinas in good standing.

Rules from 2 to 10, inclusive, the same as 4 to 12, inclusive, in the Berkshire Division.

RULES GOVERNING THE TAMWORTH DIVISION.

1. Animals to be eligible for entry must have been bred by reputable breeders in Great Britain, or satisfactory evidence given that they are directly descended from such animals, with every cross recorded.
