Sultan May Take Lead in a Holy War—Europeans are Reported Missing—Medical Attendance Not Adequate

TANGIER, Aug. 16.—There is considerable uneasiness here over the non arrival of a number of fugitive Europeans reported to have left Morocco City last Saturday under a strong escort and who were expected here last Monday. Reports are arriving from Casablanca of heartrending scenes, wounded persons are coming out from all sorts of hiding places. Slight wounds that could have been promptly cured had medical attention been available are now mortified and many of the unfortunate natives have to face amputation and even that may be too late to save their lives. The French medical staff at Casablanca is altogether inadequate to deal with these numerous cases.

The Sultan is said to be greatly disturbed by the attitude taken by the Ulema body of Moslem doctors of the law who interpret the Koran. On learning of the occupation of Casablanca the Cad of Fez with several other members of the Ulema supported the demand of the influential Perer of Kitan for a holy war and the Sultan is reported to fear deposition or even assassination if he declines to place himself personally at the head of this movement.

PARIS, Aug. 16.—The correspondent of the Matin at Casablanca says that Seaport is entirely surrounded by Kabyles, General Druce, the commander of the French forces is showing signs of anxiety, he constantly visits the outposts night and day.

Will Select a Candidate for the Next Local Election.

CHATHAM, N. B., Aug. 16.—French Acadians of Northumberland county, held a meeting last evening in Masonic Hall and decided to link their political force with the local opposition. About thirty or forty people were present and the following committee was appointed to select a candidate: Andrew Arsenau, John B. LeBlanc, Francis Savoie, G. Poirier, Rogereville, Romaine Savoie, Louis P. Bobichaud, O. V. Savol, R. Rabineau, Peter Archer, Chatham, J. D. Paulin, S. Blanchard, Newcastle, C. H. Muzerall, Nelson, Amnon Savoy, Escuminac. The committee will meet in September and select a candidate for the election. Speeches were delivered by Romaine Savoy, D. T. Robichaud, J. Kenbreau, J. E. Bourque, R. Rabineau and I. Boudreau.

DISAGREEMENT BETWEEN FRENCH AND SPANISH

The Latter Refuse to Act Outside the Town of Casablanca—Orders Were Not Broad Enough

PARIS, Aug. 16.—The reports of dissensions between General Druce and General Stanta Ollala, the Spanish commander at Casablanca are officially confirmed. The latter declined to take up the positions south of the French expeditionary force on the ground that his instructions from Madrid specifically prohibited him from going outside the city and restricted his action to participation in the restoration of order and the installation of the international police outside. It is explained however that the misunderstandings are due to the too narrow instructions given to the Spanish commander.

TWO INSTANTLY KILLED, ONE FATALLY HURT, HALF A DOZEN SERIOUSLY INJURED

Is the Result of the Collapse of a Derrick This Morning in the Miramichi Company's Quarry at Indiantown, Near Newcastle.

Private advices received by the Star this morning told of a fatal accident which took place at the Miramichi Quarry at Indiantown, 15 miles above Newcastle at about eight o'clock this morning. As a result, two men, whose names are as yet uncertain, are dead, another by the name of O'Brien, a native of Indiantown, is dying and several more, mostly workmen from upper Canada, are badly injured. The cause of the accident has not yet been learned.

As soon as the news of the accident was received in Newcastle, two physicians went up from that town and one from Millerton, to render such assistance as was possible.

The quarry which is owned by Messrs. Hood, of Montreal, was operated for the Canada White Co. when the Royal Bank of Canada was being built, this quarry furnishing the stone for the bank.

Edward Berthelme, manager here for the Canada White Co., had not received any particulars of the accident. He said that Messrs. Hood who operate the quarry have a very large force of men employed, and furnish stone only by contract to the company.

After returning from Rockwood Park the vice regal party will leave for St. Andrews by a special train and will be guests at the Algonquin Hotel over Sunday.

PROGRESS OF THE WORK ON THE G. T. PACIFIC

The work on the construction of the Grand Trunk Pacific in this province will soon be general all along the line and considerable progress has been made. Guy C. Dunn, district engineer, informed the Star today that there are four location parties at work. They will have completed their revised locations at the end of this month. After that a final location for improving the proposed route, wherever possible will be made. From Grand Falls to the Quebec boundary the construction work is progressing rapidly.

The summer has been a bad one for survey work as the rain has been very heavy and dikes have been plentiful.

THE PEOPLE'S POPULAR PAPER.

• THE STAR makes no boast when it claims to be St. John's most popular afternoon paper, for today, as in the past, it is read by more people than any other evening contemporary. To the thoughtful over-seer the above statement is pertinent, for the advertiser wants that paper which "pulls" the business, and the Star is the paper that the wife and children read, and the Star covers it. • John like the Morning Star.

EVIDENCE IN STEEL CASE WILL BE ENDED TOMORROW

SYDNEY, Aug. 16.—It may be accepted as reasonably certain that tomorrow's sun will see the last of the first stage in the famous Steel-Coal trial, which has occupied the attention of a special sitting of the supreme court in this city since July 20th. The period covered will be within the three weeks originally predicted, although the time might have been considerably longer if the counsel had not got together and made mutual concessions regarding arguments on the admissibility of certain evidence, verbal and documentary, which was alleged to be in violation of the contract between the parties.

In view of the testimony given by Messrs. Wanklyn and J. Dix Fraser, it was decided by Coal Company's counsel not to call general manager Duggan or Alexander Dick as witnesses.

Following the evidence of C. M. Mead, the last witness examined for the defense, Mr. Lovitt announced that the Coal Co. rested its case. J. S. McLennan, formerly connected with the trial, was called as the first witness in rebuttal by the Steel Co. There will be four or five other witnesses, but it may be taken for granted that the evidence will all be in late this p. m. An effort will be made to arrange for a session of the court tomorrow morning to hear arguments of counsel on both sides. It is understood that Mr. Lovitt will present the arguments for the Coal Company and Mr. Nesbitt for the plaintiffs.

The court opened at the usual hour this morning. The cross-examination of Mr. Dix Fraser was continued by Mr. Nesbitt. In the month of May he said there were twenty-nine slips in the blast furnace. It was no part of his duty to set in connection with arrangements made with the Coal Company. The labor strike at the works was to bring the fire nearer the boilers. It requires 2500 horse-power to operate the power house and the plant. In the summer of 1905 there were a lot of objections to No. 6 coal used in the boilers.

James W. Clarke, examined by E. M. MacDonald—He was fuel agent of the Intercolonial, and received coal from practically all the coal mines in the province of Nova Scotia, and from some in New Brunswick. \$275 was the price paid for coal from the Dominion Coal Company.

Cross-examined by Mr. Nesbitt—This was to be run of mine coal passed over the picking belt.

Mr. Lovitt here put in some figures of analysis made by Prof. Donald of coal bought and used by the department of railways.

Counsel for the Steel Company agreed to accept the figures subject to the usual objection regarding the relevancy of the evidence.

C. N. McLeod, examined by Mr. Lovitt—Was chief clerk in the railway and steamship department of the Coal Co. Their record shown of the distribution of 123 cars of coal was correct.

Mr. Lovitt put in some correspondence between the companies tending to show that the Coal Co. was sending to the Steel Co. specially selected coal at a higher price, and a copy of the con-

tract between the C. P. R. and the Coal Co. referred to by the Steel Company's witnesses.

Mr. McLeod, cross-examined by Mr. Nesbitt—There was no railway or any other large consumer to whom No. 6 coal was shipped and by whom it was used exclusively.

After some controversy regarding the admissibility of certain documents and other testimony, the defendant company rested its case, and at 11:45 the plaintiff company began evidence in rebuttal.

John S. McLennan, examined by W. B. A. Ritchie—He was manager of this international mine in 1905. He was treasurer of the Coal Company from 1882 to 1901. He had experience as to the value of chemical analysis in determining the practical value of Nova Scotia coals. When Mr. McCallum came as chemist he made analysis of the various coals, and when complaints were made he (the witness) followed these complaints in relation to the analysis. He found in practice in the sale of coal that customers would complain if the coal was too high in sulphur and ash.

Following the evidence of C. M. Mead, the last witness examined for the defense, Mr. Lovitt announced that the Coal Co. rested its case. J. S. McLennan, formerly connected with the trial, was called as the first witness in rebuttal by the Steel Co. There will be four or five other witnesses, but it may be taken for granted that the evidence will all be in late this p. m. The beautiful Kennebec falls will be the scene of the Natural History Society's outing on Saturday afternoon, weather permitting. The party will leave by the 115 p. m. train for Renforth, where F. A. Dikeman has kindly undertaken to provide a picnic on Long Island. The scenic beauty of the locality, coupled with its great interest to the geologist and naturalist, will doubtless attract an unusually large number of visitors.

Members attending, will as usual, provide baskets for the picnic, which is always one of the most enjoyable features of these outings. Further information may be obtained by inquiring at the Natural History Building, Union street.

yon on the complaint of Geo. C. Wason was also settled, no fine being imposed. His honor decided that the street railway had certain rights on the public streets. Several witnesses were examined in this case. J. B. M. Baxter appeared for Lanyon and C. F. Inches for the complainant.

FIFTEEN'S CONCERT A BIG SUCCESS

A Crowded House Enthusiastically Received and Encored Each Number of Interesting Programme

An audience which filled to overflowing the Opera House last night amply demonstrated the interest taken by the citizens of St. John in the fire department's musical events of the season.

The exceptionally fine programme provided was listened to throughout with abundant evidence of appreciation and was generally conceded to have been one of the most pleasing musical events of the season.

Among those taking part special interest was shown by Miss Lucy Tonge, who has won many laurels in the United States. Miss Tonge is herself the daughter of John Tonge, a member of the Salvage Corps. Miss Felix made a decided hit, while A. W. Baird was three times recalled. The duet by Messrs. Mayes and Kelly was a musical treat.

Miss Pauline Biederna at the piano was excellent. D. B. Pidgeon was in his usual good form and Miss Blenden S. Thompson sang The Bandolero in excellent voice.

Fred McKean of the Salvage Corps made an excellent impression with the programme. Miss Helen Furlong gave a most difficult violin selection and was heartily cheered. D. Arnold Fox and Vernon Brille were the accompanists, and their work was all that could be desired.

Chief Kerr of the fire department made a special thanks. Members of the department acted as ushers.

HALIFAX, N. S., Aug. 15.—The court of the election cases (Judges Townsend and Russell), heard a motion today by H. Mellich, K. C., to set aside the election of Mr. Borden, Den and Carney, v. O'Mullen down for trial on September 3. R. E. Harris, K. C., moved for a later date.

FUNERAL SERVICE OF LATE DR. SAWYER

WOLFVILLE, N. S., Aug. 15.—On Monday afternoon the funeral services of the late Dr. Sawyer were conducted in the late residence, Acadia street, by the Rev. L. D. Morse, pastor of the Wolfville Baptist Church, assisted by Rev. Alfred Chipman, Rev. Dr. Christie, Dr. E. M. Saunders and Rev. Dr. Keirstead. A large number of representative ministers and others were present. Among those who attended were Rev. Dr. H. Bates, Rev. Dr. Saunders, Rev. F. H. Bates, Rev. Alfred Chipman, Rev. M. Sandford, Rev. J. H. Bates, Rev. G. G. Rev. Dr. Christie, Rev. Charles Freeman, Rev. H. H. Hasebrook, Rev. W. D. Higgins, Rev. Dr. Keirstead, Rev. L. D. Morse, Rev. Dr. H. McQuarrie, Rev. Dr. Porter, Rev. W. H. Dixon, Sir Frederick Borden, Judge Chapman, Prof. Benjamin Band, H. S. Harris, A. V. Pines, Mayor Black, ex-Mayor Geo. Thompson, besides the leading citizens of the town.

Flags were at half-mast on the college and other buildings and the business places were closed out of respect for the honored ex-president and revered citizen. The floral tributes were abundant, including a crown from the college governor, and a wreath from the faculty. The pall-bearers were Dr. Trafts, acting president of Acadia; Prof. Haycock, Prof. Haley, Prof. Keirstead, for many years associated with Dr. Sawyer in college work, was a most impressive. There was special music by a select quartette. The address on this occasion delivered by the Rev. Dr. Keirstead, for many years associated with Dr. Sawyer in college work, was a most eloquent and touching tribute to his memory. It was not alone a scholarly analysis of his intellectual strength and sources of greatness, but such a sympathetic appreciation of his nobility of character as could only be given by one who had long been in close touch with the departed and with him had faced hard problems of life. The pall-bearers were his associates on the staff, Prof. Trafts, Prof. R. V. Haycock, Prof. H. H. Keirstead, Prof. Prof. Haycock and Prof. Gray. The procession was very long. The interment took place in Willow Bank Cemetery, beside his wife, who died seven years ago. Prayer was offered at the grave by the returned missionary, Rev. Rufus Sandford.

Owing to the non-appearance of the lady's name on the concert program of the Opera House last evening, a large number of the people were at a loss to know who the soprano soloist really was. However, it was Miss Emma Felix, the singer's clever little soprano, and her rendering of the Carmen waltz was one of the choicest numbers of the whole program, and though the hour was late, the people enthusiastically demanded an encore. When Miss Felix appeared, she was favored with a handsome bouquet of tea roses, and her second number was Arthur Poole's soulful little number, The Land O' The Leal. (New York Tribune.) The late Daniel S. Lamont was a strong temperance man always, says an old friend. Several years before his death he visited relatives in Scotland, and returned with the following yarn: "In a little town in Scotland the grave digger had been induced to give up his habit of hard drinking and sign the pledge. At a public meeting he gave his experience. 'I never thought to tell you,' he said, 'that for a whole month I haven't touched a drop of anything. I saved enough and brass nails—and if I'm a teetotaler for another month I shall be wainin' it!'"

### SOMETHING NEW

We have established on our premises a Steam Sponger Machine, one of the first to be installed in the Maritime Provinces. It is a machine that sponges and shrinks all classes of materials and leaves them with the original finish. It is the only machine we know of that will sponge and shrink cloth without destroying some of its original lustre.

Everyone knows how important it is to have materials shrunken before being made up. If they are not shrunken they lose their shape, their appearance, their fit and their finish after the first moisture.

The prices for sponges have been placed at such a figure that no one can afford to have a dress made up without sponging. 5 cents a yard for all materials up to 50 inches wide, 7 cents a yard for materials wider than that.

All goods will be sponged on the same day which they are received. We will sponge goods for anyone whether they are bought at our store or not.

### LOCAL NEWS.

Word was received this morning that the Norris and Rowe circus was en route to St. John. It is not yet decided whether the circus will arrive here on September 1st or go on to Halifax and come here later.

A visitor to this city from far-off Chicago, is Thomas Parks, son of Thos. Parks, the North End tailor, and brother of James Parks, of J. M. Humphrey & Co. Mr. Parks has been in West about ten years following the tailoring business and is making a comfortable living. He is being warmly welcomed by his old friends.

The game of baseball which was to have been held on the Shamrock grounds tomorrow between the Royals of this city, colored champions of Lower Canada, and the Royals of Amherst, who enjoy a similar title in the sister province, is postponed until the 24th inst. This will be a great battle and "George" Hope, assures The Star that the lustre which illuminates the record of the Royals will be in no wise dimmed by this postponement.

The days of "Jumbo" Hector and his vaillant St. John band of spongers will be most vividly recalled, and a baseball treat is in store for the fans.

### IS LIKELY TO BE A BISLEY MAN NEXT YEAR

E. F. Gladwin Has Had a Most Successful Record During the Past Few Seasons

E. F. Gladwin, the young St. John man who has done such excellent work at the P. R. A. matches at Sussex, will be able to qualify for next year's Bisley team. He has made a remarkable record during the few years in which he has been competing for the fates at the butts.

Mr. Gladwin started shooting on the St. John Rifle Range during the summer of 1901. He participated in the 6th Regiment league matches in 1902. He did good work in the league and came to the P. R. A. meet here where he got several money prizes. During the time he shot in the city league he secured a first-class certificate. He was the only holder of one in the city. In 1905 Mr. Gladwin was second in the Corporation Cup contest which took place on the St. John range this year. On the St. John range this year he won the Corporation and Morrison cups.

### STEWARDESS OF STEAMER SOBO DIES SUDDENLY

Mrs. Stevenson, While Chatting With a Friend, Fell Dead on the Deck.

While walking the deck of the West India steamer Sobo this morning, Mrs. Stevenson, the stewardess, collapsed and expired a few moments. Death was due to heart failure.

Mrs. Stevenson was fifty-five years of age and was apparently in the best of health this morning. She was chatting with a friend on the deck of the steamer and suddenly fell. Dr. Scammiel, port physician, was present and ordered Mrs. Stevenson to be carried below. When she was placed on a couch it was found that life was already extinct.

She seemed quite cheerful early in the morning while going about her work, and at no time during the voyage did she complain of illness.

Captain Bridges thought she saw someone on the wharf whom she had not met for some time, and that the excitement had killed her.

Mrs. Stevenson was formerly stewardess on the S. S. Olinda, having sailed three voyages on the steamer. This was her first voyage on the Sobo.

She shipped on the vessel at Halifax. It is not known yet where her relatives are to be found, but the agents of the line in this city have wired Halifax and expect to receive word this afternoon. Arrangements will also be made this afternoon for the disposal of the body.

### GEORGE MIRISSIS HAS GONE HOME TO GREECE

George Mirissis, the Greek shoe-shine and fruit seller, has gone home to Greece for an extended visit. He left town the other night in a Yanketted outing suit, spectacular checks and turned up trousers, and informed the Star that his prospective visit was only temporary.

Mirissis is the young man who occupied some space in the papers a short time ago, because of his unique action in selling out the Peter Petropoulos shoe-shine shop on King street, after a bill of sale had been given him for emergency purposes. Naturally this brought about strange relations and the enterprising Grecian was forced to vacate, finally bringing up among the ice cream and fruit store "Sperakes" establishment on Charlotte street.

### BAPTIST CONVENTION TO BE HELD IN WOLFVILLE

A Very Large Attendance is Expected—It Opens a Week From Tomorrow.

The annual convention of the United Baptists of the maritime provinces will open at ten o'clock a week from tomorrow in the beautiful town of Wolfville, N. S., and from the number of applications being made for billeting, etc., it appears that a most successful church parliament will be held.

The convention opens with a ministerial institute on the Saturday, convention sermon on the Sunday, and the formal opening of the business session on Monday. The clerks of the various churches of St. John have for some time since been supplied with credential forms so that delegates may be formally introduced.

The basis of church representation is as follows: A church contributing from \$50 to \$100 to the various objects of the denomination in the maritime provinces may send two delegates; when \$100 to \$150 is contributed, three delegates; \$150 to \$200, four delegates; \$200 and upwards, five delegates. Ordained clergymen attend in their own right.

The Women's Baptist Missionary Union will hold its annual meeting in Sussex on the 20th, 21st, and 22nd inst., opening with an executive session and evening reception. The business will commence on the 21st. Ladies from this city will attend in large numbers.

### TWO YOUNG MEN FOUND GUILTY OF STEALING

Charge Against Wm. Hennessy and John Pickett—A Boy Pleads Guilty to Similar Crime.

Wm. Hennessy and John Pickett, two youths, pleaded not guilty today on the charge of stealing money from James Garnett's oyster saloon on Main street yesterday. James Garnett gave evidence that he had been absent from his store about an hour and on his return found the shop door forced open and some money stolen from the cash box. Pickett denied the charge and two men trying to get in the saloon door and later on he saw the two men leave the store. The men looked like the prisoners.

George Whorten, a boy who works in Mr. Earle's barber shop, identified Hennessy, as one of the two who left the store, and said that Pickett resembled the other man.

Police officers gave evidence that on arresting Hennessy the latter said that he knew what he was being arrested for and blamed to fix matters up with Garnett. He said he only got \$1.62 in the shop, and that Pickett, who was with him, got nothing. The officer who testified that it was hard company that got him in trouble, Sgt. Kilpatrick gave evidence that Hennessy told him he got \$2.43 out of the till, and that he found the door open. The two prisoners were remanded to jail for sentence.

Ernest Wilson, a former newsboy, was arrested on a warrant sworn out on the 18th of May for defrauding Mrs. Wm. Robinson out of 25 cents, claiming that he was a collector for The Times. He pleaded guilty and was remanded until 10:30 o'clock.

Wm. Hudson of Carleton was fined \$12 for allowing six cows to roam at will over the Queen Square and on Frank McBeck's lawn. He was allowed to go at half rate, paying \$6.

A Hebrew milk dealer named Sheehan, charged Mrs. McNeil, a Brussels street grocery proprietor, with assisting her dog on him, the animal biting his leg. The woman was told that she was liable to a fine of \$20.

Two drunks got the usual fine.
