STUDENT CHRISTIAN MOVEMENT CONFERENCE

An interesting Account of the Gathering Held Here Last Week, Written by one of the Delegates

The annual Maritime Conference of the Student Christian Movement of Canada met here on Friday, May 29th. We delegates and our leaders stayed at the College Women's Residence, where we found every comfort awaiting us. The Acadia gymnasium and the tennis courts were placed at our disposal and we enjoyed them to the full. Nothing was lacking to our unalloyed enjoyment of our week together. Nature herself met in a holiday mood and made even lovelier scenes already lovely. Students and leaders from widely scattered parts of the earth expressed the most unqualified enthusiasm over both the beauty of the scene and the hospitality of the people.

The conference week was strenuous. At 7 a.m. the rising bell rang, at 7:30 matins were said and at 8 we assembled for breakfast. After breakfast we divided into the following study groups: Jesus in the Records, under Dr. Bronson; Jesus in the Records Introduction, under Harry Avison; The Beatitudes, under the Rev. Dr. Marshall of Wolfville; and Social Principles of Jesus, under Professor Balcom. These groups remained in session until 11 a.m. Then after a recess of an hour we attended lectures which were followed by lively discussions only to be cut short by the dinner bell. The afternoons were given up to business meetings and recreation. At 8 p.m. we met again for all church and at 10:30 we met for vesper. While the above is a typical day's program, actually the time was more fully taken up. The lectures gave rise to discussions which often did not terminate until well into the night.

Every day brought new enjoyment. One afternoon it was a hike and picnic at the ridge, another a drive to the Look Off in cars kindly supplied by Wolfville citizens. One morning a few of the more energetic arose at 4 a.m., cut their own fishing rods and returned in time for matins with a good supply of Gasparus.

The leaders were all remarkable people. Ernie Clarke and Helen Nickle combine strikingly original and independent minds with a burning desire for the furthering of the good work. Not a few noticed the resemblance between Mr. Clarke and my Buckle, who is remembered as a hero among Tuxis boys in these parts. Miss Nickle is a modern and strikingly Canadian. Some remember one of Mary Allison, who is held up as an ideal among Canadian Girls in Training.

Harry Avison, a young man himself, is fully aware of the problems facing students of today and is a kind both well fitted to fight them through and also to lead others with him. Dean Boswell, of Oberlin, Ohio, who preached in the Baptist church Sunday morning and in the United church in the evening, combines a profound intellect with a warm and sympathetic personality. Dr. Scofield will be remembered in these parts for his fearless denunciation of our materialistic civilization. His ability as a wit and a story teller frequently drew around him groups of eager students. Mr. Ho, of China, a man of great learning and deep insight into affairs social, economic and political both here and on the other side of the Pacific, gave us a new conception of Chinese culture and civilization, which made our own seem barbarous in comparison.

We shall never forget our conference experience. It made us more aware than ever of the greatness of the age in which students all over the world have banded together to apply new as well as old ideas to the great business of life. In the near future we shall probably experience some striking changes but we have little cause to be other than optimistic so long as enlightened people all over the world join hands for the purpose of dealing with our mutual problems with courage and with honesty.

QUESTIONS FOR COL. ALLISON BORDEN

To the Editor of THE ACADIAN. Sir,—Those who returned from the Great War crippled and maimed are serving of the just consideration of people, which none but the base would deny.

Those who returned well and hearty need not be a tax on the country. Those who returned well and hearty, and then obtained a good government job and finally a fat pension are to be congratulated on their luck. They are paid off. The country's indebtedness to them is full discharged and liquidated.

To the latter class belongs Col. Allison Borden. It is reported that he receives a pension of \$4,000 a year, which is paid by Grit and Tory taxpayers alike. Receiving as much as the year's net proceeds of eight or ten of our valley farms from a "grateful country", it is not exactly in accordance with the tenets of good taste for him to take partizan cudgels against one section of the people who pays him, against the other.

Assuming, however, that his attitude is perfectly correct and that he is actually served by the highest impulses of patriotism to serve the country and to crush evil and dishonesty, I would ask him to reply to the following questions:

1st. Was it right and proper for Hon. D. A. Cameron to carry to a private account, surplus funds from the city of Sydney year after year until it reached a sum aggregating \$60,000?

2nd. Was it right and proper for him to give no hint or sign or report to the authorities of the existence of this fund accumulating year after year?

3rd. Was it an evidence of honesty on his part that he failed to offer to refund it, until the Mayor of Sydney detected the delinquency and then obtained the services of Price Waterhouse & Co. to trace and audit the account?

4th. Hon. D. A. Cameron stated in his defence he did not benefit one dollar by it. The question "Who did?" is a fair one for the electors. Neither Col. Borden appeals, to ask, Who did benefit by it? It is true that Hon. D. A. Cameron stated he took the responsibility. One, H. A. Kirby, last month at Lake Marancton, Me., burned a cottage, shot one woman and killed her niece. He also took the responsibility. Will that save him from the electric chair? Neither is exonerated by assuming responsibility. Mr. Cameron's declaration that he did not benefit by it, coupled with his assuming responsibility, really means that he is attempting to shield some other party or parties. Who did benefit by it? Who are they? A man who secretes or manipulates money or property of others cannot in law bravado it out by an assumption of responsibility—otherwise the jails and penitentiaries would be emptied.

5th. Public funds which are entrusted to him to handle public funds ought to be able to give full explanations, and others who seek public office and justify such transactions ought to furnish full information to the electors. Therefore, I ask Col. Borden, from what source did Cameron get the \$30,000 that he paid back?

6th. Was it decent and proper for the Armstrong government to retain Mr. Cameron as a member of the Executive Council after the revelations made by Price Waterhouse & Co. and thereby justify and approve his proceedings? Col. Borden's opinion is that the other members of the government are no better and no worse than Cameron, one can understand why he would decline to answer.

7th. Was it not a piece of daring audacity that shows an entire lack of moral instinct on the part of the government that allowed Cameron to offer a resolution in the Assembly to authorize a special tax on the taxpayers of Sydney to pay the expenses attending the audit resulting from his own delinquency? In case Col. Borden pleads ignorance of the Province, he can obtain full information from Hon. J. A. MacDonald, who as a member of the government is implicated in the conspiracy against public decency and honor.

HONESTY FIRST.

WOLFVILLE HIGH SCHOOL WINS CHAMPIONSHIP

Wolfville High School won the King's County baseball league series by swamping the visiting Kentville team by 18-2 on Friday, and on Saturday defeating the Canning nine on their home grounds by 17-5. Wolfville High School aggregation were in trim from start to finish on Friday and put it all over their opponents in all points of the game. Phinney, twirling for the home team, drew repeated applause for his splendid speed and the repeated strike outs, while Barnaby and VanBlarcom, neither of whom showed their usual form, were in the box for Kentville.

Regan, Williams and Cohen starred for the locals. Cohen and Barnaby put up the best game for the visitors.

Kentville—Cohen, Blair, McPherson, Barnaby, P. Steadman, Spinney, Condon, C. Leitch, VanBlarcom.

Wolfville—Pick, Williams, Regan, Phinney, P. Johnson, Prescott, Cohen, Spencer, Eaton, Mahany.

On Saturday at Canning, Wolfville took a win from Canning. Cohen and Williams starred for Wolfville High, Williams getting out a homer to the right pasture in the eighth frame.

FLORAL SERVICE AT BAPTIST CHURCH

The annual Apple Blossom Sunday Floral service of the Baptist church took place Sunday morning, under the charge of the pastor, Rev. A. N. Marshall. The church was decorated with apple blossoms and lilacs. Special music was furnished by the choir, under the charge of W. A. Jones. Little girls and boys presented offerings of baskets of flowers and gave selections from the Scripture. A unique feature was a number of caged canaries which assisted with the music. Miss Clara Chisholm and Miss Whidden gave short talks to the children, followed by a timely talk from the pastor, in which he referred to the God of Nature, ever against the God of Grace, the one discovered through the world and the other through the best in human nature.

WHO DID THE ASSESSING IN WARD 14?

To the Editor of THE ACADIAN. Mr. Editor,—I do not wish to impose too far upon your generosity but I feel that an answer is due to some of Mr. John B. Gertridges statements which appear in the last issue of your respected paper under the heading of "Who Wrote Correspondence in Ward 14 Regarding Assessments", and therefore ask your permission to let me assure Mr. Gertridge in print, that I am wholly responsible for the so called correspondence and that no lawyer ever even saw the above mentioned correspondence until it was published, as it is being circulated throughout the Ward that I fathered the article but that it was written by a lawyer.

Mr. Gertridge says that I grossly misrepresented the facts in your recent issue and here I shall endeavour to prove to the public the true facts so they can judge for themselves which article was misrepresenting and misleading. According to Mr. Gertridge's own figures as printed in your last issue he has raised the Conservatives of the district \$275.00 and lowered the Liberals \$150.00. Had he quoted the figures which appear in his posted list of our district at Harbourville he would have shown that the Conservatives were raised \$375.00.

Evidently Mr. Gertridge has not submitted to you the correct figures, unless his list has been revised since it was posted at Harbourville.

The Conservatives of this district who have purchased property during the last fifteen years are now assessed for more than half of the purchase price, while the Liberals who have purchased property during the same period of time are only assessed one-sixth to one-quarter of the purchase price. Is this a grave injustice?

In regard to property owned by Mr. H. Barlow, the original house built by the late Capt. McBride was a fine large one, a one and one-half storey building, the original barn 30x40 feet, single bay, built before the late Capt. McBride was born. The small bungalow to which Mr. Gertridge refers is the same four by six mud finished with Douglas fir, and finished barn built by any means. The unfinished roof which reaches the e by 3 Mr. Gertridge misrepresents this as of 1912.

Mr. Edw. Spicer formerly owned by Mr. Edw. Spicer, deceased, as well as his property, of which the combined assessment was \$400 and is now \$350. Did Mr. Gertridge intend to mislead in this case?

Mr. Edw. Spicer has bought no property from his son Leland, and why should he, Leland, be exempted and the same added to his father? Is Mr. Gertridge sure that Mr. Gould has 25 or 30 head of cattle or are they hens?

Mr. Edw. Anderson purchased his real personal property for \$450. Mr. Gertridge has raised this assessment on account of personal property. Is that misleading?

Mr. Isaac Spicer was raised \$25 from the 1924 assessment, according to Mr. Gertridge posted his list instead of being raised as Mr. Gertridge states in your paper.

Mr. Gertridge would infer that Mr. Fred Ayer had built his store since the 1924 assessment, instead of which the store was actually built three years ago and he was previously assessed for the same. Is there anything misleading about this?

Mr. Perry was raised \$75 instead of \$25 from the 1924 list or \$100 from the 1923 list, according to Mr. Gertridge's posted list.

Capt. Morrishas owned a private yacht for many years but Mr. Gertridge would infer that this yacht had been acquired since the 1924 assessment; of course, Mr. Gertridge would not want to mislead the public about this.

Mr. Emmerson Spicer purchased the forty acre lot to which Mr. Gertridge refers some years ago and was assessed for the same previous to the 1924 assessment. Nothing misleading about that.

Mr. C. Swindell has since the 1924 assessment sold \$300 worth of property and still the assessment remains the same.

Mr. C. Parrish disposed of his cattle and threshing outfit previous to the 1924 assessment and instead of one cow and a pair of steers to which Mr. Gertridge refers, he had a pair of horses and one steer.

Mr. Gertridge says that our taxes have been lowered and would have the people believe that it was due to his assessment, whereas if he had not raised the assessment approximately \$2,000, the decrease would have been much more.

Mr. Gertridge suggests that I look into the assessment of the various wards, but I prefer to leave those other wards to themselves. However, I shall cite one case for comparison in Ward 5. Mr. T. H. Morse, Liberal, has an orchard which Mr. Gertridge assessed for \$750. Mr. A. S. Banks, Conservative, has a meadow that is perhaps worth less than half the value of Mr. Morse's orchard and for which Mr. Banks is assessed \$800. If space would allow I would quote many cases such as the above.

Evidently Mr. Gertridge has been writing from hearsay instead of actual knowledge, and I trust that the above information will be of much value to him in the fulfillment of his duties as County General Assessor.

Thanking you for your valuable space, I remain

Yours truly, E. P. Wood.

ANNUAL MEETING OF ALUMNAE OF ACADIA SEMINARY

The 34th annual business meeting of the Associated Alumnae of Acadia Seminary was held Monday, May 25th. The report of the Secretary was read and approved. The annual statement of the Association showed a balance on hand of \$341.41, with \$5000 of the funds of the Association on loan to the governors of the University.

The Necrologist's report was prepared by Mrs. F. H. Beale, and recited four deaths in the Alumnae ranks. Mrs. Wylie Smith, Halifax; Mrs. Sara M. Sawyer (Mrs. Red), Miss Donald Chase, Fort Williams, (Class of '24).

An especially interesting feature of the occasion was the reunion of the class of 1914, of which eleven members were present. The class secretary, Miss Dora Baker, Truro, addressed the meeting on behalf of the class.

Among the Alumnae who rarely are present at reunion were Miss Maud Harrison ('94), India; Mrs. V. L. Miller ('99), Halifax; Mrs. Lew Wallace, ('97); Mrs. Rhodes, Amherst; Miss Lockhart, India; Mrs. Ralph Eaton, ('93); Mrs. Jost ('14), Ottawa; Mrs. C. S. MacArthur, Truro.

The principal business before the Association was the consideration of the permanent Alumnae Scholarship, which the Alumnae are endeavoring to establish. The treasurer reported that the amount received to date as Memorial Scholarship, was \$668.18. It is hoped that the balance of the \$1000 necessary to create the scholarship will be in hand at an early date.

The following officers were elected for the ensuing year: President—Mrs. C. M. Vaughan, Wolfville. 1st Vice-Pres.—Mrs. C. S. MacArthur, Truro. 2nd Vice-Pres.—Mrs. E. H. Johnson, Wolfville. Secretary—Mrs. M. R. Elliott, Wolfville. Treasurer—Mrs. Donald Grant, Wolfville. Assistant-Treasurer—Miss Eleanor Wood, Wolfville. Auditor—Miss Chiabom.

Necrologist—Miss Lillian Bishop, Greenwich. Executive Committee—Mrs. Avery deWitt, (Convener), Mrs. A. C. Cox, Mrs. J. W. Smith, Mrs. D. G. Whidden, Mrs. Beale, Mrs. Percy Benjamin, Mrs. H. D. Johnson, Wolfville. Entertainment Committee—Mrs. J. E. Hales, Mrs. J. T. Roach, Miss MacDonald.

The Social Reunion of the Alumnae took place this year in connection with the reception of the graduating class of the Seminary, in Alumnae Hall, Tuesday evening, at 9:30 o'clock. A large representation of the Association were present, and the friends of the class of 1925 added to the success of the occasion. The assembly were favored with a violin solo by Miss Joyce Clark ('23), piano accompaniment by Mrs. J. D. Clark ('14).

GOODS STOLEN AT GREENWICH

During the winter while A. H. MacCabe was absent from home his house in Greenwich was broken into and household goods and clothing stolen, among them a large autograph quilt and a woollen blanket worth about five dollars. Window panes to the amount of thirty-five were smashed, in some, also the sashes, 16 panes in the barn, 14 in the cellar, 3 in the house and 2 in the hen house. A warrant was issued to search the nearby habitation, consisting of two rooms, occupied by Walter Johnson, wife and five children, Edward Rogers and wife, and owned by J. A. Elderkin.

On search nothing was found and the occupants denied all knowledge of the theft, house-breaking, and entering house. But later, on further search, about 50 feet from the habitation the greater part of the stolen goods were found in bags. Fence stakes, poles cut for building a new fence, wood and other things have been stolen from the premises.

MAY HOLD N.B. ELECTIONS AUG. 1ST

ST. JOHN, N.B., June 9.—In political circles here it is believed that the Provincial elections will be Saturday August 1, as it has been the custom of late years to hold the Provincial elections on Saturday for the convenience of the commercial men. There is talk of women candidates in the forthcoming contest.

The ladder of life is full of splinters, all pointing upwards.

CANADA WILL HAVE NEW NATIONAL FLAG

\$2.00, payable in advance

GOVERNMENT HAS APPOINTED COMMITTEE TO CONSIDER SUITABLE DESIGN

OTTAWA, June 9.—Falling in line with Australia and New Zealand, Canada is to have a new flag which will be recognized as the flag of the Dominion. The Government has passed an Order-in-Council appointing a committee to consider and report on the most suitable design for a Canadian national flag for use ashore.

A distinctive Canadian flag has so far been authorized for use only by Canadian government owned vessels and by other vessels of Canadian registry. In the former case the flag is the Blue Ensign with the Canadian arms in the fly, while merchant vessels of Canadian registry use the Red Ensign with the Canadian arms in the fly.

Both Australia and New Zealand now use the Blue Ensign with the Southern Cross in the fly as their national flag. New Zealand, it is stated, has had a flag of her own since 1901, while the Australian flag was approved by royal assent in 1903. At present, under the Order-in-Council passed some years ago, the Red Ensign with the Canadian arms in the fly is flown over the Canadian High Commission and British offices abroad, as well as other Canadian vessels. It has been authorized, but the flag has never been as three suggestions.

The committee will first be to consider the use of the Red Ensign as Canada's national flag. The second is to use the Union Jack with the Canadian arms in the centre. The third is to adopt an entirely new design.

PROFESSOR APPOINTED AT ACADIA

D. G. Davis, M.A., of Harvard University, has been appointed Associate Professor in the Department of Education in Acadia University. Mr. Davis is a graduate in Arts of Dalhousie University and holds the degree of M.A. from Harvard, at which university he will shortly secure the degree of D.Paed.

Mr. Davis is widely known in Nova Scotia as one of its outstanding educationists, having been for a number of years Principal of the Colchester Academy at Truro. During his presidency Colchester Academy won a prestigious second to no similar institution in Maritime Canada. As a man, a teacher, and an administrator, Mr. Davis' gifts are of the highest order.

Mr. Davis has declined several attractive offers from Departments of Education in American universities, one of which was an invitation to reorganize and take over the direction of the Department of Education in a large State University in the Middle West. But his love for Canada and things Canadian, and especially his love for Maritime Canada, has led him back to Nova Scotia.

TOURIST CAMPING GROUND

To the Editor of THE ACADIAN. Mr. Editor,—A resident of Wolfville who is a new-comer to our town made the observation the other day in the hearing of the writer that the sign posted at Wolfville's tourist camping ground should either be removed or conditions in the section surrounding it very much improved.

The "slough of despond" that has developed where a former town Council attempted to create an artificial pond is certainly not suggestive of an ideal location for camping. Probably it appears even less attractive to a stranger than it does to our own people. At any rate the newcomer, who is unquestionably zealous for the well being of this town where he has made his home, was not prepossessed by the scene presented at the point in question. Will the Mayor and members of the Council, the President and members of the Board of Trade, as well as citizens generally who take an interest in the affairs of the town, take a stroll down Main street and look the situation over.

The prospect is not a pleasing one, but might be made so by a real community effort. In a few weeks the stranger will be within our gates. This is the time for action.

ADDRESSED CONFERENCE

One of the most severe electrical storms which ever visited this section occurred in the early hours of this morning. The thunder was incessant and the lightning vivid and were accompanied by a downpour of rain. So far as we have heard no damage was done in this vicinity.

Editorial

Our pulpits are our work clothes. Each of us live some kind of a sermon every day.

ELECTION TIME

THE DATE of the provincial election has been announced and the campaign is now on. Candidates are busily going to and fro shaking hands with the people and telling them how much they want to do for the country.

THE ACADIAN is not seeking votes for any particular party but it wants to warn its readers that they are approaching a very critical time in the history of Nova Scotia, and cannot afford to be misled.

Whether one of the voters away from the things nearer home. Keep other province in your pocketbook.

What the electors have to do now in this Dominion. It has had its day and ceased to be.

So far as the opposition is concerned, it is a matter of fact that they are not to be taken seriously.

But don't take anybody's word if you can't see for yourself. Register an intelligent vote. Dig into the records. What you find will probably astonish you.

What you find is that if you study the situation carefully you will find the polls and vote more enthusiastically than you ever did before.

CARE OF THE MENTALLY DEFECTIVE

VERY important gathering is to take place at Berwick on Thursday evening of next week, when representatives of the municipalities of Annapolis, Kings and West Hants, and of the incorporated towns included, will meet to deliberate on a project for the better care of that section of the population which constitutes a public charge.

To those who have been engaged in the work of social welfare it has long been apparent that present conditions not only in these counties but throughout the province are more and more becoming a public menace. Economically as well as morally the problem which these conditions provides demands the full consideration of the public generally.

Our almshouses, which presumably exist for the purpose of providing shelter for those who because of misfortune are no longer able to provide for themselves and are compelled to ask for assistance. have been invaded by the mentally defective to such an extent that they are no longer fit habitation for respectable people, many of whom have lived useful lives and are entitled to better consideration than that which they are receiving.

The proposal is to make such an arrangement as will provide for the care of these deserving wards of the community included in the section under review in one of the existing county homes, and devote the other two to the accommodation of the adult mental-defective and children of the same class. These latter would be properly segregated and taught to make themselves self-supporting so far as possible.

By utilizing present institutions it is hoped that a very great improvement may be made without any material addition to the public cost, and that the conference may result in a movement that may receive general approval and be the means of solving a problem that has already become a very serious one in our municipal life.

WILLOW BANK CEMETERY

ALTHOUGH conditions at "Willow Bank Cemetery" are still far short of ideal a great improvement has been made in recent years. Those who from time to time visit these beautifully located grounds cannot fail to be pleased with the progress that has been made. Some day the cemetery will become the beauty spot that it should and citizens will point it out to strangers with justifiable pride and pleasure.

Nearly fifty years ago this property was donated by a generous and public spirited resident of Wolfville, the late John W. Bars, for a burying-place for the dead of this section, on the condition that it be suitably laid out and cared for. The location is a most beautiful one, but the funds necessary to carry out the plans made by those who at its inception had the management of the cemetery in charge have been difficult to raise. From year to year, whatever it was possible to do was done, but it was not until recently that very much progress was made. Now the lots have been in most sections well graded, the drive-ways are in fairly good condition and the trees planted years ago have reached ample proportions and add much to the attractiveness of the cemetery. This spring the approaches have been much improved and the steep banks rising from the roadway have been cleared up and the general condition much enhanced.

The progress that has been made should inspire the friends of the cemetery to still greater effort, looking forward to the time when "Willow Bank" shall have become all that "a resting place for the dead" should be. "Willow Bank" is not a Wolfville institution. Its proprietors are residents of the section for miles around, and if they could be sufficiently interested it ought to be no difficult matter to create a fund that would enable the directors to make the cemetery present an appearance which would be a source of satisfaction to all concerned.

SHOPPING IN WOLFVILLE

BUY IT in Wolfville is a good slogan. For the local resident to purchase here the things he needs is only the practice of good economic policy. Dollars spent at home have a tendency to stay there. Dollars spent in far cities are gone, never to return to do duty in Wolfville.

"Buy it in Wolfville" is good civic policy. It is the essence of civic loyalty. "Dollar loyalty" is positive as well as sentimental loyalty. No community ever grew or prospered except as its business places grew and prospered. No store ever prospered as it might in a town where the local population was not loyal to the local merchant. That might be put down as an axiom.

WONG FOON SING

Under arrest at Vancouver in connection with the murder of Janet Smith. This case has baffled the police for months, and the young Chinaman's disappearance about six weeks ago under circumstances that suggested kidnapping added to the mystery. He was found wandering in a dazed condition near Vancouver and claimed the kidnapping story correct. He had been employed as house boy at the same place Janet Smith was employed as maid.

CORRESPONDENTS BACK BONE OF LOCAL PAPER

A local paper depends a great deal upon its correspondents. They are a very potent factor in the paper's success or failure. THE ACADIAN has possibly, the best bunch of country correspondents in the province for a town the size of Wolfville. Each week a goodly number of contributions are received which help to swell the news value of the paper.

Each correspondent tries faithfully to garner in all the items of his or her respective district, and to get them into the office early every week. This is a very important matter, and we feel very grateful to our correspondents for their faithfulness in this respect.

There are a few districts that are not represented in THE ACADIAN and we are sure there must be some live wires, who are sufficiently proud of the community in which they live to see that the news of their district appears in THE ACADIAN.

We thank our correspondents for their kindly interest, and trust they will continue their good work.

HAPPINESS

Yes, happiness is everywhere—if only we can find it!

In mansion and in cottage it is equally at home.

Of course, it needs a clever man to catch it, and to bind it.

And keep it in his heart of hearts to cheer the hours of gloom.

It's such a mixture-medy thing—elusive as a dream!

It's partly work and partly play; it's busy hours and rest.

And when we've given it away with all its plumage gleaming.

It flutters into our spirit-room and builds itself a nest!

IAN DRAG.

CHILDREN NEED SLEEP

Many defects found in children, the thought by their parents to behead at the child health conferences have demonstrated to be due to insufficient sleep, says a public health authority. If a child does not sleep three or four hours, headache, mal-nutrition, loss of appetite, paleness and nervousness result.

Certain functional disorders, such as sleep, but much of the irregular children's sleeping hours is due to habits. Some youngsters are accustomed to bed at the same hour two or three days in a week, and then to be absent. Some kiddies are to be seen in ghost stories or have grown-up grownups read about murdered children from the daily papers. It is not able to sleep because their parents paint such vivid pictures of their children.

Other children do not want to sleep in a darkened room. Sleep is essential to the growth of children. It cannot be dispensed without penalties being paid. It is to grow up strong and well, we have sufficient sleep.

Children have their own will as well as their own ways.

DRIVING BY NOVICES VERY HAZARDOUS ON AUTOS

The first few weeks—or, better, first thousand miles—that an automobile is driven will have a great deal to do with its durability and length of service. The owner or driver is probably getting experience at the cost of the car. It may mean burning out bearings, injuring the carburetor, short circuiting the electric connections or destroying the batteries. Hence the need for caution and slow going during the learning period. A car can be made or marred during the first month's service and the owner will be satisfied or disgusted with his experience.

When cars which were not as good as those manufactured today cost considerably more, it was the practice for the manufacturer to do the preliminary breaking in. "This breaking-in process," says H. Clifford Brokaw, "cost the manufacturer, and consequently the purchaser, considerable money. Superior manufacturing processes, better merchandising methods, production in large quantities and the elimination of unnecessary operations in the factory have served to cut down the direct cost and overhead of manufacturing to the point where much more automobile value per dollar is given than ever before in the history of the industry."

"In line with the elimination of unnecessary operations in the process of manufacture, with the idea of giving the purchaser the maximum value for the money he expends, the manufacturer has passed on to the buyer the job of breaking-in the motor. This can be done successfully by the owner if a slight degree of caution is used.

"Engines are built with reasonably smooth bearing surfaces and cylinder walls and the polishing process is performed merely by running the engine. In the case of the cylinder walls over which the pistons slide, the surfaces may appear quite smooth to the touch, but under a microscope they would be found to be comparatively rough. Where two rough surfaces are in sliding contact, the minute projections lock into each other and are broken off. This causes wear and is generated. In the case of the piston, this heat would cause expansion to the point where the piston would become so tight in the cylinder that the parts of the cylinder walls and piston would weld together and be torn away, leaving ridges or scores that would permanently interfere with satisfactory performance of the engine.

"To prevent this excessive wear oil is used as a lubricant. The oil forms a film between the piston and the cylinder wall and keeps the small projections on the surface of the metals from coming into close contact. Consequently the wear is very slow. This illustrates the need of thorough lubrication during the breaking-in process. When new oil is put into the motor it will keep the surface from close contact provided it is of the right quality. As the motor is run this oil becomes thinned through the leakage of gasoline into the oil reservoir and it also becomes filled with the tiny particles of metal worn off from the surface of the pistons and cylinders. This means that it very quickly loses its ability to hold the surfaces apart. Therefore in a new engine the oil should be changed frequently.

"When the hands are cold and they are rubbed together briskly they tend to warm rapidly. Likewise in the engine of our automobile. If the working surfaces slide over each other rapidly considerable heat is generated. If the engine when new is run at a high rate of speed the wearing process is so rapid that the parts become over-heated, which, in turn, makes them wear still more rapidly, thereby generating still more heat. Therefore the piston expands until it sticks in the cylinder and scores the cylinder wall. The result is a cylinder that will never function properly unless it is reground and given a new start in life.

"On the other hand, if on the new motor the surfaces are kept well lubricated and are operated at a compara-

A VERY JUVENILE GLOBE TROTTER

Little Mary Courtney of Bromley, Kent, England, sailed alone on the "Mincedosa" en route for Edmonton, Alberta, where she is going to join her father. She was born in Canada two years and nine months ago and has already made the five thousand mile journey from Edmonton to England. The photograph shows her taking a farewell look at England from the deck of the ship.

At slow speed, the wearing-in process consists of slowly knocking off the microscopic high points until the metal is polished to a mirror-like finish. When in this condition it may easily be kept in that condition, and further wear takes place very slowly.

The process is similar to that of smoothing a board by rubbing it with fine sandpaper. Go slowly during these first few hundred miles. Run your engine carefully. Perhaps in the process you will acquire a habit of operating your car with a maximum of safety and good judgment.

IRONING THE FAMILY IRONING

The man or woman who first invests in "ironing" did a doubtful service to himself and the silent verdict of many a wrinkled shirtwaister and mother, of a large family, but we are slaves to custom, and few have the courage to break away from conventionalities. No one but a lover to see a child in fresh clean clothes, and the writer believes in frequent changes, thorough washing and rinsing and sunning of their little garments—and stop there—but why destroy the fresh sweet smell of the clothes taken from the outdoor and sun by "ironing" custom?

A few Helps to reduce the labour

First, use Turkish towels only—and a still greater saving in winter is the use of Turkish towelling sheets; these are warmer and nice-looking as well. No one who has not used these Turkish towelling sheets can realize how comfortable they can be on a cold night, especially for one who is a little below par and has poor circulation.

The Welcome Sign

NOBODY asked you, sir," said the coy maiden. And in matters of buying, as well as in affairs of the heart, most people like to be "asked". Often, indeed, they insist on a proper invitation.

MORE CONCERNING THE ROADS IN WARD 7

To the Editor of THE ACADIAN
Dear Sir,—In your issue of June 4th, I notice some correspondence from Davidson Street signed "Sleepy Head", and I like many others in Ward 7 sympathize with him. But "Sleepy Head" should visit other sections of the Ward to appreciate some of the projected improvements.

For instance on the main road between Gaspereau and Greenfield, a short distance south of Forrest Hill church, the black mud treatment has been thoroughly tried out. Some people thought when the black was being put on that the Armstrong government was dead and the highway was being put in mourning. But if so the mourning season will be short as the black color is fast fading out. Now "Sleepy Head" sit up and take

A Junior Scout Baseball League was formed a short time ago in Wolfville and a series of games played by the 1st and 3rd Wolfville Troops. The league has been won by the 2nd Troop, of St. Andrew's United church.

It is reported that the property of the late Judge Ritchie, on Main street east, has been purchased by Mr. Ronald Keirstead, of Toronto, who will make his home here in future. Mr. Keirstead is a former Wolfville boy and many old friends will be glad to learn that he intends to locate here. The property which he purchased was for many years the home of the late Dr. R. V. Jones, whose memory is revered by Wolfville citizens. It is a most desirable place and we are glad to see it still retained in good hands.

The Cornwallis and Annapolis Valleys were thronged by sight-seers on Sunday last, and no wonder. Such a scene of grandeur as the orchards presented would be beyond the power of an artist to describe. There was an unusual display of bloom this year, and while the early varieties had passed their best in "blossom Sunday" the scene in and around Wolfville was most alluring. It is estimated that at least ten thousand people from all parts of Nova Scotia, with many motorists from other provinces and the United States took in the sight. The day was an ideal one, and through thousands of cars passed through Wolfville no accidents are reported. At both extremities of the town on Main street guards were posted to control the traffic.

GIRL GUIDES HAVE ENJOYABLE HIKE

On June 3rd, the Girl Guides enjoyed one of the best times ever, when they went on a hike to Evangeline Beach. At the start it was announced that a valuable prize would be presented to the guide recognizing the greatest number of different birds, en route. Armed with note-books and pencils, keen eyes gazed in every direction, and seemed as if the birds themselves entered into the competition. Three halts were made en route, and while the Guides rested, a thrilling story was read aloud. On arrival at the beach, the bird notes were counted up, and the prize, a magnificent chocolate bar, was awarded to guide Frances Patterson, for having recognized 24 different kinds of birds. Guide Betty deWitt stood second with 21 to her credit.

Next, came dinner, and didn't the eats disappear! The afternoon passed all too rapidly in the playing of signalling and stalling games, baseball, and a nature stroll. Guides working for their naturalist badges made valuable additions to their flower collections. All too soon the hikers were forced to leave in order to catch the evening train at Grand Pre station. Altogether, the first hike of the season was a great success, and anticipation is high for the next one.

THE ROMANTIC AGE

The College Players of Mount Allison in their 1925 tour are coming to the Orpheum next Tuesday, the 16th, and will present THE ROMANTIC AGE, that great comedy success by A. A. Milne. Splendid added attraction—Artists from the Mount Allison Conservatory of Music, appearing between the acts.

The Players have toured the Maritime provinces for six seasons when they have always been greeted by capacity houses and have always pleased. This year's production is considered one of the best. Get your seats early. Box office open for reserved seats on Saturday.

WEST-BOWSER

(From Calgary paper) A very quiet wedding was solemnized Monday morning, June 1, at Knox Presbyterian church, the Rev. G. A. Dickson officiating, when Mary Frances Bowser, eldest daughter of Mr. and Mrs. S. Avery Bowser, of Grand Pre, Nova Scotia, and Albert J. West, of this city, were united in marriage.

The bride wore a becoming ensemble suit of navy blue and sand with Gloria Swanson poke hat in shades of sand and deep coral, and corsage bouquet of roses. After a short honeymoon in Banff, Mr. and Mrs. West will reside at The Sills.

WHAT DO YOU DO?

"A town that never has anything to do in a public way is on the way to the cemetery. Any citizen who will do nothing for his town is helping to dig the grave. A man that curses the town furnishes the coffin. The man who is so selfish as to have no time from his business to give to civic affairs is making it shroud. The man who will not advertise is driving the hearse. The man who always pulling back from any public enterprise throws bouquets on the ground. The man who is so stingy as to be holding hard times, preaches the funeral at his own expense. And thus a town lies buried from all sorrow and care. So mote it be."

FOR SAFER DRIVING

Dim your headlights. When going slow, keep toward the curb. Don't take on or discharge passengers without pulling up to the curb. Slow down at intersections. Sure-working brakes are better than loud horns. In turning into another street, edge over to the right if your turn is to the right. Don't make a right-hand turn from the middle of the street. If making a left-hand turn, edge to the middle of the street. Don't make a left-hand turn from the right side of the street. Signal to the rear when you intend to turn or slow down. Don't try to pass another machine the right. Keep both hands on the steering wheel at all times. Keep your eyes on the road straight ahead. Slow down when nearing children. You can never tell which way they will jump. Don't speed.

How quickly can you stop? This is often a question of life and death these days. Scientific tests by the U.S. Bureau of Standards show that the average car driver loses half a second between sensing danger and jamming on the brakes. In that time a car at 20 miles an hour will go 13 feet. That fraction of a second may be the death of a driver, or a pedestrian.

IT WILL HAPPEN

"B-r-r-r! I'm chilled to the bone." "Well, why don't you wear a hat?" A Jewish gentleman knocked at the door of a K.K.K. office. "Who's there," inquired the guard from within. "It's me, Sol Cohen." "Go on. Beat it," commanded the voice from within. "Don't you know you can't join this organization?" "Vot? Join?" replied the son of Abraham. "I don't want to join, I want to see the man vot buys the sheets".

HOME "DRY CLEANING"

Gasolene and corn meal will clean a garment as well as any dry-cleaner. Place the garment on a table and scrub thoroughly with a clean cloth saturated in gasolene and dipped in corn meal. The meal prevents the gasolene from leaving a ring—which is so often the case in home cleaning. When dry use a stiff brush to get rid of all corn meal and hang on a line until gasolene is evaporated. This must not be done where there is any fire. Rubber Mangle is seen on the gang plank of a steamer is excellent to save the tracking of delivery or ice men in the kitchen or the front of the sink where the housewife often stands. Its resiliency spares the feet and back, its softness deadens the noise and it can be carried out and washed with the garden hose. A great advertising company say: "Never hesitate as to what medium to use when country trade is wanted. There is but one which will accomplish the purpose. It is read thoroughly by everyone in the town and district. It has more influence with its own people than all the dailies combined. We refer to the local weekly newspaper."

Sheik of Mena Village Host to Canadians

Enslaved above are Nasr Enani sheik, who recently succeeded her as sheik of Mena Village, and H. Dickason, well-known paper man accompanying the Canadian Pacific S.S. "Empress of the Pacific" on a cruise of the world, who is following the Egyptian trip of the Canadian and American tourists, the death of their host, Enani sheik (right). Enani sheik, who is a native of the Nile at Bedrashen, was journeyed by camel, donkey and sand-cart through Old Memphis and its necropolis Sakkara, sixteen miles out on the Ly-desert. There a Bedouin camp was pitched. We ate Bedouin food, and to Bedouin music and watching Bedouin dancers far into the night. We did not reach camp until the last two hours' riding had been made in the light of the moon. At midnight the moon was ripe. Our host, Enani Khatun, undoubtedly the most popular and probably the most wealthy of the sheiks of Egypt, had been invited to the Mena Village, Mena, at the base of the pyramids, to rest prior to returning to Cairo the next morning. He was conversing with his young daughter when he was seized with an attack of the heart and died almost instantly. His son Nasr, 24, popular and handsome dragoon, who had guided us from Cairo to the camp, succeeds him as sheik of the Mena Village, with about 6,000 inhabitants. The guests were permitted to finish their breakfast before the news was broken to them. We returned—a humble horde, saddened and grieving—after a night of exquisite adventure. More than 10,000 attended his funeral in the quaint little village among them a considerable number of our passengers who had grown to respect and admire Enani after a few short hours with him. He spoke seven languages and in a gentle, well modulated voice that must have earned him great reverence from his subjects, who as sheik—mayor, police magistrate, justice of the peace, city council, et al—he ruled nobly and well.

CANADA'S VETERAN LUMBER KING SUPERVISES SHIPMENT OF BIG TIMBERS Four trainloads of virgin white pine from Ontario forests were shipped by John R. Booth, lumber king of Ottawa, to England for the British Admiralty. This was the largest shipment of lumber to be exported from Canada since before the war and consisted of the finest timbers that have come out of Ontario's forests in the history of the oldest lumbermen. The lumber was hand hewn and came out of the Algonquin Park district. Some of the logs were three feet in diameter and none less than two feet. When the train was passing through Ottawa, John R. Booth, who is in his 89th year, walked the whole length of one train and took great interest in inspecting many of the fine pieces of timber. The report shows Mr. John R. Booth with two sons, C. Jackson Booth on the left, and J. Fred Booth on the right.

How many of our residents have called upon our interesting and large school this present term? We understand that when the Community League was organized here a few years ago, calling upon the school was to be a part of its course of duties, thus encouraging and helping the teachers in their work, also in the line of Exhibition work, but has this been done? Others beside parents should consider this their duty and a pleasure too.

Miss Joyce Harvey, who is teaching over at Glenmont, spent the week end at her home here.

Our Main street was certainly well used on Sunday, which was "Blossom Sunday". It seemed that thousands of automobiles passed through, all well filled.

Donald, of Wolfville, at the Baptist church. The service here in the afternoon was enjoyed by a very good audience. Rev. D. B. Hemmeon, D.D., giving a splendid talk for the children, which could be well enjoyed by adults too. The choir was composed of the children, with Mrs. G. L. Bishop organist, and the choir leader Mrs. W. Curry had trained them, and their singing in the many hymns, a duet by little Helen Bishop and Thelma Lockwood also in another hymn, all showed credit to the two ladies. The children did well and this is a wonderful training for them, which will mean much to their future. We understand the children will have a Sunday as above once a month.

Mrs. Mark Regan, of Port Williams, was a guest of Mr. and Mrs. Arthur Lockwood on Sunday.

Miss Ellen Hemmeon, accompanied by a girl friend, both of Wolfville, were guests of their friend, Miss Marion Bishop, on Sunday afternoon.

STAHN PRODUCES ANOTHER SUCCESS

Do you remember "Why Men Leave Home" and "The Dangerous Age"?

Another picture by the same director, John M. Stahl, is coming to the Orpheum Theatre next Wednesday and Thursday. "Husbands and Lovers" is its name, and Lewis S. Stone, who scored such a hit in these other two Stahl successes, has one of the leading roles, with Flor-

ence Vidor and Lew Cody completing the romantic triangle.

According to the critics who have seen the picture, "Husbands and Lovers" is Stahl's greatest work. While it has no similarity in either principle or action to either "Why Men Leave Home" or "The Dangerous Age", it has the same general background, married life, and the same general appeal.

The greatest merit is the swift-running, wholesome humor that marks the production from start to finish.

Manager Evans of the Theatre unreservedly recommends this First National picture as one of the greatest entertainments of the season.

THE MATTER WITH CANADA

(Scientific Refining)

"What's the matter with Canada" these days?

Too many diamonds, not enough alarm clocks.

Too many silk shirts, not enough blue flannel ones.

Too many pointed-toe shoes, and not enough square-toed ones.

Too many serge suits and not enough overalls.

Too much décolleté and not enough aprons.

Too many satin-upholstered limousines and not enough cows.

Too many customers and not enough producers.

Too much envy of the results of hard work and too little desire to emulate.

Too many desiring short cuts to wealth and too few willing to pay the price of the getting is good" and not enough old-fashioned Christianity.

Too much discontent that vents itself in mere complaining and too little effort to remedy conditions.

Too much class consciousness and too little democracy and love of humanity.

Paying cash for what one wants is a good way to break the habit of wanting so much.

He doesn't care what he says—neither does anybody else.
