THE FREE LIBRARY BOARD

As the members of the above board have now become to a certain extent public men, we may not be exceeding the privileges of public journals by looking at them and their activities for the position in which they stand.

As he is the originator of the movement, we may first notice Mr. John Hallam, a gentleman who has been before the people for a long time, and who has performed the duties entrusted to him in a conscientious manner.

Mr. John Taylor has had great experience at the board of the Mechanics' Institute during his many years as a director, and as such may be able to do much good at the board.

Mr. D'Arcy Boulton has no right to the position whatever, and was put there only to balance the party vote, a fact that was stated by a prominent member of the council.

Dr. Geo. Wright, a physician of good standing and practice, might be expected to make a fair member, but we know too well that the literary training of medical men is not, to-day, much less than it was the case twenty years ago, anything to boast of.

The junior appointees of the school board is in our opinion by far the worst appointment made, and many of that body are to-day ashamed of the vote they cast for the ex-member.

Mr. James Mason, the senior member of the separate school board, is perhaps the best appointment made, with the exception of Mr. Taylor.

Mr. Wm. Scully, Mr. Mason's colleague from the same board, is a young man who has not as yet held any public position in the city, and was no doubt chosen by the school board as one of their co-religionists who stands well in the city.

## LOCAL NEWS PARAPHRASED.

Tough on frowns—Standard Laundry Wash.

Matins at the Pavilion this afternoon—Lobbyists.

Standard Laundry Wash. Ask your grocer for it.

The city carts will remove the snow from L. side later.

The executive committee meets at 11 o'clock this morning.

Col. Goswami is spoken of as a prospective dominion senator.

Hon. Mr. Fraser addressed a large meeting in Hamilton last night.

The grand lodge of the Sons of England concluded their labors yesterday.

The employees of Messrs. King & Brown held a social at Albert hall last night which was very well attended.

A petition is going round the law office asking the government to appoint Mr. B. G. Dalton judge of the county of York.

Hon. Mr. Hardy speaks in Ottawa tonight. He will hold forth in the County of Brant the early part of next week.

"The farmers all say that for man and beast they find nothing so good as snow falling."

Col. Goswami is spoken of as a prospective dominion senator.

A number of narrow escapes of life happened in the city yesterday, from snow falling or being shoveled off the roofs of houses.

The police telephone at Yonge and Isabella streets was removed yesterday to the Yorkville police station, which is in charge of Sergeant Johnston.

Says the Detroit News: "The Toronto officials went to Detroit yesterday morning about the working of the Detroit system of siding the poor."

At the Grand opera house last evening the benefit for the members of the Humpty Dumpty company was very successful, a small house only being present.

The Lowell (Mass.) Courier says: "The heating properties of St. Jacobs are becoming better and better known every day, and its sale is increasing correspondingly."

Mr. Adam Clark of the Penna. R.R. Co. residing at Centreville, N. Y., says: "I was cured of severe rheumatism of many years standing by the use of St. Jacobs Oil."

The joint committee of the city and county council on the proposed court house held a meeting yesterday morning in the city hall. There was not much business transacted, and the committee will shortly meet again.

Mr. J. Freeman, who was drowned at Burlington beach the other day, had his life insured for \$25,000, \$15,000 in the North American and \$10,000 in the Accident of Montreal, and \$8,000 in the Travellers of Hartford.

About sixty people consisting of the employees of E. H. & M. have been considered their friends, and their annual social in Union hall last night. The program embraced a number of varied and amusing entertainments, and the evening was a very successful one.

The grand master of the grand lodge of Ontario A. F. & M. has issued a circular forbidding the holding of any lottery or gift enterprise for the benefit of any lodge or member thereof, under pain of expulsion. Lodges and members will govern themselves accordingly.

The number of valentines sent through the postoffice on Feb. 14, was considerably less than last year's returns. The increasing use of Christmas and New Year's cards accounts for the decrease.

The valentines are also getting inferior in quality, being mostly of the one cent style. The old fashioned costly designs seem to be going out of fashion.

The Young People's association of St. Andrew's church held their fortnightly refreshment last night. The attendance was good. A program of exercises and recitations of the youth of the participants, was presented. It consisted mainly of vocal and instrumental selections, readings and recitations. Next Friday the society hold an open meeting for which special attractions have been prepared. A program of exercises and recitations will be given.

The Kewatin Mining company, in another column, compare the assays of leading United States mines with those of Manitoba. The company's reports are in favor of the home mines, and fully sustain the reports rendered by American geologists from surveys made in different parts of the dominion. These reports always show abundant supplies of mineral in Canada, which only require development to unearth the hidden wealth. The Kewatin is now sinking its fourth shaft, with plenty of ore on the dump.

That part of Richmond street between York and Yonge streets is becoming one of the most notorious rough portions of the city. Every evening the number of loose women who parade this part of the street endeavoring to trap young men who find their pockets too heavy is fast increasing. In fact there are, a resident says, many wall women seen walking this street between six and eight o'clock in the evening that all night in any other parts of the city. The result is that men of the rougher stamp make this part of the city their headquarters, much to the annoyance of a people living on the street.

**Toronto Business Troubles.**

From the Montreal Times.

Mrs. J. Allen, milliner, has assigned in whole, partly owing to the stoppage of a wholesale house. At one time she did a large business in Montreal, and has been there about four years. Much sympathy is expressed for her, as she is a diligent workman, who thoroughly understand her business.

About \$1000 is the extent of her debts. A bailiff in possession of the premises of J. Holman, boy and shoe dealer in this city, and he has assigned in trust; rather a poor result of four years' business. Charles Gregory, a Toronto builder, has failed, which is to surprise to lumber dealers. Messrs. Bell & Brown, grocers here, purchased the business of one Gies, and have been sued by him. They assigned on Wednesday. A dealer in books in Toronto, J. M. Butterfield, failed a bailiff in possession of his premises. This is done to secure damages to the publishing company for an infringement of their patent.

## THE BRICKEN LORRAINE QUESTION.

The City Council Decide to Take Legal Advice in the Matter.

A special meeting of the council was held yesterday afternoon for the purpose of considering the by-law relating to the issue of tavern and shop licenses for the year beginning the 1st May, 1883.

Those present: Mayor Roswell, Ald. Turner, Walling, Saunders, Adams, Sweeney, Baxter, Blomfield, G. Evans, Carlin, Allen, Hall, Payne, Steiner, Irwin, Moore, Clarke, J. M. Evans, Piper.

Owing to severe illness Ald. Ryan, the mover of the by-law, was not able to be present.

The by-law runs as follows:

Whereas, by an act passed in the 10th year of the reign of her Majesty Queen Victoria, chapter 181, entitled an act respecting the sale of fermented liquors, a power is given to the council to issue licenses for the sale of such liquors to be used for medicinal purposes, and to regulate the same.

The council resolved to issue licenses for the sale of such liquors to be used for medicinal purposes, and to regulate the same.

## THE WORLD OF HUMOR.

If you are economical and want to make a dollar go as far as possible, drop it into a missionary box.

A New York plumber has died from a new work. It is supposed that he attempted to make out a dozen bills in one week.

"Burglar proof" safes are a misnomer. If you want your valuables to be absolutely safe, have your wife deposit them in her dress pocket.

Texas Sittings whispers that King Alfonso has never worn the garb given him by Queen Victoria. He probably wears socks and doesn't need it.

"I don't believe in a good-natured husband," said Mrs. Jeena. "It makes him bring home too many friends for dinner, and if there's anything I hate it's that."

A Newark girl hangs up the following illuminated motto in the back parlor close to the sofa: "Oh, plan I have, yam, yam."

The young man sighs "Sum Moribus."

Marrage by the ancient process of chasing and capturing the birds is still in vogue in some parts of France. It is a noticeable fact, however, that there are very few larks in France.

"Why," asked a governess of her little charge, "do you say to God to give us our daily bread? Why don't we ask for four or five days, or a week?" "Because we want it fresh," replied the ingenious child.

An exchange newspaper, in a tone of surprise, "The Car and Carzina have been named as a ball. There doesn't seem to be anything strange in such conduct. That is what balls are for. Now, if they had danced at a prayer meeting, comment would have been in order."

Stinging medicine, inflammation, all kidney and urinary complaints cured by "Buchu-palms."

"Men are but sorry witnesses in their own cause." The praise of Kidney-Wort comes from the mouths of those who have been made strong and healthy by it. Listen: "It is curing every ailment," writes a druggist. "Kidney-Wort is the most powerful medicine we sell." It should be by right, for no other medicine has such specific action on the liver, bowels and kidneys.

**Cataracts—A New Treatment.**

From the Weekly (Toronto) Mail, Aug. 24.

Perhaps the most extraordinary success that has been achieved in modern medicine has been obtained by the treatment of cataracts. Out of two hundred patients treated during the past six months fully ninety per cent have been cured of this painful and disabling ailment. It is now a fact that when it is remembered that not five per cent of the cataracts treated in the city of Toronto are benefited, while the patient believes in the efficacy of the medicine, and the result is a cure, it is not surprising that the cure is so successful. Starting with the claim generally believed in, that the cure of cataracts is a matter of days, the present of living patients in the city, Mr. D. H. Stone, who has been cured of his cataract, writes: "I was cured of my cataract by the use of the medicine, and I am now as well as ever."

Mr. D. H. Stone, who has been cured of his cataract, writes: "I was cured of my cataract by the use of the medicine, and I am now as well as ever."
