SIXTEENTH YEAR

OVER FIRE FOR EIGHT HOURS

Second Day of the Trial of the Twins.

EBENEZER AYLESWORTH'S STORY.

Defence Try to Discredit Deceased's Brother-in-Law.

He Sticks to His Story, However, and Is Not Shaken—Freely Admits That He Frequently Pool Rooms, But Denies That He Invested Any of His Insurance Money on Wells' Life Received by His Wife—Mrs. Aylesworth Also Takes the Stand, But Her Examination Is Not Concluded at Adjournment—The Prisoners More Cheerful.

At the rate of progress which was made in the Hyams' case yesterday the trial will last for two or three weeks. Of the six witnesses for the Crown, but three had been examined when the court rose after a two-day session. The greater portion of the time was taken up with the cross-examination of Ebenezer Aylesworth, the brother-in-law of the prisoner, Harry Hyams, and of deceased. This witness was on the stand for eight hours. He is the principal witness for the Crown, and the defence naturally paid most attention to him. Their efforts were directed to an attempt to discredit him in the eyes of the jury.

It is expected that the wife of Harry Hyams will give her testimony this morning.

Mrs. Clara Hyams, the wife of Dallas, although in the city, was not in the court.

The twins wore a more cheerful air yesterday morning than the day before, although Dallas appeared much distressed during the morning session. This was explained by the fact that he was suffering from toothache. During the noon adjournment a dentist operated on his diseased molar, and as a result the prisoner was more cheerful during the remainder of the day.

The court room was again crowded, and people who do not business there were forced to stand while the witness spoke of the kindness of the constables in indicating the proper admission to parties attracted by gaudy curiosity.

When the court opened Ebenezer Aylesworth, after being sworn by the judge for being ten minutes late, proceeded with his testimony. He recognized a letter printed as being in the handwriting of the deceased. Thursday witness spoke of the fact that deceased always wore spectacles. Aylesworth testified that the spectacles had never been seen since his death.

Coming back to the old mercantile reports that he and Wells used to copy, witness began to tell how people used to come in and "hang his copy" these old reports, when he was stopped by the defence. Aylesworth denied that he had ever seen any of the reports, but admitted that he had seen some of them.

Aylesworth as a Spectator.

Then the cross-examination of Aylesworth was proceeded with by Mr. Lount. Witness testified that he was absent from Canada for nine months, when he was employed at his trade, and went back to Canada in the fall of 1904 on the Missouri River.

Mr. Lount—During this time you were engaged in what is called gambling, trading back shops, pool rooms, etc. A—No, sir.

Continuing, in answer to questions in this line, Aylesworth admitted that he frequently attended the pool-rooms and was offered a dollar a week to run a game of about \$200 ahead of the game. Aylesworth denied positively that he had ever invested in the pool-rooms.

Aylesworth denied that a greater part of his money was in the pool-rooms. He said that he had invested in the pool-rooms, but that he had never seen any of the reports.

TUCKER FINALLY BOWLED OUT.

The Senate Divides 25 to 11 On the Proposal to Let Him Take His Degree.

And Also Guarantees the Completion of the Island Railroad—This is Said to Be Canada's Proposition, To Which a Favorable Reply Has Been Received.

The Colony To Deal With the French Shore Question.

St. John's, Nfld., May 10.—Important despatches were received to-day from the English Government relative to favorable action is likely to be taken in the matter. The members of the Cabinet appear satisfied with the progress of the negotiations.

The most important point submitted to the imperial authorities is Canada's proposition that England assume Newfoundland's obligations and the completion of the railroad across the island.

Newfoundland will be willing to pass legislation to settle the French question in return for England's acceptance of this proposal.

London, May 11.—The Daily Chronicle says: The precise terms of the union between Newfoundland and Canada, perhaps do not concern us greatly, but what does concern us is that there will be now a strong body of public opinion in America which will not permit of the Newfoundland fishermen, regarding the traditional rights of the French fishermen, to be shunted to the Imperial power, remain answerable to France; but the union problem will make France moderate in her demands.

JURYMAN ASK FOR THEIR PAY.

Object to Being Discharged and Wait on Sheriff Now.

When the Hyams jury had sworn there were some 50 taxicabmen who had been summoned from their homes, whose presence would, as a matter of course, not be required until the trial of the twins had been concluded, probably not for two weeks. Thinking that these 50 men would be happy to be relieved of the necessity to report each day, His Lordship Justice Street instructed Sheriff Murray to discharge the jurors for one week.

Some of the men had traveled 70 miles, and on the morning of the trial, and returning at the end of a week, with the prospects of a further discharge, they were not willing to fill their places during the sitting of the Assizes, and thought they should be paid for the time they had spent until that time. Yesterday they appointed a deputation to wait upon Sheriff Murray for the purpose of asking for G. F. Deacon, who quoted the statutes to the sheriff in support of the claim of the jurors. The sheriff replied that he was powerless to grant any redress in the matter, and the men are circulating a petition to present to Justice Street.

TORONTO AS A SUMMER RESORT.

Toronto possesses so many natural advantages that it should not be difficult to make the city famous as one of the best summer resorts in North America. It would be a good policy on the part of citizens generally, and of our different commercial organizations, to keep this fact steadily in view, and to make a determined and continuous effort to render our city more conspicuous in this regard.

THE POTATO PATCH PROJECT.

Whether the potato patch project is about to fill a long-felt want in Toronto will be demonstrated in the course of a few days. The committee that has charge of the project announces that they have one hundred and ninety-one quarter-acre lots ready for application to such of the unemployed as are willing to work them.

M.P.'s and Railway Passes.

We have always held that Parliament should assert, on behalf of the people, authority to control freight and passenger rates and otherwise guard the people's interests, in view of the public character of the railway companies, which bring together people from all sections of the country.

An Early Spring.

Farmers in the neighborhood of Toronto are very much pleased with the filling up water-lots. We have not yet reclaimed and made available for building one-sixth of the land that it is possible to reclaim on the Island and in the Ashbridge's Bay district.

The Wabash Railroad.

Is now acknowledged by travelers to be the only true route to Chicago, St. Louis, Kansas City, Texas, Mexico, all West, Southwest and Pacific Coast points. Tickets sold at lowest rates to all points in America.

Small Money in Demand.

Washington, May 10.—Gold in considerable quantities is being exchanged for silver certificates of small denominations in the Northwest.

Sale of Properties.

The list of properties to be offered at auction to-day, by Messrs. Dickson & Townsend, comprises some very valuable and choice investments.

Scarboro Junction Wants an Early Train.

The Assistant Superintendent of the Grand Trunk is investigating a petition of the residents of Scarboro Junction for an extension of the early suburban train to that station.

THE IMPORTANCE OF A LIVER

Thousands Suffer Because the Liver is Overworked—South American Liver and Biliousness Indigestion, Dizziness, Nervousness and General Debility.

When a well-known author wrote his book entitled, "Is Life Worth Living?" Mr. Punch, with a broad, practical common sense, replied to the query, "That depends on the liver." And undoubtedly it is the case, that when the liver is diseased untold troubles follow. Dyspepsia, indigestion, sick headaches, nervousness and general debility are all species of stomach trouble that come from this source. The practical question is "What are you going to do about it?" That great discovery of the century, South American Nervine, with two thousand easily got the words of well-known Canadian citizens to fill this entire page. Let one or two suffice. Mr. John Boyer, banker of Kinross, says: "I was very much troubled with indigestion due to those distressing feelings that can hardly be described in any language, but that are so common to the English. I tried South American Nervine, and it cured me. I have no hesitation in recommending it to any person affected with any stomach trouble. Mr. J. A. Diawood of Campbellville, Ont., the large railroad contractor, says: "I have ever taken and most confidently recommend it to any one troubled with nervousness of whatever form, and the attendant diseases of the liver and stomach that follow this weakness."

Mr. A. V. Galbraith of Shelburne, Ont., says: "South American Nervine cured me completely of indigestion. I never fail to recommend it to my friends." It is not an experiment with any one who used this great discovery. It has been tested and proven over and over again, with the one result, that it provides a certain cure.

YOUNG GIRLS' TRIALS

HER PARENTS HAD ALMOST GIVEN UP HOPE OF HER RECOVERY.

Pale and Emaciated, Subject to Severe Headaches, She Was Thought to be Going Into a Decline—Now the Picture of Health and Beauty—How Her Restoration Was Brought About.

From The Richfield, N.B., Review.

There are very few people, especially among the agriculturists of Kent County, N.B., who do not know Mr. H. H. Warman, the popular agent for agricultural machinery of Molok River. A Review representative was in conversation with Mr. Warman recently, when the subject of Dr. Williams' Pink Pills was incidentally touched upon. Mr. Warman said he was a staunch believer in their restorative properties, and to justify his opinion he related the case of his sister, Miss Jessie Warman, aged 15, who, he said, had been "almost wrested from the grave by Dr. Williams' Pink Pills." Miss Warman had been suffering for nearly a year with troubles incident to puberty. She suffered from severe and almost constant headaches, dizziness, heart palpitation, and was pale and emaciated, and had lost all her weight and emaciated that her parents thought that she was in consumption, and had all but given up hope of her recovery. Her father, Mr. Richard Warman, who is a well-to-do farmer, spared no expense to procure relief for the poor sufferer. The best available medical relief was employed, but no relief came, and although the parents were almost in despair, they still strove to find the means of restoring their loved one to health. Mr. Warman, like everybody else who reads the newspapers, had read of the many marvellous cures effected by the use of Dr. Williams' Pink Pills, but like some others, looked upon these stories as "mere patent medicine advertisements." However, when the thing else had failed he determined that Dr. Williams' Pink Pills should be given a trial, with a result no less marvellous than that of many other cases related through the press. Dr. Williams' Pink Pills have completely cured the young lady, and a few months ago, a helpless and supposedly dying girl, she has become a picture of health and beauty. In this part of the country that no one would think of dispensing any medicine made by any of its members. Mr. H. H. Warman, on account of his business as a salesman for agricultural machinery, is personally acquainted with nearly everybody in the county, and we feel assured that any enquiries made of him concerning the statements made above will be readily answered.

The gratifying results following the use of Dr. Williams' Pink Pills, in the case of Miss Warman, prove that they are unequalled as a blood builder and nerve tonic. In the case of young girls who are pale or sallow, listless, troubled with a fluttering or palpitation of the heart, weak and easily tired, no time should be lost in taking a course of Dr. Williams' Pink Pills, which will speedily enrich the blood and bring a rosy glow of health to the cheeks. They are a specific radical cure for all ailments arising from mental worry, overwork, or excess of whatever nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N.Y., and are sold in boxes (never less than a dozen or hundred) at 60 cents a box, or six boxes for \$2.50, and may be had at all druggists or direct by mail from Dr. Williams' Medicine Company at either address.

A CAT'S WONDERFUL LEAP.

Fifty Feet to the Ground and Safety as a New York Fire.

An incident of the Columbus avenue apartment house fire on Thursday night which was unobserved by many of the thousands of spectators who saw the escape from cremation of a cat from a window on the fourth floor facing Ninety-fourth street. While the multitude was gazing with bated breath upon Detective-Sergeant Armstrong's rescue of the sick man, Caesar Pinto, it was apparent that the feline had eaten back into the rear of Prof. Kern's flat on the top floor.

A dull red glow was soon followed by the breaking of the window. At this instant a large black cat with shining yellow eyes appeared upon the sill. It was apparent that the rooms behind it were a seething mass of flames. From arched his back, and his uplifted tail further bespoke his terror.

He hesitated but a moment, and then he leaped himself into space. His flight through the air was like that of a squirrel. His poise was perfect and his legs were spread out as wide as possible. He descended in a long, graceful plane, seeming to move slowly, as if buoyed up. At the moment of his descent, as if the animal were an aeroplane. A reporter stood within five feet of the spot where it landed.

There was no dull thud, although those who had followed the black streak through the air naturally expected to see a cat with all of its overhanging limbs crushed out in an instant by the impact. The perpendicular distance was all of fifty feet, and the cat landed at a point about thirty feet east of the line of the window from which he had leaped.

The spreading feet of the flying animal seemed to group together just before the asphalt pavement was reached. For a single instant did the animal pause, as if to recover from the shock it had experienced, and then, with a long-drawn moan that spoke only of terror, and with every hair on end, it dashed down the brilliantly lighted street and disappeared in the shadows near Central Park. The cat was a pet in the family of Prof. Kern. So far as known it has not as yet come back to the scene of its great scare and still greater exploit.—New York World.

INDEPENDENT ORDER OF FORESTERS.

The brethren of Ottawa are making extensive arrangements for the reception of the High Chief Ranger on the 20th and 21st of the present month. On Thursday evening the High Chief Ranger visited Clinton, when one of the most successful meetings of the season was held, and great enthusiasm expressed in the interests of Forestry. On Monday evening next he will visit Orillia to hold a similar meeting.

Claim Against the T. Eaton Company Re the New Rapid.

The T. Eaton Company (Limited) are the defendants in a suit on trial at the Court House before Mr. Justice Ferguson without a jury. The plaintiffs are the St. George's Engineering Company of Birmingham, Eng., who are the makers of the "New Rapid" bicycle. The claim is \$2384 for a large number of wheels of this make. The sum of \$1500 has been paid into court, which amount the T. Eaton Company claim to be sufficient to satisfy the manufacturers' claim.

The "New Rapid" pattern of 1893 appears to have given full satisfaction, but it is claimed, and this does not appear to be disputed, that there was something radically wrong either with the pattern or workmanship of the 1894 wheels, which were being returned day by day for repair.

NUMBER AT NIAGARA.

A Great Program of Events at the Canadian Newport.

Tennis, golf and coaching will be among the most attractive diversions this summer at the delightful and historic watering-place, Niagara-on-the-Lake. The Queen's Royal Hotel opens on June 10, and the first event will be the district camp, beginning a few days later. The championship tournament of the Canadian Lawn Tennis Association will be held for the first time at Niagara. Niagara-on-the-Lake will be the scene of the first annual International Tennis Tournament which is held as usual, during the last week in August. The season will conclude with an international national golf tournament during the first week in September, at which the leading clubs from both the United States and Canada will meet for the first time on common ground. The tennis lawns are unequalled anywhere else in America, while the new eighteen hole golf course, which the Niagara Golf Club is laying out, will be over one of the most historic and picturesque links on the continent. The famous Red Jacket Golf, which will be run by Mr. Seward Cary between Niagara Falls and Buffalo, will make trips over Sunday to Niagara-on-the-Lake.

With all its other numerous attractions and conveniences, the Niagara season will be indeed a gay one. During the month of June specially reduced rates will be given by the Queen's Royal Hotel. Those who desire family accommodations for the season should make early application.

TRADE DECIDEDLY IMPROVING.

Good Reports From All Parts of the Dominion.

New York, May 10.—Bradstreet's says General trade reports from the Canadian Dominion are exceptionally favorable. Toronto reports that advances in cotton, sugar, leather and wheat have increased the demand, helped collections and created a buoyant feeling. The opening of navigation in Montreal and advances in sugar and whisky, due to tariff changes, are additional factors. Quebec city also manufactures are doing a good business. Nova Scotia and New Brunswick report a fair volume of trade, and Newfoundland a successful seal fishery. Bank clearings at Winnipeg, Hamilton, Toronto, Montreal and Halifax equal \$21,442,000 this week, a gain of about 16 per cent. over last week, 6 per cent. over the like week of last year, 9 per cent. over 1893, and 8 per cent. over the week in 1892.

The total of 27 business failures in Canada this week is contrasted with 26 last week, 30 a year ago, 27 two years ago, and with 36 three years ago.

WARNED TO BE SPARINGLY.

Every housewife has experienced that delightful pleasure of being caught scantily prepared at meal time, and a number of unexpected guests on hand to provide for.

Recently such a situation presented itself to a lady in this city. Turning over in her mind the condition of the larder, she decided that the supply was sufficient if the members of her family would curb their appetites and the unbidden guests were not ravenous. Taking her seven year old son aside she said: "Now, Johnnie, I want you to be a good boy and remember this, eat sparingly, and don't ask for second help of anything. Mind that, and I'll see if your father won't buy you that bicycle."

At dinner the lady was so busily engaged in measuring things and figuring out whether the quantities would be sufficient that little Johnnie was entirely neglected. For a long time he struggled between his craving for food and his fear for losing the bicycle.

At last nature obtained the ascendancy and he walked out, to the shame of his mother and the information of his guests: "Say, mamma, how can I eat sparingly if I don't get nothing to eat at all?"

PERSEVERANCE ON NOSES.

I ran across a new superstition the other day. It is the distrust of the Virginia negroes have of persons who peep on their noses. A friend of mine has had a really estimable maid for several months, but the other day the mistress found the maid on the eve of leaving, and all because she had seen behind of her nose on my friend's nose, and people with noses of that kind are "mean," a word which to the Virginia negro signifies all that is undesirable, untrustworthy and evil.—Washington Post.

It answers her purpose perfectly.

IS TAKING COMMON SENSE A LARCENY?

Last Wednesday the Police Magistrate sent down for 10 and 20 days respectively two gardeners of the names of William and Charles Anderson of 330 St. Macdougall-street, and 22 Strume-place, for taking 16 yards of sod off the land of Barrister F. W. Kingston, in Sparkhall-avenue, a street on the east side of Broadview-avenue, not far from Danforth-avenue. On their behalf Mr. Orville M. Arnold yesterday applied to Mr. Justice Rose at Osgoode Hall for a writ of habeas corpus. The land in question, he said, is an ancient common, and he contended that sod cannot be made the subject of a larceny prosecution. Judgment is reserved.

PUBLIC SCHOOL NOTES.

The Supply Committee of the Public School Board met yesterday afternoon, Trustee Hamblly presiding. Tenders were awarded: For printing to Phillips & Smith; flowers, bulbs, plants, Miller & Sons; kindergarten furniture, Seely & Co.

The Property Committee also met, Trustee Hodgson presiding. The contract for adding 14 Fern-strewn school was awarded to Thomas Hurst.

The first-book room at Wellesley school has been closed, owing to diarrhoea among the scholars.

AN OLD LADY OF OVER 80 YEARS.

HER RIGHT SIDE WAS BADLY PARALYZED.

Her Sufferings Were Such That She Wished to Die

Paine's Celery Compound Saved Her Life and Renewed Her Strength.

THE BEST MEDICINE for the OLD and YOUNG.

It is now an established fact that our dear fathers and mothers and our grandparents can have their lives prolonged and their years made happy and joyous by the use of Paine's Celery Compound. Many old people suffer from nerve troubles, rheumatism, kidney and liver complaint, sleeplessness and terrible paralysis. With such dangerous diseases clinging to them, they are liable to drop off at any moment.

If we are truly and honestly interested in the welfare of the old people, we will anxiously seek to use the agency that will best meet their troubles. In the past, thousands of our aged people have been rescued from death by Paine's Celery Compound, and are now enjoying a happy old age. Every week new testimony is received from old people, as well as from their friends and relations, lauding the strengthening and rejuvenating powers of earth's best medicine.

Mrs. James Cain of Perot Settlement, N.B., now in her eighty-first year, had just sent in convincing and cheering testimony regarding the value of Paine's Celery Compound. She writes as follows: "I am happy to state that Paine's Celery Compound has been a great blessing to me. In November, 1893, the whole of my right side was paralyzed, and the doctor said I was too weak to take much medicine; I managed, however, to use a little, and was able to sit up for a short time, but felt so bad that I wished to die, as I thought death would be a great relief to me."

"In my weak condition I began using Paine's Celery Compound. The first bottle gave me relief. I continued to use the compound, and I have gained health, strength and flesh, and my friends say I look quite healthy. Although in my eighty-first year my limbs are getting stronger, and I hope soon to be quite myself again."

I would advise all who are suffering from paralysis and other troubles to use Paine's Celery Compound and the Willis' English Pills that accompany the compound, and, if properly used, they will surely cure."
