THIRTY-FIFTH YEAR.

HOME RULE.

The Government Amendments Are Carried and the Proceedings Bather Tame.

Mr. MacNeill Threatens a Caricaturist in the Lobby—Third Reading on Wednesday.

LONDON, Aug. 25.—The strangers galleries of the House of Commons were crowded early this evening to see the proceedings on the Home Rule bill. The members' benches were fairly well filled. The proceedings of the evening were disappointingly tame. Timothy Healy, anti-Parliament for North Louth, got the floor about 10 o'clock and talked until 11, merely to prevent Mr. Balfour, the Unionist leader, from winding up the debate. William Johnston, an Ulster loyalist, tried to cut Mr. Healy short, but without success. The House became restless shortly before 11, and declined to listen longer to talk against time. Crisis of "Divide" in the name of John Morley, chief secretary for Ireland. Only two of the eighteen were challenged by the Opposition. In each division the Government majority was 38.

This week's Punch contains an extravagant caricature of J. G. Swift MacNeill, Nationalist M.P. for South Down. In the caricature Mr. MacNeill is represented as a caricature of a caricaturist, with initials in the corner of the picture indicate that Harry Furniss is the author of it. Ever since Punch appeared, Mr. MacNeill has been threatening to punch Mr. Furniss the moment they meet. This evening the men came together in the lobby. Mr. MacNeill immediately shoved Mr. Furniss, who, however, did not strike a blow. As soon as he got his car free he hastened to the Sergeant-at-Arms with his complaint. No step has been taken as yet to discipline Mr. MacNeill. When the last amendment was proposed to-day, carried, the Liberals and the Conservatives were in a bitter contest. The Opposition remained silent. The Speaker announced the third reading of the Home Rule bill for next Wednesday, and without further demonstration, the House adjourned.

WINNIPEG WIRINGS.

The C.P.R.'s New Grain Tariff—Will Stand Afloat From the Other Transcontinentals—"O" Battery En Route.

WINNIPEG, Aug. 24.—(Special)—The new grain tariff for Manitoba and the Northwest is announced by President Van Horne, of the C.P.R. There is a reduction varying from one to nine cents per hundred pounds from points in Manitoba and the Territories. W. G. Clegg, a millwright, employed in the Keewatin lumber mills, was caught by a wheel this morning and instantly killed. The accident stopped the machinery of the mill. To-day was observed as a civic holiday in Winnipeg. A battery passed through on the delayed express train, last night, for Quebec. Col. Holmes, late commandant of the battery, dropped off here, to assume the duties of a C.P.R. official in that matter. A C.P.R. official was asked, in discussing the possible outcome of the meeting. "We are just going to attend to our own business. We are the supply." For the present we will make rates to suit our interests, and those who were so eager in disturbing tariffs may, so far as we are concerned, fry in their own fat.

Prince Komatsu Yorihito, cousin of the Mikado of Japan, arrived here from Vancouver and left to-day for the World's Fair. He was received here by the provincial and civic authorities. Dr. Munro, a former resident of Winnipeg, died yesterday at Green Bay, Wis. Mr. Burgess, deputy minister of the interior, returned to Ottawa last night. Hon. Mr. Daly is expected here next week. He is now at Battleford.

WEAVER ON HARD TIMES.

Too Much British Capital Invested in the States is the Trouble.

MOUNT GIBRETTA, Pa., Aug. 24.—The largest crowd since the opening of the national convention of the Farmers' Alliance assembled yesterday. In the main auditorium William Jennings advocated the free coinage of silver, in the Pennsylvania Dutch language. He was followed by J. M. Thompson, late lecturer of the Pennsylvania Farmers' Alliance. When Gen. Weaver, of Iowa, arose to deliver his address this afternoon there were probably 20,000 people on the grounds. He said the situation of to-day was caused by the election of a Democratic administration, for that administration was still enforcing Republican laws and interpreting the laws the same as did Harrison. Such a course could not be brought upon the country by a mere change of administration, nor is it the result of the Sherman law. Laws have been violated. The Republican secretary of the treasury and the Democratic secretary of the treasury did not comply with the law. They paid out gold and the secretary of the treasury has aided foreign conspirators when he had it

in his hands to prevent this panic. This is the real cause of these hard times. At the close of the war the people were comparatively free from debt. There was more property than among the farmers in the North, in spite of the loss of those near and dear to them, than ever has been since. The reason of this prosperity and good feeling was because there was an immense volume of paper currency in circulation. The financial system which contracted the currency is responsible for the loss of thousands of homes, immense suicides and corruption of the morals of the people. As a result of that crime perpetrated on our people from 1866 to 1873 British capital has come in and got control of factories, railroads and finances. Scarcity of money is what is the matter. When the farmers come into power, and they are going into power, they will give more money. Farmers will make a dollar that will stay at home. They don't want money that will go abroad; that is what is the matter with gold.

CANADIAN NEWS.

(Special to the Colonist.)

Stabbed by a Brother-in-Law. TORONTO, Aug. 25.—William Rogers and Thomas George, brothers-in-law, quarrelled last night over the manner in which George treated his wife, and George stabbed Rogers in the arm with a penknife. The doctor fears that gangrene has set in. George is under arrest.

Evidently a Plunderer. TORONTO, Aug. 25.—Lawrence Irwell, well-known Englishman about town, and who has figured for the past year or two as a contributor to the Westminster Review and other English periodicals, has been arrested, charged with the larceny of a fur cap and various other articles.

His Contempt Forged. TORONTO, Aug. 25.—Macdonald, who was sentenced to jail for three months for contempt of court, in refusing to answer questions put to him, was released this morning, his term having expired.

An Injured Member. LONDON, Aug. 25.—News has reached here that Jos. Marshall, member of Parliament for North Middlesex, has been seriously hurt at Grand Bend.

McCarthy and Laurier. OTTAWA, Aug. 25.—It is reported to-night that when W. G. Foe, Mr. McCarthy's organizer was here last week, he endeavored to induce Mr. McCarthy to accept the position of secretary of the Dominion Liberal Association, but the latter would not put up with conditions in contingencies where Liberals have a better chance of success than McCarthy supporter. On the other hand Liberals are not to run candidates in ridings where McCarthy has a better prospect of election. It is stated positively to-night that Gorman showed Foe an autograph letter from Laurier assenting to this arrangement.

Fire at the Portage. PORTAGE LA PRAIRIE, Aug. 26.—This morning a two-story building occupied by W. L. Lyall, tailor, was totally destroyed by fire; the stock was mostly all saved.

True to His Name. ALVINGTON, Aug. 26.—John Coon, a private banker, who is wanted here for forgery, has been arrested by Detective Rogers in Detroit. Coon assigned and discharged. He forged papers had been negotiated with the Mohican bank to the amount of something like \$35,000.

Fire at a Noted Stock Farm. MONTREAL, Aug. 26.—The Haras National company's stables at Outremont were burned this morning, with a large quantity of live stock. Fortunately, most of the blood stock had been sent to the World's Fair, or the loss would have been much greater. It is estimated that \$5,000 will not cover the loss.

Ralph Smith & Co. Burned Out. TORONTO, Aug. 26.—The premises of Ralph Smith & Co., lithographers, has been gutted by fire. Loss, \$30,000; covered by insurance.

Fell Overboard. GRAVENHURST, Aug. 26.—James Readshaw, a 14-year-old son of G. A. Readshaw, fell overboard from a steamer yesterday and was drowned.

Their Candidate Already Chosen. ST. JOHN, N. B., Aug. 26.—The Liberal of Westigois has nominated George Haddow as their candidate for the Commons at the next general election.

The Effects of the Storm. WASHINGTON, Aug. 26.—Reports of wrecks and loss of life as the result of the great storm on the Atlantic Coast, on Wednesday night, are reaching the Life Saving Bureau. It is recalled that, just twenty years ago to the day, August 23, 1875, more than one thousand vessels were wrecked and many lives lost on the Atlantic Coast. Reports thus far received as to the storm's path show that the schooner Rapid and nine pontoons were driven ashore off Narragansett Pier, R. I., and of a crew of nine, six were saved. The schooner Placid was wrecked off Ottawa Beach, and of the four occupants two were lost. The schooner Julia Baker is ashore off Portland, Maine; the crew were saved and the vessel probably will be. The steamer Panther and large Lykens Valley steamer blower ashore to-day at Southampton, N. Y., and have gone to pieces. They were wrecked Wednesday night. Of the crew three are saved, three dead and fourteen missing.

All Quiet at Samoa. WASHINGTON, Aug. 25.—In view of the recent peaceful condition of affairs, Secretary Herbert has decided not to send a naval vessel to Apia at least for some time.

CAPITAL NOTES.

Important Changes Made in the Militia Staff for Economical Reasons.

Sir John Thompson Will Receive an Ovation—Dominion Rifle Matches.

(From our own Correspondent.) OTTAWA, Ont., Aug. 25.—Important changes in the militia staff, forsooth, some time ago, have been decided upon. The following officers are placed on the retired list of their respective ranks with gratuity: District Staff Lieutenant Colonel Van Stranbenze, D. A. G., District No. 10, Winnipeg; Lieutenant Colonel G. M. Mattocks, Brigade Major, District No. 5, Montreal; Lieutenant Colonel Pope, Brigade Major, District No. 8, Sherbrooke; Major Store Branch—Lieutenant Colonel A. J. L. Peables, Superintendent of Stores, District No. 10, Winnipeg; Major W. King, Superintendent of Stores, District No. 3, Kingston; Major Douglas, Superintendent of Stores, District No. 8, Prince Edward Island.

The following appointments have been approved: Lieutenant Col. A. J. Lymer, from District No. 1, London, to be Assistant Adjutant-General at headquarters, and to command District No. 4 from July 1. Lieut.-Col. J. Holmes, from the Royal Canadian Artillery, Victoria, to be D. A. G. of District No. 10, Winnipeg, to date from August 25, 1893. Lieut. Col. W. H. Colton, to be D. A. G. of District No. 3, while continuing to perform the duties of Assistant Inspector of the artillery stores branch.

The following officers to be superintendents of stores, Major and Brevet Lt.-Col. L. J. Gray, Toronto, to District No. 5, Montreal; Quartermaster and Honorary Major J. F. Fraser, Kingston, to District No. 10, Winnipeg; Quartermaster and Honorary Captain L. G. Frenette, District No. 6; Paymaster and Honorary Capt. T. Sturgeon, District No. 3. By the above changes, it is expected there will be an annual saving of from eight to ten thousand dollars.

The contract for furnishing three new tubular boilers for the Parliament buildings in Ottawa, the lowest tender. Captain Smith, E. N., has been appointed a commissioner to investigate the Grand Junction and the barge Etta Stewart at Shute Island, near Halifax, on Wednesday, by which twelve lives were lost.

There is every indication that Sir John Thompson will receive a grand welcome on his arrival at Ottawa to-morrow. The Dominion Liberal Association has appointed two experts who should, at the expense of the Dominion, proceed to Canada and make an exhaustive inquiry into the alleged Scott's blasting operations. This verdict was fully expected.

More Riots Anticipated. ROME, Aug. 24.—Fearing that renewed disorder would be fomented by the anarchists, the police arrested twelve of them last night and surrounded the French embassy and other buildings with troops. These precautions sufficed, and no serious disturbances were anticipated.

India's Silver Problem. LONDON, Aug. 24.—The Times' correspondent at Simla says: Strong protests continue to reach the Government against the sale of coinage bills at any price offered. The whole Indian press teems with indignant letters and articles on the subject. A dispatch from Simla says: Many proposals have been made to the Government to demonetize the Mexican dollar. The Chinese, being debtors, would regard the sudden change in token coinage as a gross injustice.

Riots in Naples. ROME, Aug. 25.—The striking cab drivers still riot in Naples. Last night and all to-day they have been fighting the police. Riots were taken by special train to the city this morning. The military and rioters had encounters during the afternoon. More than 1,000 persons were arrested. Many rioters started after the Alghero-Mortes massacre, are said to have joined the rioters.

Shipping Gold to Canada. LONDON, Aug. 25.—The sum of 80,000 pounds gold was withdrawn from the Bank of England to-day for shipment abroad. Of this amount, £10,000 will go to the United States and £40,000 to Montreal.

Gladstone Favors Disestablishment. LONDON, Aug. 25.—A Scotch deputation, in favor of the disestablishment of the Church in Scotland, called upon Mr. Gladstone to-day, and presented him with an address, setting forth their opinions in regard to disestablishment. In replying to the deputation, Mr. Gladstone said he believed that their object was a noble one, and that they had his heartiest wishes for the success of their object. He added that it was his opinion that if disestablishment was brought about in Scotland, it would greatly benefit the Church in the rest of the Empire. The Government, however, was unable to promise that it would take definite action in the matter; but it would do everything to help the movement to the speediest and best conclusion.

Fresh Cholera Cases in Germany. ANTWERP, Aug. 25.—There are daily in this city two or three cases of cholera. The United States Consulate here has received a telegram from the American Consul-General and another from the American Consul at Havre, stating that in consequence of the new quarantine regulations adopted by the Government, the Board of Health in respect of immigrants from cholera-infected ports, the embarkation of immigrants from Antwerp, via London or Havre, for New Orleans has ceased in this city to-day.

GRAVENHURST, Aug. 26.—James Readshaw, a 14-year-old son of G. A. Readshaw, fell overboard from a steamer yesterday and was drowned.

THEIR CANDIDATE ALREADY CHOSEN. ST. JOHN, N. B., Aug. 26.—The Liberal of Westigois has nominated George Haddow as their candidate for the Commons at the next general election.

JOHNSON'S CURRENCY BILL.

It Provides for the Exchange of Treasury Notes for Government Bonds.

WASHINGTON, Aug. 25.—For two and a quarter hours yesterday the Finance Committee on banking and currency discussed representative Tom Johnson's bill, providing for the exchange of treasury notes for Government bonds at the request of the holders of the latter. The committee then adjourned until next Tuesday, when the author of the bill would decide just such a stringency as to be met by the bill.

The bill encountered opposition from Messrs. Sperry, of Connecticut, and Warner, of New York, who argued that the scheme opened a new channel for the depletion of the gold holdings in the treasury. It was said that if the bill became a law, holders of bonds would exchange them for treasury notes and then demand gold for the notes. To such an objection as the only occasion when it would induce holders of bonds, themselves redeemable in gold and commanding a premium, to exchange them for currency of any kind would be just such a stringency as to be met by the bill. Sir John Thompson Returns Home and Speaks of the Arbitration.

Were Canada Not Joined to Britain She Would Have Had No Voice.

(From our own Correspondent.) OTTAWA, Aug. 24.—Mr. Frye, president of the Council, and Mr. Frye, White, controller of the Northwest Mounted police, will visit the Northwest and British Columbia shortly.

The circulation of the chartered banks in the Dominion amounted to nearly \$41,000,000 in July, which is more than \$1,300,000 more than in any July since confederation. The city of Ottawa has sold the Bank of Ottawa \$384,000 41 per cent bonds at 100 3/4, the best sale of bonds ever made by the city, showing its credit in good and money plentiful.

Unknown parties last night broke a window in a store on Rideau street, in which a placard calling for soldiers to enlist in the United States army was displayed, and destroyed the placard.

OTTAWA, Ont., Aug. 25.—Sir John Thompson returned from Paris to-day, and was met with a very cordial reception from the citizens. Mayor Durocher and the City Council were at the station with a band of music and presented an address in which the Premier's services to Canada and the Empire were highly eulogized. Sir John, in reply, expressed his grateful thanks for the warmth of the reception accorded him, and acknowledged the compliment paid to him by Her Majesty in sending him as one of the representatives of Great Britain on the Arbitration. He pointed out that it had not been for Canada's connection with the Empire, the Country, the Dominion would not have had any say whatever in the settlement of the Behring Sea dispute. While the award might not gratify or satisfy people in either country, yet the arbitration and whole it would be regarded as a fair and honorable settlement of the dispute. In closing he spoke of the pleasure which it gave him to reside in Ottawa, and said that he would be pleased to be in the city long continues to be a citizen of the Capital. Sir John was driven up town in a four-wheeled carriage, and the City Clerk accompanying him, Mr. Durocher, and Mr. Durocher, the train with Sir John on board was greeted with the roar of cannon and the firing of bagpipes. Several hundred citizens of Glenary turned out to give the First Minister a warm welcome. An address was read by Major McLennan, M.P., to which the Premier made a suitable reply.

James Huddart, of the Canadian Australasian Line, has been appointed to the position of agent for the line in this city. The meeting of the cabinet will be held on Monday to settle details of the contract. The original agreement was for three years. Mr. Huddart is now working to make it ten.

THE FRASER RIVER FISHERY.

The wonderful run of salmon on the Fraser this year is proof positive that the river has not been overfished and that the practice of allowing the offal of the canneries to float with the current has not been injurious to the fish.

It is to be hoped that the Department of Marine and Fisheries will learn the lesson which this year's run of salmon is calculated to teach, and cease to make regulations which have no other effect than to hamper the operations of the canneries.

It is most unfortunate that the circumstances are such that a very large quantity of what under other conditions would be valuable material should go to waste in the Fraser. If the offal could be utilized, it ought to be utilized.

ANOTHER TUNE.

The San Francisco Chronicle, which, but a little while ago, was loud in its assertion of what it considered the rights of the United States in Behring Sea, and insolent and offensive in its denunciation of the men whom it was pleased to stigmatize as "poachers," is very much disgusted with the award of the Paris arbitrators.

Under the decision of the Behring Sea tribunal of arbitration the United States is confronted by an economic proposition which is whether it will be worth while to preserve the seals at an expense three or four times greater than any revenue that can be derived from them.

FRENCH CANADIANS.

Mr. Mercier has lately been doing his best to convince the world that the French Canadian inhabitants of Quebec are ground down under the heel of British tyranny.

There are eminent French Canadians who, to say the least, are as worthy of reverence as the Hon. Honoré Mercier, who express a very different opinion of British rule, and of the treatment which French Canadians receive at the hands of their countrymen of other races.

Sir Hector a few days ago allowed himself to be interviewed by a reporter of the

Montreal Star. The interview is an exceedingly interesting one. Sir Hector is an excellent speaker, and he looks upon independence as another way of wheeling Canada into the United States.

I intend, therefore, that independence for us means absorption. Some say that "annexation could not take place otherwise than by a treaty made freely by both countries according to their mutual interests and wishes."

With respect to the political condition of the French Canadians, Sir Hector Langevin differs very widely indeed from Count Mercier. He said:

We govern ourselves; we have all the protection required from the Mother Country; we are as happy and as independent in our great Dominion as they are in Great Britain. I am, therefore, of opinion that, were we to-morrow declared to be an independent state, we would gain nothing by the change, but, on the other hand, we should lose a great deal.

HARD TO CONVINCE.

It is surprising to observe how long it takes a plain and provable fact to penetrate the American mind. It is open enough to theories, and it absorbs sensational reports and fabrications with an ease and a rapidity which are truly amazing, but it appears that it will require nothing short of a surgical operation to get a cold and undesired fact into the head of the average United States citizen, particularly if he happens to be a newspaper man.

MR. BALFOUR'S BI-METALLISM.

The American silver men quote Mr. Balfour as an authority in support of their currency system. But the theory of bi-metallicism advocated by the eminent English statesman is very different indeed from the wild currency scheme which the greater number of the upholders of free coinage desire to foist on the people of the United States.

HIGHLAND SOLDIERS.

The Scotch Highlander has been from the earliest times a good soldier. He is fond of excitement, he has plenty of courage, he can live on hard fare, he can bear fatigue and hardship cheerfully, and he loves fighting.

The characteristics of the Scottish enterprise, hardihood and tenacity of purpose; it is these qualities which render the troops drawn from this country second to none in Her Majesty's service, and which enable them to seek advancement and fortune in civil life to hold, aye, and more than hold, their own in every part of the world.

There are thousands of bi-metallists in America who believe that silver ought to be a legal tender as well as gold who are opposed to the Government's buying silver in order to keep up its price, and who consider it most unwise to force upon the country coin which is of less value than it, on its face, purports to be. They believe in the silver dollar, but it must be an honest dollar.

Modern Highland regiments are not, it is true, composed chiefly of Highlanders, but

It was genuine Highlanders that gave those regiments the high character they bear, and no doubt, the men in their ranks, no matter what their nationality may be, are bound to keep up the reputation which the Gael had won for the corps.

JUDGE WALKER'S DECISION.

Mr. Justice Walker's decision in the case of the three aldermen whose votes on the McDonald contract were objected to by Mr. Coughlan, is, no doubt, sound from a legal point of view, and it is also sound on the ground of public policy. It is of the utmost importance that the men who serve the public in a representative capacity should have no temptation to act otherwise than in the interest of the community.

MISSIONARIES TO CHINA.

The success of missionary effort in the West has not been at all remarkable. The Chinese seem to be a good deal the reverse of spiritually-minded. It appears to be uncommonly hard to get Chinamen to believe in the truths of Christianity or to see any beauty in the Christian doctrine.

It is, in fact, hard to imagine a man more different from them in principle, in temperament and in habits of thought. His bi-metallicism is true bi-metallicism; theirs is a mock and a sham, put on to cover silver monometallism.

KASLO HAPPENINGS.

Drowning Accident—Wholesale Forger—Illegal Scales—Shipping Ore.

To Build a New Church—Plan for Water Works—Ore Specimens for Exhibitions.

KASLO, Aug. 24.—The number of drowning accidents happening in this district this year has been surprising, but still the list continues to grow, the latest fatality occurring late last Friday evening.

A deliberate attempt at wholesale forgery, which, happily, was only partially successful, was disclosed a few days ago.

A hearing was held at Nelson yesterday for the trial of the man who was charged with the forgery.

Saturday Inspector Davis arrived in the morning, accompanied by Captain Fitzsimons and J. A. Mars, M. P.

Large congregations assembled in the church last Sunday to listen to the discourses of Bishop Sillitoe, of New Westminster, who was assisted in the services by Rev. Mr. Akhurst, newly appointed to the district.

Arrangements for the coming year have been made by the proprietors of the Wellington mine to commence shipping ore at once, at the rate of 18 tons per week.

Quite a number of strikes are reported from the Whitewater basin this week, the most important being that made by A. M. Keppell, which amounts to \$400.

The efforts of a number of citizens to procure a complete display of the ores of the district for exhibition at the various prominent fairs are meeting with success, a fair exhibit having been forwarded to Toronto for the great exposition there.

Yesterday Kaslo was visited by a number of Methodist divines for the purpose of establishing a church. They were Rev. J. F. Betts, of Kamloops, superintendent of the district, Rev. W. G. Turner, of Nelson, and Rev. Mr. Hall, a recent arrival from England, who has been appointed to this circuit.

Further particulars apply well Westminster, B.C. and elsewhere.

HOME RULE.

Mr. Gladstone Replies to the Criticisms of the Unionists on His Bill.

After Eighty-two Days Debate a Division Will Be Reached Friday.

LONDON, Aug. 30.—The last stage of the Home Rule bill debate in the House of Commons began to-day. As usual on Wednesday, the House met at noon. The exceptionally large attendance showed that the majority of the members who went to the country for the holidays recently had returned to hear the final speeches of the party leaders and to take part in the final division on next Friday night.

The Liberal and Radical members were present almost to a man. All the party leaders were cheered as they entered, but no great enthusiasm was shown until Mr. Gladstone and John Morley came in together. Then the Irish members rose, cheering, the Liberals and Radicals joined them, and for nearly two minutes the House rang with shouts for the two men who had done most to render possible the advancement of the Home Rule bill to the third reading.

Before Mr. Gladstone rose to move the third reading a few amendments were added to the bill. The amendments were introduced by Mr. Morley, chief secretary for Ireland. After they had been disposed of, without debate, Mr. Gladstone rose a second time to move the third reading.

He began his speech with reference to the criticisms made by Unionists on the historical precedents he had cited on former occasions for Home Rule in Ireland. The Opposition, he said, had contended that in no other country could analogies be found for changing the union between Great Britain and Ireland, their contention could not be supported by historical facts.

He then referred to the grievances and shameful history, which, since the Union, they had felt compelled to deplore. Mr. Gladstone, in continuing, said that the debate on the Home Rule bill had been distinguished by the great development of small qualities by many members. He had regarded the closure as an evil that ought to be tolerated only for the avoidance of a much greater evil. The plan of the Opposition had been to delay the bill by a series of amendments, but it certainly was worthy of a better cause. The Government had obtained substantial results in the matter of the Home Rule bill, and he was proud to say that next Friday they would have expended eighty-two days on the discussion of the bill.

STORM STRICKEN SOUTH.

Nearly One Hundred Deaths of Cyclone Victims Found in Georgia—Steamer City of Savannah Wrecked.

Augusta, Ga., Aug. 30.—News from the storm swept district of Port Royal and Beaufort in still very meagre. News received to-night brings the startling news that seventy dead and swollen bodies were taken from the river to-day by working parties. The result of to-day's work of relief put the number of missing at 100, but owing to the poor means of communication a correct list of names cannot be obtained. In several places along the river were found eight or ten bodies lying on the banks close together. Graves were hastily dug near the places of discovery and, without ceremony, the victims were placed beneath the earth. The suffering in some localities among negroes is reported as being distressing, in some cases there being only one or two left of a whole family.

The people of Beaufort and Port Royal are rendering all assistance in their power to the stricken families who lost their all in the flood.

Savannah, Aug. 30.—The steamer Birmingham of the Ocean S. S. Co., two days overdue, arrived in Savannah at 7 p.m., bringing a portion of the passengers and crew of the steamer City of Savannah, wrecked on Monday morning. The steamship was knocked off and the water being poured into her hold. Seeing that the ship could last but a few hours longer, Captain Savage headed her for shore water. She struck the beach at 11 o'clock and beat the boat to pieces. Wonderful as it may appear a life was lost from aboard the ship.

After they had been disposed of, without debate, Mr. Gladstone rose a second time to move the third reading. He began his speech with reference to the criticisms made by Unionists on the historical precedents he had cited on former occasions for Home Rule in Ireland. The Opposition, he said, had contended that in no other country could analogies be found for changing the union between Great Britain and Ireland, their contention could not be supported by historical facts.

He then referred to the grievances and shameful history, which, since the Union, they had felt compelled to deplore. Mr. Gladstone, in continuing, said that the debate on the Home Rule bill had been distinguished by the great development of small qualities by many members. He had regarded the closure as an evil that ought to be tolerated only for the avoidance of a much greater evil. The plan of the Opposition had been to delay the bill by a series of amendments, but it certainly was worthy of a better cause. The Government had obtained substantial results in the matter of the Home Rule bill, and he was proud to say that next Friday they would have expended eighty-two days on the discussion of the bill.

NEW YORK STOCKS.

Money Has Become Easier and Suspended Firms Are Resuming Business.

New York, Aug. 30.—The stock market to-day was in the main buoyant with a material increase in the volume of business and general and sharp advance in prices. A further large purchase for European account and a considerable demand from local operators led to a rise of 1/4 to 3/4 per cent. in the active list, and 2 to 9 per cent. in the specialties. The recent action of the House on the silver bill is still the dominant factor in the Wall street markets, it having revived the investment demand for securities and started up renewed activity among the professional operators. The earlier feeling in the money market, and the resumption of business of banks and firms which suspended a short time ago, have also helped to stimulate the market. The improvement in stocks has naturally been stimulated by the substantial recoveries in bonds of various maturities. The afternoon market reacted 1/2 to 3/4 per cent. American sugar leading 1/2 to 1 cent the previous advance. When the bears found that holders were not so ready to take profits, they hammered the list, and were assisted by exaggerated reports from Chicago as to the alleged riots in that city. The sale reached 266,776 shares, including 32,222 United States Closing bids: A. ST. LOUIS DOESN'T WANT CHICAGO TO BUILD THAT CANAL.

St. Louis, Aug. 30.—A war cloud is looming up on the horizon, and if some friendly breeze does not dispel it St. Louis and Chicago will shortly be waging a municipal war that will make the rivalry which formerly existed between the two cities on the population question sink into insignificance. Chicago has for many years been supplying Lake Michigan as a dump for its sewage and its refuse, and the city of St. Louis, by and by, will be obliged to do the same thing, but owing to the obvious disadvantages of this system the city decided to cut a canal to the Mississippi and send its refuse down the river.

OPIMUM SEIZED.

A San Francisco Officer Makes a Haul of "Dope" Said to Be Smuggled From Victoria.

SAN FRANCISCO, Aug. 30.—Opium smugglers were outwitted to-day, owing to the vigilance of Inspector Noyes, of the Customs service, who, after a watch of three days, landed enough opium at the seizure room to cause the treasury of the United States Government to be enriched by \$7,000. From information received, Noyes placed himself in readiness to seize any baggage that might come from Portland having a suspicious look. During the three days he spent at the baggage department, the railroad company he did not allow any baggage to escape close scrutiny. There were several trunks that did not look right, but the inspector is a good judge of trunks filled with wearing apparel, and those containing opium, and he allowed them to pass. This morning, however, there was quite a change in his appearance when he beheld a trunk without an address, but locked and strapped tightly. Noyes kept his eyes on the trunk as it was thrown around by the baggage smashers. Although securely locked it was a matter of a few minutes to raise the trunk, and then the finest lot of Victoria opium that Noyes has got hold of in some time passed into his possession. Whoever stored the opium knew his business. There were numerous packages and a quantity of paper to make the boxes fit snugly. Wood was not spared to hold the tin in place, to prevent them tumbling about. The trunk containing the opium was soon at the seizure room, where a valuation of \$3,000 was placed on it. It is difficult to tell who sent the opium, or to whom it was coming, as there is no address on the trunk. It is believed that the opium was smuggled from Victoria, and the dope was smuggled from Victoria. This is about the tenth time that Noyes has outwitted the smugglers who were opening the trunk at the seizure room, and the seizure of opium in Chinatown and places along the water front is excellent.

The Colonist.

FRIDAY, SEPTEMBER 1, 1893.

THE REPEAL BILL PASSED.

The passage of the Wilson Bill, repealing the Sherman Act, through the House of Representatives, by a majority of 129, is satisfactory to the great majority of the people of the United States. It was expected that the bill would pass, but with not so large a majority.

What the action of the Senate will be on the bill is by no means certain. It is in fact that the Upper Chamber will pigeon-hole it and pass another measure more favorable to silver.

DISCONTENT IN THE STATES.

Discontent in the Western and Southern States has found emphatic expression. Governor Waite of Colorado, Governor Lowell of Kansas, Governor Stone of Missouri, and Governor Penoyer of Oregon are determined to put up with the insolence and oppression of the grasping East no longer.

When the news of this outrage reached Italy there was great excitement among the people. Processions were formed and demands were made for vengeance. At one time it was believed that war between France and Italy was imminent.

There is a good deal of uncertainty as to what Socialism really is. Some say it is one thing and some another, so that it is hard to say anything of Socialism and its tendencies that some Socialist is not able plausibly to contradict.

The latest definition of Socialism appears in a late number of the London Times. It is given by a Socialist and has all the appearance of being as authoritative as anything Socialistic can be.

A DISHONEST OPPONENT.

The Vancouver News-Advertiser, for want of something truthful and sensible to say about the Premier's visit to West Kootenay, asserts that in his interview published in the Colonist he allowed it to be seen that he was "disappointed with the reception he had from the people."

This is clear enough. The object of Socialists now is to refer everything to the state. The state is to do all the business and effect all the exchanges. The individual is nothing and private enterprise is nowhere.

knows about the country, and the men who are at work in it. The miners are not demonstrative, and the present is not a time to collect a crowd in any of the mining towns.

The Advertiser's labored attempt to create the impression that the Government is unpopular in West Kootenay is as dishonest as it is stupid. The writer of the article could not possibly tell how the Premier was received in that distant part of the Province, and the pretense of discovery of the interview was the shallowest kind of a trick.

ITALY AND FRANCE.

The late difficulty between France and Italy had its origin in a dispute between Italian and French laborers at a place called Agnes-Mortes, in the South of France. There are salt works in that place, about which a number of Italian laborers were employed.

When the news of this outrage reached Italy there was great excitement among the people. Processions were formed and demands were made for vengeance. At one time it was believed that war between France and Italy was imminent.

THE UNEMPLOYED.

In every considerable city of the United States, from San Francisco to New York, and from Bangor to New Orleans, large numbers of persons are out of employment. Many of the unemployed consider that it is the business of the State or the Municipality to find work for them.

It is evident that the day is not far off when the United States will have to consider the problem which the nations of the Old World have for a long time been attempting in vain to solve. How to find work for the whole population and how to prevent the growth of dangerous classes which will be a perpetual menace to society are questions well worthy the consideration of the philanthropists and the

the hall, and sticks were freely used to enforce the views of the advocates of universal peace.

The upholders of the established order of things need not be afraid that the Socialists will turn the world upside down in their day. From present appearances a century or two must elapse before any considerable number of them can agree upon any definite plan of action.

A CORRECTION.

The position of the city of Victoria in relation to the Dominion Government with respect to the expenses incurred in suppressing the outbreak of smallpox in 1892 was not properly described in our account of the proceedings of the City Council on Tuesday evening.

NOT A COMMERCIAL ROUTE.

The Bishop of Mooseonee is not a believer in the Hudson Bay Railway. He has a long time near the shores of Hudson's Bay and he knows that for by far the greater part of the year it is not navigable.

A GOOD CAUSE.

Every one will admit, whether he is religiously inclined or not, that the Young Men's Christian Association is a good institution. It has done good in the past; it is doing good now; and it will no doubt do good in the future.

BEAUTY AND UTILITY.

Mr. Gladstone found time, or made time, two or three weeks ago to address a large audience in the Agricultural Hall, Ialington, and to distribute the prizes gained at the National Workers' Exhibition.

SOCIALISM.

There is a good deal of uncertainty as to what Socialism really is. Some say it is one thing and some another, so that it is hard to say anything of Socialism and its tendencies that some Socialist is not able plausibly to contradict.

The latest definition of Socialism appears in a late number of the London Times. It is given by a Socialist and has all the appearance of being as authoritative as anything Socialistic can be.

EDITORIAL COMMENT.

ADMIRAL HENRY ERBEN, U.S.N., commanding the European station, not long ago died with the Queen and Royal Family at Osborn. It is not known what an attention is paid to a foreign naval officer. The distinguished honor paid to Admiral Erben was, no doubt, an acknowledgment of his services to the United States by the Government and people of the Republic.

THE CITY.

Still no tidings of M. F. Bailey.

Owing to the decease of Rev. Mr. Browne, the adjourned meeting of school trustees of Cedar Hill was not held last evening, and has now been indefinitely postponed.

Great expectations are entertained in regard to the excursion to Seattle next Saturday. The Ancient Foresters, who have the affair in hand, are making elaborate preparations.

"DAN AFFLER" made his appearance in the city police court for the hundred and first time, yesterday, the charge being as usual "drunk and disorderly." Five dollars or ten days.

There was a large attendance of juvenile foresters at the funeral of Mr. and Mrs. A. Burton's infant son Matthew, on Sunday afternoon, the members of the order furnishing the pallbearers.

Messrs. EWEN & MUNN are reported to have broken the record and put up, this season, the heaviest pack that has yet been known in the history of the salmon industry on the Fraser. It will total fully 100,000 cases.

FRIENDS of A. Breitenbach, who came out to this country from Reiklinghausen, Germany, are making inquiries as to his whereabouts. Information will be gladly received at the Imperial German Consulate, 83 Wharf street.

Several hundred residents of Port Townsend enjoyed the hospitality of Victoria on Sunday evening, the attendance being one dollar excursion rate offered by the City of Kingston. Beacon Hill park and the George were the two chief attractions.

MISS ADDIE HYAMS has very kindly volunteered to supply the inmates of the Old Folks' Home with spectacles, only requiring that the inmates should be examined by the Medical Health Officer that they are actual inmates, and that their sight is defective.

An influential meeting of the Sons of St. George was held last evening in their hall, corner of Bastian and Government streets, Bro. A. Watson presiding in the unavoidable absence of President Bro. Bevan. The business portion of the evening was devoted to the presentation of a petition, signed by several members, and a resolution was passed regarding the same.

The Royal Templars of Temperance held another mass meeting in the Temperance hall last evening, the attendance being small. The programme for the evening was made up of vocal and instrumental music, addresses, etc., and one of its leading features was a speech on temperance by Rev. Mr. Webb.

It is understood that an appeal to the Divisional court will be taken by Ald. Baker against the decision of Mr. Justice Walker in the case of Coughlan & Mayo v. the City of Victoria, etc. According to court rules the appeal must be made within one week, so whatever is done will be known at an early date.

PROFESSOR W. F. KING, the Alaska boundary commissioner, returned from the East with Mr. Warden, his private secretary, on Sunday last, and will take passage by the City of Victoria on Monday morning. Mr. King is expected to remain in Victoria until the end of the month.

THE W. C. T. U. held the first of a series of mass meetings in the Temperance hall Sunday afternoon, it being well attended. Among those who addressed the meeting were Miss Smith, who has volunteered for missionary work among sailors, and Rev. John Robson, of Wellington, B.C., both of whom spoke for the Temperance cause.

Several of the sailors of H.M.S. Royal Arthur, assisted by the Temperance committee, were held in the school-rooms of the Young Women's Christian Temperance Union, in connection with the W. C. T. U.

THERE was no rest for the fire department on Sunday last, no fewer than five alarms calling them into action. First there were three fires simultaneously at the corner of Broad and Fernwood roads, both being threatening. Then the new Protestant Orphan Home was in danger from the same cause.

THE CHURCH NEWS, an English publication, contains the following: "Amongst the many noble acts of devotion to duty recorded of the officers and crew of the battleship Victoria, as the soldiers turned overboard and went down to the bottom of the Mediterranean, the smallest incident of the midshipman, Herbert Lanyon, who stood beside the Commander-in-Chief to the last, and sank with him at the cost of duty, will not be forgotten. The parents of the midshipman have sent the lad's savings to the Missions to Seamen, as the most appropriate destination for the remaining property of one who has died for his country."

REV. DR. McDONALD, of Seaford, Ont., who, as a member of the Executive committee on Home Missions of the Presbyterian Church in Canada, pays special attention to this branch of church work, preached very acceptably in St. Andrew's church last Sunday morning and evening. He had intended paying a visit to the Indian school at Alberni, but changed his plans, and left for home by the Ritchee, Sunday night, and will make a stop at Regina, where a visit has been promised the Indian Industrial school. During Dr. McDonald's stay in Victoria a meeting of the Mission committee of the church here was held, Revs. Dr. Campbell, P. McF. Macleod, D. MacRae and A. B. Winchester, with Dr. G. L. Milne, M.P.P., attending. The necessities of Alberni were discussed, and a committee appointed in connection with the proposal to buy land and erect a Presbyterian Chinese mission in this city.

A CASE of typhoid fever which broke out at the Provincial jail in this city caused the most careful examination to be made of the drainage of the building and grounds, as a result of which it has been decided to make some extensive alterations. A gang of men was put at work yesterday morning, and though in the absence of sewers it is impossible to make the drainage perfect, it will be so much improved that there can be no danger from it. In the meantime most of the prisoners will be sent up to the New Westminster jail to be "cared for" there. Provincial Officer Hinchinson went up on Sunday night with a man from the Royal Canadian Mounted Police, who had been arrested at the Provincial jail, and was sent up to the New Westminster jail, where he was held in connection with the case.

drain the jail grounds at present is into a cesspool, which at the best is unsatisfactory, but the prompt action of the authorities will prevent what might be a serious epidemic of typhoid breaking out amongst the prisoners.

A SPECIAL meeting of the City Council is called for this evening to deal with several matters of importance, of which notice has been given. Amongst other matters to come up will be Ald. Bragg's motion to have the Mayor enter into the necessary agreement with private waterers in the Waterworks to have the surface drains constructed through their lots.

The congregation of the James Bay Methodist church celebrated the first anniversary of the erection of their church on Sunday, when special sermons were preached by Rev. Solomon Cleaver, of the Metropolitan church, and Rev. Joseph Hall, of the Centennial. The anniversary social will be held this evening at the residence of Mrs. David Spence, Birdsage Walk.

The citizens living on Toltmie avenue held a meeting last evening to draw up a petition for presentation to the City Council asking for the immediate improvement of their street. A start was made by the laying out to grade the street, but of late there has been nothing done towards completing the work, and the residents are naturally anxious to have the road made passable before the winter weather comes.

QUITE a small army of amateur sports and powder burners were out on Saturday and Sunday, anticipating the approaching open season, and a number of birds found their way into town after dark in consequence. One of the pothunters was so unlucky as to be caught. His name is William Robins, and in the Provincial court yesterday he was fined \$25 with \$50 costs, for causing the death of two hen pheasants.

An influential meeting of the Sons of St. George was held last evening in their hall, corner of Bastian and Government streets, Bro. A. Watson presiding in the unavoidable absence of President Bro. Bevan. The business portion of the evening was devoted to the presentation of a petition, signed by several members, and a resolution was passed regarding the same.

The report was adopted with a further report recommending a payment of \$300 to the Finance committee, and a resolution was passed regarding the same.

Alex. Mowat, secretary of the Victoria Transfer company, stating that his company were about to purchase a motor car, and asking to be relieved from their contract.

Ald. Bragg moved, seconded by Ald. Styles, that the letter be received and the request granted.

The Mayor wanted to have the contract annulled by the same procedure as it was awarded, viz. by resolution.

After some discussion, Ald. Bragg withdrew his motion and seconded Ald. Munn in having the communication laid upon the table, to be dealt with at a future meeting, when formal resolution can be brought.

The report of the special committee appointed to deal with the Victoria & Sidney railway was called up again, it having been presented at a previous meeting.

This report recommended that the City Engineer, after a careful inspection of the work performed on the V. & S. road from time to time, should be issued a certificate of approval, in accordance with the railway company, in accordance with the amount on deposit at the bank shall be retained until the completion of the road fully equipped.

Chief Deane, of the Fire Department, reported three fires during July, with a loss of \$1,400. He also asked for funds for repairing harness, etc. The letter was referred to a private committee.

Citizens of Kalo wrote through Mr. David, offering to lease the Armstrong fire engine, at \$200 per year, if the privilege were allowed of purchasing it at the end of two years.

On motion of Ald. Munn, seconded by Ald. Styles, the letter was referred to the Mayor and fire wardens.

W. E. Wilson, architect for the new Victoria High School, was stating that he had recommended the School Board to have a sewer built through their property to connect with the sewer serving in front of the Victoria High School.

On motion, the letter was referred to the Mayor and City Engineer to investigate the matter, and report thereon.

While this matter was under consideration, the Mayor brought up the question of school sites, which he declared should be put in the name of the city of Victoria.

Mr. J. J. McEwen, clerk of the Privy Council of Canada, wrote that the Government would grant to the city of Victoria for the purchase of the land in the Victoria Park, in the amount of \$1,000.

The letter was received and filed.

A vote of thanks was tendered Miss Seton, for her services in connection with the Victoria Fair, and the Council adjourned at 10 o'clock.

REV. M. C. BROWN, M.A. Has Crossed to the World Beyond.

The Great Reaper visited the family of Rev. M. C. Brown, on Sunday morning, and deprived it of its chief support, the person of the reverend gentleman himself.

Mr. Brown has been ill but three or four weeks, but for the past eight or ten days he has been in a very feeble condition. He was conscious till the last moments, when he bade those at his bedside good-by, telling them he was going to his long home.

There is a widow to be pitied, who has three boys and three girls. The eldest boy, Loftus, is engaged in the Customs department of the civil service, stationed at Victoria, the next in California, and the third in London. The youngest is a student at the Victoria College, Dublin, from which so many of the world's famous men have come.

After holding a number of important tournaments and other positions in Ireland and England, Mr. Brown came to this country, spending some three years in the Victoria Park, in the Victoria Park, in the Victoria Park, in the Victoria Park.

Both in the COLONIST and in the Times of June 6, Alderman Baker is reported to have said that if the plans were examined by an engineer, it would be found that no such sum as \$100,000 was due.

This is a direct imputation, not only upon the honesty of the Engineer, but upon our own Board, and knowing that every member of our Board has mentioned numerous statements principally emanating from Messrs. Baker, Bragg and Styles, we conceive that enough has been said to induce our citizens to demand an investigation before a competent and impartial tribunal, and we fail to understand the

BOARD OF ALDERMEN.

Question of Sewerage Again Brought by the Commissioners Before the Council.

General Business Transacted—A Quiet Evening But a Good Deal of Work Done.

Ald. Baker's intimation given on the streets yesterday that he was going to attend the regular Council meeting and take his chances of having the penalty imposed, caused a good attendance at the Council chamber at 8 o'clock.

After the minutes had been read and adopted, the by-law to provide money for the construction of flush tanks for the sewers, was reconsidered and finally passed.

The Finance committee reported accounts passed to the extent of \$2,858.28. This included an item of \$38 75 for back hire, of which there was no explanation.

Ald. Styles, when the report was being considered, urged that the Finance committee should try to get \$30 to repair a road in the park, which would be in bad condition should there be a heavy rain.

The report was adopted with a further report recommending a payment of \$300 to the Finance committee, and a resolution was passed regarding the same.

Ald. Mowat, secretary of the Victoria Transfer company, stating that his company were about to purchase a motor car, and asking to be relieved from their contract.

On motion of Ald. Munn, seconded by Ald. Styles, the letter was referred to the Mayor and fire wardens.

W. E. Wilson, architect for the new Victoria High School, was stating that he had recommended the School Board to have a sewer built through their property to connect with the sewer serving in front of the Victoria High School.

On motion, the letter was referred to the Mayor and City Engineer to investigate the matter, and report thereon.

While this matter was under consideration, the Mayor brought up the question of school sites, which he declared should be put in the name of the city of Victoria.

Mr. J. J. McEwen, clerk of the Privy Council of Canada, wrote that the Government would grant to the city of Victoria for the purchase of the land in the Victoria Park, in the amount of \$1,000.

The letter was received and filed.

A vote of thanks was tendered Miss Seton, for her services in connection with the Victoria Fair, and the Council adjourned at 10 o'clock.

REV. M. C. BROWN, M.A. Has Crossed to the World Beyond.

The Great Reaper visited the family of Rev. M. C. Brown, on Sunday morning, and deprived it of its chief support, the person of the reverend gentleman himself.

Mr. Brown has been ill but three or four weeks, but for the past eight or ten days he has been in a very feeble condition. He was conscious till the last moments, when he bade those at his bedside good-by, telling them he was going to his long home.

There is a widow to be pitied, who has three boys and three girls. The eldest boy, Loftus, is engaged in the Customs department of the civil service, stationed at Victoria, the next in California, and the third in London. The youngest is a student at the Victoria College, Dublin, from which so many of the world's famous men have come.

After holding a number of important tournaments and other positions in Ireland and England, Mr. Brown came to this country, spending some three years in the Victoria Park, in the Victoria Park, in the Victoria Park, in the Victoria Park.

Both in the COLONIST and in the Times of June 6, Alderman Baker is reported to have said that if the plans were examined by an engineer, it would be found that no such sum as \$100,000 was due.

This is a direct imputation, not only upon the honesty of the Engineer, but upon our own Board, and knowing that every member of our Board has mentioned numerous statements principally emanating from Messrs. Baker, Bragg and Styles, we conceive that enough has been said to induce our citizens to demand an investigation before a competent and impartial tribunal, and we fail to understand the
