HON. W. T. WHITE LOOKS TO GROWTH OF PUBLIC OWNERSHIP

New Minister of Finance, Warmly Welcomed in Leeds Constituency, Announces That He Has Abandoned All Private Interests and is Free to Serve Public—Defends Right to Enter Conservative Party.

STRONG ADVOCATE OF GOOD ROADS

LANDSDOWNE, Nov. 2.—(Special.)—With regard to the great principle of public ownership, I am not only not opposed to it, but its earnest supporter, and I look forward to a development on its part commensurate with the growth and progress of Canada.

And this candid, straightforwardness, coupled with an unaffected modesty wherever he spoke of himself, and a spirit of buoyant optimism, were the distinguishing features of Mr. White's address.

Not a Spillman.
"And as long as I am finance minister, they shall continue to be severed," Mr. White declared, amid applause.

While modestly marked all reference to himself, Mr. White paid an eloquent tribute to his political chieftain. The mantle of Sir John A. Macdonald has fallen on worthy shoulders in those of Robert Laird Borden, he said amid enthusiasm and applause.

Mr. White was given an attentive hearing and both on rising and re-suming his seat he was greeted with tumultuous and prolonged applause.

It is a great honor for a man to be chosen as standard-bearer for his party in his home city or in his native county. It is a double honor to be chosen in a constituency to

Where Hon. W. T. White Stands.

Hon. W. T. White, in his address at Lansdowne last night, said: "I entered the Liberal-Conservative party by the door. That door was opened by Sir John A. Macdonald. When he named the party the Liberal-Conservative party, he intended that Liberals should enter."

CONSPIRACY TO CORNER WHEAT

Washington's Big Stick Now Directed Towards La Salle Street—Warehouse Receipts May Be Seized.

CHICAGO, Nov. 2.—Any man or set of men who buy so much grain that the price is held up or out of reach of buyers, may be considered as acting in restraint of trade. That is the basis on which, in the opinion of President J. D. Merrill of the Chicago Board of Trade, Washington agents are working in the investigation of an alleged corner in wheat, centred at Chicago and extending from Duluth and Minneapolis to the seaboard.

Threats at warehouse receipts for millions of bushels in store here might be seized as evidence in a conspiracy trial had a parallel effect on the market to-day. In the last few minutes of trading the market broke nearly two cents from top figures, and closed in a whirl of excited selling with in a cent of the lowest point of the day, 56 3/8 cents for December.

NOT YET, BUT SATURDAY
Liberal Policy is Still in the Making—Leader Working on It.

Leader Rowell's manifesto is not ready at Nor is it known just when it will be ready.

It is not likely that its announcement will be made before Saturday morning, according to advice last night.

COMMISSION TO DEAL WITH TARIFF

Premier Borden Definitely Indicates at Halifax Banquet That Permanent Body Will Be Appointed—Promises to Make Good Pre-Election Pledges to Aid Farmers.

HALIFAX, Nov. 2.—(Special.)—The banquet in honor of R. L. Borden in this city to-night, given by the Conservatives of Halifax, and of the Province of Nova Scotia, was the biggest function of the kind ever seen here.

Reception of Heartiest.
The company at the tables numbered 800 and constituted the greatest demonstration of the kind in point of numbers and enthusiasm that has ever been seen in Eastern Canada, if not anywhere in the Dominion.

FOUR CHILDREN DROWNED.

WINNIPEG, Nov. 2.—Four deaths by drowning in Netley Creek, near St. Louis, about thirty-five miles from this city, in the direction of Lake Winnipeg, occurred at 1:30 o'clock this afternoon. The victims are Melvin McNair, age 14; two cousins named Eddie Kirkness and Emma Sette, and Veronica Berthold, aged 8.

ANOTHER MOTOR VICTIM MAY DIE

Bruce Ridpath, Well-Known Athlete, Struck While Crossing Yonge St.—Run Down by Car Driven by C. A. Campbell, Who is Later Arrested.

OTTAWA, Nov. 2.—(Special.)—It is leaking out now at Ottawa that the old Liberal cabinet, during the two weeks it clung to office after its defeat on Sept. 21, promoted an astounding number of civil servants through Canada.

When the man was struck the machine was traveling at a moderate speed and was immediately stopped. Dr. W. P. Thomson, 21 Carlton-street, was summoned and Ridpath was sent to St. Michael's Hospital in the police ambulance.

HYDRO AT BRAMPTON

Plant Installed Below Estimated Cost and Power Now On.

BRAMPTON, Nov. 2.—(Special.)—Hydro-electric power and lighting is now in use in Brampton. It was turned on to-day, the first to use it for lighting being John H. Butler, one of the first to promote the hydro-electric policy in Brampton. The first to use the power is the Packham Pressed Brick Co., who have contracted for 75 horse power.

FOREIGNERS NOW IN DANGER OF LIVES

Outlook for Peace in China Clouded by Barbarities of Imperial Troops, and Situation in Hankow is Desperate—Exodus From Peking in Fear of Massacre.

PEKING, Nov. 2.—The massacre of natives at Hankow by imperialist troops, in defiance of which has reached both the peace board and the German legation, may prove a serious hindrance to the peace negotiations which Yuan Shih Kai has been endeavoring to inaugurate with the rebel leaders.

The exodus from Peking continues, the doors of many shops, as well as private houses being closed in anticipation of a massacre.

Overcoat Time And Business Booming

It looks to us now as though this was going to be our Banner Year in the Overcoat Department. We have without doubt the finest showing of Overcoats in Toronto, from \$10.00 right up to \$45.00. We cater to every purse and every taste so far as it is possible to do so. To avoid getting patterns and cloths that appear in almost every clothing store, our buyer bought his own materials and had them made to our own special idea and requirements, so that we can say to you honestly that our patterns are not to be found outside our store, and that even then we haven't enough of any one line to make them common. Several of our patterns are registered and not obtainable anywhere in Canada outside our store.

To gentlemen who are looking for something extra nice, we call your attention to our Beautiful Motor Coats at \$28.00, \$30.00, \$35.00, \$40.00 and \$45.00. The fact that they are all we claim for them is that they are the coats that are selling out first—OUT OF THE ORDINARY is a claim we make for all of our coats, and your inspection of them will soon demonstrate our assertion.

THE CITY IDEAL

Lecture Under Auspices of Civic Guild Association at Convocation Hall.

The Civic Guild is sending out 7000 invitations to the Mawson lectures. No one, however, need feel slighted at not getting a guild card, because, if the funds were available, the guild would be very glad to send an invitation to every citizen. The lectures are entirely free and everyone who comes will be welcome, as long as there is room in the hall.

The first lecture will be delivered on Monday evening next in University Convocation Hall, commencing at 8 o'clock. The subject will be "City Building—The Ideal and the first principles of city planning." Sir Edmund Walker will preside.

Commencing at the same time and in the same place, Mr. Mawson will lecture each evening of the week. The subjects of the other five lectures are: "The Civic Survey," "Street Planning," "Parks Systems," "Equipment of Streets, Parks and Gardens," "Housing."

The citizen who can surround his home with spacious grounds is not interested in the same way in the healthfulness, the convenience, the appearance of the city as are the men and women who work for wages. Every workingman in Toronto should hear all of these six lectures. But every citizen is vitally interested in the improvement of the city, and as this is the first time there has been a comprehensive presentation of the subject of civic planning, the attendance should be limited only by the capacity of the hall.

LADY COLIN CAMPBELL DEAD.

LONDON, Nov. 2.—Lady Colin Campbell, author and journalist, died today after a long illness. Her suit in the divorce court when she obtained a judicial separation created a great sensation among them being "G. E. Brunell" and "Q. E. D."

NEED MISSIONARIES HERE

Plenty of Scope Locally is Shown by City Mission Report.

The monthly business meeting of the Toronto Mission was held this afternoon in the Central Y.M.C.A. rooms. Rev. John Neil, D.D., presided. The annual meeting of the City Mission was held in Westminster Presbyterian Church on the evening of Monday, Nov. 20.

The reports of the three missionaries were presented by the ten or missionary, Rev. Robert H. Freeman was made to the increase of arrests for drunkenness and drunkenness among women was shown to be the cause of much poverty and misery in many of the poor homes of the city.

A number of pathetic incidents were reported, all showing the great need of an increase in the number of missionaries at our own doors.

Nearly 1000 poor homes were visited by the missionaries during October, a number of needy cases were relieved and 1200 articles of clothing were given free of charge to the needy.

Work in the jail and other institutions has also been very successfully carried on.

Censures Chatham Hotelman.

CHATHAM, Nov. 2.—(Special.)—Licence Inspector French has completed his inspection of local hotels. He will report favorably on the accommodations provided, but will severely criticize the hotelmen with regard to their not living up to the law in the matter of serving liquor to persons already under the influence of liquor.

In East Kent, at the half-yearly meeting of the license commissioners, all the licenses in that riding were renewed.

Cleaning Up Montreal.

MONTREAL, Nov. 2.—The Montreal Citizens' Association, formed during the last days of what was known as the "old regime," to establish clean municipal government in place of the rule of graft and corruption which was found to exist at the city, held its annual meeting today.

The annual report took up a number of civic questions. It urged that the plan of division whereby the city would be divided into five electoral districts, each district electing five aldermen, be again submitted to the legislature at Quebec.

It also advocated the giving of fuller powers to the recently created Metropolitan Parks Commission, and the question of giving Montreal a larger and fairer representation in the legislature was taken up.

The treasurer's report showed a deficit of \$6000.

HAMILTON HAPPENINGS

TO MORE PICTURE SHOWS IF MINISTERS HAVE WAY

Pool-Rooms Are Also Made Subject of Vigorous Attack—Toronto Traveler Vindicated.

HAMILTON, Nov. 2.—(Special.)—Moving picture shows and poolrooms were subjected to some vigorous criticism by a ministerial delegation which appeared before the property, harbor and license committee to-night to protest against the issuance of several licenses for such applications had been made.

The clerical hammer was first used on a proposed moving picture show at the corner of Barton-st. and Westinghouse-ave. for which a license was asked by its promoters, who presented to the committee a petition alleged to have been signed by 700 citizens of the vicinity where the proprietors of the nickelodeon hope to do business.

Ald. Merigold discovered that the addresses of some of the alleged petitioners were fictitious, and after running his eagle eye over the document, remarked that a wonderful similarity of handwriting was apparent among the supposed signatures. The question of granting the license was laid over until the committee's next meeting. In the meantime, both the friends and enemies of the proposed place of entertainment will bestir themselves to obtain petitions signed by municipal voters for and against the license.

Attack on Pool Room.

An application for a pool room license at 645 East Barton-st., next door to the ministerial fire and fire insurance office, was refused, and the pool room license was transferred to the former owner's new place of business.

Rev. Mr. Williamson said that women were present at the place, and that he had been told that boys had lost money there. "There is no doubt about the associations of a pool of billiards," declared the reverend gentleman, "and it would be a grave mistake to allow a license there." His attitude was supported by Rev. J. J. Peers, G. T. R. G. Livingston, Mr. Barwell, Ald. Leondes and others.

The former proprietor claimed that he had always conducted the place in the most proper manner and defied any one to prove anything to the contrary. The committee laid the matter over. Several other applications for pool room licenses were refused, and a license for 639 East Barton-st. was granted.

Fixing Up City Hall.

The committee passed a resolution to engage Chas. Mills, architect, to fix up the city hall basement, so as to make it more suitable for office use, and to have the present somewhat congested condition of the building altered. The committee also decided to obtain the services of Architect A. W. Peers in constructing the underground public lavatory which is proposed to establish in Gore Park.

Coroner Anderson's jury to-night rendered a verdict to the effect that Dominic N. Driscoll died in the city hospital on Oct. 23, from injuries received on the previous day, came to his death from some cause unknown to the jury.

Agreement With Children's Aid.

The differences between the city and the Children's Aid Society over the proposed children's shelter in the city were settled this morning at a conference between the board of control and the officers of the society. The society will use the shelter for such of its wards as it cannot find suitable private homes for, and will receive an annual grant of \$500 from the city.

Adam Brown, president of the society, told the controllers that such a change was required, and that twice that amount would be required. The city will build the shelter, and the society will equip, furnish and manage it.

The Children's Aid Society will be appointed by each party to arrange the details of the agreement to be entered into.

Traveler Was Acquitted.

Richard Glasford, the Toronto commercial traveler arrested last night on a charge of false pretences, preferred by a Chinese laundry man, was honorably acquitted in police court this morning.

The Chinik claimed that Glasford had secured by her marriage another man, but Maristate Jettis believed the Toronto man's story to the effect that the laundry obtained had been sold to him by the Chinaman as unclaimed property, and dismissed the case.

A dangerous overhanging bluff on the Strongman-road, on the mountain, will be removed by the city and removed, in a cordance with the decision of the board of control, who, after investigation, in the matter, think that the projection is a menace to traffic along the road.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conventionally situated and easily reached from all parts of the city. Erected in 1908. Modern and strictly first-class American plan. Rates \$15.00 to \$20.00 per day. Phone Hanrahan, proprietor. Phone 1465.

City Engineer Wins Out.

It will cost \$12,900 to perfect the sewer between York-street and Spadina-avenue on Adelaide-street. The engineer yesterday suggested that the work be done by day labor. The mayor thought contracts were better than day labor. Controller Science thought a report should be made regarding all work done by day labor. The mayor agreed, saying that it was a good suggestion. The asphalt on Adelaide-street will be done as the engineer suggested.

His Honor the Lieutenant-Governor and Mrs. Gibson held their first formal reception this season at Government House yesterday. The drawing-room was filled with the most beautiful flowers and Mrs. Gibson wore a gown of white satin with overdraped of chandelier lace, diamond ornaments, and a corsage bouquet of orchids. Miss Gibson looked very pretty in a grey-blue silk with lace on the same color. Miss Metia Gibson was in pale pink chiffon and lace. Miss Joan Mallock of Hamilton wore black and white. Major Shanley and Mr. Bellows were in attendance. The tea table was set in the ball room lighted with pale yellow chrysanthemums and silver pots of ferns. Hundreds of people availed themselves of the opportunity to pay their respects to His Honor and Mrs. Gibson.

Mrs. Stephen Haas gave a large tea yesterday at her beautiful home in St. George-street, where she was wearing a wonderfully becoming gown of an exquisite shade of pearly satin, most delicately embroidered with fine, embroidered and edged with fringe. Also with this were worn some very fine diamonds, including a pair of earrings, a necklace, and a bracelet. Mr. Alan Sullivan, who received with her sister, wore a very artistic high-waisted gown of white and blue, with a large lace collar and a corsage bouquet of real lace. The drawing-room was filled with flowers, and the party was very enjoyable.

Rugby Gossip

Neither Taylor nor German were out at the Varsity practice last night and it is stated on the best of authority that German's injury is much more serious than was at first anticipated.

Mr. H. C. Griffith may send his way towards the Varsity campus to-morrow afternoon and assist the other honorary coaches to get the team into practice once more before Saturday and it would not be at all surprising if one of the intermediates were used against Queens.

The Mulock Cup game scheduled for yesterday between St. Michaels and Victoria was held on Saturday.

Mr. W. B. Hendry and J. B. McArthur will play the first game of the season on Saturday between Queens and Varsity.

The annual football game between St. Andrews and U.C.C. III, was held on U.C.C. grounds Wednesday afternoon.

The Jewish A.C. Rugby team will hold their annual practice Friday night at the University avenue stadium.

The Royal Military College Intermediate Rugby team plays Varsity II in Toronto next Saturday.

TORONTO FIRM LOWEST BEACH PRESBYTERIANS TENDERER FOR TUBES DIVIDED OVER PASTOR

M. J. Haney & Co. Ask \$2,600,000 For Concrete Subway—Two Millions More Needed.

Rev. Binnie S. Black May Be Asked To Withdraw Resignation—Flock Undecided.

A local contracting concern, M. J. Haney & Co., are the lowest tenderers for the construction of the three miles of tube system at present proposed.

The biblical saying that a house divided against itself cannot stand was illustrated last evening in the case of the New Beach Presbyterian Church, where considerable trouble has been in the air for some time between the church session and the pastor, Rev. Binnie S. Black.

A young and enthusiastic pastor, with new and brilliant ideas, coming in contact with a few elders who believed themselves to be the pillars of the church, was the ground of the fury, for indeed it was fury in that the elders attacked the young theologian in full armor and left him to fight the battle against them one-handed, save for a few cheerers which arose from a portion of the audience who were ready to make his defense.

Back of all the discussion and beyond all the outward controversy there has been brooding in the hearts of the "pillars" of the New Beach Church a sorrow at having to sit under the ministry of a young man who perhaps was no better informed on biblical subjects than themselves, and whom they had to look up to as their spiritual adviser. He would not return the charge in public, and would not even do so in private.

So warm and so of these pillars might rise that they requested the press to enjoy the fresh, balmy air along the shore a few hundred feet to the south of the church. The invitation, however, was too general for some. The fact that a city editor who was leading themselves with a door and whose presence was looked upon as undesirable, gave the impression to some that they might also remain rather than depart into the outer darkness.

For three and a half hours the debate lasted. Dr. Turnbull occupied the floor for the greater part of the time, and allowed everyone to speak at length, and needless to say, no points were left out.

Rev. Binnie S. Black gave utterance to the sorrow which has filled his heart for the past six weeks. He said that some of the men on the session were leading themselves with ammunition and were awaiting an opportune moment in which to discharge the whole volley upon him. The time came on Monday before the Y.M.C.A. when the storm broke and Rev. Binnie S. Black should be requested to withdraw his resignation, which was sent in a few days ago or later.

After the return charge had safely lodged in the bosoms of the gentlemen comprising the complaining group, the vote was taken to decide whether Rev. Binnie S. Black should be requested to withdraw his resignation, or not.

Resolved: That the resignation of the Rev. Binnie S. Black should be requested to withdraw his resignation, or not.

CONDITION OF SCHOOLS IS ROUNDLY CONDEMNED

Trustee Lewis Stirs Up Merry Row at the Board of Education Meeting.

The perfunctory droning of "carried" and "what's the pleasure of the committee," etc., of Chairman Leves of the board of education was brought to an abrupt ending last night, when Trustee Lewis presented a motion to appoint a competent sanitary engineer, whose duties were to have charge of the plumbing, ventilation and general sanitation of the public high schools and colleges of Toronto.

The attention of the members was called by Trustee Lewis to the fact that nothing had been done until recently with regard to his request of the board to appoint a sanitary engineer to have charge of the plumbing, ventilation and general sanitation of the public high schools and colleges of Toronto.

That the recent diphtheria epidemic in Parkdale school was a result of the miserable conditions of the plumbing and ventilating, and should one death have occurred there the board of education would have been liable to a lawsuit.

With the backing up of the sewer in the Parkdale school, Trustee Lewis said in each case either diphtheria or scarlet fever had broken out, and the parents were getting their children transferred where possible. He cited one case after another where the children had been so badly affected that they were not informed of the matter, and a delay in correcting the evil would be nothing short of a tragedy.

A general discussion of the matter followed, after which Superintendent of Buildings Bishop was given the floor to defend his department. He did to the extent of contradicting statements of Trustee Lewis, and finally wound up by saying it would be a shame for some of the other members of the board to go out and broadcast school buildings to the people.

A vote was taken on the motion that a sanitary engineer be appointed, the result being six for the motion and five against.

Trustee Lewis declared the motion lost.

Mr. Lewis appealed from the decision of the chair and cited the bylaw for the action. The question was put and the chair was sustained.

Those who voted for the motion were: Brown, Conboy, Fairbairn, Hillz, Lewis and Noble.

Those who voted against the motion were: Boland, Dinsin, Ellis, Leves and McKay.

When the question of placing scales in the public schools was brought up, Trustee Noble declared himself opposed to it as a useless expenditure.

Trustee Lewis said that he was not opposed to it, but that he was opposed to the way in which it was being handled.

Another occurred between Leves and Fairbairn on the matter of transferring Robert Kirk, a caretaker at Lansdowne, to the Y.M.C.A. building, to strike the matter out, saying the property committee had no doubt as to the wisdom of the transfer.

Trustee Fairbairn, from the same ward, said he knew Kirk was incompetent, and that he was not competent to be in charge of the Y.M.C.A. building.

KYRLE BELLEW DEAD

Noted English Actor Victim of Pneumonia in Salt Lake City.

SALT LAKE CITY, Utah, Nov. 2.—Kyrle Bellew, actor, died here at 6 o'clock this morning of pneumonia. Funeral services will be held here and the body will be sent to New York.

Howard Kyrle Bellew was an English actor of great prominence and for many years had played in this country. He was born in Prescott, Eng., in 1855, and was the son of a clergyman. Bellew went to Australia as a gold prospector and in 1874 made his first appearance as an actor in Solerino, Australia. He returned to England and a few years later joined the company of Sir Henry Irving. In 1883 Kyrle Bellew formed a partnership with Mrs. James Brown Potter and for ten years they started together, making a tour around the world. He created the part of "Raffles."

Mr. Bellew has been appearing this season in "The Mollusc" and was to have begun a long engagement in San Francisco next Monday.

REEVE ON HIS LIGNITY

Wasn't Present at Meeting and Declines to Pay Contractor.

NIAGARA FALLS, Ont., Nov. 2.—(Special)—Chippewa Village affairs are somewhat muddled because of the refusal of Reeve Mackenzie to sign a thousand dollar check to pay Contractor Gendler for laying permanent walks in the village. The reeve claims because he was not present at the meeting when the contract was awarded it was illegal.

Accompanied by a heavy snowfall for this time of year, a strong north wind swept over the Niagara frontier today. Nearly two inches of snow fell. The wind whistled over a hundred foot flagpole on the city hall tower.

Advance in Stocks Continued But Market Wavers Late in Day

Natural Reaction After Extended Advance Checks Vigorous Upward Movement in Wall Street—Toronto Market Irregular.

NEW YORK, Nov. 2.—The advance in stocks which proceeded so vigorously yesterday was continued during most of today's trading. Buying for the long account was resumed in an aggressive way, and there was further extensive covering of short contracts. Prices of most of the active stocks were elevated a point or two after an early period of hesitation. But the range of quotations thus established was not maintained, and the market wavered and then later in the afternoon broke, losing the greater part of the day's gains. Some of the active issues, including U. S. Steel, Amalgamated Copper, St. Paul, the Hill stocks, Reading and C.P.R. closed with small net losses.

Reaction Was Healthy.
 The reaction from the top prices of the day was regarded as only a natural movement after the rapid rise, and apparently did not shake the confidence of the bull party. The competence of the change in the character of the market, nevertheless, indicated that the buying had been largely of a professional character, so that the list was left without effective support when realizing was in progress. It was apparent that the public buying had been based on the bullish demonstration. There was some short selling on the decline by professional traders, who regarded a reaction at this time justified by the recent course of speculation.

Smelters Was Strong.
 American smelting was conspicuously strong stock of the list, and it sold off with the market late in the day it quickly rebounded. The extensive rise in this issue seemed to be due largely to the report of the interest, which is reported to have reached unusually large proportions. Trading in U. S. Steel was on a considerably smaller scale. The industrial, as a whole showed no instances of pronounced strength than did the railroad list, owing perhaps to the frequency of reports of improving trade conditions.

 MONTREAL, Nov. 2.—It was announced this morning that \$5 million had been bid by European capitalists for Montreal Street Railway's new debentures. The company refu. \$1,000,000 of the offer and says \$4,000,000 which represents 348 for M. S. R. stock.

Steel Hearing to Resume.
 WASHINGTON, Nov. 2.—The Stanley Steel Committee will meet Nov. 20 in this city to resume its hearings. It is said that the committee expects to show that the reduction in the trust of rates on iron ore from the mines to Duluth should have been greater than 10 cents a ton and last the hearing will bring out testimony upon this point.

A "Morgan" Market.
 The Financial Bulletin of New York says: Very good authority declared the present bull move to be a Morgan market strictly. A large following has been noted in the market, according to many indications. This being true, no party operation may be contemplated. Such is the dictum of the conservative interests, which are analyzing all the large transactions.

World-wide Distribution.
 There are shareholders of United States Steel in Gibraltar, Italy, Japan, Malta, Portugal, Russia, Sweden, Switzerland, and India. Also, Brazil, India, Canary Islands, Egypt, Finland, Chile, Australia, Belgium and China as well of course, as Canada, England, France, Germany and Holland.

The shareholders total over 120,000 in number, making Steel one of the most widely distributed and popular stocks in the world.

LONDON MARKET IMPROVES.
 LONDON, Nov. 2.—The supply of money was abundant and discount rates were steady today.

There was a general improvement in the stock market under good local and continental support. Consols, diamond shares and Chinese securities led the advance, and underground rails and omnibus stocks were helped by the rumored amalgamation of the London transit companies. Home rails were uncertain owing to fears of labor trouble.

American securities opened quiet and a fraction lower. An upward movement followed, and prices sagged again before noon on realizing. In the afternoon New York buying strengthened prices from one-half to a point, and the market closed steady.

ON WALL-STREET.
 Erickson Perkins & Co. (J. G. Beaty) wired: Long stocks were passed for sale today, under cover of the great strength and in the last hour recessed a point or more took place. The level of three days ago. We ought to have some further setback; this would induce public buying. On any drive we would buy the better class of railroads. News developments were unimportant, but they were generally favorable. More steel mills are re-opening, showing confidence in the outlook. Trust attacks were temporary forgotten today. It is generally felt that they have been sidetracked for the present market influences.

Charles Head & Co. to R. R. Bondard: Market as a rule showed slight losses at the opening, due to realizing sales and a lower level of quotations from London, but prices did not long remain on the downward trend. After the early orders had been executed the market rallied and gains of 1 point or over were scored. Practically the whole list enjoyed a spirit of buoyancy, which lasted until after the noon hour, when the later dealings the market was somewhat reactionary. Closing was generally on a 1-1/2 to 1 point at highest, with Smelters strong at top notch. We look for continuance of the rally, but being natural moderate reactions, higher prices.

London Gold Shipments.
 LONDON, Nov. 2.—\$1 million amounting to \$100,000 was withdrawn from the Bank of England for shipment to Egypt.

Note.—Mr. J. P. Morgan, when asked the other day as to his ideas concerning the possible breaking up of the United States Steel Corporation into its constituent corporations, replied significantly, "Can you unscramble an egg?"

SENTIMENT MORE CONFIDENT.

Wall-street continued in a more optimistic frame of mind yesterday and a further sharp plunge in prices was realized. Much of the old-time apprehension, which has so long hung over the market, disappeared as a result of the marked improvement on Wednesday, and a more confident attitude took its place. A natural reaction at the top prices late in the day represented the profit-taking proclivities of the professional traders, who are engaged in scalping the list for small profits on each and every opportunity. The situation has been cleared up to a certain extent, but the market promises to continue nervous for some time to come.

MUST REGISTER AGAIN

New Listing Seems Inevitable and Organizers Preparing.

It's probable that registration will have to be held all over again. The workers of both parties have been hoping and praying that some way could be found to get over the trouble, but the Registration Act clearly points to the necessity for a new listing.

The City Conservative organizer, A. E. Birmingham, is now preparing to circulate the eligible voters, and A. E. Hacker, the Liberal organizer, is doing the same.

The lists that must be used in Toronto and in other cities are the latest revised lists in the hands of the clerks of the peace at the time of posting the writs of election. The city clerk expects the writs will be posted about the 15th, but the lists will not be revised until near the end of the year.

The Dominion Act allows the use of a provincial registration for 12 months, but there is no corresponding provision in the provincial law.

Despite the fact that the organizers have all the names of those who registered in September, the total registration this time will hardly run 20,000. The most suitable and the most probable dates for registration here are from Nov. 25 to 28, inclusive.

OVER 45,000 SCHOOL KIDDIES.

The registered attendance of pupils in the public schools of Toronto for October was 45,107. This number exceeds that of October last year by 4,000.

The board of education has found it hard work to provide adequate accommodation on the appropriation for 1911, which, when passed, did not provide for such a large increase in attendance.

Lineman Wants Damages.
 A writ for unstated damages has been issued against the city and the hydro-electric commission, by A. Cronin, a lineman, of 26 Lindsay-ave. It appears that on Sept. 23 last he climbed a hydro-electric pole on Sackville-street to fix a wire. While at work the pole suddenly broke off at the base, precipitating him to the ground and injuring his back.

Woman Was Victimized.
 WINONA, Minn., Nov. 2.—Mrs. W. F. Jahn of Rolling Stone told the Winona police that she was robbed today of \$10,000 in cash which she carried in a suitcase, as she had no faith in banks. She said she was about to board a street car when a stranger, who boarded the train from Rolling Stone, offered to carry her grip. She allowed him to do so. When she turned around, she saw the man disappearing up a hillville-street to fix a wire. While at work the pole suddenly broke off at the base, precipitating him to the ground and injuring his back.

FARMERS' BANK SHAREHOLDERS

Present Defence Against Claims of Liquidator.

Representing over 600 shareholders of the Farmers' Bank, William Laird-law, K.C., has filed defence against the claims of the liquidator to have their names placed on the list of contributors. The shareholders claim that their deposits in and loans to the bank should be set off against their liabilities to the bank.

LENNOX MAY COMPROMISE

City and Plaintiff Talk Over Matter of Settlement.

Both Corporation Counsel Drayton and Mayor K. Cowan, counsel for E. J. Lennox, are of the opinion that a compromise will be reached in the Lennox case.

Mr. Cowan is going over the evidence carefully, weighing the chances in argument, and if a suitable basis can be arranged, it is likely that a settlement will be made.

CHANGES IN ROUTES.

Owing to the work of laying new tracks at the intersections of Bay and Richmond-streets and Queen and Victoria-streets, the following car route changes will be made on Monday next: Queen cars as well as Dundas cars instead of going south on York-street, will proceed east to Victoria, south on Victoria to Richmond, west on Richmond, north on York-street to Queen.

Froedview cars will turn south to Church-street at Queen, west on Richmond to Victoria, north on Victoria, and back east along Queen.

Broadview cars will proceed west to Yonge-street during the change.

RETAILERS' BRANCH.

A retail merchant section of the Board of Trade was formed yesterday. There are about 150 retail merchants who are members of the board, and the association was formed with a view to furthering their own interests. The following were elected as the executive committee: William Dinsin, George Barron, B. R. on, Limited; Thomas Bilton of Bilton Bros., Limited; C. H. Wilson of Macdonald & Wilson; C. H. Patry of Charles Potter; William Tyrrell of W. M. Tyrrell & Co., and W. H. Worden.

UNITED EMPIRE LOYALISTS.

A special general meeting of the United Empire Loyalists Association of Ontario will be held on Friday evening, Nov. 3, at 8 o'clock, in the Canadian Institute, 198 College-street. All members are requested to be present.

Hydro Foreman Buried.

James W. Reid died at his residence, 130 Yorkville-avenue, on Tuesday, from a stroke of paralysis.

Mr. Reid was the general foreman of the hydro-electric in Toronto, and had charge of the construction work in and around Toronto. For 20 years he was foreman for the Bell Telephone Co. in that capacity by the Toronto Electric Light Co.

The deceased was a member of St. James Masonic Lodge, and Prospect Lodge of Oddfellows. He is survived by a widow and two sons, Clarence and Lorna.

His remains were interred yesterday at Mount Pleasant Cemetery, the hydro-electric system closing down to let the men attend the funeral. The service was conducted by the Rev. Dr. J. Nell.

MUCH-WATERED MILK.

R. C. Packard, chief dairy inspector for the medical health department, reports that the milk delivered to the Isolation Hospital was adulterated with 40 per cent. water. Mr. Packard, in his report to the medical officer states that the adulteration in general has greatly decreased and that 25 out of 45 milk dealers in the ward have been forced to cease business because of unsanitary conditions. He further states that the farmer is becoming very much more careful and that good ventilation has been made in the stables where the cows are kept.

The medical health board met yesterday afternoon, receiving the dairy inspector's report. A special meeting will be held next week to deal with the stable drainage question.

Many Seamen Desert.

MONTREAL, Nov. 2.—According to statistical record kept by Mr. Thomas Robb, secretary of the Shipping Federation of Canada, there has been upwards of 1000 desertions of ships' stewards, firemen and seamen from vessels in the port of Montreal so far this season.

DISPUTE POSTPONED

C.N.R. and Brick Company Agree on \$1000 an Acre, But Get No Farther.

At 10 o'clock yesterday morning the arbitration of the dispute between the Canadian Northern Railway and the Don Valley Brick Works was begun. The formal evidence was taken, however, the proceedings were carried on in the board room of the Crown Life Insurance Co. The arbitrators were H. M. Mowat, K.C. chairman; C. Wason, K.C. arbitrator for the C.N.R., and J. C. Holman, K.C. arbitrator for the Don Valley Brick Works. A. D. Ballantyne was present in the capacity of clerk for the brick company, and R. Henderson represented the railway.

The arbitration was for the purpose of settling the amount which the railway should pay for the land belonging to the brick company, which the railway passed over, and also the maintenance and loss which the brick company experienced.

After some discussion it was agreed that the price should be on the basis of \$1100 an acre, but this figure was not the actual value of the land, and did not include the value of the share and city deposits. The arbitrators decided, on the request of Mr. Henderson, to adjourn for a week before a dealing with this side of the question.
