VOL. XXXII—No. 11,652

C. P. R. PASSENGER BUSINESS TO BE CONCENTRATED UPTOWN

J. W. Leonard, While in Toronto Yesterday, Announced That Company Plans For Joint Section With the C. N. R. East to the West Don, For a Double Track to Brown's Corners and Four New Double Track Steel Viaducts Over the Don.

J. W. Leonard of the Canadian Pacific executive, when in town yesterday, made a number of important statements in regard to North Toronto. He said that the Canadian Pacific were asking approval of a new union station uptown, and that in a few days they would begin work on the separation of the grades along the whole of the northern portion of the city, which entails the erection of an earthen viaduct with cement subways for all north and south streets from Dufferin-street in the west to St. Andrew's College in the east.

DOUBLE-TRACK LINE FROM YONGE TO LEASIDE. His most important statement was that the Canadian Pacific had decided to double-track its present line from Yonge-street easterly thru Leaside, Donlands, Wexford, Agincourt and Brown's Corners, from near which latter point the new lake front line would break off to the southeast. For years engineers have been at work trying to improve the grades and shorten the mileage to the east, and after the most careful study they have decided that the best thing to do is to keep to the old line and double track it and put new double-track steel viaducts across the main Don, the west Don, the Belt Line ravine and the reservoir ravine. The masonry work for these new bridges will be let in a very short time, so as to have it ready for the steel in the spring.

These new bridges will be of the latest and strongest kind, and will carry two tracks. There will be considerable other improvements along the existing line. Leaside junction will likely go farther to the east, and the yards there will be enlarged and more or less shifted.

FOUR JUNCTION TRACKS MORE THAN FIVE MILES.

Mr. Leonard also stated that the Canadian Pacific would agree with the Canadian Northern that from Yonge-street thru Leaside and to the crossing of the west Don, nearly three miles, the line be a joint section for both companies, and therefore in all likelihood there would be four tracks right across the north of the city to the west Don, although a distance of about five and one-half miles.

The reconstruction of the nine miles of the present line from Yonge-street east to Brown's Corners would run into a large sum of money.

The Canadian Northern have already filed a plan for their line to Ottawa from North Toronto. It will leave the joint section after passing over the bridge across the west Don, and go southeasterly to a junction in Scarborough with its existing line, as illustrated by a map in The World two or three days ago.

CONCENTRATE PASSENGER BUSINESS UPTOWN.

It is therefore now practically settled that there will be a union station in North Toronto for the two companies; that there will be a joint line across the whole of the city and for a mile east of Leaside; that there will be four new bridges over the Don and the Don ravines; that the C.N.R. will break away from the joint section for its Winnipeg line and its Ottawa line at or near the west Don, and that the C.P.R. would break away from Brown's Corners for its lakefront line. The C.P.R. would eventually have a Montreal train service, an Ottawa service, a Lindsay and Port McNichol service, a lakefront service, and a Peterboro service all coming into North Toronto. The saving in time to passengers and expense to the company by the northern route and station would be very considerable.

GAIN BY PROGRESSIVES SWINGS TIDE TO WILSON OUTCOME MORE CLOUDED

Decision Not to Force States to Vote as Units Distinct Victory for Bryanites—The Clark Wave Recedes as Wilson's Advances—Fight Lasts Until Midnight.

DARK HORSE TALK FILLING THE AIR

BALTIMORE, June 26.—(Can. Press.)—The progressive in the Democratic National Convention claimed a notable victory when they carried a motion abrogating the rule by which some state delegations were bound to cast their votes as a unit. The fight for and against the unit rule was waged particularly about the State of Ohio, where eighteen delegates had been instructed by primaries to vote for Woodrow Wilson, but where the state convention, controlled by the Harmon forces, had invoked the unit rule binding all Ohio delegates to the Ohio governor.

The convention, by a vote of 563 to 491, voted that no state delegation should be bound by unit control except in such cases where a state law was mandatory on the subject. Wilson supporters in the convention, who, earlier in the evening had carried on a demonstration lasting 33 minutes, regarded the vote as distinctly favoring their candidate. The Wilson boom had been growing through the day. Wilson gained and Harmon lost 18 votes from the Ohio delegation as a result of the fight. It was said that the abrogation of the rule might lead to breaks in other delegations, and this left the presidential nomination race to-night in greater doubt than ever. New York's solid block of 99 votes

Bryan Pulls the Springs

BALTIMORE, June 26.—(Special.)—Champ Clark's presidential balloon may not be completely punctured, but the Missouri prospect has visibly faded during the past 24 hours. It was a day of Bryanite victories, ending to-night in a vote to set aside the provision that state delegates must vote en bloc. Champ Clark's followers fought against interference with the machinery, but the Wilson adherents, with Bryan as the power behind, were all-powerful. The Progressives appear to be in control of the convention.

MR. HANNA STAYS IN ONTARIO CABINET

Refuses Chairmanship of Dominion Railway Commission in Order to Continue the Important Work He Has Undertaken in This Province—Sir James' Statement.

Hon. W. J. Hanna, provincial secretary, will remain with the Ontario Government. Mr. Hanna has decided not to accept the position of chairman of the Dominion Railway Board, which post was rendered vacant by the death of the late Judge J. P. Mabee. He notified Sir James Whitney yesterday of his decision, and the premier gave a statement to the press to this effect.

The following is the statement of Sir James: "I am tired of replying to allegations in the press on this subject. I am bound to say, however, that I am not surprised to see that Mr. Hanna's name should be so persistently connected with the vacant chairmanship of the Dominion Railway Board. His work as a member of the provincial government can leave no doubt as to his fitness for the position. However, the importance of that work and his interest in it, has decided him to remain with the province. This is all I have to say. Possibly there will be statements in the press contrary to what I have just said, but I cannot hope to stop that."

When seen by The World, Mr. Hanna said that he did not wish to add anything to the statement given out by the premier.

TELLER ADMITS PASSING BAD CHEQUE

Garnet U. McIntosh Helped Detective Search for Fictitious Character, Who Was Supposed to Have Put Through Forged Cheque, But Finally Confessed to Crime.

After spending a week with Detective Mitchell, of the city force, pretending to search for a man who had passed a forged cheque on him for \$202, Garnet U. McIntosh, 23 years, a teller in the city hall branch of the Dominion Bank, living at 18 Bernard-avenue, confessed yesterday to that officer that he himself was the forger, and was locked up charged with forgery.

The first time that the detective doubted the story of the forgery as told by McIntosh was when he learned a few days ago that McIntosh had left the employ of the bank. He took him to headquarters and after a brief examination the young man made a complete confession.

On May 23, Manager Harmon, of the city hall branch of the bank, swore out a warrant for an unknown man who was then supposed to have passed a worthless cheque at his branch of the bank. McIntosh accompanied the manager to headquarters and told a circumstantial story of the passing of the cheque. The cheque was produced. It was a cheque of the Northern Crown Bank, and was purported to be drawn against the account of L. E. Wilkes in favor of T. Ellis, by whom it appeared to be endorsed.

Searched for "Ellis." Believing that the man would be likely to be found at the Woodbine races, which were then going on, Detective Mitchell went to the track accompanied by McIntosh. They spent several days there and at various other points, but were unable to locate the mysterious Mr. Ellis. Later, a man named Ellis was arrested for passing bogus cheques and McIntosh went to headquarters, where he looked this individual over carefully before declaring that he was not the man who had passed the worthless cheque upon him.

Made a Confession. In his confession yesterday, McIntosh declared that he had made a confession to Inspector Bogart of the bank and had given his note for \$300 and \$20 cash in payment of the cheque, which he admitted putting thru the bank himself. This confession was made May 31, but the police were not notified by either the bank inspector to whom it was made nor by the manager who had sworn out the warrant that the forger had been discovered and the mystery solved.

CLARK BOOM IS WANING SO ASSERT WILSON MEN BUT OUTCOME IS HAZY

Dawn of Fateful Day in Democratic Convention Finds Air Charged With "Dark Horse" Rumors, Kern of Indiana Being Oft Mentioned—Rivals Cut Loose With Demonstrations at Night Sitting.

TRYING HARD TO PLACATE BRYAN

BALTIMORE, June 26.—(Can. Press.)—With nominations due to be made to-morrow, the situation in the Democratic national convention with respect to a presidential candidate was as complex and uncertain to-night as at any time since the delegates began to pour into Baltimore.

There was much talk of a subsidence of the Champ Clark wave, which reached its crest last night, but the Speaker's campaign managers were not willing to admit there had been any wavering in their forces. At the same time they went to the convention hall to-night with the expressed purpose of forcing the issue at the earliest possible moment. The opposing forces hearing of this plan prepared to block it. They did not wish the nominations to be made until to-morrow, hoping the situation might clear a little by that time.

The adherents of Woodrow Wilson claimed to-night that their candidate had made distinct gains during the day. They asserted, without giving details, that some of the Clark sentiment was turning toward the New Jersey governor, and were in a more hopeful mood than at any time during the convention period.

Kern of Indiana, Perhaps. "Dark horses" were being discussed everywhere by the leaders and delegates to-night, but there appeared to be some difficulty in crystallizing sentiment as to which one of the "dark horses" was darkest.

Senator John W. Kern of Indiana, Mr. Bryan's choice for temporary chairman of the convention and chairman of the committee drawing the party platform, still appeared to hold among the "dark horses." The coalition of the Bryan and Wilson forces, however, led to talk of the Bryan strength ultimately going to Wilson.

The one outstanding fact in the situation seemed to be the absolute impossibility of any candidate having a sufficient number of votes on the first ballot to nominate. The two-thirds rule prevailing in Democratic conventions always makes the picking of a candidate in advance a difficult problem.

After the first ballot is taken it remains to be seen how well the Clark managers can hold their vote together. Some of the delegates predicted to-night that the voting would run thru a large number of ballots, while others predicted with equal confidence that the "break" would come quickly and a nomination made on the second or third call of the roll.

Gov. Aldrich Deserts Progressives.

LINCOLN, Neb., June 26.—Governor Aldrich to-day announced that he would not serve on the committee of eighteen, appointed by Governor Johnson of California, to take the lead in organizing the new "Progressive" party, composed of Roosevelt adherents. Governor Aldrich declared he would "stay regular."

Politicians interested in preventing a schism in the party in Nebraska have evolved a plan for fusion of the third party and the regular Republicans on everything but the presidential ticket.

Friends of Mr. Bryan practically ceased to boom him as a presidential candidate to-day, though they were reported to take advantage of any psychological moments that might happen along.

It was reported that Bryan buttons and banners had arrived in town, but they were not distributed to-day. To-night Mr. Bryan reported the platform as "coming along nicely." It was said the platform would be ready for the convention by the time the nomination for president had been made. At Mr. Bryan's suggestion it had been determined not to present a platform until after the candidate had been named.

It was generally reported about the convention hall to-night that a number of the western Clark delegations who cast their vote for Judge Parker for temporary chairman, were beginning to "hear from home" on account of alleged desertion of the progressive element.

POLISH COLONY MAY SOON BE REMOVED

Residents of Humber Bay Will Insist That Foreigners Be Cleaned Out, and That Wholesale Distribution of Liquor Every Saturday Be Stopped.

The county police have discovered a man who they believe was an eye-witness of the double murder at the Humber Bay Polish colony last Sunday. His name is Will Cheesworth, who purchased the property of George Armstrong, about 200 feet west of the Polish colony, and County Constable Simpson believes that he will be able to throw considerable light on what took place between the Poles and Italians.

Constable Simpson found that Mr. Cheesworth knew something about the fight. Yesterday afternoon he served a subpoena on him. Mr. Cheesworth showed the constable the spots where the different victims fell and narrated the story of the double murder in much the same fashion as recounted in yesterday morning's World by an eye-witness.

James Forsythe, brother-in-law to Cheesworth, has also been summoned to attend the inquest in Newton's Hotel to-night and a number of other witnesses have been served.

Got Several Stories. Interpreter S. F. Adalla visited the colony yesterday afternoon and wrote down the stories of several of the members for Crown Attorney Greer. The information Mr. Adalla received he guarded closely.

A private detective spent some time in the afternoon at the colony examining the empty kegs and beer bottles lying around the place. He also took the statements of residents as to the quantity of liquor sold at the colony by a city liquor store, and stated that he was going to get at the bottom of the trouble.

On Indian List. A rumor is current that the temperance societies are going to take up the matter of the excessive sale of liquor to the Poles, while another story is to the effect that all the Poles will be put on "the Indian list."

The two hotels at Humber Bay refused to sell liquor to the foreigners, who had to get it delivered from the city.

An agitation has started among the residents of the Lake Shore Road to have the colony removed and the petitioners are determined to clean out the place at once.

Frank Sasitlo, alias Big Frank, still eludes the police, although reports are coming in from all sections of the country saying that he was seen.

Yesterday a call was received at the detective office stating that he was living on Manning-avenue. The report was erroneous.

A resident of Lambton declares that a strange, foreign-looking man has been seen entering and leaving an empty house on the outskirts of Lambton during the past two days.

Out of the Country. It is now thought that with the good start Big Frank got and with assistance from competitors, he could easily get out of the country, and there is much credit attached to the stories of his appearance in the locality where the murders were committed.

THE SOURCE OF THE HOLIDAYS. Jeff: Is that you, John? John: The years have it.

Jeff: Maister Flemmin' says ye're good till him. He is wakin' 'til keep 'til coety frae doin' anything w' tubes or municipal street cars until he has his own plans completed. An' he says Th' Tely is haudin' things up accordingly. Maister Flemmin' has sic a kind heart. He suggested Mayor Geary takin' a long summer holiday. An' he wants th' poor aldermen 'til has a rest frae labor at th' coety hall. But he never talks a holiday in 'layin' pipe himsel'. I'm thinkin', John, ye need a long holiday in Europe an' Asia Minor yersel'. Me and Maister Flemmin' 'll look after Th' Tely when ye're gone. Maister Flemmin' says aw' he has 'til do is 'til pass his han' 'twa or three times in th' direction of the office of Th' Tely an' his views are immediately reflected.

John: He may work that on Th' Tely, but he can't do it as me. I keep my eyes shut when 'Mayar is aroun'. But I'll take a holiday with 'Mayar and thank Robert John for suggestin' it.

A Record in June Weddings. Surely this Toronto of ours is a right good place in which to live. We've broken the record for June weddings already as far as the city is concerned and from what we can learn, records for every other city of the size. It shows us that we are prosperous, for a man only shoulders responsibilities when there's a good job to be done. Another indication of the number of weddings being in excess of previous records is observed in the Dineen sales of Silk Hats. These were very large. Dineen, 120 Yonge-st., is sole Canadian agent for the hat the King wears, that made by Henry Heath of London, Eng. Dineen is also sole Canadian agent for the American Silk Hat, made by Dunlap of New York.

VIEWED BODY AND THEN LEFT

Two Jurors Thought Inquest Was Adjourned, and Caretaker Was Used as a Witness.

A peculiar situation developed at the inquest held at the morgue last night into the death of Mrs. Mary Pearson, who died in Grace Hospital yesterday morning as the result of being run down by a Yonge-st. car on June 7. The inquest was to have been held at 8:30 p.m., but two men whom Crawford had sent down to the morgue to identify the body evidently believed eight o'clock was the time called. These men arrived at that hour, and being shown the body by the caretaker, identified it as that of Mrs. Pearson. Thinking this was all that was required of them the two men then left.

When the coroner arrived he found that the witnesses required for the identification of the body had gone, and also he did considerable "photing" he was unable to locate them. The coroner then decided that rather than have the expense of the jury attending the morgue for nothing he would inaugurate a new departure and have the caretaker who witnessed the identification of the body by the two men done and the difficulty overcome. At the same time it saved the city considerable expense, which would have been necessary by an extra sitting having to be held to identify the body.

KNIGHTS ELECT NEW OFFICERS

James B. Dugan of Canton, Ohio, is Supreme President for the Next Two Years.

Supreme officers were chosen for the next ensuing two years by the Knights of St. John yesterday afternoon. Jas. B. Dugan of Canton, O., was chosen to succeed Peter Fetting of Connersville as supreme president. Emiel Conrath of Massillon, O., and Henry Leiber, Buffalo, N. Y., were re-elected as first and second supreme vice-presidents, while C. W. Wallace, Columbus, O., was re-elected supreme secretary. William T. Holmherst, Covington, Ky., was once more chosen for the position of supreme treasurer. Fred Kleinhaus of Detroit will serve with him in that capacity.

The place for the 1914 convention was left to the supreme board. The day was spent by the men in business sessions, and such sessions also occupied the time of the lights, save that 400 visited the leading stores at the close of the morning session. In the evening a moonlight was held on the steamer Cayuga. Many members of the order were turned away owing to the fact that tickets were sold to the public when there were more than enough of the attending delegates to have crowded the steamer.

BURNED BY GASOLINE.

Walter S. Gorow, 174 Mutual-street, was badly burned on the hands and body when a gasoline engine exploded yesterday afternoon at the same address. He was taken to St. Michael's Hospital and had the burns dressed. He will recover.

# And now the Weather Suggests an Outing

Breathes there a man who does not like to get back to nature once in a while and feel care free and away from the "CITY GRIND?" To enjoy your holiday outing the proper sort of clothes will help a lot, and just now we have a stock to select from that will please you—almost any material you fancy we have in outing suits from \$4.50 to \$25.00. For a man who is not particular, and is going off to the woods, a khaki outfit is the best and not costly. For the man who will have to "DRESS UP" more or less a cool homespun or flannel suit is the correct sort. Some prefer a navy coat and white duck trousers, and for appearance they are hard to beat. We sell the coats from \$4.50 each, and the trousers from \$1.50 a pair.

Sure; we can suit you and please you no matter what you want, so "come on along."

## For the Boys' Summer Comfort

In a few days the boys will throw school books to the winds, their caps in the air, and shout "Hurrah!" for the holidays. Clothes for the holiday season usually consist of light weights. White and khaki ducks are the correct kind of trousers, either in bloomers or long pants. We have a fine line of both. Also Linen Suits and Shirt Waists, Wash Suits for the little chaps, and Auto Dusters for those who will motor this summer. Our Boys' Department is in the hands of experts who know how to fit the boys out correctly, and our prices are moderate.

Come on along with the boys and fit them out for summer comfort.

## OAK HALL CLOTHIERS

Corner Yonge and Adelaide Streets.

o mbes, Manager. Store open Saturday till 10 P.M.

## ORILLIA, THE IDEAL TOWN HAS SPLENDID FACILITIES AND MAKES RAPID PROGRESS

Workmen Are Paid Good Wages, and Are Always in Demand, All Wires Are to Be Placed Underground, Factories Are Building Additions and Everyone Has Great Faith in Future of the Town.

Orillia, one of the prettiest towns in Canada, is on the boom and every citizen of the town from the mayor down is boosting, every hour of the day, for all that is in him. The consequence is that Orillia is better known today than ever before in its history and the marked strides in progress and general development in year and so far this year give ample proof that the boosting has not been in vain. Many interesting facts have been added to the town's history. Last year the town added 500 citizens to its population and this year, so far, nearly a like number has already been added. And yet with this splendid influx the town has need of more men. Laborers are at a premium. Work in the factories is so far advanced that the inability of the manufacturers to obtain the services of enough men. The wages offered for labor are the highest paid and yet the men are not coming. Orillia could easily use 100 men right now, but can't get them.

**A Longer Day.**  
Orillia is nothing if not original. The mayor and corporation decided at a council meeting some time ago that they would change the time in their city that they would with a view to affording an added hour of daylight in the evenings during the summer months, put forward their time-piece one hour before retiring on the night of Saturday, June 22, the local time thus established to govern in Orillia until August 31 of this year. In the interval between these two usual hours in accordance with "Orillia time" those in control of other belts and whistles within the corporation were requested to take into consideration the change in time as widely as possible in order that inconvenience in connection with the time change might be obviated.

**Some Are Opposed.**  
The new idea was begun last Sunday and until August 31 the new time will govern in Orillia. Whether or not it will be a success remains to be seen. At the present time the two hours are equally divided for and against the scheme. The hotel men were not consulted when the project was first mooted, in fact not at all. They are opposed to it. It tends to make confusion among their itinerant guests in relation to train time and they are of the opinion that it is a mistake to make a trial and last Monday morning their employees arrived at work according to the new time. Some of the more conservative citizens, who are not so far from being right, are willing to try out the new scheme. In the meantime it has been made a law and like all other edicts of the community must stand or fall. The community must act according to the new time.

**No Drunken Men.**  
Toronto is called "The Good" Orillia is called "The Blessed." The local reputation and unlike many local spots, there cannot get a drunken man in a street without a medical order to a drug store. A drunken man in the streets is practically an unknown quantity. The various religious denominations have splendid, imposing churches. Most of them are practically new and all are centrally located and all are well attended. The citizens seem to take a great interest in church work. The Roman Catholic Church is the newest structure of its kind in the town and is built of white sandstone. It is a massive building and is very ornate. The Y. M. C. A. Building is one of the finest and best equipped buildings of its kind in Canada and for the size of the town is perhaps the most up-to-date Y. M. C. A. structure among the many such like structures in the various towns throughout Canada. It is well attended and is modern in its minutest details. The Presbyterian Church has just had completed a \$50,000 Sunday School addition to its already splendid building.

**Underground Wires.**  
One idea of the town fathers that will meet with the hearty approval of all citizens is their proposed plan of paving Mississauga-street—the main street of the town—and of tearing down all the telegraph poles and having the electric wires placed underground. For some time now the idea has been on the tapis and in a month or so it is expected that work will be commenced. At the present time the main street is macadam and is very dusty and more or less rough and uneven.

**Neat Wires.**  
The citizens take a great pride in the outward appearance of their homes and one thing that strikes one particularly is the neat and clean appearance of each separate house and its surroundings. On added beauty is the great number of trees on almost every street. At this time of the year, with the leaves out and green, when seen from Lake Couchiching the town looks more like a vast forest than an enterprising town. Were it not for the fact that the Presbyterian Church steeple stands out in relief among the great launch which was burned in fifty feet of water last night. A young woman camper rowed a mile and rescued them at the last moment.

**Violated Games Act.**  
Two Men Fined Heavily by Elk Lake Magistrate.  
Joe O'Brien of Elk Lake has been fined \$50 and costs by Magistrate McCarthy of the northern town, for having shot a cow moose. He was arrested by Provincial Constable Rowell, following an investigation, after a man named Wm. Wilson was arrested and fined \$20 and costs for having in his possession a calf moose.

Ontario Diamond Co. 90 Yonge Street, Toronto. Advertisement for diamond jewelry, including a Platinum Cluster Ring and a Diamond Ring, both priced at \$60.00. The ad also mentions a 'Violated Games Act' and a 'Toll of War in Tripoli'.

## FAST EXPRESS FOR MUSKOKA

C. P. R. Will Put on New Train, Leaving Toronto for Bala at Noon Daily.

In order to accommodate the increased summer business between Toronto and Muskoka, the Canadian Pacific Railway will put on an additional train, to be known as the new C.P.R. Muskoka Express. The initial run of this train will be made on Saturday. The train is to leave here at 12:10 noon daily, except Sundays, and will arrive at Bala at 3:35 p.m. The quick time to be made will be accomplished by cutting out all stops. Bala connection will be made with steamers for Muskoka Lake resorts. The train will leave Bala for Toronto at 7:40 p.m., except Saturdays, arriving here at 11 p.m. The reason for the exception is that it is planned to have the train remain at Bala from Saturday to Sunday night. The finest equipment will be used, consisting of standard day coaches and parlor and cafe cars.

## TEACH CHILDREN HOW TO SWIM

Playgrounds Association Also Will Impart Knowledge of Diseases, First Aid and Department.

Lessons on swimming, instruction regarding the first aid to the injured, a knowledge of diseases, and department will be taught to the children by the staff of the Playgrounds Association, under the direction of George Smith. At the meeting of the association in the city hall yesterday afternoon, Mr. Smith announced that his policy would include such features and the scope of the work, he said, would not be confined solely to the association's playgrounds. It was intended, he said, to supervise the children at different points, where they congregated, and especially at the bathing places, where instruction would be given in swimming.

There were about 1500 children who used the association's playgrounds, and an effort would be made, he said, to teach all of them to swim, or at least, to keep themselves up in the water. This latter feat, he claimed, could be taught in 15 minutes. It was also proposed to institute a uniform policy regarding hours and regulations which would be applied to all the playgrounds. Provision was made to acquire the necessary additional athletic equipment. The association also decided to add two male instructors and a number of additional women supervisors, and Mr. Smith was authorized to secure the extra assistance.

## VALUABLE FURS BURIED IN ICE

Provincial Police Seized \$3000 Worth and Arrested Hudson Bay Company's Factor.

Provincial constables made a seizure recently of over \$3000 worth of beaver, otter and mink skins at Montserrat, near White River. Since then the factor of the Hudson Bay Co.'s post has been arrested and held on two \$1000 sureties, on a charge of being illegally in possession of the furs. It is also alleged that the Hudson Bay Co. had knowledge of the Game and Fisheries Act being violated.

**TOLL OF WAR IN TRIPOLI.**  
WASHINGTON, June 26.—(Canadian Press.)—The casualties to the Italian army in the war with Turkey to June were 37 officers and 583 soldiers dead, according to the announcement of the Italian minister of war, just received by the Italian ambassador here. These were killed or died from wounds in battle. In addition two officers and 325 soldiers were "lost."

## DEMOCR WITH

No Duties, Sa York Dele

BALTIMORE, June 26.—The Democratic nominations began to-day with a platform of the convention and with the approval of a auto-detailed work of a ment for the cons body.

In addition to the platform presented to the convention, a committee began a devoted to the preparation of a platform. The committee was composed of a number of prominent Democrats. The platform was adopted by a vote of 100 to 50.

**CLARK BOOM**  
Continued from page 1. It was also a good idea between the Bryan and some of the Wilson night that sentiment for the Bryan campaign.

## SIR DONALD GIVES \$10,000

C. N. R. Will Also Assist Sufferers in Chicoutimi Fire.

MONTREAL, June 26.—(Can. Press.)—A subscription for the relief of the sufferers of the Chicoutimi fire, has been made by Sir Donald Mann, vice-president of the Canadian Northern Railway.

**NEW GOVERNMENT BUILDING.**  
Magnificent Structure for Provincial Exhibits at Canadian National. The new government building at the Canadian National Exhibition is being rushed to completion. It will be ready for the year's fair. It will cost \$160,000, of which the Dominion Government pays \$100,000, the Ontario Government \$25,000 and the City of Toronto the balance. It will be used for provincial, Dominion and educational exhibits.

DEMOCRATS SHARPENING KNIFE WITH INTENT TO SLASH TARIFF

No Duties, Save for Revenue Purposes, is Slogan of New York Delegates—Gompers Pressing Claims of Labor—Busy Nailing Platform Together.

BALTIMORE, June 26.—(Can. Press.)—The Democratic committee on resolutions began to-day the work of preparing a platform for the consideration of the convention.

In addition to voting to recommend that the platform should not be presented to the convention until after the nomination of a presidential candidate, a concession to W. J. Bryan, the committee began a series of hearings devoted to the presentation of plans for platform declarations.

The New York platform received very careful consideration. It gives first place to the tariff, declaring it to be a fundamental principle of the Democratic party that the federal government has no "right or power to collect tariff duties except for purposes of revenue."

Extension of Parcel Post. Other recommendations favor: Extension of the parcel post; encouragement of the merchant marine; maintenance of good roads; improvement of the inland waterways; reform of the civil service, making merit the standard of appointment and promotion; workmen's compensation legislation; improvement of the pure food laws; conservation of natural resources and reduction of governmental expenditures.

Samuel Gompers asked for the re-formation of the Denver platform on questions affecting labor, dwelling especially on the question of the tariff.

CLARK BOOM IS WANING

Decision of National Committee, Seating Wilson Men in South Dakota, is Over-riden.

BALTIMORE, June 26.—(Can. Press.)—The credentials committee of the Democratic convention late this afternoon overturned the action of the national committee and gave the ten seats from South Dakota to Clark delegates in the first actual test of strength between the Wilson and anti-Wilson forces.

By a vote of 23 to 22, the committee unseated the ten Wilson delegates who had received the highest vote in the state primaries on June 4 and gave the seats to the Clark delegates headed by Andrew E. Lee. This was one of two delegations that had run under the Clark banner and their combined vote exceeded that of the Wilson ticket.

The South Dakota case presented three contesting tickets, one headed "Wilson-Bryan progressives," another "Wilson-Clark-Bryan Democracy," and a third "Clark for president."

The second delegation was the one seated. The Clark forces claimed their third ticket had been filled to divide their vote, but this was denied. The delegates for Clark, said it was claimed that while they received about 400 less votes than the Wilson ticket, they exceeded that cast for the single Wilson ticket.

Contests from Missouri, Texas, Rhode Island and the District of Columbia were the last case taken up.

interfere with the operation of the unit rule as it has obtained heretofore. John W. Peck of Ohio argued in favor of the majority report. The minority would place the nominations for president and vice-president on the program of the convention immediately after the report of the committee on credentials and before the adoption of the platform.

The report, much to the surprise of the convention generally, was adopted by a viva voce vote, without opposition.

Mr. Covington then presented the majority supplemental report of the rules committee, making the "unit" rule a rule of the convention. As reported, the rule would make a unit instruction by a state convention binding on the delegation if a majority of the delegates favored any particular candidate.

Representative Henry of Texas presented minority report, which excepted from the operations of this rule such delegations as are elected under state primary rules, by congressional districts.

Would Disregard Primaries. After both reports had been presented, Chairman Covington opened the debate in favor of the majority report. He argued that as the two-thirds rule was true Jeffersonian democracy, and as without the unit rule the two-thirds rule would not be practicable, the convention should maintain the unit rule, despite the popular primary in congressional districts.

While Mr. Covington was speaking, the thunderstorm which had been threatening all evening, broke. A heavy downpour of rain clattered noisily on the roof of the big armory. Mr. Covington's argument was brief and his conclusion was greeted by scattered applause.

Representative Henry then opened the debate for the minority report. He said that this report would in no way

"Let the band play," shouted an excited Jersey delegate, dashing to the front of the hall. The band did play and the cheering increased for a time. Finally the band swung into the "Star Spangled Banner," and out of the delegates stepped cheering to sing. But when the song was over, the shouting was resumed and the band broke up.

"Dixie" from the band added volume to the uproar. A Jersey delegate worked feverishly, but in vain, to tear from its iron clamps the Jersey standard.

The volume of sound grew steadily. From the galleries the bearers of the big "Stanton" banner came down on the floor. They hurried to the press stand and endeavored to scale the press form. One of the bearers gained the press stand, tramping over telegraph keys and heads of writers, as many as he could get under his feet. The police and the sergeant-at-arms were powerless against the crowd.

A struggle followed and for a time a serious disturbance was threatened. The delegates again attacked the stand and were again repulsed. The uproar on the floor and in the galleries grew to pandemonium. A crowd swarmed the space before the stand as the first banner bearer thrown from the press stand, L. R. Russell, tried to return to the attack. The police and the sergeant-at-arms were powerless against the crowd.

Officially the demonstration was recorded as having lasted 33 minutes. Chairman Parker warned the delegates during further demonstrations against climbing into the press sections. He also warned the spectators against disorders.

"When the delegates take their seats, it's time for you to sit down," he shouted at the galleries.

DROWNING VICTIMS BURIED. THOROLD, June 26.—(Special.)—The three boys, Leonard, Frederick, Walter Jacke and William Wallace, victims of last Thursday's disaster at lock 22, Welland canal, were buried in Lakeview cemetery this afternoon. Rev. Wm. Smith of the Presbyterian Church conducted the religious services over the two last night and Rev. E. O. Piper of the English Church over the first. The bodies were carried to the cemetery on a draped wagon, and were buried side by side. The funeral was largely attended.

Sought Beer Orders Inside of Dry Belt

Unique Case in Local Option Annals is Being Tried at Galt.

GALT, June 26.—(Special.)—The Illinois inspector proceeded against Geo. Ellison, Galt, agent of the Berlin Brewery, on the grounds of soliciting orders for beer within a local option community. The defendant admitted sending an advertisement to Galt papers, and the magistrate was about to impose a fine of \$50, when the inspector questioned him as to whom he acted for in advertising, and the reply was that he was acting under orders of the brewery firm, whereupon the

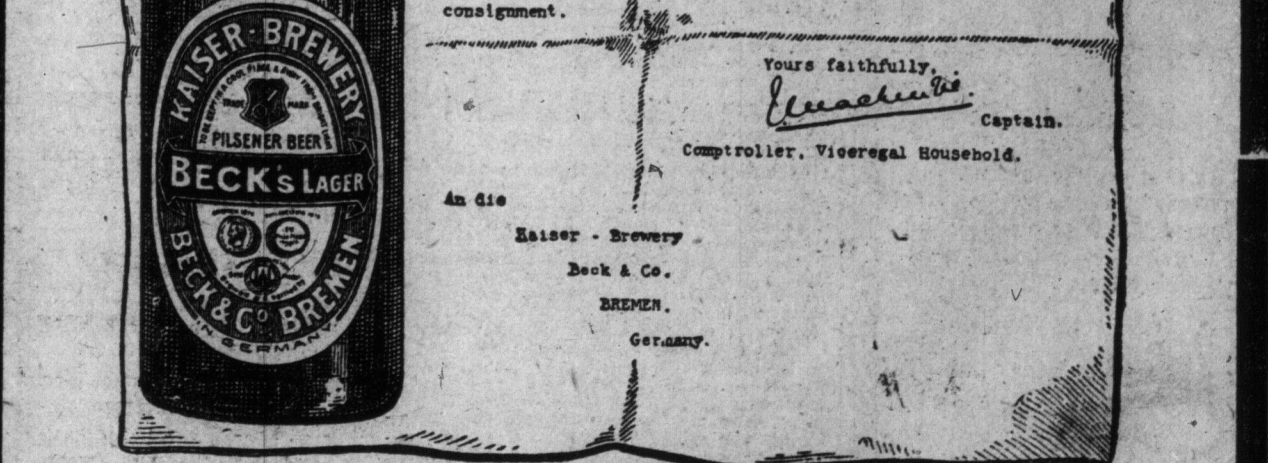

TO CURB GRAND'S ANTICS

Government Will Be Asked to Have Conservation Commission Act.

GALT, June 26.—(Special.)—The union of municipalities for the prevention of floods on the Grand River, have entered on an energetic campaign to secure the interest of the government in the question. To-day notification was sent out to all concerned of a convention to be held in Galt on July 2, at which definite steps will be taken to wait on the federal administration with a proposition that the conservation commission be empowered to act at once in obtaining all information and by survey and otherwise, learn the situation and advise the government how to proceed in combating the menace to lives and property caused by the annual freshets on the Grand River.

# CITY MAY BUY SUPPLY OF COAL

### Will Also Apply to Railway Commission to Compel Prompt Delivery—Board of Control Decides to Operate Civic Car Lines—To Prevent Overcrowding on Steamers.

As a means of avoiding any possible shortage in the coal supply next winter the board of control yesterday morning instructed Corporation Counsel Drayton to make application to the Dominion Railway Commission for an order compelling the railways to deliver without delay all the coal contracted to the city. As a further precaution the acting property commissioner was instructed to communicate with the mines to see whether the city could buy this coal direct. If this could be accomplished Controller Church contended that the city could save considerable money by drawing the coal from different American ports by their own barges. The acting property commissioner was asked to report upon the scheme in general.

### Civic Car Lines.

The board passed Controller McCarthy's motion that the necessary equipment for the civic car lines be purchased for when the lines were ready and that a report be made as to what equipment would be necessary and what the cost would be. The controller explained that such a step was necessary in order to avoid being at the mercy of the Toronto Street Railway Co. A recommendation to purchase the equipment would, he said, put an end to the uncertainty as to whether the city would or would not operate its own lines.

### Want Larger Grant.

Asking that the city increase its grant from 45 cents to 60 cents a day for patients in the Hospital for Incurables, Amos Kest of that institution appeared before the board, and claimed that the present grants were quite inadequate for the hospital's needs. It was decided, however, to refer the matter to the committee on the hospital, which is expected to report in a few days.

### More Watering Troughs.

A deputation from the Team Owners' Association appeared and asked that more troughs be placed at different street intersections throughout the city for the purpose of watering horses. Jerry Nelson, who acted as spokesman, said that the members of the association owned about 5000 horses. There were not sufficient drinking facilities, he said, and they were of the opinion that the government increased their grant, which at the present time amounted to less than six cents per patient a day.

### Board Passed.

The board passed Controller Foster's motion that the necessary equipment for the civic car lines be purchased for when the lines were ready and that a report be made as to what equipment would be necessary and what the cost would be.

# Suffragette Not Awed by Royalty

### Sprang at Cabinet Minister McKenna, Attending Their Majesties, and Was Arrested.

CARDIFF, Wales, June 26.—(Can. Press.)—King George and Queen Mary, who are in the city of South Wales, were brought face to face with a suffragette this afternoon when a woman named Helen Cragg, muttering threats against cabinet ministers enjoying a tour of the country while the cabinet minister in attendance on their majesties.

### SHOW SEASON

Recent Upturn  
Cago Fit  
More Fav  
Corn Up,  
CHICAGO, June 26.—The Canadian show season is in full swing at several points, a heavy feeling of closing prices was felt. Latest reports indicate that the provisions market is in a state of depression. Pressure on the market is entirely speculative and is not a danger to the spring crop. The market is expected to be quiet for some time. The corn market is in a state of depression. The market is expected to be quiet for some time. The market is expected to be quiet for some time.

# SHOWERS IN WEST SEND WHEAT OFF AGAIN

### Recent Fluct in Values in Chicago Fit Gives Way to Decline - More Favorable Crop News - Corn Up, Oats Down.

CHICAGO, June 26.—Cooler weather in the Canadian northwest with rain at several points today to bring about a heavy feeling to-day in the wheat pit. Closing prices were 1/2c to 1/4c under last night. Latest trading left corn at an advance of 1/4c to 1/2c, oats 1/4c to 1/2c, provisions unchanged to 1/2c to 1c increase in cost.

Pressure on the wheat market came almost entirely from professional speculators and resulted from a belief that danger of frost and dryness in the spring crop belt might safely be discounted to some extent.

Persistent buying by prominent bulls made the corn market take an upturn in the last half of the day. Renewed attention was given to the large acreage planted late and to recent showers of growth.

Cash grades were in fair demand. Cheap offers of new oats from Oklahoma for July delivery here had a depressing effect on prices for that cereal.

A larger run of hogs here and west and north provisions at 1/2c to 1/4c under Chicago packers absorbed the pit supplies from outside sources and led to a rally.

Northwest Receipts. Receipts of wheat at northwest primary markets, with usual comparisons, are as follows:

	To-day.	Week Ago.
Winnipeg	255,000	220,000
Minneapolis	37,120	129,000
Duluth	12,000	12,000
Chicago	29,000	31,000

European Markets. The Liverpool market closed to-day on wheat 1/2d to 1/4d lower than yesterday and other unchanged to 1/4d higher. Wheat at Antwerp closed unchanged.

World's Visible. Bradstreet's estimates show a decrease of 1,780,000 bushels in the world's visible wheat supply over the year ending in an increase of 915,000 bushels, and a decrease of 1,877,000 bushels.

Primarys.

	To-day.	Wk. Ago.	Tr. Ago.
Receipts	274,000	227,000	220,000
Shipments	386,000	337,000	324,000
Stocks	1,228,000	572,000	618,000
Shipments	1,100,000	418,000	683,000
Receipts	488,000		
Shipments	575,000

# INTERNATIONAL WHEAT SITUATION REVIEWED

### Broomhall's Comments on World-wide Conditions—Stocks at Low Point.

Broomhall's review of the international wheat situation is as follows: During the early part of the week the market ruled strong, with a good French demand and lighter cargo offers predominating.

World's shipments were on a smaller scale last week and for the remainder of the season it is predicted that they will not be excessive, and at no time will they be selling seven weeks' supply by the end of the season.

Prices here are steady for several weeks, but it is not likely that they will be held at this level for long.

Manitoba flour—Quotations at Toronto \$3.20; strong, 1st class, 1st; 2nd, 1st; 3rd, 1st.

Toronto Sugar Markets. Sugars are quoted in Toronto, in bags. Extra granulated, 1st, Lawrence, \$5.15 to \$5.20.

BUCKWHEAT IS UP. Buckwheat was raised to \$1.25 per bushel by wholesale grain dealers yesterday, an advance of 1/4c over the closing price of the preceding day.

MONTRÉAL PRODUCE. MONTRÉAL, June 26.—There was no improvement in the foreign demand for grain and business is dull.

Winnipeg Grain Market. Open High Low Close. Prev. Wheat—No. 1, 107 1/2, 107 1/2, 107 1/2, 107 1/2, 107 1/2.

LIVERPOOL GRAIN EXCHANGE. LIVERPOOL, June 27.—Wheat—The market opened uneventful here had a decline induced by the disappointing American cables yesterday and the closing weakness in Winnipeg.

ST. LAWRENCE MARKET. Grain—Wheat, fall bushel, \$1.05 to \$1.06. Wheat, spring, bushel, 95c to 96c.

FARM PRODUCE WHOLESALE. Hay, car lots, per ton, \$18.00 to \$20.00. Hay, car lots, No. 2, \$17.00 to \$18.00.

CHICAGO BEEF MARKET. CHICAGO, June 26.—Beef—Receipts, 10,000 head. Market, 10c to 15c higher.

CHICAGO LAMB MARKET. CHICAGO, June 26.—Lamb—Receipts, 10,000 head. Market, 10c to 15c higher.

CHICAGO BEEF MARKET. CHICAGO, June 26.—Beef—Receipts, 10,000 head. Market, 10c to 15c higher.

CHICAGO LAMB MARKET. CHICAGO, June 26.—Lamb—Receipts, 10,000 head. Market, 10c to 15c higher.

# OFF-DAY MARKET DRAGGED SLOWLY ON POOR GRADES OF CATTLE

### Lamb Recede One-Half Cent.

Trading on the Western Cattle Market yesterday was desultory, in keeping with the off-day market. The supply was quite ample, but a few loads of steers and heifers were offered for sale.

Prices did not change perceptibly, except on sheep and lambs, which advanced 1/2c to 1c.

There was general comment on the fact that farmers are sending in many cattle that should have been sold long ago.

MONTRÉAL LIVE STOCK. Cattle Down 1/2c to 5/8c—Sheep and Hogs Lower.

MONTRÉAL, June 26.—At the Canadian Cattle Market the receipts were 10,000 head.

MONTRÉAL SHEEP MARKET. MONTRÉAL, June 26.—Sheep—Receipts, 10,000 head. Market, 10c to 15c higher.

# Porcupine Situation Improves--Mining Markets Are Firmer

## HOLLINGER AT HIGHEST SINCE LAST JANUARY

### Shorts in Porcupine Leader Have Big Appetite -- Sentiment in Market Circles More Cheerful -- Cobalts Maintain Firm Undertone.

World Office, Wednesday Evening, June 26. At its top price to-day Hollinger stood at \$12.85, 85 cents a share up from yesterday's high price, and a new record since January last. The shares were in active demand throughout the day and the appreciation was carried on leaps and bounds, the top quotation being realized just prior to the close.

The Hollinger incident acted as a decidedly favorable influence in the mining market. Sentiment was undoubtedly benefited to a certain extent by the continued strength in the stock and the incoming of further responsible buying orders and the consequent firmer undertone implied thereby can only be accepted as indicative of the more confident manner in which the speculative public are now regarding the situation.

Such advances as occurred in the general list were restricted to small volume but, nevertheless, they were quite sufficient to evidence the bullish trend. Vipond gained over 2 points at 40; Dome Extension was up a small fraction to 32, and bids on Pearl Lake were advanced to 23, a net gain for the day of 2 points. Some of the other issues followed suit, tho' to a lesser extent.

### Cobalt Securities Firm.

In the Cobalt department, while trading was by no means voluminous, there was a generally cheerful undertone. The issues which have come to the front of late maintained their appearance of firmness and the recent higher quotations were held. Ophir and Nipissing were the only two stocks to record any perceptible changes. The former gained a point at 11 and the latter was in demand at a 6-point advance. The movement in Ophir was inspired by the optimistic reports regarding the property, which was recently re-opened.

### MOVE IN PEARL LAKE

The sustained demand for Pearl Lake shares has brought about a sharp upturb in the market price for the stock during the last couple of days. Yesterday, after sales had been made at 22, bids were raised to 23 cents on the Standard Exchange without attracting any offerings, and at the close no stock was on sale under 26. Favorable news from the company's property in Porcupine is responsible for the movement.

### HAS PAID DIVIDENDS OF 20.80 PER CENT.

The Timiskaming & Hudson Bay Mining Company paid a dividend of 20.80 per cent. to its shareholders yesterday, bringing the total disbursements of the company since its formation up to 20.80 per cent. The record follows:

Year	P.C.	Am't.
1905	5.00	688,450
1906	5.00	688,450
1907	5.00	688,450
1908	5.00	688,450
1909	5.00	688,450
1910	5.00	688,450
1911	5.00	688,450
1912 to date	1.20	33,182

### BIG SILVER SHIPMENT.

COBALT, June 26.—The Nipissing mine started the week with one of its shipments of bullion. The shipment consisted of 48 bars of silver, containing over 85,000 ounces, and valued at \$570,000.

### TEACHERS TO LEAVE

First Retirements Under New System of Superannuation.

Six public school teachers, with 25 to 50 years' service, have been recommended for superannuation. They are Prin. Clark, Victoria-st. School, 50 years; Prin. Armstrong, George-st., 37 years; Prin. Mrs. Riches, Sackville-st., 41 years; Miss E. M. McCraigh, Ogden St., 31 years; Miss Annie Langton, King Edward, 25 years.

### DOMINION DAY OUTINGS.

Very low rates are being offered by the Richelieu & Ontario Navigation Co. for trips to Rochester, Kingston, 109 Islands, Prescott, and other points. Tickets will be sold, good going June 28 to July 1, inclusive, good for return leaving destination not later than Wednesday, July 3. Steamers Toronto and Kingston are now in daily service and this is an excellent opportunity for a delightful outing at low cost. Full particulars as to tickets, etc., at Ticket Office, 46 Yonge-st., cor. Wellington-st. 456.

### GEN. BOOTH MAY YET COME.

LONDON, June 26.—(Cas. Press.)—Gen. Booth, the head of the Salvation Army, in the course of an interview to-day said: "I am still hoping to go to Canada and the United States as a bargained-for."

Gen. Booth is now on the high road to recovery, altho he is incurably sightless.

GOLD TO PARIS.			
NEW YORK, June 26.—Lazard Freres have engaged additional \$2,000,000 gold bars for export to Paris. This makes \$4,000,000 engaged on present movement, and \$16,000,000 this year.			

### New C.P.R. Train for Muskoka District.

Fast Limited Muskoka Express Via Canadian Pacific will leave Toronto, 12:10 p.m. daily except Sunday, carrying parlor car, cafe car, and first-class coaches, making direct connection at Bala with steamers for all lake points. Everyone should endeavor to visit this delightful resort, especially those subject to hay fever, as the atmospheric conditions offer immunity from this malady.

Week-end rate Toronto to Bala and return, \$3.50. Proportionate rates to other lake points. Tickets good going Friday night and Saturday, return limit Monday following date of issue. For full information, apply C.P.R. agent, or Toronto City Office, 16 East King-st.

## PRIZES OFFERED FOR THE BEST ORCHARDS

### The Department of Agriculture and the Ontario Fruit Growers' Association Will Conduct a Competition Thruout the Province Among Orchardists.

The department of agriculture and the Ontario Fruit Growers' Association will this year conduct an orchard competition in all parts of the province. The money for this competition has been secured from the federal grant. The province will be divided into six districts as follows:

- No. 1 Eastern Ontario District—Comprising Lennox, Addington, Frontenac, Renfrew, Leeds, Lanark, Grenville, Carleton, Dundas, Russell, Stormont, Glengarry and Prescott.
- No. 2 Lake Ontario District—Comprising Halton, Peel, York, Ontario, Durham, Northumberland, Hastings and Prince Edward.
- No. 3 Niagara District—Comprising Lincoln and Wentworth.
- No. 4 Lake Erie District—Comprising Essex, Kent, Elgin, Norfolk, Hamilton, Welland, Brant, Oxford, Middlesex.
- No. 5 Lake Huron and Georgian Bay District—Comprising Lambton, Huron, Bruce, Grey, Simcoe.
- No. 6 Centre Ontario District—Comprising Victoria, Peterboro, Dufferin, Waterloo, Wellington, Perth.

With prizes in each district of from \$15.00 to \$75.00 depending on the acreage. In two of the districts where apple orcharding is not carried on to as large an extent as in the others, the trees of orchards specified are somewhat smaller, ranging from 30 to 120 trees. In the districts around the lakes prizes are offered for orchards from 40 to 120 trees, from 120 to 300 trees and in orchards from 300 trees up.

A score card will be used in judging with the following number of points given for each orchard operation:

- Pruning and scraping..... 18
  - Spraying..... 18
  - Cultivating or mulching..... 18
  - Barnyard manure or commercial fertilizer..... 18
  - Quality..... 10
  - Quantity..... 10
  - Clover crop..... 8
  - Marketability..... 6
  - Fences..... 2
- Total..... 100

### SATISFIED WITH BORDEN

North Ontario and Welland Conservatives Pass Resolutions.

SUNDERLAND, June 26.—The annual meeting of the North Ontario Conservative Association was held here this afternoon. Representatives were present from all parts of the riding. The following were elected officers for the ensuing year:

President, Thomas Treleaven of Beaverton; vice-president, John Blanchard of Scott; first vice-president, M. O'Donnell of Beaverton; second vice-president, M. J. Fair of Sunderland; secretary-treasurer, William A. Robinson of Cambridge.

Resolutions expressing confidence in Hon. R. L. Borden and Sir James P. Whitney were unanimously carried.

### WELLAND, June 26.—Welland County Conservatives here to-day passed resolutions of confidence in the Borden and Whitney governments, and elected the following officers: President, C. N. Clendenning, Niagara Falls; vice-presidents, George H. Pettit of Welland, Donald Sharpe of Thorold Township, H. D. Learn of Shekston, Thomas Berriman of Stamford; secretary, Louis Blake Duff of Welland; treasurer, Alex. Griffiths of Welland.

### Parlor-Library-Buffer Car on Toronto, Brockville Express.

Grand Trunk Express leaving Toronto, 1:50 p.m. daily except Sunday, for Whitby, Oshawa, Bowmanville, Port Hope, Cobourg, Trenton, Belleville, Brockville and intermediate stations, and train leaving Brockville 8 a.m. daily, except Sunday for Toronto and intermediate stations, carries a parlor-library-buffer car, serving meals (a la carte). Secure tickets and full information at City Ticket Office, northwest corner King and Yonge-sts. Phone Main 4202.

### FELL UNDER WAGON.

John Poynton, 120 Peter-street, who works for the Toronto Horse Exchange at 127 Simcoe-street, fell beneath the wheels of a wagon yesterday morning while unloading hay at the exchange premises. One of his legs was badly fractured and he was taken to St. Michael's Hospital.

## FIRST PEACHES AT FRUIT MARKET

### Small Shipment Arrived Here From Georgia Yesterday—Not So Many Strawberries and Price Soared

The first arrival of Georgia peaches put added zest into the fruit market yesterday and at the same time brought forward what is known as one of the best selling fruits handled. The peaches are of good size and flavor and are bringing from \$3 to \$3.50 a crate.

Less than two carloads of strawberries arrived yesterday and as a consequence the price went to 10c and the "box" price, learning of the oversupply of the day previous and knowing that yesterday was a half-holiday with the retail merchants, are given as the reasons for the shrinkage in the shipment. Small shipments of the fruit are now coming in by boat from Hamilton, Niagara and St. Catharines.

Fruit prices: Georgia peaches, \$3 to \$3.50 a crate; strawberries, 10c to 12c; Canadian cherries, 50c to 75c; small basket, \$1.25 to \$2; large basket, American cherries, \$2 to \$2.50; pineapples, \$3.50 a crate; oranges, \$3.50 to \$4.50 a crate; bananas, \$1.75 to \$2 a bunch; lemons, \$3.25 to \$4 a crate; watermelons, \$5.50 to \$6.50 a crate; watermelons, 50c to 55c each; California apricots, \$2 a case.

Counting both steamships and sailing vessels of 100 tons and upward, the total in the world's mercantile marine exceeds 20,000.

## The Foundation of a Fortune NORTHERN ONTARIO

contains over 16,000,000 acres of the FINEST FARMING LAND IN THE WORLD—fertile soil, good climate, abundant water, well timbered, land easy to clear—near markets—easy transportation.

The Government has appropriated \$2,000,000 for development, colonization and road building in NEW ONTARIO.

We Offer Quarter Sections, Each 160 Acres,

### At \$5.00 AN ACRE

AND UP. For Cash or in Convenient Installments. Patented titles from the Crown in fee simple, including all surface and mineral rights. No taxes. No homesteading or settlement duties.

With the rapid settling and developing of New Ontario through public and private enterprise, these lands may easily be worth \$100, \$200, \$500 an acre TO-MORROW.

This Means Independence to Investors and Fortunes for Farmers.

Write or ask for full particulars.

621-622 TRADERS BANK BUILDING, TORONTO. A. C. GOUDIE & CO.

## NAMED AFTER FLOWERS

### Twins of Mr. and Mrs. Charles Owen Given Unique Titles.

Twins born to Mr. and Mrs. Charles E. Owen of 335 Westmoreland-avenue were christened yesterday with flowery names. The burden that they will carry thru life will be "Pansy, Fuchsia, Chrysanthemum" and "Aster, Primrose, Dahlia." Both babies are fine and healthy.

The amount of money that a Russian woman might inherit has been limited until recently.

## ST. CATHARINES WOMAN DROWNED

ST. CATHARINES, June 26.—Two St. Catharines women, it has just been ascertained, lost their lives in the sinking of the dock at Eagle Park in Grand Island, Niagara River, on Sunday. They are Mrs. (Captain) John Gallagher and her daughter, Mrs. Edward Westphal.

Their bodies have been recovered and will be brought here to-day for burial Thursday morning. Both women resided in Buffalo, Captain Gallagher being in command of the steamer Avon.

Cypress is now used for boxes in which to pack chewing tobacco instead of ashcanore.

# DOMINION OIL COMPANY

(Incorporated Under the Laws of Arizona)

## AUTHORIZED CAPITAL, - \$1,000,000

### GOODERHAM B'D'G, TORONTO

## NOW IS THE TIME TO BUY DOMINION OIL STOCK. A BIG ADVANCE IS SURE TO TAKE PLACE. Reservations for Shares Now Coming From California.

The outlook at the well is most encouraging. Oil and gas are increasing at depth, and with sixty days of drilling operations should complete the Company's first well, which, humanly speaking, they cannot fail to bring in, for the formation through which the Dominion are drilling is identical with that of the Canadian Coalinga, whose well is producing over 7500 barrels per day, for which they are receiving an income of over \$2,000,000 per annum from their one well.

The bringing in of such a producer on the DOMINION PROPERTY means that every share of the outstanding DOMINION OIL COMPANY'S STOCK will immediately become worth many times the present selling price of \$1.00 per share, and, further, there will be no more of the Company's shares offered for sale at any price.

As soon as the first well is completed, at least two additional wells will be commenced, and simultaneously drilled, and the Company will then begin the payment of large, regular dividends.

## You Want Dominion Oil Stock

Every one of our clients should immediately secure a block of the Treasury Shares in the DOMINION OIL COMPANY, the proceeds from the sale of which will be used ONLY to develop and further the interest of the Company. We have never before been able to offer such an investment, because never previously have we known such investment opportunities as found to-day in California Oil. This, in our opinion, is not a proposition in which to take a little "Flyer." IT IS A PROPOSITION IN WHICH YOU SHOULD INVEST TO THE LIMIT FOR BIG RESULTS COVERING A LONG PERIOD OF TIME.

AND SAO CARRIED OVER

Toronto Stock Market Shows Reactionary Trend--Heavy Profit-Taking Sales--Other Price Changes.

Considering the heavy realizing in the Toronto Stock Exchange yesterday, the stock held remarkably well. The net change for the day was 1.1 points, but at the lowest price recorded the depreciation in value was over a point greater than that figure.

At its lowest point yesterday Rio closed just exactly eight points below the highest price ever recorded, attained the day prior to the announcement that the reaction had been limited to a limited amount, can only be accepted as indicative of the feeling of confidence in the security at present price.

The general list reflected the weakness in the traction stocks and small securities in general. Foreign stocks dropped off two points to 79; Mackay was back to 87; Maple Leaf to 70, and Toronto Railway to 143 1/2.

CARRY-OVER IN LONDON PASSED SATISFACTORILY

LONDON, June 26.—Money was firm and discount rates were easy to-day. Arrangements for the general carry-over were easily made on the stock exchange, and business for the new account was fair.

CANADIANS IN LONDON.

Phax Head & Co. (J. E. Osborn), report quotations on Canadian issues in London as follows:

EDMONTON LOAN FAILS.

LONDON, June 26.—Of the city of Edmonton's \$525,000 issue, \$2 per cent. remains with the underwriters.

THE STANDARD BANK

Notice is hereby given that a dividend at the rate of THIRTEEN PER CENT. PER ANNUM upon the Capital Stock of this Bank has been declared for the quarter ending 31st July, 1912, and that the same will be payable at the Head Office in this City and its Branches on and after THURSDAY, THE FIRST DAY OF AUGUST, 1912, to Shareholders of record of the 20th July, 1912.

Twin City is Now Earning Over 10 p.c.

Earnings of the Twin City Rapid Transit Co. for May exhibited a liberal improvement over the corresponding month a year ago, while for the five months ended May 31 the gain in gross was approximately \$133,000 and about \$23,000 in net. After meeting all charges and preferred stock dividends for the month there was a surplus available for the common stock of over \$215,500 and over \$808,500 for the five months.

In predicting what the company may earn in any given fiscal year, it is impossible to base estimates on the showing during the early months, as the territory in which the property operates has to contend with severe winter conditions during the first three or four months of any year, and its best earnings are usually shown during the summer months.

BANK REFORM PLAN WOULD AVERT PANICS

NEW YORK, June 26.—Such a panic as that of 1907, and such panics as we have regularly been cursed with in this country every 10 and 20 years—panics which have smashed the machinery of business, wiping out countless millions of dollars of value in the destructive paths and forcing long periods of hard times and depression—will be completely impossible under the workings of such a plan as that of the National Reserve Association.

Prices Tend To Sag Lower in Montreal

MONTREAL, June 26.—Movements on the stock market to-day were mixed with the more general tendency to lower levels as on Tuesday. The market was generally quiet and further liquidation of this issue, much of it proceeding from the local market, kept prices off five points from the previous night's close. After a dip to 149 in the early trading, a better tone asserted itself, showing a recovery of three points over the day's low, but leaving a net loss of three points on the day.

STEEL PRICES RAISED AGAIN

NEW YORK, June 26.—Announcement was made to-day by the Republic Iron and Steel Co. of an advance of \$1 per ton on plates, bars and structural. This brings the price of bars up to \$1.25 per 100 pounds and plates and structural to \$1.20. It is said here that this advance was preceded by a similar advance by Jones and Laughlin.

SOUTHERN ISSUES IN LONDON.

Messrs. Baillie, Wood & Co. report by cable the following quotations in London (Canadian equivalents):

RIO DIVIDEND.

Rio directors have declared the regular quarterly dividend of 1 1/2 per cent. payable August 1 to holders of record July 10. This is the August dividend, which the company used to say would be increased.

SHARP UPTURN IN NEW YORK

Advance in Steel Prices and Further Gold Exports Inspire Short Covering in Wall Street.

NEW YORK, June 26.—Developments of primary importance in today's dull but strong stock market included the long-expected price advances in certain finished articles of steel and iron by several of the leading independent manufacturers and another \$2,000,000 gold export to Paris.

BUYERS TOWARDS CLOSE.

The market, which was fairly active in the first hour and characteristically slow under the lead of steel, which followed the lead of the previous day, was not disclosed in the course of the business day.

ERICKSON PERKINS & CO.

Steel Trust In Germany Makes Terms

LONDON, June 26.—The new German pig iron syndicate among the makers at Essen-Ruhr, which became effective Jan. 1, is to remain in force at least until Dec. 31, 1915, and for four years longer if no notice of dissolution is given before July 1, 1915.

SAY C. P. R. HASN'T MADE ANY INQUIRY

NEW YORK, June 26.—While the Canadian Pacific asserted before the Canadian Railway Commission that it could not place contracts for about 14,600 freight cars, the largest of United States equipment concerns says that, although ahead for several months, they could take additional orders, and contracts for between 14,000 and 15,000 cars could be distributed among several, so that the buyer could get reasonably certain of one of the large car companies said: "The Canadian Pacific has not put out any inquiry for any large amount of equipment. It had we should have known about the report may mean that the road cannot find a Canadian company that can give deliveries when it wants them, but there are plenty of American companies among which such an order could be distributed with assurance of deliveries."

BUCKING STANDARD OIL

The Shell Transport and Trading Company, the big English competitor of Standard Oil, in declaring a reduced dividend refers to the Standard Oil Company and states that the Royal Dutch (the only ally of the Shell) is acting with the Shell in resisting the attempts of the Standard Oil Company to obtain concessions in Java, and so getting into touch with the Anglo-Dutch group. Also the Shell has reduced its dividend, for the year to date are in excess of the figures for the whole of 1911.
