BORDEEN IN ONTARIO REVEALS THE PREMIER 'TIS TIME FOR A CHANGE

Largely Attended Meeting at Pembroke Gives Conservative Speakers Fine Reception—Leader Replies to Sir Wilfrid.

HANNA EXPLAINS WHY PROVINCES PARTICIPATE

PEMBROKE, Sept. 21.—(Special.)—R. L. Borden opened his campaign in Ontario here this afternoon. He was given a warm reception by an audience of about 2500 in the rink, and his speech, as well as those of Messrs. Hanna and Roblin, apparently made a deep impression on the people.

On the arrival of the party from Ottawa about noon a procession was formed, with the Municipal Band of Ottawa at the head, and the route was thru the main street, which was liberally decorated with bunting and arches, to the residence of Gerald M. White, North Renfrew's member in the parliament just dissolved.

Mr. Borden made his appeal to the Liberals to denounce the extravagance and corruption of the men who have misrepresented their deals, and to the Conservatives he appealed for clean decisions and vigilance to detect the corrupting influences that will be brought to bear on the transportation question.

He said the policy of the Conservative party always had been to perfect the means of carrying the products of the country from the producer to the market, but he made no declaration as to the Georgian Bay Canal, an issue in the constituency. Another strong feature of the address was the rehearsal of some of the government's purchasing transactions and a comparison of the timber administration with the methods of the Whitney government.

Mr. Hanna made a hit with the audience when he declared the cause of his activity. He declared that he was with Mr. Borden because the Laurier government had invaded the jurisdiction and domain of purely local characters. He also denounced the importation of weak-minded foreigners, a policy that was filling the insane asylums of the province.

The wind up was reserved for Premier Roblin, who dealt with the timber pick-ups of the brother-in-law of Mr. Borden and other local matters. Premier Roblin was not present, having returned to New Brunswick. Walter Beattie, president of the North Renfrew Conservative Association, had charge of the meeting.

The Men to Blame. The presentation of a bouquet was made by a little daughter of Peter White, K.C. Mr. Borden presented an address to the visitors on behalf of the municipality. Mr. Borden made a non-political reply, saying he realized the broadness and generosity which prompted those who did not agree with him in politics and who were good enough to join in the reception to him and his colleagues.

Mr. Borden was received with a rousing cheer and the playing of the maple leaf by the band. His opening reference was to a recent letter on the outlook by Sir Charles Tupper, who he said affords an example to young Canadians by his keen interest in the affairs of the country. The Conservative leader was pleased to see so many Liberals present, because it was to Liberals he wished to address his remarks.

It was not the Liberal party he would indict, but the men who represented the ideals and aspirations of the rank and file of the party. It was gratifying to know that men on both sides had joined together to free the campaign from the influence of a blot that had been too frequent in our history in recent years. To his Conservative friends, he said: "Let us have clear elections and let us be vigilant to see that our opponents employ no corrupt tactics. You may put the best laws you like on the statute book, but unless you have the public opinion, demanding the enforcement of those laws, and earnest men engaged in that work, you will not have any improvement."

Mr. Borden expressed the opinion that the people were not ripe for a change. He did not recall his own declaration of bygone days that 10 or 12 years were too long for any government to remain in power, and that they were likely to get intoxicated with their own success and become intolerant and haughty. At Niagara Falls he had likened himself to Charles II. and recalled the words of Charles to James: "They'll never kill me to make you King."

Stimile Completed. Sir Wilfrid, however, failed to say that the reign of Charles led to the loss of the throne to the Stuart regime or to mention the epitaph of Charles. "Here lies our laughing loving King, whose word no man relied on. He never said a foolish thing and never did a wise one."

Mr. Borden outlined his policy in respect to transportation. The Conservative party must be the party as it had been in the past to develop our waterways and railways. His attitude and that of the party had been misrepresented in respect to the building of the G.T.P. It would be likely that the Conservative party, which undertook the construction of the C.P.R. when the western country was unknown, would shrink from the building of a second transcontinental railway, when the country had been opened and developed.

Mr. Borden's policy had been to go further and build the whole of the road. The party would respect the contract made just as if they had made it themselves. Referring to the Hodgins charges he

The Toronto World

TWELVE PAGES—TUESDAY MORNING SEPTEMBER 22 1908—TWELVE PAGES

AN UPHEAVAL, WIRES HANNA

Hon. W. J. Hanna, provincial secretary, who is with R. L. Borden on the present tour, last night wired Claude Macdonell, Conservative candidate for South Toronto, the following personal telegram from Pembroke.

"Make Borden's Toronto meeting a record one. From Halifax to here there is evidence of an upheaval such as with Sir John Macdonald in '78."

Everybody will be welcome to the meeting in Massey Hall tomorrow night. There will be no tickets. Doors will open at 7 o'clock and the Grenadiers' Band will play for an hour.

The speakers will include Hon. Mr. Bowser, attorney-general for British Columbia.

SEEK PLAN TO PREVENT ACCIDENTS ON RAILWAYS

Problem of Decreasing Mortality by Mechanical Means is Engaging Official Attention.

OTTAWA, Sept. 21.—(Special.)—Since the great railroad wreck at French River, on May 29, and the recent wreck on the Lake Shore & Michigan Southern Railroad, when several were killed outright and more than a score seriously or fatally injured, the problem of how to absolutely eliminate railroad accidents is now under the most deliberate consideration by Canadian railway officials.

And the evil is appalling. The following statistics for a period of five years on Canadian and American railways, and they must call up in the imagination the gruesome picture of tangled heaps of wood and steel; dismembered bodies; the groans of the dying; scalding clouds of escaping steam and the horrors of fire—horrible, gruesome, saddening and disquieting such a picture must be even to the least sensitive soul on reading the details.

On Canadian railways alone—in five years—2188 persons were killed and 10,855 were injured because of accidents. Take the American roads during ten years, and the time 10,367 were killed and 68,140 injured.

In other words, statistics show that the loss of life on American and Canadian railways, or rather that the killed or injured on the American and Canadian railways in the last ten years are approximately equal in numbers to those killed, of disease, or injuries in the South African war. And all this mortality and suffering is due to preventable causes, such as collisions, open switches, derails due to broken rails, and open draw-bridges.

In the case of the Lake Shore & Michigan Southern Railroad accident, the mishap was due to the engineer's failure to heed a signal. This is the general rule—most accidents are caused by despatchers and disregard of orders and signals by engineers. In Canada most of the traffic is operated on single tracks, and this inevitably increases the dangers to the utmost. But what is alarming in the case as Canadian railroad officials regard it is the fact that practically all Canadian roads, with a total mileage of 26,000 miles, are devoid of modern safety devices for the prevention of accidents.

So far as Canada is concerned, there has been no advance in safety appliances for the protection of passengers since the introduction of the air-brake. The semaphore, or block system of signals has failed, not merely because in a country like Canada, climatic conditions may put the mechanism out of working order, but chiefly because this system cannot eliminate, or does not overcome, human frailty.

There is now a consensus of opinion that the only way by which the disregard of signals and rules can be mechanically impossible. But even this device, if it existed, must somehow be forced upon railway corporations. They complain that the block systems now in vogue are only quite effective and cost a great deal of money, so much money, in fact, that the cost of an accident does not amount to the cost of the present system of signals. This, however, does not happen to be true. In Indiana in one year 630 people were killed by railroad accidents, and 1083 injured; and the damages amounted to over five million dollars. It is preposterous to assert that any danger signal system could cost a railway five million dollars in one year.

The whole point is that the railroads are negligently and are taking chances. What is needed, then, in Canada is the kind of legislation which now obtains in Indiana and other American states—legislation compelling the railroads to install some "automatic" system of signal service which will make railroad accidents from any cause absolutely preventable. Public sentiment must be awakened to this and demand such legislation.

LABOR AMONG FRIENDS AT TILBURY

Best Meeting of Series, He Tells His Compatriots—Hon. Mr. Graham Makes an Announcement.

TILBURY, Sept. 21.—(Special.)—Sir Wilfrid Laurier spent the day among his own people. Two-thirds of those who thrived in this enterprising village are French-Canadians and speak still the language of the mther province.

To-day the prime minister of Canada was idolized by the people of his own race and religion. Business was suspended and the eye was gladdened by decorations, which smothered the main street in the colors of the rainbow.

"Bon jour, Monsieur," said a little French boy who seated himself on the railing of the government car and awaited the handshake which Sir Wilfrid gave so cordially on turning at the sound of the French greeting.

"Bon jour, Monsieur," came a soft, motherly voice from the steps of the car. It was Mme. Clement Terrier who spoke, and she told him that they went to school together when they were children together. Her eyes glistened with tears of joy as the prime minister told her how glad he was to meet her after the parting of many years ago.

"Madame," he said, "I am glad, I am very glad to meet my friend, who with me went to school a long time ago."

He alighted from the steps and talked with her a long time. Speaking westward to the Michigan Central this morning little groups commenced to gather and crowd about the car for a sight of the premier. He appeared on the car steps at 10 and West Lorne to acknowledge the cheers. At Rodney, several hundred had gathered, waving flags and cheering, the premier saying simply, "I thank you all, I hope to see you again some time, perhaps to-day at Tilbury."

The crowd which gathered for the speeches must have been close on to ten thousand. Sir Wilfrid spoke for about half an hour in English, repeating his remarks in French. He spoke of the C. P. R. strike, and of the Nova Scotia, the opening of government technical schools last year, and the erection of a government technical college building.

The afternoon session was mostly taken up with W. R. Trotter's report on the migration of the British Isles to Canada. It was lengthy and mentioned specific charges against the Salvation Army, in fact half the report was taken up with a slashing attack of that organization.

Col. Lamb replied in very moderate terms. The statements in the report he could not help saying were exaggerations in many respects. If Mr. Trotter had come to him in England and asked about the work he was doing, many of them would never have been written. Immigration existed long before the Salvation Army and before trades unionism. What the army had tried to do in Canada was to bring people to the cultivation of the land.

General Booth had laid down the principle that emigration, as pushed by the army, must be beneficial to the man; must not be detrimental to the country receiving the people. Mr. Trotter had said: "The Salvation Army is out for margins." That is quite right. I am out for my own every time, but not for my own profit," said Colonel Lamb. The army was anxious to develop colonization. We had 20,000 selected, but when conditions changed all we brought was 6000.

James Simpson of Toronto said organized labor had long protested against indiscriminate immigration. The Salvation Army, he believed, was animated by high spiritual ideals, and they thought that emigration from England to Canada might work an economic improvement. He did not believe it would accomplish this.

If the Salvation Army would give more attention to the conversion of property ownership they would be doing good.

A DOUBTFUL FRIENDSHIP

CODLIN LAURIER: "Codlin's the friend, my dear—Codlin, not Short."

SALVATION ARMY TO CONSULT WITH LABOR

Hereafter, in Immigration Policy, Will Strive to Please—A Lively Discussion.

HALIFAX, Sept. 21.—(Special.)—Immigration matters formed the subject of importance at the opening sessions of the twenty-fourth annual convention of the Trades and Labor Congress of Canada. About a hundred delegates were present this morning in the legislative chamber when Premier Murray and Mayor Crosby extended welcomes. Attendance has been affected by the C. P. R. strike.

Keir Hardie, present, said, as a wandering agitator, was confident of some day uniting the labor and socialist parties. The establishment of mining schools in Nova Scotia, the opening of government technical schools last year, and the erection of a government technical college building.

The afternoon session was mostly taken up with W. R. Trotter's report on the migration of the British Isles to Canada. It was lengthy and mentioned specific charges against the Salvation Army, in fact half the report was taken up with a slashing attack of that organization.

Col. Lamb replied in very moderate terms. The statements in the report he could not help saying were exaggerations in many respects. If Mr. Trotter had come to him in England and asked about the work he was doing, many of them would never have been written. Immigration existed long before the Salvation Army and before trades unionism. What the army had tried to do in Canada was to bring people to the cultivation of the land.

From Pulpit to His Death Bed

The Late Bishop Carmichael. Stricken with heart failure after preaching in Montreal Sunday morning, having returned from London he died early yesterday.

Stricken with heart failure after preaching in Montreal Sunday morning, having returned from London he died early yesterday.

GOOD CATTLE STALLED GRAIN BLOCKADE REAL

Condition is Reported Resultant From Strike—Gov.-Gen.'s Train Six Hours Behind Time.

WINNIPEG, Man., Sept. 21.—(Special.)—Stories appearing in the eastern papers regarding the "excellent crop movement are without foundation, many points reporting not receiving one-tenth part of cars required," said J. H. McVety, of the C. P. R. mechanics' headquarters, to-day. "Eleven cars at Boham, Fosse, Belleplain, Caron, in Moosejaw district are all full and no cars available for shipments."

"Stockmen report 6000 cattle awaiting shipment and say that thirty letters of protest have been forwarded to the government at Ottawa. "Passenger train service is becoming worse daily, the governor-general's train being six hours late arriving at Moose Jaw, due to the poor condition of locomotives."

"Grain men here reported thirty-six cars of what shipped from Alberta on August 26 not yet arrived in Winnipeg and another batch shipped on Sept. 3 from which no report has been received. Both of these shipments were sold for September delivery. The assault on the man Edwards at Vancouver by a strike breaker shows clearly the class of thugs being imported by the railway, as the injured man is over sixty years of age and of a quiet disposition. He now receives his reward for faithfulness to the Canadian Pacific."

JAY PITMAN'S WIFE KIDNAPPED, HE SAYS

On First Night of Their Visit to Cincinnati—Grips Have Vanished Too.

CINCINNATI, Sept. 21.—(Special.)—Jay Pitman, decorator, who came here from his home in Toronto, Ont., with his young bride yesterday, reported to the police to-day that his wife was kidnapped last night.

Pitman left his wife to engage an expressman to haul their goods from the depot and spent several hours after that seeing the sights of the city. When he returned she was gone, and neighbors told him that a strange man took her away.

Pitman and the police searched the city all last night and to-day without finding any trace of the young woman. Pitman is positive she was kidnapped, but the police cannot understand why the kidnapper should also take the grips and suit cases belonging to the couple.

LICENSE FOR ENGLEHART?

Residents There Think There's a Chance With Hanna. A Way.

ENGLHART, Sept. 21.—(Special.)—It is reported here that a liquor license may be issued for hotel purposes here. Since Hon. W. J. Hanna went east campaigning, and Premier Whitney being absent in England, local visitors to Toronto declare that the acting minister are more friendly disposed to the license idea, and more inclined to view favorably the request for licenses in the north country.

If Englehart gets a license, Cobalt could not be refused, and the new Town of Cochrane would also have to be in line. It is stated here that the temperance people have made so much trouble for the government over the two-thirds clause, which is distinctly a temperance measure, that only Mr. Hanna's personal influence maintains the administration of the present license policy.

NAVY FOR AUSTRALIA

Admiralty Promises to Retain Cruiser in Antipodes. (Canadian Associated Press Cable.) LONDON, Sept. 21.—A cable from Melbourne says Lord Crewe has sent Premier Deakin a despatch which has pleased the Australian Government, as the admiralty promises to retain certain cruisers in Australian waters, besides actively assisting the genesis of the commonwealth navy.

ENTERS POLITICS AS PATRIOTS SHOULD

Mackenzie King Resigns as Deputy Minister of Labor to Enter Campaign as Liberal Candidate.

BERLIN, Sept. 21.—(Special.)—Wilfrid Lyon Mackenzie King was nominated at the Liberal convention of North Waterloo in the Waterloo town hall this afternoon, his being the only name put before the meeting. The nomination was moved by Leader Bowman, Woolwich, seconded by John Hosteler, Welliesley, and elicited enthusiastic cheering.

A telegram was sent advising Mr. King of the nomination, and after an hour's wait his telegram of acceptance came, causing a renewed outburst of cheering. The telegram also stated his intention to resign forthwith his post as deputy minister of labor, and that he would be in Berlin to-morrow to remain until after election.

Arrangements were made for series of meetings in all parts of the riding, beginning this week. The speaker of the day was H. M. Mowat of Toronto.

In accepting the nomination Mr. King said: "My acceptance is a step which has not been taken without long and earnest consideration. My work of the past eight years, during which time the department of labor has grown to be one of the most important departments of the government, has afforded me too many opportunities for public service, and is too near my heart to be quickly or lightly parted from. Indeed, the serious responsibility involved in giving up a position of such great public usefulness, has not been realized so fully that were it not outweighed by the deepest convictions as to what is the greatest public duty, I would certainly not sever my connection with a department with which I have been associated from its very foundation."

Example For Others. "Of these convictions there lies deep-seated, perhaps the feeling that membership in the house of commons should afford greater scope for furthering those very purposes for which the department of labor has been established—the promotion of industrial peace, the amelioration of social and industrial conditions—and the belief that the younger men of Canada should demonstrate their willingness to share more largely in their country's affairs and to be prepared to make sacrifices if need be toward that end."

"I have long felt that except as applied to the church, where their significance is perhaps even deeper, nothing could be truer than the words of Mr. Goldwin Smith, that politics is 'the noblest of all callings,' but the means of larger duties of industrial peace, the amelioration of social and industrial conditions—and the belief that the younger men of Canada should demonstrate their willingness to share more largely in their country's affairs and to be prepared to make sacrifices if need be toward that end."

"I have long felt that except as applied to the church, where their significance is perhaps even deeper, nothing could be truer than the words of Mr. Goldwin Smith, that politics is 'the noblest of all callings,' but the means of larger duties of industrial peace, the amelioration of social and industrial conditions—and the belief that the younger men of Canada should demonstrate their willingness to share more largely in their country's affairs and to be prepared to make sacrifices if need be toward that end."

Hamilton Happenings

World subscribers in Hamilton are requested to register complaints as complete as in late delivery at the Hamilton office, room 7, Spectator Building. Phone 904.

DIES FROM CARBOLIC MYSTERY ABOUT IT

Nothing to Show Where Poison Came From—M. H. O. Will Be Bread Inspector.

HAMILTON, Sept. 21.—(Special).—The markets committee this afternoon appointed Dr. Roberts, the medical health officer, and his staff as inspectors of bread. Their duty will be to see that light weight and adulterated bread are not sold. The committee agreed that it was not responsible for the awful condition of the cells at No. 3 police station, because they had tried to get a west end station built. The horsehoers' union complained that the horses of the police department were shod at a non-union shop, and a special committee was named to consider the complaint. There was some talk of fixing the length of the period for which civic officials, in case of illness, should be paid, but no action was taken. A. J. Guy expressed the opinion that they should be paid their salaries for the full time, as he considered they were all underpaid. Geo. Mullins was appointed to act as fireman at the city hall.

A joint meeting of the board of health and sewers committee was held this evening to consider plans for the filling in of an arm of the coal oil inlet. The members will visit the spot. In the future all garbage from the district between Bay and Wellington-streets will be dumped in behind the revetment wall.

Thomas Cline, 171 Emerald-street, died to-night at the age of 80. Unless traffic picks up, the street railway will discontinue the running of early Sunday morning cars at the end of two more weeks.

Longboat on Stage. There is a story current here that Tom Longboat has been offered \$400 to go on the vaudeville stage. The government has promised to spend \$15,000 at once on the improvement of the city dock and to open the first rural delivery mail service in the Dominion between Hamilton and Ancaster.

There will be an inquest on the death of William C. Person, eldest son of W. C. Person, of the Company, who was found lying unconscious on the floor of a room in the morning. There was a strong odor of carbolic acid, but he might have taken it. He was rushed to the City Hospital, but died about noon. He was 23 years of age, and leaves a widow and two children.

Triple Bereavement. The wife and twins of George J. Brook died within a few hours of each other yesterday. Thomas Abraham, Simcoe, died this morning at the City Hospital after undergoing an operation. The Niagara syndicate will meet in the cathedral school room on Oct. 6, 7 and 8.

William Ollmann and John Halliday, bartenders at the Dominion Hotel, have been summoned on the charge of drinking in the barroom after hours Saturday.

The New Arrivals. Complete new building, home comforts, very central. Excellent cuisine. Terms \$1.50, Geo. Midwinter, Phone 3452. Skeldon & Son, Painters, Decorators. Paperhangers, 163 King St. West. Hotel Hanrahan. Corner Barton and Catherine-streets. Hamilton, modern and strictly first-class. Rates \$1.50 to \$2 per day. Phone 1465.

BEATTIE IT IS. London Conservatives Give Him Nomination Unanimously. LONDON, Sept. 21.—(Special).—Major Beattie was to-night unanimously nominated by the Conservatives of London as candidate for the commons. A number of names, including that of William Gray, were placed before the convention, but all withdrew. The meeting was enthusiastic and with every indication of harmony.

A Novel Idea. Considerable amusement was furnished the noon hour crowd on Yonge-street yesterday by the odd spectacle of a farmer carrying a lighted lantern and leading a cow. It was an advertising idea of Crawford's, the harnessing idea of Crawford's, the harnessing idea of Crawford's, the harnessing idea of Crawford's.

Have You Seen Muskoka in Its Autumn Gear? The Grand Trunk famous Muskoka Express, leaving Toronto 12:01 noon, will continue to run until Saturday, Sept. 26.

It is not too late for a short trip and full information call at city office, northwest corner King and Yonge-streets.

New York State Banks. ALBANY, N. Y., Sept. 21.—A decrease of over \$8,000,000 in total deposits and an increase of over \$4,000,000 in resources of state banks from June 17 to Aug. 31, are reported.

DODD'S KIDNEY PILLS. CURES ALL KIDNEY DISEASES. BRIGGS' DIETETIC BREAD. THE PUBLIC TO BE KEPT ADVISED.

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS. HOTEL ROYAL. Every room completely renovated and newly carpeted during 1907. \$2.50—nd up per day. American Plan. ed-7

BISHOP CARMICHAEL IS SUDDENLY CALLED

Aged Prelate, Stricken With Fain—less in Church, Passes Away in Few Hours From Heart Disease.

MONTREAL, Sept. 21.—After giving to the parishioners of the cathedral yesterday the message of the Pan-Canadian Congress at Lambeth, Bishop James Carmichael collapsed, and at 7 o'clock to-day he passed away. At the beginning of the services, Rev. Dr. Simonds, the vicar of the cathedral, arose and welcomed the bishop on behalf of the wardens, clergy and people in a hearty way, which touched the aged prelate.

When the sermon was finished Bishop Carmichael said to the vicar, "I believe I am going to faint," and was assisted to pray. There he remained for some time, and when he recovered he left the cathedral house, where he was taken home. He died at 11:30 p.m., and was buried in the cathedral at 1:30 p.m. He was 73 years of age.

Dr. Carmichael was 73 years of age and one of three Irish graduates of Trinity College, Dublin, who, during the invitation of the late Dr. Cronyn, the first Anglican Bishop of Huron, came to Canada in 1838, and were ordained by him for work in his diocese. All three of these, namely, Drs. Dumoulin, Sullivan and Carmichael, became bishops.

Notice is hereby given that the above named have made an assignment to me under R.S.O. 1897, Chap. 147, and Amendment, of all their estate and effects for the general benefit of their creditors. A meeting of creditors will be held at my office, Wellington-street West, in the City of Toronto, on Tuesday, the 22nd day of September, 1908, at 2:30 p.m., to receive a statement of affairs, to appoint inspectors and for the ordering of the estate generally.

Creditors are requested to file their claims with the assignee on or before the date of such meeting, and after that date and notice is hereby given that after ten days from this date, the assets will be distributed among the parties entitled thereto, having regard only to the claims of which notice shall then have been given, and no party thereafter so claiming will be liable for the assets or any part thereof, except as to those claims of which notice he shall not then have had notice.

Dated at Toronto this 16th day of September, 1908.

LODGE CAMBRIDGE, NO. 54, S. O. E. B. S. The members of the above lodge will meet at the lodge rooms at 2 p.m. Tuesday, Sept. 22, for the purpose of attending the funeral of our late first communication, Bro. John William Hinds. The members of sister lodges are invited to attend.

JAMES WHITE, W. H. CLAY, President, Secretary.

something like \$9200, distributed as follows: Mayor's office, \$2000; City treasurer's office, \$2000; Waterworks department, \$1234; Tax collection, \$1000; License branch, \$1000; Jail department, \$800; Assessment department, \$284; Survey branch, \$1000; City clerk, \$800; City engineer, \$1582; Island Committee.

In connection with the proposed 100-foot channel and roadway east of Chippewa-street, the island committee yesterday decided to pay \$1200 to Chas. E. Good for 4 1/2 feet of land and \$600 to David Ward for a small parcel. The committee also agreed to transfer a lease from Mrs. Boisseau to George R. Copping. Mr. Copping already has five houses on the island and the idea of more than a single lease to one person, which is contrary to the island ordinance, was excused by the fact that Copping's holdings were not vacant.

Salary Increases. Still the board of control are wrestling with the civic salaries problem. Two sessions yesterday did not complete the task. The total increase per year authorized to date—not including the fire department—will amount to

"THE FACTORY BEHIND THE STORE."

THE FAIR AND BUSINESS.

There has been a considerable improvement in business on every side, and the retail stores say that they have had a better shopping business this month than at previous fairs.

CROWDED HOTELS.

The meeting of the passenger agents here to-day is one other indication of the growing popularity of Toronto as a convention city.

SEWAGE DISPOSAL.

For the past eight years a British royal commission has been investigating sewage disposal and various cognate matters.

The general conclusion of the commissioners is that it is practicable to purify the sewage of towns to any degree required either by land treatment or by artificial filters.

It is the lot of the wise man to be asked fool questions. In fact, the asking is an acknowledgement of the wisdom of the man of whom the enquiry is made.

EATON'S DAILY STORE NEWS

Blanket Sale

You'll buy blankets in this sale lower than at any other time of the year, and you'll get the same high grade quality that we carry in stock all the year round—perfectly scoured, clean, pure blankets, free from burrs, grease and oil.

The chief point for your consideration is the "same quality" at big savings. Every blanket guaranteed full weight and full size. Here are Wednesday's attractions:—

AT OSGOODE HALL

AT OSGOODE HALL.

Before Meredith, C.J., at 11 a.m.: Quebec v. Sovereign. American Lumber v. Wilson. Summerfeldt v. McKee. Re Murphy Lumber Co. Re Hill, Doty & Peaslee. Re Williams. Re Houston. Re Canada Newspaper Co. Re Palmer Piano Co. Re Bawks v. Letherby. Re Lowery estate. Keller v. Griffiths. Ryan v. Doyle. Smith v. London. The King v. McWilliams. Evans v. Hovinger. Waters v. Lewis. Wood v. Western.

Holley v. Grand Trunk. McPhedran v. Bradin. Imperial v. Suckling. Court of Appeal. Sprague v. Booth. Mulligan v. Toronto Street Railway. Re Biye and Howney. Re Marshall and A.O.U.W.

In petitioning for a winding-up order of the C. H. Hubbard Co., Ltd., Toronto, the petitioners, Pelton & Crane, of Detroit, allege that the proceeds of sale were paid to Dr. Battle Nesbitt as one of the principal shareholders. Insolvency is claimed, and the case comes up Sept. 23. The company was incorporated in 1901 with \$50,000 stock.

In divisional court yesterday the appeal of plaintiff was dismissed with costs and the defendant's appeal was allowed with costs in the case of Alexander Dixon v. R. J. Le Roy, Camden

East, over the transfer of a store. The action involved the sale of a business by defendant to plaintiff and the plaintiff held that the liabilities of the firm had increased since the time he made the agreement, but the court held that this increase was represented by the increase in the stock and reversed the decision of the trial judge, who had given a decision for the plaintiff.

Richard Leo McCrae has entered action against Mary Teresa McCrae of Mara Township for a declaration that she is his trustee for various sums of money deposited in savings banks. Justice Cline granted a judgment by bail yesterday giving Leah Gibbs, six years old, and her father, Julius Gibbs, 38 Agnes-street, \$150 and \$100. The defendant was R. Goodman, a hay merchant at 97 Agnes-st. Leah had been in his warehouse on July 8. Some bales of hay fell over, striking the child, breaking her leg and so injuring her hip that she will

be crippled for life. The plaintiffs asked \$300 damages for injuries to the girl and \$2000 compensation to the father.

When the Trethewey-Toronto Railway case was called, the plaintiff was not ready, and the case was struck off the list.

The suit brought by the Union Trust Company against G. W. Fowler, Peter Ryan and W. Irving was transferred to the non-jury court.

The Brown v. C. P. R. case was sent over to the next assize by order of the master-in-chambers. The next case was that of Barclow v. Crown Art Stained Glass Company. The plaintiff was called three times in and out of court, but as he did not respond the case was dismissed with the costs charged up against him. The Smith v. Jackson case was struck out by consent.

# COBALT--- Reported Striking by Beaver of Temiskaming Vein ---COBALT

## Cobalts Show Strong Tone With Beaver as a Feature

### Temiskaming and Trethewey Record Substantial Gains and Excellent Market Sentiment Prevailed.

World Office, Monday Evening, Sept. 21. General strength was shown by the market for Cobalts to-day, with special attention directed towards Temiskaming, Beaver and Trethewey. Reports concerning the results of working the first named mine continue highly favorable and a number of mining experts are impressed with the rich possibilities of the diabase formation which characterizes the rock. The flurry in Beaver was inspired by the report from the camp that the Temiskaming vein had been struck. Beaver sold in the afternoon at 43 1/2, being a further advance of 96 following a steady appreciation in value. The demand for Trethewey has not yet begun to flag and in brisk transactions the price advanced from \$1.40, Saturday's close, to \$1.48 1/2. The general tone was strong.

#### NEW VEIN ON O'BRIEN.

Discovery Traced Into Chambers-Ferland Claim.

A special wire to-day says that a rich strike has been made at the O'Brien mine at the 175 foot level. This vein is four to five inches wide, is within 40 feet of the Chambers-Ferland line and running into it, is estimated to average from 2500 ounces to 8000 ounces to the ton.

#### BOSTON VIEW OF COBALT.

Remarkable Growth of Silver Output is Attracting Much Attention.

BOSTON, Sept. 21.—Notwithstanding the fact that has been written concerning Cobalt, the silver city, few people realize that that little silver camp, which is not yet five years old, is to-day producing at the rate of 25,000,000 ounces of silver per annum, an amount equal to 12-1/2 per cent of the world's output, and that 90 per cent of the gross proceeds are saved for net earnings. The production for the current calendar year is expected to exceed 18,000,000 ounces, and the mineralized area is constantly widening.

The remarkable growth of the camp is best seen in the following figures, which tabulate values of ore shipments since 1904:

1904	\$ 128,317
1905	1,453,576
1906	3,472,908
1907	6,476,555
1908 (estimated)	10,000,000

New and extraordinary silver finds

#### COBALT ORE SHIPMENTS.

Following are the weekly shipments from Cobalt camp, and those from Jan 1 to date:

Week end.	Sept. 19, Since Jan. 1.	Week end.	Sept. 19, Since Jan. 1.
Ore in lbs.	Ore in lbs.	Ore in lbs.	Ore in lbs.
Buffalo	850,950	Little Nipissing	43,110
Conias	63,000	Nancy Helen	387,427
Cobalt Lake	341,583	O'Brien	5,022,207
Crown Reserve	242,000	Peterston Lake	41,237
Cobalt Central	342,975	Provincial	142,210
Chambers-Ferland	1,035,629	Silver Leaf	233,000
City of Cobalt	1,837,750	Silver Queen	62,000
Drummond	297,330	Townsite	211,700
Poster	756,174	Temiskaming	748,520
Kerr Lake	127,340	Temiskaming & H.E.	1,190,500
King Edward	182,250	Trethewey	1,910,476
La Rose	5,970,817	Watts	53,390
McKinley	2,338,940		
Nipissing	372,200		
Nova Scotia	322,275		

The total shipments for the week were 1,199,770 pounds or 690 tons. Shipments from Jan. 1 to date are 31,983,812 pounds, or 15,992 tons. The total shipments for the year 1907 were 23,021,010 lbs. or 11,940 tons, valued at \$5,000,000. In 1908 the camp produced 158 tons, valued at \$130,217; in 1906, 214 tons, valued at \$1,476,100; in 1905, 629 tons, valued at \$3,900,000.

In the mine, is this another case of squeezing the public and the insider getting the stock back for practically nothing? An Orillia Subscriber.

#### CONIAGS BETTER THAN EVER.

The other day the Coniags smelter at St. Catharines shipped away a wagon load of pure silver. The returns from the mine last month are the best yet. The little block of this stock now on the market will go to ten dollars (five dollar shares) any of these days.

#### RED ROCK ALL RIGHT.

Editor World: Mr. Jones' letter re Red Rock is so ambiguous and ridiculous that I must reply to it. Mr. Jones says that the Red Rock is a mystery to him inasmuch as the stock keeps rising when Houlston states the mine in the face. Let me tell Mr. Jones that he cannot work off any little schemes like he seems to want to put upon the other shareholders of the Red Rock. Probably he is in the scheme to put the Red Rock in liquidation so as a few knowing ones like himself can buy it in for a song. As one who has visited the Red Rock scores of times, let me say that the Red Rock mine only requires legitimate and honest work upon it to make it a first class mine. It has never been worked to get ore, but has been manipulated by a lot of people who control the mine and know no more about it than the man in the moon. For the benefit of the shareholders and not for the purpose of inflating stock, let me say that there is a genuine honest movement taking place now to get the Red Rock and work her as a mine. If Red Rock and Green-Mechan were amalgamated at once good ore could be taken out and shipped from both within six weeks.

#### New York, Curb.

R. R. Bougard (Chairman) & Co. reports the following transactions in Cobalt stocks at the New York curb:

Nipissing closed at 94 to 98, high 94, low 84, 1200; Buffalo, 3/4 to 2; Colonial Silver, 1/2 to 1/2; Cobalt Central, 39 to 40; Nipissing 1/2 to 1/2; Cumberland-29 1/2 to 30; Foster, 60 to 65, high 68, low 58, 1200; King Edward, 8 to 8 1/2; Kinley, 100 to 102, high 104, low 102, 500; Red Queen, 12 to 12 1/2, high 12 1/2, low 11 1/2; Silver Leaf, 13 1/2 to 14, 500 sold at 14; Trethewey, 135 to 150, 500 sold at 145; La Rose, 3 to 3 1/2, high 3 1/2, low 3, 10,000; Yukon Gold, 4 1/2 to 4 3/4, 3000 sold at 4 1/2.

BALLET SHADOW OF BRYAN GROWS WALL ST. QUITE NERVOUS Market Was Irregular and Lower Levels Were General—Sao Paulo Showed Weakness.

World Office, Monday Evening, Sept. 21. While dealings on the local stock exchange were exceedingly light today, they reflected to some extent the weakness at New York, Sao Paulo, which has been given to slips lately, reacted still further, selling 145 1/2-1-2 at the close, a net decline of 1 point from Saturday. No support was in evidence and the boom in South Americans appears to have been dropped, as Rio was practically neglected. Bryanism is beginning to overshadow Wall-street as the market is shown by the market, and the general break in prices is largely attributed to growing uneasiness as to the outcome of the presidential contest. St. Paul was the chief sufferer with a loss of 4-1/2 points, while the slump in Smetters was carried further.

Wall Street Posters. Wagers of 10 to 1 in favor of Taft were said to be made, but the Hearst disclosures have become a very important campaign factor. It is rumored that President Roosevelt will come out with a letter denouncing Standard Oil, especially relative to the decision in the \$20,000,000 fine case.

The cotton mill strike in England involves 130,000 employees and about 1,200,000 in all are likely to be affected at a time when it is desirable that our cotton be forwarded to Europe in large quantities. Business of railroads east of Chicago and St. Louis is increasing. Technical position is much better than it has been and the market with prevailing ease of money is largely subject to whims of leading financiers and operators.

Soo earnings for second week of September \$368,778, increase \$117,873. Central of Georgia, second week September \$223,100, decrease \$20,500. Duluth, South Shore & Atlantic earnings for fiscal year ended June 30 last shows total income \$784,670, a decrease of \$278,000. American Wire Company declared regular quarterly dividend of 1-3/4 cent on the preferred stock.

Kansas City Western earnings, net \$241,311, for August. MANCHESTER, Eng.—Four hundred cotton mills failed to open to-day as a result of rejection by 130,000 cotton mill employees of the operators' proposal of a five per cent. cut in wages. It is estimated that 1,200,000 operatives will be thrown out of work before the strike is settled, and the world's output of cotton-goods cut in two.—News Bureau.

The talk of Illinois Central leasing Erie is discarded. Good buying of Consolidated Gas will be found on this reaction. The Sun yesterday said the government is after the General Electric Co. under the trust law. Herald this morning is not pronounced one way or the other, saying: Politics depressed Wall-street prices. Violent reaction in speculative favorites attributed to Mr. Bryan's increasing strength. Joseph says: Until the situation clears somewhat the market will be naturally a very feverish one, manipulation of the market will be temporarily put Union Pacific, Southern Pacific and B. & O. lower, but consecutive purchases should be made on dips. Averaged and preferred and Rock Island preferred on all recessions. Hold Canadian Pacific. The activities will be found moving in a lower trading area temporarily. Liquidation having been renewed in Northern Pacific, Great Northern and St. Paul will probably be allowed to run. Reading should be bought on the present decline. Amalgamated Copper may work lower temporarily. Southern Pacific should be bought on a scale down. Union Pacific is supported toward 155.—Financial News.

The earnings of the Twin City Rapid Transit Co. of the second week of September amounted to \$122,784, being an increase of \$121.07 per cent over the same week last year, and an increase over the corresponding week of 1906 of \$3485.

CENTRAL CANADA LOAN & SAVINGS COY. AS KING ST. E. TORONTO.

Notice is hereby given that a Quarterly Dividend for the three (3) months ending Sept. 30, 1908, at the rate of eight per cent. (8 per cent.) per annum, has been declared upon the Capital Stock of this institution, and the same will be payable at the offices of the Company in this city on and after Oct. 1st, 1908.

The transfer books will be closed from the 20th to the 29th day of September, both days inclusive. By order of the Board, E. R. WOOD, Mgr. Dir.

out material reaction intervening. Small, Spader & Co. wired J. G. Beatty: It is by no means improbable that present conditions which had earlier in the month become the subject of discussion among the larger financial interests have been more recently the cause of the abandonment of active support to market speculators, which in turn has influenced the decline in stocks.

We see no present reason, however, to permit these considerations to outweigh a conservative estimate of values, or the fact that trade conditions are really on the mend, though in abeyance for the time being. It is not believed that the most recent selling pressure is come from larger speculative or banking interests, but it is quite possible that earlier operations in the month were from these sources, as the market certainly reflects a full supply of the most active issues, a condition not noted before Mr. Harriman's return from the east.

The decline has been called a healthy reaction from an unhealthy rapid, and from this point of view a rapid or permanent recovery could not be expected. Ennis & Stoppard wired to J. L. Mitchell: The recent developments in political circles have not been conducive to confidence and as the campaign approaches there seems to be more or less nervousness in the market. Another factor in the trading to-day was rumor that Roosevelt will issue a letter denouncing the Standard Oil, especially with reference to the recent court decision in the famous case involving the \$20,000,000 fine.

Among other influences were the great strike of cotton operators in England, threatening to disrupt the production of cotton goods, and the lower quotations for copper metal. Reports regarding the general business situation are much confused but the general position seems to be that in the west there is a substantial volume of activity and encouraging trend in many directions, while the east is still suffering from curtailment of iron and steel lines in connection with indisposition of railroads to take supplies at the present time.

J. R. Heinze & Co. wires R. B. Holden: The market was again under bearish influence at the opening to-day with heavy selling by commission houses. In this connection it may be said that the Federal Reserve Bank's disclosures are regarded with a good deal of importance and indeed have probably brought more important selling than the bull interests had looked for.

Money Markets. Bank of England discount rate, 3 1/2 per cent. London open market rate 3/4 to 1/2 per cent. New York call money, highest 1 1/2 per cent, lowest 1 per cent. Last loan, Call money at Toronto, 5 to 6 per cent.

BIG COTTON STRIKE. 140,000 Operatives in Lancashire Are Out

MANCHESTER, Eng., Sept. 21.—More than 400 cotton mills in Lancashire are idle to-day as a result of the dispute over wages between operatives and employers. This means that 400,000 operatives are wholly or partially stopped, that more than \$250,000,000 of capital is not bringing in any return, and that 140,000 operatives are without work and losing something over \$700,000 in wages a week.

Flames at Chelsea Again. CHELSEA, Mass., Sept. 21.—Between 4 and 5 acres of wooden buildings on the north side of the Boston and Maine tracks in this city, which escaped the conflagration of April 12, were swept away to-day by another disastrous fire, entailing a loss of \$200,000. A fire engine was destroyed.

Murder at Christmastown. NEW YORK, Sept. 21.—A swift razor thrust which nearly severed the head of Louis Nanna brought to a tragic end early to-day what had been a jolly all night christening party.

Canadian Teachers Welcomed. LONDON, Sept. 21.—The Canadian teachers arriving in London are promptly made honorary members of the London Teachers' Association, and given all the privileges of membership.

TO RENT

Desirable store on Yonge-street, situated in the Confederation Life Block, south of Queen-street. This is an opportunity for someone to get a store in this locality. For full particulars apply to A. M. CAMPBELL, 12 RICHMOND STREET EAST. Telephone Main 2351.

THE DOUGLAS MINING CO. LIMITED

Authorized Capital - \$500,000 We are offering 75,000 shares of Douglas Mining Company Stock at 80c per share. We strongly recommend the purchase of this stock as an investment. The Douglas Mining Company have large quantities of valuable ore, high in gold, proved up ready for mining at their property in the Sturgeon Lake Gold Fields. This issue of stock is to obtain funds to put a 100-ton mill in operation, and will be the only chance given the public of participating in the flotation of what will be without doubt one of the most profitable mining enterprises ever started in Canada.

This is a splendid opportunity to insure steady high returns on a small outlay of capital. Write for application forms or further particulars to E. D. WARREN & CO., 4 Colborne Street, Toronto, Ont.

FARMERS AND BANKS. The bank statements for August reveal a pleasing change in the financial conditions. Deposits have increased about fifteen millions during the month, while current loans have decreased about one million dollars.

The farmer who wants money for purchasing his cattle, sheep, or feeding requirements, should have no difficulty in getting credit. Agriculture should be encouraged by the banks with all possible regard for its importance in the economic world.

WHAT DOES WHEAT COST? The United States Government is trying to find out what it costs to grow a bushel of wheat. For this purpose it has organized the farmers in the hope of getting at average results and thereby getting fairly close to the truth.

DOES QUALITY COUNT WHEN YOU BUY? It was the cause of this firm's huge success. Mr. Whalen has been the guest of W. P. Bull of Lorne Hall, Rosedale, while in Toronto, and will leave today to be present at Brampton on Wednesday, which he has consented to open.

A FEEDER'S CHANCE. Mr. C. J. Brodie of Stouffville offers in this issue a splendid ranch near Fenelon Falls for sale cheap. Also he has several cases of choice feeders which he will sell.

ST. JOHN'S. N.B., Sept. 21.—Captain Charles DeLoraine of the Yarmouth schooner Edith P. S., bound from Yarmouth to Back Bay, Charlotte County, fell overboard and drowned. None of the crew witnessed the accident.

DEARTH OF BUMBLEBEES. CLOVER YIELDS ARE LIGHT. Should the Bumble Bee Be Put on the Protected Lists Along With Robins and Crows? The way that boys and farmers generally have waged incessant warfare against that useful insect, the commonly-called bumble bee, is having its own punishment in the cessation of clover yields.

Consequently, when the farmer has to depend upon the bumble bees for the success of his red clover crop, it looks like criminal folly for the boys and disinterested parties to plunder and destroy man's good friend.

THE LOSS OF FERTILITY OF THE SEEDS. This means many dollars to this farmer, and it is only in such cases as this that one realizes the extent of the usefulness of this small insect.

SAYS TAFT WILL WIN. Speaker of Michigan Legislature a Visitor in Town. That Taft will carry the State of Michigan by a hundred thousand majority, at the approaching elections, is the confident opinion of Hon. Nicholas J. Whelan, speaker of the Michigan Legislature and manager of the Taft campaign.

THE R. T. RITCHIE CO., LIMITED, of Aymer, Ont., has been incorporated with a capital of \$100,000, to take over the business of R. T. Ritchie, The Incorporated are Robert Ritchie, The Ritchie, Samuel Ritchie, Lucy Ritchie and Emma Ritchie.

SALE CALENDAR. Stott's sale of milch cows, young cattle, hogs, implements, etc., at Clarendon, Sept. 23. Hog's sale of valuable farm in Pickering at Brougham, Sept. 24. Ramsey's farm stock and implement sale, Marcham, Oct. 1.

HEREFORD WINNERS AT THE ROYAL SHOW, ENGLAND. Capt. J. M. N.B., Sept. 21.—Captain Charles DeLoraine of the Yarmouth schooner Edith P. S., bound from Yarmouth to Back Bay, Charlotte County, fell overboard and drowned.

The Farmstead. Keep your vote sacred. A farmer who sells his vote has lost his moral sense.

Preach the gospel of higher agriculture, better conditions, and the joys of country life. The short-horn milch cow has by no means been vanquished by the so-called argument that there was more milk from a cow than from a pig.

Give Us Utility. The fact with a large per cent of the poultrymen of today is to raise high-priced and fancy show birds. The effort in poultry improvement is now running to inventing new varieties and developing certain standard color requirements and entirely ignoring the practical money-making features.

Five cents' worth of fresh lime put into the water trough will keep the scum off the water and otherwise keep the water clean. Try it. Minor Hehr, the most recent challenger for Dan Patch's champion honors, went a mile in 1:50.3 at the Milwaukee State Fair last week.

Another phenomenal wheat is reported from near Dayton, Wash. The farmer who is growing the wheat grows Alaska wheat several varieties, and claims that his wheat will yield 250 bushels per acre.

SALE CALENDAR. Stott's sale of milch cows, young cattle, hogs, implements, etc., at Clarendon, Sept. 23. Hog's sale of valuable farm in Pickering at Brougham, Sept. 24. Ramsey's farm stock and implement sale, Marcham, Oct. 1.

HEREFORD WINNERS AT THE ROYAL SHOW, ENGLAND. Capt. J. M. N.B., Sept. 21.—Captain Charles DeLoraine of the Yarmouth schooner Edith P. S., bound from Yarmouth to Back Bay, Charlotte County, fell overboard and drowned.

POULTRY RAISING PAYS. GAME LAWS STRICTER. People Must Have Fowl and Eggs and Care Will Soon Develop a Paying Business. Receipts of live stock at the Union Stock Yards were 66 cars loads, 1388 cattle, 69 hogs, 462 sheep and lambs, with 26 calves.

There were two of three fairly good loads of cattle that sold at \$5 and \$5.50, but there were many medium loads of light export steers sold down to 40. Export steers were therefore quotable from \$7 to \$8 per cwt.; bulls, \$3.50 to \$4 per cwt.

Give Us Utility. The fact with a large per cent of the poultrymen of today is to raise high-priced and fancy show birds. The MASSEY-HARRIS IS THE ONLY CREAM SEPARATOR WITH DOUBLE SKIMMER DISKS AND AS A RESULT IS THE Closest Skimmer Made. As some one has aptly put it, in speaking of the Massey-Harris: It skims the milk on top, then on the bottom, then splits it in the middle, and skims it again. This latter being done by the double skimmer discs, which are found in no other machine.

DUNROBIN STOCK FARM. Our stock has secured a fairly good percentage of the prizes at the Canadian National. Write us or come to see us. Breeding stock for sale. D. GUNN & SON, Beaverton P. O. and Station.

FARMS FOR SALE. TORONTO SALE—145 ACRES IN TORONTO. GORE, lots 2 and 3, con 1, 3 miles from West Toronto. Good grain farm, well fenced, good water, good orchards, house and buildings fair. For particulars apply to Robert Morrison, Richview P.O.

DEATH FROM BULLET. John Kay, Old-Time Insurance Man, Accidentally Shot. John Kay, living on the Lake Shore road, was found lying unconscious in his bedroom on Sunday afternoon with a bullet wound in his head, the circumstances pointing toward accidental shooting while cleaning the weapon.

UNRESERVED CREDIT SALE. 25 Dairy Cattle, 10 Heavy Horses, Farm Implements, etc. At Concession 9, Pickering, on SEPTEMBER 23RD. GEO. L. THE PROPERTY OF MICHAEL'S COLLEGE, CLAREMONT, near C.P.R. Station.

UNRESERVED CREDIT SALE. 25 Dairy Cattle, 10 Heavy Horses, Farm Implements, etc. At Concession 9, Pickering, on SEPTEMBER 23RD. GEO. L. THE PROPERTY OF MICHAEL'S COLLEGE, CLAREMONT, near C.P.R. Station.

# Fall Time is Hat Time

## Exclusiveness in Style and Quality.

You're absolutely sure that the style is correct. Nine-tenths of the hat novelties are introduced to Toronto buyers at this store.

You'll be told the truth about what you're buying. We do not make hats, nor does any other Toronto store.

You'll be waited upon by a clerk interested in selling you a hat to suit your face and figure as well as your pocketbook. You get most hat goodness for your money. There's fifty years' experience back of every hat we sell.

No other store in Canada can sell you a \$5 Dunlap, a \$4 Heath, a \$3 Dineen Special Derby. Our store is exclusive.

2.00	Our Special Black Felt Derby at \$2 positively knows no equal at that price in any other place in America. It's topmost for value.	2.00	2.50	Here's Christy's Special London Derby Hat or Stiff Gilet. In some modern catchy designs. It's better than any other we know of at \$2.50.	2.50
3.00	This Dineen Special of ours is the standard of hat value in this country. It's extravagant value for the money. They are in all the modern blocks—English and American.	3.00	4.00	The great English Derby Hat made by Henry Heath of London. As good value as in any hat you'll buy at \$4, with the exception of those by Dunlap.	4.00
5.00	There is no other Stiff Felt Derby Hat so luxurious in quality and design as Dunlap's Special for which we are sole Canadian Agents.	5.00			5.00

Grey, brown and black felt Alpines and Fedora Hats in all designs and by all the great makers.

# DINEEN

For Fifty Years the First Hatter in Canada  
140 YONGE STREET, CORNER OF TEMPERANCE

## CONSPIRACY CHARGE AGAINST GROCERS

### Prosecution Opens Fire on Dominion Grocers' Guild—Adjourned for a Month.

The case against the Grocers' Guild for alleged conspiracy to keep up prices by an illegal combination opened before Chief Justice Falconbridge yesterday morning. G. T. Blackstock and S. F. Washington, K.C., represented the crown. The defendants were represented by E. F. B. Johnston, K.C.; E. H. Ambrose and Eric Armour.

The defendants are: H. C. Beckett, G. L. Bristol, John I. Davidson, T. B. Escott, W. G. Crate, J. F. Ely, T. Kinross and the Dominion Wholesale Grocers' Guild.

S. Cook, secretary of the guild, deposed that in 1904-05 Col. Davidson was president of the guild, and Mr. Beckett, vice-president for Ontario. There were vice-presidents for each of the other provinces. Nearly all the wholesale grocers in Canada are members.

The constitution of the guild was produced. A document was read from which a resolution called upon the Empire Tobacco Company to sell only to the wholesale trade.

Another resolution proposed to shut out grocers from benefiting from the guild who failed to share in its cost. A provision was that rebates were not to be given firms which bought exclusively from the guild members.

## INTERNATIONAL FISHERIES.

### 37th Annual Meeting of American Fisheries Society Opens To-Day.

The thirty-seventh annual meeting of the American Fisheries Society opens in Washington to-day. No better place for a convention of this kind could have been selected. Washington is the home of the United States bureau of fish, which tends the world in the study, cultivation and propagation of fish. The Washington bureau has become a model for all similar institutions.

All persons interested in fisheries, fish culture and fisheries administration, or any scientific investigations and experiments, are invited to attend the meetings and to take part in the discussions. The program is not only instructive, but one that should prove highly entertaining as well.

The following are some of the most interesting papers that will be presented before the congress: "The Value of Carp as Furnishing Food for Black Bass," by S. P. Bartlett, Quincy, Ill.; "Lobster Culture," by Prof. A. D. Mead, Smith, Minn.; "Some Reasons for Failure of Fish Protective Legislation, and Some Suggestive Remedies," by O. M. Dennis, Baltimore, Md.; "A Method of Fighting the Enemies of the Fish Cultivator by Adopting Their Own Weapons," and Some Hints from Experiences in Canada of Effecting a Practical Means in the Direction of Better Fisheries Protection," by A. Kelly Evans, Toronto.

The international fisheries congress was organized in 1900. The congress, which commences to-day in Washington, will be the fourth since that date, and will be presided over by Hugh M. Smith, present president of the American Fisheries Society, who has been connected with the bureau of fisheries since 1886, and for the past four years has been its editor.

A prominent figure at the fisheries congress will be Theodore N. Gill, one of the oldest and most noted zoologists in the scientific world of to-day. Mr. Gill has offered a prize of \$100 in gold for the best method of observing the habits and recording the life history of fishes, with an illustrative example, to be awarded while the present congress is in session.

## CONSPIRACY CHARGE AGAINST GROCERS

### Prosecution Opens Fire on Dominion Grocers' Guild—Adjourned for a Month.

The case against the Grocers' Guild for alleged conspiracy to keep up prices by an illegal combination opened before Chief Justice Falconbridge yesterday morning. G. T. Blackstock and S. F. Washington, K.C., represented the crown. The defendants were represented by E. F. B. Johnston, K.C.; E. H. Ambrose and Eric Armour.

The defendants are: H. C. Beckett, G. L. Bristol, John I. Davidson, T. B. Escott, W. G. Crate, J. F. Ely, T. Kinross and the Dominion Wholesale Grocers' Guild.

S. Cook, secretary of the guild, deposed that in 1904-05 Col. Davidson was president of the guild, and Mr. Beckett, vice-president for Ontario. There were vice-presidents for each of the other provinces. Nearly all the wholesale grocers in Canada are members.

The constitution of the guild was produced. A document was read from which a resolution called upon the Empire Tobacco Company to sell only to the wholesale trade.

Another resolution proposed to shut out grocers from benefiting from the guild who failed to share in its cost. A provision was that rebates were not to be given firms which bought exclusively from the guild members.

## York County and Suburbs

### COUNCIL RELIEVE POLICE OF SANITARY WORK

#### Inspector Moore is Appointed Part-Time—Chapter of Accidents—York County News.

WEST TORONTO, Sept. 21.—James Walker, a carpenter employed at the Gurney Foundry Company, was seriously hurt while at work this afternoon, by the bursting of a tank. Mr. Walker was unable to get to a place of safety before being struck by a wooden splinter which penetrated his thigh and lodged there. Dr. McNamara was called, and had the injured man removed to Grace Hospital.

The Conservatives of Ward 2 are holding a meeting at J. R. Bull's carriage shop, corner Weston-road and St. Clair-avenue, on Thursday evening, for the purpose of electing delegates to the South York convention, which will be held on Saturday afternoon in the Labor Temple, Church-street.

The meeting called by Mr. T. Thompson of the Conservatives of Ward 3, on Wednesday night, has been postponed till Thursday night, as many of the expected attendants are anxious to be at the Borden meeting at the Massey Hall on Wednesday evening.

The council to-night absolutely refused to grant any remuneration to Enoch Ward for his services as sanitary inspector during June and July. The board of health sent in a recommendation for the payment to Mr. Ward of \$33.34. This was turned down, and so was a recommendation of Mayor Baird's to pay him a lump sum of \$50, and a recommendation of Ald. Armstrong's to pay Mr. Ward one month's salary.

Ald. Armstrong asked what steps had been taken to compel the Toronto Railway Company to repair the car tracks between Keele-street and Ham-berside-avenue. Mayor Baird stated that the Ontario Railway Board at the present time had the matter under consideration.

Commissioner Moon was appointed sanitary inspector pro tem. Mayor Baird said in summing up the matter: "West Toronto has five policemen and 1600 acres of territory. The population is increasing rapidly and for the past six or seven weeks there has been a strike here so that the police have extra duties to perform. If West Toronto were a part of Toronto, there would be fifteen policemen here instead of five. It is not unreasonable to relieve the force from doing sanitary inspection."

## LAMBTON MILLS.

### An Epidemic of Accidents Out in West York.

LAMBTON MILLS, Sept. 21.—Henry Canham, while picking apples, fell 20 feet out of a tree and received a bad shaking up, but no serious results are anticipated.

Mark Lippington, while out in the woods with three others shooting, received a charge of shot in the legs between the knees. A surgeon dressed the wounds and Lippington will soon be around again.

A cutting box which was being operated on the farm of Mr. Luggett, near Islington, blew up seriously in the hands of a young Englishman employed there, one of the flying pieces striking him on the head, inflicting a severe scalp wound on the forehead which was found 300 yards away. The box belonged to Mr. Newlove.

## MARKHAM.

### Another of Markham's Old Residents Crosses the Bar.

MARKHAM, Sept. 21.—(Special.)—In the death of Mrs. Hannah Mustard this morning another of the early pioneers of York County has been removed. The deceased was in her 86th year and was the widow of John Gordon Mustard of Markham Township, who predeceased her some 15 years. She was born near York Mills and her long life was spent in the county of her birth.

Five daughters survive—Mrs. W. J. Thomson, Deer Park; Mrs. P. Hagerman, North York; Mrs. W. Lewis, Powassan, Ont.; Mrs. W. Jenkins, Meaford, and Miss Mustard, Markham. The funeral takes place to-morrow (Tuesday) afternoon to Markham Cemetery.

## THIS TOWN.

### Women's Institute Hold Interesting and Instructive Meeting.

THIS TOWN, Sept. 21.—A very successful meeting of the Women's Institute was recently held at the home of Miss A. Wood. Miss A. Usher gave a number of excellent views of making a paper on home dress which was ably discussed by the members, and this in turn was followed by a solo by Mrs. W. D. Duncan, which was splendidly rendered.

Miss Jean Fair favored the ladies with an instrumental solo, after which they were most hospitably entertained by the hostess and Miss Usher. The next meeting will be held at the home of Mrs. A. H. Johnston on Oct. 21.

## DON MILLS.

### Public Meeting Will Discuss Matters of Local Concern.

DON MILLS, Sept. 21.—A public meeting will be held in the Don Mills School House on Thursday evening, Sept. 24th, at 8 o'clock. The meeting is called by the "Tadmorden Ratepayers' Association" and will discuss matters pertinent to the welfare of the district.

## TODMORDEN.

### Cattle and Horses Are Allowed to Damage Roadways and Gardens.

TODMORDEN, Sept. 21.—Much complaint is made by residents here at the impounding of animals at large. There is neither poundkeeper nor pound in this district and very much inconvenience has arisen from time to time. Several of those premises have been invaded and their crops of vegetables destroyed. Three market gardeners lost over twenty dollars' worth of vegetables by animals at large in one night.

Gowan-avenue has been graded, new curbs and a sand walk laid on it and put into condition for autumn and

ELECTION MONDAY, 26 OCT.

spring rains, and horses and cattle are at large trampling the sand walk to pieces and filling the ditches up as they were before the work was done.

## CHESTER.

CHESTER, Sept. 21.—The prayer for rain is laid down in the book of common prayer of the Church of England was recited yesterday at both morning and evening service in the Church of St. Barnabas the Apostle.

## FORMER SCARBORO MAN.

### Serious Illness in Winipeg of Andrew Hood.

The many friends of Andrew Hood, now of Winipeg, formerly of Scarborough and Toronto, will learn with regret that he is in ill-health. Mr. Hood in his early days was one of the champion plowmen of Canada and in sports an enthusiastic and successful currier.

## NORTH YORK OLD BOYS.

### Last Meeting Before the Outing Taken Place To-Night.

At a meeting of the North York Toronto Old Boys will be held in the county council chamber, Adelaide-st., to-night (Tuesday) at 8 o'clock, to complete arrangements for the old boys' reunion at Newmarket Oct. 1 and 2. The coming fair will be the 60th in the history of the town and a good big representation of the city men formerly resident in North York is looked for. Come out and give the project a good start off. Sir Aemilius Irving is honorary president and John A. Ramsden, honorary secretary.

## YORK TOWNSHIP COUNCIL.

### Members Meet and Put Thru a Lot of Routine Business.

COUNCIL CHAMBER, Sept. 21.—At to-day's meeting of the York Township Council the Canada Foundry Company made application to lay a siding on Lansdowne-avenue. Commissioner Pinder was instructed that the council cannot entertain the proposition at present. The action of the Municipal Board re annexation of that district to the city.

A large petition was received from property owners in the neighborhood of Huron-street to open and continue Huron-street from St. Clair-avenue to its northern extremity, thus cutting off a large tract of land from the Mount Dennis school board made an application for a loan of \$2000, pending the sale of their detritures.

Consent was given to the registration of a plan showing Alvin and Perinade avenues, running north from St. Clair-avenue east, being a sub-division of part of R. P. Nos. 277 and 357, and the Council was instructed to inscribe a certificate of consent.

## Board of Health.

A letter was read from Rev. Robert Gay of St. Monica's Church, Adelaide-avenue re the unsanitary condition of that district. It was decided to have that district inspected by two health officers, one of which the Council were permitted to clean up by the inspector.

Dr. Warren, M.H.O., reported six cases of scarlet fever, 2 of diphtheria and 2 cases of typhoid fever since last report.

## COUNCIL WILL CONSIDER.

At last night's meeting of the West Toronto Council, P. C. L. Jones, representing a large number of the bondholders of the Stark Electric Telephone made application for two commissions, neither of which the Council were permitted to grant off-hand. The name of the Interurban Electric Company and Mr. Jones asked that a bylaw be passed permitting the transfer to take place. The other request was that the restriction compelling the plant to generate its power at the Humber, so that the Company may be permitted to get additional power from outside sources. A special meeting of the Council was arranged for Thursday evening.

William Rutley of Toronto has entered action against the Deseronto Public School Board to recover \$1,663.30 for professional services in designing a school to be erected at cost of \$34,245.
