WHITE DENIES WHEAT POLICY BREAKS PLEDGE

Principles of Conservative Party Not Affected by Removal of Duty.

AIDS TRADE BALANCE

Canada Taking One Step to Offset Indebtedness to the United States.

By a Staff Reporter.

Ottawa, May 1.—Sir Thomas White made a notable speech in the house of commons this afternoon in defence of the government's action in placing wheat, flour and semolina on the free list. He said there was no ground whatever for the assertion that free trade in wheat between Canada and the United States was not in accord with the national policy and the principles of the Conservative party. He read from the speech of Sir Leonard Tilley in presenting the national policy budget of 1878 to show that the Conservative party had always been willing to admit American wheat free of duty provided the United States admitted Canadian wheat duty free. There was no resemblance whatever, he said, between free wheat and the Taff-Laurier reciprocity pact of 1911. No Summary Restoration. The finance minister also assured the house that wheat and flour duties would not be reimposed by order-in-council, and that Mr. Turrill's amendment calling upon the government to make its policy permanent was entirely superfluous. The budget debate was continued by Messrs. McCraney (Saskatoon), Kyle (Richmond), Morison (Chatham), Robb (Huntington), and Thompson (Qu'Appelle). Mr. Robb argued that the government had made a fatal blunder in not placing bran shorts and middlings on the free list, and gave notice that he would move an amendment to that effect. All wheat products of Canada are admitted free of duty into the United States, but we have at present a 25 per cent. tariff against all wheat products coming into Canada from the United States with the exception of flour and semolina. Plenty of Potatoes. On the orders of the day, Mr. McCole, West Kent, said the minister of shipping losses appalling. Admiral Boreford States. London, May 1, 8.37 p.m.—Admiral Lord Boreford, speaking in the House today, and complaining of the incompleteness of the official returns of the submarine sinkings, said that the losses were appalling. He declared that he was keen on the matter, that he was inclined to risk the penalties of the Defence of the Realm Act and tell the people himself, because until they were informed they would not realize the importance of economy. NOW AWAITING DEFINITE WORD

Lieut.-Col. Marlow Issues a Statement Regarding His Employment Overseas.

OFFER IS INDEFINITE

Asked to Go Abroad Without Idea of Position to Be Filled.

Lieut.-Col. (Dr.) F. W. Marlow gave the following statement to a reporter for The World last night regarding the position he took in his letter of April 11, that it would not be consistent for him to go overseas before the committee on returned soldiers reports to parliament. This letter was made the subject of a communication to Sir Herbert Ames by Major-General Hodgins in which the parliamentary committee was asked if it required the services of Col. Marlow further, and if so would they be used at an early date, and thus expedite his departure overseas. Col. Marlow said that he did not expect to be recalled by the parliamentary committee and had not said so in his letter. He was aware of the reports from Ottawa that he was to go overseas to fill an important position, but had been informed that no definite appointment could be given him before proceeding there. Col. Marlow said that he was not refusing an overseas appointment, but in view of recent developments in the medical service, regarding returned soldiers especially, he felt that until the committee on returned soldiers had reported to parliament, and the likely discussions on the medical service were finished, he could be of greater service here rather than overseas in such an indefinite and obscure appointment as was offered him. Col. Marlow's statement is as follows: "With reference to the articles emanating from Ottawa and appearing in the press on Saturday last, it may be said that there does not appear to have been any adequate reason why returned soldiers should have been troubled with my letter of April 11, on the subject of an overseas appointment. It was directed to the officer in charge of administration at Toronto, and I presume a copy of it was forwarded to Ottawa, the not intended for publication. Appointment Indefinite. "The reason for the letter was that in spite of reports from Ottawa that I was to go overseas to fill an important position in the Canadian Medical Service, I had been informed that no definite appointment could be given me before proceeding there. "The correspondent passed Saturday night on the battlefield watching the artillery preparation. Even the bright starlight did not permit one to observe the outlines of the objects aimed at, but through the night dozens of French batteries, cleverly concealed, poured out an incessant stream of shells against the German positions and gun stations. The flashes of fire, when they left the muzzles, looked like sparks caused by striking flint on steel, while the air vibrated with the terrific cracks and shrieks, varying according to their calibre, as they passed overhead. For Airman Deceived. Meanwhile the location of the German and French front lines could be defined in consequence of the constant succession of flares on each side, which served for the purpose of observing any possible movement of the enemy infantry. Overhead could be heard at a low altitude the whirring motors of German airplanes, trying vainly to locate the French batteries. Numbers of tracing bullets bearing long tails of light were seen up in order to outline the fliers, but the artillery did not fire at them; and the German airmen, evidently disappointed over their unsuccessful search for batteries, went off to bombard the open towns of Chalon and Epervain. When the French infantry attack be-

GEN. SMUTTS RECEIVES FREEDOM OF LONDON

Empire's Capital Also Honors Four Others—Recipients Declare Necessity of Preserving Human Liberty by Victory.

London (thru Reuter's Ottawa agency), May 1.—What may be described as an historical record in the annals of the city was celebrated today, when the freedom of London was conferred on five of the empire's representatives, namely, General Jan Christian Smuts, minister of defence of South Africa; Sir Edward Morris, premier of Newfoundland; Sir James Meeson, the maharaja of Bikaner, and Sir Satyendra Prasanna Sinha of India, delegates to the imperial war conference. Among the distinguished men assembled were: Right Hon. Walter Long, colonial secretary; Right Hon. Austen Chamberlain, secretary of state for India; Lord Bryce and many peers and members of the house of commons. A striking speech was made by General Smuts, who said: "I will not suppose that any poor merits of mine have justified the distinction of being enrolled among many of the greatest and most illustrious names of history; but I confess that I am very proud and grateful, and the people of South Africa, especially the small Boer people to whom I am proud to belong, will also feel greatly pleased and honored. A decade ago you similarly honored my leader, General Botha, who ever since, thru storm and sunshine, has led the people with a firm, wise and kindly hand, under whose guidance the enmities and antagonisms of the past are disappearing and a new nation is slowly but surely being built up in that great land. No one will be more pleased with the honor you have done me than my friend and companion in arms, whose heavy task in South Africa has prevented him from attending the imperial war conference. I know your best wishes accompany him in his great work of statesmanship."

General Smuts then referred to the great historic traditions of the City of London, in which it showed it was a bulwark of liberty and the haven to which oppressed liberty could flee, and which never in vain. He continued: "Throughout the seventeenth century, while the foundations of political liberty and parliamentary government were being laid, London stood out as the most conspicuous champion against the Stuart. The memories of Hampden, Pym, Cromwell and Dutch William will always remain associated with this great city. You chose the price of great value, and many have been added to you since. Centuries of prosperity followed, during which you and the nation grew and flourished and became rich beyond the dreams of avarice. People whispered that you had become corrupted with luxury. Not to help cause which is prepared. Freedom's Answer. "What was your answer? Your enemies forgot on what malle you had been nurtured. Free men have hearts to do and to dare anything. Without conception or compulsion you raised millions of men; you transformed your industries from a peace to a war basis, and in the end you became the financial, military and moral mainstay of the alliance. Such are the fruits of liberty in these islands. And because these islands, millions of white inhabitants of the British Empire live on the equator, beyond the seas, south of the equator, and the whole globe, practically having no interest in the struggles and feuds of old Europe, Germany counted on their apathy, and sought to exploit their isolation. Yet what they have done, voluntarily, and why have they made their magnificent effort? Not to help cause which is country, but to help cause which is prepared. Freedom's Answer. Without conception or compulsion you raised millions of men; you transformed your industries from a peace to a war basis, and in the end you became the financial, military and moral mainstay of the alliance. Such are the fruits of liberty in these islands. And because these islands, millions of white inhabitants of the British Empire live on the equator, beyond the seas, south of the equator, and the whole globe, practically having no interest in the struggles and feuds of old Europe, Germany counted on their apathy, and sought to exploit their isolation. Yet what they have done, voluntarily, and why have they made their magnificent effort? Not to help cause which is country, but to help cause which is prepared. Freedom's Answer. SAMARITAN CLUB DOES GOOD WORK

Reports Submitted at Fifth Annual Meeting Prove Very Satisfactory.

The fifth annual meeting of the Samaritan Club took place yesterday afternoon in the Gage Building, Mrs. C. H. Wilson presiding. In her address Mrs. Wilson referred to the general success of the year, to the very fine work of the visiting nurse, Miss Stewart, to the co-operation of the members of the club, and to the fact that no call had been left unanswered. In addition to the usual work of helping with food and clothing in the homes where tuberculosis is known to have a footing, the members of the club had undertaken to look after the families of tubercular soldiers. They hoped to extend this portion of their work.

RUSSIAN CHOIR GIVES RARE MUSICAL TREAT

Singers From Cathedral of St. Nicholas, New York, Renders Program of Church Music.

The concert given last evening by the Russian choir of the Cathedral of St. Nicholas, New York, in Convocation Hall, proved to be one of the most interesting of its kind that it has been the good fortune of Toronto admirers of church music to hear. As was explained by President Falconer in opening the concert, the choir of 24 boys and eight men came here thru the courtesy of the Russian archbishop of North America and the generosity of Chas. R. Crane, United States ex-ambassador to Russia. They were to be welcomed, he said, not only on account of the interest attaching to their work, but also as representing a great ally, the value of whose contribution to the present world struggle would best be understood by future historians.

M'MASTER HALL AWARDS DEGREES

N. W. Rowell Delivers Stirring Speech at Annual Commencement.

Citing the action of the United States in entering the war against Germany, the overthrow of the Russian monarchy, the official recognition of labor by Great Britain and the enfranchisement of women in Canada as representing great strides in the progress of democracy during war time, N. W. Rowell in delivering the commencement address at the annual exercises of McMaster University in Castle Memorial Hall, Brock street, last night before approximately 50 persons, expressed the hope that democracy would soon remove the Hohenzollern family from autocratic domination of the Teutonic empire and Austria-Hungary.

SEVEN HUNDRED MEN ATTESTED IN APRIL

Rumor Circulated That Militia Regiments May Be Called Out for Home Defence.

During the month of April, 2189 recruits came up for examination at the Toronto mobilization centre, 717 of them being accepted and fully attested for active service. Of the others, 478 were rejected, 169 had their papers held and 588 are entered as "on file" for the latter class were found to be fit for active service but that as a matter of fact they had no intention of "signing up," and on finding they were medically fit declined to be attested.

SOCIALISTS PROTEST AGAINST CIVIC ACTION

Say Disfranchisement of Naturalized Citizens is Contrary to Liberty of British Constitution.

At the annual May Day celebrations of the Social-Democratic Party of Canada at the Labor Temple last evening a strongly worded resolution was enthusiastically adopted condemning the action of the city council in its attempt to deprive the foreign population of its rights to use the franchise and calling upon the federal government to ignore such a request as being "contrary to the boasted liberality of the British constitution, which concedes to every naturalized citizen the right of a British born subject." The resolution was moved by James Simpson and seconded by J. McArthur Conner.

The election of officers resulted as follows: Hon. president, Mrs. R. N. Burns; president, Mrs. C. H. Wilson; vice-presidents, Miss Thornhill, Mrs. Harold Tovey; treasurer, Miss M. D. Burns; corresponding secretary, Mrs. Abbe; recording secretary, Mrs. Morgan Nelson; executive, Mrs. J. N. Robinson; Mrs. H. R. Tills; Miss Blackwell; convener, Mrs. Harold Tovey; clothing, Mrs. H. Hutson; rest house, Mrs. Mrs. M. Miller; publication, Mrs. Hart Smith; Christmas cheer, Mrs. R. J. Kearns.

The choir was robed in the black, red and gold vestments of the Russian church, and was under the leadership of Ivan T. Gorolchik, whose splendid control was remarkably evidenced in every number. The music performed was purely liturgical, and the work of living Russian composers, and both in form and delivery it was profoundly reverential in feeling. The choir's singing was unaccompanied, and marked by rare tonal quality in all voices, the sustained, bell-like tones of the soprano and alto boys being particularly fine. A feature of unusual interest was the magnificent shading in the quieter passages, and the surprising volume of tone that could be produced by the 32 singers. A large audience accorded the visitors a warm welcome and enthusiastic appreciation of their various numbers.

SEPARATE SCHOOL BOARD DISCUSSES MEDICAL INSPECTION QUESTION

At the regular meeting of the separate school board, last evening, presided over by Rev. Dean J. L. Hand, the question of medical inspection of the schools was under discussion. D. Carey maintained that the separate school board has a proper right to have medical inspection, and stated that the members of the board should give it every consideration. The chairman, in reply, said the separate school board had never opposed medical inspection, and it was decided to give the city every assistance. It was pointed out that the necessary equipment will have to be provided, and a resolution was adopted that the management committee be authorized to purchase all the equipment that may be necessary.

EAST END RESIDENT DIES.

Late David McMillan Conducted Business on East Queen Street for Many Years.

One of Toronto's oldest residents, David McMillan, died at his residence, 74 Harcourt avenue, yesterday morning. He was born in Scotland 68 years ago and came to Canada when eighteen years of age, settling in Toronto and living here ever since. He was well known in the east end, conducting a coal, wood and lumber business on East Queen street until he retired fifteen years ago.

The late Mr. McMillan was a former member of the Orange Order, a Presbyterian in religion, and an adherent to the Conservative Party. He is survived by his wife and eight children: William, David, Mrs. Scholey, Mrs. Lowery, Mrs. Brady and Miss Mary McMillan, all of Toronto, and Miss Alice McMillan, of San Francisco. The funeral will be held at Norway Cemetery on Friday at 2 p.m.

GRADUATING EXERCISES.

Thirty-One Graduates of Methodist Training School Given Diplomas.

The graduating exercises of the Methodist Church National Training School were held last night, when diplomas were presented to 31 graduates by the principal, Rev. Hiram Hull. Mrs. W. E. Ross of Hamilton, president of the W.M.S., Prof. Langford and Dr. McCullough.

Of the graduates, five are entering into deaconess' work, five are two year graduates, seventeen are entering city, home and foreign missions, two into social service, one is graduated in religious education and one in the home-makers' course.

Twenty-eight of these students are also graduates in first aid and home nursing. Rev. Dr. Chown, general superintendent, was in the chair, and a most interesting address was delivered by Rev. Dr. Young, pastor of Broadway Methodist Church.

SUIT OVER MORTGAGE.

Chief Justice Mulock awarded judgment for \$678 in the non-jury court yesterday to the plaintiff in the case of Mrs. Felicia P. Holmes against Max Hartman and others to obtain payment of \$700 alleged due as an advance on mortgage, the collateral of which had been absorbed by a first mortgage. The guarantor was C. M. Heirlich.

MUST PAY DOCTOR'S FEE.

Full judgment was given by Judge Winchester in county court yesterday in the case of Dr. Jane P. Sproule, who asked \$250 from Sam Seiden, a merchant of Ripley, for an operation in which she recovered a pearl button from the throat of Seiden's two-year-old daughter Bolla in the general hospital March 21, 1916. Seiden claimed the charge was exorbitant, but the physician submitted expert testimony showing the operation required skill and had been very successful.

JUDGMENT IN FULL.

Judgment in full was awarded by Chief Justice Mulock in the non-jury court yesterday in the case of the United Shoe Machinery Company, Ltd., against George M. Nicholas, W. E. Wilson and Mrs. Adelaide Aikens for \$325.71 for unpaid shares in the company.

APPOINTED BISHOP'S SECRETARY.

PROPOSED SUBWAY WAS NOT ORDERED

Dominion Railway Board Grants C.P.R. Permission to Build Bridges.

As he had not seen the judgment of the Dominion Railway Board allowing the application of the C.P.R. to erect a double-deck railway bridge on its North Toronto route handed out yesterday, Works Commissioner Harris refused to discuss its effect on the city. The C.P.R. asked permission to double-track its main line from North Toronto station to Leaside Junction, and the plan of the company as approved by the railway board calls for new bridges over two ravines and highway crossings over Summerhill avenue, Macleannan avenue, Bay View avenue and Todmorden road.

On the ground that the scenic beauty of the ravines would be spoiled, the city and the Civic Guild strongly opposed the application. Residents of North Toronto offered strong opposition. Dr. A. J. Scott, assistant chief commissioner, commented favorably on the plan of the Civic Guild, which involved the closing of Macleannan avenue, but declared that the railway board had no jurisdiction to order it. The C.P.R. plan to build bridges over the ravines on the north side of its existing bridge and the board refused to interfere, as the work will be done on the company's own right-of-way. The building of a new bridge adjoining the one just east of Summerhill avenue, instead of enlarging the existing bridge, as the city desired, means a saving of about \$40,000. The judgment in effect is a strong job for the city, which asked that a subway be constructed at Summerhill avenue at the expense of the company. The city is considering the advisability of an appeal.

Children Locked All Night In Riverdale Park Building

Absent all Monday night from their home at 481 East Gerrard street, Eva and Essie Hickey, aged 5 and 2 years, respectively, daughters of John Hickey, caretaker of Bolton Avenue School, were found about 4 o'clock yesterday morning locked in a building in Riverdale Park. The children entered the building, and in some unknown manner the door became locked upon them. The anxious parents and the police searched all last night without avail, and it was only early yesterday morning that information as to their whereabouts was given when a nurse at the Leaside Hospital, hearing subdued cries coming from the building, summoned the hospital engineer, and found the frightened children. They were carried into the hospital, given a hot bath, put to bed, and their parents notified.

COMMITTED FOR TRIAL

Brought from Buffalo by Detective Cronin, Capt. Arthur R. O'Regan, formerly a clerk in the local office of the imperial munitions board, appeared in the police court yesterday on a charge of stealing \$600 from the government, and was committed for trial. Detective Cronin stated that O'Regan had admitted taking the money, and had promised to make restitution.

THE SECRET KINGDOM

As episode after episode unfolds, the desperate struggle in which she and the hero become involved, amid spies, plotters and would-be assassins, grips you with a fascination no serial ever had before. Charles Richman is the hero. Reared on the plains of Arizona in ignorance of the fact that he is heir to a European throne, this hero is pursued by a vampire—superbly played by Dorothy Kelly—who plots his death at the command of a usurper on the throne. The part of the heroine falls to Arline Prettv. Read this story of romantic adventure in

Presbytery to Ask Lloyd George and Borden to Prohibit Sale of Intoxicants.

At the meeting of the presbytery yesterday in St. James' Square Church, presided over by Rev. J. Wilson, moderator, a strongly worded resolution was adopted to be cabled to Premier Lloyd George and to the premier of the Dominion Parliament asking that steps be taken to prohibit the sale of intoxicating liquors to Canadian soldiers who have gone overseas or who are in training. The resolution, which is being forwarded to the War Office, is a committee, consisting of Dr. R. P. McKay, Dr. A. McGillivray and Dr. J. Ballantyne, was appointed to draw up a unanimous call to the Rev. D. N. Morden, minister of Erskine Church, Ottawa. This charge has been vacant since the resignation of the Rev. Dr. Andrew Robertson. The salary promised Mr. Morden is \$2000 a year, with the promise of six weeks' annual vacation. The call will be at either the presbytery or the synod at Ottawa, where it will be supported by Principal Gaudier of Knox College.

The presbytery approved the report from the general assembly proposing to reduce the representation of presbyteries from one in six to one in eight. The presbytery also approved the report which proposed to elect an equal number of elders to correspond with the ministerial members of the presbytery. At the present time the presbytery has twenty members, but in Toronto presbytery there are twenty ministers who are not in charge and yet are full members of the presbytery. A proposal, if carried over the whole church, would allow the Toronto presbytery to elect twenty additional laymen from the elders to equalize the representation.

Believe Opium Runners Came From Chicago and Buffalo

Charles Johnston, alias Erant, and T. P. Ward, the two men arrested on a C.P.R. train at Port Arthur with opium in their possession, are believed by the provincial police to have come from Chicago and Buffalo respectively. In a letter to Chief Rogers, which arrived yesterday, Provincial Commissioner Simons, who made the arrest, said that the men's suitcases contained 129 pounds of the drug. It is valued at \$80 a pound.

OLD RESIDENT DIES.

Late Mrs. Cockrell Had Lived in Toronto for 64 Years.

A resident of Toronto for the past 64 years, nearly twenty of which were passed in North Toronto, has died in the person of Mrs. Cockrell, whose death occurred in her 77th year at the home of her daughter, Mrs. Middleton, 33 Erskine avenue, where she had resided for nearly twenty years. The late Mrs. Cockrell was the eldest daughter of the late Thomas Copeland, of 38 James street and was born in Liverpool, Eng. At the age of thirteen years she came to Canada with her parents and settled in Toronto. She is survived by four daughters and two sons.

WILLS PROBATED

Mrs. Barbara Joss, wife of John Joss, a builder, who died in Toronto April 17, is named sole beneficiary of the estate of \$4886, according to the will filed for probate. Samuel R. Madill, husband of Mrs. Ida R. Madill, who died intestate in Etobicoke last October, has applied for administration of the estate of \$5206, which will be divided between himself, his daughter and his two sons. Dr. James P. Paton, a broker, will inherit the estate of \$1800 left by Miss Jessie McL. Paton, who died in Niagara Falls, N.Y., Oct. 29, 1916. He lives in Kenora.

SUSPEND HOTEL LICENSE

According to Vice-Chairman Dingman, of the Ontario License Board, when asked as to what action the board was going to take in respect to the Leaside Hotel, New Toronto, which figured in the recent incident into the death of a man found drowned in Asylum Creek, the board withheld the license of the house some days ago for this year. He added that the hotel would not get a license until it was proved that it was being run properly.

Nerves Weak Had Hysterics

Orilla Lady Tells of Her Pitiable Condition When the Nerves Gave Way and She Became Sleepless, Irritable and Excited.

Orilla, Ont., May 1.—There is an abundance of proof found right here in Orilla that Dr. Chase's Nerve Food is unrivaled as a means of forming new, rich blood and building up the exhausted nervous system. At this season almost everybody feels the need of restorative, tonic treatment to keep up vitality and ward off the tired, languid feelings. This letter will give you some idea of the splendid results to be obtained by using this great food cure: Mrs. Percy Moulding, 28 West street, Orilla, Ont., writes: "Some years ago my nerves got the better of me. I became so bad that on one occasion, during a thunderstorm, I had a severe attack of hysterics. Then I became anxious about my condition. It was sleeplessness and nervous debility that were my trouble. Some nights it would be 1 o'clock before I could get to sleep. Knowing the good results obtained from the use of Dr. Chase's Nerve Food, I commenced a treatment. I took about seven boxes, and gradually I could feel my nerves becoming steady, and my appetite returning. I could sleep well, and stay alone without any difficulty. Some little time ago I commenced losing weight, and I began using the Nerve Food again as a tonic. I used only two boxes, and recovered the weight I had lost. I cannot speak too highly of Dr. Chase's Nerve Food, and when I see anyone looking ill or nervous I say, 'Get busy and use some Nerve Food.'"

SEDITIOUS LIBEL PRINTED BY EDITOR OF "FORWARD"

Isaac Bainbridge Found Guilty, But is Remanded Until Called On.

Isaac Bainbridge, secretary of the Social Democratic party of Canada and editor of Forward, was found guilty of publishing a seditious libel contained in a pamphlet headed "Brookway's Defence," by a jury after an hour and a half deliberation at the conclusion of a trial before Justice Latchford in the assize court yesterday. He was remanded until called on for sentence. In a lengthy statement the justice called the attention of the defendant to the seriousness of the charge, reminded him that his character had been proved beyond reproach, but that the libelous statement could not but serve as a detriment to recruiting. J. G. O'Donoghue acted for the prisoner, while Acting Crown Attorney W. G. Thurston conducted the prosecution. The alleged statement, which was in 1000 circulars distributed in various places, purported to be the statement of Penner Brookway, who was court-martialed in Chester, England, for refusal to obey a military order. Bainbridge, according to his testimony, is opposed to war and conscription. He said his purpose was to prepare people's mind for peace. He said he did not endorse Brookway's defence. The editor is an Englishman, and came to Canada in 1904, later becoming secretary of the Canadian Forward organization. Mr. O'Donoghue, in arguing before the jury, cited H. G. Wells and other writers' advocacy of a change in British government, and the fact that they were not arraigned on seditious charges.

CITY HALL NOTES

The question of the erection of a proper fence on the right-of-way in Riverdale, north of Queen street, has been taken up by Mayor Church and Works Commissioner Harris, with the Grand Trunk Railway Company, and the latter has agreed to build a fence that will eliminate the danger to children getting on the tracks.

In a letter to the mayor, a woman states now that the question of a civic guild for returned soldiers is being discussed. It would be a tremendous boon if its scope would be extended to soldiers' wives, widows, etc.

Dr. Hastings yesterday denied the statement that skimmed milk was not allowed to be sold in Toronto, and draws the attention of the citizens to its value as a food. The law, he says, permits the sale of skimmed milk, but requires that it be plainly labeled. It is highly desirable that not an ounce of skimmed milk should be wasted.

Under the new rate of charges adopted by the city council an increase of \$170,000 a year will be derived from the metered service by the waterworks department. About \$2000 of this will not be available this year, as the rates for the first quarter have already been paid.

Permits for 820 new buildings, having a total value of \$594,452, were issued by the city architect's department last month as compared with 441 new buildings having a total value of \$457,646 in April, 1916. The total value of new houses for which permits were granted in April is \$228,900. In April of last year permits for 69 houses were granted, the total value being \$171,200.

WANTED IN TORONTO.

Detective McConnell left Toronto last night for Buffalo to bring back Walter Hunt, late of this city, who is wanted here on charges of theft involving \$600 from one woman, \$1000 from another, and \$2000 of eggs from a third party. According to the police, the thefts occurred about 23 years ago, and were in connection with real estate transactions.

POPULAR SONGS.

If you cannot sing yourself that is no reason why you should not enjoy these songs. You can have almost any popular song on your Victrola—sung by well-known singers. A big range of popular music is always on hand in the Victrola parlors of Ye Old Pines of Heintzman & Co., Ltd., Heintzman Hall, 193, 195, 197 Yonge street.

The Farmers' Dairy and the Price of Milk

Eight years ago when the leading farmers of Ontario formed The Farmers' Dairy, their aim was to supply Toronto with milk of improved quality at the lowest possible price.

What The Farmers' Dairy has done to keep down the price of milk is well known to thousands of Toronto housewives. Especially since the outbreak of the war has this been true.

In the face of ever-increasing costs---cost of feed, cost of labor, of coal, of machinery, of transportation---The Farmers' Dairy has continuously fought any increase in the price of milk.

Because the men who own The Farmers' Dairy make farming their business, because they look to their farms for profit, they are satisfied with lesser returns from the dairy.

In this way The Farmers' Dairy has served Toronto---by keeping good milk within the reach of all.

A little thought will show you how great that service is today. Today when the farmer faces greater costs, greater scarcity of labor. Today when the cost of getting this good milk to you is greater. Toronto owes a great debt to the men who are willing to say today "The price of Farmers' Dairy Milk will not be increased."

Farmers' Dairy Milk is pure, rich, fresh. It is delivered to thousands of Toronto homes early every morning by courteous salesmen. You should be enjoying this richer milk, this better service. Stop our salesmen or telephone for tickets.

WEDNESDAY MORNING, MAY 2

Civil Service Wages.

Probably the government is not aware that it is lowering the wages of multitudes of its civil service staff, but this is the hard, cold fact. Failure to recognize the increasing cost of living, steadily and surely climbing, as it is, is equal to reducing wages by the proportion of the increase of cost. A dollar is worth about sixty cents compared with what it would obtain twenty-five years ago.

The Tribute to Washington.

It was a splendid moment in spectacular history when the French and British war commissioners gathered at Mount Vernon and laid their international tribute on the tomb of one of the mightiest of Britons, the father of his country, George Washington. Probably nothing else could so effectively dispel the impression that has clouded the relations of the United States and Great Britain for generations—the idea that the British people had no sympathy or admiration for the great revolutionist.

St. Alban's Cathedral.

A movement was inaugurated last night to raise funds for the completion of St. Alban's Cathedral, for which the sum of \$50,000 is required. It had been intended seven years ago to have had it completed and dedicated in 1915, but the great war, which altered so many plans, made this impossible. The sum required seems trifling and the huge figures to which the war has accustomed us, but it represents a fairly heavy burden for those who will be expected to bear it.

Submarines and Their Remedy.

There is decided uneasiness in Britain over the submarine ravages. It is the most serious side of the war at present. No official British figures are available, but the German figures are not denied, and they represent a success as the Kaiser anticipated. What we have to oppose to this is an antidote and a remedy. The antidote may be effective, but no details in this direction are afforded either, and many are beginning to fear that the admiralty scheme does not cover the genuine success which some reports suggest.

DRIVING IT HOME

Charles, says he believes the navy has found means of dealing with the U-boats, which will prove effective. The important thing to be done at once is to replace the ships that have been destroyed, and every yard capable of placing a vessel on the stocks should be immediately at work.

Two Sides To It.

Boston has been having an alien enemy spasm, and, having passed a resolution, it did not seem wise to make any distinction and all aliens were placed in the same category. This was rough on the three Canadians who were dismissed by the school board, but it was equally rough on the innocent and law-abiding aliens, and perhaps some equally innocent and inoffensive technically alien enemies.

Will Constantine Retire?

One of the revelations to come after the war, if not before, will be the reason why King Constantine has been maintained on the throne of Greece. Had the people of that country been allowed to have their way it is not to be doubted that the Republican party under Venizelos, if on a smaller scale, as that of Russia, Greece has suffered many things because of Constantine and his German wife, who has been a centre of plotting and mischief against the enemies of her brother, the Kaiser.

The Finest in Canada

O'Keefe's

Leaders in the Manufacture of Light Beverages

Successful Achievement Only a Matter of Months----

O'Keefe's Ginger Ale eleven months ago was a new idea—to-day it is the most widely known temperance beverage in Ontario.

It is only a matter of a few months ago that O'Keefe's Special Pale Dry Ginger Ale was first offered for sale. The manufacturers felt assured that a profitable business could be done in Ginger Ale and like beverages.

O'KEEFE'S Special Pale Dry Ginger Ale

An equipment was installed, which although entailing the expenditure of a large sum of money, assured the Company the most up-to-date, hygienic process of manufacture.

The most experienced men available were procured, and after painstaking and exhaustive efforts, O'Keefe's Special Pale Dry Ginger Ale was produced and offered for sale to the public in July.

Just recently York Springs, Limited, has been absorbed, and it is now announced that York Springs Dry Ginger Ale, York Springs Belfast Ginger Ale and the famous YORK SPRINGS WATER will be bottled under most hygienic conditions and sold by O'Keefe's, Toronto.

It is anticipated that with York Springs Water reaching the consumer as pure as when it bubbles from the springs, the already large demand will greatly increase, and every preparation has been made to meet this demand.

A Statement by the York Springs, Limited

Travelers along Yonge Street, north of the city, are familiar with the springhouse nestling in the hollow.

For many years the purity of York's springs water has been proverbial, and when, eleven years ago, this company was formed to make the water more readily accessible for city dwellers, the instant demand proved the popularity of the venture.

And so for eleven years we have been privileged to cater to an appreciative public, supplying not only the bottled Spring water, but also beverages of which the base was York Springs Water—notably

YORK SPRINGS

Dry Ginger Ale Belfast Ginger Ale

On account of the war, the labor problem has become acute with us. Many of our oldest and most skilled employes are in khaki, and others have heard the call for farm help.

After due consideration the York Springs Company decided to ally its interests with O'Keefe's, Toronto, whose sanitary, up-to-date plant and efficient force of skilled workers would provide the organization necessary for a thoroughly satisfactory distribution of York Springs products.

O'Keefe's reputation guarantees the maintenance of high standard in the manufacture of York Springs Ginger Ale and the prompt delivery of York Springs Water as taken from the Springs.

In this transferring operation of the Springs, we bespeak for O'Keefe's the same valued patronage which we have enjoyed during the past eleven years and for which we now take occasion to express our hearty appreciation.

Conducted by Mrs. Edmund Phillips

The choir of the Russian Cathedral, New York, appeared and sang in Convocation Hall last night under the auspices of the University of Toronto and the Mendelssohn Choir. The singing was unaccompanied and the 21 boys and eight men wore very gorgeous cassocks, of black, trimmed with gold and scarlet, capes from the shoulders edged with gold and scarlet, brilliant and sleeves were of the same brilliant color, and the conductor used no baton. A row of the large audience included the following: The president of the university and Mrs. Falconer, Miss Church, Mr. Edmund Walker, Mr. Walker, Prof. and Mrs. Playfair McMurrich, Prof. Keys, Prof. and Mrs. Mavor, Col. and Mrs. Ebbelhart Hardy, Dr. and Mrs. Davies, Miss Laing, Miss Audrey Allan, Mrs. Frank Kenrick, Mr. and Mrs. Fred Flumb, Mrs. Ramsay, Mrs. A. Major Jess Wright, is at the front one of the very few commanding officers who left Toronto to be in the fighting. Major Boehm, who left town with Col. Wright's battalion, returned to assist with recruiting, and will shortly go back to England on the expiration of his leave.

Mr. Alexander, R.F.C. son of Mr. and Mrs. Mackenzie Alexander, who has been flying at the front for nine months, has arrived in Halifax on leave, and will be attached to the I.R. F.C. for a time before returning to his corps in England.

Mr. Vernon Castle, Royal Flying Corps, who was at the King Edward on Sunday from Ottawa, has now joined the other men of his corps at the Westminster.

Mr. W. C. Patrick entertained 104 returned soldiers at dinner in his spacious warehouse at 51 and 53 Wellington street on Monday night. The tables were beautifully decorated with pink stocks and ferns, and Mr. Patrick's staff took great pleasure in waiting on the men, who had a remarkably good dinner of soup, turkey and plum pudding, and afterwards Mrs. Barron and several other musicians entertained the party, and thru the courtesy of the Toronto Street Railway private cars brought the men to Wellington street and took them back to the convalescent home. PLAYS, PICTURES AND MUSIC

Robins Players to Play for Benefit of Returned Heroes

The Robins Players wishing to do something for the benefit of those who have done their bit and are now in the hospitals, have decided that next Monday night will be devoted to them. With that end in view they have arranged with a committee of the Great War Veterans to turn the proceeds over to the greatest number of hospitals in order that the greatest number may benefit. This is a very worthy cause, and next Monday night should see a bumper house at the Alexandra when the first performance on any stage in Canada will be given of Geo. Broadhurst's Saturday Evening Post drama, "Rich Man, Poor Man."

THE ROBINS PLAYERS.

The most successful plays and comedies on the American stage are dramatizations of stories from the Saturday Evening Post. Among the most successful is George Broadhurst's American comedy, "Rich Man, Poor Man," from Maximilian Foster's serial novel of the same name, and which will be given its first stock production at the Alexandra Theatre week of May 7 by the Robins Players.

"THE WHIP" COMING.

The great melodramatic photoplay, "The Whip," begins an engagement at the Grand commencing Thursday, May 15. The story of "The Whip" is a serial novel of the same name, and which will be given its first stock production at the Alexandra Theatre week of May 7 by the Robins Players.

STAR.

Another Toronto-owned show, "The Chickens," will be given at the Star Theatre at next week, beginning with the usual Monday matinee. "The Chickens" consists of a large, youthful chorus of pretty girls, who sing and dance with refreshing ability. The opening scenes are laid in Mexico, a French village typical of thousands of other villages in that land. One sees what war meant—that tragedy that is war—and what the course of the women folk meant—that glory that is courage—in just one village of France. And one feels, and indeed knows, that village was animated by one and the same spirit that animates the whole of France. Of course, it was the co-operation of the French Government rendered possible the atmosphere of complete realism that characterizes this photoplay through out.

SARAH BERNHARDT IN FAMOUS FILM

"Mothers of France" to Be Shown at Strand Theatre Next Week.

A veritable epic of courage and patriotism and self-immolation on the altar of country, is "Mothers of France," the wonderful screen play in which Sarah Bernhardt will be seen at the Strand Theatre—the photoplay is presented in conjunction with The Toronto World—for the whole of next week. Alike on the spoken stage and in the silent drama, there have been numerous plays produced dealing with the war. But never a play like this in the depth of its pathos and in the poignancy and power of its subtle appeal. Sarah Bernhardt in the lead role is absolutely ideal.

But it is not only in the splendid acting of the incomparable tragedienne that this photoplay is absolutely unique among photoplays. It is not that it is war—the most inspired quality of its direction. The picture was produced under the direct auspices of the French Government. The story was written by Jean Richepin, a member of the French Academy. Many of the scenes are memorable in the extreme. For instance, one scene shows Sarah Bernhardt in front of the statue of Joan of Arc before the Cathedral at Rheims. The hateful and terrible work wrought on the cathedral by German shells is plainly evidenced. The theme of this photoplay, so sublime in its simplicity, is loyalty to France. Many of the scenes are laid near the actual battlefield, and the audience is literally transported to the centre of the present war. But the picture shows the individual, rather than the collective, side of the war. The opening scenes are laid in Mexico, a French village typical of thousands of other villages in that land. One sees what war meant—that tragedy that is war—and what the course of the women folk meant—that glory that is courage—in just one village of France. Red Rose Tea

Did it ever occur to you that all teas are not "Just tea?" In reality, there is as much difference in teas as there is in silks.

There are many varieties of tea: Indian teas, Ceylon teas, Java teas, China teas, etc.—Indians and Ceylons being the choicest of all.

These teas are all just ordinary garden teas, while Red Rose Tea is a blend of teas selected from as many as sixteen different gardens, using largely Assam-Indian teas skillfully blended with Ceylons. The result is that rich strength and smooth flavor that has made Red Rose Tea so popular.

One level teaspoonful of Red Rose Tea goes as far as a heaping teaspoonful of ordinary tea—that proves the true quality and economy of Red Rose.

Discusses Social Service

Catholic Society Hears of Work Among Feeble-Minded.

A meeting of the Catholic Social Service Guild took place in St. Michael's College hall, when the first of a series of lectures and papers was given. Rev. M. Cline presided, and an address presenting a resume of the principles upon which social service is founded was given by Rev. F. D. Meador. A paper by a sister of St. Joseph, giving the experience of a number of teachers in regard to mentally-defective children, was read by Mrs. Nellie O'Connor, and another from a worker among girls in a refuge was read by Mrs. Emma O'Sullivan. An interesting discussion followed. Dr. Helen MacEachern, Rev. L. Minahan and others taking part.

Underground—

Beneath Toronto's streets run 169,900 miles of telephone wire.

Seventy-five per cent. of all the city's telephone wires are underground, and the great bulk of nearly six hundred thousand calls a day travel through ducts beneath the pavements.

Underground construction is difficult and expensive. Because of its permanent nature, much spare-plant must be buried when the ducts are laid. But high grade telephone service in the downtown sections of a city like Toronto is possible only through a carefully-planned system of underground.

EXPERIENCE

The Series 18 Studebaker 4 and 6 are manufactured complete in the factories of Studebaker, a company whose great name for high quality and reliability has been developed through sixty-four years of successful business experience. Through its broad experience in manufacturing, through the elimination of parts makers' profits and through enormous quantity production of fine cars, Studebaker has been able to embody in its Series 18 cars all the essentials of quality that you would find in cars costing from \$2,000 to \$3,000.

Through concentrating on one basic design, Studebaker engineers have been able to constantly improve Studebaker Cars. They have observed the performances of over 250,000 Studebaker Cars in the hands of owners, and through this experience of actual service, the Studebaker Car has been refined, improved, perfected, until the Studebaker Series 18 is today one of the best cars in the world, regardless of price.

Come in and let us give you a demonstration.

FRANCE HAS NEED OF POPULATION

Country Will Quickly Recover Materially From War.

HAS GREAT COLONIES

People Accept Stoically Fortunes of War—Future Lies in Home.

By Stewart Lyon.
Canadian Headquarters in France (by mail), April 15.—"C'est la guerre." If a battery, on the way up to the front, is stalled in an apparently bottomless road that is marked "open"; if a shell drops into a village behind the lines and makes a ruin of someone's home; if an infantry battalion on the march finds itself detained overnight in some village where no arrangements have been made for billets, and folk who are asked have to divide among a thousand men the accommodation meant for two hundred, the people in the British and French armies, through their shoulders, elevate their eyebrows, and with convincing finality announce:

"C'est la guerre."
And, of course, it is war. As Bismarck put it, "You can't make omelettes without breaking eggs." One cannot look at the devastation wrought at the war fronts as at the many military cemeteries, where life, in long lines, each with its little wooden cross above him, the soldier of France "morts pour la patrie," or contemplate the decrease of industrial activity in the large area of northern France in which military operations are being conducted without giving thought to what will come after the war ends.

Restoration for France, as for all the great nations engaged in the war, with the possible exception of Russia, involves the growth of population.

France Needs Population.
Instead of emerging from the conflict, as her too confident foe anticipated, short of her colonies and the industrial departments of the north, France will still remain the mistress of overseas dominions greater than those of any other power of the first class, except Great Britain. To hold her place in the sun France must carry on the splendid traditions of the Frenchmen who, in the past centuries, have fought for empire in every corner of the earth, and who now battle for the national life in full assurance of final victory.

To make her position secure in the days to come, France must make good the admitted serious loss of manpower sustained in driving out the invaders—loss which is being counteracted by the people by the many military burial grounds behind the battlefield.

The future of France is in the home. The victory of French manhood in the field must be followed up by the victory of motherhood in the home. The notion that the French are no longer a virile race is an absurd fiction. The women of northern France are of precisely the same Franco-Norman stock which in Canada remains today one of the most prolific in the world.

Fine Race Physically.
The Franco-Canadian women accept the duty of motherhood, with a mastery of good morals and obedience to the teaching of the church. If, as a result of the terrible ordeals which she has undergone, she has a spiritual rebirth—and of that there are many indications—the home might again become what it once was, the centre of the national life. Physically, the women of Northern France are a fine race.

At the present time they are carrying on the practical life of the work of the farms and villages, assisted by old men and boys, in such things as road mending and transport of goods. They are showing early morning till sunset with a tireless patience that is wholly admirable. It is difficult to believe that they are confronted with the alternative of caring for larger families or seeing France depopulated by her sons, or that they are being asked to turn, with renewed interest, to the duties of the home. The present ambition is to bring to maturity a son who will inherit the business of the farm, and accumulate a handsome dowry for the daughter of his own marriage. If parents were content to give their children a good education, and let them go out from the home to make their own way in the world, some of the more acute problems of the family life among the French would be toward solution.

Combat High Prices.
But what about the high prices? "C'est la guerre." Everyone can't make munitions and the shopkeeper must live. The tourist, when he comes, will find the prices high for him, in some degree, by the soldiers who have had to combat the tendency toward charging excessive prices that was shown in the early days of the war. The "Tollie Chronicle," one of the numerous papers published for the amusement of the men at the front, thus describes the bargaining between Tommy and a shopkeeper over a small wooden pail:

"Combin pour votre pail, M'sieur."
"Six sous, M'sieur," replied the dame.
"Awa and chase yerrel," was the answer. "Je donnez vous un pence pour il."
"Non, M'sieur, six sous."
"Aye, but ye'll no get six sous. Je donnez vous tuppence, na poo."
"Eh bien, M'sieur, two pennies, quatre sous."
"Right ye are, auld yin. Volet yer quatre sous."
France has lost much by the war, yet if she will consent in the matter of filling the cradle—she will emerge from the struggle without vital hurt. But the cradle must be filled.

GALT BUILDING PERMITS

Special to The Toronto World.
Galt, May 1.—Prospects for an active building season in Galt are good and up to the end of April 28 permits had been issued with a value of \$24,375, an increase over the same period of 1916 of \$13,950. During April 18 permits were issued with a value of \$24,375, including six permits for houses and one for \$10,000 to the factory of Newland & Co., in South Ainsley street, work on which started today.

GEORGE W. CONKLING ACCIDENTALLY KILLED

Telegrapher, Formerly With Canadian-Press, Dies When Car Upset.

Ridgely Park, N. J., May 1.—George W. Conkling, widely known in the United States and Canada as an expert newspaper and broker telegrapher, was instantly killed in an automobile accident early today. Mr. Conkling, who was formerly attached to the New York office of the Canadian Press, Limited, was at the time of his death employed by a broker firm in Wall Street. He was the owner of a garage and was riding in his own car when the machine skidded and turned turtle. His son, Dewitt, and an employee who were in the car were seriously injured.

Guelph Business Men Line Up To Give Farmers Every Help

Guelph, May 1.—Local business men lined up this afternoon to help the farmers in every way possible in greater food production. The result of a visit here by R. D. Kilgour of Toronto, on behalf of the organization of resources committee, was a representative attendance of business men in the council chamber. A number of addresses were delivered by the speaker, Prof. Zavitza and others from the Ontario Agricultural College figured. J. M. Duff was chairman and J. Beckwith of the Y.M.C.A. was appointed secretary pro tem.

One of the questions discussed was a minimum price for grain and potatoes. A motion finally carried to the effect that the federal government be urged to establish minimum prices for staple food products.

BOYS AND GIRLS ENLIST

Special to The Toronto World.
Guelph, May 1.—Altogether fifty-four boys and girls were let out of the Guelph schools by the enactment that under certain conditions, they will go to work on the farms without their study being interfered with. Thirty-one boys and eleven girls took advantage of the offer from the local legislative assembly, all but one of them being from the country and twelve from the public schools.

GUELPH BUILDING PERMITS.

Guelph, May 1.—Building permits to the amount of \$19,995 were taken out in Guelph during the month of April. Five new residences are being built. The Gilson Manufacturing Company are erecting an addition to their factory and the Homewood Sanitarium is building a new laundry. April permits bring the total so far this year to \$37,564.

IF FOOD DISAGREES DRINK HOT WATER

When food lies like lead in the stomach and you have that uncomfortable distended feeling, it is because of insufficient blood supply to the stomach, combined with acid and food fermentation. In such cases try the plan now followed in many hospitals and advised by many eminent physicians of taking a teaspoonful of pure, distilled magnesium in half a glass of water, as hot as you can comfortably drink it. The hot water draws the blood to the stomach and the distilled magnesium, as any physician can tell you, instantly neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate relief. It is a plan that always follows the restoration of the normal process of digestion. People who find it inconvenient at times to secure hot water and travelers who are frequently obliged to take heavy meals two or three times a day, will find that a box of five-grain tablets of Bismarck Magnesia after meals to prevent fermentation and neutralize the acid in their stomach.

POWER-SPEED-SERVICE WITH DUNLOP "GIBRALTAR" BELTING

YOU CANNOT BEAT "GIBRALTAR"

Now, more than ever, because of the great scarcity of leather, rubber belting is coming to its own.

For this reason—and also because "Gibraltar" will give you a hundred times more satisfaction than either Leather or Balata—we urge you to procure a sample of "Gibraltar Redspecial" from one of our branches.

They are located in Victoria, Vancouver, Edmonton, Calgary, Saskatoon, Regina, Winnipeg, London, Hamilton, Toronto, Ottawa, Montreal, St. John, Halifax.

When you procure the sample, cut it open, try to pull the plies apart, and note the weight of duck, strength of friction. Then compare "Gibraltar Redspecial" with any other make of belting.

"Gibraltar" is constructed of the very best duck. The rubber friction is of the highest quality and has adhesive powers second to none. Separation of plies and stretching are unknown in "Gibraltar" Belting. These are some of the reasons why the sales of "Gibraltar" have reached their present great proportions.

For Drives, Rotaries, Edgers, Lath and Shingle Machines, or any kind of Transmission work, there is nothing better than Dunlop "Gibraltar Redspecial" Belting.

Why not get on the right "Belt Line?"

EASE MOVE ASHES WHEAT

dealers Suffer From Prices Fall Seven Cents.

May 1.—Surplus wheat between the Swiss and Wilson this afternoon would make a new record. The market for wheat flour is quiet, but the price of wheat is lower, and July at 2 1/2.

STOCKS ON SLIDE, SELLING CONTINUES

Heavy Declines Occur in Rails—Shipments Score Gains.

New York, N.Y., May 1.—Stocks gave every indication during today's early trading of augmenting yesterday's irregular rise, but the advancing movement was halted before midday on reports from Washington suggesting limitations on railway dividends during the continuation of the war.

BUYING OF MINTYRE ON DIVIDEND HOPES

Moderately Active Trading Lacking in Public Interest.

There was not very much in yesterday's mining market to command attention, in spite of the fact that reports from the north country are becoming increasingly reassuring regarding the labor situation. The market is in a position where material price changes are not looked for, at least until something more definite than the present rumors come to hand.

MINOR SECURITIES A LITTLE STRONGER

Steamships and Quebec Power Are Advanced by Montreal Operators.

Montreal operators were responsible for any betterment in prices on the Toronto Stock Exchange yesterday. The movements were principally in two minor issues, Steamships and Quebec Power. Less speculative issues were quiet, but there was some slight evidence of an improvement in the undertone in such issues as Nova Scotia Steel the pressure of offerings was lifted and the price smartly responded by a jump to 85 1/2.

DIAMOND DRILL RESULTS FAVORABLE

Drill Cores in Hands of Assayers—Reports Later.

As far as the diamond drilling operations on the Diamond Gold Mines have been carried forward below the 300 foot level, results have been better than had been anticipated by the management. The drill hole has reached a point 287 feet from the shaft.

ANOTHER VEIN CUT BY DRILL AT APEX

Nine Feet Wide at Depth of Approximately Nine Hundred Feet.

Word was received by the management of the Apex yesterday that a nine-foot vein had been encountered by the diamond drill at a depth of 890 feet from the surface.

IMPORTANT VEIN FOUND AT NEWRAY

Widest Ore Body Yet Discovered on This Property.

Word was received from Porcupine last night of a spectacular find on the Newray. In the long crosscut on the 400 foot level at a distance of 460 feet from the shaft, the drills ran into an entirely new vein which has been driven thru for a distance of 15 feet without reaching the hanging wall.

WORK AT LORRAIN PROCEEDS RAPIDLY

Important Developments in New Vein Expected Daily.

Cobalt, May 1.—Important new developments are expected daily from Lorrain Consolidated mine in the South Lorrain section of the Cobalt field.

The work on the No. 1 vein is being rapidly pushed, but no new assay values have been announced since those of the week ago.

Work on the No. 2 crosscut on the 275-foot level, and when first shot showed a width of about two inches, in drifting this is greatly widening and now runs about six inches.

The vein carries about 60 per cent. of smallite, and six ounces, which has increased to 13 ounces in the most recent assay.

Lorrain acreage has had stronger engineering endorsement than any other property in the Cobalt field.

Opinions of Frank Loring, E.M., and Julius Cohen, E.M., given to resident Steindler. On the Lorrain Consolidated no less than ten strong veins have been located, and it is now being worked on.

It is now being necessary to prove up the property as one of the important silver mines of this district.

Looking to the spring season, communication between here and South Lorrain has been suspended for about a week, but the road will be available for traffic again some time this week.

MARKET FOR ROUBLES IS SOMEWHAT NERVOUS

New York, May 1.—Russian rubles continue weak, and this condition is giving some concern to Wall Street.

When the bloodless Russian revolution was announced, rubles ruled around 29.056, compared with a normal of 110. Finance Dept. in London has taken over financial obligations of Russia in the United States and has lent Russia additional sums of money.

Japan has loaned another Russian loan, however, have dropped to 28.20, and there appears to be no support in sight.

It is now being necessary to prove up the property as one of the important silver mines of this district.

Looking to the spring season, communication between here and South Lorrain has been suspended for about a week, but the road will be available for traffic again some time this week.
